λοιπὸν δ' ἔτι μοι καὶ περὶ τῶν ἀγώνων, οὓς μετὰ τὴν πομπὴν ἐπετέλουν, ὀλίγα διελθεῖν. πρῶτος ὁ τῶν τεθρίπτων τε καὶ συνωρίδων καὶ τῶν ἄζευκτων ἵππων ἐγίνετο δρόμος, ὡς παρ' Ἑλλήσι τὸ ^[2] ἀρχαῖον Ὀλυμπίασι τε καὶ μέχρι τοῦ παρόντος. ἐν δὲ ταῖς ἱππικαῖς ἀμιλλαῖς ἐπιτηδεύματα δύο τῶν πάνυ παλαιῶν ὡς ἐξ ἀρχῆς ἐνομοθετήθη φυλαττόμενα ὑπὸ Ῥωμαίων μέχρι τῶν κατ' ἐμὲ διάκειται χρόνων, τὸ τε περὶ τὰ τριπῶλα τῶν ἀρμάτων, ὃ παρ' Ἑλλήσι μὲν ἐκτέλειτο, ἀρχαῖον ὃν ἐπιτήδευμα καὶ ἡρωικόν, ὃ ποιεῖ τοὺς Ἑλληνας Ὅμηρος ἐν ταῖς μάχαις χρωμένους: [p. 121] δυσὶ γὰρ ἵπποις ἐζευγμένοις, ὃν τρόπον ζεύγνυται συνωρίς, τρίτος παρείπετο σειραῖος ἵππος ῥυτῆρι συνεχόμενος, ὃν ἀπὸ τοῦ παρηρωῆσθαι τε καὶ μὴ συνεζεῦχθαι παρήγορον ἐκάλουν οἱ παλαιοί: ἕτερον δὲ παρ' ὀλίγαις ἔτι φυλαττόμενον πόλεσιν Ἑλληνίσιν ἐν ἱερουργίαις τισὶν ἀρχαῖαί, ὃ τῶν παρεμβεβηκότων τοῖς ἄρμασι δρόμος. ^[3] ὅταν γὰρ τέλος αἱ τῶν ἵππεων ἀμιλλαι λάβωνται, ἀποπηδῶντες ἀπὸ τῶν ἀρμάτων οἱ παροχοῦμενοι τοῖς ἡνιόχοις, οὓς οἱ ποιεῖται μὲν παραβάτας, Ἀθηναῖοι δὲ καλοῦσιν ἀποβάτας, τὸν σταδιαῖον ἀμιλλῶνται δρόμον αὐτοὶ πρὸς ἀλλήλους. τελεσθέντων δὲ τῶν ἱππικῶν δρόμων οἱ τοῖς ἑαυτῶν σώμασιν ἀγωνιζόμενοι τότε εἰσῆσαν δρομεῖς τε καὶ πύκται καὶ παλαισταί. τρία γὰρ ἀθλήματα παρὰ τοῖς ἀρχαίοις Ἑλλήσι ταῦτ' ἦν, ὡς Ὅμηρος ἐπὶ τῇ Πατρόκλου δηλοῖ ταφῇ. ^[4] ἐν δὲ τοῖς διὰ μέσου τῶν ἀθλημάτων χρόνοις Ἑλληνικώτατον καὶ κράτιστον ἀπάντων ἐθῶν ἀπεδείκνυντο, στεφανώσεις καὶ ἀναρρήσεις ποιοῦμενοι τιμῶν, αἷς ἐτίμων τοὺς ἑαυτῶν εὐεργέτας, ὡς Ἀθήνησιν ἐν ταῖς Διονυσιακαῖς ἐγίνετο θυσίαις, καὶ σκύλων, ὅσων ἐκ πολέμων λάβοιεν, ἐπιδείξεις τοῖς εἰς θέαν συνελθυσσίν. ^[5] ἀλλὰ γὰρ ὑπὲρ μὲν τούτων οὔτε μηθένα ποιήσασθαι λόγον ἀπαιτούσης τῆς ὑποθέσεως καλῶς εἶχεν, οὔτε μηκύνειν πέρα τοῦ δέοντος ἡρμοττε. καιρὸς δ' ἐπὶ τὴν ἀπολείπομένην διήγησιν ἐπανάγειν. ὡς γὰρ διὰ τὰ περὶ τὸν ἀπαχθέντα ἐπὶ τιμωρίαν ὑπὸ τοῦ δεσπότη [p. 122] καὶ προηγησάμενον τῆς πομπῆς ἔμαθεν ἡ βουλὴ παρὰ τοῦ τὸ πραχθὲν ἀνανεωσαμένου, τοῦτον ὑπολαβοῦσα ὑπὸ τοῦ θεοῦ λέγεσθαι τὸν οὐ καλὸν ἔπαρχον τῶν ὀρχηστῶν, ὥσπερ ἔφην, ἀναζητήσασα τὸν τῷ θεράποντι λωβησάμενον καὶ ζημίαν ἐπιβαλοῦσα, ἧς ἄξιος ἦν, ἐτέραν ἐψηφίσασα τῷ θεῷ πομπὴν ἐπιτελεσθῆναι καὶ ἀγῶνας ἐξ ἀρχῆς ἐτέρους ἀπὸ διπλασίων χρημάτων ἢ πρότερον ἐγένοντο. καὶ τὰ μὲν ἐπὶ τούτων συντελεσθέντα τῶν ὑπ' αὐτῶν τοιάδε ἦν.

BOOK VIII

οἱ δὲ μετὰ τούτους ἀποδειχθέντες ὕπατοι κατὰ τὴν ἑβδομηκοστὴν καὶ τρίτην Ὀλυμπιάδα, καθ' ἣν ἐνίκα στάδιον Ἀστύλος Κροτωνιάτης ἄρχοντας Ἀθήνησιν Ἀγχισου, Γάιος Ἰούλιος Ἰοῦλος καὶ Πόπλιος Πινάριος Ροῦφος, ἄνδρες ἥκιστα πολεμικοὶ καὶ διὰ τοῦτο μάλιστα τῆς ἀρχῆς ταύτης παρὰ τοῦ δήμου τυχόντες, εἰς πολλοὺς καὶ μεγάλους ἠναγκάσθησαν κινδύνους καταστῆναι πολέμου καταρραγέντος ἐκ τῆς ἐκείνων ἀρχῆς, δι' ὧν ἡ πόλις ὀλίγου ἐδέησεν ἐκ βάθρων ἀναιρεθῆναι. [2] ὁ γὰρ Μάρκιος ἐκεῖνος ὁ Κοριολάνος, ὁ τὴν ἐπὶ τῇ τυραννίδι αἰτίαν σχὼν καὶ φυγῇ αἰδίῳ ἐλασθεῖς, ἀγανακτῶν τ' ἐπὶ τῇ συμφορᾷ καὶ τιμωρίαν [p. 124] παρὰ τῶν ἐχθρῶν βουλόμενος λαβεῖν, δι' οὗ δ' ἂν αὕτη γένοιτο τρόπου καὶ δι' οἷας δυνάμεως ἀνασκοπῶν μίαν εὗρισκε Ῥωμαίους τότε ἀντίπαλον ἰσχὺν τὴν Οὐολούσκων, εἰ κοινῇ χρησάμενοι γνώμῃ καὶ τυχόντες ἡγεμόνος ἔμφρονος ἐνστήσονται πρὸς αὐτοὺς τὸν πόλεμον. [3] ἐλογίζετο μὲν οὖν, ὡς εἰ πείσειε τοὺς Οὐολούσκους δέξασθαι τ' αὐτὸν καὶ τὴν ἡγεμονίαν ἐπιτρέψαι τοῦ πολέμου, ῥαδίως αὐτῷ διαπεπράξεται τὸ ἔργον: ἐτάραττε δ' αὐτὸν ἡ συνειδησις, ὅτι πλειστάκις κατὰ τὰς μάχας δεινὰ δεδρακώς ἦν αὐτοὺς καὶ πόλεις συμμαχίδας ἀφηρημένος. οὐ μὴν ἀπέστη γε τῆς πείρας διὰ τὸ τοῦ κινδύνου μέγεθος, ἀλλ' εἰς αὐτὰ τὰ δεινὰ χωρεῖν ἐβουλεύσατο καὶ πάσχειν ὑπ' αὐτῶν ὅτιοῦν. [4] φυλάξας δὲ νύκτα καὶ ταύτην σκοταίαν ἦκεν εἰς Ἄντιον, τὴν ἐπιφανεστάτην τῶν ἐν Οὐολούσκοις πόλεων, ἥνικα περὶ δεῖπνον ἦσαν οἱ κατὰ τὴν πόλιν, καὶ παρελθὼν εἰς οἰκίαν ἀνδρὸς δυνατοῦ, δι' εὐγένειάν τε καὶ πλοῦτον καὶ τὰς ἐν τοῖς πολέμοις πράξεις μέγα ἐφ' ἑαυτῷ φρονοῦντος καὶ τὸ ἔθνος ὅλον ἄγοντος ὡς τὰ πολλά, ὃν Τύλλος Ἄττιος ὄνομα ἦν, ἰκέτης τοῦ ἀνδρὸς γίνεται καθεζόμενος ἐπὶ τῆς ἐστίας. [5] διηγησάμενος δ' αὐτῷ τὰς κατασχούσας αὐτὸν ἀνάγκας, δι' ἃς ὑπέμεινεν ἐπὶ τοὺς ἐχθροὺς καταφυγεῖν, μέτρια ἡξίου φρονῆσαι καὶ ἀνθρώπινα περὶ ἀνδρὸς ἰκέτου καὶ μηκέτι πολέμιον ἡγεῖσθαι τὸν ὑποχείριον μηδ' εἰς τοὺς ἀτυχοῦντας καὶ τεταπεινωμένους ἀποδείκνυσθαι τὴν ἰσχὺν ἐνθυμούμενον, [p. 125] ὡς οὐ μένουσιν ἐπὶ τοῖς αὐτοῖς πράγμασιν αἱ τῶν ἀνθρώπων τύχαι. [6] δύναιο δ' ἂν, ἔφη, τοῦτ' ἐξ αὐτοῦ μάλιστα μαθεῖν ἐμοῦ, ὅς ἐν τῇ μεγίστῃ πόλει κράτιστός ποτ' εἶναι τῶν ἄλλων δοκῶν νῦν ἔρημος καὶ ἄπολις καὶ ταπεινὸς ἐρριμμένος τοῦτο πείσομαι, ὃ τι ἂν ἐχθρῶ ὦντι σοι δοκῇ. ὑποσχοῦμαι δέ σοι τοσαῦτ' ἀγαθὰ ποιήσιν Οὐολούσκους φίλος τῷ ἔθνει γενόμενος, ὅσα κακὰ εἰργασάμην ἐχθρὸς ὢν. εἰ δέ τι ἄλλο γινώσκεις περὶ ἐμοῦ, χρῆσαι τῇ ὀργῇ παραχρήμα καὶ θάνατον χάρισαι μοι τὸν τάχιστον αὐτοχειρίᾳ τε καὶ ἐπὶ τῆς ἐστίας τῆς σεαυτοῦ καθιερεύσας τὸν ἰκέτην.

ἔτι δ' αὐτοῦ ταῦτα λέγοντος ἐμβαλὼν τὴν δεξιὰν ὁ Τύλλος καὶ ἀπὸ τῆς ἐστίας ἀναστήσας θαρρεῖν τ' αὐτὸν ἐκέλευσεν, ὡς μηδὲν ἀνάξιον τῆς ἰδίας ἀρετῆς πεισόμενον καὶ πολλὰς αὐτῷ χάριτας εἰδέναι τῆς πρὸς ἑαυτὸν ἀφίξεως ἔφη, τιμὴν τινα οὐ μικρὰν εἶναι καὶ ταύτην ἀποφαινόμενος: Οὐολούσκους τ' αὐτῷ πάντας ὑποσχεῖτο ποιήσιν φίλους ἀρξάμενος ἀπὸ

τῆς ἑαυτοῦ πατρίδος· καὶ οὐδεμίαν ἔψευσατο τῶν ὑποσχέσεων. [2] χρόνου δὲ
τινος οὐ πολλοῦ διελθόντος βουλευομένοις τοῖς ἀνδράσι κατὰ σφᾶς,
Μαρκίῳ τε καὶ Τύλλῳ, κινεῖν ἐδόκει τὸν πόλεμον. ὁ μὲν οὖν Τύλλος αὐτίκα
μάλᾳ ἐβούλετο πᾶσαν τὴν Οὐολούσκων δύναμιν παραλαβὼν ἐπὶ τὴν Ῥώμην
χωρεῖν, ἕως ἑστασίαξέ τε [p. 126] καὶ ἡγεμόνας ἀπολέμους εἶχεν, ὁ δὲ
Μάρκιος αἰτίαν πρῶτον ᾤετο δεῖν εὐσεβῆ καὶ δικαίαν ἐνστήσασθαι τοῦ
πολέμου διδάσκων, ὡς ἀπάσαις μὲν πράξεισι θεοὶ συλλαμβάνουσι, μάλιστα
δὲ ταῖς κατὰ πολέμους, ὅσῳ μείζους τέ εἰσι τῶν ἄλλων καὶ εἰς ἀδήλους
φιλοῦσι κατασκήπτειν τύχας. ἐτύγχανον δὲ τότε Ῥωμαίοις καὶ Οὐολούσκοις
ἐκεχειρίαι τοῦ πολέμου καὶ ἀνοχαὶ πρὸς ἀλλήλους οὔσαι σπονδαὶ τε διετεῖς
ὀλίγῳ πρότερον χρόνῳ γενόμεναι. [3] ἂν μὲν οὖν ἀπερισκέπτως, ἔφη, καὶ
διὰ τάχους τὸν πόλεμον ἐπιφέρῃς, τοῦ λελύσθαι τὰς σπονδὰς αἴτιος ἔσῃ καὶ
τὸ δαιμόνιον οὐχ ἔξεις εὐμενές· ἂν δὲ περιμείνῃς, ἕως ἐκείνοι τοὔτο
ποιήσωσιν, ἀμύνεσθαι δόξεις καὶ λελυμέναις σπονδαῖς βοηθεῖν. ὅπως δ' ἂν
τοὔτο γένοιτο, καὶ ὅπως ἂν ἐκείνοι μὲν ἄρξειαν παρασπονδεῖν, ἡμεῖς δὲ
δόξαιμεν ὅσιον καὶ δίκαιον ἐπιφέρειν τὸν πόλεμον, ἐγὼ σὺν πολλῇ φροντίδι
ἀνεύρηκα. δεῖ δ' ὑφ' ἡμῶν αὐτοὺς ἐξαπατηθέντας ἄρξαι τῆς παρανομίας. [4]
ὁ δὲ τρόπος τῆς ἐξαπάτης, ὃν ἐγὼ τέως μὲν ἀπόρρητον ἐφύλαττον
ἀναμένων τὸν οἰκεῖον αὐτοῦ καιρὸν, νῦν δὲ σοῦ σπουδάζοντος ἔργου
ἔχεσθαι θᾶττον ἐκφέρειν εἰς μέσον ἀναγκάζομαι, τοιόσδε ἐστίν· θυσίας
ἐπιτελεῖν Ῥωμαῖοι μέλλουσι καὶ ἀγῶνας ἄγειν ἀπὸ πολλῶν χρημάτων
σφόδρα λαμπροὺς, ἀφίχονται τε κατὰ θεὸν ἐπὶ τούτους πολλοὶ τῶν ξένων. [5]
τοὔτον ἀναμείνας τὸν χρόνον ἴθι καὶ σὺ καὶ Οὐολούσκων ὅσους δύνασαι
πλείστους παρασκεύασον [p. 127] ἐλθεῖν ἐπὶ τὴν θέαν· ὅταν δ' ἐν τῇ πόλει
γένῃ, τῶν ἀναγκαιοτάτων τινά σοι φίλων κέλευσον ἐλθεῖν ὡς τοὺς ὑπάτους
καὶ δι' ἀπορρήτων εἰπεῖν, ὅτι μέλλουσιν ἐπιτίθεσθαι τῇ πόλει Οὐολοῦσκοι
νύκτωρ, καὶ ἐπὶ τοῦθ' ἤκουσι τὸ ἔργον ἄθροοι. εὖ γὰρ ἴσθι, ὡς εἰ τοῦτ'
ἀκούσειαν οὐδὲν ἔτι ἐνδοιάσαντες ἐκβαλοῦσιν ὑμᾶς ἐκ τῆς πόλεως καὶ
παρέξουσιν ἀφορμὴν δικαίας ὀργῆς.

ὡς δ' ἤκουσε ταῦθ' ὁ Τύλλος, ὑπερηγάσθη τε καὶ τὸν παρόντα καιρὸν
τῆς στρατείας ἀναβαλόμενος περὶ τὴν παρασκευὴν ἐγίνετο τοῦ πολέμου.
ἐπεὶ δὲ καθῆκεν ὁ τῆς ἀρχῆς καιρὸς, Ἰουλίου τε καὶ Πιναρίου τὴν ὑπατείαν
ἤδη παρεληφόντων, ἡ κρατίστη τῶν Οὐολούσκων νεότης ἐξ ἀπάσης πόλεως,
ὡς ὁ Τύλλος ἤξιου, παρῆν ἐπὶ τὴν τῶν ἀγώνων θέαν· καὶ κατεσκήνουν οἱ
πλείους ἐν ἱεροῖς τε καὶ δημοσίοις τόποις οὐκ ἔχοντες καταγωγὰς ἐν οἰκίαις
τε καὶ παρὰ ξένοις, καὶ ὅποτε διὰ τῶν στενωπῶν πορεύοντο κατὰ
συστροφὰς καὶ ἑταιρίας ἄθροοι διεξήεσαν, ὥστε καὶ λόγον ἤδη γίνεσθαι
περὶ αὐτῶν ἀνὰ τὴν πόλιν καὶ ὑποψίας ἀτόπους. [2] ἐν δὲ τούτῳ προσέρχεται
τοῖς ὑπάτοις ὁ κατασκευασθεὶς ὑπὸ τοῦ Τύλλου μηνυτής, ὡς ὁ Μάρκιος
ὑπέθετο, καὶ ὡς δὴ ἀπόρρητον πρᾶξιν κατὰ τῶν ἑαυτοῦ φίλων ἐχθροῖς
μέλλων ἐκφέρειν ὅρκοις καταλαμβάνεται τοὺς ὑπάτους ὑπὲρ ἀσφαλείας τε
τῆς αὐτὸς αὐτοῦ καὶ τοῦ μηδένα Οὐολούσκων μαθεῖν, ὅστις ἦν ὁ τὴν
μήνυσιν κατ' αὐτῶν πεποιημένος. καὶ μετὰ τοῦτ' ἐκφέρει [p. 128] τὴν περὶ
τῆς ἐπιθέσεως τῆς κατεψευσμένης μήνυσιν. [3] ἐδόκει τοῖς ἀνδράσιν ἀληθῆς

εἶναι ὁ λόγος, καὶ αὐτίκα ἡ βουλὴ κατ' ἄνδρα ὑπὸ τῶν ὑπάτων κληθεῖσα συνήκτο, καὶ παραχθéis ὁ μηνυτὴς τοὺς αὐτοὺς εἶπε καὶ πρὸς ἐκείνην τὰ πιστὰ λαβὼν λόγους. τοῖς δὲ καὶ πάλαι μὲν εἶναι τὸ πρᾶγμα ἐδόκει μεστὸν ὑποφίας τοσαύτην νεότητά ἐξ ἑνὸς ἔθνους διαφόρου σφίσιν ἐπὶ τὴν θέαν παρελθεῖν, προσελθούσης δὲ μηνύσεως, ἥς τὴν ἀπάτην ἠγνόουν, ἰσχὺν βεβαίαν ἢ δόξα ἔλαβεν, ἐδόκει θ' ἅπασιν ἀπαλλάττειν τοὺς ἄνδρας ἐκ τῆς πόλεως πρὶν ἡλίον δῦναι, τοῖς δὲ μὴ πεισθεῖσιν ἐπικηρύξαι θάνατον, ἐπιμεληθῆναι δὲ τῆς ἀπαλλαγῆς αὐτῶν, ἵνα χωρὶς ὕβρεως καὶ μετ' ἀσφαλείας γένοιτο, τοὺς ὑπάτους.

ταῦτα τῆς βουλῆς ψηφισαμένης οἱ μὲν ἐκήρυττον διὰ τῶν στενωπῶν διεξιόντες ἀπέναι Οὐολούσκους ἐκ τῆς πόλεως αὐτίκα μάλα κατὰ μίαν ἅπαντας ἐξιόντας πύλην τὴν καλουμένην Καπιῖνην, ἕτεροι δὲ παρέπεμπον τοὺς ἀπαλαττομένους ἅμα τοῖς ὑπάτοις: ἔνθα μάλιστα ὦφθη, ὅσον αὐτῶν τὸ πλῆθος ἦν καὶ ὡς ἀκμαῖον ἅπαν ὕφ' ἓνα καιρὸν καὶ κατὰ μίαν ἐξιόντων πύλην. πρῶτος δ' αὐτῶν ὁ Τύλλος ἐξῆει διὰ ταχέων καὶ καταλαβὼν οὐ πρόσω τῆς πόλεως τόπον ἐπιτήδειον ἐν τούτῳ τοὺς ὑστεροῦντας ἀνελάμβανεν. [2] ἐπειδὴ δὲ πάντες συνήχθησαν, ἐκκλησίαν ποιησάμενος πολλῇ καταβοῇ τῆς Ῥωμαίων πόλεως ἐχρήσατο, δεινὴν καὶ ἀφόρητον [p. 129] ἀποφαίνων τὴν ὕβριν, ἣν ὕβρισμένοι πρὸς αὐτῶν ἦσαν Οὐολοῦσκοι μόνοι τῶν ἄλλων ξένων ἐξελασθέντες ἐκ τῆς πόλεως: καὶ λέγειν ἡξίου ταῦτα πρὸς τὴν ἑαυτοῦ πόλιν ἕκαστον καὶ πράττειν, ὅπως παύσωνται τῆς ὕβρεως Ῥωμαῖοι δίκας παρασχόντες τῆς παρανομίας. ταῦτ' εἰπὼν καὶ παραθήξας ἀνθρώπους ἀγανακτοῦντας ἐπὶ τῷ πάθει διέλυσε τὴν ἐκκλησίαν. [3] ὡς δ' ἀπαλλαγέντες εἰς τὰς ἑαυτῶν ἕκαστοι πατρίδας ἐδήλωσαν τοῖς ἄλλοις τὸν προπηλακισμόν ἐπὶ μεῖζον ἐξαίροντες τὰ γενόμενα, ἠγανάκτει τε πᾶσα πόλις καὶ κατέχειν τὴν ὀργὴν οὐκ ἠδύνατο: διαπρεσβευομένη δ' ἄλλη πρὸς ἄλλην εἰς μίαν ἀγορὰν ἅπαντας ἡξίου Οὐολούσκους συνιέναι, ἵνα κοινῇ χρήσαιντο γνώμῃ περὶ τοῦ πολέμου. [4] ἐγίνετο δὲ ταῦτα τοῦ Τύλλου μάλιστα ἑνάγοντος, καὶ συνήεσαν ἐξ ἀπάσης πόλεως οἱ τ' ἐν τοῖς τέλεσι καὶ πολὺς ἄλλος ὄχλος εἰς τὴν Ἐχέτραν πόλιν: αὕτη γὰρ ἐδόκει ἐν καλλίστῃ κεῖσθαι συνόδῳ ταῖς ἄλλαις ἢ πόλιν. ῥηθέντων δὲ πολλῶν λόγων, οὓς εἶπον οἱ δυναστεύοντες ἐν ἑκάστῃ πόλει, ψῆφος ἀνεδόθη τοῖς παροῦσι, καὶ ἦν ἡ νικῶσα γνώμη κινεῖν τὸν πόλεμον, ὡς Ῥωμαίων ἀρξάντων τῆς περὶ τὰς σπονδὰς παρανομίας.

ὑπὲρ δὲ τοῦ τίνα χρὴ πολεμεῖν αὐτοῖς τρόπον [p. 130] προθέντων σκοπεῖν τῶν ἐν τοῖς τέλεσι παρελθόντων ὁ Τύλλος συνεβούλευσεν αὐτοῖς καλεῖν τὸν Μάρκιον καὶ παρ' ἐκείνου πυνθάνεσθαι, πῶς ἂν ἡ Ῥωμαίων καταλυθεῖ δύναμις: κράτιστα γὰρ ἀπάντων ἀνθρώπων εἰδέναι, πῇ τε κάμνει τὰ τῆς πόλεως πράγματα καὶ πῇ μάλιστα ἔρρωται. ἐδόκει ταῦτα, καὶ αὐτίκα πάντες ἐβόων καλεῖν τὸν ἄνδρα. καὶ ὁ Μάρκιος ἥς ἐβούλετο ἀφορμῆς λαβόμενος ἀνέστη κατηφῆς καὶ δεδακρυμένος καὶ μικρὸν ἐπισχὼν χρόνον τοιοῦτους διέθετο λόγους: [2] εἰ μὲν ἡγούμην ὑμᾶς ἅπαντας ὅμοια γινώσκειν περὶ τῆς ἐμῆς συμφορᾶς, οὐκ ἂν ὑπελάμβανον ἀναγκαῖον εἶναι περὶ αὐτῆς ἀπολογεῖσθαι: ἐνθυμούμενος δ', ὡς ἐν πολλοῖς καὶ διαφόροις ἡθεσιν εἰκός,

εἶναι τινας, οἷς παραστήσεται δόξα οὐτ' ἀληθῆς οὔτε προσήκουσα περί
ἐμοῦ, ὡς οὐκ ἂν ἄτερ αἰτίας ἀληθοῦς καὶ δικαίας ἐξήλασέ με ὁ δῆμος ἐκ
τῆς πατρίδος, παντὸς μάλιστα οἶομαι δεῖν πρῶτον ὑπὲρ τῆς ἐμῆς φυγῆς ἐν
κοινῷ [3] πρὸς ἅπαντας ὑμᾶς ἀπολογήσασθαι. ἀλλ' ἀνάσχεσθέ μου, πρὸς
θεῶν, καὶ οἱ κράτιστα ἐγνωκότες, ἃ πέπονθα ὑπὸ τῶν ἐχθρῶν καὶ ὡς οὐ
προσηκόν μοι ταύτης πεπειράμαι τῆς τύχης διεξιόντος, καὶ μὴ πρότερον
ποθεῖτε, ὅ τι χρή πράττειν ἀκοῦσαι, πρῖν, ὅποῖός τις εἰμὶ ὁ τὴν γνώμην
ἀποδειξόμενος, ἐξετάσαι. ἔσται δὲ βραχὺς ὁ περί αὐτῶν, κἂν πρόσωθεν
ἄρξωμαι, λόγος. [4] Ῥωμαίοις τὸ μὲν ἐξ ἀρχῆς πολιτευμα ἦν μικτὸν ἐκ τε
βασιλείας καὶ ἀριστοκρατίας: ἔπειτα ὁ τελευταῖος βασιλεὺς Ταρκύνιος
τυραννίδα τὴν ἀρχὴν ἡξίου ποιεῖν. συστάντες [p. 131] οὖν ἐπ' αὐτὸν οἱ τῆς
ἀριστοκρατίας ἡγεμόνες ἐκέκινον μὲν ἐξέβαλον ἐκ τῆς πόλεως, αὐτοὶ δὲ τὰ
κοινὰ κατέσχον ἀρίστην καὶ σωφρονεστάτην, ὡς ἅπαντες ὁμολογοῦσι,
καταστησάμενοι πολιτείαν. χρόνοις δ' οὐ πολλοῖς τῶν νῦν πρότερον, ἀλλὰ
τρίτον ἢ τέταρτον τοῦτ' ἔτος οἱ πενέστατοί τε καὶ ἀργότατοί τῶν πολιτῶν
πονηροῖς χρησάμενοι προστάταις ἄλλα τε πολλὰ ἐξυβρίσαν, καὶ τελευτῶντες
καταλύειν τὴν ἀριστοκρατίαν ἐπεχείρουν. ἐφ' οἷς ἅπαντες μὲν οἱ τῆς βουλῆς
προεστηκότες ἦχοντο καὶ, ὅπως παύσωνται τῆς ὕβρεως οἱ [5] κινοῦντες τὴν
πολιτείαν, σκοπεῖν ἡξίου. ὑπὲρ ἅπαντας δὲ τοὺς ἀριστοκρατικούς ἐκ μὲν
τῶν πρεσβυτέρων Ἄππιος ἀνὴρ πολλῶν ἀξίος ἔνεκεν ἐπαινεῖσθαι, ἐκ δὲ τῶν
νεωτέρων ἐγώ: καὶ λόγους ἐποιοῦμεθα διὰ παντὸς ἐπὶ τῆς βουλῆς
ἐλευθέρους οὐ δῆμῳ πολεμοῦντες, ἀλλὰ πονηροκρατίαν ὑφορῶμενοι, οὐδὲ
καταδουλώσασθαι τινὰ βουλόμενοι Ῥωμαίων, ἀλλὰ τὸ μὲν ἐλεύθερον
ἅπασιν ἀξιοῦντες ὑπάρχειν, τὴν δὲ προστασίαν τῶν κοινῶν ἀποδεδοῦσθαι
τοῖς κρείττοις.

ταῦθ' ὁρῶντες οἱ πονηρότατοί τοῦ πλήθους ἐκείνοι προστάται πρώτους
ἐγνώσαν ἡμᾶς τοὺς φανερώτατα ἐναντιούμενους σφίσιν ἐκποδῶν
ποιήσασθαι, οὐχ ἅμ' ἅμ' ἀμφοτέροις ἐπιχειρήσαντες, ἵνα μὴ ἐπίφθονόν τε
καὶ βαρὺ τὸ πρᾶγμα γένηται, ἀλλ' ἀπ' ἐμοῦ τοῦ νεωτέρου τε καὶ
εὐμεταχειριστοτέρου ἀρξάμενοι. τὸ μὲν οὖν πρῶτον ἄκριτόν με
ἐπεχείρησαν ἀπολέσαι, [p. 132] ἔπειτ' ἔκδοτον παρὰ τῆς βουλῆς ἡξίου ἐπὶ
θανάτῳ λαβεῖν: ἀποτυχόντες δ' ἀμφοτέρων προὔκαλέσαντο ἐπὶ δίκην, ἣν
αὐτοὶ δικάσειν ἔμελλον, τυραννίδος ἐπιβαλόντες αἰτίαν. [2] καὶ οὐδὲ τοῦτ'
ἔμαθον, ὅτι δῆμῳ τύραννος οὐδεὶς πολεμεῖ μετὰ τῶν ἀρίστων συστάς, ἀλλὰ
τάναντία μετὰ τοῦ δήμου τὸ κράτιστον ἐκ τῆς πόλεως ἀναιρεῖ μέρος:
δικαστήριόν τ' οὐχ ὅπερ ἦν πάτριον ἀπέδωκάν μοι τὴν λοχίτιν καλέσαντες
ἐκκλησίαν, ἀλλ' ὁ πάντες ὁμολογοῦσι πονηρότατον εἶναι δικαστήριον καὶ
ἐπ' ἐμοῦ πρώτου καὶ μόνου γενόμενον, ἐν ᾧ πλέον ἔχειν ἔμελλον οἱ θῆτες
καὶ ἀνέστοι καὶ τοῖς ἄλλοτριῶς ἐπιβουλευόντες βίαις τῶν ἀγαθῶν καὶ
δικαίων καὶ τὰ [3] κοινὰ σώζεσθαι βουλομένων. τοσοῦτο δ' ἄρα μοι περιῆν
τοῦ μηδὲν ἀδικεῖν, ὥστ' ἐν ὄχλῳ κρινόμενος, οὐ τὸ πλέον μισόχρηστον ἦν
καὶ διὰ τοῦτ' ἐχθρόν ἐμοί, δυσὶ μόνον ἐάλων ψήφοις ἀποτιθεμένων τὴν
ἐξουσίαν τῶν δημάρχων, εἰ μὴ καταδικασθεῖην ἐγώ, καὶ τὰ ἔσχατα
πεισεσθαι πρὸς ἐμοῦ λεγόντων καὶ πάσῃ σπουδῇ καὶ προθυμίᾳ παρὰ τὸν

ἀγῶνα κατ' ἑμοῦ χρησαμένων. [4] τοιαῦτα δὴ πεπονθὼς ἐγὼ πρὸς τῶν ἑμαυτοῦ πολιτῶν ἀβίωτον ἡγησάμην τὸν λοιπὸν ἔσεσθαι μοι βίον, εἰ μὴ λάβοιμι παρ' αὐτῶν δίκας· καὶ διὰ τοῦτ' ἐξὸν μοι ζῆν ἀπραγμόνως, εἴτ' ἐν ταῖς Λατίνων πόλεσιν ἡβουλόμην κατὰ τὸ συγγενές, εἴτ' ἐν ταῖς νεοκτιστοῖς, ἃς οἱ πατέρες ἡμῶν ἀπώκισαν, οὐκ ἡβουλήθην, ἐφ' ὧμας δὲ κατέφυγον, οὕς ἠπιστάμην πλεῖστα θ' ὑπὸ [p. 133] Ῥωμαίων ἡδικημένους καὶ μάλιστα αὐτοῖς ἀπεχθομένους, ἵνα κοινῇ μεθ' ὑμῶν τιμωρησαίμην αὐτούς, ὅση μοι δύναμις, λόγοις τ', ἔνθα δεῖ λόγων, καὶ ἔργοις, ὅταν ἔργων δέη. χάριν τε τὴν μεγάλην ὑμῖν οἶδα τῆς θ' ὑποδοχῆς μου καὶ ἔτι μᾶλλον τῆς τιμῆς, ἥ με τιμᾷτε οὐθὲν οὔτε μνησικακήσαντες οὐθ' ὑπολογισάμενοι ὧν ὑπ' ἑμοῦ πολεμίου ποτὲ ὄντος ἐπάθετε κατὰ τοὺς πολέμους.

φέρει δὴ, τίς ἂν εἶην ἀνὴρ, εἰ δόξης καὶ τιμῶν, ὧν προσῆκέ μοι παρὰ τοῖς ἑμαυτοῦ πολίταις τυγχάνειν, παρὰ τῶν εὖ παθόντων ἀποστερηθεῖς, πρὸς δὲ τοῦτοις πατρίδος τε καὶ οἴκου καὶ φίλων καὶ θεῶν πατρῶων καὶ τάφων προγονικῶν καὶ παντὸς ἄλλου ἀπελασθεῖς ἀγαθοῦ, παρ' ὑμῖν δ' ἅπαντα ταῦθ' εὐρών, οἷς ἐκείνων χάριν ἐπολέμουν, εἰ μὴ γενοίμην χαλεπὸς μὲν οἷς ἀντὶ πολιτῶν ἐχθροῖς κέχρημαι, χρηστὸς δ' οἷς ἀντὶ πολεμίων φίλοις; ἀλλ' ἔγωγ' οὐδ' ἐν ἀνδρὸς μοῖρα θεῖην ἂν, ὅστις μήτε τὸ πολεμοῦν δι' ὀργῆς ἔχει μήτε τὸ σῶζον ἑαυτὸν δι' εὐνοίας. πατρίδα θ' ἡγοῦμαι οὐ τὴν ἀπαρνησαμένην με πόλιν, ἀλλ' ἥς ἀλλότριος [2] ὧν πολίτης γέγονα, γῆν τ' οὐκ ἐν ἧ ἡδίκημαι φίλην, ἀλλ' ἐν ἧ τὸ ἀσφαλές ἔχω. καὶ ἂν θεὸς τε συλλαμβάνῃ καὶ τὰ ὑμέτερα ὡς εἰκὸς πρόθυμα ἦ, μεγάλην καὶ ταχεῖαν [p. 134] ἐλπίζω γενήσεσθαι τὴν μεταβολήν. εὖ γὰρ ἴστε, ὅτι πολλῶν ἤδη πολεμίων πειραθέντες Ῥωμαῖοι οὐθένεας μᾶλλον ἔδειςαν ὑμῶν, οὐδ' ἐστίν, ἐφ' ᾧ μᾶλλον σπουδάζοντες διατελοῦσιν ἢ ὅπως τὸ ὑμέτερον ἔθνος ἀσθενὲς ἀποδείξουσιν. [3] καὶ διὰ τοῦτο τὰς μὲν πολέμῳ λαβόντες ὑμῶν ἔχουσι πόλεις, τὰς δὲ φιλίας ἐλπίδι παρακρουσάμενοι, ἵνα μὴ καθ' ἐν ἅπαντες γενόμενοι κοινὸν ἐξενέγκητε κατ' αὐτῶν πόλεμον. ἐὰν οὖν τάναντία ὑμεῖς ἀντιφιλοτιμούμενοι διατελῆτε καὶ μίαν ἅπαντες ἔχητε περὶ τοῦ πολέμου γνώμην, ὃ ποιεῖτε νυνί, ῥαδίως αὐτῶν τὸ κράτος παύσετε.

ὃν δὲ τρόπον ἀγωνιεῖσθε καὶ πῶς χρήσεσθε τοῖς πράγμασιν, ἐπειδὴ γνώμην ἀξιοῦτέ με ἀποφύνασθαι, εἴτ' ἐμπειρίαν μοι μαρτυροῦντες εἴτ' εὐνοίαν εἴτε καὶ ἀμφότερα, φράσω καὶ οὐκ ἀποκρύψομαι. πρῶτον μὲν οὖν ὑμῖν παραινῶ σκοπεῖν, ὅπως εὐσεβῇ καὶ δικαίαν πορίσησθε τοῦ πολέμου πρόφασιν. εὐσεβῆς δὲ καὶ δικαία τοῦ πολέμου πρόφασις, ἣτις ἂν γένοιτο καὶ [2] ἅμα συμφέρουσα ὑμῖν, ἀκούσατέ μου. Ῥωμαίοις ἡ μὲν ἐξ ἀρχῆς ὑπάρξασα γῆ βραχεῖά ἐστι καὶ λυπρά, ἡ δ' ἐπὶ κτήτος, ἦν τοὺς περιοίκους ἀφελόμενοι ἔχουσι, πολλὴ καὶ ἀγαθή· καὶ εἰ τῶν ἡδικημένων ἕκαστοι τὴν ἑαυτῶν ἀξιοῖεν ἀπολαβεῖν, οὐδὲν οὕτως μικρὸν οὐδ' ἀσθενὲς οὐδ' ἄπορον, ὡς τὸ Ῥωμαίων ἄστυ γενήσεται. [p. 135] [3] τοῦτου δ' οἶομαι δεῖν ὑμᾶς ἄρξαι. πέμπετε οὖν πρέσβεις ὡς αὐτοὺς ἀπαιτοῦντες ἃς κατέχουσιν ὑμῶν πόλεις καὶ ὅσα τείχη ἐν τῇ ὑμετέρᾳ γῇ ἐντετειχίσαντο ἀξιοῦντες ἐκλιπεῖν, καὶ εἴ τι ἄλλο βίᾳ σφετερισάμενοι τῶν ὑμετέρων ἔχουσι πείθοντες ἀποδιδόναι. πολέμου δὲ μήπω ἄρχετε, πρὶν ἢ λαβεῖν τὰς παρ' αὐτῶν

ἀποκρίσεις. ἔάν γάρ ταῦτα ποιήσητε, δεῖν ὦν βούλεσθε ὑπάρξει θάτερον ὑμῖν: ἢ τὰ ἑαυτῶν ἀπολήψεσθε ἄνευ κινδύνων καὶ δαπάνης, ἢ καλὴν καὶ δικαίαν πρόφασιν εἰληφότες ἔσεσθε τοῦ πολέμου. τὸ γὰρ μὴ τῶν ἀλλοτρίων ἐπιθυμεῖν, ἀλλὰ τὰ ἑαυτῶν ἀπαιτεῖν καὶ μὴ τυγχάνοντας τούτου πολεμεῖν, ἅπαντες ἂν ὁμολογήσουσιν εἶναι καλόν. [4] φέρε δὴ, τί ποιήσῃ οἷσεθε Ῥωμαίους ταῦθ' ὑμῶν προελομένων; πότερον ἀποδώσειν τὰ χωρία ὑμῖν; καὶ τί κωλύσει πάντων αὐτοὺς ἀποστῆναι τῶν ἀλλοτρίων; ἤξουσιν γὰρ Αἰκανοὶ τε καὶ Ἀλβανοὶ καὶ Τυρρηνοὶ καὶ πολλοὶ ἄλλοι τὴν ἑαυτῶν ἕκαστοι γῆν ἀποληψόμενοι. ἢ καθέξειν τὰ χωρία καὶ μὴδὲν τῶν δικαίων ποιήσῃ; ὅπερ ἐγὼ νομίζω. οὐκοῦν ἀδικεῖσθαι πρότεροι λέγοντες ὑπ' αὐτῶν κατὰ τὸ ἀναγκαῖον ἐπὶ τὰ ὅπλα χωρήσετε καὶ συμμάχους ἔξετε, ὅσοι τὰ ἑαυτῶν ἀφαιρεθέντες ἀπεγνώκασιν ἄλλως ἂν ἔπι αὐτὰ [5] ἢ πολεμοῦντες οὐκ ἀπολήψεσθαι. κράτιστος δ' ὁ καιρὸς καὶ οἶος οὐκ ἕτερος ἐπιθέσθαι Ῥωμαίοις, ὃν ἢ [p. 136] τύχη τοῖς ἀδικουμένοις οὐδ' ἂν ἐλπισθέντα παρεσκεύασεν, ἐν ᾧ στασιάζουσι καὶ ὑποπτεύουσιν ἀλλήλους καὶ ἡγεμόνας ἔχουσιν ἀπείρους πολέμου. ἃ μὲν οὖν ὑποτίθεσθαι ἔδει λόγοις καὶ παραινεῖν φίλοις, μετὰ πάσης εὐνοίας καὶ πίστεως εἰρημένα ὑπ' ἐμοῦ, ταῦτ' ἐστίν, ἃ δὲ παρ' αὐτὰ τὰ ἔργα ἐκάστοτε προορᾶσθαι τε καὶ μηχανᾶσθαι δεήσει, τοῖς ἡγεμόσι τῆς δυνάμεως ἐπιτρέψατε διανοεῖσθαι. [6] πρόθυμον γὰρ καὶ τοῦμὸν ἔσται, ἐν ᾧ ἂν με τάττητε τόπῳ, καὶ πειράσομαι μηδενὸς εἶναι χεῖρων μῆτε στρατιώτου μῆτε λοχαγοῦ μῆτε ἡγεμόνος: ἀλλὰ καταχρῆσθέ μοι λαβόντες, ὅπου ἂν μέλλω τι ὑμᾶς ὠφελήσῃν, καὶ εὖ ἴστε ὅτι, εἰ πολέμων ὑμῖν μεγάλη βλάβειν δυνατὸς ἦν, καὶ σὺν ὑμῖν ἀγωνιζόμενος μεγάλη δυνήσομαι ὠφελεῖν.

τοιαῦτα μὲν ὁ Μάρκιος εἶπεν. οἱ δὲ Οὐολοῦσκοι λέγοντός τε τοῦ ἀνδρὸς ἔτι δῆλοι ἦσαν ἀγάμενοι τοὺς λόγους, καὶ ἐπειδὴ ἐπαύσατο μεγάλη βοῇ πάντες ἐπεσήμηναν ὡς τὰ κράτιστα ὑποθεμένῳ λόγον τ' οὐθενὶ προθέντες ἐπικυροῦσι τὴν γνώμην. γραφέντος δὲ τοῦ δόγματος εὐθύς ἐξ ἐκάστης πόλεως τοὺς ἐπιφανεστάτους ἄνδρας ἐλόμενοι πρεσβευτὰς εἰς τὴν Ῥώμην ἀπέστειλαν: τῷ δὲ Μαρκίῳ ψηφίζονται βουλῆς τε μετουσίαν ἐν ἀπάσῃ πόλει καὶ ἀρχὰς ἔξεῖναι πανταχόσε μετιέναι καὶ τῶν ἄλλων, ὅποσα τιμώτατα ἦν παρ' [2] αὐτοῖς, μετέχειν. καὶ πρὶν ἢ τὰς Ῥωμαίων ἀποκρίσεις [p. 137] ἀναμεῖναι, πάντες ἔργου εἶχοντο παρασκευαζόμενοι τὰ πολέμια: ὅσοι τ' ἦσαν αὐτῶν ἄθυμοι τέως κακωθέντες ἐν ταῖς προτέραις μάχαις, τότε πάντες ἐπερρώσθησαν ὡς τὴν Ῥωμαίων καθαιρήσοντες ἰσχύν. [3] οἱ δ' εἰς τὴν Ῥώμην ἀποσταλέντες ὑπ' αὐτῶν πρέσβεις καταστάντες ἐπὶ τὴν βουλὴν ἔλεγον: ὅτι Οὐολοῦσκοις περὶ πολλοῦ ἐστὶ καταλύσασθαι τὰ πρὸς Ῥωμαίους ἐγκλήματα καὶ τὸν λοιπὸν χρόνον εἶναι φίλοις καὶ συμμάχοις ἄνευ δόλου καὶ ἀπάτης. ἔσεσθαι δὲ τὸ πιστὸν αὐτοῖς τῆς φιλίας βέβαιον ἀπέφαινον, εἰ κομίσαιντο γῆν τε τὴν ἑαυτῶν καὶ πόλεις, ἃς ὑπὸ Ῥωμαίων ἀφηρέθησαν: ἄλλως δ' οὐτ' εἰρήνην οὔτε φιλότητα βεβαίαν ὑπάρξειν αὐτοῖς: τὸ γὰρ ἀδικούμενον ἀεὶ πολέμιον εἶναι τῷ πλημμελοῦντι φύσει. ἤξιουν τε μὴ καταστῆσαι σφᾶς εἰς ἀνάγκην πολέμου τῶν δικαίων ἀποτυγχάνοντας.

ὥς δὲ ταῦτ' εἶπον οἱ πρέσβεις, ἐβουλεύοντο κατὰ σφᾶς οἱ σύνεδροι μεταστησάμενοι τοὺς ἄνδρας, καὶ ἐπειδὴ ἔκριναν ἅς χρή ἀποκρίσεις ποιήσασθαι, καλέσαντες αὐτοὺς πάλιν ἐπὶ τὸν σύλλογον ταύτην ἔδοσαν τὴν ἀπόφασιν. οὐ λανθάνετε ἡμᾶς, ὦ Οὐολούσκοι, φιλίας μὲν οὐδὲν δεόμενοι, πρόφασιν δ' εὐπρεπῇ λαβεῖν βουλόμενοι τοῦ πολέμου. ἃ γὰρ ἤκετε παρ' ἡμῶν ἀπαιτοῦντες, καλῶς ἐπίστασθε οὐδέποτε ληψόμενοι: χρήζετε γὰρ ἀδίκων τε καὶ ἀδυνάτων. [2] εἰ μὲν οὖν δόντες ἡμῖν τὰ χωρία ἔπειτα μεταδόξαν ὑμῖν νῦν ἀπαιτεῖτε, ἀδικεῖσθε [p. 138] μὴ κομιζόμενοι, εἰ δὲ πολέμῳ ἀφαιρεθέντες οὐκέτι αὐτῶν ὄντες κύριοι, ἀδικεῖτε τῶν ἄλλοτρίων ἐφιέμενοι. ἡμεῖς δὲ κρατίστας ἡγοῦμεθα κτήσεις, ἅς ἂν πολέμῳ κρατήσαντες λάβωμεν, οὔτε πρῶτοι καταστησάμενοι νόμον τόνδε οὔτε αὐτὸν ἀνθρώπων ἡγοῦμενοι εἶναι μᾶλλον ἢ οὐχὶ θεῶν: ἅπαντάς τε καὶ Ἑλλήνας καὶ βαρβάρους εἰδότες αὐτῷ χρωμένους οὐκ ἂν ἐνδοίημεν ὑμῖν μαλακὸν οὐδὲν οὐδ' ἂν ἀποσταίημεν ἔτι τῶν δορικτήτων. [3] πολλὴ γὰρ ἂν εἴη κακότης, εἴ τις ἃ μετ' ἀρετῆς καὶ ἀνδρείας ἐκτήσατο, ταῦθ' ὑπὸ μωρίας τε καὶ δειλίας ἀφαιρεθεῖη. πολεμεῖν τ' οὔτε μὴ βουλομένους ὑμᾶς ἀναγκάζομεν, οὔτε προθυμουμένους παραιτούμεθα, ἂν δ' ἄρξησθε ἀμυνοῦμεθα. ταῦτα Οὐολούσκοις ἀπαγγέλλετε καὶ λέγετε, ὅτι λήφονται μὲν πρότεροι τὰ ὅπλ' ἐκεῖνοι, θήσομεν δ' ἡμεῖς ὕστεροι.

ταῦτας οἱ πρέσβεις τὰς ἀποκρίσεις λαβόντες ἀπήγγειλαν τῷ πλήθει τῶν Οὐολούσκων. συναχθείσης οὖν αὐθις ἐκκλησίας μετὰ τοῦτο κυροῦται δόγμα κοινὸν τοῦ ἔθνους προειπεῖν Ῥωμαίοις τὸν πόλεμον. ἐπειθ' αἰροῦνται στρατηγούς αὐτοκράτορας τοῦ πολέμου Τύλλον τε καὶ Μάρκιον δυνάμεις τε ψηφίζονται καταγράφειν καὶ χρήματ' εἰσφέρειν καὶ τᾶλλα παρασκευάσασθαι, [2] ὅσων ὑπελάμβανον δεήσειν τῷ πολέμῳ. μελλούσης δὲ διαλύεσθαι τῆς ἐκκλησίας ἀναστὰς ὁ Μάρκιος ἔφησεν: [p. 139] α μὲν ἐψήφισται τὸ κοινὸν ὑμῶν, ἔχει καλῶς καὶ γινέσθω κατὰ τὸν οἰκεῖον ἕκαστα καιρόν: ἐν ὅσῳ δὲ τὰ στρατεύματα μέλλετε καταγράφειν καὶ τᾶλλα εὐτρεπίζειν ἔξοντά τινας ὥσπερ εἰκὸς ἀσχολίας καὶ διατριβάς, ἐγὼ καὶ Τύλλος ἔργου ἐχώμεθα. ὅσοις οὖν ὑμῶν βουλομένοις ἐστὶ προνομεῦσαι τὴν τῶν πολεμίων καὶ πολλὴν ἀποτεμέσθαι λείαν, ἴτε σὺν ἡμῖν. ὑποδέχομαι δ' ὑμῖν, ἐὰν θεὸς συλλάβῃ, πολλὰς καὶ καλὰς δώσειν ὠφελείας. [3] ἔτι γὰρ ἀπαράσκευοι εἰσι Ῥωμαῖοι δύνάμιν οὕπῳ συνεστηκυῖαν ὀρῶντες ὑμετέραν, ὥστ' ἀδεῶς ἡμῖν ὑπάρξει πᾶσαν ὅσῃν ἂν βουλόμεθα τῆς ἐκείνων χώρας καταδραμεῖν.

ἀποδεξαμένων δὲ καὶ ταύτην τὴν γνώμην τῶν Οὐολούσκων ἐξήεσαν οἱ στρατηγοὶ διὰ ταχέων, πρὶν ἔκπυστα γενέσθαι Ῥωμαίοις τὰ βουλευόμενα, πολλὴν ἐπαγόμενοι στρατιὰν ἐκούσιον: ἥς μέρος μὲν ὁ Τύλλος ἔχων εἰς τὴν Λατίνων χώραν ἐνέβαλεν, ἵνα περισπάσειε τῶν πολεμίων τὴν ἐκείθεν ἐπικουρίαν, τὸ δὲ λοιπὸν ὁ Μάρκιος ἄγων ἐπὶ τὴν Ῥωμαίων ἥλασεν. [2] οἷα δ' ἀπροσδοκίτου τοῦ κακοῦ τοῖς κατὰ τὴν χώραν διατρίβουσιν ἐπιπεσόντος πολλὰ μὲν ἐάλω σώματα Ῥωμαίων ἐλεύθερα, πολλὰ δ' ἀνδράποδα, βοῶν τε καὶ ὑποζυγίων καὶ τῶν ἄλλων βοσκημάτων χρήμα οὐκ ὀλίγον: σίτος θ' ὅσος ἐγκατελήφθη καὶ σίδηρος καὶ ὅσοις ἄλλοις χώρα γεωργεῖται, τὰ μὲν ἥρπασθη, τὰ δὲ διεφθάρη. τελευτῶντες γὰρ καὶ πῦρ εἰς τὰς αὐλὰς φέροντες

ἐνέβαλλον Οὐλοῦσκοι, ὥστε πολλοῦ χρόνου μὴδ' [p. 140] ^[3] ἀναλαβεῖν αὐτὰς δύνασθαι τοὺς ἀποβαλόντας. μάλιστα δὲ τοῦτ' ἔπασχον αἱ τῶν δημοτῶν κτήσεις, αἱ δὲ τῶν πατρικίων ἔμειναν ἀσινεῖς· εἰ δὲ τινες ἐβλάβησαν, εἰς ἀνδράποδα καὶ βοσκήματα ἔδοξαν βλαβῆναι. τοῦτο γὰρ ὑπὸ τοῦ Μάρκιου παρηγγέλλετο τοῖς Οὐλοῦσκοις, ἵνα δι' ὑποψίας ἔτι μᾶλλον οἱ πατρικιοὶ γένοιτο τοῖς δημοτικοῖς καὶ μὴ ἐξαιρεθῇ τὸ στασιάζον ἐκ τῆς πόλεως, ^[4] ὅπερ καὶ συνέβη. ὥς γὰρ ἠγγέλθη τοῖς Ῥωμαίοις ἡ καταδρομὴ τῆς χώρας, καὶ ἔγνωσαν οὐκ ἐξ ἴσου γεγνηῖαν ἅπασιν τὴν συμφορὰν, κατεβόων μὲν τῶν πλουσίων οἱ πένητες ὥς ἐπαγόντων σφίσι τὸν Μάρκιον, ἀπελογοῦντο δ' οἱ πατρικιοὶ καὶ κακουργίαν τινὰ τοῦ στρατηγοῦ ταύτην ἀπέφαινον. βοηθεῖν δὲ τοῖς ἀπολλυμένοις ἢ σῶζειν τὰ περιόντα δι' ὑποψίαν τ' ἀλλήλων καὶ δέος προδοσίας οὐθεὶς ἤξιον· ὥστε κατὰ πολλὴν ἄδειαν ὁ Μάρκιος ἀπῆγε τὴν στρατιὰν καὶ κατέστησεν ἅπαντας ἐπὶ τὰ οἰκεῖα παθόντας μὲν οὐδὲν δεινόν, δράσαντας δ' ὅσα ἤξιουν, καὶ πολλῶν εὐπορήσαντας χρημάτων. ^[5] ἦκε δὲ καὶ ὁ Τύλλος ὀλίγον ὕστερον ἐκ τῆς Λατίνων χώρας πολλὰς ἐπαγόμενος ὠφελείας· οὐδὲ γὰρ ἐκεῖ δύναμιν ἔσχον ὁμόσε χωρεῖν τοῖς πολεμίοις μαχησόμενοι ἀπαράσκευοὶ τ' ὄντες καὶ παρ' ἐλπίδα τοῦ δεινοῦ σφίσιν ἐπιπεσόντος. ἐκ δὲ τούτου πᾶσα πόλις ἐπῆρτο ταῖς ἐλπίσι, καὶ θᾶπτον ἢ ὥς ἂν τις ὑπέλαβεν ἢ τε καταγραφὴ τῶν στρατιωτῶν ἐγίνετο, καὶ τᾶλλα ὑπηρετεῖτο, ὅσων τοῖς στρατηγοῖς ἔδει. [p. 141]

ἐπειδὴ δὲ συνῆκτο ἤδη πᾶσα ἡ δύναμις, ἐβουλεύετο μετὰ τοῦ συνάρχοντος ὁ Μάρκιος, ὅπως χρηστέον τοῖς λοιποῖς πράγμασιν. ἔφη δ' οὖν λέγων· ἐμοὶ δοκεῖ, ὦ Τύλλε, κράτιστον εἶναι νείμασθαι τὰς δυνάμεις ἡμᾶς διχῇ· ἔπειτα τὸν μὲν ἕτερον ἡμῶν ἄγοντα τοὺς ἀκμαιοτάτους καὶ προθυμοτάτους ὁμόσε χωρεῖν τοῖς πολεμίοις μαχησόμενον, καὶ εἰ μὲν ὑπομενοῦσιν εἰς χεῖρας ἡμῖν ἵεναι μιᾷ κρῖναι τὸν ἀγῶνα μάχῃ, εἰ δ' ἀποκνήσουσιν, ὥς ἐγὼ πείθομαι, στρατιᾷ νεοσυλλέκτῳ καὶ ἡγεμόσιν ἀπείροις πολέμου τὸν ὑπὲρ τῶν ὅλων κίνδυνον ἐπιτρέπειν, τὴν τε χώραν αὐτῶν ἐπιόντα πορθεῖν καὶ τοὺς συμμάχους περισπᾶν καὶ τὰς ἀποικίας ἀναιρεῖν καὶ πᾶν ἄλλο κακὸν ὃ τι δύναιτο ποιεῖν. ^[2] τὸν δ' ἕτερον ἐνθάδε ὑπομένοντα φυλακὴν ποιεῖσθαι τῆς τε χώρας καὶ τῶν πόλεων, μὴ λάθωσιν ἀφυλάκτοις ἐπιπεσόντες αὐτοῖς οἱ πολέμιοι, καὶ πρᾶγμα αἰσχιστον πάθωμεν, ἐν ᾧ τῶν ἀπόντων ἐφίεμεθα τὰ παρόντα ἀφαιρεθέντες. ἀλλὰ χρή τὸν ἐνθάδε ὑπομένοντα ἤδη τείχη τ' ἀνορθοῦν, ὅσα πέπτωκε, καὶ τάφρους ἀνακαθαίρειν καὶ φρούρια ὀχυροῦν, ἵνα τοῖς γεωργοῦσι τὴν χώραν ὑπάρχωσι καταφυγαί, στρατιὰν τ' ἄλλην προσκαταγράφειν καὶ τροφὰς τοῖς ἔξω οὖσιν ἐπιχορηγεῖν καὶ ὅπλα χαλκεῦειν καὶ εἴ τι ἄλλο ἀναγκαῖον ἔσται πρᾶγμα ὁξέως ὑπηρετεῖν. ^[3] δίδωμι δέ σοι τὴν αἵρεσιν, εἴτε τῆς ὑπερορίου στρατιᾶς εἴτε τῆς ἐνθάδε ὑπομενούσης ἐθέλεις στρατηγεῖν. ταῦτα λέγοντος αὐτοῦ σφόδρα [p. 142] ἠγάσθη τὴν γνώμην ὁ Τύλλος, καὶ τὸ δραστήριον τοῦ ἀνδρὸς εἰδὼς καὶ ἐπιτυχὲς ἐπέτρεψεν ἐκείνῳ τῆς ἔξω στρατιᾶς ἄρχειν.

καὶ ὁ Μάρκιος οὐθὲν ἔτι διαμελλήσας ἦκεν ἄγων τὴν δύναμιν ἐπὶ Κιρκαίαν πόλιν, ἐν ᾗ κληροῦχοι Ῥωμαίων ἦσαν ἅμα τοῖς ἐπιχωρίοις πολιτευόμενοι, καὶ παραλαμβάνει τὴν πόλιν ἐξ ἐφόδου. ὥς γὰρ ἔγνωσαν οἱ

Κίρκαῖοι κρατουμένην σφῶν τὴν χώραν καὶ προσάγουσαν τῷ τείχει τὴν στρατιάν, ἀνοίξαντες τὰς πύλας ἐξήρσαν ὁμόσε τοῖς πολεμίοις ἄνοπλοι παραλαβεῖν τὴν πόλιν ἀξιοῦντες: ὅπερ αὐτοῖς αἴτιον τοῦ μηδὲν παθεῖν ἀνήκεστον ἐγένετο. [2] οὕτε γὰρ αὐτῶν ἀπέκτεινεν ὁ στρατηγὸς οὐδένα, οὐτ' ἐξήλασεν ἐκ τῆς πόλεως: ἐσθῆτα δὲ τοῖς στρατιώταις καὶ τροφὰς εἰς μῆνα ἱκανὰς καὶ ἀργυρίον τι μέτριον λαβὼν ἀπῆγε τὴν δύναμιν ὀλίγην μοῖραν ἐν τῇ πόλει καταλιπὼν τῆς τ' ἀσφαλείας τῶν ἐνοικούντων ἔνεκα, μὴ τι ὑπὸ Ῥωμαίων πάθωσι κακόν, [3] καὶ τοῦ μηδὲν ὕστερον νεωτερίσαι. εἰς δὲ τὴν Ῥώμην ὡς ἡγγέλθη τὰ γενόμενα πολὺ πλείων ταραχὴ καὶ θόρυβος ἦν τῶν μὲν πατρικίων τὸν δῆμον ἐχόντων δι' αἰτίας, ὅτι πολεμιστὴν ἄνδρα καὶ δραστήριον καὶ φρονήματος εὐγενοῦς μεστὸν ψευδεῖ περιβαλόντες αἰτία τῆς πόλεως ἀπῆλθον καὶ παρεσκεύασαν ἡγεμόνα Οὐολούσκοις γενέσθαι: [4] τῶν δὲ προεστηκότων τοῦ δήμου κατηγορίας τοῦ συνεδρίου ποιουμένων καὶ τὸ πρᾶγμα ὅλον ἐξ ἐπιδουλοῦσιν ὑπ' ἐκείνων κατεσκευάσθαι λεγόντων [p. 143] τὸν τε πόλεμον οὐ κοινὸν ἅπασιν, ἀλλὰ σφίσι μόνοις ἐπάγεσθαι σκηπτομένων: καὶ ἦν τὸ κακοηθέστατον τοῦ δήμου μέρος ἅμα τούτοις. στρατιάς δὲ καταγράφειν ἢ καλεῖν τοὺς συμμάχους ἢ παρασκευάσασθαι τὰ κατεπείγοντα διὰ τὰ πρὸς ἀλλήλους ἔχθη καὶ τὰς ἐν ταῖς ἐκκλησίαις κατηγορίας οὐδ' εἰς νοῦν ἐλάμβανον.

τοῦτο καταμαθόντες οἱ πρεσβύτατοι τῶν Ῥωμαίων συστραφέντες ἔπειθον ἰδίᾳ τε καὶ ἐν κοινῷ τοὺς στασιωδεστάτους τῶν δημοτικῶν παύσασθαι τῶν εἰς τοὺς πατρικίους ὑποψιῶν τε καὶ κατηγοριῶν: διδάσκοντες ὡς εἰ δι' ἑνὸς ἀνδρὸς ἐπιφανοῦς φυγὴν τοσοῦτος κίνδυνος κατέσχε τὴν πόλιν, τί χρὴ προσδοκᾶν, ἐὰν ἀναγκασθῶσιν οἱ πολλοὶ τῶν πατρικίων προπηλακισθέντες ὑπὸ τοῦ δήμου ταῦτό φρονῆσαι: καὶ κατέσχον οὗτοι τὴν ἀκοσμίαν τοῦ πλήθους. [2] παυσαμένου δὲ τοῦ πολλοῦ θορύβου συνελθοῦσα ἡ βουλὴ τοῖς μὲν ἀπὸ τοῦ κοινοῦ τῶν Λατίνων παροῦσι ἐπὶ συμμαχίας αἵτησιν ἀπεκρίνατο, μὴ ῥάδιον εἶναι σφίσι βοήθειαν ἀποστέλλειν κατὰ τὸ παρόν: αὐτοῖς δ' ἐκείνοις ἐπιτρέπειν τὴν ἐαυτῶν στρατιάν καταγράφειν καὶ ἡγεμόνας τῆς δυνάμεως ἰδίους ἐκπέμπειν τε, ὅταν αὐτοὶ ἐκπέμψωσι δύναμιν. ἐν γὰρ ταῖς συνθήκαις, αἷς ἐποιήσαντο πρὸς αὐτοὺς περὶ φιλίας, ἀπόρρητον ἦν τούτων ἑκάτερον. [3] τοῖς δ' ὑπάτοις ἐφῆκαν στρατὸν τε [p. 144] συναγαγεῖν ἐκ καταλόγου καὶ τὴν πόλιν διὰ φυλακῆς ἔχειν καὶ τοὺς συμμάχους παρακαλεῖν, εἰς ὑπαίθρον δὲ μήπω τὰς δυνάμεις ἐξάγειν, ἕως ἂν ἅπαντα εὐτρεπῇ γένηται. καὶ ὁ δῆμος ταῦτ' ἐπεκύρωσεν. ἦν δὲ βραχύς ὁ λειπόμενος τῆς ἀρχῆς τοῖς ὑπάτοις χρόνος, ὥστ' οὐδὲν ἔφθασαν τῶν ἐψηφισμένων ἐπὶ τέλος ἀγαγεῖν, ἀλλὰ παρέδοσαν ἡμιτελῆ πάντα τοῖς μεθ' ἐαυτοὺς ὑπάτοις.

οἱ δὲ παρὰ τούτων τὴν ἀρχὴν παραλαβόντες, Σπόριος Ναύτιος καὶ Σέξτος Φούριος, στρατιάν θ' ὅσην ἐδύναντο πλείστην ἐκ τοῦ πολιτικοῦ κατεστήσαντο καταλόγου, καὶ φρυκτωρίας καὶ σκοποὺς ἐν τοῖς ἐπικαιροτάτοις φρουρίοις ἔταξαν, ἵνα μηδὲν ἀγνοήσωσι τῶν ἐπὶ τῆς χώρας πραττομένων: χρήματά τε καὶ σῖτον καὶ ὅπλα ἐν ὀλίγῳ χρόνῳ πολλὰ ἡτοιμάσαντο. [2] τὰ μὲν οὖν οἰκεῖα παρεσκεύαστο αὐτοῖς ὡς ἐνῆν ἄριστα,

καὶ οὐδὲν αὐτῶν ἔτι δεῖν ἐδόκει: τὰ δὲ συμμαχικὰ οὐχ ἅπαντα ὑπήκουε προθύμως ἐκούσια τ' οὐκ ἦν, οἷα συνάρασθαι τοῦ πολέμου, ὥστ' οὐδὲ προσαναγκάζειν αὐτὰ ἡξιοῦν φοβούμενοι προδοσίαν. ἤδη δὲ τινα καὶ ἀφίστατο αὐτῶν ἐκ τοῦ φανεροῦ καὶ τοῖς Οὐολούσκοις συνελάμβανε. [3] πρῶτοι δ' ἦρξαν Αἰκανοὶ τῆς ἀποστάσεως, ἅμα τῷ συστήναι τὸν πόλεμον εὐθύς ἐλθόντες ὡς τοὺς Οὐολούσκους καὶ συμμαχίαν μεθ' ὄρκων συνθέμενοι, στρατιὰν τ' ἀπέστειλαν οὗτοι τῷ Μάρκιῳ πλείστην τε καὶ προθυμοτάτην. ἀρξαμένων δὲ τούτων [p. 145] πολλοὶ καὶ τῶν ἄλλων συμμάχων κρύφα συνελάμβανον τοῖς Οὐολούσκοις οὐκ ἀπὸ ψηφισμάτων οὐδ' ἀπὸ κοινοῦ δόγματος ἀποστέλλοντες αὐτοῖς τὰς συμμαχίας, εἰ δὲ τισιν ἦν βουλομένοις μετέχειν τῆς στρατείας τῶν σφετέρων, οὐχ ὅπως ἀποτρέποντες, ἀλλὰ καὶ παρορμῶντες. [4] ἐγεγόνει τ' ἐν οὐ πολλῷ χρόνῳ τοσαύτη δύναμις περὶ τοὺς Οὐολούσκους, ὅσην οὐ πώποτ' ἔσχον, ὅτε μάλιστα ἤκμαζον ταῖς πόλεσιν: ἦν ἐπαγόμενος ὁ Μάρκιος ἐνέβαλεν αὐθις εἰς τὴν Ῥωμαίων γῆν, καὶ ἐγκαθεζόμενος ἡμέρας συχνὰς ἐδήϊον τῆς γῆς, ὅσην ἐν τῇ πρότερον εἰσβολῇ παρέλιπε. [5] σωματῶν μὲν οὖν ἐλευθέρων οὐκέτι πολλῶν ἐγκρατῆς ἐγένετο κατὰ ταύτην τὴν στρατείαν: οἱ γὰρ ἄνθρωποι τὰ πλείστου ἄξια συσκευασάμενοι παλαιότερον ἔτι κατεπεφεύγεσαν, οἱ μὲν εἰς τὴν πόλιν, οἱ δ' εἰς τὰ πλησίον φρουρία, εἴ τινα ἦν ἐχυρώτατα: τὰ δὲ βοσκήματα αὐτῶν, ὅσα οὐχ οἷοι τ' ἦσαν ἀπελάσαι, καὶ τοὺς νέμοντας θεράποντας λαμβάνει τὸν τε σῆτον τὸν ἐπὶ ταῖς ἄλωσιν ἔτι κείμενον καὶ τοὺς ἄλλους καρπούς, τοὺς μὲν ἐν χερσὶν ὄντας, [6] τοὺς δὲ καὶ συγκεκομισμένους ἀναιρεῖται. προνομεύσας δὲ καὶ διαπορθήσας ἅπαντα οὐθενὸς ὁμόσε χωρῆσαι τολμήσαντος ἀπῆγεν ἐπ' οἴκου τὴν στρατιὰν βαρεῖαν οὔσαν ἤδη τῷ πλήθει τῶν ὠφελειῶν καὶ σχολῇ πορευομένην.

οἱ δὲ Οὐολοῦσκοι τὸ μέγεθος τῆς κομιζομένης [p. 146] λείας ὀρῶντες καὶ περὶ τῆς Ῥωμαίων ἀτολμίας ἀκούοντες, οἱ δὴ τέως τὴν ἀλλοτρίαν λεηλατοῦντες ἀδεῶς τότε τὴν αὐτῶν γῆν ἠνεῖχοντο διηουμένην ὀρῶντες, αὐχήμετός τε μεγάλου ἐνεπίμπλαντο καὶ ἐν ἐλπίδι ἦσαν ἡγεμονίας, ὡς δὴ ῥάδιον καὶ ἐν ἐτοιμῷ σφίσιν ὄν καταλῦσαι τὴν τῶν ἀντιπάλων ἰσχύν, θυσίας τε χαριστηρίους τοῖς θεοῖς ἐποιοῦντο καὶ σκύλων ἀναθέσει τοὺς νεῶς καὶ τὰς ἀγορὰς ἐκόσμουσαν καὶ ἦσαν ἅπαντες ἐν ἐορταῖς καὶ εὐπαθείαις τὸν τε Μάρκιον ἀγάμενοι καὶ ὑμνοῦντες διετέλουν, ὡς εἴη τὰ τε πολέμια δεινότατος ἀνθρώπων καὶ στρατηγός, οἷος οὔτε Ῥωμαῖος οὔτε ἄλλος στρατηγὸς Ἑλλήνων ἢ βαρβάρων οὐδεὶς. [2] μάλιστα δὲ τῆς τύχης αὐτὸν ἐμακάριζον ἅπαντα, ὅσοις ἐπιχειρήσειε, κατὰ γνώμην αὐτῷ προχωροῦντα ὀρῶντες διχα πόνου: ὥστ' οὐδεὶς ἦν τῶν ἐχόντων τὴν στρατεῦσιμον ἡλικίαν, ὃς ἀπολείπεσθαι τοῦ ἀνδρὸς ἡξίου, ἀλλὰ πάντες ὥρμητο μετέχειν τῶν πράξεων καὶ συνήεσαν ὡς αὐτὸν ἐξ ἀπάσης πόλεως. [3] ὁ δὲ στρατηγός, ἐπειδὴ τὴν προθυμίαν τῶν Οὐολούσκων ἐπέρρωσε καὶ τὸ τῶν πολεμίων ἀνδρεῖον εἰς ταπεινὴν καὶ ἄνανδρον κατέκλεισεν ἀμηχανίαν, ἐπὶ τὰς συμμαχίδας αὐτῶν πόλεις, ὅσαι τὸ πιστὸν διεφύλαττον, ἤγε τὴν δύναμιν: καὶ αὐτίκα ἐτοιμασάμενος, ὅσα εἰς πολιορκίαν χρήσιμα ἦν, ἐπὶ Τολερίνους ἐλαύνει τοῦ Λατίνων ὄντας ἔθνους. [4] οἱ δὲ Τολερίνοι πρὸ πολλοῦ

παρασκευασάμενοι τὰ εἰς τὸν πόλεμον καὶ τὰ ἐκ τῆς χώρας εἰς τὴν πόλιν συγκεκομικότες ἐδέχοντο αὐτὸν ἐπιόντα καὶ χρόνον μὲν [p. 147] τιν' ἀντεῖχον ἀπὸ τῶν τειχῶν μαχόμενοι καὶ πολλοὺς τῶν πολεμίων κατέτρωσαν: ἔπειθ' ὑπὸ τῶν σφενδονητῶν ἀναστελλόμενοι καὶ μέχρι δαίλης ὀψίας ταιλαιπωροῦντες πολλὰ μέρη τοῦ τείχους ἐξέλιπον. τοῦτο [5] καταμαθὼν ὁ Μάρκιος τοῖς μὲν ἄλλοις στρατιώταις παρήγγειλε κλίμακας προσφέρειν κατὰ τὰ γυμνούμενα μέρη τοῦ περιβόλου, αὐτὸς δὲ τοὺς κρατίστους τῆς στρατιᾶς ἀναλαβὼν ἐπὶ τὰς πύλας ἵεται βαλλόμενος ἀπὸ τῶν πύργων, καὶ διαρρήξας τοὺς μοχλοὺς παρέρχεται πρῶτος εἰς τὴν πόλιν. ἦν δ' ὑφ' ἑσπέρου ταῖς πύλαις πολὺ καὶ καρτερὸν στίφος τῶν πολεμίων, οἳ δέχονται τ' αὐτὸν ἔρρωμένως καὶ μέχρι πολλοῦ διεκαρτέρουν ἀγωνιζόμενοι: πολλῶν δ' ἀναιρεθέντων τρέπονται οἱ λοιποὶ καὶ σκεδασθέντες ἔφευγον ἀνὰ τοὺς στενωπούς. [6] ὁ δ' ἠκολούθει κτείνων τοὺς καταλαμβανομένους, ὅσοι μὴ τὰ ὄπλα ῥίψαντες εἰς ἰκεσίας ἐτράποντο: ἐν δὲ τούτῳ καὶ οἱ διὰ τῶν κλιμάκων ἀναβαίνοντες ἐκράτουν τοῦ τείχους. τοῦτον δὴ τὸν τρόπον ἀλούσης τῆς πόλεως ἐξελλόμενος ὁ Μάρκιος ἐκ τῶν λαφύρων ὅσα θεοῖς τ' ἀναθήματα καὶ κόσμος ταῖς Οὐολούσκων πόλεσιν ἔμελλε γενέσθαι, τὰ λοιπὰ τοῖς στρατιώταις ἐφῆκε διαρπάσαι. [7] ἦν δὲ πολλὰ μὲν αὐτόθι σώματα, πολλὰ δὲ χρήματα, πολὺς δὲ σῖτος, ὥστε μὴ ῥάδιον εἶναι μᾶ πάντα ἐκκομίσαι τοὺς κρατήσαντας ἡμέρα, ἀλλ' ἐκ διαδοχῆς ἄγοντες καὶ φέροντες τὰ μὲν [p. 148] αὐτοί, τὰ δ' ἐπὶ τῶν ὑποζυγίων πολὺν ἠναγκάστησαν διατρίψαι χρόνον.

ὁ δὲ στρατηγός, ἐπειδὴ τὰ σώματα καὶ τὰ χρήματα πάντα ἐξεκεκόμιστο, τὴν πόλιν ἔρημον καταλιπὼν ἀπῆγε τὴν δύναμιν ἐπὶ Βῶλαν Λατίνων ἐτέραν πόλιν. ἔτυχον δὲ καὶ οἱ Βωλανοὶ προεγνωκότες αὐτοῦ τὴν ἔφοδον καὶ παρεσκευασμένοι πάντα τὰ πρὸς τὸν ἀγῶνα ἐπιτήδεια. ὁ μὲν οὖν Μάρκιος ὡς ἐξ ἐφόδου τὴν πόλιν αἰρήσων κατὰ πολλὰ μέρη τοῦ τείχους ἐποιεῖτο τὰς προσβολάς: οἱ δὲ Βωλανοὶ περιμείναντες καιρὸν ἐπιτήδειον ἀνοίγουσι τὰς πύλας, καὶ φερόμενοι κατὰ πλῆθος ἐν τάξει τε καὶ κόσμῳ συρράπτουσι τοῖς κατὰ μέτωπον, καὶ πολλοὺς αὐτῶν ἀποκτείναντες, ἔτι δὲ πλείους κατατραυματίσαντες τοὺς τε λοιποὺς αἰσχυρῶς ἀναγκάσαντες φυγεῖν ἀνέστρεψαν εἰς τὴν πόλιν. [2] ὡς δ' ἔγνω τὴν τροπὴν τῶν Οὐολούσκων ὁ Μάρκιος: οὐ γὰρ ἔτυχε παρὼν ἐν ᾧ χωρίῳ τὸ πάθος ἐγένετο: παρῆν σὺν ὀλίγοις κατὰ σπουδὴν καὶ τοὺς ἐκ τῆς τροπῆς σκεδασθέντας ἀναλαβὼν συνίστατο καὶ παρεθάρρυνε, καὶ ἐπειδὴ κατέστησεν εἰς τάξεις, ὑποδείξας, ἃ δεῖ πράττειν, ἐκέλευσε προσβάλλειν τῇ πόλει κατὰ τὰς αὐτὰς πύλας. [3] χρησαμένων δὲ πάλιν τῶν Βωλανῶν τῇ αὐτῇ πείρᾳ καὶ κατὰ πλῆθος ἐκδραμόντων οὐ δέχονται αὐτοὺς οἱ Οὐολοῦσκοι, ἀλλ' ἐγκλιναντες ἔφευγον κατὰ [p. 149] τοῦ πρानοῦς, ὡς ὁ στρατηγός αὐτοῖς ὑπέθετο: καὶ οἱ Βωλανοὶ τὴν ἀπάτην οὐκ εἰδότες ἐδίωκον ἄχρι πολλοῦ. ἐπεὶ δὲ πρόσω τῆς πόλεως ἐγένοντο, ἔχων τοὺς ἐπιλέκτους τῶν νέων ὁ Μάρκιος ὁμόσε τοῖς Βωλανοῖς ἐχώρει: καὶ γίνεται πολὺς αὐτῶν ἐνταῦθα φόνος τῶν μὲν ἀμυνομένων, τῶν δὲ φευγόντων. [4] ὁ δ' ἀκολουθῶν τοῖς ἐπὶ τὴν πόλιν ὠθουμένοις φθάνει, πρὶν ἐπιρραχθῆναι τὰς πύλας εἰσβιασάμενος εἰς τὸ τεῖχος. ὡς δ' ὁ

στρατηγὸς ἅπαξ ἐγκρατὴς τῶν πυλῶν ἐγένετο, ἡκολούθει καὶ τὸ ἄλλο τῶν Οὐλοούσκων πλῆθος, οἱ δὲ Βωλανοὶ τὸ τεῖχος ἐκλιπόντες ἔφευγον ἐπὶ τὰς οἰκίας. γενόμενος δὲ καὶ ταύτης κύριος τῆς πόλεως ἐπέτρεψε τοῖς στρατιώταις τὰ τε σώματα ἐξανδραποδίσασθαι καὶ τὰ χρήματα διαρπάσαι καὶ τὸν αὐτὸν τρόπον ὥσπερ καὶ πρότερον ἅπασαν ἐκκομίσας τὴν λείαν σὺν χρόνῳ τε καὶ κατὰ πολλὴν ἐξουσίαν μετὰ τοῦτο τὴν πόλιν ἐνέπρησεν.

ἐντεῦθεν δὲ τὴν δύναμιν ἀναλαβὼν ἦγεν ἐπὶ τοὺς καλουμένους Λαβικανούς. ἦν δὲ καὶ αὕτη τότε Λατίνων ἡ πόλις Ἀλβανῶν ὥσπερ καὶ ἄλλαι ἄποικοι. καταπλήξασθαι δὲ βουλόμενος τοὺς ἔνδον ἔκαιεν αὐτῶν τὴν χώραν εὐθύς ἐπιών, ὅθεν μάλιστα ἔμελλον ὄψεσθαι τὴν φλόγα. οἱ δὲ Λαβικανοὶ τεῖχος εὖ κατεσκευασμένον ἔχοντες οὔτε κατεπλάγησαν αὐτοῦ τὴν ἔφοδον οὔτε μαλακὸν ἐνέδοσαν οὐδέν, ἀλλ' ἀντεῖχον [p. 150] ἀπομαχώμενοι γενναίως καὶ πολλακίς ἐπιβαίνοντας τοῦ [21] τείχους τοὺς πολεμίους ἀπήραξαν. οὐ μὴν εἰς τέλος γ' ἀντέσχον ὀλίγοι πρὸς πολλοὺς ἀγωνιζόμενοι καὶ χρόνον οὐδὲ τὸν ἐλάχιστον ἀναπαυόμενοι. πολλαὶ γὰρ προσβολαὶ καὶ καθ' ὅλην τὴν πόλιν ἐγίνοντο ὑπὸ τῶν Οὐλοούσκων ἐκ διαδοχῆς ὑποχωρούντων μὲν αἰεὶ τῶν κεκμηκότων, ἐτέρων δὲ προσιόντων νεαρῶν: πρὸς οὓς ἀγωνιζόμενοι δι' ὅλης ἡμέρας, καὶ οὐδὲ τὸν τῆς νυκτὸς ἀναπαυσάμενοι χρόνον ἐκλιπεῖν ἠναγκάσθησαν τὸ τεῖχος ὑπὸ κόπου. παραλαβὼν δὲ καὶ ταύτην ὁ Μάρκιος τὴν πόλιν ἐξηνδραποδίσατο καὶ τοῖς στρατιώταις ἐφῆκε μερίσασθαι τὰς ὠφελείας. [3] ἀναστήσας δὲ τὴν δύναμιν ἐκεῖθεν ἐπὶ τὴν Πεδανῶν πόλιν: ἦν δὲ καὶ αὕτη τοῦ Λατίνων γένους: συντεταγμένην ἔχων τὴν στρατιὰν ἀφικνεῖται καὶ αὐτὴν ἅμα τῷ πλησίον τοῖς τείχεσιν αἰρεῖ κατὰ κράτος. καὶ ταῦτά διαθείς ὅσα τὰς πρότερον ἀλούσας ἔωθεν εὐθύς ἀναστήσας τὴν δύναμιν ἦγεν ἐπὶ Κορβιῶνα. [4] ὄντι δ' αὐτῷ πλησίον τοῦ τείχους τὰς πύλας ἀνοίξαντες οἱ ἔνδον ἀπαντῶσιν ἀντὶ τῶν ὅπλων προτείνοντες ἱκετηρίας καὶ παραδιδόντες ἀμαχητὶ τὸ τεῖχος. οὓς ἐπαινέσας ὡς τὰ κράτιστα περὶ σφῶν βεβουλευμένους, ἐκέλευσεν ὧν ἔδει τῇ στρατιᾷ φέροντας ἡκεῖν ἀργύριον τε καὶ σῖτον, καὶ λαβὼν ὅσα προσέταξεν ἀπῆγε τὴν δύναμιν ἐπὶ τὴν Κοπιολανῶν [p. 151] πόλιν. παραδόντων δὲ κάκειν τῶν ἔνδον ἀμαχητὶ καὶ μετὰ πολλῆς προθυμίας ἀγοράς τε παρασχόντων τῇ δυνάμει καὶ χρήματα καὶ ὅσα ἄλλα ἐπετέτακτο αὐτοῖς ἀπῆγε τὴν στρατιὰν ὡς διὰ φιλίας γῆς. πάνυ γὰρ δὴ [5] καὶ τοῦτ' ἐσπούδαζεν, ὡς μηδὲν οἱ παραδιδόντες αὐτοῖς τὰς πόλεις πάθοιεν, ὧν φιλεῖ δρᾶν ὁ πόλεμος, ἀλλὰ καὶ γῆν ἀδήλωτον ἀπολαμβάνοιεν καὶ βοσκήματα καὶ ἀνδράποδα, ὅσα κατέλιπον ἐπὶ τῶν κτήσεων, κομίζοιντο, αὐλιζεσθαι τ' οὐκ εἶα τὴν δύναμιν ἐν ταῖς πόλεσιν, ἵνα μὴ τι γένηται δι' ἀρπαγῆς πρὸς αὐτῶν ἡ κλοπῆς κακόν, ἀλλὰ παρὰ τοῖς τείχεσι κατεστρατοπέδευεν.

ἀπὸ δὲ ταύτης ἀναστήσας τῆς πόλεως ἦλानε τὸν στρατὸν ἐπὶ Βοίλλας, ἐπιφανῇ τότε οὔσαν καὶ ἐν ὀλίγαις πάνυ ταῖς ἡγουμέναις τοῦ Λατίνων γένους πόλεσιν ἐξεταζομένην. οὐ προσδεξαμένων δ' αὐτὸν τῶν ἔνδον, ἀλλὰ τῷ τ' ἐρύματι πιστευόντων ἐχυρῷ γε σφόδρα ὄντι καὶ τῷ πλήθει τῶν ἀπ' αὐτοῦ μαχησομένων παρακαλέσας τὴν δύναμιν ἀγωνίζεσθαι προθύμως καὶ τοῖς πρώτοις ἐπιβᾶσι τοῦ τείχους μεγάλας δωρεὰς ὑποσχόμενος ἔργου

εἶχετο: καὶ γίνεται μάχη περὶ τῇ πόλει ταύτῃ καρτερὰ. [2] οὐ γὰρ μόνον ἀπὸ τοῦ τείχους ἡμύνοντο τοὺς προσιόντας οἱ Βοιλλανοί, ἀλλὰ καὶ τὰς πύλας ἀνοίξαντες ἐξέθεον ἄθροοι καὶ κατὰ τοῦ πρανοῦς ἐώθουν βία τοὺς ὑφισταμένους: φόνος τε [p. 152] πλεῖστος αὐτόθι τῶν Οὐολοῦσκων ἐγένετο καὶ χρόνος τῆς τειχομαχίας πολλὺς τοῦ τε κρατήσῃν τῆς πόλεως ἄπορος ἅπασιν ἢ ἐλπίς. ἀλλὰ τῶν ἀπολλυμένων ἄδηλον ἐποίει τὴν ἀπουσίαν ὁ στρατηγὸς ἀντικαθιστὰς ἑτέρους, τῶν δὲ καμνόντων παρεθάρρυνε τὴν ἀθυμίαν ἐπὶ τὸ πονουῖν μέρος τῆς στρατιᾶς αὐτὸς ὠθούμενος. ἦν δ' οὐχ ὁ λόγος αὐτοῦ μόνον ἐπαγωγὸς εἰς τὸ εὐψυχον, ἀλλὰ καὶ τὰ ἔργα. πάντα γὰρ ὑφίστατο κίνδυνον καὶ οὐδεμιᾶς πείρας ἀπελείφθη, τέως ἑάλω τὸ [3] τεῖχος. κρατήσας δὲ καὶ ταύτης σὺν χρόνῳ τῆς πόλεως καὶ τῶν ἀλόντων τοὺς μὲν ἐν χειρῶν νόμῳ διαφθείρας, τοὺς δ' αἰχμαλώτους λαβὼν ἀπῆγε τὴν δύναμιν ἐπιφανεστάτην νίκην ἐξενεγκάμενος καὶ λάφυρα κάλλιστα καὶ πλεῖστα ἄγων, χρήμασί τε παμπόλλοις, ὧν ἐγκρατὴς ἐγένετο: ἦν δ' αὐτόθι ὅσα ἐν οὐδενὶ τῶν ἀλόντων χωρίων: πλουτίσας τὴν στρατιάν.

μετὰ τοῦτο χώρα θ', ὅσῃν διαπορευόιτο, ὑποχείριος ἦν καὶ πόλις οὐδεμία ἦν ἀντιοῦτο ἔξω Λαουινίου, ἦν πρώτην τε πόλιν οἱ σὺν Αἰνεῖα κατάραντες εἰς Ἰταλίαν Τρῶες ἔκτισαν, καὶ ἀφ' ἧς τὸ Ῥωμαίων ἦν γένος, ὥς καὶ πρότερόν μοι δεδήλωται. οἱ δ' ἐν ταύτῃ κατοικοῦντες πάντα πρότερον ὥοντο δεῖν ὑπομένειν, ἢ τὸ πρὸς τοὺς ἀπογόνους σφῶν Ῥωμαίους [2] πιστὸν ἐγκαταλιπεῖν. ἐγένοντο μὲν οὖν καὶ τειχομαχίαι [p. 153] τινὲς αὐτόθι καρτεραὶ καὶ πρὸ τῶν ἐρυμάτων ὀξεῖαι μάχαι: οὐ μὴν ἑάλω γε τὸ τεῖχος ἀπὸ κράτους τῇ πρώτῃ ἐφόδῳ, ἀλλ' ἐδόκει χρόνου δεῖν ἢ πολιορκία καὶ τριβῆς. ἀποσταὲς οὖν τῆς πολιορκίας ὁ Μάρκιος περιετάρφρευε κύκλῳ τὴν πόλιν καὶ ἀπεσταυροῦ, τὰς ὁδοὺς φυλάττων, ἵνα μὴτ' ἀγορὰ μὴτ' ἐπικουρία τις αὐτοῖς ἔξωθεν προσγένοιτο. [3] Ῥωμαῖοι δὲ τῶν τε κεκρατημένων ἤδη πόλεων τὸν ὄλεθρον ἀκούοντες καὶ τῶν προσθεμένων τῷ Μαρκίῳ τὴν ἀνάγκην, ταῖς τε πρεσβείαις ἐνοχλούμενοι ταῖς ἀφικνουμέναις ὥς αὐτοὺς ὀσημέραι παρὰ τῶν μενουσῶν ἐν τῇ φιλίᾳ καὶ δεομένων βοηθείας, τοῦ τε Λαουινίου τὸν περιτειχισμὸν ὀρρωδοῦντες ἐν χερσὶν ὄντα, καὶ εἰ τότε τὸ φρούριον ἁλώσεται τὸν πόλεμον ἐπὶ σφᾶς ἥξειν εὐθὺς οἰόμενοι, μίαν ὑπέλαβον ἔσσεσθαι πάντων τῶν κακῶν λύσιν, εἰ [4] ψηφίσαιντο τῷ Μαρκίῳ τὴν κάθοδον. καὶ ὃ τε δῆμος ἅπας ἐβόα τοῦτο, καὶ οἱ δῆμαρχοι νόμον εἰσφέρειν ὑπὲρ ἀκυρώσεως τῆς καταδικῆς ἐβούλοντο: ἀλλ' οἱ πατρίκιοι ἠναντιώθησαν αὐτοῖς οὐκ ἀξιοῦντες τῶν δεδικασμένων λύειν οὐθέν. μὴ γενομένου δὲ προβουλεύματος ὑπὸ τῆς βουλῆς οὐδὲ τοῖς δημάρχοις ἔτι προθεῖναι γνώμην εἰς τὸν δῆμον ἐδόκει. [5] ὁ καὶ θαυμάζειν ἄξιον, ἀφ' ἧς δῆποτε αἰτίας ἢ βουλῇ σπουδάζουσα τὸν ἔμπροσθεν χρόνον ὑπὲρ τοῦ Μαρκίου τότε βουλομένων [p. 154] τῷ δῆμῳ κατάγειν αὐτὸν ἠναντιώθη: πότερα πείραν αὐτοῦ ποιομένη τῆς γνώμης καὶ τῷ μὴ συγχωρεῖν ἐτοίμως ἐπὶ τὸ μᾶλλον σπουδάζειν αὐτὸν παρορμῶσα, ἢ τὰς καθ' ἑαυτῆς ἀπολύσασθαι βουλομένη διαβολὰς ὑπὲρ τοῦ μηθενὸς ὧν ἔπραττεν ὁ ἀνὴρ μῆτε αἰτία μῆτε συνεργὸς εἶναι. χαλεπὸν γὰρ ἦν ἀπόρρητον γενόμενον αὐτῆς τὸ βούλευμα συμβαλεῖν.

ἀκούσας δὲ ταῦτα παρ' αὐτομόλων τινῶν ὁ Μάρκιος, ὡς εἶχεν ὀργῆς, εὐθὺς ἀναστήσας τὴν δύναμιν ἤγεν ἐπὶ τὴν Ῥώμην, φυλακὴν τοῦ Λαουινίου τὴν ἀρκοῦσαν καταλιπών· καὶ αὐτίκα τῆς πόλεως σταδίου τετταράκοντα ἀποσχὼν κατεστρατοπέδευσε περὶ τὰς καλουμένας Κλοιλίας τάφρους. [2] μαθοῦσι δὲ τὴν παρουσίαν αὐτοῦ τοῖς κατὰ τὴν πόλιν τοσοῦτος ἐνέπεσε θόρυβος ὡς αὐτίκα τοῖς τεῖχεσι τοῦ πολέμου προσάξοντος, ὥσθ' οἱ μὲν ἐπὶ τὰ τεῖχη τὰ ὄπλα λαβόντες ἔθεον ἄνευ παραγγέλματος, οἱ δ' ἐπὶ τὰς πύλας κατὰ πλῆθος ἐφέροντο χωρὶς ἡγεμόνος, οἱ δὲ τοὺς δούλους καθοπλίσαντες ἐπὶ τοῖς τέγεσι τῶν οἰκιῶν ἴστασαν, οἱ δὲ τὴν τ' ἄκραν καὶ τὸ Κασιπῶλιον καὶ τοὺς ἄλλους ἐρυμνοὺς τόπους τῆς πόλεως κατελαμβάνοντο, γυναικῆς τε λελυμέναι τὰς κόμας ἐπὶ τὰ τεμένη καὶ τοὺς νεῶς ἔθεον ὀλοφυρόμεναι τε καὶ δεόμεναι τῶν θεῶν ἀποστρέφαι τῆς πόλεως τὸν ἐπὶ ὄντα φόβον. [3] ὡς δ' ἦ τε [p. 155] νύξ παρήλθε καὶ τῆς ἐπιούσης ἡμέρας τὸ πλεῖστον, καὶ οὐδὲν ὦν ἐδεδοικεσαν ἐγίνετο, ἀλλ' ἔμμενεν ὁ Μάρκιος ἐφ' ἡσυχίας, συνέδραμον ἅπαντες εἰς τὴν ἀγορὰν οἱ δημοτικοὶ καὶ τοὺς πατρικίους ἐκάλουν εἰς τὸ βουλευτήριον, καὶ εἰ μὴ προβουλευσούσι τῷ ἀνδρὶ τὴν καθοδὸν, αὐτοὶ βουλευέσθαι περὶ σφῶν αὐτῶν ἔφασαν ὡς προδιδόμενοι. [4] τότε δὴ συνελθόντες εἰς τὴν βουλὴν οἱ πατρικιοὶ ψηφίζονται πρεσβευτὰς πρὸς τὸν Μάρκιον ἀποστεῖλαι πέντε ἄνδρας ἐκ τῶν πρεσβυτάτων, οὓς μάλιστ' ἐκεῖνος ἡσπάζετο, περὶ διαλύσεώς τε καὶ φιλίας διαλεξομένους. ἦσαν δ' οἱ προχειρισθέντες ἅπ' αὐτῶν ἄνδρες οἶδε, Μάρκος Μηνύκιος καὶ Πόστουμος Κομίνιος καὶ Σπόριος Λάρκιος καὶ Πόπλιος Πινάριος καὶ [5] Κόιντος Σολπικίος, ἅπαντες ὑπατικοί. ὡς δ' ἀφίκοντο ἐπὶ τὸ στρατόπεδον, καὶ ἔγνω τὴν παρουσίαν αὐτῶν ὁ Μάρκιος, καθεζόμενος ἅμα τοῖς ἐπιφανεστάτοις Οὐλοῦσκων τε καὶ τῶν ἄλλων συμμάχων, ἔνθα πλεῖστοι ἔμελλον ἀκούσεσθαι τῶν λεγομένων, ἐκέλευσε καλεῖν τοὺς ἄνδρας. εἰσελθόντων δ' αὐτῶν ἡρξάτο τοῦ λόγου Μηνύκιος, ὁ πλεῖστα κατὰ τὸν τῆς ὑπατείας χρόνον σπουδάσας ὑπὲρ αὐτοῦ, καὶ μάλιστα τοῖς δημοτικοῖς ἐναντιωθείς, καὶ ἔλεξε τοιαύδε.

Ὅτι μὲν οὐ δίκαια πέπονθας ὑπὸ τοῦ δήμου, ὦ Μάρκιε, μετ' αἰτίας αἰσχυρᾶς ἐξελασθεῖς ἐκ τῆς πατρίδος, ἅπαντες ἴσμεν· καὶ οὐδὲν οἰόμεθά σε ποιεῖν θαυμαστόν, εἰ χαλεπαίνεις καὶ ἀγανακτεῖς ἐπὶ ταῖς τύχαις. κοινὸς γὰρ δὴ τῆς ἀπάντων φύσεως οὗτος [p. 156] ὁ νόμος, ἐχθρόν εἶναι τῷ δράσαντι τὸ πεπονθὸς κακῶς. [2] ὅτι δ' οὐ μετὰ λογισμοῦ σώφρονος ἐξετάξεις, οὓς ἀμύνεσθαι τε καὶ τιμωρεῖσθαι σοὶ προσῆκεν, οὐδὲ μετριάξεις περὶ τὴν ἀνάπραξιν τῆς δικῆς, ἀλλ' ἐν ταυτῷ τίθεσαι τὰ τ' ἀναίτια τοῖς αἰτίοις καὶ τὰ φίλια τοῖς πολεμίοις, νόμους τε κινεῖς φύσεως ἀκινήτους καὶ τὰ πρὸς τοὺς θεοὺς συνταράττεας ὅσια, καὶ οὐδὲ σεαυτὸν ἐξ ὧν τε καὶ ὅστις ἔφυς ἔτι μέμνησαι, τοῦτο τεθναμάκαμεν. [3] ἤκομέν τ' ἀποσταλέντες ὑπὸ τοῦ κοινοῦ πρέσβεις οἱ προὔχοντες ἡλικίᾳ τῶν πατρικίων καὶ περὶ σὲ προθυμότατοι μεμιγμένην φέροντες δικαιολογίαν παραιτήσαι, καὶ ἐφ' οἷς ἀξιοῦμέν σε διαλύσεσθαι τὴν ἔχθραν, πρὸς τὸν δῆμον ἀπαγγελοῦντες· πρὸς δὲ τούτοις, ἃ νομίζομεν εἶναι κάλλιστα καὶ συμφορώτατά σοι, ταῦτα παραινέσοντες.

ἀρχέτω δ' ὁ περὶ τῶν δικαίων λόγος. συνέστη τὸ δημοτικὸν ἐπὶ σοὶ

παροξυνθὲν ὑπὸ τῶν δημάρχων, καὶ ἦκον ὡς ἀποκτενοῦντές σε ἄκριτον, οἷς φοβερὸς ἦσθα. τοῦτο τὸ ἔργον ἐκωλύσαμεν ἡμεῖς οἱ ἐκ τοῦ συνεδρίου καὶ παρέσχομέν σοι μηθέν, ὃ μὴ δίκαιον ἦν τότε παθεῖν. μετὰ τοῦτο προὔκαλοῦντό σε οἱ κωλυθέντες ἀνελεῖν ἐπὶ δίκην, αἰτιασάμενοι πονηροὺς κατ' αὐτῶν εἰπεῖν ἐν τῇ βουλῇ λόγους. [2] ἐνέστημεν καὶ πρὸς τοῦτο, ὡς οἴσθα, καὶ οὐκ ἐπετρέψαμεν οὔτε γνώμης οὔτε λόγων ὑποσχεῖν σε δίκας. ἀποτυχόντες [p. 157] καὶ τούτου τελευτῶντες ἦκον ἐφ' ἡμᾶς αἰτιώμενοι σε τυραννίδι ἐπιχειρεῖν. ταύτην αὐτὸς ὑπέμεινας ἀπολογησάσθαι τὴν αἰτίαν, ἐπειδὴ πάμπλου ἀπέλχες αὐτῆς, καὶ παρέσχες τοῖς δημοτικοῖς περὶ σεαυτοῦ τὴν ψῆφον ἀναλαβεῖν. [3] ἡ βουλὴ δὲ καὶ τότε παρῆν καὶ πολλὰς ἐποιεῖτο δεήσεις περὶ σοῦ. τίνος οὖν ἡμεῖς οἱ πατρίκιοι τῶν συμβεβηκότων σοι κακῶν γεγόναμεν αἵτιοι, καὶ διὰ τί πολεμεῖς ἡμῖν τοσαύτην εὐνοίαν ἀποδειξαμένοις περὶ σέ κατὰ τὸν τότε ἀγῶνα; ἀλλὰ μὴν οὐδὲ τὸ δημοτικὸν ἅπαν ἐξελασθῆναι σε βουλόμενον εὐρέθη: δυσὶ γοῦν ψήφοις ἐάλως μόναίς, ὥστ' οὐδὲ τούτοις ἂν εἴης σὺν δίκῃ πολέμιος, οἷς σε ὡς οὐδὲν ἀδικοῦντα ἀπέλυσαν. [4] τίθημι δ', εἰ βούλει, πᾶσι μὲν τοῖς δημόταις δόξαν, ὅλη δὲ τῇ βουλῇ φανὲν ταύτῃ χρῆσασθαι σε τῇ συμφορᾷ, καὶ δίκαιον εἶναι σου τὸ πρὸς ἅπαντας ἡμᾶς μῖσος: ἀλλ' αἰ γυναικὲς σε, ὦ Μάρκιε, τί δεινὸν εἰργάσαντο, ἀνθ' ὅτου πολεμεῖς αὐταῖς; ποῖαν ἐπενέγκασαι περὶ φυγῆς ψῆφον ἢ τίνας εἰποῦσαι κατὰ σοῦ πονηροὺς λόγους; [5] τί δ' οἱ παῖδες ἡμῶν δράσαντες ἢ διανοηθέντες ἀδικεῖν περὶ σοῦ κινδυνεύουσιν ὑπὲρ αἰχμαλωσίας καὶ τῶν ἄλλων, ἃ παθεῖν αὐτοὺς εἰκός, ἐὰν ἡ πόλις ἀλῶ; οὐ τὰ δίκαια διατῆς, ὦ Μάρκιε, καὶ εἰ τοῦτον οἶε δεῖν τὸν τρόπον τὰ ὑπαίτια καὶ ἐχθρὰ μισεῖν, ὥστε μηδὲ τῶν ἀναιτίων φειδεσθαι καὶ φιλιῶν, οὐκ ἄρα τὰ προσήκοντα ἀνδρὶ ἀγαθῷ [p. 158] [6] φρονεῖς. ἵνα δὲ πάντα ταῦτα ἀφῶ, τί ἂν ἔχοις εἰπεῖν, ὦ πρὸς Διός, εἰ τις ἔροίτο σε, τοὺς δὲ δὴ τάφους τῶν προγόνων τί παθῶν ὑπ' αὐτῶν ἀνασκάπτεις καὶ τιμάς, ἃς κομίζονται παρ' ἀνθρώπων, ἀφαιρῇ; θεῶν δὲ βωμοὺς καὶ τεμένη καὶ νεῶς τίνος ἀδικήματος ὀργῇ συλᾷς καὶ κατακαίεις καὶ ἀνατρέπεις καὶ σεβασμῶν οὐκ ἔξις τυγχάνειν τῶν νομίμων; τί πρὸς ταῦτα φαίης ἂν; ἐγὼ μὲν γάρ οὐδὲν ὀρώ. [7] ταῦτά σοι περὶ τε ἡμῶν αὐτῶν, ὦ Μάρκιε, τῶν ἐκ τοῦ συνεδρίου καὶ περὶ τῶν ἄλλων πολιτῶν, οὓς ἀπολέσαι προθυμῇ κακὸν οὐδὲν ὑπ' αὐτῶν πεπονθώς, τάφων τε καὶ ἱερῶν καὶ πόλεως τῆς γειναμένης τε καὶ θρεψαμένης τὰ δίκαια εἰρήσθω.

ἐπεὶ δὲ σύνεγγυς ἀλλήλων ἐγένοντο, πρώτη μὲν αὐτῷ δεξιωσομένη προσῆλθεν ἡ μήτηρ πένθιμά τ' ἡμφιεσμένη τρύχη καὶ τὰς ὀράσεις ἐκτετηκυῖα ὑπὸ τῶν δακρύων, ἐλεεινὴ σφόδρα. ἦν ὁ Μάρκιος ἰδὼν ἄτεγκτος τέως καὶ στερρός, οἷος ἅπασι τοῖς ἀνιανοῖς ἀντέχειν, οὐθὲν ἔτι τῶν λελογισμένων φυλάττειν ἱκανὸς ἦν, ἀλλ' ὥχετο φερόμενος ὑπὸ τῶν παθῶν ἐπὶ τὸ ἀνθρώπινον, καὶ περιβαλὼν αὐτὴν ἡσπάζετο καὶ ταῖς ἡδίσταις φωναῖς ἀνεκάλει καὶ μέχρι πολλοῦ κλαίων τε καὶ περιέπων κατεῖχεν ἐκλελυμένην καὶ ῥέουσαν ἐπὶ τὴν γῆν. ὡς δὲ τῶν ἀσπασμῶν τῆς μητρὸς ἅλις εἶχε, τὴν γυναῖκα προσελθοῦσαν δεξιωσάμενος ἅμα τοῖς τέκνοις εἶπεν: [2] ἀγαθῆς γυναικὸς ἔργον ἐποίησας, ὦ Οὐολουμνία, μείναςα παρὰ τῇ μητρὶ μου καὶ οὐκ ἐγκαταλιποῦσα τὴν ἐρημίαν αὐτῆς ἔμοιγε πασῶν ἡδίστην [p. 192] κεχάρισαι δωρεάν. μετὰ ταῦτα τῶν παιδίων ἐκάτερον προσαγόμενος

καὶ ἡ Οὐετουρία παραστησαμένη τὴν τε: γυναικὰ τοῦ Μαρκίου καὶ τὰ τέκνα καὶ τὰς ἐπιφανεστάτας τῶν ἐν Ῥώμῃ γυναικῶν πρῶτον μὲν ἔκλαιεν εἰς τὴν γῆν ὁρώσα μέχρι πολλοῦ, καὶ πολὺν ἐκίνησεν ἐκ τῶν παρόντων ἔλεον. ἔπειτ' ἀναλαβοῦσα αὐτὴν ἔλεξεν: ^[2] αἱ γυναῖκες, ὦ Μάρκιε τέκνον, τὰς ὕβρεις ἐνθυμούμεναι καὶ τὰς ἄλλας συμφορὰς τὰς συμβησομένας [p. 193] αὐταῖς, ἐὰν ἡ πόλις ἡμῶν ὑπὸ τοῖς πολεμίοις γένηται, πᾶσαν ἄλλην ἀπογνοῦσαι βοήθειαν, ἐπειδὴ τοῖς ἀνδράσιν αὐτῶν ἀξιοῦσι διαλύσασθαι τὸν πόλεμον αὐθάδεις καὶ σκληρὰς ἔδωκας ἀποκρίσεις, ἄγουσαι τὰ τέκνα καὶ τοῖς πενθίμοις τούτοις ἡμφιεσμένοι τρύχεσι κατέφυγον ἐπ' ἐμέ, τὴν σὴν μητέρα, καὶ Οὐολουμνίαν, τὴν σὴν γυναῖκα, δεόμεναι, μὴ περιδεῖν αὐτάς τὰ μέγιστα τῶν ἐν ἀνθρώποις κακῶν ὑπὸ σοῦ παθούσας: οὐθὲν μὲν οὐτε μεῖζον οὐτ' ἔλαττον εἰς ἡμᾶς ἐξαμαρτοῦσαι, πολλὴν δὲ καί, ὅτ' εὐτυχούμεν, εὐνοίαν ἔτι παρασχόμεναι, καί, ὅτ' ἐπταίσαμεν, συμπάθειαν. ^[3] ἔχομεν γὰρ αὐταῖς μαρτυρεῖν, ἐξ οὗ σὺ ἀπῆρας ἐκ τῆς πατρίδος, ἡμεῖς δ' ἔρημοι καὶ τὸ μηθὲν ἔτι οὔσαι κατελειπόμεθα, συνεχῶς τε παραγινόμεναις πρὸς ἡμᾶς καὶ παραμυθουμέναις τὰς συμφορὰς ἡμῶν καὶ συναλγούσαις. τούτων δὲ λαμβάνουσαι μνήμην ἐγὼ τε καὶ ἡ σὴ γυνὴ ἡ συνοικουροῦσα μετ' ἐμοῦ τὰς ἱκεσίας αὐτῶν οὐκ ἀπεστράφημεν, ἀλλ' ὑπεμείναμεν, ὡς ἡξίου ἡμᾶς ἐλθεῖν ἐπὶ σὲ καὶ τὰς ὑπὲρ τῆς πατρίδος ποιήσασθαι δεήσεις.

ἔτι δ' αὐτῆς λεγούσης ὑπολαβὼν ὁ Μάρκιος εἶπεν: ἀδυνάτων δεομένη, μῆτερ, ἐλήλυθας ἀξιοῦσα προδοῦναί με τοῖς ἐκβαλοῦσι τοὺς ὑποδεξαμένους, καὶ τοῖς ἅπαντά με ἀφελομένοις τὰ ἐμαυτοῦ τοὺς χαρισισμένους τὰ μέγιστα τῶν ἐν ἀνθρώποις ἀγαθῶν: οἷς ἐγὼ τὴν ἀρχὴν τήνδε παραλαμβάνων θεοὺς [p. 194] τε καὶ δαίμονας ἐγγυητὰς ἔδωκα, μήτε προδώσειν τὸ κοινὸν αὐτῶν μήτε προκαταλύσεσθαι τὸν πόλεμον, ἐὰν μὴ Οὐολούσκοις ἅπασι δοκῇ. ^[2] θεοὺς τε δὲ σεβόμενος, οὓς ὤμοσα, καὶ ἀνθρώπους αἰδούμενος, οἷς τὰς πίστεις ἔδωκα, πολεμήσω Ῥωμαίοις ἄχρι τέλους. ἐὰν δ' ἀποδιδῶσι τὴν χώραν Οὐολούσκοις, ἣν κατέχουσιν αὐτῶν βίᾳ, καὶ φίλους αὐτοὺς ποιήσωνται πάντων αὐτοῖς μεταδιδόντες τῶν ἴσων ὥσπερ Λατίνοις, διαλύσομαι τὸν πρὸς αὐτοὺς πόλεμον: ἄλλως δ' οὔ. ^[3] ὑμεῖς μὲν οὖν, ὦ γυναῖκες, ἅπιτε καὶ λέγετε τοῖς ἀνδράσι ταῦτα καὶ πείθετε αὐτοὺς μὴ φιλοχωρεῖν τοῖς ἀλλοτρίοις ἀδίκως, ἀλλ' ἀγαπᾶν, ἐὰν τὰ ἐαυτῶν

μετὰ τὴν ἐκ τοῦ χάρακος ἀπαλλαγὴν τῶν γυναικῶν ὁ Μάρκιος περὶ τὸν ὄρθρον ἀναστήσας τὴν στρατιὰν ἀπῆγεν ὡς διὰ φιλίας, καὶ ἐπειδὴ ἐν τῇ Οὐολούσκων ἐγένετο, πάντα, ὅσα ἐκ τῶν λαφύρων ἔλαβε, δωρησάμενος τοῖς στρατιώταις, ἐαυτῷ δ' οὐδ' ὅποιον ὑπολιπόμενος ἀπέλυσεν ἐπὶ τὰ οἰκεῖα. ἢ μὲν οὖν κοινωνήσασα τῶν ἀγώνων αὐτῷ στρατιὰ πλοῦτῳ βαρεῖ ἀφικομένη τὴν τ' ἀνάπαυλαν οὐκ ἀηδῶς ἐδέξατο τοῦ πολέμου καὶ δι'

[4] ὡς δ' οὐδὲν τῆς φιλονεικίας ἐγίνετο πέρας, ἡμέραν προειπῶν ὁ Τύλλος, ἐν ἣ τὸν Μάρκιον ἐκέλευσεν ἡκεῖν τὴν ἀρχὴν ἀποθησόμενον καὶ δίκην ὑφ' ἑξόντα τῆς προδοσίας, θραυστάτους τ' ἄνδρας εὐεργεσιῶν ἐλπίσιν ἐπάρας ἀρχηγοὺς ἀνοσίου ἔργου γενέσθαι, παρῆν εἰς τὴν ἀποδειχθεῖσαν ἀγορὰν καὶ παρελθὼν ἐπὶ τὸ βῆμα πολλῇ κατηγορίᾳ ἐχρήσατο τοῦ Μαρκίου, καὶ εἰ μὴ βούλοιο ἀποθέσθαι τὴν ἀρχὴν ἐκὼν, τῷ δήμῳ παρεκελεύετο παῦειν αὐτὸν ἀπάσῃ δυνάμει.

Μάρκιον γ' οὐδὲν ἦν ἕτερον ἄρα, ὃ τῆς πατρίδος ἐξήλασε καὶ τῶν ἄλλων ἀγαθῶν ἀνόνητον ἐποίησεν, ἢ τὸ ἀκριβὲς καὶ ἄκρον δίκαιον. τοῖς τε γὰρ δημόταις εἴκειν τὰ μέτρια δέον καὶ ἐφίεναι τι ταῖς ἐπιθυμίαις καὶ τὰ πρῶτα φέρεσθαι παρ' αὐτοῖς, οὐκ ἡβουλήθη, ἀλλὰ πρὸς ἅπαντα τὰ μὴ δίκαια ἀντιλέγων μῖσος ἤγειρε καὶ ἐξηλάσθη πρὸς αὐτῶν: τῆς τε Οὐολούσκων στρατηγίας εὐθύς ἅμα τῷ διαλυῖσαι τὸν πόλεμον ἀπαλλαγῆναι παρὸν καὶ μετενέγκασθαι τὴν οἴκησιν ἐτέρωσέ ποι, τέως ἂν ἡ κάθοδος αὐτῷ δοθῇ ὑπὸ τῆς πατρίδος, καὶ μὴ παρασχεῖν αὐτὸν ἐχθρῶν ἐπιβουλαῖς καὶ ὄχλων ἀμαθίαις σκοπὸν, οὐκ ἡξίωσεν, ἀλλ' ὑπεύθυνον οἰόμενος δεῖν τὸ σῶμα παρασχεῖν τοῖς πεπιστευκόσι τὴν ἀρχὴν καὶ λόγον ἀποδοῦς ὧν ἔπραξε κατὰ τὴν ἡγεμονίαν, εἰ τι φαίνοιτο ἀδικῶν τὴν κατὰ νόμους ὑποσχεῖν δίκην, τῆς ἄκρας δικαιοσύνης οὐ καλοῦς ἀπέλαβε μισθοῦς. εἰ μὲν οὖν ἅμα τοῖς σώμασι διαλυομένοις καὶ τὸ τῆς ψυχῆς, ὅτιδήποτ' ἔστιν ἐκεῖνο, συνδιαλύεται, καὶ οὐδαμῇ οὐθὲν ἔτι ἔστιν, οὐκ οἶδ' ὅπως μακαρίους ὑπολάβω τοὺς μὴθὲν μὲν ἀπολαύσαντας τῆς ἀρετῆς ἀγαθόν, δι' αὐτὴν δὲ ταύτην ἀπολομένους. εἰ δ' ἄφθαρτοι μέχρι τοῦ παντός αἱ ψυχαὶ τυγχάνουσιν ἡμῶν οὔσαι καθάπερ οἴονται τινες, ἢ χρόνον τινὰ μετὰ τὴν ἀπαλλαγὴν τῶν σωμάτων ἔτι διαμένουσι, μήκιστον μὲν αἱ τῶν ἀγαθῶν ἀνδρῶν, ἐλάχιστον δ' αἱ τῶν κακῶν, ἀποχρῶσα τιμὴ φαίνοιτ' ἂν, οἷς ἀρετὴν ἀσκοῦσιν ἡναντιώθη τὰ ἐκ τῆς τύχης, ἢ παρὰ τῶν ζώντων εὐλογία καὶ μνήμη μέχρι πλείστου παραμείνασα χρόνου: ^[2] ὃ καὶ τῷ ἀνδρὶ ἐκείνῳ συνέβη. οὐ γὰρ μόνον Οὐολούσκοι τὸν θάνατον ἐπένθησαν αὐτοῦ καὶ ὡς τῶν ἀρίστων γεγόμενον ἐν τιμῇ ἔχουσιν, ἀλλὰ καὶ Ῥωμαῖοι, ἐπειδὴ τὸ πάθος ἐγνώσθη, μεγάλην συμφορὰν ὑπολαβόντες εἶναι τῆς πόλεως, πένθος ἐποίησαντο ἰδίᾳ καὶ δημοσίᾳ: καὶ αἱ γυναῖκες αὐτῶν, ἃ νόμος ἔστιν αὐταῖς ἐπὶ τοῖς ἰδίοις τε καὶ ἀναγκαίοις ποιεῖν κήδεσιν, ἀποθέμεναι χρυσὸν τε καὶ πορφύραν καὶ τὸν ἄλλον ἅπαντα κόσμον μέλασιν ἀμφιασμοῖς χρώμεναι τὸν ἐνιαύσιον ἐπένθησαν χρόνον. ^[3] ἑτῶν δὲ μετὰ τὸ πάθος ὁμοῦ τι πεντακοσίων ἤδη διαγεγονότων εἰς τόνδε τὸν χρόνον οὐ γέγονεν ἐξίτηλος ἡ τοῦ ἀνδρὸς μνήμη, ἀλλ' ἄδεται καὶ ὑμνεῖται πρὸς πάντων ὡς εὐσεβὴς καὶ δίκαιος [p. 218] ἀνὴρ. ὁ μὲν δὴ κατασχὼν Ῥωμαίους κίνδυνος ἐκ τῆς Οὐολούσκων τε καὶ Αἰκανῶν ἐπιστρατείας Μάρκιον λαβούσης ἡγεμόνα, μέγιστος τῶν πρὸ αὐτοῦ γεγόμενος καὶ μικρὸν ἀποσχὼν τοῦ πᾶσαν τὴν πόλιν ἀνελεῖν ἐκ βάθρων, τοιοῦτου τέλους ἔτυχεν.

ἡμέραις δ' ὀλίγαις ὕστερον ἐξελθόντες εἰς τὴν ὑπαιθρον Ῥωμαῖοι πολλῇ στρατιᾷ τῶν ὑπάτων ἀγόντων ἀμφοτέρων, καὶ προελθόντες ἄχρι τῶν ὄρων

τῷ δ' ἐξῆς ἐνιαυτῷ Γάιος μὲν Ἀκύλλιος καὶ Τίτος Σικκίος, ἄνδρες ἔμπειροι πολέμων, τὴν ὑπατείαν παρεilhέφσαν. ἡ δὲ βουλή προθέντων λόγον περὶ τοῦ πολέμου τῶν ὑπᾶτων πρῶτον ἐψηφίσατο πρεσβείαν πέμψαι πρὸς Ἑρνίκας αἰτήσουσαν ὥς παρὰ φίλων τε καὶ ἐνσπόνδων δικᾶς νομίμους· ἡδίκητο γὰρ ἡ πόλις ὑπ' αὐτῶν κατὰ τὴν Οὐολοῦσκων τε καὶ Αἰκανῶν ἐπιστρατείαν ληστέiais τε καὶ καταδρομαῖς τῆς ὁμοροῦσης αὐτοῖς γῆς· ἕως δ' ἂν τὰς παρ' ἐκείνων λάβωσιν ἀποκρίσεις, στρατιὰν ὅσῃν δύνανται πλείστην καταγράφειν τοὺς ὑπάτους καὶ τοὺς συμμάχους πρεσβεῖων [p. 220] ἀποστολαῖς παρακαλεῖν σῖτόν τε καὶ ὄπλα καὶ χρήματα καὶ τᾶλλα ὅσων ἔδει τῷ πολέμῳ διὰ πολυχειρίας παρασκευάσασθαι καὶ ἐν τάχει. Ἀκύλλιος μὲν οὖν ἄτερος τῶν ὑπάτων ἐν τῇ Πραίνεστηνῶν χώρᾳ τὸν Ἑρνίκων στρατὸν ὑπομένοντα καταλαβὼν ἀντικατεστρατοπέδευσεν ὡς ἐδύνατο μάλιστ' ἀγχοτάτω σταδίοις ἀπὸ τῆς Ῥώμης ἀποσχῶν ὀλίγῳ πλείους διακοσίων: τρίτῃ δ' ἀφ' ἧς κατεστρατοπέδευσεν ἡμέρᾳ, προελθόντων ἐκ τοῦ χάρακος τῶν Ἑρνίκων εἰς τὸ πεδῖον ἐν τάξει καὶ τὰ σημεῖ ἁράντων τῆς μάχης, ἀντεξῆγε καὶ αὐτὸς τὴν δύναμιν ἐν κόσμῳ τε καὶ κατὰ τέλη. [2] ἐπεὶ δ' ἀγχοῦ ἐγένοντο ἀλλήλων ἔθεον ἀλαλάξαντες ὁμόσε, πρῶτον μὲν οἱ ψилоὶ σαυνίων τε βολαῖς καὶ τοξεύμασι καὶ λίθοις ἀπὸ σφενδόνης μαχόμενοι, καὶ πολλὰ τραύματα ἔδοσαν ἀλλήλοις: ἔπειτα ἵππεῖς ἵππεῦσι συρράπτουσι κατ' ἕλας ἐλαύνοντες καὶ τὸ πεζὸν τῷ πεζῷ κατὰ σπείρας μαχόμενον. ἐνθα δὴ καλὸς ἀγὼν ἦν ἐκθύμως ἀμφοτέρων ἀγωνιζομένων, καὶ μέχρι πολλοῦ διέμενον οὐδέτεροι τοῖς ἑτέροις τοῦ χωρίου, ἐν ᾧ ἐτάχθησαν, εἰκόντες. ἔπειτα ἡ Ῥωμαίων ἡρξάτο κάμνειν φάλαγξ, οἷα διὰ πολλοῦ τοῦ μεταξὺ χρόνου τότε πρῶτον ἠναγκασμένη ὁμιλεῖν πολέμῳ. [3] τοῦτο συνιδὼν Ἀκύλλιος ἐκέλευσε τοὺς ἀκμῆτας ἔτι καὶ εἰς αὐτὸ τοῦτο φυλαττομένους [p. 222] ὑπὸ τὰ κάμνοντα τῆς φάλαγγος ὑπελθεῖν μέρη, τοὺς δὲ τραυματίας καὶ τοὺς ἀπειρηκότας ὀπίσω τῆς φάλαγγος ἀπέναι. οἱ δ' Ἑρνικες ὡς ἔμαθον κινουμένους αὐτῶν τοὺς λόχους φυγῆς τ' ἄρχειν τοὺς Ῥωμαίους ὑπέλαβον, καὶ παρακελευσάμενοι ἀλλήλοις ἐμβάλλουσι πυκνοῖς τοῖς λόχοις εἰς τὰ κινούμενα τῶν πολεμίων μέρη, καὶ οἱ ἀκραφνεῖς τῶν Ῥωμαίων ἐπιόντας αὐτοὺς δέχονται: καὶ ἦν αὐθις ἐξ ὑπαρχῆς ἀμφοτέρων ἐκθύμως ἀγωνιζομένων μάχη καρτερὰ: καὶ γὰρ καὶ οἱ τῶν Ἑρνίκων ἐξεπληροῦντο λόχοι τοῖς ἀκμῆσιν ὑποπεμπομένοις εἰς τὰ κάμνοντα ὑπὸ τῶν ἡγεμόνων. [4] ἐπειδὴ δὲ περὶ δειλὴν ὥπιαν ἦν ἡδη, παρακαλέσας τοὺς ἵππεῖς ὁ ὕπατος νυνὶ δὴ ἄνδρας ἀγαθοὺς γενέσθαι, ἐμβάλλει τοῖς πολεμίοις κατὰ τὸ δεξιὸν κέρας αὐτὸς ἡγούμενος τῆς Ἰλῆς. οἱ δ' ὀλίγον τινὰ δεξάμενοι χρόνον αὐτοὺς ἐγκλίνουσι, καὶ γίνεται φόνος ἐνταῦθα πολὺς. τὸ μὲν οὖν δεξιὸν τῶν Ἑρνίκων κέρας ἐπόνει τ' ἡδη καὶ ἐξέλειπε τὴν τάξιν, τὸ δ' εὐώνυμον ἔτι ἀντεῖχε καὶ περιῆν τοῦ Ῥωμαίων δεξιοῦ: μετ' ὀλίγον μέντοι καὶ τοῦτ' ἐνέδωκεν. [5] ὁ γὰρ Ἀκύλλιος τοὺς ἀρίστους τῶν νέων ἐπαγόμενος παρεβοήθει κάκεῖ παραθαρρύνων τε καὶ ἐξ

σφετέρων πεζῶν ἐδέχετο. [8] Τύλλος δ' Ἄττιος ἔχων τοὺς ἐρρωμενεστάτους καὶ εὐτολμοτάτους Οὐολούσκων ὁμόσε αὐτῷ χωρεῖ καὶ πολλὰ ἔργα γενναῖα ἀποδειξάμενος: ἦν γὰρ ἀγωνιστῆς μὲν πολέμων σφόδρ' ἄλκιμος, στρατηγῆσαι δ' οὐχ ἱκανός: ὑπὸ κόπου τε καὶ πλήθους τραυμάτων καταπονηθεὶς ἀποθνήσκει. τῶν δ' ἄλλων Οὐολούσκων, ἐπειδὴ ὁ χάραξ ἠλίσκετο, οἱ μὲν ἀγωνιζόμενοι κατεκόπησαν, οἱ δὲ τὰ ὄπλα ῥίψαντες πρὸς ἰκεσίας τῶν κεκρατηκόντων ἐτράποντο, ὀλίγοι δὲ τινες ἐπὶ τὰ οἰκεῖα φεύγοντες ἀπεσώθησαν. [9] ἀφικομένων δ' εἰς τὴν Ῥώμην ἀγγέλων, οὓς ἀπέστειλαν οἱ ὕπατοι, μεγίστη χαρὰ τὸν δῆμον κατέσχε, καὶ αὐτίκα τοῖς μὲν θεοῖς χαριστηρίους ἐψηφίσαντο θυσίας, τοῖς δ' ὕπατοις τὴν τῶν θριάμβων τιμὴν προσέθεσαν. οὐ μέντοι τὴν αὐτὴν γ' ἀμφοτέροις: ἀλλὰ Σικκίῳ μὲν, ἐπειδὴ φόβου μείζονος ἠλευθερωκέναι ἐδόκει τὴν πόλιν [p. 228] τὸν Οὐολούσκων ὕβριστήν καθελὼν στρατὸν καὶ τὸν ἡγεμόνα αὐτῶν ἀποκτείνας τὴν μείζονα πομπὴν ἐψηφίσαντο: καὶ εἰσῆλασεν ὁ ἀνὴρ ἄγων τὰ λάφυρα καὶ τοὺς αἰχμαλώτους καὶ τὴν συναγωνισαμένην δύναμιν ἄρματι παρεμβεβηκῶς χρυσοχαλίνων ἵππων τὴν βασιλικὴν ἡμφιεσμένος ἐσθῆτα, ὡς περὶ τοὺς μείζονας θριάμβους νόμος. Ἀκυλλίῳ δὲ τὸν ἐλάττονα θριαμβὸν ἀπέδωσαν, ὃν αὐτοὶ καλοῦσιν οὐαστὴν: δεδήλωται δὲ μοι διὰ τῶν προτέρων, ἦν ἔχει διαφορὰν οὗτος πρὸς τὸν μείζονα: [10] καὶ εἰσῆλθεν ὁ ἀνὴρ πεζὸς τὰ λοιπὰ τῆς πομπῆς ἐπαγόμενος. καὶ τὸ ἔτος τοῦτο ἐτελεύτα.

οἱ δὲ παρὰ τούτων τὴν ὑπατείαν παραλαβόντες Πόπλιος Οὐεργίνιος καὶ Σπόριος Κάσσιος τρίτον τότε ἀποδειχθεὶς ὕπατος, τὰς τε πολιτικὰς καὶ τὰς συμμαχικὰς ἀναλαβόντες δυνάμεις ἐξῆγον εἰς τὴν ὕπαιθρον, Οὐεργίνιος μὲν ἐπὶ τὰς Αἰκανῶν πόλεις, Κάσσιος δ' ἐπὶ τὰς Ἑρνίκων τε καὶ Οὐολούσκων, κλήρῳ διαλαχόντες τὰς ἐξόδους. Αἰκανοὶ μὲν οὖν ὀχυρώσαντες τὰς πόλεις καὶ τὰ πλείστου ἄξια ἐκ τῶν ἀγρῶν ἀνασκευασάμενοι τὴν τε γῆν περιέωρων δηουμένην καὶ τὰς αὐλὰς ἐμπιπραμένας, ὥστε κατὰ πολλὴν εὐπέτειαν ὁ Οὐεργίνιος ὅσπην ἐδύνατο πλείστην αὐτῶν γῆν κείρας τε καὶ λωβησάμενος, ἐπειδὴ οὐδεὶς ὑπὲρ αὐτῆς ἐξῆι μαχοῦμενος ἀπῆγε τὴν στρατίαν. [2] Οὐολοῦσκοι δὲ καὶ Ἑρνικες, ἐφ' οὓς ὁ Κάσσιος ἐστράτευσε, γνώμην μὲν ἐποίησαντο δηουμένης τῆς χώρας [p. 229] περιορᾶν καὶ συνέφυγον εἰς τὰς πόλεις: οὐ μὴν ἔμεινάν γ' ἐν τοῖς ἐγνωσμένοις χώρας τ' ἀγαθῆς κειρομένης, ἦν οὐ ῥαδίως ἀνακτήσεσθαι ἔτι ἤλπισαν, οἴκτῳ ὑπαχθέντες, καὶ τοῖς ἐρύμασιν οὐ σφόδρα ἐχυροῖς οὔσιν, εἰς ἃ κατεπεφεύγεσαν, ἀπιστοῦντες, ἀλλὰ πρέσβεις ἀπέστειλαν πρὸς τὸν ὕπατον ὑπὲρ καταλύσεως τοῦ πολέμου δεησομένους: Οὐολοῦσκοι μὲν πρότεροι, καὶ θᾶπτον οὗτοι τῆς εἰρήνης ἔτυχον ἀργύριον τε δόντες, ὅσον αὐτοῖς ὁ ὕπατος ἔταξε, καὶ τᾶλλα, ὅσων ἔδει τῇ στρατιᾷ, πάντα ὑπηρετήσαντες: καὶ οὗτοι μὲν ὑπήκοοι Ῥωμαίοις ἔσεσθαι ὡμολόγησαν οὐθενὸς ἔτι μεταποιοῦμενοι τῶν ἴσων. [3] Ἑρνικες δ' ὕστεροι, ἐπειδὴ μεμονωμένους ἑαυτοὺς εἶδον, ὑπὲρ εἰρήνης τε καὶ φιλίας διελέγοντο πρὸς τὸν ὕπατον. ὁ δὲ Κάσσιος πολλὴν κατηγορίαν πρὸς τοὺς πρέσβεις κατ' αὐτῶν διαθέμενος πρῶτον ἔφη δεῖν αὐτοὺς τὰ τῶν κεκρατημένων τε καὶ ὑπηκῶν ποιήσαντας, τότε διαλέγεσθαι περὶ φιλίας: τῶν δὲ πρεσβευτῶν εἰπόντων ποιήσιν τὰ δυνατὰ καὶ μέτρια ἐκέλευσεν

αὐτοῖς ἀργυρίον τε, ὃ κατ' ἄνδρα τοῖς στρατιώταις εἰς ὀψωνιασμόν ἔθος ἦν ἐξ μηνῶν δίδοσθαι καὶ διὰ μηνὸς τροφὰς ἀποφέρειν. [4] ἕως δ' [p. 230] ἂν ταῦτ' εὐπορήσωσι, τάξας τινὰ χρόνον ἡμερῶν ἀνοχὰς αὐτοῖς ἐδίδου τοῦ πολέμου. ὑπηρετησάντων δ' αὐτοῖς ἅπαντα τῶν Ἑρνίκων διὰ τάχους καὶ μετὰ προθυμίας, καὶ τοὺς περὶ τῆς φιλίας διαλεξομένους ἀποστειλάντων αὐθις, ἐπαινέσας αὐτοὺς ὁ Κάσσιος ἀνέπεμψεν ἐπὶ τὴν βουλὴν. τοῖς δ' ἐκ τοῦ συνεδρίου πολλὰ βουλευσαμένοις ἔδοξε δέχεσθαι μὲν τοὺς ἄνδρας εἰς φιλίαν, ἐφ' οἷς δὲ γενήσονται δικαίοις αἱ πρὸς αὐτοὺς συνθηκαί, Κάσσιον τὸν ὑπατον γινῶναι τε καὶ στήσαι, ὃ τι δ' ἂν ἐκείνῳ δόξῃ, τοῦτ' εἶναι σφίσι κύριον.

ταῦτα τῆς βουλῆς ψηφισαμένης ἀναστρέψας εἰς τὴν πόλιν ὁ Κάσσιος θρίαμβον κατὰγειν ἡξίου δεύτερον ὡς τὰ μέγιστα τῶν ἐθνῶν κεχειρωμένος, χάριτι μᾶλλον ἀρπάζων τὸ τίμιον ἢ τῷ δικαίῳ λαμβάνων, ὃς οὔτε πόλεις κατὰ κράτος ἐλὼν ἐκ τειχομαχίας, οὔτ' ἐν ὑπαίθρῳ μάχῃ στρατιὰν πολέμιων τρεψάμενος αἰχμάλωτα καὶ σκυῖλα, οἷς κοσμεῖται θρίαμβος, ἔμελλε κατὰγειν. τοιγάρτοι δόξαν αὐθαδείας καὶ τοῦ μηδὲν ἔτι τῶν ὁμοίων τοῖς ἄλλοις φρονεῖν τοῦτο τὸ ἔργον αὐτῷ πρῶτον φθόνον ἤνεγκε. [2] διαπραξάμενος δὲ τὸν θρίαμβον αὐτῷ δοθῆναι τὰς πρὸς Ἑρνίκας ἐξήνεγκεν ὁμολογίας: αὗται δ' ἦσαν ἀντίγραφοι τῶν πρὸς Λατίνους γενομένων, ἐφ' αἷς πάνυ ἦχοντο οἱ πρεσβύτατοί τε καὶ τιμιώτατοί καὶ δι' ὑποψίας αὐτὸν ἐλάμβανον οὐκ ἀξιοῦντες τῆς ἴσης τιμῆς [p. 231] τοῖς συγγενέσι Λατίνοις τοὺς ἄλλοεθνεῖς Ἑρνίκας τυγχάνειν, οὐδὲ τοῖς πολλὰ εὐνοίας ἔργα ἐπιδειξαμένοις τοὺς μὴδ' ὅτιοῦν ἀγαθὸν δεδρακότας τῶν αὐτῶν φιλανθρώπων μετέχειν, τῇ τε ὑπεροψίᾳ τοῦ ἀνδρὸς ἀχθόμενοι, ὃς ὑπὸ τῆς βουλῆς τιμηθεὶς οὐκ ἀντετίμησεν αὐτὴν τοῖς ἴσοις, οὐδὲ μετὰ κοινῆς γνώμης τῶν συνέδρων, ἀλλ' ὡς αὐτῷ ἔδοκε γράψας ἐξήνεγκε τὰς ὁμολογίας. [3] ἦν τ' ἄρα τὸ ἐν πολλοῖς εὐτυχεῖν σφαλερὸν ἀνθρώπῳ χρῆμα καὶ ἀσύμφορον: αὐχρήματός τε γὰρ ἀνοήτου πολλοῖς αἴτιον γενόμενον λανθάνει καὶ ἐπιθυμιῶν ἀρχηγὸν ἐκβαίνουσιν τὴν ἀνθρωπίνην φύσιν: ὃ καὶ τῷ ἀνδρὶ ἐκείνῳ συνέβη. τρισὶ γὰρ ὑπατεῖαις καὶ δυσὶ θριάμβοις μόνος τῶν τότε ἀνθρώπων ὑπὸ τῆς πόλεως τετιμημένος σεμνότερον ἑαυτὸν ἦγε καὶ μοναρχικῆς ἐξουσίας ἐλάμβανε πόθον: ἐνθυμούμενος δ' ὅτι τοῖς βασιλείας ἢ τυραννίδος ἐφιεμένοις ῥάστη τε καὶ ἀσφαλεστάτη πασῶν ἐστὶν ὁδὸς ἢ τὸ πλῆθος εὐεργεσίαις τισὶν ὑπαγομένη καὶ ἐκ τῶν χειρῶν τοῦ διδόντος τὰ κοινὰ σιτεῖσθαι ἐθίζουσα, ταύτην ἐτράπετο: καὶ αὐτίκα οὐθενὶ προειπὼν: ἦν γάρ τις χώρα δημοσία πολλὴ παρημελημένη τε καὶ ὑπὸ τῶν εὐπορωτάτων κατεχομένη, ταύτην ἔγνω τῷ δήμῳ διανέμειν. [4] καὶ εἰ μὲν ἄχρι τοῦδ' ἐλθὼν ἠρκέσθη, τάχ' ἂν αὐτῷ κατὰ νοῦν τὸ ἔργον ἐχώρησε: νῦν δὲ πλειόνων ὀρεγόμενος στάσιν οὐ μικρὰν ἤγειρεν, ἐξ ἧς οὐκ εὐτυχὲς τὸ τέλος αὐτῷ συνέβη. Λατίνους τε γὰρ ἡξίου τῇ καταγραφῇ τῆς χώρας συμπεριλαμβάνειν καὶ τοὺς νεωστὶ [p. 232] προσληφθέντας εἰς τὴν πολιτείαν Ἑρνίκας οἰκεῖα ἑαυτῷ παρασκευάσας τὰ ἔθνη.

ταῦτα διανοηθεὶς τῇ μετὰ τὸν θρίαμβον ἡμέρᾳ συνεκάλεσε τὸ πλῆθος εἰς ἐκκλησίαν: καὶ παρελθὼν ἐπὶ τὸ βῆμα, ὡς ἔθος ἐστὶ ποιεῖν τοῖς

τεθριαμβευκόσι, πρῶτον μὲν ἀπέδωκε τὸν ὑπὲρ τῶν πραχθέντων αὐτῷ λόγον, οὗ κεφάλαια ἦν ταῦτα: [2] ὅτι τῆς μὲν πρώτης ὑπατείας τυχὼν τὸ Σαβίνων ἔθνος ἀντιποιοῦμενον τῆς ἡγεμονίας μάχῃ νικήσας ὑπήκοον ἠνάγκασε Ῥωμαίοις γενέσθαι: ἀποδειχθεὶς δὲ τὸ δεύτερον ὑπατος τὴν ἐμφύλιον ἔπαυσε τῆς πόλεως στάσιν καὶ κατήγαγε τὸν δῆμον εἰς τὴν πατρίδα, Λατίνους δὲ συγγενεῖς μὲν ὄντας τῆς Ῥωμαίων πόλεως, αἰεὶ δὲ τῆς ἡγεμονίας καὶ τῆς δόξης αὐτῇ φθονοῦντας, εἰς φιλότητα συνήγαγε τῆς ἰσοπολιτείας μεταδούς, ὥστε μηκέτι ἀντίπαλον, ἀλλὰ πατρίδα τὴν Ῥώμην νομίζειν. [3] τρίτον δὲ καταστὰς ἐπὶ τὴν αὐτὴν ἀρχὴν Οὐλολούςκους τ' ἠνάγκασε φίλους ἀντὶ πολεμίων γενέσθαι καὶ τὸ Ἑρνίκων ἔθνος μέγα τε καὶ ἄλκιμον καὶ πλησίον σφῶν κείμενον βλάπτειν τε καὶ ὠφελεῖν τὰ μέγιστα ἱκανώτατον ἐκούσιον ὑπηγάγετο. [4] ταῦτά τε δὴ καὶ τὰ ὅμοια τούτοις διεξελθὼν ἤξιον τὸν δῆμον ἑαυτῷ προσέχειν τὸν νοῦν, ὥς παρὰ πάντα τοὺς ἄλλους πρόνοιαν ἔχοντι τοῦ κοινοῦ καὶ εἰς τὸν λοιπὸν ἔξοντι χρόνον. [p. 233] τελευτῶν δὲ τοῦ λόγου τοσαῦτ' ἔφη καὶ τηλικαῦτ' ἀγαθὰ ποιήσῃν τὸν δῆμον, ὥστε πάντας ὑπερβαλέσθαι τοὺς ἐπαινουμένους ἐπὶ τῷ φιλεῖν καὶ σώζειν τὸ δημοτικόν: καὶ ταῦτ' ἔφη ποιήσῃν οὐκ εἰς μακράν. [5] διαλύσας δὲ τὴν ἐκκλησίαν καὶ χρόνον οὐδὲ ἀκαριαῖον διαλιπὼν τῇ κατόπιν ἡμέρᾳ συνεκάλει τὴν βουλὴν εἰς τὸ συνέδριον ὀρθὴν καὶ περίφοβον οὔσαν ἐπὶ τοῖς ῥηθεῖσιν ὑπ' αὐτοῦ λόγοις: καὶ πρὶν ἑτέρου τινὸς ἄρξασθαι λόγου τὴν ἀπόρρητον ἐν τῷ δήμῳ φυλαχθεῖσαν γνῶμην εἰς μέσον ἔφερεν, ἀξίων τοὺς βουλευτάς, ἐπειδὴ πολλὰ ὁ δῆμος τῇ πόλει χρήσιμος γέγονε τὰ μὲν εἰς τὴν ἐλευθερίαν, τὰ δ' εἰς τὸ ἑτέρων ἄρχειν συλλαβόμενος, πρόνοιαν αὐτοῦ ποιήσασθαι, τὴν τε χώραν αὐτῷ νείμαντας, ὅση πολέμῳ κρατηθεῖσα λόγῳ μὲν ἦν δημοσία, ἔργῳ δὲ τῶν ἀναιδεστάτων τε καὶ σὺν οὐδενὶ δικαίῳ κατεσχηκότων πατρικίων, καὶ τῆς ὑπὸ Γέλωνος τοῦ Σικελίας τυράννου πεμφθείσης σφίσι δωρεᾶς σιτικῆς, ἣν προῖκα δέον ἅπαντας διανειμασθαι τοὺς πολίτας ὠνητὴν ἐλάμβανον οἱ πένητες, ἀποδοθῆναι τὰς τιμὰς τοῖς ὠνησαμένοις ἐξ ὧν εἴχε το κοινὸν χρημάτων.

εὐθὺς μὲν οὖν ἔτι λέγοντος αὐτοῦ θόρυβος ἦν πολὺς, ἀχθομένων ἀπάντων καὶ οὐχ ὑπομενόντων τὸν λόγον. ἐπειδὴ δ' ἐπαύσατο ὁ τε συνῦπατος αὐτοῦ Οὐεργίνιος πολλὴν ἐποίησατο κατηγορίαν ὥς στάσιν εἰσάγοντος, καὶ τῶν ἄλλων βουλευτῶν οἱ πρεσβυτάτοι τε καὶ τιμώτατοι, μάλιστα δ' Ἀππίος Κλαύδιος: καὶ μέχρι πολλῆς ὥρας ἡγριωμένοι τε καὶ τὰ [p. 234] αἰσχίστα κατ' ἀλλήλων ὀνειδὴ λέγοντες οὗτοι διετέλεσαν. [2] ταῖς δὲ κατόπιν ἡμέραις ὁ μὲν Κάσσιος ἐκκλησίας συνεχεῖς ποιούμενος ἐξεδημαγῶγει τὸ πλῆθος, καὶ τοὺς ὑπὲρ τῆς κληρουχίας λόγους εἰσέφερε, καὶ πολὺς ἦν ἐν ταῖς κατηγορίαις τῶν ἀντιπραττόντων. ὁ δ' Οὐεργίνιος τὴν βουλὴν ὁσημέραι συνάγων μετὰ κοινῆς γνώμης τῶν πατρικίων ἀντιπαρεσκευάζετο φυλακὰς τε καὶ κωλύσεις νομίμους. [3] καὶ ἦν στίφος ἐκατέρῳ τῶν παρακολουθούντων τε καὶ φυλακὴν τῷ σώματι παρεχόντων πολὺ: τὸ μὲν ἄπορον καὶ ῥυπαρὸν καὶ πάντα τολμᾷν πρόχειρον ὑπὸ τῷ Κασσίῳ τεταγμένον, τὸ δ' εὐγενέστατόν τε καὶ καθαρώτατον ὑπὸ τῷ Οὐεργίνιῳ. [4] τῶς μὲν οὖν τὸ χεῖρον ἐν ταῖς ἐκκλησίαις ἐπεκράτει μακρῷ

θατέρου προὔχον, ἔπειτα ἰσόρροπον ἐγένετο προσνειμάντων ἑαυτοὺς τῶν δημάρχων τῇ κρείττονι μοίρᾳ: τάχα μὲν καὶ διὰ τὸ μὴ δοκεῖν ἄμεινον εἶναι τῇ πόλει δεκασμοῖς τ' ἀργυρίου καὶ διανομαῖς τῶν δημοσίων διαφθειρόμενον τὸ πλῆθος ἀργὸν καὶ πονηρὸν εἶναι, τάχα δὲ καὶ διὰ τὸν φθόνον, ὅτι τῆς φιланθρωπίας ταύτης οὐκ αὐτοὶ ἤρξαν οἱ τοῦ δήμου προεσθηκότες, ἀλλ' ἕτερος: οὐθὲν δὲ κωλύει καὶ διὰ τοῦτο τὸ δέος, ὃ πρὸς τὴν αὔξησιν τοῦ ἀνδρὸς ἐλάμβανον μείζονα γενομένην ἢ τῇ πόλει συνέφερεν. [5] ἀντέλεγον οὖν ἤδη κατὰ κράτος ἐν ταῖς ἐκκλησίαις οὗτοι [p. 235] πρὸς τοὺς εἰσφερομένους ὑπὸ τοῦ Κασσίου νόμους διδάσκοντες τὸν δῆμον, ὥς οὐκ εἴη δίκαιον, ἃ διὰ πολλῶν ἐκτίσαστο πολέμων, ταῦτα μὴ Ῥωμαίους νείμασθαι μόνους, ἀλλὰ καὶ Λατίνους αὐτοῖς ἰσομοιρεῖν τοὺς μὴ παραγενομένους τοῖς πολέμοις, καὶ τοὺς νεωστὶ προσελθόντας πρὸς τὴν φιλίαν Ἑρνικας, οἷς ἀγαπητὸν ἦν πολέμῳ προσαχθεῖσι τὸ μὴ τὴν ἑαυτῶν ἀφαιρεθῆναι χώραν. [6] ὁ δὲ δῆμος ἀκούων τοτὲ μὲν τοῖς τῶν δημάρχων προσετιθετο λόγοις ἐνθυμούμενος, ὅτι μικρὸν τι καὶ οὐκ ἄξιον ἔσται λόγου τὸ ἐκ τῆς δημοσίας γῆς ἐσόμενον ἐκάστῳ λάχος, εἰ μεθ' Ἑρνίκων τε καὶ Λατίνων αὐτὴν νεμήσονται, τοτὲ δ' ὑπὸ τοῦ Κασσίου μετεπειθετο δημαγωγοῦντος, ὥς προδιδόντων αὐτοὺς τοῖς πατρικίοις τῶν δημάρχων καὶ πρόφασιν ποιουμένων τῆς κωλύσεως εὐπρεπῇ τὴν Ἑρνίκων τε καὶ Λατίνων ἰσομοιρίαν, ἣν αὐτὸς ἔφη νόμῳ περιλαβεῖν ἰσχύος τῶν πενήτων ἕνεκα καὶ εἴ τις ἀφαιρεῖσθαι ποτε αὐτοὺς ἀξιώσαι τὰ δοθέντα κωλύσαι, κρείττον ἡγούμενος εἶναι καὶ ἀσφαλέστερον τοῖς πολλοῖς μικρὰ λαβοῦσιν ὁμοίως ἔχειν ἢ πολλὰ ἐλπίσασιν ἀπάντων ἀποτυχεῖν.

τούτοις δὴ τοῖς λόγοις τοῦ Κασσίου θαμινὰ μεταπειθόντος ἐν ταῖς ἐκκλησίαις τὸν ὄχλον παρελθὼν εἷς τῶν δημάρχων, Γάϊος Ῥαβολήιος, ἀνὴρ οὐκ ἄφρων, τὴν τε διχοστασίαν τῶν ὑπάτων ὑπέσχετο παύσειν οὐκ εἰς μακράν, καὶ τῷ δήμῳ ποιήσειν φανερόν, ὃ τι χρὴ ποιεῖν. ἐπισημασίας δὲ γενομένης αὐτῷ μεγάλης καὶ μετὰ τοῦτο σιωπῆς: οὐχὶ ταῦτ', εἶπεν, ὦ [p. 236] Κάσσιε, καὶ σὺ Οὐεργίνιε, τὰ κεφάλαιά ἐστι τοῦ νόμου; ἐν μὲν, εἰ χρὴ τὴν δημοσίαν γῆν κατ' ἀνδρα διανεμηθῆναι, ἕτερον δ', εἰ χρὴ καὶ Λατίνους καὶ Ἑρνικας μέρος αὐτῆς λαβόντας ἔχειν; ὁμολογησάντων δ' αὐτῶν: [2] εἶπεν δὴ: σὺ μὲν, εἶπεν, ὦ Κάσσιε, ἀμφοτέρω ταῦτ' ἐπισηφίζεις ἀξιοῖς τὸν δῆμον, σὺ δὲ δὴ πρὸς θεῶν, ὦ Οὐεργίνιε, λέξον ἡμῖν, πότερα θάτερον ἀκυροῖς τῆς Κασσίου γνώμης μέρος τὸ κατὰ τοὺς συμμάχους οὐκ οἶόμενος δεῖν ἰσομοίρους ἡμῖν Ἑρνικάς τε καὶ Λατίνους ποιεῖν, ἢ καὶ θάτερον μόνον ἀκυροῖς ἀξιῶν οὐδὲ ἡμῖν αὐτοῖς διανέμειν τὰ κοινά; ταυτὶ γὰρ ἀπόκριναι μοι μηδὲν ἀποκρυψάμενος. [3] εἰπόντος δὲ τοῦ Οὐεργίνιου τῇ Λατίνων τε καὶ Ἑρνίκων ἀντιλέγειν ἰσομοιρίᾳ, τὸ δὲ κατὰ τοὺς πολίτας, εἰ πᾶσι δόξειε, διανέμεσθαι συγχωρεῖν, ἐπιστρέψας ὁ δήμαρχος εἰς τὸν ὄχλον εἶπεν: ἐπεὶ τοίνυν τὸ μὲν ἕτερον τῆς γνώμης μέρος ἀμφοτέροις τοῖς ὑπάτοις συνδοκεῖ, τὸ δ' ἕτερον ἀντιλέγεται πρὸς θατέρου, ἰσότημοι δ' ἀμφοτέροι, καὶ οὐχ οἷόν τε βιάσασθαι θατέρῳ τὸν ἕτερον, ὃ μὲν διδοται δοταὶ παρ' ἀμφοτέρων, ἥδη λάβωμεν, ὑπὲρ οὗ δ' ἀμφισβητοῦσιν, [4] ἀναβαλόμεθα. ἐπισημήναντος δὲ τοῦ πλῆθους ὥς τὰ πράτιστα ὑποθεμένῳ καὶ καταλύειν ἐκ τοῦ νόμου τὸ

ποιοῦν διχοστασίαν μέρος ἀξιοῦντος, ἀπορῶν, ὃ τι χρῆ πρᾶττειν, ὃ Κάσσιος καὶ οὗτ' ἀναθέσθαι τὴν γνώμην προαιρούμενος οὐτε μένειν ἐπ' αὐτῆς ἀντιπραττόντων τῶν δημάρχων δυνάμενος, τότε [p. 237] μὲν διέλυσε τὴν ἐκκλησίαν, ταῖς δ' ἐξῆς ἡμέραις ἀρρωστίαν σκηπτόμενος οὐκέτι κατέβαιναν εἰς τὴν ἀγοράν, ἀλλ' ὑπομένων ἔνδον ἐπραγματεύετο βίᾳ καὶ χειροκρασίᾳ κυρῶσαι τὸν νόμον· καὶ μετεπέμπετο Λατίνων τε καὶ Ἑρνίκων ὅσους ἐδύνατο πλείστους ἐπὶ τὴν ψηφοφορίαν. [5] οἱ δὲ συνήεσαν ἄθροοι, καὶ δι' ὀλίγου μεστὴ ξένων ἦν ἡ πόλις. ταῦτα μαθὼν ὁ Οὐεργίνιος κηρύττειν ἐκέλευσε κατὰ τοὺς στενωποὺς ἀπιέναι τοὺς μὴ κατοικοῦντας ἐν τῇ πόλει, χρόνον ὀρίσας οὐ πολὺν. ὁ δὲ Κάσσιος τάναντία ἐκέλευσε κηρύττειν παραμένειν τοὺς μετέχοντας τῆς ἰσοπολιτείας, ἕως ἂν ἐπικυρωθῇ ὁ νόμος.

ὥς δ' οὐδὲν ἐγένετο πέρας, δείσαντες οἱ πατρίκιοι, μὴ ψήφων θ' ἄρπαγαὶ καὶ χειρῶν ἐπιβολαὶ γένωνται καὶ ἄλλα, ὅσα φιλεῖ βίαια συμβαίνειν ἐν ταῖς στασιαζούσαις ἐκκλησίαις εἰσφερομένου τοῦ νόμου, συνῆλθον εἰς τὸ συνέδριον ὥς ὑπὲρ ἀπάντων ἅπαξ βουλευσόμενοι. [2] Ἄππιος μὲν οὖν πρῶτος ἐρωτηθεὶς γνώμην οὐκ εἶα συγχωρεῖν τῷ δήμῳ τὴν διανομὴν διδάσκων, ὥς χαλεπὸς ἔσται καὶ ἀλυσιτελῆς σύνοικος ὄχλος ἀργὸς ἐθισθεὶς τὰ δημόσια λιχνεύειν, καὶ οὐθὲν ἔασει ποτὲ τῶν κοινῶν οὐτε κτημάτων οὐτε χρημάτων ἔτι κοινὸν μένειν· αἰσχύνῃς τ' ἄξιον πρᾶγμα εἶναι λέγων, εἰ Κασσίου κατηγοροῦντες ὥς πονηρὰ καὶ ἀσύμφορα πολιτευομένου καὶ τὸν δῆμον διαφθείροντος, ἔπειτ' αὐτοὶ κοινῇ γνώμῃ ταῦτ' ἐπικυρώσουσιν ὥς δίκαια καὶ συμφέροντα· ἐνθυμεῖσθαι τ' αὐτοὺς ἀξιῶν, ὥς οὐδ' ἡ χάρις ἡ παρὰ τῶν πενήτων, εἰ τὰ κοινὰ διανεμῶνται [p. 238] τοῖς συγχωρήσασιν καὶ ἐπιψηφισαμένοις, ὑπάρξει, ἀλλ' ἐνὶ τῷ προθέντι τὴν γνώμην Κασσίῳ καὶ δόξαντι ἠναγκαλέναι τὴν βουλὴν ἄκουσαν ἐπικυρῶσαι. [3] προειπὼν δὲ ταῦτα καὶ παραπλήσια τούτοις ἕτερα τελευτῶν τάδε συνεβούλευσεν· ἄνδρας ἐκ τῶν ἐντιμοτάτων βουλευτῶν ἐλέσθαι δέκα, οἵτινες ἐπελθόντες τὴν δημοσίαν γῆν ἀφοριοῦσι, καὶ εἴ τινα ἐξ αὐτῆς κλέπτοντες ἢ βιαζόμενοι τινες ἰδιῶται κατανέμουσιν ἢ ἐπεργάζονται διαγνόντες ἀποδώσουσι τῷ δημοσίῳ. τὴν δ' ὀρισθεῖσαν ὑπ' ἐκείνων γῆν διαιρεθεῖσαν εἰς κλήρους ὅσους δὴ τινας καὶ στήλαις εὐκόσμοις διαγραφεῖσαν τὴν μὲν ἀπεμποληθῆναι παρήνει καὶ μάλιστα περὶ ἧς ἀμφιλογόν τι πρὸς ἰδιώτας ἦν, ὥστε τοῖς ὠνησασμένοις μὴ εἶναι πρὸς τοὺς ἀντιποιησομένους ὑπὲρ αὐτῶν κρίσεις, τὴν δὲ πενταετὴ μισθοῦν χρόνον· τὸ δὲ προσιδὼν ἐκ τῶν μισθώσεων ἀργύριον εἰς τοὺς ὀφωνιασμοὺς τῶν στρατευομένων ἀναλοῦσθαι καὶ εἰς τὰς μισθώσεις ὧν οἱ πόλεμοι χορηγιῶν δέονται· [4] νῦν μὲν γάρ, ἔφησεν, ὁ φθόνος τῶν πενήτων ὁ πρὸς τοὺς πλουσίους, ὅσοι σφετερισάμενοι τὰ κοινὰ διακατέχουσι, δίκαιός ἐστι· καὶ οὐθὲν θαυμαστόν, εἰ τὰ κοινὰ πάντας διανεμῶσθαι μᾶλλον ἀξιοῦσιν, ἢ τοὺς ἀναιδεστάτους τε καὶ ὀλίγους κατέχειν· ἐὰν δ' ἀφισταμένους αὐτῆς [p. 239] ὀρώσι τοὺς νῦν καρπουμένους καὶ τὰ κοινὰ ὄντως κοινὰ γινόμενα, παύσονται φθονοῦντες ἡμῖν, τὴν τ' ἐπιθυμίαν τῆς κατ' ἄνδρα διανομῆς τῶν ἀγρῶν ἐπανήσουσι μαθόντες, ὅτι λυσιτελεστέρα τῆς μικρᾶς ἐκάστω [5] μερίδος ἡ κοινὴ μετὰ πάντων ἔσται κτῆσις. διδάσκωμεν γὰρ αὐτούς, ἔλεγεν, ὅσον τὸ διάφορον, καὶ ὥς εἷς μὲν ἕκαστος

τῶν πενήτων γῆδιον οὐ μέγα λαβῶν καὶ εἰ τύχοι γείτονας ὀχληροὺς ἔχων οὐτ' αὐτὸς ἱκανὸς ἔσται τοῦτο γεωργεῖν δι' ἀπορίαν, οὐτε τὸν μισθωσόμενον ὅτι μὴ τὸν γείτονα εὐρήσει· εἰ δὲ μεγάλοι κληῖροι ποικίλας τε καὶ ἀξιολόγους ἔχοντες γεωργοῖς ἐργασίας ὑπὸ τοῦ κοινοῦ μισθοῖντο, πολλὰς οἴσουσι προσόδους· καὶ ὅτι κρεῖττον αὐτοῖς ἐστίν, ὅταν ἐξίωσιν ἐπὶ τοὺς πολέμους ἐκ τοῦ δημοσίου ταμείου τὸν ἐπισιτισμὸν τε καὶ ὀψωνιασμὸν λαμβάνειν, ἢ ἐκ τῶν ἰδίων οἴκων εἰς τὸ ταμεῖον ἕκαστον εἰσφέρειν τεθλιμμένων ἐστίν ὅτε τῶν βίων καὶ ἔτι μᾶλλον ἐν τῷ συμπορίζειν τὸ ἀργύριον ἐπιβαρησομένων.

ταύτην εἰσηγησαμένου τὴν γνώμην Ἀππίου καὶ σφόδρα δόξαντος εὐδοκιμεῖν δεῦτερος ἐρωτηθεὶς Αὐλὸς Σεμπρόνιος Ἀτρατίνος ἔλεξεν· Ἀππίον μὲν οὐ νῦν ἔχω πρῶτον ἐπαινεῖν, ὥς φρονῆσαι τε ἱκανώτατον πρὸ πολλοῦ τὰ μέλλοντα καὶ γνώμας τὰς καλλίστας τε καὶ ὠφελιμωτάτας ἀποδεικνύμενον βέβαιον [p. 240] τε καὶ ἀμετακίνητον ἐν τοῖς κριθεῖσι καὶ οὐτε φόβῳ εἰκοντα οὐτε χάρισιν ὑποκατακλινόμενον. αἰεὶ γὰρ ἐπαινῶν αὐτὸν καὶ θαυμάζων διατελῶ τοῦ τε φρονίμου καὶ τῆς γενναιότητος, ἣν παρὰ τὰ δεινὰ ἔχει. γνώμην τ' οὐχ ἑτέραν, ἀλλὰ καὶ αὐτὸς ταύτην ἀποδείκνυμαι, μικρὰ ἔτι προσθεὶς αὐτῇ, ἃ μοι παραλιπεῖν Ἀππίος ἐδόκει. [2] Ἑρνίκας μὲν γὰρ καὶ Λατίνους, οἷς νεωστὶ δεδώκαμεν τὴν ἰσοπολίτειαν, οὐδ' αὐτὸς οἶμαι δεῖν κληρουχεῖν τὰ ἡμέτερα. οὐ γάρ, ἐξ οὗ προσῆλθον εἰς τὴν φιλίαν ἡμῖν, ταύτην τὴν γῆν κτησάμενοι ἔχομεν, ἀλλὰ παλαιότερον ἔτι τοῖς ἑαυτῶν κινδύνοις οὐθενὸς ἄλλου προσωφελήσαντος ἀφελόμενοι τοὺς ἐχθροὺς. ἀποκρινόμεθα τ' αὐτοῖς, ὅτι τὰς μὲν πρότερον ὑπαρχούσας ἡμῖν κτήσεις, ὅσας ἕκαστοι εἴχομεν, ὅτε τὴν φιλίαν συνετιθέμεθα, ἰδίας τε καὶ ἀναφαιρέτους ἑκάστοις δεῖ μένειν, ὅσων δ' ἄν, ἀφ' οὗ τὰς συνθήκας ἐποησάμεθα, κοινῇ στρατεύσαντες ἐκ πολέμου κύριοι γενώμεθα, τούτων ὑπάρξει τὸ ἐπιβάλλον ἑκάστοις λάχος. [3] ταῦτα γὰρ οὐτε τοῖς συμμάχοις ὡς ἀδικουμένοις ὀργῆς παρέξει δικαίας προφάσεις, οὐτε τῷ δήμῳ δέος, μὴ δόξη τὰ κερδαλεώτερα πρὸ τῶν εὐπρεπεστερῶν αἰρεῖσθαι. τῇ τε αἰρέσει τῶν ἀνδρῶν, οὓς Ἀππίος ἡξίου ὀριστὰς γενέσθαι τῆς δημοσίας γῆς, πάνυ εὐδοκῶ. πολλὴν γὰρ ἡμῖν τοῦτ' οἶσει παρρησίαν πρὸς τοὺς δημοτικούς, ἐπεὶ νῦν γ' ἄχθονται κατ' ἀμφοτέρα, καὶ ὅτι αὐτοὶ τῶν δημοσίων οὐθὲν ἀπολαύουσι κτημάτων, [p. 241] καὶ ὅτι ἐξ ἡμῶν τινες οὐ δικαίως αὐτὰ καρποῦνται. ἐὰν δὲ δημοσιωθέντα ἴδωσι καὶ τὰς ἀπ' αὐτῶν προσόδους εἰς τὰ κοινὰ καὶ ἀναγκαῖα δαπανωμένας, οὐδὲν ὑπολήφονται σφίσι διαφέρειν τῆς γῆς ἢ τῶν ἐξ αὐτῆς καρπῶν μετέχειν. ἐγὼ γὰρ λέγειν, ὅτι 1 τῶν ἀπόρων ἐνίους μᾶλλον εὐφραίνουσιν αἱ ἀλλότριαι βλάβαι τῶν ἰδίων ὠφελειῶν. οὐ μὴν ἀποχρῆν γ' οἴομαι τούτων ἑκάτερον ἐν τῷ ψηφίσματι γράφειν, ἀλλὰ καὶ δι' ἄλλης τινὸς οἴομαι δεῖν θεραπείας μετρίας τὸν δῆμον οἰκειώσασθαι τε καὶ ἀναλαβεῖν· ἦν μετὰ μικρὸν ἐρῶ, τὴν αἰτίαν πρῶτον ὑμῖν ἀποδείξάμενος, μᾶλλον δὲ τὴν ἀνάγκην, δι' ἣν καὶ τοῦτο πρακτέον ἡμῖν.

ἴστε δήπου τοὺς ἐν τῇ ἐκκλησίᾳ ῥηθέντας ὑπὸ τοῦ δημάρχου λόγους, ὅτ' ἦρετο τῶν ὑπάτων τὸν ἕτερον τοῦτον Οὐεργίνιον, ἦντινα γνώμην ἔχει περὶ τῆς κληρουχίας, πότερα τοῖς μὲν πολίταις συγχωρεῖ διανέμειν τὰ δημόσια,

τοῖς δὲ συμμάχοις οὐκ ἔξῃ, ἣ τῶν κοινῶν τῶν ἡμετέρων οὐδ' ἡμῖν συγχωρεῖ μέρος λαγχάνειν. καὶ οὗτος ὠμολόγησε τὸ καθ' ἡμᾶς μέρος οὐ κωλύειν τῆς κληρουχίας, ἐὰν ἅπανσι ταῦτα κράτιστα εἶναι δοκῇ: καὶ ἡ συγχώρησις ἦδε τοὺς τε δημάρχους ἐποίησεν ἡμῖν συναγωνιστὰς καὶ τὸν δῆμον ἐπικέκιστον. [2] τί οὖν μαθόντες, ἃ τότε συνεχωρήσαμεν, νῦν ἀναθισσόμεθα; ἢ τί πλέον ἡμῖν ἔσται τὰ γενναῖα καὶ τὰ καλὰ πολιτεύματα καὶ ἄξια τῆς ἡγεμονίας πολιτευομένοις, ἐὰν μὴ πείθωμεν τοὺς χρησομένους; οὐ [p. 242] πείσομεν δέ, καὶ τοῦτ' οὐδεὶς ὑμῶν ἀγνοεῖ. χαλεπώτερα γὰρ ἂν τῶν μὴ τυγχανόντων ἀποτίσειαν οἱ ψευσθέντες τῆς ἐλπίδος καὶ τὰ ὁμολογηθέντα μὴ κομιζόμενοι. οἰχίησεται δὴ πάλιν φέρων αὐτοὺς ὁ τὰ πρὸς ἡδονὴν πολιτευόμενος, καὶ οὐδὲ τῶν δημάρχων τις ἔτι μεθ' ἡμῶν στήσεται. [3] τί οὖν ὑμῖν πράττειν παραινῶ καὶ τί προστίθῃμι τῇ Ἀππίου γνώμῃ, μάθετε, ἀλλὰ μὴ προεξαναστῆτε μηδὲ θορυβήσητε, πρὶν ἅπαντα ἀκούσητε, ἃ λέγω. τοῖς αἵρεθησομένοις ἐπὶ τὴν ἐξέτασιν τῆς χώρας καὶ περιορισμὸν εἴτε δέκα ἀνδράσιν εἴθ' ὅσοισδῆποτ' ἐπιτρέψατε διαγνῶναι, τίνα τ' αὐτῆς δεῖ καὶ ὁπόσῃν κοινὴν εἶναι πάντων καὶ κατὰ πενταετίαν μισθουμένην αὖξιν τὰς τοῦ ταμείου προσόδους: ὁπόσῃν τ' αὖ καὶ ἦντινα τοῖς δημόταις ἡμῶν διαιρεθῇναι: ἦν δ' ἂν ἐκεῖνοι κληροῦχον ἀποδείξωσι γῆν, ὑμᾶς διαγνόντας εἴθ' ἅπανσι εἴθ' οἷς δὴ οὐκέτ' ἔστι κλῆρος εἴτε τοῖς ἐλάχιστον ἔχουσι τίμημα εἴθ' ὅπως ἂν βούλησθε κατανεῖμαι: τοὺς δ' ὀριστὰς αὐτῆς ἀνδρας καὶ τὸ ὑμέτερον ψήφισμα, ὃ περὶ τῆς κληρουχίας ἐξοίσετε, καὶ τᾶλλα, ὅσα δεῖ γενέσθαι, ἐπειδὴ βραχὺς ὁ λειπόμενός ἐστι τῆς ἀρχῆς τοῖς ὑπάτοις χρόνος, τοὺς εἰσιόντας ὑπάτους, ὡς ἂν αὐτοῖς κράτιστα δοκῇ ἔξειν, ἐπιτελέσαι. [4] οὔτε γὰρ ὀλίγων τηλικαῦτα πράγματα δεῖται χρόνων, οὔτε ἡ νῦν στασιάζουσα ἀρχὴ φρονιμώτερον ἂν καταμάθοι τὰ συμφέροντα τῆς μετ' αὐτὴν ἀποδειχθησομένης, [p. 243] ἐὰν ἐκείνη γ', ὥσπερ ἐλπίζομεν, ὁμονοῇ. χρήσιμον δὲ πρᾶγμα ἐν πολλοῖς καὶ ἥκιστα σφαλερὸν ἀναβολή, καὶ πολλὰ ὁ χρόνος ἐν ἡμέρᾳ μιᾷ μετατίθῃσι: καὶ τὸ μὴ στασιάζον ἐν τοῖς προεστηκόσι τῶν κοινῶν ἀπάντων ἀγαθῶν ἐν ταῖς πόλεσιν αἴτιον. ἐγὼ μὲν δὴ ταύτην ἀποφαίνομαι γνώμην: εἰ δέ τις ἄλλο κρεῖττον εἰσηγεῖται, λεγέτω.

παυσαμένου δ' αὐτοῦ πολὺς ἔπαινος ἐκ τῶν παρόντων ἐγένετο, καὶ οὐθεὶς τῶν μετ' ἐκεῖνον ἐρωτηθέντων ἑτέραν γνώμην ἀποφαίνεται: γράφεται δὴ μετὰ ταῦτα τὸ τῆς βουλῆς δόγμα τοιόνδε: ἀνδρας ἐκ τῶν ὑπατικῶν αἵρεθῆναι δέκα τοὺς πρεσβυτάτους, οἵτινες ὀρίσαντες τὴν δημοσίαν χώραν ἀποδείξουσιν, ὅσῃν τε δεῖ μισθοῦσθαι καὶ ὅσῃν τῷ δήμῳ διαιρεθῇναι: [2] τοῖς δ' ἰσοπολίταις τε καὶ συμμάχοις, ἐὰν τίνα ὕστερον ἐπικτήσωνται κοινῇ στρατευσάμενοι, τὸ ἐπιβάλλον ἐκάστοις κατὰ τὰς ὁμολογίας ὑπάρχειν μέρος: τὴν δ' αἵρεσιν τῶν ἀνδρῶν καὶ τὴν διανομὴν τῶν κλήρων καὶ τᾶλλα ὅσα δεῖ γενέσθαι τοὺς εἰσιόντας ἐπιτελέσαι ὑπάτους. τοῦτο τὸ δόγμα εἰς τὸν δῆμον εἰσενεχθὲν τὸν τε Κάσσιον ἔπαυσε τῆς δημαγωγίας, καὶ τὴν ἀναρριπιζομένην ἐκ τῶν πενήτων στάσιν οὐκ εἶασε περαιτέρω προελθεῖν.

τῷ δ' ἐξῆς ἐνιαυτῷ τῆς ἐβδομηκοστῆς καὶ τετάρτης Ὀλυμπιάδος ἐνεστῶσης, ἦν ἐνίκᾳ στάδιον Ἀστυλος Συρακούσιος, Ἀθήνησι δ' ἄρχων ἦν Λεώστρατος, Κοῖντου Φαβίου καὶ Σερουίου Κορνηλίου τὴν [p. 244]

ὑπατεῖαν παρειληφόντων, ἄνδρες ἐκ τῶν πατρικίων νέοι μὲν ἔτι τὴν ἡλικίαν, ἐπιφανέστατοι δὲ τῶν ἄλλων κατὰ γ' ἀξιώσεις προγόνων, καὶ διὰ τὰς ἑταιρίας τε καὶ πλοῦτους μέγα δυνάμενοι, καὶ ὡς νέοι τὰ πολιτικά πράττειν οὐδενὸς τῶν ἐν ἀκμῇ χείρους, Καίσιων Φάβιος, ἀδελφὸς τοῦ τότε ὑπατεύοντος, καὶ Λεύκιος Οὐαλέριος Ποπλικόλας, ἀδελφὸς τοῦ καταλύσαντος τοὺς βασιλεῖς, τὴν ταμιευτικὴν ἔχοντες ἐξουσίαν κατὰ τὸν αὐτὸν χρόνον, καὶ διὰ τοῦτ' ἐκκλησίαν συναγεῖν ὄντες κύριοι, τὸν ὑπατεύσαντα τῷ πρόσθεν ἐνιαυτῷ Σπόριον Κάσιον καὶ τολμήσαντα τοὺς περὶ τῆς διανομῆς εἰσηγήσασθαι νόμους εἰσήγγειλαν εἰς τὸν δῆμον ἐπὶ τυραννίδος αἰτία: καὶ προειπόντες ἡμέραν ῥητὴν ἐκάλουν αὐτὸν ὡς ἐπὶ τοῦ δήμου τὴν δίκην ἀπολογησόμενον. [2] ὄχλου δὲ πλείστου συναχθέντος εἰς τὴν ἀποδειχθεῖσαν ἡμέραν συγκαλέσαντες εἰς ἐκκλησίαν τὸ πλῆθος τὰ τ' ἐμφανῆ τοῦ ἀνδρὸς ἔργα ὡς ἐπ' οὐδενὶ χρηστῷ γενόμενα διεξήεσαν: ὅτι Λατίνοις μὲν πρῶτον, οἷς ἀπέχρη πολιτείας κοινῆς ἀξιοθῆναι μέγα εὐτύχημα ἡγουμένοις, εἰ καὶ ταύτης τύχοιεν, οὐ μόνον ἦν ἦτουν πολιτείαν ὑπατος ὦν ἐχαρίσατο, ἀλλ' ἔτι καὶ τῶν ἐκ τοῦ πολέμου λαφύρων, ἐὰν κοινῇ γένηται στρατεία, τὴν τρίτην ἐψηφίσατο δίδοσθαι: ἔπειθ' Ἑρνिकास, οὓς πολέμῳ χειρωθέντας ἀγαπᾶν ἐχρῆν, εἰ μὴ καὶ τῆς αὐτῶν χώρας ἀφαιρέσει τινὶ ζημιωθεῖεν, φίλους μὲν ἀνθ' ὑπηκόων ἐποίησε, πολίτας δ' ἀνθ' ὑποτελῶν, γῆς τε καὶ λείας, [p. 245] ἦν ἂν ἐκ παντὸς κτήσωνται, τὴν ἑτέραν ἔταξε λαμβάνειν τρίτην μερίδα. [3] ὥστε μεριζομένων εἰς τρεῖς κλήρους τῶν λαφύρων τοὺς μὲν ὑπηκόους τε καὶ ἐπὶ πλῆλυστος διμοιρίας λαμβάνειν, τοὺς δ' αὐθιγενεῖς καὶ ἡγεμόνας τρίτην μερίδα. ἐκ δὲ τούτου δυεῖν τῶν ἀποπτωμάτων θάτερον ἐπεδείκνυσαν αὐτοῖς συμβησόμενον, ἐὰν τινες ἑτέρους διὰ πολλὰς καὶ μεγάλας εὐεργεσίας προέλωνται ταῖς αὐταῖς τιμῆσαι δωρεαῖς, αἷς Λατίνους τ' ἐτίμησαν καὶ τοὺς μὴδ' ὅτιοῦν ἀγαθὸν ἀποδειξαμένους Ἑρνिकास. μῖα δὲ γὰρ καταλειπομένης αὐτοῖς τρίτης μερίδος, ἥ οὐχ ἔξειν, ὃ τι δώσουσιν ἐκείνοις μέρος ἢ τὰ ὅμοια ψηφισαμένους μὴδὲν ἑαυτοῖς καταλείπειν.

πρὸς δὲ τούτοις διεξήεσαν, ὅτι δημεῦσαι τὰ κοινὰ τῆς πόλεως ἐπιβαλόμενος οὔτε τῆς βουλῆς ψηφισαμένης οὔτε τῷ συνυπάτῳ δοκοῦν, βία κυροῦν ἐμέλλησε τὸν νόμον, ὅς οὐ καθ' ἓν τοῦτο μόνον ἦν ἀσύμφορος τε καὶ ἄδικος, ὅτι προβουλευσάμενος δέον τὸ συνέδριον καὶ εἰ δόξειεν ἐκείνῳ κοινὴν ἀπάντων εἶναι τῶν ἐν τέλει τὴν φιλανθρωπίαν ἐνὸς ἀνδρὸς ἐποιοῖ τὴν χάριν: [2] ἀλλὰ καὶ καθ' ἐκείνο τὸ πάντων σχετικώτατον, ὅτι λόγῳ μὲν δόσις ἦν τοῖς πολίταις τῆς δημοσίας χώρας, ἔργῳ δ' ἀφαιρέσεις, Ῥωμαίων μὲν τῶν κτησαμένων αὐτὴν μίαν μοῖραν ληφόμενων, Ἑρνίκων δὲ καὶ Λατίνων, ἧς οὐθὲν αὐτοῖς μετῆν, τὰς δύο: καὶ ὡς οὐδὲ τοῖς δημάρχοις ἐναντιωθεῖσι καὶ παραλύειν [p. 246] ἐκ τοῦ νόμου θάτερον ἀξιοῦσι μέρος τὸ κατὰ τὴν ἰσομοιρίαν τῶν ἐπὶ πλῆλυστος, ἐπείσθη, ἀλλὰ καὶ δημάρχους καὶ συνυπάτῳ καὶ βουλῇ καὶ πᾶσι τοῖς ὑπὲρ τοῦ κοινοῦ τὰ κράτιστα βουλευομένοις τάναντία πράπτων διετέλεσε. [3] διεξεληθόντες δὲ ταῦτα καὶ μάρτυρας αὐτῶν ἅπαντας τοὺς πολίτας ποιησάμενοι, μετὰ τοῦτ' ἤδη καὶ τὰς ἀπορρήτους τῆς τυραννίδος παρεῖχοντο πίστει, ὡς χρήματά τε συνενέγκαιεν αὐτῷ Λατίνῳ

καὶ Ἑρνικες καὶ ὄπλα παρασκευάσαιντο καὶ συμπορεύοντο ὡς αὐτὸν οἱ

πικρὸς πρὸς τὸ τῆς τυραννίδος ὄνομα, ὥστ' οὐδ' ἐν τῷ τιμῆματι τῆς δίκης
μετρία ὀργῇ ἐχρήσατο πρὸς αὐτόν, ἀλλὰ θανάτου ἐτίμησεν. εἰσῆγει γὰρ
αὐτὸν δέος, μὴ φυγὰς ἐλασθεῖς [p. 247] ἐκ τῆς πατρίδος ἀνὴρ στρατηγῆσαι

τὸ τέλος τῆς δίκης λαβούσης ἀγαγόντες οἱ ταμίαι τὸν ἄνδρα ἐπὶ τὸν
ὑπερκειμενον τῆς ἀγορᾶς κρημνόν, ἀπάντων ὀρώντων ἔρριψαν κατὰ τῆς

ἡ κόλασις.

ὁ μὲν οὖν πιθανώτερος τῶν παραδεδομένων ὑπὲρ τοῦ ἀνδρὸς λόγων
τοιόσδε ἐστίν· δεῖ δὲ καὶ τὸν ἥσσον πιθανόν, ἐπειδὴ κάκεῖνος πεπίστευται
ὑπὸ πολλῶν καὶ ἐν γραφαῖς ἀξιοχρέοις φέρεται, μὴ παρελθεῖν. λέγεται δὴ
πισιν, ὡς ἀδήλου πᾶσιν οὔσης ἔτι τῆς ὑπ' αὐτοῦ συσκευαζομένης
τυραννίδος, πρῶτος ὑποπτεύσας ὁ πατήρ τοῦ Κασσίου καὶ διὰ τῆς
ἀκριβεστάτης βασάνου τὸ πρᾶγμα ἐξετάσας ἦκεν ἐπὶ τὴν βουλήν· ἔπειτα
κελεύσας ἐλθεῖν τὸν υἱὸν μηνυτῆς τε καὶ κατήγορος αὐτοῦ ἐγένετο·
καταγνούσης δὲ καὶ τῆς βουλῆς ἀγαγὼν αὐτὸν εἰς τὴν οἰκίαν ἀπέκτεινε. ^[2]
τὸ μὲν οὖν πικρὸν καὶ ἀπαραίτητον τῆς τῶν πατέρων ὀργῆς εἰς υἱοὺς
ἀδικοῦντας καὶ μάλιστα ἐν τοῖς τότε Ῥωμαίοις οὐδὲ ταύτην ἀπωθεῖται τὴν
πρόφασιν· ἐπεὶ καὶ πρότερον Βροῦτος ὁ τοὺς βασιλεῖς ἐκβαλὼν
ἀμφοτέρους τοὺς υἱοὺς ἐδικαίωσε κατὰ τὸν τῶν κακούργων νόμον
ἀποθανεῖν, καὶ πελέκεσι τοὺς αὐχένας ἀπεκόπησαν, [p. 248] ὅτι
συμπράττειν τοῖς βασιλεῦσιν ἐδόκουν τὴν κάθοδον. καὶ μετὰ ταῦτα Μάλλιος
τὸν Γαλατικὸν πόλεμον στρατηγῶν τὸν υἱὸν ἀριστεύοντα κατὰ πόλεμον τῆς
μὲν ἀνδρείας ἔνεκα τοῖς ἀριστείοις στεφάνοις ἐκόσμησεν, ἀπειθείαν δ'
ἐπικαλῶν, ὅτι οὐκ ἐν ᾧ ἐτάχθη φρουρίῳ ἔμεινεν, ἀλλὰ παρὰ τὴν ἐπιταγὴν
τοῦ ἡγεμόνος ἐξῆλθεν ἀγωνιούμενος, ὡς λιποτάκτην ἀπέκτεινε. ^[3] καὶ ἄλλοι
πολλοὶ πατέρες, οἱ μὲν ἐπὶ μείζοσιν αἰτίαις, οἱ δ' ἐπ' ἐλάττοσιν, οὔτε φειδῶ
τῶν παίδων οὔτ' ἔλεον ἔσχον. κατὰ μὲν δὴ τοῦτ' οὐκ ἀξιῶ, ὥσπερ ἔφην,
προβεβληθῆαι τὸν λόγον ὡς ἀπιθανόν· ἐκεῖνα δὲ με ἀνθέλκει τεκμηρίων
ὄντα οὔτ' ἐλάχιστα οὔτ' ἀπιθانا καὶ πρὸς τὴν ἑτέραν ἄγει συγκατάθεσιν,
ὅτι μετὰ τὸν θάνατον τοῦ Κασσίου ἢ τ' οἰκία κατεσκάφη, καὶ μέχρι τοῦδε
ἀνεῖται ὁ τόπος αὐτῆς αἵθριος ἔξω τοῦ νεῶ τῆς Γῆς, ὃν ὑστέροις ἢ πόλις
κατεσκεύασε χρόνοις ἐν μέρει τινὶ αὐτῆς κατὰ τὴν ἐπὶ Καρίνας φέρουσαν

ὀδόν, καὶ τὰ χρήματα αὐτοῦ τὸ κοινὸν ἀνέλαβεν: ἐξ ὧν ἀπαρχὰς ἐν ἄλλοις τε ἱεροῖς ἀνέθηκε, καὶ δὴ καὶ τῇ Δήμητρι τοὺς χαλκέους ἀνδριάντας ἐπιγραφαῖς δηλοῦντας, ^[4] ἀφ' ὧν εἰσι χρημάτων ἀπαρχαί. εἰ δέ γ' ὁ πατήρ μηνυτῆς τε καὶ κατήγορος καὶ κολαστῆς αὐτοῦ ἐγένετο, οὕτ' ἂν ἡ οἰκία αὐτοῦ κατεσκάφη οὔτε ἡ οὐσία ἐδημεύθη. Ῥωμαίοις γὰρ οὐθὲν ἰδιὸν ἐστὶ κτῆμα [p. 249] ζώντων ἐπὶ τῶν πατέρων, ἀλλὰ καὶ τὰ χρήματα καὶ τὰ σώματα τῶν παιδων, ὅ τι βούλονται διαπιθεῖναι, τοῖς πατράσιν ἀποδέδοται. ὥστ' οὐκ ἂν δῆπου τὴν τοῦ πατρὸς οὐσίαν τοῦ μηνύσαντος τὴν τυραννίδα ἐπὶ τοῖς τοῦ παιδὸς ἀδικήμασιν ἀφαιρεῖσθαι καὶ δημεῦειν ἡ πόλις ἤξiou. διὰ μὲν δὴ ταῦτα τῷ προτέρῳ συγκατατίθεμαι τῶν λόγων μᾶλλον: ἔθηκε δ' ἀμφοτέρους, ἵνα ἐξῇ τοῖς ἀναγνωσομένοις, ὁποτέρῳ βούλονται τῶν λόγων, προσέχειν.

ἐπιβαλλομένων δέ τινων καὶ τοὺς παῖδας ἀποκτεῖναι τοῦ Κασσίου δεινὸν τὸ ἔθος ἔδοξεν εἶναι τῇ βουλῇ καὶ ἀσύμφορον: καὶ συνελθοῦσα ἐψηφίσαστο ἀφεῖσθαι τὰ μειράκια τῆς τιμωρίας καὶ ἐπὶ πάσῃ ἀδείᾳ ζῆν, μήτε φυγῇ μήτ' ἀτιμία μήτ' ἄλλῃ συμφορᾷ ζημιωθέντα. καὶ ἐξ ἐκείνου τὸ ἔθος τοῦτο Ῥωμαίοις ἐπιχώριον γέγονεν ἕως τῆς καθ' ἡμᾶς διατηρούμενον ἡλικίας, ἀφεῖσθαι τιμωρίας ἀπάσης τοὺς παῖδας, ὧν ἂν οἱ πατέρες ἀδικήσωσιν, ἐάν τε τυράννων ὄντες υἱοὶ τύχωσιν, ἐάν τε πατροκτόνων, ἐάν τε προδοτῶν, ὃ ^[2] μέγιστόν ἐστι παρ' ἐκείνοις ἀδικημα. οἱ τε καταλῦσαι τὸ ἔθος τοῦτ' ἐπιβαλόμενοι κατὰ τοὺς ἡμετέρους χρόνους μετὰ τὴν συντέλειαν τοῦ Μαρσικοῦ τε καὶ ἔμφυλιου πολέμου, καὶ τοὺς παῖδας τῶν ἐπικηρυχθέντων ἐπὶ Σύλλα πατέρων ἀφελόμενοι τὸ μετιέναι τὰς πατρίους ἀρχὰς καὶ βουλῆς μετέχειν καθ' ὃν ἐδυνάστευον αὐτοὶ χρόνον, ἐπίφθονόν τ' ἀνθρώποις καὶ νεμεσητὸν θεοῖς ἔργον ἔδοξαν ἀποδείξασθαι. τοιγάρτοι δίκη μὲν [p. 250] ἐκείνοις σὺν χρόνῳ τιμωρὸς οὐ μεμπτὴ παρηκολούθησε, δι' ἣν ἐκ μεγίστου τέως αὐχήματος εἰς ταπεινότατον πτῶμα κατήχθησαν, καὶ οὐδὲ γένος τὸ ἐξ αὐτῶν ὅτι μὴ κατὰ γυναικάς ἔτι λείπεται. ^[3] τὸ δ' ἔθος εἰς τὸν ἐξ ἀρχῆς κόσμον ὁ τούτους καθελὼν ἀνὴρ ἀποκατέστησε. παρ' Ἑλλήσι δ' οὐχ οὕτως ἐνίοις ὁ νόμος ἔχει, ἀλλὰ τοὺς ἐκ τυράννων γενομένους οἱ μὲν συναποκτίνυσθαι τοῖς πατράσι δικαιοῦσιν, οἱ δ' ἀειφυγία κολάζουσιν, ὥσπερ οὐκ ἐνδεχομένης τῆς φύσεως χρηστοὺς παῖδας ἐκ πονηρῶν πατέρων ἢ κακοὺς ἐξ ἀγαθῶν γενέσθαι. ἀλλ' ὑπὲρ μὲν τούτων εἶτε ὁ παρ' Ἑλλήσιν ἀμείνων νόμος εἶτε τὸ Ῥωμαίων ἔθος κρεῖττον, ἀφίημι τῷ βουλομένῳ σκοπεῖν: ἐπὶ τὰ ἐξῆς.

μετὰ γὰρ τὸν τοῦ Κασσίου θάνατον οἱ μὲν αὐξάνοντες τὴν ἀριστοκρατίαν θρασύτεροι τε καὶ ὑπεροπτικώτεροι τῶν δημοτικῶν ἐγεγόνεσαν: οἱ δ' ἐν ἀφανεί τῆς δόξης φερόμενοι καὶ βίου εἰς ταπεινὰ συνεστάλησαν, καὶ ὡς ἄριστον ἀπολωλεκότες φύλακα τῆς δημοτικῆς μερίδος πολλὴν ἄνοιαν ἐαυτῶν ἐπὶ τῇ καταδίκῃ κατηγόρουν. τούτου δ' αἴτιον ἦν, ὅτι τὰ δόξαντα τῇ βουλῇ περὶ τῆς κληρουχίας οὐκ ἔπραττον οἱ ὑπατοί, δέον αὐτοὺς ἀνδρας τ' ἀποδεῖξαι δέκα τοὺς ὀριοῦντας τὴν γῆν καὶ γνῶμην εἰσηγήσασθαι πόσῃν τ' αὐτῆς καὶ ^[2] τίσι δεῖσει νεμηθῆναι. συνήεσαν τε πολλοὶ κατὰ συστροφὰς περὶ τῆς ἀπάτης ἐκάστοτε

διαλεγόμενοι, καὶ [p. 251] ἐν αἰτίᾳ τοὺς προτέρους εἶχον δημάρχους ὡς προδεδωκότας τὸ κοινόν: ἐκκλησίαι τε συνεχεῖς ὑπὸ τῶν τότε δημάρχων ἐγίνοντο καὶ ἀπαιτήσεις τῆς ὑποσχέσεως. ταῦτα συνιδόντες οἱ ὕπατοι γνῶμην ἐποίησαντο πολέμων προφάσει τὸ παρακινεῖν ἐν τῇ πόλει μέρος καὶ ταραττόμενον καταστεῖλαι: ἔτυχε γὰρ ἐν τῷ αὐτῷ χρόνῳ λησθηρίοις τε ὑπὸ τῶν πλησιοχώρων πόλεων καὶ καταδρομαῖς τισιν ἢ γῇ βλαπτομένη. [3] τιμωρίας μὲν δὴ τῶν ἀδικούντων ἔνεκα προὔθεσαν τὰ τοῦ πολέμου σημεῖα, καὶ τὰς δυνάμεις τῆς πόλεως κατέγραφον: οὐ προσιόντων δὲ τῇ καταγραφῇ τῶν ἀπόρων ἀδύνατοι ὄντες τὴν ἐκ τῶν νόμων ἀνάγκην τοῖς ἀπειθοῦσι προσφέρειν: προειστήκεσαν γὰρ τοῦ πλήθους οἱ δημαρχοὶ καὶ κωλύειν ἔμελλον, εἴ τις ἐπιχειρήσειεν ἢ τὰ σώματα τῶν ἐκλείπόντων τὴν στρατείαν ἄγειν ἢ τὰ χρήματα φέρειν: ἀπειλαῖς χρησάμενοι πολλαῖς ὡς οὐκ ἐπιτρέφοντες τοῖς ἀνασειοῦσι τὸ πλῆθος, λεληθῆσαν ὑποψίαν κατέλιπον ὡς δικτάτορα ἀποδειξόντες, ὃς ἔμελλε καταλύσας τὰς ἄλλας ἀρχὰς τὴν τυραννικὴν καὶ ἀνυπεύθυνον μόνος ἔξειν ἐξουσίαν. [4] ὡς δὲ ταύτην ἔλαβον τὴν ὑπόνοιαν οἱ δημοτικοί, δεισαντες, μὴ τὸν Ἀππιον ἀποδείξωσι πικρὸν ὄντα καὶ χαλεπόν, πάντα πρὸ τούτου πάσχειν ὑπέμενον.

ἐπεὶ δὲ κατεγράφη τὰ στρατεύματα, παραλαβόντες οἱ ὕπατοι τὰς δυνάμεις ἐξήγαγον ἐπὶ τοὺς πολεμίους. Κορνήλιος μὲν οὖν εἰς τὴν Οὐιεντανῶν χώραν ἐμβαλὼν τὴν ἐγκαταληφθεῖσαν λείαν ἐν [p. 252] αὐτῇ ἀπῆλασε, καὶ μετὰ ταῦτα πρεσβευσασμένων τῶν Οὐιεντανῶν τοὺς τ' αἰχμαλώτους αὐτοῖς ἀπέλυσε χρημάτων, καὶ ἀνοχὰς τοῦ πολέμου συνέθετο ἐνιαυσίους. Φάβιος δὲ τὴν ἑτέραν δύναμιν ἔχων εἰς τὴν Αἰκανῶν γῆν ἐνέβαλεν: ἔπειτ' ἐκέλευεν εἰς τὴν Οὐολούσκων. [2] χρόνον μὲν οὖν τινα οὐ πολλὸν ἠνέσχοντο οἱ Οὐολοῦσκοι διαρπαζομένων αὐτοῖς καὶ κειρομένων τῶν ἀγρῶν: ἔπειτα καταφρονήσαντες τῶν Ῥωμαίων ὡς οὐ πολλῇ δυνάμει παρόντων ἐξεβοήθουν ἐκ τῆς Ἀντιατῶν χώρας τὰ ὄπλα ἀρπάσαντες ἄθροοι, ταχύτερα μᾶλλον ἢ ἀσφαλέστερα βουλευσάμενοι. εἰ μὲν οὖν ἔφθασαν ἐσκεδασμένοις τοῖς Ῥωμαίοις ἐπιφανέντες ἐκ τοῦ ἀπροσδοκήτου, μεγάλην ἂν αὐτῶν εἰργάσαντο τροπὴν: νῦν δὲ προαισθόμενος τὴν ἔφοδον αὐτῶν ὁ ὕπατος διὰ τῶν ἀποσταλέντων ἐπὶ τὰς κατασκοπὰς, ἀνακλήσει ταχεῖα τοὺς ἐν ταῖς προνομαῖς ἐσκεδασμένους ἀναλαβὼν, τάξιν αὐτοῖς ἀπέδωκε τὴν εἰς πόλεμον ἀρμόττουσαν. [3] τοῖς δὲ Οὐολοῦσκοις σὺν καταφρονήσει καὶ θάρσει χωροῦσιν, ὡς παρὰ δόξαν ἐφάνη συνεστῶσα ἐν κόσμῳ πᾶσα ἢ τῶν πολέμιων δυνάμεις, δέος ἐμπίπτει πρὸς τὴν ἀδόκητον ὄψιν, καὶ τοῦ μὲν κοινοῦ τῆς ἀσφαλείας οὐδεμία φροντίς, τῆς δ' ἰδίας ἐκάστῳ σωτηρίας πρόνοια. ὑποστρέψαντες δὴ ὡς εἶχον ἕκαστοι τάχους ἔφευγον ἄλλοι κατ' ἄλλας ὁδοὺς: καὶ οἱ μὲν πλείους ἀπεσώθησαν εἰς τὴν πόλιν, ὀλίγον δὲ τι στίφος, ὃ μάλιστα ἦν συντεταγμένον, εἰς ὄρους τινὰ κορυφὴν ἀναδραμόν καὶ θέμενον ἐνταῦθα τὰ ὄπλα τὴν ἐπιούσαν νύκτα [p. 253] διέμενε: ταῖς δ' ἐξῆς ἡμέραις φρουρὰν περιστήσαντος τοῦ ὑπάτου τῷ λόφῳ καὶ πάσας διακλείσαντος ὅπλοις τὰς ἐξόδους, λιμῷ βιασθὲν ὑποχείριον γίνεται καὶ [4] παραδίδωσι τὰ ὄπλα. ὁ δ' ὕπατος τὴν τε λείαν, ὅση ἐπέτυχε, καὶ τὰ λάφυρα καὶ τοὺς αἰχμαλώτους ἀποδόσθαι κελεύσας τοῖς ταμίαις, εἰς τὴν πόλιν

ἀπὴννεγκε τὸ ἀργύριον. καὶ μετ' οὐ πολλὸν χρόνον ἀναστήσας τὴν δύναμιν ἐκ τῆς πολεμίας ἀπῆγεν ἐπ' οἴκου τελευτῶντος ἤδη τοῦ ἔτους. ἐπιστάντων δὲ τῶν ἀρχαιρεσιῶν ἔδοξε τοῖς πατρικίοις ἡρεθισμένον ὀρώσι τὸν δῆμον καὶ μεταμελόμενον ἐπὶ τῇ Κασσίῳ καταδικῇ, διὰ φυλακῆς αὐτὸν ἔχειν, μὴ τι παρακινήσειε πάλιν εἰς δεκάσμων ἐλπίδα καὶ κλήρων διανομῆς ὑπαρχεῖς ὑπ' ἀνδρὸς δημαγωγῆσαι δυνατοῦ τὸ τῆς ὑπατείας λαβόντος ἀξίωμα. ἐφαίνετο δ' αὐτοῖς ῥᾶστα κωλυθήσεσθαι τούτων τινὸς ὀρεγόμενος, εἰ γένοιτο ὕπατος ἀνὴρ ἥκιστα δημοτικός. [5] βουλευσάμενοι δὲ τοῦτο κελεύουσι μετιέναι τὴν ὑπατείαν τὸν ἕτερον τῶν κατηγορησάντων τοῦ Κασσίου, Καίσωνα Φάβιον ἀδελφὸν ὄντα τοῦ τότε ὑπατεύοντος Κοίντου, καὶ ἐκ τῶν ἄλλων πατρικίων Λεύκιον Αἰμίλιον ἄνδρα ἀριστοκρατικόν. τούτων δὲ μετιόντων τὴν ἀρχὴν κωλύειν μὲν οὐχ οἷοι τ' ἦσαν οἱ δημοτικοί, καταλιπόντες δὲ τὰς ἀρχαιρεσίας ὥχοντο ἐκ τοῦ πεδίου. [6] τὸ γὰρ τῆς λοχίτιδος ἐκκλησίας κύρος ἐν ταῖς ψηφοφορίαις περὶ τοὺς ἐπιφανεστάτους ἦν καὶ τὰ πρῶτα τιμήματα ἔχοντας, καὶ σπάνιον τὴν ἦν, ὃ ἐπεκύρουν οἱ διὰ μέσου: ὃ δὲ τελευταῖος λόχος, [p. 254] ἐν ᾧ τὸ πλεῖστον τε καὶ ἀπορώτατον τοῦ δημοτικοῦ μέρος ἐψηφοφόρει, μιᾶς, ὥς καὶ πρότερον εἴρηται μοι, τῆς ἐσχάτης ψήφου κύριος ἦν.

παραλαμβάνουσι δὴ τὴν ὑπατείαν κατὰ τὸ ἐβδομηκοστὸν τε καὶ διακοσιοστὸν ἔτος ἀπὸ τοῦ συνοικισμοῦ τῆς Πώμης Λεύκιος Αἰμίλιος Μάμερκου υἱὸς καὶ Καίσων Φάβιος Καίσωνος υἱός, ἄρχοντας Ἀθήνησι Νικοδήμου. οἷς κατ' εὐχὴν συνέβη μηδὲν ὑπὸ τῆς πολιτικῆς ἐπιταραχῆναι διχοστασίας πολέμων τὴν πόλιν περιστάντων ἄλλοεθνῶν. [2] ἐν ἅπασιν μὲν οὖν ἔθνεσι καὶ τόποις Ἑλλήνων τε καὶ βαρβάρων φιλοῦσιν αἱ τῶν ἔξωθεν κακῶν ἀνάπαυλαι ἐμφυλίου τε καὶ ἐνδήμιους ἐγείρειν πολέμους, μάλιστα δὲ τοῦτο πάσχουσιν, ὅσοι πολεμιστὴν καὶ κακόπαθον αἰροῦνται βίον ἐλευθερίας τε καὶ ἡγεμονίας πόθῳ. χαλεπαὶ γὰρ αἱ μαθοῦσαι τοῦ πλείονος ἐφίεσθαι φύσεις ἐξειργόμεναι τῶν συνήθων ἔργων καρτερεῖν: καὶ διὰ τοῦτο οἱ φρονιμώτατοι τῶν ἡγεμόνων αἰεὶ τινὰς ἐκ τῶν ἄλλοεθνῶν ἀναζωπυροῦσιν ἔχθρας, κρείττονας ἡγούμενοι τῶν ἐντοπίων πολέμων τοὺς ἁλλοδαπούς. [3] τότε δ' οὖν, ὥσπερ ἔφην, κατὰ δαίμονα τοῖς ὑπάτοις συνέπεσον αἱ τῶν ὑπηκόων ἐπαναστάσεις. Οὐλοῦσχοι γὰρ, εἴτε τῇ πολιτικῇ Ρωμαίων κινήσει πιστεύσαντες ὥς ἐκπεπολεμώμενου τοῦ δημοτικοῦ πρὸς τοὺς ἐν τέλει, εἴτε τῆς προτέρας ἡττης ἀμαχητὶ γενομένης αἰσχύνῃ παροξυνθέντες, εἴτ' ἐπὶ ταῖς ἑαυτῶν δυνάμεσι πολλαῖς οὖσαις μέγα φρονήσαντες, [4] εἴτε διὰ ταῦτα πάντα πολεμεῖν [p. 255] Ρωμαίοις διέγνωσαν, καὶ συναγαγόντες ἐξ ἀπάσης πόλεως τὴν νεότητα, μέρει μὲν τινι τῆς δυνάμεως ἐπὶ τὰς Ἑρνίκων τε καὶ Λατίνων πόλεις ἐστράτευσαν, τῇ δὲ λοιπῇ, ἢ πλείστη τ' ἦν καὶ κρατίστη, τοὺς ἐπὶ τὰς πόλεις σφῶν ἤξοντας δέχεσθαι ἡμελλον. ταῦτα μαθοῦσι Ρωμαίοις ἔδοξε διχῇ νέμειν τὰς δυνάμεις καὶ τῇ μὲν ἑτέρᾳ τὴν Ἑρνίκων τε καὶ Λατίνων διὰ φυλακῆς ἔχειν, τῇ δ' ἑτέρᾳ τὴν Οὐλοῦσκων λεηλατεῖν.

διακληρωσαμένων δὲ τῶν ὑπᾶτων τὰς δυνάμεις, ὥς ἔστιν αὐτοῖς ἔθος, τὸ μὲν ἐπικουρεῖν μέλλον τοῖς συμμάχοις στράτευμα Καίσων Φάβιος παρέλαβε, θάτερον δὲ Λεύκιος ἔχων ἐπὶ τὴν Ἀντιατῶν ἦγε πόλιν. γενόμενος δὲ πλησίον

τῶν ὀρίων καὶ κατιδὼν τὰς τῶν πολεμίων δυνάμεις, τότε μὲν ἀντικατεστρατοπέδευσεν ἐπὶ λόφου, ταῖς δ' ἐξῆς ἡμέραις ἐξιόντων εἰς τὸ πεδῖον τῶν πολεμίων θαμινὰ καὶ προκαλουμένων εἰς μάχην, ἡνίκα τὸν οἰκεῖον ἔχειν καιρὸν ὑπελάμβανεν, ἐξῆγε τὰς δυνάμεις: καὶ πρὶν εἰς χεῖρας ἔλθειν παρακλήσει τε πολλῇ καὶ ἐπικελεύσει χρῆσάμενος, ἐκέλευσε σημαίνειν τὸ πολεμικόν: καὶ οἱ στρατιῶται τὸ σύνθηες ἀλαλάξαντες ἀθρόοι κατὰ σπείρας τε καὶ κατὰ λόχους συνέβαλλον. [2] ὥς δὲ τὰς λόγχας καὶ τὰ σαινία καὶ ὅσα εἶχον ἐκηβόλα ἐξανάλωσαν, σπασάμενοι τὰ ξίφη συρράττουσιν ἀλλήλοις ἴση τόλμη τε καὶ ἐπιθυμία τοῦ ἀγῶνος ἑκάτεροι χρώμενοι: ἦν τε, ὥς καὶ πρότερον ἔφην, παραπλήσιος αὐτοῖς ὁ τοῦ ἀγῶνος τρόπος, καὶ οὔτε ἡ σοφία καὶ ἡ ἐμπειρία Ῥωμαίων περὶ τὰς μάχας, ἢ χρώμενοι τὰ πολλὰ ἐπεκράτουν, [p. 256] οὔτε τὸ καρτερικὸν καὶ ταλαίπωρον ἐν τοῖς πόνοις διὰ πολλῶν ἡσκημένον ἀγώνων ἐπεκράτει: τὰ γὰρ αὐτὰ καὶ περὶ τοὺς πολεμίους ἦν, ἐξ οὗ Μάρκιον ἡγεμόνα Ῥωμαίων οὐ τὸν ἀφανέστατον στρατηλάτην ἔσχον: ἀλλ' ἀντεῖχον ἑκάτεροι τῆς χώρας, ἐν ἣ τὸ πρῶτον ἔστησαν οὐχ ὑφίεμενοι. [3] ἔπειτα κατὰ μικρὸν οἱ Οὐολοῦσκοι ὑπεχώρουν ἐν κόσμῳ τε καὶ τάξει δεχόμενοι τοὺς Ῥωμαίους. στρατήγημα δὲ τοῦτ' ἦν, ἵνα διασπάσωσι τ' αὐτῶν τὰς τάξεις καὶ ἐξ ὑπερδεξιοῦ γένωνται χωρίου.

οἱ δ' ὑπολαβόντες αὐτοὺς ἄρχειν φυγῆς ἠκολούθουν βάδην μὲν ἀπιοῦσι καὶ αὐτοὶ σὺν κόσμῳ ἐπόμενοι, ἐπειδὴ δὲ δρόμῳ χωροῦντας ἐπὶ τὸν χάρακα ἐθεάσαντο, ταχεῖα καὶ αὐτοὶ διώξει καὶ ἀσυντάκτῳ χρώμενοι. οἱ δὲ δὴ τελευταῖοι τε καὶ ὀπισθοφυλακοῦντες λόχοι νεκροὺς τ' ἐσκύλευον, ὥς κεκρατηκότες ἤδη τῶν πολεμίων, καὶ ἐφ' ἀρπαγὴν τῆς χώρας ἐτράποντο. [2] μαθόντες δ' οἱ Οὐολοῦσκοι ταῦτ' οἷ τε δόξαν παρασχόντες φυγῆς, ἐπειδὴ τοῖς ἐρύμασι τοῦ χάρακος ἐπλησίασαν, ὑποστραφέντες ἔστησαν, καὶ οἱ καταλειφθέντες ἐν τῷ στρατοπέδῳ τὰς πύλας ἀναπετάσαντες ἐξέδραμον ἀθρόοι κατὰ πολλὰ μέρη: γίνεται τ' αὐτῶν παλίντροπος ἡ μάχη: οἱ μὲν γὰρ διώκοντες ἔφευγον, οἱ δὲ φεύγοντες ἐδίωκον. ἔνθα πολλοὶ καὶ ἀγαθοὶ Ῥωμαίων θνήσκουσιν οἷα εἰκὸς ὠθούμενοι κατὰ πρानοῦς χωρίου καὶ ὑπὸ πολλῶν ὀλίγοι κυκλωθέντες. [3] ἀδελφὰ δὲ τούτοις ἔπασχον, ὅσοι πρὸς σκυῖλά τε καὶ [p. 257] ἀρπαγὰς τραπόμενοι τὸ ἐν κόσμῳ τε καὶ τάξει ὑποχωρεῖν ἀφηρέθησαν: καὶ γὰρ καὶ οὔτοι καταληφθέντες ὑπὸ τῶν πολεμίων οἱ μὲν ἐσφάγησαν, οἱ δ' αἰχμάλωτοι ἐλήφθησαν. ὅσοι δὲ τούτων τε καὶ τῶν ἀπὸ τοῦ ὄρους ἀπαραχθέντων διεσώθησαν, ὅψε τῆς ὥρας τῶν ἱππέων αὐτοῖς ἐπιβοηθησάντων, ἀπῆλθον ἐπὶ τὸν χάρακα. ἐδόκει τ' αὐτοῖς συλλαβέσθαι τοῦ μὴ πασσυδὶ διαφθαρῆναι χειμῶν πολὺς ἐξ οὐρανοῦ καταρραγεῖς καὶ σκότος, οἷον ἐν ταῖς βαθείαις ὁμίχλαις γίνεται, ὃ τοῖς πολεμίοις ὄκνον τῆς ἐπὶ πλέον διώξεως παρέσχεεν οὐ δυναμένοις τὰ πόρρω καθορᾶν. [4] τῇ δ' ἐπιούσῃ νυκτὶ ἀναστήσας τὴν στρατιὰν ὁ ὕπατος ἀπῆγε σιγῇ καὶ ἐν κόσμῳ, λαθεῖν τοὺς πολεμίους προνοοῦμενος: καὶ κατεστρατοπέδευσε παρὰ πόλει λεγομένη Λογγόλα περὶ δεῖλην ὀφίαν, γήλοφον ἱκανὸν ἐρύκειν τοὺς ἐπionτας ἐκλεξάμενος. ἔνθα ὑπομένων τοὺς τε ὑπὸ τραυμάτων κάμνοντας ἀνεκτᾶτο θεραπείαις, καὶ τοὺς ἀδημονοῦντας

ἐπὶ τῇ παραδόξῳ τοῦ πάθους αἰσχύνῃ παραμυθούμενος ἀνελάμβανε.

Ῥωμαῖοι μὲν οὖν ἐν τούτοις ἦσαν: Οὐολοῦσκοι δ', ἐπειδὴ ἡμέρα τ' ἐγένετο καὶ ἔγνωσαν τοὺς πολεμίους ἐκλελοιπότες τὸν χάρακα, προσελθόντες κατεστρατοπέδευσαν. σκυλεύσαντες δὲ τοὺς τῶν πολεμίων νεκροὺς καὶ τοὺς ἡμihnῆτας, οἷς σωθῆσθαι ἐλπὶς ἦν, ἀνελόμενοι ταφάς τε ποιησάμενοι τῶν σφετέρων νεκρῶν, [p. 258] εἰς τὴν ἐγγυτάτῳ πόλιν Ἄντιον ἀνέζευξαν: ἔνθα παιανίζοντες ἐπὶ τῇ νίκῃ καὶ θύοντες ἐν ἅπασιν ἱεροῖς εἰς εὐπαθείας καὶ ἡδονὰς ταῖς ἐξῆς ἡμέραις ἐτράποντο. [2] εἰ μὲν οὖν ἐπὶ τῆς τότε νίκης διέμειναν καὶ μηδὲν ἐπεξειργάσαντο, καλὸν ἂν αὐτοῖς εἰλήφει τέλος ὁ ἀγών. Ῥωμαῖοι γὰρ οὐκ ἂν ὑπέμειναν ἔτι προελθεῖν ἐκ τοῦ χάρακος ἐπὶ πολέμῳ, ἀγαπητὸν δ' ἂν ἦν, εἰ ἀπῆλθον ἐκ τῆς πολεμίας, κρείττονα τοῦ προδήλου θανάτου τὴν ἄδοξον ἡγησάμενοι φυγὴν. νῦν δὲ τοῦ πλείονος ὀρεγόμενοι καὶ τὴν ἐκ τῆς προτέρας νίκης δόξαν ἀπέβαλον. [3] ἀκούοντες γὰρ παρά τε κατασκόπων καὶ τῶν ἐκ τοῦ χάρακος ἀποδεδρακότων, ὅτι κομιδῇ τ' εἰσὶν οἱ σωθέντες Ῥωμαίων ὀλίγοι καὶ τούτων οἱ πλείους τραυματῖαι, πολλὴν αὐτῶν ἐποίησαντο καταφρόνησιν, καὶ αὐτίκα τὰ ὄπλα ἀρπάσαντες ἔθεον ἐπ' αὐτούς. πολὺ δὲ καὶ τὸ ἄνοπλον αὐτοῖς ἐκ τῆς πόλεως εἵπετο κατὰ θέαν τοῦ ἀγῶνος καὶ ἅμα ἐφ' ἀρπαγὴν τε καὶ ὠφέλειαν. [4] ἐπεὶ δὲ προσβαλόντες τῷ λόφῳ τὸν τε χάρακα περιέστησαν καὶ τὰ περισταυρώματα διασπᾶν ἐπεχείρουν, πρῶτοι μὲν οἱ τῶν Ῥωμαίων ἵππεῖς πεζοὶ μαχόμενοι διὰ τὴν τοῦ χωρίου φύσιν ἐξέδραμον ἐπ' αὐτούς, ἔπειτα τούτων κατόπιν οἱ καλούμενοι τριάριοι πυκνώσαντες τοὺς λόχους: οὗτοι δ' εἰσὶν οἱ πρεσβύτατοι τῶν στρατευομένων, οἷς τὰ στρατόπεδα [p. 259] ἐπιτρέπουσι φυλάττειν, ὅταν ἐξίωσιν εἰς τὴν μάχην, καὶ ἐφ' οὓς τελευταίους, ὅταν ἀθρόα γένηται τῶν ἐν ἀκμῇ φθορά, σπανίζοντες ἑτέρας ἐπικουρίας καταφεύγουσι διὰ τὴν ἀνάγκην. οἱ δ' Οὐολοῦσκοι [5] κατ' ἀρχὰς μὲν ἐδέξαντο τὴν ἔφοδον αὐτῶν καὶ μέχρι πολλοῦ διέμενον ἐκθύμως ἀγωνιζόμενοι, ἔπειτα διὰ τὴν τοῦ χωρίου φύσιν μειονεκτοῦντες ὑπεχώρουν, καὶ τέλος ὀλίγα μὲν τοὺς πολεμίους καὶ οὐκ ἄξια λόγου ἐργασάμενοι, πλείω δ' αὐτοὶ παθόντες κακὰ ὑπεχώρησαν εἰς τὸ πεδίον. ἔνθα καταστρατοπεδευσάμενοι ταῖς ἐξῆς ἡμέραις ἐξέταπτον τὴν δύναμιν καὶ προὔκαλοῦντο τοὺς Ῥωμαίους εἰς μάχην, οἱ δ' οὐκ ἀντεξήσαν. [6] ὥς δὲ τοῦτ' εἶδον καταφρονήσαντες αὐτῶν οἱ Οὐολοῦσκοι συνεκάλουν ἐκ τῶν πόλεων δυνάμεις καὶ παρεσκευάζοντο ὥς ἐξελοῦντες πολυχειρίᾳ τὸ φρούριον: ῥαδίως τ' ἂν ἐξειργάσαντο μέγα ἔργον ὑπάτου τε καὶ Ῥωμαϊκῆς δυνάμεως ἢ βίᾳ κρατήσαντες ἢ καὶ ὁμολογίαις: οὐδὲ γὰρ τῶν ἐπιτηδείων ἔτι εὐπόρει τὸ χωρίον: ἔφθη δὲ πρότερον ἐπικουρία Ῥωμαίοις ἐλθοῦσα, ὅφ' ἦς ἐκωλύθησαν οἱ Οὐολοῦσκοι τὸ κάλλιστον ἐπιθεῖναι τῷ πολέμῳ τέλος. [7] ὁ γὰρ ἕτερος τῶν ὑπάτων Καίσιων Φάβιος μαθὼν, ἐν αἷς ἦν τύχαις ἢ παραταξαμένη Οὐολοῦσκοις δύναμις, ἐβούλετο μὲν ὥς εἶχε τάχους ἄπασαν ἄγων τὴν δύναμιν εὐθύς ἐπέναι τοῖς πολιορκουσί τὸ φρούριον. ὥς δ' οὐκ ἐγένετο αὐτῷ θυομένῳ τε καὶ οἰωνοῖς χρωμένῳ τὰ ἱερὰ καλά, ἀλλ' [p. 260] ἡγαντιοῦτο πρὸς τὰς ἐξόδους αὐτοῦ τὸ δαιμόνιον, αὐτὸς μὲν ὑπέμεινε, τὰς δὲ κρατίστας ἐπιλεξάμενος σπείρας ἀπέστειλε τῷ συνάρχοντι. [8] αἱ δὲ διὰ τ'

ὀρῶν ἀφανῶς καὶ νύκτωρ τὰ πολλὰ ποιησάμενοι τὰς ὁδοὺς εἰσῆλθον εἰς τὸν χάρακα τοὺς πολεμίους λαθοῦσαι. ὁ μὲν οὖν Αἰμίλιος θρασύτερος ἐγεγόνει τῇ παρουσίᾳ τῶν συμμάχων, οἱ δὲ πολέμοι τῷ τε πλήθει τῷ σφετέρῳ εἰκῇ πίσυνοι καὶ διὰ τὸ μὴ ἐπεξιέναι τοὺς Ῥωμαίους εἰς μάχην ἐπαρθέντες ἀνέβαινον ἐπὶ τὸ ὄρος πυκνώσαντες τοὺς λόχους· καὶ οἱ Ῥωμαῖοι παρέντες αὐτοὺς ἀναβῆναι καθ' ἡσυχίαν καὶ πολλὰ πονεῖν περὶ τῷ σταυρώματι ἐάσαντες, ἐπειδὴ τὰ σημεῖα ἦρθη τῆς μάχης διασπάσαντες κατὰ πολλὰ μέρη τὸν χάρακα ἐμπύπτουσιν αὐτοῖς· καὶ οἱ μὲν εἰς χεῖρας καταστάντες τοῖς ξίφεσιν ἐμάχοντο, οἱ δ' ἀπὸ τῶν ἐρυμάτων λίθοις τε καὶ σαυνίοις καὶ λόγχαις τοὺς ἐπιόντας ἔβαλλον, βέλος δ' οὐδὲν ἄσκοπον ἦν πεπιλημένων γ' ἐν βραχεῖ χωρίῳ πολλῶν. [9] ἀπαράττονται δὴ τοῦ λόφου πολλοὺς σφῶν ἀποβαλόντες οἱ Οὐολοῦσκοι καὶ εἰς φυγὴν ὁρμήσαντες μόγις εἰς τὸν ἴδιον ἀποσώζονται χάρακα. Ῥωμαῖοι δ' ὥς ἐν ἀσφαλείᾳ τέως ὄντες ἤδη κατέβαινον ἐπὶ τοὺς ἀγροὺς αὐτῶν· ἐξ ὧν ἐπισιτισμοὺς καὶ τᾶλλα, ὅσων σπάνις ἦν ἐν τῷ χάρακι, ἐλάμβανον.

ἐπειδὴ δὲ καθῆκεν ὁ τῶν ἀρχαιρεσιῶν [p. 261] καιρὸς, ὁ μὲν Αἰμίλιος ἔμεινεν ἐπὶ στρατοπέδου δι' αἰσχύνης ἔχων ἐπὶ συμφοραῖς οὐκ εὐσχήμοσιν εἰς τὴν πόλιν εἰσελθεῖν τὸ κράτιστον ἀπολωλεκῶς τῆς στρατιᾶς. ὁ δὲ συνύπατος αὐτοῦ τοὺς ὑφ' ἑαυτὸν ἄρχοντας ἐπὶ στρατοπέδου καταλιπὼν εἰς τὴν Ῥώμην ὥχετο· καὶ συγκαλέσας τὸν ὄχλον ἐπὶ τὰς ἀρχαιρεσίας, οἷς μὲν ὁ δῆμος ἐβούλετο δοθῆναι τὴν ὑπατείαν ἀνδράσιν ἐκ τῶν ὑπατευκότων, οὐ προὔθηκε τὴν ψηφοφορίαν, ἐπειδὴ οὐδ' αὐτοὶ μετήεσαν τὴν ἀρχὴν ἐκόντες, ὑπὲρ δὲ τῶν μετιόντων τοὺς τε λόχους ἐκάλεσε καὶ τὰς ψήφους ἀνέδωκεν. [2] οὗτοι δ' ἦσαν, οὓς ἡ βουλὴ προεῖλετο καὶ οἷς παραγγέλλειν τὴν ἀρχὴν ἐκέλευσεν, οὐ σφόδρα τῷ δήμῳ κεχαρισμένοι. καὶ ἀπεδείχθησαν εἰς τὸν ἐπιόντα ἐνιαυτὸν ὕπατοι ὃ τε νεώτερος ἀδελφὸς τοῦ προθέντος τὰς ἀρχαιρεσίας ὑπάτου, Μάρκος Φάβιος Καίσιωνος υἱός, καὶ Λεύκιος Οὐαλέριος Μάρκου υἱός, ὁ τὸν τρις ὑπατεύσαντα Κάσσιον κρίνας ἐπὶ τῇ τυραννίδι καὶ [3] ἀποκτείνας. οὗτοι τὴν ἀρχὴν παραλαβόντες ὑπὲρ τῶν ἀποθανόντων ἐν τῷ πρὸς Ἀντιάτας πολέμῳ στρατιωτῶν ἤξιον ἐτέρους καταγράφειν, ἵνα τὸ ἐλλιπὲς ἀναπληρωθῇ τῶν λόχων. καὶ δόγμα ποιησάμενοι βουλῆς προὔγραψαν ἡμέραν, ἐν ᾗ παρεῖναι τοὺς ἔχοντας ἡλικίαν στρατεύσιμον ἔδει. μετὰ τοῦτο θόρυβος ἦν πολὺς κατὰ τὴν πόλιν, καὶ λόγοι τῶν πενεστάτων στασιώδεις οὐκ ἀξιούντων οὔτε βουλῆς δόγμασιν ὑπηρετεῖν οὔτε ὑπάτων ἐξουσίᾳ πειθαρχεῖν, ὅτι τὰς περὶ τῆς κληρουχίας [p. 262] ὑποσχέσεις ἐφεύσαντο πρὸς αὐτούς· συνιόντες τε κατὰ πλῆθος ἐπὶ τοὺς δημάρχους ὠνειδίζον αὐτοῖς προδοσίαν καὶ κατεβῶν ἐπικαλοῦμενοι τὴν ἐξ ἐκείνων συμμαχίαν. [4] τοῖς μὲν οὖν ἄλλοις οὐκ ἐδόκει καιρὸς ἀρμόττων εἶναι πολέμου συνεστῶτος ὑπερορίου τὰς πολιτικὰς ἔχθρας ἀναζωπυρεῖν, εἷς δὲ τις ἐξ αὐτῶν Γάϊος Μαίνιος οὐκ ἔφη προδώσειν τοὺς δημοτικούς, οὐδ' ἐπιτρέψειν τοῖς ὑπάτοις στρατιὰν καταγράφειν, ἐὰν μὴ πρότερον ἀποδείξωσι τοὺς ὀριστὰς τῆς δημοσίας γῆς καὶ τὸ περὶ τῆς κληρουχίας ψήφισμα γράψαντες εἰς τὸν δῆμον ἐξενέγκωσιν. ἀντιλεγόντων δὲ πρὸς ταῦτα τῶν ὑπάτων καὶ πρόφασιν ποιουμένων τοῦ μηθὲν αὐτῷ

συγχωρεῖν, ὧν ἡξίου, τὸν ἐν χερσὶν ὄντα πόλεμον, οὐκ ἔφη προσέξειν αὐτοῖς τὸν νοῦν, ἀλλὰ ^[5] κωλύσειν ἀπάσῃ δυνάμει τὴν καταγραφὴν. καὶ ἐποίει ταῦτα: οὐ μὴν ἰσχυρὸς γε μέχρι τέλους. οἱ γὰρ ὑπατοὶ προελθόντες ἔξω τῆς πόλεως ἐν τῷ παρακειμένῳ πεδίῳ τοὺς στρατηγικοὺς δίφρους ἔθηκαν: ἐνταῦθα καὶ τὸν στρατιωτικὸν ἐποιοῦντο κατάλογον, καὶ τοὺς οὐχ ὑπακούοντας τοῖς νόμοις, ἐπειδὴ αὐτοὺς ἄγειν οὐχ οἴοι τ' ἦσαν, εἰς χρήματα ἐζημίουν: ὅσοις μὲν χωρία ὑπῆρχεν, ἐκκόπτοντες ταῦτα καὶ τὰς αὐλὰς καθαιροῦντες: ὅσων δὲ γεωργικὸς ὁ βίος ἦν ἐν ἀλλοτριῶσι κτήμασι, τούτων ἄγοντές τε καὶ φέροντες τὰ παρεσκευασμένα πρὸς τὴν ἐργασίαν ζεύγη τε βοῖκὰ καὶ βοσκήματα καὶ ὑποζύγια ἀχθοφόρα καὶ σκεύη παντοῖα, οἷς γῆ τ' ἐξεργάζεται καὶ καρποὶ συγκομίζονται. ^[6] ὁ δὲ κωλύων τὴν καταγραφὴν δῆμαρχος οὐθὲν ἔτι ποιεῖν ἦν δυνατός. ^[p. 263] οὐδενὸς γὰρ εἰσι τῶν ἔξω τῆς πόλεως οἱ τὴν δημαρχικὴν ἔχοντες ἐξουσίαν κύριοι: περιγέγραπται γὰρ αὐτῶν τὸ κράτος τοῖς τεῖχεσι, καὶ οὐδὲ ἀπαυλισθῆναι τῆς πόλεως αὐτοῖς θέμις, ὅτι μὴ πρὸς ἓνα καιρόν, ἐν ᾧ πᾶσαι θύουσιν αἱ τῆς πόλεως ἀρχαὶ κοινὴν ὑπὲρ τοῦ Λατίνων ἔθνους τῷ Διὶ θυσίαν ἐπὶ τὸ Ἀλβανῶν ὄρος ἀναβαίνουσαι. ^[7] τοῦτο διαμένει μέχρι τῶν καθ' ἡμᾶς χρόνων τὸ ἔθος, τὸ μηθενὸς εἶναι τῶν ἔξω τῆς πόλεως τοὺς δημάρχους κυρίου: καὶ δὴ καὶ τὸν ἐμφύλιον Ῥωμαίων πόλεμον τὸν ἐπὶ τῆς ἐμῆς ἡλικίας, ὃς μέγιστος τῶν πρὸ αὐτοῦ πολέμων ἐγένετο, ἡ κινήσασα πρόφασις ἐπὶ πολλαῖς ἄλλαις δόξασα μείζων εἶναι καὶ μόνῃ ἀποκρῶσα διαστῆσαι τὴν πόλιν ἦδε ἦν, ὅτι τῶν δημάρχων τινὲς ἐξεληλάσθαι τῆς πόλεως αἰτιώμενοι βίᾳ πρὸς τοῦ τότε κατέχοντος τὰ κατὰ τὴν Ἰταλίαν ἡγεμόνος, ἵνα μηθενὸς εἶεν ἔτι κύριοι, ἐπὶ τὸν ἐν τῇ Γαλατίᾳ τὰ στρατόπεδα κατέχοντα ὡς οὐκ ἔχοντες, ὅποι τράπωνται, κατέφυγον. ^[8] ὁ δὲ τῇ προφάσει ταύτῃ χρησάμενος, ὡς ἀρχῇ δήμου παναγεῖ τὸ κράτος ἀφαιρεθείσῃ παρὰ τοὺς ὄρκους τῶν προγόνων αὐτὸς ὁσίως καὶ σὺν δίκῃ βοηθῶν αὐτὸς τε σὺν τοῖς ὅπλοις ἦλθεν εἰς τὴν πόλιν καὶ τοὺς ἄνδρας ἐπὶ τὴν ἀρχὴν κατήγαγε.

τότε δ' οὖν οἱ δημόται τῆς δημαρχικῆς ἐξουσίας οὐδὲν ἀπολαύοντες ὑφεῖντο τοῦ θράσους καὶ προσιόντες τοῖς ἐπὶ τῆς στρατολογίας τεταγμένοις ^[p. 264] τὸν ἱερὸν ὄρκον ὠμνυσαν, καὶ ὑπὸ τὰς σημαίας κατεγράφοντο. ἐπεὶ δὲ τὸ ἐλλίπεδς τῶν λόχων ἐξεπληρώθη, διεκκληρώσαντο τὰς ἡγεμονίας τῶν στρατοπέδων οἱ ὑπατοί: καὶ ὁ μὲν Φάβιος τὴν ἐπὶ τῇ βοηθείᾳ τῶν συμμάχων ἀποσταλεῖσαν δύναμιν παρελάμβανεν, ὁ δὲ Οὐαλέριος τὴν ἐν Οὐολούσκοις στρατοπεδεύουσαν ἄγων τοὺς νεωστὶ καταγραφέντας. ^[2] μαθοῦσι δὲ τὴν παρουσίαν αὐτοῦ τοῖς πολεμίοις ἐδόκει στρατιάν θ' ἑτέραν μεταπέμπεσθαι καὶ ἐν ἰσχυροτέρῳ τὸ στρατόπεδον ποιήσασθαι χωρίῳ καὶ μηδὲν ἐκ τοῦ καταφρονεῖν αὐτῶν ἔτι προπετὲς κινδύνευμα ὡς πρότερον ὑπομένειν. ἐγεγόνει ταῦτα διὰ ταχέων, ἀμφοτέροις τε παρέστη τοῖς ἡγεμόσι τῶν δυνάμεων ὁμοία περὶ τοῦ πολέμου γνώμη, τὰ ἑαυτῶν φυλάττειν ἐρύματα, ἂν τις ἐπῆρ, τοῖς δὲ τῶν πολεμίῳ ὡς βίᾳ κρατηθησομένοις μὴ ἐπιχειρεῖν. ^[3] καὶ ὁ διὰ μέσου χρόνος οὐκ ὀλίγος ἐγένετο φόβῳ τῶν ἐπιχειρήσεων τριβόμενος: οὐ μέντοι καὶ εἰς τέλος γε διαμένειν ἐν τοῖς ἐγνωσμένοις ἐδυνήθησαν. ὁπότε γὰρ ἐπισιτισμοῦ χάριν ἢ τῶν ἄλλων

ἐπιτηδεῖων τινός, ὧν ἄμφοτέροις ἔδει, μοῖρᾱ τις ἀποσταλεῖη τῆς στρατιᾶς, συμβολαί τ' αὐτῶν ἐγίνοντο καὶ πληγαί, καὶ τὸ νικᾶν οὐκ αἰεὶ παρὰ τοῖς αὐτοῖς ἔμενε: πολλάκις δὲ συμπλεκόμενων ἁλλήλοισι ἀπέθνησκόν τ' οὐκ ὀλίγοι καὶ τραυματῖαι πλείους ἐγίνοντο. [4] τοῖς μὲν οὖν Ῥωμαίοις τὸ ἀπαναλοῦμενον τῆς στρατιᾶς οὐδεμία ποθὲν ἐπικουρία [p. 265] ἐξεπλήρου, τὸ δὲ τῶν Οὐολούσκων στρατοπέδον ἄλλων ἐπ' ἄλλοις ἡκόντων πολλὴν αὐξήσιν ἐλάμβανε: καὶ τοῦτω ἐπαρθέντες οἱ ἡγεμόνες ἐξῆγον ἐκ τοῦ χάρακος τὴν δύναμιν ὡς εἰς μάχην.

ἐξεληθόντων δὲ καὶ τῶν Ῥωμαίων καὶ παραταξαμένων ἰσχυρὰ μάχη γίνεται καὶ ἵππέων καὶ πεζῶν καὶ ψιλῶν ἴση πάντων χρωμένων προθυμίᾳ τε καὶ ἐμπειρίᾳ, καὶ τὸ νικᾶν ἐκάστου παρ' ἑαυτὸν μόνον τιθεμένου: [2] ὡς δὲ νεκροὶ τ' αὐτῶν πολλοὶ ἐκατέρωθεν, ἐν ᾧ ἐτάχθησαν χωρίῳ, πεσόντες ἔκειντο, καὶ ἡμιθνήτες ἔτι πλείους τῶν νεκρῶν, οἱ δὲ παρὰ τὸν ἀγῶνα καὶ τὰ δεινὰ ἔτι διαμένοντες ὀλίγοι ἦσαν, καὶ οὐδὲ οὗτοι δρᾶν τὰ πολέμου ἔργα δυνάμενοι βαρυνόντων μὲν αὐτοῖς τῶν σκεπαστηρίων τὰς εὐωνύμους χεῖρας διὰ πλῆθος τῶν ἐμπεπηγόντων βελῶν, καὶ οὐκ ἐώντων ὑπομένειν τὰς προσβολάς, τετραμμένων δὲ τῶν ἐγχειριδίων τὰς ἀκμάς, ἔστι δ' ὧν καὶ κατεαγόντων ὄλων, οἷς οὐθὲν ἔτι ἦν χρῆσθαι, τοῦ τε κόπου, ὃς δι' ὅλης ἡμέρας ἀγωνιζομένοις αὐτοῖς πολὺς ἐγεγόνει, παραλύντος τὰ νεῦρα καὶ τὰς πληγὰς ἀσθενεῖς ποιοῦντος, ἰδρώτος δὲ καὶ διψης καὶ ἄσθματος, οἷα ἐν πνιγερᾷ ὥρᾳ ἔτους τοῖς πολὺν χρόνον ἀγωνιζομένοις συμπίπτειν φιλεῖ, παρ' ἄμφοτέροις γινομένων, τέλος οὐδὲν ἔλαβεν ἀξιόλογον ἢ μάχη, ἀλλ' ἀγαπητῶς [p. 266] ἄμφοτεροὶ τῶν στρατηγῶν ἀνακαλουμένων ἀπῆλθον ἐπὶ τοὺς ἑαυτῶν χάρακας: καὶ οὐκέτι μετὰ τοῦτ' ἐξῆσαν εἰς μάχην οὐδέτεροι, ἀλλ' ἀντικαθήμενοι παρεφύλαττον ἀλλήλων τὰς ἔνεκα τῶν ἐπιτηδεῖων γινομένας ἐξόδους. [3] ἔδοξε μέντοι καὶ λόγος ἦν ἐν τῇ Ῥώμῃ πολὺς, ὡς δυναμένη τότε νικᾶν ἡ Ῥωμαίων δύναμις ἐκουσία μηδὲν ἦν ἐργάσασθαι λαμπρὸν διὰ μίσός τε τοῦ ὑπάτου καὶ ὀργήν, ἣν εἶχε πρὸς τοὺς πατρικίους ἐπὶ τῷ φενακισμῷ τῆς κληρουχίας. αὐτοὶ δ' οἱ στρατιῶται τὸν ὑπάτον ὡς οὐχ ἱκανὸν στρατηγεῖν ἡτιῶντο, γράμματα πέμποντες ὡς τοὺς ἐπιτηδεῖους ἑαυτῶν ἕκαστοι. καὶ τὰ μὲν ἐπὶ στρατοπέδου γινόμενα τοιαῦτ' ἦν: ἐν αὐτῇ δὲ τῇ Ῥώμῃ πολλὰ δαιμόνια σημεῖα ἐφαίνετο δηλωτικὰ θείου χόλου κατὰ τε φωνὰς καὶ ὄψεις ἀήθεις. [4] πάντα δ' εἰς τοῦτο συνέτεινεν, ὡς οἱ τε μάντις καὶ οἱ τῶν ἱερῶν ἐξηγηταὶ συνενέγκαντες τὰς ἐμπειρίας ἀπεφάνοντο, ὅτι θεῶν χολοῦσθαι τινες οὐ κομίζονται τὰς νομίμους τιμὰς οὐ καθαρῶς οὐδὲ ὁσίως ἐπιτελουμένων αὐτοῖς τῶν ἱερῶν. ζήτησις δὴ μετὰ τοῦτο πολλὴ ἐκ πάντων ἐγένετο, καὶ σὺν χρόνῳ μήνυσις ἀποδίδοται τοῖς ἱεροφάνταις, ὅτι τῶν παρθένων μία τῶν φυλαττουσῶν τὸ ἱερὸν πῦρ, Ὀπιμία ὄνομα αὐτῇ, τὴν παρθενίαν ἀφαιρεθεῖσα μιαινεῖ τὰ ἱερά. [5] οἱ δ' ἔκ τε βασάνων καὶ τῶν ἄλλων ἀποδείξεων [p. 267] μαθόντες, ὅτι τὸ μηνυόμενον ἦν ἀδίκημα ἀληθές, αὐτὴν μὲν τῆς κορυφῆς ἀφελόμενοι τὰ στέμματα καὶ πομπεύσαντες δι' ἀγορᾶς ἐντὸς τειχους ζῶσαν κατώρυξαν: δύο δὲ τοὺς ἐξελεγχθέντας διαπραΰνασθαι τὴν φθορὰν μαστιγώσαντες ἐν φανερωῷ παραχρῆμα ἀπέκτειναν καὶ μετὰ τοῦτο καλὰ τὰ ἱερά καὶ τὰ μαντεύματα ὡς ἀφεικότων αὐτοῖς τῶν

θεῶν τῶν χόλον, ἐγένετο.

ὥς δὲ καθῆκεν ὁ τῶν ἀρχαιρεσιῶν χρόνος, ἐλθόντων τῶν ὑπάτων πολλῇ σπουδῇ καὶ παρατάξεις ἐγένετο τοῦ δήμου πρὸς τοὺς πατρικίους περὶ τῶν παραληφόμενων τὴν ἡγεμονίαν ἀνδρῶν. ἐκεῖνοι μὲν γὰρ ἐκ τῶν νεωτέρων ἐβούλοντο τοὺς δραστηρίους τε καὶ ἥκιστα δημοτικούς ἐπὶ τὴν ὑπατείαν προαγαγεῖν: καὶ μετῆι τὴν ἀρχὴν κελευσθεὶς ὑπ' αὐτῶν ὁ υἱὸς Ἀππίου Κλαυδίου τοῦ πολεμιοτάτου τῷ δήμῳ δοκοῦντος εἶναι, μεστὸς αὐθαδείας ἀνὴρ καὶ θράσους, ἐταίροις τε καὶ πελάταις ἀπάντων πλεῖστον τῶν καθ' ἡλικίαν δυνάμενος: ὁ δὲ δῆμος ἐκ τῶν πρεσβυτέρων τε καὶ τῶν πεῖραν ἤδη δεδωκότων τῆς ἐπεικειας τοὺς προνοησομένους τοῦ κοινῇ συμφέροντος ὀνομάζων ἤξιον ποιεῖν ὑπάτους. αἱ τ' ἀρχαὶ διειστήκεσαν καὶ τὰς ἀλλήλων ἀνέλυσον ἐξουσίας. [2] ὁπότε μὲν γὰρ οἱ ὑπατοὶ καλοῖεν τὸ πλῆθος ὡς ἀποδείξοντες τοὺς μετιόντας τὴν ἀρχὴν ὑπάτους, οἱ δῆμαρχοι τοῦ κωλύειν ὄντες κύριοι διέλυσον τὰ ἀρχαιρέσια, ὁπότε δ' αὖ πάλιν ἐκεῖνοι [p. 268] καλοῖεν ὡς ἀρχαιρεσιάσοντα τὸν δῆμον, οὐκ ἐπέτρεπον οἱ ὑπατοὶ τὴν ἐξουσίαν ἔχοντες τοῦ συγκαλεῖν τοὺς λόχους καὶ τὰς ψήφους ἀναδιδόναι. κατηγορίαι τ' ἀλλήλων ἐγίνοντο καὶ συνεχεῖς ἀψιμαχίαι καθ' ἐταιρίας συνισταμένων, ὥστε καὶ πληγὰς ἀλλήλοις διδόναι τινὰς ὑπ' ὀργῆς, καὶ οὐ μακρὰν ἀποσχεῖν τὴν στάσιν τῶν ὄπλων. [3] ταῦτα μαθοῦσα ἡ βουλὴ πολὺν ἐσκόπει χρόνον, ὃ τι χρήσεται τοῖς πράγμασιν, οὔτε βιάσασθαι δυναμένη τὸν δῆμον οὔτ' εἶξαι βουλομένη. ἦν δ' ἡ μὲν αὐθαδεστέρα γνώμη δικτάτορα ἐλέσθαι τῶν ἀρχαιρεσιῶν ἕνεκα, ὃν ἂν ἡγῶνται κράτιστον εἶναι: τὸν δὲ λαβόντα τὴν ἐξουσίαν τοὺς τε νοσοποιοὺς ἐκ τῆς πόλεως ἐξελεῖν, καὶ εἰ τι ἡμάρτηται ταῖς πρότερον ἀρχαῖς ἐπανορθώσασθαι, τὸν τε κόσμον τοῦ πολιτεύματος, ὃν βούλεται, καταστησάμενον ἀνδράσι τοῖς κρατίστοις ἀποδοῦναι τὰς ἀρχάς. [4] ἡ δ' ἐπεικεστέρα μεσοβασιλεῖς ἐλέσθαι τοὺς πρεσβυτάτους τε καὶ τιμιωτάτους ἄνδρας, οἷς ἐπιμελὲς ἔσται τὰ περὶ τὰς ἀρχάς, ὅπως κράτισται γενήσονται, προνοηθῆναι, τὸν αὐτὸν τρόπον, ὃνπερ ἐπὶ τῶν βασιλέων τῶν ἐκλιπόντων ἐγίνοντο. ταύτῃ προσθεμένων τῇ γνώμῃ τῶν πλειόνων ἀποδείκνυται πρὸς αὐτῶν μεσοβασιλεὺς Αὐλὸς Σεμπρῳνιος Ἀτρατῖνος: [5] αἱ δ' ἄλλαι κατελύθησαν ἀρχαί. οὗτος ἐπιτροπεύσας τὴν πόλιν ἀστασίαστον ὅσας ἐξῆν ἡμέρας ἔτερον ἀποδείκνυσιν, ὥσπερ αὐτοῖς ἔθος ἦν, Σπόριον Λάρκιον. κάκεῖνος συγκαλέσας τὴν λοχίτιν ἐκκλησίαν [p. 269] καὶ τὰς ψήφους κατὰ τὰ τιμήματα ἀναδούς, ἐκ τῆς ἀμφοτέρων εὐδοκήσεως ἀποδείκνυσιν ὑπάτους, Γάϊον Ἰούλιον, τὸν ἐπικαλούμενον Ἰουλον, ἐκ τῶν φιλοδήμων, καὶ Κόιντον Φάβιον Καίσωνος υἱὸν τὸ δεύτερον ἐκ τῶν ἀριστοκρατικῶν. [6] καὶ ὁ μὲν δῆμος οὐδὲν ἐκ τῆς προτέρας ὑπατείας αὐτοῦ πεπονθὼς εἶασε τυχεῖν ταύτης τῆς ἐξουσίας τὸ δεύτερον, μισῶν τὸν Ἀππίον καὶ ὅτι ἐκεῖνος ἀτιμασθῆναι ἐδόκει σφόδρα ἡδόμενος: τοῖς δ' ἐν τέλει διαπεπραγμένοις δραστήριον ἄνδρα καὶ οὐθὲν ἐνδύσοντα τῷ δήμῳ μαλακὸν ἐπὶ τὴν ὑπατείαν παρελθεῖν, κατὰ γνώμην ἐδόκει κεχωρηκέναι τὰ τῆς διχοστασίας.

ἐπὶ τῆς τούτων ἀρχῆς Αἰκανοὶ μὲν εἰς τὴν Λατίνων χώραν ἐμβαλόντες ἀπῆλασαν ἀνδράποδα καὶ βοσκήματα πολλὰ ληστρικῇ ἐφόδῳ χρησάμενοι:

Τυρρηνῶν δ' οἱ καλούμενοι Οὐιεντανοὶ τῆς Ρωμαίων γῆς πολλὴν ἡδίκησαν

Αἰκανοὶ μὲν ἐπειδὴ τὰ πρῶτα αὐτοῖς κατὰ νοῦν ἐχώρησε, καὶ οὐθεὶς ὁ

πρὸς τοὺς ἀπὸ τῆς Ῥώμης ἤκοντας ἀποκρινάμενοι, ὅτι οὐκ ἐξ αὐτῶν

ἀπέλυσαν τοὺς ἄνδρας οὐθὲν τῶν δικαίων ποιήσαντες: καὶ οἱ πρέσβεις

παρ' αὐτῶν ἡ βουλὴ μαθοῦσα πολεμεῖν τ' ἐψηφίσατο Οὐιεντανοῖς καὶ τοὺς
ὑπάτους ἀμφοτέρους ἐξάγειν τὴν στρατίαν. [3] ἐγένετο μὲν οὖν περὶ τοῦ

τῆς τε κληρουχίας ὑπομιμνήσκοντες τοὺς δημοτικούς, ἧς γε πέμπτον ἔτος
ἐψηφισμένης ὑπὸ τοῦ συνεδρίου κενῇ πιστεύσαντες ἐλπίδι ἐξηπάτηντο, καὶ
κοινὸν ἀποφαίνοντες πόλεμον, εἰ κοινῇ χρήσεται γνώμη πᾶσα Τυρρηνία τοῖς

ἐκύρωσε καὶ ὁ δῆμος τὸ τῆς βουλῆς δόγμα τῇ Σπορίου Λαρκίου γνώμῃ τε
καὶ παρακλήσει χρησάμενος. καὶ μετὰ ταῦτ' ἐξῆγον τὰς δυνάμεις οἱ ὕπατοι:
στρατοπεδευσάμενοι δὲ χωρὶς ἀλλήλων οὐ μακρὰν ἀπὸ τῆς πόλεως καὶ
μείναντες ἡμέρας συχνάς, ἐπειδὴ οὐκ ἀντεξῆγον οἱ πολέμιοι τὰς δυνάμεις,
προνομεύσαντες αὐτῶν τῆς γῆς ὅσῃν ἐδύναντο πλείστην ἀπῆγον ἐπ' οἴκου
τὴν στρατίαν. ἄλλο δ' ἐπὶ τῆς τούτων ὑπατείας λόγου ἄξιον οὐδὲν ἐπράχθη.

BOOK IX

τῷ δὲ μετὰ τούτους ἔτει διαφορᾷς γενομένης τῷ δήμῳ πρὸς τὴν βουλὴν περὶ τῶν ἀποδειχθησομένων ὑπάτων: οἱ μὲν γὰρ ἠξιοῦν ἀμφοτέρους ἐκ τῶν ἀριστοκρατικῶν ἐπὶ τὴν ἀρχὴν προαγαγεῖν, ὁ δὲ δῆμος ἐκ τῶν ἐαυτῷ κεχαρισμένων: γνωσιμαχήσαντες πρὸς ἀλλήλους ἡ βουλὴ καὶ ὁ δῆμος τέλος συνέπεισαν ἀλλήλους ἀφ' ἐκάστης μερίδος ὑπατον αἰρεθῆναι: καὶ ἀποδεῖκνυται Καίσιων μὲν Φάβιος τὸ δεῦτερον ὑπὸ τῆς βουλῆς, ὁ τὸν Κάσιον ἐπὶ τῇ τυραννίδι κρίνας, Σπόριος δὲ Φούριος ὑπὸ τῶν δημοτικῶν, ἐπὶ τῆς ἑβδομηκοστῆς καὶ πέμπτης Ὀλυμπιάδος ἄρχοντος Ἀθήνησι [p. 272] Καλλιάρχου, καθ' ὃν χρόνον ἐστράτευσε Ξέρξης ἐπὶ ^[2] τὴν Ἑλλάδα. ἄρτι δὲ παρειληφότων αὐτῶν τὴν ἀρχὴν Λατίνων τε πρέσβεις ἦκον ἐπὶ τὴν βουλὴν δεόμενοι πέμψαι σφίσι τὸν ἕτερον τῶν ὑπάτων μετὰ δυνάμεως, ὃς οὐκ ἔασει προσωτέρῳ χωρεῖν τὴν Αἰκανῶν καταφρόνησιν, καὶ Τυρρηνία πᾶσα ἡγγέλλετο κεκινημένη καὶ οὐ διὰ μακροῦ χωρήσουσα εἰς πόλεμον. συνήχθη γὰρ εἰς κοινὴν ἐκκλησίαν τὸ ἔθνος, καὶ πολλὰ Οὐιεντανῶν δεηθέντων συνάρασθαι σφίσι τοῦ κατὰ Ῥωμαίων μαίων πολέμου, τέλος ἐξήνεγκεν ἐξεῖναι τοῖς βουλομένοις Τυρρηνῶν μετέχειν τῆς στρατείας: καὶ ἐγένετο χεῖρ ἀξιόμαχος ἡ τοῖς Οὐιεντανοῖς ἐκουσίως τοῦ πολέμου συναραμένη. ταῦτα μαθοῦσι τοῖς ἐν τέλει Ῥωμαίων ἔδοξε στρατιάς τε καταγράφειν καὶ τοὺς ὑπάτους ἀμφοτέρους ἐξεῖναι, τὸν μὲν Αἰκανοῖς τε πολεμήσοντα καὶ Λατίνοις τιμωρὸν ἐσόμενον, τὸν δ' ἐπὶ ^[3] Τυρρηνίας ἄξοντα τὰς δυνάμεις. ἀντέπραττε δὲ πρὸς ταῦτα Σπόριος Ἰκίλιος τῶν δημάρχων εἷς: καὶ συναγὼν εἰς ἐκκλησίαν τὸν δῆμον ὁσημέραι τὰς περὶ τῆς κληρουχίας ὑποσχέσεις ἀπῆτει παρὰ τῆς βουλῆς καὶ οὐδὲν ἔφη συγχωρήσειν οὔτε τῶν ἐπὶ πόλεμον οὔτε τῶν κατὰ πόλιν ὑπ' αὐτῆς ψηφιζομένων ἐπιτελεσθῆναι, ἐὰν μὴ τοὺς δέκα ἄνδρας ἀποδείξωσι πρότερον ὀριστὰς τῆς δημοσίας χώρας, καὶ διέλωσι τὴν γῆν, ὥς [p. 273] ^[4] ὑπέσχοντο τῷ δήμῳ. ἀπορουμένη δὲ τῇ βουλῇ καὶ ἀμμηχανούσῃ, τί χρή ποιεῖν, Ἀππίος Κλαύδιος ὑποτίθεται σκοπεῖν, ὅπως διαστήσεται τὰ τῶν ἄλλων δημάρχων πρὸς αὐτόν, διδάσκων, ὅτι τὸν κωλύοντα καὶ ἐμποδῶν γινόμενον τοῖς δόγμασι τῆς βουλῆς ἱερὸν ὄντα καὶ νόμῳ τὴν ἐξουσίαν ἔχοντα ταύτην ἄλλως οὐκ ἔστι παῦσαι τῆς δυναστείας, ἐὰν μὴ τις ἕτερος τῶν ἀπὸ τῆς ἴσης τιμῆς καὶ τὴν αὐτὴν ἐξουσίαν ἐχόντων τάναντία πράττη καί, οἷς ἂν ἐκεῖνος ἐμποδῶν γένηται, ^[5] ταῦτα κωλύῃ. συνεβούλευε τε τοῖς αὐθις παραληψομένοις τὴν ἀρχὴν ὑπάτοις τοῦτο πράττειν καὶ σκοπεῖν, ὅπως ἔξουσί τινος αἰεὶ τῶν δημάρχων οἵκειους σφίσι καὶ φίλους: μίαν εἶναι λέγων τῆς ἐξουσίας τοῦ ἀρχείου κατάλυσιν, ἐὰν στασιάζωσι πρὸς ἀλλήλους οἱ ἄνδρες.

ταύτην εἰσηγησαμένου τὴν γνώμην Ἀππίου δόξαντες αὐτὸν ὀρθῶς παραινεῖν οἳ τε ὑπατοὶ καὶ τῶν ἄλλων οἱ δυνατώτατοι, πολλῇ θεραπείᾳ διεπράξαντο τοὺς τέτταρας ἐκ τῶν δημάρχων οἵκειους τῇ βουλῇ ^[2] γενέσθαι. οἱ δὲ τέως μὲν λόγῳ μεταπίθειν τὸν Ἰκίλιον ἐπεχειροῦν ἀποστήναι τῶν περὶ τῆς κληρουχίας πολιτευμάτων, ἕως οἱ πόλεμοι λάβωσι τέλος: ὥς δ'

ἦναντιοῦτο καὶ διώμνυτο λόγον τε τὸν αὐθαδέστερον εἰπεῖν ἐτόλμησε τοῦ δήμου παρόντος, ὅτι μᾶλλον ἂν βούλοιοτο Τυρρηνοὺς καὶ τοὺς ἄλλους πολεμίους κρατήσαντας [p. 274] τῆς πόλεως ἐπιδεῖν, ἢ τοὺς κατέχοντας τὴν χώραν τὴν δημοσίαν ἀφεῖναι, δόξαντες ἀφορμὴν εἰληφέναι καλὴν πρὸς αὐθάδειαν τοσαύτην τοῦ τάναντία λέγειν τε καὶ πράττειν, οὐδὲ τοῦ δήμου τὸν λόγον ἡδέως δεξαμένου, κωλύειν αὐτὸν ἔφησαν, καὶ φανερώς ἔπραττον, ὅσα τῇ βουλῇ τε καὶ τοῖς ὑπάτοις δοκοῖη: [3] μονωθεὶς δ' Ἰκίλιος οὐδενὸς ἔτι κύριος ἦν. μετὰ τοῦθ' ἡ στρατιὰ κατεγράφετο καὶ, ὅσων ἔδει τῷ πολέμῳ πάντα ὑπηρετεῖτο, τὰ μὲν ἐκ τῶν δημοσίων, τὰ δ' ἐκ τῶν ἰδίων ἀπάσῃ προθυμίᾳ: καὶ διὰ τάχους οἱ ὕπατοι διακληρωσάμενοι τὰ στρατεύματα ἐξήρσαν, Σπόριος μὲν Φούριος ἐπὶ τὰς Αἰκανῶν πόλεις, Καίσιων δὲ Φάβιος ἐπὶ Τυρρηνοὺς. [4] Σπορίῳ μὲν οὖν ἅπαντα κατὰ νοῦν ἐχώρησεν οὐχ ὑπομεινάντων εἰς χεῖρας ἐλθεῖν τῶν πολεμίων, καὶ πολλὰ ἐκ τῆς στρατείας ἐξεγένετο χρήματά τε καὶ σώματα λαβεῖν. ἐπῆλθε γὰρ ὀλίγου δεῖν πᾶσαν ὄσσην οἱ πολέμιοι χώραν κατεῖχον, ἄγων καὶ φέρων, καὶ τὰ λάφυρα τοῖς στρατιώταις ἅπαντα ἐχαρίσατο. [5] δοκῶν δὲ καὶ τὸν πρὸ τοῦ χρόνον εἶναι φιλόδημος, ἔτι μᾶλλον ἐκ ταύτης τῆς στρατηγίας ἐθεράπευσε τὸ πλῆθος. καί, ἐπειδὴ παρῆλθεν ὁ χρόνος τῆς στρατείας, ἄγων τὴν δύναμιν ὀλόκληρόν τε καὶ ἀπαθῇ χρήμασιν εὐπορον κατέστησε τὴν πατρίδα.

Καίσιων δὲ Φάβιος ὁ ἕτερος τῶν ὑπάτων, οὐδενὸς [p. 275] χεῖρον στρατηγήσας, ἀφηρέθη τὸν ἐκ τῶν ἔργων ἔπαινον παρ' οὐδὲν ἀμάρτημα ἴδιον, ἀλλ' ὅτι τὸ δημοτικὸν οὐκ εἶχε κεχαρισμένον αὐτῷ, ἐξ οὗ τὸν ὕπατον Κάσιον ἐπὶ τῇ τυραννίδι προσαγγεῖλας ἀπέκτεινεν. [2] οὔτε γὰρ ὅσα δέοι σὺν τάχει στρατηγῷ κελεύσαντι τοὺς ὑπηκόους πειθαρχεῖν, οὔθ' ὅσα τῷ προθύμῳ καὶ πρέποντι χρησαμένους βίᾳ κατασχεῖν, οὔθ' ὅσα λάθρα τῶν ἀντιπολεμίων χωρία εἰς πλεονεξίαν εὐθετα σφετερίσασθαι, οὔτ' ἄλλο πράττειν οὐδὲν ἔτοιμοι ἦσαν, ἐξ οὗ τιμὴν τινα ὁ στρατηγὸς καὶ δόξαν ἀγαθὴν ἐξοίσεσθαι ἔμελλε. καὶ τᾶλλα μὲν αὐτῶν, ὅσα ὑβρίζοντες τὸν ἡγεμόνα διετέλουν, ἐκείνῳ θ' ἦττον λυπηρὰ ἦν καὶ τῇ πόλει βλάβης οὐ μεγάλης ἄξια, ὃ δὲ τελευτῶντες ἐξειργάσαντο κίνδυνον οὐ μικρὸν ἦνεγκε καὶ πολλὴν αἰσχύνην ἀμφοῖν. [3] γενομένης γὰρ παρατάξεως ἐν τῷ μεταξὺ τῶν λόφων, ἐφ' οἷς ἦσαν ἐστρατοπεδευκότες ἀμφοτέροι, πάσῃ τῇ παρ' ἐκατέρων δυνάμει, πολλὰ καὶ καλὰ ἔργα ἀποδειξάμενοι καὶ τοὺς πολεμίους ἀναγκάσαντες ἄρξαι φυγῆς, οὔτ' ἠκολούθησαν ἀποῦσι τοῦ στρατηγοῦ πολλὰ ἐπικελεύοντος οὔτε παραμείναντες ἐκπολιορκῆσαι τὸν χάρακα ἠθέλησαν, ἀλλ' ἐάσαντες ἀτελεῖς ἔργον καλὸν ἀπῆσαν εἰς τὴν αὐτῶν στρατοπεδείαν. [2] ἐπειδὴ δ' ἐπαύσατο, προέρχεται τις ἐκ τοῦ πλήθους, Μάρκος Φλαβολήιος ὄνομα, ἀνὴρ δημοτικὸς μὲν καὶ αὐτουργός, οὐ μὴν τῶν ἀπερριμμένων τις, ἀλλὰ τῶν ἐπαινουμένων δι' ἀρετὴν καὶ τὰ πολέμια ἄλκιμος, καὶ δι' ἄμφω ταῦτα ἐνὸς τῶν ταγμάτων τῇ λαμπροτάτῃ ἀρχῇ κεκοσμημένος, ἣ τὰς ἐξήκοντα ἑκατονταρχίας ἔπεσθαι τε καὶ τὸ κελευόμενον ὑπηρετεῖν κελεύει ὁ νόμος. τούτους Ῥωμαῖοι τοὺς ἡγεμόνας τῇ πατρίῳ γλώττῃ πριμοπίλους καλοῦσιν. [3] οὗτος ὁ ἀνὴρ — ἦν δὲ πρὸς τοῖς ἄλλοις μέγας τε καὶ καλὸς ἰδεῖν — στάς, ὅθεν ἅπασιν ἔμελλεν ἔσεσθαι φανερός, Ἐπεὶ τοῦτ', ἔφησεν, ὧ ὕπατοι, δεδοίκατε, μὴ τὰ ἔργα ἡμῶν οὐχ

ὁμοία γέννηται τοῖς λόγοις, ἐγὼ πρῶτος ὑμῖν ὑπὲρ ἑμαυτοῦ τὸ βέβαιον τῆς ὑποσχέσεως ἐκ τῆς μεγίστης πίστεως παρέξομαι: καὶ ὑμεῖς δ', ὧ πολῖται τε καὶ τῆς αὐτῆς κοινωνοὶ τύχης, ὅσοι [p. 288] διεγνώκατε εἰς ἴσον καταστῆσαι τὰ ἔργα τοῖς λόγοις, [4] οὐκ ἂν ἁμαρτάνοιτε ταῦτ' ὀνομάζοντες ἑμοί. ταῦτ' εἰπὼν καὶ τὸ ξίφος ἀνατείνας ὤμοσε τὸν ἐπιχώριόν τε Ῥωμαίοις καὶ κράτιστον ὄρκον, τὴν ἀγαθὴν ἑαυτοῦ πίστιν, νικήσας τοὺς πολεμίους ἤξειν εἰς τὴν πόλιν, ἄλλως δ' οὐ. τοῦτον ὁμόσαντος τοῦ Φλαβοληίου τὸν ὄρκον πολλὺς ἐξ ἀπάντων ἔπαινος ἐγένετο: καὶ αὐτίκα οἱ τε ὑπάτοι ἀμφοτέρωι ταῦτ' ἔδρων καὶ οἱ τὰς ἐλάττους ἔχοντες στρατηγίας χιλίαρχοί τε καὶ λοχαγοί, τελευτῶσα [5] δ' ἡ πληθὺς. ἐπεὶ δὲ τοῦτ' ἐγένετο, πολλὴ μὲν εὐθυμία πᾶσιν ἐνέπεσε, πολλὴ δὲ φιλότης ἀλλήλων, θάρσος τ' αὖ καὶ μένος: καὶ ἀπελθόντες ἐκ τῆς ἐκκλησίας, οἱ μὲν ἵπποις χαλινοὺς ἐνέβαλλον, οἱ δὲ ξίφη καὶ λόγχας ἔθηγον, οἱ δὲ τὰ σκεπαστήρια τῶν ὀπλῶν ἐξέματτον: καὶ ὀλίγου πᾶσα ἦν ἕτοιμος εἰς τὸν ἀγῶνα ἢ στρατιά. [6] οἱ δ' ὑπάτοι τοὺς θεοὺς εὐχαῖς τε καὶ θυσίαις καὶ λιταῖς ἐπικαλεσάμενοι τῆς ἐξόδου σφίσι γενέσθαι ἡγεμόνας, ἐξῆγον ἐκ τοῦ χάρακος ἐν τάξει καὶ κόσμῳ τὸν στρατόν. καὶ οἱ Τυρρηνοὶ καπνόντας αὐτοὺς ἐκ τῶν ἐρυμάτων ἰδόντες ἐθαύμασαν τε καὶ ἀντεπεξῆσαν ἀπάσῃ τῇ δυνάμει.

ὥς δ' εἰς τὸ πεδῖον ἀμφοτέρωι κατέστησαν, καὶ τὸ πολεμικὸν ἐσήμηναν αἱ σάλπιγγες, ἔθεον ἀλαλάξαντες ὁμόσε: καὶ συμπεσόντες ἀλλήλοις ἵππεῖς ἵππεῦσι καὶ [p. 289] πεζοὶ πεζοῖς ἐμάχοντο, καὶ πολλὺς ἐξ ἀμφοτέρων ἐγένετο φόνος. οἱ μὲν οὖν τὸ δεξιὸν ἔχοντες τῶν Ῥωμαίων κέρας, οὗ τὴν ἡγεμονίαν εἶχεν ὁ ἕτερος τῶν ὑπᾶτων Μάλλιος, ἐξέωσαν τὸ καθ' ἑαυτοῦς μέρος, καὶ καταβάντες ἀπὸ τῶν ἵππων ἐμάχοντο πεζοί. οἱ δ' ἐν τῷ εὐωνύμῳ κέρατι ταχθέντες ὑπὸ τοῦ δεξιοῦ τῶν πολεμίων ἐκυκλοῦντο. [2] ἦν γὰρ ἡ Τυρρηνῶν φάλαγξ κατὰ τοῦτο τὸ χωρίον ὑπερπετῆς τε καὶ οὐκ ὀλίγῳ μείζων τῆς ἐτέρας. παρερρήγνυτο δὴ ταύτῃ τὸ Ῥωμαϊκὸν στράτευμα καὶ πολλὰς πληγὰς ἐλάμβανεν. ἡγεῖτο δὲ τούτου κέρως Κόιντος Φάβιος, πρεσβευτὴς καὶ ἀντιστράτηγος ὢν, ὁ δις ὑπατεύσας: καὶ μέχρι πολλοῦ ἀντείχε τραύματα λαμβάνων παντοδαπά, ἔπειτα λόγχῃ βληθεὶς εἰς τὰ στέρνα μέχρι τῶν σπλάγχνων ἐλθούσης τῆς αἰχμῆς ἔξαιμος γενόμενος πίπτει. [3] ὥς δὲ τοῦτ' ἤκουσεν ὁ ἕτερος τῶν ὑπᾶτων, Μάρκος Φάβιος — ἦν δὲ κατὰ μέσσην τὴν φάλαγγα τεταγμένος — τοὺς κρατίστους τῶν λόχων ἀναλαβὼν καὶ τὸν ἕτερον τῶν ἀδελφῶν Καίσιωνα Φάβιον ἀνακαλεσάμενος, παρήλαυνεν ἐπὶ τὴν ἑαυτοῦ φάλαγγα καὶ μέχρι πολλοῦ προελθὼν, ἐπειδὴ παρήλλαξεν τὸ δεξιὸν τῶν πολεμίων κέρας, ἤλαυνεν ἐπὶ τοὺς κυκλουμένους. ἐμπεσὼν δ' αὐτοῖς φόνον τε τοῖς ἐν χειρὶ ποιεῖ πολὺν καὶ φυγὴν τῶν πρόσω, τὸν τ' ἀδελφὸν ἔτι ἐμπνέοντα καταλαβὼν αἵρεται. [4] ἐκεῖνος μὲν οὖν οὐ πολὺν ἔτι χρόνον ἐπιβιούς ἀποθνήσκει: τοῖς δὲ τιμωροῦσιν αὐτῷ θυμὸς ἔτι πλείων παρέσθη καὶ μείζων [p. 290] πρὸς τὸ ἀντίπαλον: καὶ οὐδὲν ἔτι τῆς ἰδίας ψυχῆς προνοοῦμενοι σὺν ὀλίγοις εἰς μέσους ἐμπεσόντες τοὺς μάλιστα συνεστηκότας τῶν πολεμίων, σωροὺς ἐξεπλήρουν νεκρῶν. κατὰ μὲν δὴ τοῦτο τὸ μέρος ἔκαμεν ἡ [5] Τυρρηνῶν φάλαγξ, καὶ οἱ πρότερον ὠσάμενοι τοὺς πολεμίους ὑπὸ τῶν κεκρατημένων

ἀνεκόπησαν. οἱ δὲ τὸ εὐώνυμον ἔχοντες κέρας κάμνοντες ἤδη καὶ φυγῆς ἄρχοντες, ἔνθα ὁ Μάλλιος ἦν ἐτρέψαντο τοὺς καθ' ἑαυτοὺς. παλτῷ γὰρ τις βαλὼν τὸν Μάλλιον διὰ τοῦ γόνατος ἄχρι τῆς ἰγνύας διήρεισε τὴν λόγχην· καὶ τὸν μὲν οἱ πέριξ ἄραντες ἐπὶ τὴν παρεμβολὴν ἀπεκόμιζον, οἱ δὲ πολέμιοι τὸν ἡγεμόνα τῶν Ῥωμαίων τεθνηκέναι δόξαντες ἐπερρώσθησαν, καὶ παραβοηθησάντων αὐτοῖς τῶν ἐτέρων ἐνέκειντο τοῖς Ῥωμαίοις οὐκ ἔχουσιν ἡγεμόνα. ^[6] ἠναγκάσθησαν δὲ πάλιν οἱ Φάβιοι καταλιπόντες τὸ εὐώνυμον κέρας τῷ δεξιῷ βοηθεῖν· καὶ οἱ Τυρρηνοὶ προσιόντας αὐτοὺς στίφει καρτερῷ μαθόντες τῆς μὲν ἐπὶ πλέον διώξεως ἀποτρέπονται, πυκνώσαντες δὲ τοὺς λόχους ἐμάχοντο ἐν τάξει, καὶ πολλοὺς μὲν τῶν σφετέρων ἀπέβαλον, πολλοὺς δὲ καὶ τῶν Ῥωμαίων ἀπέκτειναν.

ἐν ᾧ δὲ ταῦτ' ἐγίνετο, οἱ τὸν χάρακα τὸν ἐκλειφθέντα ὑπὸ τοῦ Μαλλίου καταλαβόμενοι Τυρρηνοὶ συνθήματος ἀρθέντος ἀπὸ τοῦ στρατηγίου σὺν τάχει πολλῷ καὶ προθυμίᾳ μεγάλῃ χωροῦντες ἐπὶ τὸν ἕτερον ἠπείγοντο τῶν Ῥωμαίων χάρακα, ὡς οὐκ ἀξιοχρέω δυνάμει [p. 291] φυλαττόμενον. καὶ ἦν ἡ δόξα αὐτῶν ἀληθής. ἔξω γὰρ τῶν τριαρίων καὶ ὀλίγων ἄλλων τῶν ἐν ἀκμῇ τὸ λοιπὸν πλῆθος ἐμπόρων τε καὶ θεραπόντων καὶ χειροτεχνῶν ἦν ἐν αὐτῷ· γίνεται τε πολλῶν εἰς ὀλίγον συνελασθέντων χωρίον· περὶ γὰρ. ταῖς πύλαις ὁ ἀγὼν ἦν· ὀξεῖα καὶ χαλεπὴ μάχη, καὶ νεκροὶ παρ' ἀμφοτέρων πολλοί. ^[2] ἐν τούτῳ τῷ ἔργῳ ὃ τε Μάλλιος ὕπατος ἐκβοηθῶν ἅμα τοῖς ἵππεῦσιν, ἐπειδὴ ὁ ἵππος ἔπεσε συγκατενεχθεὶς καὶ ἀδύνατος ὦν ἀναστῆναι ὑπὸ πλήθους τραυμάτων, ἀποθνήσκει καὶ πολλοὶ καὶ ἀγαθοὶ περὶ αὐτὸν ἄλλοι νέοι. μετὰ δὲ τὸ πάθος τοῦτ' εὐθύς ὁ χάραξ ἠλίσκετο, καὶ τέλος εἶχε τοῖς Τυρρηνοῖς τὰ ^[3] μαντεύματα εἰ μὲν οὖν ἐταμιεύσαντο τὴν παροῦσαν εὐτυχίαν καὶ διὰ φυλακῆς ἔσχον τὸν χάρακα, τὰς τ' ἀποσκευὰς τῶν Ῥωμαίων κατέσχον καὶ αὐτοὺς αἰσχυρῶς ἀπελθεῖν ἠνάγκασαν· νῦν δὲ πρὸς ἀρπαγὴν τῶν ἀπολειφθέντων τραπόμενοι καὶ ἀναψύχοντες τὸ λοιπὸν οἱ πλείους καλὴν ἄγραν ἐκ τῶν χειρῶν ἀφηρέθησαν. ὡς γὰρ ἀπηγγέλθη θατέρῳ τῶν ὑπάτων ἡ τοῦ χάρακος ἄλωσις, ἠπείγετο σὺν τοῖς ἀρίστοις ἵππεων τε καὶ πεζῶν. ^[4] καὶ οἱ Τυρρηνοὶ μαθόντες αὐτὸν ἐπιόντα περιεστεφάνωσαν τὸν χάρακα, μάχη τ' αὐτῶν γίνεται καρτερὰ τῶν μὲν ἀνασώσασθαι βουλομένων τὰ σφέτερα, τῶν δέ, μὴ πασσοῦσι διαφθαρώσιν ἀλόντος τοῦ χάρακος, δεδοικότες. χρόνου δὲ γινομένου πλείονος καὶ τῶν Τυρρηνῶν πολλὰ πλεονεκτούντων — ἦν γὰρ αὐτοῖς ἔξ [p. 292] ὑπερδεξιῶν τε χωρίων καὶ πρὸς ἀνθρώπους δι' ἡμέρας ὅλης κεκτημένους ἡ μάχη — Τίτος Σίκκιος ὁ πρεσβευτὴς καὶ ἀντιστράτηγος, κοινωσάμενος τῷ ὑπάτῳ τὴν αὐτοῦ διάνοιαν τὸ ἀνακλητικὸν ἐκέλευε σημαίνειν, καὶ ^[5] καθ' ἑν ἅπαντας γενομένους μιᾷ προσβάλλειν πλευρᾷ τοῦ χάρακος, καθ' ὃ μάλιστα τὸ χωρίον ἦν ἐπιμαχώτατον· τὰ δὲ κατὰ τὰς πύλας εἶασε μέρη κατὰ τινα εἰκότα λογισμόν, ὃς οὐκ ἐψεύσατο αὐτόν, ὅτι σωθήσεσθαι μὲν ἐλπίσαντες οἱ Τυρρηνοὶ μεθήσονται τοῦ χάρακος, ἐν ἀπογνώσει δὲ τούτου γενόμενοι κυκλώσεώς τε πάντοθεν ὑπὸ τῶν πολεμίων γενομένης καὶ οὐδεμιᾶς ὑπαρχούσης ἐξόδου ἀναγκαῖον ἔξουσιν τὸ εὐτολμον. ^[6] γενομένης δὲ καθ' ἑν χωρίον τῆς προσβολῆς οὐκέτι πρὸς ἀλκὴν οἱ Τυρρηνοὶ ἐτρέποντο, ἀλλ'

ὁ δ' ὑπάτος ἐπειδὴ τὸ δεινὸν ἀπέωσατο, παρεβοήθει πάλιν τοῖς ἐν τῷ πεδίῳ. αὕτη μεγίστη λέγεται τῶν πρὸ αὐτῆς γενέσθαι Ῥωμαίοις μάχη, πλήθει τ' ἀνθρώπων καὶ μήκει χρόνου καὶ τῷ ἀγχιστροφῷ τῆς τύχης. αὐτῶν μὲν γὰρ τῶν ἐκ τῆς πόλεως Ῥωμαίων ἡ κρατίστη τε καὶ ἐπιλεκτος ἀκμὴ δισμυρίων μάλιστα πεζῶν ἐγένετο, καὶ τῶν συντεταγμένων τοῖς τέτταρσι τάγμασιν ἱππέων ὁμοῦ τι χιλίων καὶ διακοσίων, ἀποίκων δὲ καὶ συμμάχων ἑτέρα τοσαύτη. [2] χρόνος δ' ἐμηκύνθη τοῦ ἀγῶνος ὀλίγῳ πρότερον τῆς μεσημβρίας [p. 293] ἀρξάμενος μέχρι δύσεως ἡλίου. τὰ δὲ τῆς τύχης μέχρι πολλοῦ τῆδε καὶ τῆδε νίκαις τε καὶ ἥτταις ταλαντευόμενα διέμεινεν: ὑπάτου δὲ θάνατος ἐγένετο καὶ πρεσβευτοῦ δις ὑπατεύσαντος καὶ ἄλλων πολλῶν ἡγεμόνων καὶ ταξιάρχων καὶ λοχαγῶν, ὅσων οὐδέπω πρότερον. τὸ μέντοι κράτος τοῦ ἀγῶνος ἐδόκει περὶ τοὺς Ῥωμαίους γεγονέναι κατ' ἄλλο μὲν οὐδέν, ὅτι δὲ τῇ ἐπιούσῃ νυκτὶ καταλιπόντες τὸν χάρακα οἱ Τυρρηνοὶ ἀνέζευξαν. [3] τῇ δ' ἐξῆς ἡμέρᾳ πρὸς ἀρπαγὰς τῆς ἐκλειφθείσης ὑπὸ τῶν Τυρρηνῶν παρεμβολῆς οἱ Ῥωμαῖοι τραπόμενοι καὶ ταφὰς ποιησάμενοι τῶν σφετέρων νεκρῶν ἀπῆλθον εἰς τὸν ἑαυτῶν χάρακα. ἐκεῖ δ' ἐκκλησίαν ποιησάμενοι τοῖς ἀγωνισαμένοις λαμπρῶς τὰς ἀριστείους ἀπέδωκαν τιμὰς, πρῶτῳ μὲν Καίσωνι Φαβίῳ τῷ τοῦ ὑπάτου ἀδελφῷ μεγάλα καὶ θαυμαστὰ ἔργα ἀποδειξαμένῳ, δευτέρῳ δὲ τῷ Σικκίῳ, τῷ διαπραξαμένῳ τὸν χάρακα ἀνασώσασθαι, τρίτῳ δὲ Μάρκῳ Φλαβοληίῳ τῷ ἡγεμόνι τοῦ τάγματος, τοῦ θ' ὄρκου χάριν καὶ τῆς παρὰ τὰ [4] δεινὰ ῥώμης, διαπραξάμενοι δὲ ταῦτα καὶ μείναντες ἡμέρας ὀλίγας ἐπὶ τοῦ χάρακος, ὥς οὐδεὶς ἀντεπεξῆει τῶν πολεμίων μαχησόμενος, ἀπῆεσαν ἐπ' οἴκου. πάντων δὲ τῶν κατὰ τὴν πόλιν, ὥς ἐπὶ μεγίστῳ ἀγῶνι κάλλιστον τέλος εἰληφότι, τὴν ἐπινίκιον τιμὴν τοῦ θριάμβου τῷ περιόντι ὑπάτῳ προσθεῖναι βουλομένων, ἡρνήσατο τὴν χάριν αὐτῶν ὁ ὑπάτος, οὔτε ὅσιον εἶναι [p. 294] λέγων οὔτε θεμιτὸν ἐπ' ἀδελφοῦ θανάτῳ καὶ συνάρχοντος ἀποβολῇ πομπεῦειν καὶ στεφανηφορεῖν: ἀποθεὶς δὲ τὰς σημαίας καὶ τοὺς στρατιώτας ἀπολύσας ἐπὶ τὰ οἰκεῖα τὴν ὑπατείαν ἀπωμόσατο, δεῦν ἔτι μηνῶν εἰς τὸν ἐνιαύσιον χρόνον λειπομένων, ἀδύνατος, ὦν τὰ τῆς ἀρχῆς ἔτι πράττειν. ἑταλαιπώρει γὰρ ὑπὸ τραύματος ἐξαισίου καὶ ἦν κλινοπετῆς.

ἐλομένης δὲ τῆς βουλῆς μεσοβασιλεῖς τῶν ἀρχαιρεσίων ἔνεκα, καὶ τοῦ δευτέρου μεσοβασιλέως συγκατέσαντος εἰς τὸ πεδίον τοὺς λόχους, ἀποδείκνυται Καίσων Φάβιος ὁ τὰ ἀριστεῖα λαβὼν ἐκ τῆς μάχης, ἀδελφὸς δὲ τοῦ τὴν ἀρχὴν ἀποθεμένου, τὸ τρίτον ὑπάτος καὶ σὺν αὐτῷ Τίτος Οὐεργίνιος. οὗτοι διαλαχόντες τὰς δυνάμεις ἐξήεσαν εἰς τὴν ὑπαιθρον: [2] Φάβιος μὲν Αἰκανοῖς πολεμήσων προνομεύουσι τοὺς Λατίνων ἀγροῦς, Οὐεργίνιος δὲ Οὐιεντανοῖς. Αἰκανοὶ μὲν οὖν ἐπειδὴ στρατὸν ἐλευσόμενον ἐπ' αὐτοὺς ἔγνωσαν, ἀναστάντες ἐκ τῆς πολεμίας διὰ τάχους ἀπῆλθον εἰς τὰς ἑαυτῶν πόλεις: καὶ μετὰ ταῦτα λεηλατουμένης τῆς σφετέρας γῆς ἡνείχοντο, ὥστε πολλῶν κρατῆσαι χρημάτων τὸν ὑπάτον καὶ σωματῶν καὶ τῆς ἄλλης λείας ἐξ ἐφόδου. Οὐιεντανοὶ δὲ κατ' ἀρχὰς ἐντὸς τειχους μένοντες, ἐπειδὴ καιρὸν ἔχειν ἔδοξαν ἐπιτήδειον, ἐπέθεντο τοῖς πολεμίοις

ἔσκεδασμένοις ἀνὰ τὰ πεδία καὶ πρὸς ἀρπαγὴν τετραμμένοις τῆς λείας. [3] ἔχοντες δὲ πολλὴν καὶ συντεταγμένην δύναμιν ἐμβάλλουσιν εἰς αὐτούς, [p. 295] καὶ τὴν τε λείαν ἀφαιροῦνται, καὶ τοὺς ὁμόσε χωροῦντας, οὓς μὲν ἀποκτείνουσιν, οὓς δ' εἰς φυγὴν τρέπουσι: καὶ εἰ μὴ Τίτος Σικκιος πρεσβευτῆς τότε ὦν στίφει συντεταγμένῳ πεζῶν τε καὶ ἱππέων παραβοηθήσας ἐπέσχεν αὐτούς, οὐδὲν ἂν τὸ κωλύσον ἦν ἅπασαν ἀπολέσθαι τὴν στρατιάν. ἐκείνου δ' ἐμποδῶν γενομένου συνελθεῖν ἔφθασαν οἱ λοιποὶ οἱ καθ' ἕνα διεσκεδασμένοι: πάντες δ' ἐν ταύτῳ γενόμενοι λόφον τινὰ καταλαμβάνονται περὶ δειλὴν ὄψιαν, καὶ τὴν ἐποῦσαν νύκτα ἐν τούτῳ ἔμειναν. [4] ἐπαρθέντες δὲ Οὐιεντανοὶ τῷ κατορθώματι πλησίον τοῦ λόφου τίθενται τὰ ὄπλα, καὶ τοὺς ἐκ τῆς πόλεως ἐκάλουν ὥς κατακεκλεικότες τοὺς Ῥωμαίους εἰς χωρίον, ἔνθα οὐδὲν τῶν ἐπιτηδίων ἔμελλον ἔξειν, καὶ προσαναγκάσοντες οὐκ εἰς μακρὰν παραδοῦναι σφίσι τὰ ὄπλα. γίνεται τ' αὐτῶν συχνοῦ ἐλθόντος ὄχλου δύο στρατεύματα περὶ τὰς ἐπιμάχους λαγόνas τοῦ λόφου, πολλὰ τ' ἄλλα φρουρία βραχύτερα κατὰ τοὺς ἥττον ἐπικαίρους τόπους: καὶ πάντα ἦν μεστὰ [5] ὀπλων. ὁ δ' ἕτερος τῶν ὑπάτων Φάβιος γραμμάτων παρὰ τοῦ συνάρχοντος ἀφικομένων ἐπιγνούς, ὅτι ἐν ἐσχάτοις εἰσὶν οἱ κατακλεισθέντες ἐν τῷ λόφῳ, καὶ κινδυνεύουσιν, εἰ μὴ τις αὐτοῖς βοηθήσει, λιμῷ ἀλῶναι, ἀναστήσας τὸν στρατὸν ἦγεν ἐπὶ τοὺς Οὐιεντανοὺς σὺν τάχει: καὶ εἰ μὲν βραδύτερον ἡμέρα διήνυσεν τὴν ὁδόν, οὐδὲν ἂν ὦνυσεν, ἀλλὰ διεφθαρμένην τὴν ἐκεῖ [p. 296] στρατιάν κατέλαβε. πιεζόμενοι γὰρ τῇ σπάνει τῶν ἀναγκαίων οἱ κατέχοντες τὸν λόφον ἐξῆλθον ὥς τὸν εὐπρεπέστατον αἰρησόμενοι τῶν θανάτων, καὶ συμβαλόντες τοῖς πολεμίοις ἐμάχοντο κεκμηκότες οἱ πλείους τὰ σώματα λιμῷ τε καὶ δίψῃ καὶ ἀγρυπνίᾳ καὶ τῇ [6] ἄλλῃ κακώσει. μετ' οὐ πολὺ δ' ὥς τὸ τοῦ Φαβίου στρατεύμα προσιὸν ὦφθη πολὺ τε καὶ συντεταγμένον, θάρσος μὲν ἔφερε τοῖς σφετέροις, δέος δὲ τοῖς πολεμίοις: καὶ οἱ Τυρρηνοὶ οὐκέτι ἀξιόμαχοι εἶναι νομίσαντες πρὸς ἀγαθὴν τε καὶ ἀκμῆτα δύναμιν εἰς ἀγῶνα χωρεῖν, ὥχοντο ἐκλιπόντες τοὺς χάρακας. ὥς δ' εἰς ταὐτὸ συνῆλθον αἱ τῶν Ῥωμαίων δυνάμεις ἀμφοτέραι, στρατόπεδόν τε ποιοῦνται μέγα πλησίον τῆς πόλεως ἐν ἐχυρῷ, καὶ πολλὰς ἡμέρας αὐτόθι διατρίψαντες καὶ τὴν ἀρίστην τῶν Οὐιεντανῶν χώραν λεηλατήσαντες ἀπῆγον ἐπ' οἴκου τὴν στρατιάν. Τιβέριός τε ποταμοῦ καὶ ὄρους Ἰανίκλου στάδια τῆς Ῥώμης οὐδ' εἴκοσιν ἀφρεστώτος ἀφικομένη. ἡ κωλύσουσα γὰρ δύναμις ἐπὶ πλεῖον χωρεῖν τὰ πολέμια οὐκ ἦν ὑπὸ σημαίαις. ἔφθασε γοῦν τὸ τῶν Οὐιεντανῶν στράτευμα πρὶν ἢ συνελθεῖν τε καὶ λοχισθῆναι τοὺς Ῥωμαίους ἀπελθόν.

συναχθείσης δὲ μετὰ τοῦτο τῆς βουλῆς ὑπὸ τῶν ὑπάτων καὶ σκέψεως γενομένης, τίνα χρὴ πολεμεῖν τοῖς Οὐιεντανοῖς τρόπον, ἡ νικῶσα ἦν γνώμη, στράτευμα συνεστηκὸς ἔχειν ἐπὶ τοῖς ὁρίοις, ὃ διὰ φυλακῆς ἔξει τὴν χώραν θυραυλοῦν καὶ αἰεὶ μένον ἐν τοῖς ὅπλοις. ἐλύπει δ' αὐτοὺς ἡ τ' εἰς τοὺς φρουροὺς δαπάνη πολλὴ σφόδρα ἐσομένη, τοῦ τε κοινοῦ ταμείου διὰ τὰς συνεχεῖς στρατείας ἐξαναλωμένου καὶ τῶν ἰδίων βίων ἀπειρηκόντων ταῖς εἰσφοραῖς: καὶ ἔτι μᾶλλον ἡ τῶν ἀποσταλῆσομένων φρουρῶν καταγραφὴ τίνα τρόπον ἂν γένοιτο, ὥς οὐκ ἂν ἐκουσίῳ γέ πινῳ προκειμένων [p. 298] ἀπάντων, καὶ μὴ ἐκ διαδοχῆς, ἀλλὰ συνεχῶς ταλαιπωρεῖν ὑποστησομένων.

δέχεσθαι. [7] νειμαντες γάρ εἰς τέτταρα μέρη τὴν στρατιάν οἱ Φάβιοι, τῷ μὲν ἐνὶ διεφύλαττον τὸ χωρίον, τοῖς δὲ τρισὶ τὴν χώραν τῶν πολεμίων ἄγοντές τε καὶ φέροντες αἰεὶ διετέλουν· καὶ πολλάκις τῶν Οὐιεντανῶν ἐκ τοῦ φανεροῦ τ' αὐτοῖς ἐπιθεμένων χειρὶ οὐκ ὀλίγῃ καὶ εἰς χωρία ἐνέδραις κατεχόμενα ὑπαγομένων, περιῆσαν ἀμφοτέρως καὶ πολλοὺς νεκροὺς ποιήσαντες ἀσφαλῶς ἀπήεσαν εἰς τὸ χωρίον. ὥστ' οὐδ' ὁμόσε χωρεῖν [p. 300] αὐτοῖς ἔτι οἱ πολέμιοι ἐτόλμων, ἀλλὰ τειχῆρεις μένοντες τὰ πολλὰ καὶ κλέπτοντες τὰς ἐξόδους διετέλουν, καὶ ὁ μὲν χειμῶν ἐκεῖνος οὕτως ἐτελεῦτα.

τῷ δὲ κατόπιν ἔτει Λευκίου τ' Αἰμιλίου καὶ Γαίου Σερουιλίου τὴν ὑπατείαν παρειληφόντων ἀπηγγέλη Ῥωμαίοις, ὅτι Οὐολοῦσκοι καὶ Αἰκανοὶ συνθήκας πεποιήνται στρατιάς κατ' αὐτῶν ἅμα ἐξάγειν, καὶ οὐ διὰ μακροῦ εἰς τὴν χώραν ἐμβαλοῦσι· καὶ ἦν ἀληθὴ τὰ λεγόμενα. θάπτον γοῦν ἢ προσεδόκα τις ἀμφοτέροι τὰς δυνάμεις ἔχοντες ἐδήουν τὴν κατὰ σφᾶς ἕκαστοι χώραν, ὡς οὐχ ἱκανῶν ἐσομένων Ῥωμαίων τῷ τε Τυρρηνικῷ πολέμῳ ἀντέχειν καὶ σφᾶς ἐπιόντας δέχεσθαι. [2] καὶ ἕτεροι αὐθις ἤκοντες ἐκπεπολεμῶσθαι πρὸς αὐτοὺς Τυρρηνίαν ἀπηγγέλλον ὅλην καὶ παρεσκευάσθαι Οὐιεντανοῖς κοινὴν ἀποστέλλειν συμμαχίαν. κατέφυγον γὰρ ὡς αὐτοὺς ἀδύνατοι ὄντες ἐξελεῖν δι' ἑαυτῶν τὸ φρούριον Οὐιεντανοί, συγγενείας τε ὑπομιμνήσκοντες καὶ φιλίας καὶ ὅσους μετ' αὐτῶν ἦσαντο πολέμους διεξιόντες· ἀντὶ πάντων δὲ τούτων ἀξιοῦντες συνάρασθαι σφίσι τοῦ κατὰ Ῥωμαίων πολέμου, ὡς σφῶν τε προκαθημένων Τυρρηνίας ὅλης καὶ τὸν πόλεμον ἀνακωχεύοντων τὸν ἀπὸ Ῥώμης ῥέοντα κατὰ πάντων τῶν ὁμοεθνῶν. καὶ οἱ Τυρρηνοὶ πεισθέντες ὑπέσχοντο πέμψειν αὐτοῖς [p. 301] [3] ὄσῃν ἠξίουں συμμαχίαν. ταῦθ' ἡ βουλὴ μαθοῦσα ἐψηφίσατο τρισσὰς ἐκπέμψειν στρατίας, καὶ γενομένων ἐν τάχει τῶν καταλόγων Λεύκιος μὲν Αἰμίλιος ἐπὶ Τυρρηνοὺς ἐπέμφθη· συνήρατο δ' αὐτῷ τῆς ἐξόδου Καίσιων Φάβιος, ὁ νεωστὶ τὴν ἀρχὴν ἀποθέμενος, δεηθεὶς τῆς βουλῆς ἐπιτρέψαι αὐτῷ τοῖς ἐν Κρεμέρᾳ συγγενέσιν, οὓς ὁ ἀδελφὸς αὐτοῦ φρουρήσοντας τὸ χωρίον ἐξήγαγε, συνεῖναι τε καὶ τῶν αὐτῶν ἀγώνων μετέχειν· καὶ ἐξῆλθε σὺν τοῖς ἀμφ' αὐτὸν ἐξουσίᾳ κοσμηθεὶς ἀνθυπάτῳ. [4] Γάιος δὲ Σερουίλιος ὁ ἕτερος τῶν ὑπάτων ἐπὶ Οὐολοῦσκους ἐστράτευσε· Σερούιος δὲ Φούριος ἀνθύπατος ἐπὶ τὸ Αἰκανῶν ἔθνος. ἐκάστῳ δ' αὐτῶν δύο μὲν τάγματα Ῥωμαίων εἵπετο, Λατίνων δὲ καὶ Ἑρνίκων καὶ τῶν ἄλλων συμμάχων οὐκ ἐλάττω τῆς Ῥωμαικῆς δυνάμεως. τῷ μὲν οὖν ἀνθυπάτῳ Σερουίῳ κατὰ νοῦν ὁ πόλεμος ἐχώρησε καὶ σὺν τάχει. μιᾷ γὰρ ἐτρέψατο τοὺς Αἰκανοὺς μάχῃ καὶ ταύτῃ δίχα πόνου, τῇ πρώτῃ τοὺς πολεμίους ἐκπλήξας ἐφόδῳ, καὶ τὸ λοιπὸν ἐδήουν τὴν γῆν αὐτῶν καταπεφυγόντων εἰς τὰ ἐρύματα. [5] Σερουιλίῳ δὲ θατέρῳ τῶν ὑπάτων ὑπὸ σπουδῆς τε καὶ αὐθαδείας ἐπὶ τὸν ἀγῶνα χωρήσαντι πολὺ τὸ παρὰ γνώμην ἀπήντησε, καρτερῶς πάνυ τῶν Οὐολοῦσκων ἀντιταξαμένων, ὥστ' ἠναγκάσθη πολλοὺς καὶ ἀγαθοὺς ἄνδρας ἀπολέσας μηκέτι χωρεῖν ὁμόσε τοῖς πολεμίοις, ἀλλ' ἐν τῷ χάρακι ὑπομένων ἀκροβολισμοῖς καὶ ψιλῶν [p. 302] [6] συμπλοκαῖς διαφέρειν ἔγνω τὸν πόλεμον. Λεύκιος δ' Αἰμίλιος, ὁ πεμφθεὶς ἐπὶ Τυρρηνοὺς, εὐρῶν

ἔξεστρατευμένους πρὸ τῆς πόλεως τοὺς Οὐιεντανοὺς καὶ σὺν αὐτοῖς πολὺ τὸ παρὰ τῶν ὁμοεθνῶν ἐπικουρικόν, οὐδὲν ἔτι μελλήσας ἔργου εἶχετο: ἡμέραν δ', ἀφ' ἧς τὸν χάρακα ἔθετο, διαλιπὼν ἐξῆγε τὰς δυνάμεις εἰς μάχην, θρασέως πάνυ τῶν Οὐιεντανῶν ὁμόσε χωροῦντων. ἰσορρόπου δὲ τοῦ ἀγῶνος γινομένου τοὺς ἵππεῖς ἀναλαβὼν ἐνσείει τοῖς πολεμίοις κατὰ τὸ δεξιὸν κέρας, καί, ἐπειδὴ τοῦτο διεσάλευσεν, ἐπὶ θάτερον ἐχώρει, ὅπου μὲν ἱππάσιμον εἶη χωρίον ἀπὸ τῶν ἵππων μαχόμενος, ὅπου δ' ἄνιππον ἀποκαταβαίνων τε καὶ πεζὸς ἀγωνιζόμενος. πονούντων δὲ τῶν κεράτων ἀμφοτέρων οὐδ' οἱ κατὰ μέσον ἔτι ἀντεῖχον, ἀλλ' ἐξεώσθησαν ὑπὸ τῶν πεζῶν, καὶ μετὰ τοῦτο πάντες ἔφυγον ἐπὶ τὸν χάρακα. [7] ὁ δ' Αἰμίλιος ἠκολούθει τοῖς φεύγουσι συντεταγμένην τὴν δύναμιν ἔχων καὶ πολλοὺς διέφθειρε. γενόμενος δὲ πλησίον τοῦ χάρακος καὶ προσβαλὼν ἐκ διαδοχῆς ἐκείνην τε παρέμεινε τὴν ἡμέραν καὶ τὴν ἐποῦσαν νύκτα, τῇ δ' ἐξῆς ἡμέρᾳ κόπῳ τε καὶ τραύμασι τῶν πολεμίων καὶ ἀγρυπνίᾳ ἀπειρηκότων ἐγκρατὴς γίνεται τοῦ χάρακος. οἱ δὲ Τυρρηνοί, ὡς εἶδον ἐπιβαίνοντας ἤδη τοὺς Ῥωμαίους τοῖς περισταυρώμασιν, ἐκλιπόντες τὸ στρατόπεδον ἔφευγον, οἱ μὲν εἰς τὴν πόλιν, οἱ δ' εἰς τὰ πλησίον ὄρη. [8] ταύτην μὲν οὖν τὴν ἡμέραν ἐν τῷ χάρακι τῶν πολεμίων ἔμεινεν ὁ ὕπατος, [p. 303] τῇ δ' ἐξῆς ἡμέρᾳ στεφανώσας τοὺς ἀριστεύσαντας ἐν ταῖς μάχαις ταῖς ἐκπρεπεστάταις δωρεαῖς, πάντα τὰ ἐγκαταληφθέντα ἐν τῷ χάρακι ὑποζυγία τε καὶ ἀνδράποδα καὶ σκηνὰς πολλῶν ἀγαθῶν γεμούσας τοῖς στρατιώταις ἐχαρίσατο. καὶ ἐγένετο ἐν πολλῇ εὐπορίᾳ τὸ τῶν Ῥωμαίων στρατεύμα ὡς ἐξ οὐδεμιᾶς ἐτέρας πώποτε μάχης. ἀβροδιατον γὰρ δὴ καὶ πολυτελὲς τὸ τῶν Τυρρηνῶν ἔθνος ἦν οἴκοι τε καὶ ἐπὶ στρατοπέδου, περιηγόμενον ἔξω τῶν ἀναγκαίων πλούτου τε καὶ τέχνης ἔργα παντοῖα πρὸς ἡδονὰς μεμηχανημένα καὶ τρυφάς.

ταῖς δ' ἐξῆς ἡμέραις ἀπειρηκότες ἤδη τοῖς κακοῖς οἱ Οὐιεντανοὶ τοὺς πρεσβυτάτους τῶν πολιτῶν ἱκετηρίας φέροντας ἀπέστειλαν ὡς τὸν ὕπατον ὑπὲρ τῆς εἰρήνης διαλεξομένους. καὶ οἱ ἄνδρες ὀλοφυρόμενοί τε καὶ ἀντιβολοῦντες καὶ τᾶλλ', ὅσα ἐπαγωγὰ ἦν εἰς ἔλεον, μετὰ πολλῶν δακρύων διεξιόντες πείθουσι τὸν ὕπατον ἐπιτρέψαι σφίσι τοὺς πρεσβευτὰς εἰς Ῥώμην ἀποστεῖλαι τοὺς ὑπὲρ τῆς καταλύσεως τοῦ πολέμου πρὸς τὴν βουλήν διαλεξομένους, ἕως δ' ἂν οἱ πρέσβεις ἀφίκωνται φέροντες τὰς ἀποκρίσεις, μηδὲν αὐτῶν κακουργεῖν τὴν χώραν. ἴνα δ' αὐτοῖς ἐγγένηται ταῦτα πράττειν, σίτον τε ὠμολόγησαν τῇ Ῥωμαίων στρατιᾷ διμήνου παρέξειν, καὶ χρήματα εἰς ὀψωνιασμόν [p. 304] [2] ἔξ μηνῶν, ὡς ὁ κρατῶν ἔταξε. καὶ ὁ μὲν ὕπατος λαβὼν τὰ κομισθέντα καὶ διαδοὺς τῇ στρατιᾷ ποιεῖται τὰς πρὸς αὐτοὺς ἀνοχάς. ἡ δὲ βουλή τῆς πρεσβείας ἀκούσασα καὶ τὰ τοῦ ὑπάτου γράμματ' ἀναλεξαμένη πολλὴν ποιουμένου παράκλησιν καὶ παραινούντος ὡς τάχιστα καταθέσθαι τὸν πρὸς τοὺς Τυρρηνοὺς πόλεμον, δόγμα ἐξήνεγκε διδόναι τὴν εἰρήνην, ὡς ἦτοῦντο οἱ πολέμιοι: ἐφ' οἷς δὲ δικαίοις αὕτη γενήσεται, τὸν ὕπατον καταστήσασθαι Λεύκιον Αἰμίλιον, ὡς ἂν αὐτῷ [3] φανῇ κράτιστα ἔξειν. ταύτας λαβὼν τὰς ἀποκρίσεις ὁ ὕπατος σπένδεται πρὸς τοὺς Οὐιεντανούς, ἐπεικεστέραν μᾶλλον ἢ συμφορωτέραν τοῖς

κεκρατηκόσι ποιησάμενος εἰρήνην, οὔτε χώραν αὐτῶν ἀποτεμόμενος οὔτε χρημάτων ἄλλων ἐπιθείς ζημίαν, οὔτε ὁμήρων δώσει τὸ πιστὸν ἐν τοῖς συγκειμένοις βεβαιωσάμενος. [4] τοῦτ' αὐτῷ μέγαν ἤνεγκε φθόνον, καὶ τοῦ μὴ λαβεῖν παρὰ τῆς βουλῆς τὰς ἐπὶ τοῖς κατωρθωμένοις χάριτας αἷτιον ἐγένετο. ἐνέστησαν γάρ αὐτῷ τὸν θρίαμβον αἰτουμένῳ τὴν αὐθάδειαν αἰτιώμενοι τῶν συνθηκῶν, ὅτι οὐ μετὰ κοινῆς γνώμης αὐτὰς ἔπραξεν. ἵνα δὲ μὴ πρὸς ὕβριν ἢ πρὸς ὀργὴν λάβῃ τὸ πρᾶγμα, ἐπὶ Οὐολούσκους αὐτὸν ἐψηφίσαντο τὴν δύναμιν ἀπάγειν ἐπικουρίας τοῦ συνάρχοντος ἔνεκα, εἰ δύναιτο κατορθώσας τὸν ἐκεῖ πόλεμον — ἦν γὰρ ἐν αὐτῷ πολὺ τὸ ἀνδρεῖον — ἀφανίσει τὰς ἐπὶ τοῖς προτέροις ἀμαρτήμασιν ὀργάς. ὁ δ' ἀνὴρ ἀγανακτῶν ἐπὶ τῇ ἀτιμίᾳ πολλὴν ἐποίησατο τῆς βουλῆς [p. 305] ἐν τῷ δήμῳ κατηγορίαν, ὡς ἀχθομένης ἐπὶ τῷ λελυσθαι τὸν πρὸς τοὺς Τυρρηνοὺς πόλεμον. ἔφην δὲ τοῦτ' αὐτοὺς ἐξ ἐπιβουλῆς καὶ ὑπεροφίας τῶν πενήτων ποιεῖν, ἵνα μὴ τῶν ὑπεροριῶν ἀπαλλαγέντες πολέμων ἀπαιτῶσι τὰς περὶ τῆς κληρουχίας ὑποσχέσεις, [5] πολλοστὸν ἔτος ἤδη φενακιζόμενοι πρὸς αὐτῶν. ταῦτα καὶ πολλὰ τούτοις ὅμοια εἰπὼν καὶ δι' ὀργῆς ἀκράτου τῶν πατρικίων ὄνειδη κατασκεδάσας, τὴν τε συστρατευσαμένην αὐτῷ δύναμιν ἀπέλυσε τῶν σημείων καὶ τὴν μετὰ Φουρίου τοῦ ἀνθυπάτου διατρίβουσαν ἐν Αἰκανοῖς μεταπεμφάμενος ἀφῆκεν ἐπὶ τὰ σφέτερα: ἐξ ὧν πολλὴν πάλιν ἐποίησεν ἐξουσίαν τοῖς δημάρχοις κατηγορεῖν τῶν βουλευτῶν ἐν ταῖς ἐκκλησίαις καὶ διστάσαι τοὺς πένητας ἀπὸ τῶν εὐπόρων.

μετὰ δὲ τούτους παραλαμβάνουσι τὴν ὑπατείαν Γάιος Ὀράτιος καὶ Τίτος Μενήνιος ἐπὶ τῆς ἑβδομηκοστῆς καὶ ἑκτῆς ὀλυμπιάδος, ἦν ἐνίκα στάδιον Σκάμανδρος Μιτυληναῖος ἄρχοντας Ἀθήνησι Φαίδωνος. τούτοις κατ' ἀρχὰς μὲν ὁ πολιτικὸς θόρυβος ἐμποδῶν ἐγένετο πράττειν τὰ κοινὰ ἡρεθισμένου τοῦ δήμου καὶ οὐδὲν ἑῶντος ἕτερον ἐπιτελεῖσθαι τῶν κοινῶν, ἕως ἂν μερίσθῃ τὴν δημοσίαν γῆν, χρόνῳ δ' ὕστερον εἴξε τὰ παρακινουῦντα καὶ ταραττόμενα τῇ ἀνάγκῃ συγχωρήσαντα καὶ ἐπὶ τὰς στρατείας ἐκούσια ἦλθε.

[2] Τυρρηνῶν γὰρ αἱ μὴ μετασχοῦσαι τῆς εἰρήνης ἔνδεκα πόλεις [p. 306] ἀγορὰν ποιησάμεναι κοινὴν κατηγοροῦν τοῦ Οὐιεντανῶν ἔθνους, ὅτι τὸν πρὸς Ῥωμαίους πόλεμον οὐ μετὰ κοινῆς γνώμης κατελύσαντο, καὶ δεῖν θάπερον αὐτοὺς ἡξιοῦν πράττειν, ἢ λύειν τὰ πρὸς Ῥωμαίους ὁμολογηθέντα

[3] ἢ πολεμεῖν σφίσι μετ' ἐκείνων. οἱ δὲ Οὐιεντανοὶ τῆς μὲν εἰρήνης τὴν ἀνάγκην ἡτιῶντο, ὅπως δ' ἂν αὐτὴν καταλύσαιτο εὐπρεπῶς εἰς κοινὸν ἐτίθεσαν σκοπεῖν. ἔπειτα ὑποτίθεται τις αὐτοῖς ἔγκλημα ποιησαμένοις τὸν ἐπιτειχισμὸν τῆς Κρεμέρας καὶ τὸ μὴ ἀπανίστασθαι τοὺς φρουροὺς ἀπ' αὐτῆς, λόγῳ μὲν πρῶτον ἀξιοῦν αὐτοὺς ἐκλιπεῖν τὸ χωρίον, ἐὰν δὲ μὴ πείθωσι, πολιορκεῖν τὸ φρούριον, καὶ ταύτην ἀρχὴν ποιήσασθαι τοῦ πολέμου. [4] ταῦτα συνθέμενοι ἀπηλλάττοντο ἐκ τοῦ συλλόγου: καὶ μετ' οὐ πολὺ Οὐιεντανοὶ μὲν ἀποστειλαντες πρεσβείαν ὡς τοὺς Φαβίους ἀπῆτουν παρ' αὐτῶν τὸ φρούριον, Τυρρηνία δὲ πᾶσα ἦν ἐν τοῖς ὅπλοις. ταῦτα Ῥωμαῖοι αἰσθόμενοι Φαβίων αὐτοῖς ἐπιστειλάντων ἔγνωσαν ἀμφοτέρους ἐκπορεύεσθαι τοὺς ὑπάτους ἐπὶ τὸν πόλεμον, τὸν τ' ἀπὸ Τυρρηνίας ἐπαγόμενον σφίσι καὶ τὸν ἔτι πρὸς Οὐολούσκους συνεστώτα. [5] Ὀράτιος

μὲν οὖν ἄγων δύο τάγματα καὶ ἀπὸ τῶν ἄλλων συμμάχων τοὺς ἱκανοὺς ἐξήγαγε τὴν δύναμιν ἐπὶ Οὐλολούςκους. Μενήγιος δὲ τοσαύτην στρατὴν ἑτέραν ἄγων ἐπὶ Τυρρηνοὺς ἔμελλε ποιῆσθαι τὴν ἔξοδον. παρασκευαζομένου δ' αὐτοῦ καὶ τρίβοντος τὸν [p. 307] χρόνον ἔφθη τὸ ἐν Κρεμέρᾳ φρούριον ἐξαιρεθὲν ὑπὸ τῶν πολεμίων, καὶ τὸ Φαβίων γένος ἅπαν ἀπολόμενον. περὶ δὲ τῆς κατασχούσης τοὺς ἄνδρας συμφορᾶς διττὸς φέρεται λόγος, ὁ μὲν ἦττον πιθανός, ὁ δὲ μᾶλλον τῆς ἀληθείας ἀπτόμενος. θήσω δ' αὐτοὺς ἀμφοτέρους, ὥς παρέλαβον.

τινὲς μὲν οὖν φασιν, ὅτι θυσίας ἐπιστάσης πατρίου, ἣν ἔδει τὸ Φαβίων ἐπιτελέσαι γένος, οἱ μὲν ἄνδρες ἐξῆλθον ὀλίγους ἐπαγόμενοι πελάτας ἐπὶ τὰ ἱερά, καὶ προῆσαν οὔτε διερευνώμενοι τὰς ὁδοὺς οὐθ' ὑπὸ σημαίαις τεταγμένοι κατὰ λόχους, ῥαθύμως δὲ καὶ ἀφυλάκτως ὥς ἐν εἰρήνῃ τε καὶ διὰ φιλίας γῆς πορευόμενοι. [2] οἱ δὲ Τυρρηνοὶ προεγνωκότες αὐτῶν τὴν ἔξοδον ἐλόχησαν τῆς ὁδοῦ χωρίον μέρει τῆς στρατιᾶς, τὴν δὲ λοιπὴν δύναμιν συντεταγμένην ἔχοντες οὐ πολλῷ ὕστερον ἠκολούθουν. ὥς δ' ἐπλησίασαν οἱ Φάβιοι ταῖς ἐνέδραις, ἐξαναστάντες τοῦ λόχου οἱ Τυρρηνοὶ προσπίπτουσιν αὐτοῖς, οἱ μὲν κατὰ μέτωπον, οἱ δ' ἐκ τῶν πλαγίων, καὶ μετ' οὐ πολὺ ἡ τῶν ἄλλων Τυρρηνῶν δύναμις προσέβαλεν ἐκ τῶν κατόπιν: καὶ περιστάντες αὐτοῖς πανταχόθεν, οἱ μὲν σφενδόναις, οἱ δὲ τόξοις, οἱ δὲ σαννίοις τε καὶ λόγχαις στοχαζόμενοι, τῷ πλήθει τῶν βελῶν ἅπαντας κατειργάσαντο. [3] οὗτος μὲν οὖν ἦττον ἔμοιγε πιθανὸς φαίνεται εἶναι λόγος. οὔτε γὰρ εἰκὸς ἀπὸ στρατοπέδου θυσίας ἔνεκα [p. 308] τοὺς ὑπὸ ταῖς σημαίαις τοσούτους ἄνδρας εἰς τὴν πόλιν ἀναστρέφειν ἄνευ ψηφίσματος βουλῆς, δυναμένων τῶν ἱερουργῶν καὶ δι' ἑτέρων ἐπιτελεσθῆναι τῶν μετεχόντων μὲν τοῦ αὐτοῦ γένους, προβεβηκότων δὲ ταῖς ἡλικίαις: οὐτ' εἰ πάντες ἀπεληλύθεσαν ἐκ τῆς πόλεως, καὶ μηδεμία μοῖρα τοῦ Φαβίων γένους ἐν τοῖς ἐφεστίοις ὑπελείπετο, πάντας εἰκὸς ἦν τοὺς κατέχοντας τὸ φρούριον ἐκλιπεῖν αὐτοῦ τὴν φυλακὴν: ἤρκουν γὰρ ἂν καὶ τρεῖς ἢ τέτταρες ἀφικόμενοι συντελέσαι περὶ τοῦ γένους ὅλου τὰ ἱερά. διὰ μὲν δὴ ταύτας τὰς αἰτίας οὐκ ἔδοξέ μοι πιστὸς εἶναι ὁ λόγος.

ὁ δ' ἕτερος, ὃν ἀληθέστερον εἶναι νομίζω περὶ τε τῆς ἀπωλείας τῶν ἀνδρῶν καὶ τῆς ἀλώσεως τοῦ φρουρίου, τοιόσδε τις ἐστίν. ἐξιόντων ἐπὶ τὰς προνομὰς τῶν ἀνδρῶν πολλάκις καὶ διὰ τὸ κατορθοῦν ἐν ταῖς πείραις συνεχῶς προσωτέρω προχωροῦντων οἱ Τυρρηνοὶ παρεσκευασμένοι στρατὴν συχνὴν ἐν τοῖς ἔγγιστα χωρίοις λαθόντες τοὺς πολεμίους κατεστρατοπέδευσαν. ἔπειτ' ἀποστέλλοντες ἐκ τῶν χωρίων ποιμένας τε καὶ βουκόλια καὶ φορβάδων ἀγέλας ἵππων ἐπὶ νομῇν τῷ λόγῳ προὔκαλοῦντο τοὺς ἄνδρας ἐπὶ ταῦτα: οἱ δ' ἐξιόντες τοὺς τ' ἀνθρώπους συνήρπαζον καὶ τὰ [2] βοσκήματα περιήλαυνον. τοῦτο συνεχῶς οἱ Τυρρηνοὶ ποιοῦντες καὶ προαγόμενοι τοὺς πολεμίους ἀεὶ προσωτέρω τοῦ χάρακος, ἐπειδὴ διέφθειραν αὐτῶν τὸ προνοητικὸν τοῦ ἀσφαλοῦς ταῖς συνεχέσιν ὠφελείαις δελεάσαντες, ἐγκαθίζουσι λόχους ἐν τοῖς ἐπικαίροις τῶν [p. 309] χωρίων νύκτωρ, καὶ ἕτεροι τὰς ὑπερδεξιούς τῶν πεδίων καταλαμβάνονται σκοπιάς: τῇ δ' ἐξῆς ἡμέρᾳ προπέμψαντες ὀλίγους τινὰς ἐνόπλους, ὥς δὴ φυλακῆς

ἔνεκα τῶν νομέων, ἀφῆκαν ἐκ τῶν χωρίων πολλὰς ἀγέλας. [3] ὥς δ' ἀπηγγέλη τοῖς Φαβίοις, ὅτι τοὺς πλησίον ὑπερβαλόντες λόφους ἐν ὀλίγῳ δή τινι χρόνῳ μεστὸν εὐρήσουσι τὸ πεδῖον παντοίων βοτῶν, καὶ τὴν φυλάττουσαν αὐτὰ χεῖρα οὐχ ἱκανήν, ἐξῆλθον ἐκ τοῦ φρουρίου φυλακὴν τὴν ἀρκοῦσαν ἐν αὐτῷ καταλιπόντες· καὶ διανύσαντες σπουδῇ καὶ μετὰ προθυμίας τὴν ὁδὸν ἐπιφαίνονται τοῖς φύλαξι τῶν βοσκημάτων συντεταγμένοι· κἀκεῖνοι οὐ δεξάμενοι αὐτοὺς ἔφευγον. οἱ δὲ Φάβιοι, ὥς ἐν ἀσφαλεῖ δή ὄντες, τοὺς τε νομεῖς συνελάμβανον καὶ τὰ βοσκήματα περιήλανον. [4] ἐν δὲ τούτῳ οἱ Τυρρηνοὶ ἐκ τῆς ἐνέδρας ἀναστάντες κατὰ πολλὰ χωρία προσπίπτουσιν αὐτοῖς πανταχόθεν. καὶ οἱ μὲν πλείους τῶν Ῥωμαίων ἐσκεδασμένοι καὶ ἀλλήλοις ἀμύνειν οὐχ οἷοί τ' ὄντες, ἐνταῦθ' ἀπόλλυνται. ὅσοι δ' αὐτῶν συνεστηκότες ἦσαν προθυμοῦμενοί τι καταλαβέσθαι χωρίον ἀσφαλὲς καὶ πρὸς τὰ ὄρη σπεύδοντες εἰς ἕτερον ἐμπίπτουσι λόχον ἐν ὕλαις καὶ νάπαις ὑποκαθήμενον. καὶ γίνεται αὐτῶν μάχη καρτερὰ καὶ φόνος ἐξ ἐκατέρων πολλός. ἀπέωσαντο δ' οὐκ καὶ τοὺτους ὁμως, καὶ πληρώσαντες τὴν φάραγγα νεκρῶν ἀνέδραμον ἐπὶ λόφον οὐ ῥάδιον ἀλῶναι· ἐν ᾧ τὴν ἐποῦσαν νύκτα ἄποροι τῶν ἀναγκαίων ηὔλisanτο. [p. 310]

τῇ δ' ἐξῆς ἡμέρᾳ μαθόντες τὴν κατασχοῦσαν τοὺς σφετέρους τύχην οἱ κατέχοντες τὸ φρούριον, καὶ ὅτι τὸ μὲν πλεῖον ἀπόλωλε τῆς στρατιᾶς μέρος ἐν ταῖς ἀρπαγαῖς, τὸ δὲ κράτιστον ἐν ὄρει πολιορκεῖται κατακεκλεισμένον ἐρήμῳ, καὶ εἰ μὴ ταχεῖα τις αὐτοῖς ἤξει βοήθεια, σπάνει τῶν ἀναγκαίων φθάσουσιν ἐξαιρεθέντες, ἐξήεσαν κατὰ σπουδὴν ὀλίγους πάνυ καταλιπόντες ἐν τῷ φρουρίῳ φύλακας. καὶ αὐτοὺς οἱ Τυρρηνοὶ, πρὶν ἢ συμμῖξαι τοῖς ἐτέροις ἐπικαταδραμόντες ἐκ τῶν χωρίων κυκλοῦνται τε, καὶ πολλὰ γενναῖα ἔργα ἀποδειξαμένους διαφθεῖρουσιν ἅπαντας σὺν χρόνῳ. [2] μετ' οὐ πολὺ δὲ καὶ οἱ τὸν λόφον καταλαβόμενοι λιμῷ τε καὶ διψῇ πιεζόμενοι ὁμόσε χωρεῖν τοῖς πολεμίοις ἔγνωσαν· καὶ συμπεσόντες ὀλίγοι πρὸς πολλοὺς ἔωθεν ἀρξάμενοι μέχρι νυκτὸς ἐμάχοντο· καὶ τοσοῦτον ἐποίησαν τῶν πολεμίων φόνον, ὥστε τοὺς σωροὺς τῶν νεκρῶν ἐμποδῶν αὐτοῖς εἶναι τῆς μάχης πολλαχῇ κεχυμένους. οἱ δὲ Τυρρηνοὶ πλεῖον ἢ τὸ τρίτον τῆς στρατιᾶς μέρος ἀπολωλεκότες καὶ περὶ τοῦ λοιποῦ δείσαντες, μικρὸν ἀνασχόντες τὰ ὄπλα διὰ τῶν ἀνακλητικῶν ἐπεκηρυκεύοντο πρὸς τοὺς ἄνδρας, ἄδειαν αὐτοῖς ὑπισχνούμενοι καὶ δίδον, ἐὰν τὰ ὄπλα ἀποθῶνται καὶ τὸ φρούριον ἐκλίπωσιν. [3] οὐ προσδεξαμένων δὲ τῶν ἀνδρῶν τὰς προκλήσεις, ἀλλὰ τὸν εὐγενῆ θάνατον αἰρουμένων ἐπῆεσαν αὐτοῖς αὖθις ἐκ διαδοχῆς, συστάδην μὲν καὶ ἐκ χειρὸς οὐκέτι μαχόμενοι, πρόσωθεν δὲ βάλλοντες ἀθροοὶ λόγχαις καὶ χερμάσι, καὶ ἦν νιφετῷ παραπλήσιος [p. 311] ἢ πληθὺς τῶν βελῶν. οἱ δὲ Ῥωμαῖοι συστρεφόμενοι κατὰ λόχους προσέτρεχον αὐτοῖς οὐχ ὑφισταμένοις καὶ πολλὰς πληγὰς λαμβάνοντες ὑπὸ τῶν πέριξ ὑπέμενον. [4] ὥς δὲ τὰ τε ξίφη πολλοῖς ἄχρηστα ἦν τὰ μὲν ἀπεστομωμένα τὰς ἀκμάς, τὰ δὲ κατεαγότα, καὶ τῶν ἀσπίδων τὰ πέριξ ἵτιος ἐχόμενα διετέθρυπτο, ἔξαιμοί τε οἱ πλείους καὶ καταβελεῖς καὶ παράλυτοι τὰ μέλη διὰ πλῆθος τραυμάτων ἦσαν, καταφρονήσαντες αὐτῶν οἱ Τυρρηνοὶ χωροῦσιν ὁμόσε· καὶ οἱ

Ῥωμαῖοι προσπίπτοντες ὥσπερ θηρία δόρατά τ' αὐτῶν ἐπιλαμβάνόμενοι κατέκλων, καὶ ξίφη δραπτόμενοι κατὰ τὰς ἀκμὰς ἀπέσπων, καὶ περικυλίωντες εἰς τὴν γῆν τὰ σώματα συνεφύροντο θυμῷ τὸ πλεῖον ἢ δυνάμει διαγωνιζόμενοι. [5] ὥστ' οὐκέτι συνήεσαν αὐτοῖς εἰς χεῖρας οἱ πολέμιοι, τὸ τε καρτερικὸν ἐκπληττόμενοι τῶν ἀνδρῶν, καὶ τὴν ἀπόνοιαν, ἣν προσειλήφεσαν, κατὰ τὴν ἀπόγνωσιν τοῦ ζῆν δεδιότες: ἀλλ' ἀποστάντες αὐθις ἔβαλλον ἀθρόοι καὶ ξύλοις καὶ λίθοις καὶ ὅτῳ ἄλλῳ ἐντύχοιεν, καὶ τελευτῶντες ἐγκατέχωσαν αὐτοὺς τῷ πλήθει τῶν βελῶν. διαφθείραντες δὲ τοὺς ἄνδρας ἔθεον ἐπὶ τὸ φρούριον, ἔχοντες τὰς τῶν ἐπιφανεστάτων κεφαλὰς, [6] ὡς ἐξ ἐφόδου τοὺς ἐκεῖ παραληψόμενοι. οὐ μὴν ἐχώρησέ γ' αὐτοῖς κατ' ἐλπίδα τὸ ἔργον: οἱ γὰρ καταλειφθέντες ἐν αὐτῷ ζηλώσαντες τὸ εὐγενὲς τοῦ θανάτου τῶν θ' ἐταίρων καὶ τῶν συγγενῶν ἐξηλθον ὀλίγοι παντάπασιν ὄντες, καὶ πολὺν ἀγωνισάμενοι χρόνον τὸν αὐτὸν τρόπον τοῖς ἑτέροις ἅπαντες διεφθάρησαν: [p. 312] τὸ δὲ χωρίον ἔρημον οἱ Τυρρηνοὶ παρέλαβον. ἐμοὶ μὲν δὴ ὁ λόγος οὗτος πιστότερος ἐφαίνετο πολὺ τοῦ προτέρου: φέρονται δ' ἐν γραφαῖς Ῥωμαίων ἀξιοχρεοῖς ἀμφότεροι.

τὸ δὲ συναπτόμενον τούτοις ὑπὸ τινων οὗτ' ἀληθὲς ὃν οὔτε πιθανόν, ἐκ παρακούσματος δὲ τινος πεπλασμένον ὑπὸ τοῦ πλήθους, ἄξιον μὴ παραλιπεῖν ἀνεξέταστον. λέγουσι γὰρ δὴ τινες, τῶν ἐξ καὶ τριακοσίων Φαβίων ἀπολομένων ὅτι ἐν μόνον ἐλείφθη τοῦ γένους παιδίον, πρᾶγμα οὐ μόνον ἀπίθανον, ἀλλὰ καὶ [2] ἀδύνατον εἰσάγοντες. οὔτε γὰρ ἀτέκνους τε καὶ ἀγάμους ἅπαντας εἶναι δυνατόν ἦν τοὺς ἐξεληθόντας εἰς τὸ φρούριον Φαβίους. ὁ γὰρ ἀρχαῖος αὐτῶν νόμος γαμεῖν τ' ἠνάγκαζε τοὺς ἐν ἡλικίᾳ, καὶ τὰ γεννώμενα πάντα ἐπάναγκες τρέφειν: ὃν οὐκ ἂν δῆπου κατέλυσαν οἱ Φάβιοι μόνοι πεφυλαγμένον ἄχρι τῆς ἑαυτῶν ἡλικίας ὑπὸ τῶν πατέρων. [3] οἱ δὲ δήμαρχοι συνάγοντες αὐτοὺς εἰς ἐκκλησίαν καὶ κατηγοροῦντες τῶν πατρικίων ὡς αἰεὶ τι κακὸν [p. 319] ἐπὶ τοῖς πένησι μηχανωμένων, καὶ πάνθ', ὅσα πώποτε δεινὰ συνέβη κατὰ τὴν ἀτέκμαρτόν τε καὶ ἀφύλακτον ἀνθρώποις τύχην, ἐκείνων ἔργα λέγοντες, [4] ὕβριστὰς εἶναι πικροὺς ἐξειργάσαντο. τοιοῦτοις συνεχόμενοι κακοῖς οἱ ὕπατοι πέμπουσι τοὺς συνωνησομένους σῖτον ἐκ τῶν σύνεγγυς τόπων μετὰ πολλῶν χρημάτων, καὶ τὸν ἐν ταῖς οἰκίαις ἔταξαν εἰς τὸ δημόσιον ἀναφέρειν τοὺς εἰς τὸν ἑαυτῶν βίον πλείονα τοῦ μετρίου παραθεμένους, τιμὴν ὀρίσαντες ἀποχρῶσαν. ταῦτα δὴ καὶ ἄλλα πολλὰ μηχανώμενοι τοιαῦτα ἐπέσχον τῶν πενήτων τὰς παρανομίας καὶ ἀναστροφὴν ἔλαβον τῆς εἰς τὸν πόλεμον παρασκευῆς.

ἐπεὶ δ' αἱ μὲν ἔξωθεν ἐβράδυνον ἀγοραί, τὰ δ' ἐντὸς τείχους τροφῆς ἐχόμενα πάντα κατανάλωτο, ἀποστροφὴ δὲ τῶν κακῶν οὐδεμία ἦν ἑτέρα, ἀλλὰ дуεῖν θάτερον ἐχρῆν, ἢ τοὺς πολεμίους ἐκβαλεῖν ἐκ τῆς χώρας ἀπάσῃ δυνάμει παρακινδυνεύσαντας, ἢ τειχῆρεις μένοντας ὑπὸ λιμοῦ τε καὶ στάσεως διαφθαρήναι, τὸ κουφότερον αἰρούμενοι τῶν κακῶν ἔγνωσαν ὁμόσε χωρεῖν τοῖς ἐκ τῶν πολεμίων δεινοῖς. [4] ὁ μὲν οὖν Οὐεργίνιος τὸ δεξιὸν κέρας ἔχων οὐκ εἶα διώκειν τοὺς σφετέρους, ἀλλ' ἐπὶ τῷ κατορθώματι μένειν, ὁ δὲ Σερουίλιος ὁ τεταγμένος ἐπὶ θατέρου κέρως ἐδίωκε τοὺς καθ' ἑαυτὸν ἐπόμενος ἄχρι πολλοῦ. ὡς δ' ἐν τοῖς μετεώροις ἐγένετο, ὑποστρέψαντες οἱ Τυρρηνοὶ, καὶ τῶν ἐκ τοῦ χάρακος ἐπιβοηθησάντων, ἐνσείουσιν αὐτοῖς. οἱ δ' ὀλίγον τινὰ δεξάμενοι χρόνον ἐγκλίνουσι τὰ νῶτα, καὶ κατὰ τοῦ λόφου διωκόμενοι σποράδες ἀπώλλυντο. ἐτίμησαν, ἀλλ' ἐκτίσματος, ὃ πρὸς μὲν τοὺς νῦν ἐξεταζόμενον βίους γέλωτος ἂν ἄξιον φανείη, τοῖς δὲ τότε ἀνθρώποις αὐτουργοῖς οὕσι καὶ πρὸς αὐτὰ τὰ ἀναγκαῖα ζῶσι, μάλιστα δ' ἐκείνῳ τῷ ἀνδρὶ πενίαν κληρονομήσαντι παρὰ τοῦ πατρὸς ἀφειδὲς ἦν καὶ βαρὺ, δισχιλίων ἀριθμὸς ἄσσοριων. ἦν δ' ἄσσοριον τότε χάλκεον νόμισμα βάρος λιτριάϊον, ὥστε τὸ σύμπαν ὄφλημα ταλάντων ἑκκαίδεκα εἰς ὀλκὴν χαλκοῦ γενέσθαι. [4] καὶ τοῦτ' ἐπιφθονον ἐφάνη τοῖς τότε ἀνθρώποις, καὶ ἐπανορθώσασθαι βουλόμενοι αὐτὸ τὰς μὲν χρηματικὰς ἔπαυσαν ζημίας, μετήνεγκαν δ' εἰς προβάτων ἐκτίσματα καὶ βοῶν, τάξαντες καὶ τούτων ἀριθμὸν ταῖς ὕστερον ἐσομέναις ὑπὸ τῶν ἀρχόντων τοῖς ιδιώταις ἐπιβολαῖς. ἐκ δὲ τῆς Μενηνίου καταδικῆς ἀφορμὴν αὐθις εἰλήφεσαν οἱ πατρίκιοι τῆς πρὸς τὸ δημοτικὸν ὀργῆς καὶ οὕτε τὴν κληρουχίαν ἐπέτρεπον ἔτι αὐτῷ ποιεῖσθαι, [5] οὕτ' ἄλλο ἐβούλοντο ἐνδιδόναι μαλακὸν οὐδέν. μετ' οὐ πολὺ δὲ καὶ τῷ δήμῳ μετέμελε τῶν δεδικασμένων, ἐπειδὴ τὴν τελευτὴν τοῦ ἀνδρὸς ἐπύθετο: οὐδὲ γὰρ εἰς ἀνθρώπων ἔτι συνῆλθεν ὁμιλίας, οὐδ' ἐν δημοσίῳ τινὶ πρὸς οὐδενὸς ὦφθη τόπῳ, ἐξὸν τ' αὐτῷ τὴν ζημίαν ἐκτίσαντι μηδενὸς ἀπελαύνεσθαι τῶν καινῶν — ἔτοιμοι γὰρ ἦσαν οὐκ ὀλίγοι τῶν ἐπιτηδείων αὐτοῦ [p. 324] τὴν καταδικὴν ἀπαριθμεῖν — οὐκ ἠξίωσεν, ἀλλὰ θανάτου τὴν συμφορὰν τιμησάμενος οἴκοι μένων καὶ οὐδένα προσιέμενος ὑπὸ τ' ἀθυμίας καὶ σίτων ἀποχῆς μαρανθεὶς ἀπέστη τοῦ βίου. καὶ τὰ μὲν ἐν τούτῳ πραχθέντα τῷ ἐνιαυτῷ τοιαῦδε ἦν.

Ποπλίου δὲ Οὐαλερίου Ποπλικόλα καὶ Γαίου Ναυτίου παραλαβόντων τὴν ἀρχὴν ἕτερος ἀνὴρ πάλιν τῶν πατρικίων Σερούιος Σερουίλιος, ὁ τῷ παρελθόντι ὑπατεύσας ἔτει, μετ' οὐ πολὺν ἢ τὴν ἀρχὴν ἀποθέσθαι χρόνον εἰς τὸν ὑπὲρ τῆς ψυχῆς ἀγῶνα ἤχθη. οἱ δὲ προθέντες αὐτῷ τὴν ἐν τῷ δήμῳ δίκην δύο τῶν δημάρχων ἦσαν, Λεῦκιος Καιδικίος καὶ Τίτος Στάτιος, οὐκ ἀδικήματος, ἀλλὰ τύχης ἀπαιτοῦντες λόγον, ὅτι κατὰ τὴν πρὸς Τυρρηνοὺς μάχην ὡσάμενος ἐπὶ τὸν χάρακα τῶν πολεμίων ὁ ἀνὴρ θρασύτερον μᾶλλον ἢ φρονιμώτερον, ἐδιώχθη τε ὑπὸ τῶν ἔνδον ἀθρόων ἐπεξελθόντων καὶ τὴν κρατίστην νεότητά ἀπέβαλεν. [2] οὗτος ὁ ἀγὼν ἀπάντων ἐφάνη τοῖς πατρικίοις ἀγώνων βαρύτερος, ἡγανάκτουν τε συνιόντες πρὸς ἀλλήλους καὶ δεινὸν ἐποιοῦντο, εἰ τὰς εὐτολμίας τῶν στρατηγῶν καὶ τὸ μηδένα κίνδυνον ὀκνεῖν, ἐὰν ἐναντιωθῇ ταῖς ἐπιβολαῖς αὐτῶν τὸ δαιμόνιον, εἰς κατηγορίαν ἄξουσιν οἱ μὴ στάντες παρὰ τὰ δεινὰ: δειλίας τε καὶ ὄκνου καὶ τοῦ μηδὲν ἔτι καινουργεῖν τοὺς ἡγεμόνας, ὑφ' ὧν [p. 325] ἐλευθερία τ' ἀπόλλυται καὶ ἡγεμονία καταλύεται, τοὺς τοιούτους ἀγῶνας αἰτίους ἔσεσθαι κατὰ τὸ εἶκός ἐλογίζοντο. [3] παρακλήσει τε πολλῇ ἐχρῶντο τῶν δημοτικῶν μὴ καταγνῶναι τοῦ ἀνδρὸς τὴν δίκην, διδάσκοντες, ὡς μεγάλη βλάβησιν τὴν πόλιν ἐπὶ ταῖς ἀτυχίαις τοὺς στρατηγοὺς ζημιοῦντες. [4] ἐπεὶ δ' ὁ τοῦ ἀγῶνος ἐνέστη χρόνος, παρελθὼν εἰς τῶν δημάρχων κατηγορήσας τοῦ ἀνδρὸς, Λεῦκιος Καιδικίος, ὅτι δι' ἀφροσύνην τε καὶ τοῦ στρατηγοῦ ἀπειρίαν εἰς πρόδηλον ἄγων ὄλεθρον τὰς δυνάμεις ἀπώλεσε τῆς πόλεως τὴν κρατίστην ἀκμήν, καὶ εἰ μὴ ταχεῖα τοῦ κακοῦ γνῶσις ἐγένετο τῷ συνυπάτῳ, καὶ κατὰ σπουδὴν ἄγων τὰς δυνάμεις τοὺς τε πολεμίους ἀνέστειλε καὶ τοὺς σφετέρους ἔσωσε,

μηδὲν ἂν γενέσθαι τὸ κωλύσον ἅπασαν ἀπολλώλენαι τὴν ἑτέραν δύναμιν καὶ τὸ λοιπὸν ἡμίσειαν ἀντὶ διπλασίας εἶναι τὴν πόλιν. [5] τοιαῦτ' εἰπὼν μάρτυρας ἐπηγάγετο λοχαγοὺς τε, ὅσοι περιῆσαν, καὶ τῶν ἄλλων στρατιωτῶν τινας, οἳ τὸ ἐαυτῶν αἰσχρὸν ἐπὶ τῇ τότε ἡττῇ τε καὶ φυγῇ ζητοῦντες ἀπολύσασθαι τὸν στρατηγὸν ῥητῶντο τῆς περὶ τὸν ἀγῶνα δυσποτηρίας. ἔπειτ' οἶκτον ἐπὶ τῇ συμφορᾷ τῶν τότε τεθνηκότων καταχεάμενος πολὺν καὶ τὸ δεινὸν αὐξήσας, τὰ τ' ἄλλα, ὅσα εἰς φθόνον κοινῇ κατὰ τῶν πατρικίων λεγόμενα τοὺς μέλλοντας ὑπὲρ τοῦ ἀνδρὸς δεήσεσθαι ἀνείρξειν ἔμελλεν ἐκ πολλῆς ὑπεροψίας διελθὼν, παρέδωκε τὸν λόγον.

παραλαβὼν δὲ τὴν ἀπολογίαν ὁ Σερουίλιος εἶπεν: εἰ μὲν ἐπὶ δίκην με κεκλήκατε, ὦ πολῖται, [p. 326] καὶ λόγον ἀπαιτεῖτε τῆς στρατηγίας, ἔτοιμός εἰμι ἀπολογήσασθαι: εἰ δ' ἐπὶ τιμωρίαν κατεγνωσμένην, καὶ οὐδὲν ἔσται μοι πλέον ἀποδειξάντι, ὥς οὐδὲν ὑμᾶς ἀδικῶ, λαβόντες τὸ σῶμα ὃ τι πάλοι βούλεσθε χρῆσθε. [2] ἐμοὶ τε γὰρ κρεῖττον ἀκριτῶ ἀποθανεῖν μᾶλλον, ἢ λόγου τυχόντι καὶ μὴ πείσαντι ὑμᾶς: δόξαίμι γὰρ ἂν σὺν δίκῃ πάσχειν, ὃ τι ἂν μου καταγνώτε, ὑμεῖς τ' ἐν ἐλάττονι αἰτίᾳ ἔσεσθε ἀφελόμενοι μου τὸν λόγον καὶ, ἐν ᾧ καὶ εἰ τι ἀδικῶ ὑμᾶς ἁδηλὸν ἔστιν, ἔτι ταῖς ὀργαῖς χαρισάμενοι. ἔσται δέ μοι ἡ διάνοια ὑμῶν ἐκ τῆς ἀκροάσεως καταφανής, θορύβῳ τε καὶ ἡσυχίᾳ εἰκάζοντι, πότερον ἐπὶ τιμωρίαν ἢ ἐπὶ δίκην κεκλήκατέ [3] με. ταῦτ' εἰπὼν ἐπέσχε: σιγῆς δὲ γενομένης καὶ τῶν πλείστων ἐμβοησάντων θαρρεῖν τε καὶ ὅσα βούλεται λέγειν, παραλαβὼν τὸν λόγον πάλιν ἔλεξεν: ἀλλ' εἰ τοι δικασταῖς ὑμῖν, ὦ πολῖται, καὶ μὴ ἐχθροῖς χρήσομαι, ῥαδίως πείσειν ὑμᾶς οἶμαι, ὅτι οὐδὲν ἀδικῶ. ποιήσομαι δὲ τὴν ἀρχὴν τῶν λόγων, ἐξ ὧν ἅπαντες ἴστε. ἐγὼ κατέστην ἐπὶ τὴν ἀρχὴν σὺν τῷ κρατίστῳ Οὐεργινίῳ, καθ' ὃν χρόνον ἐπιτειχίσαντες ὑμῖν οἱ Τυρρηνοὶ τὸν ὑπὲρ τῆς πόλεως λόφον πάσης ἐκράτουν τῆς ὑπαίθρου ἀρχῆς, καὶ ἐν ἐλπίδι ἦσαν τοῦ καταλύσειν ἡμῶν τὴν ἀρχὴν ἐν τάχει. λιμὸς δὲ πολὺς ἐν τῇ πόλει καὶ στάσις καὶ τοῦ τί χρὴ πράττειν ἀμηχανία. [4] τοιοῦτοις δὴ καιροῖς ἐπιστάς οὕτω παραχῶδεσι καὶ [p. 327] φοβεροῖς τοὺς μὲν πολεμίους ἅμα τῷ συνάρχοντι ἐνίκησα διτταῖς μάχαις καὶ ἠνάγκασα καταλιπόντας τὸ φρούριον ἀπελθεῖν: τὸν δὲ λιμὸν οὐκ εἰς μακρὰν ἔπαυσα τροφῆς ἀφθόνου πληρώσας τὰς ἀγοράς, καὶ τοῖς μετ' ἐμὲ ὑπάτοις τὴν τε χώραν παρέδωκα ὅπλων πολέμιων ἐλευθέραν, καὶ τὴν πόλιν ὑγιῇ πάσης νόσου πολιτικῆς, εἰς ἣς κατέβαλον αὐτὴν οἱ δημαγωγοῦντες. [5] τίνος οὖν ἀδικήματος ὑπεύθυνός εἰμι ὑμῖν; εἰ μὴ τὸ νικᾶν τοὺς πολεμίους ἔστιν ὑμᾶς ἀδικεῖν. εἰ δ' ἀποθανεῖν πῶς τῶν στρατιωτῶν κατὰ τὴν μάχην εὐτυχῶς ἀγωνιζομένοις συνέπεσε, τί Σερουίλιος τὸν δῆμον ἀδικεῖ; οὐ γὰρ δὴ θεῶν τις ἐγγυητὴς τοῖς στρατηγοῖς τῆς ἀπάντων ψυχῆς τῶν ἀγωνιουμένων γίνεται, οὐδ' ἐπὶ διακειμένοις καὶ ῥητοῖς τὰς ἡγεμονίας παραλαμβάνομεν, ὥσθ' ἀπάντων κρατῆσαι τῶν πολέμιων καὶ μηδὲνα τῶν ἰδίων ἀποβαλεῖν. τίς γὰρ ἂν ὑπομείνειεν ἄνθρωπος ὦν ἅπαντα καὶ τὰ τῆς γνώμης καὶ τὰ τῆς τύχης εἰς ἐαυτὸν ἀναλαβεῖν; ἀλλὰ τὰ μεγάλα ἔργα μεγάλων ἀεὶ κινδύνων ὠνούμεθα.

καὶ οὐκ ἐμοὶ ταῦτα πρώτῳ πολεμίους ὁμοσε χωρήσαντι συνέβη παθεῖν,

ἅπανσι δ' ὡς εἰπεῖν, ὅσοι μάχας παρακεκινδυνευμένας σὺν ἐλάττοσι ταῖς σφετέραις δυνάμεσι πρὸς μείζονας τὰς τῶν ἐχθρῶν ἐποίησαντο. ἐδίωξαν γὰρ ἤδη τινὲς ἐχθροὺς καὶ αὐτοὶ ἔφυγον καὶ ἀπέκτεινάν τε τῶν ἐναντίων πολλοὺς καὶ [p. 328] ^[2] ἀπώλεσαν ἔτι πλείους τῶν σφετέρων. ἔω γὰρ λέγειν, ὅτι πολλοὶ καὶ τὸ παράπαν ἡττηθέντες σὺν αἰσχύνῃ τε καὶ βλάβῃ μεγάλῃ ἀνέστρεψαν, ὣν οὐδεὶς τῆς τύχης δέδωκε δίκας: ἱκανὴ γὰρ ἡ συμφορὰ, καὶ τὸ μηδενὸς ἐπαίνου τυχεῖν, ὡς δ' εἰ καὶ μηδὲν ἄλλο, μεγάλη τοῖς ἡγεμόσι καὶ χαλεπὴ ζημία. οὐ μὴν ἀλλ' ἔγωγε τοσοῦτου δέω λέγειν, ὃ πάντες οἱ μέτριοι δίκαιον εἶναι φήσουσιν, ὡς οὐ δεῖ με τύχης εὐθύνας ὑπέχειν, ὥστ' εἰ καὶ μηδεὶς ἄλλος τοιόνδε ἀγῶνα ὑπέμεινεν εἰσελθεῖν, ἐγὼ μόνος οὐ παραιτοῦμαι, ἀλλὰ συγχωρῶ τὴν τύχην ἐξετάζεσθαι τὴν ἐμὴν οὐχ ἡττον τῆς γνώμης, ἐκεῖνο προεipών: ^[3] ἐγὼ τὰς ἀνθρωπίνας πράξεις τὰς τε δυστυχεῖς καὶ τὰς εὐτυχεῖς οὐκ ἐκ τῶν κατὰ μέρος ἔργων πολλῶν ὄντων καὶ ποικίλων ὁρῶ κρινομένας, ἀλλ' ἐκ τοῦ τέλους: καὶ ὅταν μὲν τοῦτο χωρήσῃ κατὰ νοῦν, κἂν τὰ μεταξὺ πολλὰ ὄντα μὴ καθ' ἡδονὰς γένηται, οὐδὲν ἡττον ἐπαινουμένας ὑπὸ πάντων ἀκούω καὶ ζηλουμένας καὶ τῆς ἀγαθῆς νομιζομένας τύχης: ὅταν δὲ πονηρὰς λάβωσι τελευτάς, καὶ ἐὰν ἅπαντα τὰ πρὸ τοῦ τέλους ἐκ τοῦ ῥάστου γένηται, οὐ τῇ σπουδαίᾳ τύχῃ ^[4] τῶν πραξάντων ἀποδιδομένας, ἀλλὰ τῇ κακῇ. τοῦτον δὴ τὸν σκοπὸν προιδόντες αὐτοὶ ἐξετάζετε καὶ τὴν ἐμὴν τύχην, ἥ παρὰ τοὺς πολέμους κέχηται. καὶ ἐὰν μὲν εὕρητε ἡττημένον με ὑπὸ τῶν πολεμίων, πονηρὰν [p. 329] καλεῖτέ μου τὴν τύχην, ἐὰν δὲ κεκρατηκότα τῶν ἐχθρῶν, ἀγαθὴν: περὶ μὲν οὖν τῆς τύχης, οὐκ ἀγνοῶν, ὅτι φορτικοὶ πάντες εἰσὶν οἱ περὶ αὐτῆς λέγοντες, ἔχων ἔτι πλείω λέγειν παύσομαι.

ἐπειδὴ δὲ καὶ τῆς γνώμης κατηγοροῦσί μου προδοσίαν μὲν οὐ τολμῶντες ἐπικαλεῖν οὐδ' ἀνανδρίαν, ἐφ' οἷς αἱ κατὰ τῶν ἄλλων στρατηγῶν γίνονται κρίσεις, ἀπειρίαν δὲ τοῦ στρατηγεῖν καὶ ἀφροσύνην, ὅτι κίνδυνον ὑπέμεινα οὐκ ἀναγκαῖον ἐπὶ τὸν χάρακα τῶν πολεμίων ὠσάμενος, βούλομαι καὶ περὶ τούτου λόγον ὑποσχεῖν ὑμῖν, προχειρότατον μὲν τοῦτ' ἔχων εἰπεῖν, ὅτι τὸ μὲν ἐπιτιμᾶν τοῖς γενομένοις πάνυ ῥάδιον καὶ παντὸς ἀνθρώπου, τὸ δὲ παραβάλλεσθαι πράγμασι καλοῖς χαλεπὸν καὶ ὀλίγων: καὶ ὅτι οὐχ ὥσπερ τὰ γεγονότα φαίνεται, ὅποῖα ἐστίν, οὕτω καὶ τὰ μέλλοντα, ὅποῖα ἔσται: ἀλλ' ἐκεῖνα μὲν αἰσθήσει καὶ πάθει καταλαμβάνομεθα, ταῦτα δὲ μαντείαις καὶ δόξαις εἰκάζομεν, ἐν αἷς πολὺ τὸ ἀπατηλόν: καὶ ὅτι ῥᾶστον ἀπάντων ἐστὶ λόγῳ στρατηγεῖν πολέμους ἔξω τοῦ δεινοῦ ^[2] βεβηκότας, ὃ ποιοῦσιν οἱ κατηγοροῦντες ἐμοῦ. ἀλλ' ἵνα ταῦτ' ἀφῶ, φέρε πρὸς θεῶν εἴπατέ μοι, μόνος ἢ πρῶτος ὑμῖν ἐγὼ φαίνομαι βιάσασθαι φρούριον ἐπιβαλόμενος καὶ πρὸς ὑψηλὰ χωρία τὰς δυνάμεις ἀγαγών; ἢ πολλῶν μετ' ἄλλων ὑμετέρων στρατηγῶν, ἐξ ὧν οἱ μὲν κατῴρθωσαν, τοῖς δ' οὐκ ἐχώρησεν ἡ πεῖρα κατὰ νοῦν; τί δή ποτ' οὖν τοὺς ἄλλους ἀφέντες ἐμὲ ^[3] κρίνετε, εἰ ταῦτ' ἀστρατηγησίας καὶ ἀφροσύνης ἔργα νομίζετε; πόσα δ' ἄλλα τούτου τολμηρότερα τοῖς ἡγεμόσιν ἔπεισι πράττειν, ὅταν τὸ ἀσφαλὲς καὶ λελογισμένον ἡκιστα οἱ καιροὶ δέχωνται; ^[3] οἱ μὲν γε τὰς σημαίας ἀρπάσαντες τῶν σφετέρων ἔρριψαν εἰς τοὺς πολεμίους, ἵνα τοῖς βλακεύουσι

καὶ ἀποδειλιῶσιν ἐκ τοῦ ἀναγκαίου παραστῆ τὸ εὐψυχον ἐπισταμένοις, ὅτι τοὺς μὴ ἀνασώσαντας τὰ σημεῖα ὑπὸ τῶν στρατηγῶν δεῖ σὺν αἰσχύνῃ ἀποθανεῖν: οἱ δ' εἰς τὴν τῶν πολέμιων χώραν ἐμβαλόντες ἔλυσαν τὰ ζεύγματα τῶν ποταμῶν, οὓς διέβησαν, ἵνα τοῖς φεύγειν διανοοῦμένοις ἄπορος ἢ τοῦ σωθῆναι ἐλπίς φανεῖσα θάρσος παραστήσῃ καὶ μένος ἐν ταῖς μάχαις: οἱ δὲ τὰς σκηνὰς καὶ τὰ σκευοφόρα κατακαύσαντες ἀνάγκην ἐπέθηκαν τοῖς σφετέροις ἐκ τῆς πολέμιας, ὅσων δέονται, λαμβάνειν. [4] ἔω τᾶλλα μυρία ὄντα λέγειν, καὶ ὅσα τολμηρὰ ἔργα καὶ ἐνθυμήματα ἕτερα στρατηγῶν ἱστορία τε καὶ πείρα παραλαβόντες ἔχομεν, ἐφ' οἷς οὐδεὶς πώποτε τῶν ψευσθέντων τῆς ἐλπίδος ὑπέσχε δίκας. εἰ μὴ ἄρα ἔχει τις ὑμῶν αἰτιάσασθαι με, ὅτι προβαλὼν τοὺς ἄλλους εἰς προὔπτον ὄλεθρον, αὐτὸς ἔξω τοῦ κινδύνου τὸ σῶμα εἶχον. εἰ δὲ μετὰ πάντων τ' ἐξηταζόμεν καὶ τελευταῖος ἀπηλλαττόμεν καὶ τῆς αὐτῆς τοῖς ἄλλοις μετεῖχον τύχης, τί ἀδικῶ; καὶ περὶ μὲν ἐμοῦ ταῦθ' ἱκανὰ εἰρήσθω.

περὶ δὲ τῆς βουλῆς καὶ τῶν πατρικίων, ἐπειδὴ τὸ κοινὸν ὑμῶν μῖσος, ὃ διὰ τὴν κωλυθεῖσαν [p. 331] κληρουχίαν ἔχετε, καὶ ἐμὲ λυπεῖ, καὶ οὐδὲ ὁ κατήγορος αὐτὸ ἀπεκρύψατο, ἀλλὰ μέρος οὐκ ἐλάχιστον ἐποίησατο τῆς ἐμῆς κατηγορίας, βούλομαι βραχέα εἰπεῖν πρὸς ὑμᾶς. [2] ἔσται δὲ μετὰ παρρησίας ὁ λόγος: ἄλλως γὰρ οὐτ' ἂν ἐγὼ δυναίμην λέγειν οὐθ' ὑμῖν ἀκοῦειν συμφέρει. οὐ δίκαια ποιεῖτε οὐδ' ὅσια, ὧς δημόται, τῶν μὲν εὐεργεσιῶν, ἃς εὖρεσθε παρὰ τῆς βουλῆς, πολλῶν οὐσῶν καὶ μεγάλων οὐκ εἰδότες αὐτῇ χάριν: εἰ δὲ τι δεομένοις ὑμῖν, ἐξ οὗ συγχωρηθέντος μεγάλα βλάπτοιτ' ἂν τὸ κοινόν, οὐ φθοноυσα ὑμῖν, ἀλλὰ τὸ συμφέρον τῆς πόλεως ὀρώσα, ἦναντιώθη, τοῦτο δι' ὀργῆς λαμβάνοντες. [3] ἔδει δ' ὑμᾶς μάλιστα μὲν ὡς ἀπὸ τοῦ κρατίστου τὰ βουλευματα αὐτῆς γενόμενα καὶ ἐπὶ τῷ πάντων ἀγαθῷ δεχομένους ἀποστῆναι τῆς σπουδῆς: εἰ δ' ἀδύνατοι ἦτε κατασχεῖν ἀσύμφορον ἐπιθυμίαν λογισμῷ σώφρονι, μετὰ τοῦ πείθειν τῶν αὐτῶν ἀξιοῦν τυγχάνειν, [4] ἀλλὰ μὴ μετὰ τοῦ βιάζεσθαι. αἱ γὰρ ἐκούσιοι δωρεαὶ τοῖς τε προεμένοις ἡδίους τῶν ἠναγκασμένων εἰσὶ, καὶ τοῖς λαμβάνουσι βεβαιότεραι τῶν μὴ τοιούτων. ὃ μὰ τοὺς θεοὺς οὐ λογιέσθε ὑμεῖς, ἀλλ' ὑπὸ τῶν δημαγωγῶν, ὥσπερ θάλαττα ὑπ' ἀνέμων ἄλλων ἐπ' ἄλλοις ἐπανισταμένων, ἀνακινούμενοί τε καὶ ἀγριαίνόμενοι οὐδὲ τὸν ἐλάχιστον χρόνον ἐν ἡσυχίᾳ καὶ γαλήνῃ διακεῖσθαι τὴν πόλιν ἔατε. τοιγάρτοι παρέστη ἡμῖν κρεῖττονα ἡγεῖσθαι τῆς εἰρήνης τὸν πόλεμον: ὅταν [p. 332] μὲν γε πολεμῶμεν, τοὺς ἐχθροὺς κακῶς ποιοῦμεν, ὅταν δ' εἰρήνην ἄγωμεν, τοὺς φίλους. καίτοι, ὧς δημόται, εἰ μὲν ἅπαντα τὰ βουλευματα τοῦ συνεδρίου καλὰ καὶ συμφέροντα ἡγεῖσθ' εἶναι, ὥσπερ ἐστὶ, τί οὐχὶ καὶ [5] τοῦθ' ἐν ἐξ αὐτῶν ὑπολαμβάνετ' εἶναι; εἰ δὲ μηδὲν ἀπλῶς τὴν βουλὴν τῶν δεόντων οἴεσθε φρονεῖν, ἀλλ' αἰσχροῶς καὶ κακῶς τὴν πόλιν ἐπιτροπεύειν, τί δὴ ποτ' οὐχὶ μετασθησάμενοι αὐτὴν ἀθρόαν, αὐτοὶ ἄρχετε καὶ βουλευέτε καὶ τοὺς ὑπὲρ τῆς ἡγεμονίας πολέμους ἐκφέρετε, ἀλλὰ περικνίζετε αὐτὴν καὶ κατὰ μικρὰ διαλύετε τοὺς ἐπιφανεστάτους ἀναρπάζοντες ἐν ταῖς δίκαις; ἄμεινον γὰρ ἦν ἅπασιν ἡμῖν κοινῇ πολεμεῖσθαι, ἢ [6] καθ' ἓνα ἕκαστον ἰδίᾳ συκοφαντεῖσθαι. ἀλλὰ γὰρ οὐχ ὑμεῖς αἴτιοι τούτων, ὥσπερ ἔφην, ἀλλ' οἱ

συνταράττοντες ὑμᾶς δημαγωγοὶ οὗτ' ἄρχεσθαι ὑπομένοντες οὗτ' ἄρχειν εἰδότες. καὶ ὅσον μὲν ἐπὶ τῇ τούτων ἀφροσύνῃ τε καὶ ἀπειρίᾳ πολλάκις ἂν ὑμῖν τόδε τὸ σκάφος ἀνετράπη, νῦν δ' ἡ τὰ τούτων σφάλματα ἐπανορθοῦσα καὶ ἐν ὁρθῇ παρέχουσα ὑμῖν τῇ πόλει πλεῖν, ἢ πλεῖστα δεινὰ ὑπ' αὐτῶν ἀκούουσα ἔστι βουλή. ^[7] ταῦτ' εἶθ' ἡδέα ἐστὶν ὑμῖν ἀκοῦειν εἴτ' ἀνιარά, μετὰ πάσης ἀληθείας εἰρηταί μοι καὶ τετόλμηται· καὶ μᾶλλον αἰροίμην ἂν παρρησίᾳ συμφερούσῃ τῷ κοινῷ χρώμενος ἀποθανεῖν, ἢ τὰ πρὸς ἡδονὴν ὑμῖν λέγων σεσῶσθαι. [p. 333]

τοιούτους εἰπὼν λόγους καὶ οὔτε πρὸς ὀλοφυρμοὺς καὶ ἀνακλαύσεις τῆς συμφορᾶς τραπόμενος, οὗτ' ἐν δεήσεσι καὶ προκυλισμοῖς ἀσχήμοσι ταπεινὸς φανείς, οὗτ' ἄλλην ἀγεννῇ διάθεσιν ἀποδειξάμενος οὐδεμίαν παρέδωκε τὸν λόγον τοῖς συναγορεύειν ἢ μαρτυρεῖν βουλομένοις. πολλοὶ μὲν οὖν καὶ ἄλλοι παριόντες ἀπέλυνον αὐτὸν τῆς αἰτίας, μάλιστα δὲ Οὐεργίνιος ὁ κατὰ τὸν αὐτὸν ὑπατεύσας χρόνον καὶ τῆς νίκης αἴτιος εἶναι δοκῶν· ὃς οὐ μόνον ἀναίτιον αὐτὸν ἀπέφαινε, ἀλλὰ καὶ ὡς κράτιστον ἀνδρῶν τὰ πολέμια καὶ στρατηγῶν φρονιμώτατον ἐπαινέσθαι ^[2] τε καὶ τιμᾶσθαι ὑπὸ πάντων ἡξίου. ἔφη δὲ δεῖν, εἰ μὲν ἀγαθὸν οἴονται τέλος εἰληφέναι τὸν πόλεμον ἀμφοτέροις σφίσι τὴν χάριν εἰδέναι· εἰ δὲ πονηρὸν ἀμφοτέρους ζημιοῦν· κοινὰ γὰρ αὐτοῖς καὶ τὰ βουλευόμενα καὶ τὰ ἔργα καὶ τὰς ἐκ τοῦ δαιμονίου τύχας γεγονέναι. ἦν δ' οὐ μόνον ὁ λόγος τοῦ ἀνδρός, ἀλλὰ καὶ ὁ βίος πείθων, ἐν ᾧ πᾶσιν ἐξητασμένος ἔργοις ἀγαθοῖς. ^[3] προσῆν δὲ τούτοις, ὃ πλεῖστον ἐκίνησεν οἶκτον, ὅψεως σχῆμα συμπαθές, οἷον περὶ αὐτοὺς τοὺς πεπονθότας ἢ μέλλοντας πάσχειν τὰ δεινὰ γίνεσθαι φιλεῖ. ὥστε καὶ τοὺς προσήκοντας τοῖς ἀπολωλόσι καὶ δοκοῦντας ἀδιαλλάκτως ἔχειν πρὸς τὸν αἴτιον σφίσι τῆς συμφορᾶς, μαλακωτέρους γενέσθαι καὶ ἀποθέσθαι τὴν ὀργήν, ὡς ἐδήλωσαν. ἀναδοθειςὼν γὰρ τῶν ψήφων οὐδεμία φυλὴ τοῦ ἀνδρός κατεψηφίσατο. ὁ μὲν οὖν [p. 334] τὸν Σερουίλιον καταλαβὼν κίνδυνος τοιοῦτου τέλους ἔτυχεν.

οὐ πολλῷ δ' ὕστερον χρόνῳ στρατιὰ Ῥωμαίων ἐξῆλθεν ἐπὶ Τυρρηνοῦς ἄγοντος θατέρου τῶν ὑπάτων Ποπλίου Οὐαλερίου. συνέστη γὰρ αὖθις ἡ Οὐιεντανῶν δύναμις προσθεμένων αὐτοῖς Σαβίνων, οἱ τέως ὄκνοῦντες αὐτοῖς συνάρασθαι τοῦ πολέμου ὡς ἀδυνάτων ἐφιεμένοις, τότε, ἐπειδὴ τὴν τε Μενηνίου φυγὴν ἔγνωσαν καὶ τὸν ἐπιτειχισμόν τοῦ πλησίου τῆς Ῥώμης ὄρους, τεταπεινώσθαι νομίσαντες τὰς τε δυνάμεις τὰς Ῥωμαίων καὶ τὸ φρόνημα τῆς πόλεως ἡττηθῆναι, συνελάμβανον τοῖς Τυρρηνοῖς πολλὴν ἀποστείλαντες δύναμιν. ^[2] οἱ δὲ Οὐιεντανοὶ τῇ τε σφετέρᾳ δυνάμει πεποιθότες καὶ τῇ Σαβίνων νεωστί ἡκούσῃ καὶ τὰς παρὰ τῶν ἄλλων Τυρρηνῶν ἐπικουρίας περιμένοντες προθυμίαν μὲν εἶχον ἐπὶ τὴν Ῥώμην ἐλαύνειν τῇ πλείονι τῆς σφετέρας στρατιᾶς, ὡς οὐδενὸς αὐτοῖς ὁμόσε χωρήσοντος, ἀλλὰ δεεῖν θάτερον, ἢ ἐκ τειχομαχίας αἰρήσοντες τὴν πόλιν ἢ λιμῷ κατεργασόμενοι. ^[3] ἔφθασε δὲ τὴν ἐπιχείρησιν αὐτῶν ὁ Οὐαλέριος, ἐν ᾧ ἔτι ἔμελλον ἐκεῖνοι καὶ τοὺς ὑστερίζοντας συμμάχους ἀνέμενον, αὐτὸς ἀγαγὼν Ῥωμαίων τὴν κρατίστην ἀκμήν καὶ τὸ παρὰ τῶν συμμάχων ἐπικουρικόν, οὐκ ἐκ τοῦ φανεροῦ ποιησάμενος τὴν ἔξοδον, ἀλλ' ὡς μάλιστα

λήσασθαι αὐτοὺς ἔμελλε. προελθὼν γὰρ ἐκ [p. 335] τῆς Ῥώμης περὶ δείλῃν ὀψίαν καὶ διαβάς τὸν Τέβεριν οὐ μακρὰν ἀποσχὼν τῆς πόλεως κατεστρατοπέδευσε: ἔπειτ' ἀναστήσας τὴν στρατιὰν περὶ μέσας νύκτας ἦγεν ἐν τάχει, καὶ πρὶν ἡμέραν γενέσθαι θατέρῳ χάρακι τῶν πολεμίων ἐπέβαλε. ^[4] δύο γὰρ ἦν στρατόπεδα χωρὶς μὲν τὸ Τυρρηνῶν, ἐτέρῳ δὲ τὸ Σαβίνων, οὐ διὰ μακροῦ ἀλλήλων ἀπέχοντα. πρώτη δὲ προσαγαγὼν τὴν δύναμιν τῇ Σαβίνων στρατοπεδείᾳ, καθυπνωμένων ἔτι τῶν πλείστων καὶ οὐδεμιᾶς οὔσης ἀξιολόγου φυλακῆς, οἷα ἐν φιλίᾳ τε γῇ καὶ κατὰ πολλὴν ὑπεροψίαν τῶν πολεμίων οὐδαμῇ ἀγγελλομένων, ἐξ ἐφόδου γίνεται ταύτης ἐγκρατῆς. τῶν δ' ἀνθρώπων οἱ μὲν ἐν ταῖς κοιταῖς ἔτι ὄντες κατεσφάγησαν, οἱ δ' ἀνιστάμενοι ἀρτίως καὶ τὰ ὄπλα ἐνδυνόμενοι, οἱ δ' ὥπλισμένοι μὲν, σποράδες δὲ καὶ οὐκ ἐν τάξει ἀμυνόμενοι, οἱ δὲ πλείστοι φεύγοντες ἐπὶ τὸν ἕτερον χάρακα ὑπὸ τῶν ἱππέων καταλαμβάνομενοι διεφθάρησαν.

τοῦτον δὲ τὸν τρόπον ἀλόντος τοῦ τῶν Σαβίνων χάρακος ἦγε τὴν δύναμιν ὁ Οὐαλέριος ἐπὶ τὸν ἕτερον, ἔνθα ἦσαν οἱ Οὐιεντανοὶ χωρίον οὐ πάνυ ἐχυρὸν κατειληφότες. λαθεῖν μὲν οὖν οὐκέτι ἐνεδέχετο τοὺς προσιόντας τῷ χάρακι: ἡμέρα τε γὰρ ἦν ἤδη λαμπρά, καὶ τῶν Σαβίνων οἱ φυγόντες ἀπήγγειλαν τοῖς Τυρρηνοῖς τὴν θ' αὐτῶν συμφορὰν καὶ τὴν ἐπ' ἐκείνους ἔλασιν: ἀναγκαῖον δ' ἦν ἐκ τοῦ καρτεροῦ τοῖς [p. 336] ^[2] πολεμίοις συμφέρεσθαι. γίνεται δὴ μετὰ τοῦτο πάσῃ προθυμίᾳ τῶν Τυρρηνῶν ἀγωνιζομένων πρὸ τῆς παρεμβολῆς ὀξεῖα μάχη καὶ φόνος ἀμοτέρων πολὺς, ἰσόρροπός τε καὶ μέχρι πολλοῦ ταλαντευομένη τῇδε καὶ τῇδε ἡ κρίσις τοῦ πολέμου. ἔπειτ' ἐνέδωσαν οἱ Τυρρηνοὶ ὑπὸ τῆς Ῥωμαικῆς ἐξωσθέντες ἵππου καὶ ἀπεχώρησαν εἰς τὸν χάρακα, ὃ δ' ὕπατος ἠκολούθει, καὶ ἐπειδὴ πλησίον ἐγένετο τῶν ἐρυμάτων — ἦν δὲ φαύλως κατεσκευασμένα καὶ τὸ χωρίον, ὥσπερ ἔφην, οὐ πάνυ ἀσφαλές — προσέβαλε κατὰ πολλὰ μέρη τὸ τε λοιπὸν ἐκείνης τῆς ἡμέρας μέρος ἐπιταλαιπωρῶν καὶ οὐδὲ τὴν ἐπιούσαν νύκτα ἀναπαυσάμενος. ^[3] οἱ δὲ Τυρρηνοὶ ταῖς συνεχέσι κακοπαθείαις ἀπειρηκότες ἐκλείπουσι τὸν χάρακα περὶ τὸν ὄρθρον καὶ οἱ μὲν εἰς τὴν πόλιν ἔφυγον, οἱ δ' εἰς τὰς πλησίον ὕλας ἐσκεδάσθησαν. γενόμενος δὲ καὶ τούτου τοῦ χάρακος ἐγκρατῆς ἐκείνην μὲν τὴν ἡμέραν ἀνέπαυσε τὴν στρατιάν, τῇ δ' ἐξῆς τὰ τε λάφυρα, ὅσα ἐξ ἀμοτέρων εἰλήφει τῶν στρατοπέδων, δίδειναι τοῖς ἀγωνισαμένοις πολλὰ ὄντα, καὶ τοὺς ἀριστεύσαντας ἐν ταῖς μάχαις τοῖς εἰωθόσιν ἐκόσμηι στεφάνοις. ^[4] ἦν δ' ὁ κράτιστα πάντων ἀγωνίσασθαι δόξας καὶ τρεψάμενος τὴν Οὐιεντανῶν δύναμιν Σερονίλιος ὁ τῷ προτέρῳ ὑπατεύσας ἔτει καὶ τὴν ἐπὶ τοῦ δήμου δίκην ἀποφυγῶν, πρεσβευτῆς τότε τῷ Οὐαλερίῳ συμπεμφθεὶς, καὶ ἐπὶ τῇ ἀριστείᾳ τῇδε τὰς νομιζόμενας εἶναι μεγίστας παρὰ Ῥωμαίοις δωρεὰς οὗτος ἦν ὁ πρῶτος ἐξενεγκάμενος. μετὰ ταῦτα τοὺς τε τῶν πολεμίων σκυλεύσας [p. 337] νεκροὺς ὁ ὕπατος καὶ τῶν ἰδίων ταφὰς ποιησάμενος ἀπῆγε τὴν στρατιάν καὶ πλησίον τῆς Οὐιεντανῶν πόλεως καταστήσας προὔκαλεῖτο τοὺς ἔνδον. ^[5] ὥς δ' οὐδεὶς ἐξῆι μαχησόμενος ἄπορον ὁρῶν χρῆμα ἐκ τειχομαχίας αὐτοὺς ἐλεῖν ἐχυρὰν σφόδρα ἔχοντας πόλιν, τῆς γῆς αὐτῶν πολλὴν καταδραμῶν εἰς τὴν Σαβίνων ἐνέβαλε. λεηλατήσας δὲ κάκεινην ἔτι

οἱ δὲ διαδεξάμενοι τούτους ὑπατοὶ Αὐλὸς Μάλλιος καὶ Λεύκιος Φούριος, ψηφισαμένης τῆς βουλῆς τὸν ἕτερον αὐτῶν στρατιάν ἐπὶ Οὐιεντανοὺς ἄγειν, ἐκληρώσαντο περὶ τῆς ἐξόδου, καθάπερ αὐτοῖς ἔθος ἦν. καὶ λαχὼν Μάλλιος ἐξῆγε τὰς δυνάμεις διὰ ταχέων, καὶ πλησίον τῶν πολεμίων κατεστρατοπέδευσεν. οἱ δὲ Οὐιεντανοὶ τειχίρεις γενόμενοι τέως μὲν ἀντεῖχον καὶ διεπρεσβεῦοντο πρὸς τε τὰς ἄλλας τὰς ἐν Τυρρηνοῖς πόλεις καὶ πρὸς τοὺς νεωστὶ συμμαχήσαντας αὐτοῖς Σαβίνους, βοήθειαν ἀξιοῦντες ἀποστεῖλαι σφίσι διὰ ^[2] ταχέων. ὥς δ' ἀπάντων ἀπετύγχανον καὶ τὰς τροφὰς ἀπαναλώκεσαν, ὑπὸ τῆς ἀνάγκης τοῦ λιμοῦ βιασθέντες ἐξῆλθον ὥς τὸν ὑπατον, ἱκετηρίας φέροντες οἱ πρεσβύτατοι τ' αὐτῶν καὶ τιμώτατοι, περὶ καταλύσεως δεόμενοι [p. 339] τοῦ πολέμου. τοῦ δὲ Μαλλίου κελεύσαντος αὐτοῖς ἀργῦριόν τ' εἰς ὀψωνιασμόν ἐνιαυτοῦ τῇ στρατιᾷ καὶ διμήνου τροφὰς ἀποφέρειν, ὅταν δὲ ταῦτα ποιήσωσιν εἰς Ῥώμην ἀποστέλλειν τοὺς διαλεξομένους τῇ βουλῇ περὶ τῶν διαλύσεων, ἐπαινέσαντες ταῦτα καὶ διὰ ταχέων τὸ τ' ὀψώνιον τῇ στρατιᾷ καὶ τὸ ἀντὶ τοῦ σίτου συγχωρηθὲν ὑπὸ τοῦ Μαλλίου κατενέγκαντες ἀργῦριον ἦκον εἰς τὴν Ῥώμην· καὶ καταστάντες ἐπὶ τὴν βουλὴν συγγνώμης ἐπὶ τοῖς γεγονόσι τυχεῖν ἡξίου, καὶ εἰς τὸν λοιπὸν χρόνον ἀπαλλαγῆς τοῦ πολέμου. ^[3] πολλῶν δὲ λεχθέντων εἰς ἀμφοτέρω τὰ μέρη λόγων ἐνίκησεν ἡ σπένδεσθαι παραινοῦσα τὸν πρὸς αὐτοὺς πόλεμον γνώμη, γίνονται τ' ἀνοχαὶ τοῦ πολέμου πρὸς αὐτοὺς τεσσαρακονταετῆς. καὶ οἱ μὲν ἀπῆσαν πολλὰς τῇ πόλει τῆς εἰρήνης

οἱ δὲ μετὰ τούτους παραλαβόντες τὴν ὑπατον ἀρχήν, Λεύκιος Αἰμίλιος Μάμερκος τὸ τρίτον, καὶ Οὐοπίσκος Ἰούλιος, ἐπὶ τῆς ἐβδόμης καὶ ἐβδομηκοστῆς ὀλυμπιάδος, ἦν ἐνίκα στάδιον Δάνδης Ἀργεῖος, [p. 340] Ἀθήνησι δ' ἄρχοντας Χαρητος, ἐπίπονον σφόδρα καὶ ταραχώδη τὴν ἀρχὴν διετέλεσαν, εἰρήνην μὲν ἄγοντες ἀπὸ τῶν ἔξωθεν πολέμων — ἐν ἡσυχίᾳ γὰρ ἦν πάντα τὰ διάφορα — ὑπὸ δὲ τῶν ἐν τῇ πόλει στάσεων αὐτοὶ τ' εἰς κινδύνους ἀθρόοι καὶ τὴν πόλιν ὀλίγου δεήσαντες ἀπολέσαι. ὥς γὰρ ἀνεπαύσατο τῶν στρατειῶν τὸ πλῆθος, ἐπὶ τὴν διανομὴν εὐθύς ὥρμησε τῶν δημοσίων ἀγρῶν. [2] ἦν γὰρ τις ἐν τοῖς δημάρχοις θρασὺς καὶ λέγειν οὐκ ἀδύνατος ἀνὴρ, Γναῖος Γενύκιος, ὁ παραθήγων τὰς ὀργὰς τῶν πενήτων. οὗτος ἐκκλησίας συνάγων ἐκάστοτε καὶ ἐκδημαγωγῶν τοὺς ἀπόρους προσηνάκαζε τοὺς ὑπάτους τὰ ὑπὸ τῆς βουλῆς ψηφισθέντα περὶ τῆς κληρουχίας συντελεῖν. οἱ δ' οὐχ ὑπῆκουον οὐ τῇ ἐαυτῶν ἀρχῇ λέγοντες ἐπιτετάχθαι τὸ ἔργον ὑπὸ τῆς βουλῆς, ἀλλὰ τοῖς μετὰ Κάσσιον καὶ Οὐεργίνιον ὑπάτοις, πρὸς οὓς καὶ τὸ προβούλευμα ἐγράφη: καὶ ἅμα οὐδ' εἶναι νόμους εἰς αἰεὶ κυρίους ἃ ψηφίζεται τὸ συνέδριον, ἀλλὰ πολιτεύματα καιρῶν ἐνιαύσιον ἔχοντα ἰσχύν. [3] ταύτας προβαλλομένων τῶν ὑπάτων τὰς αἰτίας ἀδύνατος ὢν ὁ Γενύκιος αὐτοὺς ἀναγκάσαι μείζονα ἐξουσίαν ἔχοντας ἰταμὴν ὁδὸν ἐτράπετο. τοῖς γὰρ ὑπατεύουσαι τὸ ἔμπροσθεν ἔτος Μαλλίῳ τε καὶ Λευκίῳ δίκην ἐπήνεγκε δημοσίαν, καὶ προεῖπεν ἥκειν ἐπὶ τὸν δῆμον ἀπολογησομένους, ὁρίσας ἀντικρυς τὴν αἰτίαν τῆς δίκης, ὅτι τὸν δῆμον ἀδικοῦσιν οὐκ ἀποδείξαντες τοὺς δέκα ἄνδρας, οὓς ἐψηφίσατο ἡ βουλή, [p. 341] [4] τοὺς ποιησομένους τὴν τῶν κλήρων διανομὴν. τοῦ δὲ μὴ τῶν ἄλλων τινὰς ὑπάτων ἄγειν ἐπὶ τὴν δίκην, δώδεκα γενομένων τῶν μεταξὺ ἀρχείων, ἀφ' οὗ τὸ προβούλευμα ἐγράφη, τούτους δὲ προβαλέσθαι τοὺς ἄνδρας μόνους τῆς ψευθείσης ὑποσχέσεως, ἐπεικεῖς ἔφερεν αἰτίας: καὶ τελευτῶν ἔφη μόνως ἂν οὕτως ἀναγκασθῆναι τοὺς ἐν ἀρχῇ τότε ὄντας ὑπάτους κληρουχῆσαι τὴν γῆν, ἐὰν ἐτέρους τινὰς ἴδωσι δίκην τῷ δήμῳ διδόντας, ἐνθυμηθέντας, ὅτι καὶ σφίσι αὐτοῖς συμβήσεται ταῦτό παθεῖν.

ἀνὴρ τις ἐκ τῶν δημοτικῶν τὰ πολέμια λαμπρός, Βολέρων Πόπλιος, ἡγεμονίαν ἐσχηκὼς λόχων ἐν ταῖς προτέραις στρατείαις, τότε ἄντι λοχαγοῦ στρατιώτης πρὸς αὐτῶν κατεγράφετο. ὥς δ' ἦναντιοῦτο καὶ οὐκ ἤξιον χώραν ἀτιμωτέραν λαβεῖν οὐδὲν ἡμαρτηκὼς ἐν ταῖς προτέραις στρατείαις, δυσανασχετοῦντες οἱ ὕπατοι τὴν παρρησίαν αὐτοῦ τοῖς ῥαβδούχοις ἐκέλευσαν τὴν ἐσθιῆτά τε περικαταρρῆξαι καὶ ταῖς ῥάβδοις τὸ σῶμα ξαινείν. ^[2] ὁ δὲ νεανίας τοὺς τε δημάρχους [p. 343] ἐπεκαλεῖτο, καί, εἰ τι ἀδικεῖ, κρίσιν ἐπὶ τῶν δημοτῶν ὑπέχειν ἤξιον. ὥς δ' οὐ προσεῖχον αὐτῷ τὸν νοῦν οἱ ὕπατοι, ἀλλὰ τοῖς ῥαβδούχοις ἄγειν καὶ τύπτειν ἐπεκελεύοντο, οὐκ ἀνασχετὸν ἡγησάμενος εἶναι τὴν ὕβριν αὐτὸς ἑαυτῷ ταμίας τῆς δίκης γίνεται. ^[3] τὸν τε γὰρ πρῶτον προσελθόντα τῶν ῥαβδούχων παίων εἰς τὸ πρόσωπον ἐναντίαις πυγμαῖς νεανίας καὶ ἐρρωμένος ἀνὴρ ἀνατρέπει καὶ τὸν ἐπὶ τούτῳ. ἀγανακτησάντων δὲ τῶν ὑπάτων καὶ πᾶσιν ἅμα τοῖς ὑπηρέταις προσελθεῖν κελευσάντων δεινὸν τι τοῖς παροῦσι τῶν δημοτικῶν ἐφάνη: καὶ αὐτίκα συστραφέντες ἄθροοι καὶ ἀναβοήσαντες τὸ παρακλητικὸν τῆς ἀλλήλων ὀργῆς τὸν τε νεανίσκον ἐξήρπασαν καὶ τοὺς ῥαβδούχους ἀπέστησαν παίοντες καὶ τελευτῶντες ἐπὶ τοὺς ὑπάτους ὥρμησαν, καὶ εἰ μὴ καταλιπόντες ἐκεῖνοι τὴν ἀγορὰν ἔφυγον, ^[4] ἀνῆκεστον ἂν τι κακὸν ἐξειργάσαντο. ἐκ δὲ τούτου διειστήκει πᾶσα ἡ πόλις, καὶ οἱ τέως ἡσυχάζοντες δῆμαρχοι τότε ἡγριοῦντο καὶ τῶν ὑπάτων κατηγοροῦν. περιειστήκει τε ἡ περὶ τῆς κληρουχίας στάσις εἰς ἕτερον μείζονα διὰ τὸν ὑπὲρ τοῦ κόσμου τῆς πολιτείας ἀγῶνα. οἱ μὲν γε πατρίκιοι τοῖς ὑπάτοις ὡς καταλυομένης αὐτῶν τῆς ἐξουσίας συναγανακτοῦντες τὸν ἐπιβαλεῖν χεῖρας τοῖς ὑπηρέταις τολμήσαντα κατὰ ^[5] κρημοῦ βαλεῖν ἤξιουν. οἱ δὲ δημοτικοὶ συστρέψαντες αὐτοὺς κατεβόων τε καὶ παρεκελεύοντο μὴ προδιδόναι [p. 344] σφῶν τὴν ἐλευθερίαν, ἀλλ' ἐπὶ τὴν βουλὴν τὸ πρᾶγμα ἄγειν καὶ τῶν ὑπάτων κατηγορεῖν καὶ δίκης τινὸς παρ' αὐτῶν ἤξιουν τυχεῖν, ὅτι τὸν ἐπικαλεσάμενον τὴν ἐκ τῶν δημάρχων βοήθειαν, καὶ ἐν τῷ δήμῳ κρίσιν ὑπέχειν, εἰ τι πλημμελεῖ, βουλόμενον, οὐδετέρου τυχεῖν εἴασαν τῶν δικαίων, ἀλλ' ἐν ἀνδραπόδου μοίρᾳ τὸν ἐλεύθερον καὶ πολίτην ἔθεντο παίειν ἐπικελευόμενοι. ^[6] ἀντιτεταγμένων δὴ τούτων καὶ οὐδετέρων εἴξαι

ἐπιστάντων δὲ τῶν ἀρχαιρεσίων ὕπατοι μὲν ἀπεδείχθησαν Λεῦκιος Πινάριος καὶ Πόπλιος Φούριος. ἐν ἀρχῇ δὲ τοῦ ἔτους εὐθύς ὅττειας τινὸς ἡ πόλις ἐπληρώθη καὶ φόβου δαιμονίου τεράτων τε καὶ σημείων πολλῶν γινομένων. καὶ οἱ τε μάντεις ἅπαντες καὶ οἱ τῶν ἱερῶν ἐξηγηταὶ χόλου δαιμόνων μηνύματα εἶναι τὰ γινόμενα ἀπέφαινον, ἱερῶν τινων οὐχ ὁσίως οὐδὲ καθαρῶς ἐπιτελουμένων. [2] καὶ μετ' οὐ πολὺ νόσος ἐνέσκηπεν εἰς τὰς γυναικας ἢ καλουμένη λοιμική, καὶ θάνατος, ὅσος οὐπω πρότερον, μάλιστα δ' εἰς τὰς ἐγκύμονας. ὠμοτοκοῦσαι τε γὰρ καὶ νεκρὰ τίκτουσαι συναπέθνησκον τοῖς βρέφεσι, καὶ οὔτε λιτανεῖαι πρὸς ἔδеси καὶ βωμοῖς γινόμεναι θεῶν, οὔτε καθαρτήριοι θυσίαι περὶ τε πόλεως καὶ οἰκων ἰδίων ἐπιτελούμεναι παῦλαν αὐταῖς ἔφερον τῶν κακῶν. [3] ἐν [p. 345] τοιαύτῃ δὲ συμφορᾷ τῆς πόλεως οὔσης τοῖς ἐξηγηταῖς τῶν ἱερῶν γίνεται μήνυσις ὑπὸ δούλου τινός, ὅτι μία τῶν ἱεροποιῶν παρθένων τῶν φυλαττουσῶν τὸ ἀθάνατον πῦρ Ὀρβινία τὴν παρθενίαν ἀπολώλεκε καὶ τὰ ἱερὰ θύει τὰ τῆς πόλεως οὐκ οὔσα καθαρὰ. κάκεῖνοι μεταστῆσαντες αὐτὴν ἀπὸ τῶν ἱερῶν καὶ προθέντες δίκην, ἐπειδὴ καταφανὴς ἐγένετο ἐλεγχθεῖσα, ῥάβδοις τ' ἐμαστίγωσαν καὶ πομπεύσαντες διὰ τῆς πόλεως ζῶσαν κατῶρυξαν. [4] τῶν δὲ διαπραξαμένων τὴν ἀνοσίαν φθορὰν ὁ μὲν ἕτερος ἑαυτὸν διεχρήσατο, τὸν δ' ἕτερον οἱ τῶν ἱερῶν ἐπίσκοποι συλλαβόντες ἐν ἀγορᾷ μάστιξιν αἰκισάμενοι καθάπερ ἀνδράποδον ἀπέκτειναν. ἡ μὲν οὖν νόσος ἢ κατασκήψασα εἰς τὰς γυναικας καὶ ὁ πολὺς αὐτῶν φθόρος μετὰ τοῦτο τὸ ἔργον εὐθύς ἐπαύσατο.

ἡ δ' ἐκ πολλοῦ χρόνου διαμένουσα ἐν τῇ πόλει στάσις, ἣν οἱ δημόται πρὸς τοὺς πατρικίους ἐστασίαζον, ἀνίστατο πάλιν. ὁ δ' ἐξεγείρων αὐτὴν δήμαρχος ἦν Πόπλιος Βολέρων, ὁ τῷ πρόσθεν ἐνιαυτῷ τοῖς περὶ Αἰμίλιόν τε καὶ Ἰούλιον ὑπάτοις ἀπειθήσας, ὅτ' αὐτὸν ἀντὶ λοχαγοῦ στρατιώτην κατέγραφον, οὐ δι' ἄλλο τι μᾶλλον ἀποδειχθεὶς ὑπὸ τῶν πενήτων τοῦ δήμου προστάτης — γένος τε γὰρ ἐκ τῶν ἐπιτυχόντων ἦν καὶ τεθραμμένος ἐν πολλῇ ταπεινότητι καὶ ἀπορίᾳ — ἀλλ' ὅτι τὴν ἀρχὴν τῶν ὑπάτων βασιλικὸν ἔχουσαν ἀξίωμα τέως πρῶτος ἔδοξεν ἰδιώτης ἀνὴρ ἀπειθείᾳ ταπεινῶσαι, καὶ ἔτι μᾶλλον διὰ τὰς ὑποσχέσεις, [p. 346] ἃς ἐποιεῖτο μετιὼν τὴν ἀρχὴν κατὰ τῶν πατρικίων, [2] ὡς ἀφαιρησόμενος αὐτῶν τὴν ἰσχύν. ὃς ἐπειδὴ τάχιστα ἐξεγένετο αὐτῷ λωφήσαντος τοῦ δαιμονίου χόλου τὰ πολιτικὰ πράττειν, συναγαγὼν τὸν δῆμον εἰς ἐκκλησίαν νόμον εἰσφέρει περὶ τῶν δημαρχικῶν ἀρχαιρεσίων, μετάγων αὐτὰ ἐκ τῆς φρατριακῆς ψηφοφορίας, ἣν οἱ Ῥωμαῖοι καλοῦσιν κουριᾶτιν, ἐπὶ τὴν φυλετικὴν. τίς δὲ τούτων διαφορὰ τῶν ἀρχαιρεσίων, ἐγὼ σημανῶ. ταῦτ' εἰπὼν ὄρκον, ὅσπερ μέγιστος αὐτοῖς ἦν, διομοσάμενος ἢ τὸν νόμον ἐπικυρώσειν ἢ τοῦ ζῆν μεθήσεσθαι, σιωπῆς γενομένης ἐκ τοῦ πλήθους καὶ ἐναγωνίου προσδοκίας, ἐφ' ᾧ μέλλει δρᾶν, ἐκέλευσε μεταχωρεῖν ἐκ τῆς ἐκκλησίας τὸν Ἀππιον. ὥς δ' οὐκ ἐπέιθετο, ἀλλὰ τοὺς ῥαβδούχους παραστησάμενος καὶ τὸν ὄχλον, ὃν ἦγε παρασκευασάμενος οἰκοθεν, ἀπεμάχετο μὴ παραχωρῆσαι τῆς ἀγορᾶς, σιωπὴν ὑποκηρευξάμενος ὁ Λαιτώριος ἀνεῖπεν, ὅτι τὸν ὕπατον εἰς φυλακὴν κελεύουσιν ἀπάγειν οἱ δήμαρχοι. ^[2] καὶ ὁ μὲν ὑπηρετὴς κελευσθεὶς ὑπ' αὐτοῦ προσῆγεν ὥς τοῦ σώματος ἐπιληψόμενος· τῶν δὲ ῥαβδούχων ὁ πρῶτος ἐπιτυχὼν παίων αὐτὸν ἀπῆλασε. κραυγῆς δ' ἐκ τῶν παρόντων γενομένης μεγάλης καὶ ἀγανακτήσεως ἵεται αὐτὸς ὁ Λαιτώριος παρακελευσάμενος τοῖς ὄχλοις ἀμύνειν, καὶ οἱ περὶ τὸν Ἀππιον στίφος ἔχοντες νέων πολλὸν καὶ καρτερὸν ὑφίστανται. καὶ μετὰ τοῦτο λόγοι [p. 358] τ' ἀσχήμονες ἐγένοντο εἰς ἀλλήλους καὶ καταβοαὶ καὶ σωμάτων ὠθισμοί· καὶ τελευτῶσα εἰς χεῖρας ἀπέσκηπεν ἡ ἔρις, καὶ εἰς λίθων ἥρξατο προβαίνειν βολάς. ^[3] ἐπέσχε δὲ ταῦτα καὶ τοῦ μὴ προσωτέρω χωρῆσαι τὰ δεινὰ Κοίντιος ἄτερος τῶν ὑπάτων αἴτιος ἐγένετο, δεόμενός τε πάντων καὶ λιπαρῶν σὺν τοῖς πρεσβυτάτοις τῶν ἐκ τοῦ συνεδρίου καὶ εἰς μέσους τοὺς ἀψιμαχοῦντας ὠθούμενος. ἦν δὲ καὶ τῆς ἡμέρας τὸ λειπόμενον βραχὺ ^[4] μέρος, ὥστ' ἀκούσιοι ἀπ' ἀλλήλων διελύθησαν. ταῖς δ' ἐξῆς ἡμέραις αἱ τ' ἀρχαὶ ἀλλήλαις ἐνεκάλουν, ὁ μὲν ὕπατος τοῖς δημάρχois, ὅτι καταλύειν αὐτοῦ τὴν ἀρχὴν ἤξιουν ἐς τὸ δεσποτήριον τὸν ὕπατον ἀπάγειν κελεύσαντες, τῷ δ' ὑπάτῳ οἱ δήμαρχοι, ὥς ἐμβεβληκότι πληγὰς σώμασιν ἱεροῖς καὶ καθωσιωμένοις ὑπὸ τοῦ νόμου — καὶ ὁ Λαιτώριος τὰ ἴχνη τῶν πληγῶν εἶχεν ἐπὶ τῆς ὄψεως ἔτι φανερά — ἢ τε πόλις ὅλη διοιδοῦσα καὶ ἀγριαινομένη διειστήκει. ^[5] ἔπειτα ὁ μὲν δῆμος ἐφρουρεῖ τὸ Καπιτώλιον ἅμα τοῖς δημάρχois, οὐθ' ἡμέρας οὐτε νυκτὸς ἐκλείπων τὴν φυλακὴν· ἡ δὲ βουλὴ συνιοῦσα πολλὴν καὶ ἐπίπονον ἐποιεῖτο ζήτησιν, ὅπως χρὴ παῦσαι τὴν διχοστασίαν, τοῦ τε κινδύνου τὸ μέγεθος ἐνθυμουμένη, καὶ ὅτι οὐδὲ τοῖς ὑπάτοις τὰ αὐτὰ παρειστήκει φρονεῖν. ὁ μὲν γὰρ Κοίντιος εἴκειν τῷ δήμῳ τὰ μέτρια ἡξιού, ὁ δ' Ἀππιος μέχρι θανάτου ἀντέχειν. [p. 359]

ὥς δ' οὐδὲν ἐγίνετο πέρας, χωρὶς ἐκάστους ἀπολαμβάνων ὁ Κοίντιος, τοὺς τε δημάρχους καὶ τὸν Ἀππιον, ἐδεῖτο καὶ ἐλιπάρει καὶ τὰ κοινὰ τῶν ἰδίων ἀναγκαιότερα ἡγεῖσθαι ἡξιού. ὁρῶν δὲ τοὺς μὲν ἤδη πεπειροτέρους γεγονότας, τὸν δὲ συνάρχοντα ἐπὶ τῆς αὐτῆς αὐθαδείας μένοντα πείθει τοὺς ἀμφὶ Λαιτώριον, ὑπὲρ ἀπάντων τῶν τ' ἰδίων ἐγκλημάτων καὶ ^[2] τῶν δημοσίων τὴν βουλὴν ποιῆσαι κυρίαν. ἐπεὶ δὲ τοῦτο διεπράξατο, συνεκάλει τὴν βουλὴν καὶ τοὺς δημάρχους πολλὰ ἐπαινέσας καὶ τοῦ συνάρχοντος δεηθεὶς μὴ ἀντιπράττειν τῇ σωτηρίᾳ τῆς πόλεως ἐκάλει τοὺς εἰωθότας ἀποφαίνεσθαι γνώμας. ^[3] πρῶτος δὲ κληθεὶς Πόπλιος Οὐαλέριος Ποπλικόλας γνώμην ἀπεφώνετο τήνδε· ὅσα μὲν ἀλλήλοις ἐγκαλοῦσιν οἱ τε δήμαρχοι καὶ ὁ ὕπατος, ὑπὲρ ὧν ἔπαθον ἢ ἔδρασαν ἐν τῇ ταραχῇ, ἐπειδὴ οὐκ ἐξ ἐπιβουλήs οὐδ' οἰκείας πλεονεξίας ἐνεκεν εἰς αὐτὰ κατέστησαν, ἀλλ' ὑπὸ

τῆς εἰς τὰ κοινὰ φιλοτιμίας, ἀφεῖσθαι δημοσίᾳ καὶ μηδεμίαν ὑπὲρ αὐτῶν εἶναι δίκην: περὶ δὲ τοῦ νόμου, ἐπειδὴ ὁ ὕπατος Ἄππιος οὐκ ἔῤα νόμον ἀπροβούλευτον εἰς τὴν ἐκκλησίαν ἐκφέρειν, προβουλεύσαι μὲν περὶ τοῦτου τὸ συνέδριον: τοὺς δὲ δημάρχους ἅμα τοῖς ὑπάτοις ἐπιμέλειαν ποιήσασθαι τῆς θ' ὁμονοίας τῶν πολιτῶν, ὅταν ἡ ψῆφος περὶ αὐτοῦ διαφέρηται, καὶ τῆς εὐκοσμίας. [4] ἐπαινεσάντων δὲ τὴν γνώμην ἀπάντων εὐθύς ἀνέδωκε τὴν ὑπὲρ τοῦ νόμου ψῆφον ὁ Κοίντιος τῷ συνεδρίῳ, καὶ πολλὰ μὲν Ἀππίου κατηγορήσαντος, πολλὰ δὲ τῶν [p. 360] δημάρχων ἀντιλεζάντων, ἐνίκα παρὰ πολλὰς ψήφους ἢ τὸν νόμον εἰσφέρειν ἀξιοῦσα γνώμη. ἐπικυρωθέντος δὲ τοῦ προβουλεύματος αἱ τε ἴδιαι τῶν ἀρχόντων διαφοραὶ διελύθησαν, καὶ ὁ δῆμος ἀγαπητῶς δεξιόμενος τὸ συγχώρημα τῆς βουλῆς ἐπεψήφισε τὸν νόμον. ἀπ' ἐκείνου τοῦ χρόνου τὰ τῶν δημάρχων καὶ ἀγορανόμων ἀρχαιρέσια μέχρι τοῦ καθ' ἡμᾶς χρόνου δίχα οἰωνῶν τε καὶ τῆς ἄλλης ὀνείας ἀπάσης αἱ φυλετικαὶ ψηφοφοροῦσιν ἐκκλησίαι. αὕτη λύσις ἐγένετο τῆς τότε κατασχούσης ταραχῆς τὴν πόλιν.

καὶ μετ' οὐ πολὺ στρατιὰς ἐδόκει Ῥωμαίοις καταγράφειν καὶ τοὺς ὑπάτους ἐκπέμπειν ἀμφοτέρους ἐπὶ τ' Αἰκανοὺς καὶ Οὐολούσκους. δυνάμεις γὰρ ἐξ ἐκατέρων τῶν ἐθνῶν ἐξεληλυθέναι ἡγγέλλοντο μεγάλαι καὶ προνομεύειν τοὺς Ῥωμαίων συμμάχους. παρασκευασθεῖσιν δὲ τῶν δυνάμεων σὺν τάχει Κοίντιος μὲν Αἰκανοῖς πολεμήσων ὥχετο, Ἄππιος δὲ Οὐολούσκοις, κλήρῳ διαλαχόντες τὰς ἀρχάς. συνέβη δὲ τῶν ὑπάτων ἐκατέρῳ τὰ εἰκότα πάσχειν: [2] ἡ μὲν γὰρ τῷ Κοιντίῳ προσενεμηθεῖσα στρατιὰ τὴν ἐπιεικειάν τε καὶ μετριότητα τοῦ ἀνδρὸς ἀσπαζομένη πρόθυμος ἦν εἰς ἅπαντα τὰ ἐπιταπτόμενα, καὶ τὰ πλεῖστα αὐτοκέλευστος ὑφίστατο κινδυνεύματα δόξαν τῷ ἡγεμόνι καὶ τιμὴν πράττουσα: καὶ διεξῆλθε πολλὴν τῆς Αἰκανῶν χώρας λεηλατοῦσα οὐ τολμώντων εἰς χεῖρας ἐλθεῖν τῶν πολεμίων, ἐξ ἧς λάφυρα πολλὰ καὶ ὠφελείας μεγάλας ἐκτήσατο. [p. 361] χρόνον δ' οὐ πολὺν ἐν τῇ πολεμίᾳ διατρίψασα παρῆν εἰς τὴν πόλιν ἀπαθὴς κακῶν, λαμπρὸν ἐπὶ τοῖς ἔργοις τὸν στρατηγὸν ἄγουσα. [3] ἡ δὲ τῷ Ἀππίῳ συνεξελητοῦσα δύναμις μίσει τῷ πρὸς αὐτὸν πολλὰ ὑπερεῖδε τῶν πατρίων. τὰ τε γὰρ ἄλλα ἐθελοκακοῦσα ἐν ὅλῃ τῇ στρατείᾳ καὶ ὀλιγωροῦσα τοῦ ἡγεμόνος διετέλεσε, καὶ ἐπειδὴ μάχεσθαι ἔδει τῇ Οὐολούσκων στρατιᾷ, κατασταθεῖσα ὑπὸ τῶν ἡγεμόνων εἰς τάξιν οὐκ ἤξιώσε τοῖς πολεμίοις εἰς χεῖρας ἵεναι: ἀλλ' οἱ τε λοχαγοὶ καὶ οἱ πρόμαχοι αὐτῶν, οἱ μὲν τὰ σημεῖα ῥίψαντες, οἱ δὲ τὴν τάξιν ἐγκαταλιπόντες ἐπὶ τὸν χάρακα ἔφευγον. [4] καὶ εἰ μὴ θαυμάσαντες τὸ παράλογον τῆς φυγῆς αὐτῶν οἱ πολέμιοι καὶ δέισαντες, μὴ ἐνέδρα τις ἦ, τῆς ἐπὶ πλεῖον διώξεως ἀπετράποντο, τὸ πλεῖον ἂν μέρος τῶν Ῥωμαίων διέφθαρτο. ἐποιοῦν δὲ ταῦτα φθόνῳ τοῦ ἡγεμόνος, ἵνα μὴ καλὸν ἀγώνισμα ὁ ἀνὴρ διαπραξάμενος θριάμβῳ τε καὶ ταῖς ἄλλαις ἐπιλαμπρυνθῇ τιμαῖς. [5] τῇ δὲ κατόπιν ἡμέρᾳ τὰ μὲν ἐπιτιμῶντος αὐτοῖς τοῦ ὑπάτου τῆς ἀδόξου φυγῆς, τὰ δὲ παρακαλοῦντος αἰσχιστον ἔργον ἀναλύσασθαι καλῶ ἀγῶνι, τὰ δ' ἀπειλοῦντος, εἰ μὴ στήσονται παρὰ τὰ δεινὰ, χρῆσεσθαι τοῖς νόμοις, ἀπειθείᾳ τε διεχρῶντο καὶ καταβοῇ καὶ ἀπάγειν σφᾶς ἐκέλευον ἐκ τῆς πολεμίας ὥς ἀδύνατοι ἔτι ὄντες ὑπὸ

τραυμάτων ἀντέχειν: κατεδῆσαντο γὰρ αὐτῶν οἱ πολλοὶ τοὺς ὑγιεῖς χρῶτας ὡς τραυματῖαι: ὥστε ὁ Ἄππιος [p. 362] ἠναγκάσθη ἀπάγειν τὸν στρατὸν ἐκ τῆς πολεμίας, καὶ οἱ Οὐλολοῦσκοι ἀπιοῦσιν ἐπόμενοι πολλοὺς αὐτῶν ἀπέκτειναν. ^[6] ὡς δ' ἐν τῇ φιλίᾳ ἐγένοντο, συναγαγὼν εἰς ἐκκλησίαν αὐτοῦς ὁ Ὑπατος καὶ πολλὰ ὀνειδίσας ἔφη χρῆσεσθαι τῇ κατὰ τῶν λιποτακτῶν κολάσει. καὶ πολλὰ δεομένων τῶν πρεσβευτῶν καὶ τῶν ἄλλων τῶν ἐν τέλει μετριάσαι, καὶ μὴ συμφορὰν ἐπὶ συμφορᾷ προσθεῖναι τῇ πόλει, λόγον οὐδενὸς αὐτῶν ποιησάμενος ἐκύρωσε τὴν κόλασιν. ^[7] καὶ μετὰ τοῦθ' οἱ λοχαγοὶ τε, ὧν οἱ λόχοι ἔφυγον, καὶ οἱ πρόμαχοι τῶν σημείων, ὅσοι τὰ σημεῖα ἀπολωλέκεσαν, οἱ μὲν πελέκει τοὺς αὐχένους ἀπεκόπησαν, οἱ δὲ ξύλοις παιόμενοι διεφθάρησαν: ἐκ δὲ τοῦ ἄλλου πλήθους ἀπὸ δεκάδος ἐκάστης εἷς ἀνὴρ ὁ λαχὼν κλήρῳ πρὸ τῶν ἄλλων ἀπέθνησκεν. αὕτη Ῥωμαίοις πάτριός ἐστι κατὰ τῶν λιπόντων τὰς τάξεις ἢ προεμένων τὰς σημαίας ἢ κόλασις. καὶ μετὰ ταῦτ' αὐτὸς τε μισούμενος ὁ στρατηγὸς καὶ τῆς στρατιᾶς ὅσον ἔτι περιῆν κατηφὲς καὶ ἄτιμον ἐπαγόμενος, τῶν ἀρχαιρεσίῳ καθηκόντων ἀνέστρεψεν εἰς τὴν πατρίδα.

ἀποδειχθέντων δὲ μετ' ἐκείνους ὑπάτων Λευκίου Οὐαλερίου τὸ δεῦτερον καὶ Τιβερίου Αἰμιλίου βραχύν τινα χρόνον ἐπισχόντες οἱ δῆμαρχοι τὸν ὑπὲρ κληρουχίας πάλιν εἰσήγον λόγον: καὶ προσιόντες τοῖς ὑπάτοις ἡξιοῦν βεβαιῶσαι τῷ δήμῳ τὰς ὑποσχέσεις, ἃς ἐποιήσατο ἡ βουλὴ Σπορίου Κασσίου καὶ Πρόκλου [p. 363] Οὐεργινίου ὑπατευόντων, δεόμενοι τε καὶ λιπαροῦντες. ^[2] καὶ οἱ Ὑπατοι αὐτοῖς συνελάμβανον ἀμφοτέροι, Τιβέριος μὲν Αἰμιλίου κότον τινὰ παλαιὸν εἰς τὴν βουλὴν οὐκ ἄλογον ἀναφέρων, ὅτι τῷ πατρὶ αὐτοῦ θρίαμβον αἰτουμένῳ κατάγειν οὐκ ἐπέτρεψεν, ὁ δὲ Οὐαλέριος ἀποθεραπεῦσαι τοῦ δήμου τὴν ὀργὴν βουλόμενος, ἣν εἶχε πρὸς αὐτὸν ἐπὶ τῷ Σπορίου Κασσίου θανάτῳ, ὃν ἀπέκτεινεν ὡς ἐπιχειροῦντα βασιλεῖα ταμίας τότε ὧν Οὐαλέριος, ἄνδρα τῶν κατὰ τὴν αὐτὴν ἡλικίαν γενομένων ἐπιφανέστατον ἐν ἡγεμονίαις τε πολέμων καὶ πολιτικαῖς πράξεσιν, ὃς καὶ τὸ περὶ τῆς κληρουχίας πολίτευμα πρῶτος εἰσήγαγεν εἰς τὴν πόλιν, καὶ δι' αὐτὸ μάλιστα ὑπὸ τῶν πατρικίων, ὡς δῆμον ἀναιρούμενος πρὸ αὐτῶν, ἐμισήθη. ^[3] τότε δ' οὖν ὑποσχομένων τῶν ὑπάτων αὐτοῖς προθήσειν ἐν τῇ βουλῇ τὸν ὑπὲρ τῆς διανομῆς τῶν δημοσίων κλήρων λόγον, καὶ τῆς ἐπικυρώσεως τοῦ νόμου συναρεῖσθαι, πιστεύσαντες αὐτοῖς οἱ δῆμαρχοι παρήσαν ἐπὶ τὴν βουλὴν καὶ λόγους διεξῆλθον ἐπεικεῖς. οἷς οὐδὲν ἀντιλέξαντες οἱ Ὑπατοι, ὡς μὴ φιλονεικίας δόξαν ἀπενέγκαιντο, γνώμην ἀποδείκνυσθαι τοὺς πρεσβυτάτους ἡξιοῦν. ^[4] ἦν δ' ὁ πρῶτος ὑπ' αὐτῶν κληθεὶς Λεύκιος Αἰμιλίου θατέρου τῶν ὑπάτων πατήρ: ὃς ἔφη δοκεῖν αὐτῷ καὶ δίκαιον καὶ συμφέρον ἔσεσθαι τῇ πόλει, πάντων εἶναι τὰ κοινὰ καὶ μὴ ὀλίγων, τῷ τε δήμῳ πείθοντι ὑπουργεῖν συνεβούλευεν, [p. 364] ἵνα χάρις ἢ παραχώρησις αὐτῶν γένηται. πολλὰ γὰρ καὶ ἄλλα μὴ δόντας αὐτῷ κατὰ προαίρεσιν, ὑπ' ἀνάγκης συγκεχωρηκέαι: τοὺς τε κατέχοντας τὰς κτήσεις ὧν ἐκαρπώσαντο χρόνων λαθόντες ἡξίου χάριν εἰδέναι, κωλυομένους δὲ μὴ φιλοχωρεῖν. ^[5] ἔφη τε σὺν τῷ δικαίῳ, ὃ πάντες ὁμολογήσειαν ἰσχυρὸν εἶναι, τὰ μὲν δημόσια καινὰ πάντων εἶναι, τὰ δ' ἴδια ἐκάστου τῶν νόμῳ κτησαμένων: καὶ

ἀναγκαῖον ἤδη τὸ πρᾶγμα ὑπὸ τῆς βουλῆς γεγονέναι πρὸ ἐτῶν ἑπτακαίδεκα τὴν γῆν διανέμειν ψηφισαμένης. καὶ τοῦτ' ἀπέφηνεν ἐπὶ τῷ συμφέροντι τὸτ' αὐτὴν βεβουλεῦσθαι, ἵνα μὴτε γῆ χέρσος ᾖ, καὶ ὁ τὴν πόλιν οἰκουρῶν πένης ὄχλος μὴ ἄργος, ὥσπερ νῦν τοῖς ἄλλοτριῖσι ἀγαθοῖς φθονῶν, ἐπιτρέφεται δὲ τῇ πόλει νεότης ἐν ἐφεστῖσι καὶ κλήροις πατρώοις, ἔχουσα τι καὶ ἐπὶ τῷ καλῶς τεθράφθαι μέγα φρονεῖν: [6] ἐπεὶ τοῖς γ' ἀκλήροις καὶ ἐκ τῶν ἄλλοτριων κτημάτων, ἃ μισθοῦ ἐργάζονται, γλίσχρως διατρεφομένοις, ἢ ἀρχῇθεν μὴ ἐμφύεσθαι ἔρωτα γενεᾶς τέκνων, ἢ ἐμφύντα πονηρὸν ἐκφέρειν καρπὸν καὶ οὐδ' εὐτυχῇ, ἐκ ταπεινῶν τε συμπορισθέντα οἷα εἰκὸς γάμων, [7] καὶ ἐν κατεπτωχευμέναις τραφέντα τύχαις. ἐγὼ μὲν οὖν, ἔφη, γνώμην ἀποδείκνυμαι, τὰ τε προβουλευθέντα ὑπὸ τοῦ συνεδρίου καὶ διὰ τὰς μεταξὺ παραχᾶς [p. 365] παρεϊλκυσμένα ἐμπεδοῦν τοὺς ὑπάτους, καὶ τοὺς ποιησομένους τὴν διανομὴν ἄνδρας ἀποδεικνύναι.

ταῦτ' εἰπόντος Αἰμιλίου δεύτερος κληθεὶς Ἄππιος Κλαῦδιος, ὁ τῷ πρόσθεν ὑπατεύσας ἔτει, τὴν ἐναντίαν γνώμην ἀπεφήνατο διδάσκων, ὡς οὐθ' ἡ βουλὴ διανεῖμαι τὰ δημόσια προαίρεσιν ἔσχε: πάλαι γὰρ ἂν εἰληφέναι τὰ δόξαντ' αὐτῇ τέλος: ἀλλ' εἰς χρόνον καὶ διάγνωσιν ἑτέραν ἀνεβάλετο, παῦσαι προθυμουμένη τὴν τότε κατασοῦσαν στάσιν, ἣν εἰσῆγεν ὁ τῇ τυραννίδι ἐπιχειρῶν ὕπατος καὶ μετὰ ταῦτα δίκας δοὺς καλᾶς: [2] οὐθ' οἱ μετὰ τὸ προβούλευμα λαχόντες ὕπατοι τέλος τοῖς ἐψηφισμένοις ἐπέθεσαν ὀρώντες, ὅσων εἰσελεύσεται κακῶν εἰς τὴν πόλιν ἀρχὴ συνεθισθέντων τὰ κοινὰ τῶν πενήτων διαλαγχάνειν: αἱ τε μετ' ἐκείνους πεντεκαίδεκα ὑπατεῖαι πολλῶν αὐταῖς ἐπαχθέντων ὑπὸ τοῦ δήμου κινδύνων οὐδὲν ὑπέμειναν, ὃ μὴ συνέφερε τῷ κοινῷ πράττειν, διὰ τὸ μὴδ' ἐξεῖναι σφίσι κατὰ τὸ προβούλευμα τοὺς γεωμόρους ἀποδεικνύειν, [3] ἀλλὰ τοῖς πρώτοις ἐκείνοις ὑπάτοις. ὥστ' οὐδ' ὑμῖν, ἔφησεν, ὦ Οὐαλέριε, καὶ σὺ Αἰμίλιε, γῆς ἀναδασμοὺς εἰσφέρειν, οὓς οὐκ ἐπέταξεν ὑμῖν τὸ συνέδριον, οὔτε καλῶς ἔχει, προγόνων οὗσιν ἀγαθῶν, οὔτ' ἀσφαλῶς. καὶ περὶ μὲν τοῦ προβουλεύματος, ὡς οὐ κρατέισθε ὑπ' αὐτοῦ οἱ τοσοῦτοις ὕστερον ὑπατεύσαντες χρόνοις, [p. 366] [4] ταῦθ' ἱκανά. περὶ δὲ τοῦ βιασαμένους τινὰς ἢ λαθόντας σφετερίσασθαι τὰ δημόσια βραχὺς ἀπαρκεῖ μοι λόγος. εἰ γὰρ τις οἶδε καρπούμενόν τινα, ὧν οὐκ ἔχει κτῆσιν ἀποδείξαι νόμῳ, μήνυσιν ἀπενεγκάτω πρὸς τοὺς ὑπάτους καὶ κρινάτω κατὰ τοὺς νόμους, οὓς οὐ νεωστὶ δεήσει γράφειν: πάλαι γὰρ ἐγράφησαν, καὶ οὐδεὶς αὐτοὺς ἠφάνικε χρόνος. [5] ἐπεὶ δὲ καὶ περὶ τοῦ συμφέροντος ἐποιεῖτο λόγους Αἰμίλιος, ὡς ἐπὶ τῷ πάντων ἀγαθῷ τῆς κληρουχίας ἐσομένης, οὐδὲ τοῦτο τὸ μέρος ἀνέλεγκτον ἔῃσαι βούλομαι. ἐμοὶ γὰρ δοκεῖ τὸ αὐτόθι μόνον οὗτός γ' ὄρᾶν, τὸ δὲ μέλλον οὐ προσκοπεῖν, ὅτι μικρὸν εἶναι δοκοῦν ἐπὶ τῶν δημοσίων τοῖς ἀργοῖς καὶ [6] ἀπόροις πολλῶν ἔσται καὶ μεγάλων κακῶν αἴτιον. τὸ γὰρ ἔθος τὸ συνεισπορευόμενον ἅμα τούτῳ καὶ διαμένον ἐν τῇ πόλει καὶ μέχρι παντὸς ὀλέθριον ἔσται καὶ δεινόν: οὐ γὰρ ἐξαιρεῖ τὰς πονηρὰς ἐπιθυμίας ἐκ τῆς ψυχῆς τὸ τυγχάνειν αὐτῶν, ἀλλ' αὖξει καὶ πονηροτέρας ποιεῖ. τεκμήρια δ' ὑμῖν γενέσθω τούτων τὰ ἔργα: τί γὰρ δεῖ τοῖς λόγοις ὑμᾶς τοῖς ἐμοῖς ἢ τοῖς Αἰμιλίου προσέχειν;

Ἰστε δὴπου πάντες, ὅσους ἐχειρωσάμεθα πολεμίους, καὶ ὅσιν γῆν προϋνομεύσαμεν, καὶ ὅσα λάφυρα ἐκ τῶν ἀλόντων χωρίων ἐλάβομεν, ὧν οἱ πολέμιοι στερόμενοι τέως εὐδαίμονες ὄντες ἐν πολλῇ νῦν [p. 367] καθεστήκασιν ἀπορία: καὶ ὅτι τούτων οὐδενὸς ἀπηλάσθησαν οὐδὲ μείον ἐκτήσαντο ἐν ταῖς διανομαῖς οἱ τὴν ἀπορίαν ὀδυρόμενοι. [2] ἄρ' οὖν διὰ ταύτας τὰς ἐπικτήσεις ἐπανορθωσάμενοι φαίνονται τι τῆς παλαιᾶς τύχης καὶ προεληλυθότες εἰς ἐπιφάνειαν τοῖς βίοις; ἐβουλόμην μὲν ἂν καὶ θεοῖς εὐξάμην, ἵνα ἦττον ἦσαν ἐπίσκηνοι λυπηροὶ τῇ πόλει, νῦν δ' ὁρᾶτε γὰρ καὶ ἀκούετε αὐτῶν ὀδυρομένων, ὅτι ἐν ἐσχάτῃ εἰσὶν ἀπορία. ὥστ' οὐδ' εἰ ταῦτα, ἃ νῦν αἰτοῦνται, καὶ ἔτι πλείω τούτων λάβοιεν, ἐπανορθώσονται τοὺς βίους. [3] οὐ γὰρ ἐν ταῖς τύχαις αὐτῶν ἐνοικεῖ τὸ ἄπορον, ἀλλ' ἐν τοῖς τρόποις: οὐς οὐχ οἷον ὁ βραχὺς οὗτος ἐκπληρώσει κλῆρος, ἀλλ' οὐδ' αἰ σύμπασαι βασιλέων τε καὶ τυράννων δωρεαί. δράσομέν τ', εἰ καὶ ταῦτα συγχωρήσομεν αὐτοῖς, ὅμοια τοῖς πρὸς ἡδονὴν θεραπεύουσι τοὺς κάμνοντας ἰατροῖς. οὐ γὰρ τὸ νοσοῦν ὑγιασθήσεται τῆς πολιτείας μέρος, ἀλλὰ καὶ τὸ ὑγιαῖνον ἀπολαύσει τῆς νόσου. καθόλου τ', ὧ βουλή, πολλῆς ὑμῖν δεῖ ἐπιμελείας τε καὶ φροντίδος, ὅπως ἂν σώσητε πάσῃ προθυμίᾳ διαφθειρόμενα τὰ ἦθη τῆς πόλεως. [4] ὁρᾶτε γάρ, εἰς ἃ προελήλυθεν ἡ τοῦ δήμου ἀκοσμία, καὶ ὥς οὐκέτι ἄρχεσθαι πρὸς τῶν ὑπάτων ἀξιοῖ: ὧ γ' οὐ μετεμέλησε τῶν ἐνθάδε πραττομένων, ἀλλὰ καὶ ἐπὶ στρατοπέδῳ τὴν αὐτὴν ἀπεδείξατο ἀκοσμίαν, ὅπλα τε ῥίψας καὶ τάξεις ἐκλιπὼν καὶ [p. 368] σημεία πολέμοις προέμενος καὶ φυγῇ πρὶν εἰς χεῖρας ἐλθεῖν ἐπονειδίστω χρησάμενος, ὥσπερ ἐμοῦ μόνον ἀφαιρησόμενος τὴν ἐκ τῆς νίκης δόξαν, ἀλλ' οὐχὶ καὶ τῆς πατρίδος τὸ κατὰ τῶν ἐχθρῶν πάθος. [5] καὶ νῦν Οὐλοῦσχοις κατὰ Ῥωμαίων ἴσεται τρόπαια, καὶ κοσμεῖται τοῖς ἡμετέροις λαφύροις τὰ κεινὼν ἱερὰ καὶ ἐν αὐχήμασιν, ἡλίκους οὐπώποτε αἱ πόλεις αὐτῶν εἰσιν τέως ὑπὲρ ἀνδραποδισμοῦ τε καὶ κατασκαφῆς τῶν ἡμετέρων δεόμενα ἡγεμόνων. [6] Ἄρά γε δίκαιον ἢ καλὸν ἐπὶ τοιοῦτοις κατορθώμασι χάριν αὐτοῖς ὑμᾶς εἰδέναι, καὶ δημοσίαις ἐπικοσμεῖν δωρεαῖς κληρουχήσαντας τὴν γῆν, ἥς πολέμιοι κρατοῦσι τὸ κατὰ τούτους εἶναι μέρος; ἀλλὰ τί δεῖ τοῦτοις ἐγκαλεῖν, οἷς δι' ἀπαιδευσίαν τε καὶ δυσγένειαν ὀλίγος ἐστὶ τῶν καλῶν λόγος, ὁρῶντας, ὥς οὐδ' ἐν τοῖς ὑμετέροις ἦθεσι πᾶσιν ἔτι τὸ ἀρχαῖον οἰκεῖ φρόνημα, ἀλλ' αὐθάδεια μὲν ἢ σεμνότης καλεῖται πρὸς ἐνίων, μωρία δ' ἢ δικαιοσύνη, μανικὸν δὲ τὸ ἀνδρεῖον, καὶ ἡλίθιον τὸ σῶφρον; ἃ δὲ μισητὰ παρὰ τοῖς προτέροις ἦν, ταῦτα πυργοῦται τε νῦν καὶ θαυμάσια ἡλίκᾳ φαίνεται τοῖς διεφθαρμένοις ἀγαθὰ, ἀνανδρία καὶ βωμολοχία καὶ κακοήθεια καὶ τὸ πανούργως σοφὸν καὶ τὸ πρὸς ἅπαντα ἰταμόν καὶ τὸ μηδενὶ τῶν κρειττόνων εὐπειθές: ἃ πολλὰς ἤδη πόλεις [p. 369] [7] ἰσχυρὰς λαβόντα ἐκ βάθρων ἀνέτρεψε. ταῦθ' ὑμῖν, ὧ βουλή, εἴθ' ἡδέα ἐστὶν ἀκούειν εἴτ' ἀνιάρᾳ, μετὰ πάσης ἀληθείας καὶ παρρησίας εἴρηται, τοῖς μὲν πεισθησομένοις ὑμῶν, ἐὰν ἄρα πεισθῇτε, ἐν τε τῷ παρόντι χρήσιμα καὶ εἰς τὸ μέλλον ἀσφαλῆ: ἐμοὶ δ', ὅς ὑπὲρ τοῦ κοινῇ συμφέροντος ἰδίας ἀπεχθείας ἀναιροῦμαι, πολλῶν ἐσόμενα κινδύνων αἰτία. προορᾷν γὰρ ἱκανὸς εἰμι τὰ συμβησόμενα ἐκ λογισμοῦ, καὶ παραδείγματα ποιοῦμαι

ταῦτ' εἰπόντος Ἀππίου καὶ τῶν ἄλλων ὀλίγου δεῖν πάντων τὴν αὐτὴν γνώμην ἀποφνημαμένων ἢ μὲν βουλὴ διελύετο. οἱ δὲ δῆμαρχοι δι' ὀργῆς ἔχοντες τὴν ἀποτυχίαν ἀπήεσαν καὶ μετὰ τοῦτ' ἐσκόπουν, ὅπως τιμωρήσονται τὸν ἄνδρα: ἔδοξεν οὖν αὐτοῖς πολλὰ βουλευσαμένοις δίκῃ τὸν Ἀππίον ὑπαγαγεῖν θάνατον ἐχούσῃ τὸ τίμημα. καὶ μετὰ ταῦτ' ἐν ἐκκλησίᾳ τοῦ ἀνδρὸς κατηγορήσαντες παρεκάλουν ἥκειν ἅπαντας εἰς τὴν ἀποδειχθησομένην ἡμέραν ὡς διοίσοντας ὑπὲρ αὐτοῦ [2] ψῆφον. ἃ δὲ κατηγορεῖν ἔμελλον, ταῦτ' ἦν: ὅτι πονηρὰς ἐτίθει κατὰ τοῦ δήμου γνώμας, καὶ στάσιν εἰσῆγεν εἰς τὴν πόλιν, καὶ δημάρχῳ χειῖρας ἐπήνεγκε παρὰ τοῦς ἱεροὺς νόμους, καὶ στρατιᾷς ἡγησάμενος σὺν βλάβῃ τε καὶ αἰσχύνῃ μεγάλην ἀνέστρεψε. ταῦτα προειπόντες ἐν τῷ πλήθει, καὶ ῥητὴν τινα ἀποδείξαντες ἡμέραν, ἐν ἣ τέλος ἔφησαν ἐπιθήσειν τῇ δίκῃ, παρήγγειλαν αὐτῷ παρεῖναι τότε ἀπολογησομένῳ. [3] ἀγανακτοῦντων δ' ἀπάντων τῶν πατρικίων καὶ παρεσκευασμένων [p. 370] ἀπάσῃ προθυμίᾳ σώζειν τὸν ἄνδρα, καὶ τὸν Ἀππίον παρακαλοῦντων εἶξαι τῷ καιρῷ καὶ σχῆμα ταῖς παρούσαις τύχαις ἀρμόττον μεταλαβεῖν, οὐδὲν ἔφη ποιήσῃν ὁ ἀνὴρ οὔτ' ἀγεννὲς οὔτε τῶν προγεγονότων ἔργων ἀνάξιον, μυρίου δ' ἂν ὑπομεῖναι θανάτους πρότερον ἢ γονάτων ἄψασθαί τινος: τοὺς θ' ὑπὲρ αὐτοῦ δεῖσθαι παρεσκευασμένους διεκώλυεν εἰπὼν, ὡς διπλασίως ἂν αἰδεσθεῖται ταῦθ' ὑπὲρ αὐτοῦ ποιοῦντας ἑτέρους ὁρῶν, ἃ μὴδ' αὐτὸν ὑπὲρ ἑαυτοῦ πράττειν πρέποντα ἡγεῖται. [4] ταῦτα τε δὴ καὶ πολλὰ ὅμοια τούτοις λέγων, καὶ οὔτ' ἐσθῆτα ἀλλάξας οὔτε τὸ τῆς ὄψεως γαῦρον ἀλλοιώσας οὔτε φρονήματός τι ὑφέμενος, ὡς εἶδεν ὀρθὴν καὶ μετέωρον ἐπὶ τῇ προσδοκίᾳ τοῦ ἀγῶνος τὴν πόλιν, ὀλίγων ἔτι λειπομένων ἡμερῶν ἑαυτὸν διεχρήσατο. [5] οἱ μὲν δὲ προσήκοντες αὐτῷ νόσον ἐσκήπτοντο γενέσθαι τοῦ θανάτου αἰτίαν: προενεχθέντος δὲ τοῦ σώματος εἰς τὴν ἀγορὰν ὁ μὲν υἱὸς αὐτοῦ προσιὼν τοῖς δημάρχοις καὶ τοῖς ὑπάτοις ἡξίου τὴν νόμιμον ἐκκλησίαν αὐτῷ συναγαγεῖν καὶ τὸν ἐν ἔθει Ῥωμαίοις ὄντα ἐπὶ ταῖς ταφαῖς ἀγορεύεσθαι τῶν ἀγαθῶν ἀνδρῶν λόγον ἐπιτρέψαι περὶ τοῦ πατρὸς διελθεῖν. [6] οἱ δὲ δῆμαρχοι καλουμένης ἔτι τῆς ἐκκλησίας ὑπὸ τῶν ὑπάτων ἐνίσταντο, καὶ παρήγγελλον τῷ μεираκίῳ τὸν νεκρὸν ἀποφέρειν. οὐ μὴν ὁ δῆμὸς γ' ἠνέσχετο οὐδὲ περιεῖδε τὴν ὕβριν, ἄτιμον ἐκβληθῆναι τὸ σῶμα, ἀλλ' ἐπέτρεψε τῷ μεираκίῳ [p. 371] τὰς νομιζομένας ἀποδοῦναι τῷ πατρὶ τιμὰς. Ἀππίος μὲν οὖν τοιαύτης τελευτῆς ἔτυχεν.

οἱ δ' ὕπατοι καταγράψαντες τὰς δυνάμεις ἐξῆγον ἐκ τῆς πόλεως: Λεύκιος μὲν Οὐαλέριος Αἰκανοῖς πολεμήσων, Τιβέριος δ' Αἰμίλιος Σαβίνοις. καὶ γὰρ οὗτοι κατὰ τὸν τῆς στάσεως καιρὸν ἐνέβαλον εἰς τὴν Ῥωμαίων χώραν καὶ πολλὴν αὐτῆς κακώσαντες ἀπῆλθον λείαν ἄφθονον περιβαλόμενοι. Αἰκανοὶ μὲν οὖν πολλάκις εἰς χειῖρας ἐλθόντες καὶ πολλὰς πληγὰς λαβόντες εἰς τὸν χάρακα ἐν ἐχυρῷ χωρίῳ κείμενον κατέφυγον καὶ τὸ λοιπὸν οὐκέτι προήεσαν εἰς μάχην. [2] ὁ δὲ Οὐαλέριος ἐπεχείρησε μὲν ἐκπολιορκεῖν αὐτῶν τὸ στρατόπεδον, ἐκωλύθη δ' ὑπὸ τοῦ δαιμονίου. προιόντι γὰρ αὐτῷ καὶ ἤδη ἔργου ἐχομένῳ ζῶφος ἐξ οὐρανοῦ γίνεται καὶ ὄμβρος πολὺς, ἀστραπαὶ δὲ

καὶ βρονταὶ σκληραί. διασκεδασθείσης δὲ τῆς στρατιᾶς ὃ τε χειμῶν εὐθύς ἐπαύσατο καὶ πολλὴ κατέσχε τὸν τόπον αἶθρια. τοῦτο τε δὴ τὸ ἔργον ὅττευσάμενος ὁ ὕπατος, καὶ τῶν μάντεων κωλύόντων ἔτι πολιορκεῖν τὸ χωρίον, ἀποτραπεῖς τὴν γῆν αὐτῶν ἐκάκου, καὶ ὅση ἐπέτυχε λεία τοῖς στρατιώταις ἅπασαν ὠφελεῖσθαι ἐφείς, ἀπῆγεν ἐπ' ^[3] οἴκου τὴν δύναμιν. Τιβερίῳ δ' Αἰμιλίῳ διεξιόντι τὴν πολεμίαν σὺν πολλῇ καταφρονήσει κατ' ἀρχὰς καὶ οὐδὲν ἔτι προσδοκῶντι ἀντίπαλον ἐπῆλθεν ἡ Σαβίνων δύναμις καὶ γίνεται μάχη αὐτῶν ἐκ παρατάξεως μεσοῦσης μάλιστα τῆς ἡμέρας ἀρξαμένη μέχρι δύσεως ἡλίου. [p. 372] σκότους δ' ἐπιλαμβάνοντος ἀνεχώρουν αἱ δυνάμεις ἐπὶ τοὺς ἑαυτῶν χάρακας οὔτε νικῶσαι οὔτε λειπόμεναι. ^[4] ταῖς δ' ἐξῆς ἡμέραις νεκροὺς τε τοὺς ἑαυτῶν ἐκήδευσαν οἱ ἡγεμόνες καὶ χάρακας ἐξωρύξαντο, καὶ γνώμας τὰς αὐτὰς εἶχον ἐκάτεροι, διὰ φυλακῆς τὰ οἰκεία ἔχειν καὶ μηκέτι ἄρχειν μάχης. ἔπειτα σὺν χρόνῳ τὰς σκηνὰς λύσαντες ἀπῆγον τὰς δυνάμεις.

ἐν δὲ τῷ μετὰ τούτους τοὺς ὑπάτους ἔτει, κατὰ τὴν ἐβδομηκοστὴν καὶ ὀγδόην Ὀλυμπιάδα, ἣν ἐνίκα στάδιον Παρμενίδης Ποσειδωνιάτης Ἀθήνησι τὴν ἐνιαύσιον ἀρχὴν ἔχοντος Θεαγενίδου, κατεστάθησαν ὕπατοι Ῥωμαίων Αὐλὸς Οὐεργίνιος Καίλιμοντανὸς καὶ Τίτος Νομίκιος Πρίσκοις. ἄρτι δ' αὐτῶν τὴν ἀρχὴν παρειληφόντων ἀγγέλλεται στρατιὰ Οὐολούσκων πολλὴ παροῦσα. καὶ μετ' οὐ πολὺ τῶν περιπολίων τι τῶν Ῥωμαϊκῶν ἐξ ἐφόδου καταληφθὲν ἐκαίετο: ἦν δ' οὐ διὰ μακροῦ τῆς Ῥώμης, καὶ ὁ καπνὸς ἠγγελλε τοῖς ἐν τῇ πόλει τὸ πάθος. ^[2] τότε μὲν οὖν — καὶ γὰρ ἦν ἔτι νύξ — ἱππεῖς τινὰς ἀποστείλαντες ἐπὶ κατασκοπὴν οἱ ὕπατοι καὶ φυλακὰς καταστήσαντες ἐπὶ τοῖς τείχεσι καὶ αὐτοὶ ταξάμενοι τρὸ τῶν πυλῶν σὺν τοῖς εὐζωνοτάτοις, ἐξεδέχοντο τὰς παρὰ τῶν ἱππέων ἀγγελίας: ὥς δ' ἡμέρα τ' ἐγένετο, καὶ συνήθροιστο αὐτοῖς ἡ ἐν τῇ πόλει δύναμις, [p. 373] ἦγον ἐπὶ τοὺς πολεμίους. οἱ δὲ διαρπάσαντες καὶ κατακαύσαντες τὸ φρούριον ἀπῆσαν διὰ τάχους. ^[3] τότε μὲν οὖν οἱ ὕπατοι σβέσαντες τὰ ἔτι καίόμενα καὶ τοῦ χωρίου φυλακὴν καταλιπόντες ἀπῆσαν εἰς τὴν πόλιν: ὀλίγαις δ' ὕστερον ἡμέραις τὰς τ' οἰκείας ἔχοντες δυνάμεις καὶ τὰς παρὰ τῶν συμμάχων ἐξήρσαν ἀμφοτέρω, Οὐεργίνιος μὲν ἐπὶ τὴν Αἰκανῶν, Νομίκιος δ' ἐπὶ τὴν Οὐολούσκων: καὶ αὐτοῖς ἀμφοτέροις κατὰ ^[4] γνώμην τὰ τοῦ πολέμου ἐχώρησεν. Οὐεργινίῳ τε γὰρ Αἰκανοὶ δηοῦντι τὴν χώραν αὐτῶν οὐκ ἐτόλμησαν εἰς χεῖρας ἐλθεῖν, ἀλλὰ καὶ λόχον τινὰ ὑποκαθίσαντες ἐν ὕλαις ἐπιλέκτων ἀνδρῶν, οἱ ἔμελλον ἐσκεδασμένοις ἐπιθήσεσθαι τοῖς πολεμίῳις, διήμαρτον τῆς ἐλπίδος ταχείας γενομένης τοῖς Ῥωμαίοις αἰσθήσεως καὶ μάχης καρτερᾶς, ἐξ ἧς πολλοὺς τῶν σφετέρων οἱ Αἰκανοὶ ἀπέβαλον: ὥστ' οὐδ' εἰς πείραν ἑτέρας μάχης ἔτ' ἦρχοντο. ^[5] Νομικίῳ τ' ἄγοντι τὴν στρατιάν ἐπὶ τὴν Ἀντιατῶν πόλιν, ἣ ἐν ταῖς πρώταις τότε τῶν Οὐολούσκων πόλεσιν ἦν, οὐδεμία ἠναντιώθη δύναμις, ἀλλ' ἀπὸ τῶν τειχῶν ἀναγκάζοντο ἕκαστοι ἀμύνεσθαι. ἐν δὲ τούτῳ ἢ τε γῆ αὐτῶν ἢ πολλὴ ἐτμήθη, καὶ πολίχνη τις ἐπιθαλάττιος ἐάλω, ἣ ἐπινείῳ τε καὶ ἀγορᾷ τῶν εἰς τὸν βίον ἀναγκαίων ἐχρῶντο, ἐκ θαλάττης τε καὶ διὰ λησστηρίων τὰς πολλὰς ἐπαγόμενοι ὠφελείας. ἀνδράποδα μὲν οὖν καὶ χρήματα καὶ βοσκήματα καὶ τοὺς

ἐμπορικοὺς φόρτους ἢ στρατιὰ συγχωρήσει τοῦ ὑπάτου [p. 374] διήρπασε, τὰ δ' ἐλεύθερα σώματα, ὅποσα μὴ ὁ πόλεμος ἐφθῇ διειργασμένος, ἐπὶ τὸ λαφυροπώλιον ἀπήχθη. ἐλήφθησαν δὲ καὶ νῆες τῶν Ἀντιατῶν εἴκοσι καὶ δύο μακραὶ καὶ ἄλλα νεῶν ὅπλα τε καὶ παρασκευαί. [6] μετὰ ταῦτα κελεύσαντος τοῦ ὑπάτου τὰς τ' οἰκίας ἐνεπίμπρασαν οἱ Ῥωμαῖοι καὶ τοὺς νεωσοίκους κατέσκαπτον καὶ τὸ τεῖχος ἥρειπον ἐκ θεμελίων: ὥστε μὴδ' ἀπελθόντων σφῶν χρηστὸν ἔτι τοῖς Ἀντιάταις εἶναι τὸ φρουρίον. ταῦτά τε δὴ ἐπράχθη χωρὶς ἐκατέρω τῶν ὑπάτων, καὶ ἀμφοτέροις ἔτι καινὴ στρατεία τοῖς ἀνδράσιν ἐπὶ τὴν Σαβίνων γῆν, ἣν δηώσαντες ἀπῆγον ἐπ' οἴκου τὴν δύναμιν, καὶ ὁ ἐνιαυτὸς οὗτος ἐτελεύτα.

τῷ δ' ἐξῆς ἔτει Τίτου Κοιντίου Καπετωλίνου καὶ Κοίντου Σερουιλίου Πρίσκου τὴν ὑπατον ἀρχὴν παρειληφότων ἢ τ' οἰκεία δύνამεις Ῥωμαίων ἅπαντα ἐν τοῖς ὅπλοις ἦν, καὶ τὰ συμμαχικὰ ἐκούσια παρῆν, πρὶν ἐπαγγελθῆναι αὐτοῖς στρατείαν. καὶ μετὰ τοῦτ' εὐχὰς τε ποιησάμενοι τοῖς θεοῖς οἱ ὑπατοὶ καὶ καθήραντες τὸν στρατὸν ἐξήεσαν ἐπὶ τοὺς πολεμίους. [2] Σαβῖνοι μὲν οὖν, ἐφ' οὓς ὁ Σερουίλιος ἤλασεν, οὗτ' εἰς μάχην κατέστησαν οὗτ' ἐξῆλθον εἰς τὴν ὑπαιθρον: μένοντες δ' ἐν τοῖς φρουρίοις ἠνείχοντο γῆς τ' αὐτοῖς τεμνομένης καὶ οἰκιῶν ἐμπιμπραμένων θεραπείας τ' αὐτομολούσης: ὥστε κατὰ πολλὴν εὐπέτειαν ἀπελθεῖν ἐκ τῆς χώρας αὐτῶν τοὺς Ῥωμαίους ὠφελείαις τε βαρεῖς [p. 375] καὶ αὐχήμασι λαμπροῦς, καὶ ἡ μὲν Σερουιλίου στρατεία τοῦτ' ἔσχε τὸ τέλος: [3] οἱ δὲ σὺν τῷ Κοιντίῳ στρατεύσαντες ἐπὶ τ' Αἰκανοὺς καὶ Οὐολούσκους — συνεληλύθεσαν γὰρ εἰς τὸν αὐτὸν τόπον ἐξ ἀμφοτέρων τῶν ἐθνῶν οἱ προαγωνιούμενοι τῶν ἄλλων, καὶ πρὸ τῆς Ἀντιατῶν πόλεως ἀντεστρατοπεδεύσαντο — θᾶπτον ἢ βάδην χωροῦντες ἐπιφαίνονται αὐτοῖς: καὶ οὐ πολὺν τόπον τοῦ χάρακος αὐτῶν ἀποσχόντες, ἐν ᾧ πρῶτον ὠφθησάν τε καὶ εἶδον ἐκείνους χωρίῳ ταπεινῷ ὄντι τὰς ἀποσκευὰς ἔθεντο, τοῦ μὴ δεδοικέναι τὰ πολέμια πλήθει μακρῷ προὔχοντα δόξαν ποιῆσαι βουλόμενοι. [4] ὥς δ' εὐτρεπῇ τὰ εἰς μάχην ἐκατέροις ἅπαντα ἦν, ἐξήεσαν εἰς τὸ πεδῖον, καὶ συμπεσόντες ἠγωνίζοντο μέχρι μεσοῦσης ἡμέρας οὗτ' εἰκόντες τοῖς πολεμίοις οὗτ' ἐπιβαίνοντες, αἶε τε τὸ κάμνον μέρος ἀνισοῦντες τοῖς ἐπὶ ταῖς ἐφεδρεῖαις τεταγμένοις ἐκάτεροι. ἐν δὲ τούτῳ μάλιστα οἱ Αἰκανοὶ καὶ Οὐολοῦσκοι πλήθει τῶν Ῥωμαίων προὔχοντες ἀνέφερον καὶ περιῆσαν, τῶν πολεμίων οὐκ ἐχόντων ἴσον τῇ προθυμίᾳ τὸ πλῆθος. [5] ὁ δὲ Κοίντιος ὀρῶν νεκροὺς τε πολλοὺς τῶν σφετέρων καὶ τῶν περιόντων τοὺς πλείους τραυματίας ἐμέλλησε μὲν ἀνακαλεῖσθαι τὴν δύναμιν, δεισας δέ, μὴ δόξαν παράσχη τοῖς πολεμίοις φυγῆς, παρακινδυνευτέον σφίσιν εἶναι ἔγνω. ἐπιλεξάμενος δὲ τῶν ἱππέων τοὺς κρατίστους κατὰ τὸ δεξιόν, ὃ μάλιστα ἔκαμνεν, τοῖς σφετέροις παρεβοήθει. [6] καὶ τὰ μὲν ἐπιτιμῶν τοῖς ἠγεμόσιν [p. 376] αὐτοῖς τῆς ἀνανδρίας, τὰ δ' ὑπομιμνήσκων τῶν προτέρων ἀγώνων, τὰ δὲ τὴν αἰσχύνην ἐπιλεγόμενος καὶ τὸν κίνδυνον, ὃς καταλήψεσθαι αὐτοὺς ἔμελλεν ἐν τῇ φυγῇ, τελευτῶν εἶπεν οὐκ ἀληθές, ὃ μάλιστα μὲν τοῖς σφετέροις θάρσος παρέστησε, τοῖς δὲ πολεμίοις δέος. ἔφη γάρ, ὅτι θάτερον αὐτῶν ἤδη κέρας ἐξέωσε τοὺς πολεμίους καὶ ἐγγὺς ἤδη ἐστὶ τοῦ ἐκείνων χάρακος. [7] ταῦτ'

εἰπὼν ἐνσειεῖ τοῖς πολεμίοις, καὶ καταβάς ἀπὸ τοῦ ἵππου σὺν τοῖς ἀμφ' αὐτὸν ἐπιλέκτοις τῶν ἱππέων συστάδην ἐμάχετο. ἐκ δὲ τοῦτου τόλμα τις ἐμπίπτει τοῖς κάμνουσι τέως, καὶ ὠθοῦνται ἅπαντες ὥσπερ ἕτεροὶ τινες γεγονότες· καὶ οἱ Οὐλοοῦσκοι — τῇδε γὰρ ἐκεῖνοι ἐτάξαντο — μέχρι πολλοῦ διακαρτερήσαντες ἐνέκλιναν. ὥς δὲ τοὺτους ὁ Κοίντιος ἀπεώσατο, ἀναβάς ἐπὶ τὸν ἵππον παρήλαυνεν ἐπὶ τὴν ἑτέραν τάξιν, καὶ ἐδείκνυε τοῖς ἐκεῖ πεζοῖς τὸ ἡττώμενον τῶν πολεμίων μέρος, καὶ παρεκελεύετο μὴ λείπεσθαι ἀρετῇ τῶν ἑτέρων.

καὶ μετὰ τοῦτ' οὐδὲν ἔτι διέμενε τῶν πολεμίων, ἀλλὰ πάντες εἰς τὸν χάρακα ξυνέφευγον. οὐ μέντοι διώξεις γ' αὐτῶν ἐπὶ πολὺ ἐγένετο, ἀλλ' εὐθύς οἱ Ῥωμαῖοι ἀπετράποντο, ὑπὸ κόπου τὰ σώματα παρειμένοι καὶ οὐδὲ τὰ ὄπλα ἔτι ὅμοια ἔχοντες. ὀλίγων δὲ [p. 377] διελθουσῶν ἡμερῶν, ἃς ἐσπεΐσαντο ταφῆς τε τῶν οἰκείων νεκρῶν καὶ θεραπειᾶς τῶν κεκμηκότων ἔνεκα, παρεσκευασμένοι τὰ εἰς τὸν πόλεμον ἐλλείποντα, ἑτέραν ἡγωνίσαντο μάχην περὶ τῷ Ῥωμαίων χάρακι. [2] προσελθούσης γὰρ ἄλλης δυνάμεως τοῖς Οὐλοοῦσκοις τε καὶ Αἰκανοῖς ἐκ τῶν περίξ χωρίων οὐ διὰ μακροῦ ὄντων, ἐπαρθεὶς ὁ στρατηγὸς αὐτῶν, ὅτι καὶ πενταπλάσιοι τῶν πολεμίων ἦσαν οἱ σφέτεροι, τὴν τε παρεμβολὴν τῶν Ῥωμαίων οὐκ ἐν ἐχυρῷ οὔσαν ὀρῶν κράτιστον ὑπέλαβεν εἶναι καιρὸν ἐπιχειρεῖν αὐτοῖς. ἐνθυμηθεὶς δὲ ταῦτα περὶ μέσας νύκτας ἦγε τὴν δύναμιν ἐπὶ τὸν χάρακα τῶν Ῥωμαίων, καὶ κύκλῳ περιστήσας ἐφρούρει, μὴ λάθοιεν ἀπίοντες. [3] ὁ δὲ Κοίντιος, ὥς ἔμαθε τῶν πολεμίων τὸ πλῆθος, ἀγαπητῶς ἐδέξατο καὶ περιμείνας, ἕως ἡμέρα τ' ἐγένετο καὶ ὥρα πληθουούσης μάλιστ' ἀγορᾶς, κάμνοντας ἤδη τοὺς πολεμίους αἰσθόμενος ὑπὸ τ' ἀγρυπνίας καὶ ἀκροβολισμῶν, καὶ οὐ κατὰ λόχους οὐδὲ ἐν τάξει προσάγοντας, ἀλλὰ πολλαχῇ κεχυμένους καὶ σποράδας, ἀνοίξας τὰς πύλας τοῦ χάρακος ἐξέδραμεν ἅμα τοῖς ἐπιλέκτοις τῶν ἱππέων· καὶ οἱ πεζοὶ πυκνώσαντες τοὺς λόχους ἠκολούθουν. [4] οἱ δὲ Οὐλοοῦσκοι καταπλαγέντες αὐτῶν τὸ θράσος καὶ τὸ μανικὸν τῆς ἐφόδου βραχὺν ἀνασχόμενοι χρόνον ἀνακροῦνται τε καὶ ἅμα ὑποχωροῦσιν ἀπὸ τοῦ χάρακος καὶ — ἦν γὰρ τις οὐ πρόσω τοῦ στρατοπέδου λόφος ὑψηλὸς ἐπικεικῶς — εἰς τοῦτον οὖν ἀνατρέχουσιν [p. 378] ὥς ἀναπαυσόμενοι τε καὶ αὖθις εἰς τάξιν καταστησόμενοι. ἀλλ' οὐ γὰρ αὐτοῖς ἐξεγένετο καταστήναι τε καὶ ἐαυτοὺς ἀναλαβεῖν, ἀλλ' ἐκ ποδὸς ἠκολούθησαν αὐτοῖς οἱ πολέμιοι πλήσαντες, ὥς μάλιστ' ἦν δυνατὸν τοὺς λόχους, ἵνα μὴ καταραχθῶσι πρὸς ἄναντες χωρίον βιαζόμενοι. [5] καὶ γίνεται μέγας ἀγὼν ἐπὶ πολὺ μέρος τῆς ἡμέρας, νεκροὶ τε πίπτουσι πολλοὶ ἀφ' ἑκατέρων. καὶ Οὐλοοῦσκοι πλήθει τε ὑπερέχοντες καὶ τὸ ἐκ τοῦ τόπου προσειληφότες ἀσφαλές, οὐδετέρου τούτων οὐδὲν ἀγαθὸν ἀπῆλυσαν, ἀλλ' ὑπὸ τῆς Ῥωμαίων προθυμίας καὶ ἀρετῆς ἐκβιασθέντες τὸν τε λόφον ἐξέλιπον καὶ [6] ἐπὶ τὸν χάρακα φεύγοντες οἱ πολλοὶ ἀπέθνησκον. οὐ γὰρ εἶασαν αὐτοὺς οἱ Ῥωμαῖοι διώκοντες, ἀλλ' ἐκ ποδὸς ἠκολούθησαν καὶ οὐ πρότερον ἀπετράποντο, ἢ τὴν παρεμβολὴν αὐτῶν ἐλεῖν κατὰ κράτος. γενόμενοι δὲ σωμάτων τ' ἐγκρατεῖς καὶ ὅσα ἐγκατελήφθη τῷ χάρακι καὶ ἵππων καὶ ὄπλων καὶ χρημάτων παμπόλλων κύριοι, τὴν μὲν νύκτα ἐκείνην αὐτόθι κατεστρατοπέδευσαν, τῇ δ' ἐπιούσῃ

ἡμέρῃ τὰ εἰς πολιορκίαν ἐπιτήδεια παρεσκευασμένος ὁ Ὑπατος ἐπὶ τὴν Ἀντιατῶν πόλιν οὐ πλείω ἀπέχουσαν τριάκοντα σταδίων ἦγε τὴν δύναμιν. [7] ἔτυχον δὲ φυλακῆς ἔνεκα τοῖς Ἀντιάταις Αἰκανῶν τινες ἐπίκουροι παρόντες καὶ φυλάττοντες τὰ τείχη· οἱ τότε δεῖσαντες τὸ Ῥωμαίων τολμηρὸν δρασμὸν ἐκ τῆς πόλεως [p. 379] ἐπεχείρουν ποιεῖσθαι. γενομένης δὲ τοῖς Ἀντιάταις γνώσεως κωλυόμενοι πρὸς αὐτῶν ἀπέναι γνώμην ἐποιοῦντο παραδοῦναι Ῥωμαίοις ἐποῦσι τὴν πόλιν. [8] τοῦτο μαθόντες ἐκ μηνύσεως οἱ Ἀντιάται τῷ τε καιρῷ εἴκουσι, καὶ κοινῇ μετ' ἐκείνων βουλευσάμενοι παραδιδόασιν τῷ Κοιντίῳ τὴν πόλιν, ἐφ' ᾧ Αἰκανοὺς μὲν ὑποσπόνδους ἀπελθεῖν, Ἀντιάτας δὲ φρουρὰν δέξασθαι καὶ τὰ κελευόμενα ὑπὸ Ῥωμαίων ποιεῖν. ἐπὶ τούτοις κύριος γενόμενος τῆς πόλεως ὁ Ὑπατος, καὶ λαβὼν ὀψωνία τε καὶ τᾶλλα, ὅσων ἔδει τῇ στρατιᾷ, καὶ φρουρὰν ἐγκαταστήσας, ἀπῆγε τὴν δύναμιν· ἀνθ' ὧν αὐτὸν ἡ βουλὴ ὑπαντήσῃ τε φιλανθρώπῳ ἐδέξατο, καὶ θριάμβου πομπῇ ἐτίμησεν.

ἐν δὲ τῷ μετὰ τούτους ἔτει Ὑπατοὶ μὲν ἦσαν Τιβέριος Αἰμίλιος τὸ δεύτερον καὶ Κόιντος Φάβιος, ἐνὸς τῶν τριῶν ἀδελφῶν υἱὸς τῶν ἡγησαμένων τε τῆς ἀποσταλείσης φρουρᾶς εἰς Κρεμέραν, καὶ διαφθαρέντων ἐκεῖ σὺν τοῖς πελάταις. ἡ δὲ βουλὴ τῶν δημάρχων ἀνακινούντων πάλιν τὸ πλῆθος ἐπὶ τῇ κληρουχίᾳ, καὶ συναγωνιζομένου θατέρου τῶν ὑπάτων αὐτοῖς Αἰμιλίου δόγμα ἐπεκύρωσε, θεραπεῦσαι τε καὶ ἀναλαβεῖν τοὺς πένητας βουλομένη, διανεῖμαι τινα μοῖραν αὐτοῖς ἐκ τῆς Ἀντιατῶν χώρας, ἣν τῷ προτέρῳ [2] ἔτει δόρατι ἐλόντες κατέσχον. καὶ ἀπεδείχθησαν ἡγεμόνες τῆς κληρουχίας Τίτος Κοῖντιος Καπιτωλῖνος, ᾧ παρέδωκαν Ἀντιάται σφᾶς αὐτούς, καὶ σὺν αὐτῷ Λεύκιος [p. 380] Φούριος καὶ Αὔλος Οὐεργίνιος. ἦν δ' οὐκ ἀγώνισμα πᾶσι τοῖς πολλοῖς καὶ πένησι Ῥωμαίων ἡ διανομὴ τῆς χώρας ὥς ἀπελαυνομένοις τῆς πατρίδος, ὀλίγων τ' ἀπογραφεμένων ἔδοξε τῇ βουλῇ, ἐπεὶ οὐκ ἀξιόχρεως ἦν ὁ ἀπόστολος, ἐπιτρέψαι Λατίνων τε καὶ Ἑρνίκων τοῖς βουλομένοις τῆς ἀποικίας μετέχειν. οἱ μὲν δὴ εἰς Ἄντιον ἀποσταλέντες κατένεμον τὴν γῆν τοῖς σφετέροις, μοῖραν τινα ἐξ αὐτῆς τοῖς Ἀντιάταις ὑπολειπόμενοι. [3] ἐν δὲ τῷ μεταξὺ χρόνῳ στρατεία τῶν ὑπάτων ἀμφοτέρων ἐγένετο, Αἰμιλίου μὲν εἰς τὴν Σαβίνων χώραν, Φαβίου δ' εἰς τὴν Αἰκανῶν. καὶ τῷ μὲν Αἰμιλίῳ πολὺν ἐν τῇ πολεμίᾳ μείναντι χρόνον οὐδεμία δύναμις ὑπήντησε μαχομένη περὶ τῆς γῆς, ἀλλ' ἀδεῶς αὐτὴν κείρας, ἐπεὶ καθῆκεν ὁ χρόνος τῶν ἀρχαιρεσιῶν, ἀπῆγε τὰς δυνάμεις. Φαβίῳ δ' Αἰκανοί, πρὶν εἰς ἀνάγκην ἐλθεῖν στρατιᾶς διαφθαρείσης ἢ τειχῶν ἀλικομένων, ἐπεκηρυκῆσαντο περὶ διαλλαγῶν καὶ φιλίας. [4] ὁ δ' Ὑπατος δύο τε μηνῶν τροφὰς τῇ στρατιᾷ καὶ δύο χιτῶνας κατ' ἄνδρα καὶ ἀργύριον εἰς ὀψωνιασμὸν ἑξαμήνου καὶ εἴ τι ἄλλο κατήπειγεν εἰσπραξάμενος, ἀνοχὰς ἐποίησάτο πρὸς αὐτούς, ἕως ἂν εἰς Ῥώμην ἀφικόμενοι παρὰ τῆς βουλῆς εὕρωνται τὰς διαλύσεις. ἡ μέντοι βουλὴ ταῦτα μαθοῦσα τῷ Φαβίῳ ἐπέτρεψεν αὐτοκράτορι διαλύσασθαι πρὸς τοὺς Αἰκανοὺς, [p. 381] ἐφ' οἷς ἂν αὐτὸς προαιρήται. [5] μετὰ τοῦτο συνθῆκαι γίνονται ταῖς πόλεσι μεσιτεύσαντος αὐτὰς τοῦ ὑπάτου τοιαίδε· Αἰκανοὺς εἶναι Ῥωμαίων ὑπηκόους πόλεις τε καὶ χώρας τὰς ἑαυτῶν ἔχοντας, ἀποστέλλειν δὲ

Ῥωμαίοις μηδὲν ὅτι μὴ στρατιάν, ὅταν αὐτοῖς παραγγελῇ, τέλεσι τοῖς ἰδίοις ἐκπέμποντας αὐτάς. ταῦτα συνθέμενος ἀπῆγε τὴν δύναμιν Φάβιος καὶ εἰς τὸν ἐπιόντα ἐνιαυτὸν ἀρχὰς ἅμα τῷ συνυπάτῳ κατέστησεν.

ἦσαν δ' ὑπ' αὐτῶν ἀποδειχθέντες ὕπατοι Σπόριος Ποστόμιος Ἀλβῖνος καὶ Κόιντος Σερουίλιος Πρίσκοις τὸ δεύτερον. ἐπὶ τούτων ἔδοξαν Αἰκανοὶ παραβαίνειν τὰς πρὸς Ῥωμαίους νεωστὶ γενομένας ὁμολογίας ἀπὸ τοιαύτης αἰτίας: [2] Ἀντιατῶν ὅσοι μὲν εἶχον ἐφέστια καὶ κλήρους ἔμειναν ἐν τῇ γῇ, τὰ τ' ἀπομερισθέντα σφίσι καὶ τὰ ὑπὸ τῶν κληρουχῶν ἀφορισθέντα κτήματα γεωργοῦντες ἐπὶ ῥήτῃσι τισι καὶ τεταγμέναις μοίραις, ἃς ἐκ τῶν καρπῶν αὐτοῖς ἐτέλουν: οἷς δ' οὐδὲν τούτων ἦν, ἐξέλιπον τὴν πόλιν, καὶ ὑποδεχομένων αὐτοὺς προθύμως τῶν Αἰκανῶν ἐκεῖθεν ὁρμώμενοι τοὺς Λατίνων ἀγροὺς ἐλήστευον. ἐκ δὲ τούτου καὶ τῶν Αἰκανῶν ὅσοι τολμηροὶ τε καὶ ἄποροι ἦσαν συνελάμβανον αὐτοῖς τῶν ληστηρίων. [3] ταῦτα Λατίνων ἀποδυρομένων ἐπὶ τῆς βουλῆς καὶ ἀξιοῦντων ἢ στρατιὰν πέμπειν ἢ συγχωρῆσαι σφίσιν αὐτοῖς τοὺς ἄρξαντας πολέμου ἀμύνασθαι, μαθόντες οἱ σύνεδροι στρατιὰν [p. 382] μὲν οὐτ' αὐτοὶ ἐψηφίσαντο πέμπειν οὔτε Λατίνοις ἐπέτρεψαν ἐξάγειν, πρεσβευτὰς δ' ἐλόμενοι τρεῖς, ὧν ἡγεῖτο Κόιντος Φάβιος ὁ τὰς πρὸς τὸ ἔθνος συνθήκας ποιησάμενος, ἀπέστειλαν ἐντολὰς αὐτοῖς δόντες πυνθάνεσθαι παρὰ τῶν ἡγουμένων τοῦ ἔθνους, πότερα κοινῇ γνώμῃ τὰ ληστήρια ἐξαποστελλοῦσιν εἰς τε τὴν τῶν συμμάχων καὶ εἰς τὴν τῶν Ῥωμαίων γῇν — ἐγένοντο γὰρ τινες καὶ εἰς αὐτὴν καταδρομαὶ τῶν φυγᾶδων — ἢ τῶν πραπτομένων οὐδενός ἐστι τὸ κοινὸν αἵτιον: καὶ ἐὰν φῶσιν ἰδιωτῶν ἔργα εἶναι μὴ ἐπιτρέψαντος τοῦ δήμου, τὰ θ' ἥρπασμένα ἀπαιτεῖν καὶ τοὺς ἐργασαμένους τὰδικήματα ἐκδότους αἰτεῖν. [4] ἀφικομένων δὲ τῶν πρεσβευτῶν ἀκούσαντες τοὺς λόγους οἱ Αἰκανοὶ πλαγίας αὐτοῖς ἔδωσαν ἀποκρίσεις, τὸ μὲν ἔργον οὐκ ἀπὸ κοινῆς λέγοντες γνώμης γεγονέναι, τοὺς δὲ δράσαντας οὐκ ἀξιοῦντες ἐκδιδόναι, πόλιν τ' ἀπολωλεκότας καὶ ἀλήτας γεγονότας σφῶν τ' ἐν τῇ πενίᾳ [5] ἰκέτας. ἐφ' οἷς ὁ Φάβιος ἀγανακτῶν καὶ τὰς ψευθείας πρὸς αὐτῶν ὁμολογίας ἀνακαλοῦμενος, ὥς εἶδεν εἰρωνευομένους τοὺς Αἰκανοὺς καὶ εἰς βουλὴν χρόνον αἰτουμένους ξενισμοῦ τε χάριν ἐπικατέχοντας αὐτόν, ὑπέμεινέ τε κατοπτεῦσαι τὰ ἐν τῇ πόλει πράγματα βουλόμενος: καὶ διεξιὼν ἅπαντα τόπον κατὰ πρόφασιν [p. 383] θεωρίας δημόσιόν τε καὶ ἱερὸν, τὰ τ' ἐργαστήρια πλήρη ὀρῶν ἅπαντα πολεμικῶν ὄπλων, τῶν μὲν ἤδη συντετελεσμένων, τῶν δ' ἔτι ἐν χερσὶν ὄντων, ἔγνω τὴν διάνοιαν αὐτῶν. [6] καὶ ἀφικόμενος εἰς τὴν Ῥώμην ἀπήγγειλε πρὸς τὴν βουλὴν, ἃ τ' ἤκουσε καὶ ἃ εἶδε. κάκεινῃ οὐδὲν ἔτι ἐνδοιάσασα τοὺς εἰρηνοδικὰς ἐψηφίσαντο πέμπειν καταγγελοῦντας Αἰκανοῖς τὸν πόλεμον, ἐὰν μὴ τοὺς τ' Ἀντιατῶν φυγᾶδας ἀπελάσωσιν ἐκ τῆς πόλεως καὶ δίκας τοῖς ἡδίκημένοις ὑπόσχωνται. οἱ δ' Αἰκανοὶ θραυστέρας πρὸς τοὺς ἄνδρας ἐποιήσαντο τὰς ἀποκρίσεις, καὶ τὸν πόλεμον οὐκ ἀκούσιοι δέχεσθαι ὡμολόγησαν. [7] ἀλλὰ γὰρ οὐκ ἐξεγένετο Ῥωμαίοις στρατιὰν ἐν ἐκείνῳ τῷ ἐνιαυτῷ ἐπ' αὐτοὺς ἀποστεῖλαι, εἴτε τοῦ δαιμονίου κωλύοντος, εἴτε διὰ τὰς νόσους, αἱ κατέσχον τὴν πληθὺν ἐπὶ πολὺ μέρος τοῦ ἔτους: ἀλλὰ φυλακῆς ἕνεκα τῶν συμμάχων ὀλίγη τις ἐξελθοῦσα

δύναμις, ἥς ἡγεῖτο Κόιντος Σερουίλιος ἄτερος τῶν ὑπάτων, ἐν τοῖς Λατινῶν ὄροις διέτριπεν. [8] ἐν δὲ τῇ πόλει τὸν νεῶν τοῦ Πιστίου Διὸς Σπόριος Ποστόμιος ὁ συννύπατος αὐτοῦ καθιέρωσε μηνὸς Ἰουνίου ταῖς καλουμέναις Νώναις ἐπὶ τοῦ Ἐνυαλίου λόφου, κατασκευασθέντα μὲν ὑπὸ τοῦ τελευταίου βασιλέως Ταρκυνίου, τῆς δὲ νομιζομένης παρὰ Ῥωμαίοις ἀνιέρωσης οὐ τυχόντα ὑπ' ἐκείνου. τότε δὲ τῇ βουλῇ δόξαν ὁ Ποστόμιος ἔλαβεν [p. 384] αὐτοῦ τὴν ἐπιγραφὴν. ἄλλο δ' οὐδὲν ἐπὶ τῶν ὑπάτων τούτων λόγου ἄξιον ἐπράχθη.

ἐπὶ δὲ τῆς ἐνάτης καὶ ἐβδομηκοστῆς Ὀλυμπιάδος, ἦν ἐνίκα Ξενοφῶν Κορίνθιος ἄρχοντας Ἀθήνησιν Ἀρχεδμηίδου, παραλαμβάνουσι τὴν ὑπατείαν Τίτος Κοϊντίος Καπιτωλῖνος καὶ Κόιντος Φάβιος Οὐίβουλανός· Κοϊντίος μὲν τὸ τρίτον ἐπὶ τὴν ἀρχὴν ἀποδειχθεὶς ὑπὸ τοῦ δήμου, Φάβιος δὲ τὸ δεύτερον. οἷς ἡ βουλὴ ἀμφοτέροις στρατιὰς μεγάλας καὶ εὖ παρεσκευασμένας παραδοῦσα ἐξέτεμψε. [2] Κοϊντίος μὲν οὖν ἐτάχθη φυλάττειν τὴν σφετέραν γῆν, ὅση τοῖς πολεμίοις ὁμορος ἦν, Φάβιος δὲ τὴν Αἰκανῶν δηοῦν· καὶ καταλαμβάνει τοὺς Αἰκανοὺς ἐπὶ τοῖς μεθορίοις ὑπομένοντας αὐτὸν σὺν δυνάμει πολλῇ. καὶ ἐπειδὴ τὰς παρεμβολὰς ἐν τοῖς κρατίστοις ἐκάτεροι χωρίοις κατεστήσαντο, προήεσαν εἰς τὸ πεδῖον Αἰκανῶν προκαλεσαμένων καὶ ἀρξάντων τῆς μάχης, καὶ διέμειναν ἐπὶ πολὺ τῆς ἡμέρας ἐκθύμως καὶ φιλοπόνως ἀγωνιζόμενοι, καὶ τὸ νικᾶν οὐ παρ' ἄλλον τινὰ ἢ παρ' ἑαυτὸν ἕκαστος τιθέμενος. [3] ὥς δὲ τὰ ξίφη τοῖς πλείοσιν αὐτῶν διὰ τὰς συνεχεῖς πληγὰς ἄχρηστα ἐγεγόνει, σημανάντων τὸ ἀνακλητικὸν τῶν ἡγεμόνων ἀπῆλθον ἐπὶ τοὺς χάρακας. καὶ μετὰ τοῦτο τὸ ἔργον ἀγών μὲν ἐκ παρατάξεως οὐκέτ' αὐτῶν ἐγένετο, ἀκροβολισμοὶ δὲ τινες συμπλοκαὶ ψιλῶν περὶ τε ὕδασι καὶ ἐν ἀγορᾷ παρατομπαῖς συνεχεῖς· κἂν τούτοις μέντοι τὰ πολλὰ [4] ἦσαν ἰσόρροποι. ἐν ᾧ δὲ ταῦτ' ἐγένετο χρόνῳ, μοῖρᾳ [p. 385] τις ἀπὸ τῆς Αἰκανῶν στρατιᾶς παρελθοῦσα καθ' ἑτέρας ὁδοὺς ἀφυλάκτους ἐνέβαλεν εἰς τὴν Ῥωμαίων γῆν, ἣ πλεῖστον ἀφειστήκει τῆς ὁμόρου καὶ διὰ τοῦτ' ἀφύλακτος ἦν· ἐξ ἧς ἀνθρώπους τε πολλοὺς συνήρπασε καὶ χρήματα, λαθοῦσά τε τοὺς σὺν τῷ Κοϊντίῳ περιπόλους τῆς σφετέρας γῆς ἀπῆλθεν ἐπὶ τὰ οἰκεία. τοῦτο συνεχῶς ἐγένετο καὶ πολλὴν παρεῖχεν αἰσχύνην τοῖς ὑπάτοις. [5] ἔπειτα μαθὼν διὰ κατασκόπων τε καὶ αἰχμαλῶτων ὁ Φάβιος ἐξεληλυθυῖαν ἐκ τοῦ χάρακος τῶν Αἰκανῶν τὴν κρατίστην δύναμιν, ἐν τῇ παρεμβολῇ καταλιπὼν τοὺς πρεσβυτάτους αὐτὸς ἐξῆλθε νύκτωρ ἵππεων ἐπαγόμενος καὶ τοῦ πεζοῦ τὸ ἀκμαϊότατον. οἱ μὲν οὖν Αἰκανοὶ διηρηπακότες τὰ χωρία, οἷς ἐνέβαλον, ἀπῆεσαν ἐπαγόμενοι πολλὰς ὠφελείας, ὁ δὲ Φάβιος οὐ πολὺ προελθοῦσιν αὐτοῖς ἐπιφαίνεται καὶ τὴν τε λείαν ἀφαιρεῖται καὶ μάχῃ τοὺς ὑπομείναντας νικᾷ γενομένους ἄνδρας ἀγαθοὺς· οἱ δὲ λοιποὶ σποράδες ἐμπειρία ὁδῶν λαθόντες τοὺς διώκοντας κατέφυγον εἰς τὸν χάρακα. [6] ἐπεὶ δὲ ταύτῃ ἀνεκρούσθησαν οἱ Αἰκανοὶ τῇ συμφορᾷ παρὰ δόξαν σφίσι γενομένην, λύσαντες τὴν παρεμβολὴν ὑπὸ νύκτα ὥχοντο καὶ οὐκέτι τὸ λοιπὸν ἐξῆεσαν ἐκ τῆς πόλεως· ἀλλ' ἠνείχοντο σῆτόν τε, ὃς ἐν ἀκμῇ τότε ἦν, συγκομιζόμενον ὑπὸ τῶν πολεμίων καὶ ἀγέλας βοσκημάτων ἀπελαυνόμενας

ὀρώντες, χρήματά τε διαπραζόμενα καὶ αὐλὰς πυρὶ διδομένας καὶ αἰχμαλώτους πολλοὺς ἀγομένους. τοῦτο διαπραζάμενος [p. 386] ὁ Φάβιος, ἐπειδὴ παραδοῦναι τὰς ἀρχὰς ἑτέροις ἔδει, τὴν δύναμιν ἀναστήσας ἀπήγγε: τὸ δ' αὐτὸ καὶ Κοίντιος ἐποίει.

ἀφικόμενοι δ' εἰς τὴν Ῥώμην ἀπέδειξαν ὑπάτους Αὐλὸν Ποστόμιον Ἄλβον καὶ Σερούιον Φούριον. οἱ μὲν δὴ νεωστὶ παρειλήφεσαν τὴν ἀρχήν, παρὰ δὲ τῶν συμμάχων Λατίνων ἄγγελοι Ῥωμαίοις κατὰ σπουδὴν διαπεμφθέντες ἦκον. οὗτοι καταστάντες ἐπὶ τὴν βουλὴν διεσάφουν Ἀντιατῶν τὰ πράγματα οὐ βέβαια εἶναι, κρύφα τε διαπρεσβευομένων πρὸς αὐτοὺς Αἰκανῶν καὶ ἀναφανδὸν εἰσιόντων εἰς τὴν πόλιν ἀγορᾶς προφάσει πολλῶν Οὐλοούσκων, οὓς ἐπήγοντο οἱ πρότερον ἐκλιπόντες τὴν πόλιν Ἀντιατῶν, ὅτ' ἐκληρουχεῖτο διὰ πενίαν καὶ πρὸς Αἰκανοὺς ἀπαντομολήσαντες, [2] ὥσπερ ἔφην. συνδιεφθάρθαι τε τοῖς ἐπιχωρίοις ἅμα ἡγγελλον καὶ τῶν ἐποίκων συχνούς: καὶ εἰ μὴ προκαταληφθῇσονται φυλακῇ ἀξιόχρεω, ἀναστήσεσθαι τινα ἔλεγον κάκεῖθεν ἀπροσδόκητον Ῥωμαίοις πόλεμον. τούτων οὐ πολλῷ ὕστερον ἕτεροι πεμφθέντες ὑφ' Ἑρνίκων ἡγγελλον ἐξεληλυθῆναι μεγάλην δύναμιν Αἰκανῶν καὶ ἐγκαθεζομένην ἐν τῇ σφετέρᾳ γῇ φέρειν τε πάντα καὶ ἄγειν, στρατεύειν δ' ἅμα τοῖς Αἰκανοῖς καὶ Οὐλοούσκους τὴν πλείω τοῦ στρατοῦ μοῖραν παρεχομένους. [3] πρὸς ταῦτ' ἐψηφίσατο ἡ βουλὴ τοῖς μὲν Ἀντιατῶν ταραττοῦσι τὰ πράγματα — ἦκον γὰρ ἀπολογησόμενοι τινες ἐξ αὐτῶν καὶ καταφανεῖς ἐγένοντο [p. 387] οὐδὲν ὑγιὲς φρονοῦντες — φυλακὴν ἑτέραν πέμψαι, ἣ ἔμελλε δι' ἀσφαλείας ἔξειν τὴν πόλιν: ἐπὶ δ' Αἰκανοὺς ἄγειν τὴν στρατιάν τὸν ἕτερον τῶν ὑπάτων Σερούιον Φούριον: καὶ ἐγένετο ταχεῖα ἀμφοῖν ἡ ἐξοδος. [4] οἱ δ' Αἰκανοὶ μαθόντες ἐξεληλυθυῖαν τὴν Ῥωμαίων στρατιάν, ἀναστάντες ἐκ τῆς Ἑρνίκων ἐχώρουν αὐτοῖς ὁμόσε. ἐπεὶ δ' εἶδον ἀλλήλους, ἐκείνην μὲν τὴν ἡμέραν οὐ πολὺ διαστάντες κατεστρατοπέδευσαν, τῇ δ' ἐξῆς ἐπὶ τὸν χάρακα τῶν Ῥωμαίων οἱ πολέμιοι ἦκον διὰπειραν αὐτῶν τῆς γνώμης ληψόμενοι. [5] ὥς δ' οὐκ ἐξήεσαν εἰς μάχην, ἀκροβολισμοῖς χρησάμενοι καὶ οὐδὲν ἀξιόλογον δράσαντες σὺν μεγάλῳ αὐχήμετι ἀπῆλθον. ὁ μὲντοι Ῥωμαίων ὕπατος ἐκλιπὼν τὸν χάρακα τῇ ἐπιούσῃ: τὸ γὰρ χωρίον οὐ λίαν ἀσφαλὲς ἦν: μετεστρατοπέδευσατο ἐν ἐπιτηδειοτέρῳ, ἔνθα τάφρον τ' ὠρύξατο βαθυτέραν καὶ χάρακα ἐβάλετο ὑψηλότερον. τοῖς δὲ πολεμίοις ταῦθ' ὀρώσι πολὺ θράσος προσεγένετο: καὶ ἔτι μᾶλλον, ἐπειδὴ σύμμαχος αὐτοῖς ἀφίκετο στρατιὰ παρὰ τοῦ Οὐλοούσκων τε καὶ Αἰκανῶν ἔθνους, οὐδὲν ἔτι διαμελλήσαντες ἐπήγον τῷ Ῥωμαίων χάρακι.

ὁ δ' ὕπατος ἐνθυμούμενος, ὅτι οὐκ ἀξιόμαχος ἔσται ἢ σὺν αὐτῷ δύναμις ἀγωνιζομένη πρὸς ἀμφοτέρα τὰ ἔθνη, πέμπει τινὰς ἐκ τῶν ἱππέων γράμματα εἰς τὴν Ῥώμην κομίζοντας, δι' ὧν ἡξίου ταχεῖαν αὐτοῖς ἐλθεῖν ἐπικουρίαν, ὥς κινδυνευούσης ὅλης διαφθαρήναι τῆς σὺν αὐτῷ στρατιᾶς. [2] ταῦτ' ἐπὶλεξάμενος [p. 388] ὁ συνύπατος αὐτοῦ Ποστόμιος — ἦσαν δὲ μέσαι νύκτες μάλιστα, ὅτε οἱ ἱππεῖς ἀφίκοντο — διὰ κηρύκων πολλῶν τοὺς βουλευτὰς ἐκ τῶν οἰκιῶν συνεκάλει: καὶ γίνεται δόγμα βουλῆς, πρὶν ἡμέραν λαμπρὰν γενέσθαι, Τίτον μὲν Κοίντιον τὸν ὑπατεύσαντα τὸ τρίτον, ἔχοντα

τοὺς ἀκμαιοτάτους τῶν νέων πεζοὺς τε καὶ ἵππεῖς, ἀρχῇ κοσμηθέντα ἀνθυπάτῳ χωρεῖν ἐπὶ τοὺς πολεμίους ἐξ ἐφόδου: Αὐλὸν δὲ Ποστόμιον τὸν ἕτερον τῶν ὑπάτων τὰς λοιπὰς δυνάμεις συναγαγόντα, ἃς ἔδει χρονιώτερον συνελθεῖν, ὥς ἂν αὐτῷ τάχους ἐγγένηται βοθηεῖν. ἡμέρα δ' ἦδη. [3] διέφωσκε, καὶ ὁ Κοῖντιος συνήγαγε τοὺς ἐθελοντάς πεντακισχιλίους μάλιστ' ἄνδρας: καὶ οὐ πολὺ ἐπισχὼν ἐξῆγεν ἐκ τῆς πόλεως. τοῦθ' ὑποπτεύσαντες ἔμενον οἱ Αἰκανοὶ καὶ πρὶν ἐλθεῖν ἐπικουρίαν τοῖς Ῥωμαίοις προσβάλλειν τῷ χάρακι αὐτῶν καὶ διανοηθέντες ὥς βία καὶ πληθεὶ ἀλωσόμενον ἐξῆλθον ἄθροοι διχῇ νείμαντες αὐτούς. [4] γίνεται τε μέγας ἀγὼν δι' ὅλης τῆς ἡμέρας ἰταμῶς αὐτῶν ἐπιβαίνόντων τοῖς προτειχίσμασι κατὰ πολλὰ μέρη, καὶ οὔτε παλτῶν οὔτε βελῶν ὑπὸ τοξοτῶν οὔτε χερμάδων ἀπὸ σφενδόνης ἀφιεμένων ἀδιαλείπτως βολαῖς ἀνειργομένων. ἔνθα δὴ παρακελευσάμενοι ἀλλήλοις ὁ τε Ὑπατος καὶ ὁ πρεσβευτὴς ὑφ' ἓνα καιρὸν ἀναπετάσαντες [p. 389] τὰς πύλας, ἅμα τοῖς ἀκμαιοτάτοις ἐκτρέχουσιν ἐπὶ τοὺς πολεμίους, κατ' ἄμφω τε τὰ μέρη τῆς προσβολῆς συρράξαντες αὐτοῖς ἀποτρέπουσι τοὺς ἐπιβαίνοντας τῷ χάρακι. τροπῆς δὲ γενομένης ὁ μὲν Ὑπατος ἐπ' ὀλίγον διώξας τοὺς καθ' ἑαυτὸν τεταγμένους ἀνέστρεψεν: [5] ὁ δ' ἀδελφὸς αὐτοῦ καὶ πρεσβευτὴς Πόπλιος Φούριος ὑπὸ λήματός τε καὶ προθυμίας φερόμενος ἄχρι τῆς παρεμβολῆς τῶν πολεμίων ἤλασε διώκων τε καὶ κτείνων. ἦσαν δὲ δύο σπεῖραι περὶ αὐτὸν οὐ πλείους ἀνδρῶν ἔχουσαι χιλίων. τοῦτο μαθόντες οἱ πολέμιοι περὶ πεντακισχιλίους μάλιστα γενόμενοι, χωροῦσιν ἐπ' αὐτὸν ἐκ τοῦ χάρακος: καὶ οὗτοι μὲν ἐξ ἐναντίας προσήεσαν, ἵππεῖς δ' αὐτῶν κύκλῳ περιελάσαντες κατὰ [6] νώτου τοῖς Ῥωμαίοις ἐφίστανται. τοῦτῳ δὴ τῷ τρόπῳ κυκλωθέντες ὑπ' αὐτῶν οἱ σὺν τῷ Ποπλίῳ καὶ διχα τῶν σφετέρων ἀποληφθέντες, ἐξὸν αὐτοῖς σῶζεσθαι παραδοῦσι τὰ ὅπλα: προὔκαλοῦντο γὰρ αὐτοὺς εἰς τοῦτο οἱ πολέμιοι καὶ περὶ πολλοῦ ἐποιοῦντο χιλίους Ῥωμαίων τοὺς ἀρίστους αἰχμαλώτους λαβεῖν, ὥς διὰ τούτων διαλύσεις εὐρησόμενοι καλὰς τοῦ πολέμου: καταφρονήσαντες αὐτῶν καὶ παρακελευσάμενοι ἀλλήλοις μηδὲν ἀνάξιον πρᾶξαι τῆς πόλεως, μαχόμενοι καὶ πολλοὺς ἀποκτείναντες τῶν πολεμίων ἅπαντες ἀποθνήσκουσιν.

διαφθαρέντων δὲ τούτων ἐπαρθέντες οἱ Αἰκανοὶ τῷ προτερήματι παρῆσαν ἐπὶ τὸν χάρακα τῶν Ῥωμαίων, τὴν τε τοῦ Ποπλίου κεφαλὴν ἐπὶ δορατίου [p. 390] πεπηγυῖαν ἀνατείνοντες καὶ τῶν ἄλλων ἀνδρῶν τῶν ἐπιφανῶν, ὥς δὴ τούτῳ καταπληξόμενοι τοὺς ἔνδον καὶ ἀναγκάσοντες παραδοῦναι σφίσι τὰ ὅπλα. τοῖς δ' ἄρα πρὸς μὲν τὴν συμφορὰν τῶν ἀπολωλότην ἑλεός τις παρέστη καὶ ἀνεκλάοντο αὐτῶν τὴν τύχην, πρὸς δὲ τὸν ἀγῶνα θράσος διπλάσιον ἐνέφυ, καὶ τοῦ νικᾶν ἢ τὸν αὐτὸν ἐκείνοις τρόπον ἀποθανεῖν, πρὶν εἰς πολεμίων χεῖρας ἐλθεῖν, καλὸς ἔρω. [2] ἐκείνην μὲν οὖν τὴν νύκτα παρεστρατοπεδευκότων τῷ χάρακι τῶν πολεμίων ἄγρυπνοὶ τε οἱ Ῥωμαῖοι καὶ ἐπισκευάζοντες τὰ πεπονηκότα τοῦ χάρακος διετέλεσαν, τὰ τ' ἄλλα, οἷς ἀπερύκειν ἔμελλον αὐτούς, εἰ πειραθεῖεν πάλιν τειχομαχεῖν πολλὰ καὶ παντοῖα εὐτρεπιζόμενοι. τῇ δ' ἐξῆς αἶ τε προσβολαὶ πάλιν ἐγίνοντο, καὶ ὁ χάραξ διεσπᾶτο κατὰ πολλὰ μέρη: καὶ πολλάκις μὲν ὑπὸ τῶν ἐξιόντων κατὰ συστροφὰς ἐκ τοῦ χάρακος ἐξεκρούσθησαν οἱ

Αἰκανοί, πολλάκις δ' ἀνεκόπησαν ὑπ' ἐκείνων οἱ θρασύτερον ἐπεξιόντες. [3] καὶ τοῦτο δι' ὅλης τῆς ἡμέρας ἐγίνετο: ἔνθα ὁ θ' ὑπατος ὁ τῶν Ῥωμαίων στανιῶ διὰ τοῦ θυρεοῦ διαπερονηθεὶς τιτρώσκεται τὸν μηρόν, καὶ ἄλλοι συχνοὶ τῶν ἐπιφανῶν, ὅσοι περὶ αὐτὸν ἐμάχοντο: ἦδη δὲ τοῖς Ῥωμαίοις ἀπειρηκόσιν ἀπροσδόκητος ἐπιφαίνεται περὶ δείλην ὄψιαν προσιῶν Κοίντιος, ἄγων τὴν ἐθελούσιον ἐπικουρίαν τῶν ἀκμασιότατων, οὓς ἰδόντες οἱ πολέμιοι προσιόντας ἀνέστρεφον ἀφέντες [p. 391] τὴν πολιορκίαν ἀτελῆ: καὶ οἱ Ῥωμαῖοι ἐπεξελθόντες αὐτοῖς ἀπιοῦσι τοὺς ὑστεριζοντας ἐφόνευον. [4] οὐ μέντοι ἐπὶ πολὺν γε χρόνον ἐδίωξαν ἀσθενεῖς ὄντες οἱ πολλοὶ ὑπὸ τραυμάτων, ἀλλὰ διὰ τάχους ἀνέστρεψαν. καὶ μετὰ ταῦτα διὰ φυλακῆς εἶχον ἑκάτεροι σφᾶς αὐτοὺς μένοντες ἐν ταῖς παρεμβολαῖς ἄχρι πολλοῦ.

ἔπειτ' Αἰκανῶν τε καὶ Οὐλοῦσκων ἑτέρα δύναμις καλὸν ὑπολαμβάνουσα καιρὸν ἔχειν προνομεῦσαι τὴν Ῥωμαίων γῆν, ἐξεστρατευμένης αὐτῶν τῆς κρατίστης δυνάμεως, ἐξῆλθε νυκτός: καὶ ἐμβαλοῦσα εἰς τὴν προσωτάτω χώραν, ἔνθα τοῖς γεωργοῖς δέος οὐδὲν εἶναι ἐδόκει, πολλῶν γίνονται χρημάτων καὶ [2] σωμάτων ἐγκρατεῖς. οὐ μὴν καλὰς γ' οὐδ' εὐτυχεῖς τὰς ἐσχάτας ἔσχον ἐκεῖθεν ἀπαλλαγὰς. ὁ γὰρ ἕτερος τῶν ὑπάτων Ποστόμιος ἄγων τὴν συναχθεῖσαν ἐπικουρίαν τοῖς ἐν τῷ χάρακι πολεμουμένοις, ὡς ἔμαθε τὰ γινόμενα ὑπὸ τῶν πολεμίων, ἐπιφαίνεται αὐτοῖς ἐκ τοῦ ἀνελπίστου. [3] οἱ δ' οὔτε κατεπλάγησαν οὔτ' ἔδεισαν αὐτοῦ τὴν ἔφοδον, ἀλλ' ἀποθέμενοι σχολῇ τὰς ἀποσκευὰς καὶ τὰ λάφυρα εἰς ἓν χωρίον ἐχυρὸν καὶ φυλακὴν τὴν ἀρκοῦσαν ἐπὶ τούτοις καταλιπόντες οἱ λοιποὶ συντεταγμένοι χωροῦσι τοῖς Ῥωμαίοις ὁμόσε: καὶ συμπεσόντες ἄξια λόγου ἔργα ἀπεδείκνυντ' ὀλίγοι μὲν πρὸς πολλοὺς ἀγωνιζόμενοι — συνέρρεον γὰρ ἐκ τῶν ἀγρῶν ἐπ' αὐτοὺς συχνοὶ ἦδη διεσκεδασμένοι — ψιλῇ [p. 392] ὀπλίσει πρὸς ἄνδρας ὅλα τὰ σώματα ἔχοντας ἐν φυλακῇ ἐποίησάν τε πολλοὺς τῶν Ῥωμαίων νεκροὺς καὶ μικροῦ ἐδέησαν ἐν ἄλλοτριᾷ γῇ καταληφθέντες τρόπαια τῶν ἐλθόντων ἐπὶ σφᾶς αὐτοὺς ἀναστῆσαι. [4] ἀλλ' ὁ γ' ὑπατος καὶ οἱ σὺν αὐτῷ Ῥωμαίων ἱππεῖς ἐπίλεκτοι, ἀχαλινώτοις ἐπελάσαντες τοῖς ἵπποις κατὰ τὸ καρτερώτατόν τε καὶ ἄριστα μαχόμενον αὐτῶν μέρος, διασπῶσι τὴν τάξιν καὶ καταβάλλουσι συχνοὺς. διαφθαρέντων δὲ τῶν προμάχων καὶ ἡ λοιπὴ δύναμις ἀποτραπεῖσα ἐνέκλινεν εἰς φυγὴν, οἳ τε φυλάττοντες τὰς ἀποσκευὰς μεθέμενοι αὐτῶν ἀπίντες ὥχοντο ἀνὰ τὰ πλησίον ὄρη. κατ' αὐτὸν μὲν οὖν τὸν ἀγῶνα ὀλίγοι τινὲς αὐτῶν διεφθάρησαν, ἐν δὲ τῇ φυγῇ πάνυ πολλοί, χώρας τ' ἄπειροι ὄντες καὶ ὑπὸ τῆς Ῥωμαίων ἵππου διωκόμενοι.

ἐν ᾧ δὲ ταῦτ' ἐγίνετο χρόνῳ, πεπυσμένος ἄτερος τῶν ὑπάτων Σερούιος ἐπὶ βοήθειαν αὐτῷ προσιόντα τὸν συνύπατον δείσας, μὴ ὑπαντήσωσιν αὐτῷ οἱ πολέμιοι καὶ διακλείσωσι τῆς πρὸς αὐτὸν ὁδοῦ, περισπᾶν αὐτοὺς διενοεῖτο προσβολὰς ποιούμενος τῷ [2] χάρακι. ἀλλὰ γὰρ φθάσαντες αὐτὸν οἱ πολέμιοι, ἐπειδὴ ἔγνωσαν τὴν συμφορὰν τῶν σφετέρων, ἦν ἀπήγγειλαν οἱ περισωθέντες ἐκ τῆς προνομῆς, λύσαντες τὴν παρεμβολὴν ἐν τῇ πρώτῃ νυκτὶ μετὰ τὴν μάχην εἰς τὴν πόλιν ἀπήραν, οὐχ ἅπαντα πεπραχότες, ὅσα ἐβούλοντο. [p. 393] [3] χωρὶς γὰρ τῶν ἀποθανόντων ἐν τε ταῖς μάχαις καὶ

κατὰ τὰς προνομὰς τοὺς ὑστερήσαντας ἐν τῇ τότε φυγῇ πολλῶ πλείους τῶν προτέρων ἀπέβαλον. οἱ γὰρ ὑπὸ καμάτου τε καὶ τραυμάτων βαρυνόμενοι σχολῇ προβαίνοντες ἐγκαταλιπόντων αὐτοὺς τῶν μελῶν ἔπιπτον, μάλιστα δὲ περὶ τὰ νάματα καὶ ποταμοὺς ὑπὸ διψῆς φλεγόμενοι: οὓς οἱ Ῥωμαίων ἱππεῖς καταλαμβάνοντες ἐφόνεον. ^[4] οὐ μὲν δὴ οὐδὲ Ῥωμαῖοι πάντα ἐκ τοῦ τότε ἀγῶνος εὐτυχηότες ἀνέστρεψαν, ἄνδρας μὲν γὰρ ἀγαθοὺς καὶ πολλοὺς ἐν ταῖς μάχαις ἀπολωλέκεσαν, καὶ πρεσβευτὴν ἀπάντων λαμπρότατον γενόμενον ἐν τῷ ἀγῶνι: νίκην δ' οὐδεμιᾶς ἦττονα τῇ πόλει φέροντες ἀνέστρεψαν. ταῦτ' ἐπ' ἐκείνων τῆς ἀρχῆς ἐπράχθη.

τῷ δὲ κατόπιν ἔτει Λευκίου Αἰβουτίου καὶ Ποπλίου Σερουιλίου Πρίσκου παρειληφότες τὴν ἀρχὴν οὐδὲν οὔτε κατὰ πολέμους ἔργον ἀπεδείξαντο Ῥωμαῖοι λόγου ἄξιον οὔτε πολιτικόν, ὑπὸ νόσου κακωθέντες ὥς οὕτω πρότερον λοιμικῆς: ἡ τὸ μὲν πρῶτον ἵππων τε φορβάδων καὶ βοῶν ἀγέλαις προσῆλθεν, ἀπὸ δὲ τούτων εἰς τ' αἰπόλια καὶ ποιμένας κατέσκηψε, καὶ διέφθειρεν ὀλίγου δεῖν πάντα τὰ τετράποδα: ἔπειτα τῶν νομέων τε καὶ γεωργῶν ἦφατο, καὶ διελθοῦσα διὰ πάσης τῆς χώρας εἰς τὴν πόλιν ἐνέπεσε. ^[2] θεραπόντων μὲν οὖν καὶ θητῶν καὶ τοῦ πένητος ὄχλου πλῆθος ὅσον διέφθειρεν, οὐ ῥάδιον ἦν εὐρεῖν. κατ' ἀρχὰς μὲν γὰρ ἐφ' ἀμάξαις σωρηδὸν οἱ θνήσκοντες ^[p. 394] ἀπεκομίζοντο, τελευτῶντες δ', ὧν ἐλάχιστος ἦν ὁ λόγος, εἰς τὸ τοῦ παραρρέοντος ποταμοῦ ρεῖθρον ὠθοῦντο. τῶν δ' ἐκ τοῦ βουλευτικοῦ συνεδρίου τὸ τέταρτον μέρος συνελογίσθη διεφθαρμένον, ἐν οἷς ἦσαν οἱ θ' ὕπατοι ἀμφοτέροι καὶ τῶν δημάρχων οἱ πλείους. ^[3] ἤρξατο μὲν οὖν ἡ νόσος περὶ τὰς καλάνδας τοῦ Σεπτεμβρίου μηνός, διέμεινε δὲ τὸν ἐνιαυτὸν ἐκείνον ὅλον, ἅπασαν ὁμοίως καταλαμβάνουσα καὶ διεργαζομένη φύσιν τε καὶ ἡλικίαν. γενομένης δὲ τοῖς πλησιοχώροις γνώσεως τῶν κατεχόντων τὴν Ῥώμην κακῶν, καλὸν ἡγησάμενοι καιρὸν εἶναι Αἰκανοὶ τε καὶ Οὐολοῦσκοι καταλῦσαι τὴν ἀρχὴν αὐτῆς, συνθήκας τε καὶ ὄρκους ἐποίησαντο πρὸς ἀλλήλους περὶ συμμαχίας: καὶ παρασκευασάμενοι τὰ εἰς πολιορκίαν ἐπιτήδεια, ὥς εἶχον ἀμφοτέροι τάχους, ἐξῆγον τὰς δυνάμεις. ^[4] ἵνα δὲ τὴν ἀπὸ τῶν συμμάχων ἀφέλοιτο τῆς Ῥώμης ἐπικουρίαν εἰς τὴν Λατίνων τε καὶ Ἑρνίκων γῆν πρῶτον ἐνέβαλον. ἀφικομένης δὲ πρεσβείας ἐπὶ τὴν βουλὴν ἀφ' ἐκατέρου τῶν πολεμουμένων ἐθνῶν ἐπὶ συμμαχίας παράκλησιν ὁ μὲν ἕτερος τῶν ὑπάτων Λευκίος Αἰβούτιος ἐκείνην ἔτυχε τὴν ἡμέραν τεθνηκώς, Πόπλιος δὲ Σερουίλιος ἐγγὺς ὦν τοῦ θανάτου: ὃς ἔτι ὀλίγον ἐμπνέων συνεκάλει ^[5] τὴν βουλὴν. τῶν δ' οἱ πλείους ἡμιθνήτες ἐπὶ κλινιδίων κοιμισθέντες καὶ συνεδρεύσαντες ἀπεκρίναντο τοῖς παροῦσιν ἀγγέλλειν τοῖς σφετέροις, ὅτι διὰ τῆς ἐαυτῶν ἀρετῆς τοὺς πολεμίους ἀμύνεσθαι ἡ βουλὴ αὐτοῖς ἐπιτρέπει, μέχρις ἂν ὁ ὕπατος ῥαίσι, καὶ ἡ ^[p. 395] ^[6] συναγωνιουμένη δύναμις αὐτοῖς συναχθῇ. ταῦτα Ῥωμαίων ἀποκριναμένων Λατῖνοι μὲν ὅσα ἡδυνήθησαν ἐκ τῶν ἀγρῶν εἰς τὰς πόλεις ἀνασκευασάμενοι φυλακὴν ἐποιοῦντο τῶν τειχῶν, τὰ δ' ἄλλα περιεῶρων ἀπολλύμενα. Ἑρνικες δὲ δυσανασχετοῦντες ἐπὶ τῇ λύμῃ καὶ διαρπαγῇ τῶν ἀγρῶν, ἀναλαβόντες τὰ ὄπλα ἐξῆλθον. ἀγωνισάμενοι δὲ λαμπρῶς καὶ πολλοὺς μὲν ἀποβαλόντες τῶν σφετέρων, πολλῶ δ' ἔτι πλείους

Αἰκανοὶ δὲ καὶ Οὐολοῦσκοι προνομεύσαντες αὐτῶν τὴν χώραν ἀδεῶς ἐπὶ τοὺς Τυσκλάνων ἀγροὺς ἀφίκοντο. διαρπάσαντες δὲ καὶ τοὺτους οὐδενὸς ἀμυνομένου παρήσαν εἰς τοὺς Γαβίνων ὄρους. ἐλάσαντες δὲ καὶ διὰ ταύτης ἀδεῶς τῆς γῆς ἐπὶ τὴν Ῥώμην ἀφικνοῦντο. ^[2] ἐθορύβησαν μὲν οὖν ἱκανῶς τὴν πόλιν, οὐ μὴν κρατῆσαι γ' αὐτῆς ἠδυνήθησαν· ἀλλὰ καίπερ ἐξασθενοῦντες οἱ Ῥωμαῖοι τὰ σώματα καὶ τοὺς ὑπάτους ἀπολωλεκότες ἀμφοτέρους — καὶ γὰρ ὁ Σερουίλιος ἐτεθνήκει νεωστὶ — καθοπλισάμενοι παρὰ δύναμιν τοῖς τεῖχεσιν ἐπέστησαν, τοῦ περιβόλου τῆς πόλεως ὄντος ἐν τῷ τότε χρόνῳ, ὅσος Ἀθηναίων τοῦ ἄστεος ὁ κύκλος· καὶ τὰ μὲν ἐπὶ λόφοις κείμενα καὶ πέτραις ἀποτόμοις ὑπ' αὐτῆς ἐστὶν ὠχυρωμένα τῆς φύσεως καὶ ὀλίγης δεόμενα φυλακῆς· τὰ δ' ὑπὸ τοῦ [p. 396] Τεβέριος τετειχισμένα ποταμοῦ, οὗ τὸ μὲν εὐρὸς ἐστὶ τεττάρων πλέθρων μάλιστα, βάθος δ' οἷόν τε ναυσὶ πλεῖσθαι μεγάλας, τὸ δὲ ῥεῦμα ὥσπερ τι καὶ ἄλλο ὄξυ καὶ δίνας ἐργαζόμενον μεγάλας· ὃν οὐκ ἔνεστι πεζοῖς διελθεῖν εἰ μὴ κατὰ γέφυραν, ἣ ἦν ἐν τῷ τότε χρόνῳ μία ξυλόφρακτος, ἣν ἔλυνον ἐν τοῖς πολέμοις. ^[3] ἐν δὲ χωρίον, ὃ τῆς πόλεως ἐπιμαχώτατόν ἐστιν, ἀπὸ τῶν Αἰσκυλίων καλουμένων πυλῶν μέχρι τῶν Κολλίων, χειροποιήτως ἐστὶν ὀχυρόν. τάφρος τε γὰρ ὁρώρκεται πρὸ αὐτοῦ πλάτος ἢ βραχυτάτη μείζων ἑκατὸν ποδῶν, καὶ βάθος ἐστὶν αὐτῆς τριακοντάπου· τεῖχος δ' ὑπερανέστηκε τῆς τάφρου χώματι προσεχόμενον ἔνδοθεν ὑψηλῷ καὶ πλατεῖ, οἷον μῆτε κριοῖς κατασεισθῆναι μῆτε ὑπορυττομένων τῶν θεμελίων ἀνατραπῆναι. ^[4] τοῦτο τὸ χωρίον ἐπτὰ μὲν ἐστὶ μάλιστ' ἐπὶ μῆκος σταδίων, πεντήκοντα δὲ ποδῶν ἐπὶ πλάτος· ἐν ᾧ τότε οἱ Ῥωμαῖοι τεταγμένοι κατὰ πλῆθος ἀνεῖρξαν τῶν πολεμίων τὴν ἔφοδον οὔτε χελώνας χωστρίδας εἰδότες κατασκευάζειν τῶν τὸτ' ἀνθρώπων, οὔτε τὰς καλουμένας ἐλεπόλεις μηχανάς. οἱ μὲν δὴ πολέμιοι ἀπογνόντες τῆς πόλεως τὴν ἄλωσιν ἀπήεσαν ἀπὸ τοῦ τεύχους, καὶ δηώσαντες τὴν χώραν, ὄσπην διεξῆλθον, ἀπῆγον ἐπ' οἴκου τὰς δυνάμεις.

μετὰ δὲ τούτους Ὀλυμπιάς μὲν ἦν ὀγδοηκοστή, ἦν ἐνίκα στάδιον Τορύμβας Θεσσαλὸς ἄρχοντας Ἀθήνησι Φρασικλέους· ὕπατοι δὲ ἀπεδείχθησαν ἐν Ῥώμῃ Πόπλιος Οὐολούμνιος καὶ Σερούιος Σολπίκιος Καμερίνος. οὗτοι στρατιὰν μὲν οὐδεμίαν ἐξήγαγον οὔτε ἐπὶ τιμωρίας ἀναπράξει τῶν ἀδικούντων σφᾶς τε αὐτοὺς καὶ τοὺς συμμάχους οὔθ' ὥς διὰ φυλακῆς τὰ οἰκεῖα ἔξοντες· τῶν δ' ἐντὸς τείχους κακῶν πρόνοιαν ἐποιοῦντο, μὴ τι δεινὸν ὁ δῆμος ἐπὶ τῇ βουλῇ συστάς ἐξεργάσεται. [2] ἐταράττετο γὰρ αὖθις ὑπὸ τῶν δημάρχων ἀναδιδασκόμενος, ὅτι πολιτειῶν κρατίστη τοῖς ἐλευθέροις ἐστὶν [p. 2] ἡ ἰσγορία, καὶ κατὰ νόμους ἡξίου διοικεῖσθαι τὰ τε ἰδιωτικὰ καὶ τὰ δημόσια. οὕτω γὰρ τότε ἦν οὗτ' ἰσονομία παρὰ Ῥωμαίοις οὗτ' ἰσγορία, οὐδ' ἐν γραφαῖς ἅπαντα τὰ δίκαια τεταγμένα· ἀλλὰ τὸ μὲν ἀρχαῖον οἱ βασιλεῖς αὐτῶν ἔταπτον τοῖς δεομένοις τὰς δίκας, καὶ [3] τὸ δικαιωθὲν ὑπ' ἐκείνων τοῦτο νόμος ἦν. ὥς δ' ἐπαύσαντο μοναρχοῦμενοι, τοῖς κατ' ἐνιαυτὸν ὑπατεῦουσιν ἀνέκειτο τὰ τε ἄλλα τῶν βασιλέων ἔργα καὶ ἡ τοῦ δικαίου διάγνωσις, καὶ τοῖς ἀμφισβητοῦσι πρὸς ἀλλήλους ὑπὲρ ὁτουδήτινος ἐκεῖνοι τὰ δίκαια οἱ διαιροῦντες ἦσαν. [4] τούτων δὲ τὰ μὲν πολλὰ τοῖς τρόποις τῶν ἀρχόντων ἀριστίνδην ἀποδεικνυμένων ἐπὶ τὰς ἀρχὰς ἀκόλουθα ἦν· κομιδῇ δ' ὀλίγα τινὰ ἐν ἱεραῖς ἦν βύβλοις ἀποκείμενα, ἃ νόμων εἶχε δύναμιν, ὧν οἱ πατρίκιοι τὴν γνῶσιν εἶχον μόνοι διὰ τὰς ἐν ἄστει διατριβάς, οἱ δὲ πολλοὶ ἐμπορευόμενοι τε καὶ γεωργοῦντες διὰ πολλῶν ἡμερῶν εἰς ἄστὺ καταβαίνοντες ἐπὶ τὰς ἀγοράς ἄπειροι ἔτι ἦσαν. [5] τὸ δὲ πολίτευμα τοῦτο πρῶτος μὲν ἐπέειρασεν εἰσαγαγεῖν Γάιος Τερέντιος δημαρχῶν ἐν τῷ παρελθόντι ἔτει, ἀτελὲς δὲ ἡναγκάσθη καταλιπεῖν τοῦ τε πλήθους ὄντος ἐπὶ στρατοπέδων καὶ τῶν ὑπάτων ἐπίτηδες ἐν τῇ πολεμίᾳ γῇ τὰς δυνάμεις κατασχόντων, ἕως ὅ τῆς ἀρχῆς αὐτοῖς παρέλθῃ χρόνος. [p. 3]

τότε δ' αὐτὸ παραλαβόντες οἱ περὶ Αὐλὸν Οὐεργίνιον δήμαρχοι τελειῶσαι ἐβούλοντο· ἵνα δὲ μὴ τοῦτο γένοιτο μηδὲ κατὰ νόμους ἀναγκασθεῖεν πολιτεῦεσθαι, πάντα ἐπιμηχανώμενοι διετέλουν οἱ τε ὕπατοι καὶ ἡ βουλὴ καὶ τῶν ἄλλων πολιτῶν οἱ πλεῖστον ἐν τῇ πόλει δυνάμενοι· βουλαὶ τε πολλαὶ καὶ ἐκκλησίαι συνεχεῖς ἐγίνοντο πεῖραι τε παντοῖαι ταῖς ἀρχαῖς κατ' ἀλλήλων, ἐξ ὧν οὐκ ἄδηλον ἅπασιν ἦν, ὅτι μεγάλη τις καὶ ἀνήκεστος ἐξ ἐκείνης τῆς φιλονεικίας ἀναστήσεται τῇ πόλει συμφορά. τὸ μὲν οὖν καταλύσασθαι τὰ πρὸς ἀλλήλους ἐγκλήματα καὶ μιᾷ

καὶ τοὺς πατρικίους αἰτίους ἔσσεσθαι τῆς στάσεως ἔλεγον ἀνομίαν αὐξοντας
καὶ πλεονεξίαν καὶ [3] ζηλοῦντας τὰ τῶν τυράννων ἔθνη. ταῦτα καὶ πολλὰ
τούτοις ὅμοια παρ' ἑκατέρων ἐπὶ πολλὰς ἡμέρας ἐλέγετο, καὶ προὔβαινε διὰ
κενῆς ὁ χρόνος: ἐν ᾧ τῶν κατὰ τὴν πόλιν οὔτε δημοσίων οὔτε ἰδίων οὐδὲν
ἐτελεῖτο. ὥς δ' οὐδὲν ἐγίνετο τῶν προὔργου, λόγων μὲν ἐκείνων καὶ
κατηγοριῶν, αἷς ἐποιοῦντο κατὰ τῆς βουλῆς, οἱ δήμαρχοι ἀπέστησαν:
συναγαγόντες δὲ τὸ πλῆθος εἰς τὴν ἐκκλησίαν ὑπέσχοντο τῷ δήμῳ νόμον

ἔτι ἀναβαλόμενοι τὸν παρασκευασθέντα νόμον ἀνέγνωσαν: κεφάλαια δὲ
αὐτοῦ τάδε ἦν: ἄνδρας αἰρεθῆναι δέκα ὑπὸ τοῦ δήμου συναχθείσης ἀγορᾶς
ἐννόμου τοὺς πρεσβυτάτους τε καὶ φρονιμωτάτους, οἷς ἔστι πλείστη πρόνοια
τιμῆς τε καὶ δόξης ἀγαθῆς: τούτους δὲ συγγράψαντας τοὺς ὑπὲρ ἀπάντων

δὲ συγγραφησομένους ὑπ' αὐτῶν νόμους κεῖσθαι ἐν ἀγορᾷ ταῖς καθ'
ἑκαστον ἐνιαυτὸν ἀποδειχθησομέναις ἀρχαῖς καὶ τοῖς ἰδιώταις ὅρους τῶν
πρὸς ἀλλήλους δικαίων. [5] τοῦτον προθέντες τὸν νόμον ἐξουσίαν ἔδοσαν
τοῖς βουλομένοις αὐτοῦ κατηγορεῖν, ἀποδείξαντες τὴν τρίτην ἀγοράν. ἦσαν
δὲ πολλοὶ καὶ οὐχ οἱ φαυλότατοι τῶν ἐκ τοῦ συνεδρίου, πρεσβύτεροι καὶ

νέοι, κατήγοροι τοῦ νόμου, λόγους διεξιόντες ἐκ πολλῆς ἐπιμελείας καὶ παρασκευῆς· καὶ [6] τοῦτ' ἐφ' ἡμέρας ἐγίνετο συχνάς. ἔπειτα οἱ δήμαρχοι δυσχεραίνοντες ἐπὶ τῇ διατριβῇ τοῦ χρόνου λόγον μὲν οὐδένα ἔτι τοῖς κατηγόροις τοῦ νόμου προέθεσαν, ἡμέραν δὲ ἀποδειξάντες, ἐν ᾗ κυρώσειν αὐτὸν ἔμελλον, παρῆναι τοὺς δημότας εἰς αὐτὴν παρεκάλουν ἀθρόους, ὡς οὐκέτι ταῖς μακραῖς δημηγορίαις ἐνοχληθησομένους, ἀλλ' ἐποίσοντας ὑπὲρ αὐτοῦ τὴν ψῆφον κατὰ φυλάς. οἱ μὲν δὴ ταῦτα ὑποσχόμενοι διέλυσαν τὴν ἐκκλησίαν.

μετὰ δὲ ταῦτα οἱ τε ὑπάτοι καὶ τῶν πατρικίων οἱ πλεῖστον δυνάμενοι τραχύτερον ἤδη αὐτῶν προσιόντες καθήπτοντο λέγοντες, ὡς οὐκ ἐπιτρέψουσιν αὐτοῖς νόμους εἰσγεῖσθαι καὶ τοὺτους ἀπροβουλεύτους. συνθήκας γὰρ εἶναι κοινὰς πόλεων τοὺς νόμους, οὐχὶ μέρους τῶν ἐν ταῖς πόλεσιν οἰκούντων. τοῦ τε πονηροτάτου ὀλέθρου καὶ ἀνηκέστου καὶ οὐδ' εὐσχήμονος ἀρχὴν ἀπέφαινον εἶναι πόλεσι τε καὶ οἴκοις, ὅταν τὸ [2] κάκιστον τῷ κρατίστῳ νομοθετῇ. ποῖαν δὲ ὑμεῖς, [p. 7] ἔφασαν, ὧ δήμαρχοι, νόμων εἰσφορᾶς ἢ ἀναίρέσεως ἐξουσίαν ἔχετε; οὐκ ἐπὶ ῥητοῖς μὲν δικαίους ταύτην τὴν ἀρχὴν παρὰ τῆς βουλῆς ἐλάβετε, τοῖς δ' ἀδικουμένοις ἢ κατισχυομένοις τῶν πενήτων βοηθεῖν ἠτήσασθε τοὺς δημάρχους, ἄλλο δὲ μηδὲν πολυπραγμονεῖν; εἰ δ' οὖν καὶ πρότερον ἦν τις ὑμῖν δύναμις, ἦν οὐκ ἐκ τοῦ δικαίου βιασάμενοι ἡμᾶς ἐλάβετε, ὑποκατακλινομένης ἐκάστῳ πλεονεκτήματι τῆς βουλῆς, οὐχὶ καὶ ταύτην νῦν ἀπολωλέκατε τῇ μεταβολῇ τῶν ἀρχαιρεσιῶν; [3] οὔτε γὰρ βουλῆς δόγμα ὑμᾶς οὐκέτι ἀποδεικνυσιν ἐπὶ τὴν ἀρχήν, οὔτε αἱ φράτραι τὴν ψῆφον ὑπὲρ ὑμῶν ἐπιφέρουσιν, οὔτε ἱερὰ προθύεται τοῖς θεοῖς πρὸ τῶν ἀρχαιρεσιῶν, ἃ κατὰ νόμους ἐχρῆν ἐπιτελεῖσθαι, οὔτε ἄλλο τῶν πρὸς τοὺς θεοὺς εὐσεβῶν ἢ πρὸς ἀνθρώπους ὁσίων οὐθὲν ἐπὶ τῆς ἀρχῆς τῆς ὑμετέρας γίνεται. τίνας οὖν ὑμῖν ἔτι μέτεστι τῶν ἱερῶν καὶ σεβασμοῦ δεομένων, ὧν ἔν τι καὶ ὁ νόμος ἦν, ἐξαρνησάμενοις ἅπαντα τὰ νόμιμα; [4] ταῦτά τε δὴ τοῖς δημάρχους ἔλεγον οἱ πρεσβύτεροι καὶ οἱ νέοι αὐτῶν καθ' ἑταιρίας διεξιόντες ἀνὰ τὴν πόλιν καὶ τοὺς μὲν ἐπεικεστέρους τῶν δημοτῶν ὁμιλίαις ἀνελάμβανον κεχαρισμέναις, τοὺς δ' ἀπειθεῖς καὶ ταραχώδεις ἀπειλαῖς κατεπλήττοντο κινδύνων, εἰ μὴ συμφρονήσειαν· ἦδη δὲ τινὰς τῶν πάνυ ἀπόρων καὶ ἀπερριμμένων, οἷς οὐθενὸς τῶν κοινῶν παρὰ τὰ ἴδια κέρδη φροντίς ἦν, παίοντες ὥσπερ ἀνδράποδα ἀνείργον ἐκ τῆς ἀγορᾶς. [p. 8]

ὁ δὲ πλεῖστους τε περὶ αὐτὸν ἔχων ἑταίρους καὶ μέγιστον τῶν τότε νέων δυνάμενος Καίσιων Κοίντιος ἦν, υἱὸς Λευκίου Κοιντίου τοῦ καλουμένου Κικιννάτου, ὃ γένος τ' ἦν ἐπιφανὲς καὶ βίος οὐθενὸς δεῦτερος, ἀνὴρ ὀφθῆναι τε κάλλιστος νέων καὶ τὰ πολέμια πάντων λαμπρότατος φύσει τε περὶ λόγους κεχρημένος ἀγαθῇ· ὃς ἐν τῷ τότε χρόνῳ πολὺς ἔρρει κατὰ τῶν δημοτικῶν οὔτε λόγων φειδόμενος, ὧν βαρὺ τοῖς ἐλευθέροις ἀκοῦειν, οὔτ' ἔργων ἀκολουθῶν τοῖς λόγοις ἀπεχόμενος. οἱ μὲν οὖν πατρικιοὶ τίμιον αὐτὸν ἐπὶ τοῦτοις εἶχον καὶ μένειν παρὰ τὰ δεινὰ ἡξιοῦν αὐτοὶ παρασχεῖν τὸ ἀσφαλὲς ὑποσχνούμενοι· οἱ δ' ἐκ τοῦ δήμου πάντων δὴ μάλιστα αὐτὸν ἀνθρώπων ἐμίσουν. [2] τοῦτον τὸν ἄνδρα ἔγνωσαν οἱ δήμαρχοι πρῶτον

ἐκποδῶν ποιήσασθαι, ὥς καταπληξόμενοι τοὺς λοιποὺς τῶν νέων καὶ προσαναγκάσοντες σωφρονεῖν. γνόντες δὲ ταῦτα καὶ παρασκευασάμενοι λόγους τε καὶ μάρτυρας πολλοὺς εἰσάγουσιν αὐτὸν ὑπὸ δίκην ἀδικήματος δημοσίου, θανάτου τιμηςάμενοι τὴν δίκην. παραγγείλαντες δ' αὐτῷ παρεῖναι πρὸς τὸν δῆμον, ἐπειδὴ καθῆκεν ὁ χρόνος, ὃν ἔταξαν τῇ δίκῃ, συναγαγόντες ἐκκλησίαν μακροὺς ἐποίησαντο κατ' αὐτοῦ λόγους, διεξιόντες ὅσα βία διαπεπραγμένος ἐτύγχανεν εἰς τοὺς δημότας, ὧν τοὺς πεπονθότας αὐτοὺς παρήγον μάρτυρας. [3] ὥς δὲ παρέδωκεν τὸν λόγον, αὐτὸ μὲν τὸ μεिरάκιον οὐχ ὑπήκουε καλοῦμενον ἐπὶ τὴν ἀπολογίαν, ἀλλ' ἤξιον τοῖς ιδιώταις αὐτοῖς ὑπὲρ ὧν ἡτιῶντο παθεῖν [p. 9] κατὰ τὸν νόμον ὑπέχειν δίκας, ἐπὶ τῶν ὑπάτων τῆς κρίσεως γινομένης: ὁ δὲ πατήρ αὐτοῦ χαλεπῶς φέροντας τὴν αὐθάδειαν τοῦ μεираκίου τοὺς δημοτικοὺς ὁρῶν ἀπελογεῖτο τὰ μὲν πολλὰ ψευδῆ τε καὶ ἐξ ἐπιβουλῆς συγκείμενα κατὰ τοῦ παιδὸς ἀποδεικνύς: [4] ὅσα δ' οὐκ ἐνῆν ἀρνήσασθαι μικρὰ καὶ φαῦλα καὶ οὐκ ἄξια δημοσίας ὀργῆς εἶναι λέγων καὶ οὐδὲ ταῦτα ἐξ ἐπιβουλῆς ἢ δι' ὕβριν, ἀλλ' ὑπὸ φιλοτιμίας μεираκιῶδους γεγονότα ἐπιδεικνύμενος, δι' ἣν πολλὰ μὲν αὐτῷ συμβῆναι δρᾶσαι τῶν ἀβουλήτων ἐν ἀψιμαχίαις, πολλὰ δ' ἴσως καὶ παθεῖν, οὔτε ἡλικίας ἐν τῷ κρατίστῳ [5] ὄντι οὔτε φρονήσεως ἐν τῷ καθαρωτάτῳ. ἡξίου τε τοὺς δημοτικοὺς μὴ μόνον ὀργὴν μὴ ἔχειν ἐφ' οἷς ἡμαρτεν εἰς ὀλίγους, ἀλλὰ καὶ χάριν εἶδέναι περὶ ὧν ἅπαντας εὖ ποιῶν ἐν τοῖς πολέμοις διετέλεσε, τοῖς μὲν ιδιώταις ἐλευθερίαν κτῶμενος, τῇ δὲ πατρίδι ἡγεμονίαν, ἑαυτῷ δὲ εἴ ποτε ἀμάρτοι τι φιланθρωπιαν παρὰ τῶν πολλῶν καὶ βοήθειαν. καὶ διεξήει τὰς τε στρατείας πάσας καὶ τοὺς ἀγῶνας ἅπαντας, ἐξ ὧν ἀριστεῖα καὶ στεφάνους παρὰ τῶν στρατηγῶν ἔλαβε, πολιτῶν τε ὀπόσων ἐν ταῖς μάχαις ὑπερήσπισε καὶ [6] τείχεσι πολεμίων ὁσάκις πρῶτος ἐπέβη. τελευτῶν δ' εἰς οἴκτους κατέβαινε καὶ δεήσεις, ἀντὶ τῆς ἑαυτοῦ πρὸς ἅπαντας ἐπεικειας βίου τε, ὃς ἐμαρτυρεῖτο αὐτῷ πάσης καθαρὸς διαβολῆς, μίαν ἀπαιτῶν παρὰ τοῦ δήμου χάριν, φυλάξαι τὸν υἱὸν αὐτῷ. [p. 10]

ὁ μὲν οὖν δῆμος ἦδετο πάντῃ τοῖς λόγοις καὶ χαρίζεσθαι τὸ μεिरάκιον τῷ πατρὶ πρόθυμος ἦν. ὁ δὲ Οὐεργίνιος ὁρῶν, ὅτι μὴ δόντος ἐκείνου δίκην ἀφόρητον ἔσται τὸ θράσος τῶν αὐθαδῶν μεираκίων, ἀνίσταται καὶ φησιν: [2] σοὶ μὲν, ὦ Κοίντιε, ἢ τε ἄλλη μαρτυρεῖται πᾶσα ἀρετὴ καὶ ἢ πρὸς τοὺς δημοτικοὺς εὖνοια, ἀνθ' ὧν τὸ τιμᾶσθαι σοι πάρεστιν. ἢ δὲ τοῦ μεираκίου βαρύτης καὶ ἢ πρὸς ἅπαντας ἡμᾶς ὑπερηφανία παραίτησιν ἢ συγγνώμην οὐδεμίαν ἐπιδέχεται: ὅστις ὑπὸ τοῖς σοῖς ἦθεσι τραφεὶς οὕτως οὔσι δημοτικοῖς καὶ μετρίοις, ὥς ἅπαντες ἴσμεν, τῶν μὲν σῶν ὑπερεῖδεν ἐπιτηδευμάτων, τυραννικὴν δὲ αὐθάδειαν καὶ βαρβάρων ἀνθρώπων ὕβριν ἡγάτησε, καὶ πονηρῶν ἔργων ζῆλον εἰς τὴν πόλιν ἡμῶν εἰσαγήοχεν. [3] εἰ μὲν οὖν ἐλάνθανέ σε τοιοῦτος ὧν, νῦν ὅτ' ἔγνωκας ἀγανακτεῖν ὑπὲρ ἡμῶν δίκαιος ἂν εἴης: εἰ δὲ συνήδεις τε καὶ συνέπραπτες οἷς προεπηλάκιζε τὴν τῶν πενήτων πολιτῶν τύχην, πονηρὸς ἄρα καὶ αὐτὸς ἦσθα, καὶ ἢ τῆς καλοκάγαθιας δόξα οὐκ ἐκ τοῦ δικαίου σοι περιγέγονεν. ἀλλὰ γὰρ ὅτι ἡγνόεις αὐτὸν οὐκ ὄντα τῆς σῆς ἀρετῆς ἄξιον, ἐγὼ σοι τοῦτ' ἔχω μαρτυρεῖν. ἀπολύων δὲ σε τοῦ τότε συναδικεῖν ἡμᾶς μέφομαι τοῦ [4] νῦν

ἡμῖν μὴ συναγανακτεῖν. ἵνα δὲ μᾶλλον μάθῃς, ἡλικὸν ἄρα τῇ πόλει κακὸν ἐπιτρέφων ἐλάνθανες, ὡς ὦμόν καὶ τυραννικὸν καὶ οὐδὲ φόνου πολιτικοῦ καθαρὸν, ἄκουσον αὐτοῦ φιλότιμον ἔργον καὶ ἀντιπαρεξέτασον [p. 11] αὐτῷ τὰς ἐν τοῖς πολέμοις ἀριστείας· καὶ ὑμῶν ὅσοι συνεπαθεῖτε ἀρτίως οἰκτιζομένῳ τῷ ἀνδρὶ σκοπεῖτε, εἰ ἄρα καλῶς ὑμῖν ἔχει τοιοῦτου φείσασθαι πολίτου.

ταῦτ' εἰπὼν ἀνίστησιν ἐκ τῶν συναρχόντων Μάρκον Οὐλολούσκιον καὶ λέγειν ἐκέλευσεν, ἃ σύννοιδε τῷ μεираκιῳ. σιωπῆς δὲ γενομένης καὶ πολλῆς ἐξ ἀπάντων προσδοκίας μικρὸν ἐπισχὼν ὁ Οὐλολούσκιος εἶπεν: [2] ἐγὼ μάλιστα ἐβουλόμην ἄν, ὥ πολλῖται, δίκην ἰδίαν, ἣν ὁ νόμος δίδωσί μοι, παρὰ τούτου λαβεῖν δεινὰ καὶ πέρα δεινῶν πεπονθώς· κωλυθεὶς δὲ τούτου τυχεῖν διὰ πενίαν καὶ ἀσθένειαν καὶ τὸ τῶν πολλῶν εἷς εἶναι, νῦν γ' ἡνίκα ἔξεστί μοι τὸ τοῦ μάρτυρος σχῆμα, ἐπειδὴ οὐ τὸ τοῦ κατηγοροῦ, λήψομαι. ἃ δὲ [3] πέπονθα, ὡς ὦμὰ καὶ ἀνήκεστα, ἀκούσατέ μου. ἀδελφὸς ἦν μοι Λεύκιος, ὃν ἐγὼ πάντων ἀνθρώπων μᾶλλον ἠγάπησα. οὗτός μοι συνεδεῖπνει παρὰ φίλῳ, καὶ μετὰ ταῦτ' ἀναστάντες τῆς ἐχομένης νυκτὸς ὥχόμεθα. διεληλυθόσι δ' ἡμῖν τὴν ἀγορὰν περιτυγχάνει Καίσων οὕτοσὶ κωμάζων σὺν ἑτέροις ἀγερῶχοις μεираκίοις. καὶ οὗτοι τὸ μὲν πρῶτον ἔσκωπτὸν τε καὶ ὕβριζον εἰς ἡμᾶς, οἷα μεθύοντες ἂν νέοι καὶ αὐθάδεις ὡς ἂν εἰς ταπεινοὺς καὶ πένητας ὕβρισαιεν, ὡς δ' ἠγανακτοῦμεν πρὸς αὐτοὺς, ἐλεύθερον ῥῆμα εἰς τοῦτον εἶπε. δεινὸν [p. 12] δ' ἠγησάμενος οὕτοσὶ Καίσων ἀκοῦσαι τι, ὣν οὐκ ἐβούλετο, προσδραμὼν αὐτῷ παίων καὶ λακτιζων καὶ πᾶσαν ἄλλην ὠμότητα καὶ ὕβριν ἐνδεικνύμενος ἀποκτείνει. [4] ἔμοῦ δὲ κεκραγόντος καὶ ἀμυνομένου τοσαῦτα ὅσα ἐδυνάμην, ἐκείνων ἤδη νεκρὸν κείμενον ἀφείς ἐμὲ πάλιν ἔπαιε καὶ οὐ πρότερον ἐπαύσατο, πρὶν ἀκίνητόν τε καὶ ἄφωνον εἶδεν ἐρριμμένον, δόξας εἶναι νεκρὸν. μετὰ δὲ ταῦτα οὗτος μὲν ἀπὼν ὥχeto χαίρων ὥσπερ ἐπὶ καλῷ ἔργῳ· ἡμᾶς δὲ οἱ παραγενόμενοι μετὰ ταῦτα αἷματι πεφυρμένους αἵρουσι καὶ εἰς τὴν οἰκίαν ἀπεκόμισαν, τὸν μὲν ἀδελφόν μου Λεύκιον νεκρὸν, ὥσπερ ἔφην, ἐμὲ δὲ ἡμιθανῆ καὶ ἐλπίδας ἔχοντα τοῦ ζῆν ὀλίγας. [5] ταῦτα δ' ἐγένετο Ποπλίου Σερουιλίου καὶ Λευκίου Αἰβουτίου τὴν ὑπατείαν ἐχόντων, ὅτε ἡ μεγάλη νόσος κατέλαβε τὴν πόλιν, ἣς ἀπελαύσαμεν καὶ ἡμεῖς ἀμφοτέρω. τότε μὲν οὖν δίκην οὐχ οἷόν τ' ἦν μοι παρ' αὐτοῦ λαβεῖν τεθνηκότων ἀμφοτέρων τῶν ὑπάτων· Λευκίου δὲ Λοκρητίου καὶ Τίτου Οὐετουρίου παραλαβόντων τὴν ἀρχὴν βουλόμενος αὐτὸν ἀγαγεῖν ὑπὸ δίκην ἐκωλύθη διὰ τὸν πόλεμον, ἐκλελοιπόντων ἀμφοτέρων τῶν ὑπάτων τὴν πόλιν. [6] ὡς δὲ ἀνέστρεψαν ἀπὸ τῆς στρατείας, πολλάκις αὐτὸν ἐπὶ τὴν ἀρχὴν καλῶν, ὅσakis προσέλθοιμι — καὶ ταῦτα δὴ πολλοὶ τῶν πολιτῶν ἴσασι — πληγὰς ἐλάμβανον ὑπ' αὐτοῦ. ταῦτ' ἐστὶν ἃ πέπονθα, ὧς δημόται, μετὰ πάσης ἀληθείας εἰρημένα πρὸς ὑμᾶς. [p. 13]

ταῦτ' εἰπόντος αὐτοῦ κραυγὴ τε ἐκ τῶν παρόντων ἐγένετο καὶ ὀρμὴ πολλῶν ἐπὶ τὴν ἐκ χειρὸς δίκην. ἀλλ' οἳ τε ὑπατοὶ ἐμποδῶν ἐγένοντο καὶ τῶν δημάρχων οἱ πλείους πονηρὸν ἔθος οὐκ ἀξιοῦντες εἰς τὴν πόλιν εἰσάγειν. ἦν δὲ καὶ τοῦ δήμου τὸ καθαρῶτατον οὐ βουλόμενον ἀποστρεφεῖν λόγου τοὺς ὑπὲρ τῶν μεγίστων ἀγωνιζομένους. [2] τότε μὲν οὖν ἐπέσχε τὴν

τῶν θρασυτέρων ὁρμήν ἢ τοῦ δικαίου πρόνοια, καὶ ἀναβολὴν ἔλαβεν ἡ δίκη, οὐ μικρᾷς ἐμπεισούσης φιλοτιμίας καὶ ζητήσεως ὑπὲρ τοῦ σώματος, εἴτ' ἐν δεσμοῖς αὐτὸ δεῖ φυλάττεσθαι τέως, εἴτ' ἐγγυητὰς δοῦναι τῆς ἀφίξεως, ὥσπερ καὶ ὁ πατήρ ἤϊου: καὶ ἡ βουλὴ συνελθοῦσα ἐψηφίσατο χρήμασι διεγγυηθὲν ἐλεύθερον εἶναι τὸ σῶμα μέχρι δίκης. [3] τῇ δ' ἐξῆς ἡμέρᾳ συναγαγόντες οἱ δήμαρχοι τὸ πλῆθος, ἐκλιπόντος τοῦ μεираκίου τὴν δίκην, ἐκύρωσαν τὴν κατ' αὐτοῦ ψῆφον καὶ τοὺς ἐγγυητὰς δέκα ὄντας ἐπράξαντο τὰ περὶ τοῦ σώματος τῆς ἀποκαταστάσεως ὁμολογηθέντα χρήματα. [4] Καίσων μὲν οὖν τοιαύτη περιπεσὼν ἐπιβουλῇ, κατασκευασμένων ἅπαντα τῶν δημάρχων καὶ Οὐόλουσκίου ψευδῇ μαρτυρήσαντος, ὡς ἐγένετο φανερόν σὺν χρόνῳ, φεύγων εἰς Τυρρηνίαν ὤχετο: ὁ δὲ πατήρ αὐτοῦ τὰ πλεῖστα τῆς οὐσίας ἀπεμπολήσας καὶ τὰ ὁμολογηθέντα ὑπὸ τῶν ἐγγυητῶν χρήματα ἀποδοὺς ἑαυτῷ χωρίον ἐν μικρὸν ὑπολειπόμενος πέραν τοῦ Τεβέριος ποταμοῦ, [p. 14] ἐν ᾧ ταπεινὴ τις ἦν καλύβη, γεωργῶν αὐτόθι μετὰ δούλων ὀλίγων ἐπίπονον καὶ ταλαίπωρον ἔζη βίον ὑπὸ λύπης τε καὶ πενίας, οὔτε πόλιν ὁρῶν οὔτε φίλους ἀσπαζόμενος οὔθ' ἐορτάζων οὔτ' ἄλλης εὐφροσύνης οὐδεμιᾶς ἑαυτῷ μεταδιδούς. τοῖς μέντοι δημάρχοις πολὺ τὸ παράλογον ἐγένετο τῆς ἐλπίδος. οὐ γὰρ ὅπως ἐπαύσατο ἡ τῶν νέων φιλοτιμία σωφρονισθεῖσα τῇ Καίσωνος συμφορᾷ, πολὺ δὲ χαλεπωτέρα καὶ πλείων ἐγένετο ἔργοις τε καὶ λόγοις καταγωνιζομένη τὸν νόμον: ὥστ' οὐθὲν ἔτι αὐτοῖς ἐξεγένετο διαπραξάσθαι δαπανηθέντος εἰς ταῦτα τοῦ χρόνου τῆς ἀρχῆς. ὁ μέντοι δῆμος εἰς τὸν ἐπιόντα πάλιν ἐνιαυτὸν ἄρχοντας ἀπέδειξεν αὐτούς.

Ποπλίου δὲ Οὐαλερίου Ποπλικόλα καὶ Γαίου Κλαυδίου Σαβίνου τὴν ὑπατικὴν ἐξουσίαν παραλαβόντων κίνδυνος ὅσος οὕπῳ τὴν Ῥώμην κατέσχευεν ἐξ ἄλλοεθνοῦς πολέμου, ὃν παρήγαγεν ἐντὸς τείχους ἡ πολιτικὴ στάσις, ὡς οἱ τε Σιβύλλειοι χρησμοὶ προὔλεγον καὶ τὰ ἐκ τοῦ δαιμονίου φανέντα προεθέσπισε τῷ παρελθόντι ἐνιαυτῷ. διηγῆσομαι δὲ τὴν τε αἰτίαν, ἀφ' ἧς ὁ πόλεμος εἰσῆλθε, καὶ τὰ πραχθέντα τοῖς ὑπάτοις κατὰ τὸν τότε ἀγῶνα. [2] οἱ παρειληφότες τὸ δεῦτερον τὴν δημαρχίαν ἐπὶ τῇ ἐλπίδι τοῦ κυρώσειν τὸν νόμον, ὁρῶντες τῶν τε ὑπάτων τὸν ἕτερον, Γαίον Κλαύδιον, ἔμφυτον τὸ πρὸς τοὺς δημοτικούς ἔχοντα μῖσος διὰ προγόνων καὶ παρεσκευασμένον ἀπάσῃ μηχανῇ κωλύειν τὰ γινόμενα, τῶν τε νέων τοὺς πλεῖστον δυναμένους εἰς ἀπόνοιαν φανερὰν προεληλυθότας, οὓς οὐκ ἐνῆν τῷ βίαιῳ καταγωνίσασθαι, μάλιστα δὲ τοῦ [p. 15] δήμου τὸ πλεῖον ὑποκατακλινόμενον ταῖς θεραπαίαις τῶν πατρικίων καὶ προθυμίαν οὐκέτι περὶ τοῦ νόμου τὴν αὐτὴν παρεχόμενον, ἰταμωτέραν ὁδὸν ἐγνώσαν ἐπὶ τὰ πράγματα πορεύεσθαι, δι' ἧς καταπλήζονται μὲν τὸν δῆμον, ἀναβαλοῦσι δὲ τὸν ὑπατον. [3] πρῶτον μὲν κατεσκεύασαν φήμας λέγεσθαι κατὰ τὴν πόλιν παντοδαπάς: ἔπειτ' ἐξ ἑωθινοῦ καθεζόμενοι δι' ὅλης ἡμέρας συνήδρευον ἐν τῷ φανερῷ, μεταδιδόντες οὐθενὶ τῶν ἔξωθεν οὔτε βουλευματος οὔτε λόγου. ἐπεὶ δὲ καιρὸς ἐπιτήδειος ἔδοξεν αὐτοῖς εἶναι πράττειν τὰ βεβουλευμένα, πλασάμενοι γράμματα καὶ ταῦτα παρασκευάσαντες ἀναδοθῆναι σφίσιν ὑπ' ἀνδρὸς ἀγνώτου καθημένους ἐν ἀγορᾷ, ὡς διήλθον αὐτά, παίοντες τὰ

μέτωπα καὶ ^[4] κατηφεῖς τὰς ὄψεις ποιήσαντες ἀνίστανται. πολλοῦ δὲ συνδραμόντος ὄχλου καὶ μέγα τι κακὸν ἐν τοῖς γράμμασιν ἐνεῖναι γεγραμμένον μαντευομένου σιωπὴν προκηρύξαντες εἶπον: ἐν ἐσχάτοις ἐστὶν ὑμῖν κινδύνους, ὧ πολῖται, τὸ δημοτικόν: καὶ εἰ μὴ θεῶν τις εὖνοια προεῖδετο τῶν ἄδικα πάσχειν μελλόντων, εἰς δεινὰς ἂν ἅπαντες ἤλθομεν συμφοράς. αἰτούμεθα δὲ ὑμᾶς βραχὺν ἐπισχεῖν χρόνον, ἕως τῇ βουλῇ δηλώσωμεν τὰ προσαγγελθέντα καὶ μετὰ κοινῆς γνώμης πράξωμεν τὰ ^[5] δέοντα. ταῦτ' εἰπόντες ὥχοντο πρὸς τοὺς ὑπάτους. ἐν ὧσιν δὲ ἡ βουλὴ συνήγετο χρόνῳ, πολλοὶ καὶ παντοδαποὶ λόγοι κατὰ τὴν ἀγορὰν ἐγίνοντο, τῶν μὲν ἐκ [p. 16] παρασκευῆς ἃ παρηγγέλλετο αὐτοῖς ὑπὸ τῶν δημάρχων κατὰ συστροφὰς λαλούντων, τῶν δέ, ἃ μάλιστα ἐδεδοίκεσαν μὴ γένηται, ταῦτα ὡς ἀπηγγελλόμενα τοῖς δημάρχois λεγόντων. ^[6] ἔφη δ' ὁ μὲν τις Αἰκανοὺς καὶ Οὐολούσκους ὑποδεξαμένους Καίσιωνα Κοῖντιον τὸν ὑπὸ τοῦ δήμου καταδικασθέντα ἡρῆσθαι στρατηγὸν αὐτοκράτορα τῶν ἐθνῶν καὶ πολλὰς δυνάμεις ἀγείραντα μέλλειν ἐπὶ τὴν Ῥώμην ἐλαύνειν: ὁ δὲ τις ἀπὸ κοινῆς γνώμης τῶν πατρικίων τὸν ἄνδρα καταγεσθαι ξενικαῖς δυνάμεσιν, ἵνα ἡ φυλακὴ καταλυθεῖ νῦν τε καὶ εἰς τὸν λοιπὸν χρόνον τῶν δημοτικῶν: ὁ δὲ τις οὐχ ἅπαντας εἶναι τοὺς πατρικίους ἔφη τοὺς ταῦτα βεβουλευμένους, ^[7] ἀλλὰ μόνους τοὺς νέους. ἐτόλμων δὲ τινες λέγειν, ὅτι καὶ ἐντὸς τῆς πόλεως ὁ ἀνὴρ εἶη κρυπτόμενος καὶ μέλλοι καταλαμβάνεσθαι τῶν τόπων τοὺς ἐπικαιροτάτους. ὅλης δὲ κραδαινομένης ἐπὶ τῇ προσδοκίᾳ τῶν δεινῶν τῆς πόλεως, καὶ πάντων ἀλλήλους ἐχόντων δι' ὑποψίας καὶ φυλακῆς, οἱ μὲν ὑπατοὶ τὴν βουλὴν ἐκάλουν, οἱ δὲ δήμαρχοι παρελθόντες ἐδείκνυσαν τὰ προσαγγελλόμενα. ἦν δὲ ὁ τοὺς λόγους ὑπὲρ αὐτῶν ποιοῦμενος Αὐλὸς Οὐεργίνιος καὶ ἔλεξε τοιαῦτα:

ὅσον μὲν χρόνον οὐθὲν ἀκριβὲς ἡμῖν ἐφαίνετο τῶν προσαγγελλομένων δεινῶν, ἀλλὰ φῆμαι μετέωροι, καὶ τὸ βεβαιῶσον αὐτὰς οὐθὲν ἦν, ὠκνοῦμεν, ὧ βουλῇ, φέρειν τοὺς περὶ αὐτῶν λόγους εἰς μέσον, ταραχὰς τε ὑποπτεύοντες ἔσεσθαι μεγάλας, [p. 17] οἷα εἰκὸς ἐπὶ δεινοῖς ἀκούσμασι, καὶ δι' εὐλαβείας ἔχοντες, μὴ ταχύτερα δόξωμεν ὑμῖν βεβουλεύσθαι μᾶλλον ἢ φρονιμώτερα. ^[2] οὐ μὴν ὀλιγωρίᾳ γ' αὐτὰ παραδόντες ἀφήκαμεν, ἀλλ' ὅση δύναμις ἡμῖν ἦν ἐπιμελῆ ζήτησιν ἐποιοῦμεθα τῆς ἀληθείας. ἐπεὶ δὲ ἡ τοῦ δαιμονίου πρόνοια, ὑφ' ἧς αἰεὶ σωζόμεθα κοινῇ, καλῶς ποιοῦσα τὰ κεκρυμμένα βουλευμάτων καὶ τὰς ἀνοσίους ἐπιχειρήσεις τῶν θεοῖς ἐχθρῶν εἰς φῶς ἄγει, καὶ γράμματα πάρεστιν ἡμῖν, ἃ δεδэгμεθα νεωστὶ παρὰ ξένων εὖνοιαν ἡμῖν ἐνδείκνυμένων, οὓς ὕστερον ἀκούσεσθε, καὶ συντρέχει τε καὶ συνάδει τοῖς ἔξωθεν ἐπιστελλομένοις τὰ ἐνθὲνδε μηνυόμενα, καὶ τὰ πράγματα οὐκέτι μέλλησιν οὐδ' ἀναβολὴν ἐν χερσὶν ὄντα ἐπιδέχεσθαι, πρὶν εἰς τὸν δῆμον ἐξενεγκεῖν, ὑμῖν πρώτοις ὥσπερ ἐστὶ δίκαιον ἀπαγγεῖλαι διέγνωμεν αὐτά. ^[3] ἵστε δὴ συνωμοσίαν ἐπὶ τῷ δήμῳ γεγεννημένην ὑπ' ἀνδρῶν οὐκ ἀφανῶν, ἐν οἷς ἐνεῖναι μὲν τι λέγεται μέρος οὐ πολὺ καὶ τῶν εἰς τόδε συλλεγομένων τὸ συνέδριον πρεσβυτέρων, τὸ δὲ πλεῖστον ἐκ τῶν ἔξω τῆς βουλῆς ἱππέων, οὓς οὐπω καιρὸς οἰτίνες εἰσιν ὑμῖν λέγειν. ^[4] μέλλουσι δ' οὖν, ὡς πυνθανόμεθα, σκοταίαν φυλάξαντες νύκτα κοιμωμένοις

[5] ὁρῶντες δέ, ὅτι ξενικῆς αὐτοῖς χειρὸς εἰς τὰ πράγματα δεῖ κρύφα παρασκευασθείσης καὶ οὐδὲ ταύτης μετρίας, ἄνδρα προσειλήφασιν εἰς ταῦτα τῶν ὑμετέρων φυγάδων Καίσιωνα Κοίντιον ἡγεμόνα, ὃν ἐπὶ φόνοις πολιτῶν καὶ διαστάσει τῆς πόλεως ἐξελεγχθέντα διεπράξαντο τινες τῶν ἐνθάδε μὴ δοῦναι δίκην, ἀλλ' ἄθῳον ἀπελθεῖν ἐκ τῆς πόλεως, καθοδὸν τε πράξειν ὑπέσχηνται καὶ ἀρχὰς προτείνονται καὶ τιμὰς καὶ ἄλλους μισθοὺς τῆς ὑπουργίας. [6] κἀκεῖνος ὑπέσχηται στρατιὰν αὐτοῖς Αἰκανῶν καὶ Οὐολούσκων ἄξειν ἐπίκουρον, ὅσης ἂν δεηθῶσιν: ἥξει τε οὐκ εἰς μακρὰν αὐτὸς μὲν ἐπαγόμενος τοὺς εὐτολμοτάτους κρύφα κατ' ὀλίγους εἰσάγων καὶ σποράδας, ἡ δ' ἄλλη δύναμις, ὅταν οἱ τοῦ δήμου προεστηκότες ἡμεῖς διαφθαρώμεν, ἐπὶ τὸ ἄλλο πλῆθος τῶν πενήτων χωρήσει, ἐάν τινες ἄρα περιέχωνται τῆς ἐλευθερίας. [7] ταῦτ' ἐστίν, ἃ βεβούλευνται ὑπὸ σκότους καὶ μέλλουσι δρᾶν, ὧ βουλή, δεινὰ καὶ ἀνόσια ἔργα, οὔτε θεῖον φοβηθέντες χόλον οὔτε ἀνθρωπίνην ἐντραπέντες νέμεσιν. [p. 19]

ἐν τοσούτῳ δὴ κινδύνῳ σαλεύοντες ἰκέται γινόμεθα ὑμῶν, ὧ πατέρες, ἐπισκῆπτοντες θεοὺς τε καὶ δαίμονας, οἷς κοινῇ θύομεν, καὶ πολέμων ὑπομιμνήσκοντες, οὓς πολλοὺς καὶ μεγάλους σὺν ὑμῖν ἡράμεθα, μὴ περιδεῖν ὡμὰ καὶ ἀνόσια ὑπὸ τῶν ἐχθρῶν παθόντας ἡμᾶς, ἀλλ' ἐπαμῦναι τε καὶ συναγανακτῆσαι τιμωρίας ἡμῖν συνεισπράξαντας παρὰ τῶν ταῦτα βουλευσαμένων τὰς προσηκούσας, μάλιστα μὲν παρὰ πάντων, εἰ δὲ μὴ γε, παρὰ τῶν ἀρξάντων τῆς ἀθεμίτου συνωμοσίας. [2] πρῶτον δὲ πάντων ἀξιοῦμεν ὑμᾶς, ὧ βουλή, ψηφισασθαι πρᾶγμα, ὅπερ ἐστὶ δικαιοτάτον, τὴν ὑπὲρ τῶν μηνυομένων ζήτησιν ὑφ' ἡμῶν τῶν δημάρχων γίνεσθαι. χωρὶς γὰρ τοῦ δικαίου καὶ ἀκριβεστάτας ἀνάγκη γίνεσθαι ζητήσεις, ἅς ἂν οἱ κινδυνεύοντες ὑπὲρ αὐτῶν ποιήσωνται. [3] εἰ δὲ τινες ὑμῶν εἰσιν οἷοι μηδὲ καθ' ἓν εὐγνώμονεῖν, ἀλλὰ πρὸς ἅπαντας τοὺς ὑπὲρ τοῦ δήμου λέγοντας ἀντιτάττεσθαι, ἥδεώς ἂν πυθοίμην παρ' αὐτῶν, ἐπὶ τῷ δυσχεραίνουσι τῶν ἀξιουμένων καὶ τί μέλλουσιν ὑμᾶς πείθειν: πότερα μηδεμίαν ποιείσθαι ζήτησιν, ἀλλ' ὑπεριδεῖν ἔργον οὕτω μέγα καὶ μιαρὸν ἐπὶ τῷ δήμῳ συνιστάμενον; καὶ τίς ἂν τοὺς ταῦτα λέγοντας ὑγιαίνειν φήσειεν, ἀλλ' οὐχὶ συνδιεφθάρθαι καὶ κοινωνεῖν τῆς συνωμοσίας, ἔπειτα ὑπὲρ αὐτῶν δεδιότας, ἵνα μὴ γένωνται καταφανεῖς, ἀποσπεύδειν τὴν τῆς ἀληθείας ἐξέτασιν; οἷς οὐκ ἂν δικαίως προσέχοιτε δήπου τὸν νοῦν. [4] ἢ τῆς διαγνώσεως τῶν μηνυομένων οὐχ ἡμᾶς εἶναι κυρίους ἀξιώσουσιν, ἀλλὰ τὴν βουλήν καὶ τοὺς [p. 20] ὑπάτους; τί οὖν τὸ κωλύον ἔσται τὸ αὐτὸ τοῦτο καὶ τοὺς προεστηκότας τοῦ δήμου λέγειν, ἐάν τινες ἐκ τῶν δημοτικῶν ἐπὶ τοῖς ὑπάτοις καὶ τῇ βουλῇ συστάντες πράττωσι τὴν τοῦ συνεδρίου κατάλυσιν, ὅτι

τὴν περὶ τῶν δημοτῶν ἐξετάσιν αὐτοὺς δίκαιόν ἐστι ποιεῖσθαι τοὺς ἀνειληφότας τὴν τοῦ δήμου φυλακὴν; τί οὖν ἐκ τούτου συμβήσεται; μηδεμίαν πώποτε γενέσθαι ζητήσιν περὶ μηθενὸς πράγματος ἀπορρήτου. [5] ἀλλ' οὐθ' ἡμεῖς ἂν ταῦτ' ἀξιώσασμεν: ὕποπτος γὰρ ἡ φιλοτιμία: ὑμεῖς τ' οὐκ ἂν ὀρθῶς ποιοῖτε τοῖς τὰ ὅμοια ἀξιοῦσι καθ' ἡμῶν προσέχοντες τὸν νοῦν, ἀλλὰ κοινοὺς ἡγοῦμενοι τῆς πόλεως ἐχθροὺς. οὐδενὸς μέντοιγε, ὦ βουλή, τοῖς πράγμασιν ὡς τάχους δεῖ. ὁ γὰρ κίνδυνος ὀξύς, καὶ ἡ μέλλησις τῆς ἀσφαλείας ἄωρος ἐν οὐ μέλλουσι δεινοῖς. ὥστ' ἀφέντες τὸ φιλονεικεῖν καὶ λόγους διεξιέναι μακροὺς ψηφίσασθε ὅ τι ἂν δοκῇ κοινῇ συμφέρειν ἤδη.

ταῦτ' εἰπόντος αὐτοῦ πολλή τις ἔκπληξις κατέσχε τὸ συνέδριον καὶ ἀμυχανία: διελογίζοντό τε καὶ συνελάλουν ἀλλήλοις, ὡς χαλεπὸν ἑκάτερον ἦν, καὶ τὸ συγχωρεῖν τοῖς δημάρχοις ζητήσεις ἐφ' ἑαυτῶν ποιεῖσθαι περὶ κοινοῦ καὶ μεγάλου πράγματος, καὶ τὸ μὴ συγχωρεῖν. ὑποπτεύσας δ' αὐτῶν τὴν γνώμην ἀνέστη τῶν ὑπᾶτων ἄτερος, Γάιος Κλαύδιος καὶ [2] ἔλεξε τοιαῦτα: οὐ δέδοικα, Οὐεργίνιε, μὴ με ὑπολάβωσιν [p. 21] οὗτοι κοινωνὸν εἶναι τῆς συνωμοσίας, ἣν ἐφ' ὑμῖν καὶ τῷ δήμῳ πράττεσθαι λέγετε, ἢ τὰ ὑπὲρ ἑμαυτοῦ δεδιότα ἢ τῶν ἐμῶν τινος ἐνόχου ταῖς αἰτίαις ὄντος ἀνεστάναι τάναντία ὑμῖν ἐροῦντα: ὁ γὰρ βίος ἀπολύει με πάσης ὑποψίας τοιαύτης. ἃ δὲ νομίζω τῇ τε βουλῇ καὶ τῷ δήμῳ συμφέρειν, ἀπὸ τοῦ κρατίστου καὶ δίχα πάσης εὐλαβείας ἐρῶ. [4] τί οὖν, εἴ τις ἔροιστό με, παθῶν, ἃ συγχωρῶ καὶ φημι δίκαια εἶναι, τοῦτοις ἀντιλέξων ἀνέστην, καὶ τί βούλεται μου ὁ λόγος, ἐγὼ νῆ Δία φράσω πρὸς ὑμᾶς. παντὸς οἶομαι δεῖν πράγματος, ὦ βουλή, τὰς ἀρχὰς καὶ τὰς πρώτας ὑποθέσεις τοὺς εὖ φρονοῦντας ἀκριβῶς σκοπεῖν: οἶαι γὰρ ἂν αὗται τύχῳσιν οὔσαι, τοιοῦτους ἀνάγκη γίνεσθαι καὶ τοὺς περὶ αὐτῶν λόγους. [5] φέρε δὴ, τίς ἢ τοῦδε τοῦ πράγματος ὑπόθεσις ἐστὶ καὶ τί τὸ βούλευμα τῶν δημάρχων, ἀκούσατέ μου. οὐκ ἐνῆν τούτοις οὐδέν, ὦν ἐν τῷ παρελθόντι ἐνιαυτῷ πράττειν ἐπιβαλλόμενοι διεκωλύθησαν, ἐπιτελέσασθαι νῦν ὑμῶν τε ἐναντιουμένων αὐτοῖς ὡς πρότερον καὶ [p. 22] τοῦ δήμου μηκέθ' ὁμοίως συναγωνιζομένου. συνιδόντες δὲ τοῦτο ἐσκόπουν, ὅπως ἂν ὑμεῖς τ' ἀναγκασθεῖητε παρὰ γνώμην αὐτοῖς εἶξαι, καὶ ὁ δῆμος ἅπαντα ὅσ' [6] ἂν ἀξιῶσι συμπράττειν. ἀληθῆ μὲν οὖν καὶ δικαίαν ὑπόθεσιν οὐδεμίαν εὕρισκον, δι' ἧς ἑκάτερον τούτοις ἔσται, πολλὰ δὲ βουλευμάτων πειράζοντες καὶ στρέφοντες ἄνω καὶ κάτω τὸ πρᾶγμα τελευτῶντες ἐπὶ τοιοῦτον δὴ τινα λογισμὸν ἦλθον: αἰτιασώμεθα συνίστασθαι τινὰς ἐκ τῶν ἐπιφανῶν ἐπὶ καταλύσει τοῦ δήμου, καὶ σφάττειν διεγνωκέναι τοὺς παρέχοντας αὐτῷ τὸ ἀσφαλές. [7] καὶ ταῦτα ἐκ πολλοῦ παρασκευάσαντες λέγεσθαι κατὰ τὴν πόλιν, ὅταν ἤδη πιστὰ εἶναι τοῖς πολλοῖς δόξη — δόξει δὲ διὰ τὸ δέος — ἐπιστολὰς μηχανησώμεθα πολλῶν παρόντων ἡμῖν ὑπ' ἀνδρὸς ἀγνώτος ἀναδοθῆναι: ἔπειτ' ἐλθόντες ἐπὶ τὸ συνέδριον ἀγανακτῶμέν τε καὶ

ἐν τοιαύτῃ δὲ ταραχῇ τῆς πόλεως οὕσης ἀνὴρ τις ἐκ τοῦ Σαβίνων ἔθνους πατέρων τε οὐκ ἀφανῶν καὶ χρήμασι δυνατός, Ἄππιος Ἐρδώνιος ὄνομα, καταλῦσαι τὴν Ῥωμαίων ἡγεμονίαν ἐπεβάλετο εἶθ' ἑαυτῷ τυραννίδα κατασκευαζόμενος εἴτε τῷ Σαβίνων ἔθνει πράττων ἀρχὴν καὶ κράτος εἴτ' ὀνόματος ἀξιοῦσθαι βουλόμενος μεγάλου. κοινωσάμενος δὲ πολλοῖς τῶν φίλων ἦν εἶχε διάνοιαν καὶ τὸν τρόπον τῆς ἐπιχειρήσεως ἀπηγησάμενος, ἐπειδὴ κάκεινοις ἐδόκει συνήθροϊζε τοὺς πελάτας καὶ τῶν θεραπόντων οὕς εἶχεν εὐτολμοτάτους: καὶ δι' ὀλίγου χρόνου συγκροτήσας δύναμιν ἀνδρῶν τετρακισχιλίων μάλιστα, ὅπλα τε καὶ τροφὰς καὶ τᾶλλα ὅσων δεῖ πολέμῳ πάντα εὐτρεπισάμενος, [2] εἰς σκάφας ποταμηγοὺς ἐνεβάλετο. πλεύσας δὲ διὰ τοῦ Τεβέριους ποταμοῦ προσέσχε τῆς Ῥώμης κατὰ τοῦτο τὸ χωρίον, ἔνθα τὸ Καπιτώλιόν ἐστιν οὐδ' ὅλον στάδιον ἀπέχον τοῦ ποταμοῦ. ἦσαν δὲ μέσαι τηνικαῦτα νύκτες, καὶ πολλὴ καθ' ὅλην τὴν πόλιν ἡσυχία, ἦν συνεργὸν λαβὼν ἐξεβίβασε τοὺς ἄνδρας κατὰ σπουδὴν καὶ διὰ τῶν ἀκλείστων πυλῶν: [p. 26] εἰσὶ γάρ τινες ἱεραὶ πύλαι τοῦ Καπιτωλίου κατὰ τι θέσφατον ἀνειμέναι, Καρμεντίδας αὐτὰς καλοῦσιν: ἀναβιβάσας τὴν δύναμιν εἶχε τὸ φρούριον. ἐκεῖθεν δ' ἐπὶ τὴν ἄκραν ὠσάμενος, — ἔστι δὲ τῷ Καπιτωλίῳ [3] προσεχής, — κάκεινης ἐγεγόνει κύριος. ἦν δὲ αὐτοῦ γνώμη μετὰ τὸ κρατῆσαι τῶν ἐπικαιροτάτων τόπων τοὺς τε φυγάδας εἰσδέχεσθαι καὶ τοὺς δούλους εἰς ἐλευθερίαν καλεῖν καὶ χρεῶν ἄφεσιν ὑποσχνεῖσθαι τοῖς ἀπόροις τοὺς τε ἄλλους πολίτας, οἱ ταπεινὰ πράττοντες διὰ φθόνου καὶ μίσους εἶχον τὰς ὑπεροχὰς καὶ μεταβολῆς ἄσμενοι ἂν ἐλάβοντο, κοινωνοὺς ποιεῖσθαι τῶν ὠφελειῶν. ἡ δὲ θαρρεῖν τε αὐτὸν ἐπαγομένη καὶ πλανῶσα ἐλπίς, ὥς οὐθενὸς ἀτυχήσοντα τῶν προσδοκωμένων, ἡ πολιτικὴ στάσις ἦν, δι' ἣν οὔτε φιλίαν οὔτε κοινωνίαν οὐδεμίαν ὑπελάμβανε τῷ δήμῳ πρὸς τοὺς πατρικίους ἔτι γενήσεσθαι. [3] ἐτάχθησαν δὲ καὶ ἐπὶ τοῖς ἄλλοις ἐρύμασιν ἡγεμόνες ὅσα τῆς πόλεως ἐντὸς [p. 30] ἦν κατέξοντες, καὶ κατὰ τὰς ἐπὶ τὸ Καπιτώλιον ἀγούσας ὁδοὺς ἕτεροι κωλύσεως ἕνεκεν τῶν ἀποστησομένων πρὸς τοὺς πολέμιους δούλων τε καὶ ἀπόρων, οὓς παντὸς μάλιστα ἐφοβοῦντο. ἐπικουρικὸν δὲ αὐτοῖς οὐδὲν ἔφθασε παρὰ τῶν συμμάχων ἀφικόμενον, ὅτι μὴ παρὰ Τυσκλάνων μόνον ἐν μιᾷ νυκτὶ ἀκουσάντων τε καὶ παρασκευασαμένων, οὓς ἦγε Λευκίος Μάμιλιος, ἀνὴρ δραστήριος, ἔχων τὴν μεγίστην ἐν τῇ πόλει τότε ἀρχήν: καὶ συνεκινδύνεον οὗτοι τῷ Οὐαλερίῳ μόνοι καὶ συνεξέιλον τὰ φρούρια πᾶσαν εὐνοίαν καὶ προθυμίαν ἀποδειξάμενοι. [4] ἐγένετο δ' ἡ προσβολὴ τοῖς φρουρίοις πανταχόθεν: οἱ μὲν γὰρ ἀπὸ τῶν πλησίων οἰκίῳν ἀσφάλτου καὶ πίσεως πεπυρωμένης ἀγγεῖα σφενδόνας ἐναρμόττοντες ἐπέβαλλον ὑπὲρ τὸν λόφον: οἱ δὲ συμφοροῦντες αὐτῶν φακέλλους φρυγάνων καὶ παρὰ τοῖς ἀποτόμοις τῆς πέτρας βωμοὺς ἐγείροντες ὑψηλοὺς ὑψηπτον ἀνέμῳ παραδιδόντες τὰς φλόγας ἐπιφόρῳ. ὅσοι δ' ἦσαν ἀνδρειότατοι, πυκνώσαντες τοὺς λόχους ἐχώρουν ἄνω κατὰ [5] τὰς χειροποιήτους ὁδοὺς. ἦν δ' αὐτοῖς οὔτε τοῦ πλήθους, ὥ παρὰ πολὺ τῶν ἀντιπάλων προεῖχον, ὄφελος οὐθὲν διὰ στενῆς ἀνιοῦσιν ὁδοῦ καὶ πληθούσης προβόλων ἄνωθεν ἐπικαταραττομένων, ἔνθα συνεξισωθήσεσθαι ἔμελλε τῷ πολλῷ τὸ ὀλίγον: οὔτε τῆς παρὰ τὰ δεινὰ ὑπομονῆς, ἣν πολλοῖς % καταστήσαντες πολέμοις [p. 31] εἶχον, οὐδεμία ὄνησις πρὸς ὀρθίους βιαζομένοις σκοπάς. οὐ γὰρ συστάδην μαχομένους ἔδει τὸ εὐτολμον καὶ καρτερικὸν ἀποδειξασθαι, ἀλλ' ἐκηβόλοις χρῆσθαι μάχαις. [6] ἦσαν δὲ τῶν μὲν κάτωθεν ἐπὶ τὰ μετέωρα βαλλομένων βραδείαι τε καὶ ἀσθενεῖς, εἰ καὶ τύχοιεν, ὥσπερ εἰκός, αἱ πληγαί: τῶν δ' ἀφ' ὕψους κάτω ῥιπτουμένων ὀξεῖαι καὶ καρτεραὶ συνεργοῦντων τοῖς βλήμασι καὶ τῶν ἰδίων βαρῶν. οὐ μὴν ἔκαμνόν γε οἱ προσβάλλοντες τοῖς ἐρύμασιν, ἀλλὰ διεκαρτέρουν ἀναγκοφαγοῦντες τὰ δεινὰ οὔτε ἡμέρας οὔτε νυκτὸς ἀναπαυόμενοι τῶν πόνων. τέλος δ' οὖν ὑπολιπόντων τοὺς πολιορκουμένους τῶν βελῶν καὶ τῶν σωματῶν ἐξαδυνατούντων τρίτῃ τὰ φρούρια ἐξεπολιόρκησαν ἡμέρᾳ. [7] ἐν ταύτῃ τῇ μάχῃ πολλοὺς Ῥωμαῖοι καὶ ἀγαθοὺς ἄνδρας ἀπέβαλον, κράτιστον δέ, ὥσπερ πρὸς ἀπάντων ὠμολόγητο, τὸν ὑπατον: ὃς οὐκ ὀλίγα τραύματα λαβὼν οὐδ' ὥς ἀφίστατο τῶν δεινῶν, ἕως ἐπικαταραγεῖς αὐτῷ πέτρος ὑπερμεγέθους ἐπιβαίνοντι τοῦ περιτειχίσματος ἅμα τὴν τε νίκην αὐτὸν ἀφείλετο καὶ τὴν ψυχὴν. ἀλίσκομένων δὲ τῶν φρουρίων ὁ μὲν Ἐρδώνιος — ἦν γὰρ καὶ ῥώμη σώματος διάφορος καὶ κατὰ χεῖρα γενναῖος — ἄπιστόν τι χρῆμα περὶ αὐτὸν ποιήσας νεκρῶν ὑπὸ πλήθους βελῶν ἀποθνήσκει, τῶν δὲ σὺν αὐτῷ τὰ

φρούρια καταλαβομένων ὀλίγοι μὲν τινες ζῶντες ἐάλωσαν, οἱ δὲ πλείους σφάττοντες [p. 32] ἑαυτοὺς ἢ κατὰ τῶν κρημνῶν ὠθοῦντες διεφθάρησαν.

τοῦτο τὸ τέλος λαβόντος τοῦ ληστρικοῦ πολέμου τὴν πολιτικὴν πάλιν ἀνερρίπιζον οἱ δήμαρχοι στάσιν ἀξιοῦντες ἀπολαβεῖν παρὰ τοῦ περιόντος ὑπάτου τὰς ὑποσχέσεις, ἃς ἐποίησατο πρὸς αὐτοὺς ὁ τεθνηκὼς ἐν τῇ μάχῃ Οὐαλέριος ὑπὲρ τῆς εἰσφορᾶς τοῦ νόμου. ὁ δὲ Κλαύδιος μέχρι μὲν τινος παρεῖλκε τὸν χρόνον τοτὲ μὲν καθαρμοὺς τῆς πόλεως ἐπιτελῶν, τοτὲ δὲ θυσίας τοῖς θεοῖς χαριστηρίους ἀποδιδούς, τοτὲ δ' ἀγῶσι καὶ θείαις ἀναλαμβάνων τὸ πλῆθος εἰς εὐπαθείας. [2] ὥς δ' αἱ σκῆψεις αὐτῷ πᾶσαι κατανάλωντο, τελευτῶν ἔφη δεῖν εἰς τὸν τοῦ τεθνηκότος ὑπάτου τόπον ἕτερον ἀποδειχθῆναι. τὰ μὲν γὰρ ὑφ' ἑαυτοῦ μόνου πραχθέντα οὔτε νόμιμα οὔτε βέβαια ἔσεσθαι, τὰ δ' ὑπ' ἀμφοῖν ἔννομά τε καὶ κύρια. ταύτῃ διακρουσάμενος αὐτοὺς τῇ προφάσει προεῖπεν ἀρχαιρεσίων ἡμέραν, ἐν ἣ τὸν συνάρχοντα ἔμελλεν ἀποδειξεῖν. ἐν δὲ τῷ μεταξύ χρόνῳ δι' ἀπορρήτων βουλευμάτων οἱ προεστηκότες τοῦ συνεδρίου συνέθεντο κατὰ σφᾶς αὐτοὺς, ὅτῳ παραδώσουσι τὴν ἀρχήν. [3] καὶ ἐπειδὴ ὁ τῶν ἀρχαιρεσίων ἐνέστη χρόνος, καὶ ὁ κῆρυξ τὴν πρώτην τάξιν ἐκάλεσεν, εἰσελθόντες εἰς τὸν ἀποδειχθέντα τόπον οἱ τ' ὀκτωκαίδεκα λόχοι τῶν ἱππέων καὶ οἱ τῶν πεζῶν ὀγδοήκοντα τῶν τὸ μέγιστον τίμημα ἐχόντων Λεῦκιον Κοίντιον Κικιννᾶτον ἀποδεικνύουσιν ὕπατον, οὗ τὸν υἱὸν Καίσωνα Κοίντιον εἰς ἀγῶνα θανάτου καταστήσαντες οἱ δήμαρχοι τὴν πόλιν ἠνάγκασαν [p. 33] ἐκλιπεῖν: καὶ οὐδεμιᾶς ἔτι κληθείσης ἐπὶ τὴν ψηφοφορίαν τάξεως — τρισὶ γὰρ ἦσαν λόχοις πλείους οἱ διενέγκαντες τὴν ψῆφον λόχοι τῶν ὑπολειπομένων — ὁ μὲν δῆμος ἀπῆει συμφορὰν βαρεῖαν ἡγούμενος, ὅτι μισῶν αὐτοὺς ἀνὴρ ἐξουσίας ὑπατικῆς ἔσται κύριος, ἡ βουλὴ δὲ ἔπεμπε τοὺς παραληφόμενους τὸν ὕπατον καὶ ἄξοντας ἐπὶ τὴν ἀρχήν. [4] ἔτυχε δὲ τῆνικαῦτα ὁ Κοίντιος ἄρουράν τινα ὑπεργαζόμενος εἰς σποράν, αὐτὸς ἀκολουθῶν τοῖς σχίζουσι τὴν νειὸν βοιδίοις ἀχίτων, περιζωμάτιον ἔχων καὶ ἐπὶ τῇ κεφαλῇ πῖλον. ἰδὼν δὲ πλῆθος ἀνθρώπων εἰς τὸ χωρίον εἰσιόντων τὸ τε ἄροτρον ἐπέσχε καὶ πολὺν ἠπόρει χρόνον, οἵτινές τε εἶεν καὶ τίνος δεόμενοι πρὸς αὐτὸν ἦκοιν: ἔπειτα προσδραμόντος τινὸς καὶ κελεύσαντος κοσμιώτερον ἑαυτὸν ποιῆσαι παρελθὼν εἰς τὴν καλὺβη καὶ [5] ἀμφιεσάμενος προῆλθεν. οἱ δ' ἐπὶ τὴν παράληψιν αὐτοῦ παρόντες ἡσπᾶσαντὸ τε ἅπαντες οὐκ ἐκ τοῦ ὀνόματος, ἀλλ' ὕπατον καὶ τὴν περιπόρφυρον ἐσθῆτα περιέθεσαν τοὺς τε πελέκεις καὶ τᾶλλα παράσημα τῆς ἀρχῆς παραστήσαντες ἀκολουθεῖν εἰς τὴν πόλιν ἠξίου. κάκεῖνος μικρὸν ἐπισχὼν καὶ δακρύσας τοσοῦτον εἶπεν: ἄσπορον ἄρα μοι τὸ χωρίον ἔσται τοῦτον τὸν ἐνιαυτὸν, καὶ κινδυνεύομεν οὐχ ἔξειν, πόθεν διατραφῶμεν. ἔπειτ' ἀσπασάμενος τὴν γυναῖκα καὶ τῶν ἔνδον ἐπιμελεῖσθαι παραγγείλας ὥχeto εἰς τὴν πόλιν. [6] ταῦτα δὲ οὐχ ἑτέρου τινὸς χάριν εἶπεῖν προήχθη, ἀλλ' ἵνα φανερὸν γένηται πᾶσιν, οἳ τότε ἦσαν οἱ τῆς [p. 34] Ῥωμαίων πόλεως προεστηκότες, ὥς αὐτουργοὶ καὶ σώφρονες καὶ πενίαν δικαίαν οὐ βαρυνόμενοι καὶ βασιλικάς οὐ διώκοντες ἐξουσίας, ἀλλὰ καὶ διδομένας ἀναινόμενοι: φανήσονται γὰρ οὐδὲ κατὰ μικρὸν ἐοικότες ἐκείνοις οἱ νῦν, ἀλλὰ τάναντία πάντα ἐπιτηδεύοντες, πλὴν πάνυ

ὀλίγων, δι' οὓς ἔστηκεν ἔτι τὸ τῆς πόλεως ἀξίωμα καὶ τὸ σῶζειν τὴν πρὸς ἐκείνους τοὺς ἄνδρας ὁμοιότητα. ἀλλὰ περὶ μὲν τούτων ἄλις.

ὁ δὲ Κοιντιος παραλαβὼν τὴν ὑπατείαν πρῶτον μὲν ἔπαυσε τοὺς δημάρχους τῶν καινῶν πολιτευμάτων καὶ τῆς ἐπὶ τῷ νόμῳ σπουδῆς προειπὼν, ὡς εἰ μὴ παύσονται ταράττοντες τὴν πόλιν ἀπάξει Ῥωμαίους ἅπαντας ἐκ τῆς πόλεως στρατείαν κατὰ ^[2] Οὐολούσκων παραγγελίας. ἐπεὶ δὲ κωλύσειν αὐτὸν ἔλεγον οἱ δήμαρχοι στρατοῦ ποιεῖσθαι καταγραφὴν, συναγαγὼν τὸ πλῆθος εἰς ἐκκλησίαν εἶπεν, ὅτι πάντες ὁμωμόκασι τὸν στρατιωτικὸν ὄρκον, ἀκολουθήσειν τοῖς ὑπάτοις ἐφ' οὓς ἂν καλῶνται πολέμους, καὶ μῆτε ἀπολείψειν τὰ σημεῖα μῆτε ἄλλο πράξειν μηθὲν ἐναντίον τῷ νόμῳ: παραλαβὼν δὲ τὴν ὑπατικὴν ἐξουσίαν αὐτὸς ἔχειν ἔφη κρατούμενους ἅπαντας τοῖς ὄρκοις. ^[3] εἰπὼν δὲ ταῦτα καὶ διομοσάμενος χρῆσθαι τῷ νόμῳ κατὰ τῶν ἀπειθούντων ἐκέλευσεν ἐκ τῶν ἱερῶν τὰ σημεῖα καταφέρειν: καὶ ἴνα, ἔφη, πᾶσαν ἀπογνῶτε δημαγωγίαν ἐπὶ τῆς ἐμῆς ὑπατείας, οὐ πρότερον ἀναστήσω [p. 35] τὸν στρατὸν ἐκ τῆς πολεμίας, πρὶν ἢ πᾶς ὁ τῆς ἀρχῆς μοι διέλθῃ χρόνος. ὡς οὖν ἐν ὑπαίθρῳ χειμάσσοντες παρασκευάσασθε τὰ εἰς ἐκείνον τὸν καιρὸν ἐπιτήδεια. ^[4] τοῦτοις καταπληξάμενος αὐτοὺς τοῖς λόγοις ἐπειδὴ κοσμιωτέρους εἶδε γεγονότας καὶ δεομένους ἀφεθῆναι τῆς στρατείας, ἐπὶ τοῦτοις ἔφη χαριεῖσθαι τὰς ἀναπαύλας τῶν πολέμων, ἐφ' ᾧ τε μηθὲν ἔτι παρακινεῖν αὐτούς, ἀλλ' ἔαν αὐτὸν ὡς βούλεται τὴν ἀρχὴν τελείσθαι, καὶ ἐπὶ τῷ τὰ δίκαια διδόναι τε καὶ λαμβάνειν παρ' ἀλλήλων.

καταστάντος δὲ τοῦ θορύβου δικαστήριά τε ἀπεδίδου τοῖς δεομένοις ἐκ πολλῶν παρειλκυσμένα χρόνων, καὶ τὰ πλεῖστα τῶν ἐγκλημάτων αὐτὸς ἴσως καὶ δικαίως διέκρινε δι' ὅλης ἡμέρας ἐπὶ τοῦ βήματος καθεζόμενος, εὐπρόσοδόν τε καὶ πρᾶον καὶ φιλάνθρωπον τοῖς ἐπὶ τὴν δικαιοδοσίαν ἀφικνουμένοις ἑαυτὸν παρεῖχε καὶ παρεσκεύασεν ἀριστοκρατικὴν οὕτως φανῆναι τὴν πολιτείαν, ὥστε μῆτε δημάρχων δεηθῆναι τοὺς διὰ πενίαν ἢ δυσγένειαν ἢ ἄλλην τινὰ ταπεινότητα ὑπὸ τῶν κρειττόνων κατισχυομένους, μῆτε καινῆς νομοθεσίας πόθον ἔχειν ἔτι τοὺς ἐν ἰσηγορίᾳ πολιτεῦσθαι βουλομένους, ἀλλ' ἀγαπᾶν τε καὶ χαίρειν ἅπαντας ἐπὶ τῇ τότε κατασχούσῃ τὴν πόλιν εὐνομίᾳ. ^[2] ταῦτά τε διὰ τὰ ἔργα τοῦ ἀνδρὸς ἐπηγεῖτο ὑπὸ τοῦ δήμου, καὶ ἐπεὶ τὸν ὠρισμένον ἐτέλεσε τῆς ἀρχῆς χρόνον τὸ μὴ δέξασθαι τὴν ὑπατείαν διδομένην τὸ δεῦτερον μηδὲ [p. 36] ^[3] ἀγαπήσαι τηλικαύτην λαμβάνοντα τιμὴν. κατέειχε γὰρ αὐτὸν ἐπὶ τῆς ὑπατικῆς ἐξουσίας ἡ βουλή πολλὰς προσφέρουσα δεήσεις, ἐπεὶ τὸ τρίτον οἱ δήμαρχοι διεπράξαντο μὴ ἀποθέσθαι τὴν ἀρχήν, ὡς ἐναντιωσόμενον αὐτοῖς καὶ παύσοντα τῶν καινῶν πολιτευμάτων, τὰ μὲν αἰδοῖ, τὰ δὲ φόβῳ, τὸν δὲ δῆμον ὀρώσα οὐκ ἀναινόμενον ὑπ' ἀνδρὸς ἀγαθοῦ ἄρχεσθαι. ὁ δ' οὕτε τῶν δημάρχων ἐπαινεῖν ἔφη τὸ ἀπαραχώρητον τῆς ἐξουσίας οὔτε αὐτὸς εἰς ὁμοίαν ἐκείνοις ἤξειν διαβολήν. ^[4] συναγαγὼν δὲ τὸν δῆμον εἰς ἐκκλησίαν καὶ πολλὴν κατηγορίαν τῶν οὐκ ἀποτιθεμένων τὰς ἀρχὰς διαθέμενος ὄρκους τε διομοσάμενος ἰσχυροὺς περὶ τοῦ μὴ λήψεσθαι πάλιν τὴν ὑπατείαν, πρὶν ἀποθέσθαι τὴν προτέραν ἀρχήν, προεῖπεν ἀρχαιρεσίῳ ἡμέραν: ἐν ᾗ

καταστήσας ὑπάτους ἀπῆει πάλιν εἰς τὸ μικρὸν ἐκεῖνο καλύβιον καὶ τὸν αὐτουργὸν ἔζη βίον ὡς πρότερον.

Κοίντου δὲ Φαβίου Οὐίβολανοῦ παρειληφότος τὴν ὑπατείαν τὸ τρίτον καὶ Λευκίου Κορνηλίου καὶ τελούντων πατρίους ἀγῶνας Αἰκανῶν ἄνδρες ἐπιλεκτοὶ πλῆθος ἀμφὶ τοὺς ἑξακισχιλίους ὀπλισμῷ τ' εὐζώνῳ συνεσταλμένοι καὶ ἐν νυκτὶ ποιησάμενοι τὴν ἔξοδον σκότους ἔτι ὄντος ἐπὶ πόλιν ἀφικνοῦνται Τυσκλάνων, ἣ ἐστὶ μὲν τοῦ Λατίνων ἔθνους, ἀφέστηκε δὲ τῆς Ῥώμης οὐκ ἔλαττον σταδίων ἑκατόν. [2] εὐρόντες δὲ ὡς ἐν εἰρήνῃ πύλας τε ἀκλείστους καὶ τεῖχος ἀφύλακτον αἰροῦσι τὴν πόλιν ἐξ ἐφόδου μνησικακοῦντες τοῖς Τυσκλάνοις, ὅτι τῇ Ῥωμαίων πόλει τὰ τε ἄλλα μετὰ προθυμίας συμπράττοντες διετέλουν, καὶ [p. 37] ἐν τῇ πολιορκίᾳ τοῦ Καπιτωλίου μόνοι συνήραντο τοῦ [3] πολέμου. ἄνδρας μὲν οὐ πολλοὺς τινὰς ἐν τῇ καταλήψει διέφθειραν, ἀλλ' ἔφθασαν ἤδη αὐτοὺς ὑπὸ τὴν ἄλωσιν τῆς πόλεως ὡσάμενοι διὰ τῶν πυλῶν οἱ ἔνδον, χωρὶς ἢ ὅσοι ὑπὸ νόσων ἢ γήρως φυγεῖν ἀδύνατοι ἦσαν, γύναια δὲ καὶ παῖδια καὶ θεράποντας αὐτῶν ἠνδραποδίσαντο καὶ τὰ χρήματα διήρπασαν. [4] ὡς δ' ἀπηγγέλθη τὸ δεινὸν εἰς τὴν Ῥώμην ἐκ τῶν διαφυγόντων ἐκ τῆς ἀλώσεως, οἱ μὲν ὕπατοι βοηθεῖν ὥοντο δεῖν τοῖς φυγάσι κατὰ τάχος καὶ τὴν πόλιν αὐτοῖς ἀποδιδόναι, ἀντέπραττον δὲ οἱ δῆμαρχοι στρατιὰν οὐκ ἔωντες καταγράφειν, ἕως ἂν ἡ περὶ τοὺς νόμους διενεχθῇ ψῆφος. ἀγανακτοῦσης δὲ τῆς βουλῆς καὶ διατριβὴν λαμβανούσης τῆς στρατείας ἕτεροι παρήσαν ἀπὸ τοῦ Λατίνων ἔθνους ἀποσταλέντες, οἱ τὴν Ἀνπιατῶν πόλιν ἠγγελλον ἐκ τοῦ φανεροῦ ἀφεστηκέναι, μιᾷ χρησαμένων γνώμῃ Οὐολούσκων τε τῶν ἀρχαίων οἰκητόρων τῆς πόλεως καὶ Ῥωμαίων τῶν ἀφικομένων ὡς αὐτοὺς ἐποίκων καὶ μερισαμένων τὴν γῆν. Ἑρνίκων τε ἄγγελοι κατὰ τοὺς αὐτοὺς παρήσαν χρόνους δηλοῦντες, ὅτι Οὐολούσκων τε καὶ Αἰκανῶν δυνάμεις πολλὴ ἐξεληλύθε καὶ ἐστὶν ἐν τῇ αὐτῶν ἡδὴ γῇ. [5] τοῦτων ἅμα προσαγγελλομένων οὐδεμίαν ἀναστροφὴν ἔτι ποιῆσθαι τοῖς ἐκ τοῦ συνεδρίου ἐδόκει, ἀλλὰ πανστρατιᾷ βοηθεῖν καὶ τοὺς ὑπάτους ἀμφοτέρους ἐξιέναι: [p. 38] ἐὰν δὲ τινες ἀπολειφθῶσι τῆς στρατείας Ῥωμαίων ἢ [6] τῶν συμμάχων, ὡς πολεμίους αὐτοῖς χρῆσθαι. εἰξάντων δὲ καὶ τῶν δημάρχων καταγράψαντες τοὺς ἐν ἡλικίᾳ πάντας οἱ ὕπατοι καὶ τὰς παρὰ τῶν συμμάχων δυνάμεις μεταπεμφάμενοι κατὰ σπουδὴν ἐξήρσαν ὑπολιπόμενοι φυλακὴν τῇ πόλει τρίτην μοῖραν τῆς ἐπιχωρίου στρατιᾶς. Φάβιος μὲν οὖν ἐπὶ τοὺς ἐν τῷ Τυσκλάνων ὄντας Αἰκανοὺς τὴν στρατιὰν ἦγε διὰ [7] τάχους. τῶν δ' οἱ μὲν πλείους ἀπεληλύθεσαν ἢ διηρπακότες τὴν πόλιν, ὀλίγοι δὲ τινες ὑπέμενον φυλάττοντες τὴν ἄκραν: ἔστι δὲ σφόδρα ἐχυρὰ καὶ οὐ πολλῆς δεομένη φυλακῆς. τινὲς μὲν οὖν φασὶ τοὺς φρουροὺς τῆς ἄκρας ἰδόντας ἐξιοῦσαν ἐκ τῆς Ῥώμης τὴν στρατιὰν — εὐσύννοπτα γάρ ἐστιν ἐκ μετεώρου τὰ μεταξὺ χωρία πάντα — ἐκόντας ἐξελθεῖν, ἕτεροι δὲ ἐκπολιορκηθέντας ὑπὸ τοῦ Φαβίου καθ' ὁμολογίαν παραδοῦναι τὸ φρούριον, τοῖς σώμασιν αὐτοῖς ἄδειαν αἰτησαμένους καὶ ζυγὸν ὑποστάντας.

ἀποδοὺς δὲ τοῖς Τυσκλάνοις τὴν πόλιν Φάβιος περὶ δειλὴν ὀψίαν ἀνίστησι τὴν στρατιάν. καὶ ὡς εἶχε τάχους ἤλαυνεν ἐπὶ τοὺς πολεμίους,

ἀκούων περὶ πόλιν Ἀλγιδὸν ἀθρόας εἶναι τὰς τε Οὐολούσκων καὶ τὰς Αἰκανῶν δυνάμεις. ποιησάμενος δὲ δι' ὅλης νυκτὸς σύντονον ὁδὸν ὑπ' αὐτὸν τὸν ὄρθρον ἐπιφαίνεται τοῖς πολεμίοις ἐστρατοπεδευκόσιν ἐν πεδίῳ [p. 39] καὶ οὔτε τάφρον περιβεβλημένοις οὔτε χάρακα, ὥς ἐν οἰκείᾳ τε γῇ καὶ καταφρονήσει τοῦ ἀντιπάλου. [2] παρακελευσάμενος δὲ τοῖς ἄμφ' αὐτὸν ἀγαθοῖς ἀνδράσι γίνεσθαι πρῶτος εἰσελαύνει μετὰ τῶν ἱππέων εἰς τὴν τῶν πολεμίων παρεμβολήν, καὶ οἱ πεζοὶ συναλαλάξαντες εἶποντο: τῶν δ' οἱ μὲν ἔτι κοιμώμενοι ἐφονεύοντο, οἱ δ' ἄρτίως ἀνεστηκότες καὶ πρὸς ἀλκὴν ἐπιχειροῦντες τραπέσθαι, οἱ δὲ πλείους φεύγοντες ἐσκεδάννυντο. [3] ἄλόντος δὲ τοῦ στρατοπέδου κατὰ πολλὴν εὐπέτειαν ἐπιτρέψας τοῖς στρατιώταις τὰ χρήματα ὠφελεῖσθαι καὶ τὰ σώματα πλὴν ὅσα Τυσκλάνων ἦν, οὐ πολλὺν ἐνταῦθα διατρίψας χρόνον ἐπὶ τὴν Ἑχετράνων πόλιν ἦγε τὴν δύναμιν, ἣ τότε ἦν τοῦ Οὐολούσκων ἔθνους ἐπιφανεστάτη τε κὰν τῷ κρατίστῳ μάλιστα τότε κειμένη. [4] στρατοπεδεύσας δὲ πλησίον τῆς πόλεως ἐπὶ πολλὰς ἡμέρας κατ' ἐλπίδα τοῦ προελεύσεσθαι τοὺς ἔνδον εἰς μάχην, ὥς οὐδεμία ἐξῆι στρατιά, τὴν γῆν αὐτῶν ἐδήϊον ἀνθρώπων μεστήν οὔσαν καὶ βοσκημάτων. οὐ γὰρ ἔφθασαν ἀνασκευασάμενοι τὰ ἐκ τῶν ἀγρῶν αἰφνιδίου γεννηθείσης αὐτοῖς τῆς ἐφόδου. ἐφείς δὲ καὶ ταῦτα τοῖς στρατιώταις διαρπάζειν ὁ Φάβιος καὶ πολλὰς ἐν τῇ προνομῇ διατρίψας ἡμέρας ἀπῆγεν ἐπ' οἴκου τὴν δύναμιν. [5] ὁ δ' ἕτερος τῶν ὑπάτων Κορνήλιος ἐπὶ τοὺς ἐν Ἀντίῳ Ῥωμαίους τε καὶ Οὐολούσκους ἐλαύνων ἐπιτυχάνει στρατιᾷ πρὸ τῶν ὀρίων [p. 40] αὐτὸν ὑποδεχομένη. παραταξάμενος δὲ αὐτοῖς καὶ πολλοὺς μὲν φονεύσας, τοὺς δὲ λοιποὺς τρεψάμενος ἀγχοῦ τῆς πόλεως κατεστρατοπέδευσεν. οὐ τολμώντων δὲ τῶν ἐκ τῆς πόλεως οὐκέτι χωρεῖν εἰς μάχην πρῶτον μὲν τὴν γῆν αὐτῶν ἔκειρεν, ἔπειτα τὴν πόλιν ἀπετάφρευε καὶ περιεχαράκου. τότε δὴ πάλιν ἀναγκασθέντες ἐξῆλθον ἐκ τῆς πόλεως πανστρατιᾷ, πολλὺς καὶ ἀσύντακτος ὄχλος, καὶ συμβαλόντες εἰς μάχην ἔτι κάκιον ἀγωνισάμενοι κατακλείονται τὸ δεύτερον εἰς τὴν πόλιν, αἰσχυρῶς καὶ ἀνάνδρως φεύγοντες. [6] ὁ δ' ὑπατος οὐδεμίαν αὐτοῖς ἀναστροφὴν ἔτι δοὺς κλίμακας προσέφερε τοῖς τείχεσι καὶ κριοῖς ἐξέκοπτε τὰς πύλας. ἐπιπόνως δὲ καὶ ταλαιπώρως τῶν ἔνδον ἀπομαχομένων οὐ πολλὰ πραγματευθεὶς κατὰ κράτος αἰρεῖ τὴν πόλιν. χρήματα μὲν οὖν αὐτῶν, ὅσα χρυσὸς καὶ ἄργυρος καὶ χαλκὸς ἐνῆν, εἰς τὸ δημόσιον ἐκέλευσεν ἀναφέρειν, ἀνδράποδα δὲ τοὺς ταμίαις παραλαμβάνοντας καὶ τὰ λοιπὰ λάφυρα πωλεῖν: τοῖς δὲ στρατιώταις ἐσθῆτα καὶ τροφὰς καὶ ὅσ' ἄλλα τοιαῦτα ἐδύναντο ὠφελεῖσθαι ἐπέτρεψεν. [7] ἔπειτα διακρίνας τῶν τε κληρούχων καὶ τῶν ἀρχαίων Ἀντιατῶν τοὺς ἐπιφανεστάτους τε καὶ τῆς ἀποστάσεως αἰτίους — ἦσαν δὲ πολλοὶ — ῥάβδοις τε ἠκίσατο μέχρι πολλοῦ καὶ τοὺς αὐχένας αὐτῶν ἐκέλευσεν ἀποτεμεῖν. ταῦτα διαπραξάμενος ἀπῆγε καὶ αὐτὸς ἐπ' οἴκου τὴν δύναμιν. [8] τοῦτοίς ἡ βουλὴ τοῖς ὑπάτοις προσιούσι τε ἀπήντησε καὶ θριάμβους ἀμφοτέροις καταγαγεῖν ἐψηφίσατο: καὶ πρὸς Αἰκανοὺς πρεσβευσασμένους ὑπὲρ εἰρήνης ἐποίησατο συνθήκας περὶ καταλύσεως [p. 41] τοῦ πολέμου, ἐν αἷς ἐγράφη, πόλεις τε καὶ χώρας ἔχοντας Αἰκανοὺς, ὧν ἐκράτουν, ὅτε αἰ σπονδαὶ ἐγίνοντο, Ῥωμαίοις εἶναι ὑπηκόους, ἄλλο μὲν ὑποτελοῦντας μηθὲν,

ἐν δὲ τοῖς πολέμοις συμμαχίαν ἀποστέλλοντας ὀσηνδήποτε, ὥσπερ καὶ οἱ ἄλλοι σύμμαχοι. καὶ τὸ ἔτος τοῦτο ἐτελεύτα.

τῷ δ' ἐξῆς ἐνιαυτῷ Γάιος Ναύτιος τὸ δεύτερον αἰρεθεὶς καὶ Λεύκιος Μηνύκιος παραλαβόντες τὴν ὕπατον ἀρχὴν τέως μὲν ὑπὲρ τῶν πολιτικῶν δικαίων πόλεμον ἐντὸς τείχους ἐπολέμουν πρὸς τοὺς ἅμα Οὐεργινίῳ δημάρχους τοὺς τέταρτον ἔτος ἤδη τὴν αὐτὴν κατασχόντας ἀρχήν. [2] ἐπεὶ δ' ἀπὸ τῶν πλησιοχώρων ἔθνων πόλεμος ἐπεγένετο τῇ πόλει, καὶ δέος ἦν, μὴ τὴν ἀρχὴν ἀφαιρεθῶσιν, ἀσμένως δεξάμενοι τὸ συμβὰν ἀπὸ τῆς τύχης τὸν στρατιωτικὸν ἐποιοῦντο κατ'ἀλογον καὶ μερισάμενοι τριχῇ τὰς τε οἰκείας καὶ τὰς παρὰ τῶν συμμάχων δυνάμεις μίαν μὲν ἐν τῇ πόλει μοῖραν κατέλιπον, ἥς ἠγεῖτο Κόιντος Φάβιος Οὐίβολανός, τὰς δὲ λοιπὰς αὐτοὶ παραλαβόντες ἐξήεσαν διὰ ταχέων, ἐπὶ μὲν Σαβίνους Ναύτιος, ἐπὶ δ' [3] Αἰκανοὺς Μηνύκιος. ἀμφοτέρω γὰρ ταῦτα τὰ ἔθνη κατὰ τὸν αὐτὸν χρόνον ἀφειστήκει τῆς Ῥωμαίων ἀρχῆς, Σαβῖνοι μὲν ἐκ τοῦ φανεροῦ, καὶ μέχρι Φιδήνης πόλεως ἦλθον, ἥς ἐκράτουν Ῥωμαῖοι — τετταράκοντα δ' εἰσὶν οἱ διὰ μέσου τῶν πόλεων στάδιοι — Αἰκανοὶ δὲ λόγῳ μὲν φυλάττοντες τὰ τῆς νεωστὶ γενομένης συμμαχίας δίκαια, ἔργῳ δὲ καὶ οὗτοι πράττοντες τὰ τῶν πολεμίων. [4] ἐπὶ γὰρ τοὺς συμμάχους [p. 42] αὐτῶν Λατίνους ἐστράτευσαν, ὥς οὐ γενομένων αὐτοῖς πρὸς ἐκείνους ὁμολογιῶν περὶ φιλίας. ἠγεῖτο δὲ τῆς στρατιᾶς Γράγχος Κοίλιος, ἀνὴρ δραστήριος ἀρχῇ κοσμηθεὶς αὐτοκράτορι, ἦν ἐπὶ τὸ βασιλικώτερον ἐξήγαγεν. ἐλάσας δὲ μέχρι Τύσκλου πόλεως, ἦν Αἰκανοὶ τῷ πρόσθεν ἐνιαυτῷ καταλαβόμενοι καὶ διαρπάσαντες ὑπὸ Ῥωμαίων ἐξεκρούσθησαν, ἀνθρώπους τε πολλοὺς ἐκ τῶν ἀγρῶν συνήρπασε καὶ βοσκήματα, ὅσα κατέλαβε, καὶ τοὺς καρποὺς τῆς γῆς ἐν ἀκμῇ ὄντας ἔφθειρεν. [5] ἀφικομένης δὲ πρεσβείας, ἦν ἀπέστειλεν ἡ Ῥωμαίων βουλὴ μαθεῖν ἀξιοῦσα, τί παθόντες Αἰκανοὶ πολεμοῦσι τοῖς Ῥωμαίων συμμάχοις, φιλίας τ' αὐτοῖς ὁμωμοσμένης νεωστὶ καὶ οὐδενὸς ἐν τῷ μεταξύ χρόνῳ γενομένου προσκρούσματος τοῖς ἔθνεσι, καὶ παραινούσης τῷ Κοιλίῳ τοὺς τ' αἰχμαλώτους αὐτῶν οὓς εἶχεν ἀφιέναι καὶ τὴν στρατιάν ἀπάγειν καὶ περὶ ὧν ἡδίκησεν ἢ κατέβλαψε Τυσκλάνους δίκην ὑποσχεῖν, πολὺν μὲν χρόνον διέτριψεν ὁ Γράγχος οὐδ' εἰς λόγους τοῖς πρεσβευταῖς ἐρχόμενος, ὥς ἐν ἀσχολίαις δὴ [6] πισι γεγονώς. ἐπεὶ δ' οὖν ἔδοξεν αὐτῷ προσάγειν τοὺς πρέσβεις, κάκεινοι τοὺς ἐπισταλέντας ὑπὸ τῆς βουλῆς λόγους διεξῆλθον: θαυμάζω. φησὶν, ὑμῶν, ὧ Ῥωμαῖοι, τί δὴ ποτ' αὐτοὶ μὲν ἅπαντας ἀνθρώπους ἠγεῖσθε πολεμίους, καὶ ὑφ' ὧν οὐδὲν κακὸν πεπόνθατε, ἀρχῆς καὶ τυραννίδος ἕνεκα, Αἰκανοῖς δ' οὐ συγχωρεῖτε παρὰ τουτωνὶ Τυσκλάνων ἐχθρῶν ὄντων ἀναπράττεσθαι δίκας, οὐθενὸς ἡμῖν διωμολογημένου περὶ αὐτῶν, [7] ὅτε τὰς πρὸς ὑμᾶς ἐποιοῦμεθα συνθήκας. εἰ μὲν [p. 43] οὖν τῶν ὑμετέρων ἰδίων ἀδικεῖσθαι τι ἢ βλάπτεσθαι λέγετε ὑφ' ἡμῶν, τὰ δίκαια ὑφέξομεν ὑμῖν κατὰ τὰς ὁμολογίας: εἰ δὲ περὶ Τυσκλάνων ἀναπραξόμενοι δίκας ἤκετε, οὐθείς ἐστίν ὑμῖν πρὸς ἐμὲ περὶ τούτων λόγος, ἀλλὰ πρὸς ταύτην λαλεῖτε τὴν φηγόν: δεῖξας αὐτοῖς τινα πλησίον πεφυκυῖαν.

Ῥωμαῖοι δὲ τοιαῦτα ὑβρισθέντες ὑπὸ τοῦ ἀνδρὸς οὐκ εὐθύς ὀργῇ

ἐπιτρέψαντες ἐξήγαγον τὴν στρατιάν, ἀλλὰ καὶ δευτέραν ὡς αὐτὸν ἀπέστειλαν πρεσβείαν καὶ τοὺς Φητιάεις καλουμένους ἄνδρας ἱερεῖς ἔπεμψαν ἐπιμαρτυρόμενοι θεοὺς τε καὶ δαίμονας, ὅτι μὴ δυνηθέντες τῶν δικαίων τυχεῖν ὅσιον ἀναγκασθῇσονται πόλεμον ἐκφέρειν· καὶ μετὰ ταῦτα τὸν ὕπατον ἀπέστειλαν. [2] ὁ δὲ Γράγχος, ἐπειδὴ τοὺς Ῥωμαίους προσιόντας ἔμαθεν, ἀναστήσας τὴν δύναμιν ἀπῆγε προσωτέρω, τῶν πολέμιων ἐκ ποδὸς ἐπομένων, βουλόμενος αὐτοὺς εἰς τοιαῦτα προαγαγέσθαι χωρία, ἐν οἷς πλεονεκτῆσιν ἔμελλεν· ὅπερ καὶ συνέβη. φυλάξας γὰρ αὐλῶνα περικλειόμενον ὄρεσιν, ὡς ἐνέβαλον εἰς τοῦτον οἱ Ῥωμαῖοι διώκοντες αὐτόν, ὑποστρέφει τε καὶ στρατοπεδεύεται κατὰ τὴν ἐκ τοῦ αὐλῶνος ἔξω φέρουσαν ὁδόν. [3] ἐκ δὲ τούτου συνεβεβήκει τοῖς Ῥωμαίοις οὐχ ὄν ἐβούλοντο ἐκλέξασθαι τόπον εἰς στρατοπεδείαν, ἀλλ' ὄν ἔδωκεν αὐτοῖς ὁ καιρός, ἔνθα οὐθ' ἵπποις χιλὸν εὐπορον ἦν λαμβάνειν, ὅρεσι περικλειομένου [p. 44] τοῦ τόπου ψιλοῖς καὶ δυσβάτοις, οὐθ' ἑαυτοῖς τροφὰς ἐκ τῆς πολέμιας συγκομίζειν, ἐπειδὴ κατανάλωντο ἅς οἴκοθεν ἔφερον, οὐτε μεταστρατοπεδεύσασθαι τῶν πολέμιων ἀντικαθημένων καὶ κωλύόντων τὰς ἐξόδους. βιάσασθαι τε προελόμενοι καὶ προελθόντες εἰς μάχην ἀνεκρούσθησαν καὶ πολλὰς πληγὰς λαβόντες εἰς τὸν αὐτὸν κατεκλείσθησαν χάρακα. ὁ δὲ Κοίλιος ἐπαρθεὶς τῷ προτερήματι τούτῳ περιετάρφρευέ τε αὐτοὺς καὶ περιεχαράκου καὶ πολλὰς ἐλπίδας εἶχε λιμῷ πιεσθέντας παραδώσειν αὐτῷ τὰ ὅπλα. [4] ἀφικομένης δ' εἰς Ῥώμην περὶ τούτων ἀγγελίας Κόιντος Φάβιος ὁ καταλειφθεὶς ἐπὶ τῆς πόλεως ἐπαρχος ἀπὸ τῆς σὺν αὐτῷ στρατιᾷς ὅσον ἦν ἀκμαϊότατόν τε καὶ κράτιστον ἐπιλέξας μέρος ἐπὶ συμμαχίαν ἔπεμψε τῷ ὑπάτῳ. ἡγεῖτο δὲ τῆς δυνάμεως ταύτης Τίτος Κοίντιος ὁ ταμίας ἀνὴρ ὑπατικός. [5] πρὸς δὲ τὸν ἕτερον τῶν ὑπάτων Ναύτιον ἐπὶ τῆς ἐν Σαβίνοις στρατιᾷς ὄντα γράμματα διαπέμψας τὰ τε συμβάντα τῷ Μηνυκίῳ διεσάφησε καὶ αὐτὸν ἡκεῖν ἡξίου διὰ ταχέων. κάκεῖνος ἐπιτρέψας τοῖς πρεσβευταῖς τὸν χάρακα φυλάττειν αὐτὸς σὺν ὀλίγοις ἵππεῦσιν εἰς τὴν Ῥώμην ἐλαύνει συντόνῳ χρησάμενος ἵππασίαι· εἰσελθὼν δ' εἰς τὴν πόλιν ἔτι πολλῆς νυκτὸς οὔσης ἐβουλευέτο σὺν τῷ Φαβίῳ καὶ τῶν ἄλλων πολιτῶν τοῖς πρεσβυτάτοις, ὅ τι χρὴ ποιεῖν. ἐπεὶ δὲ πᾶσιν ἐδόκει δικτάτορος δεῖσθαι ὁ καιρός, ἀποδείκνυσιν ἐπὶ τὴν ἀρχὴν ταύτην [p. 45] Λεύκιον Κοίντιον Κικιννᾶτον. καὶ αὐτὸς μὲν ταῦτα διαπραζάμενος ὥχετο πάλιν ἐπὶ τὸ στρατόπεδον,

ὁ δὲ τῆς πόλεως ἐπαρχος Φάβιος ἔπεμπε τοὺς παραληφόμενους τὸν Κοίντιον ἐπὶ τὴν ἀρχήν. ἔτυχε δὲ καὶ τότε ὁ ἀνὴρ τῶν κατ' ἀγρὸν ἔργων τι διαπραττόμενος· ἰδὼν δὲ τὸν προσιόντα ὄχλον καὶ ὑποπτεύσας ἐπ' αὐτόν ἡκεῖν ἐσθῆτά τ' ἐλάβμβανεν εὐπρεπεστέραν καὶ ὑπαντήσων αὐτοῖς ἐπορεύετο. [2] ὡς δ' ἐγγὺς ἦν, ἵππους τ' αὐτῷ φαλάροις κεκοσμημένους ἐκπρέπεσι προσῆγον καὶ πελέκεις ἅμα ταῖς ῥάβδοις εἰκοσιτέτταρας παρέστησαν ἐσθῆτά τε ἀλουργῇ καὶ τᾶλλα παράσημα, οἷς πρότερον ἢ τῶν βασιλέων ἐκεκόσμητο ἀρχή, προσήνεγκαν. ὁ δὲ μαθὼν, ὅτι δικτάτωρ ἀποδέδεικται τῆς πόλεως, οὐχ ὅπως ἡγάπησε τηλικαύτης τιμῆς τυχών, ἀλλὰ προσαγανακτῆσας εἶπεν· ἀπολεῖται ἄρα καὶ τούτου τοῦ ἐνιαυτοῦ ὁ καρπὸς

διὰ τὰς ἑμὰς ἀσχολίας, καὶ πεινήσομεν ἅπαντες κακῶς. [3] μετὰ ταῦτα παραγενόμενος εἰς τὴν πόλιν πρῶτον μὲν ἐθάρρυνε τοὺς πολίτας λόγον ἐν τῷ πλήθει διεξελθὼν ἐξεγεῖραι τὰς ψυχὰς δυνάμενον ἐλπίσιν ἀγαθαῖς ἔπειτα συναγαγὼν ἅπαντας τοὺς ἐν ἀκμῇ, τοὺς τε κατὰ τὴν πόλιν καὶ τοὺς ἐκ τῶν ἀγρῶν, καὶ τὰς παρὰ τῶν συμμάχων ἐπικουρίας μεταπεμφάμενος ἱππάρχην τ' ἀποδείξας Λεύκιον Ταρκύνιον, ἄνδρα τῶν ἡμελημένων μὲν διὰ πενίαν, τὰ δὲ πολέμια γενναῖον, ἐξῆγε συγκεκροτημένην ἔχων δύναμιν, καὶ καταλαβὼν τὸν ταμίαν Τίτον [p. 46] Κοίντιον ἀναδεχόμενον αὐτοῦ τὴν παρουσίαν, λαβὼν καὶ τὴν σὺν ἐκείνῳ δύναμιν ἦκεν ἐπὶ τοὺς πολεμίους. [4] ὥς δὲ κατώπτευσε τὴν τῶν χωρίων φύσιν, ἐν οἷς ἦν τὰ στρατόπεδα, μέρος μὲν τι τῆς στρατιᾶς ἐπὶ τοῖς μετεώροις ἔταξεν, ὥς μήτε βοήθεια παραγένοιτο τοῖς Αἰκανοῖς ἑτέρα μήτε τροφαί, τὴν δὲ λοιπὴν δύναμιν αὐτὸς ἔχων προῆγεν ἐκτεταγμένην ὥς εἰς μάχην. καὶ ὁ Κοῖλιος οὐθὲν ὑποδείσας — ἥ τε γὰρ δύναμις ἡ περὶ αὐτὸν ἦν οὐκ ὀλίγη, καὶ αὐτὸς ἐδόκει ψυχὴν οὐ κακὸς εἶναι κατὰ τὰ πολέμια — δέχεται αὐτὸν ἐπιόντα, καὶ [5] γίνεται μάχη καρτερὰ. χρόνου δὲ πολλοῦ διελθόντος καὶ τῶν Ῥωμαίων διὰ τοὺς συνεχεῖς πολέμους ἀναφερόντων τὸν πόνον τῶν τε ἱππέων κατὰ τὸ κάμνον μέρος αἰεὶ ἐπιβοηθούντων τοῖς πεζοῖς ἡσσηθείς ὁ Γράγχος κατακλείεται πάλιν εἰς τὸν ἑαυτοῦ χάρακα. καὶ μετὰ τοῦθ' ὁ Κοίντιος περιταφρεύσας αὐτὸν ὑψηλῷ χάρακι καὶ πύργοις πυκνοῖς περιλαβὼν, ἐπεὶ κάμνοντα ἔμαθε τῶν ἀναγκαίων τῇ σπάνει, αὐτὸς τε προσβολὰς ἐποιεῖτο συνεχεῖς πρὸς τὸν χάρακα τῶν Αἰκανῶν καὶ τῷ Μηνυκίῳ [6] προσέταξεν ἀπὸ τῶν ἑτέρων ἐξιέναι μερῶν. ὥστε ἡναγκάσθησαν οἱ Αἰκανοὶ τροφῆς τε ἀπορούμενοι καὶ συμμάχων βοήθειαν ἀπεγνωκότες πολιορκούμενοί τε πολλαχόθεν ἱκετηρίας ἀναλαβόντες ἐπιπρεσβεύεσθαι πρὸς τὸν Κοίντιον περὶ φιλίας διαλεγόμενοι. ὁ δὲ τοῖς μὲν ἄλλοις Αἰκανοῖς ἔφη σπένδεσθαι καὶ διδόναι [p. 47] τοῖς σώμασι τὴν ἄδειαν τὰ τε ὅπλα ἀποθεμένοις καὶ καθ' ἓνα διεξιούσιν ὑπὸ ζυγόν, Γράγχῳ δὲ τῷ ἡγεμόνι τῶν πολεμίων καὶ τοῖς σὺν ἐκείνῳ βουλευσάσι τὴν ἀπόστασιν ὥς πολεμίους χρήσασθαι, ἐκέλευσέ τε αὐτοῖς ἄγειν τοὺς ἄνδρας δεδεμένους. [7] ὑπομενόντων δὲ ταῦτα τῶν Αἰκανῶν τελευταῖον αὐτοῖς ἐκεῖνο προσέταξεν: ἐπειδὴ Τύσκλον πόλιν Ῥωμαίων σύμμαχον ἐξηνδραποδίσαντο καὶ διήρπασαν οὐδὲν ὑπὸ Τυσκλάνων παθόντες κακόν, ἀντιπαρασχεῖν ἑαυτῷ πόλιν τῶν σφετέρων, Κορβιῶνα, τὰ ὅμοια διαθεῖναι. [8] ταύτας λαβόντες τὰς ἀποκρίσεις οἱ πρέσβεις τῶν Αἰκανῶν προήεσαν καὶ μετ' οὐ πολὺ παρήσαν ἄγοντες τὸν Γράγχον καὶ τοὺς σὺν αὐτῷ δεδεμένους: αὐτοὶ δὲ τὰ ὅπλα θέντες ἐξέλιπον τὴν παρεμβολὴν διαπορευόμενοι, καθάπερ ὁ στρατηγὸς ἐκέλευσε, διὰ τοῦ Ῥωμαίων χάρακος καθ' ἓνα ὑπὸ ζυγόν, καὶ τὴν Κορβιῶνα κατὰ τὰς ὁμολογίας παρέδοσαν, τὰ ἐλεύθερα σώματα μόνον ἐξελθεῖν αἰτησάμενοι, περὶ ὧν διήλλαξαν τοὺς Τυσκλάνων αἰχμαλώτους.

παραλαβὼν δὲ ὁ Κοίντιος τὴν πόλιν τὰ μὲν ἐπιφανέστατα τῶν λαφύρων εἰς Ῥώμην ἐκέλευσε φέρειν, τὰ δ' ἄλλα πάντα διελῆσθαι κατὰ λόχους ἐπέτρεψε τοῖς τε σὺν αὐτῷ παραγενομένοις στρατιώταις καὶ τοῖς ἅμα Κοιντίῳ τῷ ταμίᾳ προαποσταλεῖσι. τοῖς δὲ μετὰ Μηνυκίου τοῦ ὑπάτου

κατακλεισθεῖσιν [p. 48] ἐν τῷ χάρακι μεγάλην ἔφη δεωκέναι δωρεὰν τὰ σώματα αὐτῶν ἐκ θανάτου ῥυσάμενος. [2] ταῦτα πράξας καὶ τὸν Μηνύκιον ἀποθέσθαι τὴν ἀρχὴν ἀναγκάσας ἀνέστρεψεν εἰς τὴν Ῥώμην καὶ κατήγαγε λαμπρότατον ἀπάντων ἡγεμόνων θρίαμβον, ἐν ἡμέραις ἑκαταίδεκα ταῖς πάσαις, ἀφ' ἧς παρέλαβε τὴν ἀρχήν, στρατόπεδον τε σώσας φίλιον καὶ πολεμίων δύναμιν ἀκμάζουσαν καθελὼν πόλιν τε αὐτῶν πορθήσας καὶ φρουρὰν αὐτῆς ὑπολιπὼν τὸν τε ἡγεμόνα τοῦ πολέμου καὶ τοὺς ἄλλους ἐπιφανεῖς ἄνδρας ἀλύσει δεδεδεμένους ἀγαγών. [3] καὶ ὁ μάλιστα πάντων αὐτοῦ θαυμάζειν ἄξιον, ὅτι τὴν τοσαύτην ἀρχὴν εἰς ἐξάμηνον εἰληφὼς οὐκ ἐχρήσατο παντὶ τῷ νόμῳ, ἀλλὰ συναγαγὼν τὸν δῆμον εἰς ἐκκλησίαν καὶ περὶ τῶν πεπραγμένων λόγον ἀποδοὺς ἐξωμόσατο τὴν ἀρχὴν τῆς τε βουλῆς δεομένης γῆν τε ὅσπιν ἐβούλετο λαβεῖν ἐκ τῆς δορικτήτου καὶ ἀνδράποδα καὶ χρήματα ἐκ τῶν λαφύρων ἐπανορθῶσαι τὴν πενίαν πλοῦτῳ δικαίῳ, ὃν ἀπὸ πολεμίων κάλλιστον ἐκτήσατο τοῖς ἰδίοις πόνοις, οὐκ ἠξίωσε, φίλων τε καὶ συγγενῶν δωρεὰς προσφερόντων μεγάλας καὶ ἀντὶ παντὸς ἀγαθοῦ τιθεμένων ἐκείνον τὸν ἄνδρα εὖ ποιεῖν, ἐπαινέσας αὐτοὺς τῆς προθυμίας οὐθὲν τῶν διδομένων ἔλαβεν, ἀλλ' ἀπῆλθε πάλιν εἰς τὸ μικρὸν ἐκεῖνο χωρίον, καὶ τὸν αὐτουργὸν αὐτοῦ ἀντὶ τοῦ βασιλικοῦ μετεilhήφει βίον, μεῖζον φρονῶν ἐπὶ πενίᾳ [4] ἢ ἄλλοι ἐπὶ πλούτῳ. μετ' οὐ πολὺν δὲ χρόνον καὶ Ναύτιος, ἄτερος τῶν ὑπάτων, νικήσας Σαβίνους ἐκ [p. 49] παρατάξεως καὶ τῆς χώρας αὐτῶν πολλὴν καταδραμὼν ἀπῆγεν ἐπ' οἴκου τὰς δυνάμεις.

μετὰ δὲ τούτους Ὀλυμπιάς μὲν ἦν ὀγδοηκοστή καὶ πρώτη, ἦν ἐνίκα στάδιον Πολύμναστος Κυρηναῖος, Ἀθήνησι δὲ ἄρχων Καλλίας, ἐφ' οὗ τὴν ὑπατον ἀρχὴν ἐν Ῥώμῃ παρέλαβε Γάιος Ὀράτιος καὶ Κόιντος Μηνύκιος. ἐπὶ τούτων Σαβίνοι πάλιν στρατεύσαντες ἐπὶ Ῥωμαίους πολλὴν τῆς χώρας αὐτῶν ἐδήλωσαν, καὶ ἦκον οἱ φυγόντες ἐκ τῶν ἀγρῶν ἀθρόοι κρατεῖσθαι πάντα ὑπ' αὐτῶν τὰ μεταξὺ Κρουστομερείας τε καὶ Φιδήνης λέγοντες. [2] Αἰκάνοι τε οἱ νεωστὶ καταπολεμηθέντες ἐν τοῖς ὅπλοις αὖθις ἦσαν· καὶ οἱ μὲν ἀκμαιότατοι αὐτῶν νυκτὸς ἐλάσαντες ἐπὶ Κορβιῶνα πόλιν, ἦν τῷ παρελθόντι ἐνιαυτῷ Ῥωμαίοις παρέδωσαν, τὴν τε φρουρὰν τὴν ἐν αὐτῇ κοιμωμένην εὐρόντες κατέσφαξαν πλὴν ὀλίγων, οἱ ἔτυχον ἀφυστεροῦντες, οἱ δὲ λοιποὶ μεγάλῃ χειρὶ στρατεύσαντες ἐπὶ πόλιν Ὀρτῶνα τοῦ Λατίνων ἔθρους ἐξ ἐφόδου καταλαμβάνονται, καὶ ὅσα Ῥωμαίους οὐχ οἴοι τε ἦσαν ἐργάσασθαι, ταῦτα δι' ὀργὴν τοὺς συμμάχους αὐτῶν διέθεσαν. [3] τοὺς μὲν γὰρ ἐν ἡβῇ πάντας, πλὴν εἴ τινες διέφυγον εὐθὺς ἀλικομένης τῆς πόλεως, ἀπέκτειναν, γυναικας δὲ καὶ παῖδας αὐτῶν καὶ τὰ γηραιὰ τῶν σωμάτων ἡνδραποδίσαντο, καὶ τῶν χρημάτων ὅσα δυνάμεις ἦν αὐτοῖς φέρειν συσκευασάμενοι κατὰ σπουδὴν, [p. 50] πρὶν ἅπαντας ἐπιβοηθῆσαι Λατίνους, ἀνέστρεψαν. [4] τούτων δὲ ἅμα προσαγγελλομένων ὑπὸ τε Λατίνων καὶ τῶν ἐκ τῆς φρουρᾶς διασωθέντων ἡ μὲν βουλὴ στρατιὰν ἐκπέμπειν ἐψηφίσατο καὶ τοὺς ὑπάτους ἀμφοτέρους πορεύεσθαι· οἱ δὲ περὶ τὸν Οὐεργίνιον δήμαρχοι πέμπτον ἔτος ἐπὶ τῆς αὐτῆς ὄντες ἐξουσίας ἐκώλυον, ὥσπερ καὶ ἐν τοῖς πρότερον ἐποιοῦν ἔτεσιν, ἐνιστάμενοι ταῖς στρατολογίαις τῶν ὑπάτων, τὸν ἐντὸς τείχους πρῶτον ἀξιοῦντες καταλυθῆναι πόλεμον

ἀποδοθείσης τῷ δήμῳ τῆς περὶ τοῦ νόμου διαγνώσεως, ὃν ὑπὲρ τῆς ἰσηγορίας εἰσέφερον, ὃ τε ὁ ἄνθρωπος αὐτοῖς συνελάμβανε πολλοὺς κατὰ τῆς βουλῆς καὶ ἐπιφθόνους διεξιούσι λόγους. [5] ἔλκομένου δὲ τοῦ χρόνου καὶ οὔτε τῶν ὑπάτων ὑπομενόντων προβουλεῦσαι τε καὶ εἰς τὸν δῆμον ἐξενεγκεῖν τὸν νόμον, οὔτε τῶν δημάρχων συγχωρῆσαι βουλομένων τὴν καταγραφὴν καὶ τὴν ἔξοδον τῆς στρατιᾶς γενέσθαι, λόγων τε πολλῶν καὶ κατηγοριῶν, ἃς ἐποιοῦντο κατ' ἀλλήλων ἔν τε ταῖς ἐκκλησίαις καὶ ἐπὶ τῆς βουλῆς μάτην ἀναλίσκομένων, ἑτέρα τις εἰσαχθεῖσα ὑπὸ τῶν δημάρχων ἐπὶ τῇ βουλῇ πολιτεία καὶ παρακρουσαμένη τὸ συνέδριον, τὴν μὲν τότε κατέχουσιν στάσιν ἐπράυνεν, ἑτέρων δὲ πολλῶν καὶ μεγάλων ἐγένετο πλεονεκτημάτων αἰτία τῷ δήμῳ. διηγῆσομαι δὲ καὶ ταύτην τὴν δυναστείαν ὃν τρόπον ὁ δῆμος ἔλαβε.

φθειρομένης καὶ διαρπαζομένης τῆς τε Ῥωμαίων καὶ τῶν συμμάχων γῆς, καὶ τῶν πολεμίων ὡς δι' ἐρμίας ἐλαυνόντων κατ' ἐλπίδα τοῦ μηδεμίαν [p. 51] ἐπ' αὐτοὺς ἐξελεύσεσθαι δύνανται διὰ τὴν κατέχουσιν ἐν τῇ πόλει στάσιν, οἱ μὲν ὕπατοι τὴν βουλὴν συνήγαγον, ὡς περὶ τῶν ὅλων ἔσχατον τοῦτο βουλευσόμενοι. [2] ῥηθέντων δὲ πολλῶν λόγων πρῶτος ἐρωτηθεὶς γνώμην Λεύκιος Κοίντιος, ὁ τῷ παρελθόντι γενόμενος ἔτει δικτάτωρ, ἀνὴρ οὐ μόνον τὰ πολέμια δεινότατος τῶν καθ' ἑαυτὸν, ἀλλὰ καὶ τὰ πολιτικὰ δοκῶν εἶναι φρονιμώτατος, γνώμην ἀπεφίηνατο τήνδε: μάλιστα μὲν πείθειν τοὺς τε δημάρχους καὶ τοὺς ἄλλους πολίτας τὴν μὲν ὑπὲρ τοῦ νόμου διάγνωσιν οὐθὲν ἐν τῷ παρόντι κατεπείγουσαν εἰς ἑτέρους ἀναβαλέσθαι καιροὺς ἐπιτηδειότερους, τὸν δ' ἐν χερσὶν ὄντα καὶ ὅσον οὕτω τῇ πόλει πλησιάζοντα πόλεμον ἄρασθαι πάσῃ προθυμίᾳ, καὶ μὴ περιδεῖν τὴν μετὰ πολλῶν κτηθεῖσαν ἡγεμονίαν πόνων αἰσχυρῶς καὶ ἀνάνδρως ἀπολομένην. [3] ἐὰν δὲ μὴ πείθεται ὁ δῆμος, τοὺς πατρικίους ἅμα τοῖς πελάταις καθοπλισμένους τῶν τ' ἄλλων πολιτῶν παραλαβόντας, οἷς ἦν ἐκοῦσι συνάρασθαι τοῦ καλλίστου ὑπὲρ τῆς πατρίδος ἀγῶνος, χωρεῖν προθύμως ἐπὶ τὸν πόλεμον θεοὺς, ὅσοι φυλάττουσι τὴν Ῥωμαίων πόλιν, ἡγεμόνας τῆς ἐξόδου ποιησαμένους. [4] συμβῆσεσθαι γὰρ αὐτοῖς δυεῖν καλῶν ἔργων καὶ δικαίων θάτερον, ἢ νίκην ἐξενέγκασθαι πασῶν ὧν αὐτοὶ ποτε ἢ οἱ πατέρες ἐξηνέγκαντο λαμπροτάτην, [p. 52] ἢ περὶ τῶν ἐν αὐτῇ καλῶν εὐψύχως ἀγωνιζομένοις ἀποθανεῖν. ταύτης μέντοι τῆς καλῆς πείρας οὐτ' αὐτὸς ἀπολείψεσθαι ἔφη, ἀλλ' ἐν ἴσῳ τοῖς κράτιστα ἐρρωμένοις παρῶν ἀγωνιεῖσθαι, οὔτε τῶν ἄλλων τινὰ πρεσβυτέρων, οἷς ἐστὶν ἐλευθερίας τε καὶ δόξης ἀγαθῆς λόγος.

ὡς δὲ καὶ τοῖς ἄλλοις ἅπασιν ταῦτ' ἐδόκει, καὶ οὐθεὶς ἦν ὁ τάναντία ἐρῶν, οἱ μὲν ὕπατοι τὸν δῆμον εἰς ἐκκλησίαν συνεκάλουν. συνελθόντος δ' ὡς ἐπὶ καινοῖς ἀκούσματος παντὸς τοῦ κατὰ τὴν πόλιν ὄχλου παρελθὼν ἄτερος τῶν ὑπάτων Γάιος Ὀράτιος ἐπειρᾶτο πείθειν τοὺς δημοτικούς ἐκόντας ὑπομεῖναι καὶ ταύτην τὴν στρατείαν. ἀντιλεγόντων δὲ τῶν δημάρχων καὶ τοῦ δήμου προσέχοντος αὐτοῖς τὸν νοῦν παρελθὼν πάλιν ὁ ὕπατος εἶπε: [2] καλὸν γ', ὦ Οὐεργίνιε, καὶ θαυμαστὸν ἔργον ἐξειργάσασθε διασπάσαντες ἀπὸ τῆς βουλῆς τὸν δῆμον: καὶ τὸ μὲν ἐφ' ὑμῖν εἶναι μέρος

πάντ' ἀπολωλέκαμεν, ὅσα παρὰ τῶν προγόνων παραλαβόντες ἢ τοῖς ἑαυτῶν
πόνοις κτησάμενοι κατέσχομεν ἀγαθὰ. [3] οὐ μὴν ἡμεῖς γ' ἀκονιτὶ

σώζεσθαι τὴν πατρίδα χωρήσομεν ἐπὶ τὸν ἀγῶνα τὰς ἀγαθὰς
προβαλλόμενοι τῶν ἔργων ἐλπίδας· καὶ εἴ τις ἄρα θεὸς ἐπισκοπεῖ τοὺς

καινοὺς.

ταῦτα καὶ πολλὰ τοῦτοις ὅμοια εἰπὼν παρεστήσατο τοὺς πρεσβυτάτους
τῶν πατρικίων κλαίοντας, οὓς ἰδόντες πολλοὶ τῶν δημοτικῶν οὐδ' αὐτοὶ
κατέχειν τὰ δάκρυα ἐδύναντο. γενομένης δὲ πολλῆς συμπαθείας πρὸς τε τὰς
ἡλικίας τῶν ἀνδρῶν καὶ πρὸς [2] τὰς ἀξίας μικρὸν ἐπισχὼν ὁ ὕπατος· οὐκ
αἰσχύνεσθε, ἔφησεν, ὧ πολῖται, οὐδὲ κατὰ γῆς δύεσθε, εἰ οἶδε οἱ γέροντες
ὑπὲρ ὑμῶν τῶν νέων τὰ ὄπλα ἀναλήφονται, ἀλλ' ὑπομενεῖτε ἀπολειφθῆναι
τούτων ἡγουμένων, οὓς ἀεὶ πατέρας ἐκαλεῖτε; ὧ σχέτλιοι ὑμεῖς καὶ οὐδὲ
πολῖται [p. 55] ταύτης ἄξιοι λέγεσθαι τῆς γῆς, ἣν ἔκτισαν οἱ τοὺς πατέρας

ἐπὶ τῶν ὤμων ἐνέγκαντες, οἷς καὶ δι' ὀπλων καὶ διὰ πυρὸς ὁδοὺς ἀσφαλεῖς θεοὶ παρέσχον. [3] ὥς δὲ κατέμαθεν ὁ Οὐεργίνιος ἀγόμενον τὸν δῆμον ὑπὸ τῶν λόγων, δεδοικώς, μὴ παρὰ τὴν ἑαυτοῦ γνώμην κοινωνεῖν ὑπομεινῇ τοῦ πολέμου, παρελθὼν εἶπεν: ἡμεῖς οὐτ' ἐγκαταλείπομεν οὔτε προδίδομεν ὑμᾶς, ὦ πατέρες, οὐδ' ἂν ἀπολειφθῆμεν ὑμῶν, ὥσπερ οὐδὲ πρότερον ἡξιώσαμεν οὐδεμιᾶς ἀπολειφθῆναι στρατείας, ἀλλὰ καὶ ζῆν αἰρούμεθα σὺν ὑμῖν καὶ πάσχειν, ὅ τι ἂν τῷ [4] δαίμονι δοκῇ, μεθ' ὑμῶν. πρόθυμοι δ' ἐν παντὶ καιρῷ περὶ ὑμᾶς γεγονότες ἀξιοῦμεν μετριάς παρ' ὑμῶν τυχεῖν χάριτος, ὥσπερ τῶν κοινῶν κινδύνων ἰσομοιροῦμεν ὑμῖν, οὕτως καὶ τῶν δικαίων τὸ ἴσον ἔχειν, νόμους καταστησάμενοι φύλακας τῆς ἐλευθερίας, οἷς ἅπαντες ἀεὶ χρῆσόμεθα. [5] εἰ δὲ προσίσταται τοῦθ' ὑμῖν, καὶ οὐκ ἀξιοῦτε τοῖς ἑαυτῶν πολίταις ταύτην συγχωρῆσαι τὴν χάριν, ἀλλὰ θανάτου τιμᾶσθε τὸ μεταδοῦναι τῷ δήμῳ τῆς ἰσηγορίας, οὐκέτι φιλονεικοῦμεν ὑμῖν: αἰτησόμεθα δ' ἑτέραν παρ' ὑμῶν χάριν, ἥς τυχόντες ἴσως ἂν οὐδὲ καινῶν ἔτι δεηθῆμεν νόμων. εἰσέρχεται δ' ἡμᾶς εὐλάβεια, μὴ ποτε οὐδὲ ταύτης τύχωμεν, ἐξ ἧς τῇ βουλῇ μὲν οὐδὲν ἔσται βλάβος, τῷ δὲ δήμῳ τιμὴ τις ὑπάρξει καὶ φιланθρωπία.

εἰπόντος δὲ τοῦ ὑπάτου, ὅτι τοῦτο τὸ πολίτευμα τῇ βουλῇ συγχωροῦντες οὐθενὸς ἄλλου ἀμαρτήσονται τῶν μετρίων, καὶ κελεύοντος λέγειν [p. 56] ὅτου δέονται, ὀλίγα διαλεχθεὶς τοῖς συνάρχουσιν ὁ [2] Οὐεργίνιος, ἐπὶ τῆς βουλῆς ἔφησεν ἐρεῖν. καὶ μετὰ ταῦτα συναγαγόντων τὸ συνέδριον τῶν ὑπάτων παρελθὼν καὶ τὰ δίκαια τοῦ δήμου πρὸς τὴν βουλήν ἅπαντα εἰσενεγκάμενος ἡτήσατο διπλασιασθῆναι τὴν ἀρχὴν τὴν προισταμένην τοῦ δήμου, καὶ ἀντὶ τῶν πέντε δημάρχων δέκα εἰς ἕκαστον ἐνιαυτὸν ἀποδείκνυσθαι. τοῦτο οἱ μὲν ἄλλοι βλάβην οὐδεμίαν ὦντο τῷ κοινῷ φέρειν, ἀλλὰ διδόναι καὶ μὴ ἀντιπράττειν παρήνουν, ἄρχοντος τῆς γνώμης Λευκίου Κοιντίου, [3] τοῦ τότε μέγιστον ἔχοντος ἐν τῇ βουλῇ κράτος. εἷς δὲ μόνος ἀντέλεγε Γάιος Κλαύδιος, υἱὸς Ἀππίου Κλαυδίου, τοῦ παρὰ πάντα τὸν χρόνον τοῖς εἰσηγήμασι τῶν δημοτικῶν, εἴ τινα μὴ νόμιμα ἦν, ἐναντιωθέντος διαδεδεγμένους τὰ πολιτεύματα τοῦ πατρός, καὶ ὅτ' αὐτὸς εἶχε τὴν ὑπατον ἀρχὴν κωλύσας δοθῆναι τοῖς δημάρχοις τὴν κατὰ τῶν ἱππέων τῶν ἐπὶ τῇ συνωμοσίᾳ διαβαλλομένων ἐξέτασιν, καὶ μακρὸν διεξελθὼν λόγον ἐδίδασκεν, ὅτι μετριώτερος μὲν ὁ δῆμος οὐδὲν οὐδὲ χρηστότερος ἔσται διπλασιασθείσης αὐτῷ τῆς ἀρχῆς, ἀνοητότερος δὲ καὶ βαρύτερος. [4] οὐ γὰρ ἐπὶ ῥητοῖς τισι παραλήψεσθαι τὴν ἀρχὴν τοὺς ὕστερον ἀποδειχθησομένους, ὥστε μένειν ἐπὶ τοῖς καθεστηκόσιν, ἀλλὰ καὶ τὸν περὶ τῆς κληρουχίας αὐθις θις προθήσειν λόγον καὶ τὸν ὑπὲρ τῆς ἰσοτιμίας, καὶ [p. 57] πάντας ἐξῆς ζητήσιν, ὅ τι λέγοντες ἢ πράττοντες τὸ μὲν τοῦ δήμου κράτος αὐξήσουσι, τὰς δὲ τῆς βουλῆς τιμὰς καταλύσουσι. καὶ σφόδρα ἐκίνησε τοὺς πολλοὺς ὁ λόγος. ἔπειτα μετήγαγεν αὐτοὺς ὁ Κοίντιος διδάσκων, [5] ὅτι πρὸς τῆς βουλῆς ἐστὶ τὸ πολλοὺς εἶναι τοῦ δήμου προστάτας. ἦττον γὰρ ὁμονοήσιν τοὺς πλείους τῶν ἐλαττόνων, μίαν δὲ βοήθειαν εἶναι τοῖς κοινοῖς, ἣν Ἀππίον Κλαύδιον τὸν Γαίου πατέρα πρῶτον ἰδεῖν, ἐὰν στασιάζῃ τὸ ἀρχεῖον καὶ μὴ πᾶσι τὸ αὐτὸ δοκῇ. [6] ἐδόκει τε δὴ

ταῦτα καὶ γίνεται δόγμα βουλῆς: ἐξεῖναι τῷ δήμῳ δέκα δημάρχους καθ' ἕκαστον ἐνιαυτὸν ἀποδεικνύναι, τῶν δὲ τότε ὄντων ἐν ἀρχῇ μηθένα. τοῦτο τὸ προβούλευμα οἱ περὶ τὸν Οὐεργίνιον λαβόντες ἐξήνεγκαν καὶ κυρώσαντες τὸν ἐπ' αὐτῷ γραφέντα νόμον δέκα δημάρχους εἰς τὸν ἐπὶ ὄντα ἐνιαυτὸν ἀπέδειξαν. [7] παυσαμένης δὲ τῆς στάσεως καταγράφαντες τὰς δυνάμεις οἱ ὑπάτοι διεκκληρώσαντο τὰς ἐξόδους: Μηνυκίῳ μὲν οὖν ὁ κατὰ Σαβίνων πόλεμος ἐδόθη, Ὀρατίῳ δὲ ὁ κατ' Αἰκανῶν, καὶ κατὰ σπουδὴν ἐξήεσαν ἀμφοτέρω. Σαβίνοι μὲν οὖν τὰς πόλεις διὰ φυλακῆς ἔχοντες ὑπερεῖδον ἀγομένων τε καὶ φερομένων ἀπάντων τῶν κατὰ τοὺς ἀγρούς, Αἰκανοὶ δὲ τὴν ἐναντιωσομένην Ῥωμαίοις δύναμιν ἀπέστειλαν. [8] ἀγωνισάμενοι δὲ λαμπρῶς οὐχ οἷοι τε ἐγένοντο τὴν Ῥωμαίων ὑπερβαλέσθαι δύναμιν, ἀλλ' ἠναγκάσθησαν εἰς τὰς πόλεις ἀπελθεῖν ἀποβαλόντες τὸ πολίχνιον, ὑπὲρ οὗ τὸν ἀγῶνα ἐποιοῦντο. Ὀράτιος δὲ τρεψάμενος τοὺς πολεμίους [p. 58] καὶ πολλὰ τῆς χώρας αὐτῶν κακώσας τοῦ τε Κορβιῶνος τὰ τεῖχη κατασπάσας καὶ τὰς οἰκῆσεις ἐκ θεμελίων ἀνελὼν ἀπῆγε τὴν δύναμιν ἐπ' οἴκου.

τῷ δ' ἐξῆς ἔτει Μάρκου Οὐαλερίου καὶ Σπορίου Οὐεργίνιου τὴν ὑπατείαν ἐχόντων στρατιὰ μὲν ὑπερόριος οὐδεμία ἐξῆλθε Ῥωμαίων, πολιτικά δὲ τινα προσκρούσματα τοῖς δημάρχois πρὸς τοὺς ὑπάτους συνέστη πάλιν, ἐξ ὧν ἔσχον οἱ δημάρχοι παρασπασάντες τι τῆς ὑπατικῆς δυναστείας. τὸν μὲν γὰρ ἔμπροσθεν χρόνον ἐκκλησίας μόνον ἦσαν οἱ δημάρχοι κύριοι, βουλὴν δὲ συναγεῖν ἢ γνώμην ἀγορεύειν οὐκ ἐξῆν αὐτοῖς, ἀλλ' ἦν τῶν ὑπάτων τοῦτο τὸ γέρας. [2] οἱ δὲ τότε δημάρχοι πρῶτοι συγκαλεῖν ἐπεβάλοντο τὴν βουλὴν Ἰκιλλίου τὴν πείραν εἰσηγησαμένου, ὃς ἠγεῖτο μὲν τοῦ ἀρχείου, δραστήριος δὲ τις ἦν ἀνὴρ καὶ ὥς Ῥωμαῖος εἰπεῖν οὐκ ἀδύνατος. εἰσέφερε γὰρ τι καὶ οὗτος πολίτευμα καινὸν ἀξιῶν ἀπομερισθῆναι τοῖς δημόταις τόπον εἰς οἰκιῶν κατασκευὰς τὸν καλούμενον Αὐεντῖνον. ἔστι δὲ λόφος ὑψηλὸς ἐπικρῶς, οὐκ ἐλάττων ἢ δώδεκα σταδίων τὴν περίμετρον, ἐμπεριεχόμενος τῇ πόλει, ὃς οὐχ ἅπας τότε ὥκεῖτο, ἀλλ' [3] ἦν δημόσιός τε καὶ ὕλης ἀνάπλεως. τοῦτο τὸ πολίτευμα εἰσάγων ὁ δημάρχος τοῖς τότε ὑπάτοις καὶ τῇ βουλῇ προσῆει δεόμενος τὸν ἐπ' αὐτῷ γραφέντα νόμον προβουλεύσαι τε καὶ εἰς τὸν δῆμον ἐξενεγκεῖν. ἀναβαλλομένων [p. 59] δὲ καὶ παρελκόντων τῶν ὑπάτων τὸν χρόνον πέμψας τὸν ὑπρέτην ὡς αὐτοὺς ἐκέλευσεν ἐπὶ τὴν ἀρχὴν ἀκολουθεῖν καὶ τὴν βουλὴν συγκαλεῖν. ἐπεὶ δὲ τῶν ῥαβδούχων τις ἀπήλασε τὸν ὑπρέτην κελευσθεὶς ὑπὸ τῶν ὑπάτων, ἀγανακτήσας ὁ Ἰκιλλίος καὶ οἱ συνάρχοντες αὐτοῦ, συνέλαβον τὸν ῥαβδοῦχον καὶ ἀπῆγον ὡς ῥίψοντες κατὰ τῆς πέτρας. [4] οἱ δὲ ὑπάτοι βιάσασθαι μὲν ἢ τὸν ἀγόμενον ἀφελέσθαι, καίτοι δεινὰ δοκοῦντες ὑβρίσθαι, ἀδύνατοι ἦσαν, ἐπεκαλοῦντο δὲ τὴν ἐκ τῶν ἄλλων δημάρχων βοήθειαν. οὐθὲν γὰρ τῶν πραπτομένων ὑπὸ τῆς ἀρχῆς ἐκείνης ἐπισχεῖν ἢ κωλύσαι τῶν ἄλλων τινὲ ἐξεστίν, ἀλλ' [5] ἐτέρου δημάρχου τοῦτ' ἐστὶ τὸ κράτος. τοῖς δ' ἄρα πᾶσιν ἦν ταῦτα κατ' ἀρχὰς δεδογμένα μήτ' εἰσηγήσασθαι τινα καινὸν πολίτευμα μηθὲν ἐφ' ἑαυτοῦ βαλλόμενον, ἐὰν μὴ πᾶσι τὸ αὐτὸ δοκῇ, μήτε ἐναντιωθῆναι τινα τοῖς πραπτομένοις, ὅς' ἂν αἱ πλείους γνῶμαι δοκιμάσῃσι:

καὶ περὶ τούτων εὐθύς ἅμα τῷ παραλαβεῖν τὴν ἀρχὴν ἱερὰ θύσαντες ὄρκους ἔδοσαν ἀλλήλοις· οὕτως οἰόμενοι μάλιστα τὸ τῆς δημαρχίας ἀκατάλυτον ἔσεσθαι κράτος, ἐὰν τὸ στασιάζον ἐξ αὐτῆς ἀναιρεθῇ. [6] τοῦτο δὴ φυλάττοντες τὸ συνωμόσιον εἶπον ἀπάγεσθαι τὸν φύλακα τῆς ἀρχῆς τῶν ὑπάτων, κοινὴν ἀπάντων εἶναι λέγοντες τὴν γνώμην, οὐ μὴν διέμεινάν γ' ἐπὶ τῆς ὀργῆς, ἀλλὰ τοῖς πρεσβυτάτοις τῶν ἐκ τοῦ [p. 60] συνεδρίου παραιτουμένοις τὸν ἄνδρα ἀφῆκαν, τὸν τε φθόνον ὑφορώμενοι τοῦ πράγματος, ὅτι πρῶτοι ἔμελλον θανάτῳ ζημιῶσαι τὸν ἄνδρα τὸ κελευσθὲν ὑπὸ τῶν ἀρχόντων ποιήσαντα, καὶ δεδοικότες, μὴ ἀπὸ ταύτης τῆς προφάσεως εἰς ἀπόνοιαν ἀναγκασθῶσιν οἱ πατρίκιοι τραπέσθαι.

μετὰ τοῦτο τὸ ἔργον συναχθείσης τῆς βουλῆς οἱ μὲν ὑπατοὶ κατηγορίαν πολλὴν τῶν δημάρχων ἐποίησαντο· παραλαβὼν δὲ τὸν λόγον ὁ Ἰκίλλιος περὶ τε τῆς εἰς τὸν ὑπηρέτην ὀργῆς ἀπελογεῖτο τοὺς ἱεροὺς προφερόμενος νόμους, καθ' οὓς οὐτε ἄρχοντι οὐτ' ἰδιώτῃ συνεχωρεῖτο πράττειν οὐδὲν ἐναντίον δημάρχῳ, καὶ περὶ τοῦ συγκαλεῖν τὴν βουλὴν ἐδίδασκεν, ὡς οὐθὲν εἴη πεποηκῶς ἄτοπον, πολλοὺς καὶ [2] παντοδαποὺς εἰς τοῦτο παρασκευασάμενος λόγους. ὡς δ' ἀπελύσατο ταύτας τὰς κατηγορίας, τὸν ὑπὲρ τοῦ λόφου νόμον εἰσέφερεν. ἦν δὲ τοιόσδε· ὅσα μὲν ἰδιῶται τινες εἶχον ἐκ τοῦ δικαίου κτησάμενοι, ταῦτα τοὺς κυρίους κατέχειν· ὅσα δὲ βιασάμενοί τινες ἢ κλοπῇ λαβόντες ὠκοδομήσαντο, κομισαμένους τὰς δαπάνας, αἷς ἂν οἱ διαιτηταὶ γνῶσι, τῷ δήμῳ παραδιδόναι· τὰ δὲ ἄλλα, ὅσα ἦν δημόσια, χωρὶς ὥνῃς τὸν δῆμον παραλαβόντα διελέσθαι. [3] ἐδίδασκε τε, ὅτι τοῦτο τὸ πολίτευμα εἰς πολλὰ μὲν καὶ ἄλλα συνοίσει τῇ πόλει, μάλιστα δὲ εἰς τὸ μὴ στασιάζειν ἔτι περὶ τῆς δημοσίας χώρας τοὺς πένητας, ἦν οἱ πατρίκιοι κατεῖχον. ἀγαπήσειν γὰρ αὐτοὺς τῆς πόλεως λαχόντας [p. 61] μέρος, ἐπεὶδὴ τῆς χώρας οὐκ ἔξεστι διὰ τοὺς ἐσφετερισμένους αὐτὴν πολλοὺς ὄντας καὶ δυνατοὺς. [4] τοιούτων ῥηθέντων ὑπ' αὐτοῦ λόγων ὁ μὲν ἀντιλέγων Γάιος Κλαύδιος ἦν μόνος, οἱ δὲ συγκατανοῦντες πολλοί, καὶ ἔδοξε δίδοναι τῷ δήμῳ τὸν τόπον. μετὰ τοῦτο ἱεροφαντῶν τε παρόντων καὶ οἰωνοσκόπων καὶ ἱεροποιῶν δυεῖν καὶ ποιησαμένων τὰς νομίμους εὐχὰς τε καὶ ἁρὰς ἐν τῇ λοχίτιδι ἐκκλησίᾳ συναχθείσῃ ὑπὸ τῶν ὑπάτων ὁ νόμος ἐκυρώθη, ὅς ἐστιν ἐν στήλῃ χαλκῇ γεγραμμένος, ἦν ἀνέθεσαν ἐν τῷ Αὐεντίνῳ [5] κομίσαντες εἰς τὸ τῆς Ἀρτέμιδος ἱερὸν. κυρωθέντος δὲ τοῦ νόμου συνελθόντες οἱ δημοτικοὶ τὰ τε οἰκόπεδα διελάγχανον καὶ κατωκοδόμουν ὅσον ἕκαστοι τόπον δυνηθεῖεν ἀπολαμβάνοντες. εἰσὶ δ' οἱ σύνδυο καὶ σύντρεῖς καὶ ἔτι πλείους συνιόντες οἰκίαν κατεσκευάζοντο μίαν ἐτέρων μὲν τὰ κατάγεια λαγχανόντων, ἐτέρων δὲ τὰ ὑπερῶα. ὁ μὲν οὖν ἐνιαυτὸς ἐκεῖνος εἰς τὰς κατασκευὰς τῶν οἰκήσεων ἐδαπανήθη.

ὁ δὲ μετὰ τοῦτον, ἐν ᾧ τὴν ὑπατον ἀρχὴν παρεilhφεσαν Τίτος Ρωμίλιος καὶ Γάιος Οὐετούριος, δῆμαρχοι δ' ἦσαν οἱ περὶ Λεῦκιον Ἰκίλλιον τὸ δευτέρον ἄρχειν ἐξῆς αἰρεθέντες, οὐχ ἀπλοῦς, ἀλλὰ ποικίλος τις ἐγένετο καὶ μεγάλων μεστὸς πραγμάτων. ἦ τε γὰρ πολιτικὴ στάσις ἤδη μεμαράνθαι δοκοῦσα ὑπὸ τῶν δημάρχων πάλιν ἀνεκινεῖτο, καὶ πόλεμοι τινες ἐκ τῶν ἄλλοεθνῶν ἀνέστησαν, οἱ κακὸν μὲν [p. 62] οὐθὲν διαθεῖναι τὴν πόλιν

ἡδυνήθησαν, οὐ μικρὰν δὲ ὠφέλειαν τὸ στασιάζον ἀνελόντες ἐξ αὐτῆς. [2] ἐγκύκλιον γὰρ δὴ τοῦτο καὶ ἐν ἔθει ἦν ἥδη τῇ πόλει πολεμουμένη μὲν ὁμονοεῖν, εἰρήνην δὲ ἀγοῦσῃ στασιάζειν. τοῦτο συνιδόντες ἅπαντες οἱ τὰς ὑπάτους ἀρχὰς παραλαβόντες κατ' εὐχὰς μὲν εἴ τις ἐξῴθεν ἐπανασταίῃ πόλεμος ἐλάβανον: ἡσυχάζοντων δὲ τῶν ἀντιπάλων αὐτοὶ κατεσκεύαζον ἐγκλήματα καὶ προφάσεις πολέμων, ἅτε ὀρώντες διὰ μὲν τοὺς πολέμους μεγάλην καὶ εὐδαιμόνα γινομένην τὴν πόλιν, διὰ δὲ [3] τὰς στάσεις ταπεινὴν καὶ ἀσθενῆ. οἷς ὅμοια γνόντες οἱ τότε ὑπατοὶ στρατιὰν ἐξάγειν ἔκριναν ἐπὶ τοὺς πολεμίους δεδοικότες, μὴ τι διὰ τὴν εἰρήνην ἄρξωνται ταραττεῖν ἀργοὶ καὶ πένητες ἄνθρωποι, τοῦτο μὲν ὀρθῶς ἰδόντες, ὅτι δεῖ περισπᾶσαι τὸν ὄχλον ἐπὶ τοὺς ἔξω πολέμους, τὸ δὲ μετὰ τοῦτο οὐκ ὀρθῶς. δεόν γὰρ αὐτοὺς ὡς ἐν νοσοῦσῃ πόλει μετρίαις χρῆσθαι ταῖς στρατολογίαις ἐπὶ τὸ βίᾳ προσαναγκάζειν τοὺς ἀπειθοῦντας ἐτράποντο, οὔτε παραίτησιν οὔτε συγγνώμην οὔδενί διδόντες οὐδεμίαν, ἀλλὰ ταῖς ἐκ τῶν νόμων τιμωρίαις εἰς τε τὰ σώματα καὶ τὰς οὐσίας αὐτῶν πικρῶς χρώμενοι. [4] ταῦτα ποιοῦντων αὐτῶν ἀφορμὴν αὐθις εἰλήφεσαν οἱ δήμαρχοι τοῦ δημαγωγεῖν τὰ πλήθη: καὶ συναγαγόντες εἰς ἐκκλησίαν τὰ τ' ἄλλα τῶν ὑπάτων κατεβόων, καὶ ὅτι πολλοὺς τῶν πολιτῶν ἐκέλευσαν εἰς τὸ δεσμωτήριον ἀπάγειν τὴν [p. 63] δημαρχικὴν ἐξουσίαν ἐπικαλεσαμένους, τῆς τε στρατολογίας ἀπολύειν ἔφασαν αὐτοὶ δὴ μόνοι ἐξουσίαν ἐκ τῶν νόμων ἔχοντες. ὡς δ' οὐθὲν ἐπέβαινον, ἀλλ' ἐπιστρεφεστέρας ἔτι τὰς καταγραφὰς ἐώρων γινομένας, [5] ἔργοις κωλύειν ἐπεβάλλοντο. ἀμυνομένων δὲ τῶν ὑπάτων καὶ τῷ κράτει τῆς ἀρχῆς ἐρεθισμοὶ τέ τινες ἐγίνοντο καὶ χειρῶν ἐπιβολαί. συνηγωνίζετο δὲ τοῖς μὲν ὑπατοῖς ἢ τῶν πατρικίων νεότης, τοῖς δὲ δημάρχοις ὁ πένης καὶ ἀργὸς ὄχλος. [6] ἐκείνην μὲν οὖν τὴν ἡμέραν παρὰ πολὺ κρείττους ἐγένοντο τῶν δημάρχων οἱ ὑπατοὶ, ταῖς δ' ἐξῆς ἡμέραις πλείονος ὄχλου συρρέοντος εἰς τὴν πόλιν ἐκ τῶν ἀγρῶν, δόξαντες οἱ δήμαρχοι προσειληφέναι χεῖρα ἀξιόμαχον ἐκκλησίας τε συνεχεῖς ἐποιοῦντο καὶ τοὺς ὑπηρέτας κακῶς διακειμένους ἐκ τῶν πληγῶν ἐπεδείκνυσαν καὶ τὴν ἀρχὴν ἔλεγον ἀποθήσασθαι, εἰ μὴ τις αὐτοῖς ἔσται παρὰ τοῦ δήμου βοήθεια.

συναγανακτοῦντος δ' αὐτοῖς τοῦ πλήθους ἐκάλουν τοὺς ὑπάτους ἐπὶ τὸν δῆμον ὡς τῶν πεπραγμένων ὑφέξοντας λόγον. ὡς δ' οὐ προσεῖχον αὐτοῖς ἐκεῖνοι τὸν νοῦν, ἐπὶ τὴν βουλὴν παρήσαν — ἔτυχον γὰρ ὑπὲρ αὐτῶν τούτων συνεδρεῦοντες — καὶ παρελθόντες ἐδέοντο μὴτ' αὐτοὺς τὰ αἰσχιστα πεπονθότας ὑπεριδεῖν μήτε τὸν δῆμον ἀφαιρεθέντα τὴν ἐξ αὐτῶν βοήθειαν, διεξιόντες ὅσα ἦσαν πεπονθότες [p. 64] ὑπὸ τῶν ὑπάτων καὶ τῆς περὶ αὐτοὺς συνωμοσίας οὐ μόνον εἰς τὴν ἐξουσίαν, ἀλλὰ καὶ εἰς τὰ [2] σώματα προπηλακισθέντες. ἡξίουں τε дуεῖν θάτερον ποιεῖν τοὺς ὑπάτους: εἰ μὲν ἀρνοῦνται μὴδὲν ὧν οἱ νόμοι κεκωλύκασιν εἰς τὰ τῶν δημάρχων πλημμελῆσαι σώματα, παραγενομένους εἰς τὴν ἐκκλησίαν ἀπομόσαι, εἰ δ' οὐχ ὑπομένουσι τὸν ὄρκον, ἦκειν ἐπὶ τοὺς δημότας λόγον ὑφέξοντας: ἀναδώσειν γὰρ ὑπὲρ αὐτῶν ταῖς φυλαῖς τὴν ψῆφον. [3] οἱ δ' ὑπατοὶ πρὸς ταῦτ' ἀπελογοῦντο διδάσκοντες, ὅτι τῆς ὕβρεως οἱ δήμαρχοι ἄρξειαν αὐθαδεῖα χρῆσάμενοι καὶ τολμήσαντες εἰς ὑπάτων σώματα παρανομεῖν, τὸ

μὲν πρῶτον ὑπηρέταις τε καὶ ἀγορανόμοις ἐπιτάττοντες ἄγειν εἰς τὸ δεσποτήριον ἄρχοντας, οἷς τὸ πάντων ἀποδέδοται κράτος, ἔπειτ' αὐτοὶ τολμήσαντες ὁμόσε χωρεῖν σὺν τοῖς ἰταμωτάτοις τῶν δημοτικῶν· [4] τὰς τε ἀρχὰς διδάσκοντες ὅσον ἀλλήλων διαφέρουσιν, ἡ μὲν ὑπατική τὸ τῶν βασιλέων ἔχουσα κράτος, ἡ δὲ δημαρχικὴ τῆς βοηθείας ἔνεκα παρελθλυθῆα τῶν κατισχυομένων, ἥ τοσούτου δεῖν ἐξεῖναι κατὰ τῶν ὑπάτων τινὸς ψῆφον ἀναδιδόναι τοῖς ὄχλοις, ὥστε μηδὲ κατὰ τῶν ἄλλων πατρικίων τοῦ φαυλοτάτου ταύτην ἀποδεδόσθαι τὴν ἐξουσίαν, ἂν μὴ ἡ βουλὴ ψηφίσηται. ἡπεῖλουν τε, ὅταν ἐκεῖνοι ψῆφον ἀναδῶσι τοῖς δημόταις, αὐτοὶ τὰ ὅπλα περιθήσιν τοῖς πατρικίοις. [5] τοιούτων δὴ ῥηθέντων λόγων [p. 65] δι' ὅλης ἡμέρας οὐδὲν ἐξήνεγκεν ἡ βουλὴ τέλος, ἵνα μήτε τὴν τῶν ὑπάτων ἀρχὴν μειώσῃε μήτε τὴν τῶν δημάρχων, ἐκότερον ὁρῶσα μεγάλων κινδύνων αἵτιον ἐσόμενον.

ἐπεὶ δὲ κἀκεῖθεν ἀπηλάθσαν οἱ δήμαρχοι βοήθειαν οὐδεμίαν εὐρόμενοι, ἐσκόπουν αὖθις ὅ τι χρὴ ποιεῖν εἰς τὸν δῆμον ἀφικόμενοι. ἐνίοις μὲν οὖν ἐδόκει καὶ μάλιστα τοῖς ταραχωδεστάτοις ἀπέναι πάλιν ἐκ τῆς πόλεως τοὺς δημοτικούς τὰ ὅπλα ἀναλαμβάνοντας εἰς τὸ ἱερὸν ὄρος, ἔνθα καὶ τὸ πρῶτον ἐστρατοπεδεύσαντο, καὶ τὸν πόλεμον ἐκεῖθεν ὁρμωμένους ποιεῖν πρὸς τοὺς πατρικίους, ἐπειδὴ τὰς συνθήκας ἔλυσαν ἐκεῖνοι τὰς γενομένας αὐτοῖς πρὸς τὸν δῆμον, καταλύοντες τὴν δημαρχικὴν ἐξουσίαν ἐκ τοῦ φανεροῦ. [2] τοῖς δὲ πλείοσιν ἐδόκει μὴ παραχωρεῖν τῆς πόλεως μηδὲ κοινὰ πάντων ἐγκλήματα ποιεῖν, ὑπὲρ ὧν ἰδίᾳ τινὲς εἰς τοὺς δημάρχους παρενόμησαν, ἐὰν τὰ συγκεχωρημένα τοῖς νόμοις λαμβάνωσιν, οἱ κελεύουσιν ἢ ποινὴν τίνειν ἢ τεθάναι τοὺς ὑβρίσαντας τὰ τῶν δημάρχων σώματα. τοῖς δὲ χαριεστέροις οὐδέτερον τούτων ἐφαίνετο καλῶς ἔχειν, οὔτε τὴν πόλιν ἐκλιπεῖν οὔτε φόνον ἄκριτον ἐπιτελεῖν, καὶ ταῦτα ὑπάτων, οἷς ἡ μεγίστη ὑπέκειτο ἀρχή, ἀλλ' εἰς τοὺς συναγωνιζομένους [p. 66] αὐτοῖς μεταφέρειν τὴν ὀργήν, καὶ τὰς ἐκ τῶν νόμων τιμωρίας παρ' ἐκείνων λαμβάνειν. [3] εἰ μὲν οὖν ἐκείνην τὴν ἡμέραν θυμῷ φερόμενοι δρᾶσαι τι οἱ δήμαρχοι κατὰ τῶν ὑπάτων ἢ τῆς βουλῆς προήχθησαν, οὐθὲν ἂν ἦν τὸ κωλύσον αὐτὴν ὑφ' αὐτῆς ἀπολωλέναι τὴν πόλιν· οὕτως ἔτοιμοι πάντες ἦσαν ἐπὶ τὰ ὅπλα καὶ τὸν κατ' ἀλλήλων πόλεμον. νῦν δ' ἀναβαλόμενοι τὰ πράγματα καὶ δόντες ἑαυτοῖς χρόνον εἰς ἀμείνω λογισμὸν αὐτοὶ τε μετριώτεροι ἐγένοντο καὶ τὰς τῶν πολλῶν ὀργὰς ἐπράναναν. [4] ἔπειτα ταῖς ἐξῆς ἡμέραις τὴν τρίτην ἀπ' ἐκείνης ἐσομένην ἀγορὰν προειπόντες, ἐν ἣ τὸν δῆμον συνάξουσιν καὶ ζημίαν ἐπιβαλοῦσι τοῖς ὑπάτοις ἀργυρικὴν, διέλυσαν τὴν ἐκκλησίαν. ἐπεὶ δὲ πλησίον ἦν ὁ χρόνος, ἀπέστησαν καὶ ταύτης τῆς ἐπιβολῆς τῇ δεήσει τῶν πρεσβυτάτων τε καὶ ἐντιμοτάτων τὴν χάριν ἀνατιθέναι λέγοντες. [5] καὶ μετὰ ταῦτα συναγαγόντες τὸν δῆμον ἔλεγον, ὅτι τὰς μὲν εἰς ἑαυτοὺς ὕβρεις ἀφείκασιν χαρισάμενοι πολλοῖς καὶ ἀγαθοῖς ἀνδράσι δεομένοις, οἷς οὐκ ἦν ὅσιον ἀντιλέγειν, ὧν δὲ ὁ δῆμος ἡδικοῖτο κωλυταί τε καὶ τιμωροὶ ἔσσεσθαι. προθήσιν γὰρ αὖθις τὸν τε περὶ τῆς κληρουχίας νόμον ἔτη τριάκοντα παρειλκυμένον καὶ τὸν περὶ τῆς ἰσονομίας, ὃν οἱ πρὸ αὐτῶν δήμαρχοι προθέντες οὐκ ἐπεψήφισαν.

ταῦθ' ὑποσχόμενοι καὶ ὁμόσαντες ἀπέδειξαν ἡμέρας, ἐν αἷς ἀγορὰν ποιήσονται τοῦ δήμου [p. 67] καὶ τὰς ψήφους ἀναδῶσουσι περὶ τῶν νόμων: ἐπιστάντος δὲ τοῦ χρόνου πρῶτον εἰσέφερον τὸν χωρονομικὸν νόμον καὶ πολλοὺς διελθόντες λόγους ἐκάλουν, εἴ τις τῷ νόμῳ συναγορεύειν βούλεται τῶν δημοτικῶν. μετὰ ταῦτα οἱ τε δήμαρχοι καὶ οἱ ὕπατοι παρήσαν, καὶ λέγειν ὁ κῆρυξ ἐκέλευσε τὸν βουλόμενον τοῦ νόμου κατηγορεῖν. πολλῶν δὲ καὶ ἀγαθῶν ἀνδρῶν παριόντων οὐθενὸς ἐξάκουστος ἦν ὁ λόγος ὑπὸ τοῦ θορύβου τε καὶ τῆς ἀκοσμίας τῶν ἐκκλησιαζόντων. οἱ μὲν γὰρ ἐπεκέλευόν τε καὶ ἐπεθάρρυνον τοὺς λέγοντας, οἱ δ' ἐξέβαλλον τε καὶ κατεβόων. ἐκράτει δὲ οὔτε ὁ τῶν συλλαμβανόντων ἔπαινος, οὔτε ὁ τῶν ἀντιπραττόντων θόρυβος. ^[2] ἀγανακτοῦντων δὲ τῶν ὑπάτων καὶ μαρτυρομένων, ὅτι τῆς βίας ὁ δῆμος ἄρχει λόγον οὐκ ἀξιώων ὑπομένειν, ἀπελογοῦντο οἱ δήμαρχοι πρὸς ταῦτα, ὅτι ἤδη πέμπτον ἔτος τῶν αὐτῶν ἀκούοντες λόγων οὐθὲν ποιοῦσι θαυμαστόν, εἰ μὴ ἀξιοῦσιν ὑπομένειν ἐώλους καὶ κατημαξευμένας ἀντιλογίας. ^[3] ὥς δὲ τὸ πλεῖον τῆς ἡμέρας εἰς ταῦτα ἐδαπανήθη, καὶ ὁ δῆμος ἀπῆτει τὰς ψήφους, οὐκέτι ἀνασχετὸν ἡγησάμενοι τὸ πρᾶγμα οἱ νεώτατοι τῶν πατρικίων διίστασθαι τε βουλομένοις κατὰ φυλὰς τοῖς δημόταις ἐμποδῶν ἐγίνοντο καὶ τὰ ἀγγεῖα τῶν ψήφων τοὺς ἔχοντας ἀφηροῦντο καὶ τῶν ὑπηρετοῦντων τοὺς μὴ βουλομένους ταῦτα ἀφιέναι τύπτοντές τε καὶ ^[4] ὠθοῦντες ἐξέβαλλον. κεκραγόντων δὲ τῶν δημάρχων καὶ εἰς μέσους αὐτοὺς ὠθουμένων ἐκείνοις μὲν ὑπεχώρουν καὶ παρεῖχον ὅποι βούλονται χωρεῖν ἄδεῶς, τοῦ δ' ἄλλου δήμου τὸ ἐπόμενον αὐτοῖς καὶ τὸ κατ' [p. 76] ἄλλα καὶ ἄλλα μέρη τῆς ἀγορᾶς ὑπὸ θορύβου καὶ ἀταξίας κινούμενον ἐπ' αὐτοὺς οὐ παρίεσαν, ὥστ' ἀνωφελὴς ἦν ἡ τῶν ἀρχόντων βοήθεια. τέλος δ' οὖν ἐπεκράτησαν οἱ πατρικιοὶ καὶ οὐκ εἶσαν ἐπικυρωθῆναι τὸν νόμον. ^[5] οἱ δὲ προθυμότατα συλλαβέσθαι δόξαντες τοῖς ὑπάτοις ἐκ τριῶν οἰκίῶν ἦσαν, Ποστόμιοι καὶ Σεμπρώνιοι καὶ τρίτοι Κλοῖλιοι, γένους τε ἀξιώσει λαμπρότατοι καὶ ἐταιρίαις μεγάλα δυνάμενοι πλούτῳ τε καὶ δόξῃ καὶ τοῖς κατὰ πόλεμον ἔργοις ἐπιφανεῖς· καὶ τοῦ μὴ κυρωθῆναι τὸν νόμον οὗτοι ὠμολογοῦντο αἰτιώτατοι γενέσθαι.

[3] ὥς δ' ἀνεγνώσθη τὸ δόγμα τῆς βουλῆς ἐν τῇ ἐκκλησίᾳ, πολλοὶ καὶ τοῦ δήμου τὸν ἀγῶνα ἐκόντες ὑπέμειναν: οἱ μὲν ἐπεικέστατοι δι' αἰσχύνην, εἰ μηδὲν ἐπικουρήσουσι πόλει συμμαχῶ διὰ τὴν πρὸς αὐτοὺς εὖνοιαν ἀεὶ τι πρὸς τῶν ἐχθρῶν βλαπτομένη: ἐν οἷς ἦν καὶ ὁ Σίκκιος ἐκεῖνος ὁ κατηγορήσας ἐν τῷ δήμῳ τῶν σφετερισσαμένων τὴν δημοσίαν γῆν, σπεῖραν ἐπαγόμενος ὀκτακοσίων ἀνδρῶν, οἱ στρατεύεσθαι μὲν οὐκέτι ὥραν εἶχον, ὥσπερ οὐδ' ἐκεῖνος, οὐδ' ἔπιπτον ὑπὸ τὰς ἀνάγκας τῶν νόμων, τιμῶντες δὲ τὸν ἄνδρα διὰ πολλὰς καὶ μεγάλας εὐεργεσίας, ἐξιόντος ἐπὶ τὸν πόλεμον οὐκ ἐδικαίωσαν ἀπολείπεσθαι. [4] καὶ ἦν τοῦτο τὸ μέρος τῆς ἐξελλούσης τότε δυνάμεως ἐμπειρίᾳ τε ἀγώνων καὶ τῇ παρὰ τὰ δεινὰ εὐτολμίᾳ μακρῶ τοῦ ἄλλου ἄμεινον. οἱ δὲ πολλοὶ χάριτι καὶ παρακλήσει τῶν πρεσβυτάτων ὑπαχθέντες εἴποντο. ἦν δὲ τι μέρος, ὃ τῶν ὠφελειῶν ἔνεκα τῶν ἐν ταῖς στρατείαις γινομένων πάντα κίνδυνον ἔτοιμον ἦν ὑπομένειν. καὶ δι' ὀλίγου χρόνου δύνამις ἐξῆλθε πλήθει τε ἀποχρῶσα καὶ παρασκευαῖς κεχρημένη λαμπροτάταις. [5] οἱ μὲν οὖν [p. 80] πολέμιοι προακούσαντες, ὅτι μέλλουσιν ἐπ' αὐτοὺς ἐξάγειν Ῥωμαῖοι στρατιάν, ἀπῆγον ἐπ' οἴκου τὰς δυνάμεις. οἱ δ' ὑπατοὶ κατὰ σπουδὴν ἐλαύνοντες καταλαμβάνουσιν ἐστρατοπεδευκότας αὐτοὺς πόλεως Ἀντίου πλησίον ἐν ὑψηλῷ καὶ ἀποτόμῳ χωρίῳ καὶ τίθενται τὴν παρεμβολὴν τῆς ἐκείνων οὐ πρόσω. [6] τέως μὲν οὖν ἐν ταῖς ἑαυτῶν ἐπέμενον ἀμφοτέροι παρεμβολαῖς, ἔπειτα καταφρονήσαντες τῶν Ῥωμαίων Αἰκανοὶ τῆς οὐ προεπιχειρήσεως καὶ πλήθος οὐχ ἱκανοὺς εἶναι νομίσαντες ἀγοράς τ' αὐτῶν περιέκοπτον ἐξιόντες καὶ τοὺς ἐπὶ προνομίᾳ ἀποστελλομένους ἢ χόρτον ἵπποις ἀνεκρούοντο καὶ τοῖς πρὸς ὕδρεϊαν καταβαίνουσιν αἰφνιδίως ἐπετίθεντο, προὔκαλοῦντό τ' αὐτοὺς πολλάκις εἰς μάχην.

ταῦθ' ὁρῶσι τοῖς ὑπάτοις ἐδόκει μηκέτι διατρίβειν τὸν πόλεμον. ἦν δ' ἐν ἐκείναις ταῖς ἡμέραις ἡ τοῦ πολεμεῖν ἐξουσία Ῥωμιλίῳ προσήκουσα, καὶ ὁ τὸ σύνθημα διδοὺς καὶ εἰς τάξιν καθιστὰς ἄρχειν τε καὶ παύεσθαι μάχης τὸν καιρὸν ταμιεύων ἐκεῖνος ἦν: ὃς ἐπειδὴ τὰ σημεῖα ἐκέλευσεν ἀρθῆναι ἐκ τῆς μάχης καὶ προῆγεν ἐκ τοῦ χάρακος τὸν στρατὸν, τοὺς μὲν ἄλλους ἔτασεν ἵππεῖς τε καὶ τοὺς πεζοὺς κατὰ σπεύρας ἐν τοῖς ἐπιτηδείοις ἐκάστους τόποις, τὸν δὲ Σικκιον καλέσας λέγει: [2] ἡμεῖς μὲν, ὦ Σικκίε, μαχοῦμεθα τοῖς πολεμίοις ἐνθάδε, σὺ δ' ἐν ὧν μέλλομεν ἔτι καὶ [p. 81] παρασκευαζόμεθα τὰ πρὸς τὸν ἀγῶνα ἀμφοτέροι, χώρει τὴν πλαγίαν ἐκείνην ὁδὸν ἐπὶ τὸ ὄρος, ἐνθα ἡ τῶν πολεμίων ἐστὶ παρεμβολή, καὶ μάχην τίθεσο πρὸς τοὺς ἐν τῷ χάρακι, ἴν' ἡ περὶ τῷ φρουρίῳ δεισαντες οἱ πρὸς ἡμᾶς μαχόμενοι καὶ βοηθεῖν προθυμούμενοι νῶτά τε δεῖξωσι καὶ

εὐκατέργαστοι γένωνται, καθάπερ εἰκὸς ἐν ἀναχωρήσει ταχείᾳ, καὶ εἰς μίαν ὁδὸν ἅπαντες βιαζόμενοι, ἢ μένοντες αὐτόθι τὸν χάρακα ἀποβάλωσιν. [3] οὐτε γὰρ ἡ φυλάττουσα αὐτὸν δύναμις ἀξιόμαχος ἐστίν, ὡς εἰκάσειεν ἄν τις, ἐπὶ τῷ ἐρυμνῷ τοῦ τόπου δοκοῦσα εἶναι πᾶν τὸ ἀσφαλές· ἢ τε ἅμα σοι δύναμις ἀποχρῶσα γένοιτ' ἄν, ἄνδρες ὀκτακόσιοι πολλῶν ἀθληταὶ πολέμων, τεταραγμένους σκηνοφύλακας ἀπροσδόκητοι προσπεσόντες τῷ τολμηρῷ ἔλειν. [4] καὶ ὁ Σικκιος ἔφησεν· ἀλλ' ἔγωγε ἅπαντα μὲν ἔτοιμος ὑπηρετεῖν· τὸ μέντοι ἔργον οὐ ῥάδιον ὥσπερ σοι δοκεῖ. ὕψηλὴ τε γὰρ ἡ πέτρα καὶ ἀπότομος, ἐφ' ἧς ὁ χάραξ, ὁδὸν τε οὐδεμίαν ὁρῶ φέρουσιν ἐπ' αὐτοὺς ἔξω τῆς μιᾶς, ἢ καταβήσονται οἱ πολέμιοι πρὸς ἡμᾶς, φυλακὴν τ' εἰκὸς ἀξιόμαχον εἶναι ἐν αὐτῇ· κἂν ὀλίγη δὲ πάνυ καὶ φαῦλη τις οὖσα τύχη, πρὸς πολλῷ πλείονα ἢ τὴν σὺν ἐμοὶ δύναμιν ἀντέχειν οἷα τε ἔσται, τὸ τε χωρίον αὐτὸ παρέξει τῇ φυλακῇ τοῦ μὴ ἀλῶσεσθαι τὸ ἀσφαλές. [5] ἀλλὰ μάλιστα μὲν ἀνάθου τὴν γνώμην — ἡ πεῖρα γὰρ ἐπισφαλῆς — εἰ δὲ πάντως ἔγνωσται σοι δύο τίθεσθαι μάχας ἐν ἐνὶ καιρῷ, δύναμιν ἀξιόχρεων ἀνδρῶν ἐπιλέκτων τάξον ἀκολουθεῖν μοι σὺν τοῖς πρεσβυτέροις. [p. 82] οὐ γὰρ κλέφοντες τὸ χωρίον, ἀλλὰ βίᾳ καὶ φανερώς ἐξελοῦντες ἄνιμεν.

ἔτι δ' αὐτοῦ βουλομένου λέγειν τάκολουθα ὑπολαβὼν ὁ ὕπατος εἶπεν· οὐ πολλῶν δεῖ λόγων, ἀλλ' εἰ μὲν ὑπομένεις πράττειν τὰ προσταττόμενα, χώρει διὰ ταχέων καὶ μὴ παραστρατήγῃ, εἰ δὲ ἀφίστασαι καὶ ἀποδιδράσκεις τὸν κίνδυνον, ἑτέροις εἰς τὸ ἔργον χρήσομαι. [2] σὺ δὲ τὰς ἑκατὸν εἰκοσι μάχας ἀγωνισάμενος καὶ τὰ τετταράκοντα ἔτη στρατευσάμενος καὶ κατατετρωμένος ὅλον τὸ σῶμα, ἐπειδὴ ἐκὼν ἦλθες, ἅπθῃ μήτε ὁμιλήσας πολεμίοις μήτ' ἰδὼν καὶ ἀντὶ τῶν ὅπλων ἀκόνα πάλιν τοὺς λόγους, οἷς χρήσῃ κατὰ [3] τοῦ φθόνου τῶν πατρικίων. ποῦ νῦν ἐκεῖνᾴ σου τὰ πολλὰ ἀριστεῖα, οἱ στρεπτοὶ καὶ τὰ ψέλλια καὶ τὰ δόρατα καὶ τὰ φάλαρα καὶ οἱ τῶν ὑπάτων στέφανοι καὶ τὰ ἐκ τῶν μονομαχιῶν λάφυρα καὶ πᾶσα ἡ ἄλλη βαρύτης, ἣν τότε ἠνεσχόμεθά σου λέγοντος· ἐν ἐνὶ γὰρ δὴ τῷδε τῷ ἔργῳ βασανιζόμενος, ἔνθα κίνδυνος ἦν ἀληθινός, ἐξητάσθης οἷος ἦσθα, ὡς ἀλαζῶν καὶ δόξῃ [4] τὸ ἀνδρεῖον ἐπιτηδεύων, οὐκ ἀληθεῖα. καὶ ὁ Σικκιος δυσανασχετῶν ἐπὶ τοῖς ὀνειδεσίν· οἶδα, φησίν, ὦ Ῥωμίλιε, ὅτι дуεῖν πρόκειται σοι θάπερον ἢ ζῶντα [p. 83] διεργάσασθαι καὶ τὸ μηδὲν ἀποδοῦναι δόξαν αἰσχιστὴν ἐνεγκάμενον δειλίας, ἢ κακῶς καὶ ἀδήλως κατακοπέντα ὑπὸ τῶν πολεμίων ἀποθανεῖν, ἐπειδὴ κάγώ τις ἔδοξα εἶναι τῶν ἀξιούντων ἐλεύθερα φρονεῖν· οὐ γὰρ εἰς ἀδῆλον, ἀλλ' εἰς ἐγνωσμένον ἀποστέλλεις με θάνατον· [5] πλὴν ὑπομενῶ καὶ τοῦτο τὸ ἔργον καὶ πειράσομαι φανεῖς ψυχὴν οὐ κακὸς ἢ κρατῆσαι τοῦ χάρακος, ἢ μὴ τυχὼν τῆς ἐλπίδος εὐγενῶς ἀποθανεῖν. ὑμᾶς δ', ὧ συστρατιῶται, μάρτυρας ἀξιῶ γενέσθαι μοι πρὸς τοὺς ἄλλους πολίτας, ἐὰν πύθῃσθε τὸν ἐμὸν μόρον, ὅτι με ἀπώλεσεν ἡ ἀρετὴ καὶ ἡ πολλὴ τῶν λόγων ἐλευθερία. [6] ταῦτα πρὸς τὸν ὕπατον ἀποκρινάμενος καὶ δακρύσας τοὺς τε συνήθεις ἅπαντας ἀσπασάμενος ὥχето τοὺς ὀκτακοσίους ἄνδρας ἄγων κατηφεῖς καὶ δεδακρυσμένους ὡς τὴν ἐπὶ θανάτῳ πορευομένους· καὶ ἡ ἄλλη δὲ πᾶσα στρατιὰ δι' οἴκου τὸ πρᾶγμα ἔλαβεν ὡς οὐκέτι ὀφομένη τοὺς ἄνδρας.

ὁ δὲ Σικκιος ἑτέραν ἀποστραφεῖς, οὐχ ἦν ὁ Ῥωμίλιος ὑπελάμβανε, παρὰ τὴν λαγόναν τοῦ ὄρους ἦγεν. ἔπειτα — ἦν γάρ τις δρυμὸς ὕλην βαθεῖαν ἔχων — εἰς τοῦτον ἄγων τοὺς ἄνδρας ἴσταται τε καὶ φησιν: ὑπὸ μὲν τοῦ ἡγεμόνος ἀπεστάλμεθα, ὥσπερ ὀρᾶτε, ἀπολούμενοι. ἐδόκει γὰρ ἡμᾶς τὴν πλαγίαν χωρήσειν ὁδόν, ἦν ἀναβαίνοντας ἀμήχανον ἦν μὴ οὐ φανεροὺς τοῖς πολεμίοις γενέσθαι. ἐγὼ δ' ὑμᾶς ἄξω κατ' ἄδηλον τοῖς ἐχθροῖς ὁδόν καὶ πολλὰς [p. 84] ἐλπίδας ἔχω τριῶν ἐπιλήψεσθαι τινων, αἱ κατὰ κορυφῆς ἄξουσιν ἡμᾶς ἐπὶ τὸν χάρακα: καὶ ἐλπίδας χρηστὰς ἔχετε. [2] ταῦτ' εἰπὼν ἦγε διὰ τοῦ δρυμοῦ, καὶ πολὺν ἤδη διεληλυθὼς τόπον εὕρισκει κατὰ δαίμονα ἄνδρα ἐξ ἀγροῦ ποθεν ἀπιόντα, ὃν τοῖς νεωτάτοις συλλαβεῖν κελεύσας ἡγεμόνα ποιεῖται τῆς ὁδοῦ. κάκεινος αὐτοὺς ἄγων περὶ τὸ ὄρος σὺν πολλῷ χρόνῳ καθίστησιν ἐπὶ τὸν παρακείμενον τῷ χάρακι λόφον, [3] ὅθεν ἦν ταχεῖα καὶ εὐεπιφόρος ἐπ' αὐτὸν ὁδός. ἐν ᾧ δὲ ταῦτ' ἐγίνετο χρόνῳ, συνήεσαν αἱ τε τῶν Ῥωμαίων καὶ αἱ τῶν Αἰκανῶν δυνάμεις ὁμόσε καὶ καταστᾶσαι ἐμάχοντο, πλήθει τ' ἀγχώμαλοι οὔσαι καὶ ὀπλισμοῖς καὶ προθυμίαν παρεχόμεναι τὴν αὐτήν: καὶ διέμειναν ἐπὶ πολὺν χρόνον ἰσόρροποι, τοτὲ μὲν ἐπιβαίνοντες ἀλλήλοις, τοτὲ δ' ὑποχωροῦντες, ἵππεῖς τε ἵππεῦσι καὶ πεζοὶ πεζοῖς, καὶ ἔπεσον ἐξ ἑκατέρων [4] ἄνδρες ἐπιφανεῖς. ἔπειτα κρίσιν λαμβάνει ὁ πόλεμος ἐπιτελεῖ. ὁ γὰρ Σικκιος καὶ οἱ σὺν αὐτῷ, ἐπειδὴ πλησίον ἐγένοντο τῆς παρεμβολῆς τῶν Αἰκανῶν, ἀφύλακτον εὐρόντες ἐκείνο τὸ μέρος τοῦ χάρακος — ἐπὶ γὰρ θάτερα τὰ πρὸς τοὺς μαχομένους ἐστραμμένα μέρη πᾶσα ἡ φυλάττουσα αὐτὸν δύναμις ἐτράπετο κατὰ θεάν τοῦ ἀγῶνος — ἐπεισπεσόντες κατὰ πολλὴν εὐπέτειαν κατὰ κορυφῆς γίνονται τῶν φυλάκων. [5] ἔπειτ' ἀλαλάξαντες ἔθεον ἐπ' αὐτούς: οἱ δ' ὑπὸ τοῦ παρ' ἐλπίδα [p. 85] δεινοῦ ἐκταραχθέντες καὶ οὐ τοσοῦτους εἶναι δόξαντες, ἀλλὰ τὸν ἕτερον ἡκεῖν ὕπατον ἄγοντα τὴν σὺν αὐτῷ δύναμιν, ἐρρίπτουν ἔξω τοῦ χάρακος ἑαυτούς, οὐδὲ τὰ ὄπλα οἱ πολλοὶ φυλάξαντες. οἱ δὲ περὶ τὸν Σικκιον τοὺς καταλαμβανομένους αὐτῶν φονεῦντες καὶ τοῦ χάρακος κρατήσαντες ἐχώρουν ἐπὶ τοὺς ἐν τῷ πεδίῳ. [6] οἱ δὲ Αἰκανοὶ τοῦ χάρακος τὴν ἄλωσιν ἀπὸ τε τῆς φυγῆς καὶ τῆς κραυγῆς τῶν σφετέρων αἰσθόμενοι καὶ μετ' οὐ πολὺ κατὰ νώτου σφίσι τοὺς πολεμίους ἐπιόντας ὀρῶντες, οὐκέτι γενναῖον οὐδὲν ἀπεδείξαντο, ἀλλὰ διασπᾶσαντες τὰς τάξεις ἔσωζον ἑαυτούς ἄλλοι κατ' ἄλλας ὁδοὺς: ἔνθα ὁ πλεῖστος αὐτῶν ἐγίνετο φόνος. οὐ γὰρ ἀνέεσαν οἱ Ῥωμαῖοι μέχρι νυκτὸς διώκοντές τε καὶ κτείνοντες τοὺς ἀλίσκομένους. [7] ὁ δὲ πλεῖστους τ' αὐτῶν διαφθείρας καὶ λαμπρότατα ἔργα ἀποδειξάμενος Σικκιος ἦν, ὅς, ἐπειδὴ τέλος ἐώρα τὰ τῶν πολεμίων ἔχοντα σκότους ὄντος ἤδη, τὴν σπεῖραν ἄγων ἐπὶ τὸν κρατηθέντα ὑπὸ σφῶν χάρακα ἀνέστρεφε μεγάλης χαρᾶς καὶ πολλοῦ μεστὸς ὦν αὐχήματος. [8] οἱ τε περὶ αὐτὸν ἀθῶοι καὶ ἀβλαβεῖς πάντες οὐ μόνον οὐδὲν παθόντες ὦν προσεδόκησαν, ἀλλὰ καὶ δόξαν ἐπιφανεστάτην ἐξενεγκάμενοι, πατέρα καὶ σωτῆρα καὶ θεὸν καὶ πάντα τὰ τιμιώτατα ὀνομάζοντες ἀπλήστως εἶχον ἀσπασμῶν τε τοῦ ἀνδρὸς καὶ τῶν ἄλλων φιλοφρονήσεων ἡδονάς. ἐν δὲ τούτῳ καὶ ἡ ἄλλη τῶν [p. 86] Ῥωμαίων φάλαγξ ἅμα τοῖς ὑπάτοις ἀπὸ τῆς διώξεως ἀνέστρεφεν ἐπὶ τὸν ἐαυτῆς χάρακα.

μέσαι τ' ἤδη νύκτες ἦσαν, καὶ ὁ Σίκκιος μνησικακῶν τοῖς ὑπάτοις τῆς ἐπὶ τὸν θάνατον ἀποστολῆς εἰς νοῦν βάλλεται τὴν δόξαν ἀφελέσθαι τοῦ κατορθώματος. κοινωνῶντες δὲ τοῖς ἀμφ' αὐτὸν ἦν εἶχε διάνοιαν, ἐπειδὴ πᾶσιν ὀρθῶς ἐφαίνετο, καὶ οὐθείς ἦν ὃς οὐκ ἐθαύμαζε τῆς τε φρονήσεως καὶ τῆς τόλμης τὸν ἄνδρα, λαβὼν τὰ ὄπλα καὶ τοὺς ἄλλους κελεύσας ἀναλαβεῖν, πρῶτον μὲν ἀνθρώπους ὅσους ἐν τῷ χάρακι κατέλαβε τῶν Αἰκανῶν καὶ ἵππους καὶ τᾶλλα ὑποζύγια κατέκοψεν: ἔπειτα ὑψήψε τὰς σκηνὰς ὄπλων τε καὶ οἴτου καὶ ἐσθῆτος καὶ τῶν εἰς τὸν πόλεμον ἐπιτηδείων γεμούσας τῶν τε ἄλλων χρημάτων, ὧν ἐκ τῆς Τυσκλάνων λείας ἐπήγοντο πολλῶν πάνυ ὄντων. [2] ὡς δ' ἅπαντα ὑπὸ τοῦ πυρὸς ἠφάνιστο, περὶ τὸν ὀρθρον ἀπῆει φέρων οὐθὲν ὅτι μὴ τὰ ὄπλα, καὶ διανύσας σπουδῇ τὴν ὁδὸν εἰς Ῥώμην παρῆν. ὡς δ' ὠφθησαν ἄνθρωποι καθωπλισμένοι παιανίζοντές τε καὶ σπουδῇ χωροῦντες αἵματι πολλῷ πεφυρμένοι, δρόμος ἐγίνετο καὶ πολλὴ προθυμία τῶν βουλομένων ἰδεῖν τ' αὐτοὺς καὶ τὰ πραχθέντα ἀκοῦσαι. [3] οἱ δὲ μέχρις ἀγορᾶς ἐλθόντες ἐδήλωσαν τοῖς δημάρχοις τὰ γενόμενα, κἀκεῖνοι συναγαγόντες ἐκκλησίαν ἐκέλευον αὐτοὺς πρὸς ἅπαντας λέγειν. ὄχλου δὲ πολλοῦ συναχθέντος [p. 87] παρελθὼν ὁ Σίκκιος τὴν τε νίκην αὐτοῖς ἐδήλωσε καὶ τὸν τρόπον τοῦ ἀγῶνος ἐνεφάνισε, καὶ ὅτι παρὰ τὴν ἰδίαν ἀρετὴν καὶ τῶν σὺν αὐτῷ πρεσβυτέρων ἀνδρῶν ὀκτακοσίων, οὓς ἀποθανουμένους ἀπέστειλαν οἱ ὑπάτοι, ὃ τε χάραξ ὁ τῶν Αἰκανῶν ἐλήφθη καὶ ἡ δύναμις ἡ παραταξαμένη τοῖς ὑπάτοις ἠναγκάσθη φυγεῖν: [4] ἡξίου τε αὐτοὺς μηδενὶ τῆς νίκης ἐτέρῳ τὴν χάριν εἶδέναι καὶ τελευτῶν ἔτι προσέθηκεν ἐκεῖνον τὸν λόγον, ὅτι τὰς ψυχὰς καὶ τὰ ὄπλα σώζοντες ἤκομεν, ἄλλο δὲ οὐδὲν τῶν κεκρατημένων οὔτε μεῖζον οὔτ' ἔλαττον ἐξενεγκάμενοι. [5] ὁ δὲ δῆμος ἀκούσας τὸν λόγον εἰς οἶκτόν τε καὶ δάκρυα προὔπεσεν ὁρῶν μὲν τὰς ἡλικίας τῶν ἀνδρῶν, ἐνθυμούμενος δὲ τὰς ἀρετάς, ἀγανακτῶν δὲ καὶ νεμεσῶν τοῖς ἐπιβαλομένοις τοιοῦτων ἀνδρῶν ἐρημῶσαι τὴν πόλιν. ἐγεγόνει δέ, ὃ προὔλαβεν ὁ Σίκκιος, μῖσος εἰς τοὺς ὑπάτους ἐξ ἁπάντων τῶν πολιτῶν. [6] οὐδὲ γὰρ ἡ βουλὴ τὸ πρᾶγμα μετρίως ἤνεγκεν, ἢ οὔτ' ἐψηφίσατο αὐτοῖς πομπὴν θριάμβων οὔτε ἄλλο τι τῶν ἐπὶ καλοῖς ἀγῶσι γινομένων. τὸν μέντοι Σίκκιον ὁ δῆμος, ἐπειδὴ καθῆκεν ὁ τῶν ἀρχαιρεσίων καιρὸς, δήμαρχον ἀπέδειξεν, ἧς κύριος ἦν τιμῆς ἀποδιδούς. καὶ τὰ μὲν ἐπιφανέστατα τῶν τότε πραχθέντων τοιαῶδ' ἦν.

ἐν δὲ τῷ μετὰ τούτους τοὺς ὑπάτους ἔτει Σπόριος Ταρπήιος καὶ Αὔλος Τερμήνιος παραλαμβάνουσι τὴν ἀρχήν: οἱ τὰ τ' ἄλλα θεραπεύοντες [p. 88] τὸν δῆμον διετέλεσαν καὶ τὸ περὶ τῶν δημάρχων δόγμα προεβούλευσαν, ἐπειδὴ πλέον μὲν οὐδὲν ἐώρων τοῖς πατρικίοις γινόμενον ἐκ τοῦ κωλύειν, ἀλλὰ καὶ φθόνον καὶ μῖσος, καὶ βλάβας δὲ ἰδίας καὶ συμφορὰς τοῖς προθυμώτατα ὑπὲρ αὐτῶν ἀγωνιζομένοις. [2] μάλιστα δ' αὐτοὺς εἰς δέος ἤγαγεν ἡ τῶν ὑπατευσάντων τὸν παρελθόντα ἐνιαυτὸν συμφορὰ νεωστὶ γενομένη δεινὰ μὲν ὑπὸ τοῦ δήμου παθόντων, οὐδεμίαν δὲ παρὰ τῆς βουλῆς εὐρομένων βοήθειαν. Σίκκιος μὲν γὰρ ὁ τὸν Αἰκανῶν στρατὸν αὐτῷ χάρακι ἀράμενος δήμαρχος τότε ἀποδειχθεὶς, ὥσπερ ἔφην, τῇ πρώτῃ τῆς ἀρχῆς ἡμέρᾳ θύσας εἰσιτήρια κατὰ νόμον, πρὶν ὅτιοῦν ἄλλο διαπραξασθαι τῶν

κοινῶν, προεῖπεν ἐν ἐκκλησίᾳ Τίτον Ῥωμίλιον ἦκειν ἀπολογησόμενον ἀδικήματος δημοσίου δίκην ἐπὶ δικαστῇ τῷ δήμῳ, τὸν χρόνον ἀποδείξας τοῦ ἀγῶνος. [3] Λεύκιος δὲ τότε ἄγορανομῶν, δήμαρχος δὲ τῷ παρελθόντι ἔτει γεγονώς, τὸν ἕτερον τῶν περυσινῶν ὑπάτων Γάιον Οὐετούριον εἰς ὁμοίαν δίκην προσεκαλέσατο. πολλῆς δὲ γενομένης ἐν τῷ μεταξύ τοῦ ἀγῶνος χρόνῳ σπουδῆς τε καὶ παρακλήσεως ἀμφοτέρων οἱ μὲν ὑπόδικοι πολλὰς ἐλπίδας εἶχον ἐπὶ τῇ βουλῇ καὶ τὸ κινδύνευμα ἐν ἐλαφρῷ ἐποιοῦντο, ὑποσχνουμένων αὐτοῖς πρεσβυτέρων τε καὶ νέων οὐκ ἔασειν τὸν ἀγῶνα ἐπιτελεσθῆναι. [4] οἱ δὲ δήμαρχοι πάντα ἐκ πολλοῦ φυλαττόμενοι καὶ οὔτε δεήσεις οὔτε [p. 89] ἀπειλὰς οὔτε κίνδυνον οὐδένα ὑπολογιζόμενοι, ἐπειδὴ καθῆκεν ὁ τοῦ ἀγῶνος καιρὸς, ἐκάλουν τὸν δῆμον: ἦν δὲ παλαιότερον ἔτι συνερρηκῶς ἐκ τῶν ἀγρῶν ὁ χερνήτης καὶ αὐτουργὸς ὄχλος, καὶ προσνεμηθεὶς τῷ κατὰ πόλιν τήν τε ἀγορὰν ἐνέπλησε καὶ τοὺς φέροντας εἰς αὐτὴν στενωπούς.

πρώτη μὲν οὖν εἰσῆλθεν ἡ κατὰ Ῥωμίλιου δίκη. καὶ παρελθὼν ὁ Σικκίος τὰ τε ἄλλα κατηγορεῖ τοῦ ἀνδρός, ὅσα ὑπατεύων βίᾳ εἰς τοὺς δημάρχους ἔδοξε διαπράξασθαι, καὶ τελευτῶν τὴν ἐπιβουλήν διεξῆλει τὴν ἐφ' ἑαυτῷ τε καὶ τῇ σπεύρα γενομένην ὑπὸ τοῦ στρατηγοῦ: καὶ παρείχετο αὐτῶν μάρτυρας τοὺς ἐπιφανεστάτους τῶν συστρατευσαμένων οὐ δημοτικούς, ἀλλὰ καὶ πατρικίους: ἐν οἷς ἦν νεανίας οὐκ ἀφανὴς οὔτε κατὰ γένους ἀξίωσιν οὔτε κατὰ τὴν ἰδίαν ἀρετὴν καὶ τὰ πολέμια πάννυ ἀγαθός: Σπόριος Οὐεργίνιος ἦν ὄνομα αὐτῷ. [2] οὗτος ἔφη Μάρκον Ἰκίλλιον, ἐνὸς τῶν ἐκ τῆς Σικκίου σπεύρας υἱόν, ἡλικιώτην αὐτοῦ καὶ φίλον ἀπολυθῆναι τῆς ἐξόδου βουλευθεὶς, ὡς ἐπὶ θάνατον ἐξιώντα μετὰ τοῦ πατρός, Αὐλὸν Οὐεργίνιον τὸν ἑαυτοῦ θεῖον, πρεσβευτὴν τότε συστρατευόμενον, παρακαλέσας ἐλθεῖν ἐπὶ τοὺς ὑπάτους, [3] ἀξιῶν σφίσι ταύτην δοθῆναι τὴν χάριν: ἀντιλεγόντων δὲ τῶν ὑπάτων, ἑαυτῷ μὲν ἐπελθεῖν δάκρυα τὴν συμφορὰν τὴν τοῦ ἐταίρου προανακλαιόμενῳ, τὸν δὲ νεανίαν, ὑπὲρ οὗ τὰς δεήσεις ἐποιεῖτο, πεπτυσμένον ταῦτα ἐλθεῖν καὶ λόγον αἰτησάμενον εἰπεῖν, ὅτι τοῖς [p. 90] μὲν δεομένοις πολλὴν οἶδε χάριν, αὐτὸς δ' οὐκ ἂν ἀγαπήσειεν τυχὼν χάριτος, ἥτις αὐτὸν ἀφελεῖται τὸ πρὸς τὸ γένος εὐσεβές, οὐδ' ἂν ἀπολειφθεῖη τοῦ πατρός, τοσῶδε μᾶλλον, ὅσω γ' ἀποθανούμενος ἔρχεται, καὶ πάντες τοῦτο ἴσασιν: ἀλλὰ συνεξιὼν ἐπαμυνεῖτε, ὅσα δύναται, καὶ τῆς αὐτῆς ἐκείνῳ κοινωνὸς ἔσται τύχης. [4] ταῦτα τοῦ μεираκίου μαρτυρήσαντος οὐδεὶς ἦν ὃς οὐκ ἔπασχέ τι πρὸς τὴν τύχην τῶν ἀνθρώπων. ὡς δὲ καὶ αὐτοὶ κληθέντες ἐπὶ τὴν μαρτυρίαν παρῆλθον ὃ τε πατὴρ Ἰκίλλιος καὶ τὸ μεираκίον καὶ τὸ καθ' ἑαυτοὺς ἔλεξαν, οὐκέτι κατέχειν τὰ δάκρυα οἱ πλείους ἐδύναντο τῶν δημοτικῶν. [5] ἀπολογηθέντος δὲ τοῦ Ῥωμίλιου καὶ διελθόντος λόγον οὔτε θεραπευτικὸν οὔτε ἀρμόττοντα τοῖς καιροῖς, ἀλλ' ὑψηλόν, καὶ ἐπὶ τῷ ἀνυπευθύνῳ τῆς ἀρχῆς μέγα φρονοῦντα διπλασίως ἔτι ἐπερρώσθησαν εἰς τὴν κατ' αὐτοῦ ὀργὴν οἱ πολῖται. καὶ γενόμενοι τῶν ψήφων κύριοι κατέγνωσαν ἀδικεῖν οὕτως, ὥστε πάσαις ταῖς ψήφοις τῶν φυλῶν ἀλῶναι τὸν ἄνδρα. ἦν δὲ τὸ τίμημα τῆς δίκης ἀργυρικόν, [6] ἀσάβρια μυρία. καὶ τοῦτ' οὐκ ἄνευ προνοίας τινὸς ὁ Σικκίος ποιῆσαι μοι δοκεῖ, ἀλλ' ἵνα τοῖς τε

πατρικίους ἐλάττων ἢ περὶ τοῦ ἀνδρὸς σπουδῇ γένηται, καὶ μηδὲν ἐξαμάρτωσι περὶ τὴν ψηφοφορίαν ἐνθυμηθέντες, ὅτι εἰς ἀργύριον ζημιώσεται ὁ ἀλοὺς καὶ εἰς οὐδὲν ἕτερον, καὶ τοῖς δημοτικοῖς ἢ πρὸς τὴν [p. 91] τιμωρίαν ὁρμῇ προθυμότερα μῆτε ψυχῆς ἄνδρα ὑπατικὸν μῆτε πατρίδος ἀποστεροῦσιν. Ῥωμιλίου δὲ καταδικασθέντος οὐ πολλὰς ὕστερον ἡμέραις καὶ Οὐετούριος ἐάλω: τίμημα δὲ καὶ ἐκείνῳ ἐπεγέγραπτο ἀργυρικόν, ἡμιόλιον θατέρου.

ταῦτα δὴ λογιζομένοις τοῖς ἐν ἀρχῇ ὑπάτοις πολὺ παρέστη δέος καὶ τοῦ μὴ ταῦτ' ἀπαθεῖν ὑπὸ τοῦ δήμου μετὰ τὴν ὑπατείαν πρόνοια, ὥστ' οὐκέτι ἀποκρυπτόμενοι τὰς γνώμας, ἀλλὰ φανερώς τὰ τοῦ δήμου πολιτευόμενοι διετέλουν. πρῶτον μὲν οὖν ἐπὶ τῆς λοχίτιδος ἐκκλησίας νόμον ἐκύρωσαν, ἵνα ταῖς ἀρχαῖς ἐξῇ πάσαις τοὺς ἀκοσμοῦντας ἢ παρανομοῦντας εἰς τὴν ἑαυτῶν ἐξουσίαν ζημιοῦν. τέως γὰρ οὐχ ἅπασιν ἐξῆν, ἀλλὰ τοῖς ὑπάτοις μόνοις. [2] τὸ μὲντοι τίμημα οὐκ ἐπὶ τοῖς ζημιοῦσιν, ὅποσον εἶναι δεῖ, κατέλιπον, ἀλλ' αὐτοὶ τὴν ἀξίαν ὥρισαν, μέγιστον ἀποδείξαντες ὅρον ζημίας δύο βοῦς καὶ τριάκοντα πρόβατα. καὶ οὗτος ὁ νόμος ἄχρι πολλοῦ διέμεινεν ὑπὸ Ῥωμαίων φυλαττόμενος. [3] ἔπειτα περὶ τῶν νόμων, οὓς ἐσποῦδαζον οἱ δήμαρχοι κοινοὺς ἐπὶ πᾶσι Ῥωμαίοις γράφειν καὶ εἰς ἅπαντα χρόνον φυλαχθησομένους, διάγνωσιν ἀπέδωκαν τῇ βουλῇ. ἐλέχθησαν μὲν οὖν πολλοὶ τε καὶ ὑπὸ τῶν κρατίστων ἀνδρῶν εἰς ἀμφοτέρα καὶ τὸ συγχωρεῖν καὶ τὸ κωλύειν φέροντες λόγοι, ἐνίκα δ' ἡ τὰ δημοτικώτερα πρὸ τῶν ὀλιγαρχικῶν εἰσάγουσα Τίτου Ῥωμιλίου γνώμη, παρὰ τὴν ἀπάντων δόξαν τῶν τε [p. 92] [4] πατρικίων καὶ τῶν δημοτικῶν γενομένη. οἱ μὲν γὰρ ὑπελάμβανον πάντα τὰ ἐναντία τοῖς δημοτικοῖς φρονήσειν τε καὶ λέξειν τὸν ἄνδρα νεωστὶ τὴν ἐν τῷ δήμῳ δίκην ἐάλωκότα: ὁ δ' ἀναστὰς ἐπειδὴ προσῆκεν αὐτῷ γνώμην ἐρωτηθέντι κατὰ τὴν ἑαυτοῦ τάξιν ἀποκρίνασθαι — ἦν δὲ ἐν τοῖς διὰ μέσου κατὰ τε ἀξίωσιν καὶ ἡλικίαν — ἔλεξεν:

ἂ μὲν ὑπὸ τοῦ δήμου πέπονθα, ὦ βουλή, καὶ ὅτι οὐδὲν ἀδικῶν, ἀλλὰ τῆς πρὸς ὑμᾶς εὐνοίας ἔνεκα, φορτικὸς ἂν εἶην ἔγωγε ἐν εἰδόσιν ὑμῖν ἀκριβῶς λέγων: μνήμην δὲ αὐτῶν ποιοῦμαι τοῦ ἀναγκαίου ἔνεκεν, ἵν' εἰδῇτε, ὅτι οὐ κολακεία τοῦ δημοτικοῦ ἐπιτρέψας ἐχθροῦ μοι ὄντος, ἀλλ' ἀπὸ τοῦ βελτίστου τὰ συμφέροντα ἐρῶ. θαυμάσῃ δὲ μηθείς, εἰ πρότερόν τε πολλάκις καὶ ἡνίκα ὑπάτος ἦν τῆς ἐτέρας προαιρέσεως γενόμενος νῦν ἐξαίφνης μεταβέβλημαι: μηδὲ ὑπολάβητε дуεῖν θάτερον ἢ τότε βεβουλεῦσθαι με κακῶς ἢ νῦν ἀνατίθεσθαι τὰ δόξαντα οὐκ ὀρθῶς. [2] ἐγὼ γάρ, ὦ βουλή, ὅσον μὲν χρόνον τὰ ὑμέτερα ἰσχυρὰ ἡγοῦμην, ὥσπερ ἐχρῆν ἀριστοκρατίαν αὖξων περιεφρόνουν τὸ δημοτικόν, ἐπεὶ δὲ τοῖς ἑμαυτοῦ σωφροнисθεῖς κακοῖς μετὰ μεγάλων μισθῶν ἔμαθον, ὅτι ἔλαττον ὑμῶν ἐστὶ τοῦ βουλομένου τὸ δυνάμενον, καὶ πολλοὺς ἤδη τὸν ὑπὲρ ὑμῶν ἀγῶνα αἰρομένους περιεῖδετε ἀναρπασθέντας [p. 93] ὑπὸ τοῦ δήμου τοῖς ἀναγκαίοις εἰζαντες, οὐκέθ' [3] ὅμοια ἔγνωκα. ἐβουλόμην δ' ἂν μάλιστα μὴτ' ἑμαυτῷ συμβῆναι μῆτε τῷ συνάρχοντί μου ταῦτα, ἐφ' οἷς ἅπαντες ἡμῖν συμπαθεῖτε. ἐπειδὴ δὲ τὰ μὲν καθ' ἡμᾶς τέλος ἔχει, τὰ δὲ λοιπὰ ἐξεστὶν ἐπανορθώσασθαι καὶ τοῦ μὴ παθεῖν ταῦτ' ἐτέρους προιδέσθαι, καὶ κοινῇ

καὶ καθ' ἓνα ἕκαστον ἰδίᾳ τὰ παρόντα εὖ τίθεσθαι παρακαλῶ. κράτιστα γὰρ οἰκεῖται πόλιν ἢ πρὸς τὰ πράγματα μεθαρμοττομένη, καὶ συμβούλων ἄριστος ὁ μὴ πρὸς τὴν ἰδίαν ἔχθραν ἢ χάριν, ἀλλὰ πρὸς τὸ κοινῇ συμφέρον ἀποδεικνύμενος γνώμην: βουλευόνται τ' ἄριστα περὶ τῶν μελλόντων οἱ παραδείγματα ποιούμενοι τὰ γεγονότα τῶν ἔσομένων. [4] ὕμιν δ', ὧ βουλῇ, ὅσῳ ἐνέστη τις ἀμφισβήτησις καὶ φιλονεικία πρὸς τὸν δῆμον, αἰεὶ τι μειονεκτεῖν ἐξεγένετο τὸ μὲν ἀκοῦειν κακῶς, τὸ δ' εἰς ἀνδρῶν ἐπιφανῶν θανάτους τε καὶ ὕβρεις καὶ ἐκβολὰς ζημιωθῆναι. καίτοι τί γένοιτ' ἂν ἀτύχημα πόλει μεῖζον ἢ τοὺς κρατίστους τῶν ἀνδρῶν περικόπτεσθαι καὶ ταῦτα οὐ σὺν δίκῃ; ὧν ὕμιν φεῖδεσθαι παραινῶ καὶ μήτε τοὺς νῦν ἄρχοντας προβαλόντας εἰς κίνδυνον πρόδηλον, ἔπειτα ἐγκαταλιπόντας ἐν τοῖς δεινοῖς μετανοεῖν, μήτε τῶν ἄλλων τινά, [5] οὗ τι καὶ μικρὸν ὄφελος τῷ κοινῷ. κεφάλαιον δ' ἐστὶν ὧν ὕμιν παραινῶ, πρέσβεις ἐλέσθαι τοὺς μὲν [p. 94] εἰς τὰς Ἑλληνίδας πόλεις τὰς ἐν Ἰταλίᾳ, τοὺς δ' εἰς Ἀθήνας: οἵτινες αἰτησάμενοι παρὰ τῶν Ἑλλήνων τοὺς κρατίστους νόμους καὶ μάλιστα τοῖς ἡμετέροις ἀρμόττοντας βίοις οἴσουσι δεῦρο. ἀφικομένων δ' αὐτῶν τοὺς τότε ὑπάτους προθεῖναι τῇ βουλῇ σκοπεῖν, τίνας ἐλέσθαι δεήσει νομοθέτας καὶ ἡντινα ἔξοντας ἀρχὴν καὶ χρόνον ὅσον καὶ τᾶλλα, ὅπως ἂν αὐτῇ φαίνεται συνοίσειν, στασιάζειν δὲ μηκέτι πρὸς τὸ δημοτικὸν μηδ' ἄλλας ἐπ' ἄλλαις ἀναιρεῖσθαι συμφορὰς ἄλλως τε καὶ περὶ νόμων φιλονεικοῦντας, οἳ κἂν εἰ μηθὲν ἄλλο τὴν γέ τοι δόξαν τῆς ἀξιώσεως ἔχουσιν εὐπρεπῇ.

τοιαῦτα εἰπόντος τοῦ Ῥωμιλίου οἱ τε ὑπατοὶ συνελαμβάνοντο τῆς γνώμης ἀμφοτέροι πολλὰ καὶ ἐκ παρασκευῆς συγκείμενα διεξιόντες, καὶ τῶν ἄλλων βουλευτῶν συχνοί, καὶ ἐγένοντο πλείους οἱ ταύτῃ [2] προστιθέμενοι τῇ γνώμῃ. μέλλοντος δὲ γράφεσθαι τοῦ προβουλευματος ἀναστὰς ὁ δήμαρχος Σικκίος ὁ τῷ Ῥωμιλίῳ προσθεὶς τὴν δίκην πολὺν ὑπὲρ τοῦ ἀνδρὸς διῆλθε λόγον ἐπαινῶν τὴν μεταβολὴν τῆς γνώμης καὶ τὸ μὴ τὰ ἴδια ἔχθρην κρεῖττονα γίνεσθαι τῶν κοινῇ χρησίμων, ἀλλ' ἀπ' ὀρθῆς γνώμης τὰ συμφέροντα ἀποδείξασθαι: [3] ἀνθ' ὧν, ἔφη, ταύτην αὐτῷ ἀποδίδωμι τιμὴν καὶ χάριν: ἀφίημι τῶν ἐκτισμάτων ἐπὶ τῇ δίκῃ καὶ εἰς τὸ λοιπὸν διαλλάττομαι: νικᾷ γὰρ ἡμᾶς χρηστὸς ὢν. τὸ δ' αὐτὸ καὶ οἱ ἄλλοι δήμαρχοι παριόντες ὡμολόγουν. οὐ μὴν ὁ γε Ῥωμίλιος ὑπέμεινε ταύτην [p. 95] λαβεῖν τὴν χάριν, ἀλλ' ἐπαινέσας τοὺς δημάρχους τῆς προθυμίας ἀποδώσειν ἔφη τὴν καταδίκην. ἱερὰν γὰρ ἤδη τῶν θεῶν εἶναι, καὶ οὔτε δίκαια οὔτε ὅσια ποιεῖν ἀποστερῶν τοὺς θεοὺς, ἃ δίδωσιν αὐτοῖς ὁ νόμος: [4] καὶ ἐποίησεν οὕτως. γραφέντος δὲ τοῦ προβουλευματος, καὶ μετὰ ταῦτ' ἐπικυρώσαντος τοῦ δήμου πρέσβεις ἀπεδείχθησαν οἱ τοὺς παρὰ τῶν Ἑλλήνων νόμους ληψόμενοι, Σπόριος Ποστόμιος καὶ Σερούιος Σολπικίος καὶ Αὔλος Μάλλιος: οἷς τριῆρεις τε παρεσκευάσθησαν ἐκ τοῦ δημοσίου καὶ ἄλλος κόσμος εἰς ἐπίδειξιν τῆς ἡγεμονίας ἀποχρῶν. καὶ τὸ ἔτος ἐτελεύτα.

ἐπὶ δὲ τῆς ὀγδοηκοστῆς καὶ δευτέρας ὀλυμπιάδος, ἦν ἐνίκα στάδιον Λύκος Θεσσαλὸς ἀπὸ Λαρίσης, ἄρχοντας Ἀθήνησι Χαιρεφάνους, ἐτῶν τριακοσίων ἐκπεπληρωμένων ἀπὸ τοῦ Ῥώμης συνοικισμοῦ, Ποπλίου Ὀρατίου καὶ Σέξτου Κοιντιλίου διαδεδεγμένων τὴν ὑπατον ἀρχήν, λοιμικῇ

νόσος εἰς τὴν Ῥώμην κατέσκηψε μεγίστη τῶν ἐκ τοῦ προτέρου χρόνου μνημονευομένων: ὅφ' ἧς οἱ μὲν θεράποντες ὀλίγου ἐδέησαν πάντες ἀπολέσθαι, τῶν δ' ἄλλων πολιτῶν ἀμφὶ τοὺς ἡμίσεις μάλιστα διεφθάρησαν, οὔτε τῶν ἱατρῶν ἀρκούντων ἔτι βοηθεῖν τοῖς καμάτοις, [2] οὔτε οἰκείων ἢ φίλων τάναναγκαῖα ὑπηρετοῦντων. οἱ [p. 96] γὰρ ἐπικουρεῖν ταῖς ἐτέρων βουλόμενοι συμφοραῖς ἀπτόμενοί τε καματηρῶν σωμάτων καὶ συνδιατιώμενοι τὰς αὐτὰς ἐκείνοις νόσους μετελάμβανον, ὥστε πολλὰς οἰκίας ἐξερημωθῆναι δι' ἀπορίαν τῶν ἐπιμελησομένων. ἦν τε οὐκ ἐλάχιστον τῶν κακῶν τῇ πόλει καὶ τοῦ μὴ ταχέως λωφῆσαι τὴν νόσον αἷτιον τὸ περὶ τὰς ἐκβολὰς τῶν νεκρῶν γινόμενον. [3] κατ' ἀρχὰς μὲν γὰρ ὑπὸ τε αἰσχύνῃς καὶ εὐπορίας τῶν πρὸς τὰς ταφὰς ἐπιτηδεῖων ἔκαιόν τε καὶ γῇ παρεδίδουσαν τοὺς νεκροὺς, τελευτῶντες δὲ οἱ μὲν ἀπ' ὀλιγωρίας τοῦ καλοῦ, οἱ δὲ τὰπιτῆδεα οὐκ ἔχοντες πολλοὺς μὲν ἐν τοῖς ὑπονόμοις τῶν στενωπῶν φέροντες ἐρρίπτουν τῶν ἀπογενομένων, πολλῶ δ' ἔτι πλείους εἰς τὸν ποταμὸν ἐνέβαλλον: ἀφ' ὧν τὰ μέγιστα ἐκακοῦντο πρὸς τὰς ἀκτὰς καὶ τὰς ἡϊόνας. [4] ἐκκυμαινομένων γὰρ τῶν σωμάτων βαρεῖα καὶ δυσώδης προσπίπτουσα καὶ τοῖς ἔτι ἐρρωμένοις ἢ τοῦ πνεύματος ἀποφορὰ ταχείας ἔφερε τοῖς σώμασι τὰς τροπὰς, πίνεσθαι τε οὐκέτι χρηστὸν ἦν τὸ ἐκ τοῦ ποταμοῦ κοιμισθὲν ὕδωρ, τὰ μὲν ἀτοπία τῆς ὁσμῆς, τὰ δὲ τῷ πονηρὰς τὰς ἀναδόσεις ποιεῖν τῆς τροφῆς. [5] καὶ οὐ μόνον ἐν τῇ πόλει τὰ δεινὰ ἦν, ἀλλὰ καὶ ἐπὶ [p. 97] τῶν ἀγρῶν: καὶ οὐχ ἥκιστα ὁ γεωργὸς ἐπόνησεν ὄχλος ἀνασιμπλάμενος, καὶ προβάτων καὶ τῶν ἄλλων τετραπόδων ἅμα διαιτωμένων, τῆς νόσου. ὅσον μὲν οὖν χρόνον τοῖς πολλοῖς ἐλπίδος τι ὑπῆν ὥς τοῦ θεοῦ σφίσις ἐπικουρήσοντος, ἅπαντες ἐπὶ τε θυσίας καὶ καθαρμοὺς ἐτράποντο: καὶ πολλὰ ἐνεωτερίσθη Ῥωμαίοις οὐκ ὄντα ἐν ἔθει περὶ τὰς τιμὰς τῶν θεῶν ἐπιτηδεύματα οὐκ εὐπρεπῇ. [6] ἐπεὶ δὲ ἐπέγνωσαν οὐδεμίαν αὐτῶν ἐπιστροφὴν ἐκ τοῦ δαιμονίου γινομένην οὐδ' ἔλεον, καὶ τῆς περὶ τὰ θεῖα λειτουργίας ἀπέστησαν. ἐν ταύτῃ τῇ συμφορᾷ τῶν τε ὑπάτων ἄτερος ἀποθνήσκει, Σέξτος Κοιντίλιος, καὶ ὁ μετὰ τοῦτον ἀποδειχθεὶς ὕπατος Σπόριος Φούριος, καὶ τῶν δημάρχων τέτταρες, [7] τῶν τε βουλευτῶν πολλοὶ καὶ ἀγαθοί. ἐπεβάλοντο μὲν οὖν ἐν τῇ νόσῳ τῆς πόλεως οὔσης στρατὸν ἐξάγειν ἐπ' αὐτοὺς Αἰκανοὶ καὶ διεπρεσβεύοντο πρὸς τᾶλλα ἔθνη, ὅσα Ῥωμαίοις πολέμια ἦν, παρακαλοῦντες ἐπὶ τὸν πόλεμον. οὐ μὴν ἔφθασάν γε προαγαγεῖν τὴν δύναμιν ἐκ τῶν πόλεων. ἔτι γὰρ αὐτῶν παρασκευαζομένων ἢ αὐτῇ νόσος κατέσκηψεν εἰς τὰς πόλεις. [8] διῆλθε δ' οὐ μόνον τὴν Αἰκανῶν, ἀλλὰ καὶ τὴν Οὐολούσκων καὶ τὴν Σαβίνων γῆν, καὶ σφόδρα ἐκάκωσε τοὺς ἀνθρώπους. ἐκ δὲ τούτου συνέβη καὶ τὴν χώραν ἀγεώργητον ἀφθεῖλσαν λιμὸν ἐπὶ τῷ λοιμῷ συνάψαι. ἐπὶ μὲν δὴ τούτων τῶν ὑπάτων οὐδὲν ἐπράχθη Ῥωμαίοις διὰ τὰς νόσους οὔτε πολεμικὸν οὔτε πολιτικὸν εἰς ἱστορίας ἀφήγησιν ἐλθεῖν ἄξιον. [p. 98]

εἰς δὲ τοῦτιον ἔτος ὕπατοι μὲν ἀπεδείχθησαν Λεύκιος Μενήνιος καὶ Πόπλιος Σήστιος: ἡ δὲ νόσος εἰς τέλος ἐλώφησε. καὶ μετὰ τοῦτο θυσίαι τε χαριστήριοι θεοῖς ἐπετελοῦντο δημοσίᾳ, καὶ ἀγῶνες ἐπιφανεῖς λαμπραῖς πάνυ χορηγούμενοι δαπάναις, ἐν εὐπαθείαις τε καὶ θαλίαις ἢ πόλιν ἦν ὥσπερ

εἰκός· καὶ πᾶς ὁ χειμέριος χρόνος ἀμφὶ ταῦτα ἐδαπανήθη. [2] ἀρχομένου δ' ἔαρος σῖτος τε πολὺς καὶ ἐκ πολλῶν ἤχθη χωρίων, ὁ μὲν πλείων δημοσίᾳ συνωνηθεῖς, ὁ δὲ τις καὶ ὑπ' ἰδιωτῶν ἐμπόρων κομιζόμενος. ἔκαμνε γὰρ οὐχ ἥκιστα ἐν τῇ σπάνει τῆς τροφῆς ὁ λαὸς χέρσου τῆς γῆς ἀφειμένης διὰ τὰς νόσους καὶ τὸν ὄλεθρον τῶν γεωργῶν. [3] ἐν δὲ τῷ αὐτῷ καιρῷ παρεγένοντο ἀπὸ τ' Ἀθηνῶν καὶ τῶν ἐν Ἰταλοῖς Ἑλληνίδων πόλεων οἱ πρέσβεις φέροντες τοὺς νόμους. καὶ μετὰ τοῦτο προσήεσαν οἱ δήμαρχοι τοῖς ὑπάτοις ἀξιοῦντες ἀποδείξαι κατὰ τὸ ψήφισμα τῆς βουλῆς τοὺς νομοθέτας. οἱ δ' οὐκ ἔχοντες, ὅτῳ ἂν αὐτοὺς ἀπαλλάξειαν τρόπῳ προσκαθημένους καὶ λιπαροῦντας, ἀχθόμενοι τῷ πράγματι καὶ οὐκ ἀξιοῦντες ἐπὶ τῆς αὐτῶν ἀρχῆς καταλῦσαι τὴν ἀριστοκρατίαν πρόφασιν εὐπρεπῇ προϋβάλλοντο λέγοντες ἐν χερσὶν εἶναι τὸν τῶν ἀρχαιρεσιῶν καιρόν, καὶ δεόν αὐτοὺς τοὺς ὑπάτους πρῶτον ἀποδείξαι, [4] ποιῆσαι δὲ τοῦτ' οὐκ εἰς μακράν, ἀποδειχθέντων δὲ [p. 99] τῶν ὑπάτων μετ' ἐκείνων ἔλεγον ἀνοίσειν τῷ συνεδρίῳ τὴν περὶ τῶν νομοθετῶν διάγνωσιν. συγχωροῦντων δὲ τῶν δημάρχων προθέντες ἀρχαιρέσια πολλῷ τάχιον ἢ τοῖς προτέροις ἔθος ἦν ὑπάτους ἀπέδειξαν Ἀππίον Κλαῦδιον καὶ Τίτον Γενύκιον, καὶ μετὰ τοῦτο πᾶσαν ἀποθέμενοι τὴν περὶ τῶν κοινῶν φροντίδα, ὡς ἑτέρους ἤδη δεόν ὑπὲρ αὐτῶν σκοπεῖν, οὐδὲν ἔτι τοῖς δημάρχois προσεῖχον, ἀλλὰ διακλέψαι τὸν λοιπὸν χρόνον τῆς ὑπατείας διεννοοῦντο. [5] ἔτυχε δὲ τὸν ἕτερον αὐτῶν Μενήνιον ἀρρωστία τις καταλαβοῦσα χρόνιος. ἤδη δὲ τινες ἔφασαν ὑπὸ λύπης καὶ ἀθυμίας ἐμπεσοῦσης τῷ ἀνδρὶ τηκεδόνα δυσπαλάλακτον ἐργάσασθαι νόσον. ταύτην δὲ προσλαβὼν τὴν πρόφασιν ὁ Σήστιος ὡς οὐδὲν οἶός τ' ἦν πράττειν μόνος ἀπεωθεῖτο τὰς τῶν δημάρχων δεήσεις καὶ πρὸς τοὺς νέους ἄρχοντας ἡξίου τρέπεσθαι. [6] οἱ δ' οὐκ ἔχοντες, ὅ τι πράττωσιν, ἕτερον ἐπὶ τοὺς περὶ τὸν Ἀππίον οὔπω τὴν ἐξουσίαν παρειληφότες ἠναγκάζοντο καταφεύγειν, τὰ μὲν ἐν ταῖς ἐκκλησίαις δεόμενοι, τὰ δὲ καταμόνας συντυγχάνοντες· καὶ τέλος ἐξειργάσαντο τοὺς ἄνδρας μεγάλας ὑποτείνοντες ἐλπίδας αὐτοῖς, εἰ τὰ τοῦ δήμου πράγματα ἔλοιντο, τιμῆς καὶ δυναστείας. [7] εἰσῆλθε γάρ τις τὸν Ἀππίον ἐπιθυμία ξένην ἀρχὴν περιβαλέσθαι καὶ νόμους καταστήσασθαι τῇ πατρίδι ὁμονοίας τε καὶ εἰρήνης καὶ τοῦ μίαν ἅπαντας ἡγεῖσθαι τὴν [p. 100] πόλιν ἄρξαι τοῖς συμπολιτευομένοις. οὐ μέντοι καὶ διέμεινε γε χρηστὸς ἀρχῇ κοσμηθεὶς μεγάλη, ἀλλ' ἐξέπεσε τελευτῶν εἰς φιλαρχίαν ἀπαραχώρητον ὑπὸ μεγέθους ἐξουσίας διαφθαρεὶς καὶ ὀλίγου ἐδέησεν ἐπὶ τυραννίδα ἐλάσαι. περὶ ὧν κατὰ τὸν οἰκεῖον διαλέξομαι καιρόν.

τότε δ' οὖν ἀπὸ τοῦ κρατίστου ταῦτα βουλευσάμενος καὶ τὸν συνάρχοντα πείσας, ἐπειδὴ πολλάκις αὐτὸν ἐπὶ τὴν ἐκκλησίαν ἐκάλεσαν οἱ δήμαρχοι, παρελθὼν πολλοὺς καὶ φιланθρώπους διεξῆλθε λόγους· κεφάλαια δ' αὐτοῦ τῆς δημηγορίας τοιαῦδε ἦν, ὅτι τὸ μὲν ἀποδειχθῆναι τοὺς νόμους καὶ παῦσασθαι στασιάζοντας τοὺς πολίτας ὑπὲρ τῶν ἴσων αὐτῷ τε καὶ τῷ συνάρχοντι παντὸς μάλιστα δοκεῖ, καὶ ἀποφαίνονται γνώμην φανεράν· τοῦ δ' ἀποδείξαι τοὺς νομοθέτας αὐτοὶ μὲν οὐδεμίαν ἔχουσιν ἐξουσίαν οὔπω παρειληφότες τὴν ἀρχήν, τοῖς δὲ περὶ Μενήνιον ὑπάτοις οὐχ ὅπως ἐναντιώσονται πράσσουσι τὰ δόξαντα τῇ βουλῇ, ἀλλὰ καὶ συνεργήσουσι καὶ

πολλήν εἶσονται χάριν. [2] ἔαν δ' ἀναδύωνται σκῆψιν προβαλλόμενοι τῇν νέαν ἀρχήν, ὡς οὐκ ἐξὸν αὐτοῖς ἐτέρους ἄρχοντας ὑπατικὴν ἐξουσίαν παραληφόμενους ἀποδεικνύειν ἡμῶν ἤδη κεκυρωμένων ὑπάτων, οὐδὲν ἐμποδῶν αὐτοῖς τὸ καθ' ἑαυτοὺς ἔσεσθαι. ἐκόντες γὰρ ἀποστήσεσθαι τῆς ὑπατείας τοῖς ἀνθ' αὐτῶν αἰρεθησομένοις, ἔαν καὶ τῇ [3] βουλῇ ταῦτα δοκῇ. ἐπαινοῦντος δὲ τοῦ δήμου καὶ [p. 101] τὴν προθυμίαν τῶν ἀνδρῶν καὶ πάντων κατὰ πλῆθος ἐπὶ τὸ συνέδριον ὡσαμένων, ἀναγκασθεὶς ὁ Σήστιος τὴν βουλὴν συναγαγεῖν μόνος, ἐπειδὴ ὁ Μενήνιος ἀδύνατος ἦν παρεῖναι διὰ τὴν νόσον, προὔθηκεν ὑπὲρ τῶν νόμων λέγειν. ἐλέχθησαν μὲν οὖν καὶ τότε πολλοὶ ὑπ' ἀμφοτέρων λόγοι τῶν τε παραινούντων κατὰ νόμους πολιτεύεσθαι, καὶ τῶν ἀξιούντων τοὺς πατρίους φυλάττειν ἐθισμούς. [4] ἐνίκα δὲ ἡ τῶν εἰς νέωτα μελλόντων ὑπατεύειν γνώμη, ἣν Ἀππίος Κλαύδιος πρῶτος ἐρωτηθεὶς ἀπεφῆνατο, ἄνδρας αἰρεθῆναι δέκα τοὺς ἐπιφανεστάτους ἐκ τῆς βουλῆς. τούτους δ' ἄρχειν εἰς ἐνιαυτὸν ἀφ' ἧς ἂν ἀποδειχθῶσιν ἡμέρας, ἐξουσίαν ἔχοντας ὑπὲρ πάντων τῶν κατὰ τὴν πόλιν ἣν εἶχον οἱ τε ὑπατοὶ καὶ ἔτι πρότερον οἱ βασιλεῖς, τὰς τ' ἄλλας ἀρχὰς πάσας καταλεῦσθαι, τέως ἂν οἱ [5] δέκα τύχωσι τῆς ἀρχῆς. τούτους δὲ τοὺς ἄνδρας ἔκ τε τῶν πατρίων ἐθῶν καὶ ἐκ τῶν Ἑλληνικῶν νόμων, οὓς ἐκόμισαν οἱ πρέσβεις, ἐκλεξαμένους τὰ κράτιστα καὶ τῇ Ῥωμαίων πόλει πρόσφορα νομοθετήσεσθαι. τὰ δὲ γραφέντα ὑπὸ τῶν δέκα ἀνδρῶν, ἔαν ἡ τε βουλή δοκιμάσῃ καὶ ὁ δῆμος ἐπιψηφίσῃ, κύρια εἰς τὸν ἅπαντα εἶναι χρόνον, καὶ τὰς ἀρχὰς, ὅσαι ἂν ὕστερον ἀποδειχθῶσι, κατὰ τοὺτους τοὺς νόμους τὰ τε ἰδιωτικὰ συμβόλαια διαιρεῖν καὶ τὰ δημόσια ἐπιτροπεύειν.

τοῦτο τὸ δόγμα λαβόντες οἱ δήμαρχοι προῆλθον εἰς τὴν ἐκκλησίαν καὶ ἀναγνόντες ἐν τῷ [p. 102] δῆμῳ πολλοὺς ἐπαίνους τῆς βουλῆς καὶ τοῦ προθέντος τὴν γνώμην Ἀππίου διεξῆλθον. ἐπεὶ δὲ κατέλαβεν ὁ τῶν ἀρχαιρεσιῶν καιρὸς, ἐκκλησίαν συναγαγόντες οἱ δήμαρχοι τοὺς τ' ἀποδειχθέντας ὑπάτους ἤκειν ἡξίου ἐμπεδῶσαντας τῷ δῆμῳ τὰς ὑποσχέσεις, κἀκεῖνοι παρελθόντες ἐξωμόσαντο τὰς ὑπατείας. [2] τοὺτους ὁ δῆμος ἐπαινῶν τε καὶ θαυμάζων διετέλει, καὶ ἐπειδὴ τοὺς νομοθέτας ψηφοφορεῖν ἔδει πρῶτους εἶλετο τῶν ἄλλων: καὶ ἀπεδείχθησαν ἐν ἀρχαιρεσίαις ὑπὸ τῆς λοχίτιδος ἐκκλησίας Ἀππίος μὲν Κλαύδιος καὶ Τίτος Γενύκιος, οὓς ἔδει εἰς τοῦπιόν ἄρχειν ἔτος, Πόπλιος δὲ Σήστιος ὁ τὸν ἐνιαυτὸν ἐκεῖνον ὑπατεύων, τρεῖς δὲ οἱ κομίσαντες παρὰ τῶν Ἑλλήνων τοὺς νόμους, Σπόριος Ποστόμιος καὶ Σερούιος Σολπίκιος καὶ Αὖλος Μάλλις, εἷς δὲ τῶν ὑπατευσάντων τὸν παρελθόντα ἐνιαυτὸν Τίτος Ῥωμίλιος, ὁ τὴν ἐν τῷ δῆμῳ δίκην Σικκίου κατηγορήσαντος ἀλούς, ἐπειδὴ γνώμης ἐδόκει ἄρξαι δημοτικῆς: ἐκ δὲ τῶν ἄλλων βουλευτῶν Γάιος Ἰούλιος καὶ Τίτος Οὐετούριος καὶ Πόπλιος Ὀράτιος, ἅπαντες ὑπατικοί: αἱ δὲ τῶν δημάρχων τε καὶ ἀγορανόμων καὶ ταμιῶν καὶ εἴ τινες ἦσαν ἄλλαι πάτριοι Ῥωμαίοις ἀρχαὶ κατελύθησαν.

τῷ δ' ἐξῆς ἔτει παραλαβόντες οἱ νομοθέται τὰ πράγματα πολιτείας κόσμον τοιόνδε τινὰ καθίστανται: εἷς μὲν αὐτῶν τὰς τε ῥάβδους καὶ τὰ λοιπὰ παράσημα τῆς ὑπατικῆς εἶχεν ἐξουσία, ὃς βουλὴν τε [p. 103]

συνεκάλει καὶ δόγματα ἐπεκύρου καὶ τᾶλλα ἔπραττεν, ὅσα ἡγεμόνι προσῆκεν: οἱ δ' ἄλλοι συστέλλοντες ἐπὶ τὸ δημοτικώτερον τὸ τῆς ἐξουσίας ἐπιφθονον ὀλίγω τινὶ διήλλαττον ὁφθῆναι τῶν πολλῶν: εἴτ' αὖθις ἕτερος αὐτῶν ἐπὶ τὴν ἐξουσίαν καθίστατο, καὶ τοῦτ' ἐκ περιτροπῆς ἐγένετο παραλλὰξ ἐπ' ἐνιαυτὸν ἐκάστου τὴν ἡγεμονίαν παραλαμβάνοντος εἰς συγκείμενόν τινα ἡμερῶν ἀριθμόν. [2] ἅπαντες δ' ἐξ ἐωθινοῦ καθεζόμενοι διήττων τὰ ἰδιωτικὰ συμβόλαια καὶ τὰ δημόσια, ὅποσα πρὸς τε ὑπηκόους καὶ συμμάχους καὶ τοὺς ἐνδοιαστῶς ἀκρωμένους τῆς πόλεως ἐγκλήματα τυγχάνοι γινόμενα, μετὰ πάσης ἀνασκοποῦντες ἕκαστα ἐπεικείας τε καὶ [3] δικαιοσύνης. ἐδόκει δὲ ἄριστα τὸν ἐνιαυτὸν ἐκεῖνον ἢ Ῥωμαίων πόλις ὑπὸ τῆς δεκαδαρχίας ἐπιτροπευθῆναι. μάλιστα δ' αὐτῶν ἐπρηνεῖτο ἢ τοῦ δημοτικοῦ πρόνοια καὶ πρὸς ἅπαν τὸ βίαιον ὑπὲρ τῶν ἀσθενεστέρων ἀντίταξις: ἐλέχθη τε ὑπὸ πολλῶν, ὡς οὐδὲν ἔτι δεῆσοι δήμου προστατῶν οὐδὲ τῶν ἄλλων ἀρχείων τῇ πόλει μιᾶς διοικουσης ἅπαντα ἡγεμονίας σῶφρονος, ἧς ἀρχηγὸς Ἀππίος εἶναι ἐδόκει. [4] καὶ τὸν ὑπὲρ ὅλης τῆς δεκαδαρχίας ἔπαινον ἐκεῖνος ἐφέρετο παρὰ τοῦ δήμου. οὐ γὰρ μόνον ἂ μετὰ τῶν ἄλλων ἔπραττεν ἀπὸ τοῦ κρατίστου χρηστότητος ἔφερεν αὐτῷ δόκησιν, ἀλλὰ [p. 104] πολὺ μᾶλλον ἂ κατ' ἰδίαν ἐπιτηδεύων διετέλει, κατὰ τ' ἀσπασμοὺς καὶ προσαγορεύσεις φιланθρώπους καὶ τὰς ἄλλας τῶν πενήτων φιλοφρονήσεις. [5] οὗτοι οἱ δέκα ἄνδρες συγγράψαντες νόμους ἔκ τε τῶν Ἑλληνικῶν νόμων καὶ τῶν παρὰ σφίσιν αὐτοῖς ἀγράφων ἐθισμῶν προὔθηκαν ἐν δέκα δέλτοις τῷ βουλευμένῳ σκοπεῖν, δεχόμενοι πᾶσαν ἐπανόρθωσιν ἰδιωτῶν καὶ πρὸς τὴν κοινὴν εὐαρέστησιν ἀπευθύνοντες τὰ γραφέντα. καὶ μέχρι πολλοῦ διετέλεσαν ἐν κοινῷ μετὰ τῶν ἀρίστων ἀνδρῶν συνεδρεῦοντες καὶ τὴν ἀκριβεστάτην ποιοῦμενοι τῆς νομοθεσίας ἐξέτασιν. [6] ἐπειδὴ δ' ἀποχρώντως ἐφαίνετο αὐτοῖς τὰ γραφέντα ἔχειν, πρῶτον μὲν τὴν βουλὴν συναγαγόντες οὐθενὸς ἔτι μεμφομένου τοῖς νόμοις προβούλευμα περὶ αὐτῶν ἐκύρωσαν. ἔπειτα τὸν δῆμον καλέσαντες εἰς τὴν λοχίτιν ἐκκλησίαν ἱερομνημόνων τε καὶ οἰωνιστῶν καὶ τῶν ἄλλων ἱερέων παρόντων καὶ τὰ θεῖα ὡς νόμος ἐξηγησαμένων ἀνέδωκαν τοῖς λόχοις τὰς ψήφους. [7] ἐπικυρώσαντος δὲ καὶ τοῦ δήμου τοὺς νόμους, στήλαις χαλκαῖς ἐγχαράξαντες αὐτοὺς ἐφεξῆς ἔθεσαν ἐν ἀγορᾷ τὸν ἐπιφανέστατον ἐκλεξάμενοι τόπον. καὶ ἐπειδὴ βραχὺς ὁ τῆς ἀρχῆς αὐτοῖς χρόνος ὁ λειπόμενος ἦν, συναγαγόντες τοὺς βουλευτὰς προὔθεσαν ὑπὲρ ἀρχαιρεσίων οἷα χρὴ γενέσθαι σκοπεῖν.

πολλῶν δὲ λεχθέντων ἐνίκησεν ἡ γνώμη τῶν παραινούντων δεκαδαρχίαν αὖθις ἀποδεῖξαι τῶν κοινῶν κυρίαν. ἀτελής τε γὰρ ἡ νομοθεσία ἐφαίνετο, [p. 105] ὡς ἂν ἐξ ὀλίγου συντεθεῖσα χρόνου, καὶ ἐπὶ τοῖς ἤδη κεκυρωμένοις, ἵνα ἐκόντες τε καὶ ἄκοντες ἐν αὐτοῖς μένοιεν, ἐδόκει δὲ τινος ἀρχῆς αὐτοκράτορος δεῖν. τὸ δὲ μάλιστα πείσαν αὐτοὺς προελέσθαι τὴν δεκαδαρχίαν ἦν ἡ τῶν δημάρχων κατάλυσις, ὃ παντὸς μάλιστα ἐβούλοντο. [2] ταῦτα μὲν ἐν κοινῷ σκοπουμένοις αὐτοῖς ἐδόκει, ἰδία δὲ οἱ πρωτεύοντες τοῦ συνεδρίου γνώμην ἐποιοῦντο μεταπορεύεσθαι τὴν ἀρχὴν δεδιότες, μὴ παραχῶδεις τινὲς ἄνθρωποι τηλικαύτης ἐξουσίας λαβόμενοι κακὸν τι μέγα

ἐργάσωνται. ἀγαπητῶς δὲ τοῦ δήμου τὰ δόξαντα τῇ βουλῇ δεξαμένου καὶ μετὰ πλείστης προθυμίας ἐπιψηφισαντος αὐτοὶ μὲν οἱ δέκα ἄνδρες προεῖπον τὸν τῶν ἀρχαιρεσιῶν καιρόν, μετήεσαν δὲ τὴν ἀρχὴν οἱ ἐντιμότεστοι τε καὶ πρεσβύτατοι τῶν πατρικίων. [3] ἔνθα δὴ πολὺς ὑπὸ πάντων ἐπαινούμενος ἦν ὁ τῆς τότε δεκαδαρχίας ἡγεμὼν Ἀππίος, καὶ πᾶς ὁ δημοτικὸς ὄχλος ἐκείνῳ ἐπὶ τῆς ἀρχῆς ἡξίου κατέχειν ὡς οὐκ ἄλλου τινὸς ἄμεινον ἡγησομένου. ὁ δ' ἀναινεσθαι μὲν προσεποιεῖτο κατ' ἀρχὰς καὶ ἀπολύειν αὐτὸν ἡξίου λειτουργίας καὶ ὀχληρᾶς καὶ ἐπιφθόνου. τελευτῶν δ' ὡς ἐλιπάρουν αὐτὸν ἅπαντες αὐτὸς τε ὑπέμενε μετέπειτα τὴν ἀρχὴν, καὶ τῶν συμπαραγγελλόντων τοὺς ἀρίστους αἰτιασάμενος οὐχ ἡδέως πρὸς ἑαυτὸν ἔχειν διὰ τὸν φθόνον τοῖς ἑαυτοῦ φίλοις συνηγωνίζετο φανερώς. [4] ἀποδεικνυταὶ τε πάλιν ἐν ἀρχαιρεσίαις λοχίτισι νομοθέτης τὸ δεύτερον: σὺν δ' αὐτῷ Κόιντος [p. 106] μὲν Φάβιος ὁ καλούμενος Οὐίβολανδὸς ὁ τρὶς ὑπατεύσας, ἀνὴρ ἀνεπίληπτος εἰς τόδε χρόνου γενόμενος περὶ πᾶσαν ἀρετὴν: ἐκ δὲ τῶν ἄλλων πατρικίων, οὓς ἐκείνους ἡσπάζετο, Μάρκος Κορνήλιος καὶ Μάρκος Σέργιος καὶ Λεύκιος Μηνύκιος καὶ Τίτος Ἀντώνιος καὶ Μάνιος Ραβολήσιος, ἄνδρες οὐ πάνυ ἐπιφανεῖς: ἐκ δὲ τῶν δημοτικῶν Κόιντος Ποιτέλλιος καὶ Καίσιων Δουέλλιος καὶ Σπόριος Ὅππιος: προσελήφθησαν γὰρ καὶ οὗτοι πρὸς τοῦ Ἀππίου κολακείας ἕνεκα τῶν δημοτικῶν, διδάσκοντος ὅτι δικαίον ἐστὶ μιᾶς ἀρχῆς κατὰ πάντων ἀποδεικνυμένης εἶναι τι καὶ τοῦ δήμου μέρος ἐν αὐτῇ. [5] εὐδοκιμῶν δ' ἐφ' ἅπασιν τοῦτοις καὶ δοκῶν κράτιστος εἶναι βασιλέων τε καὶ τῶν κατ' ἐνιαυτὸν ἡγησασμένων τῆς πόλεως παραλαμβάνει πάλιν τὴν ἀρχὴν εἰς τὸν ἐπὶόντα ἐνιαυτόν. ταῦτα κατ' ἐκείνην ἐπράχθη τὴν δεκαδαρχίαν ὑπὸ Ῥωμαίων, ἄλλο δ' οὐθὲν ὅ τι καὶ λόγου ἄξιον.

ἐν δὲ τῷ κατόπιν ἔτει παραλαβόντες τὴν ὑπατικὴν ἐξουσίαν οἱ σὺν Ἀππίῳ Κλαυδίῳ δέκα ἄνδρες εἰδοῖς μαίαις, ἦγον δὲ τοὺς μῆνας κατὰ σελήνην, καὶ συνέπιπτεν εἰς τὰς εἰδοὺς ἡ πανσέληνος: [2] πρῶτα μὲν ὄρκια τεμόντες ἀπόρρητα τῷ πλήθει συνθήκας σφίσιν αὐτοῖς ἔθεντο περὶ μηδενὸς ἀλλήλοις ἐναντιοῦσθαι, ὅ τι δ' ἂν εἴς ἐξ αὐτῶν δικαιώσῃ, τοῦθ' ἅπαντες ἡγεῖσθαι κύριον τὴν τ' ἀρχὴν καθεξείν διὰ βίου καὶ μηδὲνα παρήσειν ἕτερον ἐπὶ τὰ πράγματα [p. 107] ἰσότημοι τε πάντες ἔσεσθαι καὶ τὴν αὐτὴν ἔξιν δυναστείαν, βουλῆς μὲν ἡ δήμου ψηφίσμασι σπανίως καὶ εἰς αὐτὰ τἀναγκαῖα χρώμενοι, τὰ δὲ πλεῖστα ἐπὶ τῆς ἑαυτῶν ἐξουσίας ποιοῦντες. [3] ἐνστάσης δὲ τῆς ἡμέρας, ἐν ἣ παραλαβεῖν αὐτοὺς ἔδει τὴν ἀρχὴν, τοῖς θεοῖς προθύσαντες ἃ νόμος — ἱερὰν δὲ ταύτην ἄγουσι Ῥωμαῖοι τὴν ἡμέραν καὶ παντὸς μάλιστα ὀπτεῦνται μὴτ' ἀκοῦσαι μηδὲν ἀηδὲς ἐν αὐτῇ μὴτ' ἰδεῖν — ἔωθεν εὐθύς ἐξήεσαν οἱ δέκα τὰ παράσημα τῆς βασιλικῆς ἐξουσίας ἅπαντες ἐπαγόμενοι. [4] ὁ δὲ δῆμος ὡς ἔμαθεν αὐτοὺς οὐκέτι φυλάττοντας τὸ δημοτικὸν ἐκεῖνο καὶ μέτριον σχῆμα τῆς ἡγεμονίας οὐδὲ διαμειβομένους τὰ παράσημα τῆς βασιλικῆς ἀρχῆς ὡς πρότερον, εἰς πολλὴν ἦλθε δυσθυμίαν καὶ κατῆφειαν. [5] ἐφόβουν θ' οἱ προσηρητημένοι ταῖς δέσμασι τῶν ῥάβδων πελέκει, οὓς ἔφερον οἱ προηγούμενοι τῶν ἀνδρῶν ἐκάστου δώδεκα ὄντες ἀναστέλλοντες ἐκ τῶν στενωπῶν πληγῖς τὸν ὄχλον, ὃ καὶ ἐπὶ τῶν βασιλέων ἐγένετο πρότερον. κατελύθη γὰρ εὐθύς τὸ ἔθος τοῦτο μετὰ τὴν ἐκβολὴν

τῶν μονάρχων ὑπ' ἄνδρὸς δημοτικοῦ Ποπλίου Οὐαλερίου τὴν ἐκείνων ἐξουσίαν μεταλαμβάνοντας, ὧ πάντες οἱ μετ' ἐκείνων ὕπατοι καλοῦ πράγματος δόξαντι ἄρξαι τὰ ὅμοια πράττοντες οὐκέτι ταῖς δέσμασι τῶν ῥάβδων προσήρτων τοὺς πελέκεις, ὅτι μὴ κατὰ τὰς στρατείας καὶ τὰς ἄλλας ἐξόδους τὰς ἐκ τῆς πόλεως. [6] πόλεμον δ' ἐξάγοντες ὑπερόριον ἢ τῶν ὑπηκόων πράγματα ἐπισκεψόμενοι, τότε καὶ τοὺς πελέκεις ταῖς ῥάβδοις προσελάμβανον, [p. 108] ἵνα τὸ τῆς ὄψεως φοβερόν, ὡς κατ' ἐχθρῶν ἢ δούλων γινόμενον, ἥκιστα φαίνεται τοῖς πολίταις ἐπαχθές.

τοῦτο δὴ θεασαμένοις ἅπασιν, ὃ τῆς βασιλικῆς ἐξουσίας σημεῖον ἐνομίζετο εἶναι, πολὺ παρειστήκει δέος, ὥσπερ ἔφην, ἀπολωλέκεναι νομίζουσι τὴν ἐλευθερίαν καὶ δέκα βασιλεῖς ἐλομένοις ἀνθ' ἐνός. τοῦτον δὲ τὸν τρόπον καταπληξάμενοι τοὺς ὄχλους οἱ δέκα ἄνδρες καὶ γνόντες, ὅτι δεῖ φόβῳ τὸ λοιπὸν αὐτῶν ἄρχειν, ἑταιρίαν ἕκαστοι συνῆγον ἐπιλεγόμενοι τοὺς θρασυτάτους τῶν νέων καὶ σφίσιν αὐτοῖς ἐπιτηδαιοτάτους. [2] τὸ μὲν οὖν ἐκ τῶν ἀπόρων καὶ τῶν ταπεινῶν ταῖς τύχαις τοὺς πλείους φανῆναι τυραννικῆς κόλακας ἐξουσίας, τοῦ κοινοῦ συμφέροντος ἀλλαξαμένους τὰς αὐτῶν ὠφελείας, οὔτε παράδοξον οὔτ' ἀνέλπιστον ἦν: τὸ δὲ καὶ ἐκ τῶν πατρικίων εὐρεθῆναι συχνοὺς ἔχοντάς τι καὶ ἐπὶ πλούτῳ καὶ ἐπ' εὐγενείᾳ μέγα φρονεῖν τοὺς ὑπομένοντας συγκαταλῦειν τοῖς δεκαδάρχοις τὴν τῆς πατρίδος ἐλευθερίαν, τοῦτο θαυμαστὸν ἅπασιν εἶναι ἐδόκει: οἱ δὲ πάσαις κολακεύοντες ἡδοναῖς, ὅποσαι πεφύκασιν ἀνθρώπων κρατεῖν, κατὰ πολλὴν ἄδειαν ἦρχον τῆς πόλεως, βουλὴν μὲν ἢ δῆμον ἐν οὐδεμίᾳ μερίδι τιθέμενοι, πάντων δὲ αὐτοῖς νομοθέται τε καὶ δικασταὶ γινόμενοι, καὶ πολλοὺς μὲν ἀποκτινύντες [p. 109] τῶν πολιτῶν, πολλοὺς δ' ἀφαιροῦμενοι τὰς οὐσίας ἀδίκως. [3] ἵνα δ' αὐτοῖς εὐπρεπῶς τὰ γινόμενα ἔχη παράνομα καὶ δεινὰ ὄντα ὡς δὴ σὺν τῷ δικαίῳ πραττόμενα, δικαστήρια ἐφ' ἐκάστῳ χρήματι ἀπεδίδουσαν: ἦσαν δὲ οἱ τε κατήγοροι ὑπ' αὐτῶν ἐκείνων ἐκ τῶν συγκατασκευαζόντων τὴν τυραννίδα ὑποπεμπόμενοι, καὶ τὰ δικαστήρια ἐκ τῶν ἑταίρων ἀποδεικνύμενα, οἱ διημεῖβοντο ἀλλήλοις καταχαριζόμενοι τὰς δίκας. [4] πολλὰ δὲ τῶν ἐγκλημάτων καὶ οὐ τὰ ἐλαχίστου ἄξια ἐφ' ἑαυτῶν οἱ δέκα ἔκρινον, ὥστ' ἠναγκάζοντο οἱ μειονεκτοῦντες τῷ δικαίῳ προσνέμειν ἑαυτοὺς ταῖς ἑταιρίαις, ἐπεὶ δὴ τὸ ἀσφαλές οὐκ ἐνῆν ἄλλως αὐτοῖς ἔχειν, καὶ ἐγένετο σὺν χρόνῳ πλεῖον τοῦ ὑγιαίνοντος ἐν τῇ πόλει τὸ διεφθαρμένον καὶ νοσοῦν. οὐδὲ γὰρ ἤξιουν ἔτι μένειν ἐντὸς τείχους, οἷς τὰ πραττόμενα ὑπὸ τῶν δεκαδάρχων ἀνιὰρὰ ἦν, ἀλλ' ἀνεχώρουν εἰς τοὺς ἀγροὺς τὸν τῶν ἀρχαιρεσιῶν σκοποῦντες χρόνον ὡς ἀποθησομένων τῶν δέκα ἀνδρῶν τὰς δυναστείας, ὅταν τὸν ἐνιαύσιον ἐκτελέσωσι χρόνον, καὶ ἀποδειξόντων ἑτέρας ἀρχάς. [5] οἱ δὲ περὶ τὸν Ἀππιον τοὺς λοιποὺς συγγράψαντες νόμους ἐν δέλτοις δυοῖ καὶ ταύτας ταῖς πρότερον ἐξενεχθείσαις προσέθηκαν: ἐν αἷς καὶ ὁδε ὁ νόμος ἦν, μὴ ἐξεῖναι τοῖς πατρικίοις πρὸς τοὺς δημοτικούς ἐπιγαμίας συνάφαι: δι' οὐδὲν ὡς ἐμοὶ δοκεῖν ἕτερον ἢ τὸ μὴ συνελθεῖν εἰς ὁμόνοιαν τὰ ἔθνη γάμων ἐπαλλαγαῖς καὶ οἰκισιότητων κοινωνίας συγκερασθέντα. [6] ὡς δὲ καὶ ὁ τῶν ἀρχαιρεσιῶν ἐπέστη [p. 110] χρόνος, πολλὰ χαίρειν φράσαντες τοῖς τε πατρίοις ἐθισμοῖς καὶ τοῖς νωστοῖ γραφεῖσι

νόμοις, οὔτε βουλῆς ψήφισμα ποιήσαντες οὔτε δήμου διέμειναν ἐπὶ τῆς αὐτῆς ἀρχῆς. λχι. μετὰ δὲ τοῦτον τὸν ἐνιαυτὸν Ὀλυμπιάς μὲν ἦν ὀγδοηκοστή καὶ τρίτη, ἦν ἐνίκα στάδιον Κρίσων Ἱμεραῖος, ἄρχοντας Ἀθήνησι Φιλίσκου, τὴν δὲ ὑπατικὴν ἐξουσίαν ἐν Ῥώμῃ κατεῖχεν Ἄππιος μὲν Κλαύδιος τρίτον ἔτος ἡγούμενος τῆς δεκαδαρχίας κατὰ τὸ ἐξῆς, οἱ δὲ σὺν αὐτῷ τὸν παρελθόντα ἐνιαυτὸν ἄρξαντες δεύτερον ἐπὶ τῆς αὐτῆς ἐξουσίας μένοντες.

BOOK XI

ἐπὶ δὲ τῆς ὀγδοηκοστῆς καὶ τρίτης Ὀλυμπιάδος, ἣν ἐνίκα στάδιον Κρίσων Ἱμεραῖος, ἄρχοντας Ἀθήνησι Φιλίσκου καταλύουσι Ῥωμαῖοι τὴν τῶν δέκα ἀρχὴν ἔτη τρία τῶν κοινῶν ἐπιμεληθεῖσαν. ὃν δὲ τρόπον ἐπεχείρησαν ἐρριζωμένην ἤδη τὴν δυναστείαν ἐξελεῖν, καὶ τίνων ἀνδρῶν ἡγησαμένων τῆς ἐλευθερίας, καὶ διὰ ποίας αἰτίας καὶ προφάσεις, ἐξ ἀρχῆς ἀναλαβὼν πειράσσομαι διελθεῖν ἀναγκαίας ὑπολαμβάνων εἶναι καὶ καλὰς τὰς τοιαύτας μαθήσεις ἅπασιν μὲν ὡς εἰπεῖν ἀνθρώποις, μάλιστα δ' ὅσοι περὶ τὴν φιλόσοφον θεωρίαν καὶ περὶ τὰς πολιτικὰς διατρίβουσι πράξεις. [2] τοῖς τε γὰρ πολλοῖς οὐκ ἀπαρκεῖ τοῦτο μόνον ἐκ τῆς ἱστορίας παραλαβεῖν, ὅτι τὸν Περσικὸν πόλεμον — ἵν' ἐπὶ τούτου ποιήσωμαι τὸν λόγον — ἐνίκησαν Ἀθηναῖοι τε καὶ Λακεδαιμόνιοι δυσὶ ναυμαχίαις καὶ πεζομαχίᾳ [p. 112] μιᾷ καταγωνισάμενοι τὸν βάρβαρον τριακοσίας ἄγοντα μυριάδας αὐτοὶ σὺν τοῖς συμμάχοις οὐ πλείους ὄντες ἔνδεκα μυριάδων, ἀλλὰ καὶ τοὺς τόπους, ἐν οἷς αἱ πράξεις ἐγένοντο, βούλονται παρὰ τῆς ἱστορίας μαθεῖν, καὶ τὰς αἰτίας ἀκοῦσαι, δι' ἃς τὰ θαυμαστὰ καὶ παράδοξα ἔργα ἐπετέλεσαν, καὶ τίνες ἦσαν οἱ τῶν στρατοπέδων ἡγεμόνες τῶν τε βαρβαρικῶν καὶ τῶν Ἑλληνικῶν ἱστορῆσαι, καὶ μηδενὸς ὡς εἰπεῖν ἀνήκοοι γενέσθαι τῶν συντελεσθέντων περὶ τοὺς ἀγῶνας. [3] ἡδεταί γάρ ἡ διάνοια παντὸς ἀνθρώπου χειραγωγουμένη διὰ τῶν λόγων ἐπὶ τὰ ἔργα καὶ μὴ μόνον ἀκούουσα τῶν λεγομένων, ἀλλὰ καὶ τὰ πραττόμενα ὁρῶσα. οὐδὲ γ' ὅταν πολιτικὰς ἀκούσωσι πράξεις, ἀρκοῦνται τὸ κεφάλαιον αὐτὸ καὶ τὸ πέρας τῶν πραγμάτων μαθόντες, ὅτι συνεχώρησαν Ἀθηναῖοι Λακεδαιμονίοις τεῖχη τε καθελεῖν τῆς πόλεως αὐτῶν καὶ ναῦς διατεμεῖν καὶ φρουρὰν εἰς τὴν ἀκρόπολιν εἰσαγαγεῖν καὶ ἀντὶ τῆς πατρίου δημοκρατίας ὀλιγαρχίαν τῶν κοινῶν ἀποδείξαι κυρίαν οὐδὲ πρὸς αὐτοὺς ἀγῶνα ἀράμενοι, ἀλλ' εὐθύς ἀξιοῦσι καὶ τίνες ἦσαν αἱ κατασχοῦσαι τὴν πόλιν ἀνάγκαι, δι' ἃς ταῦτα τὰ δεινὰ καὶ σχέτλια ὑπέμεινε, καὶ τίνες οἱ πείσαντες αὐτοὺς λόγοι καὶ ὑπὸ τίνων ῥηθέντες ἀνδρῶν καὶ πάντα, ὅσα παρακολουθεῖ τοῖς πράγμασι, διδαχθῆναι. [4] τοῖς δὲ πολιτικοῖς ἀνδράσιν, ἐν οἷς ἔγωγε τίθεμαι καὶ τοὺς φιλοσόφους, ὅσοι μὴ λόγων, ἀλλ' ἔργων καλῶν ἄσκησιν ἡγοῦνται τὴν φιλοσοφίαν, [p. 113] τὸ μὲν ἡδεσθαι τῇ παντελεῖ θεωρίᾳ τῶν παρακολουθούντων τοῖς πράγμασι κοινὸν ὥσπερ καὶ τοῖς ἄλλοις ἀνθρώποις ὑπάρχει: χωρὶς δὲ τῆς ἡδονῆς περιγίγνεται τὸ περὶ τοὺς ἀναγκαιούς καιροὺς μεγάλα τὰς πόλεις ἐκ τῆς τοιαύτης ἐμπειρίας ὠφελεῖν, καὶ ἄγειν αὐτὰς ἐκούσας ἐπὶ τὰ συμφέροντα διὰ τοῦ λόγου. [5] ῥᾶστα γὰρ οἱ ἄνθρωποι τὰ τε ὠφελοῦντα καὶ βλάπτοντα καταμανθάνουσιν, ὅταν ἐπὶ παραδειγμάτων ταῦτα πολλῶν ὁρῶσι, καὶ τοῖς ἐπὶ ταῦτα παρακαλοῦσιν αὐτοὺς φρόνησιν μαρτυροῦσι καὶ πολλὴν σοφίαν. διὰ ταύτας δὴ μοι τὰς αἰτίας ἔδοξεν ἅπαντα ἀκριβῶς διελθεῖν τὰ γενόμενα περὶ τὴν κατάλυσιν τῆς ὀλιγαρχίας, [6] ὅσα δὴ καὶ λόγου τυχεῖν ἄξια ἡγοῦμαι. ποιήσομαι δὲ τὸν περὶ αὐτῶν λόγον οὐκ ἀπὸ τῶν τελευταίων ἀρξάμενος, ἃ δοκεῖ τοῖς πολλοῖς αἴτια γενέσθαι μόνα

τῆς ἐλευθερίας, λέγω δὲ τῶν περὶ τὴν παρθένον ἀμαρτηθέντων Ἀππίῳ διὰ τὸν ἔρωτα: προσθήκη γὰρ αὕτη γε καὶ τελευταία τῆς ὀργῆς τῶν δημοτῶν αἰτία μυρίων ἄλλων προηγησαμένων, ἀλλ' ἀφ' ὧν ἤρξατο πρῶτον ἡ πόλις ὑπὸ τῆς δεκαδαρχίας ὑβρίζεσθαι. ταῦτα πρῶτον ἐρῶ καὶ διέξειμι πάσας ἐφεξῆς τὰς ἐν τῇ τότε καταστάσει γενηθείσας παρανομίας.

πρώτη μὲν οὖν ἦν ἡ δόξασα γενέσθαι τοῦ κατὰ τῆς ὀλιγαρχίας μίσους πρόφασις, ὅτι συνύφηναν [p. 114] τὴν δευτέραν ἀρχὴν τῇ προτέρᾳ δήμου τε ὑπεριδόντες καὶ βουλῆς καταφρονήσαντες: ἔπειθ' ὅτι τοὺς χαριεστάτους Ῥωμαίων, οἷς οὐ κατὰ γνώμην τὰ πραττόμενα ὑπ' αὐτῶν ἦν, οὓς μὲν ἐξήλαννον ἐκ τῆς πόλεως αἰτίας ἐπιφέροντες ψευδεῖς καὶ δεινάς, οὓς δὲ ἀπεκτίννυσαν, κατηγοροῦντες τε αὐτοῖς ὑποπέμποντες ἐκ τῶν ἰδίων ἐταίρων καὶ τὰς δίκας ταύτας αὐτοὶ δικάζοντες: μάλιστα δ' ὅτι τοῖς θρασυτάτοις τῶν νέων, οὓς εἶχον ἕκαστοι περὶ αὐτούς, ἐφῆκαν ἄγειν καὶ φέρειν τὰ τῶν ἐναντιουμένων τῇ πολιτείᾳ. [2] οἱ δ' ὥσπερ ἀλούσης πολέμῳ κατὰ κράτος τῆς πατρίδος οὐ τὰ χρήματα μόνον ἀφηροῦντο τοὺς νόμῳ κτησαμένους, ἀλλὰ καὶ εἰς τὰς γαμετὰς αὐτῶν τὰς εὐμόρφους παρενόμουν καὶ εἰς θυγατέρας ἐπιγάμους καθύβριζον καὶ πληγὰς τοῖς ἀγανακτοῦσιν ὥσπερ ἀνδραπόδοις ἐδίδοσαν: καὶ παρεσκεύασαν, ὅσοις ἀφόρητα εἶναι τὰ γινόμενα ἐδόκει, καταλιπόντας τὴν πατρίδα γυναιξὶν ὁμοῦ καὶ τέκνοις εἰς τὰς πλησίον ἐξοικίζεσθαι πόλεις, ὑποδεχομένων αὐτοὺς Λατίνων μὲν διὰ τὸ % ἀσθενές, Ἑρνίκων δὲ διὰ τὴν ἔναγχος γενομένην αὐτοῖς ὑπὸ Ῥωμαίων ἰσοπολιτείαν. ὥσθ', ὅπερ εἰκὸς ἦν, τελευτῶντες αὐτοὶ κατελείφθησαν οἱ φιλοτύραννοι, καὶ οἷς μηδεμία τῶν κοινῶν φροντίς ἦν. [3] οὐτε γὰρ οἱ γε πατρίκιοι διέμενον ἐν τῇ πόλει θωπεύειν μὲν οὐκ ἀξιοῦντες τοὺς ἡγεμόνας, [p. 115] ἐναντιοῦσθαι δὲ τοῖς πραττομένοις ἀδυνατοῦντες, οὐθ' οἱ καταγραφέντες εἰς τὸ βουλευτικὸν συνέδριον, οὓς ἐπάναγκες ἔδει παρεῖναι ταῖς ἀρχαῖς, ἀλλὰ καὶ τούτων οἱ πλείους ἀνασκευασάμενοι πανοικεσίᾳ καὶ τὰς οἰκίας ἐρήμους ἀφέντες ἐν τοῖς ἀγροῖς διέτριβον. [4] τοῖς δὲ ὀλιγαρχικοῖς καθ' ἡδονὴν αἱ τῶν ἐπιφανεστάτων ἀνδρῶν ἐγίνοντο φυγαῖ πολλῶν μὲν καὶ ἄλλων ἔνεκα, μάλιστα δὲ ὅτι τοῖς ἀκολάστοις τῶν νέων πολὺ τὸ αὐθαδὲς προσεγίνετο μηδ' ὄφει δυναμένοις ἰδεῖν, οὓς ἔμελλον ἀσελγές τι πράττοντες αἰσχύνεσθαι.

ἐρημουμένης δὲ τοῦ κρείττονος ἔθνους τῆς πόλεως καὶ τὸ ἐλεύθερον ἅπαν ἀπολωλεκείας ἀφορμὴν κρατίστην ὑπολαβόντες ἐκείνοι οἱ πολέμῳ κρατηθέντες ὑπ' αὐτῆς τὰς τε ὕβρεις ἃς ὑβρίσθησαν ἀποτίσασθαι καὶ τὰ ἀπολωλὸτα ἀναλαβεῖν, ὡς νοσοῦσης διὰ τὴν ὀλιγαρχίαν τῆς πόλεως καὶ οὐτε συστῆναι οὐθ' ὁμονοῆσαι οὐτ' ἀντιλαβέσθαι τῶν κοινῶν ἔτι δυνησομένης, παρασκευασάμενοι τὰ πρὸς τὸν πόλεμον ἐλαύνουσιν ἐπ' αὐτὴν στρατεύμασι μεγάλοις. [2] καὶ κατὰ τὸν αὐτὸν χρόνον Σαβῖνοι ἐμβαλόντες εἰς τὴν ὁμοτέρμονα καὶ πολλῆς γενόμενοι λείας ἐγκρατεῖς φόνον τε πολὺν ἐργασάμενοι τοῦ γεωργικοῦ πλήθους ἐν Ἡρήτῳ κατεστρατοπέδευσαν: διέσθηκε δ' ἀπὸ τῆς Ῥώμης ἡ πόλις αὕτη τετταράκοντα καὶ ἑκατὸν σταδίους πλησίον οὔσα [p. 116] [3] Τιβέρεως ποταμοῦ. Αἰκανοὶ δ' εἰς τὴν Τυσκλάνων γῆν ἐμβαλόντες ὁμορον οὔσαν σφίσι καὶ πολλὰ δηώσαντες αὐτῆς ἐν Ἀλγιδῷ πόλει τίθενται τὸν χάρακα. ὡς

δ' ἤκουσαν οἱ δέκα τὴν τῶν πολέμιων ἔφοδον, τεταραγμένοι συνεκάλουν τὰς ἑταιρείας, καὶ μετὰ τούτων ὃ τι χρὴ πράττειν ἐσκόπουν. [4] τὸ μὲν οὖν ὑπερόριον ἀποστέλλειν στρατιὰν καὶ μὴ περιμένειν, ἕως ἐπ' αὐτὴν ἔλθωσι τὴν πόλιν αἱ τῶν πολέμιων δυνάμεις, ἅπασιν ἐδόκει: παρῆχε δ' αὐτοῖς πολλὴν ἀπορίαν, πρῶτον μὲν εἰ πάντας Ῥωμαίους ἐπὶ τὰ ὄπλα κλητέον καὶ τοὺς ἀπεχθομένους τῇ πολιτείᾳ: ἔπειθ' ὅποιαν τινὰ δεήσει τὴν καταγραφὴν τῶν στρατιωτῶν ποιήσασθαι, πότερον αὐθάδη καὶ μισοπόνηρον οἷας ἔθος ἦν ποιεῖσθαι τοῖς τε βασιλεῦσι καὶ τοῖς ὑπάτοις, ἢ φιλάνθρωπον καὶ μέτριον. [5] ἐδόκει τ' αὐτοῖς οὐδ' ἐκεῖνο μικρᾶς εἶναι ζητήσεως ἄξιον, τί τὸ κυρώσον ἔσται τὴν περὶ τοῦ πολέμου γνώμην καὶ τὴν στρατολογίαν ψηφιοῦμενον, πότερα τὸ συνέδριον τῆς βουλῆς ἢ τὸ δημοτικὸν πλῆθος ἢ τούτων μὲν οὐδέτερον, ἐπεὶ δι' ὑποψίας ἦν αὐτοῖς ἑκάτερον, αὐτοὶ δὲ σφίσιν αὐτοῖς οἱ δέκα. τέλος δ' οὖν πολλὰ βουλευσάμενοι τὴν βουλὴν ἔγνωσαν συγκαλεῖν καὶ ποιεῖν, ὅπως τὸν τε πόλεμον αὐτοῖς ἐκείνη ψηφιεῖται καὶ τὴν τοῦ στρατοῦ [6] καταγραφὴν ἐπιτρέψει ποιήσασθαι. εἰ γὰρ ὑπὸ τοῦ [p. 117] συνεδρίου κυρωθεῖ τούτων ἑκάτερον, πρῶτον μὲν εὐπειθεῖς ἔσεσθαι πάντας ὑπελάμβανον ἄλλως τε καὶ τῆς δημαρχικῆς ἐξουσίας κατακελυμένης, ἢ μόνῃ κατὰ νόμους ἐξῆν ἐναντιοῦσθαι τοῖς ὑπὸ τῶν δυνατῶν ἐπιταττομένοις: ἔπειτ' αὐτοὶ εἴ τι δόξειν ὑπηρετοῦντες τῇ βουλῇ καὶ τὰ κυρωθέντα ὑπ' ἐκείνης πράττοντες κατὰ νόμους ἀνειληφέναι τὴν ἐξουσίαν τοῦ πολέμου.

ταῦτα βουλευσάμενοι καὶ παρασκευάσαντες ἐκ τῶν ἰδίων ἑταίρων καὶ συγγενῶν τοὺς ἀγορεύσοντας ἐν τῷ συνεδρίῳ τὰς συμφερούσας αὐτοῖς γνώμας καὶ τοῖς μὴ ταῦτ' ἀποφαινομένοις ἐναντιωσομένους προῆλθον εἰς τὴν ἀγορὰν καὶ παρασησάμενοι τὸν κήρυκα τοὺς βουλευόντας ἐξ ὀνόματος καλεῖν ἐκέλευον. [2] ὑπήκουε δ' αὐτοῖς τῶν μετρίων οὐδεὶς. πολλάκις δὲ τοῦ κήρυκος βοῶντος καὶ παριόντος οὐδενὸς εἰ μὴ τῶν κολακευόντων τὴν ὀλιγαρχίαν, ἐν οἷς ἦν τὸ κάκιστον τῆς ὀλιγαρχίας μέρος, οἱ μὲν τότε ὄντες κατὰ τὴν ἀγορὰν ἐθαύμαζον, εἰ περὶ μηδενὸς πῶποτε συγκαλέσαντες τὴν βουλὴν, τότε πρῶτον ἔγνωσαν, ὅτι καὶ συνέδριον ἦν τι παρὰ Ῥωμαίοις ἀγαθῶν ἀνδρῶν, οὓς ἔδει περὶ τῶν κοινῶν σκοπεῖν. [3] οἱ δέκα δὲ ταῦθ' ὀρώντες ἐπεχείρησαν μὲν ἐκ τῶν οἰκιῶν τοὺς βουλευτὰς ἄγειν: πυθόμενοι δὲ τὰς πλείους ἐρήμους ἀφειμένας εἰς τὴν ὑστεραίαν ἀνεβάλοντο. ἐν δὲ τῷ μεταξύ [p. 118] χρόνῳ πέμποντες ἐπὶ τοὺς ἀγροὺς ἐκεῖθεν αὐτοὺς ἐκάλουν. πληρωθέντος δὲ τοῦ συνεδρίου προελθὼν Ἀππίος, ὁ τῆς δεκαδαρχίας ἡγεμῶν, ἀπήγγειλεν ὅτι διχόθεν ἀπὸ τε Αἰκανῶν καὶ Σαβίνων ἐπάγεται τῇ Ῥώμῃ πόλεμος: καὶ διεξῆλθε λόγον ἐκ πολλῆς συγκείμενον ἐπιμελείας, οὗ τέλος ἦν ψηφίσασθαι στρατοῦ καταγραφὴν καὶ διὰ τάχους ποιῆσαι τὴν ἔξοδον, ὥς οὐ διδόντος ἀναστροφὴν τοῦ καιροῦ. [4] ταῦτα δὲ αὐτοῦ λέγοντος ἀνίσταται Λεῦκιος Οὐαλέριος ἐπωνυμίαν Ποτῖτος, ἀνὴρ μέγα φρονῶν ἐπὶ τοῖς προγόνοις: πατὴρ μὲν γὰρ αὐτῷ Οὐαλέριος ἦν ὁ τὸν Σαβῖνον Ἐρδώνιον ἐκπολιορκήσας κατέχοντα τὸ Καπετώλιον, καὶ τὸ μὲν φρούριον ἀνακτησάμενος, αὐτὸς δ' ἐκ τῆς μάχης ἀποθανών: πάππος δὲ πρός πατρός Ποπλικόλας ὁ τοὺς βασιλεῖς ἐκβαλὼν καὶ τὴν ἀριστοκρατίαν

καταστησάμενος. [5] παριόντα δ' αὐτὸν ἔτι καταμαθὼν Ἄππιος καὶ καθ' ἑαυτοῦ τι λέξειν ἐλπίσας· οὐχ οὗτος ὁ τόπος, εἶπεν, ὦ Οὐαλέριε, σός, οὐδὲ προσήκει σοι νῦν λέγειν, ἀλλ' ὅταν οἶδε οἱ πρεσβύτεροι καὶ τιμώτεροι σου γνώμην ἀγορεύσωσι, τότε καὶ σὺ κληθεὶς ἐρεῖς ὃ τι σοι δοκεῖ· νῦν δὲ σιώπα καὶ κάθησο. ἀλλ' οὐχ ὑπὲρ τούτων, ἔφησεν ὁ Οὐαλέριος, ἀνέστηκα ἐρῶν, ἀλλ' ὑπὲρ ἄλλων μειζόνων τε καὶ ἀναγκαιοτέρων, ὑπὲρ ὧν οἶομαι δεῖν πρῶτον ἀκοῦσαι τὴν βουλὴν. [6] εἴσονται δ' [p. 119] ἐξ ὧν ἂν ἀκούσωσιν οὗτοι, πότερα ταῦτ' ἐστὶν ἀναγκαιότερα τοῖς κοινοῖς, ὑπὲρ ὧν ὑμεῖς αὐτοὺς συγκεκλήκατε, ἢ τὰ ὑπ' ἐμοῦ λεχθησόμενα. ἀλλὰ μὴ μ' ἀποστέρει λόγου βουλευτὴν ὄντα καὶ Οὐαλέριον καὶ περὶ σωτηρίας τῆς πόλεως λέγειν βουλούμενον. ἐὰν δὲ φυλάττης τὴν συνήθη πρὸς ἅπαντας αὐθάδειαν, δημάρχους μὲν ποίους ἐπικαλέσομαι; καταλέλυται γὰρ ἡ τῶν κατισχυομένων πολιτῶν βοήθεια ὑφ' ὑμῶν. [7] καίτοι τίνος ἔλαττον τοῦτο κακόν, ὅτε Οὐαλέριος ὧν Ποτῖτος ὡς εἷς τῶν ἐλαχίστων οὐκ ἔχω τὸ ἴσον, ἀλλὰ δημαρχικῆς ἐξουσίας δέομαι; οὐ μὴν ἀλλ' ἐπεὶ τῆς ἀρχῆς ἐκείνης ἀπεστερήμεθα, ὑμᾶς τοὺς ἅμα τούτῳ παρειληφότας καὶ τὴν ἐκείνης ἐξουσίαν τῆς ἀρχῆς καὶ δυναστεύοντας τῆς πόλεως ἅπαντας καλῶ καὶ οὐκ ἀγνοῶν μὲν, ὅτι διὰ κενῆς τοῦτο ποιῶ, φανεράν δὲ βουλούμενος πᾶσι γενέσθαι τὴν συνωμοσίαν ὑμῶν, ὅτι συγκεχύκατε τὰ τῆς πόλεως καὶ μίαν ἅπαντες γνώμην ἔχετε· μᾶλλον δὲ σὲ μόνον ἐπικαλοῦμαι, Κόιντε Φάβιε Οὐίβολανέ, τὸν ἐπὶ ταῖς τρισὶν ὑπατείαις κοσμούμενον, εἰ τὸν αὐτὸν νοῦν ἔτι ἔχεις. ἀλλ' ἀνίστασο καὶ βοήθει τοῖς κατισχυομένοις· εἰς σὲ γὰρ ἀποβλέπει τὸ συνέδριον. [p. 120]

ὡς δὲ ταῦτ' εἶπεν, ὁ Φάβιος ἐκάθητο ὑπ' αἰσχύνῃς οὐδὲν ἀποκρινόμενος, Ἄππιος δὲ καὶ οἱ λοιποὶ δέκα πάντες ἀναπηδήσαντες ἐκώλυνον αὐτὸν λέγειν. θορύβου δὲ πολλοῦ κατασχόντος τὸ συνέδριον καὶ τῶν μὲν πλείστων ἀγανακτούντων, τῶν δ' ἐκ τῆς ἐταιρείας αὐτοὺς λέγειν ὀρθῶς ἡγουμένων, ἀνίσταται Μάρκος Ὁράτιος ὁ Βαρβαῖτος ἐπικληθεὶς ἀπόγονος Ὁρατίου τοῦ συνυπατεύσαντος Ποπλῖω Οὐαλερίῳ Ποπλικόλῳ μετὰ τὴν ἐκβολὴν τῶν βασιλέων, ἀνὴρ καὶ τὰ πολεμικὰ δεινὸς καὶ λέγειν οὐκ ἀδύνατος, Οὐαλερίῳ δ' ἐκ παλαιοῦ φίλος· ὃς οὐκέτι κατασχὼν τὴν χολὴν ἔφησε· [2] θᾶπτόν μ' ἀναγκάσετε, Ἄππιε, τοὺς χαλινοὺς διαρρηῖξαι οὐκέτι μετριάζοντες, ἀλλὰ τὸν Ταρκύνιον ἐκεῖνον ἐνδύομενοι, οἳ γ' οὐδὲ λόγου τυχεῖν ἔατε τοὺς περὶ σωτηρίας τῶν κοινῶν βουλομένους λέγειν. πότερον ὑμῶν ἐξελέλυσθεν ἐκ τῆς διανοίας, ὅτι σώζονται μὲν οἱ Οὐαλερίων ἀπόγονοι τῶν ἐξελασάντων τὴν τυραννίδα, λείπεται δὲ διαδοχὴ τῆς Ὁρατίων οἰκίας, οἷς πατριὸν ἐστίν. ὁμόσε χωρεῖν τοῖς καταδουλούμενοις τὴν πατρίδα καὶ μετὰ τῶν ἄλλων καὶ μόνοις; [3] ἢ τοσαύτην κατεγνώκατε καὶ ἡμῶν καὶ τῶν ἄλλων Ῥωμαίων ἀνανδρίαν, ὥστ' ἀγαπήσειν ἐὰν τις ἐᾷ ζῆν ἡμᾶς ὅπωςδῆποτε, [p. 121] ὑπὲρ ἐλευθερίας δὲ καὶ παρρησίας μὴτ' ἐρεῖν μῆτε πράξειν μηθέν; ἢ μεθύετε τῷ μεγέθει τῆς ἐξουσίας; ὑμεῖς Οὐαλερίου λόρον ἀφελείσθε ἢ τῶν ἄλλων τινὸς βουλευτῶν τινες ὄντες ἢ ποῖαν ἀρχὴν ἔχοντες νόμιμον; οὐκ εἰς ἐνιαυτὸν ἀπεδείχθητε τῶν κοινῶν προστάται; οὐ παρώχηκεν ὁ τῆς ἀρχῆς ὑμῶν χρόνος; οὐκ ἰδιῶται τῷ νόμῳ γεγόνατε; ταῦτ' εἰς τὸν δῆμον βουλεύεσθε

ἔξενεγκεῖν. [4] τί γάρ δὴ καὶ τὸ κωλύον ἔσται τὸν βουλόμενον ἡμῶν τὴν ἐκκλησίαν συγκαλεῖν, καὶ τὴν ἐξουσίαν ὑμῶν, ἣν παρὰ τοὺς νόμους ἔχετε, κατηγορεῖν; ἀνάδοτε τοῖς πολίταις ψῆφον ὑπὲρ αὐτοῦ τούτου, πότερα δεῖ μένειν τὴν δεκαδραχμίαν ὑμῶν, ἢ τὰς πατρίους πάλιν ἀποδείκνυσθαι ἀρχάς: κἂν τοῦτο μανεῖς ὁ δῆμος ὑπομείνῃ, πάλιν τὴν αὐτὴν κατάστασιν ἔχετε καὶ κωλύετε λέγειν, ὅποσα βούλεται τις ὑπὲρ τῆς πατρίδος. ἄξιοι γὰρ ἂν εἴημεν καὶ ταῦτα καὶ ἔτι χειρόνα τούτων πάσχειν ἐφ' ὑμῖν γενόμενοι καὶ ῥυπαίνοντες αἰσχροῦ βίῳ τὰς ἑαυτῶν τε καὶ τῶν προγόνων ἀρετάς. [p. 122]

ἔτι δ' αὐτοῦ λέγοντος οἱ δέκα περιίστανται κεκραγότες καὶ τὴν δημαρχικὴν ἐπανασείοντες ἐξουσίαν καὶ ῥίψειν αὐτὸν ἀπειλοῦντες κατὰ τῆς πέτρας, εἰ μὴ σιωπήσῃ. ἐφ' ᾧ πάντες ἀνέκραγον ὡς καταλυομένης σφῶν τῆς ἐλευθερίας, καὶ μεστὸν ἦν ἀγανακτήσεως τε καὶ θορυβοῦ τὸ συνέδριον. [2] τοῖς μέντοι δέκα μετέμελεν εὐθέως τῆς τε κωλύσεως τοῦ λέγειν καὶ τῆς ἀπειλῆς, ὡς ἡρεθισμένην εἶδον ἐπὶ τῷ πράγματι τὴν βουλήν: ἔπειτα προσελθὼν ἐξ αὐτῶν Ἀππίος καὶ δεηθεὶς τῶν θορυβούντων βραχὺν ἐπισχεῖν χρόνον, ἐπειδὴ κατέστειλε τὸ ταραπτόμενον αὐτῶν: [3] οὐδένα ὑμῶν, εἶπεν, ἀποστεροῦμεν, ᾧ ἄνδρες βουλευταί, λόγου, ὅς ἂν ἐν τῷ προσήκοντι καιρῷ λέγῃ, τοὺς δ' ἐπιπολάζοντας καὶ πρὶν ἢ κληθῆναι προεξανισταμένους εἵργομεν. μηδὲν οὖν ἀγανακτεῖτε, καὶ γὰρ Ὀρατίῳ καὶ Οὐαλερίῳ καὶ παντὶ ἄλλῳ γνώμην ἀγορεύειν ἐν τῷ ἑαυτοῦ τόπῳ κατὰ τὸν ἀρχαῖον ἔθισμόν καὶ κόσμον ἀποδώσομεν, ἐάν γε περὶ ᾧ βουλευσόμενοι συνεληλύθατε, περὶ [4] τούτων λέγωσι καὶ μηδὲν ἔξω: ἐάν δὲ δημαγωγῶσιν ὑμᾶς καὶ διαστασιάζωσι τὴν πόλιν τὰ μὴ πρὸς τὸ πρᾶγμα δημηγοροῦντες, οὐδὲν τότε: τὴν δ' ἐξουσίαν τοῦ κωλύειν τοὺς ἀκοσμοῦντας, ᾧ Μάρκε Ὀράτιε, παρὰ τοῦ δήμου λαβόντες ἔχομεν, ὅτε ἡμῖν καὶ τὴν τῶν ὑπάτων καὶ τὴν τῶν δημάρχων ἀρχὴν ἐψηφίσαντο, καὶ ὁ χρόνος αὐτῆς οὕτω παρελήλυθεν, ὥσπερ σοι δοκεῖ. [5] οὐ γὰρ εἰς ἐνιαυτὸν ἀπεδειχθημεν, οὐδ' εἰς [p. 123] ἄλλον τινὰ χρόνον ὠρισμένον, ἀλλ' ἔως ἂν καταστησώμεθα παῖσαν τὴν νομοθεσίαν. συντελέσαντες οὖν, ὅσα κατὰ νοῦν ἔχομεν, καὶ κυρώσαντες τοὺς λοιποὺς νόμους, τότε' ἀποθησόμεθα τὴν ἀρχὴν καὶ λόγον τῶν πεπραγμένων τοῖς βουλομένοις ὑμῶν ὑφέξομεν. τέως δ' οὐδὲν ἐλαττώσομεν οὐδὲ τῆς ὑπατικῆς ἐξουσίας οὐδὲ [6] τῆς δημαρχικῆς. περὶ δὲ τοῦ πολέμου, τίνα χρὴ τρόπον ὡς τάχιστα καὶ κάλλιστα τοὺς ἐχθροὺς ἀμύνασθαι, γνώμας ἀξιῶ παριόντας ὑμᾶς λέγειν, πρῶτους μὲν, ὥσπερ ἐστὶ σὺν ηθες καὶ πρέπον ὑμῖν, τοὺς πρεσβυτέρους, ἔπειτα τοὺς μέσους, τελευταίους δὲ τοὺς νεωτάτους.

ταῦτ' εἰπὼν πρῶτον μὲν ἐκάλει τὸν ἑαυτοῦ θεῖον Γάιον Κλαύδιον. ὁ δ' ἀναστὰς τοιαύτην διέθετο δημηγορίαν: ἐπειδὴ με πρῶτον γνώμην ἀποφαίνεσθαι ἀξιοῖ Ἀππίος, ᾧ βουλή, τιμῶν διὰ τὸ συγγενές, ὥσπερ αὐτῷ προσήκει, καὶ δεῖ με ἂ φρονῶ περὶ τοῦ πολέμου τοῦ πρὸς Αἰκανοὺς καὶ Σαβίνους εἰπεῖν, πρὶν ἀποδείξασθαι τὴν ἑμαυτοῦ διάνοιαν, ἐκεῖνο βουλοίμην ἂν ὑμᾶς ἐξετάσαι, τίσιν ἐπαρθέντες ἐλπίσιν Αἰκανοὶ καὶ Σαβίνοι πόλεμον ἐπενεγκεῖν ἐτόλμησαν ἡμῖν καὶ τὴν χώραν ἐπὶόντες λεηλατεῖν, οἱ τέως ἀγαπῶντες καὶ τοῖς θεοῖς πολλὴν χάριν εἰδότες, εἴ τις αὐτοὺς εἶα τὴν

ἐαυτῶν ἔχειν ἀσφαλῶς. ἐὰν γὰρ τοῦτο μάθητε, καὶ τὴν ἀπαλλαγὴν τοῦ πολέμου τοῦ πρὸς αὐτοὺς ἣτις ἔσται κρατίστη μαθήσεσθε. [2] ἐκεῖνοι τοίνυν ἀκούσαντες, [p. 124] ὅτι σεσάλευται καὶ νοσεῖ τὸ πάτριον ἡμῶν πολίτευμα ἐκ πολλοῦ, καὶ τοῖς προεστηκόσι τῶν κοινῶν οὔτε ὁ δῆμος εὖνους ἐστὶν οὔτε οἱ πατρίκιοι, καὶ οὐ μάτην ἀκούσαντες — τὸ γὰρ ἀληθὲς οὕτως ἔχει, τὰς δ' αἰτίας ἐπισταμένοις ὑμῖν οὐδὲν δέομαι λέγειν — ὑπέλαβον, εἴ τις ἔξωθεν ἡμᾶς κατὰσχοι πόλεμος ἅμα τοῖς ἐντὸς τείχους κακοῖς, καὶ δόξειε ταῖς ἀρχαῖς δύναμιν ἐξάγειν τὴν προπολεμήσουσαν τῆς γῆς, οὔτε τοὺς πολίτας ἐπὶ τὸν στρατιωτικὸν ὄρκον ἅπαντας ἤξειν ἐκ προθυμίας ὡς πρότερον, ἀπεχθῶς διακειμένους πρὸς τὰς ἀρχάς· οὔτε τοὺς ἡγεμόνας ταῖς ἐκ τῶν νόμων τιμωρίαις χρῆσασθαι κατὰ τῶν μὴ παραγενομένων δεδοικότας, μὴ τι μεῖζον ἐργάσωνται κακόν, τοὺς τε ὑπακούσαντας καὶ τὰ ὅπλα λαβόντας ἢ καταλείψειν τὰ σημεῖα ἢ παραμένοντας ἐθελοκακήσειν ἐν τοῖς ἀγῶσιν. [3] ὣν οὐδὲν ἔξω τοῦ εἰκότος ἧλπισαν· ὅταν μὲν γὰρ ὁμονοοῦσα πόλις ἅπτηται πολέμου, καὶ τὸ αὐτὸ συμφέρον ἅπασι φαίνεται τοῖς τ' ἄρχουσι καὶ τοῖς ἀρχομένοις, μετὰ προθυμίας ἅπαντες ἐπὶ τὰ δεινὰ χωροῦσι καὶ οὔτε πόνον οὔτε κίνδυνον οὐδένα ὀκνοῦσιν. [4] ὅταν δὲ νοσοῦσα ἐν αὐτῇ, πρὶν ἢ τὰ ἔνδον καταστήσασθαι, τοῖς ὑπαιθρίοις ὁμοσε χωρῇ πολεμίοις, καὶ παραστῇ τῷ μὲν πλήθει λογισμός, ὅτι οὐχ ὑπὲρ οἰκείων ἀγαθῶν κακοπαθοῦσιν, ἀλλ' ἵνα βεβαιότερον αὐτῶν ἕτεροι ἄρχωσι, τοῖς δ' ἡγεμόσιν, ὅτι πολέμιον ἔχουσιν οὐχ [p. 125] ἥττον τοῦ ἀντιπάλου τὸ οἰκεῖον, νοσεῖ τὰ ὅλα καὶ πᾶσα ἱκανὴ δύναμις τὰ τοιαῦτα στρατεύματα καταγωνίσασθαι καὶ φθεῖραι.

ταῦτ' ἐστίν, ὧ βουλὴ, τὰ Σαβίνων τε καὶ Αἰκανῶν ἐνθυμήματα, οἷς πεπιστευκότες ἐμβεβλήκασιν ἡμῶν εἰς τὴν γῆν. ἐὰν μὲν οὖν ἀγανακτήσαντες τῷ καταφρονεῖσθαι πρὸς αὐτῶν ἐπαρθέντων ὡς ἔχομεν ὀργῆς δύναμιν ἐξαγαγεῖν ἐπ' αὐτοὺς ψηφισώμεθα, δέδοικα μὴ ταῦθ' ἡμῖν ἃ προὔλαβον ἐκεῖνοι συμβῆ, [2] μᾶλλον δ' εὖ οἶδα συμβησόμενα. ἐὰν δὲ τὰ πρῶτα καὶ τὰναγκαιότατα καταστησώμεθα — ταῦτα δ' ἐστὶν ἢ τ' εὐκοσμία τοῦ πλήθους καὶ τὸ πᾶσι ταῦτ' ἀσφαλόμενον φαίνεσθαι — ἐξελάσαντες μὲν ἐκ τῆς πόλεως τὴν νῦν ἐπιχωριάζουσαν ὕβριν καὶ πλεονεξίαν, ἀποδόντες δὲ τὸ ἀρχαῖον σχῆμα τῇ πολιτείᾳ, πτήξαντες οἱ νῦν θρασεῖς καὶ τὰ ὅπλα ῥίψαντες ἐκ τῶν χειρῶν ἡξουσιν ὡς ἡμᾶς οὐκ εἰς μακράν, τὰς τε βλάβας % ... θούμενοι καὶ περὶ διαλλαγῶν διαλεξόμενοι, ὑπάρξει τε ἡμῖν ὁ πάντες ἂν εὐξαιντο οἱ νοῦν ἔχοντες, χωρὶς ὅπλων διαπεπολεμηκέναι τὸν πρὸς αὐτοὺς πόλεμον. [3] ταῦτα δὴ λογισαμένους ἡμᾶς οἶομαι δεῖν τὴν μὲν ὑπὲρ τοῦ πολέμου βουλὴν, ἐπεὶ δὲ ταραχῶδῶς ἡμῖν [p. 126] ἔχει τὰ ἐντὸς τείχους, εἶσαι κατὰ τὸ παρόν, ὑπὲρ ὁμονοίας δὲ καὶ κόσμου πολιτικοῦ προθεῖναι τῷ βουλομένῳ λέγειν. οὐ γὰρ ἐξεγένετο ἡμῖν, πρὶ εἰς τοῦτο καταστήσαι τὸν πόλεμον, ὑπὸ τῆσδε τῆς ἀρχῆς κληθεῖσι περὶ τῶν ἐν τῇ πόλει πραγμάτων εἴ τι μὴ καλῶς εἶχε τῶν γιγνομένων διαγνῶναι. [4] πολλῆς γὰρ ἂν ἐπιτιμήσεως ἄξιός ἦν, εἴ τις ἐκεῖνον ἀφείλ τὸν καιρὸν ἐν τούτῳ λέγειν ὑπὲρ αὐτῶν ἡξίου· οὐδ' ἂν ἔχοι τις εἰπεῖν βεβαίως, ὅτι τοῦτον ὑπερβαλόμενοι τὸν καιρὸν ὡς οὐκ ἐπιτήδειον ἑτέρου δυνησόμεθα τυχεῖν ἐπιτηδαιοτέρου. εἰ γὰρ

ἐκ τῶν γεγονότων τὰ μέλλοντα ἔσσεσθαι βούλεται τις εἰκάζειν, πολὺς ὁ μετὰ τοῦτον ἔσται χρόνος, ἐν ᾧ περὶ οὐδενὸς τῶν κοινῶν συνελυσσόμεθα βουλευσόμενοι.

ἀξίῳ δ' ὑμᾶς, Ἄππιε, τοὺς προεσθηκότας τῆς πόλεως καὶ τὸ κοινὸν ἀπὸ τῶν συμφερόντων οὐχὶ τὸ ὑμῖν αὐτοῖς ἰδίᾳ λυσιτελοῦν ὀφείλοντας σκοπεῖν, ἐάν τι τῶν ἀληθῶν μετὰ παρρησίας, ἀλλὰ μὴ καθ' ἡδονὰς τὰς ὑμετέρας λέγω, μὴ μοι διὰ τοῦτ' ἀπεχθάνεσθαι ἐνθυμουμένους, ὅτι οὐκ ἐπὶ λοιδορίᾳ καὶ προπηλακισμῷ τῆς ἀρχῆς ὑμῶν ποιήσομαι τοὺς λόγους, [p. 127] ἀλλ' ἵνα δείξας, ἐν οἷῳ κλυδωνι τὰ πράγματα σαλεύει τῆς πόλεως, τὴν σωτηρίαν καὶ ἐπανόρθωσιν αὐτῶν ἥτις ἔσται φράσω. [2] ἅπασι μὲν γὰρ ἴσως, ὅσοις τῇ πατρίδι ... ὤσω, ἀναγκαῖός ἐστιν ὁ περὶ τῶν κοινῇ συμφερόντων λόγος, μάλιστα δ' ἐμοί. πρῶτον μὲν γάρ, ὅτι γνώμης ἄρχειν ἡξίωμα διὰ τιμῆν: αἰσχύνῃ δὲ καὶ μωρία πολλὴ πρῶτον ἀναστάντα μὴ οὐχ ἃ δεῖ πρῶτον ἐπανορθώσασθαι λέγειν. ἔπειθ' ὅτι συμβέβηκεν ὄντι θείῳ πρὸς πατρός Ἀππίου τοῦ προεσθηκότος τῆς δεκαδαρχίας ἡδεσθαι τε πάντων μάλιστα, ὅταν εὖ τὰ κοινὰ ὑπ' αὐτῶν ἐπιτροπεύηται, καὶ ἀνιᾶσθαι παντός ὁτουδήτινος μᾶλλον, ὅταν μὴ καλῶς. [3] πρὸς δὲ τούτοις ὅτι ταύτην πολιτείας διαδεδεγμαι προαίρεσιν ἐκ προγόνων τὰ κοινὰ συμφέροντα πρὸ τῶν οἰκείων λυσιτελῶν αἰρεῖσθαι καὶ μηδένα κίνδυνον ἴδιον ὑπολογίζεσθαι, ἦν οὐκ ἂν προδοίην ἐκὼν εἶναι δέ μοι ταύτην τοῦ βίου προαίρεσιν καὶ οὐκ ἂν καταισχύναίμι τὰς ἐκείνων τῶν ἀνδρῶν ἀρετάς. [4] περὶ μὲν οὖν τῆς καθεστῶσης πολιτείας, ὅτι πονηρῶς ἡμῖν ἔχει, καὶ δυσχεραίνουσιν ὀλίγου δεῖν πάντες αὐτῇ, μέγιστον ὑμῖν [p. 128] γενέσθω τεκμήριον πάντες οἱ τὰ κοινὰ διοικοῦντες ὁ μόνον οὐδ' ἄγνοεῖν ἔξεστιν ὑμῖν, ὅτι φεύγουσιν ἐκ τῆς πόλεως ὁσημέραι καταλιπόντες τὰς πατρώας ἐστίας οἱ χαριέστατοι τῶν δημοτικῶν, οἱ μὲν εἰς τὰς πλησιοχώρους πόλεις ἅμα γυναιξὶ καὶ τέκνοις μετατιθέμενοι τὰς οἰκήσεις, οἱ δ' εἰς τοὺς πλείστον ἀπέχοντας τῆς πόλεως ἀγρούς: καὶ οὐδὲ τῶν πατρικίων πολλοὶ τὰς κατ' ἄστν ποιοῦνται διατριβὰς ὡς πρότερον, ἀλλὰ καὶ τούτων οἱ πλείους τὸν βίον ἔχουσιν ἐν τοῖς ἀγροῖς. [5] καὶ τί δεῖ περὶ τῶν ἄλλων λέγειν, ὅτε καὶ τῶν βουλευτῶν ὀλίγοι μὲν τινες οἱ κατὰ συγγένειαν ἢ φιλίαν προσήκοντες ὑμῖν ὑπομένουσιν ἐντὸς τείχους, οἱ δ' ἄλλοι τὴν ἐρμηίαν ποθεινοτέραν ἡγοῦνται τῆς πατρίδος; ὅτε γοῦν ἐδέησεν ὑμῖν καλέσαι τὴν βουλήν, ἐκ τῶν ἀγρῶν καθ' ἓνα καλοῦμενοι συνῆλθον, οἷς πάτριον ἦν ἅμα ταῖς ἀρχαῖς διὰ φυλακῆς ἔχειν τὴν πατρίδα καὶ [6] μηδενὸς ἀπολείπεσθαι τῶν κοινῶν. ἄρ' οὖν τάγαθὰ φεύγοντας ὑπολαμβάνετε ἀνθρώπους καταλιπεῖν τὰς ἑαυτῶν πατρίδας ἢ τὰ κακά; ἐγὼ μὲν γὰρ οἶμαι τὰ κακά. καίτοι τίνος ἔλαττον οἶσεθ' εἶναι κακὸν πόλει καὶ ταῦτα τῇ Ῥωμαίων, ἢ πολλῶν οἰκείων δεῖ σωμάτων, εἰ μέλλει βεβαίως καθέξειν τὴν τῶν προσοίκων ἀρχήν, τὸ καταλείπεσθαι μὲν ὑπὸ τῶν δημοτικῶν, ἐρημοῦσθαι δ' ὑπὸ τῶν πατρικίων, οὔτε πολέμου κατασχόντος αὐτὴν οὔτε νόσου λοιμικῆς οὔτ' ἄλλης θεηλάτου συμφορᾶς οὐδεμιᾶς; [p. 129]

βούλεσθε οὖν ἀκοῦσαι, τινες εἰσὶν αἱ βιαζόμεναι τοὺς ἀνθρώπους καταλιπεῖν αἰτίαι ἱερὰ καὶ τάφους προγόνων καὶ ἐξηρημοῦν ἐφέστια καὶ

κτήσεις πατέρων καὶ πᾶσαν ἡγεῖσθαι γῆν ἀναγκαιοτέραν τῆς πατρίδος; οὐ γὰρ ἄτερ αἰτίας ταῦθ' οὕτως ἔχει. ἐγὼ δὴ φράσω πρὸς ὑμᾶς καὶ οὐκ ἀποκρύψομαι. [2] κατηγορίαι γίνονται τῆς ἀρχῆς ὑμῶν, Ἄππιε, πολλαὶ καὶ παρὰ πολλῶν: εἰ μὲν ἀληθεῖς ἢ ψευδεῖς οὐδὲν δέομαι ζητεῖν ἐν τῷ παρόντι, γίνονται δ' οὖν ὁμως. οὐδεῖς δ', ὡς εἶπεῖν, ἔξω τῶν ὑμετέρων ἐταίρων οἰκείως τοῖς παροῦσιν ἔχει πράγμασιν. οἱ μὲν γ' ἀγαθοὶ καὶ ἐξ ἀγαθῶν, οἷς προσῆκεν ἱεράσθαι τε καὶ ἄρχειν καὶ τὰς ἄλλας καρποῦσθαι τιμὰς, ἃς οἱ πατέρες αὐτῶν ἐκαρποῦντο, ἄχθονται τούτων ἀπελαυνόμενοι δι' ὑμᾶς τὰς προγονικὰς ἀξιώσεις ἀπολωλεκότες. [3] οἱ δὲ τὴν διὰ μέσου τάξιν ἔχοντες ἐν τῇ πόλει καὶ τὴν ἀπράγμονα διώκοντες ἡσυχίαν, χρημάτων τ' ἀδίκους ἀρπαγὰς ἐγκαλοῦσιν ὑμῖν καὶ προπηλακισμοὺς εἰς γαμετὰς ὁδύρονται γυναικάς καὶ παροινίας εἰς θυγατέρας ἐπιγάμους καὶ [4] ἄλλας ὕβρεις πολλὰς καὶ χαλεπὰς. τὸ δὲ πενέστατον τοῦ δημοτικοῦ μέρος οὐτ' ἀρχαιρεσιῶν ἔτι κύριον γινόμενον οὐτε ψηφοφοριῶν οὐτ' εἰς ἐκκλησίας καλοῦκενον οὐτ' ἄλλης πολιτικῆς φιланθρωπίας μεταλαμβάνον οὐδεμιᾶς, διὰ ταῦτα πάνθ' ὑμᾶς μισεῖ καὶ τυραννίδα καλεῖ τὴν ἀρχήν. [p. 130]

πῶς οὖν ἐπανορθώσετε ταῦτα καὶ παύσεσθε δι' αἰτίας παρὰ τοῖς πολίταις ὄντες; τοῦτο γὰρ ἔσθ' ὑπόλοιπον εἶπεῖν. εἰ προβούλευμα τοῦ συνεδρίου ποιήσαντες ἀποδοίητε τῷ δήμῳ διαγινῶναι, πότερον αὐτῷ δοκεῖ πάλιν ὑπάτους τ' ἀποδεικνύναι καὶ δημάρχους καὶ τὰς ἄλλας ἀρχὰς τὰς πατρίους, ἢ μένειν ἐπὶ τῆς αὐτῆς πολιτείας. [2] ἐάν τε γὰρ ἀγαπῶσι Ῥωμαῖοι πάντες ὀλιγαρχοῦμενοι καὶ μένειν ὑμᾶς ἐπὶ τῆς αὐτῆς ἐξουσίας ψηφίσωνται, κατὰ νόμον ἔξετε καὶ οὐ βία τὴν ἀρχήν: ἐάν τε ὑπάτους πάλιν αἰρεῖσθαι βουληθῶσι καὶ τὰς ἄλλας ἀρχὰς ὡς πρότερον, ἀποθήσεσθε νόμῳ τὴν ἐξουσίαν καὶ οὐ δόξετε ἀκόντων ἄρχειν τῶν ἴσων: τοῦτο μὲν γὰρ τυραννικόν, τὸ δὲ παρ' ἐκόντων τὰς ἀρχὰς λαμβάνειν ἀριστοκρατικόν. [3] τοῦ δὲ πολιτεύματος τούτου πρῶτον οἶομαι δεῖν ἄρξαι σὲ καὶ παῦσαι τὴν ὑπὸ σοῦ κατασταθεῖσαν ὀλιγαρχίαν, Ἄππιε, λυσιτελῇ γέ ποθ' ἡμῖν γενομένην, νῦν δ' ἐπαχθῇ. ἃ δ' ἐκ τοῦ πεισθῆναι μοι καὶ ἀποθέσθαι τὴν ἐπιφθονον ἐξουσίαν ταύτην κερδανεῖς, ἄκουσον. [4] ἐάν μὲν ὅλον ὑμῶν τὸ ἀρχεῖον ἐπὶ τῆς αὐτῆς γένηται προαιρέσεως, διὰ σὲ πάντες ὑπολήφονται τὸν ἄρξαντα καὶ τούτους γεγενῆσθαι χρηστούς: ἐάν δ' οὗτοι φιλοχωρῶσιν ἐπὶ τῇ παρανόμῳ δυναστείᾳ, σοὶ μὲν ἅπαντες εἴσονται τὴν χάριν, ὅτι μόνος ἐβουλήθης δίκαια ποιεῖν, τοὺς δὲ μὴ θέλοντας σὺν αἰσχύνῃ καὶ μεγάλῃ βλάβῃ παύσουσι τῆς ἀρχῆς. [5] ὁμολογίας δὲ καὶ πίστεις ἀπορρήτους εἶ [p. 131] τινὰς ἀλλήλοις δεδώκατε θεοὺς ἐγγυητὰς ποιησάμενοι — τάχα γὰρ τι καὶ τοιοῦτον ὑμῖν πέπρακται — φυλαττομένας ἀνοσίους εἶναι νόμιζε ὡς κατὰ πολιτῶν καὶ πατρίδος, καταλυομένας δ' εὐσεβεῖς. θεοὶ γὰρ ἐπὶ καλαῖς καὶ δικαίαις παραλαμβάνεσθαι φιλοῦσιν ὁμολογίαις, οὐκ ἐπ' αἰσχυραῖς καὶ ἀδίκοις.

εἰ δὲ διὰ φόβον ἐχθρῶν ὀκνεῖς ἀποθέσθαι τὴν ἀρχήν, μὴ σοι κινδουνοῖ τινες ἐξ αὐτῶν ἐπαχθῶσι, καὶ δίκας ἀναγκασθῆς ὑπέχειν τῶν πεπραγμένων, οὐκ ὀρθῶς δέδοικας. οὐ γὰρ οὕτω μικρόθυμος οὐδ' ἀχάριστος ἔσται ὁ Ῥωμαίων δῆμος, ὥστε τῶν μὲν ἁμαρτημάτων σου μεμνησθαι, τῶν δ'

εὐεργεσιῶν ἐπιλελῆσθαι, ἀλλ' ἀντιπαρεξετάζων τὰ νῦν ἀγαθὰ τοῖς πάλαι κακοῖς ἐκεῖνα μὲν ἡγήσεται συγγνώμης ἄξια, ταῦτα δ' ἐπαίνων. [2] ὑπάρξει δέ σοι καὶ τῶν πρὸ τῆς ὀλιγαρχίας ἔργων πολλῶν καὶ καλῶν ὄντων ὑπομιμνήσκειν τὸν δῆμον, καὶ τὴν ὑπὲρ ἐκείνων χάριν εἰς βοήθειαν καὶ σωτηρίαν ἀπαιτεῖν, ἀπολογίαις τε χρῆσθαι πρὸς τὰ κατηγορήματα πολλὰίς: τοῦτο μὲν, ὡς οὐκ αὐτὸς ἡμαρτες, ἀλλὰ τῶν ἄλλων τις ἀγνοοῦντός σου: τοῦτο δ', ὡς οὐχ ἱκανὸς ἦσθα τὸν πράττοντα κωλύειν ἰσότημον ὄντα: τοῦτο δ', ὡς ἐτέρου τινὸς ἔργου χρησίμου χάριν ἠναγκάσθης ἀβούλητόν τι ὑπομεῖναι. [3] πολλὺς γὰρ ἂν εἴη ὁ λόγος, εἰ πάσας ἐξαριθμεῖσθαι βουλοίμην τὰς ἀπολογίας. καὶ οἷς μηδὲν ἀπολόγημα ὑπάρχει μήτε δίκαιον μήτ' ἐπικέες, ὁμολογοῦντες καὶ παραιτούμενοι [p. 132] πραῖνονσι τὰς τῶν ἡδικομένων ὀργάς, οἱ μὲν εἰς ἄνοιαν ἡλικίας καταφεύγοντες, οἱ δ' εἰς πονηρῶν ἀνθρώπων ὁμιλίας, οἱ δ' εἰς μέγεθος ἀρχῆς, οἱ δ' εἰς τὴν ἅπαντας πλανῶσαν τοὺς ἀνθρωπίνους λογισμοὺς τύχην. [4] ἐγὼ σοι τῆς ἀρχῆς ἀποστάντι ὑπισχνοῦμαι πάντων ἀμνηστίαν ὑπάρξειν τῶν ἡμαρτημένων καὶ διαλλαγὰς πρὸς τὸν δῆμον ὡς ἐν κακοῖς εὐπρεπεῖς.

ἀλλὰ δέδοικα, μὴ πρόφασις μὲν οὐκ ἀληθὴς ὁ κίνδυνος ἧ τοῦ μὴ παραχωρεῖν τῆς ἀρχῆς — μυρίοις γοῦν ὑπῆρξε τυραννίδας ἀποθεμένοις μηδὲν δεινὸν ὑπὸ τῶν πολιτῶν παθεῖν — , αἱ δ' ἀληθεῖς ὥσιν αἰτίαι φιλοτιμία κενὴ τὴν εἰκόνα τοῦ καλοῦ τῆς δόξης διώκουσα καὶ πόθος ἡδονῶν ὀλεθρίων, ἃς οἱ τυραννικοὶ φέρουσι βίοι. [2] εἰ δὲ βούλει μὴ τὰ εἰδῶλα καὶ τὰς σκιὰς τῶν τιμῶν καὶ τῶν εὐημεριῶν διώκειν, ἀλλ' αὐτὰς καρποῦσθαι τὰς ἀληθεῖς τιμὰς, ἀπόδος τὴν ἀριστοκρατίαν τῇ πατρίδι καὶ τιμὰς λάμβανε παρὰ τῶν ἴσων καὶ ζήλου τύχανε παρὰ τῶν ἐπιγιγνομένων καὶ κλέος ἀθάνατον ἀντὶ τοῦ θνητοῦ σώματος κατάλιπε τοῖς ἐγγόνους. αὗται γάρ εἰσι βέβαιοι καὶ ἀληθεῖς τιμαὶ καὶ ἀναφαίρετοι χαριέστατοι [3] τε καὶ ἀμεταμέλητοι. τρέφε τὴν ψυχὴν ἐπὶ τοῖς ἀγαθοῖς τῆς πατρίδος ἡδόμενος, ὣν οὐκ ἐλαχίστη μοῖρα δόξεις γεγονέναι δυναστείαν βαρεῖαν αὐτῆς ἀφελόμενος. [p. 133] ποιῆσαι δὲ τούτων παραδείγματα τοὺς προγόνους ἐνθυμηθεῖς, ὅτι τῶν ἀνδρῶν ἐκείνων οὐδεὶς ἐπεθύμησεν ἔξουσίας δεσποτικῆς οὐδὲ ταῖς ἐπονειδίστοις τοῦ σώματος ἐδούλευσεν ἡδοναῖς. τοιγάρτοι καὶ ζῶσιν αὐτοῖς ὑπῆρχε τιμᾶσθαι καὶ τελευτήσασιν ὑπὸ τῶν ἐπιγιγνομένων ἐπαινέσθαι. [4] μαρτυρεῖται γάρ τοι παρὰ πάντων αὐτοῖς, ὅτι τῆς ἀριστοκρατίας, ἣν ἐκβαλοῦσα τοὺς βασιλεῖς ἡμῶν ἡ πόλις κατεστήσατο, βεβαιότατοι φύλακες ἐγένοντο. καὶ μηδὲν τῶν σεαυτοῦ λαμπροτάτων λόγων τε καὶ πράξεων ἐπιλανθάνου. καλαὶ γὰρ αἱ πρῶται σου τῶν πολιτικῶν ἔργων ὑποθέσεις ἐγένοντο καὶ μεγάλας ἐπέθρεψαν ἡμῖν ἀρετῆς ἐλπίδας, αἷς ἀκολούθως καὶ τὰ λοιπὰ πράττειν σ' ἅπαντες ἀξιοῦμεν. [5] ἀναχῶρει δὴ πάλιν εἰς τὴν σεαυτοῦ φύσιν, Ἄππιε τέκνον, καὶ γίνου τῇ προαιρέσει τῶν πολιτευμάτων μὴ τυραννικός, ἀλλ' ἀριστοκρατικὸς καὶ φεῦγε τοὺς πρὸς ἡδονὴν ὁμιλοῦντας, δι' οὓς ἐξέβης τῶν χρηστῶν ἐπιτηδευμάτων καὶ παρεπλάγχθης τῆς ὁρθῆς ὁδοῦ. οὐ γὰρ ἔχει λόγον, ὅφ' ὧν ἂν γένηται τις ἐξ ἀγαθοῦ κακός, ὑπὸ τούτων πάλιν αὐτὸν ἐκ πονηροῦ γενέσθαι χρηστόν.

ταῦτά σοι πολλάκις ἐβουλήθην ὑποθέσθαι μόνῳ μόνος εἰς λόγους παραγενόμενος καὶ τὰ μὲν ὡς ἀγνοοῦντα διδάξαι, τὰ δ' ὡς ἀμαρτάνοντα νοθετῆσαι: [p. 134] καὶ παρεγενόμην εἰς τὴν οἰκίαν οὐχ ἅπαξ, ἀπῆλασαν δέ με οἱ σοὶ παῖδες ἀπὸ τῶν οἰκείων οὐ σχολὴν ἄγειν σε λέγοντες, ἀλλ' ἕτερά τινα πράττειν ἀναγκαιότερα, εἰ δὴ τί σοι τῆς πρὸς τὸ γένος εὐσεβείας ἀναγκαιότερον ἦν. [2] τάχα δ' οὐχ ὑπὸ σοῦ κελευσθέντες οἱ παῖδες, ἀλλ' ἐφ' ἑαυτῶν γνόντες διέκλεισάν με τῆς εἰσόδου, καὶ βουλοίμην οὕτως τάληθές ἔχειν. τὸ πρᾶγμα δὴ με ἠνάγκασε τοῦτο διαλεχθῆναι ἐν τῷ συνεδρίῳ πρὸς σὲ περὶ ὧν ἐβουλόμην, ἐπειδὴ μόνῳ πρὸς μόνον οὐκ ἐξεγένετο. καιρὸν δ' ἔχει πάντῃ λέγεσθαι τὰ καλὰ καὶ συμφέροντα παρ' ἀνθρώποις μᾶλλον, Ἄππιε, ἢ [3] μηδαμῇ. ἀποδεδωκώς δὴ σοι τὰ τοῦ γένους ὀφειλήματα μαρτύρομαι θεοὺς, ὧν ἱερὰ καὶ βωμοὺς κοιναῖς θυσίαις γεραίρομεν οἱ τῆς Ἀππίου γενεᾶς διάδοχοι, καὶ προγόνων δαίμονας, οἷς μετὰ θεοὺς δευτέρας τιμὰς καὶ χάριτας ἀποδιδόμεν κοινὰς, ὑπὲρ ἅπαντας δὲ τούτους γῆν, ἣ κατέχει τὸν σὸν μὲν πατέρα, ἐμὸν δ' ἀδελφόν, ὅτι σοι παρέσχημαι ψυχὴν τε καὶ φωνὴν τὴν ἑμαυτοῦ τὰ κράτιστα βουλευομένην, καὶ ἐπανορθῶν τὰς ἀγνοίας σου κατὰ δύναμιν τὴν ἐμὴν ἀξιῶ σε μὴ τοῖς κακοῖς ἰᾶσθαι τὰ κακὰ, μηδὲ τῶν πλειόνων ὀρεγόμενον καὶ τὰ παρόντα ἀπολέσαι, μηδ' ἵνα τῶν [p. 135] ἴσων τε καὶ κρείττωνων ἄρχῃς ὑπὸ τῶν ἡττόνων τε καὶ κακιόνων ἄρχεσθαι. [4] πολλὰ καὶ περὶ πολλῶν ἔτι σοι λέγειν βουλόμενος ὄκνῳ. εἰ μὲν γὰρ ἐπὶ τὰ κρείττω βουλευμάτων ὁ θεὸς ἄγει σε, καὶ ταῦτα πλείω τῶν ἱκανῶν εἴρηκα, εἰ δ' ἐπὶ τὰ χεῖρω, διακενῆς καὶ τὰ λοιπὰ ἐρῶ. ἔχετε, ὦ βουλή, καὶ ὑμεῖς οἱ προεστηκότες τῆς πόλεως, τὴν ἐμὴν γνῶμην καὶ περὶ τοῦ πολέμου τῆς καταλύσεως καὶ περὶ τῶν ἐν τῇ πόλει θορύβων τῆς ἐπανορθώσεως. εἰ δέ τις ἕτερα τούτων κρείττω ἐρεῖ, τὰ βέλτιστα νικάτω.

τοιαῦτ' εἰπόντος Κλαυδίου καὶ πολλὴν ἐλπίδα τῷ συνεδρίῳ παρασχόντος, ὡς ἀποθησομένων τῶν δέκα τὴν ἀρχήν, Ἄππιος μὲν πρὸς ταῦτα οὐδὲν ἡξίωσεν εἰπεῖν: ἐκ δὲ τῶν ἄλλων ὀλιγαρχῶν προελθὼν Κορνήλιος Μάρκος: ἡμεῖς μὲν, ἔφησεν, ὦ Κλαύδιε, περὶ τῶν ἰδίων συμφερόντων αὐτοὶ διαγινωσόμεθα τῆς σῆς οὐδὲν δεόμενοι βουλῆς. καὶ γὰρ ἡλικίας ἐν τῇ φρονιμωτάτῃ ἐσμέν, ὥστε μηδὲν τῶν διαφερόντων ἀγνοεῖν, καὶ φίλων οὐ σπανίζομεν, οἷς, ἐάν τι δέῃ, [2] συμβούλοις χρῆσόμεθα. παῦσαι δὴ πρᾶγμα ποιῶν ἄωρον, ἀνὴρ πρεσβύτερος οὐ δεομένοις συμβουλῆς γνῶμας ἀποδεικνύμενος. τῷ Ἀππίῳ δ' εἴ τι βούλει παραινεῖν ἢ λοιδορεῖσθαι — τοῦτο γὰρ ἀληθέστερον — ὅταν ἐξέλθῃς ἐκ τοῦ συνεδρίου, λοιδορήσῃ. νῦν δ' ὑπὲρ τοῦ πρὸς Αἰκανοὺς καὶ Σαβίνους πολέμου, περὶ οὗ κέκλησαι γνῶμην ἀποδειξόμενος, ὃ τι σοι φαίνεται [p. 136] λέγε καὶ παῦσαι τὰ ἔξω τοῦ πράγματος φλυαρῶν. [3] μετὰ τοῦτον ἀνίσταται πάλιν ὁ Κλαύδιος κατηφῆς καὶ μεστοὺς ἔχων τοὺς ὀφθαλμοὺς δακρῶν καὶ φησιν: Ἄππιος μὲν οὐδ' ἀποκρίσεως ἄξιον ἡγεῖται με, ὦ βουλή, τὸν ἑαυτοῦ θεῖον ἐναντίον ὑμῶν: ἀλλ' ὥσπερ τὴν οἰκίαν τὴν ἰδίαν ἀπέκλεισέ μοι, καὶ τουτὶ τὸ συνέδριον ἄβατον ὥσπερ ἐφ' ἑαυτῷ ποιεῖ. εἰ δὲ χρή [4] τάληθές λέγειν, καὶ ἐκ τῆς πόλεως ἐξελαύνομαι. οὐκέτι γὰρ ἂν αὐτὸν ὀρθοῖς ὄμμασι δυναιμὴν ὀρᾶν ἀνάξιον γεγονότα τῶν προγόνων καὶ τυραννικὴν ἐζηλωκότα

παρανομίαν, ἀλλ' ἀνασκευασάμενος ἅπαντα τὰ ἐμὰ καὶ τοὺς ἐμοὺς εἰς Σαβίνους ἄπειμι, πόλιν οἰκήσων Ῥήγιλλον, ἐξ ἧς τὸ γένος ἡμῶν ἐστὶ, καὶ μενῶ τὸν λοιπὸν ἐκεῖ χρόνον, ἕως ἂν οὗτοι κατέχωσι τὴν καλὴν ταύτην ἀρχήν. ἐπειδὰν δ' οἷα μαντεύομαι περὶ τὴν δεκαδαρχίαν γένηται — γενήσεται δ' οὐκ εἰς μακράν — [5] τότε παρέσομαι. καὶ τὰ μὲν ὑπὲρ ἐμοῦ τοσαῦτα: περὶ δὲ τοῦ πολέμου ταύτην ὑμῖν, ὦ βουλὴ, γνώμην ἀποδεικνύμαι, μηδὲν ψηφίζεσθαι περὶ μηδενὸς πράγματος, ἕως ἀποδειχθῶσι νέαι ἀρχαί. ταῦτ' εἰπὼν καὶ πολὺν ἐκ τοῦ συνεδρίου κινήσας ἔπαινον ἐπὶ τῷ γενναίῳ καὶ φιλελευθέρῳ τῆς γνώμης ἐκάθισε. μετὰ δὲ τοῦτον ἀναστὰς Λεύκιος Κοϊντίος ὁ καλούμενος Κικιννῆτος [p. 137] καὶ Τίτος Κοϊντίος Καπετωλῖνος καὶ Λεύκιος Λουκρήτιος καὶ πάντες ἐξῆς οἱ πρωτεύοντες δέκα τοῦ συνεδρίου τῇ Κλαυδίου γνώμῃ προσετίθεντο.

ἐφ' ᾧ διαταραχθέντες οἱ περὶ τὸν Ἄππιον ἐβουλεύσαντο μηκέτι καθ' ἡλικίαν καὶ βουλῆς ἀξίωσιν συμβούλους καλεῖν, ἀλλὰ κατ' οἰκειότητα καὶ τὴν πρὸς αὐτοὺς ἐταιρίαν. καὶ παρελθὼν Μάρκος Κορνήλιος ἀνίστησι Λεύκιον Κορνήλιον τὸν ἀδελφόν, ὃς Κοϊντῷ Φαβίῳ Οὐιβουλανῷ συνυπάτευσσε τὸ τρίτον ὑπατεύοντι, δραστήριον ἄνδρα καὶ πολιτικούς διεξελεῖν λόγους οὐκ ἀδύνατον. [2] οὗτος ἀναστὰς ἔλεξε τοιαύδε: θαυμαστὸν μὲν ἦν καὶ τοῦτ', ὦ βουλὴ, εἰ ταύτην ἔχοντες ἄνθρωποι τὴν ἡλικίαν ἔχουσιν, οἱ πρὸ ἐμοῦ γνώμην ἀποφηνάμενοι καὶ πρωτεύειν ἀξιοῦντες τῶν συνέδρων, τὴν ἐκ τῶν πολιτικῶν προσκρουσμάτων ἀπέχθειαν ἀδιάλλακτον πρὸς τοὺς προεστηκότας τῆς πόλεως, οὓς ἐχρῆν% οἷόν τε δεῖ φυλάττειν, καὶ τοῖς νέοις παραινεῖν ἀπὸ τοῦ κρατίστου ποιεῖσθαι τοὺς ὑπὲρ τῶν καλῶν ἀγῶνας, καὶ μὴ πολεμίους, ἀλλὰ φίλους ἡγεῖσθαι τοὺς περὶ τῶν κοινῶν ἀγαθῶν ἀντιπάλους. [3] πολλῷ δ' ἔτι τούτου θαυμασιώτερόν ἐστιν, εἰ τὰς ἰδίας ἀπεχθείας [p. 138] ἐπὶ τὰ κοινὰ τῆς πόλεως πράγματα μεταφέρουσι καὶ συναπολέσθαι τοῖς ἑαυτῶν ἐχθροῖς βούλονται μᾶλλον ἢ σωθῆναι μετὰ πάντων τῶν φίλων. ὑπερβολὴν γὰρ ἀνοίας τούτοις καὶ οὐ πόρρω θεοβλαβείας πεποιήκασιν οἱ πρόεδροι τῆς βουλῆς ἡμῶν. [4] οὗτοι γὰρ ἀγανακτοῦντες, ὅτι μετιόντας αὐτοὺς τὴν τῶν δέκα ἀρχήν, ἧς αὐτοὶ νῦν κατηγοροῦσιν, ἐνίκησαν ἐν ἀρχαιρεσίαις ἐπιτηδαιότεροι φανέντες, αἰὲ πολемоῦσιν αὐτοῖς πόλεμον ἀδιάλλακτον, καὶ εἰς τοῦθ' ἤκουσιν εὐθειας, μᾶλλον δὲ μανίας, ὥσθ', ἵνα τούτους διαβάλλωσι πρὸς ὑμᾶς, ὅλην ὑπομένουσιν ἀνατρέψαι τὴν πατρίδα: [5] οἱ γ' ὁρῶντες μὲν ἀνάστατον τὴν χώραν ἡμῶν ὑπὸ τῶν πολέμιων γενομένην, ὁρῶντες δὲ ὅσον οὕτω καὶ ἐπὶ τὴν πόλιν αὐτοὺς ἐλεύσεσθαι — τὸ γὰρ διὰ μέσου χωρίον οὐ πολὺ — ἀντὶ τοῦ παρακαλεῖν καὶ παρορμᾶν τοὺς νέους ἐπὶ τὸν ὑπὲρ τῆς πατρίδος ἀγῶνα, καὶ αὐτοὶ πάσῃ προθυμίᾳ καὶ σπουδῇ βοηθεῖν, ὅση γοῦν ἐν τοῖς τηλικούτοις ἐστὶν ἰσχὺς, περὶ πολιτείας κόσμου νῦν ἀξιοῦσιν ὑμᾶς σκοπεῖν καὶ νέας ἀρχὰς ἀποδεικνύναι καὶ πάντα μᾶλλον ἢ τοὺς ἐχθροὺς κακῶς ποιεῖν: καὶ οὐδ' αὐτὸ τοῦτο δύνανται συνιδεῖν, ὅτι γνώμας ἀσυμφόρους εἰσφέρουσι, μᾶλλον δ' εὐχὰς ἀδυνάτους ἔχουσιν. [p. 139]

σκοπεῖτε γὰρ οὕτως: προβούλευμα γενήσεται τῆς βουλῆς ὑπὲρ ἀρχαιρεσιῶν, ἔπειτ' ἐξοίσουσιν οἱ δέκα τὰ βουλευθέντα εἰς τὸν δῆμον

ὀρίσαντες ἀγορὰν τὴν ἀπὸ ταύτης τρίτην. πῶς γὰρ ἂν ἀληθῶς γένοιτό τι τῶν ὑπὸ τοῦ δήμου ψηφιζομένων κύριον, ἔάν μὴ κατὰ νόμους γένηται; ἔπειθ' ὅταν αἱ φυλαὶ διενέγκωσι τὴν ψῆφον, τότε αἱ νέαι % παραιτοῦνται τὴν πόλιν ἀρχαί [2] καὶ προθήσουσιν ὑμῖν ὑπὲρ πολέμου σκοπεῖν. ἐν δὲ τοῖς μεταξὺ τῶν ἀρχαιρεσιῶν χρόνοις τοσοῦτοις οὔσιν, ἔάν ἐπὶ τὴν πόλιν ἡμῶν ἔλθωσιν οἱ πολέμιοι καὶ προσαγάγωσι τοῖς τείχεσι, τί ποιήσομεν, Κλαύδιε; ἐροῦμεν αὐτοῖς νῆ Δία: μείναθ', ἕως ἂν ἀποδείξωμεν ἑτέρας ἀρχάς. Κλαύδιος γὰρ ἡμᾶς ἔπεισε περὶ μηδενὸς ἄλλου πράγματος μῆτε προβουλεύειν μὴτ' εἰς τὸν δῆμον ἐκφέρειν μῆτε δυνάμεις καταγράφειν, ἔάν μὴ τὰ περὶ [3] τὰς ἀρχὰς καταστήσωμεν ὡς βουλόμεθα. ἅπιτ' οὖν, καὶ ὅταν ἀκούσητε ὑπάτους καὶ τὰς ἄλλας ἀρχὰς ἀποδειχθείσας ὑπὸ τῆς πόλεως καὶ τὰ πρὸς τὸν ἀγῶνα πάντα γεγονότα ἡμῖν εὐτρεπῇ, τόθ' ἦκετε περὶ διαλλαγῶν ποιησόμενοι τοὺς λόγους, ἐπειδὴ κακῶς ἤρξασθε ἡμᾶς ποιεῖν οὐδὲν προπεπονθότες ὑφ' ἡμῶν: καὶ ὅσα ἡμᾶς ἐβλάβαστε κατὰ τὰς ἐμβολὰς εἰς χρημάτων λόγον, [4] ἅπαντα ἐκ τοῦ δικαίου διαλύσατε. τὸν δὲ τῶν γεωργῶν ὄλεθρον οὐχ ὑπολογιούμεθα ὑμῖν, οὐδ' εἴ τινα γύναια ἐλεύθερα ὕβρεως καὶ παροινίας ἐπειράθη στρατιωτικῆς [p. 140] οὐδ' ἄλλο τῶν ἀνηκέστων οὐδέν. κἀκεῖνοι ταῦτα προκαλουμένων ἡμῶν μετριάσουσι καὶ συγχωρήσαντες τῇ πόλει νέας ἀρχὰς ἀποδείξει καὶ τὰ πρὸς τὸν πόλεμον εὐτρεπῇ ποιήσασθαι, τότε ἥξουσιν ἱκετηρίας φέροντες ἀντὶ τῶν ὅπλων καὶ παραδιδόντες ἡμῖν ἑαυτούς.

ὦ πολλῆς μὲν εὐθειας τούτων, οἷς ἐπὶ νοῦν ἔρχεται τοιαῦτα ληρεῖν, πολλῆς δ' ἀναλγησίας ἡμῶν, εἰ τοιαῦτα λεγόντων αὐτῶν οὐκ ἀγανακτοῦμεν, ἀλλ' ὑπομένομεν ἀκοῦειν, ὥσπερ ὑπὲρ τῶν πολεμίων, ἀλλ' οὐχ ὑπὲρ ἡμῶν αὐτῶν καὶ τῆς πατρίδος βουλευόμενοι. [2] οὐκ ἀνελοῦμεν ἐκ μέσου τοὺς φλυάρους; οὐ ταχέϊαν ψηφιούμεθα τῇ ὑπονοθευομένῃ χώρᾳ τὴν βοήθειαν; οὐ καθοπλιοῦμεν ἅπασαν τὴν ἀκμὴν τῆς πόλεως; οὐκ ἐπὶ τὰς ἐκείνων πόλεις αὐτοὶ στρατευσόμεθα; ἀλλ' οἴκοι μένοντες καὶ τοῖς δέκα λοιδορούμενοι καὶ νέας ἀρχὰς καθιστάντες καὶ περὶ κόσμου πολιτικοῦ σκοποῦντες ὥσπερ ἐν εἰρήνῃ πάντ' ἐάσομεν ὑπὸ τοῖς πολεμίοις τὰ ἐν τῇ χώρᾳ γενέσθαι, καὶ τελευτῶντες ὑπὲρ ἀνδραποδισμοῦ κινδυνεύσομεν καὶ κατασκαφῆς τῆς πόλεως, ὡς ἐάσαντες τὸν πόλεμον τοῖς τείχεσι προσελθεῖν; [3] οὐκ ἔστιν ὑγιαινόντων ἀνθρώπων τὰ τοιαῦτα βουλευόμενα, ὦ πατέρες, οὐδὲ προνοίας πολιτικῆς τὰ κοινὰ συμφέροντα τῶν ἰδίων ἀπεχθειῶν ἡγουμένης ἀναγκαιότερα, ἀλλὰ φιλονεικίας ἀκαίρου καὶ δυσμενείας ἀβούλου καὶ φθόνου κακοδαίμονος, ὃς οὐκ ἔῃ τοὺς [p. 141] ἔχοντας αὐτὸν σωφρονεῖν. ἀλλὰ τὰς μὲν τούτων φιλονεικίας ἐάσατε χαίρειν, ἃ δὲ ψηφισάμενοι τῇ πόλει σωτήρια καὶ ὑμῖν αὐτοῖς προσήκοντα ἔσεσθε βεβουλευμένοι καὶ τοῖς ἐχθροῖς φοβερά, ἐγὼ πειράσομαι λέγειν. [4] νῦν μὲν τὸν πρὸς Αἰκανοὺς καὶ Σαβίνους πόλεμον ἐπικυρώσατε καὶ τὰς δυνάμεις μετὰ πλείστης προθυμίας καὶ σπουδῆς καταγράφετε τὰς ἐπ' ἀμφοτέρους ἐξελευσόμενας. ὅταν δὲ τὰ τοῦ πολέμου τέλος ἡμῖν τὸ κράτιστον λάβῃ, καὶ ἀναστρέψωσιν εἰς τὴν πόλιν αἱ δυνάμεις εἰρήνης γενομένης, τότε καὶ περὶ τοῦ κόσμου τῆς πολιτείας σκοπεῖτε, καὶ λόγον ἀπαιτεῖτε τοὺς δέκα περὶ

πάντων, ὧν ἐπὶ τῆς ἀρχῆς ἔπραξαν, καὶ νέας ἀρχὰς ψηφοφορεῖτε καὶ δικαστήρια καθίζετε καὶ τιμᾶτε τοὺς ἐκατέρου τούτων ἀξίους, ὅταν ἐφ' ὑμῖν γένηται ταῦτ' ἀμφοτέρω, μαθόντες ὅτι οὐ τοῖς πράγμασιν οἱ καιροὶ δουλεύουσιν, ἀλλὰ τοῖς καιροῖς τὰ πράγματα. [5] ταύτην ἀποδειξαμένου Κορνηλίου τὴν γνώμην οἱ μετ' ἐκεῖνον ἀνιστάμενοι χωρὶς ὀλίγων τῆς αὐτῆς ἐγένοντο προαιρέσεως: οἱ μὲν ἀναγκαῖα καὶ τῷ παρόντι καιρῷ ταῦτα προσήκοντα ὑπολαμβάνοντες εἶναι, οἱ δ' ὑποκατακλινόμενοι καὶ θεραπεύοντες τοὺς δέκα τῷ φόβῳ τῆς ἀρχῆς. ἦν γάρ τι καὶ κατεπτηχὸς τὴν ἐξουσίαν οὐκ ἐλάχιστον μέρος ἐκ τῶν συνέδρων.

ὡς δ' αἱ πλείους γνώμαι διηγορεύθησαν, καὶ παρὰ πολὺ κρατεῖν ἐδόκουν οἱ τὸν πόλεμον ἐπικυροῦντες [p. 142] τῶν ἐτέρων, τότε Λεύκιον Οὐαλέριον ἐν τοῖς ἐσχάτοις ἐκάλουν, ὃν ἔφην εὐθύς ἐν ἀρχαῖς βουλόμενόν τι λέγειν κεκωλῦσθαι πρὸς αὐτῶν. ὁ δὲ ἀναστὰς τοιοῦτους διεξῆλθε λόγους: [2] τὴν μὲν ἐπιβουλὴν τῶν δέκα ὁρᾷτε, ὧ πατέρες, οἱ κατ' ἀρχὰς τ' οὐκ ἐπέτρεψάν μοι λέγειν ὅσα προηρούμην πρὸς ὑμᾶς, καὶ νῦν ἐν τοῖς ὑστάτοις ἀποδεδώκασιν λόγον ἐνθυμηθέντες, ὅπερ εἰκός, ὅτι τῇ τε Κλαυδίου γνώμῃ προσθέμενος οὐδὲν ὠφελήσω τὸ κοινὸν ὀλίγων αὐτῇ συνειρηκότων: ἐτέραν τε γνώμην παρὰ τὰς εἰρημένας αὐτοῖς ἀποφηνάμενος, κἂν τὰ κράτιστα ὑποθῶμαι, διακενῆς ἐρραφωδικῶς ἔσομαι. [3] εὐαρίθμητοι γὰρ τινὲς εἰσιν οἱ μετ' ἐμὲ ἀναστησόμενοι, οὓς ἐὰν ἅπαντας ὁμογνώμονας λάβω, τί γενήσεται μοι πλέον οὐδὲ πολλοστήν ἔξοντι μοῖραν τῶν Κορνηλίῳ συναγορευόντων; οὐ μὴν ἐγὼ ταῦθ' ὑφορώμενος ὀκνήσω τὴν ἐμαυτοῦ γνώμην εἰπεῖν. ὅταν γὰρ ἀκούσῃτε πάντων, ἐφ' ὑμῖν ἔσται τὰ κράτιστα ἐλέσθαι. [4] περὶ μὲν οὖν τῆς δεκαδαρχίας, ὃν τρόπον ἐπιμελεῖται τῶν κοινῶν, ὅσα Κλαύδιος ὁ βέλτιστος εἶπε, καὶ ἐμοὶ νομίσατε εἰρῆσθαι, καὶ ὅτι δεῖ νέας ἀρχὰς ἀποδειχθῆναι, πρὶν ἢ τὸ περὶ τοῦ πολέμου γενέσθαι ψήφισμα: καὶ γὰρ ταῦτα εἴρηται τῷ [5] ἀνδρὶ κατὰ τὸ βέλτιστον. ἐπεὶ δὲ Κορνήλιος εἰς τὸ ἀδύνατον ἀπάγειν ἐπειράτο τὴν γνώμην πολλοὺς τοὺς μεταξὺ χρόνους ἀποφαίνων ταῖς πολιτικαῖς οἰκονομίαις γενησομένους ἐν χερσὶν ὄντος τοῦ πολέμου, καὶ χλευάζειν [p. 143] ἐπεχείρει πράγματα οὐκ ἐπιτήδεια χλευασμῶν, οἷς παρακρουσάμενος ὑμᾶς τοὺς πολλοὺς ὥχετο φέρων, ἐγὼ καὶ περὶ τοῦ μὴ ἀδύνατον εἶναι τὴν Κλαυδίου γνώμην διαλέξομαι πρὸς ὑμᾶς: ὡς μὲν γὰρ ἀσύμφορος, οὐδὲ τῶν διασυράντων αὐτὴν οὐδεὶς ἐτόλμησεν εἰπεῖν: καὶ διδάξω, πῶς ἂν ἢ τε χώρα δι' ἀσφαλείας γένοιτο, καὶ δίκην δοῖεν οἱ τολμήσαντες αὐτὴν κακῶς ποιεῖν, καὶ τὴν πάτριον ἀπολάβοιμεν ἀριστοκρατίαν, καὶ ταῦθ' ἅμα γένοιτο συναγωνιζομένων ἀπάντων τῶν ἐν τῇ πόλει καὶ μηδενὸς τάναντία πράττειν ἀξιοῦντος, σοφίαν οὐδεμίαν ἀποδεικνύμενος ὑμῖν, τὰ δὲ πραχθέντα ὑφ' ὑμῶν αὐτῶν παραδείγματα φέρων. ἔνθα γὰρ ἡ πεῖρα διδάσκει τὸ συμφέρον, τί δεῖ στοχασμῶν ἐκεῖ;

μέμνησθε, ὅτι ἀπὸ τῶν αὐτῶν τούτων ἐθνῶν ὥσπερ νῦν δυνάμεις ἐνέβαλον, αἱ μὲν εἰς τὴν ἡμετέραν γῆν, αἱ δ' εἰς τὴν τῶν συμμάχων ἡμῶν, κατὰ τὸν αὐτὸν ἀμφοτέρω χρόνον Γαίῳ Ναυτίου καὶ Λευκίου Μινυκίου τὴν ὑπατείαν ἐχόντων, ἕνατον ἢ δέκατον ἔτος οἶμαι τουτί. [2] τότε τοίνυν ἀποστειλάντων ὑμῶν νεότητά πολλὴν καὶ ἀγαθὴν ἐπ' ἀμφοτέρω τὰ ἔθνη τῷ

μετὰ τοῦθ' οἱ μὲν τῆς ὀλιγαρχικῆς ἐταιρίας σοβαροὶ καὶ θρασεῖς περιήεσαν ὡς δὴ κρείττους τῶν ἐτέρων γεγονότες καὶ διατεπραγμένοι μηκέτι καταλυθῆναι σφῶν τὴν δυναστείαν, ἐπειδὴν ἅπαξ ὅπλων καὶ [2] στρατιᾶς γένωνται κύριοι: οἱ δὲ τὰ βέλτιστα τῷ κοινῷ φρονοῦντες ἀνιαρῶς διακείμενοι καὶ περιφόβως ὡς οὐδενὸς τῶν κοινῶν ἔπι γενησόμενοι κύριοι καὶ διέστησαν εἰς μέρη πολλὰ, τῶν μὲν ἀγεννεστέρων τὰς [p. 148] φύσεις ἅπαντα συγχωρεῖν τοῖς κρατοῦσιν ἀναγκαζομένων καὶ κατανέμειν ἑαυτοὺς εἰς τὰς ὀλιγαρχικὰς ἐταιρίας, τῶν δ' ἦττον φοφοδῶν ἀφισταμένων τῆς ὑπὲρ τῶν κοινῶν φροντίδος καὶ τὸν ἀπράγμονα βίον μεθαρμοττομένων: ὅσοις δὲ πολὺ τὸ γενναῖον ἐν τοῖς τρόποις ἦν, ἰδίας ἐταιρίας κατασκευαζομένων καὶ συμφρονούντων ἐπὶ φυλακῇ τε ἀλλήλων καὶ μεταστάσει τῆς πολιτείας. [4] ὅσοις δ' οὔτε θεραπεύειν τὴν τῶν κρατούντων ἐξουσίαν βουλομένοις ἦν οὔτε

μηδενὸς ἐπιστρέφειν τῶν κοινῶν οὐδ' ἐν ἀπράκτῳ ζῆν ἡσυχίᾳ καλὸν ἐδόκει, πολεμεῖν τ' ἀνὰ κράτος οὐ ῥάδιον, ἐπεὶ καθαιρεθῆναι δυναστείαν τηλικαύτην ἀνόητον ἐφαίνετο εἶναι, κατέλιπον τὴν πόλιν. ἡγεμῶν δὲ τούτων ἀνὴρ ἦν ἐπιφανὴς Γάιος Κλαύδιος, ὁ τοῦ κορυφασιότατου [p. 149] τῆς δεκαδαρχίας Ἀππίου θεῖος, ἐμπεδῶν τὰς ὑποσχέσεις, ἃς ἐπὶ τῆς βουλῆς ἐποίησατο πρὸς τὸν ἀδελφιδοῦν, ὅτ' αὐτὸν ἀποθέσθαι τὴν ἀρχὴν ἀξιῶν οὐκ ἔπεισεν. ἡκολούθει δ' αὐτῷ πολὺς μὲν ἐταίρων ὄχλος, [5] πολὺς δὲ πελατῶν. τοῦτου δ' ἀρξαμένου καὶ τὸ ἄλλο πολιτικὸν πλῆθος οὐκέτι λάθρα καὶ κατ' ὀλίγους, ἀλλ' ἐκ τοῦ φανεροῦ καὶ ἀθρόον ἐξέλιπε τὴν πατρίδα, τέκνα καὶ γυναῖκας ἐπαγόμενον. οἱ δὲ περὶ τὸν Ἀππίον ἀγανακτοῦντες τοῖς γινομένοις ἐπεβάλοντο μὲν κωλύειν πύλας τ' ἀποκλείσαντες καὶ ἀνθρώπους τινὰς συναρπάσαντες, ἔπειτα — δέος γὰρ εἰσηλθεν αὐτοῖς, μὴ πρὸς ἀλκὴν οἱ κωλυόμενοι τράπωνται, καὶ λογισμὸς ὀρθὸς ὡς κρεῖττον εἶη σφίσι ἐκποδῶν εἶναι τοὺς ἐχθροὺς ἢ μένοντας ἐνοχλεῖν — ἀνοιξαντες τὰς πύλας ἀφῆκαν τοὺς θέλοντας ἀπιέναι, οἰκίας δ' αὐτῶν καὶ κλήρους καὶ ὅσα ἄλλα ὑπελείπετο ἀδύνατα ὄντα ἐν φυγαῖς φέρεσθαι λειποστρατίαν ἐπενεγκόντες ἐδήμευσαν τῷ λόγῳ, τὸ δ' ἀληθὲς τοῖς ἑαυτῶν ἐταίροις ὥσανει παρὰ [6] τοῦ δήμου πριαμένοις ἐχαρίσαντο. ταῦτα δὴ τὰ ἐγκλήματα προστεθέντα τοῖς προτέροις πολλῶν δυσμενεστέρους ἐποίησε πρὸς τὴν δεκαδαρχίαν τοὺς πατρικίους καὶ τοὺς δημοτικούς. εἰ μὲν οὖν μηδὲν ἐπεξήμαρτον ἔτι πρὸς τοῖς εἰρημένοις, δοκοῦσιν ἂν μοι πολὺν ἐπὶ τῆς αὐτῆς ἐξουσίας διαμεῖναι χρόνον· ἡ γὰρ φυλάττουσα τὴν δυναστείαν αὐτῶν στάσις ἔτι διέμενεν ἐν τῇ πόλει, [p. 150] διὰ πολλὰς αἰτίας καὶ ἐκ πολλῶν ἀυξηθεῖσα χρόνων, [7] δι' ἣν ἔχαιρον ἑκάτεροι τοῖς ἀλλήλων κακοῖς· οἱ μὲν δημοτικοὶ τὸ φρόνημα τῶν πατρικίων τεταπεινωμένον ὀρῶντες καὶ τὴν βουλήν οὐδενὸς ἔτι τῶν κοινῶν οὔσαν κυρίαν, οἱ δὲ πατρικιοὶ τὴν ἐλευθερίαν ἀπολωλεκότα τὸν δῆμον καὶ μηδὲ τὴν ἐλαχίστην ἔχοντα ἰσχύν, ἐξ οὗ τὴν δημαρχικὴν ἐξουσίαν αὐτῶν οἱ δέκα ἀφείλαντο· αὐθαδεῖα δὲ πολλῇ πρὸς ἄμφω τὰ μέρη χρώμενοι καὶ οὗτ' ἐπὶ στρατοπέδου μετριάζοντες οὗτ' ἐν τῇ πόλει σωφρονοῦντες ὁμονοῆσαι πάντας ἠνάγκασαν καὶ καταλῦσαι τὴν ἀρχὴν αὐτῶν, ὅπλων γεννηθέντας κυρίους διὰ τὸν πόλεμον. [8] τὰ δ' ἁμαρτήματα αὐτῶν τὰ τελευταῖα καὶ δι' ἃ κατελύθησαν ὑπὸ τοῦ δήμου — τοῦτον γὰρ δὴ μάλιστα προπηλακίζοντες ἐξηγρίωσαν — τοιαύδε ἦν.

ὅτε τὸ περὶ τοῦ πολέμου ψήφισμα ἐκύρωσαν, καταγράψαντες ἐν τάχει τὰς δυνάμεις καὶ τριχῇ νεύσαντες δύο μὲν τάγματα κατέλιπον ἐν τῇ πόλει φυλακῆς τῶν ἐντὸς τείχους ἕνεκεν· ἡγεῖτο δὲ τῶν δύο τούτων ταγμάτων Ἀππίος Κλαύδιος ὁ προεστηκὼς τῆς ὀλιγαρχίας καὶ σὺν αὐτῷ Σπόριος Ὀππίος. τρία δὲ ἔχοντες ἐξήγον ἐπὶ Σαβίνους Κόιντος Φάβιος καὶ [2] Κόιντος Ποιτέλιος καὶ Μάνιος Ῥαβολήιος. πέντε δὲ τὰ λοιπὰ τάγματα παραλαβόντες Μάρκος τε Κορνήλιος καὶ Λεύκιος Μηνύκιος καὶ Μάρκος Σέργιος καὶ Τίτος Ἀντώνιος καὶ τελευταῖος Καίσιων Δουέλλιος ἐπὶ τὸν πρὸς Αἰκανοὺς πόλεμον ἀφίκοντο· συνεστρατεύετο δ' [p. 151] αὐτοῖς Λατίνων τε καὶ ἄλλων συμμάχων ἐπικουρικὸν οὐκ ἔλαττον τοῦ πολιτικοῦ πλῆθος. ἀλλ' οὐδὲν αὐτοῖς ἐχώρει κατὰ νοῦν τοσαύτην μὲν οἰκείαν δύναμιν ἐπαγομένοις,

τοσαύτην δὲ συμμαχίαν. [3] οἱ γὰρ πολέμιοι καταφρονήσαντες αὐτῶν, ὅτι νεοσύλλεκτοι ἦσαν οἱ στρατευόμενοι, πλησίον ἀντεστρατοπεδεύσαντο καὶ τὰς τ' ἀγορὰς ἀγομένας ἀφηροῦντο λοχῶντες τὰς ὁδοὺς καὶ ἐπὶ προνομὰς ἐξιοῦσιν ἐπετίθεντο, καὶ εἴ ποτε ἵππεῖς εἰς χεῖρας ἔλθοιεν ἵππεῦσι καὶ πεζοὶ πεζοῖς πρὸς φάλαγγα μαχόμενοι πανταχῇ πλεον ἔχοντες ἀπῆεσαν, ἐθελοκακούντων οὐκ ὀλίγων ἐν ταῖς συμπλοκαῖς καὶ οὔτε τοῖς ἡγεμόσι πειθομένων οὔτε ὁμόσε χωρεῖν τοῖς πολέμοις βουλομένων. [4] οἱ μὲν οὖν ἐπὶ Σαβίνους στρατεύσαντες ἐν τοῖς ἐλάττοσι κακοῖς σωφρονισθέντες ἐκόντες ἔγνωσαν ἐκλιπεῖν τὸν χάρακα: καὶ περὶ μέσας νύκτας ἀναστήσαντες τὸν στρατὸν ἀπῆγον ἐκ τῆς πολεμίας εἰς τὴν ἑαυτῶν φυγῇ παραπλησίαν ποιούμενοι τὴν ἀνάξευξιν, ἕως ἐπὶ πόλιν Κρουστομέρειαν, ἣ ἐστὶν οὐ πρόσω τῆς Ῥώμης, ἀφίκοντο. οἱ δ' ἐν Ἀλγιδῷ τῆς Αἰκανῶν χώρας θέμενοι τὴν παρεμβολὴν πολλὰς καὶ αὐτοὶ λαμβάνοντες ὑπὸ τῶν πολέμιων πληγὰς καὶ παρὰ τὰ δεινὰ μένειν ἀξιοῦντες ὥς ἐπανορθωσόμενοι τὰς ἐλαττώσεις οἴκτιστα πράγματα ἔπαθον. [5] ὡσάμενοι γὰρ ἐπ' αὐτοὺς οἱ πολέμιοι καὶ τοὺς ὑποστάντας τοῦ χάρακος καταβαλόντες ἐπέβησαν τῶν ἐρυμάτων: καὶ καταλαβόμενοι τὸ στρατόπεδον ὀλίγους μὲν τινὰς ἀμυνομένους [p. 152] ἀπέκτειναν, τοὺς δὲ πλείους ἐν τῷ διωγμῷ διέφθειραν. οἱ δὲ διασωθέντες ἐκ τῆς φυγῆς τραυματῖαι τε οἱ πλείους καὶ τὰ ὅπλα μικροῦ δεῖν πάντες ἀπολωλεκότες εἰς πόλιν Τύσκλον ἀφικνοῦντο: σκηνὰς δ' αὐτῶν καὶ ὑποζύγια καὶ χρήματα καὶ θεράποντας καὶ τὴν ἄλλην τοῦ πολέμου παρασκευὴν οἱ πολέμιοι διήρπασαν. [6] ὥς δ' ἀπηγγέλη ταῦτα τοῖς κατὰ τὴν πόλιν, ὅσοι περ ἦσαν ἐχθροὶ τῆς ὀλιγαρχίας καὶ οἱ τέως ἀποκρυπτόμενοι τὸ μῖσος, φανεροὺς ἐποιοῦν αὐτοὺς τότε χαίροντες ἐπὶ ταῖς κακοπραγίαις τῶν στρατηγῶν: καὶ ἦν ἤδη καρτερὰ χεῖρ περὶ τὸν Ὀράτιόν τε καὶ τὸν Οὐαλέριον, οὓς ἔφην ἡγεμόνας εἶναι τῶν ἀριστοκρατικῶν ἐταιρειῶν.

οἱ δὲ περὶ τὸν Ἄππιον τοῖς μὲν ἐπὶ στρατοπέδου συνάρχουσιν ὅπλα τε καὶ χρήματα καὶ σῖτον καὶ τᾶλλα ὧν ἐδέοντο ἐπεχορήγουν τὰ τε δημόσια καὶ ἰδιωτικὰ ἐκ πολλῆς ὑπεροφίας λαμβάνοντες, καὶ ἀντὶ τῶν ἀπολωλότων ἀνδρῶν στρατολογήσαντες ἐξ ἀπάσης φυλῆς τοὺς ὅπλα φέρειν δυναμένους ἀπέστειλαν, ὥστ' ἐκπληρωθῆναι τοὺς λόχους: τῶν τε κατὰ τὴν πόλιν ἐπιμελῇ φυλακὴν ἐποιοῦντο φρουραῖς τοὺς ἐπικαιροτάτους καταλαμβανόμενοι τόπους, μὴ τι λάθωσι παρακινήσαντες οἱ μετὰ τοῦ Οὐαλερίου συνεστῶτες. [2] ἐπέσκηπτὸν τε δι' ἀπορρήτων τοῖς ἐπὶ τῶν στρατοπέδων συνάρχουσι τοὺς ἐναντιούμενους σφίσι διαφθεῖρειν, [p. 153] τοὺς μὲν ἐπιφανεῖς ἀδήλως, ὧν δ' ἐλάττων ὁ λόγος ἦν καὶ ἀπὸ τοῦ φανεροῦ, προφάσεις αἰεὶ τινὰς ἐπιφέροντας, ἵνα δικαίως δόξωσιν ἀποθανεῖν. καὶ ἐγίνετο ταῦτα: οἱ μὲν γὰρ ἐπὶ προνομὰς ἀποστελλόμενοι ὑπ' αὐτῶν, οἱ δ' ἀγορὰν παρατέμψαι κομιζομένην, οἱ δ' ἄλλας τινὰς ἐπιτελέεσθαι πολεμικὰς χρείας, ἔξω γενόμενοι τοῦ χάρακος οὐδαμοῦ ἔτι ὤφθησαν. [3] οἱ δὲ ταπεινότατοι φυγῆς ἄρχειν κατηγορηθέντες ἢ τὰ ἀπόρρητα πρὸς τοὺς πολέμιους ἐκφέρειν ἢ τάξιν μὴ φυλάττειν, ἐν τῷ φανερῷ καταπλήξεως ἕνεκα τῶν ἄλλων ἀπώλλυντο. ἐγίνετο δὲ διχόθεν τῶν στρατιωτῶν ὀλεθρος, τῶν μὲν οἰκείων τῆς ὀλιγαρχίας ἐν ταῖς πρὸς τοὺς πολέμιους συμπλοκαῖς

διαφθειρομένων, τῶν δὲ τὴν ἀριστοκρατικὴν ποθούντων κατάστασιν ὑπὸ τῶν στρατηγῶν ἀπολλυμένων.

πολλὰ δὲ τοιαῦτα καὶ κατὰ τὴν πόλιν ὑπὸ τῶν περὶ τὸν Ἄλπιον ἐγίνετο. τῶν μὲν οὖν ἄλλων καίτοι συχνῶν ἀναιρουμένων ἐλάττων τοῖς πλήθεσι λόγος ἦν, ἐνὸς δ' ἀνδρὸς ἐπιφανεστάτου τῶν δημοτικῶν καὶ πλείστας ἀρετὰς ἐν τοῖς κατὰ πόλεμον ἔργοις ἀποδειξαμένου θάνατος ὥμους καὶ ἀνόσιος ἐπιτελεσθεὶς ἐν θατέρῳ τῶν στρατοπέδων, ἔνθα οἱ τρεῖς ἡγεμόνες ἦσαν, ἅπαντας ἐτοίμους ἐποίησε πρὸς τὴν ἀπόστασιν τοὺς ἐκεῖ. [2] ἦν δ' ὁ φονευθεὶς Σικκιος, ὁ τὰς ἑκατὸν εἴκοσι μάχας ἀγωνισάμενος καὶ ἐξ ἁπασῶν ἀριστεῖα λαβὼν, ὃν ἔφην ἀπολελυμένον ἤδη στρατείας διὰ τὸν χρόνον ἐκούσιον τοῦ πρὸς Αἰκανοὺς συνάρασθαι πολέμου, [p. 154] σπεῖραν ἀνδρῶν ὀκτακοσίων ἐκπεπληρωκότων ἤδη τὰς κατὰ νόμον στρατείας εὐνοίᾳ τῇ πρὸς αὐτὸν ἐπαγόμενον: μεθ' ὧν ἀποσταλεῖς ὑπὸ θατέρου τῶν ὑπάτων ἐπὶ τὸ στρατόπεδον τῶν πολέμιων εἰς πρόδηλον ὄλεθρον, ὡς πᾶσιν ἐδόκει, τοῦ τε χάρακος ἐκράτησε καὶ τῆς ὀλοσχεροῦς νίκης αἴτιος ἐγένετο τοῖς ὑπάτοις. [3] τοῦτον δὲ τὸν ἄνδρα πολλοὺς ἐν τῇ πόλει διεξιόντα λόγους κατὰ τῶν ἐπὶ στρατοπέδου στρατηγῶν, ὡς ἀνάνδρων τε καὶ ἀπείρων πολέμου, ἐκποδῶν ποιῆσαι σπεύδοντες οἱ περὶ τὸν Ἄλπιον εἰς ὁμιλίας προὔκαλοῦντο φιλανθρώπους καὶ συνδιαπορεῖν σφίσιν ἡξίου ὑπὲρ τῶν ἐπὶ στρατοπέδου, καὶ πῶς ἂν ἐπανορθωθείη τὰ τῶν στρατηγῶν ἀμαρτήματα λέγειν παρεκάλουν, καὶ τελευτώντες ἔπεισαν ἐξελθεῖν ἐπὶ τὸν ἐν Κρουστομερείᾳ χάρακα αὐτὸν ἐξουσίαν ἔχοντα πρεσβευτικὴν. ἔστι δὲ πάντων ἱερώτατον τε καὶ τιμιώτατον ὁ πρεσβευτὴς παρὰ Ῥωμαίοις ἐξουσίαν μὲν ἄρχοντος ἔχων καὶ δύναμιν, ἀσυλίαν δὲ καὶ σεβασμὸν ἱερέως. [4] ὡς δ' ἀφίκετο, φιλοφρονουμένων αὐτὸν ἐκεῖ τῶν ἡγεμόνων καὶ δεομένων συστρατηγεῖν μένοντα, καὶ τινὰς καὶ δωρεὰς τὰς μὲν διδόντων ἤδη, τὰς δ' ὑπισχνουμένων, ἐξαπατηθεὶς ὑπ' ἀνθρώπων πονηρῶν καὶ τῇ γοητείᾳ τῶν λόγων οὐ συνειδὼς ὡς ἐξ ἐπιβουλῆς ἐγίνετο, στρατιωτικὸς ἀνὴρ καὶ τὸν τρόπον [p. 155] ἀπλοῦς τὰ τ' ἄλλα ἐπείθετο αὐτοῖς, ὅσα συμφέρειν ὑπελάμβανε, καὶ πρῶτον πάντων παρήνει μετὰγειν τὴν παρεμβολὴν εἰς τὴν πολέμιαν ἐκ τῆς σφετέρης: τὰς τε βλάβας διεξιὼν τὰς τότε γινομένας καὶ τὰς ὠφελείας ἐπιλογιζόμενος, ὅσας ἔμελλον ἔξειν μεταστρατοπεδευσάμενοι.

οἱ δ' ἀσμένως δέχεσθαι τὰς παραινέσεις σκηψάμενοι: τί οὖν, ἔφασαν, οὐκ αὐτὸς ἡγεμὼν γίνῃ τῆς ἀναζεῦξεως τόπον ἐπιτήδειον προκατασκεψάμενος; ἐμπειρίαν δ' ἱκανὴν ἔχεις τῶν τόπων διὰ τὰς πολλὰς στρατείας, λόχον δὲ σοι δώσομεν ἐπιλέκτων νέων εὐζώνῳ ἐσταλμένων ὀπλίσει: σοὶ δὲ ἵππος τε διὰ τὴν ἡλικίαν παρέστω, καὶ ὀπλισμὸς ὁ τοῖς τηλικούτοις πρέπων. [2] ὑποδεξαμένου δὲ τοῦ Σικκίου καὶ φιλοῦς αἰτήσαντος ἑκατὸν ἐπιλέκτους οὐδένα χρόνον ἐπισχόντες ἐκπέμπουσιν αὐτὸν ἔτι νυκτὸς οὔσης καὶ σὺν αὐτῷ τοὺς ἑκατὸν ἄνδρας ἐκ τῶν ἰδίων ἐταίρων τοὺς ἰταμωτάτους ἐπιλεξάμενοι, οἷς ἐπέσκηψαν ἀποκτεῖναι τὸν ἄνδρα μεγάλους μισθοὺς τῆς ἀνδροφονίας ὑποσχόμενοι. ἐπεὶ δὲ πολὺ προελθόντες ἀπὸ τοῦ χάρακος εἰς χωρίον ἤλθον ὀχθηρὸν καὶ στενόπορον καὶ χαλεπὸν ἵππῳ διεξελθεῖν, ὅτι μὴ βάδην ἀνιόντι, διὰ τὴν τραχύτητα τῶν ὄχθων, σύνθημα δόντες ἀλλήλοις

στίφος ἐποιοῦν ὡς ἅμα χωρήσοντες ἐπ’ αὐτὸν ἄθροοι. θεράπων δέ τις ὑπασπιστὴς τοῦ Σικκίου τὰ πολεμικὰ ἀγαθὸς εἰκάσας [p. 156] τὴν διάνοιαν αὐτῶν μηνυτὴς γίνεται τῷ δεσπότῃ. [3] κἀκεῖνος ὡς ἔγνω κατακλειόμενον αὐτὸν εἰς δυσχωρίας, ἔνθα οὐκ ἦν δυνατὸν ἀνὰ κράτος ἐλάσαι τὸν ἵππον, καθάλλεται τε καὶ στάς ἐπὶ τὸν ὄχθον, ἵνα μὴ κυκλωθεῖη πρὸς αὐτῶν, τὸν ὑπασπιστὴν μόνον ἔχων τοὺς ἐπὶόντας ὑπέμεινεν. ὀρμησάντων δὲ ἅμα πάντων πολλῶν ὄντων ἐπ’ αὐτὸν ἀποκτείνει μὲν περὶ πεντεκαίδεκα, τραυματίζει δὲ καὶ διπλασίους. ἐδόκει δ’ ἂν καὶ τοὺς ἄλλους ἅπαντας διαφθεῖραι μαχόμενος, εἰ συνήεσαν ὁμόσε. [4] οἱ δ’ ἄρα συμφρονήσαντες, ὡς ἄμαχον εἶη χρῆμα, καὶ οὐκ ἂν ἔλοιεν αὐτὸν συστάδην, τῆς μὲν ἐκ χειρὸς ἀπείχοντο μάχης, προσωτέρω δ’ ἀποστάντες ἔβαλλον οἱ μὲν σαννίοις, οἱ δὲ χερμάσιν, οἱ δὲ ξύλοις· τινὲς δ’ αὐτῶν προσελθόντες ἐκ τῶν πλαγίων τῷ ὄχθῳ καὶ γενόμενοι κατὰ κεφαλῆς κατεκύλιον ὑπερμεγέθεις ἄνωθεν πέτρας, ἕως ὑπὸ πλήθους τῶν ἐξ ἐναντίας βαλλομένων καὶ βάρους τῶν ἄνωθεν ἐπικαταραττομένων διέφθειραν αὐτόν. Σικκίος μὲν δὴ τοιαύτης καταστροφῆς ἔτυχεν.

οἱ δὲ διαπραξάμενοι τὸν φόνον ἦκον ἐπὶ τὸ στρατόπεδον ἄγοντες τοὺς τραυματίας καὶ διέσπειραν λόγον, ὡς ἐπιφανεῖς αὐτοῖς πολεμίων λόχος τὸν τε Σικκίον ἀποκτείνει καὶ τοὺς ἄλλους ἄνδρας, οἷς πρώτοις ἐνέτυχεν, αὐτοὶ τε πολλὰ τραύματα λαβόντες [p. 157] μόλις αὐτοὺς ἀποφύγοιεν. καὶ ἐδόκουν ἅπασιν πιστὰ λέγειν. οὐ μὴν ἔλαθέ γ’ αὐτῶν τὸ ἔργον, ἀλλὰ καίπερ ἐν ἐρημίᾳ τοῦ φόνου γεγονότος καὶ μηδένα μηνυτὴν ἔχοντος ὑπὸ τοῦ χρεῶν αὐτοῦ καὶ τῆς ἅπαντα ἐπισκοποῦσης τὰ θνητὰ πράγματα δίκης ἐξηλέγχθησαν τεκμηρίοις ἀναμφισβητήτοις. τὸ δ' ἐν Ἀλγιδῷ τῆς Αἰκανῶν χώρας καθιδρυμένον καὶ τὸ ἐν τῇ πόλει πλῆθος ἅπαν διὰ ταύτας ἐξεπολεμώθη τὰς αἰτίας πρὸς αὐτοὺς. ἀνὴρ ἐκ τῶν δημοτικῶν, Λεύκιος Οὐεργίνιος, οὐδενὸς χείρων τὰ πολεμικά, λόχου τινὸς ἡγεμονίαν ἔχων ἐν τοῖς πέντε τάγμασιν ἐτάχθη τοῖς ἐπ' Αἰκανοὺς στρατευσαμένοις. καὶ φυλακῆς ἑώρα τὴν κόρην κρείττονος ἢ πρότερον ἀξιομένην, φλεγόμενος ὑπὸ τοῦ πάθους τὴν ἱταμωτέραν ἔγνω βαδίζειν ὁδόν. μεταπεμφάμενος δὴ τινὰ τῶν ἑαυτοῦ πελατῶν, Μάρκον Κλαύδιον, ἄνδρα τολμηρὸν καὶ πρὸς πᾶσαν ὑπηρεσίαν ἔτοιμον, τὸ τε πάθος αὐτῷ διηγεῖται καὶ διδάξας, ὅσα ποιεῖν αὐτὸν ἐβούλετο καὶ λέγειν, ἀποστέλλει συχνοὺς [p. 161] ^[6] τῶν ἀναιδεστάτων ἐπαγόμενον. ὁ δὲ παραγενόμενος ἐπὶ τὸ διδασκαλεῖον ἐπιλαμβάνεται τῆς παρθένου καὶ φανερώς ἄγειν ἐβούλετο δι' ἀγορᾶς. κραυγῆς δὲ γε- νομένης καὶ πολλοῦ συνδραμόντος ὄχλου κωλυόμενος ὅποι προηρεῖτο τὴν κόρην ἄγειν ἐπὶ τὴν ἀρχὴν παρα- γίνεται. ἐκάθητο δ' ἐπὶ τοῦ βήματος τηνικαῦτα μόνος Ἀππίος χρηματίζων τε καὶ δικάζων τοῖς δεομένοις. βουλομένου δ' αὐτοῦ λέγειν κραυγὴ τε καὶ ἀγανάκτησις ἦν ἐκ τοῦ περιστῶτος ὄχλου, πάντων ἀξιούντων περι- μένειν, ἕως ἔλθωσιν οἱ συγγενεῖς τῆς κόρης· καὶ ὁ ^[7] Ἀππίος οὕτως ἐκέλευσε ποιεῖν. ὥς δ' ὀλίγος ὁ μεταξὺ χρόνος ἐγεγόνει, καὶ παρῆν ὁ πρὸς μητρὸς θεῖος τῆς παρθένου Πόπλιος Νομιτώριος φίλους τε πολλοὺς ἐπαγόμενος καὶ συγγενεῖς, ἀνὴρ ἐκ τῶν δημοτικῶν ἐμφανής, καὶ μετ' οὐ πολὺ Λεῦκιος, ὁ παρὰ τοῦ πα- τρὸς ἐνεγγυημένος τὴν κόρην, χεῖρα περὶ αὐτὸν ἔχων νέων δημοτικῶν καρτερὰν. ὥς δὲ τῷ βήματι προσ- ῆλθεν, ἀσθμαίνων ἔτι καὶ μετέωρος τὸ πνεῦμα λέγειν ἡξίου, τίς ἐστὶν ὁ τολμήσας ἄψασθαι παιδὸς ἀστῆς καὶ τί βουλόμενος.

σιωπῆς δὲ γενομένης Μάρκος Κλαύδιος ὁ τῆς παιδὸς ἐπιλαβόμενος τοιοῦτον διεξῆλθε λόγον· οὐδὲν οὔτε προπετὲς οὔτε βίαιον πέπρακται μοι περὶ τὴν κόρην, Ἀππιε Κλαύδιε· κύριος δ' αὐτῆς ὢν κατὰ τοὺς νόμους ἄγω. ὃν δὲ τρόπον ἐστὶν ἐμή, μάθε. τοιαῦτ' εἰπόντος Κλαυδίου καὶ πολλὴν προσθέντος δέησιν ὑπὲρ τοῦ μηδὲν ἐλαττωθῆναι τῶν ἀντιδίκων, ὅτι πελάτης ἦν καὶ ταπεινός, παραλαβὼν τὸν λόγον ὁ τῆς κόρης θεῖος ὀλίγα καὶ αὐτὰ τὰ πρὸς τὸν ἄρχοντα εἰρήσθαι

προσήκοντα εἶπε: πατέρα μὲν οὖν εἶναι τῆς κόρης λέγων Οὐεργίνιον ἐκ τῶν δημοτικῶν, ὃν ἀποδημεῖν στρατευόμενον ὑπὲρ τῆς πόλεως: μητέρα δὲ γενέσθαι Νομιτωρίαν τὴν ἀδελφὴν τὴν ἑαυτοῦ, σὺφρονα καὶ ἀγαθὴν γυναῖκα, ἣν οὐ πολλοῖς πρότερον ἐνιαυτοῖς ἀποθανεῖν: τραφεῖσαν δὲ τὴν παρθένον, ὡς ἐλευθέρᾳ καὶ ἀστῇ προσήκειν, ἀρμοσθῆναι κατὰ νόμον Ἰκίλιῳ, καὶ τέλος ἂν ἐσχηκέναι τὸν γάμον, [2] εἰ μὴ θᾶπτον ὁ πρὸς Αἰκανοὺς ἀνέστη πόλεμος. ἐν δὲ τοῖς μεταξὺ χρόνοις οὐκ ἐλαττόνων ἢ πεντεκαίδεκα διεληλυθότων ἐτῶν οὐδὲν τοιοῦτον ἐπιχειρήσαντα πρὸς αὐτοὺς εἰπεῖν Κλαύδιον, ἐπειδὴ δὲ γάμων ἢ παῖς ἔσχεν ὥραν καὶ διαφέρειν δοκεῖ τὴν ὄψιν, ἐρώντα ἥκειν ἀναισχυντον συκοφάντημα πλάσαντα, οὐκ ἀπὸ τῆς ἑαυτοῦ γνώμης, ἀλλὰ κατεσκευασμένον ὑπ' ἀνδρὸς ἀπάσαις οἰομένου δεῖν ταῖς ἐπιθυμίαις ἐκ παντὸς τρόπου χαρίζεσθαι. [3] τὴν μὲν οὖν δίκην αὐτὸν ἔφη τὸν πατέρα περὶ τῆς θυγατρὸς ἀπολογήσεσθαι παραγενόμενον ἀπὸ τῆς στρατιᾶς: τὴν δὲ τοῦ σώματος ἀντιποίησιν, ἣν ἔδει γενέσθαι κατὰ τοὺς νόμους, αὐτὸς ποιεῖσθαι θεῖος ὢν τῆς κόρης καὶ τὰ δίκαια ὑπέχειν, οὐδὲν ἀξιῶν οὔτε ξένον οὔτε ὃ μὴ καὶ τοῖς ἄλλοις [p. 164] ἀποδίδοται Ῥωμαίοις δίκαιον, εἰ καὶ μὴ πᾶσιν ἀνθρώποις, σώματος εἰς δουλείαν ἐξ ἐλευθερίας ἀγομένου μὴ τὸν ἀφαιρούμενον τὴν ἐλευθερίαν, ἀλλὰ τὸν φυλάττοντα κύριον εἶναι μέχρι δίκης. [4] ἔφη τε διὰ πολλὰς αἰτίας προσήκειν τῷ Ἀππίῳ φυλάττειν τοῦτο τὸ δίκαιον: πρῶτον μὲν ὅτι τὸν νόμον τοῦτον ἅμα τοῖς ἄλλοις ἐν ταῖς δώδεκα δέλτοις ἀνέγραψεν: ἔπειθ' ὅτι τῆς δεκαδαρχίας ἡγεμῶν: πρὸς δὲ τούτοις ὅτι μετὰ τῆς ὑπατικῆς ἐξουσίας καὶ τὴν δημαρχίαν προσειλήφει, ἥς εἶναι κράτιστον ἔργον τοῖς ἀσθενέσι καὶ ἐρήμοις τῶν πολιτῶν βοηθεῖν. [5] ἡξίου τε τὴν καταπεφευγῖαν ἐπ' αὐτὸν ἐλεῆσαι παρθένον, μητρὸς μὲν ὄρφανὴν οὖσαν ἔτι πάλαι, πατρὸς δ' ἔρημον ἐν τῷ τότε χρόνῳ, κινδυνεύουσαν οὐ χρημάτων ἀποστερηθῆναι προγονικῶν, ἀλλὰ καὶ ἀνδρὸς καὶ πατρίδος καὶ ὃ πάντων μέγιστον εἶναι δοκεῖ τῶν ἀνθρωπίνων ἀγαθῶν, τῆς τοῦ σώματος ἐλευθερίας. ἀνακλαυσάμενος δὲ τὴν ὕβριν, εἰς ἣν ἔμελλεν ἢ παῖς παραδοθῆσεσθαι, καὶ πολὺν ἐκ τῶν παρόντων κινήσας ἔλεον περὶ τοῦ χρόνου τῆς δίκης ἔφη τελευτῶν: [6] ἐπειδὴ ταχεῖαν αὐτῆς βούλεται γενέσθαι τὴν κρίσιν Κλαύδιος, ὁ μηδὲν ἡδικῆσθαι φάμενος ἐν τοῖς πεντεκαίδεκα ἔτεσιν, ἕτερος μὲν ἂν τις ὑπὲρ τηλικούτων ἀγωνιζόμενος δεινὰ πάσχειν ἔλεξε καὶ ἡγανάκτει κατὰ τὸ εἰκός, ὅταν εἰρήνη γένηται καὶ πάντες ἔλθωσιν οἱ νῦν ὄντες ἐπὶ στρατοπέδου, τότε [p. 165] τὴν δίκην ἀξιῶν ἀπολογεῖσθαι, ὅτε καὶ μαρτύρων εὐπορία καὶ φίλων καὶ δικαστῶν ἀμφοτέροις ἔσται τοῖς δικαζομένοις, πολιτικὰ καὶ μέτρια πράγματα προφέρων καὶ τῇ Ῥωμαίων συνήθη πολιτείᾳ: [7] ἡμεῖς δ', ἔφη, λόγων οὐδὲν δεόμεθα οὔτ' εἰρήνης οὔτ' ὄχλου φίλων καὶ δικαστῶν οὔτ' εἰς τοὺς δικασίμους χρόνους τὸ πρᾶγμα ἀναβαλλόμεθα, ἀλλὰ καὶ ἐν πολέμῳ καὶ ἐν σπάνει φίλων καὶ οὐκ ἐν ἴσοις δικασταῖς καὶ παρασχηρῆμα ὑπομένομεν ἀπολογεῖσθαι, τοσοῦτον αἰτησάμενοι παρὰ σοῦ χρόνον, Ἄππιε, ὅσος ἱκανὸς ἔσται τῷ πατρὶ τῆς κόρης ἀπὸ στρατοπέδου παραγεννηθέντι τὰς ἰδίας ἀποδύρασθαι τύχας, καὶ δι' ἑαυτοῦ τὴν δίκην ἀπολογήσασθαι.

τοιαῦτα τοῦ Νομιτωρίου λέξαντος καὶ τοῦ περιεστηκότος ὄχλου μεγάλῃ

βοῇ διασημήναντος, ὡς δίκαια ἀξιοῖ, μικρὸν ἐπισχὼν χρόνον Ἄππιος· ἐγὼ τὸν μὲν νόμον, εἶπεν, οὐκ ἄγνοω τὸν ὑπὲρ τῆς διεγγυήσεως τῶν εἰς δουλείαν ἀγομένων κείμενον, ὃς οὐκ ἔῃ παρὰ τοῖς ἀφαιρουμένοις εἶναι τὸ σῶμα μέχρι δίκης, οὐδὲ καταλύσαιμι ἂν ὃν αὐτὸς ἔγραψα ἐκὼν· ἐκεῖνο μέντοι δίκαιον ἡγοῦμαι, δεῖν ὄντων τῶν ἀντιπιοιουμένων, κυρίου καὶ πατρός, εἰ μὲν ἀμφοτέροι παρῆσαν, τὸν πατέρα κρατεῖν τοῦ σώματος μέχρι δίκης. [2] ἐπεὶ δ' ἐκεῖνος ἄπεστι, τὸν κύριον ἀπαγαγεῖν ἐγγυητὰς ἀξιοχρέους δόντα καταστήσειν ἐπὶ τὴν ἀρχήν, ὅταν ὁ πατήρ αὐτῆς παραγένηται. περὶ δὲ τῶν ἐγγυητῶν [p. 166] καὶ τοῦ τιμήματος καὶ τοῦ μηδὲν ὑμᾶς ἐλαττωθῆναι περὶ τὴν δίκην, πολλὴν ποιήσομαι πρόνοιαν, ὥ Νομίτωριε. [3] νῦν δὲ παράδος τὴν κόρην. τοῦτο τὸ τέλος ἐξενέγκαντος Ἀππίου πολὺς μὲν ὀδυρμὸς ὑπὸ τῆς παρθένου καὶ τῶν περὶ αὐτὴν γυναικῶν ἐγένετο καὶ κοπετός, πολλὴ δὲ κραυγὴ καὶ ἀγανάκτησις ἐκ τοῦ περιστηκότος ὄχλου τὸ βῆμα. ὁ δὲ μέλλων ἀγεσθαι τὴν κόρην Ἰκίλιος ἐμφύεται τε αὐτῆς καὶ φησιν· οὐκ ἐμοῦ γε ζῶντος, Ἄππιε, ταύτην ἀπάξεται τις. [4] ἀλλ' εἰ σοι δέδοκται τοὺς νόμους καταλύειν, τὰ δὲ δίκαια συγγεῖν καὶ τὴν ἐλευθερίαν ἡμῶν ἀφαιρεῖσθαι, μηκέτι τὴν ὀνειδιζομένην ὑμῖν ἀρνοῦ τυραννίδα, ἀλλὰ τὸν ἐμὸν ἀποκόψας τράχηλον ταύτην τε ἀπαγαγεῖν, ὅπου σοι δοκεῖ, καὶ τὰς ἄλλας παρθένους καὶ γυναῖκας, ἵνα δὴ μάθωσιν ἤδη ποτὲ Ῥωμαῖοι δοῦλοι γεγονότες ἀντ' ἐλευθέρων, καὶ μηδὲν ἔτι μεῖζον φρονῶσι τῆς τύχης. [5] τί οὖν ἔτι μέλλεις, ἀλλ' οὐ τοῦμόν ἐκχεῖς αἷμα πρὸ τοῦ βήματος ἐν τοῖς ἀπάντων ὀφθαλμοῖς; ἴσθι μέντοι σαφῶς, ὅτι ἦτοι μεγάλων κακῶν ἄρξει Ῥωμαίοις ὁ θάνατος οὐμὸς ἢ μεγάλων ἀγαθῶν.

ἔτι δ' αὐτοῦ βουλομένου λέγειν οἱ μὲν ῥαβδοῦχοι κελευσθέντες ὑπὸ τῆς ἐξουσίας ἀνεῖργον αὐτοὺς ἀπὸ τοῦ βήματος καὶ πειθαρχεῖν τοῖς κεκριμένοις [p. 167] ἐκέλευον· ὁ δὲ Κλαύδιος ἐπιλαβόμενος τῆς παιδὸς ἀπάγειν ἐβούλετο τοῦ θείου καὶ τοῦ μνηστήρος ἀντεχομένην. ἰδόντες δὲ πένθος ἐλεεινὸν οἱ περὶ τὸ βῆμα πάντες ἀνέκραγον ἅμα καὶ παρ' οὐδὲν ἡγησάμενοι τὴν τοῦ κρατοῦντος ἐξουσίαν ὠθοῦνται τοῖς βιαζομένοις ὁμόσε, ὥστε δεῖσαντα τὴν ἐπιφορὰν αὐτῶν τὸν Κλαύδιον τὴν τε κόρην ἀφεῖναι καὶ ὑπὸ [2] τοὺς πόδας τοῦ στρατηγοῦ καταφυγεῖν. ὁ δ' Ἄππιος καταρχὰς μὲν εἰς πολλὴν ταραχὴν κατέστη ἡγριωμένους ἅπαντας ὁρῶν καὶ πολὺν ἠπόρει χρόνον, ὃ τι χρὴ ποιεῖν, ἔπειτα τὸν Κλαύδιον καλέσας ἐπὶ τὸ βῆμα καὶ μικρὰ διαλεχθεὶς πρὸς αὐτὸν ὡς ἐδόκει, τοῖς τε περιστῶσι διασημήνας ἡσυχίαν παρασχεῖν λέγει τοιάδε· [3] ἐγὼ τὸ μὲν ἀκριβές, ὥ δημόται, περὶ τῆς διεγγυήσεως τοῦ σώματος, ἐπειδὴ τραχυνομένους ὑμᾶς πρὸς τὴν ἀπόφασιν ὁρῶ, παρήμι· χαρίζεσθαι δ' ὑμῖν βουλόμενος πέπεικα τὸν ἐμαυτοῦ πελάτην ἔῃσαι μὲν τοῖς συγγενέσι τῆς παρθένου δοῦναι τὴν διεγγύησιν, ἕως ὃ [4] πατήρ αὐτῆς παραγένηται. ἀπάγεσθε οὖν, ὦ Νομίτωριε, τὴν κόρην, καὶ τὴν ἐγγύην ὁμολογεῖτε περὶ αὐτῆς εἰς τὴν αὔριον ἡμέραν. ἀπόχρη γὰρ ὁ χρόνος ὑμῖν οὗτος ἀπαγγεῖλαι τε Οὐεργινίῳ τήμερον καὶ τριῶν ἢ τεττάρων ὥρων αὔριον ἐκ τοῦ χάρακος δεῦρο ἀγαγεῖν. πλείονα δ' αὐτῶν χρόνον αἰτουμένων οὐδὲν ἔτι ἀποκρινάμενος ἀνέστη καὶ τὸν δίφρον ἐκέλευσεν ἄραι.

ὡς δ' ἀπῆλθεν ἐκ τῆς ἀγορᾶς ἀδημονῶν καὶ μαινόμενος ὑπὸ τοῦ πάθους,

ἔγνω μηκέτι μεθεῖσθαι [p. 168] τῆς παρθένου τοῖς συγγενέσιν, ἀλλ' ὅταν ἐπὶ τὴν ἐγγύην προαχθῇ, μετὰ βίας αὐτὴν ἀπάγειν, ἑαυτῷ τε πλείονα φυλακὴν περιστησάμενος, ὥς μηδὲν ὑπὸ τῶν ὄχλων βιασθεῖν, καὶ τὰ περίεξ τοῦ βήματος ἐταίρων τε καὶ πελατῶν ὄχλῳ προκαταλαβών. [2] ἵνα δὲ σὺν εὐσχήμονι δίκῃς τοῦτο πράττει προφάσει, μὴ παραγεννηθέντος ἐπὶ τὴν ἐγγύην τοῦ πατρός, ἐπιστολὰς δοὺς τοῖς πιστοτάτοις ἵππεῦσιν ἔπεμψεν ἐπὶ τὸν χάρακα καὶ πρὸς Ἀντώνιον τὸν ἡγεμόνα τοῦ τάγματος, ὅφ' οὗ ἦν Οὐεργίνιος, ἀξιῶν αὐτὸν κατέχειν τὸν ἄνδρα ἐν ἐπιμελεῖ φυλακῇ, μὴ λάθῃ πυθόμενος τὰ περὶ τὴν θυγατέρα καὶ διαδράς ἐκ τοῦ χάρακος. [3] ἔφθησαν δ' αὐτὸν οἱ τῇ κόρῃ προσήκοντες, Νομιτωρίου τε υἱὸς καὶ ἀδελφὸς Ἰκιλίου, προαποσταλέντες ὑπὸ τῶν ἄλλων ἀρχομένης ἔτι τῆς καταστάσεως, νεανίαι λήματος πλήρεις ἀπὸ ῥυτῆρος καὶ μετὰ μάστιγος ἐλαθεῖσι τοῖς ἵπποις πρότερον διανύσαντες τὴν ὁδὸν καὶ τῷ Οὐεργινίῳ [4] τὰ πεπραγμένα διασαφηνίσαντες. ὁ δὲ τὴν μὲν ἀληθῆ πρὸς Ἀντώνιον αἰτίαν ἀποκρυψάμενος, ἀναγκαίου δὲ τινος συγγενοῦς σκηψάμενος πεπύσθαι θάνατον, οὗ τὴν ἐκκομιδὴν τε καὶ ταφὴν αὐτὸν ἔδει ποιήσασθαι κατὰ τὸν νόμον, ἀφίεται καὶ περὶ λύχνων ἀφὰς ἤλαυνε μετὰ τῶν μειρακίων κατ' ἄλλας ὁδοὺς διωγμὸν ἔκ τε τοῦ στρατοπέδου καὶ ἀπὸ τῆς πόλεως δεδοικώς: ὅπερ καὶ συνέβη. [5] ὁ τε γὰρ Ἀντώνιος τὰς ἐπιστολὰς δεξάμενος περὶ πρώτην μάλιστα φυλακὴν, [p. 169] ἵλην ἀπέστειλεν ἵππέων ἐπ' αὐτόν, ἔκ τε τῆς πόλεως ἕτεροι πεμφθέντες ἵππεῖς δι' ὅλης νυκτὸς ἐφρούρουν τὴν ἀπὸ στρατοπέδου φέρουσαν ὁδόν. ὥς δὲ ἀπήγγειλεν Ἀππίῳ τις τὸν Οὐεργίνιον ἐληλυθότα παρὰ τὴν ὑπόληψιν, ἔξω τῶν φρενῶν γενόμενος παρῆν μετὰ πολλοῦ στίφους ἐπὶ τὸ βῆμα καὶ προσάγειν ἐκέλευσε τοὺς τῆς κόρης συγγενεῖς. [6] προσελθόντων δ' αὐτῶν ὁ μὲν Κλαύδιος τοὺς αὐτοὺς πάλιν διεξελθὼν λόγους ἤξιον τὸν Ἀππίον γενέσθαι δικαστὴν τοῦ πράγματος μηδεμίαν ἀναβολὴν ποιησάμενον, τὸν τε μηνυτὴν παρεῖναι λέγων καὶ τοὺς μάρτυρας καὶ τὴν θεραπείαν αὐτὴν παραδούς: ἐφ' οἷς ἅπασι πολὺς ὁ προσποιητὸς σχετλιασμὸς ἦν, εἰ μὴ τεύξεται τῶν ἴσων τοῖς ἄλλοις, ὥς πρότερον, ὅτι πελάτης ἦν αὐτοῦ: καὶ παράκλησις, ἵνα μὴ τοῖς ἐλεεινότερα λέγουσιν, ἀλλὰ τοῖς δικαιοτέρα ἀξιοῦσι βοηθεῖν.

ὁ δὲ τῆς κόρης πατήρ καὶ οἱ λοιποὶ συγγενεῖς ἀπελογοῦντο περὶ τῆς ὑποβολῆς πολλὰ καὶ δίκαια καὶ ἀληθῆ λέγοντες, ὥς οὐτ' αἰτίαν οὐδεμίαν εἶχεν ὑποβολῆς εὐλογον ἢ Νομιτωρίου μὲν ἀδελφῇ, Οὐεργινίου δὲ γυνή, παρθένος γαμηθεῖσα νέῳ ἀνδρὶ καὶ οὐ μετὰ πολλοὺς τοῦ γάμου τεκοῦσα χρόνους: οὐτ' εἰ τὰ μάλιστα ἐβούλετο γένος ἀλλότριον εἰς τὸν ἴδιον οἶκον εἰσαγαγεῖν, δούλης ἀλλοτρίας ἂν ἐλάμβανε παιδίον μᾶλλον ἢ οὐ γυναικὸς ἐλευθέρας κατὰ γένος ἢ φιλίαν αὐτῇ προσηκούσης, παρ' ἧς πιστῶς τε ἅμα [p. 170] [2] καὶ βεβαίως ἔξει τὸ ληφθέν. ἐξουσίαν τε ἔχουσιν ὅποῖον ἐβούλετο λαβεῖν, ἄρρεν ἂν ἐλέσθαι παιδίον μᾶλλον ἢ θήλυ. τεκοῦσαν μὲν γὰρ ἀνάγκη τῶν τέκνων δεομένην στέργειν καὶ τρέφειν, ὃ τι ἂν ἡ φύσις ἐξενέγκῃ, ὑποβαλλομένην δὲ τὸ κρεῖττον ἀντὶ [3] τοῦ χειρόνος εἰκὸς εἶναι λαβεῖν. πρὸς τε τὸν μηνυτὴν καὶ τοὺς μάρτυρας, οὓς ὁ Κλαύδιος ἔφη πολλοὺς καὶ ἀξιοχρεοὺς παρέξεσθαι, τὸν ἐκ τῶν εἰκότων παρείχοντο λόγον,

ὥς οὐκ ἂν ποτε ἡ Νομιτωρία πρᾶγμα σιγῆς δεόμενον καὶ δι' ἑνὸς ὑπηρετηθῆναι προσώπου δυνάμενον, φανερώς ἔπραττε καὶ μετὰ μαρτύρων ἐλευθέρων, ἵν' ἐκτραφεῖσαν τὴν κόρην ὑπὸ τῶν κυρίων τῆς μητρὸς ἀφαιρεθείη. [4] τὸν τε χρόνον οὐ μικρὸν ἔλεγον εἶναι τεκμήριον τοῦ μηδὲν ὑγιὲς λέγειν τὸν κατήγορον: οὔτε γὰρ ἂν τὸν μηνυτὴν οὔτε τοὺς μάρτυρας κατασχεῖν ἐν πεντεκαίδεκα ἔτεσιν ἀπόρρητον τὴν ὑποβολήν, ἀλλ' ἔτι πρότερον εἴπειν. [5] διαβάλλοντες δὲ τὰς τῶν κατηγορῶν πίστεις οὗτ' ἀληθεῖς οὔτε πιθανὰς ἀντιπαρεξετάζειν ταύταις ἡξιοῦν τὰς ἑαυτῶν, πολλὰς καὶ οὐκ ἀσήμους γυναῖκας ὀνομάζοντες, αἷς ἔφασαν εἰδέναι Νομιτωρίαν ἐγκύμονα γενομένην ἐκ τοῦ περὶ τὴν γαστέρα ὄγκου. χωρὶς δὲ τούτων τὰς ἐπὶ τοῦ τόκου καὶ τῆς λοχείας παραγενομένας διὰ [p. 171] τὸ συγγενὲς καὶ τικτόμενον τὸ παιδίον ἰδούσας ἐπεδείκνυντο καὶ ἀνακρίνειν ἡξιοῦν. [6] ὁ δὲ πάντων τεκμήριον ἦν περιφανέστατον ἐκ τε τῶν ἀνδρῶν πολλῶν καὶ γυναικῶν μαρτυρούμενον οὐ μόνον ἐλευθέρων, ἀλλὰ καὶ δούλων, τοῦτ' ἔλεγον τελευτῶντες, ὅτι τῷ γάλακτι τῆς μητρὸς ἐτράφη τὸ παιδίον: ἀμήχανον δ' εἶναι γάλακτος πληρωθῆναι μαστοὺς γυναικὶ μὴ τεκούσῃ.

ταῦτα καὶ πολλὰ τούτοις ὅμοια παρεχομένων αὐτῶν ἰσχυρὰ καὶ οὐδένα λόγον ἐναντίον δέξασθαι δυνάμενα καὶ πολὺν ἐν ταῖς συμφοραῖς τῆς κόρης ἔλεον καταχεομένων, οἱ μὲν ἄλλοι πάντες, ὅσοι συνήκουον τῶν λόγων, τῆς τε μορφῆς οἶκτον ἐλάμβανον, [2] ὁπότε εἰς τὴν παρθένον ἰδοιεν: καὶ γὰρ ἐν ἐσθῇτι οὕσα πιναρᾷ καὶ κατηφὲς ὀρώσα καὶ τὸ καλὸν τῶν ὀμμάτων ἐκτῆκουσα τὰς ἀπάντων ἡρπαζεν ὄψεις, οὕτως ὑπεράνθρωπός τις ὥρα περὶ αὐτὴν καὶ χάρις ἦν: καὶ τὸ τῆς τύχης ἀνεκλαίοντο παράλογον, εἰς οἷας ὕβρεις καὶ προπηλακισμοὺς ἐλεύσοιτο ἐξ οἷων ἀγαθῶν. [3] εἰσῆει τ' αὐτοὺς λογισμός, ὅτι τοῦ περὶ τῆς ἐλευθερίας νόμου καταλυθέντος οὐδὲν ἔσται τὸ κωλύον καὶ τὰς αὐτῶν γυναῖκας καὶ θυγατέρας τὰ αὐτὰ ἐκείνῃ παθεῖν. ταῦτά τε δὴ καὶ πολλὰ τούτοις ὅμοια ἐπιλογιζόμενοι καὶ πρὸς ἀλλήλους διαλαλοῦντες ἔκλαιον. [4] ὁ δὲ Ἄσπιος, οἷα δὴ [p. 172] φύσιν τε οὐ φρενήρης ἀνὴρ καὶ ὑπὸ μεγέθους ἐξουσίας διεφθαρμένος, οἰδῶν τε τὴν ψυχὴν καὶ ζέων τὰ σπλάγχνα διὰ τὸν ἔρωτα τῆς παιδός, οὔτε τοῖς λόγοις τῶν ἀπολογουμένων προσεῖχεν οὔτε τοῖς δάκρυσιν αὐτῆς ἐπεκλάτο, τὴν τε συμπάθειαν τῶν παρόντων δι' ὀργῆς ἐλάμβανεν, ὥς αὐτὸς δὴ πλείονος ὢν ἄξιος ἐλέου καὶ δεινότερα ὑπὸ τῆς δεδουλωμένης αὐτὸν εὐμορφίας πεπονθώς. [5] διὰ δὴ ταῦτα πάντα οἰστρῶν λόγον τε ὑπέμεινεν εἴπειν ἀναίσχυντον, ἐξ οὗ καταφανῆς ἐγένετο τοῖς ὑπονοοῦσιν, ὅτι τὸ συκοφάντημα κατὰ τῆς κόρης αὐτὸς ἔγραψε καὶ ἔργον ἐτόλμηση τυραννικὸν πρᾶξαι καὶ ὠμόν.

ἔτι γὰρ αὐτῶν λεγόντων ἡσυχίαν γενέσθαι κελεύσας, ἐπειδὴ σιωπὴ τ' ἐγένετο, καὶ πᾶς ὁ κατὰ τὴν ἀγορὰν ὄχλος τὴν ὁρμὴν ἐλάμβανεν ἐπιθυμία γνώσεως τῶν ὑπ' αὐτοῦ λεχθησομένων προαχθεῖς, πολλάκις ἐπιστρέψας τὸ πρόσωπον τῇδε καὶ τῇδε καὶ τὰ στίφη τῶν ἑταίρων, οἷς διειλήφει τὴν ἀγορὰν, τοῖς [2] ὅμμασι διαριθμησάμενος τοιάδ' εἶπεν: ἐγὼ δὲ περὶ τοῦδε τοῦ πράγματος, ὦ Οὐεργίνιε, καὶ ὑμεῖς οἱ σὺν τούτῳ παρόντες, οὐ νῦν πρῶτον ἀκήκοα, ἀλλὰ παλαιότερον ἔτι πρὶν ἢ τήνδε τὴν ἀρχὴν παραλαβεῖν. ὃν

τρόπον δ' ἔγνω, ἀκούσατε. ὁ πατήρ ὁ Μάρκου Κλαυδίου [p. 173] τοῦ δι-
τελευτῶν τὸν βίον ἡξίωσε με τὸν υἱὸν αὐτοῦ παῖδα καταλειπόμενον
ἐπιτροπεῦσαι: πελάται δ' εἰσὶ τῆς οἰκίας ἡμῶν ἐκ προγόνων. [3] ἐν δὲ τῷ
χρόνῳ τῆς ἐπιτροπείας μήνυσις ἐγένετό μοι περὶ τῆς παιδός, ὡς ὑποβάλοιτο
αὐτὴν Νομιτωρία λαβοῦσα παρὰ τῆς Κλαυδίου δούλης, καὶ τὸ πρᾶγμα
ἐξετάσας ἔμαθον οὕτως ἔχον. ἐφάπτεσθαι μὲν οὖν ἑμαυτοῦ προσῆκέν μοι,
βέλτιον δὲ ἡγησάμην τούτῳ τὴν ἐξουσίαν καταλιπεῖν, ὅποτε γένοιτο ἀνὴρ,
εἴτε βουλευθῇ τὴν παιδίσκην ἀπάγειν, εἴτε διαλύσασθαι πρὸς τοὺς
τρέφοντας αὐτὴν χρηματισθεὶς ἢ χαρισάμενος. [4] ἐν δὲ τοῖς μεταξὺ χρόνοις
ἐγὼ μὲν εἰς τὰς πολιτικὰς πράξεις ἐγκυλισθεὶς οὐδὲν ἔτι τῶν Κλαυδίου
πραγμάτων εἶχον ἐν φροντίδι. τούτῳ δ', ὡς ἔοικε, τὸν ἴδιον ἐξετάζοντι βίον
καὶ περὶ τῆς παιδίσκης ἢ μήνυσις ἀπεδόθη καθάπερ ἑμοὶ πρότερον, καὶ
οὐδὲν ἄδικον ἀξιοῖ τὴν ἐκ τῆς ἑαυτοῦ θεραπαίνης γεγονυῖαν ἀπάγειν
βουλούμενος. [5] εἰ μὲν οὖν ἀλλήλους ἔπεισαν αὐτοί, καλῶς ἂν εἴχεν: ἐπεὶ δ'
εἰς ἀμφισβήτησιν ἦλθε τὸ πρᾶγμα, μαρτυρῶ τ' αὐτῷ ταῦτα καὶ κρίνω εἶναι
τοῦτον τῆς παιδίσκης κύριον.

ὡς δὲ ταῦτ' ἤκουσαν, ὅσοι μὲν ἦσαν ἀκέραιοι τε καὶ τῶν τὰ δίκαια
λεγόντων παράκλητοι τὰς χεῖρας ἄραντες εἰς τὸν οὐρανὸν ἀνέκραγον
ὀδυρμῷ [p. 174] καὶ ἀγανακτήσει μεμιγμένην κραυγὴν, οἱ δὲ τῆς ὀλιγαρχίας
κόλακες τὴν ἐπικελεύουσάν τε καὶ θάρσος ἐμποιῆσαι δυναμένην τοῖς
κρατοῦσι φωνήν. ἡρεθισμένης δὲ τῆς ἀγορᾶς καὶ παντοδαπῶν γεμούσης
λόγων τε καὶ παθῶν σιωπὴν γενέσθαι κελεύσας Ἀππίος ἔλεξεν: [2] εἰ μὴ
παύσεσθε διαστασιάζοντες τὴν πόλιν καὶ ἀντιστρατηγοῦντες ἡμῖν οἱ
ταραχῶδεις, μηδαμῇ χρήσιμοι μὴτ' ἐν εἰρήνῃ μῆτε κατὰ πολέμους, ὑπὸ τῆς
ἀνάγκης σωφρονισθέντες εἴξετε. μὴ τούτους οἴεσθε τοὺς ἐπὶ τοῦ
Καπετωλίου καὶ τῆς ἄκρας φρουροὺς ἐπὶ τοὺς ἔξωθεν πολεμίους ἡμῖν
παρεσκευάσθαι μόνον, ὑμᾶς δὲ τοὺς ἔνδον ὑποκαθημένους καὶ πάντα
σὴποντας τὰ τῆς πόλεως πράγματα ἑάσειν. [3] γνώμην δὲ λαβόντες κρείττονα
ἢς ἔχετε νῦν ἅπιτε, οἷς μὴ τι πρᾶγμα, καὶ πράσσετε τὰ ἑαυτῶν, εἰ
σωφρονεῖτε: σὺ δ' ἄγου τὴν παιδίσκην ἔχων, Κλαύδιε, μηδένα δεδοικῶς δι'
ἀγορᾶς: [4] οἱ γὰρ Ἀππίου σε προπέμψουσι δώδεκα πελέκεις. ὡς δὲ ταῦτ'
εἶπεν, οἱ μὲν ἄλλοι στένοντες καὶ τὰ μέτωπα παίοντες καὶ τὰ δάκρυα
κατέχειν οὐ δυνάμενοι παρεχώρουν ἐκ τῆς ἀγορᾶς, ὁ δὲ Κλαύδιος ἀπῆγε
τὴν παῖδα τῷ πατρὶ περιπεπλεγμένην καὶ καταφιλοῦσαν καὶ ταῖς ἡδίσταις
φωναῖς ἀνακαλοῦσαν. ἐν τοιοῦτοις δὲ κακοῖς Οὐεργίνιος ὦν ἔργον εἰς νοῦν
βάλλεται πατρὶ μὲν ταλαίπωρον καὶ πικρὸν, ἐλευθέρῳ δ' ἀνδρὶ [5] καὶ
μεγαλόφρονι πρέπον. αἰτησάμενος γὰρ ἐξουσίαν ἀσπάσασθαι τὴν θυγατέρα
τοὺς τελευταίους ἀσπασμοὺς ἐπ' ἐξουσίας καὶ διαλεχθῆναι μόνῃ μόνος,
ὅποσα βούλεται, [p. 175] πρὶν ἐκ τῆς ἀγορᾶς αὐτὴν ἀπαχθῆναι,
συγχωρήσαντος τοῦ στρατηγοῦ καὶ τῶν ἐχθρῶν μικρὸν ἀναχωρησάντων
ὑπολαβὼν εἰς τὴν ἐκλυομένην τε καὶ καταρρέουσιν καὶ κατέχουσιν τέως
μὲν ἀνεκαλεῖτό τε καὶ κατεφίλει καὶ τὰς λιβάδας ἐξέματτε τῶν δακρῶν,
ἔπειτα κατὰ μικρὸν ὑπάγων, ὡς ἦν ἐγγὺς ἐργαστηρίου μαγειρικοῦ,
μάχαιραν ἐξαρπάσας ἀπὸ τῆς τραπέζης παίει τὴν θυγατέρα διὰ τῶν

σπλάγχνων τοσοῦτον εἰπών: [6] ἔλευθέραν σε καὶ εὐσχήμονα, τέκνον, ἀποστέλλω τοῖς κατὰ γῆς προγόνοις: ζῶσα γὰρ ταῦτα οὐκ ἐξῆν ἔχειν ἀμφοτέρω διὰ τὸν τύραννον. κραυγῆς δὲ γενομένης ἡμαγμένην ἔχων τὴν σφαγίδα καὶ αὐτὸς ἀνάμεστος αἵματος γενόμενος, ὧς προσέφυρεν αὐτὸν ἡ σφαγὴ τῆς κόρης, ἔθει διὰ τῆς πόλεως ἐμμανὴς ἐπὶ [7] τὴν ἐλευθερίαν τοῦς πολίτας καλῶν. διεκπαισάμενος δὲ τὰς πύλας ἀνέβη τὸν ἵππον, ὃς ἦν παρεσκευασμένος αὐτῷ, καὶ συνέτεινεν ἐπὶ τὸ στρατόπεδον, Ἰκιλίου τε καὶ Νομιτωρίου τῶν ἀγαγόντων αὐτὸν ἐκ τοῦ χάρακος νεανίσκων καὶ τότε συμπροπεμπόντων. ἡκολούθει δ' αὐτοῖς καὶ ἄλλος ὄχλος δημοτῶν οὐκ ὀλίγος, ὥστε τοὺς σύμπαντας ἀμφὶ τετρακοσίους γενέσθαι. [p. 176]

Ὁ δὲ Ἄππιος, ὡς τὸ περὶ τὴν κόρην ἐπέγνω πάθος, ἀναπηδᾷ τε ἀπὸ τοῦ δίφρου καὶ διώκειν τὸν Οὐεργίνιον ἐβούλετο πολλὰ καὶ λέγων καὶ πράττων ἄκοσμα. περιστάντων δ' αὐτὸν τῶν φίλων καὶ μηδὲν ἐξαμαρτάνειν ἀξιούντων ἀπῆει πρὸς ἅπαντας ἀγανακτῶν. [2] ἥδη δ' αὐτῷ κατ' οἰκίαν ὄντι προσαγγέλλουσι τῶν ἐταίρων τινές, ὅτι περὶ τὸ πτῶμα τῆς κόρης Ἰκιλίου τε ὁ κηδεστὴς καὶ Νομιτώριος ὁ θεῖος σὺν τοῖς ἄλλοις ἐταίροις τε καὶ συγγενέσιν ἐστῶτες ῥητὰ καὶ ἄρρητα κατ' αὐτοῦ λέγουσι καὶ καλοῦσι τὸν δῆμον ἐπὶ τὴν ἐλευθερίαν. [3] ὁ δ' ὑπ' ὀργῆς ὡς εἶχε πέμπει τῶν ῥαβδούχων τινὰς κελεύσας ἀπάγειν εἰς τὸ δεσμωτήριον τοὺς κεκραγότες καὶ τὸ πτῶμα μεταφέρειν ἐκ τῆς ἀγορᾶς: ἀφρονέστατον πρᾶγμα ποιῶν καὶ τοῖς τότε καιροῖς ἥκιστα ἀρμόττον. δέον γὰρ ἀποθεραπεύειν τὸν ὄχλον ὀργῆς εἰληφότα δικαίαν πρόφασιν, εἰζάντα μὲν ἐν τῷ παραχρῆμα χρόνῳ, ὕστερον δὲ τὰ μὲν ἀπολογούμενον, τὰ δὲ παραιτούμενον, τὰ δ' ἑτέραις πρὶν εὐεργεσίαις ἀναλαβόντα, ἐπὶ τὸ βιαιότερον ἐνεχθεὶς εἰς ἀπόνοιαν αὐτοῦς ἠνάγκασε τραπέσθαι. [4] οὐ γὰρ ἀνέσχοντο τῶν ἐπιβαλλομένων ἔλκειν τὴν νεκρὰν ἢ τοὺς ἄνδρας εἰς τὸ δεσμωτήριον ἀπάγειν, ἀλλ' ἐμβοήσαντες ἑαυτοῖς σὺν ὠθισμῷ τε καὶ πληγαῖς τῶν βιαζομένων ἐξέβαλον αὐτοὺς ἐκ τῆς ἀγορᾶς. ὥστ' ἠναγκάσθη ἀκούσας [p. 177] ταῦθ' ὁ Ἄππιος ἅμα συχνοῖς ἐταίροις καὶ πελάταις εἰς τὴν ἀγορὰν πορεύεσθαι παίειν κελεύων καὶ ἀνείργειν ἐκποδῶν τοὺς ἐν τοῖς στενωποῖς. πυθόμενοι δὲ τὴν διάνοιαν αὐτοῦ τῆς ἐξόδου Οὐαλέριός τε καὶ [5] Ὀράτιος, οὓς ἔφην ἡγεμονικωτάτους εἶναι τῶν ἀντιποιοιμένων τῆς ἐλευθερίας, πολλὴν καὶ ἀγαθὴν νεότητα περὶ αὐτοὺς ἄγοντες ἴστανται πρὸ τοῦ νεκροῦ καὶ ἐπειδὴ πλησίον αὐτῶν οἱ περὶ τὸν Ἄππιον ἐγίνοντο, πρῶτον μὲν εἰς λόγους ἐπαχθεῖς καὶ προπηλακιστὰς κατὰ τῆς ἐξουσίας αὐτῶν ἐχώρουν, ἔπειτα καὶ τὰ ἔργα ὅμοια τοῖς λόγοις παρείχοντο παιοντές τε καὶ ἀνατρέποντες τοὺς ὁμόσε χωροῦντας.

Ὁ δ' Ἄππιος ἀδημονῶν ἐπὶ τῷ παρ' ἐλπίδα τῆς κολάσεως καὶ οὐκ ἔχων, ὃ τι χρήσεται τοῖς ἀνδράσι τὴν ὀλεθριωτάτην ἔγνω βαδίζειν ὁδόν. ὡς γὰρ ἔτι τοῦ πλήθους αὐτῷ διαμένοντος οἰκείου ἀναβὰς ἐπὶ τοῦ Ἡφαιστου τὸ ἱερὸν ἐκάλει τὸν δῆμον εἰς ἐκκλησίαν καὶ κατηγορεῖν ἐπειρᾶτο τῶν ἀνδρῶν παρανομίαν τε καὶ ὕβριν, ἐξουσίᾳ δημορχικῇ καὶ ἐλπίδι κούφῃ ἐπαιρόμενος, ὅτι συναγανακτήσας ὁ δῆμος αὐτῷ [2] παρήσει ῥίψαι τοὺς ἄνδρας κατὰ τῆς πέτρας. οἱ δὲ περὶ τὸν Οὐαλέριον ἕτερον τόπον τῆς ἀγορᾶς καταλαβόμενοι καὶ τὸ πτῶμα τῆς παρθένου θέντες, ὅθεν ὑπὸ πάντων ὀφθῆσεσθαι ἔμελλεν,

ἐτέραν συνῆγον ἐκκλησίαν καὶ πολλὴν ἐποιοῦντο τοῦ τ' Ἀππίου καὶ τῶν ἄλλων ὀλιγαρχῶν κατηγορίαν. [3] ἔμελλέ τε, ὅπερ εἰκὸς [p. 178] ἦν, οὐς μὲν τὸ ἀξίωμα τῶν ἀνδρῶν, οὐς δ' ὁ τῆς κόρης ἔλεος δεινὰ καὶ πέρα δεινῶν διὰ τὸ ἀτυχὲς κάλλος παθοῦσης, οὐς δ' αὐτὸς ὁ τῆς ἀρχαίας καταστάσεως πόθος εἰς ταύτην τὴν ἐκκλησίαν παρακαλῶν πλείους τῶν ἐτέρων συνάξειν, ὥστ' ὀλίγους τινὰς ὑπολειφθῆναι περὶ τὸν Ἀππίον, αὐτοὺς δὴ τοὺς ὀλιγαρχικοὺς, ἐν οἷς ἦσαν τινες οὐκέτι τῆς ὀλιγαρχικῆς αὐτῶν ἀκροώμενοι, διὰ πολλὰς προφάσεις, ἀλλ', εἰ γένοιτο ἰσχυρὰ τὰ τῶν ἐναντίων, ἄσμενοι χωρήσειν ἐπ' [4] ἐκείνους. ἐρημούμενον δὴ θεωρῶν ἑαυτὸν ὁ Ἀππίος ἠναγκάσθη μεταγνῶναι καὶ ἀπελθεῖν ἐκ τῆς ἀγορᾶς, ὃ καὶ μάλιστ' ὤνησεν αὐτόν. ἐπιβαλλόμενος γὰρ ὑπὸ τοῦ δημοτικοῦ πλήθους καλὰς ἔτισεν ἂν αὐτῷ τὰς δίκας. [5] μετὰ τοῦτ' ἐξουσίας ὅσης ἐβούλοντο τυχόντες οἱ περὶ τὸν Οὐαλέριον ἐνεφοροῦντο τῶν κατ' ὀλιγαρχίας λόγων καὶ τοὺς ἐπὶ ἐνδοιάζοντας ἐξεδημαγώγουν. ἔτι δὲ μᾶλλον ἐξηλλοτριώσαν τὸν πολιτικὸν ὄχλον οἱ τῆς κόρης συγγενεῖς κλίνην τε κομίσαντες εἰς τὴν ἀγορὰν καὶ τὸν ἄλλον κόσμον τὸν ἐπιτάφιον οἶον ἐδύναντο πολυτελέστατον παρασκευάσαντες, καὶ τὴν ἐκφορὰν τοῦ σώματος διὰ τῶν ἐπιφανεστάτων τῆς πόλεως ποιησάμενοι στενωπῶν, ὅθεν ὑπὸ πλείστων ὀφθῆσεσθαι ἔμελλον. [6] ἐξεπήδων γὰρ ἐκ τῶν οἰκιῶν γυναικὲς τε καὶ παρθέναι τὸ πάθος ἀποδυρόμεναι, αἱ μὲν ἄνθη καὶ στεφάνους βάλλουσαι κατὰ τῆς κλίνης, αἱ δὲ τελαμῶνας ἢ μίτρας, αἱ δὲ ἀθύρματα κόμης [p. 179] παρθενικά, καὶ πούτινές καὶ πλοκάμων ἀποκειράμεναι βοστρύχους. [7] ἄνδρες τε συχνοὶ λαμβάνοντες ἐκ τῶν πλησίον ἐργαστηρίων τὰ μὲν ὦνῃ, τὰ δὲ χάριτι συνεπεκόσμουσαν τοῖς προσφόροις δωρήμασι τὴν ἐκκομιδὴν, ὥστε περιβόητον ἀνὰ τὴν πόλιν γενέσθαι τὸ κῆδος, καὶ προθυμίαν ἅπαντας καταλαβεῖν τῆς τῶν ὀλιγαρχικῶν καταλύσεως. ἀλλ' οἱ φρονοῦντες τὰ τῆς ὀλιγαρχίας ὅπλα ἔχοντες μέγα παρεῖχον αὐτοῖς δέος, οἳ τε περὶ τὸν Οὐαλέριον οὐκ ἤξιουν αἷματι πολιτικῷ τὸ νεῖκος διαιρεῖν.

τὰ μὲν δὴ κατὰ πόλιν ἐν τοιαύταις ἦν ταραχαῖς. Οὐεργίνιος δ', ὃν ἔφην αὐτόχειρα γενέσθαι τῆς ἑαυτοῦ θυγατρὸς, ἀπὸ ῥυτῆρος ἐλαύνων τὸν ἵππον ἀφικνεῖται περὶ λύχνων ἀφὰς ἐπὶ τὸν πρὸς Ἀλγιδῷ χάρακα, τοιοῦτος οἷος ἐκ τῆς πόλεως ἐξέδραμεν, αἷματι πεφυρμένος ἅπας καὶ τὴν μαγειρικὴν σφαγίδα διὰ [2] χειρὸς ἔχων. ἰδόντες δ' αὐτὸν οἱ πρὸ τοῦ στρατοπέδου τὰς φυλακὰς φυλάττοντες ἐν ἀπόρῳ τ' ἦσαν ὃ τι πέπονθεν εἰκάσαι, καὶ παρηκολούθουν ὡς ἀκουσόμενοι μέγα πρᾶγμα καὶ δεινόν. ὁ δὲ τέως μὲν ἐπορεύετο κλαίων καὶ διασημαίων τοῖς ὁμόσε χωροῦσιν ἀκολουθεῖν: ἐξέτρεχον δ' ἐκ τῶν σκηνῶν ἅς διεπορεύετο μεταξὺ δειπνοῦντες ἅπαντες ἄθροοι φανοὺς ἔχοντες καὶ λαμπάδας, ἀγωνίας πλήρεις καὶ θορύβου περιεχόμενοι [p. 180] [3] περὶ αὐτὸν ἠκολούθουν. ἐπεὶ δ' εἰς τὸν ἀναπεπταμένον τοῦ στρατοπέδου τόπον ἦλθεν, ἐπὶ μετεώρου τινὸς στάς, ὥστ' ὑπὸ πάντων ὀρᾶσθαι, διηγεῖτο τὰς καταλαβούσας αὐτὸν συμφοράς, μάρτυρας τῶν λόγων παρεχόμενος τοὺς σὺν αὐτῷ παρόντας ἐκ τῆς πόλεως. ὡς δὲ κατέμαθεν ὀλοφυρομένους τε πολλοὺς καὶ δακρύοντας, εἰς ἱκεσίας καὶ δεήσεις αὐτῶν ἐτράπετο, μὴ περιδεῖν μῆτ' αὐτὸν ἀτιμώρητον

γενόμενον μήτε τὴν πατρίδα προπηλακίζομένην. λέγοντι δ' αὐτῷ ταῦτα πολὺ τὸ βουλόμενον ἐξ ἀπάντων ἀκούειν καὶ ἐπικελευόμενον λέγειν ἐγίνετο. [4] τοιγάρτοι καὶ θρασύτερον ἤδη καθήπτετο τῆς ὀλιγαρχίας διεξιὼν, ὡς πολλῶν μὲν ἀφείλοντο τὰς οὐσίας οἱ δέκα, πολλῶν δὲ πληγαῖς ἠκίσαντο τὰ σώματα, παμπόλλους δὲ φυγεῖν ἠνάγκασαν ἐκ τῆς πατρίδος οὐδὲν ἀδικήσαντας, γυναικῶν τε ὕβρεις καὶ παρθένων ἐπιγάμων ἀρπαγὰς καὶ παίδων ἐλευθέρων προπηλακισμοὺς καὶ τὰς ἄλλας αὐτῶν παρανομίας τε καὶ ὠμότητας ἐκλογιζόμενος· [5] καὶ ταῦτ', ἔφη, προπηλακίζουσιν ἡμᾶς οἱ μήτε νόμῳ τὴν ἐξουσίαν ἔχοντες μήτε ψηφίσματι βουλῆς ἢ δήμου συγχωρήματι λαβόντες, — ὁ γὰρ ἐνιαύσιος αὐτοῖς τῆς ἀρχῆς χρόνος, ὃν ἐχρῆν αὐτοὺς ἄρξαντας ἐτέροις παραδοῦναι τὰ κοινὰ, παρελήλυθεν, — ἀλλ' ἐκ τοῦ βιασιότατου τῶν τρόπων, πολλὴν δειλίαν καὶ μαλακίαν καταγνόντες ἡμῶν ὥσπερ γυναικῶν. [6] εἰσελθὲν δὴ λογισμὸς ἕκαστον ὑμῶν ὧν τ' αὐτὸς πέπονθε καὶ ὧν οἶδεν ἐτέρους παθόντας· καὶ εἴ τις ὑμῶν δελεαζόμενος ὑπ' αὐτῶν ἡδοναῖς τισιν ἢ χάρισιν οὐ πεφόβηται τὴν ὀλιγαρχίαν οὐδὲ δέδοικε, [p. 181] μὴ καὶ ἐπ' αὐτὸν ἔλθοι ποτὲ σὺν χρόνῳ τὰ δεινὰ, μαθὼν ὅτι τυράννοις οὐδὲν ἐστι πιστόν, οὐδ' ἀπ' εὐνοίας αἱ τῶν κρατούντων δίδονται τισι χάριτες, καὶ [7] πάντα τὰ ὅμοια τούτοις, μεταγνώτω· καὶ μιᾷ διανοίᾳ χρησάμενοι πάντες ἐλευθεροῦτε ἀπὸ τῶν τυράννων τὴν πατρίδα, ἐν ἣ θεῶν τε ὑμῖν ἱερὰ ἴδρυται καὶ θῆκαι προγόνων εἰσίν, οὓς ὑμεῖς τιμᾶτε μετὰ θεοῦς, καὶ γηραιοὶ πατέρες τροφεῖα πολλὰ καὶ ἄξια τῶν πόνων ἀπαιτοῦντες, γυναικῆς τε κατὰ νόμους ἐγγυηθεῖσαι καὶ· θυγατέρες ἐπίγαμοι φροντίδος οὐ μικρᾶς δεόμεναι τοῖς ἔχουσι καὶ γοναὶ παίδων ἀρρένων, οἷς ὀφείλεται τὰ [8] δίκαια φύσεως προγόνων. οἰκίας γὰρ δὴ καὶ κλήρους καὶ χρήματα σὺν πολλοῖς κτηθέντα πόνοις ὑπὸ πατέρων καὶ ὑμῶν αὐτῶν σιωπῷ· ὧν οὐδὲν ὑμῖν ἔξεστι βεβαίως ἔχειν, ἕως ἂν ὑπὸ τῶν δέκα τυραννησθε.

οὔτε σωφρόνων οὔτε γενναίων ἐστὶν ἀνθρώπων τὰ μὲν ἀλλότρια κτᾶσθαι δι' ἀνδραγαθίαν, τὰ δ' οἰκεῖα περιορᾶν ἀπολλύμενα διὰ μαλακίαν οὐδὲ πρὸς μὲν Αἰκανοὺς καὶ Οὐλολούςκους καὶ Σαβίνους καὶ τοὺς ἄλλους περιοίκους ἅπαντας πολεμεῖν μακροὺς καὶ ἀδιαλείπτους πολέμους ὑπὲρ ἀρχῆς καὶ δυναστείας, πρὸς δὲ τοὺς παρὰ νόμον ἄρχοντας ὑμῶν μὴ θέλειν ἄρασθαι τὰ ὄπλα ὑπὲρ ἀσφαλείας τε καὶ ἐλευθερίας. τῶν ταγματῶν ἦσαν δέκα χιλιάρχοι καθ' ὁδὸν ἀποδειχθέντες, ὧν ἐπιφανέστατος Σέξτος Μάλιος ἦν. ἐπεὶ δὲ συνέμιξαν ἀλλήλοις, θέμενοι τὰ ὄπλα τοῖς εἴκοσι χιλιάρχοις ἐπέτρεψαν ἅπαντα ὑπὲρ τοῦ κοινοῦ λέγειν τε καὶ πράττειν. ἐκ δὲ τῶν εἴκοσι τοὺς ἐπιφανεστάτους ἀπέδειξαν δύο προβούλους, Μάρκον Ὀππιον καὶ Σέξτον Μάλιον· οὗτοι βουλευτήριον ἐξ ἀπάντων καταστησάμενοι τῶν λοχαγῶν, [3] μετ' ἐκείνων ἅπαντα διετέλουν πραγματευόμενοι. ἀδήλου δ' ἔτι τοῖς πολλοῖς τῆς διανοίας αὐτῶν οὐσης Ἄππιος μὲν, οἷα δὴ συγγινώσκων ἑαυτῷ τῆς παρουσίας [p. 188] ταραχῆς αἰτίῳ γεγονότι καὶ τῶν προσδοκωμένων δι' αὐτὴν ἔσσεσθαι κακῶν, οὐκέτι τῶν κοινῶν οὐδὲν ἡξίου πράττειν, ἀλλὰ κατ' οἶκον ἔμενεν· ὁ δὲ σὺν αὐτῷ τεταγμένος ἐπὶ τῆς πόλεως Σπόριος Ὀππιος, διαταραχθεὶς κατ' ἀρχὰς καὶ αὐτός, ὡς αὐτίκα μάλα τῶν ἐχθρῶν σφίσιν ἐπιθησομένων καὶ ἐπὶ τούτῳ ἡκόντων, ἐπειδὴ κατέμαθεν οὐδὲν νεωτερίσαντας αὐτούς, ὑφέμενος τοῦ δέους ἐκάλει τὴν βουλὴν εἰς τὸ συνέδριον ἐκ τῶν οἰκιῶν κατ' ἄνδρα μεταπεμπόμενος. [4] ἔτι δ' αὐτῶν συλλεγομένων ἦκον οἱ ἐκ τῆς ἐν Φιδήνῃ στρατιᾶς ἡγεμόνες ἀγανακτοῦντες ἐπὶ τῷ καταλελειφθαι τοὺς χάρακας ὑπὸ τῶν στραπιωτῶν ἀμφοτέρους, καὶ τὴν βουλὴν πείθοντες ἀξίαν τοῦ πράγματος ὀργὴν κατ' αὐτῶν λαβεῖν. ἐπεὶ δ' ἀγορεύειν γνώμην ἕκαστον ἔδει, Λεύκιος μὲν Κορνήλιος ἔφη δεῖν ἀπεῖναι τοὺς ταχθέντα εἰς τὸν Ἀουεντῖνον αὐθημερὸν ἐπὶ τοὺς ἑαυτῶν χάρακας, καὶ τὰ κελεύόμενα ὑπὸ τῶν στρατηγῶν ἐπιτελεῖν μηδενὸς ὄντας τῶν γεγονότων ὑποδίκους, πλὴν τῶν αἰτίων τῆς ἀποστάσεως μόνων· [5] τούτοις δὲ προσθεῖναι δίκας τοὺς στρατηγούς. ἐὰν δὲ μὴ ποιῶσι ταῦτα, βουλευεῖν περὶ αὐτῶν τὸ συνέδριον ὡς ἐκλειοιπότες τὴν τάξιν, ἐφ' ἣν ἐτάχθησαν ὑπὸ τῶν ἡγεμόνων, καὶ περὶ τὸν στρατιωτικὸν ἡσεβηκότων ὄρκον. Λεύκιος δὲ Οὐαλέριος %2 %2 %2 %2 %2 %2 [p. 189] ἀλλ' ὑπὲρ τῶν Ῥωμαϊκῶν νόμων, οὓς ἐν ταῖς δώδεκα δέλτοις ἀναγεγραμμένους εὗρομεν, οὔτε μηδένα ποιήσασθαι λόγον ἤρμοπτεν, οὕτω σεμνῶν ὄντων καὶ τοσαύτην ἐχόντων διαφορὰν παρὰ τὰς Ἑλληνικὰς νομοθεσίας, οὔτε περαιτέρω τοῦ δέοντος προβαίνειν ἐκμηκύναντας τὴν περὶ αὐτῶν ἱστορίαν.

οἱ δὲ μετὰ τὴν κατάλυσιν τῆς δεκαδαρχίας τὴν ὕπατον ἀρχὴν πρῶτοι παρὰ τοῦ δήμου λαβόντες ἐπὶ τῆς λοχίτιδος ἐκκλησίας, ὥσπερ ἔφην, Λεύκιος Οὐαλέριος Ποτῖτος καὶ Μάρκος Ὀράτιος Βαρβᾶτος, αὐτοὶ τε δημοτικοὶ τὰς φύσεις ὄντες καὶ παρὰ τῶν προγόνων ταύτην διαδεδεγμένοι τὴν πολιτείαν, τὰς ὑποσχέσεις φυλάττοντες, ἃς ἐποίησαντο πρὸς τοὺς δημοτικούς, ὅτ' ἀποθέσθαι τὰ ὄπλα συνέπειθον αὐτούς, ὡς πάντα τὰ συμφέροντα τῷ δήμῳ πολιτευσόμενοι, νόμους ἐκύρωσαν ἐν ἐκκλησίαις λοχίτισι, δυσχεραίνοντων μὲν τῶν πατρικίων, αἰδουμένων δ' ἀντιλέγειν, ἄλλους τέ τινας, οὓς οὐ δέομαι γράφειν, καὶ τὸν κελεύοντα τοὺς ὑπὸ τοῦ δήμου τεθέντας ἐν ταῖς φυλετικαῖς ἐκκλησίαις νόμους ἅπασι κεῖσθαι Ῥωμαίοις ἐξ ἴσου, τὴν αὐτὴν ἔχοντας δύναμιν τοῖς ἐν ταῖς λοχίτισιν ἐκκλησίαις τεθησομένοις. τιμωρίαι δὲ προσέκειντο τοῖς καταλύουσιν ἢ παραβαίνουσιν τὸν νόμον, [2] ἐὰν ἄλῳσι, θάνατος καὶ δήμευσις τῆς οὐσίας. οὗτος ὁ νόμος ἐξέβαλε τὰς ἀμφισβητήσεις τῶν πατρικίων, ἃς ἐποιοῦντο

πρὸς τοὺς δημοτικοὺς πρότερον, οὐκ ἀξιοῦντες [p. 190] τοῖς ὑπ' ἐκείνων
τεθεῖσι νόμοις πειθαρχεῖν, οὐδ' ὅλως τὰ ἐν ταῖς φυλετικαῖς ἐκκλησίαις
ἐπικυρούμενα κοινὰ τῆς πόλεως ἀπάσης δόγματα νομίζοντες, ἀλλ' αὐτὸ
μόνοις ἐκείνοις ἴδιον: ὅ τι δ' ἂν ἡ λοχίτις ἐκκλησία γνῶ, τοῦθ' ἡγούμενοι
σφίσι τ' αὐτοῖς καὶ τοῖς ἄλλοις πολίταις τετάχθαι. ^[3] εἴρηται δὲ καὶ πρότερον,
ὅτι ἐν μὲν ταῖς φυλετικαῖς ἐκκλησίαις οἱ δημοτικοὶ καὶ πένητες ἐκράτουν
τῶν πατρικίων, ἐν δὲ ταῖς λοχίτισιν ἐκκλησίαις οἱ πατρικιοὶ παρὰ πολὺ τῶν
ἄλλων ἐλάττους ὄντες περιῆσαν τῶν δημοτικῶν.

τούτου κυρωθέντος ὑπὸ τῶν ὑπάτων τοῦ νόμου σὺν ἄλλοις πῖσιν ὥσπερ ἔφην δημοτικοῖς εὐθύς οἱ δήμαρχοι καιρὸν ἐπιτήδειον ἦκειν νομίζοντες, ἐν ᾧ τιμωρήσονται τοὺς περὶ τὸν Ἀππίον, εἰσαγγελίας ὦντο δεῖν ποιήσασθαι κατ' αὐτῶν, οὐχ ἅμα πάντας ὑπάγοντες ὑπὸ τὴν δίκην, ἵνα μηδὲν ἀλλήλους ὠφελῶσιν, ἀλλὰ καθ' ἕνα: ῥῆον γὰρ οὕτως ὑπελάμβανον εὐμεταχειρίστους ἔσεσθαι. [2] σκοποῦμενοι δ' ἀπὸ τίνος ἂν ἄρξαιτο ἐπιτηδαιοτάτου, τὸν Ἀππίον πρῶτον ἔγνωσαν εὐθύναι τῶν τ' ἄλλων ἀδικημάτων ἔνεκα μισοῦμενον ὑπὸ τοῦ δήμου, καὶ τῶν νεωστὶ περὶ τὴν παρθένον γενομένων παρανομιῶν. ἐλόντες μὲν γὰρ τοῦτον εὐπετῶς ἐδόκου καὶ τῶν ἄλλων κρατήσιν, εἰ δ' ἀπὸ τῶν ταπεινότερων ἄρξαιτο, μαλακωτέρας ὑπελάμβανον τὰς ὀργὰς τῶν πολιτῶν πρὸς τοὺς ἐπιφανεστάτους καὶ τελευταίους κρινομένους ἔσεσθαι, [p. 191] συντονωτέρας οὖσας ἐπὶ τοῖς προτέροις ἀγῶσιν, ὃ [3] πολλάκις ἤδη συνέβη. ταῦτα βουλευσάμενοι συνέσχον τοὺς ἄνδρας, Ἀππίου δὲ Οὐεργίνιον ἔταξαν ἄνευ κλήρου κατηγορεῖν. εἰσαγγέλλεται δὴ μετὰ τοῦτο εἰς τὸν δῆμον Ἀππίος ὑπὸ τοῦ Οὐεργίνιου κατηγορηθεὶς ἐπὶ τῆς ἐκκλησίας καὶ αἰτεῖται χρόνον εἰς ἀπολογίαν. ἀπαχθεὶς δ' εἰς τὸ δεσμωτήριον, ἵνα φυλάττηται μέχρι δίκης — οὐ γὰρ ἐδόθη διεγγύησις αὐτῷ — πρὶν ἐπιστῆναι τὴν ἀποδειχθεῖσαν ἡμέραν τῆς κρίσεως ἐν τοῖς δεσμοῖς ἀποθνήσκει, ὥς μὲν ἡ τῶν πολλῶν ὑπόληψις ἦν ἐξ ἐπιταγῆς τῶν δημάρχων, ὥς δ' οἱ τὴν αἰτίαν ἀπολύσασθαι βουλόμενοι διεφήμεζον, αὐτὸς ἑαυτὸν ἀναρτησάμενος βρόχῳ. [4] μετ' ἐκεῖνον Σπόριος Ὀππίος εἰσαχθεὶς εἰς τὸν δῆμον ὑφ' ἑτέρου τῶν δημάρχων Ποπλίου Νομιτωρίου καὶ τυχῶν ἀπολογίας ἀπάσαις ἀλίσκεται ταῖς ψήφοις καὶ παραδοθεὶς εἰς τὸ δεσμωτήριον αὐθημερὸν ἀποθνήσκει. οἱ δὲ λοιποὶ τῶν δέκα πρὶν εἰσαγγελθῆναι φυγαῖς αὐτοὺς ἐξημίωσαν. τὰς δ' οὐσίας τῶν ἀνηρημένων καὶ τῶν πο ... οἱ ταμίαι τῆς πόλεως ἀνέλαβον εἰς τὸ δημόσιον. [5] εἰσαγγέλλεται δὲ καὶ Μάρκος Κλαύδιος ὁ τὴν παρθένον ἐπιβαλόμενος ὡς δούλην ἀπάγειν ὑπὸ τοῦ μνηστήρος αὐτῆς Ἰκιλίου: καὶ τὴν αἰτίαν εἰς τὸν ἐπιτάξαντα παρανομεῖν Ἀππίον ἀναφέρων θανάτου μὲν ἀπολύεται, φυγῇ δ' αἰδίῳ ζημιοῦται, τῶν δ' ἄλλων τῶν ὑπηρετησάντων τι παράνομον τοῖς ὀλιγάρχαις οὐδεὶς ἔσχεν ἀγῶνα δημόσιον, [p. 192] ἀλλὰ πᾶσιν ἄδεια ἐδόθη. ὁ δὲ τοῦτο τὸ πολίτευμα εἰσηγησάμενος ἦν Μάρκος Δοέλλιος ὁ δήμαρχος ἀχθομένων ἤδη τῶν πολιτῶν καὶ τῶν πολέμιων γενέσθαι προσδοκῶντων.

ἐπεὶ δ' αἱ κατὰ πόλιν ἐπαύσαντο ταραχαί, συναγαγόντες τὴν βουλὴν οἱ ὑπατοὶ δόγμα κυροῦσιν ἐξάγειν τὸν στρατὸν ἐπὶ τοὺς πολέμιους διὰ ταχέων. ἐπικυρώσαντος δὲ τοῦ δήμου τὰ ψηφισθέντα ὑπὸ τῆς βουλῆς Οὐαλέριος μὲν ἄτερος τῶν ὑπάτων τὴν ἡμίσειαν ἔχων τοῦ στρατοῦ μοῖραν ἐξῆγεν ἐπὶ τ' Αἰκανοὺς καὶ Οὐολούσκους: συνῆλθε γὰρ ἀμφοτέρω τὰ ἔθνη. [2] ἐπιστάμενος δὲ τοὺς Αἰκανοὺς ἐκ τῶν προτέρων κατορθωμάτων αὐχῆμα προσειληφότας καὶ εἰς πολλὴν καταφρόνησιν τῆς Ῥωμαίων δυνάμεως προελθόντας, ἔτι μᾶλλον ἐβούλετο ἐπᾶραι καὶ θρασυτέρους ποιῆσαι δόξαν οὐκ ἀληθῆ παρασχών, ὥς ὀρωδῶν εἰς χεῖρας ἵεναι πρὸς αὐτοὺς καὶ πάντα δεδιότως ἐποίει. [3] χωρίον τε γὰρ εἰς στρατοπεδείαν ὑψηλὸν καὶ δυσπρόσιτον ἐξελέξατο τάφρον τε βαθεῖαν περιέβαλετο καὶ χάρακας ἤγειρεν

μέγας ἀγὼν καὶ φόνος ἐξ ἀμφοτέρων πολὺς, ἐν ᾧ νικήσαντες οἱ Ῥωμαῖοι

Μάρκος δ' Ὀράτιος ἐπὶ τὸν κατὰ Σαβίνων πόλεμον ἐπειδὴ τὰ κατὰ τὸν

ἱππέων μεγάλῃν προθυμίαν παρασχομένων νίκην ἀναιρεῖται λαμπροτάτην,
πολλοὺς μὲν ἀποκτείνας τῶν πολεμίων, πολλῶ δ' ἔτι πλειόνων αἰχμαλώτων
τετυχηκῶς τοῦ τε χάρακος αὐτῶν ἐρήμου κρατήσας, ἐν ᾧ τὴν τ' ἀποσκευὴν
τῶν πολεμίων πολλὴν εὔρε καὶ τὴν λείαν ἅπασαν, ἣν ἐκ τῆς Ῥωμαίων γῆς
ἐλήισαντο, αἰχμαλώτους τε πάνυ πολλοὺς τῶν σφετέρων ἀνέσώσατο. οὐ γὰρ
ἔφθασαν ἀνασκευασάμενοι τὰς ὠφελείας οἱ Σαβῖνοι διὰ καταφρόνησιν. [3] τὰ
μὲν οὖν τῶν πολεμίων χρήματα τοῖς στρατιώταις ὠφέλειαν ἐφῆκε ποιεῖσθαι
προεξελόμενος ἐκ τῶν λαφύρων, ὅσα τοῖς θεοῖς καθιερώσειν ἔμελλε: τὴν δὲ
λείαν τοῖς ἀφαιρεθεῖσιν ἀπέδωκε.

ταῦτα διαπραξάμενος ἀπῆγεν εἰς Ῥώμην τὰς δυνάμεις, καὶ κατὰ τὸν
αὐτὸν χρόνον Οὐαλέριος ἦκεν, ἦν τ' ἀμφοτέροις μέγα φρονούσιν ἐπὶ ταῖς
νίκαις ἐλπίς ἐπιφανεῖς κατάξειν θριάμβους. [p. 195] [2] οὐ μὴν ἐχώρησέ γε
αὐτοῖς κατ' ἐλπίδα τὸ ἔργον. συναχθεῖσα γὰρ κατ' αὐτῶν ἡ βουλὴ
κατεστρατοπεδευκότων ἔξω τῆς πόλεως εἰς τὸ καλούμενον Ἄρειον πεδῖον,
καὶ τὰ πραχθέντα ὑπ' ἀμφοτέρων μαθοῦσα τὴν ἐπινίκιον οὐκ ἐπέτρεψε
ποιήσασθαι θυσίαν πολλῶν μὲν καὶ ἄλλων ἐναντιωθέντων αὐτοῖς ἐκ τοῦ
φανεροῦ, μάλιστα δὲ Κλαυδίου Γαΐου: [3] θεῖος δ' ἦν οὗτος, ὥσπερ ἔφην,
Ἀππίῳ τῷ καταστησαμένῳ τὴν ὀλιγαρχίαν καὶ νεωστὶ ὑπὸ τῶν δημάρχων
ἀναιρεθέντι: τοὺς τε κυρωθέντας ὑπ' αὐτῶν νόμους προβαλλομένου, δι' ᾧ

ἡλάττωσαν τὸ τῆς βουλῆς κράτος, καὶ τᾶλλα πολιτεύματα, ὅσα οὗτοι πολιτευόμενοι διετέλεσαν: τελευταίαν δὲ τὴν τῶν δέκα ἀνδρῶν, οὓς προὔδωκαν τοῖς δημάρχοις, τῶν μὲν ἀπώλειαν, τῶν δὲ δήμευσιν, ὡς παρὰ τοὺς ὄρκους καὶ τὰς συνθήκας, [4] διεξιόντος. τὰ γὰρ ἐπὶ τῶν ἱερῶν συνομολογηθέντα τοῖς πατρικίοις πρὸς τοὺς δημοτικούς ἐπ' ἀδεία τε πάντων γενέσθαι καὶ ἀμνηστία τῶν προτέρων: τὸν τ' Ἀππίου θάνατον οὐκ αὐτοχειρία γενέσθαι λέγοντος, ἀλλ' ἐπιβούλως ὑπὸ τῶν δημάρχων πρὸ δίκης, ἵνα μήτε λόγου τύχη κρινόμενος μήτ' ἐλέου, ὡς, εἰ κατέστη γοῦν εἰς κρίσιν ἀνὴρ, ἀπέφυγεν ἂν γένους ἀξίωμα παρεχόμενος καὶ πολλὰ τὸ κοινὸν εὖ πεποικώς ὄρκους τε καὶ πίστεις ἐπιβώμενος, αἷς ἄνθρωποι πιστεύοντες [p. 196] εἰς διαλλαγὰς συνέρχονται, τέκνα τε καὶ συγγένειαν καὶ αὐτὸ τὸ ταπεινὸν σχῆμα καὶ ἄλλα πολλὰ φέρων εἰς οἶκτον ἐφελκόμενα τὸ πλῆθος. ταῦτα δὴ πάντα κατηγορήματα τῶν ὑπάτων κατ' αὐτῶν ἐκχέαντος [5] Κλαυδίου Γαίου, καὶ πάντων τῶν παρόντων, ἔδοξεν ἀγαπᾶν αὐτοὺς εἰ μὴ δώσουσι δίκας: θριάμβων δὲ καταγωγῆς ἢ τινων τοιοῦτων συγχωρήσεων οὐδὲ κατὰ μικρὸν ἀξίους εἶναι τυγχάνειν.

ἀποψηφισαμένης δὲ τῆς βουλῆς τὸν θριάμβον ἀγανακτοῦντες οἱ περὶ τὸν Οὐαλέριον καὶ δεινὴν ὕβριν ὑπολαμβάνοντες ὑβρίζεσθαι συνεκάλεσαν εἰς ἐκκλησίαν τὸ πλῆθος: καὶ πολλὰ τῆς βουλῆς κατηγορήσαντες, συναγορευσάντων αὐτοῖς τῶν δημάρχων καὶ νόμον εἰσηγησαμένων, παρὰ τοῦ δήμου λαμβάνουσι τὴν καταγωγὴν τοῦ θριάμβου, πρῶτοι Ῥωμαίων ἀπάντων τοῦτο εἰσηγησάμενοι τὸ ἔθος. [2] ἕκ δὲ τούτου πάλιν εἰς ἐγκλήματα καὶ διαφορὰς οἱ δημοτικοὶ καθίσταντο πρὸς τοὺς πατρικίους: παρῶξυνον δ' αὐτοὺς οἱ δῆμαρχοι καθ' ἡμέραν ἐκκλησιάζοντες καὶ πολλὰ κατὰ τῆς βουλῆς λέγοντες. ἦν δ' ἡ μάλιστα ἐρεθίζουσα τοὺς πολλοὺς ὑπόληψις, ἣν ἐκεῖνοι παρεσκεύασαν ἰσχυρὰν γενέσθαι, φήμας τ' ἀδεσπότοις καὶ εἰκασμοῖς [p. 197] αὐξηθεῖσα οὐκ ὀλίγοις, ὡς καταλυσόντων τῶν πατρικίων τοὺς νόμους, οὓς ἐκύρωσαν οἱ περὶ Οὐαλέριον ὕπατοι: δόξα τ' ἰσχυρὰ καὶ οὐ πολὺ ἀπέχουσα τοῦ πίστις εἶναι τοὺς πολλοὺς κατεῖχε. καὶ τὰ μὲν ἐπὶ τούτων πραχθέντα τῶν ὑπάτων ταῦτ' ἦν.

οἱ δὲ τὸν ἐξῆς ὑπατεύσαντες ἐνιαυτὸν Λάρος Ἑρμίνιος καὶ Τίτος Οὐεργίνιος: καὶ οἱ παρὰ τούτων τὴν ἀρχὴν παραλαβόντες, Μάρκος Γεγάνιος

μηδὲν δ' αὐτῶν ἀποκρινομένων, ἀλλ' ἀγανακτούντων παρελθὼν αὖθις Σκάππιος ἐπὶ τὸ βῆμα: ἔχει, ἔφη, παρακεχωρημένον, ἄνδρες πολῖται, παρ' αὐτῶν τῶν διαφορομένων, ὅτι τῆς ἡμετέρας χώρας ἑαυτοῖς μηδὲν προσηκούσης ἀντιποιοῦνται: πρὸς ταῦτα ὀρώντες τὰ δίκαια καὶ τὰ εὖορκα ψηφίσασθε. [2] ταῦτα τοῦ Σκαππίου λέγοντος αἰδῶς εἰσῆει τοὺς ὑπάτους ἐνθυμουμένους, ὡς οὔτε δίκαιον οὐτ' εὐπρεπὲς ἡ δίκη λήψεται τέλος, ἂν τινα ἀμφισβητουμένην ὑφ' ἐτέρων χώραν δικαστῆς αἰρεθεῖς ὁ Ῥωμαίων δῆμος μηδέποτ' αὐτῆς ἀντιποιησάμενος ἑαυτῷ προσδικάσῃ τοὺς ἀμφισβητοῦντας ἀφελόμενος: καὶ πολλοὶ σφόδρα ἐλέχθησαν εἰς ἀποτροπὴν τοῦ πράγματος ὑπὸ τῶν ὑπάτων καὶ τῶν ἡγουμένων τῆς βουλῆς λόγοι διακενῆς. [3] οἱ γὰρ ἀνειληφότες [p. 198] τὰς ψήφους πολλὴν μωρίαν εἶναι

λέγοντες ἑτέρους περιορᾷν τὰ σφέτερα κατέχοντας, καὶ οὐκ εὐσεβὲς ἐξοίσειν τέλος ὑπολαμβάνοντες, ἐὰν Ἀρικηνοὺς ἢ Ἀρδεάτας κυρίου ἀποδείξωσι τῆς ἀμφισβητησίμου γῆς ὁμωμοκότες ὧν ἂν εὕρωσιν αὐτὴν οὔσαν τούτων ἐπικρινεῖν: τοῖς τε δικαζομένοις ὀργὴν ἔχοντες, ὅτι τοὺς ἀποστερουμένους αὐτῆς δικαστὰς ἠξίωσαν λαβεῖν, ἵνα μὴδ' ὕστερον ἔτι σφίσι ἐγγένηται τὴν ἑαυτῶν ἀνακομίσασθαι κτῆσιν, ἣν αὐτοὶ μεθ' ὅρκου δικάσαντες ἑτέρων ἐπέγνωσαν εἶναι. [4] ταῦτα δὴ λογιζόμενοι καὶ ἀγανακτοῦντες τρίτον ἐκέλευσαν τεθῆναι καδίσκον ὑπὲρ τῆς πόλεως Ῥωμαίων καθ' ἐκάστην φυλὴν, εἰς ὃν ἀποθήσονται τὰς ψήφους: καὶ γίνεται πάσαις ταῖς ψήφοις ὁ Ῥωμαίων δῆμος τῆς ἀμφιλόγου χώρας κύριος. ταῦτα μὲν ἐπὶ τούτων τῶν ὑπάτων ἐπράχθη.

Μάρκου δὲ Γενυκίου καὶ Γαίου Κοιντίου τὴν ἀρχὴν παρειληφότων αἱ πολιτικαὶ πάλιν ἀνίσταντο διαφοραὶ τῶν δημοτικῶν ἀξιούντων ἅπασιν Ῥωμαίοις ἐξεῖναι τὴν ὑπατον ἀρχὴν λαμβάνειν — τέως γὰρ οἱ πατρίκιοι μόνοι μετήεσαν αὐτὴν ἐν ταῖς λοχίσις ἐκκλησίαις ἀποδεικνύμενοι — νόμον τε συγγράψαντες ὑπὲρ τῶν ὑπατικῶν ἀρχαιρεσιῶν εἰσέφερον οἱ τότε δημαρχοῦντες ἐκτὸς ἐνὸς Γαίου Φουρνίου πάντες οἱ λοιποὶ συμφρονήσαντες, ἐν ᾧ τὸν δῆμον ἐποιοῦντο [p. 199] κύριον τῆς διαγνώσεως καθ' ἕνα ἕκαστον ἐνιαυτόν, εἴτε πατρικίους βούλοιτο μετιέναι τὴν ὑπατείαν εἴτε δημοτικούς. [2] ἐφ' οἷς ἡγανάκτουν οἱ τοῦ βουλευτικοῦ μετέχοντες συνεδρίου καταλυομένην τὴν ἑαυτῶν δυναστείαν ὀρώντες καὶ πάντα ὑπομένειν ὦντο δεῖν πρότερον ἢ τὸν νόμον κύριον ἔῃσαι γενέσθαι: ὀργαί τε καὶ κατηγορίαι καὶ ἀντιπράξεις ἐγίνοντο συνεχεῖς ἐν ἰδίοις τε συλλόγοις καὶ κατὰ τὰς κοινὰς συνόδους, ἀπάντων τῶν πατρικίων πρὸς ἅπαντας ἡλλοτριωμένων τοὺς δημοτικούς. [3] καὶ λόγοι πολλοὶ μὲν ἐν τῷ συνεδρίῳ, πολλοὶ δὲ κατὰ τὰς ἐκκλησίας ὑπὸ τῶν προϋσταμένων τῆς ἀριστοκρατίας ἐλέγχθησαν, ἐπεικέστεροι μὲν ὑπὸ τῶν οἰόμενων ἀγνοίᾳ τοῦ συμφέροντος ἀμαρτάνειν τοὺς δημοτικούς, τραχύτεροι δ' ὑπὸ τῶν νομιζόντων ἐξ ἐπιβουλῆς καὶ φθόνου τοῦ πρὸς αὐτοὺς τὸ πρᾶγμα συγκεῖσθαι.

ἐλκομένου δὲ τοῦ χρόνου διακενῆς ἦκον εἰς τὴν πόλιν ἀπὸ τῶν συμμάχων ἄγγελοι λέγοντες, ὅτι πολλῇ στρατιᾷ μέλλουσιν ἐλαύνειν ἐπ' αὐτοὺς Αἰκανοὶ τε καὶ Οὐολοῦσκοι, δεόμενοι βοήθειαν ἀποστελεῖν σφίσι διὰ ταχέων ὥς ἐν τριβῶ τοῦ πολέμου κειμένοις. [2] ἐλέγοντο δὲ καὶ Τυρρηνῶν οἱ καλούμενοι Οὐιεντανοὶ παρασκευάζεσθαι πρὸς ἀπόστασιν, Ἀρδεᾶται τ' αὐτῶν οὐκέτι ἦσαν ὑπήκοοι τῆς ἀμφιλόγου χώρας ὀργὴν ἔχοντες, ἣν ὁ Ῥωμαίων δῆμος αἰρεθεὶς δικαστῆς αὐτῷ προσεδίκασεν ἐν τῷ παρελθόντι ἐνιαυτῷ. [3] ταῦτα ἡ βουλὴ μαθοῦσα ψηφίζεται στρατὸν καταγράφειν [p. 200] καὶ τοὺς ὑπάτους ἀμφοτέρους ἐξάγειν δυνάμεις. ἀντέπραπτον δὲ τοῖς γνωσθεῖσιν ὑπ' αὐτῶν οἱ τὸν νόμον εἰσφέροντες ἔχουσι δ' ἐξουσίαν ἐναντιοῦσθαι δῆμαρχοι τοῖς ὑπάτοις ἀφαιρούμενοί τε τοὺς ἀγομένους ὑπ' αὐτῶν ἐπὶ τὸν στρατιωτικὸν ὅρκον, καὶ τιμωρίαν οὐδεμίαν ἐῶντες λαμβάνειν παρὰ τῶν ἀπειθούντων. [4] πολλὰ δὲ τῆς βουλῆς ἀξιοῦσης ἐν μὲν τῷ παρόντι χρόνῳ τὴν φιλονεικίαν καταβαλεῖν, ὅταν δὲ τέλος οἱ πόλεμοι λάβωσι, τότε προτιθέναι τὸν περὶ τῶν ἀρχαιρεσιῶν νόμον, οἷδε

τοσούτου ἔδεδῃσαν εἶξαι τοῖς καιροῖς, ὥστε καὶ περὶ τῶν ἄλλων ἐναντιώσεσθαι τοῖς δόγμασι τῆς βουλῆς ἔλεγον, καὶ οὐδὲν ἑάσειν δόγμα περὶ οὐδενὸς κυρωθῆναι πράγματος, ἂν μὴ τὸν ὑπ' ^[5] αὐτῶν εἰσφερόμενον προβουλευέσθαι νόμον. καὶ οὐ μόνον ἐν τῷ συνεδρίῳ πρὸς τοὺς ὑπάτους ταῦτ' ἀπειλῆσαι προήχθησαν, ἀλλὰ καὶ ἐπὶ τῆς ἐκκλησίας, ὄρκους, οἵπερ εἰσὶ μέγιστοι παρ' αὐτοῖς, κατὰ τῆς ἑαυτῶν πίστεως διομοσάμενοι, ἵνα μηδὲ τι τῶν ἐγνωσμένων αὐτοῖς πεισθεῖσιν ἐξῇ καταλύειν.

πρὸς δὴ τὰς ἀπειλὰς ταύτας ἐσκόπουν, ὃ τι χρὴ ποιεῖν, οἱ πρεσβύτατοί τε καὶ κορυφαῖοτάτοι τῶν προεσθηκότων τῆς ἀριστοκρατίας, συναχθέντες [p. 201] εἰς τὸν ἰδιωτικὸν σύλλογον ὑπὸ τῶν ὑπάτων αὐτοὶ καθ' ^[2] ἑαυτοὺς. Γάιος μὲν οὖν Κλαύδιος ἡκιστα δημοτικὸς ὢν καὶ ταύτην διαδεδεγμένος ἐκ προγόνων τὴν αἵρεσιν τῆς πολιτείας αὐθαδεστέραν γνώμην εἰσέφερε, μήτε ὑπατείας μήτ' ἄλλης ἀρχῆς τῷ δήμῳ παραχωρεῖν μηδεμιᾶς· τοὺς δὲ τάναντία πράττειν ἐπιχειροῦντας ὄπλοις κωλύειν, ἂν μὴ πείθωνται τοῖς λόγοις, φειδῶ μηδεμίαν ποιουμένους μήτ' ἰδιώτου μήτ' ἀρχοντος. ἅπαντας γὰρ τοὺς ἐπιχειροῦντας τὰ πάτρια κινεῖν ἔθη καὶ τὸν κόσμον τοῦ πολιτεύματος τὸν ἀρχαῖον διαφθεῖρειν ἀλλοτρίους καὶ πολεμίους εἶναι τῆς πόλεως. ^[3] Τίτος δὲ Κοῖντιος οὐκ εἶα τῇ βίᾳ κατείργειν τὸ ἀντίπαλον, οὐδὲ δι' ὄπλων καὶ δι' αἵματος ἐμφυλίου χωρεῖν πρὸς τὸ δημοτικόν, ἄλλως τε καὶ δημάρχων σφίσιν ἐναντιωσομένων, οὓς ἱεροὺς εἶναι καὶ παναγεῖς ἐψηφίσαντο οἱ πατέρες ἡμῶν θεοὺς καὶ δαίμονας ἐγγυητὰς ποιησάμενοι τῶν ὁμολογιῶν, καὶ τοὺς μεγίστους ὄρκους κατ' ἐξωλείας αὐτῶν τε καὶ τῶν ἐγγόνων, ἂν τι παραβαίνωσι τῶν συγκειμένων, κατομοσάμενοι.

ταύτῃ προσθεμένων τῇ γνώμῃ καὶ τῶν ἄλλων τῶν παρακληθέντων εἰς τὸ συνέδριον παραλαβὼν τὸν λόγον ὁ Κλαύδιος· οὐκ ἄγνωῶ μὲν, ἔφησεν, ἡλικῶν κρηπὶς καταβληθήσεται συμφορῶν ἅπασιν ἡμῖν, ἂν ἐπιτρέψωμεν τῷ δήμῳ περὶ τοῦ νόμου ψῆφον λαβεῖν· οὐκ ἔχων δ' ὃ τι χρὴ ποιεῖν οὐδὲ δυνάμενος [p. 202] τοσούτοις οὔσιν μόνος ἀντιλέγειν, εἴκω τοῖς βουλήμασι τοῖς ὑμετέροις. ^[2] δίκαιον γὰρ ἀποφαίνεσθαι μὲν ἕκαστον ἃ δοκεῖ τῷ κοινῷ συνοίσειν, πείθεσθαι δὲ τοῖς ὑπὸ τῶν πλειόνων κριθεῖσιν. ἐκεῖνο μέντοι παραινεῖν ὑμῖν ὡς ἐν χαλεποῖς καὶ ἀβουλήτοις πράγμασιν ἔχω, τῆς μὲν ὑπατείας μήτε νῦν μήθ' ὕστερον παραχωρεῖν μηδενὶ πλήν τῶν πατρικίων, οἷς μόνοις ὅσιόν τε καὶ ^[3] θεμιτόν ἐστι τυγχάνειν· ὅταν δ' εἰς ἀνάγκην κατακλεισθῇτε ὥσπερ νῦν μεταδιδόναι καὶ τοῖς ἄλλοις πολίταις τῆς μεγίστης ἐξουσίας τε καὶ ἀρχῆς, χιλιάρχους τε ἀντὶ τῶν ὑπάτων ἀποδείκνυτε, ἀριθμὸν αὐτῶν ὀρίσαντες ὅσον δὴ τινα — ἐμοὶ μὲν γὰρ ὁκτῶ ἢ ἐξ ἀποχρῆς δοκεῖ — ἔν τε τούτοις τοῖς ἀνδράσι μὴ ἐλάττονες ἀριθμὸν ἔστωσαν οἱ πατρικιοὶ τῶν δημοτικῶν. ταῦτα γὰρ ποιοῦντες οὔτε τὴν τῶν ὑπάτων ἀρχὴν εἰς ταπεινοὺς καὶ ἀναξίους καταβαλεῖτε οὔτε δυναστείας ἀδίκους ἑαυτοῖς κατασκευάζεσθαι δόξετε μηδεμιᾶς ἀρχῆς μεταδιδόντες τοῖς δημοτικοῖς. ^[4] ἐπαινεσάντων δ' ἀπάντων τὴν γνώμην καὶ οὐδενὸς τάναντία λέγοντος· ἀκούσατ', ἔφη, ἃ καὶ τοῖς ὑπάτοις ὑμῖν ἔχω παραινεῖν. ἡμέραν προειπόντες, ἐν ἣ τὸ προβούλευμα ἐπικυρώσετε καὶ τὰ κριθέντα ὑπὸ τῆς βουλῆς, λόγον ἀπόδοτε τοῖς ἀπολογουμένοις ὑπὲρ τοῦ νόμου καὶ τοῖς

κατηγοροῦσι: ῥηθέντων δὲ τῶν λόγων, ὅταν καθήκη τὰς [p. 203] γνῶμας ἐρωτᾶν, μήτ' ἀπ' ἐμοῦ ἄρξησθε μήτ' ἀπὸ κοιντίου τουδὶ μήτ' ἀπ' ἄλλου τῶν πρεσβυτέρων μηδενός, ἀλλ' ἀπὸ τοῦ φιλοδημοτάτου τῶν βουλευτῶν Λευκίου Οὐαλερίου, καὶ μετὰ τοῦτον ἀξιοῦτε Ὅρατιον εἶ τι βούλεται λέγειν. ὅταν δὲ τὰς παρ' ἐκείνων γνῶμας ἐξετάσητε, τότε τοὺς πρεσβυτέρους ἡμᾶς κελεύετε λέγειν. [5] ἐγὼ μὲν οὖν τὴν ἐναντιουμένην γνῶμην τοῖς δημάρχois ἀποδείξομαι πάσῃ τῇ παρρησίᾳ χρώμενος — τουτὶ γὰρ τῷ κοινῷ συμφέρει — τὸ δὲ περὶ τῶν χιλιάρχων πολίτευμα, εἰ βουλομένοις ἐστίν, εἰσηγείσθω Τίτος Γενύκιος οὗτος: πρεπωδεστάτη γὰρ ἡ γνῶμη καὶ ὑποψίαν ἥκιστα παρέξουσα γένοιτ' ἂν, ἐὰν οὗτος αὐτὴν ὁ [6] σὸς ἀδελφός, ὦ Μάρκε Γενύκιε, λέγῃ. ἐδόκει καὶ ταῦτα ὀρθῶς ὑποτίθεσθαι, καὶ οἱ μὲν ἀπῆεσαν ἐκ τοῦ συλλόγου, τοῖς δὲ δημάρχois δέος ἐνέπιπτε πρὸς τὴν ἀπόρρητον τῶν ἀνδρῶν συνοουσίαν ὡς ἐπὶ κακῷ τινι τοῦ δήμου μεγάλῳ γενομένην, ἐπειδὴ κατ' οἰκίαν τε συνήδρευσαν, ἀλλ' οὐκ ἐν τῷ φανερωῷ, καὶ οὐδένα τῶν προεστηκότων τοῦ δήμου κοινωνῶν τῶν βουλευμάτων παρέλαβον, καὶ μετὰ τοῦτο συνέδριον αὐτοὶ πάλιν ἐκ τῶν φιλοδημοτάτων συναγαγόντες ἀλεξήματα καὶ φυλακὰς ἀντεμχανῶντο πρὸς τὰς ἐπιβουλάς, ἃς ἐκ τῶν πατρικίων ἔσσεσθαι σφίσις ὑπώπτευν.

ὡς δὲ καθῆκεν ὁ χρόνος, ἐν ᾧ τὸ προβούλευμα ἔδει γενέσθαι, συγκαλέσαντες οἱ ὕπατοι τὴν βουλὴν καὶ πολλὰς ὑπὲρ ὁμονοίας καὶ εὐκοσμίας ποιησάμενοι [p. 204] παρακλήσεις πρῶτοις ἀπέδωκαν λέγειν τοῖς εἰσηγησαμένοις δημάρχois τὸν νόμον. [2] καὶ παρελθὼν εἰς ἐξ αὐτῶν Γαῖος Κανολήιος περὶ μὲν τοῦ δίκαιον ἢ συμφέροντα εἶναι τὸν νόμον οὗτ' ἐδίδασκεν οὗτ' ἐμέμνητο: θαυμάζειν δ' ἔφη τῶν ὑπάτων, ὅτι βεβουλευμένοι τε καὶ κεκριότες ἤδη κατὰ σφᾶς αὐτοὺς ἃ δεῖ πράττειν, ὥσπερ ἀδοκίμαστον πρᾶγμα καὶ βουλῆς δεόμενον εἰς τὸ συνέδριον ἐπεχείρησαν εἰσφέρειν, καὶ λόγον ἀπέδωκαν ὑπὲρ αὐτοῦ τοῖς προαιρουμένοις, εἰρωνεῖαν εἰσάγοντες οὕτε ταῖς ἑαυτῶν ἡλικίαις ἀρμόττουσαν, οὕτε τῷ μεγέθει τῆς ἀρχῆς προσήκουσαν. [3] πονηρῶν τ' ἀρχὰς ἔφη πολιτευμάτων αὐτοὺς εἰσάγειν ἀπόρρητα βουλευτήρια συνάγοντας ἐν ἰδίαις οἰκίαις, καὶ οὐδ' ἅπαντας τοὺς βουλευτὰς εἰς ταῦτα παρακαλοῦντας, ἀλλὰ τοὺς σφίσις αὐτοῖς ἐπιτηδαιοτάτους. τῶν μὲν οὖν ἄλλων συνέδρων τῶν ἀπελαθέντων τῆς κατοικιδίου βουλῆς ἦττον ἔφη θαυμάζειν, Μάρκου δὲ Ὅρατιου καὶ Λευκίου Οὐαλερίου τῶν καταλυσάντων τὴν ὀλιγαρχίαν, ὑπατικῶν ἀνδρῶν καὶ οὐδενὸς ἦττον ἐπιτηδεῖν τὰ κοινὰ βουλεύειν, τὴν ἀπαξίωσιν τῆς εἰς τὸ συνέδριον παρακλήσεως ἐκπεπλήχθαι, καὶ οὐ δύνασθαι συμβάλλειν ἐπὶ τίνι λόγῳ δικαίῳ, εἰκάζειν δὲ μίαν αἰτίαν, ὅτι πονηρὰς καὶ ἀσυμφόρους γνῶμας εἰσηγεῖσθαι μέλλοντες κατὰ τῶν δημοτικῶν οὐκ ἐβούλοντο παρακαλεῖν εἰς ταῦτα τὰ συνέδρια τοὺς φιλοδημοτάτους, ἀγανακτῆσοντες δηλονότι καὶ οὐ περιοφεμένους [p. 205] οὐδὲν ἄδικον πολίτευμα κατὰ τοῦ δήμου γινόμενον.

τοιαῦτα Γαίου Κανοληίου μετὰ πολλοῦ σχετλιασμοῦ λέγοντος καὶ τῶν μὴ παραληφθέντων εἰς τὸ συνέδριον βουλευτῶν πρὸς ὀργὴν δεξαμένων τὸ πρᾶγμα παρελθὼν ἄτερος τῶν ὑπάτων Γενύκιος ἀπολογεῖσθαι καὶ प्रावνεῖν τὰς ὀργὰς αὐτῶν ἐπειρᾶτο διδάσκων, ὅτι τοὺς μὲν φίλους παραλάβοιεν, οὐχ

ἵνα τι κατὰ τοῦ δήμου διαπραξάντο, ἀλλ' ἵνα μετὰ τῶν ἀναγκαιοτάτων βουλευσάντο, τί πράττοντες οὐδ' ὁποτέραν δόξουσιν ἐλαττοῦν τῶν αἰρέσεων, πότερον ταχεῖαν ἀποδιδόντες τῇ βουλῇ περὶ τοῦ νόμου διάγνωσιν ἢ ^[2] χρονιωτέραν. Ὅρατιον δὲ καὶ Οὐαλέριον οὐκ ἄλλης τινὸς χάριν αἰτίας μὴ παραλαβεῖν εἰς τὸ συνέδριον, ἀλλ' ἵνα μὴ τις ὑποψία περὶ αὐτῶν παρ' ἀξίαν ἢ τοῖς δημοτικοῖς, ὡς μεταβεβλημένων τὴν προαίρεσιν τῆς πολιτείας, ἐὰν ἄρα ἐπὶ τῆς ἐτέρας γένωνται γνώμης, τῆς ἀξιούσης ἀναβαλέσθαι τὴν ὑπὲρ τοῦ νόμου διάγνωσιν εἰς ἕτερον καιρὸν ἐπιτηδειότερον. Ἐπειδὴ δ' ἅπασι τοῖς παραληφθεῖσιν ἢ συντομωτέρα διάγνωσις ἀμείνων ἔδοξεν εἶναι τῆς βραδυτέρας, πράττειν ὡς ἐκείνοις ἐφάνη. ^[3] ταῦτ' εἰπὼν καὶ θεοὺς ἐπομοσάμενος ἢ μὴν τάληθ' ἰλέγειν καὶ τοὺς παρακληθέντας ἐκ τῶν βουλευτῶν, ἔφη, πᾶσαν ἀπολύσεσθαι διαβολὴν οὐ λόγους, ^[4] ἀλλ' ἔργους. ὅταν γὰρ οἱ βουλόμενοι κατηγορεῖν καὶ ἀπολογεῖσθαι περὶ τοῦ νόμου διεξέλθωσι τὰ δίκαια, [p. 206] πρῶτους ἐπὶ τὴν ἐρώτησιν τῆς γνώμης καταλέγειν οὐχὶ τοὺς πρεσβυτάτους καὶ τιμιωτάτους τῶν βουλευτῶν, οἷς ἐκ τῶν πατρίων ἐθισμῶν καὶ τοῦτ' ἀποδεδόσθαι τὸ γέρας, οὐδὲ τοὺς δι' ὑποψίας ὄντας παρὰ τοῖς δημοτικοῖς, ὡς οὐδὲν ὑπὲρ αὐτῶν χρηστὸν οὔτε λέγοντας οὔτε φρονοῦντας, ἀλλ' ἐκ τῶν νεωτέρων τοὺς δοκοῦντας εἶναι φιλοδημοτάτους.

ὑποσχόμενος δὲ ταῦτα καὶ δοὺς ἐξουσίαν τοῖς βουλομένοις λέγειν, ἔπειδὴ οὔτε κατηγορήσων οὔτ' ἀπολογησόμενος οὐδεὶς ὑπὲρ τοῦ νόμου παρήει, παρελθὼν αὖθις ἐρωτᾷ πρῶτον Οὐαλέριον, τί τῷ κοινῷ συμφέρει, καὶ τί προβουλεύσαι τοῖς συνέδροις παραινέῃ. ^[1] οὐ δ' ἀναστὰς καὶ πολλοὺς διεξελθὼν ὑπὲρ αὐτοῦ τε καὶ τῶν προγόνων λόγους ὡς ἐπὶ τῷ συμφέροντι τῆς πόλεως τοῦ δημοτικοῦ μέρους προΐσταμένων, καὶ καταριθμησάμενος ἅπαντας ἐξ ἀρχῆς τοὺς κατασχόντας τὴν πόλιν κινδύνους ἐκ τῶν τάναντία πολιτευομένων, τοῖς τ' ἀπεχθῶς ἐσχηκόσι πρὸς τὸ δημοτικὸν ἅπασιν ἄλυσιτελὲς γενόμενον ἀποδείξας τὸ μισόδημον, ἐπαίνους τε πολλοὺς περὶ τοῦ δήμου ποιησάμενος, ὡς αἰτιωτάτου τῇ πόλει γεγονότος οὐ μόνον τῆς ἐλευθερίας, ἀλλὰ καὶ τῆς ἡγεμονίας, ἐπεὶ ταῦτα καὶ παραπλήσια τούτοις διεξῆλθε, τελευτῶν ἔφη μὴ δύνασθαι πόλιν ἐλευθέραν εἶναι, ἐξ ἧς ἂν τις τὴν ἰσότητ' ἀνέλῃ: ^[3] ἔφη τε δοκεῖν ἑαυτῷ τὸν μὲν νόμον [p. 207] δίκαιον εἶναι τὸν ἀξιοῦντα πᾶσι μετεῖναι Ῥωμαίοις τῆς ὑπατικῆς ἀρχῆς, τοῖς γε δὴ βίον ἀνεπίληπτον ἐσχηκόσι καὶ πράξεις ἀποδεδειγμένοις τῆς τιμῆς ταύτης ἀξίας, τὸν δὲ καιρὸν οὐκ ἐπιτῆδειον εἰς τὴν ὑπὲρ αὐτοῦ διάγνωσιν ἐν πολεμικαῖς ὑπαρχούσης ταραχαῖς τῆς πόλεως: ^[4] συνεβούλευε τε τοῖς μὲν δημάρχοις ἐὰν τὴν καταγραφὴν γενέσθαι τῶν στρατιωτῶν καὶ τὴν ἔξοδον μὴ κωλύειν τῶν καταγραφέντων, τοῖς δ' ὑπάτοις, ὅταν τὸ κράτιστον τέλος ἐπιθῶσι τῷ πολέμῳ, πρῶτον ἁπάντων τὸ περὶ τοῦ νόμου προβούλευμα εἰς τὸν δῆμον ἐξενεγκεῖν. ταῦτα δὲ γραφῆναι τ' ἤδη καὶ διομολογηθῆναι πρὸς ἀμφοτέρων. ^[5] ταύτην ἀποδειξαμένου τὴν γνώμην Οὐαλερίου καὶ μετὰ τοῦτον Ὅρατιον — δευτέρῳ γὰρ τούτῳ λόγον ἀπέδωκεν οἱ ὑπατοὶ — ταῦτ' ὁ πάθος ἅπασι τοῖς παροῦσι συνέβη. οἱ μὲν γὰρ ἀνελεῖν τὸν νόμον βουλόμενοι τὴν ἀναβολὴν τῆς περὶ αὐτοῦ διαγνώσεως ἀγαπητῶς ἀκούσαντες, τὸ μετὰ τὸν

Θορύβου δέ, ὅπερ εἰκός, ἐπὶ τῇ γνώμῃ γενομένου διὰ τὸ μὴ πᾶσι τοῖς μέρεσιν αὐτῆς εὐαρεστεῖν [p. 208] ἀμφοτέρους παρελθὼν ὁ ὕπατος τρίτον ἡρώτα Γάϊον Κλαύδιον, ὃς ἐδόκει τῶν προεστηκότων τῆς ἐτέρας τάξεως τῆς ἐναντιουμένης τοῖς δημοτικοῖς αὐθαδέστατος εἶναι καὶ δυνατώτατος. [2] οὗτος ἐκ παρασκευῆς διεξῆλθε λόγον κατὰ τῶν δημοτικῶν, πάνθ' ὅσα ἔδοξε πῶποτε ἐναντία τοῖς καλοῖς καὶ πατρίοις ἐθισμοῖς ὑπομινῆσκων, οὗ κεφάλαιον ἦν, εἰς ὃ κατέσκηπτεν ἡ γνώμη, μηδεμίαν ἀποδιδόναι τῇ βουλῇ διάγνωσιν ὑπὲρ τοῦ νόμου τοὺς ὑπάτους, μήτ' ἐν τῷ παρόντι χρόνῳ μήτ' ὕστερον, ὥς ἐπὶ καταλύσει τῆς ἀριστοκρατίας εἰσφερομένου καὶ συγγεῖν μέλλοντος ἅπαντα τὸν κόσμον τῆς πολιτείας. [3] γενομένου δὲ πρὸς τὴν γνώμην ἔτι πλείονος θορύβου τέταρτος ἀνίσταται κληθεὶς Τίτος Γενύκιος, ἀδελφὸς θατέρου τῶν ὑπάτων: ὃς ὀλίγα διαλεχθεὶς ὑπὲρ τῶν κατεχόντων καιρῶν τὴν πόλιν, ὅτι дуεῖν ἀνάγκη τῶν χαλεπωτάτων θάτερον αὐτῇ συμπεσεῖν, ἢ διὰ τὰς πολιτικὰς ἔριδας καὶ φιλοτιμίας ἰσχυρὰ τὰ τῶν ἐχθρῶν ποιῆσαι πράγματα, ἢ τοὺς ἔξωθεν ἐπιφερομένους ἀποτρέψασθαι βουλομένη κακῶς τὸν οἰκεῖον καὶ πολιτικὸν διαλύσασθαι πόλεμον: [4] ἔφησε, дуεῖν ὄντων κακῶν, ὧν ἀνάγκη θάτερον ἄκοντας ὑπομεῖναι, τοῦτ' αὐτῷ δοκεῖν εἶναι λυσιτελέστερον, τὸ συγχωρῆσαι τῷ δήμῳ τὴν βουλήν παρασπάσαι τι τοῦ κόσμου τῆς πατρίου πολιτείας μᾶλλον ἢ τοῖς ἄλλοφύλοις [p. 209] τε καὶ πολεμίοις καταγέλαστον ποιῆσαι τὴν πόλιν. [5] ταῦτ' εἰπὼν τὴν δοκιμασθεῖσαν ὑπὸ τῶν παραγενηθέντων ἐν τῷ κατ' οἰκίαν συνεδρίῳ γνώμην εἰσέφερεν, ἣν εἰσηγήσατο Κλαύδιος, ὥσπερ ἔφην, ἀντὶ τῶν ὑπάτων χιλιάρχους ἀποδειχθῆναι, τρεῖς μὲν ἐκ τῶν πατρικίων, τρεῖς δ' ἐκ τῶν δημοτικῶν, ἐξουσίαν ἔχοντας ὑπατικὴν: ὅταν δὲ τελῶσιν οὗτοι τὴν ἀρχὴν καὶ καθήκη νέας ἀρχὰς ἀποδείκνυσθαι, τὴν βουλήν καὶ τὸν δῆμον αὐθις συνελθόντας διαγνῶναι, πότερον ὑπάτους ἢ χιλιάρχους βούλονται παραλαβεῖν τὴν ἀρχήν. ὅ τι δ' ἂν ἅπασι δόξη ψῆφον ἐπενέγκας, τοῦτ' εἶναι κύριον. ἐπιτελεῖσθαι δὲ τὸ προβούλευμα καθ' ἕκαστον ἐνιαυτόν.

ταύτην ἀποδειξαμένου τὴν γνώμην Γενυκίου πολὺς ἐξ ἀπάντων ἔπαινος ἐγένετο, καὶ οἱ μετ' ἐκεῖνον ἀνιστάμενοι μικροῦ δεῖν πάντες ταῦτα συνεχώρουν κράτιστα εἶναι. γράφεται δὲ τὸ προβούλευμα ὑπὸ τῶν ὑπάτων, καὶ λαβόντες αὐτὸ μετὰ πολλῆς χαρᾶς οἱ δήμαρχοι προῆλθον εἰς τὴν ἀγοράν. ἔπειτα καλέσαντες τὸ πλῆθος εἰς τὴν ἐκκλησίαν, πολλοὺς διέθεντο τῆς βουλῆς ἐπαίνους, καὶ παραγγέλλειν τὴν ἀρχὴν ἐκέλευον τοῖς ἐθέλουσι τῶν δημοτικῶν ἅμα τοῖς πατρικίοις. [2] οὕτω δ' ἄρα κοῦφόν τι πρᾶγμά ἐστιν ἐπιθυμία διχα λόγου γινομένη καὶ ταχὺ μεταπίπτον ἐπὶ θάτερα μέρη, μάλιστα δ' ἡ τῶν ὄχλων, ὥσθ' οἱ περὶ παντὸς ποιούμενοι τέως τῆς ἀρχῆς μεταλαβεῖν καί, εἰ μὴ δοθῇ τοῦτ' αὐτοῖς ὑπὸ τῶν πατρικίων, ἢ καταλείψοντες τὴν [p. 210] πόλιν ὡς πρότερον, ἢ διὰ τῶν ὄπλων αὐτὸ ληψόμενοι, ἐπειδὴ τὸ συγχώρημα ἔλαβον, ἀπέστησαν εὐθὺς τῆς ἐπιθυμίας καὶ τὰς σπουδὰς ἐπὶ

Οὐιεντανοὺς πολιορκούντων Ῥωμαίων περὶ τὴν ἐπιτολὴν τοῦ κυνός, ὅτε μάλιστα λίμναι τε ἐπιλείπουσι καὶ ποταμοὶ πάντες, ὃ τι μὴ μόνος ὁ Αἰγύπτιος Νεῖλος, λίμνη τις ἀπέχουσα τῆς Ῥώμης οὐ μείον ρκ' σταδίων ἐν τοῖς Ἀλβανοῖς καλουμένοις ὄρεσι, παρ' ἧ τὸ ἀρχαῖον ἢ τῶν Ῥωμαίων μητρόπολις ὤκειτο, οὔτε ὑετῶν γενομένων οὔτε νιφετῶν οὔτ' ἄλλης τινὸς αἰτίας ἀνθρώποις φανεραῖς, τοσαύτην ἔλαβεν ἐκ τῶν ἐν αὐτῇ ναμάτων ἐπίδοσιν, ὥστε πολλὴν μὲν ἐπικλύσαι [p. 229] τῆς παρορείου, πολλὰς δὲ οἰκήσεις γεωργικὰς καταβαλεῖν, τελευτῶσαν δὲ καὶ τὸν μεταξὺ τῶν ὁρῶν αὐλῶνα διασπάσαι καὶ ποταμὸν ἐκχεᾶ κατὰ τῶν ὑποκειμένων πεδίων ἐξάισιον. ^[2] τοῦτο μαθόντες οἱ Ῥωμαῖοι κατ' ἀρχὰς μὲν, ὡς δαιμονίου τινὸς μηνιοντος τῇ πόλει, θυσίαις ἐξιλάσασθαι τοὺς κατέχοντας τὸν τόπον θεοὺς καὶ δαίμονας ἐψηφίσαντο καὶ τοὺς ἐπιχωρίους μάντεις ἀνέκρινον, εἴ τι λέγειν ἔχουσιν: ἐπεὶ δ' οὔτε ἡ λίμνη τὴν ἑαυτῆς τάξιν ἀπελάμβανεν, οὔτε οἱ μάντεις ἀκριβὲς οὐδὲν ἔλεγον, ἀλλὰ τῷ θεῷ χρῆσθαι παρήνουν, ἐπὶ τὸ Δελφικὸν μαντεῖον ἀπέστειλαν θεοπρόπους. τοῦτον τὸν ἄνδρα οἱ χιλιάρχοι λόγοις τε θεραπεύοντες καὶ βασάνων ἀπειλαῖς δεδιττόμενοι ἅπαντα παρεσκεύασαν ἐξειπεῖν, ἃ περὶ τῆς Ἀλβανίδος λίμνης ἀπέκρυπτεν: εἶτα καὶ πρὸς τὴν βουλὴν αὐτὸν [p. 231] ἀναπέμπουσι. τοῖς δ' ἐκ τοῦ συνεδρίου οὐχ ἡ ὁμοία παρέστη δόξα, ἀλλὰ τοῖς μὲν ἐδόκει πανοῦργός τις εἶναι καὶ γόνος ὁ Τυρρηνὸς καὶ καταφεύδεσθαι τοῦ δαιμονίου τὰ περὶ τὸν χρησμόν, τοῖς δ' ἀπὸ πάσης ἀληθείας εἰρηκέναι. [2] ἐν τοιαύτῃ δ' ἀμχανίᾳ τῆς βουλῆς ὑπαρχούσης παρήσαν οἱ προαποσταλέντες εἰς Δελφοὺς θεόπροποι χρησμοὺς κομίζοντες τοῖς ὑπὸ τοῦ Τυρρηνοῦ πρότερον ἀπηγγελλέμενοις συνάδοντας: ὅτι θεοὶ καὶ δαίμονες οἱ λαχόντες τὴν Οὐιεντανῶν πόλιν τοσοῦτον αὐτοῖς ἐγγυῶνται χρόνον ἀσάλευτον φυλάξαι τὴν ἐκ προγόνων παραδοθεῖσαν εὐδαιμονίαν, ὅσον ἂν διαμένωσιν αἱ πηγαὶ τῆς ἐν Ἀλβανῷ λίμνης ὑπερχεόμεναι καὶ μέχρι θαλάττης ἀπορρέουσαι: [3] ὅταν δ' ἐκείναι φύσιν τε τὴν ἑαυτῶν καὶ ὁδοὺς τὰς ἀρχαίας ἐκλιποῦσαι καθ' ἑτέρας ἐκτραπῶσιν, ὡς μηκέτι μίσγεσθαι τῇ θαλάττῃ, τότε καὶ τὴν πόλιν αὐτῶν ἀνάστατον ἔσεσθαι: τοῦτο δ' οὐκ εἰς μακρὰν ὑπὸ Ῥωμαίων γενήσεσθαι, ἐὰν ὀρύγμασι καθ' ἕτερα χωρία γενομένοις ἐκτρέψωσι τὴν πλήμυρὰν τῶν ὑδάτων εἰς τὰ πρόσω τῆς θαλάττης πεδία. ταῦτα μαθόντες οἱ Ῥωμαῖοι εὐθὺς ἐπέστησαν τοῖς ἔργοις τοὺς χειροτέχνας. ὡς δὲ ταῦτ' ἤκουσαν Οὐιεντανοὶ παρ' αἰχμαλώτου τινός, ἐπικηρυκεύεσθαι πρὸς τοὺς πολιορκοῦντας ἡθελον περὶ καταλύσεως τοῦ πολέμου, πρὶν ἄλῶναι κατὰ κράτος τὴν πόλιν, καὶ ἀποδείκνυνται πρέσβεις οἱ πρεσβύτατοι. Ὁ δὲ δικτάτωρ Κάμιλλος, οὗ στρατηγία ἡ πόλις ἦλω, ἐπὶ μετεώρου τινὸς ἐστὼς ἅμα τοῖς ἐπιφανεστάτοις Ῥωμαίων, ὅθεν ἅπαντα ἡ πόλις [p. 233] ἦν καταφανής, πρῶτον μὲν ἐμακάρισεν ἑαυτὸν τῆς παρούσης εὐτυχίας, ὅτι καθελεῖν αὐτῷ μεγάλην καὶ εὐδαιμόνα πόλιν ἐξεγένετο δίχα πόνου, ἡ Τυρρηνίας μὲν ἀνθούσης τότε καὶ πλεῖστον τῶν κατοικοούντων τὴν Ἰταλίαν ἐθνῶν δυναμένης οὐκ ἐλαχίστη μοῖρα ἦν, Ῥωμαίοις δὲ περὶ τῆς ἡγεμονίας διαφερομένη καὶ πολλοὺς ὑπομείνασα πολέμους ἄχρι δεκάτης γενεᾶς διετέλεσεν, ἐξ οὗ δ' ἤρξατο πολεμεῖν καὶ πολιορκεῖσθαι συνεχῶς, δέκα διήνεγκε τὴν πολιορκίαν ἔτη πάσης πειραθεῖσα τύχης. [2] ἔπειτ' ἐνθυμηθεῖς, ὡς ἐπὶ μικρᾶς αἰωρεῖται ῥοπῆς ἡ τῶν ἀνθρώπων εὐδαιμονία, καὶ βέβαιον οὐδὲν διαμένει τῶν ἀγαθῶν, διατείνας εἰς οὐρανὸν τὰς χεῖρας εὕξατο τῷ τε Διὶ καὶ τοῖς ἄλλοις θεοῖς, μάλιστα μὲν ἀνεπίφθονον ἑαυτῷ τε καὶ τῇ πατρίδι γίνεσθαι τὴν παροῦσαν εὐδαιμονίαν: εἰ δέ τις ἔμελλε κοινῇ συμφορὰ τὴν Ῥωμαίων πόλιν ἢ τὸν αὐτοῦ βίον καταλαμβάνειν ἀντίπαλος τῶν παρόντων ἀγαθῶν, ἐλαχίστην γενέσθαι ταύτην καὶ μετριωτάτην. ἦν δὲ ἡ Οὐιεντανῶν πόλις οὐθὲν ὑποδεεστέρα τῆς Ῥώμης ἐνοικεῖσθαι γῆν τε πολλὴν καὶ πολὺκαρπον ἔχουσα, τὴν μὲν ὀρεινὴν, τὴν δὲ πεδιάδα, καὶ τὸν ὑπερκείμενον ἀέρα καθαρώτατον καὶ [p. 234] πρὸς ὑγίειαν ἀνθρώποις ἄριστον, οὐτε ἔλους πολησίον ὄντος, ὅθεν ἔλκονται βαρεῖς ἀτμοὶ καὶ δυσώδεις, οὐτε ποταμοῦ πινος ψυχρὰς ἔωθεν ἀνιέντος αὔρας, ὑδάτων τε οὐ σπανίων ὄντων οὐδ' ἐπακτῶν, ἀλλ' αὐθιγενῶν καὶ πλουσίων καὶ πινεσθαι κρατίστων. Αἰνείαν λέγουσι τὸν ἐξ Ἀγχίσου καὶ Ἀφροδίτης, ὅτε κατέσχευεν εἰς Ἰταλίαν, θῦσαι προαιρούμενον ὅτῳ δὴ τινι θεῶν, μετὰ τὴν εὐχὴν μέλλοντα τοῦ παρεσκευασμένου πρὸς τὴν θυσίαν ἱερείου κατάρχεσθαι, τῶν Ἀχαιῶν ἰδεῖν τινα πρόσωθεν ἐρχόμενον, εἴτε Ὀδυσσεά, ὅτε τῷ περὶ τὸν Ἄορνον μαντεῖω χρῆσθαι ἔμελλεν, εἴτε Διομήδην, ἡνίκα Δαῦνῳ [2] σύμμαχος ἀφίκετο: ἀχθόμενον δὲ τῷ συγκυρήματι καὶ πολεμίᾳ ὄψιν ἐφ' ἱεροῖς φανεῖσαν ὡς πονηρὸν οἰωνὸν ἀφοσιώσασθαι βουλόμενον, ἐγκαλύψασθαι τε καὶ στραφῆναι: μετὰ δὲ τὴν ἀπαλλαγὴν τοῦ πολεμίου χερνιψάμενον αὐθις ἐπιτελέσαι τὴν θυσίαν. EXCERPTS FROM BOOK XIII

Καμίλλου τὴν Φαλερίων πόλιν πολιορκοῦντος Φαλίσκων τις εἶτ' ἀπεγνωκῶς τὴν πόλιν εἶτε κέρδη θηρώμενος ἴδια παῖδας ἐκ τῶν ἐπιφανεστάτων οἰκων παρακρουσάμενος — ἦν δὲ διδάσκαλος γραμμάτων — ἐξήγαγεν ἐκ τῆς πόλεως, ὡς περιπατήσοντάς τε πρὸ τοῦ τείχους καὶ τὸ Ῥωμαικὸν στρατόπεδον θεασομένους. [2] ὑπαγόμενος δὲ κατὰ μικρὸν αὐτοὺς προσωτέρω τῆς πόλεως ἐπὶ φυλακτήριον Ῥωμαικὸν ἄγει καὶ τοῖς ἐκδραμοῦσι παραδίδωσιν, ὑφ' ὧν ἀχθεῖς ἐπὶ τὸν Κάμιλλον ἔφη: βεβουλεῦσθαι μὲν ἔτι πάλαι τὴν πόλιν ὑπὸ Ῥωμαίων ποιῆσαι, οὐδενὸς δὲ κύριος ὧν οὔτε ἄκρας οὔτε πυλῶν οὔθ' ὅπλων τοῦτον ἐξευρηκέναι τὸν τρόπον, ὑποχειρίους ποιῆσαι τοὺς υἱεῖς τῶν εὐγενεστάτων, ἄφυκτον ἀνάγκην ὑπολαβὼν τοὺς πατέρας αὐτῶν καταλήψεσθαι τῆς σωτηρίας τῶν τέκνων περιεχομένους τάχιον παραδοῦναι Ῥωμαίοις τὴν πόλιν. [3] ὁ μὲν δὴ [p. 237] ταῦτ' ἔλεγε πολλὰς ἐλπίδας ἔχων θαυμαστοὺς τινας ἐξοίσεσθαι μισθοὺς τῆς προδοσίας. Ambr.

ὁ δὲ Κάμιλλος εἰς φυλακὴν παραδιδούς τὸν γραμματιστὴν καὶ τοὺς παῖδας ἐπιστέλλει τῇ βουλῇ διὰ γραμμάτων τὰ γενόμενα καὶ τί χρὴ ποιεῖν ἦρετο. [2] ἐπιτρέψαντος δ' αὐτῷ τοῦ συνεδρίου πράττειν, ὃ τι ἂν αὐτῷ φαίνηται κράτιστον, προαγαγὼν ἐκ τοῦ στρατοπέδου τὸν γραμματιστὴν ἅμα τοῖς παισὶ καὶ οὐ μακρὰν ἀπὸ τῶν πυλῶν τὸ στρατηγικὸν βῆμα προστάξας τεθῆναι, πολλοῦ συνδραμόντος ὄχλου, τοῦ μὲν ἐπὶ τὰ τεῖχη, τοῦ δ' ἐπὶ τὰς πύλας, πρῶτον μὲν ἐδήλωσε τοῖς Φαλίσκοις, οἷα ὁ γραμματιστὴς εἰς αὐτοὺς ἐτόλμησε παρανομεῖν: ἔπειτα περικαταρρῆξαι τὴν ἐσθῆτα τοῦ ἀνδρὸς ἐκέλευσε τοῖς ὑπηρέταις καὶ [3] ξαίνειν τὸ σῶμα μάστιγι πάνυ πολλαῖς. ὡς δὲ ταύτης ἄλις εἶχε τῆς τιμωρίας, ῥάβδους τοῖς παισὶν ἀναδοὺς ἀπάγειν αὐτὸν ἐκέλευσεν εἰς τὴν πόλιν δεδεμένον τῷ χεῖρει ὀπίσω παιοντάς τε καὶ πάντα τρόπον αἰκίζομένους. κομισάμενοι δὲ τοὺς παῖδας οἱ Φαλίσκοι καὶ τὸν γραμματιστὴν ἀξίως τῆς κακῆς διανοίας τιμωρησάμενοι παρέδωκαν τῷ Καμίλλῳ τὴν πόλιν. Ambr.

ὁ αὐτὸς Κάμιλλος ἐπὶ τὴν Οὐιεντανῶν πόλιν στρατεύων ηὔξατο τῇ βασιλείᾳ Ἥρα τῇ ἐν Οὐιεντανοῖς, ἐὰν κρατήσῃ τῆς πόλεως τό τε ξόανον αὐτῆς ἐν Ῥώμῃ καθιδρῦσιν καὶ σεβασμοὺς αὐτῇ [p. 238] [2] καταστήσεσθαι πολυτελεῖς. ἀλούσης δὲ τῆς πόλεως ἀπέστειλε τῶν ἱππέων τοὺς ἐπιφανεστάτους ἀρουμένους ἐκ τῶν βάθρων τὸ ἔδος: ὡς δὲ παρῆλθον οἱ πεμφθέντες εἰς τὸν νεῶν, καὶ τις ἐξ αὐτῶν εἶτε μετὰ παιδιᾶς καὶ γέλωτος εἶτε οἰωνοῦ δεόμενος, εἰ βούλοιτο μετελθεῖν εἰς Ῥώμην ἢ θεός, ἦρετο, φωνῇ γεγωνῶ τὸ ξόανον ἐφθέγγετο, ὅτι βούλεται. τοῦτο καὶ δις γέγονεν: ἀπιστοῦντες γὰρ οἱ νεανίσκοι, εἰ τὸ ξόανον ἦν τὸ φθεγγάμενον, πάλιν ἥροντο τὸ αὐτὸ καὶ τὴν αὐτὴν φωνὴν ἤκουσαν. Ambr.

ἐν δὲ τῇ ἀρχῇ τῶν μετὰ τὸν Κάμιλλον ὑπάτων νόσος εἰς Ῥώμην κατέσκηψε λοιμικὴ τὴν ἀρχὴν ἀπὸ τε ἀνομβρίας καὶ αὐχμῶν λαβοῦσα ἰσχυρῶν, ὑφ' ὧν κακωθεῖσα ἦ τε δενδρίτις καὶ ἡ σιτοφόρος ὀλίγους μὲν

ἀνθρώποις καρπούς ἐξήνεγκε καὶ νοσερούς, ^[2] ὀλίγην δὲ καὶ πονηρὰν βοσκήμασι νομήν. προβάτων μὲν οὖν καὶ τῶν ἄλλων ὑποζυγίων ἀναριθμητόν τι διεφθάρη πλῆθος οὐ χιλοῦ σπανισάμενον μόνον, ἀλλὰ καὶ ποτοῦ: τοσαύτη γὰρ τῶν τε ποταμίων καὶ τῶν ἄλλων ναμάτων ἐπίλειψις ἐγένετο, ἥνικα μάλιστα κάμνει πάντα δίψει τὰ βοτὰ. ^[3] ἄνθρωποι δὲ ὀλίγοι μὲν τινες διεφθάρησαν, ἃς οὕτω πρότερον ἐπείρασαν προσενεγκάμενοι τροφάς, οἱ δὲ λοιποὶ μικροῦ πάντες εἰς νόσους δεινὰς κατέπεσον ἀρχομένας μὲν ἀπὸ μικρῶν ἐξανθημάτων, ἃ περὶ τοὺς ἔξωθεν χρῶτας ἀνίστατο, [p. 239] κατασκηπτούσας δ' εἰς ἔλκη μεγάλα φαγεδαίναις ὅμοια, πονηρὰν μὲν ὄψιν, δεινὴν δὲ ἀλγηδὸνα παρέχοντα. ^[4] ἦν τε οὕθεν ἱαμα τῆς περιωδυνίας τοῖς κάμνουσιν, ὅ τι μὴ κνησμοὶ καὶ σπαραγμοὶ συνεχεῖς λωβώμενοι τοῖς χρῶσι μέχρι γυμνώσεως ὁστέων. Ambr.

μετ' οὐ πολὺ δὲ οἱ δῆμαρχοι Καμίλλῳ φθονήσαντες ἐκκλησίαν κατ' αὐτοῦ συνήγαγον καὶ ἐξημίωσαν αὐτὸν δέκα μυριάσιν ἀσσαρίων, οὐκ ἀγνοοῦντες, ὅτι πολλοστόν τι μέρος ὁ βίος ἦν αὐτῷ τοῦ κατακρίματος, ἀλλ' ἵν' ἀπαχθεῖς εἰς τὸ δεσμωτήριον ὑπὸ τῶν δημάρχων ἀσχημονήσῃ ὁ τοὺς ἐπιφανεστάτους κατορθώσας πολέμου. τὸ μὲν οὖν ἀργύριον οἱ πελάται τε καὶ συγγενεῖς αὐτοῦ συνεισενέγκαντες ἐκ τῶν ἰδίων χρημάτων ἀπέδωκαν, ὥστε μηδεμιᾶς πειραθῆναι ὕβρεως, ὁ δ' ἀνὴρ ἀφόρητον ἡγούμενος τὸν προπηλακισμόν ἐκχωρεῖν ἔγνω τῆς πόλεως. ^[2] γενόμενος δὲ πλησίον τῶν πυλῶν καὶ τοὺς παρόντας ἀσπασάμενος ὀλοφυρομένους καὶ δακρύνοντας, οἷου στέρεσθαι μέλλοιεν ἄνδρός, πολλὰ κατὰ τῶν παρεῖων ἀφείς δάκρυα καὶ τὴν κατασχοῦσαν αὐτὸν ἀσχημοσύνην ἀνακlausάμενος, εἶπεν: ὦ θεοὶ καὶ δαίμονες, ἔφοροι τῶν ἀνθρωπίνων ἔργων, ὑμᾶς ἀξιῶ δικαστὰς γενέσθαι μοι τῶν τε πρὸς τὴν πατρίδα πολιτευμάτων καὶ παντὸς τοῦ παρεληλυθότος βίου: ^[3] ἔπειτ', ἐὰν μὲν ἔνοχον εὐρητέ με ταῖς αἰτίαις, ἐφ' αἷς ὁ δῆμος κατεψηφίσατό μου, πονηρὰν καὶ ἀσχήμονα τελευτήν δοῦναι τοῦ βίου, ἐὰν δ' ἐν ἅπασιν, οἷς ἐπιστεύθην ὑπὸ τῆς πατρίδος ἐν εἰρήνῃ τε καὶ κατὰ πολέμους, εὐσεβῆ καὶ δίκαιον καὶ πάσης [p. 240] ἀσχήμονος ὑποψίας καθαρὸν, τιμωροὺς γενέσθαι μοι, τοιοῦτους ἐπιστήσαντας τοῖς ἡδίκηκόσι κινδύνους καὶ φόβους, δι' οὓς ἀναγκασθήσονται μηδεμίαν ἄλλην ἐλπίδα σωτηρίας ὀρῶντες ἐπ' ἐμὲ καταφυγεῖν. ταῦτ' εἰπὼν εἰς πόλιν Ἀρδέαν ὤχετο. Ambr.

ὑπήκουσαν δὲ αὐτοῦ ταῖς εὐχαῖς οἱ θεοί, καὶ ὑπὸ Κελτῶν μετὰ μικρὸν ἡ πόλις ἐάλω ἄνευ τοῦ Καπιτωλίου. καταφυγόντων δὲ ἐν αὐτῷ τῶν περιφανεστέρων — τὸ γὰρ ἄλλο πλῆθος ἐν ταῖς Ἰταλικαῖς φεῦγον διεσπάρη πόλεσι — καὶ πολιορκουμένων ὑπὸ Κελτῶν, οἱ παρὰ τὴν Οὐιεντανῶν πόλιν καταφυγόντες Ῥωμαῖοι Καιδίκιον τινα στρατοπεδάρχην ποιοῦσιν: ὁ δὲ Κάμιλλον ἀποδείκνυσι καὶ ταῦτ' ἀπόντα ἡγεμόνα πολέμου καὶ εἰρήνης ἐξουσίαν ἔχοντα αὐτοκράτορα. ^[2] καὶ γενόμενος ἡγεμὼν τῆς πρεσβείας παρεκάλει Κάμιλλον διαλλαγῆναι πρὸς τὴν πατρίδα, τὰς συμφοράς, ἐν αἷς ἦν, ἐπιλογισάμενον, δι' ἃς ὑπέμεινεν ἐπὶ τὸν ὕβρισθέντα ὑφ' ἐαυτῆς καταφυγεῖν. ^[3] ὑποτυχὼν δὲ ὁ Κάμιλλος εἶπεν: οὐδέομαι παρακλήσεως, ὦ Καιδίκιε: αὐτὸς γάρ, εἰ μὴ θάπτον ὑμεῖς ἀφίκεσθε κοινωνεῖν με τῶν

πραγμάτων ἀξιούντες, ἔτοιμος ἦν ταύτην ἄγων τὴν δύναμιν, ἣν παρούσαν ὀρᾷτέ μοι, πρὸς ὑμᾶς ἦκειν. ὑμῖν δέ, ὧ θεοὶ τε καὶ δαίμονες, ὅσοι τὸν ἀνθρώπινον ἐποπτεύετε βίον, ὧν τε ἤδη τετιμῆκατέ [p. 241] μοι πολλὴν οἶδα χάριν, καὶ περὶ τῶν μελλόντων εὐχομαι καλὴν καὶ εὐτυχῇ τῇ πατρίδι γενέσθαι τὴν ἐμὴν κάθοδον. [4] εἰ δὲ ἐνῆν ἀνθρώπῳ τὰ μέλλοντα συμβῆσθαι προιδεῖν, οὐδέποτ' ἂν εὐξάμην ἐς τοιαύτας ἐλθοῦσαν τυχὰς τὴν πατρίδα δεηθῆναι μου: μυριάκις δ' ἂν εἰλόμην ἄζηλον γενέσθαι μοι καὶ ἄτιμον τὸν μετὰ ταῦτα βίον ἢ βαρβάρων ἀνθρώπων ὠμότητι γενομένην τὴν Ῥώμην ὑποχείριον ἐπιδεῖν καὶ ἐν ἐμοὶ [5] μόνῳ τὰς λοιπὰς ἐλπίδας τῆς σωτηρίας ἔχουσαν. ταῦτ εἰπὼν καὶ τὰς δυνάμεις παραλαβὼν ἄφνω τε τοῖς Κελτοῖς ἐπιφανείς εἰς φυγὴν αὐτοὺς τρέπει καὶ ἐμπεσὼν ἀσυντάκτοις τε καὶ τεταραγμένοις δίκην προβάτων κατέσφαξεν. Ambr.

ἔτι δ' οὖν πολιορκουμένων τῶν ἐν τῷ Καπιτωλίῳ καταφυγόντων νέος τις ἀπὸ τῆς Οὐιεντανῶν πόλεως ὑπὸ Ῥωμαίων πεμφθεὶς εἰς τοὺς ἐν τῷ Καπιτωλίῳ καὶ λαθὼν τοὺς αὐτόθι φυλάσσοντας Κελτοὺς ἀνῆλθέ τε καὶ εἰπὼν, ὅσα ἔδει, πάλιν ὑπὸ νύκτα ἀπηλλάγη. [2] ὥς δὲ ἡμέρα ἐγένετο, τῶν Κελτῶν τις ἰδὼν τὰ ἴχνη λέγει πρὸς τὸν βασιλέα, ὁ δὲ συγκαλέσας τοὺς ἀνδρειοτάτους ἐδήλωσεν αὐτοῖς τὴν τοῦ Ῥωμαίου ἄνοδον: ἔπειτ' αὐτοὺς ἡξίου τὴν αὐτὴν ἐκείνῳ παρασχομένους τόλμαν πειραῖσθαι τῆς ἐπὶ τὸ φρούριον ἀναβάσεως, πολλὰς ὑπισχνούμενος τοῖς ἀναβᾶσι δωρεάς. ὁμολογησάντων δὲ συχνῶν παρήγγειλε τοῖς φύλαξιν ἡσυχίαν ἄγειν, ἵνα καθεύδειν αὐτοὺς ὑπολαβόντες οἱ [3] Ῥωμαῖοι καὶ αὐτοὶ πρὸς ὕπνον τράπωνται. ἤδη [p. 242] δὲ τῶν πρώτων ἀναβεβηκότων καὶ τοὺς ὑστεριζοντας ἀναδεχομένων, ἵνα πλείους γενόμενοι τότε ἀποσφάξωσι τοὺς ἐν ταῖς φυλακαῖς καὶ καταλάβωνται τὸ ἔρυμα, ἀνθρώπων μὲν οὐδεὶς ἔμαθεν, ἱεροὶ δὲ τινες Ἦρας χῆνες ἐν τῷ τεμένει τρεφόμενοι καταβοῶντες ἅμα καὶ τοῖς βαρβάροις ὁμόσε χωροῦντες κατήγοροι γίνονται τοῦ κακοῦ. [4] ἐκ δὲ τούτου ταραχὴ τε καὶ κραυγὴ καὶ ὁ δρόμος ἀπάντων ἦν παρακαλούντων ἀλλήλους ἐπὶ τὰ ὄπλα, καὶ οἱ Κελτοὶ δὲ πλείους ἤδη γεγονότες ἐχώρουν ἐνδοτέρῳ. Ambr.

ἐνθάδε τις τῶν ἐσχηκόντων τὴν ὕπατον ἀρχήν, Μάρκος Μάλλιος, ἀρπάσας τὰ ὄπλα καὶ συστὰς τοῖς βαρβάροις τὸν τε πρῶτον ἀναβάντα καὶ κατὰ τῆς κεφαλῆς αὐτοῦ τὸ ξίφος φέροντα φθάσας παίει κατὰ τοῦ βραχίονος καὶ ἀποκόπτει τὸν ἀγκῶνα: [2] καὶ τὸν ἐπὶ τούτῳ πρὶν ἢ εἰς χεῖρας ἐλθεῖν ὀρθῶ τῷ θυρεῷ πατάξας εἰς τὸ πρόσωπον ἀνατρέπει καὶ κείμενον ἀποσφάττει, ἔπειτα τοὺς ἄλλους τεταραγμένους ἤδη ἐλαύνων ὑπὸ πόδας, οὓς μὲν ἀπέκτεινεν, οὓς δὲ κατὰ τοῦ κρηνοῦ διώκων ἐξέχεεν. ἀντὶ ταύτης εὗρετο τῆς ἀριστείας τὴν πρέπουσαν τῷ τότε καιρῷ δωρεὰν παρὰ τῶν κατεχόντων τὸ Καπιτώλιον, οἴνου καὶ [3] ζέας τὴν ἐφήμερον ἀνδρὸς ἐκάστου τροφήν. περὶ δὲ τῶν ἐν ἐκείνῳ τῷ τόπῳ τὴν φυλακὴν ἐκλιπόντων, [p. 243] καθ' ὃν ἀνέβησαν οἱ Κελτοὶ, ζητήσεως γενομένης ὃ τι χρὴ ποιεῖν, ἢ μὲν βουλὴ θάνατον ἀπάντων κατεψηφίσατο, ὁ δὲ δῆμος ἐπιεικέστερος γενομένος ἐνὸς τοῦ [4] ἡγεμόνος αὐτῶν ἠρκέσθη τῇ κολάσει. ἵνα δὲ φανερὸς γένοιτο τοῖς βαρβάροις ὁ θάνατος αὐτοῦ, δεθείς τὰς χεῖρας ὀπίσω κατὰ τοῦ κρηνοῦ

βάλλεται πρὸς αὐτοὺς. Ἐκείνου δὲ τιμωρηθέντος οὐδὲν ἔτι ῥάθυμον ἦν τῶν περὶ τὰς φυλακάς, ἀλλὰ παννύχιοι διετέλουν ἅπαντες ἐγρηγορότες, ὥστε τοὺς Κελτοὺς ἀπογνόντας δι' ἀπάτης ἢ κλοπῆς καθέξειν τὸ φρουρίον περὶ λύτρων διαλέγεσθαι, ἃ τοῖς βαρβάροις δόντες κομιοῦνται τὴν πόλιν. Ambr.

ἐπεὶ δὲ τὰ ὄρκια ἐπετέλεσαν καὶ τὸ χρυσίον οἱ Ῥωμαῖοι κατήνεγκαν, σταθμὸς μὲν ἦν, ὃν ἔδει τοὺς Κελτοὺς λαβεῖν, εἰ καὶ κ τάλαντα: τεθέντος δὲ τοῦ ζυγοῦ πρῶτον μὲν αὐτὸ τὸ τάλαντον ὁ Κελτὸς βαρύτερον τοῦ δικαίου παρῆν φέρων, ἔπειτα ἀγανακτούντων πρὸς τοῦτο τῶν Ῥωμαίων τοσοῦτου ἐδέησε μετριάσαι περὶ τὸ δίκαιον, ὥστε καὶ τὴν μάχαιραν ἅμα τῇ θήκῃ καὶ τῷ ζωστῆρι περιελόμενος ἐπέθηκε τοῖς σταθμοῖς. [2] τῷ δὲ ταμίᾳ πυνθανομένῳ, τί θέλει τοῦτ' εἶναι τὸ ἔργον, ἀπεκρίνατο τοῦτοις τοῖς ὀνόμασιν: ὀδύνη τοῖς κεκρατημένοις. ἐπεὶ δὲ ὁ συγκείμενος σταθμὸς οὐκ ἐξεπληροῦτο διὰ τὴν τοῦ Κελτοῦ πλεονεξίαν, ἀλλὰ καὶ τὸ τρίτον ἐνέδει μέρος, ἀπῆεσαν οἱ Ῥωμαῖοι χρόνον εἰς συμπορισμὸν τοῦ λείποντος αἰτησάμενοι: ὑπέμειναν δὲ ταύτην τὴν ὑπερφηανίαν τῶν βαρβάρων οὐθὲν ἐγνωκότες τῶν ἐπὶ τοῦ στρατοπέδου [p. 244] πραττομένων παρὰ Καϊδικίου καὶ Καμίλλου, ὡς ἔφαμεν. Ambr.

ἡ δὲ αἰτία τῆς εἰς Ἰταλίαν τῶν Κελτῶν ἀφίξεως τοιαύδε ἦν. Λοκόμων τις Τυρρηνῶν ἡγεμὼν μέλλων τελευτᾶν τὸν βίον ἀνδρὶ πιστῷ Ἄρροντι ὄνομα παρακατέθετο τὸν υἱὸν ἐπιτροπεύειν: τελευτήσαντος δὲ τοῦ Τυρρηνοῦ παραλαβὼν τὴν ἐπιμέλειαν τοῦ παιδίου ὁ Ἄρρων ἐπιμελὴς καὶ δίκαιος γέγονε τῆς πίστεως φύλαξ, καὶ εἰς ἄνδρας ἐλθόντι πᾶσαν ἀπέδειξε τῷ παιδί τὴν καταλειφθεῖσαν ὑπὸ τοῦ πατρὸς οὐσίαν. ἀνθ' ὧν οὐχ ὁμοίας ἐκομίσαστο παρὰ τοῦ μεираκίου χάριτας. [2] οὕσης γὰρ αὐτῷ γυναικὸς εὐμόρφου καὶ νέας, ἧς περὶ πλείστου τὴν κοινωνίαν ἐποιεῖτο, σῶφρονος τὸν ἄλλον χρόνον ἅπαντα γενομένης ἐρασθεὶς ὁ νεανίσκος ἅμα τῷ σώματι καὶ τὴν διάνοιαν τῆς ἀνθρώπου διέφθειρεν, καὶ οὐκέτι κρύβδα, ἀλλ' ἀναφανδὸν ἐζήτει αὐτῇ διαλέγεσθαι. ἀχθόμενος δὴ ὁ Ἄρρων τῷ ἀποσπασμῷ τῆς γυναικὸς καὶ ἐφ' οἷς ὑβρίζετο πρὸς ἀμφοτέρων δυσανασχετῶν, τιμωρίαν δὲ οὐ δυνάμενος παρ' αὐτῶν λαβεῖν, ἀποδημίαν ἐστείλατο πρόφασιν αὐτῆς ποιησάμενος ἐμπορίαν. [3] ἀσμένως δὲ τοῦ νεανίσκου τὴν ἀπαλλαγὴν αὐτοῦ δεξαμένου καὶ παρασχόντος ὅσων εἰς τὴν ἐμπορίαν ἐδεῖτο, πολλοὺς μὲν ἀσκούς οἶνου τε καὶ ἐλαίου ταῖς ἀμάξαις ἐπιθέμενος, πολλοὺς δὲ φορμοὺς σύκων ἦγεν εἰς τὴν Κελτικὴν. Ambr. [p. 245]

οἱ δὲ Κελτοὶ οὔτε οἶνον ἀμπέλινον εἰδότες τηνικαῦτα οὔτε ἔλαιον, οἷον αἱ παρ' ἡμῖν ἐλαῖαι φέρουσιν, ἀλλ' οἶνω μὲν χρώμενοι κριθῆς σαπείσης ἐν ὕδατι χυλῷ δυσώδει, ἐλαίῳ δὲ σுவείῳ στέατι πεπαλαιωμένῳ τὴν τε ὁδὸν καὶ τὴν γεῦσιν ἀτόπω, τότε δὲ πρῶτον ἀπολαύσαντες ὧν οὕτω ἐγεύσαντο καρπῶν, θαυμαστάς ὅσας ἐφ' ἐκάστῳ ἐλάβανον ἡδονὰς καὶ τὸν ξένον ἡρώτων, πῶς τε γίνεται τούτων ἕκαστον καὶ [2] παρὰ τίσιν ἀνθρώποις. ὁ δὲ Τυρρηνὸς πρὸς αὐτοὺς φησιν, ὅτι γῆ μὲν ἔστιν ἡ τούτους ἐκφέρουσα τοὺς καρποὺς πολλή καὶ ἀγαθή, νέμονται δὲ αὐτὴν ὀλίγοι τινὲς ἄνθρωποι καὶ τὰ εἰς πόλεμον οὐδὲν ἀμεινους γυναικῶν, ὑπέθετό τε αὐτοῖς μὴ δι' ὠνῆς αὐτὰ παρ' ἐτέρων ἔτι λαμβάνειν, ἀλλ' ἐκβαλόντας τοὺς τότε κυρίους ὡς οἰκεῖα

καρποῦσθαι. τούτοις δὴ τοῖς λόγοις οἱ Κελτοὶ πειθόμενοι ἦλθον εἰς Ἰταλίαν καὶ Τυρρηνῶν τοὺς καλουμένους Κλουσίνους, ὅθεν ἦν καὶ ὁ πείσας αὐτοὺς πολεμεῖν. Ambr.

ἀποσταλέντων δὲ πρεσβευτῶν ἐκ Ῥώμης ἐπὶ Κελτοῦς, ἐπεὶ ἤκουσεν εἷς τῶν πρεσβευόντων, Κόιντος Φάβιος, τοὺς βαρβάρους ἐπὶ προνομὴν ἐξεληλυθέναι, συνάπτει πόλεμον αὐτοῖς καὶ τὸν τῶν Κελτῶν ἡγεμόνα ἀναιρεῖ: ἀποστείλαντες δὲ εἰς Ῥώμην οἱ βάρβαροι ἠξιοῦν παραδιδόναι σφίσι τὸν ἄνδρα καὶ τὸν ἀδελφὸν αὐτοῦ ἐκδότους, ποινὰς ὑφέζοντας τῶν [p. 246] ^[2] ἀπολωλότων. παρελκούσης δὲ τῆς βουλῆς τὰς ἀποκρίσεις ἐπὶ τὴν Ῥώμην τὸν πόλεμον ἀναγκαίως οἱ Κελτοὶ μετήγαγον. οἱ δὲ Ῥωμαῖοι ἀκούσαντες ἐξήρσαν ἐκ τῆς πόλεως ἄγοντες ἐκ μὲν τῶν ἐπιλέκτων τε καὶ κατηθλημένων ἐν τοῖς πολέμοις στρατιωτῶν τέτταρα τάγματα ἐντελῆ: ἐκ δὲ τῶν ἄλλων πολιτῶν τοὺς κατοικιδίους τε καὶ σχολαίους καὶ ἥττον ὠμιληκότας πολέμοις πλείους ὄντας ἀριθμῶ τῶν ἐτέρων. τούτους δὴ τρεψάμενοι οἱ Κελτοὶ καὶ σύμπασαν τὴν Ῥώμην ἄνευ τοῦ Καπιτωλίου παρεστήσαντο. Ambr.

EXCERPTS FROM BOOK XIV

ἡ δὲ Κελτικὴ κεῖται μὲν ἐν τῷ πρὸς τὴν ἐσπέραν καθήκοντι τῆς Εὐρώπης μέρει μεταξὺ τοῦ τε βορείου πόλου καὶ τῆς ἰσημερινῆς δύσεως: τετράγωνος δὲ οὖσα τῷ σχήματι τοῖς μὲν Ἀλπείοις ὄρεσι μεγίστοις οὖσι τῶν Εὐρωπείων συνάπτει κατὰ τὰς ἀνατολάς, τοῖς δὲ Πυρρηναίοις κατὰ μεσημβρίαν τε καὶ νότον ἄνεμον, τῇ δὲ ἔξω στηλῶν Ἡρακλείων θαλάττῃ κατὰ τὰς δύσεις, τῷ δὲ Σκυθικῷ τε καὶ Θρακίῳ γένει κατὰ βορέαν ἄνεμον καὶ ποταμὸν Ἰστρον, ὃς ἀπὸ τῶν Ἀλπείων καταβαίνων ὀρῶν μέγιστος τῶν τῇδε ποταμῶν καὶ πᾶσαν τὴν ὑπὸ τοῖς ἄρκτοις ἡπειρον διελθὼν εἰς τὸ Ποντικὸν ἐξερεῦνγεται πέλαγος. Ἀθήνησι μὲν ἐν τοῦ γηγενοῦς Ἐρεχθέως τῷ σηκῷ ἱερὰ τις ὑπ' Ἀθηνᾶς φυτευθεῖσα ἐλαία κατὰ [p. 249] τὴν ἔριν τὴν γενομένην αὐτῇ πρὸς Ποσειδῶνα περὶ τῆς χώρας, ἅμα τοῖς ἄλλοις τοῖς ἐν τῷ ἱερῷ οὖσιν ἐμπρησθεῖσα ὑπὸ τῶν βαρβάρων, ὅτε τῆς ἀκροπόλεως ἐκράτησαν, δευτέρᾳ τῆς ἐμπρήσεως ἡμέρᾳ βλαστὸν ἐκ τοῦ στελέχους ἀνῆκεν ὅσον τε πηχυαῖον, δῆλον ἅπασι ποιῆσαι βουλομένων τῶν θεῶν, ὅτι ταχέως ἐαυτὴν ἡ πόλις ἀναλαβοῦσα βλαστοῦς ἀντὶ τῶν παλαιῶν ἐξοίσει νέους. [2] ἐν δὲ τῇ Ῥώμῃ καλιάς τις Ἄρεος ἱερὰ περὶ τὴν κορυφὴν ἰδρυμένη τοῦ Παλατίου συγκαταφλεγείσα ταῖς πέριξ οἰκίαις ἕως ἐδάφους, ἀνακαθαιρομένων τῶν οἰκοπέδων ἔνεκα τῆς ἐπισκευῆς, ἐν μέσῃ τῇ περικαύστῳ σποδῷ τὸ σύμβολον τοῦ συνοικισμοῦ τῆς πόλεως διέσωσεν ἀπαθές, ρόπαλον ἐκ θατέρου τῶν ἄκρων ἐπικάμπιον, οἷα φέρουσι βουκόλοι καὶ νομεῖς οἱ μὲν καλαύροπας, οἱ δὲ λαγωβόλα καλοῦντες, ὧν Ῥωμύλος ὀρνιθευόμενος

Μάλλιος ὁ ἀριστεύσας, ὅτε εἰς τὸ Καπιτώλιον Ῥωμαῖοι κατέφυγον, κινδυνεύον διὰ τυραννίδος ἐπίθεσιν ἀπολέσθαι, βλέψας εἰς τὸ Καπιτώλιον καὶ τὰς χεῖρας ἐκτείνας εἰς τὸν ἐν αὐτῷ νεῶν τοῦ Διὸς εἶπεν: οὐδ' ἐκεῖνος ὁ τόπος ἱκανὸς ἔσται με σῶσαι, ὃν ὑπὸ τῶν βαρβάρων κρατηθέντα διέσωσα ὑμῖν ἐγώ; ἀλλὰ καὶ τότε ὑπὲρ ὑμῶν ἀπέθνησκον καὶ νῦν ὑφ' ὑμῶν ἀποθανοῦμαι. τότε μὲν οὖν συμπαθήσαντες ἀφῆκαν αὐτόν, ὕστερον δὲ κατὰ κρηνοῦ ἔρριψεν. αμβρ.

ὅτι Κοίντου Σερουιλίου τὸ τρίτον ὑπατεύοντος καὶ Γαίου Μαρκίου Ρουτίλου ὑπατευόντων κίνδυνοι τὴν Ῥώμην χαλεποὶ καὶ ἀπροσδόκητοι κατέσχον, οὕς εἰ μὴ θεία τις πρόνοια διεσκέδασε, δεῦν κακῶν θάτερον ἂν αὐτῇ συνέπεσεν, ἢ δόξαν αἰσχίστην ἐνεγκεῖν ξενοκτονίας ἢ φόνων ἄψασθαι πολιτικῶν. ἀφ' ἧς δ' αἰτίας εἰς τούτους ἦλθε τοὺς κινδύνους, μικρὰ τῶν πρόσθεν ἀναλαβὼν δι' ὀλίγων πειράσομαι διελθεῖν. [2] ἐν τῷ παρελθόντι ἐνιαυτῷ τὸν Σαυνιτικὸν πόλεμον ὑπὲρ ἀπάσης Καμπανίας ἢ τῶν Ῥωμαίων πόλις ἀραμένη καὶ τρισὶ νικήσασα μάχαις τοὺς ἀντιπαχθέντας ἐβούλετο μὲν ἀπάσας ἀπάγειν τὰς δυνάμεις ὡς οὐθενὸς ἔτι κινδύνου ταῖς πόλεσι καταλειπομένου: δεομένων δὲ τῶν Καμπανῶν μὴ καταλιπεῖν αὐτοὺς συμμάχων ἐρήμους ὡς ἐπιησομένων σφίσι τῶν Σαυνιτῶν, εἰ μηδεμίαν ἔχοιεν ξενικὴν βοήθειαν, ἔγνω τὸν ἀπαλλάξαντα τοῦ πολέμου τὰς πόλεις ὑπατον Μάρκον Οὐαλέριον ὅσῃν ἂν αὐτοὶ βουλευθῶσι τρέφειν στρατιάν ἐν

ταῖς πόλεσι καταλιπεῖν. [3] γενόμενος δὲ τῆς ἐξουσίας ταύτης κύριος ὁ ὕπατος, ὅσοις ἦν βουλομένοις ὀψώνια καὶ μισθοὺς φέρεσθαι τῆς φυλακῆς, τούτους καθίστησιν ἐν ταῖς πόλεσιν: ἐν οἷς ἦν τὸ πλεῖον μέρος ἀνεστίων καὶ καταχρέων καὶ τὴν οἶκοι πενίαν καὶ ἀγνώσιαν ἀσμένως ἀποδιδρασκόντων. [4] τούτους οἱ Καμπανοὶ ταῖς οἰκίαις ἀναλαμβάνοντες τραπέζαις τε ὑπεδέχοντο [p. 262] λαμπραῖς καὶ ταῖς ἄλλαις ἐξένιζον φιλοφροσύναις. πολυτελὲς δὲ καὶ ἀβροδιαίτος ἱκανῶς τοῖς Καμπανίαν οἰκοῦσι καὶ νῦν ἐστὶ καὶ τότε ἦν ὁ βίος καὶ πάντα τὸν λοιπὸν ἔσται χρόνον, πολὺκαρπὸν τε πεδιάδα καὶ πολὺβοτον καὶ πρὸς ὑγίειαν ἀνθρώποις γεωργοῦσιν ἀρίστην οὔσαν. EXCERPTS FROM BOOK XVI

Ῥωμαίων εἰς τὸν κατὰ Σαυνιτῶν τελευταῖον πόλεμον ἐξιόντων κεραυνὸς εἰς τὸν ἐπιφανέστατον τόπον κατασκήψας πέντε μὲν στρατιώτας ἀπέκτεινε, δύο δὲ σημείας διέφθειρεν, ὅπλα δὲ πολλὰ τὰ μὲν κατέκαυσε, τὰ δ' ἐσπίλωσε. κεραυνοὶ δὲ κατηνέχθησαν τοῖς ἔργοις ἔτμον φέροντες τοῦνομα: κεραῖσμοι γὰρ τινές εἰσι καὶ μεταβολαὶ τῶν ὑποκειμένων εἰς τάναντία τρέποντες τὰς ἀνθρωπίνας τύχας. [2] αὐτὸ γὰρ πρῶτον ἠνάγκασται τὴν ἰδίαν ἀλλάξαι φύσιν τὸ κεραύνιον πῦρ, εἴτε δὴ αἶθριον εἴτε μετάρσιον ἐστὶ, κάτω φερόμενον: οὐ γὰρ δὴ αὐτῷ θέμις ἐπὶ γῆν βρίθειν κατὰ τὴν ἑαυτοῦ φύσιν, ἀλλ' ἀπὸ γῆς ἄνω μετεωροπολεῖν: ἐν αἰθέρι γὰρ αἱ πηγαὶ τοῦ θεοῦ πυρὸς. EXCERPTS FROM BOOKS XVII AND XVIII

ὅτι ὁ Σαυνιτικὸς αὖθις ἀνερριπίσθη πόλεμος ἀπὸ τοιαύτης αἰτίας ἀρξάμενος. μετὰ τὰς σπονδὰς, ἃς ἐποίησαντο πρὸς τὴν Ῥωμαίων πόλιν οἱ Σαυνῖται, χρόνον ὀλίγον ἐπισχόντες ἐπὶ Λευκανοὺς ἐστράτευσαν ὁμόρους ὄντας ἐκ παλαιᾶς τιнос ὀρμηθέντες ἔχθρας. [2] κατ' ἀρχὰς μὲν οὖν ταῖς ἑαυτῶν δυνάμεσι πιστεύοντες οἱ Λευκανοὶ τὸν τε πόλεμον διέφερον· ἐν ἀπάσαις δὲ μειονεκτοῦντες ταῖς μάχαις καὶ πολλὰ μὲν ἀπολωλεκότες ἤδη χωρία, κινδυνεύοντες δὲ καὶ περὶ τῆς ἄλλης γῆς ἀπάσης, ἐπὶ τὴν Ῥωμαίων βοήθειαν ἠναγκάσθησαν καταφυγεῖν, συνειδότες μὲν ἑαυτοῖς ἐψευσμένοις ἃς πρότερον ἐποίησαντο πρὸς αὐτοὺς ὁμολογίας, ἐν αἷς φιλίαν συνέθεντο καὶ συμμαχίαν, οὐκ ἀπογνόντες δὲ συμπεῖσειν αὐτοὺς, ἐὰν ἐξ ἀπάσης τῆς πόλεως τοὺς ἐπιφανεστάτους παῖδας ὁμήρους ἅμα τοῖς πρεσβευταῖς ἀποστείλωσιν· ὅπερ καὶ [p. 284] [3] συνέβη. ἀφικομένων γὰρ τῶν πρέσβων καὶ πολλὰ δεομένων ἢ τε βουλή δέχεσθαι τὰ ὁμηρα ἔγνω καὶ τὴν φιλίαν πρὸς τοὺς Λευκανοὺς συνάψαι, καὶ ὁ [4] δῆμος ἐπεκύρωσε τὰ ψηφισθέντα ὑπ' αὐτῆς. γενομένων δὲ τῶν συνθηκῶν πρὸς τοὺς ἀποσταλέντας ὑπὸ τῶν Λευκανῶν ἄνδρας οἱ πρεσβύτατοι Ῥωμαίων καὶ τιμώτατοι προχειρισθέντες ὑπὸ τῆς βουλῆς πρέσβεις ἀπεστάλησαν ἐπὶ τὴν κοινὴν τῶν Σαυνιτῶν σύνοδον, δηλώσοντες αὐτοῖς, ὅτι φίλοι καὶ σύμμαχοι Ῥωμαίων εἰσὶ Λευκανοί, καὶ τὴν τε χώραν ἦν ἔτυχον αὐτῶν ἀφηρημένοι παρακαλέσοντες ἀποδιδόναι, καὶ μηδὲν ἔτι πράττειν ἔργον πολεμίων, ὥς οὐ περιοφομένης τῆς Ῥωμαίων πόλεως τοὺς ἑαυτῆς ἱκέτας ἐξελαυνομένους ἐκ τῆς σφετέρας. Ursin.

οἱ δὲ Σαυνῖται τῶν πρέσβων ἀκούσαντες ἠγανάκτουν τε καὶ ἀπελογοῦντο πρῶτον μὲν οὐκ ἐπὶ τούτῳ πεποιῆσθαι λέγοντες τὰς περὶ τῆς εἰρήνης ὁμολογίας, ἐπὶ τῷ μηδὲνα μῆτε φίλον ἴδιον ἠγῆσασθαι μὴτ' ἐχθρόν, ἐὰν μὴ Ῥωμαῖοι κελεύωσιν· ἔπειθ' ὅτι Λευκανοὺς οὐ πρότερον ἐποίησαντο Ῥωμαῖοι φίλους, ἀλλ' ἔναγχος πολεμίους ἤδη σφῶν ὄντας, πρόφασιν οὕτε δικαίαν οὕτ' εὐσχήμονα κατασκευαζόμενοι [2] τοῦ καταλῦσαι τὰς σπονδὰς. ἀποκρινομένων δὲ τῶν Ῥωμαίων, ὅτι τοὺς ὑπηκόους ὁμολογήσαντας ἔπεσθαι [p. 285] καὶ ἐπὶ τούτῳ τῷ δικαίῳ καταλυσασμένους τὸν πόλεμον ἅπαντα πείθεσθαι δεῖ τοῖς παρειληφόσι τὴν ἀρχήν, καί, εἰ μὴ ποιήσουσι τὰ κελεύόμενα ἐκόντες, πολεμήσειν αὐτοῖς ἀπειλοῦντων, [3] ἀφόρητον ἠγησάμενοι τὴν αὐθάδειαν τῆς πόλεως οἱ Σαυνῖται τοὺς μὲν πρέσβεις ἐκέλευσαν ἀπαλλάττεσθαι παραχρῆμα, αὐτοὶ δὲ τὰ πρὸς τὸν πόλεμον ἐψηφίσαντο κοινῇ τε καὶ κατὰ πόλεις εὐτρεπίζεσθαι. Ursin.

ἡ μὲν δὴ φανερὰ τοῦ Σαυνιτικοῦ πολέμου πρόφασις καὶ πρὸς ἅπαντας εὐπρεπὴς λέγεσθαι ἢ Λευκανῶν ἐγένετο βοήθεια τῶν καταφυγόντων ἐπ' αὐτοὺς· ὥς κοινὸν δὴ τι τοῦτο καὶ πάτριον ἔθος τῇ Ῥωμαίων πόλει τοῖς ἀδικουμένοις καὶ καταφεύγουσιν ἐπ' αὐτὴν βοηθεῖν· ἡ δ' ἀφανὴς καὶ μᾶλλον αὐτοὺς ἀναγκάζουσα διαλύεσθαι τὴν φιλίαν ἢ τῶν Σαυνιτῶν ἰσχὺς πολλή τ' ἤδη γεγονυῖα καὶ ἔτι πλείων γενήσεσθαι νομιζομένη, εἰ Λευκανῶν

τε χειρωθέντων καὶ δι' αὐτοὺς τῶν προσοίκων ἀκολουθήσειν ἔμελλε τὰ τε βαρβαρικά ἔθνη τὰ προσεχῇ τοῦτοις. αἱ τε δὴ σπονδαὶ μετὰ τὴν ἄφιξιν τῶν πρεσβευτῶν εὐθὺς ἐλέλυντο, καὶ στρατιαὶ δύο κατεγράφοντο. Ursin. [p. 286]

ὅτι Κρότων πόλις ἐν Ἰταλίᾳ ἐστὶ καὶ Σύβαρις ἀπὸ τοῦ παραρρέοντος ποταμοῦ οὕτως κληθεῖσα. [2] ὅτε Λακεδαιμόνιοι Μεσσηνίην ἐπολέμουν καὶ χῆρος ἀνδρῶν ἢ πόλις ἦν, δεομέναις ταῖς γυναιξὶ καὶ μάλιστα ταῖς ἐν ἀκμῇ παρθένοις μὴ περιδεῖν τὰς μὲν ἀγάμους, τὰς δὲ ἀτέκνους γινομένας ἐπέμποντο τινες αἰὲν νέοι παραλλάξ ἀπὸ τοῦ στρατοπέδου τῆς μίξεως τῶν γυναικῶν ἕνεκα καὶ συνήεσαν, αἷς ἐπιτύχοιεν: ἐκ τούτων γίνονται τῶν ἀδιακρίτων ἐπιμιξιῶν παῖδες, οὓς ἀνδρωθέντας οἱ Λακεδαιμόνιοι προεπηλάκιζον τὰ τε ἄλλα καὶ Παρθενίας προσηγόρευον. [3] στάσεως δὲ γενομένης ἡττηθέντες οἱ παρθενία ἀναχωροῦσιν ἐκόντες ἐκ τῆς πόλεως καὶ πέμψαντες εἰς Δελφοὺς χρησμὸν ἔλαβον πλεῖν εἰς Ἰταλίαν, ἐξευρόντας δὲ χωρίον τῆς [p. 290] Ἰαπυγίας Σατύριον καὶ ποταμὸν Τάραντα, ἐνθ' ἂν ἴδωσι τράγον τῇ θαλάττῃ τέγγοντα τὸ γένειον, ἐκεῖ [4] τοὺς βίους ιδρύσασθαι. πλεύσαντες δὲ τὸν τε ποταμὸν ἐξεῦρον καὶ κατὰ τινος ἔρινεοῦ πλησίον τῆς θαλάττης πεφυκότος ἄμπελον ἐθεάσαντο κατακεχυμένην, ἐξ ἧς τῶν ἐπιτράγων τις καθειμένος ἥπτετο τῆς θαλάττης. τοῦτον ὑπολαβόντες εἶναι τὸν τράγον, ὃν προεῖπεν αὐτοῖς ὁ θεὸς ὄψεσθαι τέγγοντα τὸ γένειον τῇ θαλάττῃ, αὐτοῦ μένοντες ἐπολέμουν Ἰάπυγας, καὶ ιδρύονται τὴν ἐπώνυμον τοῦ ποταμοῦ Τάραντος πόλιν. ὅτι Ποστόμιος πρέσβυς ἐστάλη πρὸς Ταραντίνους· καὶ τινὰ αὐτοῦ διεξιόντος λόγον οὐχ ὅπως προσεῖχον αὐτῷ τὴν διάνοιαν ἢ λογισμοὺς ἐλάμβανον οἱ Ταραντῖνοι σωφρόνων ἀνθρώπων καὶ περὶ πόλεως κινδυνευούσης βουλευομένων, ἀλλ' εἴ τι μὴ κατὰ τὸν ἀκριβέστατον τῆς Ἑλληνικῆς διαλέκτου χαρακτήρα ὑπ' αὐτοῦ λέγοιτο παρατηροῦντες ἐγέλων, καὶ πρὸς τὰς ἀνατάσεις ἐτραχύνοντο καὶ βαρβάρους ἀπεκάλουν καὶ τελευτῶντες ἐξέβαλλον ἐκ τοῦ θεάτρου. [2] ἀπιόντων δ' αὐτῶν εἷς τῶν ἐφεσθηκότων ἐν τῇ παρόδῳ Ταραντίνων, Φιλωνίδης ὄνομα, σπερμολόγος ἄνθρωπος, ὃς ἀπὸ τῆς οἰνοφλυγίας, ἥ παρὰ πάντα τὸν βίον ἐκέχρητο, προσηγορεύετο Κοτύλη, μεστός ὢν ἔτι τῆς [p. 293] χθιζῆς μέθης, ὡς ἐγγὺς ἦσαν οἱ πρέσβεις, ἀνασυράμενος τὴν περιβολὴν καὶ σχηματίσας ἑαυτὸν ὡς αἰσχιστον ὀφθῆναι, τὴν οὐδὲ λέγεσθαι πρέπουσαν ἀκαθαρσίαν κατὰ τῆς ἱερᾶς ἐσθῆτος τοῦ πρεσβευτοῦ κατεσκέδασε. [3] γέλωτος δὲ καταρραγέντος ἐξ ὅλου τοῦ θεάτρου καὶ συγκροτούντων τὰς χεῖρας τῶν ἀγερωχοτάτων ἐμβλέψας εἰς τὸν Φιλωνίδην ὁ Ποστόμιος εἶπεν· δεξιόμεθα τὸν οἰωνόν, ὦ σπερμολόγε ἄνθρωπε, ὅτι καὶ τὰ μὴ αἰτούμενα διδοτε ἡμῖν. ἔπειτα εἰς τὸν ὄχλον ἐπιστραφεὶς καὶ τὴν ὑβρισμένην ἐσθῆτα δεικνύς, ὡς ἔμαθεν ἔτι πλείονα γινόμενον ἐξ ἀπάντων τὸν γέλωτα καὶ φωνὰς ἤκουσεν ἐνίων ἐπιχαιρόντων καὶ τὴν ὕβριν ἐπαινούντων· [4] γελᾶτε, ἔφησεν, ἕως ἔξεστιν ὑμῖν, ἄνδρες Ταραντῖνοι, γελᾶτε· πολὺν γὰρ τὸν μετὰ ταῦτα χρόνον κλαύσετε. ἐκπικρανθέντων δὲ τινων πρὸς τὴν ἀπειλήν· καὶ ἴνα γε μᾶλλον, ἔφησεν, ἀγανακτήσητε, καὶ τοῦθ' ὑμῖν λέγομεν, ὅτι πολλῷ τὴν ἐσθῆτα ταύτην αἵματι ἐκπλυνεῖτε. [3] τί γὰρ

καὶ παθῶν ἐγκαλοῖν ἂν αὐτῇ; πότερον, ὅτι μοι τῶν καλῶν καὶ περιμαχήτων, ἐφ' οἷς ἅπανα φύσις ἐσπούδακεν εὐγενής, οὐδενὸς ἐξεγένετο παρὰ τῆς πατρίδος μεταλαβεῖν διὰ πενίαν; ὃς ἄρχω τε τὰς μεγίστας [p. 305] ἀρχὰς καὶ πρεσβεῦω τὰς ἐπιφανεστάτας πρεσβείας καὶ σεβασμούς ἱερῶν πιστεύομαι τοὺς ἀγιωτάτους καὶ γνώμην ἀγορεύειν ἀξιούμενος περὶ τῶν ἀναγκαιοτάτων καλοῦμαι ἐν ᾧ προσήκει με τόπῳ, ἐπαινοῦμαι τε καὶ ζηλοῦμαι καὶ οὐδενὸς δευτέρος εἰμι τῶν μέγιστα δυναμένων καὶ παράδειγμα τοῖς ἄλλοις εἶναι δοκῶ καλοκαγαθίας, οὐδὲν ἐκ τῆς ἐμῆς οὐσίας εἰς ταῦτα δαπανῶν, [4] ὥσπερ οὐδὲ τῶν ἄλλων οὐδεὶς. οὐ γὰρ ἐνοχλεῖ τοῖς ἐκάστου βίοις ἢ πόλις ἢ Ῥωμαίων ὥσπερ τινὲς ἔτεραι, ἐν αἷς ὁ κοινὸς μὲν πλοῦτος ὀλίγος ἐστίν, ὁ δὲ τῶν ἰδιωτῶν πολὺς, ἀλλ' αὐτὴ παρέχει τοῖς πρὸς τὰ κοινὰ προσιοῦσιν ἅπαντα, ὅσων δέονται, λαμπρὰς καὶ μεγαλοπρεπεῖς ὑποτιθεῖσα χορηγίας: ὥστε μηδὲν ἀτιμότερον εἶναι τὸν πενέστατον τοῦ πλουσιωτάτου κατὰ τὴν ἐπαξίωσιν τῶν καλῶν, ἀλλὰ πάντας εἶναι Ῥωμαίους, ὅσοι ἂν ᾧσι διὰ καλοκαγαθίαν τούτων ἄξιοι τῶν τιμῶν, ἀλλήλοις ἴσους. [5] ὅποτε δὲ πενόμενος οὐδὲν παρὰ τοῦτ' ἔλαττον ἔχω τῶν πολλὰ κεκτημένων, τί παθῶν ἂν κατηγόρησα τῆς τύχης, ὅτι οὐχ ὑμῖν ὅμοιον ἐμὲ ἐποίησε τοῖς βασιλεῦσιν, οἷς ὁ πολὺς θησαυρίζεται χρυσός; ἀλλὰ μὴν ἐν γε τοῖς ἰδίοις τοσοῦτον ἀπέχω κακοδαιμονίας, ὥστ' ἐν ὀλίγοις πάνυ τῶν [p. 306] μακαρίων ἐμαυτὸν εἶναι δοκῶ παρὰ τοὺς πλουσίους ἐξετάζων, καὶ ἐπὶ τούτῳ μέγιστον φρονῶ, ἐπειδὴ τὰ μὲν ἀναγκαῖα τὸ λυπρὸν ἀπόχρη μοι γήδιον φιλεργοῦντι καὶ ταμειουμένῳ παρέχουν, [6] τὰ δ' ἔξω τῶν ἀναγκαίων οὐ βιάζεται ζητεῖν ἢ φύσις, ἀλλὰ καὶ τροφή πᾶσα ἡδεῖά μοι, ἣν ἂν ὁ λιμὸς σκευάσῃ, καὶ ποτὸν ἅπαν γλυκύ, ὅταν ἡ δίψα πορίσῃ, καὶ ὕπνος μαλθακός, ὅταν ἡγήσῃται κόπος, ἐσθῆς τε ἡ παρέχουσα μὴ ῥιγοῦν αὐταρκεστάτη, καὶ σκεῦος ὃ τι ἂν εὐτελέστατον τῶν δυναμένων τὰς αὐτὰς παρέχουν χρεῖας οἰκειότατον. [7] ὥστ' οὐδὲ κατὰ τοῦτο δίκαιος εἶην ἂν τῆς τύχης κατηγορεῖν, ἢ μοι τοσαύτην παρέσχεν οὐσίαν, ὅσῃν ἡ φύσις ἐβούλετο ἔχειν: τῶν δ' ὑπερβαλλόντων οὔτε πόθον ἐνέφυσεν οὔτ' εὐπορίαν ἔδωκεν. Ursin.

νῆ Δί', ἀλλ' οὐ περίεστί μοι τοῖς πλησίον ἐπαρκεῖν, οὐδ' ἐκ περιουσίας ἐπιστήμην ἔδωκέ μοι ὁ θεὸς ἔχειν οὐδὲ μαντικὴν, αἷς ὠφέλουν ἂν τοὺς δεομένους, οὐδ' ἄλλα πολλὰ: ἃ δ' ἐστὶν ἐν ἐμοί, τούτων μεταδιδούς καὶ πόλει καὶ φίλοις, καὶ ἀφ' ὧν δύναμαι ποιεῖν εὖ τινας, ταῦτα τὰ κοινὰ τοῖς δεομένοις παρέχων, οὐκ ἂν ἡγησαίμην αἵτιον ἐμαυτόν. ταῦτα δ' ἐστίν, ἃ σὺ κράτιστα νομίζεις εἶναι καὶ πολλῶν [p. 307] [2] χρημάτων αἰτεῖς πρίασθαι. εἰ δὲ δὴ καὶ τὰ μάλιστα διὰ τὰς εὐεργεσίας τῶν δεομένων τὸ πολλὰ κεκτηῖσθαι χρήματα μεγάλης ἦν σπουδῆς καὶ φιλοτιμίας ἄξιον, καὶ μακαριωτάτους ὑπῆρχεν εἶναι τοὺς πλουσιωτάτους, ὡς τοῖς βασιλεῦσιν ὑμῖν δοκεῖ, πότερος ἦν μοι τρόπος εὐπορίας κρείττων; ἀφ' ὧν σὺ μοι νῦν μεταδίδως αἰσχροῦς ἢ ἀφ' ὧν αὐτὸς ἐκτησάμην καλῶς πρότερον; [3] παρέσχε γὰρ μοι τὰ πολιτικὰ πράγματα χρηματισμῶν ἀφορμὰς δικαίας, πολλάκις μὲν καὶ πρότερον, μάλιστα δ', ἐπεὶ ἐπὶ Σαυνίτας καὶ Λευκανοὺς καὶ Βρεττίους στρατιὰν ἄγων ἐστάλην τετάρτῳ πρότερον ἐνιαυτῷ τὴν ὕπατον ἀρχὴν ἔχων, καὶ πολλὴν μὲν χώραν ἐλεηλάτησα, πολλὰς δὲ μάχαις τοὺς ἀντιταξαμένους ἐνίκησα,

πολλὰς δὲ καὶ εὐδαίμονας πόλεις κατὰ κράτος ἐλὼν ἐξεπόρθησα, ἐξ ὧν τὴν στρατιὰν ἅπασαν ἐπλούτισα, καὶ τὰς εἰσφορὰς τοῖς ἰδιώταις, ἃς εἰς τὸν πόλεμον προεισηνεγκαν, ἀπέδωκα, καὶ τετρακόσια τάλαντα μετὰ τὸν θρίαμβον εἰς τὸ ταμιεῖον εἰσήνεγκα. ἐπέμψαμέν σε, ὦ Φαβρίκιε, πρεσβευτὴν σὺν ἐτέροις δυσὶν ὑπατικοῖς ἀνδράσι πρὸς βασιλέα Πύρρον ὑπὲρ αἰχμαλώτων λύσεως διαλεξόμενον: ἦκεις ἀπὸ τῆς πρεσβείας τοὺς μὲν αἰχμαλώτους οὐκ ἄγων οὐδὲ ἄλλο τῇ πόλει φέρων ἀγαθὸν οὐθέν, αὐτὸς δὲ βασιλικὰς δωρεὰς εἰληφὼς μόνος τῶν συναποσταλέντων σοι πρέσβεων, καὶ ἦν ὁ δῆμος ἀπεψηφίσατο [p. 309] ποιήσασθαι εἰρήνην, ταύτην ποιήσας μόνος, ἐπ' οὐθενί [2] τῆς πόλεως ἀγαθῷ: πόθεν γάρ; ἀλλ' ἵνα προδῶς αὐτὴν τῷ βασιλεῖ, καὶ διὰ σοῦ μὲν ἐκεῖνος ἅπασαν Ἰταλίαν ὑφ' αὐτῷ ποιήσεται, δι' ἐκείνου δὲ σὺ τῆς πατρίδος ἀφέλῃ τὴν ἐλευθερίαν. τοῦτο γάρ ἐστιν, ὃ διώκουσιν ἅπαντες οἱ μὴ τὴν ἀληθινήν, ἀλλὰ τὴν προσποιητὸν ἐπιτηδεύσαντες ἀρετὴν, ὅταν εἰς ὄγκον καὶ μέγεθος πραγμάτων προέλθωσιν. EXCERPTS FROM BOOK XX

Πύρρου καὶ Ῥωμαίων ὑπάτων Ποπλίου Δεκίου καὶ Ποπλίου Σουλπικίου συνθέμενοι δὲ διὰ κηρύκων τὸν χρόνον, ἐν ᾧ διαγωνιοῦνται, κατέβαινον ἐκ τῶν στρατοπέδων καὶ εἰς τάξιν καθίσταντο τοιάνδε: βασιλεὺς μὲν Πύρρος τὴν Μακεδονικὴν φάλαγγα πρώτην ἔταξεν ἐπὶ τοῦ δεξιοῦ κέρατος καὶ μετ' αὐτὴν τοὺς ἐκ τοῦ Τάραντος μισθοφόρους Ἰταλιώτας. [2] ἔπειτα τοὺς ἐξ Ἀμπρακίας καὶ μετ' αὐτοὺς τὴν Ταραντίνων λευκάσπιν φάλαγγα, ἐξῆς δὲ τὸ Βρεττίων καὶ Λευκανῶν συμμαχικόν. ἐπὶ μέσης δὲ τῆς φάλαγγος Θεσπρωτοὺς τε καὶ Χάονας, τοῦτοις δὲ συνεχεῖς τοὺς Αἰτωλῶν καὶ Ἀκαρνάνων καὶ Ἀθαμάνων μισθοφόρους, τελευταίους δὲ Σαυνίτας τὸ [3] λαῖον ἐκπληροῦντας κέρας. τῆς δὲ ἵππου τὴν μὲν Σαυνίτιν καὶ Θετταλικὴν καὶ Βρεττίαν καὶ τὴν ἐκ τοῦ Τάραντος μισθοφόρον ἐπὶ τοῦ δεξιοῦ κέρατος ἔστησεν, τὴν δὲ Ἀμπρακιῶτιν καὶ Λευκανὴν καὶ Ταραντίνην καὶ τὴν Ἑλληνικὴν μισθοφόρον, ἣν ἐξεπλήρουν Ἀκαρνᾶνες [p. 314] τε καὶ Αἰτωλοὶ καὶ Μακεδόνες καὶ Ἀθαμᾶνες ἐπὶ τοῦ λαιοῦ. [4] τοὺς δὲ ψιλοὺς καὶ τοὺς ἐλέφαντας διχῇ νεύμας ἀμφοτέρων κατόπιν ἔστησε τῶν κεράτων, σύμμετρόν τι χωρίον ἀφεστῶτας ὀλίγον ἐπανεστηκὸς τοῦ πεδίου. αὐτὸς δὲ τὸ καλούμενον βασιλικὸν ἄγγμα τῶν ἐπιλέκτων ἱππέων ὁμοῦ τι δισχιλίων περὶ αὐτὸν ἔχων ἐκτὸς ἦν τάξεως, ὥστε εἶναι τοῖς κάμνουσιν αἰεὶ τῶν σφετέρων ἐξ ἐτοίμου παρεῖναι. οἱ δὲ ὕπατοι κατὰ μὲν τὸ λαῖον κέρας ἔστησαν τάγμα τὸ καλούμενον πρῶτον ἐναντίον τῇ Μακεδονικῇ καὶ Ἀμπρακιωτικῇ φάλαγγι καὶ τοῖς μισθοφόροις τῶν Ταραντίνων. ἐπόμενον δὲ τῷ πρώτῳ τάγματι τὸ τρίτον, καθ' ὃ μέρος ἡ λευκάσπιν ἦν τῶν Ταραντίνων φάλαγξ καὶ τὸ Βρεττίων καὶ τὸ Λευκανῶν συμμαχικόν. [5] συναφὲς δὲ τῷ τρίτῳ τὸ τέταρτον ἔστησαν κατὰ τοὺς Μολοπτοὺς τε καὶ Χάονας καὶ Θεσπρωτοὺς: τὸ δὲ δευτέρον ἐπὶ τοῦ δεξιοῦ κέρας ἐναντίον τοῖς μισθοφόροις τοῖς ἀπὸ τῆς Ἑλλάδος Αἰτωλοῖς καὶ Ἀκαρνᾶσι καὶ Ἀθαμᾶσι καὶ τῇ Σαυνιτῶν θυρεαφώρῳ φάλαγγι. Λατίνους δὲ καὶ Καμπανοὺς καὶ Σαβίνους καὶ Ὀμβρικοὺς καὶ Οὐλοῦσκους καὶ Μαρουγκίνους καὶ Πελίγνους καὶ Φρεντανοὺς καὶ τοὺς ἄλλους ὑπηκόους, εἰς τέτταρα διελόντες μέρη, τοῖς Ῥωμαικοῖς παρενέβαλον [p. 315] [6] τάγμασιν, ἵνα μηδὲν αὐτοῖς ἀσθενὲς εἴη μέρος. τὴν δὲ ἵππον τὴν τ' οἰκείαν καὶ τὴν συμμαχικὴν διελόντες ἐπ' ἀμφοτέρων ἔταξαν τῶν κεράτων. ἐκτὸς δὲ τάξεως τοὺς τε ψιλοὺς κατέστησαν καὶ τὰς ἀμάξας τριακοσίας τὸν ἀριθμόν, ἃς παρεσκευάσαντο πρὸς τὴν τῶν ἐλεφάντων μάχην. αὗται κεραίας εἶχον ἐπιβεβηκυίας στώμιξιν ὀρθαῖς πλαγίας, εὐτρόχους, ὅπη βουληθεῖη τις ἅμα νοήματι περιάγεσθαι δυναμένης, ἐπ' ἄκρων δὲ τῶν κεραίων ἢ τριόδοντες ἦσαν ἢ κέστροι μαχαιορειδεῖς ἢ δρέπανα ὀλοσιδήρα, ἢ καταρράκτας τινὰς ἐπρριπτοῦντας ἄνωθεν βαρεῖς κόρακας. [7] πολλαῖς δ' αὐτῶν χεῖρες προσήρτηντο πυρφόροι στυπία πολλῇ πίττῃ λελιπασμένα περὶ αὐτὰς ἔχουσαι, προεκκείμεναι τῶν ἀμαξῶν, αἷς ἔμελλον ἐσθηκότες ἐπ' αὐτῶν τινες, ὅτε πλησίον γένοιτο τῶν θηρίων, πλήσαντες πυρὸς ἐπὶ τὰς προβοσκίδας αὐτῶν καὶ τὰ πρόσωπα τὰς πληγὰς

φέρειν. ἐφειστήκεσαν δὲ ταῖς ἀμάξαις τετρακύκλοις ὑπαρχούσαις καὶ τῶν ψιλῶν συχνοὶ τοξόται καὶ χερμάται καὶ τριβόλων σιδηρῶν σφενδονῆται καὶ παρ' αὐτάς κάτωθεν ἔτι πλείους ἕτεροι. [8] τάξεις μὲν αὕτη τῶν στρατευσάντων ἦν ἀμφοτέρων, ἀριθμὸς δὲ τοῦ βασιλικοῦ μυριάδες ἑπτὰ πεζῶν, ἐν [p. 316] οἷς Ἕλληνες οἱ τὸν Ἴονιον κόλπον διαπεράσαντες ἐπὶ μυρίοις ἦσαν ἑξακισχίλιοι· τοῦ δὲ Ῥωμαικοῦ πλείους τῶν ἑπτὰ μυριάδων· ἑξ αὐτῆς μέντοι τῆς Ῥώμης ὁμοῦ τι δισμύριοι. ἵππεῖς δὲ παρεγένοντο Ῥωμαίοις μὲν ἀμφὶ τοὺς ὀκτακισχιλίους, Πύρρῳ δὲ μικρῷ πλείους καὶ θηρία ἐνὸς δέοντα εἴκοσι. ατη.

ἐπεὶ δὲ τὰ σημεῖα τῆς μάχης ἀνεδείχθη, παιανίσαντες οἱ στρατιῶται καὶ τῷ Ἐνυαλίῳ ἀλαλάξαντες ἐχώρουν ὁμόσε καὶ συμπεσόντες ἐμάχοντο πᾶσαν ἀποδεικνύμενοι τὴν ἐνόπλιον ἐπιστήμην. οἱ μὲν ἵππεῖς οἱ παρὰ ἀμφοτέρα τεταγμένοι τὰ κέρατα προειδότες, ἐν οἷς ἐπλεονέκτουν αὐτοὶ τῶν πολεμίων, εἰς ταῦτα κατέφευγον, Ῥωμαῖοι μὲν εἰς τὴν ἐκ χειρὸς καὶ σταδιαίαν μάχην, τὸ δὲ τῶν Ἑλλήνων ἵππικὸν εἰς τὰς περιελάσεις καὶ τοὺς ἐξελιγμούς· [2] καὶ οἱ μὲν ὅποτε διώκοιντο ὑπὸ τῶν Ἑλλήνων, ἐπιστρέψαντες τοὺς ἵππους καὶ τοὺς χαλινοὺς κατασχόντες ἐπεζομάχουν, οἱ δὲ ὅποτε τοὺς Ῥωμαίους μάθοιεν εἰς ἀντίπαλα καθισταμένους, ἐπὶ δόρῳ κλίναντες καὶ δι' ἀλλήλων ἐξελιξαντες περιεδίνουν τοὺς ἵππους αὐθις ἐπὶ τὸ μέτωπον καὶ [3] τὰ κέντρα προσβαλόντες ἐχώρουν ὁμόσε. ἡ μὲν οὖν δὴ τῶν ἵππέων μάχη τοιαύτη τις ἦν, ἡ δὲ τῶν πεζῶν τῇ μὲν ἐμφερῇς ἐκείνῃ, τῇ δὲ διάφορος. ἐμφερῇς μὲν κατὰ τὸ σὺμπαν, διάφορος δὲ κατὰ τὰ μέρη. τὸ μὲν γὰρ δεξιὸν κέρας ἐπιρρεπέστερον ὑπῆρχεν ἑκατέροις, [p. 317] τὸ δ' ἀριστερὸν ὑποδεέστερον. οὐ μέντοι σὺν τῷ ἀσχήμονι τὰ νῦτα τοῖς πολεμίοις ἐνέκλιναν οὐδέτεροι, ἀλλὰ σὺν κόσμῳ καὶ παρὰ ταῖς σημείαις μένοντες ἑκάτεροι καὶ τὴν προβολὴν φυλάττοντες κατὰ μικρὸν ὑπεχώρουν ὀπίσω. [4] οἱ δὲ ἀριστεύσαντες ἦσαν ἐκ μὲν τῆς βασιλικῆς στρατιᾶς Μακεδόνες — οὗτοι γὰρ ἀνέστειλαν τὸ πρῶτον τῶν Ῥωμαίων στρατόπεδον καὶ τοὺς σὺν αὐτοῖς ταχθέντας Λατίνους — ἐκ δὲ τῆς Ῥωμαικῆς οἱ συνελθόντες εἰς τὸ δεῦτερον τάγμα Μολοττοῖς καὶ Θεσπρωτοῖς καὶ Χάοσιν ἐναντίοι. κελεύσαντος δὲ τοῦ βασιλέως τοὺς ἐλέφαντας ἐπὶ τὸ κάμνον τῆς στρατιᾶς ἄγειν, μαθόντες τὴν ἔφοδον τῶν θηρίων οἱ ταῖς κεραιοφόροις ἐπιβεηκότες ἀμάξαις ἤλαυνον ὁμόσε. [5] οὗτοι τὸ μὲν πρῶτον ἐπέσχον τῆς ὀρμῆς τὰ θηρία, παίοντες ταῖς μηχαναῖς καὶ τὰς πυρφόρους χεῖρας ἐς τὰς ὄψεις αὐτῶν ἐντρέποντες. ἔπειτα οὐκέτι προσαγόντων τὰ θηρία τῶν ἐφεισθηκότων τοῖς πύργοις, ἀλλὰ ταῖς λόγχαις βαλλόντων ἄνωθεν καὶ τῶν ψιλῶν διακοπτόντων τὰ περικείμενα γέρρα ταῖς ἀμάξαις καὶ νευροτομούντων τοὺς βόας καὶ καταπηδῶντες ἀπὸ τῶν ὀχημάτων οἱ πρὸς ταῖς μηχαναῖς κατέφευγον εἰς τοὺς ἔγγιστα πεζοὺς καὶ πολλὴν παρεῖχον αὐτοῖς ταραχὴν. [6] οἱ δὲ ἐν μέσῃ τῇ βασιλικῇ φάλαγγι ταχθέντες Λευκανοὶ καὶ Βρέττιοι χρόνον οὐ πολὺν ἀγωνισάμενοι τρέπονται πρὸς φυγὴν ὑπὸ τοῦ τετάρτου Ῥωμαικοῦ τάγματος ἀνασταλέντες. ὥς δὲ ἅπαξ ἐνέκλιναν οὗτοι, καὶ διερράγη [p. 318] τὸ κατ' αὐτοὺς μέρος τῆς φάλαγγος, οὐδὲ οἱ τὴν πλησίον αὐτῶν λαβόντες στάσιν Ταραντῖνοι παρέμενον, ἀλλὰ ἐντρέψαντες κάκεῖνοι τὰ νῦτα τοῖς πολεμίοις ἔφευγον.

ατη.

βασιλεὺς δὲ Πύρρος ὡς ἔμαθεν, ὅτι Λευκανοὶ καὶ Βρέττιοι καὶ Ταραντῖνοι φεύγουσι προτροπάδην, καὶ λελώβηται τὸ κατ' ἐκείνους μέρος ἢ φάλαγξ, ἐκ τῆς καθ' ἑαυτὸν Ἰλῆς μέρος τι παραδοὺς ἑτέροις ἡγεμόσι, καὶ ἀπὸ τοῦ δεξιοῦ κέρατος ἑτέρους ἱππεῖς, ὅσους ὑπέλαβεν ἀρκεῖν, ἀποστέλλει βοηθοὺς τοῖς ὑπὸ τῶν Ῥωμαίων διωκομένοις. ἐν οἷς δὲ ταῦτα ἐγένετο χρόνοις, παρὰ τοῦ δαιμονίου βοήθεια τοῖς Ῥωμαίοις ἔκδηλος γίνεται. ἐν τῇ νυκτί, ἐν ᾗ τὴν στρατιάν ἀπάξειν ὁ Πύρρος ἔμελλεν ἐπὶ τὸ ὄρος τῷ Ῥωμαίων ἐπιθησόμενος χάρακι λάθρα, ἔδοξε κατὰ τοὺς ὕπνους [p. 332] ἐκπεσεῖν αὐτοῦ τοὺς πλείους ὀδόντας καὶ πλῆθος αἵματος ἐκ τοῦ στόματος φέρεσθαι. [2] ταραχθεὶς δὲ διὰ τὴν ὄψιν καὶ μεγάλην ἔσεσθαι συμφορὰν μαντευόμενος — ἦδη γὰρ αὐτῷ καὶ πρότερον τοιαύτην ὄψιν ἐνυπνίου θεασαμένῳ δεινὴ τις συνέβη δυσποτμία — ἐβούλετο μὲν ἐπισχεῖν τὴν ἡμέραν ἐκείνην, οὐκ ἴσχυσε δὲ νικῆσαι τὴν πεπρωμένην ἐναντιουμένων τῶν φίλων πρὸς τὴν ἀναβολὴν καὶ μὴ μεθεῖναι τὸν καιρὸν ἐκ τῶν χειρῶν ἀξιούντων. Vales. Ambr. [3] ἀναβάντων δὲ τῶν σὺν τῷ Πύρρῳ μετὰ τῶν ἐλεφάντων αἰσθησιν οἱ Ῥωμαῖοι λαβόντες σκυμνίον ἐλέφαντος τιτρώσκουσιν, ὃ πολλὴν ἀκοσμίαν τοῖς Ἑλλήσιν ἐνεποίησε καὶ φυγὴν· οἱ δὲ Ῥωμαῖοι δύο μὲν ἐλεφάντας ἀποκτείνουσιν, ὀκτὼ δὲ κατακλείσαντες εἰς χωρίον ἀνέξοδον παραδόντων τῶν ἐπ' αὐτοῖς Ἰνδῶν ζῶντας παραλαμβάνουσι, τῶν δὲ στρατιωτῶν πολλὸν φόνον ἐργάζονται. Ambr.

ὁ ὕπατος Φαβρίκιος τιμητῆς γενόμενος ἄνδρα δυσὶ μὲν ὑπατείαις, μιᾷ δὲ δικτατωρείᾳ κεκοσμημένον, Πόπλιον Κορνήλιον Ρουφῖνον, ἐξέβαλεν ἐκ τοῦ συνεδρίου τῆς βουλῆς, ὅτι πρῶτος ἐν ἀργυρῶν ἐκπωμάτων κατασκευῇ πολυτελεῖς ἔδοξε γενέσθαι, δέκα λίτρας ἐκπωμάτων κτησάμενος· αὗται δ' εἰσὶν. ὀλίγῳ πλείους ὀκτὼ μνῶν Ἀττικῶν. Ambr. [2] Ἀθηναῖοι μὲν δόξης ἔτυχον, ὅτι τοὺς ῥαθύμους καὶ ἀργοὺς καὶ μηδὲν ἐπιτηδεύοντας τῶν χρησίμων ὡς ἀδικοῦντας τὸ κοινὸν ἐζημίουν, Λακεδαιμόνιοι δὲ, ὅτι τοῖς πρεσβυτάτοις ἐπέτρεπον τοὺς ἀκοσμοῦντας [p. 333] τῶν πολιτῶν ἐν ὁτῳδήτινι τῶν δημοσίων τόπῳ ταῖς βακτηρίαις παίειν· τῶν δὲ κατ' οἰκίαν γενομένων οὔτε πρόνοιαν οὔτε φυλακὴν ἐποιοῦντο, τὴν αὖλειον θύραν

ἐκάστου ὅρον εἶναι τῆς ἐλευθερίας τοῦ βίου νομίζοντες. [3] Ῥωμαῖοι δὲ πᾶσαν ἀναπετάσαντες οἰκίαν καὶ μέχρι τοῦ δωματίου τὴν ἀρχὴν τῶν τιμητῶν προαγαγόντες ἀπάντων ἐποίησαν ἐπίσκοπον καὶ φύλακα τῶν ἐν αὐταῖς γινομένων, οὔτε δεσπότην οἰόμενοι δεῖν ὦμόν εἶναι περὶ τὰς τιμωρίας οἰκετῶν οὔτε πατέρα πικρὸν ἢ μαλθακὸν πέρα τοῦ μετρίου περὶ τέκνων ἀγωγὰς οὔτε ἄνδρα περὶ κοινωνίαν γαμετῆς γυναικὸς ἄδικον οὔτε παῖδας γηραιῶν ἀπειθεῖς πατέρων οὔτε ἀδελφοὺς γνησίους τὸ πλεῖον ἀντὶ τοῦ ἴσου διώκοντας, οὐ συμπόσια καὶ μέθας παννυχίους, οὐκ ἀσελγείας καὶ φθορὰς ἡλικιωτῶν νέων, οὐχ ἱερῶν ἢ ταφῶν προγονικὰς τιμὰς ἐκλιπούσας, οὐκ ἄλλο τῶν παρὰ τὸ καθῆκον ἢ συμφέρον τῇ πόλει πραττομένων οὐδέν. ἐληγίζοντο τὰς κτήσεις τῶν πολιτῶν κατὰ τὴν τοῦ βασιλιζεῖν αἰτίαν. Ambr.

Νεμέριος Φάβιος Πίκτωρ καὶ Κόιντος Φάβιος Μάξιμος καὶ Κόιντος Ὀγούλνιος πρὸς τὸν Φιλάδελφον Πτολεμαῖον πρεσβεύσαντες περὶ πρεσβείας [p. 334] καὶ δωρεαῖς ἰδίαις τιμηθέντες ὑπ' αὐτοῦ: ἦρχε δὲ τῆς Αἰγύπτου δευτέρος μετὰ τὸν Μακεδόνα Ἀλέξανδρον: [2] ἐπειδὴ κατέπλευσαν εἰς τὴν πόλιν, τὰ τε ἄλλα ἀπήγγειλαν, ὅσα διεπράξαντο κατὰ τὴν ἀποδημίαν, καὶ τὰς δωρεάς, αἷς παρὰ τοῦ βασιλέως ἔλαβον, εἰς τὸ δημόσιον ἀνήνεγκαν: οὐς ἢ βουλὴ πάντων ἀγασθεῖσα τῶν ἔργων οὐκ εἴασε δημοσιῶσαι τὰς βασιλικὰς χάριτας, ἀλλ' εἰς τοὺς ἑαυτῶν οἴκους ἀπενέγκασθαι τιμὰς ἀρετῆς καὶ κόσμους ἐκγόνοις. Ambr.

οἱ Βρέττιοι ἐκόντες ὑποταγέντες Ῥωμαίοις τὴν ἡμίσειαν τῆς ὀρεινῆς παρέδωκαν αὐτοῖς, ἣ καλεῖται μὲν Σίλα, μεστή δ' ἐστὶν ὕλης εἰς οἰκοδομὰς τε καὶ ναυπηγίας καὶ πᾶσαν ἄλλην κατασκευὴν εὐθέτου: πολλὴ μὲν γὰρ ἐλάττη πέφυκεν οὐρανομήκης ἐν αὐτῇ, πολλὴ δὲ αἰγειρος, πολλὴ δὲ πείριρα πεύκη ὀξύη τε καὶ πίτυς καὶ φηγὸς ἀμφιλαφῆς καὶ μελίαι ταῖς διαρρεοῦσαις λιβάσι παινόμεναι, καὶ πᾶσα ἄλλη βαθεῖα συνυφαινομένη τοῖς κλάδοις ὕλη σκιερὸν ἀποτελοῦσα δι' ὅλης ἡμέρας τὸ ὅρος. [2] ἐξ ἧς ἢ μὲν ἔγγιστα θαλάττης καὶ ποταμῶν φυομένη τιμηθεῖσα τὴν ἀπὸ ρίζης τομὴν ὀλόκληρος ἐπὶ τοὺς λιμένας τοὺς ἔγγιστα κατάγεται, πάσῃ διαρκῆς Ἰταλίᾳ πρὸς τε τὰ ναυτικὰ καὶ πρὸς τὰς τῶν οἰκιῶν κατασκευάς: ἣ δὲ ἄνω θαλάττης καὶ ποταμῶν πρόσω κορμασθεῖσα κατὰ μέρη κώπας τε παρέχει καὶ κοντοὺς καὶ ὅπλα παντοῖα καὶ σκευὴ τὰ κατοικίδια, φοράδην [p. 335] ὑπ' ἀνθρώπων κομιζομένη: ἣ δὲ πλείστη καὶ πιστάτη πιττουργεῖται καὶ παρέχει πασῶν ὧν ἴσμεν ἡμεῖς εὐωδεστάτην τε καὶ γλυκυτάτην τὴν καλουμένην Βρεττίαν πίτταν: ἀφ' ἧς μεγάλας ὁ τῶν Ῥωμαίων δῆμος καθ' ἕκαστον ἐνιαυτὸν ἐκ τῶν μισθώσεων λαμβάνει προσόδους. Ambr.

ἐγένετο δευτέρα ἐπανάστασις ἐν τῇ πόλει τῶν Ῥηγίνων ὑπὸ τῆς καταλειφθείσης αὐτόθι Ῥωμαικῆς καὶ συμμαχικῆς φρουρᾶς, καὶ δι' αὐτὴν σφαγαὶ τε πολλῶν ἀνθρώπων καὶ φυγαί. τοὺτους τιμωρησόμενος τοὺς ἀποστάντας ἄτερος τῶν ὑπάτων Γάιος Γενύκιος ἐξήγαγε τὴν στρατιάν: γενόμενος δὲ τῆς πόλεως ἐγκρατῆς Ῥηγίνων μὲν τοῖς φυγάσι ἀπέδωκε τὰ ἑαυτῶν ἔχειν, τοὺς δὲ ἐπιθεμένους τῇ πόλει συλλαβὼν δεσμίους εἰς Ῥώμην ἀπήγαγεν: ἐφ' οἷς οὕτως ὠργίσθη καὶ ἠγανάκτησεν ἥ τε βουλὴ καὶ ὁ δῆμος, ὥστε μηδεμίαν γνώμην ἐπεικῇ γενέσθαι περὶ αὐτῶν, ἀλλὰ πάσαις ταῖς

φυλαῖς ἀπάντων τῶν ἐν ταῖς αἰτίαις τὸν ἐπὶ τοῖς κακουργοῖς τεταγμένον ὑπὸ τῶν νόμων καταψηφισθῆναι θάνατον. [2] κυρωθέντος δὲ τοῦ περὶ τῆς τιμωρίας δόγματος πάτταλοι τε κατεπάγησαν ἐν τῇ ἀγορᾷ, καὶ παραγόμενοι κατὰ τριακοσίους ἄνδρας, περιηγμένοι τοὺς ἀγκῶνας ὀπίσω προσεδούντο τοῖς παττάλοις γυμνοί: ἔπειτα μάστιξιν αἰκισθέντες ἀπάντων ὁρώντων ἀπεκόπτοντο τῷ πελέκει τοὺς ὑπὸ [p. 336] ταῖς κεφαλαῖς νωτιαίους τένοντας: καὶ μετὰ τοὺς ἕτεροι τριακόσιοι, καὶ αὖθις ἄλλοι τοσοῦτοι διεφθάρησαν, οἱ σύμπαντες τετρακισχίλιοι καὶ πεντακόσιοι. καὶ οὐδὲ ταφῆς ἔτυχον, ἀλλ' ἐλκυσθέντες ἐκ τῆς ἀγορᾶς εἰς ἀναπεπταμένον τι πρὸ τῆς πόλεως χωρίον ὑπὸ οἰωνῶν καὶ κυνῶν διεφορήθησαν. Ambr.

τὸ ἄπορον πλῆθος, ὧ καλῶν καὶ δικαίων φροντὶς ἦν οὐδεμία, παρακρουσθὲν ὑπὸ Σαυνίτου τινὸς εἰς τὸ αὐτὸ συνέρχεται. καὶ τὸ μὲν πρῶτον ἐπὶ τοῖς ὄρεσιν ἄγραυλον καὶ κακόπαθον τὸν βίον εἶχεν, ἐπεὶ δὲ πλεῖον ἤδη καὶ ἀξιόμαχον ἐδόκει γεγονέναι, πόλιν ἐχυρὰν καταλαμβάνεται, ὅθεν ὁρμώμενον ἐληίζετο πᾶσαν τὴν κύκλῳ χώραν. [2] ἐπὶ τοὺς ἐξήγαγον στρατιὰν οἱ ὕπατοι καὶ οὐ πολλῇ σὺν πραγματείᾳ τὴν πόλιν αἰρησάμενοι τοὺς μὲν αἰτίους τῆς ἀποστάσεως αἰκισάμενοι ῥάβδοις ἀπέκτειναν, τοὺς δὲ λοιποὺς ἐλαφυροπώλησαν. ἔτυχε τῷ πρότερον ἐνιαυτῷ πεπραμένη μετὰ τῶν ἄλλων δορίκτῆτων ἡ γῆ, καὶ τὸ πεσὸν ἀπὸ τῆς τιμῆς ἀργύριον διηρημένον τοῖς πολίταις. αμβρ.

Τέχνη περὶ τῶν πανηγυρικῶν

[1] Πανηγύρεις εὐρημα μὲν καὶ δῶρον θεῶν εἰς ἀνάπαυσιν τῶν περὶ τὸν βίον αἰεὶ πόνων παραδιδόμεναι, ὥς που ὁ Πλάτων φησίν, οἰκτειράντων τῶν θεῶν τὸ ἀνθρώπειον ἐπίπονον γένος· συνήχθησαν δὲ ὑπὸ ἀνθρώπων σοφῶν, κατεστάθησαν δὲ ὑπὸ πόλεων κοινῇ κοινῷ δόγματι εἰς τέρψιν καὶ ψυχαγωγίαν τῶν παρόντων. συντέλεια δὲ ἢ εἰς τὰς πανηγύρεις ἄλλη ἄλλων· παρὰ μὲν τῶν πλουσίων δαπάναι χρημάτων, παρὰ δὲ τῶν ἀρχόντων κόσμος περὶ τὴν πανήγυριν καὶ τῶν ἐπιτηδείων εὐπορία· οἱ δὲ ἀθληταὶ τῇ ῥώμῃ τῶν σωμάτων κοσμοῦσι τὴν πανήγυριν, καὶ ὅσοι γε δὴ Μουσῶν καὶ Ἀπόλλωνος ὁπαδοί, τῇ μουσικῇ τῇ παρ' ἑαυτῶν. ἀνδρὶ δὲ περὶ λόγους ἐσπουδακότη καὶ σύμπαντα τὸν ἑαυτοῦ βίον ἀνατεθεικότη τοῦτοις πρέποι ἂν οἶμαι τοῖς τοιοῦτοις λόγοις κοσμεῖν τὴν πανήγυριν, τέχνη μετιόντι τὸν λόγον, ὥς μὴ κατὰ τοὺς πολλοὺς εἴη αὐτῷ γινόμενος. φέρε οὖν εἰς τοῦτο, ὦ Ἐχέκρατες, λέγωμέν σοι, ὥσπερ ὁδοῦ τινος ἀστιβοῦς τοῖς πολλοῖς ἡγεμόνες γιγνόμενοι, ἃ πάλαι παρὰ τῶν πατέρων τῆς ἡμεδαπῆς σοφίας παραλαβόντες ἔχομεν, ἐκεῖνοι δὲ καὶ οἱ ἔτι τούτων ἀνωτέρω παρ' Ἑρμοῦ τε καὶ Μουσῶν λαβεῖν ἔφασαν οὐ μείον' ἢ ὁ Ἀσκραῖος ποιμὴν [ποίησιν] [2] παρὰ τῶν αὐτῶν τούτων ἐν τῷ Ἑλικῶνι. ἴθι οὖν σὺν τέχνῃ οὕτως ἐπιώμεν τοὺς λόγους.

Θεὸς μὲν γέ που πάντως πάσης ἡστινοσοῦν πανηγύρεως ἡγεμῶν καὶ ἐπώνυμος, οἷον Ὀλυμπίων μὲν Ὀλύμπιος Ζεὺς, τοῦ δὲ ἐν Πυθοὶ Ἀπόλλων. ἀρχὴ μὲν δὴ τοῦ λόγου τοῦδε τοῦ θεοῦ, ὅστις ποτ' ἂν ἦ, ἔπαινος ἡμῖν γιγνέσθω, ὥσπερ πρόσωπόν τι τηλαυγὲς προκείμενος τοῦ λόγου. ἐπαινέσεις δὲ ἀπὸ τῶν προσόντων τῷ θεῷ· εἰ μὲν Ζεὺς, ὅτι βασιλεὺς θεῶν, ὅτι τῶν ὅλων δημιουργός· εἰ δὲ Ἀπόλλων, ὅτι μουσικῆς εὐρετής, ὅτι ὁ αὐτὸς Ἥλιος, Ἥλιος δὲ πάντων πᾶσιν ἀγαθῶν αἴτιος· εἰ δὲ Ἡρακλῆς, ὅτι Διός, καὶ ἃ παρέσχεν τῷ βίῳ. καὶ σχεδὸν ὁ τόπος συμπληρωθήσεται ἐξ ὧν ἕκαστος ἢ εὗρεν ἢ παρέσχεν τοῖς ἀνθρώποις. ἐν βραχεὶ δὲ ταῦτα, ὥς μὴ τοῦ ἐπιόντος ὁ λόγος ὁ προάγων μεῖζων γίγνοιτο.

[3] Ἐφεξῆς ἐπέναι χρή τὸν ἔπαινον τῆς πόλεως, ἐν ἣ ἡ πανήγυρις· περὶ θέσεως αὐτῆς, περὶ γενέσεως· ἐν ᾧ τίς ὁ κτίστης θεὸς ἢ ἥρως, καὶ εἴ τι ἔχεις περὶ αὐτοῦ εἰπεῖν· εἴ τι πέπρακται τῇ πόλει ἢ ἐν πολέμοις ἢ ἐπ' εἰρήνης. ἀρμόσει δὲ καὶ περὶ μεγέθους λέγειν, εἰ μεγάλη, ἢ «εἰ» σμικρά, ὅτι κάλλει διαφέρουσα, ὅτι εἰ καὶ σμικρά, ἀλλὰ δυνάμει ἰσοῦται ταῖς μεγάλαις. ὅσα περὶ κόσμου, οἷον ἱερῶν ἢ τῶν ἐν τοῦτοις ἀναθημάτων, δημοσίων οἰκοδομημάτων, ιδιωτικῶν, ὥς που καὶ Ἡρόδοτος πεντῶροφα καὶ ἐξώροφα φησὶν εἶναι ἐν Βαβυλῶνι· ἂν ποταμὸς ἦ μέγας ἢ καθαρὸς ἢ συμβαλλόμενος τοῖς ἐνοικοῦσι τὴν χώραν· εἰ δὲ δὴ καὶ μῦθος εἴη λεγόμενός τις περὶ τῆς πόλεως, οὕτω μὲν ἂν καὶ πολλὴν γλυκύτητα ἔχοι ὁ λόγος.

[4] Λεκτέον δὲ ἐπὶ τοῦτοις καὶ περὶ αὐτοῦ τοῦ ἀγῶνος, τίς ἀρχὴ καὶ κατάστασις αὐτοῦ ἢ ἐφ' οἷσιν ἐτέθη, εἴτε μῦθός τις εἴη εἴτε ἄλλό τι ἀρχαῖον. ἐν τούτῳ δὲ γενόμενος μὴ ἀπλῶς παρέλθῃς τὸν τόπον, ἀλλὰ

παραβαλὲν χρή πρὸς τοὺς ἄλλους ἀγῶνας. τοῦτο δ' εὐπορήσεις τῷ λόγῳ, οἷον ἀπὸ καιροῦ παραβάλλων· εἰ μὲν πρὸς ἔαρ ἄγοιτο, ὅτι ἐν τῷ συμμετροτάτῳ πρὸς ἑκάτερα· εἰ δὲ ἐν χειμῶνι, ὅτι ἐν τῷ ἐρρωμενεστάτῳ καὶ ἀνδρειοτάτῳ, ὡς ἂν εἴποι τις, καιρῷ· εἰ δ' ἐν θέρει, ὅτι πρὸς ἄσκησιν καὶ <ῆ> θεωρία τῶν θεωμένων κατεστάθη, καὶ ὅτι ἔλεγχος τῆς προαιρέσεως, [ὡς] καὶ μὴ ὄντων ἀθλητῶν τοὺς θεωμένους ἀγωνίζεσθαι. ἔχοις δ' ἂν καὶ τὸ φθινόπωρον ἐπαινεῖν καὶ [ὅτι] ἀπὸ συγκομιδῆς τῶν καρπῶν καὶ ἀπὸ τοῦ ἤδη παύεσθαι τοὺς ἀνθρώπους τῶν πόνων.

[5] Σκοπεῖσθαι δὲ καὶ τὸν τρόπον τῆς διαθέσεως τοῦ ἀγῶνος δεῖ. εἰ μὲν μουσικὸς καὶ γυμνικὸς εἴη, ὅτι τελεώτατος ὁ ἀγὼν καὶ ἀνενδεῶς κεκραμένος καὶ ῥώμῃ σωμάτων καὶ καλλιφωνία καὶ τοῖς λοιποῖς μέρεσι τῆς μουσικῆς· εἰ δὲ γυμνικός, ὅτι τὴν μουσικὴν ὡς ἐκθηλύνουσιν τὴν ψυχὴν παρητήσατο, τὴν δὲ ῥώμην τῶν σωμάτων παρέλαβεν, καὶ ὅτι ὁ τρόπος τῆς ἀγωνίας χρήσιμος πρὸς τὴν ἀνδρείαν τὴν ἐν τοῖς πολέμοις.

[6] Μὴ παρέργως δὲ μηδὲ αὐτὸν τὸν στέφανον παρέλθης, ὅστις ἐπῆ (οὐδὲ γὰρ ἐν τούτῳ γενόμενος ἀπορήσεις ἐπαίνου)· τὴν μὲν δρῦν, ὅτι ἱερὰ Διός, καὶ ὅτι ἡ πρώτη καὶ πρεσβυτάτη τροφή τῶν ἀνθρώπων, καὶ ὅτι οὐκ ἄφρωνος, ἀλλὰ καὶ ἐφθέγγαστό ποτε ἐν Δωδώνῃ. εἰ δὲ ἐλαία, ὅτι ἱερὰ τῆς Ἀθηνᾶς, καὶ ὅτι ἄκος πόνων, καὶ ὅτι τὰ τρόπαια ἀπὸ τούτου τοῦ φυτοῦ ἀνέθεσαν οἱ παλαιοί, καὶ ὅτι τῆς νίκης τοῦτο σύμβολον τὸ φυτόν, καὶ ὅτι ἡ Ἀθηνᾶ τοῦτῳ πρώτη ἐστέψατο νικήσασα τὸν Ποσειδῶνα, καὶ ὅτι οἰκειότατον τοῖς ἀγωνιζομένοις (τὰ γὰρ γυμνάσια διὰ τοῦ ἐλαίου διαπνεύεται), καὶ ὅτι συναγωνίζεται πρὸς τὸν λόγον δι' οὗ πανηγύρεις κοσμοῦνται. καὶ τὴν δάφνην δὲ ἐρεῖς ὅτι καὶ ἱερὰ τοῦ Ἀπόλλωνος καὶ μαντικὸν τὸ φυτόν· εἰ δὲ βούλει καὶ τοῦ μύθου ἐφάπτεσθαι τοῦ περὶ τῆς Δάφνης, οὐδὲ τοῦτό σοι ἄπο τρόπου εἴη ἂν εἰρημένον. ὁμοίως δὲ καὶ ἕτερον εἰ ἐπέη, οἶονεῖ καρποὶ Δημητριακοὶ ἢ πίτυς, εὐπορήσεις που καὶ περὶ τούτων ἐκάστου. οὐκ ἔξω δὲ φιλοτιμίας οὐδὲ τὸ παραβαλὲν τὸν στέφανον πρὸς τοὺς παρ' ἄλλοις.

[7] Ὁ δὲ σοι τοῦ παντὸς λόγου οἶονεῖ κολοφῶν ἐπήχθω τοῦ βασιλέως ἔπαινος, καὶ ὅτι τῷ ὄντι ἀγνωσθέντος πάντων ἀγῶνων ὁ τὴν εἰρήνην πρυτανεύων, δι' ἣν καὶ τοὺς ἀγῶνας ἐπιτελεῖν οἶόν τε. ἤδη δέ τινες καὶ τοὺς διατιθέντας τοὺς ἀγῶνας ἐπήνεσαν, εἰ ἄρα ἔνδοξοί τινες οὗτοι, ὅτι καὶ ἐν ἄλλοις πρότερον γενόμενοι χρήσιμοι, καὶ ἐν τούτοις ὅτι φιλοτιμότατοι. εἰ δὲ μὴ ἄλλα ἔχεις πρεσβύτερα, ὅτι ἀρχὴ τῆς φιλοτιμίας τῆς περὶ τὴν πατρίδα μεγίστη καὶ Ἑλληνικωτάτη.

Ἡ δὲ λέξις ἄλλη μὲν κατὰ τὴν ἐκάστων φύσιν ἢ [8] βούλησιν. εἰ δὲ δὴ κρατεῖν χρή τὴν ἐμὴν γνώμην, οὐ μονότροπον ταύτην συμβουλευέσαιμ' ἂν εἶναι ἀλλὰ ποικίλην καὶ μεμιγμένην, καὶ τὰ μὲν <ἐν> τῇ ἀφελείᾳ προάγοντα, τὰ δὲ ἐν ἀντιθέτοις τε καὶ παρισώσεσιν Ἰσοκράτους, τὰ δὲ διηρμένως. ταύτην γὰρ τὴν ὁδὸν καὶ τὸν τοῦ ἡμεδαποῦ χοροῦ ἡγεμόνα τε καὶ κορυφαῖον οἶδα μετιόντα <πάντῃ> ὡς ἔπος εἰπεῖν ἢ ἐν τοῖς πλείστοις, εἰ μὴ τι πρὸς εἶδος γράφειν τι προὔθετο· ἐκάστης δὲ ιδέας ἔδωκεν ἡ ὕλη τὴν ἀφορμὴν. δεῖ δὲ τοῖς νοήμασιν ἐπακολουθοῦσαν καὶ τὴν ἐρμηνείαν

ἐπάγειν, οἷον τὰ μὲν ἀφηγηματικὰ καὶ μύθου τινὸς ἐχόμενα ἀφελῶς προάγοντα· ὅσα δὲ περὶ βασιλέων ἢ θεῶν, σεμνῶς· ὅσα δὲ περὶ παραβολῶν καὶ συγκρίσεων, πολιτικῶς· εἰ μὴ ἄρα τις πρὸς τὸ ἀξίωμα «μῖαν» τινὰ ιδέαν λόγου διὰ πάντων παρέχοιτο· ἐπιδεικτικώτερον δὲ τὸ προειρημένον καὶ δημοτερπέστερον.

Μέθοδος γαμηλίων

[1] Ἐμοὶ μὲν ἦν τερπνὸν αὐτὸν παρόντα καὶ συγχορεύοντα καὶ ἀναβακχεύοντα μετὰ σοῦ τῆς φίλης ἐμοὶ κεφαλῆς ὑμνεῖν τε καὶ ἀνυμνεῖν τὸν μικρὸν ὕστερον ἐπιτελεσθησόμενον γάμον καὶ ἄδειν γε τὸν ὑμέναιον τὸν ἐπὶ τοῖς γάμοις πρέποντα λέγεσθαι. ἐπεὶ δὲ ἔοικεν δεσμός τις οὗτος ὁ πρὸς τοῖς λόγοις καὶ τῇ παιδεύσει τῇ παρούσῃ διαιρεῖν ἡμᾶς τοῖς σώμασιν καὶ τοῖς τόποις ἀπ' ἀλλήλων (μὴ γὰρ δὴ ταῖς ψυχαῖς τε καὶ διαθέσεσιν καὶ εὐνοίαις ταῖς ἐπ' αὐταῖς χωρισθείημέν ποτε), ἀλλ' οὖν ἔστω σοι ὡσπέρ τι δῶρον παρ' ἐμοῦ εἰς συντέλειάν τε καὶ κόσμον τῶν γάμων τὸ μηδὲ τῶν περὶ τούτων εἰωθότων λέγεσθαι μηδὲ αὐτὸν ἀπείρως ἔχειν, εἴτ' οὖν αὐτὸς καὶ παρὰ σεαυτῷ φυλάττειν βούλοιο εἴτε καὶ ἐτέρῳ τινὶ τοῦτον οἶον ἔρανόν τινα εἰς χάριν συνεισφέρειν. τάχα μὲν οὖν καὶ αὐτὸς ἤδη ποτὲ καὶ ἄλλοτε προανεκρούσω ἐν τοῖς τοιούτοις τῶν λόγων, ὀπηνίκα κομιδῇ νέος ὢν παρ' ἐμοὶ τὴν πρώτην ὁδὸν τῶν ῥητορικῶν μετήεις, τὰ τε ἄλλα γράφων καὶ συγγράφων γυμνάσματά τε καὶ ἀσκήματα τῆς ῥητορικῆς, καὶ δὴ καὶ τὰς θέσεις οὕτω λεγομένας, καὶ τούτων τὰ εἰς τὸν περὶ αὐτοῦ τοῦ γάμου λόγον συντείνοντα καὶ τὴν [2] προτροπὴν τὴν εἰς αὐτόν. προκεχείρισται γὰρ ἐν τοῖς μάλιστα καὶ τοῦτο πρὸ πάντων τοῖς νεωτέροις εἰς γραφήν, εἰ γαμητέον. οὐ πόρρω δὲ οὐδ' ὁ νῦν ὑφ' ἡμῶν προχειριζόμενος λόγος τῆς περὶ τὰς τοιαύτας ἰδέας τῶν λόγων θήρας. ἀμέλει γε τοιοῖσδε τόποις, οἷς πέρ που καὶ ἐν ταῖς θέσεσιν ἀπὸ θεῶν, καὶ ὅτι οὗτοι οἱ εὐρόντες καὶ δεῖξαντες τοὺς γάμους τοῖς ἀνθρώποις. Ζεὺς γὰρ καὶ Ἥρα, πρῶτοι ζευγγύντες τε καὶ συνδυάζοντες. οὕτω τοι ὁ μὲν καὶ πατὴρ καλεῖται πάντων, ἡ δὲ Ζυγία ἀπὸ τοῦ ζευγγύναι τὸ θῆλυ τῷ ἄρρενι, καὶ ἀπὸ τούτων τῶν θεῶν καὶ ὁ τῶν λοιπῶν θεῶν χορὸς παρῆλθεν εἰς τὸν βίον τῶν ἐπιφημισθέντων τοῖς γάμοις, γαμηλίων τε καὶ γενεθλίων οὕτως ὀνομαζομένων. καὶ ὅτι ὁ γάμος αἵτιος τοῦ τε ὀνομασθῆναι τούτους τοὺς θεοὺς καὶ τιμᾶσθαι. ἄνευ γὰρ τῶν γάμων οὐδ' ἂν αἱ τιμαὶ τούτων παρῆλθον εἰς ἀνθρώπους.

[3] Ἐφεξῆς ἐπάγειν χρή τὸν περὶ τῆς φύσεως λόγον, καὶ ὅτι τοῦτο αὐτῆς ἔργον, τὸ γεννᾶν τε καὶ κυῖσκειν. καὶ ὅτι διῆλθεν διὰ πάντων τὸ ἔργον αὐτῆς καὶ ζώων καὶ φυτῶν. εἴτα τὴν διαφορὰν ἐπάξομεν τῆς ἐν τοῖς ἀνθρώποις μίξεως καὶ κοινωνίας, ὅτι τὰ μὲν ἀπλῶς καὶ ὡς ἔτυχεν μίγνυται, ὁ δὲ ἄνθρωπος τάξιν τινὰ καὶ νόμον ἐξεῦρεν τοῦ γάμου, οὐκ ἀγεληδὸν δίκην θηρίων ἐπιτρέπων μίγνυσθαι, ἀλλὰ σύμμιξιν καὶ κοινωνίαν δυοῖν τὴν προσφορωτάτην εἰς ἅπαντα τὸν βίον μεμηχανημένος. ἐν ᾧ, ὅτι τοῦ μὲν θηριώδους καὶ πεπλανημένου βίου ἀπηλλάγησαν, βίον δὲ ἡμερον καὶ τεταγμένον ἔσχον διὰ τοῦ γάμου. καὶ ὅτι θνητὸν ὂν γε τὸ ἀνθρώπειον ἐκ τῆς μίξεως καὶ κοινωνίας τοῦ γάμου ἀθάνατον γέγονεν, ἐκ τῆς διαδοχῆς τῶν ἐπιγινομένων ὡσπερ φῶς ἀναπτόμενον καὶ διαδιδόμενον ἀεὶ τοῖς ἐπιγιγνομένοις τῇ γεννήσει τοῦ ἀνθρώπου καὶ μήποτε ἀποσβεννύμενον. καὶ τοῦτον ἂν τις εἴποι δικαίως ἔρανον κάλλιστον οὐ χρημάτων οὐδὲ κτημάτων

τινῶν, ἀλλ' αὐτῆς τῆς φύσεως καὶ τοῦ γένους.

[4] Εἶτα ἐξετάσεις ἐπὶ τούτοις, ὅσα προσγίνεται τοῖς γεγαμηκόσι. πρῶτον μὲν πρὸς δόξαν, ὅτι ἐνδοξότεροι τὸ κάλλιστον μέρος τῆς ἀρετῆς εὐθὺς ἀπὸ τῶν γάμων ἀρχόμενοι καρποῦσθαι, τὴν σωφροσύνην· ὁ γὰρ γάμος εὐθὺς καὶ σωφροσύνης δόξαν περιτίθησι τοῖς ἀνθρώποις, καὶ οἱ τοιοῦτοι δοκοῦσιν τῆς μὲν ἀτάκτου μίξεως ἀπηλλάχθαι, πρὸς δὲ μίαν ἀφορᾶν μόνην τὴν ἑαυτοῦ ἕκαστος γυναῖκα. ἐκ δὲ τούτου καὶ ἐντιμότερους ἀνάγκη γίνεσθαι τοὺς ἀνθρώπους καὶ πιστοτέρους δοκεῖν καὶ εὐνουστέρους περὶ τὰς αὐτῶν πατρίδας ἐν παντὶ διὰ τὸ ὥσπερ ὁμηρα δεδωκέναι ταῖς πατρίσι τοὺς ἑαυτῶν παῖδας, δι' οὗς ἀναγκαῖον καὶ μᾶλλον εἰς τὰς συμβουλίας παραλαμβάνεσθαι.

[5] Καὶ πρὸς λύπας δὲ καὶ τὰ δυσχερῆ τὰ ἐν τῷ βίῳ γάμος χρησιμώτατος, κουφότερα ταῦτα παρασκευάζων ὥσπερ φορτία, μεταδιδόντων ἡμῶν ταῖς ἑαυτῶν γυναῖξιν τῶν δυσχερῶν καὶ τῇ κοινωνίᾳ παρηγορουμένων. ἐν δὲ τούτῳ καὶ τὰ ἡδέα ἀνάγκη τερπνότερα φαίνεσθαι, μὴ αὐτῶν ἐφ' ἑαυτῶν εὐφραινομένων, ἀλλὰ ἐχόντων καὶ τοὺς συμπανηγυρίζοντας καὶ τοὺς συνευφραινομένους παῖδας τε καὶ γυναῖκας καὶ τοὺς ἄλλους συγγενεῖς· καὶ ἑορταὶ δὲ καὶ πανηγύρεις διὰ τοῦτο τερπναί, ὅτι ἐν πολλοῖς γίνονται. ἀνάγκη δὲ ἐκ τούτου καὶ τὰς συγγενείας αὐξάνεσθαι· καὶ ὅτι ἐκ τούτου πρῶτον μὲν συνοικίαι ἐγένοντο, εἶτα καὶ κῶμαι, εἶτα καὶ πόλεις. ἐκ δὲ τῶν ἐπιγαμιῶν καὶ ἡ γνῶσις πλείων καὶ ἡ συγγένεια ὑπερορίοις. ἥδη παραθετέον καὶ μνηστέον καὶ ἐνδόξων γάμων ἢ ἀρχαίων, καὶ ὅσα ἀπὸ τούτων ἀγαθὰ ἐγένετο τοῖς ἀνθρώποις, καὶ ὅση ἀποτροπὴ τῶν δυσχερῶν διὰ γάμου, οἷον ὅτι Μενέλεως ἀθάνατος ἐγένετο διὰ τὸν γάμον τῆς Ἑλένης καὶ ὁ Πηλεὺς διὰ τὸν τῆς Θέτιδος, καὶ ὁ Ἀδμητος διὰ τὴν Ἀλκηστιν τὸν ἐκ τῆς εἰμαρμένης θάνατον διέφυγεν.

[6] Ἐπειδὰν δὲ ἱκανῶς περὶ τούτων διέλθῃς, εὐχῇ χρηστέον ἀγαθῶν μὲν αἵτησιν ἐχοῦση περὶ τὸν γάμον καὶ τὰς παιδοποιίας, ἀποτροπὴν δὲ τῶν κακῶν. εἶτα διατυπωτέον λόγῳ οἷον προαναφωνοῦντα, ὅποῖος ἂν ὁ βίος ὁ μετὰ τῶν παίδων γένοιτο, ὅτι τερπνότατος χορὸς παίδων οἱ γένοιτο γέροντι, καὶ ὅτι τρόπον τινὰ ἐξ ἀρχῆς ἀνανεάζεσθαι αὐτὸν καὶ ἀνηβᾶσκειν σὺν τοῖς αὐτοῦ παισίν. ἐν τούτῳ δὲ ἀνάγκη καὶ ἀναμινῆσκειν, ὥν ποτε καὶ αὐτὸς ἐν νεότητι ἐποίησεν· ἡδεῖα δὲ καὶ ἡ μνήμη τῶν ἐν παισίν ἡμῖν πεπραγμένων. καὶ ὅτι οὐδὲν ἕτερόν ἐστι τὸ ποιοῦν ἐξ ἀρχῆς πάλιν βεβιωκέναι. εἰ δὲ εἰκόνα τις ὁρῶν ἑαυτοῦ ἄψυχον ἥδεται, «πόσω μᾶλλον ἡσθήσεται», ὅταν καὶ μὴ ἄψυχον ταύτην ὁρᾷ ἀλλὰ καὶ ἔμψυχον, μηδὲ μίαν ἀλλὰ πολλὰς, ἂν οὕτω τύχη; ἐπακτέον δὲ πάλιν καὶ ἐνταῦθα ἱστοριῶν τινων μνημονεύοντα, ὅσοι ἀπὸ παίδων εὐτύχησαν, ὅσοι κακῶν ἀποτροπὰς εὗραντο, οἷον τῷ Ἀγχιόῃ παρὰ τοῦ Αἰνείου. Δεῖ δὲ μηδὲ τὰ πρόσωπα τῶν γαμούντων τε καὶ γαμουμένων παρεῖναι, ἀλλὰ καὶ τούτων ἐπαίνους λέγειν. ποτὲ μὲν οὖν ἐν ἀρχῇ χρηστέον τῷ τόπῳ τούτῳ, ποτὲ δὲ καὶ ἐπὶ τέλει· ἐὰν μὲν οὖν πάννυ ἐνδοξᾷ ἦ, ἐν ἀρχῇ· ἐὰν δὲ ἡττονα, ὑπερβαλόντα καὶ [7] ἐπὶ πᾶσι λέγοντα. ὁ δὲ ἔπαινος ἅπερ ἐν τοῖς ἐγκωμίοις ἔξει, καὶ τόποι οἱ αὐτοὶ καὶ «ἐκεῖ, ὁ» ἀπὸ τῆς πατρίδος, ὁ ἀπὸ τοῦ γένους, ὁ ἀπὸ τῆς φύσεως, ὁ

ἀπὸ τῆς ἀγωγῆς, καὶ ὅτι ἴσοι καὶ ὅμοιοι καὶ βέβαιοι ἀμφοτέροι, καὶ ἐκ τοιούτων πατέρων καὶ προπατόρων· καὶ εἰ μὲν ἐκ τῆς αὐτῆς πατρίδος, ὅτι ἐκ πολλοῦ προσωκειωμένοι ὑπὸ τοῦ τόπου· εἰ δὲ ἐκ διαφόρων, ὅτι καὶ ὑπὸ θεῶν συνήχθησαν εἰς τὴν κοινωνίαν. εἰ δὲ δὴ ἐκ τοῦ αὐτοῦ γένους εἰσίν, ὅτι αὐξήσις καὶ οἰκειότης συγγενείας ἄλλη ἐπ' ἄλλη γέγονεν, καὶ δεσμός βεβαιότερος καὶ ἰσχυρότερος· ὅταν δὲ ἀπὸ διαφόρων ἐπιτηδευμάτων, ὃ μὲν ἀπὸ στρατείας, ὃ δὲ ἀπὸ παιδείας, ὅτι ἁρμονία αὕτη ἀρίστη, τὸ εἰς ταὐτὸν σοφίαν τε καὶ ἀνδρείαν τελεῖν, καὶ οἷους εἰκὸς τοὺς ἀπὸ τούτων γενέσθαι.

[8] Εἰ δὲ δὴ αὐτὸς εἶη ὁ γαμῶν ὁ τὸν λόγον διαθέμενος, περὶ αὐτοῦ τούτου προοιμιαστὴν χαριέντως, ὥσπερ οὖν καὶ σοὶ ποιητέον, ὅτι εἰ καὶ οἱ ἐρασταὶ τὰ αὐτῶν παιδικὰ ἐπαινοῦσι, πολὺ δὴ που μᾶλλον αὐτῷ πρέπον τὸν γάμον ἐπαινεῖν [ἢ τὰ ἑαυτοῦ παιδικά]· καὶ ὅτι τῷ λόγῳ καὶ τῇ παιδείᾳ καὶ ἐπὶ τούτου χρηστέον. ὥσπερ ἤδη προοιμιαζόμενον καὶ προκαταμαντευόμενον περὶ τῶν παίδων, ὅτι καὶ αὐτοὺς εἰκὸς διαφέροντας περὶ παιδείαν γενέσθαι.

[9] Λέξει δὲ χρηστέον ἀφελεῖ μᾶλλον ἐγγὺς Ξενοφῶντός τε καὶ Νικοστράτου βαίνοντα, ὀλιγαχοῦ δὲ ἐξαίροντα τὸν λόγον εἰς σεμνότητα, εἴ που τὰ ἐννοήματα ἀναγκάζοι.

Μέθοδος γενεθλιακῶν

[1] Ἐχόμενος δέ σοι τούτου ὁ ἐπὶ ταῖς γενέσεσι τῶν παίδων λεγόμενος λόγος (γάμῳ γάρ που γένεσιν ἀνάγκη ἀκολουθεῖν)· ὃν καὶ αὐτὸν τελεῖν χρή τοῦτον τὸν τρόπον. ἐπεὶ γὰρ ἀρχὴ τῆς γενέσεως τῆς ἐκάστου ἡ ἡμέρα, ἐφ' ἧς ἐγένετο, ἀναγκαῖόν που ὀλίγα ἄττα καὶ περὶ τῆς ἡμέρας εἰπεῖν οἷον ἐγκωμιάζοντα τὸ προσόν, εἰ ἄρα ἰδιόν τι ἔχει παρὰ τὰς ἄλλας ἡμέρας, ἐπισημαίνόμενον· εἰ μὲν τῇ νουμηνίᾳ, ὅτι ἀρχὴ τοῦ μηνός, ἀρχὴ δὲ κράτιστον καὶ ἐξ ἀρχῆς τὰ πάντα· καὶ ὅτι ἡμισυ τοῦ παντός ἢ τὸ πᾶν κατὰ τὸν Πλάτωνα. εἰ δὲ ἐβδόμη ἢ ἕκτη, ὅτι ἱεραὶ τοῖν θεοῖν, καὶ ὅτι κοινωνία πρὸς τὸ κρεῖττον κατὰ τὸ τῆς γενέσεως. ἔχοις δ' ἂν καὶ περὶ τῆς ἐνάτης λέγειν, ὅτι ἱερὰ τοῦ Ἥλιου, καὶ ὅτι εἰκὸς ἐπίσημον τὸν τοιοῦτον γενέσθαι, τάχα δὲ καὶ εὐεργετικὸν κατὰ τὴν τοῦ Ἥλιου φύσιν. εἰ δὲ πεντεκαδεκάτη εἴη, ὅτι καὶ αὐτὴ τῆς Ἀθηνᾶς, καὶ ὅτι τέλειος ἐν τούτῳ ὁ κύκλος, καὶ εἰκὸς ἀνενδεῇ τὴν τοιαύτην εἶναι γένεσιν τοῦ ἀνδρός. ὁμοίως δὲ καὶ εἰ ἄλλη τις ἡμέρα, ἢ τῇ ἀρχῇ ἢ τῷ τέλει προσβιβάζοντας καὶ τὸ προσὸν θεωροῦντας οὕτω πειρᾶσθαι τὸν ἔπαινον ποιεῖσθαι.

[2] Ἐπὶ δὲ τῇ ἡμέρᾳ τὸν καιρὸν ἐπιθεωρεῖν ἀναγκαῖον, ὁποῖός τις οὗτος· καὶ τοῦ καιροῦ τὸ μὲν κατὰ τὴν ὥραν, οἷον ἐν χειμῶνι ἢ ἐν ἡρὶ ἢ ἐν τοῖς ἑτέροις μέρεσι τοῦ ἔτους, ὥσπερ ἐν τοῖς περὶ τοῦ ἀγῶνος ἐπαίνοις ἐπεσημαίνόμεθα τὰς ιδιότητας τῶν καιρῶν, τῷ μὲν τὸ ἀνδρεῖον, τῷ δὲ τὸ φαιδρὸν ἀπονέμοντες, καὶ τῷ θέρει τὸ πεπληρῶσθαι τὴν γῆν ἐν τούτῳ τῶν ἀγαθῶν, καὶ τῷ λοιπῷ δὲ τὸ ἐν ἀνέσει καὶ ἀναπαύλῃ τῶν ἔργων γενέσθαι. ἐπισημαίνεσθαι δὲ καὶ τὰ συμβεβηκότα ἐνίοτε τοῖς καιροῖς· οἷον εἰ ἐν ἑορτῇ τις γέγονεν, οἶονεῖ ἐν Διονυσίοις ἢ ἐν μυστηρίοις ἢ ἐν πανηγύρεσιν τισιν· ἅπαντα γὰρ ταῦτα ἀφορμὰς παρέξει σοι εἰς τὸν ἔπαινον.

[3] Ἀπὸ δὲ τούτου ἰτέον καὶ ἐπὶ τοὺς τόπους, ἐν οἷς τις γέγονεν· πρῶτον μὲν ἐπὶ τὸ περιέχον τὸ ἔθνος, Ἀσίαν, Εὐρώπην· καὶ τοῦτο αὖ πάλιν Ἑλληνικὸν ἢ βάρβαρον, ἢ σοφίαν ἢ ἀνδρείαν τοῦ ἔθνους ἢ τι τοιοῦτον ἐπισημαίνόμενον. εἴτα ἐπὶ τὸ περιεχόμενον· τίς ἡ πόλις καὶ ἡ μητρόπολις αὐτῷ· ἔχομένη ἢ πόλις μητροπόλεως τῇ τιμῇ, μεγάλη, πολυάνθρωπος, εὐφορος πρὸς ἀνδρῶν ἀρετὴν, ἢ ἂν τι ἕτερον ἀνδραγάθημα τῆς πόλεως. ἔπειτα τὰ μὲν περιεχόμενα ἐν τῇ πόλει· ποίας τινὸς οἰκίας, ὅτι οὐ φαύλης, ὅτι οὐκ ἀδόξου, γένους· ὅτι ἐνδόξου, ποίων τινῶν προγόνων καὶ πατέρων, καὶ ἔπαινον ἐν βραχεῖ τούτων ἀπὸ τῶν προσόντων.

[4] Μετὰ ταῦτα δὲ καὶ ἐπ' αὐτὸν ἥδη τὸν ἔπαινον ἰέναι τοῦ ἐγκωμιαζομένου καὶ οὗ ἡ γενέθλιος· ποίας τινὸς φύσεως κατὰ σῶμα, κατὰ ἰσχύν. εἰ μέγας ἐστί, κατὰ τὸν Αἴαντα· εἰ καλὸς καὶ ἀνδρεῖος, κατὰ τὸν Ἀχιλλέα· καὶ εἰ «εὐγλωσσος ἢ» εὐβουλος ἢ δίκαιος ἢ σώφρων εἴη, τὰ ἀρμόζοντα πρόσωπα, τὸν Νέστορα, τὸν Θεμιστοκλέα, τὸν Ἀριστείδην, τὸν Φωκίωνα· εἰ χρηστός· ὅτι θυμοειδὴς μετὰ τοῦ πράου, ὅτι ὀξὺς ἐνθυμηθῆναι. καὶ εἰ μικρός, ὅτι μείζων τὴν τῆς ψυχῆς [5] ἀρετὴν, κατὰ τὸν Τυδέα, κατὰ τὸν Κόνωνα. οἷός τις τὰ περὶ τὸν βίον, εἰ φιλόκαλος, εἰ

μεγαλοπρεπής· οἷος πρὸς τοὺς ιδιώτας, πρὸς τὴν πόλιν, καὶ τὰς φιλοτιμίας τὰς πρὸς τὴν πόλιν. κἂν εἰ ἐπιστήμης τινὸς ἐπήβολος εἴη, οἷον ἰατρικῆς ἢ ῥητορικῆς ἢ φιλοσοφίας, θετικῶς ἐπάγοντα τὸν ἐν τούτοις ἔπαινον, εἰς ὅσα τούτων ἕκαστον χρήσιμον· οὕτω γὰρ ἂν ἀμφιλαφῆς ὁ λόγος γένοιτο. ποῖος ἤδη γέγονεν, ποῖός ἐστιν ἐν τῷ παρόντι, καὶ ποῖον εἰκὸς ἔσεσθαι εἰς τὸν μέλλοντα χρόνον. ἐν τούτῳ δὲ γενόμενοι οὐκ ἄπο τρόπου ἂν ποιοῖμεν καὶ εὐχόμενοι τοῖς τε ἄλλοις καὶ τοῖς γενεθλίοις θεοῖς περὶ τοῦ μέλλοντος βίου καὶ τοῦ ἀμείνω τοῦ παρελθυθότος γενέσθαι τοῦτον, καὶ πολλὰς περιόδους χρόνων τελέσαντα εἰς λιπαρὸν καὶ εὐδαιμον γῆρας παρελθεῖν.

Μέθοδος ἐπιθαλαμίου

[1] Πρὸ δὲ τοῦ περὶ τῆς γενέσεως λόγου (μικροῦ γάρ με παρήλθεν ὑπὸ τοῦ θορύβου καὶ τῆς ταραχῆς τῆς περὶ τὴν ἔξοδον) ὁ ἐπὶ τῷ θαλάμῳ λεγόμενος λόγος· ἐχόμενος δ' ὁ τι μάλιστα καὶ ἀκόλουθος <ἄν> εἶη τοῖς γαμικοῖς τῶν λόγων, σχεδὸν εἷς καὶ ὁ αὐτὸς ὢν τῷ γαμικῷ, πλὴν τῷ χρόνῳ διαφέρων, ἐπὶ τετελεσμένοις τοῖς γάμοις λεγόμενος οὗτος· οὐ μὴν τοῖς γε ἄλλοις ἀπάδων τοῦ προειρημένου, καὶ ὥσπερ ἀντὶ ὑμεναίων ἐπαδόμενος τοῖς γάμοις. τινὰ μὲν οὖν καὶ παρὰ Σαπφοῖ τῆς ιδέας ταύτης παραδείγματα, ἐπιθαλάμιοι οὕτως ἐπιγραφόμενα ὦδαί· ἀλλ' ἐπειδὴ οὐχ ἡ αὐτὴ μεταχείρισις ποιήσεώς τε καὶ πεζοῦ λόγου, ἀλλ' ὥσπερ τοῖς μέτροις, οὕτως δὲ καὶ τοῖς ἐννοήμασι διενήνοχεν ταῦτα, τοῦτον ἄν μοι δοκεῖς τὸν τρόπον καὶ τοῦτον τὸν λόγον προσφόρως μεταχειρίσασθαι, εἰ ἐν μὲν τῷ προοιμίῳ εὐθύς αὐτὸ τοῦτο ἐπισημαίνωιο, ὅτι οἱ μὲν ἄλλοι τὸν ὑμέναιον ᾄδουσιν, ἡμεῖς δὲ ἀντὶ τοῦ ὑμεναίου τὸν λόγον, οὐχ ὑπ' αὐλοῖς ἢ πηκτίσιν ἢ νῆ Δία καλλιφωνία τινὶ τοιαύτῃ, ἀλλὰ ἐπαίνοις καὶ ὕμνοις τῶν γεγαμηκότων.

[2] Εἴτα ἐπὶ τούτοις ἐπάγειν, ὅτι ἀναγκαῖος ὁ γάμος ἀνθρώποις γε οὔσι· σωτηρία γάρ τοῦ γένους· καὶ ὅσα ἀγαθὰ ἐκ τοῦ γάμου. εἴτα μεταβῆσθαι ἐπὶ τὰ πρόσωπα τῶν συνιόντων εἰς τὸν γάμον, ὅποιοί τινες οὗτοι· ἐν ᾧ περὶ γένους ἐρεῖς αὐτῶν καὶ τροφῆς, καὶ περὶ κάλλους σωμάτων καὶ ἡλικίας· ὅσα ἐκ τύχης αὐτοῖς πρόσεστι, καὶ περὶ ἐπιτηδευμάτων· ὅτι σπουδὴν ἔσχον περὶ τὸν γάμον καὶ τὴν σύζευξιν αὐτοί· ὅπως διάκεινται ἐπὶ τῷ γάμῳ οἱ οἰκεῖοι, οἱ ἀλλότριοι, ἢ πόλις αὐτὴ δημοσία· ὅτι πᾶσι διὰ σπουδῆς ὁ γάμος ἐστίν, καὶ ὁ γάμος ἔοικεν πανηγύρει τινὶ καὶ νεομηνία καὶ δημοτελεῖ ἑορτῇ τῆς πόλεως. ὥσπερ δὲ ἐν τοῖς γαμικοῖς ἡξιοῦμεν πρὸς τοῖς ἄλλοις ἐπισκοπεῖν, οἷον εἰ ἐκ τῆς αὐτῆς πατρίδος, εἰ ἐκ τοῦ αὐτοῦ γένους, οὕτως δὲ μὴδὲ ἐν τούτῳ παρὰ φαῦλον ποιεῖσθαι τὸ μέρος τοῦ λόγου τοῦτο.

[3] Ἐπὶ δὲ τοῖς ἐπαίνοις καὶ τοῖς ἐγκωμίοις καὶ προτροπῇ τις ἔστω τοῖς γαμοῦσιν πρὸς τὸ σπουδάζειν περὶ ἀλλήλους καὶ ὁμονοεῖν ὅ τι μάλιστα· καὶ ὅσα ἀγαθὰ ἐκ τῆς τοιαύτης ὁμονοίας καὶ φιλίας ἀνάγκη συμβαίνειν, ἀπὸ τοῦ καθόλου ἐπὶ τὸ ἴδιον ἄγοντα τὸν λόγον· ὅτι ὁμόνοια πᾶσι μὲν ἀνθρώποις ἡγεῖται τῶν ἀγαθῶν, μάλιστα δὲ τοῖς γεγαμηκόσιν· καὶ εἰς τοῦτο καὶ τὸ τοῦ Ὀμήρου παραληπτέον ἐνδόξῳ κρίσει χρώμενον, ὅτι οὐδὲν μεῖζον ἀγαθὸν

ἢ ὅτε ὁμοφρονέοντε νοήμασιν οἶκον ἔχῃτον

ἀνὴρ ἡδὲ γυνή· τίνα μὲν ἐκ τούτου τοῖς ἐχθροῖς ἀνιάρᾳ, τίνα δὲ ἡδέα τοῖς φίλοις. ἐπὶ τέλει δὲ καὶ εὐχῇ χρῆσθαι, ὅπως ὁ τι τάχιστα παῖδες γένοιτο, ὥς καὶ τούτων ἐπιδεῖν γάμους καὶ ᾄσαι τὸν ὑμέναιον καὶ ὑπόθεσιν ἔχειν αὐθις τοιούτων λόγων.

Μέθοδος προσφωνηματικῶν

[1] Ἰσοκράτης μὲν ὁ σὸς ἐταῖρος καὶ ἐμός, ὦ Ἐχέκρατες, εἴ περ ἄλλό τι, φησὶ χρῆναι προσεῖναι τοῖς σπουδαίοις ἀνθρώποις, ἐν τῇ παραινέσει τῇ πρὸς τὸν Ἱππονίκου, καὶ τὴν φιλοπροσηγορίαν· ὃ πέρ ἐστι τὸ προσφωνεῖν τοὺς ἀπαντῶντας, ὡς αὐτός φησιν. εἰ δὲ καὶ ἰδίᾳ χρῆν πρὸς ἕκαστον τοῦτο ποιεῖν, ὅπως καὶ τοὺς ἰδιώτας ὡς ὃ τι μάλιστα οἰκειοτέρως καὶ εὐμενεστέρως ἔχειν πρὸς ἡμᾶς παρασκευάζωμεν ἐκ τῆς τοιαύτης φιλοπροσηγορίας, πολλῷ δὴ πού ἀναγκαιότερον τὸ πρᾶγμα καὶ ὁ τοιοῦτος τρόπος τῆς προσφωνήσεως, εἰ πρὸς τοὺς ἐν τέλει καὶ ἐν ἀρχαῖς γεγονότας ὑφ' ἡμῶν γίγνοιτο καὶ μάλιστα γὰρ δὴ τοὺς ἐκάστοτε ἐκ βασιλέων εἰς τὰ ἔθνη καὶ τὰς πόλεις τὰς ἡμετέρας παραγινομένους, ὅπως καὶ αὐτοὺς διὰ τοιοῦτου τρόπου καὶ πρὸς ἡμᾶς καὶ πρὸς τὰς αὐτῶν πατρίδας οἰκειοτέρως διακεῖσθαι παρασκευάσαιμεν. ἀμέλει γὰρ τοι καὶ τὸ πρᾶγμα ἤδη ἐπιχωριάζει ἐπὶ πᾶσι, καὶ καθάπερ τις οὗτος νόμος καὶ θεσμὸς διελήλυθεν διὰ πάντων, ὡς εὐθὺς ἄμα τε τῇ πρώτῃ τῶν πυλῶν, ὡς ἂν εἴποι τις, εἰσόδῳ προσφωνεῖν τούτους δημοσίᾳ τὰς πόλεις ὑφ' ἐνὸς ὅτου οὖν τῶν ἀρίστων κατὰ τὴν παιδείαν ὥσπερ δημοσίᾳ τινὶ φωνῇ καὶ κοινῷ προσαγορεύματι προσαγορεύοντος. φέρε οὖν εἰπωμέν τι καὶ περὶ τούτων τῶν λόγων, ὅπως ἂν καὶ τούτους ἄριστα καὶ ῥᾶστα μεταχειριζοίμεθα.

[2] Καθόλου μὲν ὁ τρόπος αὐτῶν τοιοῦτος, ὡς σύστασίν τινα ἔχειν τῆς αὐτῶν πατρίδος πρὸς τοὺς ἄρχειν μέλλοντας. δεῖ δὲ οὐκ αὐτὸ τοῦτο μόνον πραγματεύεσθαι ἐν τῷ λόγῳ, ἀλλὰ μηδὲ ἑαυτῶν ἐν τῷ τοιῷδε ὀλιγώρως ἔχειν. ἀρχὴ οὖν ἐμοὶ δοκεῖ ἀναγκαιοτάτῃ ἂν αὕτη γενέσθαι περὶ αὐτοῦ τε εἰπεῖν καὶ τῆς ἑαυτοῦ προαιρέσεως, καὶ δι' ὃ τι προκεχειρίσται ἐκ πάντων ἐπὶ τὸν λόγον, καὶ ὅτι ἀναγκαῖα αὐτῷ ἢ ὑπόθεσις τοῦ λόγου. ἐχέτω δὲ ἐν τούτῳ καὶ θεραπείαν τινὰ τοῦ ἄρχοντος, ὡς ἀποδεχομένου τοὺς τοιοῦτους ἅπαντας καὶ οἷον αὐτοῦ χεῖρα ὀρέγοντος, δι' ὅπερ καὶ ἐτοιμότερον ὑπήκουσεν· καὶ ὅτι ἦν μὲν καὶ ἀκούειν τοῦτο εὐθὺς περὶ αὐτοῦ, πολὺ δὲ ἔτι ἐναργέστερον τῇ ὄψει αὐτῇ πέφηνεν, ἀτεχνῶς οἷον ἐκ τοῦ προσώπου [καὶ] τῆς φαιδρότητος ὥσπερ ἐν κατόπτρῳ τοῦ ἡθους καὶ τῆς πρὸς ταῦτα δεξιότητος φανερῶν γιγνομένων. οὕτω δὲ προκαταστησάμενον τὸν λόγον ἐξῆς ἰτέον ἐπὶ τὸ ἐγκώμιον τοῦ βασιλέως, ἐν βραχεῖ τοῦτο ποιησάμενον καὶ αὐτὸ τοῦτο ἐπισημνιάμενον, ὅτι οὐδ' ἂν ὁ σύμπας χρόνος ἐξαρκέσαι πρὸς τοῦτο, καὶ ὅτι ἐτέρου καιροῦ, οὐ τοῦ παρόντος. κατακλείσεις δὲ τὸ ἐγκώμιον εἰς τοῦτο, ὅτι ἐν τι τῶν καλῶν τῶν βασιλέως καὶ τοῦτο, τὸ τοιοῦτον ἄνδρα ἐπιλεξάμενον καταπέμψαι ἐπὶ τὸ αὐτοῦ ἔθνος οὐ πόρρω βαίνοντα τῆς αὐτοῦ προαιρέσεως.

[3] Καὶ ἐντεῦθεν ἀρχέσθω σοι τὸ ἐγκώμιον τοῦ ἡγουμένου. χρηστέον δὲ καὶ ἐναυῖθα τοῖς ἐγκωμιαστικοῖς τόποις, ἀπὸ γένους, ἀπὸ φύσεως, ἀπὸ ἀνατροφῆς· εἰ μὲν φανερὰ εἴη, καθ' ἕκαστον ἀκριβῶς διεξιόντα· εἰ δὲ ἄδηλα, κατὰ τὸ πιθανὸν προάγοντα, ὅτι ἀνάγκη τὸν τηλικούτων καὶ τοιούτων κατηξιωμένον οὔτε γένει οὔτε φύσει οὔτε ἀνατροφῇ λείπεσθαι

τινων, ἀλλὰ διὰ ταῦτα προκεκρίσθαι· τὰ γε μὴν φανερὰ ἀκριβέστερον ἐπισημαινόμενον, οἷον «εἰ» ἐν νέᾳ ἡλικίᾳ τοιοῦτος, τί χρή προσδοκᾶν εἰς τὸν μέλλοντα χρόνον; καὶ ὅτι νέος μὲν τὴν ἡλικίαν, πρεσβύτερος δὲ τὴν φρόνησιν. εἰ δὲ πρεσβύτες, ὅτι ἐν πολλοῖς δοὺς πείραν ἑαυτοῦ τῆς ἀρετῆς, εἰκότως καὶ τὴν ἀρχὴν ταύτην ἐπιστεύθη· καὶ ὅτι καὶ τοῦτο τῆς εὐμοιρίας τῆς περὶ αὐτὸν τὸ ἐν τῷ γήρᾳ ἀκμάζειν. εἰ δὲ δὴ καὶ σεμνότης τις προσεῖη τῷ προσώπῳ, μηδὲ τοῦτο παρέργως παρατρέχειν. εἰ φιλόλογος εἴη, ἐγκώμιον παιδείας, καὶ ὅτι οἱ πεπαιδευμένοι μάλιστα ἄξιοι ἀρχῆς καὶ τοιαύτης ἡγεμονίας. καὶ εἴτε τὴν Ῥωμαϊκὴν διάλεκτον εἴη πεπαιδευμένος, τοῖς ἀρίστοις τῶν Ῥωμαίων παραβάλλειν· εἴτε τὴν Ἑλληνικὴν, τοῖς τῶν Ἑλλήνων. διὰ τοῦτο δὲ καὶ δίκαιος καὶ σώφρων καὶ περὶ τὰς δίκας ἀκριβής· παραδείγμασι δὲ καὶ ἐπὶ τούτῳ χρηστέον προσώποις, τῷ Ἀριστείδῃ, τῷ Θεμιστοκλεῖ, ἐφαρμόζοντα καὶ παραβάλλοντα καὶ τούτων ἀποφαίνοντα.

[4] Ἐὰν δὲ ἔχωμεν καὶ πράξεις τινὰς αὐτοῦ προγεγενημένας καὶ ἀρχὰς προηγουμένας λέγειν ἢ ἐν στρατείαις ἢ ἐν διοικήσεσιν, καὶ ταῦτας παρατιθέναι. ἐὰν δὲ καὶ «τινας» τιμὰς ἔχωμεν αὐτῷ «τῶν» πατέρων γενομένας λέγειν, καὶ τούτων χρή μνημονεύειν. καὶ ἐντεῦθεν προτροπὴ καὶ παράκλησις πρὸς εὐνοίαν τῆς πόλεως, ἐπισημνάζοντες, ὅτι χρηστὴν ἐλπίδα περὶ τοῦτου ἔχουσι. φανερόν γάρ τοι ἀπὸ τοῦ οὕτως ἀποδέξασθαι τὴν πόλιν, ἀπὸ τοῦ φιλανθρώπως καὶ εὐπροσηγόρως ἅπασι προσενεχθῆναι καὶ ὁμιλῆσαι· «καὶ» ὅτι εἰκότως τοῦτο ἐποίησεν· τοιαύτη γὰρ ἡ πόλις οἷα ἀμείβεσθαι τοὺς εὖ χρησαμένους ἑαυτῇ.

[5] Καὶ ἐντεῦθεν ὁ ἔπαινος ὁ περὶ τῆς πόλεως, ἐὰν θέλῃς· περὶ γένους αὐτῆς, περὶ δυνάμεως τῆς ἐν ταῖς προσόδοις, περὶ παιδείας τῶν ἐνοικοούντων, περὶ χώρας τῆς ὑποτελοῦς, ἀφ' ἧς ἡ πρόσοδος· εἰ μὲν πολλὴ εἴη, εἰς ἰσχὺν τῆς πόλεως ἀναφέροντα· εἰ δὲ ὀλίγη, ὅτι ἀρκεῖται καὶ ταύτη. ἔτι οὐπὲρ ἂν ἦ κτίστου, ἀναγκαῖον εἰπεῖν, ἐὰν τε θεὸς ἐὰν τε ἥρωες ἦ, εἴτ' οὖν τῶν ἀρχαίων τις εἴτ' οὖν τῶν ἑναγχοῦς γεγενημένων βασιλέων. οἷον κἂν μύθους τινὰς ἔχωμεν προσόντας τῇ πόλει, μηδὲ τούτους παραλιπεῖν. μετὰ ταῦτα περὶ μεγέθους τῆς πόλεως, περὶ κάλλους, περὶ θέσεως, εἴτε ἡπειρωτικῇ εἴη, εἴτε ἐπιθαλαττίδιος ἢ νησιῶτις. κἂν εἰ τινὰς τιμὰς ἔχοιμεν παρὰ βασιλέων, μηδὲ ταύτας παραλιπεῖν, κἂν εἰ πράξεις τινὰς προγεγενημένας ἢ παλαιὰς ἢ νέας, ἢ εἰ τιμὰς προὔπαρξάσας παρ' ἡμῶν πρὸς τοὺς ἄρχοντας τοὺς προγεγενημένους.

[6] Ἐν ἅπασι δὲ τούτοις μεμίχθω ἢ προτροπὴ καὶ παράκλησις πρὸς εὐνοίαν τῆς πόλεως· δεῖν γὰρ τοὺς ἀγαθοὺς ἄρχοντας ταῖς τοιαύταις πόλεσιν τὰς παρ' ἑαυτῶν εὐνοίας προσνέμειν. ἐπὶ δὲ τῷ τέλει εὐχῇ χρησόμεθα ὑπὲρ τοῦ βασιλέως καὶ ὑπὲρ αὐτοῦ τοῦ ἄρχοντος. καὶ ὑπὲρ ἡμῶν δὲ αὐτῶν πάλιν μνησθυσόμεθα, εἰ μὲν τῶν ἀρχομένων εἴημεν, ὅτι ἀπὸ τοῦ τοιοῦτου ἡμεῖς τιμῆς καὶ δόξης τευξόμεθα· εἰ δὲ τῶν ἡδὴ προεοδοκιμηκότων καὶ προειρηκότων, ἀνεπαχθῶς περὶ αὐτῶν εἰπόντες εἰς τοῦτο καταλύσομεν τὸν λόγον, ὥς ἐλπίδος τι καὶ αὐτοὶ ἔχοντες τοῦ μὴ φυλαχθῆσθαι μόνον ἐπὶ τούτων τὴν δόξαν ἑαυτοῖς, ἀλλὰ καὶ πολλῷ

ἀμείνω πρὸς τὸ λοιπὸν ἔσεσθαι.

[7] Ἀπαγγελία δὲ πρέποι ἂν μάλιστα μεμιγμένη τῷ τοιούτῳ λόγῳ, ἐνιαχοῦ μὲν συνεστραμμένη, ἐνιαχοῦ δὲ διηρμένη, ἐν τοῖς μύθοις ἀφελεστέρα. τὸ δὲ σαφὲς τῆς ἐρμηνείας δι' ὅλου τοῦ λόγου μάλιστα ἐν σπουδῇ ἔστω τῷ λέγοντι.

[Καθόλου ὁ περὶ τῶν πανηγυρικῶν λόγος ὥδὲ πως περαίνοιτο ἂν.]

Μέθοδος ἑπιταφίων. Β

[1] Οὐ μὲν δὴ οὐδὲ τούτων ἀπείρως ἔχειν τὸν γε δὴ ὁδῶ τινι καὶ ἐπιστήμῃ μεπιόντα λόγους χρή. ἀπευκτὰ μὲν γὰρ τὰ τοιαῦτα, ἀναγκαῖα δὲ ἀνθρώποις γε οὔσι καὶ παρελθοῦσιν εἰς τὸν ἀνθρώπινον βίον. ἀνθρώπῳ γὰρ γενομένῳ κατὰ τὸν τοῦ Καλλιάρχου τὸν τῶν τριάκοντα βέβαιον μὲν οὐδέν, ὅτι μὴ κατθανεῖν γενομένῳ, καὶ ζῶντι εἶναι μὴ οἶόν τε ἐκτὸς αἴτης βαίνειν. ἐπειδὴ τοίνυν ἀμφὶ ταφήν δύο λόγοι μεμηχάνηται, ὃ μὲν κοινὸς πρὸς πόλιν ἅπασαν καὶ δῆμον [ὃ μὲν] τοῖς ἐν πολέμῳ πεσοῦσιν, ἰδίᾳ δὲ καὶ καθ' ἕκαστον ἄτερος αὐτοῖν, οἷα δὴ τὰ πολλὰ ἐν εἰρήνῃ συμπίπτειν ἀνάγκη, ἐν διαφόροις ἡλικίαις ἐκάστῳ τῆς τελευτῆς συμπεσοῦσης· ὄνομά γε μὴν ἀμφοῖν ἐν καὶ τὸ αὐτό, ἐπιτάφιος οὕτως ὀνομαζόμενος· παραδείγματα δὲ αὐτῶν ἔστι πού καὶ παρὰ τοῖς ἀρχαίοις, τοῦ μὲν κοινοῦ καὶ πολιτικοῦ παρὰ γε τῷ τοῦ Ὀλόρου καὶ παρὰ τῷ τοῦ Ἀρίστωνος, Λυσίας τε καὶ Ὑπερίδης καὶ ὁ Παιανιεὺς καὶ ὁ τοῦ Ἰσοκράτους ἐταῖρος Ναυκράτης πολλὰς ἡμῖν τοιαύτας ἰδέας παρέσχοντο. οὐκ ἀπορήσομεν δὲ οὐδὲ τῶν πρὸς ἕκαστον· ἐπεὶ τοι καὶ τὰ ποιήματα μεστὰ τούτων, οἱ ἐπικήδαιοι οὕτως ὀνομαζόμενοι θρῆνοί τε· ὡς αὐτῶς πλοῦτος πολὺς τῶν καταλογάδην ἔστι τοιοῦτων λόγων ἐν τε τοῖς πάλαι καὶ τοῖς ὀλίγον τι πρὸ ἡμῶν γενομένοις· <οὐ> λήξομεν δὲ οὐδὲ νῦν, ἔστ' ἂν γένος ἀνθρώπων καὶ τὸ χρεῶν ἐπικρατοῦν ἦ. μέτιμεν οὖν αὐτοῖν ἐκάτερον τὸν τρόπον τοῦτον.

[2] Συνελόντι μὲν οὖν ὁ ἐπιτάφιος ἔπαινός ἐστι τῶν κατοικομένων. εἰ δὲ τοῦτο, δηλὸν πού, ὡς καὶ ἀπὸ τῶν αὐτῶν τόπων ληπτέον, ἀφ' ὧν περ καὶ τὰ ἐγκώμια· πατρίδος, γένους, φύσεως, ἀγωγῆς, πράξεως. ἄχρι μὲν οὖν τινὸς τὴν αὐτὴν ἰτέον, οἷον περὶ πατρίδος λέγοντα, ὅτι μεγάλη καὶ ἔνδοξος καὶ ἀρχαία, καὶ εἰ τύχοι αὐτὴ πρώτη παρελθοῦσα εἰς ἀνθρώπους, οἷα καὶ Πλάτων περὶ τῆς Ἀττικῆς διέξεισιν· εἰ δὲ μικρά, ὅτι διὰ τούτους ἤδη καὶ τὴν ἀρετὴν τὴν τούτων καὶ δόξαν ἔνδοξος καὶ αὐτὴ ἐγένετο, οἷον ἡ Σαλαμίς διὰ τὸν Αἰάκον· ἢ τὴν ἀρετὴν τῶν ναυμαχησάντων, καὶ ἡ Αἰγίνα διὰ τὸν Αἰακόν. ἢ εἴ τι βέλτιον περὶ αὐτῆς ἔχοιμεν λέγειν εἰρημένον, ὥσπερ 'θεῖαν' τὴν Σαλαμίνα εἶπεν ὁ Πύθιος· ὅτι ἐκ θεοῦ ἐκτίσθη, ὥσπερ Ἰωνία, Βυζάντιον ἢ εἰ δὴ τις ἑτέρα πόλις. καὶ ἐπὶ μὲν τῶν ἐν πολέμοις πεσόντων κἂν ἐπιδαφιλεύσαιτό τις ἐν τούτοις. ἐπὶ δὲ τῶν καθ' ἕκαστον οὐ πάνυ τι ἀναγκαῖος ὁ πολὺς περὶ τῆς πατρίδος λόγος· ἰτέον οὖν ἐπὶ τοὺς προγόνους, εἰ οἱ πρόγονοι μὴ ἐπὶ λυδές, ἀλλ' αὐτόχθονες· καὶ εἰ ἐπὶ λυδές, ἀλλὰ κρίσει τὴν ἀρίστην γῆν λαβόντες, οὐ τύχη· καὶ ὅτι ἢ ἐκ τοῦ Δωρικοῦ γένους, ὃ περ ἀνδρειότατον· ἢ ἐκ τοῦ Ἰωνικοῦ, ὃ περ σοφώτατον, καὶ ὅτι Ἕλληνες. εἰ δὲ ἐπὶ τινὸς εὐκλείας λόγος γίνοιτο, ὅτι πατρὸς ἀγαθοῦ καὶ προγόνων, καὶ ἐν βραχεῖ περὶ αὐτῶν εἰπεῖν τὸν ἔπαινον, ὅποιοι δημοσίᾳ, ὅποιοι ἰδίᾳ, ὅποιοι ἐν λόγοις, ὅποιοι ἐν βίῳ, καὶ εἴ τι ἐν ἔργοις ἢ ἐν πράξεσιν· ἢ εἴ τινα τοιαῦτα ἢ ποιότης τοῦ προσώπου παρέχοι ἐκ τῆς φύσεως, ὅτι εὐφυῆς εἰς πάντα, κοινὸς δὲ ὁ τοιοῦτος.

[3] Ἐν δὲ τῇ ἀγωγῇ γενόμενοι ἐπὶ μὲν τῶν κοινῶν τὴν πολιτείαν

ληψόμεθα, ὅτι ἡ δημοκρατία ἢ ἀριστοκρατία· ἐν δὲ τοῖς ἰδίοις τὴν ἀνατροφήν καὶ τὴν παιδείαν καὶ τὰ ἐπιτηδεύματα. ἐν δὲ ταῖς [κοιναῖς] πράξεσιν ὁ μὲν κοινὸς ἔξει τὰ κατὰ πολέμους ἔργα καὶ ὅπως ἐτελεύτησαν, ὥσπερ ἀμέλει καὶ Πλάτωνι γε καὶ Θουκυδίδῃ καὶ τοῖς ἄλλοις εἴρηται. ὁπότεν δὲ περὶ ἐνός τινος λέγωμεν, περὶ τῆς ἀρετῆς ποιησόμεθα τὸν λόγον, οἷον περὶ ἀνδρείας, περὶ δικαιοσύνης, περὶ σοφίας· ὅποιος περὶ τὴν πόλιν ἐν τούτοις, ὅποιος ἰδίᾳ περὶ ἕκαστα· ὅποιος περὶ φίλους, ὅποιος περὶ ἐχθρούς· καὶ ἔτι προστεθήτω, οἷος περὶ γονέας, οἷος ἐν ἀρχαῖς, εἴ τινα ἦρξεν.

[4] Μετὰ ταῦτα δὲ ἐν μὲν τοῖς κοινοῖς ἐπὶ τὸ προτρεπτικὸν μεταβησόμεθα, προτρέποντες ἐπὶ τὰ ὅμοια τοὺς ὑπολειπομένους. καὶ πολὺς ὁ τόπος οὗτος. εἴτα οὕτως ἐπὶ τὸ παραμυθητικὸν τῶν πατέρων, ὅσοι τε ἔτι παιδοποιεῖσθαι ἱκανοί, ὅσοι τε ἔξω τῆς ὥρας ταύτης· καὶ εἴρηται ταῦτα καὶ παρὰ τῷ Θουκυδίδῃ. ἐν δὲ τοῖς ἰδίοις τὸ μὲν προτρεπτικὸν ἐνίστε μὲν οὐδὲ ὅλως παραλαμβάνομεν διὰ τὸ τάχα ἂν εἰ τύχοι παῖδας εἶναι τοὺς κατοικομένους· ἐνίστε δὲ ἐπὶ βραχὺ, πλὴν ἐπὶ τοῖς πάνυ ἐνδόξοις. ἐνταῦθα γὰρ οὐδὲν κωλύει καὶ ἐπὶ πλεῖον χρῆσθαι τῷ εἶδει, οἷον «εἰ» ἐπὶ ἀρχοντός τινος καὶ τοιούτου προσώπου ὁ ἐπιτάφιος γίνοιτο, ἀναγκαῖον παρακελεύεσθαι μιμεῖσθαι τοῖς παισὶν τοὺς ἐαυτῶν τοκέας, καὶ ἐπὶ τὰ ὅμοια σπεύδειν. ἀναγκαιότερος δὲ ὁ παραμυθητικὸς παραμυθουμένων ἡμῶν τοὺς προσήκοντας. δεῖ δὲ εἰδέναι καὶ τὴν μέθοδον τοῦ παραμυθητικοῦ· οὐ γὰρ θρηνεῖν οὐδὲ ἀπολοφύρεσθαι τοὺς ἀποθανόντας· οὐ γὰρ ἂν παραμυθούμεθα τοὺς ὑπολειπομένους, ἀλλὰ μείζον τὸ πένθος παρασκευάζοιμεν· καὶ οὐ δόξει εἶναι τῶν κατοικομένων ἔπαινος, ἀλλὰ ὀλοφυρμὸς ὡς τὰ δεινότερα παθόντων. πειρᾶσθαι δὲ ἐν τῷ παραμυθεῖσθαι καὶ ἐνδιδόναι τοῦ πάθους τοῖς ὑπολειπομένοις, καὶ μὴ ἀντιτείνειν εὐθύς· ῥᾶον γὰρ ἐπαξόμεθα· ἅμα δὲ καὶ ἔπαινον ἔξει ὁ λόγος, εἰ λέγοιμεν, ὅτι οὐ ῥᾶδιον ἐπὶ τοῖς τοιούτοις ῥᾶον φέρειν. ἐπειδὴ δὲ οἱ ἐν πολέμῳ τελευτήσαντες ὅμοιοι ταῖς ἡλικίαις, οὐδὲν ἀπὸ τούτων ἔξομεν εἰς παραμυθίαν ἐπιχειρεῖν, πλὴν ὅτι ἐνδόξως ἀπέθανον ὑπὲρ τῆς πατρίδος καὶ οὗτοι, καὶ ὅτι ταχύς καὶ ἀναίσθητος ὁ τοιοῦτος θάνατος, καὶ ἐκτὸς βασάνων καὶ τῶν κακῶν τῶν ἐκ τῆς νόσου· ὅτι δημοσίας ταφῆς ἔλαχον (ζηλωτὸν δὲ τοῦτο καὶ τοῖς μετὰ ταῦτα) καὶ ἀθάνατος αὐτῶν ἡ δόξα.

[5] Ἐπὶ δὲ τοῖς καθ' ἕκαστον καὶ ἀπὸ τῶν ἡλικιῶν πολλὰς ἀφορμὰς παρέξει ὁ λόγος εἰς παραμυθίαν· εἰ μὲν τις ἄφνω τελευτήσειεν καὶ ἀλύπως, ὅτι μακαρίως αὐτῷ ἡ τελευτὴ συνηνέχθη· εἰ δὲ τις νόσῳ καὶ πολὺν χρόνον νοσήσας, ὅτι γενναίως ἐνεκαρτέρησεν τῇ νόσῳ· ἢ εἰ τις ἐν πολέμῳ, ὅτι ὑπὲρ πατρίδος ἀγωνιζόμενος· ἢ εἰ τις ἐν πρεσβείᾳ, ὅτι ὑπὲρ τῆς πόλεως· καὶ εἰ ἐν ἀποδημίᾳ, ὅτι οὐδὲν διενήνοχεν· «μία γὰρ καὶ ἡ αὐτὴ οἴμος» κατὰ τὸν Αἰσχύλον «εἰς Ἄιδου φέρουσα»· εἰ δὲ τις ἐν τῇ πατρίδι, ὅτι ἐν τῇ φιλτάτῃ καὶ τῇ γειναμένῃ καὶ τοῖς οἰκιστάτοις πᾶσιν. ἀπὸ ἡλικίας· εἰ μὲν νέος ὢν τοῦτο πάθει, ὅτι θεοφιλές· τοὺς γὰρ τοιοῦτους φιλοῦσιν οἱ θεοί· καὶ ὅτι καὶ τῶν παλαιῶν πολλοὺς ἀνῆρπασαν, οἷον τὸν Γανυμήδην, τὸν Τιθωνόν, τὸν Ἀχιλλέα, μὴ βουλόμενοι αὐτοὺς ἐν τοῖς κακοῖς τοῖς ἐν τῇ γῇ καλινδεῖσθαι ἢ πολὺν χρόνον ἐγκατορωρύχθαι τὴν ψυχὴν ἐν τῷ σώματι

ὥσπερ ἐν τάφῳ ἢ ἐν δεσμωτηρίῳ μὴδὲ δουλεύειν δεσπόταις κακοῖς, ἀλλὰ ἐλευθεροῦν· καὶ μακάριοι φυγόντες τὰ ἀλγεινὰ τοῦ βίου καὶ τὰ πάθη τὰ συμπίπτοντα τοῖς ἀνθρώποις, μυρία ταῦτα ὄντα καὶ ἄπειρα, ὁφθαλμῶν πηρώσεις, ποδῶν, ἐτέρου τινὸς μέρους τοῦ σώματος, καὶ ὅτι τῷ ὄντι ἡ νόσος ἀλγεινοτάτη. εἰ δὲ μέσος τὴν ἡλικίαν, ὅτι ἐνακμάσας τῷ βίῳ καὶ νῷ δεῖγμα τῆς ἀρετῆς τῆς ἐαυτοῦ παρέσχεν· καὶ ὅτι ποθοῦμενος, οὐκ ἀηδὴς ἤδη διὰ τὸ γῆρας γενόμενος ἀπῆλθε τοῦ βίου, ἀλλ' ἐν ἡλικίᾳ. εἰ δὲ δὴ ἐν γῆρᾳ τις τελευτήσκειν, ὅτι εἰς πᾶσαν ἀπόλαυσιν τῶν ἐν τῷ βίῳ καλῶν συνεμετρήθη αὐτῷ ὁ χρόνος. ἐν τούτῳ παρατιθέναι ἀναγκαῖον, ὅποσα ἐν πανηγύρεσιν τερπνὰ, ὅσα ἐν γάμοις, παιδοποιίαις, τιμαῖς <ταῖς> παρὰ τῆς πατρίδος· ταῦτα γὰρ ἡ πλείων περίοδος τοῦ χρόνου παρέχειν εἴωθεν· καὶ ὅτι 'λιπαρὸν γῆρας' κατὰ τὸν Νέστορα ἐβίωσεν· ὅτι τούτου ἕνεκα ἐνδιέτριψεν, ἵνα παράδειγμα γένηται τοῖς ἄλλοις, καὶ μάλιστα εἰ ἔνδοξον εἶη τὸ πρόσωπον. ἐπὶ τέλει δὲ περὶ ψυχῆς ἀναγκαῖον εἰπεῖν, ὅτι ἀθάνατος, καὶ ὅτι τοὺς τοιούτους ἐν θεοῖς ὄντας ἄμεινον εἰκὸς ἀπολαβεῖν. ἀρχὰς δὲ ἐνίστε αὐτὸ παρέξει τὸ πρόσωπον ἰδίας καὶ μὴ κοινάς· οἷον εἰ ἀπὸ λόγων εἶη, ὅτι ἀκόλουθον τοῖς λόγοις εὐφημεῖν αὐτόν· ἢ εἴπερ ἐπὶ ἑτέροις αὐτός τι τοιοῦτον εἰρηκῶς εἶη, ὅτι τὸν αὐτὸν ἔρανον καὶ τούτῳ ἀποδοτέον· ἢ ὅ τί ποτ' ἂν ἡ ιδιότης τοῦ προσώπου παρέχῃ.

[6] Ἡ δὲ ἀπαγγελία ποικίλη, ἐν μὲν τοῖς ἀγωνιστικοῖς συνεστραμμένη· ἐν δὲ τοῖς ἐνδόξοις καὶ μέγεθος ἔχουσιν, οἷον ὅσα περὶ ψυχῆς, διηρμένη καὶ μέγεθος ἔχουσα καὶ ἐγγὺς βαίνουσα τῆς τοῦ Πλάτωνος.

Προτρεπτικὸς ἀθληταῖς

[1] Ἀκόλουθος ἂν εἴη καί, ὡς <ἄν> εἴποι τις, συναφής, ὡς Ἐχέκρατες, καὶ ὁ ἐν ταύταις ταῖς πανηγύρεσι λεγόμενος λόγος, οὐκ εἰς αὐτὴν μέντοι τὴν πανήγυριν, ἀλλ' εἰς τοὺς ἀνταγωνιστὰς τοὺς ἐν τῇ πανηγύρει καὶ τοῖς ἀγωνισταῖς ἀθληταῖς δὴ πού, ὁ προτρεπτικὸς οὕτως λεγόμενος.

Σκεπτέον οὖν πρῶτον εὐθύς, ὅς τις ποτε ὁ λέγων (ὡς ἔγωγε οἶδα καὶ Ὀλυμπίασιν καὶ ἐπ' ἑμοῦ τοῦτο γενόμενον καὶ Πυθοῖ καὶ ἄλλοθι πολλαχοῦ πῖσιν)· νῦν μὲν γὰρ ἴσως πολίτης, νῦν δὲ καὶ αὐτῶν τῶν περὶ τὸν ἀγῶνά τις, ἐγὼ δὲ ἤδη καὶ τὸν ἀγωνοθέτην [2] εἶδον ἀγωνιστὴν τούτου τοῦ λόγου γεγεννημένον. τὰς γὰρ ἀρχὰς ἴσως πού καὶ ἐντεῦθεν τις οὐκ ἄπο καιροῦ ποιήσεται. εἰ μὲν πολίτης εἴη, ὅτι καὶ αὐτὸς πεισθεὶς τοῖς ἀγωνοθέταις καὶ τῷ τῆς πόλεως νόμῳ εἰς τὸν ἀγῶνα καθῆκεν ἑαυτὸν καὶ παρεβάλετο κινδύνῳ οὐχ ἥττον ὄντι ἐργῶδει· ἐκεῖνος μὲν γὰρ σώματος, ὅδε δὲ ψυχῆς. χαλεπώτεροι δὲ οἱ ἀγῶνες οἱ τῆς ψυχῆς ἢ οἱ τοῦ σώματος. ἐπὶ μὲν γὰρ τῆς ἀγωνίας τῶν σωμάτων καὶ φανερά ἡ νίκη καὶ ὑπὸ τοῖς ὀφθαλμοῖς, ἢ περ ἐναργεστάτη τῶν αἰσθήσεων· ἔτι δὲ καὶ βραβευτῆς ἐφέστηκεν ἐπ' αὐτῷ τοῦτῳ κρείττων τοῦ παρὰ τῶν ἄλλων φθόνου. ἦδε <δὲ ἢ> κρίσις οὐκ ἐφ' ἐνί, ἀλλ' ἐπὶ πολλοῖς· καὶ οὐκ ὀφθαλμοῖς κρίνουσιν, ἀλλὰ γνώμῃ, ἐν ἣ πολλὰ τὰ ἀντιστατοῦντα· ἄγνοια καὶ φιλοτιμία καὶ φθόνος, ἐφ' ἅπασι δὲ τὸ μὴ βούλεσθαι τοὺς ἀκούοντας μείζονα εἶναι τὰ ἐπαινούμενα τῷ περὶ αὐτῶν λόγῳ. τούτοις δὲ ὑποβάλλειν κάκεῖνο ἀναγκαῖον, τὸ ἀνελεῖν ὡς ἀντικείμενον ἐκ τῆς τοῦ προσώπου ποιότητος, ὅτι μὴ καταφρονητέον λόγων τοῖς ἀθληταῖς ἅτε ἐν ἔργοις ἀσκοῦσι. λόγος γὰρ εἰς πάντα ἐπιτήδειος καὶ πρὸς πᾶν ἐπιρρώννυσιν· οὕτως καὶ ἐπὶ πολέμου καὶ ἐπὶ παρατάξεως δέονται στρατιῶται τοῦ παρὰ τῶν στρατηγῶν λόγου καὶ τῆς προτροπῆς, καὶ αὐτοὶ αὐτῶν ἐρρωμενέστεροι ἐγένοντο. μάλιστα δὲ οἱ ἀθληταὶ δέοιντο ἂν τῆς ἀπὸ τοῦ λόγου προτροπῆς καὶ ἐπικελεύσεως, ὄντες μὲν καὶ αὐτοὶ Ἑρμοῦ τε καὶ Ἡρακλέους μαθηταὶ τε καὶ ζηλωταὶ (ὣν ὁ μὲν εὐρετῆς τοῦ λόγου ἢ αὐτὸ χρῆμα λόγος· ὁ δὲ σὺν τῇ Ἀθηνᾷ πάντα κατώρθωσεν τὰ ἐπιταχθέντα· ἢ δὲ τί ἂν ἄλλο εἴη ἢ νοῦς τε καὶ λόγος;), καὶ ὁσημέραι δὲ ἐπὶ ταῖς γυμνασίαις ἐκάστοτε τοιούτους τοὺς ἐπικελευομένους ἔχοντες [3] αὐτοῖς. εἶτα διαφορὰν ἐρεῖς, ὅσῳ κρείττων οὗτος τοῦ ἐκείνων ἐπαινος· διὰ ταῦτα, ὅτι ὁ μὲν ἐκ τῶν ἐπιτυχόντων, οὗτος δὲ ἀπὸ τῶν δεδοκιμασμένων καὶ βίῳ καὶ λόγῳ καὶ δόξῃ· καὶ ἐκεῖνος μὲν ἔθει τινί, οὗτος δὲ νόμῳ πόλεως καὶ δόγματι ἀρχόντων· κάκεῖνος οἷον ἐπιβόησίς τις, μηδὲν τῶν ἥχων διαφέρων, οὗτος δὲ μετὰ ἐπαίνων καὶ ἀποδείξεων παράκλησις. εἴτ' ἀκόλουθον τοῖς περὶ τὸ τοῦ σώματος καλὸν σπουδάσασιν καὶ περὶ τὸ καλὸν τὸ ἐπὶ τῇ ψυχῇ σπουδάσαι καὶ μᾶλλον, ὅσῳ τιμιώτερον ψυχὴ σώματος, εἰ μὴ καὶ αὐτοὺς ἀσκοῦντας, ἀλλὰ τοῖς ἀσκήσασιν πειθομένους· ὅπερ οὐδὲ δυσχέρειάν τινα ἔχει οὐδὲ πόνον, ἄλλως τε καὶ ἐπὶ συμφέροντι τῶν πεισθέντων τῆς πειθοῦς γινομένης· ὥπερ γὰρ καὶ ἐν στρατοπέδῳ οἱ γνησιώτατοι παρὰ τῶν στρατηγῶν λόγους ἀκούσαντες

μάλιστα φιλοτιμοῦνται περὶ τὴν νίκην, οὕτως καὶ οἱ ἐν τοῖς ἀγῶσι προτρεπτικοὺς λόγους οἰκείως ἀναδεξάμενοι· μάλιστα γὰρ ἂν ὀρέγοντο τοῦ περιγενέσθαι. καὶ ὅτι τοῖς ἐπαγγελλομένοις τὴν σωτηρίαν τὴν τοῦ σώματος προσήκει καὶ ἀψευδεῖν. ἐν τούτῳ· εἰ δῆπου τις, καίτοι τῆς ἀπὸ τούτων δόξης ἀδήλου τυγχανούσης, ὅμως ἐφίεται τούτου ἄλλως μηδὲ ἀνάγκης οὔσης, πόσω μᾶλλον «εἰκὸς» τοὺς ἐπ' αὐτὸ τοῦτο παρόντας καὶ παραδεδωκότας ἑαυτοὺς καὶ τούτου ἔνεκα ἐπὶ τοσοῦτον τοῖς γυμνασίοις χρησαμένους καὶ ὑπευθύνους ἑαυτοὺς καταστήσαντας πειθομένους φαίνεσθαι τῷ ἐπὶ τοῦτο ὑπὸ τῆς πόλεως καὶ τῶν ἀγωνοθετῶν καὶ τοῦ νόμου προκεχειρισμένῳ; Εἰ δὲ δὴ καὶ ἀγωνοθέτης εἴη ὁ λέγων, πρὸς τούτοις ἢ πρὸ πάντων τούτων ἀρμόσει εἰπεῖν, ὅτι «εἰ ὁ» διατιθεὶς τὸν ἀγῶνα οὐκ ὤκνησεν ἀγωνιστὴν καὶ ἑαυτὸν καταστήσαι καὶ ὑποβαλεῖν τῇ τῶν ἀκουόντων κρίσει ἔνεκα τοῦ ἀγῶνος καὶ τοῦ ἔνδοξον καὶ μέγαν καὶ περισπούδαστον τοῦτον γενέσθαι, πολλῷ δῆπου ἀναγκαιότερον αὐτοῖς «τοῖς» ἀγωνιζομένοις καὶ κληρονομεῖν μέλλουσι τῆς τοῦ ἀγῶνος δόξης. Τῷ δὲ ξένῳ καὶ τοῦτο ἂν ἀρμόζοι λέγειν, ὅτι προσήκων αὐτῷ ὁ λόγος διὰ τὴν ἐπιδημίαν καὶ τὴν μετουσίαν τῆς θέας· οἱ γὰρ τῆς θέας μεταδόντες καὶ τοῦ λόγου τοῦ περὶ αὐτῆς μετέδοσαν ἄλλως τε καὶ ἐπὶ τῷ ἐνδοξοτέρῳ τὴν πανήγυριν γενέσθαι. καὶ ὅτι γνήσιος πολίτης οὐχ ὁ ἐγγεγραμμένος μόνον, ἀλλὰ πολλῷ μᾶλλον ὁ εὖνους τῇ πόλει καὶ περὶ τὰ καλὰ μόνον τὰ τῆς πόλεως σπουδάζων. εἰ δὲ δὴ καὶ μὴ πολίτης ὢν ἐπέισθη τοῖς ἐπιτάξαισι καθεῖναι ἑαυτὸν εἰς τὸν ἀγῶνα, πολλῷ δῆπου μᾶλλον τοῖς ἀθληταῖς σπουδαστέον περὶ αὐτὸν τοῖς ὡς ἂν εἴποι τις πολίταις τοῦ ἀγῶνος οὔσι.

[4] Τούτων δὲ τῶν ἀφορμῶν τάχα ἂν τινες καὶ εἰς τὸν πανηγυρικὸν λόγον ἀρμόζοιεν, τοιούτων προσώπων πανηγυριζόντων καὶ τοιούτων ποιημάτων ἐμπεριελημμένων. τοιαύτης δὲ τῆς προκαταστάσεως γενομένης ὑποβλητέον καὶ τὸν περὶ τῶν πανηγύρεων καθόλου λόγον ἔπαινον ἔχοντα τῶν προκαταστησάμενων, ὅτι τῶν πολέμων καὶ τῶν πρὸς ἀλλήλους διαφορῶν καταπαύσαντες τὰς πόλεις συνήγαγον ὥσπερ εἰς μίαν πόλιν τὴν πατρίδα πάντων, ὡς κοινῇ συνελθόντας θύειν καὶ ἐορτάζειν λήθην ἀπάντων τῶν πρότερον ποιησάμενους· καὶ οὐ ταῦτα ἀπέχρησε μόνον, ἀλλὰ καὶ θεάματα καὶ ἀκροάματα μυρία ἐπὶ μυρίοις προέθεσαν, οὐκ εἰς ψυχαγωγίαν μόνον, ἀλλὰ καὶ πρὸς ὠφέλειαν· διὰ μὲν τῶν μουσικῶν ἀκροαμάτων παιδεύοντες ἡμᾶς, διὰ δὲ τῶν γυμνικῶν συνασκοῦντες εἰς τοὺς πολέμους. καλὸν μὲν οὖν καὶ τοῖς ἐπιδημοῦσι σπουδάζειν περὶ τὴν θέαν, πολὺ δὲ κάλλιον τοῖς ἀγωνιζομένοις αὐτοῖς. τοῖς μὲν γὰρ πρόσκαιρος ἡ τέρψις, τοῖς δὲ ἀθάνατος ἡ δόξα· καὶ παραχρῆμα μὲν γίνεται ἐκάστῳ τούτων εὐφημεῖσθαι καὶ δακτυλοδεικτεῖσθαι ἐπὶ τοῖς καλλίστοις, νικάν, στεφανοῦσθαι, ἀναγορεύεσθαι, διὰ μιᾶς πράξεως καὶ νίκης οὐ μιᾶς πόλεως γενόμενον ἀλλὰ σχεδὸν ἀπάσης τῆς οἰκουμένης· ἕκαστος γὰρ τῶν παρόντων τῆς ἀρετῆς ἀποδεχόμενος τῇ εὐνοίᾳ ὡς πολίτην αὐτοῦ προσοικειοῦται, τὸ τοῦ Ὀμήρου δὴ τοῦτο· «ἐρχόμενον δὲ ἀνὰ» τὴν πανήγυριν «θεὸν ὡς εἰσορόωσιν», οὐ μόνον γε ἀλλὰ καὶ μετὰ τὴν πανήγυριν, ὅποτε αὐτὸν ἴδωσι μόνον. καὶ ἀγωνιζομένῳ ταῦτα καθ'

ἕκαστον ἀγῶνα· παυσασμένῳ δὲ παραμένουσιν τὸν βίον σύμπαντα οἱ καρποὶ <οἱ> ἀπὸ τῆς νίκης, τὴν περιουσίαν τοῦ βίου ἄφθονον παρέχοντες· μετὰ δὲ τὴν τελευτὴν ἢ μνήμη <ἡ> ἀπὸ τῶν ἀνδριάντων καὶ τῶν εἰκόνων εἰς τὸ ἀνάγραπτον ἔχειν τὴν δόξαν οὐκ ἐν ταῖς μνήμαις σωζομένην μόνον, ἀλλὰ καὶ διὰ τῶν συγγραμμάτων συμπαραμένουσιν ἅπαντι τῷ χρόνῳ.

[5] Εἴτα ἐπὶ τούτοις προσάξεις καὶ τὸν περὶ τῆς πόλεως λόγον, ὅτι καὶ διὰ τὴν πόλιν αὐτὴν σπουδαστέον περὶ τὸν ἀγῶνα. σύμμετρος δὲ γινέσθω ὁ ἔπαινος, ἐπειδὴ οὐ περὶ αὐτοῦ νῦν πρόκειται. ἀφορμαὶ δὲ εἰς τοῦτο ἔσονται δῆπου ἱκαναὶ αἱ προειρημέναι ἐν ταῖς περὶ τοῦ πανηγυρικοῦ λόγου μεθόδοις. ὁμοίως δὲ καὶ περὶ αὐτῆς τῆς πανηγύρεως ἐρεῖς ἐφεξῆς, καὶ πόθεν ἤρξατο, καὶ τίς ὁ καταστήσας, καὶ τίνων θεῶν ἐπάγεται, καὶ τίς ὁ ἐπώνυμος αὐτῆς· καὶ ἔπαινος διὰ βραχέων ἀπὸ τῶν αὐτῶν ἀφορμῶν τῶν ἐκεῖ παραδεδομένων. ἀναγκαῖον δὲ ἐνταῦθα γενόμενον καὶ σύγκρισιν ποιήσασθαι πρὸς τοὺς ἄλλους ἀγῶνας. ἡ δὲ σύγκρισις ἔσται καὶ ἀπὸ τόπου τοῦ ἀγῶνος, οἷον <ὅτι ἐνδοξότατος, καὶ> ἀπὸ χρόνου, ὅτι ἀρχαιότατος· ἢ εἰ νέος, ὅτι ὅσον τῷ χρόνῳ ὑποδεῖ, τοσοῦτον τῇ δόξῃ προέχει· καὶ ὅτι εἰ νῦν περισπούδαστός ἐστι, πολλῶ περισπούδαστότερος ἔσται λαβὼν τὸν χρόνον. εἰ θεὸς εἴη ὁ ἐπώνυμος, τὰ προσόντα τῷ θεῷ· εἰ τῶν ἡρώων τις, ὁμοίως τὰς πράξεις· εἰ ἐπιτάφιος, ὅτι καὶ αὐτὸς διὰ τὴν ἀρετὴν τοῦ ἀγῶνος καὶ τῆς τούτου θέσεως ἠξιώθη. ἔτι καὶ τὴν πόλιν παραβαλεῖς πρὸς τὰς ἄλλας, ἀπὸ μεγέθους, ἀπὸ κάλλους, ἀπὸ οἰκιστοῦ, ἀπὸ οἰκειώματος· εἴρηται δὲ καὶ ταῦτα ἤδη. τούτων δὲ ῥηθέντων οἰκειότατα ἂν ἐπαχθείη ὁ πρὸς τοὺς ἀθλητὰς λόγος κατὰ τὸν Θουκυδίδην· Περὶ τοιαύτης οὖν πόλεως καὶ τοιοῦτου ἀγῶνος πολλοὶ μὲν καὶ ἄλλοι καὶ πάσαι ἐφιλοτιμήσαντο καὶ ἐσπούδασαν νικηφόροι γενέσθαι.

[6] Ἐπειδὴ δὲ διάφορα τὰ πρόσωπα, τὰ μὲν ἐνδοξα, τὰ δὲ ἥττον, καὶ τὰ μὲν ἀπὸ στεφάνων πολλῶν, τὰ δὲ νῦν πρῶτον ἀρχόμενα, πειρασόμεθα ἕκαστον ἀπὸ τῶν οἰκείων καὶ προσφύρων προτρέψασθαι· οἷον τοὺς μὲν πολλοὺς ἔχοντας στεφάνους, ὅτι καλόν, μὴ ὅπως καταισχυῖναι τούτους, ἀλλὰ καὶ προσθεῖναι καὶ πλείους ἀποφῆναι· συναύξεται γὰρ τοῖς στεφάνοις καὶ ἡ δόξα. τοὺς δὲ ὀλίγους, ὅτι δεῖ μὴ τούτοις ἀρκεῖσθαι, ἀλλὰ καὶ βεβαιώσασθαι τούτους ὅτι καὶ μετὰ τῆς ἀληθείας καὶ προῖκα, τῷ ἐπαγωνίσασθαι καὶ προσλαβεῖν ἑτέρους. τοὺς δὲ νῦν πρῶτον ἀρξομένους· ‘ἀρχὴ δέ τοι ἡμῖς παντός’. καὶ τοῖς ἡττημένοις πρότερον καλὸν ἀναμάχεσθαι, ἵνα μὴ καὶ ψυχῇ καὶ σώματι, ἀλλὰ τύχῃ μᾶλλον δοκῶσιν τῇ ἡττῇ κεκρῆσθαι. εἴτα συμπροτρέψεις τοὺς μὲν κατὰ τὸ αἰσχροῦ, τοὺς δὲ κατὰ τὸ καλόν, ὅτι τοῖς μὲν πολλοὺς ἔχουσι καὶ προνεκικῶσιν αἰσχροῦ τὸ ἡττηθῆναι τῶν μήπω νενικηκότων, τοῖς δὲ ἄλλοις ἔντιμον καὶ οὐδὲ ὑπερβολὴν εἰς δόξης λόγον ἔχον <τὸ> τοὺς νενικηκότας κρατῆσαι καὶ δι’ ἐνὸς στεφάνου προσλαβεῖν τὴν τούτων δόξαν. εἴτα πειρασόμεθα ἀναιρεῖν, δι’ ἃ ἐπὶ τὸ διαφθείρεσθαι τινες τρέπονται, τῷ αἰσυχρῷ καὶ ἀδόξῳ, ὅτι αἰσχροῦ χρημάτων προέσθαι τὴν νίκην, κατὰ ἀμφοτέρα τὰ πρόσωπα τὸ αἰσχροῦ προσάπτοντες, καὶ κατὰ τὸ τῶν διδόντων καὶ κατὰ <τὸ> τῶν λαμβανόντων, ὅτι οἱ μὲν χρήματα ἀντὶ δόξης ἀνταλλάσσουνται· ἐν ᾧ οἱ

μὲν τὰ χρήματα, οἷα δὲ ἡ δόξα· τὰ μὲν πρόσκαιρα, ἡ δὲ ἀθάνατος· καὶ τὰ
 μὲν τύχη καὶ χρόνος καὶ πόλεμος ἀφείλεν, ἡ δὲ ἀναφαίρετος ὑπὸ τούτων·
 καὶ τὰ μὲν ζῶντας εὐφραίνει, ἡ δὲ μετὰ τὴν τελευτὴν ζηλωτοὺς ἀποφαίνει·
 καὶ τὰ μὲν καὶ ἀπὸ κακίας περιγίνεται, ἡ δὲ ἀπὸ ἀρετῆς καὶ ἀνδραγαθίας.
 ἔπειτα καὶ οἱ δόντες τῷ μὲν δοκεῖν νενικήκασιν, τῇ δ' ἀληθείᾳ ἐώνηται
 τὴν νίκην· καὶ ὅτι οὐ δόξαν κτῶνται, ἀλλ' αἰσχύνην, τὸ γὰρ μὴ μετὰ
 ἀληθείας κρατῆσαι πρὸς αἰσχύνην μᾶλλον τῷ κρατήσαντι ἢ δόξαν· καὶ ὅτι
 εἰ καὶ λανθάνοιεν τοὺς ἄλλους, ἀλλ' ἑαυτοῖς συνίσασιν, καὶ παρὰ τοῖς
 ἄλλοις μὲν δοκοῦσι κρατεῖν, παρὰ δὲ ἑαυτοῖς ἡττηνται· καὶ ὅτι οὐδὲ ἡδονὴ
 ἐπὶ τῆς τοιαύτης νίκης· καὶ ὅτι ὁ τῆς αἰσχύνης ἔλεγχος αἰεὶ συμπάρεστιν
 αὐτοῖς τῆς ἐπονειδίστου νίκης, καὶ ὅτι χεῖρους τῶν προδοτῶν· ἐκεῖνοι μὲν
 γὰρ τοὺς ἄλλους πωλοῦσιν, οὗτοι δὲ καὶ ἑαυτούς· καὶ ὅμοιοι τοῖς πόρνοις
 εἰσὶν ἐπὶ τοῖς σώμασιν τοῖς ἑαυτῶν λαμβάνοντες· κἀκεῖνοι μὲν ἴσως καὶ δι'

Περὶ ἔσχηματισμένων α

[1] Ἀγῶνας ἔσχηματισμένους παντάπασιν οὐ φασιν εἶναι τινές, ἀλλὰ μέρη μὲν ἀγώνων ἔσχηματῖσθαι συνομολογοῦσιν, τὸ δὲ ὅλας ὑποθέσεις διὰ τούτου τοῦ τρόπου τῶν λόγων περαίνεσθαι οὐχ οἷόν τε εἶναι φασί (μὴ γὰρ δυνατόν εἶναι μὴ σαφῶς ἀκούοντας τοὺς ἀκρωμένους συνιέναι περὶ οὗ ὁ λόγος ἐστίν), οὐδὲ τοὺς παλαιοὺς κεχρηῖσθαι τῷ τοιούτῳ εἶδει τῶν λόγων καὶ τῶν ἀγώνων. ἡμεῖς δὲ καὶ ὅσοι τρόποι τῶν ἔσχηματισμένων ἀγώνων, φράσομεν, καὶ τῆς μεταχειρίσεως αὐτὴν μέθοδον δηλώσομεν, αὐτοὺς τοὺς παλαιούς, οὓς οὐ φασί τινες κεχρηῖσθαι τῷ τρόπῳ τῶν λόγων, μαρτυρόμενοι.

[2] Ἔστι γὰρ τῶν καλουμένων σχημάτων εἶδη γ· τὸ μὲν ἐστὶ σχῆμα λέγον μὲν ἃ βούλεται, δεόμενον δὲ εὐπρεπείας ἢ δι' ἀξίωσιν τῶν προσώπων, πρὸς οὓς ὁ λόγος, ἢ δι' ἀσφάλειαν πρὸς τοὺς ἀκούοντας. καὶ τούτῳ μὲν τῷ εἶδει οὐκ ἀντιλέγουσιν οἱ ῥητορικοί, ἀλλὰ καλοῦσιν αὐτὸ χρῶμα. τοὺς γὰρ εὐπροσώπους λόγους, οὐκ οἶδα ὁπόθεν ὀρμηθέντες, οὕτως ὀνομάζουσιν, ὅταν ἢ πρὸς πατρίδα τις διαλέγηται ἢ πρὸς ἀριστεὰ ἢ πρὸς στρατηγὸν ἢ πρὸς ἀρχὴν τινα ἢ πρὸς ὅλην πόλιν. τὸ δὲ τι σχῆμά ἐστι πλαγίως ἕτερα μὲν λέγον, ἕτερα δὲ ἐργαζόμενον ἐν λόγοις. τρίτον σχῆμά ἐστι τὸ οἷς λέγει τὰ ἐναντία πραχθῆναι πραγματευόμενον.

[3] Τοῦ μὲν οὖν καλουμένου ὑπὸ τῶν πολλῶν χρώματος οὔτε ἀποκεκρυμμένη οὔτε χαλεπὴ <ἡ> μέθοδος. ἐπιείκεια γὰρ προστεθεῖσα τοῖς λόγοις καὶ τὸ ὑποστέλλεσθαι τῇ παρρησίᾳ, αὐτὸ <τε> τοῦτο τὸ αἰδεῖσθαι προσποιεῖσθαι καὶ τὸ ὁμολογεῖν μὴ βούλεσθαι τολμηρῶς μηδὲ ἀποκεκαλυμμένως λέγειν ἢ μέθοδός ἐστι τῶν τοιούτων λόγων. μεγίστη δὲ καὶ βαθυτάτη ἐν τούτοις τοῖς λόγοις μέθοδος, τὸ ἑτέρας αἰτίας ὑποβαλέσθαι εὐσχήμονας πρὸ τῶν λυπούντων λόγων. Οἱ δὲ ἕτερα μὲν λέγοντες, ἕτερα δὲ βουλόμενοι τίνι μεθόδῳ χρῶνται; προτείνουσι μὲν ἕτερα κεφάλαια τοῖς ἀκρωμένοις· ἃ δὲ βούλονται πείσαι, τοῖς προταθεῖσι συγκατασκευάζουσι. καὶ τρόπον τινὰ διπλοῦν ἀγῶνα ἀγωνίζονται· τῷ μὲν γὰρ λόγῳ τὸ κοινὸν προτείνουσι, τέχνη δὲ οὐ τὴν χρεῖαν ἔχουσιν. Ὁ δὲ οἷς λέγει τὰ ἐναντία βουλόμενος λόγος, ἀκοῦσαι οὕτως, ἄτοπὸν τινα τὴν μέθοδον ἔχειν δόξει· δεῖ γὰρ εἰς ἐναντιώσεις ὑποπίπτοντα φαίνεσθαι τοῖς ἀκούουσιν· καὶ ἐν τούτῳ τῷ εἶδει τὸ καινότατον διὴ φαίνεται τέχνη ῥήτορος οὔσα τὸ ἐναντία λέγειν. τίς ὁ λόγος; βραχὺς καὶ σαφής. ὥσπερ γὰρ ἐν τοῖς ἀπλοῖς τῶν ἀγώνων ὠφέλειαν ἔχει τὸ μὴ δοκεῖν ἐναντία λέγειν, οὕτως ἐνταῦθα κέρδος αἱ ἐναντιώσεις ἔχουσιν, τὸ δὲ μὴ ἐναντία λέγειν ζημίαν. καὶ πάνυ δικαίως· εἰ γὰρ οἷς λέγει τις τὰ ἐναντία βούλεται, ἂν <ἃ> λέγῃ πείσῃ, τὰ ἐναντία πράξει· ἂν δὲ ἃ βούληται κατεργάζηται, τὰ ἐναντία οἷς λέγει πείθειν δόξει. μέθοδος δὲ τούτων τίς; ὥσπερ ἐν τοῖς ἀπλοῖς ἀγῶσι, <οὕτως ἐν τοῖς τοιούτοις ἀγῶσι> τὰς προτάσεις τὰς οἰκείας ἀσθενεῖς εἶναι δεῖ, τὰς δὲ τοῦ ἀντιδίκου ἰσχυράς, καὶ τὰ μὲν παρ' αὐτοῦ εὐδιάλυτα προβάλλεσθαι, τὰ δὲ παρὰ τοῦ ἐναντιουμένου δυσκαταγνώιστα· αὕτη μία

μέθοδος. δευτέρα δέ· ὥσπερ ἐν τοῖς ἀπλοῖς ἀγῶσιν οὐ χρή στρεφόμενα λέγειν οὐδ' οἷς ἂν καὶ ὁ ἀντίδικος χρήσαιτο, οὕτως ἐν τοῖς τοιοῦτοις τῶν ἀγώνων τοιαῦτα λέγειν δεῖ, οἷς καὶ ὁ ἀντιλέγων χρήσεται. οἱ μὲν οὖν κυριώτατοι τρόποι τῶν ἐσχηματισμένων λόγων οὗτοι.

[4] Ἦρτηνται δὲ τούτων τῶν τρόπων κάκεῖνα· τὸ τὰ αὐτὰ δοκοῦντα λέγειν ἐτέρῳ προειπόντι ἐτέραν ὑπόθεσιν διοικεῖσθαι· τὸ ἐναντιοῦσθαι δοκοῦντα τῷ λόγῳ βοηθεῖν τῷ ἔργῳ, προκατασκευάσαντος τοῦ σχήματος τὴν χρεῖαν· τὸ ὥς ἐροῦντα ἐν ἄλλῳ λόγῳ ὑπερβαλέσθαι τὴν ὑπὲρ αὐτοῦ παρρησίαν εἰς ἕτερον καιρόν.

Τούτων δὴ καὶ τὰ παραδείγματα λαβεῖν ἐκ τῶν βυβλίων. ληφόμεθα δὲ παρὰ Δημοσθένους, Θουκυδίδου, Ξενοφώντος, Πλάτωνος, Εὐριπίδου, τῆς κωμωδίας, Ὀμήρου· ἀπὸ πασῶν ἰδεῶν τῆς ῥητορικῆς, συμβουλευτικῆς δικανικῆς πανηγυρικῆς.

Μεμῆσθαι χρή, ὅτι τῇ μεθόδῳ [καὶ περὶ τῶν σχημάτων τῶν ἐναντία βουλομένων οἷς λέγουσιν ἀγωνιζόμενοι], ἔάν τις πορευῇται, ὥς ἔφαμεν, δι' ἐναντιώσεων, μέγας κίνδυνος πρόσεσι τῷ μὴ φωραθῆναι ὑπὸ τῶν ἀκρωμένων, ὅτι τεχνάζει, τῆς ἐναντιώσεως εἰς δόξαν ἐμπεσεῖν· εἰ γὰρ μὴ ἐλεγχεῖται ἡ τέχνη, συμβήσεται φιλονεικοῦντας, ἃ προσποιεῖται λέγειν, συγχωρεῖν τῷ ῥήτορι, οὐχ ἃ βούλεται ταῦτα ψηφίζεσθαι. φράσομεν οὖν καὶ ὅπως τις ἂν λάθοι μεταχειριζόμενος τὸν δι' ἐναντιώσεων λόγον.

[5] Δημοσθένης τοίνυν ὁ ῥήτωρ, ἵνα πρῶτον καὶ τὸ ὄνομα τοῦ σχήματος καὶ τὴν χρεῖαν δεῖξωμεν παρ' αὐτῷ δεικνύντες, ἐν τῷ περὶ τοῦ στεφάνου διηγούμενος λόγον, ὃν συνεβούλευσεν διαθέσθαι πρὸς Θηβαίους, οὐχ ἀπλοῦν ἀλλὰ τινα τεχνικόν, ὧδέ πως λέγει καὶ ἐπὶ τῷ λόγῳ τὸ ὄνομα ἐπάγει τῆς τέχνης· ἑπειδὴν δὲ ἔλθωσιν οἱ πρέσβεις εἰς Θήβας, πῶς χρήσασθαι τῷ πράγματι παραινῶ; τούτῳ πάνυ μοι προσέχετε τὸν νοῦν. μὴ δεῖσθαι Θηβαίων μηδὲν (αἰσχρὸς γὰρ ὁ καιρὸς), ἀλλ' ἐπαγγέλλεσθαι βοηθήσειν, ὥς ἐκείνων μὲν ὄντων ἐν τοῖς ἐσχάτοις, ἡμῶν δὲ ἄμεινον ἢ 'κεῖνοι καὶ τὸ μέλλον προορωμένων, ἴν' ἔάν μὲν δέξωνται ταῦτα καὶ πεισθῶσιν ἡμῖν, καὶ ἃ βουλόμεθα ὤμεν διωκόμενοι καὶ μετὰ σχήματος ἀξίου τῆς πόλεως ταῦτα πράξωμεν'. Ὅρᾳς καὶ τὸ ἔργον τῆς διοικήσεως, καὶ τὸ ὄνομα ἐπιφερόμενον τῷ ἔργῳ, τὸ 'σχῆμα'. ὁ αὐτὸς τοίνυν Δημοσθένης ἐν μὲν τῷ περὶ τῆς πρεσβείας, ἵνα ἀπὸ δικανικοῦ λόγου ἀρξώμεθα, ἄλλα προτείνων ἄλλα κατασκευάζει, δι' ὅλου τοῦ βυβλίου διοικούμενος διοίκησιν τινα τοιαύτην· κεφάλαια ἔστιν ἃ περ ἀσθενῇ ὄντα τῷ Δημοσθένει, ἔάν ἐφ' αὐτῶν προτείνηται, ἐλέγχεται· ταῦτα ἵνα πιθανὰ ποιήσῃ, ἕτερα μὲν προτείνει, λαβὼν δὲ τὸν ἀκροατὴν προσέχοντα τοῖς προταθεῖσι συμπλέκει τὰς πίστεις τῶν ἀσθενῶν τοῖς προτεινομένοις. οἷον, ἵνα ὁ λόγος ἐξη παράδειγμα, ἔροισ' ἂν εἰκότως ὁ Αἰσχίνης τὸν Δημοσθένην· Διὰ τί τῆς προτέρας πρεσβείας οὐ κατηγορεῖς; καὶ τοι τὰ πεπραγμένα πάντα ἐν τῇ προτέρᾳ πέπρακται (ὃ φησιν ὁ Αἰσχίνης ἐν τῇ ἀπολογίᾳ), ἡ δὲ δευτέρα ἀπαίτησιν ὀρκῶν εἶχεν μόνην. ἡ μὲν οὖν ἀληθοῦς αἰτία τοῦ μὴ κατηγορεῖν ἐκείνη· ἐπήνεσεν ὁ Δημοσθένης τὰ ἐν τῇ προτέρᾳ πρεσβείᾳ πάντα πεπραγμένα, καὶ ψηφίσματα ἔγραψεν, καλέσαι ἐπὶ δεῖπνον εἰς τὸ

πρυτανεῖον τοὺς πρέσβεις. αὕτη μὲν οὖν ἡ ἀληθὴς αἰτία ἐστὶ τοῦ μὴ ἐγκαλεῖν τῇ προτέρᾳ πρεσβείᾳ. ἀλλὰ μὴν αἰτίαν ἱκανὴν οὐδεμίαν ἔχει κατὰ τῆς ὑστεράς πρεσβείας· δεῖ οὖν αὐτὸν ἐφάπτεσθαι καὶ τῆς προτέρας· κατηγορῶν οὖν ἅμα τῆς προτέρας πρεσβείας οὐ κατηγορεῖ. δεῖ δὲ αὐτῷ προφάσεως. τίς οὖν ἡ πρόφασις; φησὶν ἠγνοηκέναι τὸν Αἰσχίνην πεπρακότα αὐτὸν ἐν τῇ προτέρᾳ πρεσβείᾳ. τοῦτο οὕτως μὲν πρὸς ἐρώτησιν τὴν παρ' Αἰσχίνου ἐν παραιτήσεως σχήματι λεγόμενον ἀσθενὲς καὶ γελοῖον ἐστίν. ἄλλο δὲ οὐδὲν ἔχων εἰπεῖν ὁ Δημοσθένης, ὅπερ ἔφαμεν, ἐτέρου προφάσει τοῦτο συγκατασκευάζει. φησὶ γὰρ ἀποδείξειν τὸν Αἰσχίνην αὐτὸν ὑφ' αὐτοῦ ἐλεγχόμενον, ὅτι δῶρα εἴληφεν, καὶ διέξεισι λόγους οὓς εἶπε πρότερον κατὰ Φιλίππου· εἶτα φησὶν αὐτὸν πρότερον κατὰ Φιλίππου πολιτευσάμενον ὕστερον μεταβεβλήσθαι, οὐκ ἂν μεταβαλόντα, εἰ μὴ δώροις πεισθεὶς τοῦτο ἐποίει. ταύτην τὴν ἀπόδειξιν ὑποθεὶς συγκατασκευάζει τὸ ὅτι εἰκότως ἔλαθ' ἐν μετὰ δῶρα λαβὼν ἐπὶ τῆς προτέρας πρεσβείας· ὥμην γὰρ αὐτὸν χρηστὸν εἶναι, τῷ πρότερον κατὰ Φιλίππου πολιτεύεσθαι. αὕτη μὲν ἡ συμπλοκὴ τοῦ ἕτερα συγκατασκευάζειν ἕτερα προτείνοντα.

[6] Ποιεῖ δὲ αὐτὸ πῶς; ἀκούσωμεν τῆς λέξεως τοῦ ῥήτορος· φησὶ γὰρ ὧδε· ‘Βούλομαι δὲ πρὸ πάντων, ὧν μέλλω λέγειν, μνημονεύοντας ὑμῶν οἶδ' ὅτι τοὺς πολλοὺς ὑπομῆσαι, τίνα τάξιν αὐτὸν ἔταξεν Αἰσχίνης ἐν τῇ πολιτείᾳ τὸ πρῶτον, καὶ τίνας λόγους κατὰ τοῦ Φιλίππου δημηγορεῖν ὥτεο δεῖν· ἴν' εἰδῆτε, ὅτι τοῖς ὑφ' ἑαυτοῦ πεπραγμένοις καὶ δεδημηγορημένοις ἐν ἀρχῇ μάλιστα ἐξελεγχθήσεται δῶρα ἔχων. ἔστι τοίνυν ὁ πρῶτος Ἀθηναίων αἰσθόμενος Φίλιππον, ὡς τότε δημηγορῶν ἔφη, ἐπιβουλεύοντα τοῖς Ἕλλησιν καὶ διαφθείροντά τινες τῶν ἐν Ἀρκαδίᾳ προεσθηκότων· καὶ ἔχων Ἰσχανδρον τὸν Νεοπτολέμου δευτεραγωνιστήν, προσίων μὲν τῇ βουλῇ, προσίων δὲ τῷ δήμῳ περὶ τούτων, καὶ πείσας ὑμᾶς πανταχοῦ πρέσβεις πέμψαι τοὺς συνάξοντας δεῦρο τοὺς βουλευσομένους περὶ τοῦ πρὸς Φίλιππον πολέμου· καὶ ἀπαγγέλλων μετὰ ταῦτα ἦκων ἐξ Ἀρκαδίας τοὺς καλοὺς ἐκείνους καὶ μακροὺς λόγους, <οὓς> ἐν τοῖς μυρίοις ἐν τῇ Μεγάλῃ πόλει πρὸς Ἱερώνυμον τὸν ὑπὲρ Φιλίππου λέγοντα ὑπὲρ ὑμῶν ἔφη δεδημηγορηκέναι· καὶ διεξιὼν, ἡλικία τὴν Ἑλλάδα πᾶσαν, οὐχὶ τὰς ἰδίας ἀδικοῦσι μόνον πατρίδας οἱ δωροδοκοῦντες καὶ χρήματα λαμβάνοντες παρὰ Φιλίππου. ἐπειδὴ τοίνυν ταῦτα πολιτευομένου τούτου τότε καὶ τοῦτο τὸ δεῖγμα ἐξεννοχότος περὶ αὐτοῦ τοὺς περὶ τῆς εἰρήνης πρέσβεις πέμπειν ὡς Φίλιππον ἐπείσθητε ὑπὸ Ἀριστοδήμου καὶ Νεοπτολέμου καὶ τῶν ἄλλων τῶν ἐκεῖθεν ἀπαγγελλόντων οὐδ' ὅ τι οὖν ὑγιές, γίνεται τῶν πρέσβεων τούτων εἷς καὶ οὗτος, οὐχ ὡς τῶν ἀποδωσομένων τὰ ὑμέτερα οὐδ' ὡς τῶν πεπιστευκότων τῷ Φιλίππῳ, ἀλλ' ὡς τῶν φυλαξόντων τοὺς ἄλλους. διὰ γὰρ τοὺς προειρημένους λόγους καὶ τὴν πρὸς Φίλιππον ἀπέχθειαν ταύτην εἰκότως περὶ αὐτοῦ πάντες εἶχετε τὴν δόξαν'. αὕτη μὲν ἡ μέθοδος τοῦ συγκατασκευάσαι· ἤδη γὰρ τὸν δῆμον συνεπεσπάσατο ὡς συνεξηπατημένον ἑαυτῷ ὁ Δημοσθένης. εἴτ' ἐπήγαγεν τῆς τέχνης τὸ δεινόν· ‘προσελθὼν τοίνυν ἐμοὶ μετὰ ταῦτα συνετάττετο κοινῇ πρεσβεύειν, καὶ ὅπως τὸν μικρόν

καὶ λίαν ἀναιδῇ φυλάζομεν ἀμφοτέροι τὸν Φιλοκράτην, πολλὰ παρεκελεύσατο. καὶ μέχρι τοῦ δεῦρο ἐπανελεθεῖν ἀπὸ τῆς πρώτης πρεσβείας ἐμὲ γοῦν, ὧ ἄνδρες Ἀθηναῖοι, διεφθαρμένος καὶ πεπρακῶς αὐτὸν ἐλάνθανεν'. ὡς θαυμαστή γε ἡ τέχνη· πάντας αὐτοὺς ἐξηπατημένους ἀπέδειξεν. ἐπήγαγεν δὲ εὐθύς τὸ 'ὁμοίως γὰρ ὑμεῖς ἐξηπάτησθε κάγώ', διὰ μέσου τὸ περὶ Φιλοκράτους εἰπών· αὐτὸς ἐφ' αὐτὸν ἤγαγεν τὴν αἰτίαν, ἀπλότῃτος προσήματι κλέπτων τὴν πανουργίαν τῆς κατασκευῆς τῷ λέγειν 'ἐμὲ γοῦν, ὧ ἄνδρες Ἀθηναῖοι, διεφθαρμένος καὶ πεπρακῶς αὐτὸν ἐλάνθανεν', ἀλλὰ μὴ φάναι 'κάμέ', ἵνα μὴ δοκῇ τὸ πᾶν ἐπιχείρημα οἰκείας διοικήσεως ἐξειργάσθαι. οὕτω μὲν ἕτερα προτείνων ἕτερα κατασκευάζει ὁ Δημοσθένης· καὶ ἐξῆς τὸ αὐτὸ ποιεῖ ἐν τῷ λόγῳ καὶ πάλιν ἐξῆς καὶ ἄχρι τέλους τοῦ παντὸς ἀγῶνος. τοῦτο μὲν σοι δικανικῶν λόγων τὸ παράδειγμα [λόγων ἐσχηματισμένων], ἕτερα προτείνοντων, ἕτερα κατασκευαζόντων.

[7] Συμβουλευτικῶν δὲ πάλιν ὁ αὐτὸς Δημοσθένης ἐν τῷ περὶ τῶν συμμοριῶν δι' ὅλου τὴν τοιαύτην τέχνην ἐξεργάζεται. ἔχει δὲ οὕτως· οἱ μὲν Ἀθηναῖοι ὠρμήκασιν μὲν πρὸς βασιλέα τῶν Περσῶν, τοιαῦτα τῶν ῥητόρων συμβουλευόντων καὶ ἐπαιρόντων αὐτοὺς ἐκ τοῦ ἐπαινεῖν τοὺς προγόνους καὶ μεμνηῖσθαι τῶν πεπραγμένων πρὸς τοὺς βαρβάρους ἔργων, πρὸς δὲ τὸν Φίλιππον τὸν τῶν Μακεδόνων βασιλέα ὀκνοῦσι πολεμεῖν. ὁ δὲ Δημοσθένης αὐτὰ τὰ ἐναντία πρὸς μὲν τὸν βασιλέα πολεμεῖν αὐτοὺς οὐ βούλεται, πρὸς δὲ τὸν Φίλιππον βούλεται. ὁρᾷς δύο ὑποθέσεις ἐναντίας ἀλλήλαις; πῶς οὖν τοῦτο ποιεῖ; διπλῶ γὰρ τῷ σχήματι χρῆται. πρὸς μὲν τὸν βασιλέα οὐ φησι μὴ δεῖν πολεμεῖν, ἀλλὰ μηδέπω πολεμεῖν· εἰ γὰρ ἀπλῶς ἐκέλευε μὴ πολεμεῖν, οὐκ ἂν αὐτῷ προσεῖχον τὸν νοῦν, ὠρμηκότες πρὸς τὸν πόλεμον. ὁ δὲ φησὶ μὲν πολεμεῖν δεῖν, ἐνδιδοὺς αὐτοῖς ὁ βούλονται· πρότερον δὲ ἀξιοῖ παρασκευάζεσθαι, ἵνα ἀσφαλέστερος καὶ δικαιότερος ὁ πόλεμος γένοιτο, τέχνη τοῦτο ποιῶν. οἶδεν γὰρ ὅτι ἡ ἀναβολὴ ἐκλύσει τὴν ὁρμήν. καὶ εὐθύς γε μετὰ τὸ προοίμιον κλέπτων τὸ δοκεῖν συναγορεύειν βασιλεῖ τί φησιν; 'ἐγὼ νομίζω κοινὸν ἐχθρὸν ἀπάντων τῶν ὄντων Ἑλλήνων εἶναι βασιλέα· οὐ μὴν διὰ ταῦτα παραινέσαιμ' ἂν μόνοις τῶν ἄλλων ὑμῖν πόλεμον πρὸς αὐτὸν αἶρεσθαι'. οὕτω μὲν ἐπέχει τὴν ὁρμήν, <τῇ> αὐτῇ τέχνῃ Θουκυδίδῃ χρώμενος. καὶ γὰρ παρὰ τῷ Θουκυδίδῃ Ἀρχίδαμος, ὃν φησιν ὁ Θουκυδίδης συνετὸν εἶναι καὶ σώφρονα, ἐπειδὴ ἐώρα τοὺς Λακεδαιμονίους καὶ τοὺς Πελοποννησίους ὠρμημένους πρὸς τὸ πολεμεῖν τοῖς Ἀθηναίοις, οὐχὶ μὴ πολεμεῖν κελεύει (ἦδει γὰρ οὐ πεισομένους), ἀλλὰ μηδέπω τοῦτο ποιεῖν, ἀλλὰ πρότερον παρασκευάζεσθαι. οὕτω μὲν γάρ, ὁ περ ἔφαμεν, ἐμποδίζει τὴν ὁρμήν αὐτῶν ὁ Δημοσθένης ὁμοίως τῷ Θουκυδίδῃ. διδάσκει δὲ προελθὼν τοῦ λόγου τὸν τρόπον ἧς παρασκευασθείσης εὐτρεπῆς γίνεται κατὰ Φιλίππου. καὶ οὕτως ἐκάτερος ὁ λόγος τεχνικῶς περαίνεται τῷ Δημοσθένει, τῷ βασιλεῖ μὲν μηδέπω πολεμεῖν, τῇ δὲ ἐπὶ βασιλέα παρασκευῇ ἔχειν χρῆσθαι κατὰ Φιλίππου. οὕτω μὲν δι' ὅλου τοῦ λόγου τοῦ συμβουλευτικοῦ ἕτερα προτείνεται καὶ ἕτερα κατασκευάζεται, καὶ ὑπόθεσις ὑποθέσει συμπλέκονται. ἔχεις δύο ταῦτα παραδείγματα ἀγώνων ἐτέρων προτεινομένων, ἐτέρων

συγκατασκευαζομένων, τὸ μὲν δικανικοῦ εἶδους, τὸ δὲ συμβουλευτικοῦ.

[8] Ἐπεὶ μέντοι συμβουλευτικῶν καὶ δικανικῶν ἐμνήσθημεν, λάβε καὶ παρὰ Πλάτωνος παραδείγματα ἀγώνων πλειόνων συμπεπλεγμένων καὶ τρόπον τινὰ πάντων «τῶν» μερῶν τῆς ῥητορικῆς συναγομένων. ἡ Σωκράτους Ἀπολογία τὴν μὲν πρότασιν ἔχει, ὡς τὸ ἐπίγραμμα δηλοῖ, ἀπολογίαν, ἔστι δὲ καὶ Ἀθηναίων κατηγορία, εἰ τοιοῦτον ἄνδρα εἰς δίκην ὑπήγαγον. καὶ κέκρυπται τὸ πικρὸν τῆς κατηγορίας τῷ ἐπεικεῖ τῆς ἀπολογίας· ἃ γὰρ ὑπὲρ αὐτοῦ ἀπολογεῖται, Ἀθηναίων κατηγορεῖ. δύο μὲν αὗται συμπλοκαί. τρίτη δέ· ὁ λόγος ἐστὶ Σωκράτους ἐγκώμιον, καὶ τὸ ἐπαχθές τοῦ λόγου ἐπεσκίασται τῷ ἀναγκαίῳ τῆς ἀπολογίας· τρίτη αὕτη συμπλοκή. καὶ γεγόνاسι δύο μὲν δικανικαὶ ὑποθέσεις συνημμένα, ἡ ἀπολογία καὶ ἡ κατηγορία· μία δὲ ἐγκωμιαστική, ὁ ἔπαινος ὁ Σωκράτους. τετάρτη συμπλοκή, ἡ περ μεγίστη ὑπόθεσις τῷ Πλάτῳ, ἔχουσα συμβουλευτικῆς ιδέας δύναμιν, φιλόσοφον δὲ τὴν θεωρίαν· ἔστι γὰρ τὸ βυβλίον παράγγελμα, ὅποιον εἶναι δεῖ τὸν φιλόσοφον. τοῦτο, ὡς μὲν ἐν ῥητορικῇ, συμβουλευτικὴ ἰδέα· ὡς δ' ἐν φιλοσοφίᾳ, δόγμα παραδιδόμενον· τοιοῦτον γὰρ εἶναι τὸν φιλόσοφον, ὅποιος ἐν τῇ Ἀπολογίᾳ φαίνεται Σωκράτης. ταύτην τὴν κρᾶσιν τῶν τεττάρων ὑποθέσεων ζηλώσας ὁ Δημοσθένης ἐν τῷ περὶ τοῦ στεφάνου τὴν μίμησιν ἐξήνεγκεν· καὶ γὰρ ἀπολογίαν ἔχει ὑπὲρ ὧν κατηγορεῖται, καὶ κατηγορίαν ἐλέγχοντος τοῦς ἡδικοτάτας καὶ τῶν κακῶν αἰτίους, καὶ φανερώς ἐγκώμιον δεικνύντος ἐφ' οἷς ἄξιός ἐστι τοῦ στεφάνου, καὶ τὸ δόγμα ὡς ἐν λόγῳ δικανικῷ καὶ πολιτικῷ, ὅποιον εἶναι «δεῖ» τὸν πολιτικὸν ἄνδρα καὶ σύμβουλον ἀγαθόν. λέγει γοῦν αὐτὸς ἐν τῷ λόγῳ σαφῶς· «ταῦτα καὶ τοιαῦτα πράττειν, Αἰσχίνη, τὸν καλὸν κάγαθόν πολίτην δεῖ».

[9] Ταῦτα μὲν δὴ σοι παρὰ Δημοσθένους καὶ Πλάτωνος. ἀλλὰ καὶ Θουκυδίδης δύο ὑποθέσεις συμπλέκει ἐν τῷ ἐπιγραφόμενῳ Ἐπιταφίῳ· τῆς μὲν γὰρ ἐγκωμιαστικῆς ιδέας ἐστὶν ὁ ἐπιτάφιος, συμπλέκεται δὲ ἰδέα συμβουλευτική. οὐ γὰρ μᾶλλον ἐπαινεῖ τοὺς τεθνεῶτας ἢ τοὺς ζῶντας ἐπὶ τὸν πόλεμον παρακαλεῖ. τοῦτο μέντοι ἀναγκαίως ποιεῖ· ὁ γὰρ λέγων ἐστὶ τὸν ἐπιτάφιον Περικλῆς, ἀνὴρ τοῦ πολέμου αἵτιος. ἔτι μέντοι τριῶν ὄντων κεφαλαίων τοῦ ἐπιταφίου, ἐπαίνου θρήνου παραμυθίας, τὸ ἐν τῶν κεφαλαίων ὑπερβαίνει, τὸν θρήνον· οὐ γὰρ συνέφερεν τῷ συμβουλευτικῷ οὐδὲ τῇ προτροπῇ τὸ θρηνεῖν, ὡς φησιν αὐτὸς ὁ Θουκυδίδης λέγων ὧςδε· «διὸ περ καὶ τοὺς τῶνδε νῦν τοκέας, ὅσοι ἀραεστε, οὐκ ὀλοφύρομαι μᾶλλον ἢ παραμυθῆσομαι». ποιεῖ δὲ τοῦτο ἀναγκαίως, ἐπειδὴ ἀρχομένου τοῦ πολέμου τὸν λόγον ποιεῖται· ὡς εἰ ἐθρήνησεν τοὺς πρῶτους ἀποθανόντας, ἀθύμους ἂν ἐποίησεν τοὺς μέλλοντας πολεμεῖν. αὕτη μὲν δὴ τῆς διπλῆς ὑποθέσεως ἡ χρεία. πῶς δὲ ἔμιξεν τὰς κατασκευάς, καὶ πῶς μίξας αὐτὸς ὁμολογεῖ, φέρε θεασώμεθα. ἡ γὰρ κρᾶσις ἐστὶν ἡ τέχνη τοῦ σχήματος ἐν τοῖς λόγοις. κεφάλαιόν ἐστι τοῦ ἐγκωμίου ὁ τοῦ γένους λόγος· οἱ οὖν προτρέποντες εἰς τοὺς πολέμους τὰ τῶν προγόνων ἔργα διεξιόντες παρορμῶσι τοὺς ἀκούοντας· οὕτως συνετέλεσεν ὁ ἔπαινος τοῦ γένους εἰς τὴν συμβουλήν. πάλιν αὖ κεφάλαιόν ἐστιν ἐν τοῖς ἐγκωμίοις ἡ παραβολή,

τὸ παρεξετάζειν τοὺς ἐπαινουμένους ἑτέροις τοῖς εὐδοκιμοῦσιν. ἀλλὰ μὴν ἐν τοῖς συμβουλευτικοῖς λόγοις, ὅτι ῥάδιος ὁ πόλεμός ἐστιν, ἐκ τοῦ παραβαλεῖν τὰ τῶν οἰκείων τοῖς τῶν ἐναντίων ἀποδείκνυται. χρώμενος οὖν τῷ τῆς παραβολῆς λόγῳ καὶ τὸ ἐγκώμιον ὁμοῦ καὶ τὴν συμβουλὴν περαίνει. τοῦτο γὰρ ὑπέσθη μὲν ἀποδείξειν ἀρχόμενος μὲν τοῦ λόγου ὑπισχνούμενος, ἐπὶ τέλει δὲ βεβαιούμενος, ὅπου καὶ ἐναλλάττει τὴν τάξιν τῶν κεφαλαίων καὶ δείκνυσιν, ὅτι πρεσβύτερον ἦν τῷ ῥήτορι τὸ τῆς συμβουλῆς τοῦ ἐγκωμιαστικοῦ λόγου. λέγει γὰρ ὦδε· ‘ἀπὸ οἴας τε ἐπιτηδεύσεως ἦλθον ἐπ’ αὐτά, καὶ τρόπων ἐξ ὧν μεγάλα ἐγένετο, ταῦτα δηλώσας πρῶτον εἶμι καὶ ἐπὶ τὸν τῶνδε ἔπαινον, νομίζων ἐπὶ τε τῷ παρόντι οὐκ ἂν ἀπρεπῇ λεχθῆναι [δεῖν] αὐτά, καὶ τὸν πάντα ὁμιλον καὶ ἀστῶν καὶ ξένων σύμφορον εἶναι ἐπακοῦσαι αὐτῶν’. ταῦτα μὲν ἐπ’ ἀρχῇ· προϊόντος δὲ τοῦ λόγου ἀποδείξας καὶ κεράσας ἐπάγει λέγων· ‘καὶ [εἰ] ἐμήκυνα τὰ περὶ τῆς πόλεως, διδασκαλίαν τε ποιούμενος μὴ περὶ ἴσου ἡμῖν εἶναι τὸν ἀγῶνα καὶ οἷς τῶνδε μηδὲν ὑπάρχει, καὶ τὴν εὐλογίαν ἅμα ἐφ’ οἷς νῦν λέγω φανεράν σημείοις καθιστάς’. τὸ γὰρ ‘ἐπὶ τε τῷ παρόντι οὐκ ἂν ἀπρεπῇ λεχθῆναι αὐτά’ τῆς ἐγκωμιαστικῆς ιδέας ἐστί· τὸ γὰρ κεφάλαιον ἐγκωμίου. τὸ δὲ ‘καὶ τὸν πάντα ὁμιλον καὶ ἀστῶν καὶ ξένων σύμφορον εἶναι ἐπακοῦσαι αὐτῶν’ τῆς συμβουλευτικῆς ιδέας ἐστί· κυριώτατον γὰρ ἐν συμβουλῇ κεφάλαιον τὸ συμφέρον. καὶ ‘διδασκαλίαν ποιούμενος μὴ περὶ ἴσου ἡμῖν εἶναι τὸν ἀγῶνα καὶ οἷς τῶνδε μηδὲν ὑπάρχει’ τῆς συμβουλῆς ἀπόδειξιν ἔχει. τὸ δὲ ‘τὴν εὐλογίαν ἅμα ἐφ’ οἷς νῦν λέγω φανεράν σημείοις καθιστάς’ τοῦ ἐγκωμίου δείκνυσι τὴν ἰσχύν· τὴν δὲ κρᾶσιν αὐτῶν τὸ ‘ἅμα’ δηλοῖ. ταῦτά σοι καὶ παρὰ Θουκυδίδου.

[10] Ἀλλὰ καὶ Εὐριπίδης ὁ ποιητὴς ἐν ὄλῳ δράματι λόγον ἐσχηματισμένον περαίνει, ἐν τῇ Μελανίπῃ τῇ σοφῇ. κάκεῖ δὲ τὸ σχῆμα διπλοῦν, τὸ μὲν αὐτοῦ τοῦ ποιητοῦ, τὸ δὲ τοῦ ὑποκειμένου προσώπου τῆς Μελανίπης. συγγέγονεν Ἀναξαγόρα ὁ Εὐριπίδης· δόγμα δὲ ἦν Ἀναξαγόρου τὸ ‘ὁμοῦ πάντα χρήματα’. μετὰ ταῦτα συγγενόμενος Σωκράτει καὶ κρείττονος λόγου μετασχών, ἀξιώσας, ὥς ἐμοὶ δοκεῖ, καὶ τὸν Ἀναξαγόρου λόγον μνήμης ἐν τοῖς δράμασιν, ἐξήγαγεν αὐτὸ τὸ δόγμα ἐν τῇ Μελανίπῃ τῇ σοφῇ. ἡ γοῦν ἀρχὴ τοῦ λόγου αὐτῷ αἰνίττεται τὴν πρὸς τὸν διδάσκαλον εὐνοίαν· φησὶ γὰρ ἡ Μελανίπῃ

Καὶ οὐκ ἐμὸς ὁ μῦθος, ἀλλ’ ἐμῆς μητρὸς πάρα. ὁ μὲν Εὐριπίδου σχηματισμὸς οὗτος· ὁ δὲ τῆς Μελανίπης τίς; τὰ παιδιά ἐξέθηκεν εἰς τὰ τοῦ πατρὸς βουφόρβια· ὁ δὲ πατὴρ οἰόμενος εἶναι τοῦτο τέρας γνώμην ποιεῖται κατακαῦσαι τὰ παιδιά· ἡ δὲ σῶσαι βουλομένη τὰ τέκνα, ὅτι μηδὲν ἐσσι τέρας, φιλοσοφεῖ. καὶ οὕτως τὴν αὐτῆς χρεῖαν διοικεῖται ἐν παραινέσεως σχήματι φιλοσοφοῦσα.

[11] Ἡ δὲ γε κωμῳδία ὅτι πολιτεύεται ἐν τοῖς δράμασι καὶ φιλοσοφεῖ, ἡ τῶν περὶ τὸν Κρατῖνον καὶ Ἀριστοφάνην καὶ Εὐπολιν, τί δεῖ καὶ λέγειν; ἡ γὰρ τοι κωμῳδία αὐτὴ τὸ γελοῖον προστησαμένη φιλοσοφεῖ. Ξενοφῶν δὲ ὁ καλὸς ὥς ἐν τῇ Παιδείᾳ βουλόμενος τοὺς ἐκ τοῦ δήμου τῶν Περσῶν ὁμοσκεύους ποιῆσαι τοῖς ὁμοτίμοις, καὶ πάλιν βουλόμενος κοινὸν ἀγῶνα

ἀρετῆς τοῖς ἄριστα στρατευσομένοις προτιθέναι, τοῖς τε ὁμοτίμοις διαλεγόμενος ἐν Κύρου λόγῳ ὡς αὐτοῖς χαριζόμενος, καὶ τοῖς δημοτικοῖς ὡς ἐκείνων προνοούμενος «σχηματίζει» ἐν ἑκατέρῳ τῷ λόγῳ, παρήμι λέγειν. ἐν δὲ τῇ Ἀναβάσει ὑποπτεύουσι μὲν οἱ στρατιῶται, ὡς ἐπὶ βασιλέα ὁ στόλος ἐστί, καὶ οὐκ ἔτι ἔπεσθαι Κύρῳ βούλονται· ὁ δὲ Κλέαρχος ἐν τοῖς στρατιώταις δημηγορεῖ ὑποσχνούμενος μὲν ἔπεσθαι τοῖς στρατιώταις πανταχόσε, ἐν δὲ τῷ λόγῳ κατασκευάζων τὸ ἀναγκαῖον εἶναι μένειν, μιμούμενος τὸν Ὀμήρου Φοίνικα. καὶ γὰρ ἐκεῖνος ἐν ταῖς Λιταῖς προτείνεται τὴν ὑπόθεσιν τῶν λόγων τοῦ Ἀχιλλέως, ὡς οὐ δυνατόν «δὲν» αὐτῷ μένειν, ἂν ἐκεῖνος ἀπίη, ἀλλὰ πάντως ἐψόμενος τῷ Ἀχιλλεῖ. τὰς δὲ αἰτίας λέγων δι' ἃς οὐκ ἂν ἀπολειφθεῖη τοῦ Ἀχιλλέως, ὅτι χρή μένειν τὸν Ἀχιλλέα κατασκευάζει, τῷ μὲν δοκεῖν δεικνύς, καθ' ἃς προφάσεις οὐ μενετέον αὐτῷ, ἔργῳ δὲ ἀπαιτῶν τὰς χάριτας, ἃς εἰς τὸν Ἀχιλλέα κατέθετο θρέψας καὶ παιδεύσας, Ἀγαμέμνονι δὲ χάριν φέρων τῷ λόγῳ. καὶ ὅτι ταῦτα διανοούμενος τὸ σχῆμα τῶν λόγων ἐποίησατο, αὐτὸς Ἀχιλλεὺς ἐπεκιδιδάσκει. ὅπερ Ὀμήρῳ ἔθος, καὶ ὅστις ἄλλος μετεχειρίσατο τὸ εἶδος τοῦτο, παρ' Ὀμήρου μαθὼν τοῦτο ποιεῖ, τὸ ἐν ταῖς τῶν ἀποκρινομένων ῥήσεσι τῶν προειπόντων τὰς τέχνας διδάσκειν. λέγει τοίνυν ὁ Ἀχιλλεὺς

Μή μοι σύγχει θυμὸν ὀδυρόμενος καὶ ἀχεύων,

Ἀτρεΐδῃ ἥρωϊ φέρων χάριν.

ὁρᾷς, ὡς τὴν τέχνην ὁ μαθητὴς τοῦ διδασκάλου ἀπεκάλυψεν δεικνύς ὅτι συνῆκεν, ὡς πάντα εἰς χάριν Ἀγαμέμνονος λέγεται καὶ ἐπὶ τῷ τὸν θυμὸν μαλάξαι τοῦ Ἀχιλλέως. εἴτα ἐπειδὴ χάριτας αὐτῷ κατελογίσαστο ὁ Φοῖνιξ, ἵνα μὴ δοκοίη ἀχάριστος εἶναι, καὶ αὐτὸς πλαγίως ἀπολύεται τὴν αἰτίαν·

Ἴσον ἐμοὶ βασίλευε καὶ ἡμῖσιν μείρεο τιμῆς.

[12] Ταῦτα μὲν «τὰ» παραδείγματα ἕτερα προτείνοντος τοῦ ῥήτορος. ὑπολείπεται δὲ ἡμῖν ὁ λόγος ὁ περὶ τῶν τὰ ἐναντία λεγόντων οἷς βούλονται· ἐπειδὴ «δὲ» οὗτος ὁ λόγος τὸ τελεώτατον σχῆμά ἐστιν, πρότερον δεῖξωμεν παρὰ Ὀμήρῳ καὶ «ἃ» ἄλλα σχήματα ὑπεθέμεθα. ἦν δὲ τάδε· τὸ δοκεῖν τὰ αὐτὰ λέγοντα ἐτέραν ὑπόθεσιν περαίνειν, καὶ «τὸ» δοκεῖν ἐναντιούμενον ὡς ἐν ἐτέρῳ λόγῳ τὰς τῶν ἐσχηματισμένων ἀγώνων κατασκευᾶς ποιησόμενον ἀναβολῇ τὸ σχῆμα παραδοῦναι. τούτων τοίνυν τὰ παραδείγματα τίνα; ἐν τῷ β τῆς Ἰλιάδος, ὅτε κατέχουσιν τὸ Ἑλληνικὸν ὁ τε Ὀδυσσεὺς καὶ Νέστωρ, δοκοῦσιν μὲν ἀμφοτέρωι εἰς τὴν αὐτὴν ὑπόθεσιν λέγειν οὐ μόνον γε ἀλλὰ καὶ τὰ αὐτὰ λέγειν·

ὥστε γὰρ ἦ παῖδες νεαροὶ χῆραί τε γυναῖκες

φημί γὰρ οὖν κατανεῦσαι ὑπερμενέα Κρονίωνα, καὶ λέγει τὰ οὐράνια σημεῖα καὶ τὰς δεξιὰς ἀστραπάς. ὅθεν καὶ παρέσχετο τοῖς πολλοῖς ζήτησιν, πότερος ἀμείνων ῥήτωρ ἐν τοῖς λόγοις τούτοις, Ὀδυσσεὺς ἢ Νέστωρ· καὶ μαρτύρονται γε τὸν Ὅμηρον ἐκάτεροι λέγοντα, ὡς τὸν μὲν Ὀδυσσέα ἐπήνεσεν τὸ πλῆθος, τὸν δὲ Νέστορα ὁ Ἀγαμέμνων· οἱ μὲν

καὶ ἄλλην πολλὴν φλυαρίαν περὶ τὴν παραβολὴν τῶν λόγων φλυαροῦσιν. τὸ δὲ ἦν ἄρα τέχνη· τοσοῦτον γὰρ ἀπέχουσιν τοῦ ταῦτά λέγειν, ὥστε οὐδ' εἰς τὴν αὐτὴν ὑπόθεσιν λέγουσιν· σόφισμα δὲ τοῦτο ἔστι καὶ πάλαισμα τῶν ἀκουόντων. τί τοῦτο τὸ σόφισμα; ὁ μὲν Ὀδυσσεὺς κατασχεῖν βούλεται τοὺς Ἕλληνας ὠρμημένους ἀπέναντι· ὁ δὲ Νέστωρ κατεσχημένους ὑπὸ τοῦ Ὀδυσσέως καὶ μένοντας ἐκστρατεῦσαι βούλεται κατὰ γένη ἐκάστους ὑπὸ τῷ οἰκείῳ ἡγεμόνι. καὶ ἔστιν αὐτῷ ἡ τῶν λόγων ὑπόθεσις οὐχ ἢ περ τῷ Ὀδυσσεῖ· γελοῖος γὰρ ἂν ἦν πεπεισμένοις ἔτι διαλεγόμενος. ἀλλὰ τίς ἡ ὑπόθεσις τοῦ Νέστορος;

κρῖν' ἀνδρας κατὰ φύλα, κατὰ φρήτρας, Ἀγάμεμνον·

ὥς φρήτρη φρήτρηφιν ἀρήγει, φύλα δὲ φύλοις

καὶ τὰ τούτοις ἐφεξῆς εἰρημένα. διὰ τοῦτο καὶ πάνυ ἀρέσκει τῷ Ἀγαμέμνονι ὁ λόγος ὁ Νέστορος· ὁ γὰρ Νέστωρ, ὃ μάλιστα βούλεται ὁ Ἀγαμέμνων, τοῦτο περαίνει. βούλεται δὲ ἐκστρατεῦσαι τοὺς Ἕλληνας· διὸ καὶ τὴν ἀπόπειραν πεποιήται·

ἀλλ' ἄγετ', αἶ κέν πως θωρήξομεν υἱας Ἀχαιῶν.

διὰ τοῦτο ἐπαινεῖ τὸν Νέστορα, βουλόμενος πάντας τοὺς ἡγεμόνας καὶ τὸν δῆμον τῶν στρατιωτῶν ὁμοίως ὁμογνώμονας αὐτῷ γενέσθαι, λέγων

τοιοῦτοι δέκα μοι συμφράδμονες εἶεν Ἀχαιῶν. ἔνθα δὴ καὶ παραμυθούμενος τοὺς Ἕλληνας ὑπὲρ Ἀχιλλέως ἀγανακτοῦντας, ὁμολογίαν ἤδη ποιεῖται τοῦ ἁμαρτήματος, ἐπάγων τάδε τὰ ἔπη·

καὶ γὰρ ἐγὼν Ἀχιλεὺς τε μαχησάμεθ' εἵνεκα κούρης

ἀντιβίοις ἐπέεσσιν· ἐγὼ δ' ἦρχον χαλεπαίνων.

εἰ δέ ποτ' ἔς γε μίαν βουλεύσομεν, οὐκέτ' ἔπειτα

Τρωσὶν ἀνάβλησις κακοῦ ἔσσεται οὐδ' ἡβαιόν. αὕτη οὖν ἡ τέχνη· ἐπειδὴ κατεσχημένους ὀρᾷ τοὺς Ἕλληνας ὑπὸ τοῦ Ὀδυσσέως, μέλλει δὲ ἕτερον ἐπάξειν λόγον, τὸν τοῦ πῶς δεῖ στρατεῦεσθαι ἐκάστους, διὰ τῶν πεπεικότων ἤδη λόγων πορεύεται, ἵνα δεξαμένων τῶν ἀκροατῶν ἃ ἐπήνεσαν λάθῃ ἐπαγαγὼν τὴν ἰδίαν ὑπόθεσιν. τοῦτο μὲν τὸ παράδειγμα τοῦ τὰ αὐτὰ δοκοῦντα ἐτέρῳ λέγειν ἕτερα ἀγωνίζεσθαι.

[13] Ὁ δὲ Διομήδης τί ποτε αὐτῷ βούλεται ἀθυμοῦντι τῷ Ἀγαμέμνονι λοιδορούμενος ἀκαίρως, ὡς ἂν τις οἰηθεῖη, καὶ ἀσυμφώνως τῇ αὐτοῦ γνῶμῃ καὶ ἀνακολούθως τῇ τοῦ προοιμίου θεραπείᾳ;

Ἀτρεΐδῃ, σοὶ πρῶτα μαχέσσομαι ἀφραδέοντι,

ἢ θέμις ἐστίν, ἄναξ, ἀγορή· σὺ δὲ μή τι χολωθῆς.

τὸ μὲν προοίμιον ἀνδρὸς πρᾶου, τὴν μέλλουσαν παρρησίαν ὡς ἐπὶ συμφέροντι γεννησομένην παραμυθουμένου· ἃ δὲ ἐπιφέρει·

ἄλκην μὲν μοι πρῶτον ὀνειδίσας ἐν Δαναοῖσιν,
φὰς ἔμεν ἀπτόλεμον καὶ ἀνάλκιδα. ταῦτα δὲ πάντα

σοὶ δὲ διάνδιχ' ἔδωκε Κρόνου παῖς ἀγκυλομήτεω.

σκῆπτρον μὲν τοι δῶκε τετιμῆσθαι περὶ πάντων·

ἄλκην δ' οὗ τοι δῶκεν, ὃ τοι κράτος ἐστὶ μέγιστον.

πῶς οὖν ταῦτα ἂν ἀλλήλοις συνᾶδοι τὸ ἀτυχοῦντι μνησικακεῖν τῷ Ἀγαμέμνονι τὸν Διομήδην, καὶ <τὸ> ὅτε μὲν ὠνειδίσε, πρᾶως ἐνεγκεῖν καὶ τῷ χαλεπαίνοντι Σθενέλῳ ἐπιτιμῆσαι

Τέττα, σιωπῇ ἦσο, ἐμῷ δ' ἐπιτείθεο μύθῳ·

οὐ γὰρ ἐγὼ νεμεσῷ Ἀγαμέμνονι ποιμένι λαῶν·

ἐνταῦθα δὲ ἀπομνημονεύειν; εἰ γάρ τις φαίη διὰ τὸ ἥριστευκέναι τὸν Διομήδην ταῦτα ποιεῖν, ἀποφαίνει τὸν ἄνδρα ἀπαίδευτον, οὐ μετρίως τῇ εὐτυχίᾳ χρώμενον. ἀλλὰ τί ταῦτ' ἐστίν; αὐτὴ ἡ κατηγορία Ἀγαμέμνονος μεγίστη παρὰ τοῦ Διομήδους τῷ βασιλεῖ συνηγορία ἐστὶ. βουλόμενος γὰρ αὐτῷ βοηθῆσαι καὶ κατασχεῖν τοὺς Ἑλλήνας, ἐν προσποιήσει τῆς πρὸς αὐτὸν ὀργῆς καὶ παρρησίας ἀναμένειν παραινεῖ, καὶ ὡς ἀγανακτῶν, εἰ οἴεται ὁ Ἀγαμέμνων τοὺς Ἑλλήνας πεισθῆσεσθαι ἀποπλεῖν, οὕτω πρὸς αὐτὸν παρρησιάζεται, ἐπιφέρων ταῖς λοιδορίαις τὴν ἔντεχνον ὑπόθεσιν·

καὶ ὅσα ἐξῆς ἐπιλέγει τὸν Ἀγαμέμνονα κελεύων, εἰ βούλεται, ἀποπλεῖν, τοὺς δὲ Ἑλλήνας οὐκ ἄν' ἀνασχέσθαι ἀπελθεῖν φάσκων· ἐπὶ τέλει δὲ νεανικῶς πάνυ ἐπαπειλῶν

τοῦτό σοι τὸ παράδειγμα τοῦ κατηγοροῦντα συναγορεύειν, ἐσχηματισμένῳ τῷ λόγῳ χρώμενον.

[14] ὁ δὲ Νέστωρ διαδεξάμενος τὸν λόγον παρὰ τοῦ Διομήδους τί ποιεῖ, θεασώμεθα καὶ τῶν λόγων τὴν τέχνην ἐξετάσωμεν, πρότερον τὴν ἀτοπίαν, ἂν ἀπλῶς ἦ λεγόμενος ὁ λόγος, καταμαθόντες. ἐπαινεῖ μὲν γὰρ τὸν Διομήδην τῶν εἰρημένων, ἐπαινέσας δὲ οὐ φησι πάντα ἐκτελέσαι τὸν λόγον καὶ τοῦ μὴ ἐκτελέσαι τὰ ῥητέα τὴν ἡλικίαν αἰτιᾶται. ὑποσχνεῖται δὲ αὐτὸς ἐρεῖν καὶ πάντα διεξελεύσεσθαι· εἴτα μακρὰ προοιμιασάμενος καὶ ἐπανατεινάμενος λόγους τινὰς θαυμαστοὺς ὡς ἐρῶν, τοὺς μὲν φύλακας ἐκπέμπει ἐπὶ τὴν φυλακὴν, τῷ δὲ Ἀγαμέμνονι συμβουλεύει δαῖτα παρασκευάζειν τοῖς γέρουσι, κάκεῖ φησὶν πολλῶν λεγόντων τὰ παρὰ τοῦ ἄριστα λέγοντος αἰρήσεσθαι τὸν Ἀγαμέμνονα. ταῦτα οὕτως μὲν ἀκοῦσαι ἄτοπὰ ἐστίν. ἀλλ' εἰδέναι χρή, ὅτι <ὁ> Νέστωρ καὶ αὐτὸς σχηματίζει, καὶ

δέχεται μὲν τὰ παρὰ τοῦ Διομήδους εἰρημένα, οὐχ ἧ γνώμη <δὲ ὁ> Διομήδης εἶπεν, ἀλλ' ὡς αὐτῷ συμφέρει πρὸς τὸν λόγον. ὁ γὰρ Διομήδης χαριζόμενος τῷ Ἀγαμέμνονι ἐπέπληξεν αὐτῷ· ὃ δὲ ἐπήνεσεν αὐτοῦ τὴν παρρησίαν, ὡς καλῶς αὐτὸν λοιδορησάμενον τῷ Ἀγαμέμνονι. τί οὖν τοῦτο βούλεται; παρασκευάσαι βούλεται τὸν Ἀγαμέμνονα ἰκετεῦσαι τὸν Ἀχιλλέα, καὶ διὰ τοῦτο ἀποδέχεται τοῦ νεανίσκου τὴν εἰς τὸν βασιλέα παρρησίαν. 'ἀτὰρ οὐ τέλος ἴκεο μύθων' φησίν, 'ἧ μὴν καὶ νέος ἔσσι' ...,

ἀλλ' ἄγ' ἐγών, ὡς σεῖο γεραίτερος εὐχομαι εἶναι,

οὐδέ κέ τίς μοι

μῦθον ἀτιμήσει, οὐδὲ κρείων Ἀγαμέμνων.

εἶτα πάλιν ἐπάγει τὸ σχῆμα ὡς διὰ κοινοῦ δόγματος καθαπτόμενος τοῦ Ἀγαμέμνονος·

ἀφρήτωρ, ἀθέμιστος, ἀνέσπιός ἐστιν ἐκεῖνος,

ὃς πολέμου ἔραται ἐπιδημίου ὀκρυόεντος.

εἶτα δείξας τῷ Ἀγαμέμνονι τὴν ὁρμὴν τοῦ λόγου τὸ μὲν ἀποκαλύπτει τὸν λόγον καὶ σαφῶς ἐλέγχειν αὐτὸν παρίησιν, ἀποπέμπεται δὲ τοὺς νεωτέρους, ὡς ἂν μὴ αἰσχύνοιτο ὁ Ἀγαμέμνων ἐκείνων ἀκουόντων ἐλεγχόμενος·

ἀλλ' ἦτοι νῦν μὲν πειθώμεθα νυκτὶ μελαίνῃ,

δόρπα τ' ἐφοπλισόμεσθα· φυλακτῆρες δὲ ἕκαστοι

λεξάσθων παρὰ τάφρον ὀρυκτὴν τείχεος ἐκτός.

εἶτα ἀποπέμψας τοὺς νέους ἰδίαν σύνοδον πρὸς τὴν παρρησίαν αὐτῷ μηχανᾶται ἐπιφέρειν·

κούροισιν μὲν ταῦτ' ἐπιτέλλομαι· αὐτὰρ ἔπειτα,

Ἀτρεΐδῃ, σὺ μὲν ἄρχε· σὺ γὰρ βασιλεύτερός ἐσσι·

πολλῶν δ' ἀγρομένων τῷ πείσειαι, ὅς κεν ἀρίστην

βουλὴν βουλεύσῃ.

εἶτα ἀναβαλλόμενος, ὡς εἰς τοῦτο ἐρῶν πάλιν ὑπαινίττεται καὶ τὰς ἀνάγκας τοῦ ἰκετεῦσαι δεῖν τὸν Ἀχιλλέα ἐπάγει βιαίως πρὸς τὸν Ἀγαμέμνονα λέγων·

μάλα δὲ χρεὼ πάντας Ἀχαιοὺς

ἐσθλῆς καὶ πυκινῆς, ὅτι δῆιοι ἐγγύθι νηῶν

καίουσιν πυρὰ πολλά. τίς ἂν τάδε γηθήσειε;

καὶ ἐπάγει τὴν ἀνάγκην τῆς ἰκετείας, ὡς οὐ δι' ἀναβολῆς δέον αὐτὴν ἀλλ' ἤδη γενέσθαι·

νῦξ δ' <ἡδ'> ἡὲ διαρραΐσει στρατὸν ἡὲ σαώσῃ. ταῦτα εἰπὼν ἐν κοινῷ, ἐπειδὴ καθ' αὐτοὺς οἱ γέροντες γίνονται, ὥσπερ ἀποδείξας καὶ οὐ δεόμενος μακρῶν λόγων ἀποκαλύπτει τὸ σχῆμα φανερώς λέγων·

οὐ γάρ τις νόον ἄλλον ἀμείνονα τοῦδε νοήσει,
οἷον ἐγὼ νοέω ἡμὲν πάλαι ἡδ' ἔτι καὶ νῦν
ἔξετι τοῦ, ὅτε διογενεὺς Βρισηίδα κούρην
χωομένου Ἀχιλῆος ἔβης κλισίηθεν ἀπούρας,
οὐ τι καθ' ἡμέτερόν γε νόον· μάλα γάρ τοι ἔγωγε

εἴξας ἄνδρα φέριστον, ὃν ἀθάνατοὶ περ ἔτισαν,
ἡτίμησας· ἐλὼν γὰρ ἔχεις γέρας.

εἴτα ἐπάγει·

[15] Ἐπ' ἀνέλθωμεν δὲ ἐπὶ τὸν ὑπόλοιπον λόγον τὸν περὶ τῶν τὰ ἐναντία
λεγόντων καὶ τὰ ἐναντία βουλομένων οἷς λέγουσιν. τοῦτου τοίνυν τοῦ
λόγου παράδειγμα ὁ τοῦ Ὀμήρου ἐστὶν Ἀγαμέμνων, ἐν τῇ ἀποπείρᾳ τῶν
Ἑλλήνων τὸ εἶδος τῶν λόγων ἡμῖν παραδιδούς. καὶ πρῶτον μὲν προτείνας
τῇν ὑπόθεσιν

ἀλλ' ἄγετ' αἶ κέν πως θωρήξομεν νῆας Ἀχαιῶν·

πρῶτα δ' ἐγὼν ἔπεσιν πειρήσομαι, ἣ θέμις ἐστί,

καὶ φεύγειν σὺν νηυσὶ πολυκλήισι κελεύσω·

ὑμεῖς δ' ἄλλοθεν ἄλλος ἐρητύειν ἐπέεσσιν ἐπάγει τὴν τέχνην ἐν τῇ
δημηγορίᾳ ἀσθενεῖς προτάσεις προτείνων καὶ λαβὰς ἀντιλογίας διδοὺς τῷ
βουλομένῳ ἐναντιοῦσθαι καὶ στρεφόμενα λέγων. ἴδωμεν δὲ αὐτὰ τὰ ἔπη·

Ζεὺς με μέγας Κρονίδης ἄτη ἐνέδησε βαρεῖη,

σχέτλιος, ὃς πρὶν μὲν μοι ὑπέσχετο καὶ κατένευσεν

Ἴλιον ἐκπέρσαντ' εὐτείχεον ἀπονέεσθαι.

ἔχοι τις ἂν ἀντειπεῖν πρὸς τὸν Ἀγαμέμνονα· εἰ τοίνυν ὑπέσχετο καὶ
κατένευσεν, ὃ πέρ ἐστιν μέγιστον σημεῖον τοῦ ἀψευδεῖν τὸν Δία, ὡς αὐτὸς
ὁ Ζεὺς ὁ Ὀμήρου λέγει·

εἰ δ' ἄγε τοι κεφαλῇ κατανεύσομαι, ὄφρα πεποιθήης·

τοῦτο γὰρ ἐξ ἐμέθεν γε μετ' ἀθανάτοισι μέγιστον

τέκμωρ. οὐ γὰρ ἐμὸν παλινάγρετον οὐδ' ἀπατηλὸν

οὐδ' ἀτελεύτητον, ὃ τί κεν κεφαλῇ κατανεύσω·

εἰ τοίνυν ὁ Ζεὺς ὑπέσχετό σοι καὶ κατένευσεν, πῶς ἀξιοῖς ἀποπλεῖν;
εἴτα πάλιν ἐπάγει

νῦν δὲ κακὴν ἀπάτην βουλεύσατο, καί με κελεύει

δυσκλέα Ἄργος ἰκέσθαι, ἐπεὶ πολὺν ὤλεσα λαόν,

πάλιν ἀντιλαβὴν διδοὺς ἐν τῷ 'δυσκλέα'· δικαίως γὰρ ἂν τις ἀντείποι
πρὸς αὐτόν, ὅτι οὐ χρή αἰσχυρῶς ἀπαλλάττεσθαι. εἴτα ἐξῆς λέγει

οὕτω που Διὶ μέλλει ὑπερμενέει φίλον εἶναι· <τῇρει> τὴν φωνὴν αὐτήν,

ὅτι στοχασμὸν ἔχει, οὐκ ἀπόφασιν σαφῇ. εἴτα ἐφεξῆς

ὃς δὴ πολλὰν πολλὰν κατέλυσε κάρηνα

ἦδ' ἔτι καὶ λύσει·

πάλιν εἴποι τις ἂν πρὸς αὐτόν· εἰ τοίνυν κατέλυσε πόλεις <πολλὰς> καὶ καταλύσει, πιστευτέον τῷ Διὶ καὶ μενετέον. τὸ δὲ ἐφεξῆς θαυμασίως στρεφόμενόν ἐστιν, ὃ χρῆται καὶ ὁ ἀντιλέγων,

αἰσχροὺν γὰρ τόδε γ' ἐστὶ καὶ ἐσσομένοισι πυθέσθαι,

μᾶψ οὕτω τοιόνδε τοσόνδε τε λαὸν Ἀχαιῶν

ἄπρηκτον πόλεμον πολεμίζειν ἠδὲ μάχεσθαι.

αὐτὸ γὰρ τοῦτο τὸ αἰσχρὸν ὁ μένειν ἀξιῶν προτείνει, καὶ ταῦτα αὐτὰ Ὅδυσσεὺς λέγει. τὸ δὲ τέλος τῶν λόγων ἰσχυρῶς ἐναντία βουλομένου ἐστὶν οἷς λέγει

ἀλλ' ἄγεθ', ὥς ἂν ἐγὼ εἴπω, πειθώμεθα πάντες,

φεύγωμεν σὺν νηυσὶ φίλην ἐς πατρίδα γαίαν.

τὸ γὰρ αἰσχρὸν τοῦ ὀνόματος κατέχει μᾶλλον ἢ ἀποπέμπει τοὺς Ἕλληνας. τοῦτω γέ τοι τῷ ὀνόματι καὶ ἡ Ἥρα πρὸς τὴν Ἀθηναίαν χρεῖται, τοῦτω ἡ Ἀθηναῖα πρὸς τὸν Ὅδυσσέα, τοῦτω Ὅδυσσεὺς πρὸς τὸ πλῆθος, καὶ ὁ Ἀγαμέμνων δὲ πρὸς τὸν Ἀχιλλέα τοῦτω κέχρηται, καὶ ὅλως Ὅμηρος πανταχοῦ τὸ τῆς φυγῆς ὄνομα ἐπ' αἰσχροῦ καὶ δειλίας τάττει. οὕτω μὲν δὴ καὶ ἐνδόσιμα καὶ εὐδιάλυτα προτείνει, καὶ στρεφόμενα καὶ ἐναντία λέγει.

[16] Λοιπὸς δὲ ἡμῖν ἐστὶ λόγος, τοῦ λανθάνειν ἢ τέχνη. τίς οὖν ἡ τέχνη; ἢ τοῦ πάθους προσθήκη. ὥς γὰρ σχετλιάζων τοὺς λόγους ποιεῖται, καὶ ἥρξασθαι ἀπὸ τοῦ μέμφεσθαι τὸν Δία καὶ βλασφημεῖν εἰς τὸν θεόν· οὕτως ἔκλεψεν τὸν ἀκροατήν. οἱ γὰρ ἀκούοντες οἴονται αὐτὸν ὑπὸ ἀκρασίας οὐκ ἀκριβεῖ λόγῳ χρώμενον ἀλλὰ πάθει ταῦτα διεξιέναι. αὕτη καὶ τοῦ σχηματίζοντα τὸν σχηματισμὸν τοῦτον λαθεῖν ἢ μέθοδος.

Ἔχεις οὖν συμπλοκὴν πίστεων, ἢ περ μεγίστη σχημάτων μέθοδος· ἃ περ ἂν εἴπες εἰς ἀπλήν ὑπόθεσιν, τὰ αὐτὰ λέγοντα ἐπὶ τῶν πλαγίων λόγων τὸ σχῆμα περαίνειν· συγκατασκευάζοντα τὸν οἰκεῖον ἀγῶνα τῷ κοινῷ, ὥς ἔμαθες παρὰ Δημοσθένους, παρὰ Θουκυδίδου, παρὰ Πλάτωνος· εὐδιάλυτα λέγειν· στρεφομένοις χρῆσθαι λόγοις ἐν προσποιήσει πάθους. καὶ ὅλως εἰδέναι χρή, ὅτι τὰ σχήματα οὐχὶ προσκρούματά ἐστιν <ἐν> ὀνομάτων ἀμφιβολίαις λεγόμενα, ἀλλὰ ἀγῶνες ὅλοι τέχνη τῆς συμπλοκῆς διοικούμενοι. ἢ μὲν γὰρ διαίρεσις ἀπλῇ τῶν σχημάτων, ἢ δὲ κατασκευὴ τῶν κεφαλαίων ἐκάστων ὥς δι' ἀπλῶν πορευομένοις τοὺς πλαγίους περαίνει λόγους.

Περὶ ἔσχηματισμένων β

[1] Τολμῶσί τινες λέγειν, ὅτι οὐκ ἔστιν ἔσχηματισμένη ἰδέα λόγων. δεῖ γὰρ ἀπλῶς λέγειν ἢ μὴ λέγειν. καὶ γὰρ οὐδὲν πλέον τὸ καθ' ὑπόνοιαν λέγειν. εἰ γὰρ συνήσιν ὁ ἀκούων, ἐξ ἴσου καθέστηκεν τῷ φανερώς ἀκούοντι· εἰ μὴ συνήσῃ, πλέον οὐδὲν τῷ λέγοντι. ἡμεῖς δὲ φαμέν, ὅτι τοσοῦτον ἀπέχει ὀρθῶς λέγειν ὁ λέγων μὴ εἶναι ἔσχηματισμένους λόγους, ὥστε τοῦναντίον οὐδεὶς λόγος ἀσχημάτιστος οὐδὲ ἀπλοῦς λόγος οὐδεὶς. καὶ δὴ ἀπὸ τῶν συντρόφων καὶ συνήθων ἀρχώμεθα. τὸ προσαγορεύειν ἄνευ σχήματος οὐ γίνεται· ὁ μὲν φιλοφρόνως προσαγορεύει, ὁ δὲ αἰδημόνως, ὁ δὲ σκώπτων, ὁ δὲ ἰαρωῶς, ὁ δὲ ὡς θαυμάζων. αἱ κλήσεις εἰς ἴδια δεῖπνα σχηματισμοῦ δέονται· οὐ γὰρ πάντας ὁμοίως τις καλεῖ, ἀλλὰ ἐκάστῳ τὴν πρέπουσαν κλῆσιν προστίθῃσιν. αἱ τῶν δανεισμάτων ἀπαιτήσεις οὐ πρὸς πάντας ὅμοιαι, ἀλλ' εὐπρεπείας δέονται καὶ διοικήσεως· καὶ αἱ μὲν εἰσι θρασύτεραι, αἱ δὲ μετριώτεραι, αἱ δὲ ἄλλης προφάσεως δέονται. ἵνα βραχέως εἴπω, ὅλον τὸ τῆς εἰρωνείας σχῆμα ἔσχηματισμένου λόγου σημεῖόν ἐστι.

[2] Δείξομεν δὲ καὶ ἀγῶνας ὅλους ἔσχηματισμένους καὶ λόγους δημηγορικοὺς [ἔσχηματισμένους] καὶ πανηγυρικῆς ἰδέας, καὶ ἀποφανοῦμεν τῶν σχημάτων τὰ εἶδη. ἔστιν δὲ ταῦτα· ἥτοι λέγει μὲν <ᾧ> βούλεται, εὐπρεπῶς δὲ λέγει· ἢ ἕτερα προτείνων ἕτερα διοικεῖται· ἢ τὰ ἐναντία προτείνων τὰ ἐναντία διοικεῖται. <ποῦ> τούτων τὰ παραδείγματα καὶ ἡ διδασκαλία; Ὅμηρος πάντα παραδίδωσι.

[3] Τὸ λέγοντα ζητεῖν εὐπρεπῶς λέγειν δείκνυσιν ἐπὶ τῆς Ἰριδος καὶ τοῦ Ποσειδῶνος ἀγανακτοῦντος πρὸς τὸν Δία· παραινεῖ αὐτῷ ἡ Ἴρις εὐπρεπέστερον λέγειν, ἵν' ἀκινδυνότερος ὁ λόγος ᾗ· καὶ ταυτὶ παραινοῦσα ἐν τῇ παρρησίᾳ τῆς παραινέσεως τὸ εὐπρεπὲς διοικεῖ· ὥστε καὶ τὸ παράγγελμά ἐστι καὶ ἡ τέχνη παραδιδομένη·

Οὕτω γὰρ δὴ τοι, γαίηοχε κυανοχαῖτα,
τόνδε φέρω Διὶ μῦθον ἀπηνέα τε κρατερόν τε,
ἢ τι μεταστρέψεις;

ταῦτα μὲν παραινεῖ τὸ εὐπρεπὲς διδάσκουσα. ποιεῖ δὲ αὕτῃ αὐτὸ πῶς; μετὰ γὰρ ἐπαίνων θεραπεύει αὐτόν, ἵνα ἀνάσχηται τῆς παρρησίας, καὶ τὴν ἀπειλὴν αὐτῷ ἐπάγει ὀνόματι ἐνὶ λέγουσα 'Διὶ μῦθον'.

[4] Ὁ δὲ ἕτερα λέγων καὶ ἕτερα διοικούμενος λόγος ἐστὶ τῆς Θέτιδος πρὸς τὸν Ἀχιλλέα, ἄλογος εἶναι δοκῶν, ἂν μὴ τις τὸ σχῆμα γνῶ. παραμυθουμένη γὰρ τὸν υἱὸν ἐπὶ τῷ Πατρόκλου θανάτῳ λέγει

ἀγαθὸν δὲ γυναικί περ ἐν φιλότῃτι
μίσησθαι.

τίς ἂν εἴη ταύτης τῆς παραινέσεως ἀπρεπεστέρα παρὰ μητρός; ἀλλὰ ὡς μητρικῶς παραμυθουμένη ὑπαινίττεται πρὸς τὸν Ἀχιλλέα, ὅτι οὐ χρὴ αὐτόν τρυφᾶν, ἀλλὰ μεμῆσθαι καὶ τῆς προτέρας χάριτος τῆς περὶ τὴν Βρισηίδα, ὅτι ἐπήμυνεν αὐτῷ ὁ Ζεὺς, καὶ ἵνα ἀπολάβῃ, δεινὰ πεπόνθασιν οἱ Ἀχαιοί.

Ἴν' οὖν μὴ ὀνειδίζοι τοῦτο, ὡς λύπης παραμυθίαν προτείνουσα τὸ καὶ συναναπαύσασθαι τῇ γυναικὶ τὴν ἀνάμνησιν ἐποιήσατο. σαφέστερον δὲ τὸ εἶδος τοῦτο δηλοῖ ὁ Διομήδους λόγος πρὸς Ἀγαμέμνονα, ὅτε Ἀγαμέμνων ἀπόπειραν ποιεῖται τῶν Ἑλλήνων τῶν ἀριστέων, τὸ δεύτερον κελεύων φεύγειν·

Ἀτρεΐδῃ, σοὶ πρῶτα μαχέσσομαι ἀφραδέοντι,
ἢ θέμις ἐστίν, ἄναξ, ἀγορῇ· σὺ δὲ μὴ τι χολωθῆς.
ἄλκῃν μὲν μοι πρῶτον ὀνειδίσας ἐν Δαναοῖσιν,
φὰς ἔμεν ἀπτόλεμον καὶ ἀνάλκιδα. ταῦτα δὲ πάντα
ἴσας· Ἀργεῖοι ἡμὲν νέοι ἡδὲ γέροντες.
σοὶ δὲ διάνδιχ' ἔδωκε Κρόνου παῖς ἀγκυλομήτεω,
σκήπτρῳ μὲν τοι δῶκε τετιμῆσθαι περὶ πάντων·
ἄλκῃν δ' οὗ τοι δῶκεν, ὃ τε κράτος ἐστὶ μέγιστον.
δαιμόνι', οὕτω που μάλα ἔλπεα υἷας Ἀχαιῶν
ἀπτολέμους τ' ἔμεναι καὶ ἀνάλκιδας, ὡς ἀγορεύεις;
εἰ δέ τοι αὐτῷ θυμὸς ἐπέσσεται, ὥστε νέεσθαι,
ἔρχεο· πάρ τοι ὁδός. νῆες δέ τοι ἄγχι θαλάσσης
ἐστᾶσ', αἶ τοι ἔποντο Μυκῆνηθεν μάλα πολλαί.
ἀλλ' ἄλλοι μενέουσι κερηκομόωντες Ἀχαιοί,
εἰς ὃ κέ περ Τροίην διαπέρσομεν· εἰ δὲ καὶ αὐτοί,
φευγόντων σὺν νηυσὶ φίλην ἐς πατρίδα γαίαν·
νῶϊ δ', ἐγὼ Σθένελός τε, μαχησόμεθ', εἰς ὃ κε τέκμωρ
Ἰλίου εὕρωμεν· σὺν γὰρ θεῶ ἐιλήλουθμεν.

οὗτος ὁ λόγος, ἂν μὴ τι ἕτερον διοικῆται ἢ λέγῃ, παντάπασιν ἄτοπός ἐστι καὶ ἀσχήμων· τὸ γὰρ ἐν κακοῖς ἐπιτίθεσθαι τῷ βασιλεῖ καὶ λοιδορεῖσθαι ἀπρεπέστατον. καὶ ἔοικέ πως ὁ Διομήδης ὁμολογεῖν, ὅτι ἀπρεπῶς χρῆται τῷ λόγῳ· προοιμιάζεται γοῦν παραιτούμενος. καὶ ἀτοπώτατον πρᾶγμα λέγειν, ὅτε μὲν αὐτῷ ὀνειδίζειν ὁ Ἀγαμέμνων, ἤνεγκεν εὐπρεπῶς καὶ τῷ Σθενέλῳ ἀποκρινομένῳ ἐπετίμησεν

Τέττα, σιωπῇ ἥσο, ἐμῷ δ' ἐπιπέθεο μύθῳ.

Οὐ γὰρ ἐγὼ νεμεσῶ Ἀγαμέμνονι ποιμένι λαῶν

ὀτρύνοντι μάχεσθαι εὐκνήμιδας Ἀχαιοὺς.

νῦν δὲ ἀναμιμνήσκειται καὶ μνησικακεῖ. εἰ δέ τις φαίῃ 'ἐπειδὴ ἡρίστευσεν, θαρρεῖ', τοσοῦτω μᾶλλον ὑβριστότερος φαίνεται, εἰ τῇ τύχῃ ἐντρυφᾷ. ἀλλ' εἰδέναι χρή, ὅτι αὗται αἱ λοιδορίαι αἱ πρὸς Ἀγαμέμνονα χρυσὸς ἦν τῷ Ἀγαμέμνονι. ἐν γὰρ σχήματι τοῦ ἀγανακτεῖν πρὸς αὐτὸν συναγορεύει· καὶ βουλόμενος παραινεῖσαι τοῖς ἀριστεῦσι μένειν καὶ μὴ ἀπαλλάττεσθαι οὐκ ἐν σχήματι παραινέσεως διαλέγεται ἀλλ' ἐν ὀργῇ τῇς πρὸς τὸν Ἀγαμέμνονα σχήματι κατετόλμησεν τοιαύτην γνώμην καταθέσθαι εἰς μέσον. ἤδη γὰρ ἡ λοιδορία ἐπὶ τοῦτο ἔρχεται·

δαιμόνι', οὕτω που μάλα ἔλπεα υἷας Ἀχαιῶν

ἀπτολέμους τ' ἔμεναι καὶ ἀνάλκιδας, ὡς ἀγορεύεις;

ἂ γὰρ ἔδει συμβουλεύοντα πείθειν, μένειν, ταῦτα λέγει ὡς ἀγανακτῶν, εἰ ἀξιοῖ μένειν αὐτοὺς ὡς φεύγοντας· προτείνεται γάρ. εἴθ' ἢ ἐπίτασις τοῦ 'σὺ

πορεύου, καὶ οἱ ἄλλοι μενοῦσιν'. οὐ γὰρ ἀξιοὶ συμβουλευεῖν μένειν, ἀλλ' ὡς πεπεισμένων διαλέγεται· εἴτα φοβούμενος, μὴ ἐνδῶσιν, καὶ αὐτοῖς συγχωρεῖ φεύγειν. οὗτος ὁ σχηματισμός ἐστι τοῦ ἄλλα λέγοντα ἄλλα διοικεῖν.

[5] Τὸ δὲ τὰ ἐναντία οἷς λέγει διοικεῖσθαι ἐν τῇ ἀναγκαιοτάτῃ ἐστὶ δημηγορία τῇ Ἀγαμέμνονος. καὶ τηρητέον, ὅτι ἐν κινδύνοις οἱ σχηματισμοὶ εὐρίσκονται. ὁ γὰρ Ἀγαμέμνων ἀπόρως ἔχει ἐκστρατεῦσαι τοὺς Ἑλλήνας, καὶ προτείνει αὐτὸς τὴν ἀπορίαν·

Ἄλλ' ἄγετ' αἶ κέν πως θωρήξομεν υἷας Ἀχαιῶν.

πρῶτα δ' ἐγὼν ἔπεσιν πειρήσομαι, ἢ θέμις ἐστί,

καὶ φεύγειν σὺν νηυσὶ πολυκλήισι κελεύσω·

ὑμεῖς δ' ἄλλοθεν ἄλλος ἐρητύειν ἐπέεσσιν.

καὶ τῆς διαπεύρας ἡ αἰτία φανερά τῷ νοῦν ἔχοντι, ὅτι ἐπειδὴ ὁ Ἀχιλλεὺς ἀφέστηκεν τοῦ Ἑλληνικοῦ καὶ οὐ συστρατεύεται (ἦν δὲ ἡγεμὼν πάντως τοῦ στρατεύματος), ζητεῖ, πῶς ἂν δίχα Ἀχιλλέως ἐξέλθοιεν. καὶ οἶδεν τοὺς Ἑλλήνας ὀργιζομένους ἐπ' Ἀχιλλεῖ, καὶ φοβεῖται, μὴ ἄρα, ἂν κελεύσῃ, οὐχ ὑπακούσωσιν τοῦ ταγεύοντος·

ἀλλ' ἄγετ' αἶ κέν πως θωρήξομεν υἷας Ἀχαιῶν καὶ τὸ

πρῶτα δ' ἐγὼν ἔπεσιν πειρήσομαι, ἢ θέμις ἐστί,

καὶ φεύγειν σὺν νηυσὶ πολυκλήισι κελεύσω.

καὶ ἂν τις προτείνῃ ἡμῖν, ὅτι οὐ τυγχάνει τῆς προαιρέσεως Ἀγαμέμνων, ἀλλ' ἀποπειρώμενος κινδυνεύει ἡττᾶσθαι καὶ ἀτυχῶς χρήται τῷ λόγῳ (ὠρμήκασι γὰρ εἰς τὰς πατρίδας), ἀγνοεῖ ὅτι Ἀγαμέμνονος τέχνη αὕτη ἐστὶ τὸ ὀρμῆσαι αὐτούς· οὐ γὰρ οἶεται τῇ ἀποπειρᾷ τῶν λόγων καθέξειν αὐτούς. ἀλλὰ τίς ἡ τέχνη; ἐπειδὴ ἀγανακτοῦσιν ὑπὲρ Ἀχιλλέως, οὐκ ἐνδείκνυνται δὲ τὴν ἀγανάκτησιν, ἕως ἂν χρεία γένηται ἐξόδου, βούλεται αὐτοὺς ἀπορρηξαι τὸν θυμὸν καὶ φανεροὺς γενέσθαι ὀργιζομένους, καὶ ὑπὸ τῶν ἀρίστων κατασχεθῆναι. τοῦτό τοι καὶ γίνεται· φαίνονται ἐτοιμῶς ἀπίνοντες εἰς τὰς πατρίδας, Ὀδυσσεὺς δὲ καὶ Νέστωρ κατέχουσιν αὐτούς. ταῦτα οὖν ὁ Ἀγαμέμνων ἀποπειρώμενος φανερώς τοῦ σχήματος τὴν διδασκαλίαν παιδεύει· τὰ γὰρ ἐναντία οἷς βούλεται λέγει. ἔστι δὲ ἡ μέθοδος τούτων τῶν λόγων θαυμαστὴ τις καὶ ἄτοπος· τὰς γὰρ ἐν λόγοις ῥητορικοῖς κακίας ταύτας αὕτη ἡ ἰδέα ἀρετὰς ἀναφαίνει. εἰσὶ δὲ κακίαι λόγων ῥητορικῶν τό τε εὐδιάλυτα λέγειν καὶ τὸ ἀγχίστροφα· ὦν τὸ μὲν ἀσθενείας, τὸ δὲ καὶ κινδύνου. δι' ἀμφοτέρων πορεύεται ὁ Ἀγαμέμνων εἰκότως. ὥσπερ γὰρ ὅταν τις ἂ βούληται λέγειν, οὐ χρή αὐτῶν οὗτ' ἐναντίοις ἔπεσι χρῆσθαι οὗτ' εὐδιαλύτοις, οὕτως ὅταν τις ὦν λέγει τὰ ἐναντία βούληται, ἀνάγκη αὐτῷ τὴν κακίαν τὴν ἐπὶ τῶν λόγων ἀρετὴν ἐνταῦθα ποιήσασθαι· εἰ δὲ μή, συμβήσεται αὐτῷ ἐναντιώσει περιπεσεῖν ἄλλα τε πεῖσαι, οὐχ ἂ βούλεται. τοῦτο μὲν οὖν καὶ οἱ μελετῶντες ἴσασιν. ὅταν γὰρ τις προσέλθῃ τῇ βουλῇ ἀξίων ἀποθανεῖν, οὐδεὶς αὐτῶν ἀποθανεῖν βούλεται, ἀλλὰ τὰ ἐναντία βούλεται ὦν λέγει. καὶ οἱ τὰ δῶρα «τὰ» παρὰ τῶν φίλων ἀπωθούμενοι, βουλόμενοι δέξασθαι, λέγουσιν μὲν τὰ ἐναντία, πράττουσιν δὲ τὰ ἐναντία. δεῖ οὖν ἡμᾶς διδάξαι, πῶς μὲν λέγει εὐδιάλυτα

καὶ στρεφόμενα, τὸ δὲ μέγιστον, πῶς ἔλαθεν τοῦτο ποιῶν· ἐπεὶ συμβήσεται, ἂν κατὰφωρος ἢ τέχνη γένηται, καὶ τὸν ἀκούοντα ἀντιτεχνάζειν καὶ ἀντισχηματίζειν, προσποιούμενον πείθεσθαι καὶ συγχωρεῖν. ὅτι μέντοι εὐδιάλυτα λέγει, ἐκεῖνο σημεῖον·

ὅς πρὶν μὲν μοι ὑπέσχετο καὶ κατένευσεν

Ἰλιον ἐκπέρσαντ' εὐτείχεον ἀπονέεσθαι·

εἰ τοίνυν ὑπέσχετο καὶ κατένευσεν, περιμενετέον.

νῦν δὲ κακὴν ἀπάτην βουλευέσαστο, καί με κελεύει

δυσκλέα Ἄργος ἰκέσθαι· πάλιν ἀντιλαβὴν ἔχει· οὐ γὰρ δεῖ δυσκλεᾶ ἀπιέναι. ταῦτα μὲν εὐδιάλυτα· ἐκεῖνα δὲ σαφῶς στρεφόμενα

αἰσχροὺν γὰρ τόδε γ' ἐστὶ καὶ ἐσσομένοισι πυθέσθαι,

μὰς οὕτω τοιόνδε τοσόνδε τε λαὸν Ἀχαιῶν

ἄπρηκτον πόλεμον πολεμίζειν ἢ δὲ μάχεσθαι.

ταῦτα φανερώς ὁ ἀντιλέγων ἔρεῖ·

αἰσχροὺν γὰρ τόδε γ' ἐστὶ καὶ ἐσσομένοισι πυθέσθαι.

πῶς οὖν διοικεῖ; ὅτι μὲν γὰρ εὐδιάλυτα λέγει καὶ στρεφόμενα, δῆλον· καὶ ἔτι μᾶλλον, ἂν ἐπεξίῃ τις τὴν τέχνην τῶν ἐπῶν, εὐρήσει. ἀλλὰ τίς ἢ τέχνη τῶν τοιούτων; πάθους προβολὴ πρὸ τοῦ λόγου, ἵνα δοκῇ ὑπὸ λύπης φέρεσθαι αὐτῷ ὁ λόγος, μὴ ἐξ ἐπιβουλῆς διοικεῖσθαι. διὰ τοῦτο Ἀγαμέμνων ἀπὸ σχετλιασμοῦ ἤρξατο·

Ζεὺς με μέγας Κρονίδης ἄτη ἐνέδησε βαρεῖη

σχέτλιος.

ὁ οὖν τῷ Διὶ οὕτω προσφερόμενος καὶ βλασφημῶν δῆλός ἐστιν ὑπὸ λύπης <ἐξιστάμενος> καὶ ἀσύμφωνα αὐτῷ λέγων. πάθους οὖν προβολὴ κλοπὴ γίνεται διοικήσεως τεχνικῆς. τοιοῦτο μὲν ἐστὶ τὸ σχῆμα τοῦ τὰ ἐναντία λέγειν οἷς βούλεται.

[6] Ἔστι δὲ καὶ τέταρτον σχῆμα βαθύτατον, τὸ δι' ἄλλων πορευόμενον καὶ παντελῶς ἐπ' ἄλλης ὑποθέσεως τὸν λόγον ποιούμενον ἄλλην περαίνειν. καὶ τούτου Ὅμηρος τὸ παράδειγμα ἔδωκεν καὶ ἔλαθεν τοὺς πολλούς. ἐπὶ γὰρ τῇ ἀποπείρᾳ τοῦ Ἀγαμέμνονος, ἣν ποιεῖται πρὸς τοὺς Ἕλληνας, οἱ κατέχοντες τὸ Ἑλληνικὸν εἰσὶν Ὀδυσσεὺς καὶ Νέστωρ. καὶ θαυμαστὸν τί ἐν τῷ λόγῳ ἐστί; διπλοῦν τὸ θαυμαστόν· ὅμοιος ὁ Νέστωρ μηδὲν ἴδιον λέγειν, ἀλλὰ τὰ αὐτὰ λέγειν τῷ Ὀδυσσεῖ, ὥσπερ μαθητῆς τὰ διδασκάλου· καὶ ἀπονέμει αὐτῷ ἔπαινον ὁ Ἀγαμέμνων ὡς κρατοῦντι τῶν Ἑλλήνων ἐν ταῖς βουλαῖς, ὃ πέρ ἐστιν ἀτοπώτατον. καὶ λέγουσιν οἱ διδάσκαλοι, ὅτι ἐπειδὴ ἐπήνεσεν τὸν Ὀδυσσεᾶ τὸ πλῆθος, ἵνα μὴ λυποῖτο ὁ γέρων, καὶ ὁ Ἀγαμέμνων τὸν γέροντα· ὥσπερ παιδαρίων ἐν διδασκαλείῳ ἐπιδεικνυμένων καὶ παραμυθίαν τοῦ διδασκάλου ἀπονέμοντος, ἵνα μὴ κλαίῃ τὰ παιδιά. ἀλλ' ἢ τέχνη τίς; ὅπως ἢ αὐτὴ ὑπόθεσις τῶν λόγων οὐκ ἐστὶν Ὀδυσσεῖ καὶ Νέστορι. ἔροιτο ἂν τις· 'καὶ πῶς οὐχ ἢ αὐτὴ ὑπόθεσις; τὰ αὐτὰ γὰρ λέγουσιν'. τοῦτο ἢ τέχνη ἢ Νέστορος, ὅτι τὰ αὐτὰ λέγων οὐκ εἰς τὴν αὐτὴν ὑπόθεσιν λέγει. ἀλλ' ἢ τέχνη τίς; ἐπειδὴ μέλλει χαλεπὴν ὑπόθεσιν πείθειν, πορεύεται διὰ τῆς πεπεικυίας ὑποθέσεως. πεπεισμένοι εἰσὶν οἱ Ἕλληνες ὑπὸ τοῦ Ὀδυσσεῶς μένειν, καὶ ἤνεγκαν αὐτοῦ τὴν

ἐπιτίμησιν καὶ τὴν παραμυθίαν. ἀλλ' ἔχει χαλεπωτέραν ὑπόθεσιν ὁ γέρων·
πορεύεται οὖν δι' ὧν ἔπεισεν Ὀδυσσεὺς καὶ τὰ αὐτὰ λέγει Ὀδυσσεΐ·

ῶστε γὰρ ἢ παῖδες νεαροὶ χῆραί τε γυναῖκες

ἀλλήλοισιν ὀδύρονται οἶκον δὲ νέεσθαι

Ὀδυσσεύς. τὰ αὐτὰ ὁ γέρων·

ὦ πόποι, ἦ δὴ παισὶν εἰκότες ἀγοράασθε

νηπιάχοις.

Πῇ δὲ συνθεσίου καὶ ὄρκια βήσεται ἡμῖν;

ἐν πυρὶ δὴ βουλαί τε γενοίατο μήδεά τ' ἀνδρῶν <Νέστωρ. ἀλλ'
Ὀδυσσεύς>

μάλα δὴ σε, ἄναξ, ἐθέλουσιν Ἀχαιοὶ

πᾶσιν ἐλέγχιστον θέμεναι μερόπεσσι βροτοῖσιν.

λέγει ἐκεῖνος σημῖλον μαντείας τὸ περὶ τὸν Κάλχαντα, οὗτος τὰ τῆς
ἀστραπῆς· ὥστε διὰ τῶν αὐτῶν πορεύονται. τί οὖν ἐστὶ τὸ παραλλάττον;
διδάσκει τὸ παραλλάττον τῆς ὑποθέσεως τῶν ἐπαίνων ἢ διαίρεσις.
ἐπήνεσαν οἱ Ἀχαιοὶ καὶ τὸ πλῆθος τὸ κοινὸν τὸν Ὀδυσσέα· πεισθέντες
μένουσιν, καὶ τὸ ἔργον τοῦ Ὀδυσσέως λαμπρόν·

τοῖσι δ' ἄφαρ πόλεμος γλυκίων γένετ' ἥ ἐ νέεσθαι

ἐν νηυσὶ γλαφυρῇσι φίλην ἐς πατρίδα γαῖαν.

ὁ γέρων ἄλλην ὑπόθεσιν ἔχει· ἐπειδὴ γὰρ πεπεισμένοι εἰσὶν οἱ Ἕλληνες
μένειν, ζητεῖ αὐτοὺς ἐκστρατεῦσαι. οὐδὲν γὰρ ὄφελος τοῦ μένειν ἄνευ τοῦ
ταχθῆναι· ὁ περ μάλιστα ὑπόθεσις ἐστὶ καὶ ζήτησις τοῦ Ἀγαμέμνονος·

ἀλλ' ἄγετ' αἶ κέν πως θωρήξομεν υἱας Ἀχαιῶν,

πῶς <ἀν> ἄνευ τοῦ Ἀχιλλέως ἐκστρατεύουσιντο. ἔστιν οὖν τοῦ Νέστορος
ἡ ὑπόθεσις·

κρῖν' ἀνδρας κατὰ φύλα, κατὰ φρήτρας, Ἀγάμεμνον·

ὥς φρήτρη φρήτρηφιν ἀρήγει, φύλα δὲ φύλοις.

εἰ δέ κεν ὥς ἔρξης καὶ τοὶ πείθωνται Ἀχαιοί,

γνώσει ἔπειθ', ὅς θ' ἡγεμόνων κακὸς ὅς τέ νυ λαῶν

ἦδ' ὅς κ' ἐσθλὸς ἔησι· κατὰ σφέας γὰρ μαχέονται.

αὕτη ἡ ὑπόθεσις ἐστίν, ἣς χρεῖαν ἔχει ὁ Ἀγαμέμνων· αὕτη ἡ ἐπικίνδυνος
ὑπόθεσις τῶν λόγων τῷ Νέστορι· ὥς ἐν παρέργῳ δὲ αὐτὴν ἔρριψεν

ἄλλο δέ τοι ἔρέω, σὺ δ' ἐνὶ φρεσὶ βάλλεο σῆσιν

ὥς προσθήκην τῷ λόγῳ ποιούμενος· καὶ γίνεται ὥσπερ τέλος τῆς
δημηγορίας τῆς πεπεικίας χρεῖα δημηγορίας ἀναγκαιοτέρα. διὰ τοῦτο
Ἀγαμέμνων τυχῶν ὧν ἐβούλετο ἐπαινεῖ τὸν γέροντα·

Ἥ μὰν αὖτ' ἀγορῇ νικᾷς, γέρον, υἱας Ἀχαιῶν.

ὥστε ἄρχεται ἀπὸ ἐπαίνου συναγορεύων τῷ Νέστορι, εἴτα παραμυθεῖται τὸν θυμὸν ὁμολογῶν ἡμαρτηκέναι, εἴτα κελεύει καὶ ἀπειλεῖ βασιλικῶς. αὕτη οὖν ἡ τέχνη τίς ἐστι; τὸ ἐπ' ἄλλης ὑποθέσεως πεπεικυίας πρότερον «εἰπόντα» ἐπὶ τέλει ὡς πάρεργον ἐρρίπτειν τὴν οἰκειοτέραν ὑπόθεσιν. ταύτην τὴν τέχνην τίς ἐμιμήσατο καὶ τίς ἐξηγήσατο; Πλάτων. ἐγκώμιον λέγει ἐν τῷ Συμποσίῳ Ἀλκιβιάδης Σωκράτους. ἐπὶ τέλει τοῦ ἐγκωμίου λέγει πρὸς Ἀγάθωνα ὁ Ἀλκιβιάδης· ὄρα τοίνυν, ὦ Ἀγάθων, μὴ πάθῃς, ὃ περ οἱ πολλοί. ὁ γὰρ Σωκράτης οὗτος προσποιεῖται ἐραστής εἶναι, εἴτα ἐρώμενος ἀναφαίνεται. μὴ οὖν καὶ σὺ τὸ αὐτὸ πάθῃς, ὃ περ καὶ πάντες πεπόνθασι. ἔτυχεν δὲ ὁ Ἀλκιβιάδης ἐρῶν τοῦ Ἀγάθωνος καὶ ἐβούλετο ὑπὸ μηδενὸς ἄλλου αὐτὸν ἐρᾶσθαι, καὶ ἐπὶ τέλει ἔρριψεν τὴν παραίνεσιν τὴν πρὸς Ἀγάθωνα ὡς ἐπὶ τοῦ ἐγκωμίου λέγων. αὐτὸς ἐξηγεῖται ὁ Σωκράτης τὴν τέχνην· «νήφειν μοι δοκεῖς, ὦ Ἀλκιβιάδη· ἐδόκει γὰρ μεθύειν ὁ Ἀλκιβιάδης· «οὐ γὰρ ἂν κομφῶς γε» φησὶν «τὸ σατυρικὸν δρᾶμα περιέβαλες, εἰ μὴ ἔνηφες. καὶ πάντα ταῦτα εἰρηκας ὑπὲρ τοῦ διαβάλλειν ἐμὲ καὶ Ἀγάθωνα, ἵνα ἐγὼ μὲν σοῦ ἐρῶ καὶ μηδενὸς ἄλλου. καὶ γὰρ ἐποίησας αὐτό» φησὶν «ὡς οὐδέν τι, ἐπὶ τέλει αὐτὸ εἰπὼν, ὡς οὐχ ἔνεκα τούτου πάντα τὰ ἄλλα εἰρηκῶς. ἀλλ' οὐκ ἔλαθες, ἀλλὰ τὸ σατυρικὸν δρᾶμα τοῦτο ἀνεφάνη». οὕτω γὰρ τοι γίνεται ἡ τέχνη καὶ παραδίδοται.

Πειρασόμεθα οὖν δεῖξαι μετὰ τὰ Ὀμηρικὰ καὶ παρὰ τοῖς ῥήτορσιν καὶ ἐν δημηγορίαις καὶ ἐν δίκαις καὶ ἐν πανηγυρικοῖς λόγοις καὶ ἐν διαλόγοις τὸ αὐτὸ εἶδος γινόμενον.

[7] Πρότερον δὲ καὶ ἄλλο εἶδος ἴδωμεν λόγων ἐσχηματισμένων, διπλοῦν τοῦτο· τὸ μὲν πρὸ τῆς τῶν μελλόντων λεχθήσεσθαι παρρησίας ἔνδειξιν τῶν λεχθησομένων ἀσφαλῆ προανακρουομένην τὸ λυπηρὸν τοῦ ἀκούσματος· τὸ δὲ ἐν διοικήσει προσώπων ὑπαλλαγήν, ὅτε διὰ τῶν πρὸς ἐτέρους ἐτέροις

«τις διαλέγεται» καὶ ἔχει τὸ ἀσφαλὲς ἐν τῷ μὴ οἷς ἐπιπλήττει αὐτοῖς διαλέγεσθαι, ἀλλ' ἀκούοντων αὐτῶν ἑτέροις ταῦτα λέγειν, ἃ τοῦτοις προσήκει. τί ποτ' οὖν ἐστὶν ἐκάτερον τὸ εἶδος; ὁ Ἀχιλλεὺς ἀνέστη καὶ μετὰ τὸν Ἀχιλλέα ὁ μάντις ἐν ἀρχῇ τῆς Ἰλιάδος, ἐλέγχοντες τὸν Ἀγαμέμνονα, ὅτι τὴν αἰτίαν τοῦ νοσήματος αὐτὸς παρέχει. ὁ μὲν Ἀχιλλεὺς ἐν συμβούλου σχήματι ὀνειδίζει τὴν αἰτίαν τῷ Ἀγαμέμνονι τῶν κακῶν ὡς ἀπόρως διακείμενος καὶ ζητῶν τὴν αἰτίαν, καὶ ἀφορμὴν ποιεῖ τῆς παρρησίας τῷ μάντι· ὁ δὲ μάντις ἀντιστοιχῶν τῷ Ἀχιλλεῖ τῇ ἀρνήσει ὣν ὑπέβαλεν ὁ Ἀχιλλεὺς ζητῶν τὰς αἰτίας, προδιοικεῖται τὸ φανερὰν γενέσθαι τὴν αἰτίαν τῶν δεινῶν. ἴδωμεν οὖν τοὺς ἐκατέρων λόγους, πῶς ἔχουσιν δι' ἀλλήλων καὶ πῶς τὸ εὐπρεπὲς ἔχουσιν οἱ μὲν τοῦ Ἀχιλλέως ἐν βαθύτητι ζητήσεως, οἱ δὲ τοῦ μάντεως «ἐν» ἀσφαλείᾳ πρὸ τῆς ἀποκρίσεως.

ἢ καὶ ὄνειροπόλον (καὶ γάρ τ' ὄναρ ἐκ Διὸς ἐστὶν),

εἴ τ' ἄρ' ὁ γ' εὐχολῆς ἐπιμέμφεται εἴ θ' ἐκατόμβης·
αἶ κέν πως ἀρνῶν κνίσσης αἰγῶν τε τελείων
βούλεται ἀντιάσας ἡμῖν ἀπὸ λιογὸν ἀμῦναι.

Ἦτοι ὁ γ' ὡς εἰπὼν κατ' ἄρ' ἔζετο.

μέχρι τούτου οἱ Ἀχιλλέως λόγοι τὸ σχῆμα ἔχουσιν ὑπαινιττομένου εἰς Ἀγαμέμνονα καὶ προσκρούοντος ἐκείνῳ, ἐν δὲ σχήματι ζητήσεως καὶ ἀπορίας τῆς τοῦ δεινοῦ αἰτίας τὸ ἀσφαλὲς προδιοικουμένου. ἢ δὲ ἔνδειξις τοῦ εἰς Ἀγαμέμνονα λέγεσθαι ταῦτα πρῶτον μὲν τὸ πρὸς Ἀγαμέμνονα ποιεῖσθαι τοὺς λόγους, ἀλλὰ μὴ εἰς τὸ κοινόν.

Ἀτρεΐδῃ, νῦν ἄμμε παλιμπλαγχθέντας ...

ὡς γὰρ τιμῶν αὐτὸν διὰ τὸ ἀξίωμα καὶ τὸν κοινὸν λόγον πρὸς ἐκεῖνον ἀποτεινόμενος τὴν ἀσφάλειαν ἔχει τοῦ προσκρούματος. εἴτα ἐξῆς ἐπάγει

εἰ δὴ ὁμοῦ πόλεμός τε δαμᾷ καὶ λοιμὸς Ἀχαιοῦς. αἴτιος τοῦ πολέμου Ἀγαμέμνων ἐστὶν συναγαγὼν τοὺς Ἕλληνας. συνῆψεν καὶ τὸν λοιμὸν τῷ πολέμῳ, καὶ φησὶν αὐτὸν αἴτιον γεγονέναι· τί γὰρ ἢ μνήμη τοῦ πολέμου ἐνταῦθα, εἰ μὴ ἐβούλετο ἀμφοτέρων αἴτιον ἀποφῆναι τὸν αὐτόν; εἴτα ἐπειδὴ ἔδειξεν, ὅτι αὐτὸς αἴτιός ἐστιν, «ἀντὶ» τοῦ χωρὶς σαφῶς εἰπεῖν ἐπὶ τὴν ζήτησιν ἦλθεν·

ἀλλ' ἄγε δὴ τινα μάντιν ἐρείομεν ἢ ἱερῆα
ἢ καὶ ὄνειροπόλον· καὶ γάρ τ' ὄναρ ἐκ Διὸς ἐστὶν·
ὅς κ' εἴποι, ὅ τι τόσον ἐχώσατο Φοῖβος Ἀπόλλων.

ἢ προσθήκη τοῦ «τόσον» δηλοῖ, ὅτι τὰς αἰτίας τῆς ὀργῆς ἃς ὑποβάλλει Ἀχιλλεὺς οὐ πιστεύει ἀκούων, ἀλλὰ αἰτίαν μερίζονα περιμένει·

εἴ ταρ ὁ γ' εὐχολῆς ἐπιμέμφεται εἴ θ' ἐκατόμβης ... οὐ δέχεται τὸν Ἀπόλλωνα ἔνεκεν εὐχολῆς καὶ ἐκατόμβης τόσον χολωθῆναι. οὕτω μὲν ὁ Ἀχιλλεὺς διοικεῖται τὸν λόγον. ὁ δὲ μάντις λαβόμενος τῆς ἀφορμῆς αὐτοῖς

τοῖς Ἀχιλλέως λόγοις χρῆται εἰς διατριβὴν τοῦ δεῖξαι τῷ Ἀγαμέμνονι, πρὶν φανερώς εἰπεῖν, καὶ γίνεται αὐτῷ ἀφορμὴ τῶν λόγων τὸ ‘τόσσον’· λέγει γάρ

οὐ τὰρ ὃ γ’ εὐχολῆς ἐπιμέμφεται οὐδ’ ἐκατόμβης. καὶ πρότερον προδιοικεῖται τὴν ἀσφάλειαν·

ἽΩ Ἀχιλεῦ, κέλεαί με, δίφιλε, μυθήσασθαι

μῆνιν Ἀπόλλωνος ἐκατηβελέταο ἄνακτος.

τοιγὰρ ἐγὼν ἐρέω· σὺ δὲ σύνθεο καὶ μοι ὁμοοσον,

ἧ μὲν μοι πρόφρων ἔπεσιν καὶ χερσὶν ἀρήξειν.

ταῦτα γὰρ ὁμολογοῦντός ἐστιν, ὅτι τῷ βασιλεῖ προσκρούσει. εἶτα τῷ προοιμίῳ τοῦτῳ ἐπάγει·

ἧ γὰρ οἴομαι ἄνδρα χολωσέμεν, ὃς μέγα πάντων

Ἀργείων κρατέει, καὶ οἱ πείθονται Ἀχαιοί.

εἶτα γνωμολογεῖ·

κρείσσων γὰρ βασιλεύς, ὅτε χώσεται ἀνδρὶ χέρηρι.

εἶτα τὴν τέχνην τῆς ὀργῆς ἐπάγει·

εἴ περ γάρ τε χόλον γε καὶ αὐτῆμαρ καταπέψῃ,

ἀλλὰ τε καὶ μετόπισθεν ἔχει κότον, ὄφρα τελέσῃ,

ἐν στήθεσσι ἐοῖσι. σὺ δὲ φράσαι, εἴ με σωώσεις.

καὶ ἤδη ἔδειξεν, ὅτι Ἀγαμέμνων τούτων ἀπάντων αἴτιος, μηδέπω εἰπὼν· καὶ διὰ τοῦτο ἐπάγει ἀντίστοιχα λέγων ὁ Ἀχιλλεὺς καὶ ὁμολογούμενα τούτοις·

Θαρσῆσας μάλα εἰπὲ θεοπρόπιον ὃ τι οἶσθα.

οὐ μὰ γὰρ Ἀπόλλωνα δίφιλον, ᾧ τε σύ, Κάλχαν,

εὐχόμενος Δαναοῖσι θεοπροπίας ἀναφαίνεις,

οὐ τις ἐμεῦ ζῶντος καὶ ἐπὶ χθονὶ δερκομένοιο

σοὶ κοίλης παρὰ νηυσὶ βαρείας χεῖρας ἐποίσει

σμπάντων Δαναῶν· οὐδ’ ἦν Ἀγαμέμνονα εἴτηρ,

ὃς νῦν πολλὸν ἄριστος ἐνὶ στρατῷ εὔχεται εἶναι.

Καὶ τότε δὴ θάρσῃσε καὶ ἦνδα μάντις ἀμύμων.

ὁμολογεῖ ὁ ποιητὴς τῶν λόγων τὴν διοίκησιν.

Μία μὲν αὕτη εὐπρέπεια ἐσχηματισμένων λόγων, τὸ δι’ αἰνιγμάτων λέγειν, ἃ φρονεῖ τις, καὶ τὸ τῇ διατριβῇ καὶ τῇ μελλήσει τῶν λόγων εἰπεῖν, πρὶν εἰπεῖν, τῷ προοιμίῳ τὸ μέλλον δείκνυσθαι λυπηρόν.

[8] ἡ δὲ δευτέρα τίς; ἐλέγομεν ἐκείνην εἶναι τὴν μέθοδον, τὸ ἐτέροις διαλεγόμενον ἐτέρων καθάπτεσθαι, τὸ ἀσφαλὲς τοῦ μὴ προσκρούειν τῇ ὑπαλλαγῇ τοῦ προσώπου ἐνδιοικούμενον. καὶ τοῦτο Ὅμηρος ἔδειξεν ἐν Ὀδυσσέως λόγῳ. ὁ γὰρ Ὀδυσσεὺς πρὶν συναγαγεῖν τοὺς ὄχλους εἰς τὴν ἐκκλησίαν, ἵνα δημηγορήσῃ περὶ τῆς μονῆς, ὅτε τὴν ἀπόπειραν ὁ Ἀγαμέμνων ἐποιήσατο, <ἄκουε> οἷον λέγει·

Ὅν τινα μὲν βασιλῆα καὶ ἔξοχον ἄνδρα κιχείη,

τὸν δ’ ἀγανοῖς ἐπέεσσιν ἐρητύσασκε παραστάς·

Δαιμόνι’, οὐ σε ἔοικε κακὸν ὥς δειδίσσεσθαι·

ἀλλ’ αὐτός τε κάθησο καὶ ἄλλους ἴδρυε λαοῦς.

οὐ γάρ πω σάφα οἶσθ', οἷος νόος Ἀτρεΐδαο·
νῦν μὲν πειρᾶται, τάχα δ' ἵψεται υἷας Ἀχαιῶν.
ἐν βουλῇ δ' οὐ πάντες ἀκούσαμεν, οἷον ἔειπεν.
μή τι χολωσάμενος ῥέξῃ κακὸν υἷας Ἀχαιῶν.
θυμὸς δὲ μέγας ἐστὶ διοτρεφέος βασιλῆος.
τιμὴ δ' ἐκ Διὸς ἐστι· φιλεῖ δὲ ἐμπίετα Ζεὺς.
"Ὀν δ' αὖ δήμου τ' ἄνδρα ἴδοι βοῶντά τ' ἐφεύροι,
τὸν σκῆπτρῳ ἐλάσασκεν ὁμοκλήσασκέ τε μῦθω.

ταύταις ταῖς ἐπιτιμήσεσι συνάγει καὶ τοὺς βασιλέας. ὁ μὲν δὴ ἐντυγχάνων τοῖς βυβλίοις οἶεται, ὅπερ καὶ προεῖρηκεν Ὅμηρος, τοῦτο ποιεῖν αὐτόν, τοῖς βασιλεῦσι φιλοφρόνως διαλέγεσθαι, τοῖς δὲ δήμοις πικρότερον καὶ σφοδρότερον. ὁ δὲ ποιεῖ Ὀδυσσεὺς ὁ Ὀμήρου, οὐδεὶς ὀρᾷ. ἃ γὰρ ἐβούλετο καθάψασθαι τῶν βασιλέων, τῷ δήμῳ διελέγετο· ἃ δ' ἐβούλετο ἐπιτιμῆσαι τῷ δήμῳ, τοῖς βασιλεῦσιν διελέγετο. ἢ εἰπάτω μοί τις, τί ἔδοξεν τῷ Ὀδυσσεῖ τοῖς δημόταις λέγειν

οὐ μὲν πως πάντες βασιλεύσομεν ἐνθάδ' Ἀχαιοί.
οὐκ ἀγαθὸν πολυκοιρανίη· εἷς κοίρανος ἔστω,
εἷς βασιλεύς, ἢ τί ἔδοξεν τοῖς βασιλεῦσιν ἐπιτιμῶντα λέγειν
ἐν βουλῇ δ' οὐ πάντες ἀκούσαμεν, οἷον ἔειπεν.
νῦν μὲν πειρᾶται, τάχα δ' ἵψεται υἷας Ἀχαιῶν.

ταῦτα δὲ οὐ τοῖς δημόταις λέγει, ἀλλὰ τοὺς βασιλέας ἀναμιμνήσκει. γέγονεν οὖν ὁ λόγος <ὁ> πρὸς ἑκατέρους ἑκατέροις κοινός. καὶ τὴν ἐξήγησιν ἐπάγει Ὅμηρος τῶν ἐσχηματισμένων τούτων λόγων δι' ὀνόματος ἑνός, ὃ οὐδὲ ὀρώσιν οἱ ἀναγινώσκοντες· Ὅμηρος δὲ ὑπὸ φιланθρωπίας ἐξηγήσατο·

ὥς ὃ γε κοιρανέων δῖεπε στρατόν. τί ἐστὶ τὸ 'κοιρανέων'; ὡς κοίρανος διαλεγόμενος; οὐ δὴ που, ἀλλὰ τὸ στρατήγημα τῶν λόγων· οὕτως ὀνομάζων κατ' ἐξήγημα τοῦ στρατηγήματος διὰ τοῦ 'κοιρανέων δῖεπε στρατόν'. ἢ γὰρ διοίκησίς ἐστι τέχνη ἐν τῷ ὀνόματι λεγομένη.

[9] Ἴωμεν τοίνυν ἐπὶ τὰ περὶ παραδείγματα. Δημοσθένης διδάσκει ἡμᾶς εὐπρεπῶς διαλέγεσθαι, ἃ βούλεται τις, καὶ οἶδεν τοῦ σχήματος τούτου τὸ ὄνομα· λέγει δὲ ἐν τῷ περὶ τοῦ στεφάνου ὧδε τῇ λέξει· 'ἐπειδὰν ἔλθωσι μὲν οἱ πρέσβεις εἰς Θήβας, πῶς χρῆσθαι τῷ πράγματι παραινῶ, τούτῳ μοι πάνυ προσέχετε τὸν νοῦν'. εἶτα ἐπάγει ὥσπερ διδάσκαλος παραδιδούς μαθητῇ τὴν διοίκησιν· 'μὴ δεῖσθαι Θηβαίων μηδὲν (αἰσχροὺς γὰρ ὁ καιρός), ἀλλ' ἐπαγγέλλεσθαι βοηθήσειν ἐκείνοις, ἂν κελεύωσιν, ὡς ἐκείνων μὲν ὄντων ἐν τοῖς ἐσχάτοις, ἡμῶν δὲ ἄμεινον ἢ 'κεῖνοι τὸ μέλλον <προορωμένων>· ἴν' ἐὰν μὲν δέχωνται ταῦτα καὶ πεισθῶσιν ἡμῖν, καὶ ἃ βουλόμεθα ὧμεν διοικούμενοι καὶ μετὰ σχήματος ἀξίου τῆς πόλεως ταῦτα πράξωμεν· ἂν δ' ἄρα μὴ τύχη, ἐκεῖνοι μὲν ἑαυτῶν <κατηγορῶσιν>, ἂν τι ἐξαμαρτάνωσιν, ἡμεῖς δὲ μηδὲν <ἂν> αἰσχροὺς μηδὲ κακὸν ὀφθεῖμεν πεπεισμένοι'.

[10] Τὸ δὲ ἕτερα λέγειν καὶ ἕτερα διοικεῖσθαι δείκνυσί σοι πάλιν ὁ αὐτὸς Δημοσθένης ἐν τοῖς συμβουλευτικοῖς, ἐν τῷ περὶ συμμοριῶν ἐπιγραφομένῳ

λόγω (ὅσπερ λόγος εἰκότως ἂν καὶ δικαίως ἐπιγράφοιτο Περί τῶν βασιλικῶν), [ἐν τῷ] πρῶτος καὶ μόνος παραστὰς ἀντειπεῖν. ἐν τούτῳ τῷ λόγῳ ἐναντιοῦται μὲν τῇ Ἀθηναίων γνώμῃ, ὠρμηκῶτων αὐτῶν πολεμεῖν βασιλεῖ. καὶ μία μὲν διοίκησις τοῦ λόγου ἐστὶ τὸ βουλόμενον τὸν ῥήτορα μὴ πολεμεῖν αὐτοὺς βασιλεῖ κλέπτειν δὴ τὴν δόξαν τῷ συμβουλευεῖν βασιλεῖ μήπω πολεμεῖν. καὶ αὕτη ἡ τέχνη ἐστὶν τοῦ ἃ βούλεται τις, λέγειν εὐπρεπῶς. ποιεῖ δὲ τοῦτο οὕτως· ‘ἐγὼ νομίζω κοινὸν ἐχθρὸν ἀπάντων τῶν Ἑλλήνων εἶναι βασιλέα· οὐ μὴν διὰ ταῦτα παραινέσαιμ’ ἂν μόνοις τῶν ἄλλων ὑμῖν πόλεμον πρὸς αὐτὸν συνάγειν’. καὶ ἔτι τέχνη βαθυτέρα τὸ κωλύοντα πολεμεῖν ἐπαγγέλλεσθαι περὶ δυνάμεως ἢ πολεμήσουσιν. τοῦτο μὲν κλέπτοντός ἐστι τὴν ἐναντίωσιν τοῦ πολέμου. μιμεῖται γὰρ ἐνταῦθα τὸν Ἀρχίδαμον τοῦ Θουκυδίδου. καὶ γὰρ ἐκεῖνος ἐπειδὴ ἑώρα τοὺς Λακεδαιμονίους καὶ τοὺς Πελοποννησίους ὠρμηκῶτας πρὸς τὸν πόλεμον, ἐβούλετο δὲ αὐτοὺς κωλύσαι πολεμεῖν, τὸ μὲν μὴ πολεμεῖν οὐ τολμᾷ λέγειν (οὐ γὰρ πείσονται), συμβουλευὼν δὲ τὸ μήπω πολεμεῖν τὸ μὴ πολεμεῖν λέγει. μία μὲν αὕτη διοίκησις ἐν τῷ λόγῳ. δευτέρα δὲ ἐκείνη· ὧ μὲν βούλονται πολεμεῖν, οὐ βούλεται αὐτοὺς πολεμεῖν ὁ Δημοσθένης· ὧ δὲ οὐκ ἐθέλουσιν πολεμεῖν, τούτῳ κελεύει πολεμεῖν. καὶ γίνεται διπλοῦς λόγος ἐσχηματισμένος. βασιλεῖ μὲν γὰρ αὐτοὺς οὐ βούλεται πολεμεῖν, ὧ πάνυ βούλονται· Φιλίππῳ δὲ ἀξιοῖ πολεμεῖν, ὧ οὐ βούλονται. τίνα οὖν διοίκησιν ἐποίησατο; ἐξ ἐκατέρας ὑποθέσεως τοῦ πείσαι μὴ πολεμεῖν ὧ βούλονται καὶ πολεμεῖν ὧ μὴ βούλονται συμβουλευεῖ πολεμεῖν βασιλεῖ, ἀλλὰ μήπω, παρασκευάζεσθαι δὲ πρὸς αὐτόν. τῷ μὲν οὖν ‘μηδέπω’ τὴν ὁρμὴν τὴν ἐπὶ βασιλέα κωλύει, συμβουλῇ δὲ τῆς παρασκευῆς εὐτρεπῆ τὸν πόλεμον τὸν πρὸς Φίλιππον ἐργάζεται. καὶ ὅτι αὕτη ἡ τέχνη ἐστίν, λάβε αὐτὸν Δημοσθένην ὁμολογοῦντα· ‘εἰ μὲν τοίνυν ἕτερός τις ἦν τρόπος δυνάμεως, ἢ τοὺς βαρβάρους οἷόν τε ἦν ἀμύνασθαι, ἕτερος δέ τις, ἢ τοὺς Ἕλληνας, εἰκότως <ἂν> φανεροὶ πᾶσιν ἐγινγόμεθα πρὸς ἐκεῖνον ἀντιπατόμενοι· εἰ δὲ πάσης παρασκευῆς ἐστὶ τρόπος ὁ αὐτὸς οὗτος, τοὺς ἐχθροὺς ἀμύνασθαι δύνασθαι, τοῖς οὕσι συμμάχοις βοηθεῖν, καὶ τὰ ὑπάρχοντα ἀγαθὰ σώζειν, τί τοὺς ὠμολογημένους ἐχθροὺς ἔχοντες ἄλλους ζητοῦμεν; ἀλλὰ παρασκευάζόμεθα μὲν πρὸς τούτους, ἀμυνόμεθα δὲ κάκεῖνον, ἂν ἡμᾶς πέσῃ’. καὶ ἀληθῶς τὸ ἀπόρρητον τοῦτο τῆς γνώμης μηνύει ἐν ἄλλῳ λόγῳ· ‘ὁρῶ δ’ ὑμᾶς Φιλίππου μὲν καταφρονοῦντας, βασιλέα δὲ ὡς ἰσχυρὸν ἐχθρὸν φοβουμένους. εἰ δὲ τῷ μὲν πολεμεῖν οὐ θελήσομεν, τῷ δὲ οὐκ ἀξιώσομεν, πρὸς τίνας παραταξόμεθα’;

[11] Ἀλλὰ καὶ Εὐριπίδης δι’ ὅλων λόγων διοικήσεως σχῆμα περαίνει ἐν ὅλῳ δράματι. πρότερον δὲ δείξωμεν [ἐν ὅλῳ δράματι] ἐν μέρει τινὶ σχῆμα διοικούμενον. ἐν τῷ Αἰόλῳ ὁ Μακαρεύς ἐστιν ὁμιλήσας τῇ ἀδελφῇ καὶ λανθάνων, καὶ συμβουλευὼν τῷ πατρὶ τὰς ἀδελφὰς τοῖς ἀδελφοῖς συνοικίσαι, ἵνα τὸ οἶκεῖον διοικήσῃται· καὶ οὕτως ἐσχημάτισται ὁ λόγος κοινῇ γνώμῃ καὶ συμβουλῇ. ἡ Μελανίππη σοφὴ τὸ δρᾶμα Εὐριπίδου ἐπιγέγραπται μὲν Σοφῇ, ὅτι φιλοσοφεῖ, καὶ διὰ τοῦτο τοιαύτης μητρὸς ἐστίν, ἵνα μὴ ἀπίθανος ἦ ἡ φιλοσοφία. ἔχει δὲ διπλοῦν σχῆμα, τὸ μὲν τοῦ

ποιητοῦ, τὸ δὲ τοῦ προσώπου τοῦ ἐν τῷ δράματι, τῆς Μελανίππης. τὸ μὲν τοῦ ποιητοῦ τοιόνδε [τὸ δὲ τοῦ προσώπου τοιόνδε]. Ἀναξαγόρα προσεφοίτησεν Εὐριπίδης. Ἀναξαγόρου δὲ λόγος ἐστίν, ὅτι ‘πάντα ἐν πᾶσιν· εἴτα ὕστερον διεκρίθη’. μετὰ ταῦτα ὠμίλησεν καὶ Σωκράτει καὶ ἐπὶ τὸ εὐπορώτερον ἤγαγε τὸν λόγον. ὁμολογεῖ οὖν τὴν διδασκαλίαν τὴν ἀρχαίαν διὰ τῆς Μελανίππης.

Καὶ οὐκ ἐμός ὁ μῦθος, ἀλλ’ ἐμῆς μητρὸς πάρα,

ὥς οὐρανός <τε> γαῖα τ’ ἦν μορφὴ μία. οὕτω μὲν ὁ ποιητὴς σχηματίζει τὸ αὐτοῦ. ἡ δὲ Μελανίππη ἐπεράνθη μὲν ὑπὸ τοῦ Ποσειδῶνος, γέγονε δὲ ταύτῃ παιδίᾳ· ἐξέθηκεν δὲ αὐτὰ εἰς τὰ τοῦ πατρὸς βουφόρβια. ὁ δὲ πατὴρ ἡγέται ἐκ βοδὸς εἶναι, καὶ ὥς τέρας βούλεται κατακαῦσαι. βοηθοῦσα αὐτῇ ἡ Μελανίππη ἀποφαίνεσθαι πειρᾶται, ὅτι τέρας οὐδὲν ἐστίν. οὕτω τὸ δράμα ὅλον ἐσχημάτισται· καὶ ἅμα διδάσκει ἡμᾶς Εὐριπίδης, ὅτι τὸν σχηματίζοντα ἐγγυτάτω δεῖ εἶναι τοῦ λῦσαι τὸ σχῆμα μετὰ τῆς ἀσφαλείας τοῦ σχήματος. περιερχομένη γὰρ πάσας αἰτίας τοῦ σῶσαι τὰ παιδιά λέγει· ‘εἰ δὲ παρθένος φθαρεῖσα ἐξέθηκεν τὰ παιδιά καὶ φοβουμένη τὸν πατέρα, σὺ φόνον δράσεις’; ὥστε καὶ τὸ αὐτῆς πρᾶγμα λέγει ἐν σχήματι συμβουλῆς.

Ἀλλὰ καὶ πάλιν ὁ Πανηγυρικὸς Ἰσοκράτους τοιοῦτόν τι βυβλίον ἐστίν καὶ ὁ Φίλιππος Ἰσοκράτους καὶ ὁ περὶ τῆς ἀντιδόσεως. ἐν γὰρ τοῖς τρισὶν τούτοις βυβλίοις ἐγκώμια διέρχεται τὸ μὲν Ἀθηναίων, τὸ δὲ Φιλίππου, τὸ δ’ ἑαυτοῦ. ἀλλὰ τοῖς μὲν Ἀθηναίων ἐγκωμίοις καὶ τοῖς Φιλίππου συμβουλὴν ὑποθέμενος τὸ εὐπρεπὲς τοῦ ἐγκωμίου ἐπραγματεύσατο, καὶ πεποίηται ὥσπερ πάρεργον συμβουλῆς τὸ ἐγκώμιον· ὄντως δ’ ἐστὶν ἔργον τὸ ἐγκώμιον, πάρεργον δὲ ἡ συμβουλή. αὐτῷ δὲ ἔδωκεν ἐπαίνου ἀφορμὴν ἐν ἀνάγκῃ ἀπολογίας πρὸς τὰ κατηγορημένα. τοῦτο καὶ Δημοσθένης ἐν τῷ περὶ τοῦ στεφάνου ἐπραγματεύσατο. ἐγκώμιον αὐτοῦ ἠθέλησεν γράψαι, καὶ τὴν ἀπολογίαν προετάξατο. τοῦτο καὶ Πλάτων πεποίηκεν ἐν τῇ ἀπολογίᾳ Σωκράτους ἐγκώμιον βουλόμενος γράψαι ἐν ἀπολογίᾳ σχήματι. τοῦτο καὶ Ξενοφῶν ἐν τοῖς Ἀπομνημονεύμασιν· ὥς γὰρ ἀπολογούμενος ὑπὲρ Σωκράτους ἐγκώμιον Σωκράτους περαίνει. ἔργον δὲ αὐτοῖς ἐστὶ καὶ πολλὰς ὑποθέσεις ὁμοῦ συμπλέκειν. ἢ γέ τοι ἀπολογία Σωκράτους καὶ Πλάτωνος ἀπολογία ἐστὶ καὶ Ξενοφῶντος ἀπολογία ἐστὶ. καὶ ὁ περὶ τοῦ στεφάνου τέσσαρας ὑποθέσεις ἔχει· καὶ ἀπολογία ἐστὶ καὶ κατηγορία καὶ ἐγκώμιον Δημοσθένους, καὶ ὅποιον εἶναι δεῖ τὸν πολιτικὸν ἄνδρα. καὶ Ξενοφῶν δὲ ὁμολογῶν ἐγκώμιον Ἀγησιλάου ἐρεῖν λέγει ἐν ἱστορίας λόγῳ τὸ σχῆμα ποιούμενος. καὶ παρὰ τῷ Ξενοφῶντι πάλιν ἔν τε τῇ Παιδείᾳ καὶ τῇ Ἀναβάσει εὐρήσετε ἐσχηματισμένους λόγους. βούλεται γὰρ τοὺς δημότας τὰ ἴσα ὅπλα λαμβάνειν καὶ τοὺς ὁμοτίμους. ἐκατέροις διαλέγεται εὐπρεπῶς, τοῖς μὲν ὡς τιμῶν αὐτοῦς, τοῖς δὲ ὡς συναγωνισταῖς καὶ συσχολασταῖς χαριζόμενος· καὶ τὸ ἐκατέρων οὕτω διοικεῖται. καὶ ἐν τῇ Ἀναβάσει ὁ Κλέαρχός ἐστιν τῶν στρατιωτῶν ὑποπτευόντων τὴν ἀνάβασιν τὴν Κύρου καὶ μὴ βουλομένων ἀναβαίνειν, ἀλλὰ δεδοικότες τὰ ἅπορα. καὶ ἐν τῷ περὶ παραπρεσβείας

ἄλλα προτείνει καὶ ἄλλα συγκατασκευάζει. ἔστι γὰρ ἡ τέχνη τῶν ἐσχηματισμένων λόγων μάλιστα αὕτη, τὸ ἄλλαις κατασκευαῖς συμπλέkein τὰ οἰκεῖα. ὃ περ πεποίηκεν καὶ Θουκυδίδης ἐν τῷ ἐπιταφίῳ· δημηγορῶν γὰρ καὶ παρακαλῶν Ἀθηναίους ἐπὶ τὸν πόλεμον συνέπλεξε τοῦ ἐπιταφίου κεφάλαια τῇ παραινέσει· ἐγκώμιόν ἐστιν ἡ παράκλησις ἀπὸ τοῦ γένους, ἀπὸ τῆς τῶν προγόνων ἀρετῆς· ἐγκώμιόν ἐστιν ἐκ παραβολῆς ἡ παράκλησις, ἐκ τοῦ παραβαλεῖν τὰ τῶν ἐναντίων καὶ τὰς δυνάμεις ἐκατέρας τῆς πόλεως.

[13] Οὗτω κινδυνεύει, ὃ περ ὑπεστησάμεθα ἐν ἀρχῇ τῶν λόγων «ἀποδείξειν», τοσοῦτον ἀποδεῖν ἀληθὲς εἶναι τὸ μὴ εἶναί τι ἐσχηματισμένον, ὥστε τὸ ἐναντίον αὐτὸ οὐδεὶς λόγος ἀσχημάτιστος. καὶ πάλιν ἐπανέλθωμεν ἐπὶ τὴν ἀρχὴν τοῦ λόγου, ἣν ἐξ ἀρχῆς ὑπεθέμεθα, ὅτι τοῦ ἀγῶνος ὄντος τῷ ῥήτορι διπλοῦ, τοῦ πράγματος καὶ τοῦ ἥθους, «καὶ» τούτου κρατοῦντος, ἡ περὶ τῶν ἡθῶν διοικήσις αἰεὶ ἐσχηματισμένους τοὺς λόγους ἔχει.

Πολλὰ σχήματα παρ' Ὀμήρῳ, πάμπολλα καὶ ἐν ἄλλαις ὑποθέσεσιν ἄλλα διοικουμένῳ· ἐπεὶ καὶ ὁ τῆς Βρισηίδος λόγος οὐκ ἀσχημάτιστος, ὅτε ἤκουσα παρὰ τοῦ Ἀγαμέμνονος, θεασαμένη τὸν Πάτροκλον κείμενον ἐπιπίπτει τῷ σώματι καὶ θρηνεῖ Πάτροκλον. καὶ οἶεται ὁ ἀκροατής, ὅτι Πάτροκλον θρηνεῖ· ἐνδείκνυται δὲ ὁ ποιητὴς σοφίαν γυναικὸς ἐν ἀκμῇ καιροῦ ἀπαιτούσης τὰς γαμικὰς ὑποσχέσεις καὶ διὰ τοῦτο θρήνου δίκην λεγούσης πρὸς Ἀχιλλέα·

Πάτροκλ' ἐμοὶ δειλῇ πλεῖστον κεχαρισμένε θυμῷ,
ζῶν μὲν σε ἔλειπον ἐγὼ κλισίηθεν ἰούσα·
νῦν δέ σε τεθνειῶτα κιχάνομαι, ὄρχαμε λαῶν,
ἄψ ἄνιουσ'. ὥς μοι δέχεται κακὸν ἐκ κακοῦ αἰεὶ.

ταῦτα προοίμια θρηνούσης. εἴτα τὸ προοίμιον περαίνει ἐπιδεικνυμένη τὸν θρήνον ὡς ἀπόδειξιν τοῦ δικαίου [θρήνου].

ἄνδρα μὲν, ᾧ ἔδοσάν με πατήρ καὶ πότνια μήτηρ,
εἶδον πρὸ πτόλιος δεδαῖγμένον ὀξεί χαλκῷ,
τρῆς τε κασιγνήτους, οὓς μοι μία γείνατο μήτηρ,
κηδεῖους, οἳ πάντες ὀλέθριον ἦμαρ ἐπέσπον.

ταῦτα ἡδὴ Ἀχιλλέως καθάπτεται, ὅτι τὸν ἄνδρα αὐτῆς ἀποκτείνας ἔχει αὐτὴν συνοικοῦσαν, καὶ δεῖ αὐτῇ πολλῆς παραμυθίας. εἴτα συνθηκῶν ἀνάμνησις·

οὐδὲ μὲν οὐδέ μ' ἔασκες, ὅτ' ἄνδρ' ἐμὸν ὠκύς Ἀχιλλεὺς
ἔκτεινεν, πέρσεν δὲ πόλιν θείοιο Μύνητος,
κλαίειν, ἀλλὰ μ' ἔφασκες Ἀχιλλῆος θείοιο
κουριδίην ἄλοχον θήσιν ἄξιν τ' ἐνὶ νηυσὶν
ἐς Φθίην, δαίσειν δὲ γάμον μετὰ Μυρμιδόνεσσι.

καὶ τὸ τέλος τοῦ ἐπιλόγου τὸ κέντρον τῆς ἀπαιτήσεως ἐπάγει

τῷ σ' ἄμοτον κλαίῳ τεθνηῶτα μελίχον αἰεὶ,

ὡς ἂν ἀκούων ταῦτα Ἀχιλλεὺς δικαιολογουμένης εἴπῃ· «ἀλλὰ μὴ κλαῖε, γύναι, ἐκεῖνα βέβαια γενήσεται».

[14] Κατὰ ταύτας τὰς ὑφηγήσεις ἔστιν ἐπὶ ὄντα πολλὰ καὶ τῶν ποιημάτων καὶ τῶν συγγραμμάτων καὶ τῶν δικανικῶν καὶ τῶν συμβουλευτικῶν λόγων καὶ τῶν ἐν ταῖς ἱστορίαις εὐρεῖν πλείους τὰς πλάσεις τῶν σχημάτων ἢ τὰς ἀπλότητας τῶν κοινῶν λόγων. λέγω δὲ καὶ προστίθαι, ὅτι καὶ ὅταν τις ἀπλῶς λέγῃ, καὶ τοῦτο τέχνη σχήματος γίνεται, ἵνα ἡ τῆς ἀπλότητος προσποίησις τὸ πιθανὸν ἔχῃ τῷ ἀκούοντι. καὶ τεκμήριον τοῦτου ἐστὶν ὁ λόγος ὁ τοῦ Αἴαντος πρὸς Ἀχιλλέα ἐν ταῖς Λιταῖς. ὁ μὲν γὰρ Φοῖνιξ τέχνη χρηῖται πρὸς αὐτόν, καὶ προτείνας αὐτῷ ἡδίστην ὑπόθεσιν ἐναντιωτάτην ἀγωνίζεται.

εἰ μὲν δὴ νόστον γε μετὰ φρεσί, φαίδιμ' Ἀχιλλεῦ,
βάλλεαι, οὐδ' ἔτι πάμπαν ἀμύνειν νηυσὶ θοῇσιν
πῦρ ἐθέλεις αἰδηλόν, ἐπεὶ χόλος ἔμπεισε θυμῷ,
πῶς ἂν ἔπειτ' ἀπὸ σεῖο, φίλον τέκος, αὐτὶ λιποίμην;

ἡδίστη γὰρ ὑπόθεσις Ἀχιλλεῖ τὸ λέγειν τὸν Φοῖνικα, ὅτι οὐκ ἀπολειφθήσεται. εἴτα ἡ αἰτία τοῦ μὴ ἀπολειφθῆναι, ἡ τροφή, ἡ ἀγωγή, τὸ ἐξ ἀρχῆς συντετράφθαι. ταῦτα δὲ πάντα εἰς τὴν ἐναντίαν ὑπόθεσιν. 'πιθοῦ μοι· τέτροφα γάρ σε, καὶ χάριτας ὀφείλεις'. καὶ ὅτι τοῦτο ἐστίν. ἐπὶ τέλει ὁμολογία τῆς ἀληθινῆς ἐπιβολῆς.

ἀλλ', Ἀχιλλεῦ, δάμασον θυμὸν μέγαν, οὐδὲ τί σε χρὴ
νηλεὲς ἦτορ ἔχειν· στρεπτοὶ δέ τε καὶ θεοὶ αὐτοί. τοῦτο τὸ σχῆμα συνιδῶν καὶ ὁ Ἀχιλλεὺς ἀντισχηματίζει ἐξῆς, μιμούμενος τὴν τέχνην τοῦ διδασκάλου. ἐξηγεῖται γὰρ οὕτως·

μή μοι σύγχει θυμὸν ὀδυρόμενος καὶ ἀχεύων,
Ἀτρεΐδῃ ἥρωι φέρων χάριν.

αὕτη μὲν ἐξήγησις τῆς τοῦ Φοῖνικος τέχνης· εἴτα ὁ ἀντισχηματισμός·

ἴσον ἐμοὶ βασίλευε καὶ ἡμῖς μείρεο τιμῆς.

τί γάρ; ἐκεῖνος τοιοῦτόν τι εἶπεν ἢ τινα χάριν ἦτησεν; ἀλλ' ἐπειδὴ ἀνέμνησεν αὐτὸν εἰπών

πολλάκι μοι κατέδυσας ἐπὶ στήθεσσι χιτῶνα
οἴνου ἀποβλύζων ἐν νηπιέῃ ἀλεγεινῇ,

«καὶ· τὰς ἐν τῇ νεότητι πάθας προέτεινεν αὐτῷ, ὡς ὀφείλοντος χάριτας, καὶ αὐτὸς ἐσχημάτισεν εἰπών· 'ἄλλην χάριν λάμβανε μείζω, μὴ ταύτην αἶτει'. ταῦτα μὲν ὁ Φοῖνιξ σχηματίζει.

[15] Ὁ δέ γε Αἴας ἀπλούστατος ὢν βαθύτατος ἐν τοῖς λόγοις πάντων ἐστίν. ἀνίσταται γὰρ ὡς ὀργιζόμενος καὶ ἀξιῶν μηκέτι μηδὲ διαλέγεσθαι, καὶ λέγει·

οὐ γάρ μοι δοκᾷ μῦθοιο τελευτῇ
τῇδ' ἐγὼ κρανέεσθαι·

καὶ ἐπιτιμᾷ Ἀχιλλεῖ χαλεπώτατα καὶ πικρότατα. ὁ δὲ μάλιστα ἐν τῇ παρρησίᾳ ἱκετεῦν καὶ δεόμενος καὶ βιαζόμενος Ἀχιλλέα οὗτός ἐστιν·

ὑπωρόφιοι δέ τοι εἰμὲν

πληθῆος ἐκ Δαναῶν. καὶ φαίνεται γέ τοι οὕτως ἀπλοῦς δὴ καὶ ἀφελὴς καὶ παρρησία χρώμενος. εἴτα τῇ τέχνῃ προσχρώμενος φαίνεται μᾶλλον πεπεικώς. πῶς δὴ;

Αἶαν διογενὲς Τελαμώνιε, κοίρανε λαῶν,
πάντα τί μοι κατὰ θυμὸν εἰείσω μυθήσασθαι.

ἀλλὰ μοι οἰδάνεται κραδίη χόλῳ, ὅππότε κείνων
μνήσομαι, ὥς μ' ἀσύφηλον ἐν Ἀργείοισιν ἔρεξεν.

οὗτος οὖν ὁ λόγος δείκνυσιν, ὅτι καὶ τῆς ἀπλότητος προσποιήσις
σχήματος ἔργον ἐπιτελεῖ· ἐπεὶ καὶ αἱ τῶν χαρίτων ἀπαιτήσεις οὐκ ἄνευ τοῦ
ἐσχηματίσθαι γίνονται. οἱ γὰρ αἰτοῦντες τὰς χάριτας παρὰ τῶν εὖ
πεπονθότων ἐν καιρῷ φυλαττόμενοι τὸ ὀνειδίζειν εὐπρεπῶς ἀπαιτοῦσι. καὶ
δείκνυσιν ἡμῖν ὁ ποιητής, τίς μὲν ἂν ἦν ἀτέχνου ἀπαιτήσεως τρόπος, τίς δὲ
ἐντέχνου. Ὁ Ἀχιλλεὺς τῇ μητρὶ λέγει·

πολλάκι γάρ σεο πατρός ἐνὶ μεγάροισιν ἄκουσα
εὐχομένης, ὅτ' ἔφησθα κελαινεφεί Κρονίωνι
οἷη ἐν ἀθανάτοισιν ἀεικέα λοιγὸν ἀμῦναι,
ὅππότε μιν ξυνδῆσαι Ὀλύμπιοι ἤθελον ἄλλοι.

καὶ περαίνει τὴν διήγησιν πᾶσαν, καὶ ἐπάγει παραινῶν αὐτῇ
τῶν νῦν μιν μνήσασα παρέξο καὶ λάβε γούνων.

ταῦτα ὑπακούει τῷ παιδὶ Θέτις, καὶ πείθουσα αὐτὸν θαρρεῖν
ἐπαγγέλλεται οὐ μόνον ἔρεῖν αὐτά, ἀλλὰ καὶ αὐτῇ λέξει λέγει

τοῦτο δέ τοι ἐρέουσα ἔπος Διὶ τερπικεραύνῳ
εἴμ' αὐτῇ πρὸς Ὀλυμπον ἀγάννιφον, αἶ κε πίθηται.

καὶ ταῦτα ὑποσχομένη, ἐπειδὴ ἀφίκετο πρὸς τὸν Δία, τὸ μὲν ὀνειδίζειν
ἀφίησιν, τὸ δὲ ὑπομιμνήσκειν ἐπιμελῶς πραγματεύεται·

Ζεῦ πάτερ, εἴ ποτε δὴ σε μετ' ἀθανάτοισιν ἔτισα
ἢ ἔπει ἢ ἔργῳ·

τὸ μὲν ἔργον οὐκ εἶπεν, τὴν δὲ ἀνάμνησιν εὐπρεπῶς ἐποίησατο.
τοιοῦτός πως καὶ ὁ ἱερεὺς ἐστίν, γυμνότερος μὲν ἢ κατὰ τὴν Θέτιν,
εὐπρεπῶς δέ. ἐπικαλεσάμενος γὰρ τὸν θεὸν λέγει

εἴ ποτέ τοι χαρίεντ' ἐπὶ νηὸν ἔρεψα,
ἢ εἰ δὴ ποτέ τοι κατὰ πίονα μηρί' ἔκηα
ταύρων ἢ δ' αἰγῶν, τόδε μοι κρήνην ἐέλδωρ.

Καὶ τὰ μέτρα τῶν ἐσχηματισμένων λόγων παιδεύει ἡμᾶς Ὅμηρος, ὅτι
οὐ «μόνον» τῆς εὐπρεπείας δεῖται, ἀλλὰ καὶ τῆς ἐν χρειᾷ συντομίας. πῶς
γὰρ πάντων χρειᾷ ἐστίν, ὅσων μὲν ἡ τέχνη παραδίδωσιν, «εἰ» ταῦτα ὁ
καιρὸς παραιτεῖται; διδάσκει δὲ τοῦτο ἐν τοῖς Ἑρμοῦ λόγοις πρὸς Πρίαμον
Ὅμηρος. τοῦτον γὰρ Ἑρμῆς ὥσπερ διδάσκαλος ὦν παιδεύει, πῶς χρὴ
ἐντυχεῖν Ἀχιλλεῖ, καὶ παραδίδωσι τὰς μεθόδους τῆς ἱκετείας·

τύνη δ' εἰσελθὼν λάβε γούνατα Πηλείωνος,
καί μιν ὑπὲρ πατρός καὶ μητέρος ἠυκόμοιο
λίσσεο καὶ τέκεος, ἵνα οἱ σὺν θυμὸν ὀρίνης·

καὶ πάντας τοὺς ἀριθμοὺς τῆς ἱκετείας παραλαμβάνει, τὸ γένειον τὸ
Ἀχιλλέως, «ἀνάμνησιν» πατρός, μητρός, υἱοῦ. ταῦτα μαθὼν ὁ γέρων οἶδεν
τέχνην κατὰ τέχνης· προσελθὼν γὰρ τῷ Ἀχιλλεῖ τοῦ γενείου ἐπιλαμβάνεται
καὶ λέγει

μνήσαι πατρός σεῖο, θεοῖς ἐπιείκελ' Ἀχιλλεῦ. καὶ οὔτε τοῦ παιδὸς

μέμνηται οὐτε τῆς μητρὸς, ἀλλὰ τοῦ πατρὸς μόνου. τὴν πολλὴν γὰρ χορηγίαν παρέλιπεν τῇ χρεΐα τοῦ παιδός.

[16] Οὐκοῦν ὑπολείπεται ἡμῖν ἐκεῖνος ὁ λόγος, ὅτι Ὅμηρος ἐπενόησεν ἐσχηματισμένον λόγον δι' εἰκόνας, ἵνα μηνύσῃ μὲν ὃ βούλεται, τὸ δὲ εὐπρεπὲς πρὸς τὴν ἐπιτίμησιν, ἀλλ' εἰκόνι τὸν λόγον διαπεράνας. καὶ οἱ πολλοὶ ἀγνοοῦσιν τὴν εἰκόνα. ἔστι δὲ ἡ εἰκὼν ἐν Ὀδυσσέως λόγῳ. ἐξάγει τοὺς Ἑλλήνας ὁ Ἀχιλλεὺς ὠρμημένος σφόδρα ἐπὶ τῷ Πατρόκλῳ θανάτῳ. Ὀδυσσεὺς ἀξιοῖ αὐτοὺς πρότερον φαγεῖν καὶ οὕτως ἐξελθεῖν· καὶ ἐπιτιμᾷ τῷ Ἀχιλλεῖ, ὅτι προπετῶς ταῦτα βούλεται· καὶ λέγει τὴν ἀρχὴν τῆς παραινέσεως τὴν αἰτίαν, εἵτα τὴν παραΐνεσιν ἀδιανοήτως. ἢ εἰπάτω τις, τί βούλεται τὸ

κρείσων εἰς ἐμέθεν καὶ φέρτερος οὐκ ὀλίγον περ
ἔγχει· ἐγὼ δέ κε σεῖο νοήματί γε προβαλοίμην
πολλόν, ἐπεὶ πρότερος γενόμην καὶ πλείονα οἶδα.

ἤδη τὰ προοίμια τῆς ἐπιτιμήσεως, ὥσπερ καὶ τὸ
μὴ δ' οὕτως ἀγαθός περ ἐών, θεοείκελ' Ἀχιλλεῦ,
κλέπτε νόψ, ἐπεὶ οὐ παρελεύσεται οὐδὲ με πείσεις.

εἵτα εἰπὼν τῆς γνώμης τὴν ἀρχὴν ἐπάγει
τῷ τοι ἐπιτλήτω κραδίη μύθοισιν ἐμοῖσιν.
αἰψά τε φυλόπιδος πέλεται κόρος ἀνθρώποισιν,
ἧς τε πλείστην μὲν καλάμην χθονὶ χαλκὸς ἔχευεν,
ἄμητος δ' ὀλίγιστος, ἐπὴν κλίνῃσι τάλαντα
Ζεύς, ὅς τ' ἀνθρώπων ταμὴς πολέμοιο τέτυκται.

καὶ ἡ εἰκὼν πέρας τῆς συμβουλῆς. εἰδέναι οὖν χρὴ ὅτι αὕτη ἡ εἰκὼν σοφία ἐστὶ τοῦ Ὀδυσσέως τοῦ Ὀμήρου. ἐπιτίμησις γὰρ ἐστὶ πικρὰ πρὸς τὸν Ἀχιλλέα καὶ δι' ἀπορρήτων λυπηρὰ παραΐνεσις. διὰ τοῦτο καὶ τὸ προοίμιον αὐτῷ μακρόν ἐστι·

κρείσων εἰς ἐμέθεν καὶ φέρτερος οὐκ ὀλίγον περ
ἔγχει· ἐγὼ δέ κε σεῖο νοήματί γε προβαλοίμην
πολλόν, ἐπεὶ πρότερος γενόμην καὶ πλείονα οἶδα.

αὐτὸ τὸ προοίμιον τοῦ σχήματός ἐστιν ἀρχή· 'μὴ πάνυ θάρρει τῇ ἀνδρείᾳ τῇ σαντοῦ· εἰ δὲ μή, ἐλέγχεις αὐτὴν τὸ μηδὲν εἶναι· ἀλλ' ἄκουε παρ' ἀνδρὸς ἐμπεύρου καὶ ἐπιστήμονος ἐκ πείρας πραγμάτων'. τίς οὖν ἐστὶν ἡ ἐπιτίμησις ἐκεῖνω;

γαστέρι δ' οὐ πῶς ἔστι νέκυν πενθῆσαι Ἀχαιοῦς.
λίην γὰρ πολλοὶ καὶ ἐπήτριμοι ἥματα πάντα
πίπτουσιν· πότε κέν τις ἀναπνεύσειε πόνοιο;
ἀλλὰ χρὴ τὸν μὲν καταθάπτειν, ὅς κε θάνῃσιν,
νηλέα θυμὸν ἔχοντας, ἐπ' ἥματι δάκρυ χέοντας.
ὅσοι δ' ἂν πολέμοιο περὶ στυγεροῖο λίπωνται,
μεμνησθαι πόσιος καὶ ἐδητύος, ὅφρ' ἔτι μᾶλλον
ἀνδράσι δυσμενέεσσι μαχώμεθα νωλεμὲς αἰεὶ
ἐσσάμενοι χροῖ χαλκὸν ἀτειρέα· μηδὲ τις ἄλλην
λαῶν ὄτρυντὸν προτιδέγμενος ἰσχανάσθω.

ἦδε γὰρ ὀτρυντὺς κακὸν ἔσσεται, ὃς κε λίπηται
νηυσὶν ἐπ' Ἀργείων· ἀλλ' ἀθρόοι κοσμηθέντες
Τρωσὶν ἐφ' ἵπποδάμοισιν ἐγείρομεν ὄξυν Ἄρηα.

ὥσεὶ ἔλεγεν· ‘πολλοὶ τεθνᾶσιν ἤδη διὰ σὲ μηνιῶντα· νῦν ἀπορρίψας τὴν
μῆνιν ἀξιοῖς τῇ τοῦ θεοῦ προσθήκῃ ἐλπίδας τῆς νίκης ἔχειν. ἐὰν οὖν
ἐξέλθωσι νήστες, οὐδ' ἂν ὁ Ζεὺς χαριζόμενός σοι βοηθῇ τοῖς Ἑλλησι,
δυνήσονται διαρκέσαι νήστες ὄντες πρὸς τὸ κρατῆσαι. ὥστε μὴ φρόνει
μέγα ἐπὶ τῇ προσθήκῃ τοῦ Διὸς καὶ προπετῶς στρατεύου· ἐλεγχθήσῃ γὰρ
τῇ ἀσθενείᾳ τῶν στρατιωτῶν’.

αἰψά τε φυλόπιδος πέλεται κόρος ἀνθρώποισιν ...

ἄμητος δ' ὀλίγιστος, ἐπὴν κλίνῃσι τάλαντα

Ζεὺς, ὃς τ' ἀνθρώπων ταμίης πολέμοιο τέτυκται.

τί γὰρ τοῦ Διὸς ἡ μνήμη ἐνταῦθα; ‘συμβήσεται οὖν οὐ πολλὴν γενέσθαι
ἡμῖν ὠφέλειαν ἐκ τῆς παρὰ σοῦ προτροπῆς διὰ τὸν Δία, ἂν ἀσθενεῖς ὄντες
στρατευσώμεθα· ὥστε ἐλεγχθήσεται σου ἡ ἀνδρεία ἢ θαυμαστὴ ὑπὸ τῆς
προπετείας’. ἐπειδὴ τοίνυν ταῦτα πικρά ἐστὶν καὶ ἐπιτίμησιν ἔχει, εἰκόνοιο
παρεμβολῇ τὸ πικρὸν τῆς ἐπιτιμήσεως ἀσφαλὲς ἐποίησεν.

Περὶ τῶν ἐν μελέταις πλημμελουμένων

[1] Τάδε πλημμελούμενα ἐν ταῖς μελέταις· οἱ μὲν ἡθῶν ἀμοίρους τοὺς λόγους ποιοῦνται οἰόμενοι τοῦ πράγματος εἶναι τὸν ἀγῶνα, τὸ δὲ ἦθος ἐν παρέργῳ τιθέμενοι· οἱ δὲ περὶ τὴν κρᾶσιν τῶν ἡθῶν οὐ σπουδαίως ἔχουσιν, ἀλλ' ἂν μὲν ἀπλοῦν ἦ τὸ ἦθος καὶ παντὶ τῷ ἰδεῖν ἐκκείμενον, ἰδόντες καὶ προσπεσόντες χρῶνται τῷ ἦθει· ἂν δὲ διπλοῦν ἦ ἢ τριπλοῦν καὶ ποικιλώτερον, οὔτε τὰς διαιρέσεις τῶν ἡθῶν ζητοῦσιν οὔτε περὶ τὴν κρᾶσιν αὐτῶν πραγματεύονται· ὅθεν αὐτοῖς οὐδὲ ἀγωνίζεσθαι τοῖς ἦθεσιν συμβαίνει, ἀλλ' ὁ τοῦ ἦθους ἀγὼν ὑπάρχει τὰ καλούμενα ἐπιφωνήματα, προστυχοῦσαί τινες αὐτόματοι φωναὶ ἠθικαί· παρ' ὃ καὶ τὸν ἔπαινον καρποῦνται γυμνὰ τὰ ἦθη φθειγόμενοι, δέον καθόλου τοῦτοις διαγωνίζεσθαι, ὥσπερ σώματι ψυχὴν συμπλέκοντας τὰ ἦθη τοῖς πράγμασιν. ἔτι τε οὐχ ὑποτείνουσι τὸ ἐν μέγα ἦθος (ἔστι δὲ τοῦτο <τὸ> ἐκ φιλοσοφίας), οὗ τὰ ἄλλα πάντα <τὰ> κατὰ μέρος ἐξηρτῆται πρόσφορα τοῖς ἐκάστοτε ὑποκειμένοις προσώποις· παρ' ὃ καὶ μικρότεροι ἐν ταῖς τῶν ἡθῶν χρείαις εἰσίν, ὅποταν καὶ τὰ ἦθη μεταχειρίζονται, οὐδαμοῦ τὸ μεγαλοπρεπὲς διασώζοντες, δέον τοῦτο φυλάττειν πανταχοῦ. ὥσπερ γὰρ ἐν ψυχῇ δεῖ τὸν λογισμὸν κρατεῖν, θυμὸν δὲ καὶ ἐπιθυμίαν τούτῳ ὑπακοῦειν, καὶ ὅσα γε θυμῷ πράττομεν, μετὰ λογισμοῦ θυμοῦσθαι, ὅσα δὲ ἐπιθυμίαις χαρίζομεθα, μὴ ἄγαν ἀλογίστως χαρίζεσθαι· οὕτω δὲ δεῖ καὶ τῷ λόγῳ ἐν μὲν ἦθος ἐκεῖνο τὸ μέγιστον τὸ ἐκ φιλοσοφίας ὥσπερ λογισμὸν ὑποκεῖσθαι τῷ λόγῳ, τὰ δὲ ἄλλα ἐπάγειν, τὰ θυμικὰ λέγω καὶ τὰ οἰκτρὰ καὶ τὰ ἀστεῖα καὶ τὰ πικρὰ καὶ τὰ ἐπίφθονα, πάντα ταῦτα ἐκείνου ἐξηρτημένα καὶ ἀλλήλοις συγκεκραμένα κατὰ τὸν τῆς χρείας λόγον.

[2] Τοῦτο τὸ ἦθος Πλάτων ὑποθέμενος καὶ τὰ τῶν σοφιστῶν καὶ τὰ τῶν πολιτικῶν καὶ τὰ τῶν δημιουργῶν, καὶ τὰ τῶν μεираκίων καὶ τὰ τῶν ἀνδρῶν καὶ τὰ τῶν πρεσβυτέρων, καὶ τὰ τῶν γυναικῶν, καὶ τὰ τῶν δούλων καὶ τὰ ἐλευθέρων ἦθη κατὰ λόγον τούτῳ συνέπλεξεν. τοῦτο καὶ Δημοσθένης ὑποθέμενος δι' ὅλου μεγαλοπρεπῆς ἐστὶν ἐν τοῖς λόγοις, ὁμοίως ἐν τε τοῖς συμβουλευτικοῖς τὸ τοῦ πολιτικοῦ ἦθος ὑποθέμενος καὶ τὸ τοῦ κολακεύοντος τούτῳ συμπλέκων <καὶ ἐν τοῖς δικανικοῖς> . καὶ διαφέρων τὴν δόξαν τοῦ συναγορεύοντος, ἐν οἷς πραχθῆναι συναγωνίζεται, κατὰ μίμησιν τὴν Πλάτωνος. καὶ γὰρ ἐκεῖνος τὰ δόγματα οὐκ αὐτὸς ἀποφαίνεται, εἶτα περὶ αὐτῶν διαγωνίζεται· ἀλλὰ ἐν μέσῳ τὴν ζήτησιν ποιούμενος πρὸς τοὺς διαλεγόμενους εὐρίσκων μᾶλλον τὸ δέον δόγμα ἢ φιλονεικῶν ὑπὲρ αὐτοῦ φαίνεται, πλὴν ὅσα περὶ τῶν κρειττόνων ἢ καθ' ἡμᾶς διαλέγεται. τοῦτο καὶ Ὅμηρος πανταχῇ τηρῶν καὶ πάντα ἦθη καὶ πάσας φαντασίας ἀπὸ τοῦ ἴσου ὑμνῶν καὶ τῇ τοιαύτῃ τέχνῃ μεταχειριζόμενος πρὸς τὰς διαφορὰς τῶν ὑποκειμένων [3] προσώπων ποιεῖται τὴν διάκρισιν. Ταῦτα μὲν ἐν ἦθει πλημμελοῦμεν, <οἱ μὲν> τὸ μὴδὲ ὅλως ζητεῖν, οἱ δὲ τὸ μὴ πάντα εὐρίσκειν, οἱ δὲ τὸ μὴ περὶ τὴν κρᾶσιν πραγματεύεσθαι, οἱ δὲ πλεῖστοι καὶ σχεδὸν ἅπαντες καὶ τὸ μὴ <τὸ> πρῶτον

καὶ μέγιστον ἦθος ὑφίστασθαι καὶ τὰ ἄλλα ἀκολουθῶς τούτῳ ἐπάγειν.

[4] Περί δὲ γνώμην πρῶτον τὰ μέτρα οὐχ ὀρῶμεν, ἀλλ' οἱ μὲν πάντα διὰ βραχέων ἐπιτρέχουσι δείξαντες ἕκαστα τῶν ζητουμένων καὶ παρελθόντες, συντομίαν τινὰ τοῦτο νομίζοντες, τὴν ἀπόλειψιν τῆς τῶν πραγμάτων θεωρίας· οἱ δὲ ὅπως πλεῖστα εἰς ἕκαστον τῶν ὑποκειμένων ζητημάτων ἐροῦσι, σκοποῦνται οὐκ εἰδότες, ὅτι τὰ μὲν φύσει ὁμολογούμενα καὶ τὰ τοῖς ἡθεσι διεγνωσμένα καὶ τὰ ἔθεσι κεκριμένα βραχεῖα ἀποφάσει τὴν ἰσχὺν ἔχει, ἐὰν δὲ τις μηκύνῃ, ψυχρότερα καὶ ἀσθενέστερα αὐτὰ ἐξεργάζεται· περὶ δὲ τὰς τῶν νόμων ἐξετάσεις καὶ τὰς τούτων ἀποδείξεις ἡ πολλὴ πραγματεία ἀναγκαῖα τῷ ῥήτορι. ἔτι τε πολλάκις ἀγνοοῦμεν ἃ τε βραχέως δεῖ λέγειν καὶ οἷς δεῖ μῆκος περιτιθέναι. καίτοι βραχύς ὁ περὶ τούτων λόγος, ὡς τὰ ἰσχυρότατα βραχύτατα λεκτέον, τὰ δὲ ἀσθενέστατά ἐστι καὶ τὰ ἀγχώμαλα τὰ τῆς βοηθείας τοῦ ῥήτορος εἰς ῥοπὴν δεόμενα. ὅλως δὲ οὔτε βραχέα οὔτε πολλὰ δεῖ ζητεῖν λέγειν, ἀλλὰ σύμμετρα πανταχοῦ, ζητοῦντας πρὸς τῇ συμμετρίᾳ πανταχοῦ καὶ τὴν ἀσφάλειαν· ἐπιθυμία δὲ τοῦ πολλὰ δοκεῖν εὐρίσκειν καὶ λέγειν πολλὰ ἐν τοῖς λόγοις λυμαινόμεθα. ταῦτα μὲν καὶ περὶ τὴν γνώμην ἀμαρτάνομεν.

[5] Ἀτεχνία δὲ ἐν μελέταις αὕτη· πρώτη μὲν γυμνὴ τῶν κεφαλαίων πρότασις πανταχοῦ τῷ μὴ ἐπίστασθαι μήτε προδιοικεῖσθαι, ὃ πέρ ἐστι προσυσιῆσαι ἢ προδιαβαλεῖν, μήτε τὰς τῶν προτάσεων μεθόδους· αἱ ἐπὶ τριῶν σχημάτων ἀγωνίζονται· ἢ ὡς εἰδότης τοῦ λέγοντος τὰ μέλλοντα λεχθήσεσθαι ὑπὸ τοῦ ἀντιδίκου· 'οἶδα τοίνυν, ὅτι ἐρεῖ' καὶ 'ἀλλὰ νῆ Δία ἐρεῖ'· ἢ ὡς πυθομένου· 'πέπυσμαι τοίνυν αὐτὸν ἐρεῖν', 'ἀπήγγειλεν τοίνυν τίς μοι'· ἢ ὡς στοχαζομένου. ὣν ἑκάστη τῶν προτάσεων κατὰ λόγον τέχνης προτείνεται. ὁ δὲ λόγος τῆς τέχνης οὗτος· περὶ ὧν θαρροῦμεν λύσειν, ἐροῦμεν εἰδέναι ἐροῦντα τὸν ἀντίδικον· περὶ ὧν ἀμφιβόλως ἔχομεν καὶ μέσως, εἰκάζειν προσποιοῦσόμεθα· ἃ δὲ ἰσχυρὰ ὄντα τῷ ἀντιδίκῳ ἴσμεν, ταῦτα ἀκηκοέναι φήσομεν, ἵνα μὴ δοκῶμεν συνειδέναι τὰ ἰσχυρὰ τοῖς ἐναντίοις.

[6] Μία τοίνυν αὕτη ἀτεχνία, ὅπερ ἔφην, ἡ τῶν προτάσεων γυμνότης, ἣν καὶ τέχνην τινὲς διαιρέσεως νομίζουσιν. ἑτέρα δὲ ἡ δοκοῦσα παρὰ τοῖς πολλοῖς τῆς τάξεως ἀκολουθία, τὸ καθ' ὅλον τοῦ προβλήματος τὴν τάξιν διδόναι τοῖς καλουμένοις κεφαλαίοις· ἀλλὰ δεῖ κατὰ τὴν χρεῖαν τοῦ ἀγῶνος διακοσμεῖν τὰς πίστεις, ἔνια καὶ μεταπιθέντα, καὶ τάξια τὸ συμφέρον ἡγούμενον, ἀλλὰ μὴ ὥσπερ στοιχείοις χρῆσθαι τοῖς κεφαλαίοις κατὰ τὴν τάξιν ἀπὸ τοῦ α ἕως ω, καθάπερ γραμματικὸν ἄνδρα, ἀλλὰ πρὸς τὴν χρεῖαν τῶν ἀγῶνων, ὥσπερ <τὰ> γράμματα πρὸς τὰ ὀνόματα, οὕτω καὶ τὰ κεφάλαια πρὸς τὰ πράγματα διακοσμεῖν. ἕτερον ἐκεῖνο τὸ μηδαμοῦ συμπλέκειν τοῖς ἀσθενέσι τὰ ἰσχυρά, ἵνα τῇ τούτων ἰσχύϊ ἐκεῖνα ἐπικρύπτηται. ἔτι κάκεῖνο τὸ μηδαμοῦ τῶν λόγων ἐκβολὴν ποιεῖσθαι μηδεμίαν, καιροὺς ὑπερβαίνοντα, εἴτα πάλιν ἐπανιόντα. ὁ περ ποιοῦσιν οἱ παλαιοί· ἐν ἐτέρων καιρῶν ἀγῶσιν ἐτέρων μνήμας ποιοῦνται, τεχνικῶς προδιοικούμενοι τὴν τῶν μελλόντων λεχθήσεσθαι πίστιν καὶ <τὰ> παρόντα ὁμοῦ ταῖς ἐκείνων συμπλέκοντες πίστεσιν. ἔτι κάκεῖνο ἀμάρτημα τὸ μηδὲν

προδοιοκείσθαι μηδὲ πρότερον ἀποδεικνύναι, εἴτα ἐπιφέρειν· ὁ περ ποιοῦσιν οἱ παλαιοὶ πολλάκις, καὶ μάλιστα Δημοσθένης κατὰ μίμησιν τὴν Πλάτωνος, εἰδὼς ὅτι πολλαχοῦ προτεινόμενα τὰς κατασκευὰς ἀσθενεῖς ἔχει, προκατασκευασθέντα δὲ πιστὰ <τὰ> ἐπενεχθέντα φαίνεται. τί δεῖ λέγειν, ὅτι τὴν ἀναγκαίαν ἀκολουθίαν οὐχ ὀρώμεν; ἦν φησὶ δεῖν Πλάτων προσεῖναι τοῖς λόγοις, 'οὐ χύδην' ὡς ἔτυχεν 'βεβλήσθαι' τὰ ἐνθυμήματα, ἀλλ' εἶναι τὸν λόγον ἐοικότα σώματι ἐκ κεφαλῆς ἐπὶ πόδας ἔχοντι τὰ μέρη καὶ τὰ μέλη ἀλλήλοις τε πρέποντα καὶ τῷ ὅλῳ συστήματι τοῦ σώματος. τοῦτο μὲν παρίημι εὐθύνειν, ὅτι ἔοικε σπάνιον εἶναι. ὁπότε γὰρ καὶ Λυσίαν ἐπὶ τούτῳ ἐλέγχει, πᾶσαν τὴν ἡμετέραν ῥητορικὴν ἔοικεν ἐλέγχειν. τοῦτον δὲ τὸν ἐλεγχον τὸν τοῦ μὴ ἐπίστασθαι τὴν ἀναγκαίαν ἀκολουθίαν μόνος Δημοσθένης ἐξέφυγεν κατὰ μίμησιν τὴν Πλάτωνος· πῶς καὶ τίνα τρόπον, ἐν τῷ περὶ μιμήσεως πειρασόμεθα. τοιαῦτα μὲν καὶ τοσαῦτα καὶ ἔτι πλέω τούτων τὰ τῆς ἀτεχνίας πλημμελήματα.

[7] Περὶ δὲ τὴν λέξιν συχνὰ τὰ ἀμαρτήματα. οἱ μὲν γὰρ πάνυ εὐτελῶς φθέγγονται καὶ φασὶ τὸ κατὰ φύσιν δὴ καὶ γνώριμον μεταδιώκειν, οὐκ εἰδότες ὅτι ἐν τῷ καλῷ μάλιστα <τὸ> γνώριμόν ἐστιν, ἐν δὲ τῷ ἀγοραίῳ τῆς λέξεως οὐδὲ τὸ σαφές, μή τί γε <τὸ> γνώριμον φαίνεται· τὸ γὰρ ἀγοραῖον οὔτε τὴν δήλωσιν ἀκριβῆ οὔτε τὴν φαντασίαν ἐναργῆ παρέχεται. οἱ δὲ τὸ παράσημον τῆς λέξεως ἐναγκαλίζονται, εἰ ποῦ τι ἀνακεχωρηκὸς ὄνομα ἢ ῥῆμα εἴρηται, τοῦτο θηρῶντες καὶ πανταχοῦ φθεγγόμενοι, ἐπ' ἀρχαιότητι δὴ τινι σεμνυνόμενοι· γελοῖον πεπονθότες, εἰ γε μὴ λογίζονται, ὅτι τὰ βυβλία διὰ τῶν γνωριμωτάτων ἀγωνίζεται, τὰ δὲ ἀνακεχωρηκὸτα ταῦτα σπάνια ἐστίν. οὐκ οὐκ ἀρχαίῳ <ἀν> δοκοίη ὁ τὰ ὀλιγάκις εἰρημένα ἀρχαίοις λέγων, ἀλλ' ὁ τοῖς ἀεὶ λεγομένοις καὶ πανταχοῦ χρώμενος. ἀγνοοῦσιν δὲ καὶ τὴν χρῆσιν τῶν σπανίων ὀνομάτων, καθ' ὅς αἰτίας ἔνεστι τοῖς βυβλίοις. εἰσὶ [8] δὲ αἱ αἰτίαι αὗται· πρώτη μὲν ἐκείνη· ἕνεια τῶν ὀνομάτων τοῖς τότε καιροῖς συνήθη ἦν καὶ γνώριμα, ὧν νῦν ἡ χρῆσις ἐξερρύηκεν· ἐκεῖνοι μὲν οὖν ὡς γνωρίμοις ἐχρῶντο, ἡμεῖς δ' ἂν αὐτὰ εἰκότως ἐκκλίνοιμεν.

[9] δευτέρα αἰτία· ἕνεια τῶν πραγμάτων τῷ μὴ πολλάκις συνήθη τοῖς ἀνθρώποις εἶναι ἀήθη πάντα ἔσχεν καὶ τὰ ὀνόματα, οἷον τὸ περὶ τοῦς ὀδόντας πάθος, ὅταν ὑπὸ τινος δριμέος ἢ στριφνοῦ μὴ οἰοί τε ὥσιν τέμνειν οἱ ὀδόντες ὥπερ φρίττοντες. τοῦτο γὰρ σπανίως συμβαίνει· σπανία δὴ καὶ ἡ χρῆσις τοῦ ὀνόματος.

[10] ἡμεῖς δὲ ἐκκυκλοῦμεν ἀεὶ τὰ τοιαῦτα ὀνόματα. τρίτη δὲ αἰτία ἐκείνη· ἐνίοτε λέγουσιν τὰ σπάνια τῶν ὀνομάτων κατὰ μίμησιν τὴν πρὸς ἐτέρους, καθάπερ ἐν ιδιώματι κωμωδίας. ἡμεῖς δὲ οὔτε παίζοντες οὔτε ἀνάγκη κατακλειόμενοι θηρῶμεν τὰ ὀλίγα ταῦτα ὀνόματα, ὅψιμαθία καὶ ἀπειροκαλία τοῖς αἰσχίστοις τῶν παθῶν περιπεπτωκότες. Ἐπὶ κακεῖνο πλημμέλημα ἐν τῇ λέξει τὸ ὑπὸ φιλοτιμίας πᾶσι χρῆσθαι τοῖς εἰρημένοις ὀνόμασι πανταχοῦ, τὸν καιρὸν μὴ προστιθέντα, οἷον λέγω ἱστορικόν που ὄνομα, διαλεκτικόν, ποιητικόν, ἐκ τραγωδίας ἢ κωμωδίας φθέγγεσθαι ὄνομα. ἔστιν δὲ τοῦτο παιδείας μὲν ἴσως ἔνδειξις, χρήσεως δὲ ἀπειρία. δεῖ

γὰρ διακρίνειν, τίνα δικανικά τε τῶν ὀνομάτων, τίνα διαλεκτικά καὶ τίνα ἱστορικά, καὶ τίνα ποιητικά ἐκατέρας τῆς ποιήσεως, καὶ ἐπιλέγεσθαι τὰ πολιτικά πανταχόθεν· εἰ δὲ μή, καὶ γελοῖοι καὶ ἐπίφθονοι φανούμεθα· οὐχ ὡς οὐκ ἔστι που καὶ διαλεκτικὸν ὄνομα καὶ ἱστορικὸν καὶ ποιητικὸν ἐν τοῖς πολιτικοῖς βυβλίοις, ἀλλ' ἐπίστασθαι δεῖ καὶ τὸν καιρὸν τῆς χρήσεως καὶ τὴν διοίκησιν. ἔστιν δὲ ὁ μὲν καιρὸς ἐκεῖνος, ὅταν ἐναργέστερόν τι ὄνομα ᾗ ἀπὸ ποιήσεως ἢ διαλεκτικῆς ἢ ἱστορικῆς, χρῆσθαι, ὡς ὁ ῥήτωρ, πρὸς τὴν ἐνέργειαν. ἡ δὲ διοίκησις ἐκείνη, τὸ προεξηγήσασθαι καὶ τοῖς προταχθεῖσιν ἢ ἐπιφερομένοις οὕσι γνωρίμοις ἀφανίσαι τὴν καινότητα τοῦ ὀνόματος καὶ ὁμολογία χρῆσθαι τοῦ τὸ ῥῆμα ἐξ ἄλλης ἰδέας λόγων εἶναι· ἱκανὴ γὰρ <ἡ> ὁμολογία καὶ παραμυθία τῆς καινότητος. ταῦτα καὶ ἔτι πλείω τοῦτων κατὰ λέξιν ἀμαρτάνομεν.

[11] Ἀκόλουθος δὲ τῇ λέξει καὶ ὁ περὶ τῶν σχημάτων λόγος, ὅτι καὶ ἀπλάστως καὶ ἀσχηματίστως λέγουσιν, ὥσπερ καὶ ἀγοραῖως τοῖς ὀνόμασιν οἱ δὲ καὶ πανταχόθεν σχήματα συνάγουσιν ἀγνοοῦντες τὸν καιρὸν αὐτῶν, ὥσπερ καὶ τῶν ὀνομάτων. τοιαῦτα μὲν τινὰ καθόλου λέγειν ἔχομεν <πλημμελοῦμενα> ἐν ἡθελίᾳ, ἐν γνώμῃ, ἐν τέχνῃ, ἐν λέξει.

[12] Φέρε δὴ κατὰ μέρος σκεψώμεθα ἀπὸ τῶν τῆς ὑποθέσεως στοιχείων τὰ ἐν ἐκάστῳ στοιχείῳ πλημμελήματα· ἔστι δὲ τὰ τῆς ὑποθέσεως στοιχεῖα τέσσαρα προοίμιον, διήγησις, πίστεις, ἐπίλογοι.

[13] Ἀ τοίνυν πλημμελοῦμεν ἐν προοιμίῳ μελετῶντες, ταῦτά ἐστι. πρῶτον μὲν ὡς εἰδόσι τοῖς δικασταῖς διαλεγόμεθα προοιμιαζόμενοι, γελοιότατον πάσχοντες, ἐπειδὴ προβάλλομεν πρὸ τῆς μελέτης τὴν ὑπόθεσιν, ἡγούμενοι καὶ τὸν δικαστὴν ὥσπερ τὸν ἀκροατὴν ἐπίστασθαι τὸ πρόβλημα. δεῖ δὲ ἐν τῷ προοιμίῳ καὶ παρανοίγειν τὸ πρᾶγμα, ἐπὶ κεφαλαίῳ προδηλοῦντα, περὶ ὧν ὁ ἀγὼν γενήσεται. ἔπειτα δὲ νόμον τινὰ προοιμίων ἐποίησαντο τὰ προοίμια, οὐκ εἰδότες ὅτι ἐν ἑξάρκει <πολλάκις>, πολλάκις δὲ καὶ πλειόνων δεῖ. ἔτι τοίνυν πολλοὶ προκαταχρῶνται τοῖς κεφαλαίοις ἐν τοῖς προοιμίοις, οὐδὲ νοοῦντες, ὅτι τὰ προοίμια δεῖ σύστασιν μὲν εἶναι τῶν κεφαλαίων, οὐκέτι δὲ αὐτὰ κεφάλαια. ὅθεν καὶ τῶν ἀντιδίκων ὑπολήψεις ἐν προοιμίοις διαλαμβάνουσιν. ἔτι μέντοι καὶ λοιδορούμεθα πανταχοῦ τοῖς ἀντιδίκους προοιμιαζόμενοι, οὐκ εἰδότες οὐδὲ τοῦτο, ὅτι ῥήτωρ λοιδορία χρῆται ὡς πίστει ἤτοι κατὰ ἡθους ἢ κατὰ πραγμάτων χρεῖαν· ἡμεῖς δὲ πανταχοῦ τοῖς ἀντιδίκους προοιμιαζόμενοι λοιδορούμεθα. ἔτι μέντοι ἐν σχῆματι τῶν προοιμίων ἡμῖν ἔστι, τὰ στρογγύλα καὶ τὰ περιφερῆ λέγειν προοίμια· οὐκ ἴσμεν δὲ ὅτι καὶ τὰ ἀποτεταμένα ἔστιν ὡς ἐν διηγήσεως τρόπῳ, καὶ ἀπὸ παροιμίας που ἄρχεται προοίμιον, καὶ παράδειγμά που καὶ εἰκόνα προοίμιον ἔχει. πάντων δὲ τούτων τῶν ἀγνοημάτων <αἷτιον> τὸ μὴ ἐπίστασθαι, τί τὸ κεφάλαιόν ἐστι τοῦ προοιμίου καὶ τίς ἡ τέχνη ἐστὶ. τὸ δὲ κεφάλαιον τοῦ προοιμίου δόξα προσώπων τε καὶ πραγμάτων· δεῖ γὰρ ἢ συστήσαι ἢ διαβαλεῖν ἢ πρόσωπον ἢ πρᾶγμα. ἡ δὲ τέχνη τοῦ προοιμίου προδιοίκησις τοῦ παντὸς ἀγῶνος. δεῖ γὰρ παρασκευάσαι τὸν ἀκροατὴν ἐν τῷ προοιμίῳ, ὡς συμφέρει τῷ ῥήτορι τοῦτον τὴν τοῦ παντὸς ἀγῶνος ἀκρόασιν ποιήσασθαι. ἐντεῦθεν καὶ τὰ μέτρα τῶν προοιμίων εὐρίσκομεν κατὰ τὰς

διοικήσεις καὶ τὰς πλάσεις καὶ τὴν ἐρμηνείαν. ταῦτα μὲν ἔστι κεφάλαια περὶ τῆς ἐν προοιμίῳ πλημμελείας.

[14] Διηγῆσεις δὲ οἱ μὲν οὕτω βραχείας ποιοῦνται, ὥσπερ οὐ δέον μακρῶς τὴν ὑπόθεσιν· οἱ δὲ οὕτω μακράς, ὥστε καὶ συμπλέκειν καὶ κατασκευάσας τινὰς καὶ αὐξήσεις. ἑκάτερον δὲ τούτων ἀμάρτημα. τό τε γὰρ μὴ σαφῶς διδάσκειν οὐκ ἂν εἴη διηγέσθαι· τό τε ἀπέραντα λέγειν, ἀλλὰ μὴ ἐν μέτρῳ τῆς διδασκαλίας τὸ πιθανὸν διοικεῖσθαι κλέπτοντα τὴν ἀκρόασιν - ματαία καὶ ἄκαιρος ἡ τοιαύτη ἀδολεσχία. δεῖ δὲ τὸν ῥήτορα διηγέσθαι μὲν ὡς διδάσκοντα, πειρᾶσθαι δὲ πείθειν ἐν τῷ διδάσκειν, τὰ <τε> σαθρὰ καὶ τὰ ἰσχυρά, τὰ τε τοῦ ἐξ ἐναντίας καὶ τὰ αὐτοῦ πρὸς τὸ συμφέρον μεταχειριζόμενον. ἀμάρτημα δὲ καὶ τὸ πανταχοῦ διηγέσθαι μὴ ἐπιστάμενον, ὅτι ὅλη μὲν ἰδέα συμβουλευτικῆς διηγήσεως οὐ δεῖται· ἴσασι γὰρ οἱ βουλευόμενοι περὶ ὧν σκοποῦνται, καὶ δέονται μαθεῖν ὃ πρακτέον ἐστίν, οὐχ ὅπερ βουλευτέον. εἰσὶ δὲ καὶ δίκαι διηγῆσεις οὐκ ἔχουσαι· αὗται δὲ εἰσιν <αἱ> καὶ τοῖς δικάζουσιν τὸ πρᾶγμα γνῶριμον ἔχουσαι καὶ τοῖς ἀντιδίκῳ ὁμοίως ἀμφοτέροις ὁμολογούμενον· τοιαῦται δὲ εἰσὶν αἱ πλείους τῶν πραγματικῶν ὑποθέσεων. οὕτω δὲ που πράγματά ἐστι πολιτικά ἐν οἷς οὐ δεῖ διηγέσθαι, ἀλλὰ μάταιον τὸ ἀνάλωμα τῶν λόγων, ὅπου τοῖς λέγουσιν ἀμφοτέροις ἡ διήγησις περιττὴ καὶ πλέον οὐδὲν ἐκατέρω· οἷον ἀριστείων διηγῆσεις γελοῖαι παντάπασιν (ὁμολογοῦνται γάρ) καὶ ἐκ παραβολῆς αἰτήσεις· οἷον δύο στρατηγῶν ὃ μὲν τριακοσίους ἔλαβεν αἰχμαλώτους, ὃ δὲ τριακοσίους ἀνήρηκεν· ἀμφισβητοῦσιν τῆς δωρεᾶς· ἐνταῦθα γὰρ τὸ διηγέσθαι οὐδετέρῳ χρήσιμον, ἄλλως δὲ καὶ τὸ πεπραγμένον πᾶσι γνῶριμον.

[15] Ἐν δὲ τοῖς κεφαλαίοις πρὸς τῇ ἄλλῃ τῇ εἰρημένῃ ἀτεχνία καὶ τόδε [τὸ] πλημμέλημα, ἀλόγων τινῶν καὶ ἀπρεπῶν καὶ ἀπιθάνων κεφαλαίων συνήθεια, οἷς χρῶνται οἱ μελετῶντες, οὐκ ἂν χρησαμένων τῶν ὡς ἀληθῶς λεγόντων· ἃ καὶ καλοῦσιν καθολικὰ κεφάλαια. ἐν μὲν τῇ συμβουλευτικῇ ἰδέα τὸ 'οὐ δεῖ πόλεμον πρὸ εἰρήνης αἰρεῖσθαι'· τίς γάρ ἐστιν ὁ λέγων, ὅτι δεῖ <αἰεῖ> ποτε πόλεμον πρὸ εἰρήνης αἰρεῖσθαι; ἀλλ' εἰ μέντοι, ζητοῦμεν καὶ τὸ πρὸς τίνας καὶ τὸ ἄχρι πόσου· ὧν ἡ ζήτησις ἐν τέσσαρσι τοῖς τῆς συμβουλῆς κεφαλαίοις, τῷ δικαίῳ, τῷ συμφέροντι, τῷ καλῷ, τῇ δυνάμει. ἐν δὲ ταῖς δικανικαῖς τὸ δεῖν τὸν ἡριστευκότα, τὸν ἀνηρηκότα τύραννον δωρεὰν λαμβάνειν, <ἦν> ἂν θελήσῃ, πᾶσαν, ἐπειδὴ ὁ νόμος κελεύει· τοῦτο γὰρ πῶς οὐ παντάπασιν ἄλογον καὶ ἀναίσχυντον; ἀλλ' εἰ μὲν, ζητεῖται, <ἃ> βούλεται τις, εἰ δίκαια καὶ πρέποντα αὐτῷ αἰτοῦντι λαβεῖν καὶ τοῖς ψηφίζομένοις παρασχεῖν. ἔτι κάκεῖνο τὸ μὴ δεῖν τὸν στρατηγόν, τὸν ἄρχοντα τῶν κατὰ μέρος εὐθύνας ὑποσχεῖν· τούτῳ γὰρ σαφῶς ὁμολογεῖ ἀδικεῖν, τῷ μὴ πάντων ἀξιοῦν λόγον ὑποσχεῖν.

[16] φαίη τις ἂν ἐκ περιουσίας ταῦτα λέγεσθαι· ἀλλὰ τοὺς πλείστους τῶν λόγων ἐπ' αὐτοῖς ἀναλίσκουσιν. ἔπειτα εἰδέναι δεῖ καὶ περὶ τῶν ἐκ περιουσίας κεφαλαίων, ὅτι τότε λεκτέα ἐστίν, ὅταν χρήσιμον <ἦ> καὶ μὴ πολὺ μᾶλλον βλάβη. ἔτι κάκεῖνο τὸ μὴ δεῖν πατρὶ ἀποκηρύττοντι ἀντιλέγειν· τοῦτο πάντων γελοιότατον τὸ ἥκοντα εἰς δικαστήριον

κατηγορήσοντα παιδὸς φάναι μὴ δεῖν ἀπολογεῖσθαι. μέγιστον δὲ καὶ ἀλογώτατον ἐκεῖνο τὸ μὴ δεῖν ἐξ εἰκότων κατηγορεῖν· τοῦτο γὰρ παντάπασιν στοχασμὸν ἀναιρεῖ, ὃ περ μέγιστον δικανικῆς ἰδέας μέρος· αἱ γὰρ πλεῖστοι δίκαι ἐκ τῶν εἰκότων κρίνονται. ταῦτα καὶ ἄλλα τοιαῦτα κεφάλαια ἐν ταῖς τῶν σοφιστῶν διατριβαῖς εἰθισμένα ἀγωνίζεσθαι φευκτέα, εἰ μέλλει τις πρὸς ἀλήθειαν ^[17] ῥητορεύειν. Ταῦτα μὲν πρὸς τοῖς εἰρημένοις καὶ περὶ τῶν κεφαλαίων.

Ἐνίοις κάκεῖνο ἀμάρτημα, αἱ καλούμεναι ἐκφράσεις, πολλαχοῦ τὸ χειμῶνα γράφειν καὶ λοιμοὺς καὶ λιμοὺς καὶ παρατάξεις καὶ ἀριστείας. οὐ γὰρ ἐν τούτῳ ἐστὶν ἡ κρίσις τῆς δίκης, ἐν τῷ διαγράψαι τὸν χειμῶνα. ἀλλὰ καὶ ταῦτα ματαῖα ἐπίδειξις καὶ λόγου ἀνάλωμα· εἰσερρύη δὲ τοῦτο τὸ ἀμάρτημα ἐν ταῖς μελέταις κατὰ ζῆλον τῆς ἱστορίας καὶ τῶν ποιημάτων. ἀγνοοῦμεν γὰρ ὡς ἔοικεν, ὅτι ἱστορία μὲν περὶ καὶ ποιήσεις γραφικὰς τὰς ὄψεις τῶν ἀναγκαίων τοῖς ἀκούουσιν παράγουσιν, ἀγῶν δὲ δικανικὸς μεμέτρηται πρὸς τὴν χρεῖαν. καὶ οἱ μὲν ποιηταὶ καὶ ἱστορικοὶ τὰ συμβεβηκότα τόποις τοῖς καὶ προσώποις ἐκτυποῦσιν, ὡς ἐγένετο· οἱ δὲ μελετῶντες ῥήτορες οὐκ ἔχοντες ὁμολογουμένην οὐδὲ ἰδίαν τὴν τῶν πεπραγμένων ἰδέαν αὐτοῖς ἀναπλάττουσιν λοιμῶν καὶ λιμῶν καὶ χειμῶνων καὶ πολέμων ὄψεις, οὐ πάντων οὕτω συμβεβηκότων, ὡς αὐτοὶ λέγουσιν. ἔξεστι γοῦν καὶ τῷ ἀντιδίκῳ ἐτέρως αὐτὰ φράσαι ἢ ὡς ἂν ὁ ἀντίδικος εἴπῃ. ὥσπερ οὖν ἔφην, καὶ ταῦτα μάταιον μῆκος λόγων. τοῦτο δὲ τὸ πάθημα ἀνθρώπων ἀγνοούντων, ὅτι καὶ ἐν τοῖς ἐπικαίροις τῶν ἀγῶνων ἔστι φαντασίας κίνησις ἱκανὴ καὶ οὐ δεῖ ἔξωθεν λόγοις φαντασίας ἐπεισκυκλεῖσθαι.

[18]

Περὶ δὲ ἐπιλόγων· ἡγοῦνται τοὺς ἐπιλόγους ὥσπερ ἐν δέλτῳ τραγήματα εἶναι τῶν λόγων καὶ ὥσπερ ‘ἐπιφυλλίδας καὶ στωμύλματα’ (παρ’ ὃ καὶ ἐπιφωνήματα καλοῦσιν τὰ ἐν ἐπιλόγοις λεγόμενα) οὐκ εἰδότες, ὅτι ὥσπερ τὸ προοίμιον διοίκησις τοῦ παντὸς ἀγῶνος, οὕτω καὶ ὁ ἐπίλογος βεβαίωσις ἢ ἐπανάμνησις τῶν προαποδεδειγμένων πραγμάτων, ἢ ἐν παθῶν συντάσει παροξυνόντων ἡμῶν ἢ οἰκτιζομένων ἢ καὶ ἄλλα ὅσα ἦθι λόγων διάφορα τῷ ὑποκειμένῳ ἐκάστοτε ἀγῶνι.

[19] Ταῦτα καὶ ὅσα ἐκ τούτων ῥητῆται τηρῶμεν ἐν ταῖς μελέταις πλημμελήματα.

Ἔτι δὲ καὶ τὴν παλαιότητα μὴ ἐν τῇ θέσει τῶν βυβλίων νομίζωμεν εἶναι, ἀλλ’ ἐν τῇ χρήσει τῆς ὁμοιότητος. μίμησις γὰρ οὐ χρῆσις ἐστὶ τῶν διανοημάτων, ἀλλ’ ἡ ὁμοία τῶν παλαιῶν ἔντεχνος μεταχειρίσις. καὶ μιμεῖται τὸν Δημοσθένην οὐχ ὁ τὸ «Δημοσθένους λέγων ἀλλ’ ὁ» Δημοσθενικῶς, καὶ τὸν Πλάτωνα ὁμοίως καὶ τὸν Ὅμηρον. καὶ πᾶσα μίμησις ὧδε ἔχει· τέχνης ζῆλος ἐκμάττων ἐνθυμημάτων ὁμοιότητα. μακρότερος ὁ περὶ μιμήσεως λόγος, ὃν ἀλλαχῇ μεταχειρισόμεθα. τὸ δὲ νῦν ἔχον τηρητέον τὰ ἐν μελέτῃ πλημμελήματα ἐν ἡθι, ἐν γνώμῃ, ἐν τέχνῃ, ἐν λέξει, κατὰ πάντα μέρη τῆς ὑποθέσεως, κατὰ προοίμιον, διηγήσεις, πίστεις, ἐπιλόγους. ταῦτα περὶ τὰ φανερώτατα· πλείω δὲ τὰ ὑπολειπόμενα, «ἀ» δειξουσιν αἱ συνουσίαι.

Περὶ λόγων ἐξετάσεως

[1] Ὁ μέγιστος κίνδυνός ἐστι καὶ νέω καὶ μὴ νέω περὶ τὴν τῶν λόγων κρίσιν. ταῖς γὰρ ἡμετέραις δόξαις δίχα ἐπιστήμης εἰκῇ καὶ ἐπαινοῦμεν ἃ ἔτυχεν ἐκάστοτε καὶ ψέγομεν· καὶ διὰ τοῦτο συμβαίνει ταῦτά καὶ ἐπαινεῖσθαι καὶ ψέγεσθαι οὐ μόνον ἄλλοτε ὑπ' ἄλλων, ἀλλὰ καὶ ταῦτά ὑπὸ τῶν αὐτῶν ποτὲ μὲν ἐπαινεῖσθαι, ποτὲ δὲ ψέγεσθαι. ὥσπερ γὰρ οἱ ἄπειροι τοῦ ἀριθμοῦ οὐδέποτε τὰ αὐτὰ περὶ τῶν αὐτῶν λέγουσιν οὔτε πρὸς ἀλλήλους οὔτε πρὸς ἄλλους, ἀλλ' ἡ ἀπειρία παρέχει τεκμήριον τὴν ἀσυμφωνίαν· οὕτως ἀμέλει καὶ περὶ λόγους ἔχομεν οἱ πλεῖστοι· οὐδέποτε γὰρ τὰ αὐτὰ ἡμῖν δοκεῖ, ἀλλὰ ποτὲ μὲν ἐπαινοῦμεν ταῦτα ἃ ποτὲ ἐψέγομεν, καὶ ἃ ἐψέξαμεν ἐπαινοῦμεν· ψυχαγωγούμεθα γὰρ τῇ δόξῃ τῶν ἀποφαινομένων ἢ πρὸς τὸ ἀξίωμα τὸ ἐκείνων ἀποβλέποντες, οὐκ οἰκεία κρίσει χρώμενοι. δεῖ δὲ ὥσπερ κανόνα εἶναι καὶ στάθμην τινὰ καὶ δοκίμιον ὠρισμένον, πρὸς ὃ τις ἀποβλέπων δυνήσεται τὴν κρίσιν ποιεῖσθαι ἢ ἐπὶ τὰδ' ἢ ἐπ' ἐκεῖνα. ὥς οὖν ἔμοι δοκεῖ, φράσω πρὸς ὑμᾶς. τέτταρα εἶναι φημι, ἀφ' ὧν τὴν δοκιμασίαν καὶ τὴν κρίσιν χρῆναι ποιεῖσθαι τῶν λόγων ἀξιῶ. ἔστι δὲ τὰ τέσσαρα ταῦτα· ἥθος, γνώμη, τέχνη, λέξις. σκεπτέον οὖν αἰεὶ ἡμῖν, περὶ ὧν ἢ ἀνέγνωμεν ἢ ἠκούσαμεν ἢ ὁπωσοῦν ἐνετύχομεν, τί ὠφελεῖ ἢ βλάπτει εἰς ἥθος, τί εἰς γνώμην, τί εἰς τέχνην, τί εἰς λέξιν. ἔξω τούτων οὐκ εἰσὶν ὅροι.

[2] Τί ποτ' ἐστὶν ὃ λέγω, μαθεῖν χρή. τὸ ἥθος φημὶ διπλοῦν εἶναι, κοινὸν τε καὶ ἴδιον. πῇ διορίζω τὸ κοινὸν καὶ τὸ ἴδιον ἀπ' ἀλλήλων, φράσω. κοινὸν λέγω τὸ φιλοσοφίας ἐχόμενον. ἔστι δὲ τοῦτο τί; τὸ εἰς ἀρετὴν προτρέπον καὶ κακίας ἀπαλλάττον. ἴδιον δὲ λέγω τὸ ρητορικόν. ἔστι δὲ τοῦτο τί; τὸ πρόποντας καὶ προσήκοντας τοὺς λόγους ποιεῖσθαι περὶ τῶν ὑποκειμένων πραγμάτων τῷ λέγοντι αὐτῷ καὶ τῷ ἀκούοντι καὶ περὶ ὧν ὁ λόγος καὶ πρὸς οὗς ὁ λόγος· «οὗ» ὃ τί ποτέ ἐστιν, «ἔστιν» ὃ ἀγὼν τοῖς βυβλίοις πᾶσιν, καὶ τοῖς παλαιοῖς «καὶ τοῖς νέοις». τί οὖν περὶ τούτων λέγω; τὰ βυβλία μεστὰ ἐστὶ δικαίων ἠθῶν, ἀδίκων, σωφρόνων ἀκολάστων, ἀνδρείων δειλῶν, σοφῶν ἀμαθῶν, πρᾶων ὀργίλων. ἔξεστιν οὖν καταλιπόντας τὰ ὀνόματα, ἐκλαβόντας «τὰ» ἥθη φιλοσοφῆσαι τὰ τοῦ βίου πράγματα, καὶ τὰ μὲν μιμήσασθαι, τὰ δὲ φυγεῖν· οἷον εἴ τις λαβὼν παρὰ Ὀμήρου τὸ ἥθος τοῦ Ἀλεξάνδρου λυμνηαμένου ξένου οἰκίαν καὶ ἀρπαγὴν ποιησαμένου ἀλλοτρίας γυναικὸς μισοῖ μὲν τὸ ἥθος, φυλάττειτο δὲ καὶ τὴν τύχην, ὥς καὶ τὴν πατρίδα τούτου κατασκαφεῖσαν καὶ τὸν οἶκον ἀνατραπέντα καὶ μεγίστην τιμωρίαν καὶ παρὰ ἀνθρώπων καὶ ἐκ θεῶν γενομένην. πάλιν αὖ ἔστι πονηρὸν ἥθος τοῦ Πανδάρου συγχέοντος τοὺς ὄρκους· ἡ τιμωρία φαίνεται ἐπαξία τοῦ ἁμαρτήματος. Νέστορός που σωφροσύνη φαίνεται· τοῦτο εἰς ἀρετὴν συντελεῖ. λέγει που ὁ Ζεὺς περὶ τοῦ Ἑκτορος, εὐσέβειαν αὐτῷ μαρτυρῶν

οὐ γὰρ μοί ποτε βωμὸς ἐδεύετο δαιτὸς εἰσης

λοιβῆς τε κνίσσης τε, τὸ γὰρ λάχομεν γέρας ἡμεῖς. καὶ ἂν καταλιπὼν

τὰ ὀνόματα ἐξετάσης τῶν ἡθῶν τὰς διακρίσεις, ὥσπερ ἐν θεάτρῳ τοῦ βίου διὰ τῶν βυβλίων πορεύση. τοῦτο καὶ Πλάτων εἶπεν, ὅτι ἡ ποιητικὴ 'μυρία τῶν παλαιῶν ἔργα κοσμοῦσα τοὺς ἐπιγινομένους παιδεύει'. παιδεία ἄρα ἐστὶν ἡ ἐντευξις τῶν ἡθῶν. τοῦτο καὶ Θουκυδίδης ἔοικεν λέγειν, περὶ ἱστορίας λέγων, ὅτι καὶ ἱστορία φιλοσοφία ἐστὶν ἐκ παραδειγμάτων. 'ὅσοι δὲ βουλήσονται τῶν τε γενομένων τὸ σαφὲς σκοπεῖν, καὶ τῶν μελλόντων ποτὲ αὖθις κατὰ τὸ ἀνθρώπειον τοιοῦτων καὶ παραπλησίων ἔσεσθαι, ὠφέλιμα' χρῆσθαι ταῖς παλαιαῖς ἱστορίαις καὶ τοῖς παραδείγμασιν τῶν ἡθῶν ὡς ἱστορίᾳ τοῦ βίου. ταῦτα μὲν περὶ τοῦ κοινοῦ ἡθους· κακίας φυγὴ καὶ ἀρετῆς κτῆσις.

[3] Περὶ δὲ τοῦ ἰδίου ἡθους, ὃ ῥητορικὸν καλοῦμεν καὶ τρόπον τινα οὗτος ὁ λόγος περὶ διαιρέσεώς ἐστιν· περὶ οὗ μηδεὶς γέγραφεν μηδὲ εἴρηκέν ποτε. οἱ γὰρ ἀγῶνές εἰσιν τῷ ῥήτορι δύο, ὁ τοῦ πράγματος καὶ ὁ τοῦ ἡθους· πρεσβύτερος δ' ὁ τοῦ ἡθους καὶ κυριώτερος, καὶ ὡς εἰπὲν τῷ ῥήτορι μόνος ὁ τοῦ ἡθους ἀγὼν ἐστίν. τὸ γὰρ πρᾶγμα οἰκείαν ὕλην εἰς χορηγίαν παρέχει· ἡ τῶν ἡθῶν θεωρία ἀριθμῷ καταληφθεῖσαν διαίρεσιν ἡθῶν παραδίδωσι. συνέλωμεν οὖν καὶ τὰ ἡθῶν ἀριθμῷ καταδησώμεθα, ὥστε μηδὲν ἡμᾶς δύνασθαι διαφυγεῖν. τὰ τοίνυν ἴδια καὶ ῥητορικὰ ἡθῶν τοῦτοις διαιρεῖται· κατὰ ἔθνη, γένη, ἡλικίας, προαιρέσεις, τύχας, ἐπιτηδεύσεις. ἐπὶ αὐτοῖς τόποι· τὸ γὰρ ἔθνος διπλοῦν, ἕκ τε τοῦ κοινοῦ παντὸς καὶ τοῦ ἰδίου.

[4] Τί ποτὲ ἐστὶν ὃ λέγω, διηγῆσομαι. ζητητέον ἐστὶ, πότερον Ἑλλήνων ὁ λέγων ἢ βάρβαρος καθόλου. πολλὴ γὰρ διαίρεσίς ἐστι καὶ διάκρισις Ἑλληνικοῦ ἡθους καὶ βαρβαρικοῦ. εὐρήσεις γὰρ ἀγροικότερα τὰ βαρβαρικά ἡθῶν καὶ τραχύτερά πως καὶ ἔχοντά τινα αὐθάδειαν, ὥσπερ καὶ ὁ Πλάτων τὸν Αἰγύπτιον λέγοντα εἰσάγει· ὧ Σόλων, Σόλων, Ἑλλήνες αἰεὶ παῖδες ἐστέ, μάθημα δὲ οὐδὲν ἔχετε χρόνῳ πολίον· ἐνταῦθα γὰρ καὶ ἡ τροπὴ τῶν ὀνομάτων δηλοῖ τὸ ἴδιον τῶν βαρβάρων. ὥσπερ ἀμέλει καὶ Ἡρόδοτος πεποίηκεν διαλεγόμενον τὸν Κανδαύλην πρὸς τὸν Γύγην· ὧτα γὰρ τυγχάνει ἀνθρώποισιν ἐόντα ἀπιστότερα ὀφθαλμῶν· οὐ γὰρ περὶ ἀκοῆς καὶ ὀψεως διελέχθη, ἀλλ' ἐπὶ τὰ μέρη τοῦ σώματος τὴν γνώμην μετήνεγκεν. ὡς καὶ τὸν τρόπον τῆς ἐλέξεως βαρβαρικοῦ καὶ ὁ λέγων χρῆμα ἑωρακέναι παρὰ τοῖς Ἑλλήσιν, ᾧ χρώμενοι μαίνονται, τὴν γυμνασίαν τῶν ἀθλούντων λέγων, καὶ ὁ· 'μανίας [5] πόμα' λέγων τὸν οἶνον. Καὶ ὅλως τί δεῖ ταῦτα ἐπιλέγεσθαι; μετὰ γὰρ τὰ βυβλία τῶν τοιοῦτων ἐστίν.

Ἰδοῦ διαίρεσις τοῦ ἔθνους· Ἑλληνικὸν ἢ βάρβαρον τὸ ἡθος. ἀλλὰ θῶμεν εἶναι Ἑλληνικὸν ἢ θῶμεν βάρβαρον, πάλιν καταδιαίρεσεις τῶν ἡθῶν· καὶ δεῖ συνελθεῖν ἀμφοτέρω, καὶ τὸν βάρβαρον καὶ τὸν Θρᾷκα τὸν φονικόν, καὶ τὸν βάρβαρον καὶ τὸν Σκύθην τὸν σύντομον. πάλιν Ἑλληνικὸν θῶμεν τὸ ἡθος. ἔστω Ἑλλήνων· ποῖόν τι ἔθνος Ἑλλήνων; Ἑλλήνων Ἀθηναῖος· τορός, λάλος, σοφός. Ἑλλήνων Ἴων· ἀβρός, ἀνειμένος. Ἑλλήνων Βοιωτός· εὐήθης. Ἑλλήνων Θετταλός· διπλοῦς καὶ ποικίλος. ἐντεῦθεν καὶ ἀνθρώποι φιλοσοφοῦντες τοῦτο καὶ ἐφιστανόμενοι τῇ φύσει τῶν πραγμάτων τὰ ἔθνη λοιδορίας ποιοῦνται, οὐκ ἐχόντων τῶν ἐθνῶν τὰς λοιδορίας ἀλλ' ἐκ τῶν ἐπιπολαζόντων ἡθῶν τοῖς ἔθνεσιν τὰς βλασφημίας λαμβάνοντες. ὡς καὶ

Δημοσθένης· οὐκ εἰσάγει ἰσχυρὸν εἶναι ‘τὸν Θοῤῥα τοῦτον’; καὶ ἡ διαβολὴ ἐν τῷ ‘τὸν Θοῤῥα’. καὶ τί δεῖ τὰ ἄλλα λέγειν; καὶ γὰρ ὁ Πλάτων φησὶ παγκάλως, ὅτι κατὰ τοὺς τοῦ οὐρανοῦ τόπους καὶ τῶν ἡθῶν αἱ κράσεις· καὶ διὰ τοῦτο τινὰς μὲν ἀνθρώπους εἶναι φησὶ πρὸς μαθήματα ὀξυτέρους, τοὺς περὶ τὴν Ἑλλάδα· τοὺς δὲ πρὸς ἀργυρισμόν, τοὺς περὶ τὴν Φοινίκην καὶ Αἴγυπτον· ἄλλοι περὶ θυμόν, ὅσοι τῶν βαρβάρων εἰσὶ πολέμοις ἀνακείμενοι. καὶ εἰκότως ταῦτα λέγει. καὶ γὰρ τὰ ἦθη φησὶν ἐνδύεσθαι τοῖς τόποις καὶ τοῖς ἔθνεσιν ἀπὸ τῶν καθ’ ἓνα, καὶ διὰ τοῦτο ὅσα πολιτειῶν εἶδη, τοσαῦτα ἡθῶν εἶδη, ὡς τὰς πολιτείας ἀπὸ τῶν ἡθῶν τὰ τε ἦθη ἀπὸ τῶν πολιτῶν γιγνόμενα. ὁρῶμεν οὖν ἀπὸ ἔθνους· διπλοῦν δὲ τὸ ἔθνος, Ἑλλήν ἢ βάρβαρος. μετὰ τὸ κοινὸν ἐρχόμεθα ἐπὶ τὸ ἴδιον· Ἀθηναῖος ἢ Λάκων ἢ Βοιωτὸς ἢ Ἴων, ἢ Σκύθης ἢ Θοῤῥῆς ἢ Κελτὸς ἢ ἀπὸ Ἰβηρίας ἢ Αἰγύπτου. Δεῖ οὖν συνελθεῖν τιν’ ἰδιότητα ἀπὸ γένους. <ὑπὸ> τὸ γένος ἐστὶ τὰ τῆς συγγενείας ὀνόματα· πατήρ βάρβαρος, καὶ βάρβαρος Κελτός, καὶ βάρβαρος Σκύθης· καὶ πατήρ Ἑλλήν· καὶ Ἑλλήν πατήρ Λακεδαιμόνιος, καὶ ὁδε πατήρ Ἀθηναῖος.

[6] Δεῖ προσελθεῖν τοῦτοις καὶ ἡλικίαν, καὶ τὰ τέσσαρα ἐν γενέσθαι· πατήρ, βάρβαρος, Σκύθης, νέος. οὐ γὰρ τὰ αὐτὰ ἦθη διασώζονται νέοι καὶ πατέρες ὄντες καὶ πρεσβῦται γενόμενοι, ἀλλὰ γίνεται τὰ μὲν τῶν πρεσβυτέρων ἦθη μαλακώτερα, τὰ δὲ τῶν νεωτέρων ἀκμαιότερα. ὡς αὐτως καὶ εἰ ἀδελφὸν λέγοις, καὶ εἰ γυναῖκα λέγοις, καὶ εἰ ἄνδρα καὶ εἰ υἷόν. Ἐντεῦθεν τὸ οἰκεῖον ἦθος τῆς προαιρέσεως ἐξετάζεται· φιλόστοργος, ἀλλὰ τραχύς, ἀλλὰ σκληρός, ἀλλὰ φιλάργυρος, ἀλλὰ ἀνειμένος. ἡ προαίρεσις συντρέχει παντὶ ἡθει. Εἴτα ἀπὸ τύχης· εὖ πράττων, κακῶς πράττων· οὐ γὰρ ταῦτα ἦθη ἐστίν, ἀλλὰ ἡ τύχη ῥυθμίζει. Εἴτα καὶ ἐπιτήδευσις· ἔστι γοῦν καὶ ἀπὸ ἐπιτηδευμάτων· οἱ στρατιῶται ἔχουσιν τι ἀπὸ τῆς στρατιωτικῆς, οἱ ἰατροὶ ἀπὸ τῆς ἱατρικῆς, οἱ ῥητορικοὶ ἀπὸ τῆς ῥητορικῆς, καὶ οἱ γεωργοὶ ἀπὸ τῆς γεωργικῆς. εὐρήσεις τὸν ἱατρὸν διαλεγόμενον λέγοντα· ‘δεῖ τοῦτο ἐκκαθῆραι’, ‘ἐκτεμεῖν αὐτό’. εὐρήσεις τὸν μουσικὸν λέγοντα· ‘παρὰ μέλος λέγεις’, ‘οὐ συνάδει τὰ λεγόμενα’. παρὰ τῷ Πλάτῳ ὁ Δημόδοκος λέγει πρὸς Σωκράτην· ‘ἐμοὶ γάρ, ὦ Σώκρατες, ἡ τοῦτου τοῦ παιδὸς εἴτε φυτεῖαν εἴτε παιδοποιίαν χρή φάναι’· τοῦτο δὲ οὐ χρή νομίζειν ὅτι μεγάλη τῇ φωνῇ χρῆται ὁ Πλάτων, ἀλλ’ ἐπειδὴ ὁ Δημόδοκος ἐργατικὸς καὶ γεωργικὸς, φωνὰς ἀφίησι τῆς τέχνης.

[7] Ταῦτα τὰ ἐπτὰ εἶδη ἐν γενέσθαι δεῖ. οὕτως εὐρήσεις καθ’ ἕκαστον ῥῆμα ὑποθέσεως προβαλλομένης ἡθῶν συναγωγάς. πένης καὶ πλούσιος ἐχθροὶ ἐκ πολιτείας· εὐρήσεις ἐν τῷ πένητι ἦθος, ἐν τῷ πλούσιῳ ἦθος, ἐν τοῖς ἐχθροῖς ἦθος, ἐν τῷ ἐκ πολιτείας ἦθος· οὐ γὰρ ἡ αὐτὴ ἐστὶν ἐχθρα ἐξ ἰδιωτικῶν πραγμάτων καὶ ἐκ πολιτικῶν, ἀλλ’ ἔξεις τὸ φρόνημα ἐκατέρου ἀξιοῦντος διαλέγεσθαι τῷ δήμῳ. εἴτα εἰ πατήρ ἐστὶν αὐτῶν τις ἢ οὐ πατήρ. εἴτα πόλεμος κατέλαβεν, εἴτα κατὰ τὸν πόλεμον ἀριστεία ἢ πταῖσμα· εἴτα αἰτήσεις καὶ κρίσεις. εὐρήσεις καθ’ ἕκαστον ὄνομα τῆς πλοκῆς ἐν ταῖς ὑποθέσεσιν γένεσιν ἡθους ἀναγκαίου. καὶ οὗτός ἐστιν ὁ διαιρετικὸς τῶν ἡθῶν ἀκριβής, ὁ μὴ ἐν ἦθος παραλαπών. ἂν γὰρ τὸν μὲν πατέρα δείξης,

τὸν δὲ πολιτικὸν μὴ δείξης, ἢ τὸν μὲν πολιτικὸν δείξης, τὸν δὲ πατέρα μὴ δείξης· ἢ πάλιν ἂν μὲν τὸν πατέρα δείξης, τὸν δὲ στρατηγὸν μὴ δείξης, ἂν τὸν μὲν ἡριστευκότα δείξης, τὸν δὲ λιπόντα τὴν τάξιν μὴ δείξης· ἂν μὴ δείξης κατὰ τύχας καὶ προαιρέσεις καὶ γένη καὶ ἔθνη τὰς διαφορὰς τῶν ἡθῶν καὶ <καθ’> ὅσα ἄλλα ἡριθμήσαμεν, οὐ πληροῖς τὸ ἥθος. πάντα γὰρ ταῦτα, ὅσα ἡριθμήσαμεν, καλεῖται μὲν εἶδη, γίνεται δὲ ἥθος. ἢ γὰρ τέχνη τῆς διαιρέσεως, ὡς φησὶν ὁ Πλάτων, ‘διαίρέσεις καὶ συναγωγαί’, δεῖξαι τὰ εἶδη πόσα ἐστὶν καὶ πόσας ἔχει τομὰς, καὶ πάντα συναγαγεῖν εἰς ταῦτόν. τοῦτο γὰρ ἐστὶ διαιρέσεως τέχνη· ἐν πολλὰ, πολλὰ ἔν. ἔχομεν τὸ ἥθος, ἐρχόμεθα ἐπὶ τὴν γνώμην.

[8] Ἡ γνώμη τριπλὴν ἐξέτασιν ἔχει· μὴ περιττά, μὴ ἐλλείποντα, μὴ ἐναντία. τὰ περιττά φλυαρία, τὰ ἐλλείποντα ἀσθενή, τὰ ἐναντία κίνδυνος. Ὅμηρος ταῦτα ἐπείσημίνατο·

Θερσίτης δ’ ἔτι μοῦνος ἀμετροεπῆς ἐκολῶ· <τίς> τῆς ἀκαίρου περιττότητος ἡ αἰτία; ἐὰν γοῦν τοῦ Θερσίτου παρέλῃς δύο ἔπη, Νέστορος γίνεται δημηγορία. τὰ δὲ δύο ἔπη τίνα ἐστίν; Ὅμηρός σοι λέγει·

ἀλλ’ ὅ τί οἱ εἴσαιτο γελοῖον Ἀργείοισιν

ἔμμεναι·

ὅτι οὖν τῶν λεγομένων γελοῖόν ἐστιν, ἀλαζονευομένου ἐκείνου ἐπὶ τῇ δυνάμει τοῦ σώματος καὶ τῇ ἀρετῇ καὶ ὑβρίζοντος ἐν τῇ παρρησίᾳ τῇ ἀκράτῳ. ταῦτα ἂν περιέλῃς, τὰ λοιπὰ ἰσχυρά ἐστιν. τοῦτο καὶ ἡ Ὅμηρου τέχνη. ἐπεὶ γὰρ ἑώρα τὸ στρατόπεδον ἀγανακτοῦντας ὑπὲρ Ἀχιλλέως πρὸς Ἀγαμέμνονα, καὶ διὰ τοῦτο οὐ προθύμως ἔχοντας συμμαχεῖν, ἀλλ’ ἀπαλλακτικῶς ἐπὶ τῶν πατρίδων, ἠθέλησεν λῦσαι τὰ ὑπὲρ Ἀχιλλέως δίκαια. ἀνέστησεν οὖν αὐτῷ συνήγορον ἐπίφθονον, γελοῖον, ἵν’ ἐν τῇ τοῦ συνηγόρου κακίᾳ ἀφανισθῇ τὸ δίκαιον τοῦ πράγματος·

ἔχθιστος δ’ Ἀχιλῆϊ μάλιστ’ ἦν ἡδ’ Ὀδυσῆι.

τῷ γὰρ νεικεῖσκε· τότ’ αὖ Ἀγαμέμνονι δίω

ὀξέα κεκληγῶς λέγ’ ὀνείδεα.

τί οὖν ἐστὶ τὸ θρασὺ αὐτοῦ καὶ ἡ περιττότης τοῦ ἥθους, καὶ ἡ ἀκαιρία τίς;

τῷ δ’ ἄρ’ Ἀχαιοὶ

ἐκπάγλως κοτέοντο νεμέσσηθέν τ’ ἐνὶ θυμῷ.

εἰ μὴ γελοῖος ἦν οὗτος καὶ ἄξιος μίσους, ἦν ἰσχυρὰ τὰ λεγόμενα ὑπὲρ Ἀχιλλέως. διὰ τοῦτο καὶ γέλως τοῖς Ἑλλήσι γίνεται, καὶ ἐκ τοῦ γέλωτος διάλυσις τῆς σπουδῆς τῆς εἰς τὰς πατρίδας. ἀπὸ γὰρ ἐκείνης τῆς σκυθρωπότητος ἡ μεταβολὴ διὰ τὸ γενόμενον παρέσχεν εἰρηναίαν τὴν ψυχὴν. ὥστε ἤδη μάθημα μαθάνομεν μέγα καὶ λαμπρόν, μὴ ἐν τῷ πλήθει τῶν λεγομένων ἡγεῖσθαι τὴν ἀρετὴν τῆς ῥητορικῆς. τὰ ἐλλείποντα πῶς; οὕτω πως εἶπεν περὶ τοῦ Μενελάου·

παῦρα μὲν, ἀλλὰ μάλα λιγέως· ἐπεὶ οὐ πολύμυθος.

τὸ γὰρ ‘παῦρα μὲν’ τοιοῦτόν ἐστιν οἶον οὐκ ἐντελῶς τῷ ἀγῶνι. τὸ δὲ μὴ ἐναντία, ὅπερ καὶ Ἰσοκράτης ἐπήνεσεν, δικανικοῦ λόγου, ὡς δεῖ ἔχειν, καὶ ἐπιδεικτικοῦ διαίρεσιν λέγων, ὅτι δεῖ ‘τοὺς μὲν ἔχειν ἀσφαλῶς, τοὺς δὲ

ἐπιδεικτικῶς, καὶ Ὅμηρος δὲ εἶπεν

ὃ δ' ἀσφαλῶς ἀγορεύει·

τοῦτο δέ ἐστι τὸ διὰ τῶν ὁμολογουμένων οὐ περὶ τῶν ὁμολογουμένων ἀμφισβητήσιμα λέγειν, ἀλλὰ καὶ τῇ ἀποδείξει τῶν ὁμολογουμένων ἀμφισβητούμενον λύειν δυνάμενον. τοῦτο καὶ Ξενοφῶν καὶ Πλάτων λέγουσιν περὶ Σωκράτους, ὅτι διὰ τῶν ὁμολογουμένων ἐπορεύετο, ἐπεὶ διδάσκειν ἐβούλετο. Γίνεται οὖν ταῦτα τρία ἀριθμῶ· μὴ περιττά, μὴ ἐλλείποντα, μὴ ἐναντία. κάλεσον αὐτὰ δυσὶν ὀνόμασιν μέτρον καὶ ἀσφάλειαν. τῷ γὰρ μὴ περιττά μηδὲ ἐλλείποντα μέτρου ὄνομα, τῷ δὲ μὴ ἐναντία ἀσφαλείας.

[9] Τρίτος ἡμῖν στόλος ἐστὶ τοῦ λόγου ἐπὶ τὴν τέχνην· εἴπομεν γὰρ ἤδη περὶ ἥθους καὶ γνώμης. πρῶτον τὴν ὑπόνοιαν, ἣ ἂν τις ἀμφισβητήσῃ, ἐκκαθάρωμεν. ἡ δ' ὑπόνοια τίς; οἰηθείη ἂν τις, εἴ περ μὴ περιττά λέγοι μήτ' ἐλλείποντα μήτ' ἐναντία, τεχνίτην αὐτὸν εἶναι. τί οὖν πλεόν ἢ τέχνη ἐστὶ τῆς περὶ τὴν γνώμην ἀσφαλοῦς πραγματείας; πολὺ τὸ πλεόν. ἡ μὲν γὰρ γνώμη τὸ τῷ πράγματι χρήσιμον ἔχει τὸ εἰς ἀπόδειξιν, ἡ τέχνη τὸ πιθανὸν τοῖς ἀκούουσιν. ὥσπερ ἐν ἱατρικῇ εἴ τις τὴν μὲν γνώμην λέγοι, τὸ δεῖν τεμεῖν ἢ τὸ δεῖν φαρμακοποιεῖν χρῆσθαι, τὴν δὲ τέχνην λέγοι τὸ κρύψαι τὸν σίδηρον, τὸ φάρμακον ἐν τοῖς γλυκέσι καὶ τοῖς συντρόφοις σιτίοις παρέχειν. αὕτη ἡ τέχνη μετὰ τὴν γνώμην ἐστίν. πῶς <δ> ἂν συναγάγοις ἥθος καὶ τὴν γνώμην τέχνη; * * *

ὡς δ' ὅταν ὠδίνουσας ἔχῃ βέλος ὁζὺ γυναῖκα

δριμύ, τό τε προίεϊσι μογοστόκοι Εἰλείθυιαι·

δεύτερον·

Ἥρης θυγατέρες πικρὰς ὠδῖνας ἔχουσαι.

τρίτον [τέταρτον] ἐστὶ δι' οὗ ἐπανερχεται ἐπὶ τὸ πρῶτον

ὡς ὁξεῖ ὁδύναι δύνον μένος Ἀτρεΐδαο.

οὕτω καὶ Θουκυδίδης· ἐκ δὲ τεκμηρίων, ὧν ἐπὶ μακρότατον σκοποῦντί μοι πιστεῦσαι ξυμβαίνει, οὐ μέγала νομίζω γενέσθαι. εἴτα τὸ τεκμήριον πόσα ἔχει ὀνόματα; τεκμήριον, μαρτύριον, σημεῖον, παράδειγμα. προβάς ἐρεῖ· ‘μαρτύριον [σημεῖον] δέ· Δήλου γὰρ καθαιρομένης ὑπὸ Ἀθηναίων’. πάλιν προελθὼν ἐρεῖ· ‘καὶ παράδειγμα τόδε τοῦ λόγου οὐκ ἐλάχιστόν ἐστιν’. καὶ πάλιν προελθὼν· ‘σημεῖον δ' ἐστὶν ταῦτα τῆς Ἑλλάδος ἔτι οὕτω νεμόμενα’. καὶ ὅταν πᾶν εἴπῃ, ἐπὶ τὸ πρῶτον πάλιν, ἐπὶ τὸ δεύτερον· καὶ ὅλως ἡ χρεία τὸν ἀριθμὸν ἀνακαλέσεται. τοῦτο τὸ πολλοστῶς ἐστὶν εἰπεῖν. ἔπεται τοῦτω τὸ ποικίλως. διαφέρει δὲ τὸ ποικίλως [10] τοῦ πολλοστῶς, τὸ τῶν ἰδεῶν τῆς λέξεως. ἔστι δ' εὐφορία κατὰ κρίσεις φαύλων ὀνομάτων· τοῦτο δικανικὸν ὄνομα, τοῦτο ἱστορικόν, τοῦτο διαλεκτικόν, τοῦτο κωμικόν. καὶ πάλιν μετὰ τὰς ἰδέας τοὺς ἄνδρας ἐπανελθεῖν· κωμικὸν τοῦτο Ἀριστοφάνειον, κωμικὸν τοῦτο Κρατίνειον, τοῦτο Εὐπολίδειον, τοῦτο Μενάνδρου· εἴτα δικανικὸν τοῦτο Λυσίειον, τοῦτο Δημοσθενικόν, Αἰσχίνῃ πρεπωδέστερον τοῦτο ὄνομα, Ἀντιφῶντι τοῦτο σύνηθες μᾶλλον. τοῦτο τὸ ποικίλως ἐστίν.

Αὕτη ἐστὶν ἡ θεωρία, καθ' ἣν ἐξετάζεται <κατὰ> βυβλίων ἀκρόασεις

πᾶς λόγος μετὰ ἀσφαλείας πορευομένης τῆς ἐξετάσεως. ζητήσεις γὰρ τί ὠφελεῖ ἢ βλάπτει τὰ ἀνεγνωσμένα ἢ εἰρημένα ἢ ἠκουσμένα εἰς ἧθος, γνώμην, τέχνην, λέξιν. τὸ ἧθος διπλοῦν, κοινὸν καὶ ἴδιον. κοινὸν μὲν τὸ εἰς ἀρετὴν προτρέπον καὶ κακίας ἀποτρέπον· ἴδιον δὲ τὸ προσήκοντα καὶ πρέποντα τοῦς λόγους τῷ τε λέγοντι καὶ τοῖς ἀκούουσι καὶ περὶ ὧν ὁ λόγος καὶ πρὸς οὓς ὁ λόγος παρέχεσθαι· γίνεται δὲ τοῦτο ἐν τοῖς ἀριθμοῖς οἷς εἵπομεν, τοῖς ἐπτά. εἴτα ἡ γνώμη μέτρῳ καὶ ἀσφαλείᾳ ἐπὶ τῶν τριῶν ἀριθμῶν. εἴτα ἡ τέχνη, ἡ κρᾶσις ἡθῶν καὶ πραγμάτων. εἴτα ἡ λέξις, τὸ σαφῶς, τὸ καθαρῶς, τὸ πολλοστῶς, τὸ ποικίλως. οὗτος ὁ περὶ <τῆς> τῶν λόγων ἐξετάσεως λόγος.

ΔΙΟΝΥΣΙΟΥ ΛΑΙΚΑΡΝΑΣΣΕΩΣ ΠΕΡΙ ΣΥΝΘΕΣΕΩΣ ΟΝΟΜΑΤΩΝ

[1] 'Δῶρόν τοι καὶ ἐγὼ, τέκνον φίλε, τοῦτο δίδωμι', καθάπερ ἡ παρ' Ὀμήρῳ φησὶν Ἑλένη ξενίζουσα τὸν Τηλέμαχον, πρώτην ἡμέραν ἄγοντι ταύτην γενέθλιον, ἅψ' οὗ παραγέγονας εἰς ἀνδρὸς ἡλικίαν, ἥδιστην καὶ τιμιωτάτην ἐορτῶν ἐμοί· πλὴν οὐτε χειρῶν δημούργημα πέμπω σοι τῶν ἐμῶν, ὡς ἐκείνη φησὶ διδοῦσα τῷ μεираκίῳ τὸν πέπλον, οὐτ' ἐς γάμου μόνον ὥραν, καὶ γαμετῇ χάριν εὐθετον, ἀλλὰ ποίημα μὲν καὶ γέννημα παιδείας καὶ ψυχῆς τῆς ἐμῆς, κτῆμα δὲ [σοί] τὸ αὐτὸ καὶ χρῆμα πρὸς ἀπάσας τὰς ἐν τῷ βίῳ χρεῖας ὁπόσαι γίνονται διὰ λόγων ὠφέλιμον, ἀναγκαιότατον ἀπάντων χρημάτων, εἴ τι κάγῳ τυγχάνω τῶν δεόντων φρονῶν, ἅπασι μὲν ὁμοίως τοῖς ἀσκοῦσι τοὺς πολιτικοὺς λόγους, ἐν ἧ ποτ' ἂν ἡλικία τε καὶ ἔξει τυγχάνωσιν ὄντες· μάλιστα δὲ τοῖς μεираκίοις τε καὶ νεωστὶ τοῦ μαθήματος ἀπτομένοις ὑμῖν, ὧ Ροῦφε Μετίλιε πατρὸς ἀγαθοῦ κάμοι τιμιωτάτου φίλων.

Διττῆς γὰρ οὔσης ἀσκήσεως περὶ πάντας ὡς εἰπεῖν τοὺς λόγους, τῆς περὶ τὰ νοήματα καὶ τῆς περὶ τὰ ὀνόματα, ὧν ἡ μὲν τοῦ πραγματικοῦ τόπου μᾶλλον ἐφάπτεσθαι δόξειεν ἂν, ἡ δὲ τοῦ λεκτικοῦ, καὶ πάντων ὅσοι τοῦ λέγειν εὖ στοχάζονται περὶ ἀμφοτέρας τὰς θεωρίας τοῦ λόγου ταύτας σπουδαζόντων ἐξ ἴσου, ἡ μὲν ἐπὶ τὰ πράγματα καὶ τὴν ἐν τούτοις φρόνησιν ἄγουσα ἡμᾶς ἐπιστήμη βραδεῖα ἐστὶ καὶ χαλεπὴ νέοις, μᾶλλον δὲ ἀδύνατος εἰς ἀγενείων καὶ μεираκίων πεσεῖν ἡλικίαν· ἀκμαζούσης γὰρ ἤδη συνέσεώς ἐστι καὶ πολιαῖς κατηρτυμένης ἡλικίας [ἡ τούτων κατάληψις] οἰκιοτέρα, πολλῇ μὲν ἱστορίᾳ λόγων τε καὶ ἔργων, πολλῇ δὲ πείρᾳ καὶ συμφορᾷ παθῶν οἰκείων τε καὶ ἀλλοτρίων συναυξομένη· τὸ δὲ περὶ τὰς λέξεις φιλόκαλον καὶ ταῖς νεαραῖς ἐπέφυκε συνανθεῖν ἡλικίαις. ἐπτόηται γὰρ ἅπασα νέου ψυχῇ περὶ τὸν τῆς ἐρμηνείας ὠραϊσμόν, ἀλόγους τινὰς καὶ ὥσπερ ἐνθουσιώδεις ἐπὶ τοῦτο λαμβάνουσα τὰς ὁρμάς· οἷς πολλῆς πάνυ καὶ ἐμφρονος δεῖ τῆς πρώτης ἐπιστάσεώς τε καὶ ἀγωγῆς, εἰ μέλλουσι μὴ πᾶν 'ὅ τι κεν ἐπ' ἀκαιρίμαν γλῶσσαν ἔπος ἔλθῃ' λέγειν μὴδ' εἰκῇ συνθήσειν τὰ προστυχόντα ἀλλήλοις, ἀλλ' ἐκλογῇ τε χρῆσασθαι καθαρῶν ἅμα καὶ γενναίων ὀνομάτων καὶ συνθέσει ταῦτα κοσμήσειν μεμιγμένον ἐχούσῃ τῷ σεμνῷ τὸ ἡδύ. εἰς δὲ τοῦτο τὸ μέρος, ὃ δεῖ πρῶτον νέοις ἀσκεῖσθαι, 'συμβάλλομαί σοι μέλος εἰς ἔρωτα' τὴν περὶ τῆς συνθέσεως τῶν ὀνομάτων πραγματεῖαν ὀλίγοις μὲν ἐπὶ νοῦν ἐλθοῦσαν, ὅσοι τῶν ἀρχαίων ῥητορικᾶς ἢ διαλεκτικᾶς συνέγραψαν τέχνας, οὐδενὶ δ' ἀκριβῶς οὐδ' ἀποχρώντως μέχρι τοῦ παρόντος ἐξεργασμένην, ὡς ἐγὼ πείθομαι. ἐὰν δ' ἐγγένηται μοι σχολή, καὶ περὶ τῆς ἐκλογῆς τῶν ὀνομάτων ἐτέραν ἐξοίσω σοι γραφήν, ἵνα τὸν λεκτικὸν τόπον τελείως ἐξεργασμένον ἔχῃς. ἐκείνην μὲν οὖν τὴν πραγματεῖαν εἰς νέωτα πάλιν ὥραις ταῖς αὐταῖς προσδέχου θεῶν ἡμᾶς φυλαττόντων ἀσινεῖς τε καὶ ἀνόσοις, εἰ δὴ ποτε ἡμῖν ἄρα τούτου πέπρωται βεβαίως τυχεῖν· νυνὶ δὲ ἦν τὸ δαιμόνιον ἐπὶ νοῦν ἡγαγέ

μοι πραγματεῖαν δέχου.

Κεφάλαια δ' αὐτῆς ἐστὶν ἃ πρόκειται μοι δεῖξαι ταῦτα, τίς τε ἐστὶν ἡ τῆς συνθέσεως φύσις καὶ τίνα ἰσχὺν ἔχει, καὶ τίνων στοχάζεται καὶ πῶς αὐτῶν τυγχάνει, καὶ τίνες αἱ γενικώταται αὐτῆς εἰσι διαφοραὶ καὶ τίς ἐκάστης χαρακτήρ καὶ ποῖαν κρατίστην αὐτῶν εἶναι πείθομαι, καὶ ἔτι πρὸς τοῦτοις, τί ποτ' ἐστὶ τὸ ποιητικὸν ἐκεῖνο καὶ εὐγλωσσον καὶ μελιχρὸν ἐν ταῖς ἀκοαῖς, ὃ πέφυκε τῇ συνθέσει τῆς πεζῆς λέξεως παρακολουθεῖν, ποιητικῆς τε κατασκευῆς τὸν ἀπολήτον ἐκμimuμένης λόγον καὶ σφόδρα ἐν τῇ μιμῆσει κατορθούσης εὖ τί τὸ κράτος καὶ διὰ ποίας ἂν ἐπιτηδεύσεως ἐγγένοιτο ἐκάτερον αὐτῶν. τοιαυτὶ μὲν δὴ τινὰ ἐστὶν ὡς τύπῳ περιλαβεῖν ὑπὲρ ὧν μέλλω λέγειν. ἄρχεται δὲ ἐνθένδ' ἡ πραγματεία.

[2] Ἡ σύνθεσις ἔστι μὲν, ὥσπερ καὶ αὐτὸ δηλοῖ τοῦνομα, ποιά τις θέσις παρ' ἄλληλα τῶν τοῦ λόγου μορίων, ἃ δὴ καὶ στοιχεῖά τινες τῆς λέξεως καλοῦσιν. ταῦτα δὲ Θεοδέκτης μὲν καὶ Ἀριστοτέλης καὶ οἱ κατ' ἐκείνους φιλοσοφῆσαντες τοὺς χρόνους ἄχρι τριῶν προήγαγον, ὀνόματα καὶ ῥήματα καὶ συνδέσμους πρῶτα μέρη τῆς λέξεως ποιοῦντες. οἱ δὲ μετὰ τούτους γενόμενοι, καὶ μάλιστα οἱ τῆς Στωικῆς αἰρέσεως ἡγεμόνες, ἕως τεττάρων προὔβιβασαν, χωρίσαντες ἀπὸ τῶν συνδέσμων τὰ ἄρθρα. εἴθ' οἱ μεταγενέστεροι τὰ προσηγορικὰ διελόντες ἀπὸ τῶν ὀνοματικῶν πέντε ἀπεφάναντο τὰ πρῶτα μέρη. ἕτεροι δὲ καὶ τὰς ἀντονομασίας ἀποξεύξαντες ἀπὸ τῶν ὀνομάτων ἔκτον στοιχεῖον τοῦτ' ἐποίησαν. οἱ δὲ καὶ τὰ ἐπιρρήματα διελόντες ἀπὸ τῶν ῥημάτων καὶ τὰς προθέσεις ἀπὸ τῶν συνδέσμων καὶ τὰς μετοχὰς ἀπὸ τῶν προσηγορικῶν, οἱ δὲ καὶ ἄλλας τινὰς προσαγαγόντες τομὰς πολλὰ τὰ πρῶτα μόρια τῆς λέξεως ἐποίησαν. ὑπὲρ ὧν οὐ μικρὸς ἂν εἴη λόγος. πλὴν ἢ γε τῶν πρώτων εἴτε τριῶν ἢ τεττάρων εἴθ' ὅσων δὴ ποτε ὄντων μερῶν πλοκὴ καὶ παράθεσις τὰ λεγόμενα ποιεῖ κῶλα, ἔπειθ' ἡ τούτων ἁρμονία τὰς καλουμένας συμπληροῖ περιόδους, αὗται δὲ τὸν σύμπαντα τελειοῦσι λόγον. ἔστι δὴ τῆς συνθέσεως ἔργα τά τε ὀνόματα οἰκείως θεῖναι παρ' ἄλληλα καὶ τοῖς κώλοις ἀποδοῦναι τὴν προσήκουσαν ἁρμονίαν καὶ ταῖς περιόδοις διαλαβεῖν εὖ τὸν λόγον.

δευτέρα δ' οὕσα μοῖρα τῶν περὶ τὸν λεκτικὸν τρόπον θεωρημάτων κατὰ γοῦν τὴν τάξιν (ἡγεῖται γὰρ ἡ τῶν ὀνομάτων ἐκλογὴ καὶ προϋφίσταται ταύτης κατὰ φύσιν) ἡδονὴν καὶ πειθῶ καὶ κράτος ἐν τοῖς λόγοις οὐκ ὀλίγῳ κρείττον' ἐκείνης ἔχει. καὶ μηδεὶς ἡγήσεται παράδοξον, εἰ πολλῶν καὶ μεγάλων ὄντων θεωρημάτων περὶ τὴν ἐκλογὴν, ὑπὲρ ὧν πολὺς ἐγένετο φιλοσόφοις τε καὶ πολιτικοῖς ἀνδράσι λόγος, ἡ σύνθεσις δευτέραν ἔχουσα χώραν τῇ τάξει καὶ λόγων οὐδὲ πολλοῦ δεῖ τῶν ἴσων ἐκείνῃ τυχοῦσα τοσαύτην ἰσχὺν ἔχει καὶ δύναμιν ὥστε περιεῖναι πάντων τῶν ἐκείνης ἔργων καὶ κρατεῖν, ἐνθυμούμενος ὅτι καὶ ἐπὶ τῶν ἄλλων τεχνῶν, ὅσαι διαφόρους ὕλας λαμβάνουσιν συμφορητὸν ἐκ τούτων ποιοῦσι τὸ τέλος, ὡς οἰκοδομικὴ τε καὶ τεκτονικὴ καὶ ποικιλτικὴ καὶ ὅσαι ταῦταις εἰσὶν ὁμοιογενεῖς, αἱ συνθετικαὶ δυνάμεις τῇ μὲν τάξει δευτεραι τῶν ἐκλεκτικῶν εἰσι, τῇ δὲ δυνάμει πρότεραι· ὥστ' εἰ καὶ τῷ λόγῳ τὸ αὐτὸ συμβέβηκεν, οὐκ ἄτοπον ἡγήτεον. οὐδὲν δὲ κωλύει καὶ πίστεις παρασχεῖν

τοῦ προκειμένου, μή τι δόξωμεν ἐξ ἐτοίμου λαμβάνειν τῶν ἀμφισβήτησιν ἐχόντων λόγων.

[3] Ἔστι τοίνυν πᾶσα λέξις ἣ σημαίνομεν τὰς νοήσεις ἢ μὲν ἕμμετρος, ἢ δὲ ἄμετρος· ὧν ἑκατέρα καλῆς μὲν ἀρμονίας τυχοῦσα καλὸν οἶα τ' ἐστὶ ποιεῖν καὶ τὸ μέτρον καὶ τὸν λόγον, ἀνεπιστάτως δὲ καὶ ὡς ἔτυχεν ῥιπτουμένη προσαπόλλυσι καὶ τὸ ἐν τῇ διανοίᾳ χρήσιμον. πολλοὶ γοῦν καὶ ποιηταὶ καὶ συγγραφεῖς φιλόσοφοί τε καὶ ῥήτορες λέξεις πάνυ καλὰς καὶ πρεπούσας τοῖς ὑποκειμένοις ἐκλέξαντες ἐπιμελῶς, ἀρμονίαν δὲ αὐταῖς ἀποδόντες εἰκαίαν τινὰ καὶ ἄμουςον οὐδὲν χρηστὸν ἀπέλαυσαν ἐκείνου τοῦ πόνου. ἕτεροι δ' εὐκαταφρόνητα καὶ ταπεινὰ λαβόντες ὀνόματα, συνθέντες δ' αὐτὰ ἡδέως καὶ περιττῶς πολλὴν τὴν ἀφροδίτην τῷ λόγῳ περιέθηκαν. καὶ σχεδὸν ἀνάλογόν τι πεπονθέναι δόξειεν ἂν ἡ σύνθεσις πρὸς τὴν ἐκλογὴν, ὃ πάσχει τὰ ὀνόματα πρὸς τὰ νοήματα. ὥσπερ γὰρ οὐδὲν ὄφελος διανοίας ἐστὶ χρηστῆς, εἰ μή τις αὐτῇ κόσμον ἀποδώσει καλῆς ὀνομασίας, οὕτω κἀναναῦθα οὐδὲν ἐστὶ προὔργου λέξιν εὐρεῖν καθαρὰν καὶ καλλιρήμονα, εἰ μή καὶ κόσμον αὐτῇ τις ἀρμονίας τὸν προσήκοντα περιθήσει.

Ἦνα δὲ μὴ δόξω φάσιν ἀναπόδεικτον λέγειν, ἐξ ὧν ἐπέισθην κρεῖττον εἶναι καὶ τελειότερον ἄσκημα τῆς ἐκλογῆς τὴν σύνθεσιν, ἔργῳ πειράσομαι δεικνύναι, ἑμμέτρων τε καὶ πεζῶν λόγων ἀπαρχὰς ὀλίγας προχειρισάμενος. λαμβανέσθω δὲ ποιητῶν μὲν Ὅμηρος, συγγραφέων δὲ Ἡρόδοτος· ἀπόχη γὰρ ἐκ τούτων καὶ περὶ τῶν ἄλλων εἰκάσαι. ἔστι δὴ παρ' Ὀμήρῳ μὲν ὁ παρὰ τῷ συβώτῃ καταγόμενος Ὀδυσσεὺς περὶ τὴν ἑωθινήν ὥραν ἀκρατίζεσθαι μέλλων, ὡς τοῖς παλαιοῖς ἔθος ἦν· ἔπειτα ὁ Τηλέμαχος αὐτοῖς ἐπιφαινόμενος ἐκ τῆς εἰς Πελοπόννησον ἀποδημίας· πραγματί' ἄττα βιωτικά ἡρμηνευμένα ὑπέρευ. ποῦ δ' ἐστὶν ἡ τῆς ἐρμηνείας ἀρετὴ, τὰ ποιήματα δηλώσει παρατεθέντα αὐτά·

Ταῦθ' ὅτι μὲν ἐπάγεται καὶ κηλεῖ τὰς ἀκοὰς ποιημάτων τε τῶν πάνυ

ἡδίστων οὐδενὸς ἦττω μοῖραν ἔχει, πάντες ἂν εὖ οἶδ' ὅτι μαρτυρήσειαν. ποῦ δὲ αὐτῶν ἐστὶν ἡ πειθὼ καὶ διὰ τί τοιαῦτά ἐστι, πότερον διὰ τὴν ἐκλογὴν τῶν ὀνομάτων ἢ διὰ τὴν σύνθεσιν; οὐδεὶς ἂν εἴποι διὰ τὴν ἐκλογὴν, ὡς ἐγὼ πείθομαι· διὰ γὰρ τῶν εὐτελεσμάτων καὶ ταπεινοτάτων ὀνομάτων πέπλεκται πᾶσα ἡ λέξις, οἷς ἂν καὶ γεωργὸς καὶ θαλαττουργὸς καὶ χειροτέχνης καὶ πᾶς ὁ μηδεμίαν ὥραν τοῦ λέγειν εὖ ποιούμενος ἐξ ἐτοίμου λαβὼν ἐχρήσατο. λυθέντος γοῦν τοῦ μέτρου φαῦλα φανήσεται τὰ αὐτὰ ταῦτα καὶ ἄζηλα· οὔτε γὰρ μεταφοραὶ τινες ἔνεισιν εὐγενεῖς οὔτε ὑπαλλαγαὶ οὔτε καταχρήσεις οὔτ' ἄλλη τροπικὴ διάλεκτος οὐδεμία, οὐδὲ δὴ γλῶτται παλαιαὶ τινες οὐδὲ ξένα ἢ πεποιημένα ὀνόματα. τί οὖν λείπεται μὴ οὐχὶ τὴν σύνθεσιν τοῦ κάλλους τῆς ἐρμηνείας αἰτιᾶσθαι; τοιαῦτα δ' ἐστὶ παρὰ τῷ ποιητῇ μυρία, ὡς εὖ οἶδ' ὅτι πάντες ἴσασιν· ἐμοὶ δ' ὑπομνήσεως ἕνεκα λέγοντι ἄρκεϊ ταῦτα μόνον εἰρησθαι.

Φέρε δὴ μεταβῶμεν ἤδη καὶ ἐπὶ τὴν πεζὴν διάλεκτον καὶ σκοπῶμεν, εἰ κάκεινῃ τοῦτο συμβέβηκε τὸ πάθος, ὥστε παρὰ μικρὰ καὶ φαῦλα πράγματά τε καὶ ὀνόματα συνταχθέντα καλῶς μεγάλας ἡδονὰς γίνεσθαι καὶ χάριτας. ἐστὶ δὴ παρὰ τῷ Ἡροδότῳ βασιλεὺς τις Λυδῶν, ὃν ἐκεῖνος Κανδαύλην «καλεῖ, Μυρσίλον δὲ» καλεῖσθαι φησιν ὑφ' Ἑλλήνων, τῆς ἑαυτοῦ γυναικὸς ἐρῶν, ἔπειτα ἀξιῶν τινὰ τῶν ἐταίρων αὐτοῦ γυμνὴν τὴν ἀνθρωπον ἰδεῖν, ὃ δὲ ἀπομαχόμενος μὴ ἀναγκασθῆναι, ὡς δὲ οὐκ ἔπειθεν, ὑπομένων τε καὶ θεώμενος αὐτὴν - πρᾶγμα οὐχ ὅτι σεμνὸν ἢ καλλιλογεῖσθαι ἐπιτήδειον, ἀλλὰ καὶ παιδικὸν καὶ ἐπικίνδυνον καὶ τοῦ αἰσχροῦ μᾶλλον ἢ τοῦ καλοῦ ἐγγυτέρω· ἀλλ' εἴρηται σφόδρα δεξιῶς, καὶ κρεῖττον γέγονεν ἀκουσθῆναι λεγόμενον ἢ ὀφθῆναι γινόμενον. ἵνα δὲ μὴ τις ὑπολάβῃ τὴν διάλεκτον εἶναι τῆς ἡδονῆς αἰτίαν τῇ λέξει, μεταθεὶς αὐτῆς τὸν χαρακτῆρα εἰς τὴν Ἀτθίδα γλῶτταν καὶ οὐδὲν ἄλλο περιεργασάμενος οὕτως ἐξοίσω τὸν διάλογον.

Ἐγὼ γάρ σε δοκῶ πείθεσθαι μοι λέγοντι περὶ τοῦ εἰδους τῆς γυναικὸς· ὧτα γὰρ τυγχάνει ἀνθρώποις ὄντα ἀπιστότερα ὀφθαλμῶν· ποιεῖ ὅπως ἐκείνην θεάσῃ γυμνὴν. Ὁ δ' ἀναβοήσας εἶπε· Δέσποτα, τίνα λόγον λέγεις οὐχ ὑγιᾶ, κελεύων με δέσποιναν τὴν ἐμὴν θεάσασθαι γυμνὴν; ἅμα δὲ χιτῶνι ἐκδυομένῳ συνεκδύεται καὶ τὴν αἰδῶ γυνή. πάλαι δὲ τὰ καλὰ ἀνθρώποις ἐξεύρηται, ἐξ ὧν μαθάνειν δεῖ· ἐν οἷς ἐν τῷδ' ἐστίν, ὅρᾳν τινὰ τὰ ἑαυτοῦ. ἐγὼ δὲ πείθομαι ἐκείνην εἶναι πασῶν γυναικῶν καλλίστην, καὶ σοῦ δέομαι μὴ δεῖσθαι ἀνόμων. ὃ μὲν δὴ λέγων ταῦτα ἀπεμάχετο ..., ὃ δ' ἡμέιβετο τοῖσδε· Θάρσει Γύγη, καὶ μὴ φοβοῦ μήτ' ἐμέ, ὡς πειρώμενόν σου λέγω λόγον τόνδε, μήτε γυναῖκα τὴν ἐμὴν, μή τί σοι ἐξ αὐτῆς γένηται βλάβος. ἀρχὴν γὰρ ἐγὼ μηχανήσομαι οὕτως, ὥστε μηδὲ μαθεῖν αὐτὴν ὀφθεῖσαν ὑπὸ σοῦ. ἀγαγὼν γάρ σε εἰς τὸ οἶκημα, ἐν ᾧ κοιμώμεθα, ὅπισθε τῆς ἀνοιγομένης θύρας στήσω· μετὰ δὲ ἐμὲ εἰσελθόντα παρέσται καὶ ἡ γυνὴ ἢ ἐμὴ εἰς κοίτην. κεῖται δ' ἐγγὺς τῆς εἰσόδου θρόνος· ἐπὶ τοῦτον τῶν ἱματίων καθ' ἐν ἑκαστον ἐκδύσα θήσει, καὶ καθ' ἡσυχίαν πολλὴν παρέσται σοι θεάσασθαι. ὅταν δ' ἀπὸ τοῦ θρόνου πορεύηται ἐπὶ τὴν εὐνὴν κατὰ νῶτον τε αὐτῆς γένῃ, σοὶ μελέτω τὸ ἐντεῦθεν, ὅπως μὴ σε ὄψεται ἀπιόντα

διὰ θυρῶν. ὁ μὲν δὴ ὥς οὐκ ἐδύνατο διαφυγεῖν, ἔτοιμος ἦν [ποιεῖν ταῦτα]’.

οὐκ ἂν ἔχοι τις οὐδὲ ἐνταῦθα εἰπεῖν, ὅτι τὸ ἀξίωμα καὶ ἡ σεμνότης τῶν ὀνομάτων εὐμορφον πεποίηκε τὴν φράσιν· ἀνεπιτήδευτα γάρ ἐστι καὶ ἀνέκλεκτα, οἷα ἡ φύσις τέθηκεν σύμβολα τοῖς πράγμασιν· οὐδὲ γὰρ ἤρμοττεν ἴσως κρείττοσι χρῆσασθαι ἐτέροις. ἀνάγκη δὲ δὴ πού, ὅταν τοῖς κυριωτάτοις τε καὶ προσεχισταῖς ὀνόμασιν ἐκφέρηται, τὰ νοήματα μηδὲν σεμνότερ’ εἶναι, ἢ οἷα ἐστιν «ἐκεῖνα». ὅτι δὲ οὐδὲν ἐν αὐτοῖς ἐστι σεμνὸν οὐδὲ περιττόν, ὁ βουλόμενος εἴσεται μεταθεῖς οὐδὲν ὅ τι μὴ τὴν ἁρμονίαν. πολλὰ δὲ καὶ παρὰ τούτῳ τῷ ἀνδρὶ τοιαῦτά ἐστιν, ἐξ ὧν ἂν τις τεκμήρηται, ὅτι οὐκ ἐν τῷ κάλλει τῶν ὀνομάτων ἢ πειθῶ τῆς ἐρμηνείας ἦν, ἀλλ’ ἐν τῇ συζυγίᾳ. καὶ περὶ μὲν τούτων ἱκανὰ ταῦτα.

[4] Ἵνα δὲ πολὺ μᾶλλον αἰσθηταί τις, ὅσην ἔχει ῥώμην ἢ συνθετικὴ δύναμις ἐν τε ποιήμασι καὶ λόγοις, λήψομαί τινας εὖ ἔχειν δοκούσας λέξεις, ὧν τὰς ἁρμονίας μεταθεῖς ἄλλοῖα φαίνεσθαι ποιήσω καὶ τὰ μέτρα καὶ τοὺς λόγους. λαμβανέσθω δὲ πρῶτον μὲν ἐκ τῶν Ὀμηρικῶν ταῦτα·

ἀλλ’ ἔχεν ὥστε τάλαντα γυνὴ χερνῆτις ἀληθής,

ἢ τε σταθμὸν ἔχουσα καὶ εἴριον ἀμφὶς ἀνέλκει

ἰσάζουσ’, ἵνα παισὶν ἀεικέα μισθὸν ἄροιτο.

τοῦτο τὸ μέτρον ἡρώδης ἐστὶν ἐξάπουν τέλειον, κατὰ δάκτυλον πόδα βαινόμενον. ἐγὼ δὴ τῶν ὀνομάτων τούτων μετακινήσας τὴν σύνθεσιν τοὺς αὐτοὺς στίχους ἀντὶ μὲν ἐξαμέτρων ποιήσω τετραμέτρους, ἀντὶ δὲ ἡρωϊκῶν προσοδιακοὺς τὸν τρόπον τοῦτον·

ἀλλ’ ἔχεν ὥστε γυνὴ χερνῆτις τάλαντ’ ἀληθής,

ἢ τις εἴριον ἀμφὶ καὶ σταθμὸν ἔχουσ’ ἀνέλκει

ἰσάζουσ’, ἵν’ ἀεικέα παισὶν ἄροιτο μισθόν.

τοιαῦτά ἐστι τὰ πριάπεια[ι, ὑπὸ τινων δ’ ἰθυφάλλια] λεγόμενα ταυτί·

Οὐ βέβηλος, ὧ τέλεται τοῦ νέου Διονύσου ...

κάγῳ δ’ ἐξ εὐεργεσίης ὠργισμένος ἦκω.

ἄλλους πάλιν λαβὼν στίχους Ὀμηρικούς, οὔτε προσθεῖς αὐτοῖς οὐδὲν οὔτε ἀφελών, τὴν δὲ σύνθεσιν ἀλλάξας μόνον ἕτερον ἀποδώσω γένος τὸ τετράμετρον καλούμενον Ἰωνικόν·

ὥς ὁ πρόσθ’ ἵππων καὶ δίφρου κέῖτο τανυσθεῖς,

βεβρυχώς, κόνιος δεδραγμένος αἱματοέσσης.

ὥς ὁ πρόσθ’ ἵππων καὶ δίφρου κέῖτο τανυσθεῖς,

αἱματοέσσης κόνιος δεδραγμένος, βεβρυχώς.

τοιαῦτ’ ἐστὶ τὰ Σωτάδεια ταυτί·

ἐδυνάμην δ’ ἂν ἔτι πολλὰς ιδέας μέτρων καὶ διαφόρους εἰς τὸν ἡρωϊκὸν ἐμπιπτούσας στίχον ἐπιδεικνύειν, τὸ δ’ αὐτὸ καὶ τοῖς ἄλλοις ὀλίγου δεῖν πᾶσι συμβεβηκὸς μέτροις τε καὶ ῥυθμοῖς ἀποφαίνειν, ὥστε τῆς μὲν ἐκλογῆς τῶν ὀνομάτων τῆς αὐτῆς μενούσης, τῆς δὲ συνθέσεως μόνης μεταπαιούσης

μή μοι

λεπτῶν θίγγανε μύθων, ψυχή·

τί περισσὰ φρονεῖς; εἰ μή μέλλεις

σεμνύνεσθαι παρ' ὁμοίοις.

ταῦτα μὲν οὖν ἔασειν μοι δοκῶ κατὰ τὸ παρόν. ὅτι δὲ καὶ ἡ πεζὴ λέξις τὸ αὐτὸ δύναται παθεῖν τῇ ἐμμέτρῳ μενόντων μὲν τῶν ὀνομάτων, ἀλλαππομένης δὲ τῆς συνθέσεως, πάρεστι τῷ βουλομένῳ σκοπεῖν. λήψομαι δ' ἐκ τῆς Ἡροδότου λέξεως τὴν ἀρχὴν τῆς ἱστορίας, ἐπειδὴ καὶ γνῶριμός ἐστι τοῖς πολλοῖς, μεταθεὶς τὸν χαρακτήρα τῆς διαλέκτου μόνον. 'Κροῖσος ἦν Λυδὸς μὲν γένος, παῖς δ' Ἀλυάττου, τύραννος δ' ἐθνῶν τῶν ἐντὸς Ἄλυσος ποταμοῦ· ὃς ῥέων ἀπὸ μεσημβρίας μεταξὺ Σύρων τε καὶ Παφλαγόνων ἐξίησι πρὸς βορέαν ἄνεμον εἰς τὸν Εὐξείνιον καλούμενον πόντον'. μετατίθημι τῆς λέξεως ταύτης τὴν ἀρμονίαν, καὶ γενήσεται μοι οὐκέτι ὑπαγωγικὸν τὸ πλάσμα οὐδ' ἱστορικόν, ἀλλ' ὀρθὸν μᾶλλον καὶ ἐναγώνιον· 'Κροῖσος ἦν υἱὸς μὲν Ἀλυάττου, γένος δὲ Λυδός, τύραννος δὲ τῶν ἐντὸς Ἄλυσος ποταμοῦ ἐθνῶν· ὃς ἀπὸ μεσημβρίας ῥέων μεταξὺ Σύρων καὶ Παφλαγόνων εἰς τὸν Εὐξείνιον καλούμενον πόντον ἐκδίδωσι πρὸς βορέαν ἄνεμον.' οὗτος ὁ χαρακτήρ οὐ πολὺ ἀπέχειν ἂν δόξειεν τῶν Θουκυδίδου τοῦτων· 'Επίδαμνός ἐστι πόλις ἐν δεξιᾷ εἰσπλέοντι τὸν Ἰόνιον κόλπον· προσοικοῦσι δ' αὐτὴν Ταυλάντιοι βάρβαροι, Ἰλλυρικὸν ἔθνος.' πάλιν δὲ ἀλλάξας τὴν αὐτὴν λέξιν ἑτέραν αὐτῇ μορφήν ἀποδώσω τὸν τρόπον τοῦτον· 'Ἀλυάττου μὲν υἱὸς ἦν Κροῖσος, γένος δὲ Λυδός, τῶν δ' ἐντὸς Ἄλυσος ποταμοῦ τύραννος ἐθνῶν· ὃς ἀπὸ μεσημβρίας ῥέων Σύρων τε καὶ Παφλαγόνων μεταξὺ πρὸς βορέαν ἐξίησιν ἄνεμον ἐς τὸν καλούμενον πόντον Εὐξείνιον'. Ἥγησιακὸν τὸ σχῆμα τοῦτο τῆς συνθέσεως, μικρόκομφον, ἀγεννές, μαλθακόν· τοῦτων γὰρ τῶν λήρων ἱερεὺς ἐκεῖνος ἀνὴρ τοιαῦτα γράφων· 'Εξ ἀγαθῆς ἐορτῆς ἀγαθὴν ἄγομεν ἄλλην.' 'Ἀπὸ Μαγνησίας εἰμὶ τῆς μεγάλης Σιτυλεύς.' 'Οὐ γὰρ μικρὰν εἰς Θηβαίων ὕδωρ ἔπτυσεν ὁ Διόνυσος· ἡδὺ μὲν γάρ ἐστι, ποιεῖ δὲ μαίνεσθαι.'

Ἄλως ἔστω παραδειγμάτων. ἱκανῶς γὰρ οἶομαι πεποιηκέναι φανερόν ὃ προὔκειτό μοι, ὅτι μείζονα ἰσχὺν ἔχει τῆς ἐκλογῆς ἢ σύνθεσις. καὶ μοι δοκεῖ τις οὐκ ἂν ἀμαρτεῖν εἰκάσας αὐτὴν τῇ Ὀμηρικῇ Ἀθηνᾷ· ἐκείνη τε γὰρ τὸν Ὀδυσσέα τὸν αὐτὸν ὄντα ἄλλοτε ἄλλοιον ἐποίει φαίνεσθαι, τότε μὲν μικρὸν καὶ ῥυσὸν καὶ αἰσχρὸν

[6] Δοκεῖ μοι τῆς συνθετικῆς ἐπιστήμης τρία ἔργα εἶναι. ἓν μὲν ἰδεῖν, τί
μετὰ τίνος ἀρμοζόμενον πέφυκε καλὴν καὶ ἠδεῖαν λήψεσθαι συζυγίαν·
ἕτερον δὲ γινῶναι τῶν ἀρμόττεσθαι μελλόντων πρὸς ἄλληλα πῶς ἂν
ἕκαστον σχηματισθὲν κρείττονα ποιήσῃ φαινεσθαι τὴν ἀρμονίαν· τρίτον δ'
εἴ τι δεῖται μετασκευῆς τῶν λαμβανομένων, ἀφαιρέσεως λέγω καὶ
προσθήκης καὶ ἀλλοιώσεως, γινῶναί τε καὶ πρὸς τὴν μέλλουσαν χρεῖαν
οἰκείως ἐξεργάσασθαι. ὃ τι δὲ τούτων ἕκαστον δύναται, σαφέστερον ἐρῶ
χρησάμενος εἰκόσι τῶν δημιουργικῶν τεχνῶν τισιν ἃς ἅπαντες ἴσασιν,
οἰκοδομικῇ λέγω καὶ ναυπηγικῇ καὶ ταῖς παραπλησίαις· ὃ τε γὰρ οἰκοδόμος
ὅταν πορίσῃ τὴν ὕλην ἐξ ἧς μέλλει κατασκευάζειν τὴν οἰκίαν, λίθους καὶ
ξύλα καὶ κέραμον καὶ τᾶλλα πάντα, συντίθῃσιν ἐκ τούτων ἤδη τὸ ἔργον
τρία ταῦτα πραγματευόμενος, ποίω δεῖ λίθω τε καὶ ξύλῳ καὶ πλίνθῳ ποῖον
ἀρμόσαι λίθον ἢ ξύλον ἢ πλίνθον, ἔπειτα πῶς τῶν ἀρμοζομένων ἕκαστον
καὶ ἐπὶ ποίας πλευρᾷς ἐδράσαι, καὶ τρίτον, εἴ τι δύσεδρόν ἐστιν,
ἀποκροῦσαι καὶ περικόψαι καὶ αὐτὸ τοῦτο εὐἔδρον ποιῆσαι· ὃ τε ναυπηγὸς
τὰ αὐτὰ ταῦτα πραγματεύεται. τὰ δὲ παραπλησίά φημι δεῖν καὶ τοὺς
μέλλοντας εὔ συνθήσειν τὰ τοῦ λόγου μόρια, πρῶτον μὲν σκοπεῖν, ποῖον
ὄνομα ἢ ῥῆμα ἢ τῶν ἄλλων τι μορίων ποίω συνταχθὲν ἐπιτηδεῖως ἔσται
κείμενον καὶ πῶς εὔ ἢ ἄμεινον (οὐ γὰρ δὴ πάντα γε μετὰ πάντων τιθέμενα

πέφυκεν ὁμοίως διατιθέναι τὰς ἀκοάς)· ἔπειτα διακρίνειν, πῶς σχηματισθὲν τοῦνομα ἢ τὸ ῥῆμα ἢ τῶν ἄλλων ὃ τι δὴ ποτε χαριέστερον ἰδρυθήσεται καὶ πρὸς τὰ ὑποκείμενα πρεπωδέστερον· λέγω δὲ ἐπὶ μὲν τῶν ὀνομάτων, πότερον ἐνικῶς ἢ πληθυντικῶς λαμβανόμενα κρείττω λήψεται συζυγίαν, καὶ πότερον κατὰ τὴν ὀρθὴν ἐκφερόμενα πτῶσιν ἢ κατὰ τῶν πλαγίων τινά, καὶ εἴ τινα πέφυκεν ἐξ ἄρρενικῶν γίνεσθαι θηλυκὰ ἢ ἐκ θηλυκῶν ἄρρενικὰ ἢ οὐδέτερα ἐκ τούτων, πῶς ἂν ἄμεινον σχηματισθεῖν, καὶ πάντα τὰ τοιαῦτα· ἐπὶ δὲ τῶν ῥημάτων, πότερα κρείττω λαμβανόμενα ἔσται, τὰ ὀρθὰ ἢ τὰ ὑπτια, καὶ κατὰ ποίας ἐγκλίσεις ἐκφερόμενα, ἃς δὴ τινες πτώσεις ῥηματικὰς καλοῦσι, κρατίστην ἔδραν λήψεται, καὶ ποίας παρεμφαίνοντα διαφορὰς χρόνων καὶ εἴ τινα τοῖς ῥήμασιν ἄλλα παρακολουθεῖν πέφυκε (τὰ δ' αὐτὰ ταῦτα καὶ ἐπὶ τῶν ἄλλων τοῦ λόγου μερῶν φυλακτέον, ἵνα μὴ καθ' ἓν ἕκαστον λέγω)· ἐπὶ δὲ τούτοις τὰ ληφθέντα διακρίνειν, εἴ τι δεῖται μετασκευῆς ὄνομα ἢ ῥῆμα, πῶς ἂν ἐναρμονιώτερόν τε καὶ εὐεδρότερον γένοιτο· τοῦτο τὸ στοιχεῖον ἐν μὲν ποιητικῇ δασιλέστερόν ἐστιν, ἐν δὲ λόγοις πεζοῖς σπανιώτερον· πλὴν γίνεται γε καὶ ἐν τούτοις ἐφ' ὅσον ἂν ἐγχωρῇ· ὃ τε γὰρ λέγων 'εἰς τουτονὶ τὸν ἀγῶνα' προστέθηκέ τι τῇ ἀντωνυμίᾳ γράμμα τῆς συνθέσεως στοχαζόμενος· ἄρτιον γὰρ ἦν 'εἰς τοῦτον τὸν ἀγῶνα' εἰπεῖν· καὶ πάλιν ὁ λέγων 'κατιδὼν Νεοπτόλεμον τὸν ὑποκριτὴν' τῇ προθέσει παρηύξηκεν τοῦνομα, τὸ γὰρ ἰδὼν ἀπέχρη· καὶ ὁ γράφων 'μήτ' ἰδίας ἔχθρας μηδεμιᾶς ἔνεχ' ἤκειν' ταῖς συναλοιφαῖς ἡλάττωκε τὰ μόρια τοῦ λόγου κάποκέκρουκέ τινα τῶν γραμμάτων· καὶ ὁ ἀντὶ τοῦ ἐποίησεν 'ἐποίησε' λέγων χωρὶς τοῦ ν καὶ ['ἔγραψε' ἀντὶ τοῦ ἔγραψεν λέγων καὶ] 'ἀφαιρήσομαι' ἀντὶ τοῦ ἀφαιρεθήσομαι καὶ πάντα τὰ τοιαῦτα, ὃ τ' 'ἐχωροφίλησε' λέγων τὸ ἐφιλοχώρησε καὶ 'λελύσεται' τὸ λυθήσεται καὶ τὰ τοιουτότροπα μετασκευάζει τὰς λέξεις, ἵν' αὐτῷ γένοιτο ἁρμοσθῆναι καλλίους καὶ ἐπιτηδειότεραι.

[17] Μία μὲν δὴ θεωρία τῆς συνθετικῆς ἐπιστήμης ἡ περὶ αὐτὰ τὰ πρῶτα μόρια καὶ στοιχεῖα τῆς λέξεως ἦδε· ἑτέρα δέ, ὥσπερ καὶ κατ' ἀρχὰς ἔφην, ἡ περὶ τὰ καλούμενα κῶλα, ποικιλωτέρας τε δεομένη πραγματείας καὶ μεζονος, ὑπὲρ ἧς αὐτίκα δὴ πειράσομαι λέγειν ὡς ἔχω γνώμης. καὶ γὰρ ταῦτα ἁρμόσαι πρὸς ἄλληλα δεῖ ὥστ' οἰκεῖα φαίνεσθαι καὶ φίλα καὶ σχηματῖσαι ὡς ἂν ἐνδέχεται κράτιστα προκατασκευάσαι τε, εἴ ποὺ τι δέοι, μειώσει καὶ πλεονασμῷ καὶ εἰ δὴ τιν' ἄλλην μετασκευὴν δέχεται τὰ κῶλα· τούτων δ' ἕκαστον ἡ πεῖρα αὐτῇ διδάσκει· πολλάκις γὰρ τουτὶ τὸ κῶλον τούτου μὲν προτεθὲν ἢ ἐπὶ τούτῳ τεθὲν εὐστομίαν τινὰ ἐμφαίνει καὶ σεμνότητα, ἑτέραν δέ τινα συζυγίαν λαβὼν ἄχαρι φαίνεται καὶ ἄσεμνον. ὃ δὲ λέγω, σαφέστερον ἔσται, εἴ τις αὐτὸ ἐπὶ παραδείγματος ἴδοι. ἔστι δὴ τις παρὰ τῷ Θουκυδίδῃ λέξις ἐν τῇ Πλαταιέων δημηγορίᾳ πάνυ χαριέντως συγκειμένη καὶ μεστὴ πάθους ἦδε· 'ὕμεῖς τε ὦ Λακεδαιμόνιοι ἡ μόνη ἐλπίς, δέδιμεν, μὴ οὐ βέβαιοι ᾔτε.' φέρε δὴ τις λύσας τὴν συζυγίαν ταύτην μεθαρμοσάτω τὰ κῶλα οὕτως· 'ὕμεῖς τε, ὦ Λακεδαιμόνιοι, δέδιμεν μὴ οὐ βέβαιοι ᾔτε, ἡ μόνη ἐλπίς.' ἄρ' ἔτι μένει τοῦτον τὸν τρόπον ἡρμοσμένων τῶν κῶλων ἡ αὐτὴ χάρις ἢ τὸ αὐτὸ πάθος; οὐδεὶς ἂν εἴποι. τί δ' εἰ τὴν

Δημοσθένους λέξιν ταύτην ‘τὸ λαβεῖν οὖν τὰ διδόμενα ὁμολογῶν ἔννομον εἶναι, τὸ χάριν τούτων ἀποδοῦναι παρανόμων γράφει;’ λύσας τις καὶ μεταθεῖς τὰ κῶλα τουτονὶ τὸν τρόπον ἐξενέγκαι· ‘ὁμολογῶν οὖν ἔννομον εἶναι τὸ λαβεῖν τὰ διδόμενα, παρανόμων γράφῃ τὸ τούτων χάριν ἀποδοῦναι’, ἅρ’ ὁμοίως ἔσται δικανικὴ καὶ στρογγύλη; ἐγὼ μὲν οὐκ οἶμαι.

[8] ἡ μὲν δὴ περὶ τὴν ἀρμογὴν τῶν κῶλων θεωρία τοιαύτη, ἡ δὲ περὶ τὸν σχηματισμὸν ποδαπή; οὐκ ἔστιν εἷς τρόπος τῆς ἐκφορᾶς ἀπάντων τῶν νοημάτων, ἀλλὰ τὰ μὲν ὡς ἀποφαινόμενοι λέγομεν, τὰ δ’ ὡς πυκνυόμενοι, τὰ δ’ ὡς εὐχόμενοι, τὰ δ’ ὡς ἐπιτάττοντες, τὰ δ’ ὡς διαποροῦντες, τὰ δ’ ὡς ὑποτιθέμενοι, τὰ δὲ ἄλλως πως σχηματίζοντες, οἷς ἀκολουθῶς καὶ τὴν λέξιν πειρώμεθα σχηματίζειν. πολλοὶ δὲ δὴ πού σχηματισμοὶ καὶ τῆς λέξεως εἰσιν ὥσπερ καὶ τῆς διανοίας, οὓς οὐχ οἷόν τε κεφαλαιωδῶς περιλαβεῖν, ἴσως δὲ καὶ ἄπειροι· περὶ ὧν καὶ πολὺς ὁ λόγος καὶ βαθεῖα ἡ θεωρία. οὐ δὴ τὸ αὐτὸ δύναται ποιεῖν τὸ αὐτὸ κῶλον οὕτω σχηματισθὲν ἢ οὕτως. ἐρῶ δὲ ἐπὶ παραδείγματος· εἰ τοῦτον ἐξήνεγκε τὸν τρόπον ὁ Δημοσθένης τὴν λέξιν ταύτην ‘ταῦτ’ εἴπας ἔγραψα, γράψας δ’ ἐπρέσβευσα, πρεσβεύσας δ’ ἔπεισα Θηβαίους’, ἅρ’ οὕτως ἂν συνέκειτο χαριέντως, ὡς νῦν σύγκειται; ‘οὐκ εἶπον μὲν ταῦτα, οὐκ ἔγραψα δέ· οὐδ’ ἔγραψα μὲν, οὐκ ἐπρέσβευσα δέ· οὐδ’ ἐπρέσβευσα μὲν, οὐκ ἔπεισα δὲ Θηβαίους’. πολὺς δ’ ἂν εἴη μοι λόγος, εἰ περὶ πάντων βουλοίμην λέγειν τῶν σχηματισμῶν ὅσους τὰ κῶλα ἐπιδέχεται. ἀπόχρη δὲ εἰσαγωγῆς ἕνεκα τοσαῦτα εἰρῆσθαι.

[9] ἀλλὰ μὴν ὅτι γε καὶ μετασκευᾶς δέχεται τῶν κῶλων ἔνια τοτὲ μὲν προσθήκας λαμβάνοντα οὐκ ἀναγκαίως ὡς πρὸς τὸν νοῦν, τοτὲ δὲ ἀφαιρέσεις ἀτελῆ ποιούσας τὴν διάνοιαν, ἃς οὐκ ἄλλου τινὸς ἕνεκα ποιοῦσι ποιηταί τε καὶ συγγραφεῖς ἢ τῆς ἀρμονίας, ἴν’ ἡδεῖα καὶ καλὴ γένηται, πάνυ ὀλίγου δεῖν οἶμαι λόγου. τίς γὰρ οὐκ ἂν ὁμολογήσαι τήνδε μὲν τὴν λέξιν ἣν ὁ Δημοσθένης εἴρηκε προσθήκη πλεονάζειν οὐκ ἀναγκαίᾳ τῆς ἀρμονίας ἕνεκα; ‘ὁ γὰρ οἷς ἂν ἐγὼ ληφθεῖην, ταῦτα πράττων καὶ κατασκευαζόμενος, οὗτος ἐμοὶ πολεμεῖ, κἂν μήπω βάλλῃ μηδὲ τοξεύῃ.’ ἐνταῦθα γὰρ οὐχὶ τοῦ ἀναγκαίου χάριν πρόσκειται τὸ τοξεύειν, ἀλλ’ ἵνα τὸ τελευταῖον κῶλον τὸ ‘κἂν μήπω βάλλῃ’ τραχύτερον τοῦ δέοντος ὢν καὶ οὐχ ἡδὺ ἀκουσθῆναι τῇ προσθήκῃ ταύτῃ γένηται χαριέστερον. καὶ ἔτι τὴν Πλατωνικὴν ἐκείνην περίοδον, ἣν ἐν τῷ ἐπιταφίῳ ὁ ἀνὴρ γράφει, τίς οὐκ ἂν φαίη παραπληρώματι λέξεως οὐκ ἀναγκαίῳ προσηρανίσθαι; ‘ἔργων γὰρ εὖ πραχθέντων λόγῳ καλῶς ῥηθέντι μνήμη καὶ κόσμος γίνεται τοῖς πράξασι παρὰ τῶν ἀκουσάντων.’ ἐνταυθοῖ γὰρ τὸ ‘παρὰ τῶν ἀκουσάντων’ πρὸς οὐδὲν ἀναγκαῖον λέγεται, ἀλλ’ ἵνα τὸ τελευταῖον κῶλον τὸ ‘τοῖς πράξασι’ πάρισόν τε καὶ ἐφάμιλλον τοῖς πρὸ αὐτοῦ γένηται. τί δὲ δὴ τὸ παρ’ Αἰσχίνῃ λεγόμενον τουτί ‘ἐπὶ σαυτὸν καλεῖς, ἐπὶ τοὺς νόμους καλεῖς, ἐπὶ τὴν δημοκρατίαν καλεῖς’, τρίκωλον ἐν τοῖς πάνυ ἐπαινούμενον, οὐχὶ τῆς αὐτῆς ιδέας ἔχεται; ὁ γὰρ οἷόν τε ἦν ἐνὶ κῶλῳ περιληφθῆναι τόνδε τὸν τρόπον ‘ἐπὶ σεαυτὸν καὶ τοὺς νόμους καὶ τὴν δημοκρατίαν καλεῖς’, τοῦτο εἰς τρία διήρηται, τῆς αὐτῆς λέξεως οὐ τοῦ ἀναγκαίου ἕνεκα, τοῦ δὲ ἡδίω

ποιῆσαι τὴν ἁρμονίαν πολλάκις τεθείσης [καὶ προσέτι πάθος τῷ λόγῳ]. τῆς μὲν δὴ προσθέσεως ἢ γίνεται τοῖς κώλοις οὗτος ὁ τρόπος· τῆς ἀφαιρέσεως δὲ τίς; ὅταν τῶν ἀναγκαίων τι λέγεσθαι λυπεῖν μέλλῃ καὶ διοχλεῖν τὴν ἀκρόασιν, ἀφαιρεθὲν δὲ χαριεστέραν ποιῇ τὴν ἁρμονίαν· οἷά ἐστιν ἐν μὲν τοῖς μέτροις τὰ Σοφόκλεια ταυτί·

μῦθε καὶ δέδορκα κάξανίσταμαι

πλέον φυλάσσω ἀντὸς ἢ φυλάσσομαι·

ἐνταυθοῖ γὰρ ὁ δεῦτερος στίχος ἐκ δυεῖν σύγκειται κώλων οὐχ ὅλων· τελεία γὰρ ἂν ἡ λέξις ἦν οὕτως ἐξενεχθεῖσα ‘πλεῖον φυλάσσω ἀντὸς ἐτέρους ἢ φυλασσόμενος ὑφ’ ἐτέρων’, τὸ δὲ μέτρον ἡδίκητο καὶ οὐκ ἂν ἔσχεν ἦν νῦν ἔχει χάριν. ἐν δὲ τοῖς πεζοῖς λόγοις τὰ τοιαῦτα· ‘ἐγὼ δ’ ὅτι μὲν πινῶν κατηγοροῦντα πάντας ἀφαιρεῖσθαι τὴν ἀτέλειαν τῶν ἀδίκων ἐστίν, ἔάσω.’ μεμείωται γὰρ κἀνταῦθα τῶν πρώτων δυεῖν κώλων ἐκάτερον· αὐτοτελεῖ δ’ ἂν ἦν, εἴ τις αὐτὰ οὕτως ἐξήνεγκεν· ‘ἐγὼ δ’ ὅτι μὲν πινῶν κατηγοροῦντα ὥς οὐκ ἐπιτηδεῖν ἔχειν τὴν ἀτέλειαν πάντας ἀφαιρεῖσθαι καὶ τοὺς δικαίως αὐτῆς τυχόντας τῶν ἀδίκων ἐστίν, ἔάσω.’ ἀλλ’ οὐκ ἐδόκει τῷ Δημοσθένει πλείονα ποιεῖσθαι πρόνοιαν τῆς ἀκριβείας τῶν κώλων ἢ τῆς εὐρυθμίας.

τὰ δ’ αὐτὰ εἰρήσθω μοι καὶ περὶ τῶν καλουμένων περιόδων· καὶ γὰρ ταύτας χρὴ τάς τε προηγουμένας καὶ τὰς ἐπομένας οἰκείως συναρμόττειν, ὅταν ἐν περιόδοις προσῆκῃ τὸν λόγον ἐκφέρειν· οὐ γὰρ δὴ πανταχῇ γε τὸ ἐμπερίοδον χρήσιμον. καὶ αὐτὸ δὲ τοῦτο τὸ θεώρημα τῆς συνθετικῆς ἐπιστήμης ἴδιον, πότε δεῖ χρῆσθαι περιόδοις καὶ μέχρι πόσου καὶ πότε μὴ.

[10] Διωρισμένων δὴ μοι τούτων ἀκόλουθον ἂν εἴη λέγειν, τίνα ἐστὶν ὧν δεῖ στοχάζεσθαι τὸν βουλόμενον συντιθέναι τὴν λέξιν εὖ καὶ διὰ τίνων θεωρημάτων τυγχάνοι τις ἂν ὧν βούλεται. δοκεῖ δέ μοι δύο ταῦτ’ εἶναι <τὰ> γενικώτατα, ὧν ἐφίεσθαι δεῖ τοὺς συντιθέντας μέτρα τε καὶ λόγους, ἢ τε ἡδονὴ καὶ τὸ καλόν· ἀμφοτέρα γὰρ ἐπιζητεῖ ταῦτα ἡ ἀκοή, ὁμοίον τι πάσχουσα τῇ ὁράσει· καὶ γὰρ ἐκείνη πλάσματα καὶ γραφὰς καὶ γλυφὰς καὶ ὅσα δημιουργήματα χειρῶν ἐστὶν ἀνθρωπίνων ὁρῶσα ὅταν εὐρίσκη τό τε ἡδὺ ἐνὸν ἐν αὐτοῖς καὶ τὸ καλόν, ἀρκεῖται καὶ οὐδὲν ἔτι ποθεῖ. καὶ μὴ παράδοξον ἡγήσεται τις, εἰ δύο ποιῶ τέλη καὶ χωρίζω τὸ καλὸν ἀπὸ τῆς ἡδονῆς, μὴδ’ ἄτοπον εἶναι νομίση, εἴ τινα ἡγοῦμαι λέξιν ἡδέως μὲν συγκεῖσθαι, μὴ καλῶς δέ, ἢ καλῶς μὲν, οὐ μὴν καὶ ἡδέως· φέρει γὰρ ἡ ἀλήθεια τὸ τοιοῦτον καὶ οὐδὲν ἀξίῳ καινόν· ἢ γέ τοι Θεουκυδίδου λέξεις καὶ Ἀντιφῶντος τοῦ Ῥαμνουσίου καλῶς μὲν σύγκειται νῆ Δία, εἴ πέρ τινες καὶ ἄλλαι, καὶ οὐκ ἂν τις αὐτὰς ἔχοι μέμψασθαι κατὰ τοῦτο, οὐ μὴν ἡδέως γε πάνν· ἢ δέ γε τοῦ Κνιδίου συγγραφέως Κτησίου καὶ ἡ τοῦ Σωκρατικοῦ Ξενοφῶντος ἡδέως μὲν ὥς ἐνι μάλιστα, οὐ μὴν καλῶς γ’ ἐφ’ ὅσον ἔδει· λέγω δὲ κοινότερον, ἀλλ’ οὐχὶ καθάπαξ, ἐπεὶ καὶ παρ’ ἐκείνοις ἡρμостаί τινα ἡδέως καὶ παρὰ τούτοις καλῶς. ἢ δὲ Ἡροδότου σύνθεσις ἀμφοτέρα ταῦτα ἔχει, καὶ γὰρ ἡδεῖα ἐστὶ καὶ καλή.

[11] Ἐξ ὧν δ’ οἶμαι γενήσεσθαι λέξιν ἡδεῖαν καὶ καλήν, τέτταρά ἐστι ταῦτα τὰ κυριώτατα καὶ τὰ κράτιστα, μέλος καὶ ρυθμὸς καὶ μεταβολὴ καὶ

τὸ παρακολουθοῦν τοῖς τρισὶ τοῦτοις πρέπον. τάττω δὲ ὑπὸ μὲν τὴν ἡδονὴν τὴν τε ὥραν καὶ τὴν χάριν καὶ τὴν εὐστομίαν καὶ τὴν γλυκύτητα καὶ τὸ πιθανὸν καὶ πάντα τὰ τοιαῦτα, ὑπὸ δὲ τὸ καλὸν τὴν τε μεγαλοπρέπειαν καὶ τὸ βάρος καὶ τὴν σεμνολογίαν καὶ τὸ ἀξίωμα καὶ τὸν πίνον καὶ τὰ τοῦτοις ὅμοια. ταυτὶ γάρ μοι δοκεῖ κυριώτατα εἶναι καὶ ὥσπερ κεφάλαια τῶν ἄλλων [ἐν ἑκατέρῳ]. ὧν μὲν οὖν στοχάζονται πάντες οἱ σπουδῇ γράφοντες μέτρον ἢ μέλος ἢ τὴν λεγομένην πεζὴν λέξιν, ταῦτ' ἐστὶ καὶ οὐκ οἶδ' εἴ τι παρὰ ταῦθ' ἕτερον· οἱ δὲ πρωτεύσαντες ἐν ἑτέρῳ τινὶ τούτων καὶ ἐν ἀμφοτέροις πολλοὶ τε καὶ ἀγαθοὶ ἄνδρες· παραδείγματα δὲ αὐτῶν ἐκάστου φέρειν ἐν τῷ παρόντι οὐκ ἐγχωρεῖ, ἵνα μὴ περὶ ταῦτα κατατρίψω τὸν λόγον· καὶ ἅμα εἴ τι λεχθῆναι περὶ τίνος αὐτῶν καθήκει καὶ δεῖσαι που μαρτυριῶν, ἕτερος αὐτοῖς ἔσται καιρὸς ἐπιτηδειότερος, ὅταν τοὺς χαρακτηῖρας τῶν ἁρμονιῶν ὑπογράψω. νῦν δὲ ταῦτ' εἰρησθαὶ περὶ αὐτῶν ἀπόχρη. ἐπάνειμι δὲ πάλιν ἐπὶ τὰς διαιρέσεις, αἷς ἐποισάμην τῆς θ' ἡδείας συνθέσεως καὶ τῆς καλῆς, ἵνα μοι καὶ καθ' ὁδόν, ὥς φασι, χωρῇ ὁ λόγος.

Ἔφην δὴ τὴν ἀκοὴν ἡδεσθαι πρῶτοις μὲν τοῖς μέλεσιν, ἔπειτα τοῖς ῥυθμοῖς, τρίτον ταῖς μεταβολαῖς, ἐν δὲ τοῦτοις ἅπασιν τῷ πρέποντι. ὅτι δὲ ἀληθῆ λέγω, τὴν πείραν αὐτὴν παρέξομαι μάρτυρα, ἦν οὐχ οἶδόν τε διαβάλλειν τοῖς κοινοῖς πάθεσιν ὁμολογουμένην· τίς γάρ ἐστιν ὃς οὐχ ὑπὸ μὲν ταύτης τῆς μελωδίας ἄγεται καὶ γοητεύεται, ὑφ' ἑτέρας δὲ τίνος οὐδὲν πάσχει τοιοῦτον, καὶ ὑπὸ μὲν τούτων τῶν ῥυθμῶν οἰκείουται, ὑπὸ δὲ τούτων διοχλεῖται; ἤδη δ' ἔγωγε καὶ ἐν τοῖς πολυανθρωποτάτοις θεάτροις, ἃ συμπληροὶ παντοδαπὸς καὶ ἄμουσος ὄχλος, ἔδοξα καταμαθεῖν, ὥς φυσικὴ τις ἀπάντων ἐστὶν ἡμῶν οἰκειότης πρὸς ἐμμέλειάν τε καὶ εὐρυθμίαν, κιθαριστὴν τε ἀγαθὸν σφόδρα εὐδοκιμοῦντα ἰδὼν θορυβηθέντα ὑπὸ τοῦ πλήθους, ὅτι μίαν χορδὴν ἀσύμφωνον ἔκρουσε καὶ διέφθειρεν τὸ μέλος, καὶ αὐλητὴν ἀπὸ τῆς ἄκρας ἔξεως χρώμενον τοῖς ὀργάνοις τὸ αὐτὸ τοῦτο παθόντα, ὅτι σομφὸν ἐμπνεύσας ἢ μὴ πῆσας τὸ στόμα θρυλιγμὸν ἢ τὴν καλουμένην ἐκμέλειαν ἠὔλησε. καίτοι γ' εἴ τις κελεύσειε τὸν ἰδιώτην τούτων τι ὧν ἐνεκάλει τοῖς τεχνίταις ὥς ἡμαρτημένων, αὐτὸν ποιῆσαι λαβόντα τὰ ὄργανα, οὐκ ἂν δύναίτο. τί δὴ ποτε; ὅτι τοῦτο μὲν ἐπιστήμης ἐστίν, ἥς οὐ πάντες μετελήφραμεν, ἐκεῖνο δὲ πάθος ὃ πᾶσιν ἀπέδωκεν ἡ φύσις. τὸ δ' αὐτὸ καὶ ἐπὶ τῶν ῥυθμῶν γινόμενον ἐθεασάμην, ἅμα πάντας ἀγανακτοῦντας καὶ δυσαρεστομένους, ὅτε τις ἢ κροῦσιν ἢ κίνησιν ἢ μορφήν ἐν ἀσυμμέτροις ποιήσαιο χρόνοις καὶ τοὺς ῥυθμοὺς ἀφανίσειεν. καὶ οὐχὶ τὰ μὲν ἐμμελεῖ καὶ εὐρυθμῇ ἡδονῇς ἀγωγὰ ἐστὶ καὶ πάντες ὑπ' αὐτῶν κηλούμεθα, αἱ μεταβολαὶ δὲ καὶ τὸ πρέπον οὐκ ἔχουσι τὴν αὐτὴν ὥραν καὶ χάριν οὐδ' ὑπὸ πάντων ὁμοίως διακοῦνονται· ἀλλὰ κάκεῖνα πάνυ κηλεῖ πάντας ἡμᾶς κατορθούμενα καὶ εἰς πολλὴν ὀχλησιν ἄγει διαμαρτανόμενα· [τίς γὰρ οὐκ ἂν ὁμολογήσειεν] τεκμαίρομαι δέ, ὅτι καὶ τῆς ὀργανικῆς μούσης καὶ τῆς ἐν ᾧδῇ καὶ τῆς ἐν ὀρχήσει χάριτος «μὲν» ἐν ἅπασιν διευστοχοῦσης, μεταβολὰς δὲ μὴ ποιησαμένης εὐκαίρους ἢ τοῦ πρέποντος ἀποπλανηθείσης βαρὺς μὲν ὁ κόρος, ἀηδὲς δὲ τὸ μὴ τοῖς ὑποκειμένοις ἀρμόττον φαίνεται. καὶ οὐκ ἄλλοτρίᾳ κέχηρμαι τοῦ

πράγματος εἰκόνι. μουσική γάρ τις ἦν καὶ ἡ τῶν πολιτικῶν λόγων ἐπιστήμη τῷ ποσῷ διαλλάττουσα τῆς ἐν ᾧδῃ καὶ ὀργάνοις, οὐχὶ τῷ ποιῷ· καὶ γὰρ ἐν ταύτῃ καὶ μέλος ἔχουσιν αἱ λέξεις καὶ ῥυθμὸν καὶ μεταβολὴν καὶ πρέπον, ὥστε καὶ ἐπὶ ταύτης ἡ ἀκοὴ τέρπεται μὲν τοῖς μέλεσιν, ἄγεται δὲ τοῖς ῥυθμοῖς, ἀσπάζεται δὲ τὰς μεταβολάς, ποθεῖ δ' ἐπὶ πάντων τὸ οἰκεῖον, ἡ δὲ διαλλαγὴ κατὰ τὸ μᾶλλον καὶ ἥττον.

διαλέκτου μὲν οὖν μέλος ἐνὶ μετρεῖται διαστήματι τῷ λεγομένῳ διὰ πέντε ὡς ἔγγιστα, καὶ οὔτε ἐπιτείνεται πέρα τῶν τριῶν τόνων καὶ ἡμιτονίου ἐπὶ τὸ ὅξυ οὔτ' ἀνίσταται τοῦ χωρίου τούτου πλέον ἐπὶ τὸ βαρὺ. οὐ μὴν ἅπαντα λέξεις ἢ καθ' ἐν μόριον λόγου ταπτομένη ἐπὶ τῆς αὐτῆς λέγεται τάσεως, ἀλλ' ἢ μὲν ἐπὶ τῆς ὀξεύας, ἢ δ' ἐπὶ τῆς βαρείας, ἢ δ' ἐπ' ἀμφοῖν. τῶν δὲ ἀμφοτέρων τὰς τάσεις ἔχουσιν αἱ μὲν κατὰ μίαν συλλαβὴν συνεφθαρμένον ἔχουσι τῷ ὅξει τὸ βαρὺ, ἃς δὴ περισπωμένας καλοῦμεν· αἱ δὲ ἐν ἐτέρᾳ τε καὶ ἐτέρᾳ χωρὶς ἐκάτερον ἐφ' ἑαυτοῦ τὴν οἰκείαν φυλάττον φύσιν. καὶ ταῖς μὲν δισυλλάβοις οὐδὲν τὸ διὰ μέσου χωρίον βαρύτητός τε καὶ ὀξύτητος· ταῖς δὲ πολυσυλλάβοις, ἡλίκαι ποτ' ἂν ὦσιν, ἢ τὸν ὅξυν τόνον ἔχουσα μία ἐν πολλαῖς ταῖς ἄλλαις βαρεῖαις ἔνεστιν. ἡ δὲ ὀργανικὴ τε καὶ ᾠδικὴ μοῦσα διαστήμασί τε χρῆται πλείοσιν, οὐ τῷ διὰ πέντε μόνον, ἀλλ' ἀπὸ τοῦ διὰ πασῶν ἀρξαμένη καὶ τὸ διὰ πέντε μελωδεῖ καὶ τὸ διὰ τεττάρων καὶ <τὸ διὰ τριῶν καὶ τὸν> τόνον καὶ τὸ ἡμιτόνιον, ὡς δὲ τινες οἴονται, καὶ τὴν δίεσιν αἰσθητῶς· τὰς τε λέξεις τοῖς μέλεσιν ὑποτάττειν ἄξιοι καὶ οὐ τὰ μέλη ταῖς λέξεσιν, ὡς ἐξ ἄλλων τε πολλῶν δῆλον καὶ μάλιστα ἐκ τῶν Εὐριπίδου μελῶν, ἃ πεποίηκεν τὴν Ἥλέκτραν λέγουσαν ἐν Ὅρεσθι πρὸς τὸν χορόν·

σίγα σίγα, λευκὸν ἵχνος ἀρβύλης

τίθετε, μὴ κτυπεῖτ'·

ἀποπρὸ βᾶτ' ἐκεῖο', ἀποπρὸ μοι κοίτας.

ἐν γὰρ δὴ τούτοις τὸ 'σίγα σίγα λευκὸν' ἐφ' ἐνὸς φθόγγου μελωδεῖται, καίτοι τῶν τριῶν λέξεων ἐκάστη βαρείας τε τάσεις ἔχει καὶ ὀξεύας. καὶ τὸ 'ἀρβύλης' τῇ μέσῃ συλλαβῇ τὴν τρίτην ὁμότονον ἔχει, ἀμηχάνου ὄντος ἐν ὄνομα δύο λαβεῖν ὀξεύας. καὶ τοῦ 'τίθετε' βαρυτέρα μὲν ἡ πρώτη γίνεται, δύο δ' αἱ μετ' αὐτὴν ὀξύτονοι τε καὶ ὁμόφωνοι. τοῦ τε 'κτυπεῖτε' ὁ περισπασμὸς ἠφάνισται· μᾶ γὰρ αἱ δύο συλλαβαὶ λέγονται τάσει. καὶ τὸ 'ἀποπρὸ βᾶτε' οὐ λαμβάνει τὴν τῆς μέσης συλλαβῆς προσωδίαν ὀξεῖαν, ἀλλ' ἐπὶ τὴν τετάρτην συλλαβὴν μεταβέβηκεν ἡ τάσις ἢ τῆς τρίτης. τὸ δ' αὐτὸ γίνεται καὶ περὶ τοὺς ῥυθμούς. ἡ μὲν γὰρ πεζὴ λέξις οὐδενὸς οὔτε ὀνόματος οὔτε ῥήματος βιάζεται τοὺς χρόνους οὐδὲ μετατίθῃσιν, ἀλλ' οἷας παρείληφεν τῇ φύσει τὰς συλλαβάς τὰς τε μακράς καὶ τὰς βραχείας, τοιαύτας φυλάττει· ἡ δὲ μουσικὴ τε καὶ ῥυθμικὴ μεταβάλλουσιν αὐτάς μειοῦσαι καὶ παραύξουσαι, ὥστε πολλάκις εἰς τάναντία μεταχωρεῖν· οὐ γὰρ ταῖς συλλαβαῖς ἀπευθύνουσι τοὺς χρόνους, ἀλλὰ τοῖς χρόνοις τὰς συλλαβάς.

Δεδειγμένης τῆς διαφορᾶς ἣ διαφέρει μουσικὴ λογικῇ λοιπὸν ἂν εἴη κάκεῖνα λέγειν, ὅτι τὸ μὲν τῆς φωνῆς μέλος, λέγω δὲ οὐ τῆς ᾠδικῆς ἀλλὰ

τῆς ψιλῆς, ἐὰν ἡδέως διατιθῇ τὴν ἀκοήν, εὐμελὲς λέγοιτ' ἄν, ἀλλ' οὐκ ἔμμελές· ἡ δ' ἐν τοῖς χρόνοις τῶν μορίων συμμετρία σώζουσα τὸ μελικόν σχῆμα εὐρυθμος, ἀλλ' οὐκ ἔνρυθμος· πῆ δὲ διαφέρει ταῦτα ἀλλήλων, κατὰ τὸν οἰκεῖον καιρὸν ἐρῶ. νυνὶ δὲ τὰκόλουθ' ἀποδοῦναι πειράσομαι, πῶς ἂν γένοιτο λέξις πολιτικὴ παρ' αὐτὴν τὴν σύνθεσιν ἡδύνουσα τὴν ἀκρόασιν κατὰ τε τὰ μέλη τῶν φθόγγων καὶ κατὰ τὰς συμμετρίας τῶν ῥυθμῶν καὶ κατὰ τὰς ποικιλίας τῶν μεταβολῶν καὶ κατὰ τὸ πρέπον τοῖς ὑποκειμένοις, ἐπειδὴ ταῦθ' ὑπεθέμην τὰ κεφάλαια.

[12] Οὐχ ἅπαντα πέφυκε τὰ μέρη τῆς λέξεως ὁμοίως διατιθέναι τὴν ἀκοήν, ὥσπερ οὐδὲ τὴν ὁρατικὴν αἴσθησιν τὰ ὁρατὰ πάντα οὐδὲ τὴν γευστικὴν τὰ γευστὰ οὐδὲ τὰς ἄλλας αἰσθήσεις τὰ κινοῦντα ἐκάστην· ἀλλὰ καὶ γλυκαίνουσιν αὐτὴν τινες ἦχοι καὶ πικραίνουσιν, καὶ τραχύνουσιν καὶ λεαίνουσιν, καὶ πολλὰ ἄλλα πάθη ποιοῦσι περὶ αὐτήν. αἰτία δὲ ἡ τε τῶν γραμμάτων φύσις ἐξ ᾧ ἡ φωνὴ συνέστηκεν, πολλὰς καὶ διαφόρους ἔχουσα δυνάμεις, καὶ ἡ τῶν συλλαβῶν πλοκὴ παντοδαπῶς σχηματιζομένη. τοιαύτην δὴ δύναμιν ἐχόντων τῶν τῆς λέξεως μορίων ἐπειδὴ μεταθεῖναι τὴν ἐκάστου φύσιν οὐχ οἷόν τε, λείπεται τὸ τῇ μίξει καὶ κράσει καὶ παραθέσει συγκρῦψαι τὴν παρακολουθοῦσαν αὐτῶν τισιν ἀτοπίαν, τραχέσι λεῖα μίλογοντα καὶ σκληροῖς μαλακὰ καὶ κακοφώνους εὐφωνα καὶ δυσεκφόροις εὐπρόφορα καὶ βραχέσι μακρά, καὶ τᾶλλα τὸν αὐτὸν τρόπον εὐκαίρως συνπιθέντα καὶ μῆτ' ὀλιγοσύλλαβα πολλὰ ἐξῆς λαμβάνοντα (κόπτεται γὰρ ἡ ἀκρόασις) μῆτε πολυσύλλαβα πλείω τῶν ἱκανῶν, μηδὲ δὴ ὁμοιότονα παρ' ὁμοιοτόνοις μηδ' ὁμοιόχρονα παρ' ὁμοιοχρόνοις. χρή δὲ καὶ τὰς πτώσεις τῶν ὀνομαστικῶν ταχὺ μεταλαμβάνειν (μηκυνόμεναι γὰρ ἔξω τοῦ μετρίου πάνυ προσίστανται ταῖς ἀκοαῖς) καὶ τὴν ὁμοιότητα διαλύειν συνεχῶς ὀνομάτων τε τῶν ἐξῆς τιθεμένων πολλῶν καὶ ῥημάτων καὶ τῶν ἄλλων μερῶν τὸν κόρον φυλαττομένους, σχήμασί τε μὴ ἐπὶ τοῖς αὐτοῖς ἀεὶ μένειν ἀλλὰ θαμινὰ μεταβάλλειν καὶ τρόπους μὴ τοὺς αὐτοὺς ἐπεισφέρειν, ἀλλὰ ποικίλλειν, μηδὲ δὴ ἄρχεσθαι πολλάκις ἀπὸ τῶν αὐτῶν μηδὲ λῆγειν εἰς τὰ αὐτὰ ὑπερτείνοντας τὸν ἑκατέρου καιρὸν.

Καὶ μηδεὶς οἰηθῇ με καθάπαξ ταῦτα παραγγέλλειν ὡς ἡδονῆς αἷτια διὰ παντὸς ἐσόμενα ἢ τάναντία ὀχλήσεως· οὐχ οὕτως ἀνόητός εἰμι· οἶδα γὰρ ἐξ ἀμφοῖν γινομένην πολλάκις ἡδονήν, τοτὲ μὲν ἐκ τῶν ὁμοιογενῶν, τοτὲ δὲ ἐκ τῶν ἀνομοιογενῶν· ἀλλ' ἐπὶ πάντων οἶμαι δεῖν τὸν καιρὸν θηρᾶν· οὗτος γὰρ ἡδονῆς καὶ ἀηδίας κράτιστον μέτρον. καιροῦ δὲ οὕτε ῥήτωρ οὐδεὶς οὕτε φιλόσοφος εἰς τόδε γε τέχνην ὥρισεν, οὐδ' ὅσπερ πρῶτος ἐπεχείρησε περὶ αὐτοῦ γράφειν Γοργίας ὁ Λεοντῖνος οὐδὲν ὃ τι καὶ λόγου ἄξιον ἔγραψεν· οὐδ' ἔχει φύσιν τὸ πρᾶγμα εἰς καθολικὴν καὶ ἔντεχνόν τινα περίληψιν πεσεῖν, οὐδ' ὅλως ἐπιστήμη θηρατός ἐστιν ὁ καιρὸς ἀλλὰ δόξη. ταύτην δ' οἱ μὲν ἐπὶ πολλῶν καὶ πολλάκις γυμνάσαντες ἄμεινον τῶν ἄλλων εὐρίσκουσιν αὐτόν, οἱ δ' ἀγύμναστον ἀφέντες σπανιώτερον καὶ ὥσπερ ἀπὸ τύχης.

Ἴνα δὲ καὶ περὶ τῶν ἄλλων εἴπω, ταῦτ' οἶμαι χρῆναι φυλάττειν ἐν τῇ συνθέσει τὸν μέλλοντα διαθήσειν τὴν ἀκοήν ἡδέως· ἡ τὰ εὐμελῆ καὶ

εὐρυθμα καὶ εὐφωνα ὀνόματα, ὅφ' ὧν γλυκαίνεται τε καὶ ἐκμαλάττεται καὶ τὸ ὅλον οἰκείως διατίθεται ἢ αἰσθησις, ταῦτα ἀλλήλοις συναρμόττειν, ἢ τὰ μὴ τοιαύτην ἔχοντα φύσιν ἐγκαταπλέκειν τε καὶ συνυφαίνειν τοῖς δυναμένοις αὐτὴν γοητεύειν, ὥστε ὑπὸ τῆς ἐκείνων χάριτος ἐπισκοτεῖσθαι τὴν τοῦτων ἀηδία· οἷόν τι ποιοῦσιν οἱ φρόνιμοι στρατηλάται κατὰ τὰς συντάξεις τῶν στρατευμάτων· καὶ γὰρ ἐκεῖνοι ἐπικρύπτουσι τοῖς ἰσχυροῖς τὰ ἀσθενῆ, καὶ γίνεται αὐτοῖς οὐδὲν τῆς δυνάμεως ἄχρηστον. διαναπαύειν δὲ τὴν ταυτότητά φημι δεῖν μεταβολὰς εὐκαίρους εἰσφέροντα· καὶ γὰρ ἡ μεταβολὴ παντὸς ἔργου χρῆμα ἡδύ. τελευταῖον δὲ ὃ δὴ καὶ πάντων κράτιστον, οἰκείαν ἀποδιδόναι τοῖς ὑποκειμένοις καὶ πρέπουσαν ἁρμονίαν. δυσωπεῖσθαι δ' οὐδὲν οἶομαι δεῖν οὔτε ὄνομα οὔτε ῥῆμα, ὃ τι καὶ τέτριπται, μὴ σὺν αἰσχύνῃ λέγεσθαι μέλλον· οὐδὲν γὰρ οὕτω ταπεινὸν ἢ ῥυπαρὸν ἢ ἄλλην τινὰ δυσχέρειαν ἔχον ἔσεσθαι φημι λόγου μόριον, ὧ σημαίνεται τι σῶμα ἢ πρᾶγμα, ὃ μηδεμίαν ἔξει χώραν ἐπιτηδεῖαν ἐν λόγοις. παρακελεύομαι δὲ τῇ συνθέσει πιστεύοντας ἀνδρείως πάνυ καὶ τεθαρρηκότως αὐτὰ ἐκφέρειν Ὀμήρῳ τε παραδείγματι χρώμενος, παρ' ᾧ καὶ τὰ εὐτελέστατα κεῖται τῶν ὀνομάτων, καὶ Δημοσθένει καὶ Ἡροδότῳ καὶ τοῖς ἄλλοις, ὧν ὀλίγον ὕστερον μνησθήσομαι καθ' ὃ τι ἂν ἀρμόττη περὶ ἐκάστου. ταῦτά μοι περὶ τῆς ἡδείας εἰρήσθω συνθέσεως, ὀλίγα μὲν ἀπὸ πολλῶν θεωρημάτων, ἱκανὰ δὲ ὡς κεφάλαια εἶναι.

[13] εἶέν. καλὴ δ' ἁρμονία πῶς γένοιτ' ἂν εἰ τις ἔροιτό με καὶ ἐκ ποίων θεωρημάτων, οὐκ ἄλλως πως νῆ Δία φαίην ἂν οὐδ' ἐξ ἄλλων τινῶν ἢ ἐξ ὧν περ ἡ ἡδεῖα· τὰ γὰρ αὐτὰ ποιητικὰ ἀμφοῖν, μέλος εὐγενές, ῥυθμὸς ἀξιοματικός, μεταβολὴ μεγαλοπρεπής, τὸ πᾶσι τούτοις παρακολουθοῦν πρόπον. ὥσπερ γὰρ ἡδεῖά τις γίνεται λέξις, οὕτω γενναῖα τις ἄρα, καὶ ῥυθμὸς ὥσπερ γλαφυρός τις, οὕτω καὶ σεμνός τις ἕτερος, καὶ τὸ μεταβάλλειν ὥσπερ χάριν ἔχει, οὕτω καὶ τόνον· τὸ δὲ δὴ πρόπον εἰ μὴ τοῦ καλοῦ πλεῖστον ἔξει μέρος, σχολῇ γ' ἂν ἄλλου τινός. ἐξ ἀπάντων δὴ φημι τούτων ἐπιτηδεύεσθαι δεῖν τὸ καλὸν ἐν ἁρμονίᾳ λέξεως ἐξ ὧν περ καὶ τὸ ἡδύ. αἰτία δὲ κἀνταῦθα ἢ τε τῶν γραμμάτων φύσις καὶ ἡ τῶν συλλαβῶν δύναμις, ἐξ ὧν πλέκεται τὰ ὀνόματα· ὑπὲρ ὧν καιρὸς ἂν εἴη λέγειν, ὥσπερ ὑπεσχόμην.

[14] Ἀρχαὶ μὲν οὖν εἰσι τῆς ἀνθρωπίνης φωνῆς καὶ ἐνάρθρου μηκέτι δεχόμεναι διαίρεσιν, ἃ καλοῦμεν στοιχεῖα καὶ γράμματα· γράμματα μὲν ὅτι γραμμαῖς τισι σημαίνεται, στοιχεῖα δὲ ὅτι πᾶσα φωνὴ τὴν γένεσιν ἐκ τούτων λαμβάνει πρῶτων καὶ τὴν διάλυσιν εἰς ταῦτα ποιεῖται τελευταῖα. τῶν δὴ στοιχείων τε καὶ γραμμάτων οὐ μία πάντων φύσις, διαφορὰ δὲ αὐτῶν πρώτη μὲν, ὡς Ἀριστοτέξενος ὁ μουσικὸς ἀποφαίνεται, καθ' ἣν τὰ μὲν φωνὰς ἀποτελεῖ, τὰ δὲ ψόφους· φωνὰς μὲν τὰ λεγόμενα φωνήεντα, ψόφους δὲ τὰ λοιπὰ πάντα. δευτέρα δὲ καθ' ἣν τῶν μὴ φωνηέντων ἃ μὲν καθ' ἑαυτὰ ψόφους ὁποίους δὴ πινὰς ἀποτελεῖν πέφυκε, ῥοῖζον ἢ σιγμὸν ἢ μυγμὸν ἢ τοιούτων τινῶν ἄλλων ἤχων δηλωτικούς· ἃ δ' ἐστὶν ἀπάσης ἁμοιρα φωνῆς καὶ ψόφου καὶ οὐχ οἷά τε ἡχεῖσθαι καθ' ἑαυτὰ· διὸ δὴ ταῦτα μὲν ἄφωνα τινὲς ἐκάλεσαν, θάτερα δὲ ἡμίφωνα. οἱ δὲ τριχῇ νείμαντες τὰς πρώτας τε

καὶ στοιχειώδεις τῆς φωνῆς δυνάμεις φωνήεντα μὲν ἐκάλεσαν, ὅσα καὶ καθ' ἑαυτὰ φωνεῖται καὶ μεθ' ἑτέρων καὶ ἔστιν αὐτοτελῆ· ἡμίφωνα δ' ὅσα μετὰ μὲν φωνηέντων αὐτὰ ἑαυτῶν κρεῖττον ἐκφέρεται, καθ' ἑαυτὰ δὲ χεῖρον καὶ οὐκ αὐτοτελῶς· ἄφωνα δ' ὅσα οὔτε τὰς τελείας οὔτε τὰς ἡμιτελεῖς φωνὰς ἔχει καθ' ἑαυτά, μεθ' ἑτέρων δ' ἐκφωνεῖται.

ἀριθμὸς δὲ αὐτῶν ὅστις ἔστιν, οὐ ῥᾶδιον εἰπεῖν ἀκριβῶς, ἐπεὶ πολλὴν παρέσχε καὶ τοῖς πρὸ ἡμῶν ἀπορίαν τὸ πρᾶγμα· οἱ μὲν γὰρ ᾤθησαν εἶναι τριακαίδεκα τὰ πάντα τῆς φωνῆς στοιχεῖα, κατεσκευάσθαι δὲ τὰ λοιπὰ ἐκ τούτων· οἱ δὲ καὶ τῶν εἰκοσιτεσσάρων οἷς χρῶμεθα νῦν πλείω. ἢ μὲν οὖν ὑπὲρ τούτων θεωρία γραμματικῆς τε καὶ μετρικῆς, εἰ δὲ βούλεται τις, καὶ φιλοσοφίας οἰκειοτέρα· ἡμῖν δὲ ἀπόχρη μήτ' ἐλάττους τῶν κδ μήτε πλείους ὑποθεμένοις εἶναι τὰς τῆς φωνῆς ἀρχὰς τὰ συμβεβηκότα αὐτοῖς λέγειν, τὴν ἀρχὴν ἀπὸ τῶν φωνηέντων ποιησαμένους.

ἔστι δὴ ταῦτα τὸν ἀριθμὸν ζ, δύο μὲν βραχέα τό τε ε καὶ τὸ ο, δύο δὲ μακρὰ τό τε η καὶ τὸ ω, τρία δὲ δίχρονα τό τε α καὶ τὸ ι καὶ τὸ υ, καὶ γὰρ ἐκτείνεται ταῦτα καὶ συστέλλεται· καὶ αὐτὰ οἱ μὲν δίχρονα, ὥσπερ ἔφην, οἱ δὲ μεταπτωτικὰ καλοῦσιν. φωνεῖται δὲ ταῦτα πάντα παρὰ τῆς ἀρτηρίας συνηχούσης τῷ πνεύματι καὶ τοῦ στόματος ἀπλῶς σχηματισθέντος τῆς τε γλώττης οὐδὲν πραγματευομένης ἀλλ' ἡρεμούσης. πλὴν τὰ μὲν μακρὰ καὶ τῶν διχρόνων ἃ μακρῶς λέγεται τεταμένον λαμβάνει καὶ διηνεκῇ τὸν αὐλὸν τοῦ πνεύματος, τὰ δὲ βραχέα ἢ βραχέως λεγόμενα ἐξ ἀποκοπῆς τε καὶ μιᾷ πληγῇ πνεύματος καὶ τῆς ἀρτηρίας ἐπὶ βραχὺ κινήσεως ἐκφέρεται. τούτων δὴ κράτιστα μὲν ἔστι καὶ φωνὴν ἡδίστην ἀποτελεῖ τά τε μακρὰ καὶ τῶν διχρόνων ὅσα μηκύνεται κατὰ τὴν ἐκφοράν, ὅτι πολὺν ἤχειται χρόνον καὶ τὸν τοῦ πνεύματος οὐκ ἀποκόπτει τόνον· χεῖρω δὲ τὰ βραχέα ἢ βραχέως λεγόμενα, ὅτι μικρόφωνα τε ἔστι καὶ σπανίζει τὸν ἦχον. αὐτῶν δὲ τῶν μακρῶν πάλιν εὐφωνότατον μὲν τὸ α, ὅταν ἐκτείνηται· λέγεται γὰρ ἀνοιγομένου τε τοῦ στόματος ἐπὶ πλεῖστον καὶ τοῦ πνεύματος ἄνω φερομένου πρὸς τὸν οὐρανόν. δεύτερον δὲ τὸ η, διότι κάτω τε περὶ τὴν βάσιν τῆς γλώττης ἐρείδει τὸν ἦχον ἀλλ' οὐκ ἄνω, καὶ μετρίως ἀνοιγομένου τοῦ στόματος. τρίτον δὲ τὸ ω· στρογγυλίζεται γὰρ ἐν αὐτῷ τὸ στόμα καὶ περιστέλλεται τὰ χεῖλη τὴν τε πληγὴν τὸ πνεῦμα περὶ τὸ ἀκροστόμιον ποιεῖται. ἔτι δ' ἦττον τούτου τὸ υ· περὶ γὰρ αὐτὰ τὰ χεῖλη συστολῆς γινομένης ἀξιολόγου πνίγεται καὶ στενὸς ἐκπίπτει ὁ ἦχος. ἔσχατον δὲ πάντων τὸ ι· περὶ τοὺς ὀδόντας τε γὰρ ἢ κροῦσις τοῦ πνεύματος γίνεται μικρὸν ἀνοιγομένου τοῦ στόματος καὶ οὐκ ἐπιλαμπρυνόντων τῶν χειλῶν τὸν ἦχον. τῶν δὲ βραχέων οὐδέτερον μὲν εὖμορφον, ἦττον δὲ δυσειδὲς τοῦ ε τὸ ο· διίστησι γὰρ τὸ στόμα κρεῖττον θατέρου καὶ τὴν πληγὴν λαμβάνει περὶ τὴν ἀρτηρίαν μᾶλλον.

φωνηέντων μὲν οὖν γραμμάτων αὕτη φύσις· ἡμιφώνων δὲ τοιάδε· ὀκτὼ τὸν ἀριθμὸν ὄντων αὐτῶν πέντε μὲν ἔστιν ἀπλᾶ τό τε λ καὶ τὸ μ καὶ τὸ ν καὶ τὸ ρ καὶ τὸ σ· διπλᾶ δὲ τρία τό τε ζ καὶ τὸ ξ καὶ τὸ ψ. διπλᾶ δὲ λέγουσιν αὐτὰ ἦτοι διὰ τὸ σύνθετα εἶναι τὸ μὲν ζ διὰ τοῦ σ καὶ δ, τὸ δὲ ξ διὰ τοῦ κ καὶ σ, τὸ δὲ ψ διὰ τοῦ π καὶ σ συνεφθαρμένων ἀλλήλοις ἰδίαν

φωνὴν λαμβάνοντα, ἥ διὰ τὸ χῶραν ἐπέχειν δυεῖν γραμμάτων ἐν ταῖς συλλαβαῖς παραλαμβανόμενον ἕκαστον. τούτων δὴ κρείττω μὲν ἐστὶ τὰ διπλᾶ τῶν ἀπλῶν, ἐπειδὴ μείζονά ἐστι τῶν ἐτέρων καὶ μᾶλλον ἐγγίζειν δοκεῖ τοῖς τελείοις· ἦττω δὲ τὰ ἀπλᾶ διὰ τὸ εἰς βραχυτέρους τόπους συνάγεσθαι τὸν ἦχον. φωνεῖται δ' αὐτῶν ἕκαστον τοιούνδ' εἰς τινὰ τρόπον· τὸ μὲν λ τῆς γλώττης πρὸς τὸν οὐρανὸν ἰσταμένης καὶ τῆς ἀρτηρίας συνηχούσης· τὸ δὲ μ τοῦ μὲν στόματος τοῖς χεῖλεσι πιεσθέντος, τοῦ δὲ πνεύματος διὰ τῶν ῥωθῶνων μεριζομένου· τὸ δὲ ν τῆς γλώττης τὴν φορὰν τοῦ πνεύματος ἀποκλειούσης καὶ μεταφερούσης ἐπὶ τοὺς ῥώθωνας τὸν ἦχον· τὸ δὲ ρ τῆς γλώττης ἄκρας ἀπορριπιζούσης τὸ πνεῦμα καὶ πρὸς τὸν οὐρανὸν ἐγγὺς τῶν ὀδόντων ἀνισταμένης· τὸ δὲ σ τῆς μὲν γλώττης προσαγομένης ἄνω πρὸς τὸν οὐρανὸν ὅλης, τοῦ δὲ πνεύματος διὰ μέσων αὐτῶν φερομένου καὶ περὶ τοὺς ὀδόντας λεπτὸν καὶ στενὸν ἐξωθοῦντος τὸ σύριγμα. τρία δὲ τὰ λοιπὰ ἡμίφωνα μικτὸν λαμβάνει τὸν φύφον ἐξ ἐνὸς μὲν τῶν ἡμιφώνων τοῦ σ, τριῶν δὲ ἀφώνων τοῦ τε δ καὶ τοῦ κ καὶ τοῦ π.

οὗτοι σχηματισμοὶ γραμμάτων ἡμιφώνων. δύναται δ' οὐχ ὁμοίως κινεῖν τὴν ἀκοὴν ἅπαντα· ἡδύνει μὲν γὰρ αὐτὴν τὸ λ καὶ ἔστι τῶν ἡμιφώνων γλυκύτατον, τραχύνει δὲ τὸ ρ καὶ ἔστι τῶν ὁμογενῶν γενναιότατον· μέσως δὲ πως διατίθῃσι τὰ διὰ τῶν ῥωθῶνων συνηχούμενα τό τε μ καὶ τὸ ν κερατοειδεῖς ἀποτελοῦντα τοὺς ἤχους. ἄχαρι δὲ καὶ ἀηδὲς τὸ σ καὶ πλεονάσαν σφόδρα λυπεῖ· θηριώδους γὰρ καὶ ἀλόγου μᾶλλον ἢ λογικῆς ἐφάπτεσθαι δοκεῖ φωνῆς ὁ συριγμός· τῶν γοῦν παλαιῶν τινες σπανίως ἐχρῶντο αὐτῷ καὶ πεφυλαγμένως, εἰσὶ δ' οἱ καὶ ἀσίγμους ὅλας ῥῥῥῥ ἐποιοῦν· δηλοῖ δὲ τοῦτο καὶ Πίνδαρος ἐν οἷς φησι·

πρὶν μὲν εἶπε σχοινοτένεια τ' αἰοῖδ' ἀδιθυράμβω
καὶ τὸ σὰν κίβδηλον ἀνθρώποις.

τριῶν δὲ τῶν ἄλλων γραμμάτων ἃ δὴ διπλᾶ καλεῖται τὸ ζ μᾶλλον ἡδύνει τὴν ἀκοὴν τῶν ἐτέρων· τὸ μὲν γὰρ ξ διὰ τοῦ κ καὶ τὸ ψ διὰ τοῦ π τὸν συριγμὸν ἀποδίδωσι ψιλῶν ὄντων ἀμφοτέρων, τοῦτο δ' ἥσυχῃ τῷ πνεύματι δασύνεται καὶ ἔστι τῶν ὁμογενῶν γενναιότατον. καὶ περὶ μὲν τῶν ἡμιφώνων τοσαῦτα.

τῶν δὲ καλουμένων ἀφώνων ἐννέα ὄντων τρία μὲν ἐστὶ ψιλὰ, τρία δὲ δασέα, τρία δὲ μεταξὺ τούτων· ψιλὰ μὲν τὸ κ καὶ τὸ π καὶ τὸ τ, δασέα δὲ τὸ θ καὶ τὸ φ καὶ τὸ χ, κοινὰ δὲ ἀμφοῖν τὸ β καὶ τὸ γ καὶ τὸ δ. φωνεῖται δὲ αὐτῶν ἕκαστον τρόπον τόνδε· τρία μὲν ἀπὸ τῶν χειλῶν ἄκρων, ὅταν τοῦ στόματος πιεσθέντος τότε προβαλλόμενον ἐκ τῆς ἀρτηρίας τὸ πνεῦμα λύσῃ τὸν δεσμὸν αὐτοῦ. καὶ ψιλὸν μὲν ἐστὶν αὐτῶν τὸ π, δασὺ δὲ τὸ φ, μέσον δὲ ἀμφοῖν τὸ β· τοῦ μὲν γὰρ ψιλότερόν ἐστι, τοῦ δὲ δασύτερον. μία μὲν αὕτη συζυγία τριῶν γραμμάτων ἀφώνων ὁμοίῳ σχήματι λεγομένων, ψιλότητι δὲ καὶ δασύτητι διαφερόντων. τρία δὲ ἄλλα λέγεται τῆς γλώττης ἄκρῳ τῷ στόματι προσερεϊδομένης κατὰ τοὺς μετεώρους ὀδόντας, ἐπειθ' ὑπὸ τοῦ πνεύματος ἀπορριπιζομένης καὶ τὴν διέξοδον αὐτῷ κάτω περὶ τοὺς ὀδόντας ἀποδιδούσης· διαλλάττει δὲ ταῦτα δασύτητι καὶ ψιλότητι· ψιλὸν μὲν γὰρ αὐτῶν ἐστὶ τὸ τ, δασὺ δὲ τὸ θ, μέσον δὲ καὶ ἐπίκοινον τὸ δ. αὕτη

δευτέρα συζυγία τριῶν γραμμάτων ἀφώνων. τρία δὲ τὰ λοιπὰ τῶν ἀφώνων λέγεται μὲν τῆς γλώττης ἀνισταμένης πρὸς τὸν οὐρανὸν ἐγγὺς τοῦ φάρυγγος καὶ τῆς ἀρτηρίας ὑπηχούσης τῷ πνεύματι, οὐδὲν οὐδὲ ταῦτα διαφέροντα τῇ σχήματι ἀλλήλων, πλὴν ὅτι τὸ μὲν κ φιλῶς λέγεται, τὸ δὲ χ δασέως, τὸ δὲ γ μετρίως καὶ μεταξὺ ἀμφοῖν. τούτων κράτιστα μὲν ἐστὶν ὅσα τῷ πνεύματι πολλῶ λέγεται, δευτέρα δ' ὅσα μέσως, κἀκίστα δὲ ὅσα φιλῶς· ταῦτα μὲν γὰρ τὴν αὐτῶν δύναμιν ἔχει μόνην, τὰ δὲ δασέα καὶ τὴν τοῦ πνεύματος προσθήκην, ὥστ' ἐγγὺς που τελειότερα εἶναι ἐκείνων.

[15] Ἐκ δὴ τῶν γραμμάτων τοσούτων τε ὄντων καὶ δυνάμεις τοιαύτας ἐχόντων αἱ καλούμεναι γίνονται συλλαβαί. τούτων δὲ εἰσὶ μακραί μὲν ὅσαι συνεστήκασιν ἐκ τῶν φωνηέντων τῶν μακρῶν ἢ τῶν διχρόνων ὅταν μακρῶς ἐκφέρηται, καὶ ὅσαι λήγουσιν εἰς μακρὸν ἢ μακρῶς λεγόμενον γράμμα ἢ εἰς τι τῶν ἡμιφώνων τε καὶ ἀφώνων· βραχεῖαι δὲ ὅσαι συνεστήκασιν ἐκ βραχέος φωνήεντος ἢ βραχέως λαμβανομένου, καὶ ὅσαι λήγουσιν εἰς ταῦτα. μήκους δὲ καὶ βραχύτητος συλλαβῶν οὐ μία φύσις, ἀλλὰ καὶ μακρότεραί τινές εἰσι τῶν μακρῶν καὶ βραχύτεραι τῶν βραχειῶν. ἔσται δὲ τοῦτο φανερόν ἐπὶ τῶν παραδειγμάτων.

ὁμολογεῖται δὴ βραχεῖα εἶναι συλλαβή, ἣν ποιεῖ φωνῆεν γράμμα βραχὺ τὸ ο, ὡς λέγεται ὁδός· ταύτῃ τις προσθέτω γράμμα ἐν τῶν ἡμιφώνων τὸ ρ καὶ γενέσθω Ῥόδος· μένει μὲν ἔτι βραχεῖα ἢ συλλαβή, πλὴν οὐχ ὁμοίως ἀλλ' ἔξει τινὰ παραλλαγὴν ἀκαρῇ παρὰ τὴν προτέραν. ἔτι προσθέτω ταύτῃ τῶν ἀφώνων γραμμάτων ἐν τὸ τ καὶ γενέσθω τρόπος· μείζων αὕτη τῶν προτέρων ἔσται συλλαβῶν καὶ ἔτι βραχεῖα μένει. τρίτον ἔτι γράμμα τῇ αὐτῇ συλλαβῇ προστεθήτω τὸ σ καὶ γενέσθω στρόφος· τρισὶν αὕτη προσθήκαις ἀκουσταῖς μακροτέρα γενήσεται τῆς βραχυτάτης μένουσα ἔτι βραχεῖα. οὐκοῦν τέτταρες αὗται βραχείας συλλαβῆς διαφοραὶ τὴν ἄλογον αἰσθησιν ἔχουσαι τῆς παραλλαγῆς μέτρον. ὁ δ' αὐτὸς λόγος καὶ ἐπὶ τῆς μακρᾶς. ἡ γὰρ ἐκ τοῦ η γινομένη συλλαβὴ μακρὰ τὴν φύσιν οὔσα τεττάρων γραμμάτων προσθήκαις παραυξηθεῖσα τριῶν μὲν προταττομένων, ἐνὸς δὲ ὑποταττομένου, καθ' ἣν λέγεται σπλήν, μείζων ἂν δῆπου λέγοιτο εἶναι τῆς προτέρας ἐκείνης τῆς μονογραμμάτου· μισυμένη τ' οὖν αὖθις καθ' ἓν ἕκαστον τῶν προστεθέντων γραμμάτων τὰς ἐπὶ τοῦλαττον παραλλαγὰς αἰσθητὰς ἂν ἔχοι. αἰτία δὲ τίς ἐστὶ τοῦ μήτε τὰς μακρὰς ἐκβαίνειν τὴν αὐτῶν φύσιν μέχρι γραμμάτων ε μηκυομένας μήτε τὰς βραχείας εἰς ἐν ἀπὸ πολλῶν γραμμάτων συσσελλομένας ἐκπίπτειν τῆς βραχύτητος, ἀλλὰ κἀκείνας ἐν διπλασίῳ λόγῳ θεωρεῖσθαι τῶν βραχειῶν καὶ ταύτας ἐν ἡμίσει τῶν μακρῶν, οὐκ ἀναγκαῖον ἐν τῷ παρόντι σκοπεῖν. ἀρκεῖ γὰρ ὅσον εἰς τὴν παροῦσαν ὑπόθεσιν ἡρμοττεν εἰρηῇσθαι, ὅτι διαλλάττει καὶ βραχεῖα συλλαβὴ βραχείας καὶ μακρὰ μακρὰς καὶ οὐ τὴν αὐτὴν ἔχει δύναμιν οὔτ' ἐν λόγοις ψιλοῖς οὔτ' ἐν ποιήμασιν ἢ μέλεσιν διὰ μέτρων ἢ ῥυθμῶν κατασκευαζόμενοι πᾶσα βραχεῖα καὶ πᾶσα μακρά.

πρῶτον μὲν δὴ θεώρημα τοῦτο τῶν ἐν ταῖς συλλαβαῖς παθῶν, ἕτερον δὲ τοιόνδε· τῶν γραμμάτων πολλὰς ἐχόντων διαφορὰς οὐ μόνον περὶ τὰ μήκη καὶ τὰς βραχύτητας ἀλλὰ καὶ περὶ τοὺς ἤχους, ὑπὲρ ὧν ὀλίγῳ

πρότερον εἴρηκα, πᾶσα ἀνάγκη καὶ τὰς ἐκ τούτων συνισταμένας συλλαβὰς ἢ διὰ τούτων πλεκομένας ἅμα τὴν τε ἰδίαν ἐκάστου σῶζειν δύναμιν καὶ τὴν κοινήν ἀπάντων, ἢ γίνεται διὰ τῆς κράσεώς τε καὶ παραθέσεως αὐτῶν· ἐξ ὧν μαλακαὶ τε φωναὶ γίνονται καὶ σκληραὶ καὶ λεῖαι καὶ τραχεῖαι, γλυκαίνουσαι τε τὴν ἀκοὴν καὶ πικραίνουσαι, καὶ στύφουσαι καὶ διαχέουσαι, καὶ πᾶσαν ἄλλην κατασκευάζουσαι διάθεσιν φυσικὴν· αὗται δ' εἰσὶ μυρία τὸ πλῆθος ὅσαι.

Πᾶν ὄνομα καὶ ῥῆμα καὶ ἄλλο μόριον λέξεως, ὃ τι μὴ μονοσύλλαβον ἐστίν, ἐν ῥυθμῷ τινὶ λέγεται· τὸ δ' αὐτὸ καλῶ πόδα καὶ ῥυθμόν. δισυλλάβου μὲν οὖν λέξεως διαφοραὶ τρεῖς. ἡ γὰρ ἐξ ἀμφοτέρων ἔσται βραχειῶν ἢ ἐξ ἀμφοτέρων μακρῶν ἢ τῆς μὲν βραχείας, τῆς δὲ μακρᾶς. τοῦ δὲ τρίτου τούτου ῥυθμοῦ διττὸς ὁ τρόπος· ὃ μὲν τις ἀπὸ βραχείας ἀρχόμενος καὶ λήγων εἰς μακράν, ὃ δ' ἀπὸ μακρᾶς καὶ λήγων εἰς βραχεῖαν. ὃ μὲν οὖν βραχυσύλλαβος ἡγεμῶν τε καὶ πυρρίχιος καλεῖται, καὶ οὕτε μεγαλοπρεπὴς ἐστίν οὔτε σεμνός· σχῆμα δ' αὐτοῦ τοιόνδε

λέγε δὲ σὺ κατὰ πόδα νεόχυτα μέλεα.

ὃ δ' ἀμφοτέρας τὰς συλλαβὰς μακρὰς ἔχων κέκληται μὲν σπονδεῖος, ἀξίωμα δὲ ἔχει μέγα καὶ σεμνότητα πολλήν· παράδειγμα δ' αὐτοῦ τόδε

ποιάν δῆθ' ὀρμάσω, ταύταν

ἢ κείναν, κείναν ἢ ταύταν;

ὃ δ' ἐκ βραχείας τε καὶ μακρᾶς συγκείμενος ἐὰν μὲν τὴν ἡγουμένην λάβῃ βραχεῖαν, ἱαμβος καλεῖται, καὶ ἔστιν οὐκ ἀγεννής· ἐὰν δὲ ἀπὸ τῆς μακρᾶς ἀρχῇται, τροχαῖος, καὶ ἔστι μαλακώτερος θατέρου καὶ ἀγεννέστερος· παράδειγμα δὲ τοῦ μὲν προτέρου τοιόνδε

ἐπὶ σχολῇ πάρεστι, παῖ Μενοιτίου. τοῦ δ' ἑτέρου

θυμέ, θύμ' ἀμηχάνοισι κήδεσιν κυκώμενε.

δισυλλάβων μὲν δὴ μορίων λέξεως διαφοραὶ τε καὶ ῥυθμοὶ καὶ σχήματα τοσαῦτα· τρισυλλάβων δ' ἕτερα πλείω τῶν εἰρημένων καὶ ποικιλωτέραν ἔχοντα θεωρίαν. ὃ μὲν γὰρ ἐξ ἀπασῶν βραχειῶν συνεστώς, καλούμενος δὲ ὑπὸ τινων χορεῖος [τρίβραχυσ ποῦς], οὗ παράδειγμα τοιόνδε

Βρόμιε, δορατοφόρ', ἐνυάλιε, πολεμοκέλαδε,

ταπεινός τε καὶ ἄσεμνός ἐστι καὶ ἀγεννής, καὶ οὐδὲν ἂν ἐξ αὐτοῦ γένοιτο γενναῖον. ὃ δ' ἐξ ἀπασῶν μακρῶν, μολοττὸν δ' αὐτὸν οἱ μετρικοὶ καλοῦσιν, ὑψηλός τε καὶ ἀξιοματικός ἐστι καὶ διαβεβηκῶς ἐπὶ πολὺ· παράδειγμα δὲ αὐτοῦ τοιόνδε

ὦ Ζηνὸς καὶ Λήδας κάλλιστοι σωτῆρες.

ὃ δ' ἐκ μακρᾶς καὶ δυεῖν βραχειῶν μέσην μὲν λαβὼν τὴν μακρὰν ἀμφίβραχυσ ὠνόμασται, καὶ οὐ σφόδρα τῶν εὐσχήμων ἐστὶ ῥυθμῶν ἀλλὰ διακέκλασται τε καὶ πολὺ τὸ θῆλυ καὶ ἀηδὲς ἔχει, οἷά ἐστι ταυτί

Ἰτακχε θρίαμβε, σὺ τῶνδε χοραγέ.

ὃ δὲ προλαμβάνων τὰς δύο βραχείας ἀνάπαιστος μὲν καλεῖται, σεμνότητα δ' ἔχει πολλήν· καὶ ἔνθα δεῖ μέγεθός τι περιτιθέναι τοῖς πράγμασιν ἢ πάθος, ἐπιτήδειός ἐστι παραλαμβάνεσθαι· τούτου τὸ σχῆμα

τοιόνδε

βαρύ μοι κεφαλᾶς ἐπίκρανον ἔχειν.

ὁ δὲ ἀπὸ τῆς μακρᾶς ἀρχόμενος, λήγων δὲ εἰς τὰς βραχείας δάκτυλος μὲν καλεῖται, πάνυ δ' ἐστὶ σεμνὸς καὶ εἰς τὸ κάλλος τῆς ἐρμηνείας ἀξιολογώτατος, καὶ τό γε ἡρωικὸν μέτρον ἀπὸ τούτου κοσμεῖται ὡς ἐπὶ τὸ πολὺ· παράδειγμα δὲ αὐτοῦ τόδε

Ἰλιόθεν με φέρων ἄνεμος Κικόνεσσι πέλασεν.

οἱ μέντοι ῥυθμικοὶ τούτου τοῦ ποδὸς τὴν μακρὰν βραχυτέραν εἶναι φασὶ τῆς τελείας, οὐκ ἔχοντες δ' εἰπεῖν ὅσω, καλοῦσιν αὐτὴν ἄλογον. ἕτερός ἐστιν ἀντίστροφον ἔχων τούτῳ ῥυθμόν, ὃς ἀπὸ τῶν βραχειῶν ἀρξάμενος ἐπὶ τὴν ἄλογον τελευτᾷ· τοῦτον χωρίσαντες ἀπὸ τῶν ἀναπαίστων κυκλικὸν καλοῦσι παράδειγμα αὐτοῦ φέροντες τοιόνδε

κέχυται πόλις ὑψίπυλος κατὰ γᾶν.

περὶ ὧν ἂν ἕτερος εἴη λόγος· πλὴν ἀμφοτέροί γε τῶν πάνυ καλῶν οἱ ῥυθμοί. ἔν ἐτι λείπεται τρισυλλάβων ῥυθμῶν γένος, ὃ συνέστηκεν ἐκ δύο μακρῶν καὶ βραχείας, τρία δὲ ποιεῖ σχήματα· μέσης μὲν γὰρ γινομένης τῆς βραχείας, ἄκρων δὲ τῶν μακρῶν κρητικός τε λέγεται καὶ ἔστιν οὐκ ἀγεννής. ὑπόδειγμα δὲ αὐτοῦ τοιοῦτον

οἷ δ' ἐπείγοντο πλωταῖς ἀπῆναισι χαλκεμβόλοις. ἂν δὲ τὴν ἀρχὴν αἱ δύο μακραὶ κατὰσχωσιν, τὴν δὲ τελευτὴν ἡ βραχεῖα, οἷά ἐστι ταυτί

τίν' ἄκτάν, τίν' ὕλαν δράμω; ποῖ πορευθῶ;

τούτοις ἀμφοτέροις ὀνόματα κεῖται τοῖς ποσὶν ὑπὸ τῶν μετρικῶν βακχεῖος μὲν τῷ προτέρῳ, θατέρῳ δὲ ὑποβάκχειος. οὗτοι δώδεκα ῥυθμοί τε καὶ πόδες εἰσὶν οἱ πρῶτοι καταμετροῦντες ἅπασαν ἔμμετρόν τε καὶ ἄμετρον λέξιν, ἐξ ὧν γίνονται στίχοι τε καὶ κῶλα· οἱ γὰρ ἄλλοι πόδες καὶ ῥυθμοὶ πάντες ἐκ τούτων εἰσὶ σύνθετοι. ἀπλοῦς δὲ ῥυθμὸς ἢ ποὺς οὗτ' ἐλάττων ἔσται δύο συλλαβῶν οὔτε μείζων τριῶν. καὶ περὶ μὲν τούτων οὐκ οἶδ' ὅ τι δεῖ τὰ πλεῖω λέγειν.

μαρτύρια δὲ ὧν εἴρηκα παραθεῖναι λοιπόν, ἵνα μοι καὶ πίστιν ὁ λόγος λάβῃ. ἔσται δ' ὀλίγα περὶ πολλῶν. φέρε δὴ, τίς οὐκ ἂν ὁμολογήσειεν ἀξιοματικῶς τε συγκεῖσθαι καὶ μεγαλοπρεπῶς τὴν Θουκυδίδου λέξιν τὴν ἐν τῷ ἐπιταφίῳ ταύτην· 'Οἱ μὲν πολλοὶ τῶν ἐνθάδε ἤδη εἰρηκότων ἐπαινοῦσι τὸν προσθέντα τῷ νόμῳ τὸν λόγον τόνδε, ὡς καλὸν ἐπὶ τοῖς ἐκ τῶν πολέμων θαπτομένοις ἀγορεύεσθαι αὐτόν'. τί οὖν ἐστὶν ὃ πεποίηκε ταύτην μεγαλοπρεπῇ τὴν σύνθεσιν; τὸ ἐκ τοιούτων συγκεῖσθαι ῥυθμῶν τὰ κῶλα. τρεῖς μὲν γὰρ οἱ τοῦ πρώτου προηγούμενοι κώλου σπονδεῖοι πόδες εἰσίν, ὃ δὲ τέταρτος ἀνάπαιστος, ὃ δὲ μετὰ τοῦτον αὔθις σπονδεῖος, ἔπειτα κρητικός, ἅπαντες ἀξιοματικοί. καὶ τὸ μὲν πρῶτον κῶλον διὰ ταῦτ' ἐστὶ σεμνόν· τὸ δὲ ἐξῆς τουτί 'ἐπαινοῦσι τὸν προσθέντα τῷ νόμῳ τὸν λόγον τόνδε' δύο μὲν ὑποβακχείους ἔχει τοὺς πρώτους πόδας, κρητικὸν δὲ τὸν τρίτον, εἴτ' αὔθις ὑποβακχείους δύο καὶ συλλαβὴν ὑφ' ἧς τελειοῦται τὸ κῶλον· ὥστ' εἰκότως σεμνόν ἐστι καὶ τοῦτο ἐκ τῶν εὐγενεστάτων τε καὶ καλλίστων ῥυθμῶν συγκεῖμενον. τὸ δὲ δὴ τρίτον κῶλον 'ὡς καλὸν ἐπὶ τοῖς ἐκ τῶν πολέμων θαπτομένοις ἀγορεύεσθαι αὐτόν' ἄρχεται μὲν ἀπὸ τοῦ κρητικοῦ ποδός, δεύτερον δὲ λαμβάνει τὸν ἀνάπαιστον καὶ τρίτον σπονδεῖον καὶ τέταρτον αὔθις ἀνάπαιστον, εἴτα δύο τοὺς ἐξῆς δακτύλους, καὶ σπονδεῖους δύο τοὺς τελευταίους, εἴτα κατάληξιν. εὐγενὲς δὴ καὶ τοῦτο διὰ τοὺς πόδας γέγονεν. τὰ πλεῖστα δ' ἐστὶ παρὰ Θουκυδίδῃ τοιαῦτα, μᾶλλον δὲ ὀλίγα τὰ μὴ οὕτως ἔχοντα, ὥστ' εἰκότως ὑψηλὸς εἶναι δοκεῖ καὶ καλλιεπὴς ὡς εὐγενεῖς ἐπάγων ῥυθμούς.

εἰρηκῶς δὴ καὶ περὶ τῶν ῥυθμῶν ὅσην δύναμιν ^[19] ἔχουσιν, ἐπὶ τὰ

(πάνυ γὰρ εὐηθες) οὐδέ γε τὴν ἐκ τῶν χειρόνων ἐπὶ τὰ κρείττω, ἀλλὰ τὴν
ἐν τοῖς ὁμοειδέσι ποικιλίαν. κόρον γὰρ ἔχει καὶ τὰ καλὰ πάντα, ὥσπερ καὶ

ἐν πάσαις δεῖ ταῖς στροφαῖς καὶ ἀντιστροφαῖς τὰς αὐτὰς ἀγωγὰς φυλάττειν·
οὐδέ γε τοὺς περιέχοντας ὅλας τὰς στροφὰς ῥυθμοὺς καὶ τὰς
ἀντιστροφούς, ἀλλὰ δεῖ καὶ τούτους τοὺς αὐτοὺς διαμένειν· περὶ δὲ τὰς
καλουμένας ἐπωδοὺς ἀμφοτέρωθεν κινεῖν ταῦτα ἔξεστι τό τε μέλος καὶ τὸν

περιτιθέντας, ἕως ἂν ἀπαρτίσωσι τὴν στροφήν· ἔπειτα πάλιν δεῖ τὰ αὐτὰ

ἡ δὲ περὶ λέξις ἅπασαν ἐλευθερίαν ἔχει [καὶ ἄδειαν] ποικίλλειν ταῖς μεταβολαῖς τὴν σύνθεσιν, ὅπως βούλεται. καὶ ἔστι λέξις κρατίστη πασῶν, ἣτις ἂν ἔχη πλείστας ἀναπαύλας τε καὶ μεταβολὰς ἐναρμονίους, ὅταν τουτὶ μὲν ἐν περιόδῳ λέγηται, τουτὶ δ' ἔξω περιόδου καὶ ἥδε μὲν ἡ περίοδος ἐκ πλειόνων πλέκεται κώλων, ἥδε δ' ἐξ ἐλαττόνων, αὐτῶν δὲ τῶν κώλων τὸ μὲν βραχύτερον ἦ, τὸ δὲ μακρότερον καὶ τὸ μὲν αὐτουργότερον [τὸ δὲ βραδύτερον], τὸ δὲ ἀκριβέστερον, ῥυθμοὶ τε ἄλλοτε ἄλλοι καὶ σχήματα παντοῖα καὶ τάσεις φωνῆς αἱ καλούμεναι προσωδίαί διάφοροι κλέπτουσαι τῇ ποικιλίᾳ τὸν κόρον. ἔχει δὲ τινα χάριν ἐν τοῖς τοιοῦτοις καὶ τὸ οὕτω συγκείμενον ὥστε μὴ συγκεῖσθαι δοκεῖν. καὶ οὐ πολλῶν δεῖν οἶμαι λόγων εἰς τουτὶ τὸ μέρος· ὅτι γὰρ ἥδιστόν τε καὶ κάλλιστον ἐν λόγοις μεταβολή, πάντας εἰδέναι πείθομαι. παράδειγμα δὲ αὐτῆς ποιοῦμαι πᾶσαν μὲν τὴν Ἡροδότου λέξιν, πᾶσαν δὲ τὴν Πλάτωνος, πᾶσαν δὲ τὴν Δημοσθένους· ἀμήχανον γὰρ εὐρεῖν τούτων ἐτέρους ἐπεισοδίοις τε πλείοσι καὶ ποικιλίαις εὐκαιροτέραις καὶ σχήμασι πολυειδεστέροις χρησαμένους· λέγω δὲ τὸν μὲν ὡς ἐν ἱστορίας σχήματι, τὸν δ' ὡς ἐν διαλόγων χάριτι, τὸν δ' ὡς ἐν λόγων ἐναγωνίων χρεῖα. ἀλλ' οὐχ ἡ γε Ἰσοκράτους καὶ τῶν ἐκείνου γνωρίμων αἵρεσις ὁμοία ταύταις ἦν, ἀλλὰ καίπερ ἡδέως καὶ μεγαλοπρεπῶς πολλὰ συνθέντες οἱ ἄνδρες οὗτοι περὶ τὰς μεταβολὰς καὶ τὴν ποικιλίαν οὐ πάνυ εὐτυχοῦσιν· ἀλλ' ἔστι παρ' αὐτοῖς εἷς περίοδος κύκλος τις, ὁμοειδῆς σχημάτων τάξις, φυλακὴ συμπλοκῆς φωνηέντων ἢ αὐτῇ, ἄλλα πολλὰ τοιαῦτα κόπτοντα τὴν ἀκρόασιν. οὐ δὴ ἀποδέχομαι τὴν αἵρεσιν ἐκείνην κατὰ τοῦτο τὸ μέρος. καὶ αὐτῷ μὲν ἴσως τῷ Ἰσοκράτει πολλὰί χάριτες ἐπήνθουν ἄλλαι ταύτην ἐπικρύπτουσαι τὴν ἀμορφίαν, παρὰ δὲ τοῖς μετ' ἐκείνον ἅπ' ἐλαττόνων τῶν ἄλλων κατορθωμάτων περιφανέστερον γίνεται τοῦτο τὸ ἀμάρτημα.

[20] ἔτι τις καταλείπεται μοι λόγος ὁ περὶ τοῦ πρόποντος. καὶ γὰρ τοῖς ἄλλοις χρήμασιν ἅπασι παρεῖναι δεῖ τὸ πρόπον, καὶ εἰ τι ἄλλο ἔργον ἀτυχεῖ τούτου τοῦ μέρους, καὶ εἰ μὴ τοῦ παντός, τοῦ κρατίστου γε ἀτυχεῖ. περὶ μὲν οὖν ὅλης τῆς ιδέας ταύτης οὐχ οὗτος ὁ καιρὸς ἀνασκοπεῖν· βαθεῖα γάρ τις αὐτοῦ καὶ πολλῶν δεομένη λόγων ἢ θεωρία. ὅσα δὲ εἰς τοῦτο συντείνει τὸ μέρος ὑπὲρ οὗ τυγχάνω ποιούμενος τὸν λόγον, εἰ μὴ καὶ πάντα μηδὲ τὰ πλεῖστα, ὅσα γε οὖν ἐγχωρεῖ, λεγέσθω.

[21] Ἐγὼ τῆς συνθέσεως εἰδικὰς μὲν διαφορὰς πολλὰς σφόδρα εἶναι τίθεμαι καὶ οὗτ' εἰς σύνοψιν ἔλθειν δυναμένας οὗτ' εἰς λογισμὸν ἀκριβῆ, οἷομαί τε ἴδιον ἡμῶν ἐκάστω χαρακτηῖρα ὥσπερ ὄψεως, οὕτω καὶ συνθέσεως ὀνομάτων παρακολουθεῖν, οὐ φαῦλῳ παραδείγματι χρώμενος ζωγραφία· ὥσπερ γὰρ ἐν ἐκείνῃ τὰ αὐτὰ φάρμακα λαμβάνοντες ἅπαντες οἱ τὰ ζῶα γράφοντες οὐδὲν ἑοικότα ποιοῦσιν ἀλλήλοις τὰ μίγματα, τὸν αὐτὸν τρόπον ἐν ποιητικῇ τε διαλέκτῳ καὶ τῇ ἄλλῃ πάσῃ τοῖς αὐτοῖς ὀνόμασι χρώμενοι πάντες οὐχ ὁμοίως αὐτὰ συντίθεμεν. τὰς μέντοι γενικὰς αὐτῆς διαφορὰς ταύτας εἶναι πείθομαι μόνας τὰς τρεῖς, αἷς ὁ βουλόμενος ὀνόματα θήσεται τὰ οἰκεῖα, ἐπειδὴν τοὺς τε χαρακτηῖρας αὐτῶν καὶ τὰς διαφορὰς ἀκούσῃ. ἐγὼ μέντοι κυρίοις ὀνόμασιν οὐκ ἔχων αὐτὰς προσαγορεῦσαι ὡς ἀκατονομάστους μεταφορικοῖς ὀνόμασι καλῶ τὴν μὲν αὖστηράν, τὴν δὲ γλαφυράν [ἢ ἀνθηράν], τὴν δὲ τρίτην εὐκρατον· ἦν ὅπως ποτὲ γίνεσθαι φαῖν ἄν, ἔγωγε ἀπορῶ καὶ 'δίχῃ μοι νόος ἀτρέκειαν εἰπεῖν', εἴτε κατὰ στέρησιν τῶν ἄκρων ἐκατέρας εἴτε κατὰ μῖξιν· οὐ γὰρ ῥᾶδιον εἰκάσαι τὸ σαφές. μή ποτ' οὖν κρεῖττον ἢ λέγειν, ὅτι κατὰ ἄνεσιν τε καὶ ἐπίτασιν τῶν ἐσχάτων ὄρων οἱ διὰ μέσου γίνονται πολλοὶ πάνυ ὄντες· οὐ γὰρ ὥσπερ ἐν μουσικῇ τὸ ἴσον ἀπέχει τῆς νήτης καὶ τῆς ὑπάτης ἢ μέση, τὸν αὐτὸν τρόπον καὶ ἐν λόγοις ὁ μέσος χαρακτηρ ἐκατέρου τῶν ἄκρων ἴσον ἀφέστηκεν, ἀλλ' ἔστι τῶν ἐν πλάτει θεωρουμένων ὡς ἀγέλη τε καὶ σωρὸς καὶ ἄλλα πολλὰ. ἀλλὰ γὰρ οὐχ οὗτος ὁ καιρὸς ἀρμόττων τῇ θεωρίᾳ ταύτῃ· λεκτέον δ', ὥσπερ ὑπεθέμην, καὶ περὶ τῶν χαρακτηῖρων οὐχ ἅπανθ' ὅσ' ἂν εἰπεῖν ἔχοιμι (μακρῶν γὰρ ἂν μοι πάνυ δεήσειε λόγων), ἀλλ' αὐτὰ τὰ φανερώτατα.

[22] τῆς μὲν οὖν αὖστηρᾶς ἀρμονίας τοιόσδε ὁ χαρακτηρ· ἐρεῖδεσθαι βούλεται τὰ ὀνόματα ἀσφαλῶς καὶ στάσεις λαμβάνειν ἰσχυράς, ὥστ' ἐκ περιφανείας ἕκαστον ὄνομα ὀρθῶσθαι, ἀπέχειν τε ἀπ' ἀλλήλων τὰ μόρια διαστάσεις ἀξιολόγους αἰσθητοῖς χρόνοις διειργόμενα· τραχείαις τε χρῆσθαι πολλαχῇ καὶ ἀντιτύποις ταῖς συμβολαῖς οὐδὲν αὐτῇ διαφέρει, οἷαι γίνονται τῶν λογάδην συντιθεμένων ἐν οἰκοδομαῖς λίθων αἱ μὴ εὐγώνιοι καὶ μὴ συνεξεσμέναι βάσεις, ἀργαὶ δέ τινες καὶ αὐτοσχέδιοι· μεγάλοις τε καὶ διαβεβηκόσιν εἰς πλάτος ὀνόμασιν ὡς τὰ πολλὰ μηκύνεσθαι φιλεῖ· τὸ γὰρ εἰς βραχείας συλλαβὰς συνάγεσθαι πολέμιον αὐτῇ, πλὴν εἴ ποτε ἀνάγκη βιάζοιτο.

ἐν μὲν δὴ τοῖς ὀνόμασι ταῦτα πειρᾶται διώκειν καὶ τούτων γλίσχεται· ἐν δὲ τοῖς κώλοις ταῦτά τε ὁμοίως ἐπιτηδεύει καὶ τοὺς ῥυθμοὺς τοὺς ἀξιοματικοὺς καὶ μεγαλοπρεπεῖς, καὶ οὔτε πᾶρισα βούλεται τὰ κῶλα ἀλλήλοις εἶναι οὔτε παρόμοια οὔτε ἀνάγκῃ δουλεύοντα, ἀκόλουθα δὲ καὶ εὐγενῇ καὶ λαμπρᾷ καὶ ἐλεύθερα, φύσει τ' εοικέναι μᾶλλον αὐτὰ βούλεται ἢ τέχνῃ, καὶ κατὰ πάθος λέγεσθαι μᾶλλον ἢ κατ' ἦθος. περιόδους δὲ συντιθέναι συναπαρτιζούσας ἑαυταῖς τὸν νοῦν τὰ πολλὰ μὲν οὐδὲ βούλεται· εἰ δέ ποτ' αὐτομάτως ἐπὶ τοῦτο κατενεχθείη, τὸ ἀνεπιτήδευτον

ἐμφαίνειν θέλει καὶ ἀφελέξ, οὔτε προσθήκαις πσιὶν ὀνομάτων, ἵνα ὁ κύκλος ἐκπληρωθῇ, μηδὲν ὠφελούσαις τὸν νοῦν χρωμένη οὔτε ὅπως αἱ βάσεις αὐτῶν γένοιτο θεατρικαί τινες ἢ γλαφυραί, σπουδὴν ἔχουσα οὐδ' ἵνα τῷ πνεύματι τοῦ λέγοντος ὥσιν αὐτάρκεις συμμετρομένη μάλα, οὐδ' ἄλλην τινὰ [πραγματεῖαν] τοιαύτην ἔχουσα ἐπιτήδευσιν οὐδεμίαν. ἔτι τῆς τοιαύτης ἐστὶν ἁρμονίας καὶ ταῦτα ἴδια· ἀντίρροπός ἐστι περὶ τὰς πτώσεις, ποικίλη περὶ τοὺς σχηματισμούς, ὀλιγοσύνδεσμος, ἄναρθρος, ἐν πολλοῖς ὑπεροπτική τῆς ἀκολουθίας, ἥκιστ' ἀνθηρά, μεγαλόφρων, αὐθέκαστος, ἀκόμφευτος, τὸν ἀρχαῖσμον καὶ τὸν πίνον ἔχουσα κάλλος.

ταύτης τῆς ἁρμονίας πολλοὶ μὲν ἐγένοντο ζηλωταὶ κατὰ τε ποιήσιν καὶ ἱστορίαν καὶ λόγους πολιτικούς, διαφέροντες δὲ τῶν ἄλλων ἐν μὲν ἐπικῇ ποιήσει ὁ τε Κολοφώνιος Ἀντίμαχος καὶ Ἐμπεδοκλῆς ὁ φυσικός, ἐν δὲ μελοποιίᾳ Πίνδαρος, ἐν τραγωδίᾳ δ' Αἰσχύλος, ἐν ἱστορίᾳ δὲ Θουκυδίδης, ἐν δὲ πολιτικοῖς λόγοις Ἀντιφῶν. ἐνταῦθα ἡ μὲν ὑπόθεσις ἀπῆται πολλὰ παρασχέσθαι τῶν εἰρημένων ἐκάστου παραδείγματα, καὶ ἴσως οὐκ ἀηδὴς ἂν ὁ λόγος ἐγένετο πολλοῖς ὥσπερ ἄνθεσι διαποικιλλόμενος τοῖς ἑαρινοῖς· ἀλλ' ὑπέμετρον ἔμελλε φανήσεσθαι τὸ σύνταγμα καὶ σχολικὸν μᾶλλον ἢ παραγγελματικόν· οὐ μὲν δὴ οὐδ' ἀνεξέλεγκτα παραλιπεῖν τὰ ῥηθέντα ἡρμοττεν, ὥς δὴ φανερά καὶ οὐ δεόμενα μαρτυρίας· ἔδει δὲ πως τὸ μέτριον ἀμφοῖν λαβεῖν καὶ μήτε πλεονάσαι τοῦ καιροῦ μήτ' ἐλλιπεῖν τῆς πίστεως. τοῦτο δὴ πειράσομαι ποιῆσαι δείγματα λαβὼν ὀλίγα παρὰ τῶν ἐπιφανεστάτων ἀνδρῶν. ποιητῶν μὲν οὖν Πίνδαρος ἀρκέσει παραληφθεὶς, συγγραφέων δὲ Θουκυδίδης· κράτιστοι γὰρ οὗτοι ποιηταὶ τῆς αὐστηρᾶς ἁρμονίας. ἀρχέτω δὲ Πίνδαρος, καὶ τούτου διθύραμβός τις οὗ ἐστὶν ἀρχή·

ταῦθ' ὅτι μὲν ἔστιν ἰσχυρὰ καὶ σπιβαρὰ καὶ ἀξιωματικὰ καὶ πολὺ τὸ αὐστηρὸν ἔχει τραχύνει τε ἀλύπως καὶ πικραίνει μετρίως τὰς ἀκοὰς ἀναβέβληται τε τοῖς χρόνοις καὶ διαβέβηκεν ἐπὶ πολὺ ταῖς ἀρμονίαις καὶ οὐ τὸ θεατρικὸν δὴ τοῦτο καὶ γλαφυρὸν ἐπιδείκνυται κάλλος ἀλλὰ τὸ ἀρχαϊκὸν ἐκεῖνο καὶ αὐστηρόν, ἅπαντες ἂν εὖ οἶδ' ὅτι μαρτυρήσειαν οἱ μετρίαν ἔχοντες αἴσθησιν περὶ λόγους. τίνι δὲ κατασκευασθέντα ἐπιτηδεύσει τοιαῦτα γέγονεν (οὐ γὰρ ἄνευ γε τέχνης καὶ λόγου τινός, αὐτοματισμῷ δὲ καὶ τύχῃ χρησάμενα τοῦτον εἴληφε τὸν χαρακτηῖρα), ἐγὼ πειράσομαι δεικνύναι.

τὸ πρῶτον αὐτῷ κῶλον ἐκ τεττάρων σύγκειται λέξεως μορίων, ῥήματος καὶ συνδέσμου καὶ δυεῖν προσηγορικῶν· τὸ μὲν οὖν ῥῆμα καὶ ὁ σύνδεσμος συναλοφῇ κερασθέντα οὐκ ἀηδὴ πεποίηκε τὴν ἀρμονίαν· τὸ δὲ προσηγορικὸν τῷ συνδέσμῳ συντιθέμενον ἀποτετράχκεν ἀξιολόγως τὴν ἀρμογὴν· τὸ γὰρ ἐν χορὸν καὶ ἀντίτυπον καὶ οὐκ εὐεπές, τοῦ μὲν συνδέσμου λήγοντος εἰς ἡμίφωνον στοιχεῖον τὸ ν, τοῦ δὲ προσηγορικοῦ τὴν ἀρχὴν λαμβάνοντος ἀφ' ἑνὸς τῶν ἀφώνων τοῦ χ· ἀσύμμικτα δὲ τῇ φύσει ταῦτα τὰ στοιχεῖα καὶ ἀκόλλητα· οὐ γὰρ πέφυκε κατὰ μίαν συλλαβὴν τοῦ χ προτάττεσθαι τὸ ν, ὥστε οὐδὲ συλλαβῶν ὅρια γινόμενα συνάπτει τὸν ἦχον, ἀλλ' ἀνάγκη σιωπὴν τινα γενέσθαι μέσην ἀμφοῖν τὴν διορίζουσαν ἐκατέρου τῶν γραμμάτων τὰς δυνάμεις. τὸ μὲν δὴ πρῶτον κῶλον οὕτω τραχύνεται τῇ συνθέσει. κῶλα δὲ με δέξαι λέγειν οὐχ οἷς Ἀριστοφάνης ἢ τῶν ἄλλων τις μετρικῶν διεκόσμησε τὰς ᾠδὰς, ἀλλ' οἷς ἡ φύσις ἀξιοῖ διαρεῖν τὸν λόγον καὶ ῥητόρων παῖδες τὰς περιόδους διαιροῦσι.

τὸ δέ γε τούτῳ παρακείμενον κῶλον τὸ 'ἐπὶ τε κλυτὰν πέμπετε χάριν θεοί' διαβέβηκεν ἀπὸ τοῦ προτέρου διάβασιν ἀξιόλογον καὶ περιεῖληφεν ἐν αὐτῷ πολλὰς ἀρμονίας ἀντιτύπους. ἄρχει μὲν γὰρ αὐτοῦ στοιχεῖον ἐν τῶν φωνηέντων τὸ ε καὶ παράκειται ἐτέρῳ φωνήεντι τῷ ι· εἰς τοῦτο γὰρ ἔλγηε τὸ πρὸ αὐτοῦ. οὐ συναλείφεται δὲ οὐδὲ ταῦτ' ἀλλήλοις οὐδὲ προτάττεται κατὰ μίαν συλλαβὴν τὸ ι τοῦ ε· σιωπὴ δὲ τις μεταξὺ ἀμφοῖν γίνεται διερείδουσα τῶν μορίων ἐκάτερον καὶ τὴν βάσιν αὐτοῖς ἀποδιδούσα ἀσφαλῆ. ἐν δὲ τῇ κατὰ μέρος συνθέσει τοῦ κῶλου τοῖς μὲν ἐπὶ τε συνδέσμοις ἀφ' ὧν ἀρχεται τὸ κῶλον, εἴτε ἄρα πρόθεσιν αὐτῶν δεῖ τὸ ἡγούμενον καλεῖν, τὸ προσηγορικὸν ἐπικείμενον μόριον τὸ κλυτὰν ἀντίτυπον πεποίηκε καὶ τραχεῖαν τὴν σύνθεσιν· κατὰ τί ποτε; ὅτι βούλεται μὲν εἶναι βραχεῖα ἢ πρώτη συλλαβὴ τοῦ κλυτὰν, μακροτέρα δ' ἐστὶ τῆς βραχείας ἐξ ἀφώνου τε καὶ ἡμιφώνου καὶ φωνήεντος συνεστῶσα. τὸ δὲ μὴ εἰλικρινῶς αὐτῆς βραχὺ καὶ ἅμα τὸ ἐν τῇ κράσει τῶν γραμμάτων δυσεκφόρητον ἀναβολὴν τε ποιεῖ καὶ ἐγκοπὴν τῆς ἀρμονίας. εἰ γοῦν τὸ κ τις ἀφέλοι τῆς συλλαβῆς καὶ ποιήσειεν ἐπὶ τε λυτὰν, λυθήσεται καὶ τὸ βραδὺ καὶ τὸ τραχὺ τῆς ἀρμονίας. πάλιν τῷ κλυτὰν προσηγορικῷ τὸ πέμπετε ῥηματικὸν ἐπικείμενον οὐκ ἔχει συνῶδον οὐδ' εὐκέραστον τὸν ἦχον, ἀλλ' ἀνάγκη στηριχθῆναι τὸ ν καὶ πιεσθέντος ἱκανῶς τοῦ στόματος τότε ἀκουστὸν γενέσθαι τὸ π· οὐ γὰρ ὑποτακτικὸν τῷ ν τὸ π. τοῦτου δ' αἴτιον ὁ τοῦ στόματος σχηματισμὸς οὔτε κατὰ τὸν αὐτὸν τρόπον οὔτε τῷ

αὐτῷ τρόπῳ τῶν γραμμάτων ἐκφέρων ἐκότερον· τοῦ μὲν γὰρ ν περὶ τὸν οὐρανὸν γίνεται ὁ ἦχος καὶ τῆς γλώττης ἄκροις τοῖς ὁδοῦσι προσανισταμένης καὶ τοῦ πνεύματος διὰ τῶν ῥωθῶνων μεριζομένου, τοῦ δὲ π μύσαντός τε τοῦ στόματος καὶ οὐδὲν τῆς γλώττης συνεργούσης τοῦ τε πνεύματος κατὰ τὴν ἀνοιξιν τῶν χειλῶν τὸν ψόφον λαμβάνοντος ἀθροῦν, ὡς καὶ πρότερον εἴρηται μοι· ἐν δὲ τῷ μεταλαμβάνειν τὸ στόμα σχηματισμὸν ἕτερον ἐξ ἐτέρου μήτε συγγενῇ μήτε παρόμοιον ἐμπεριλαμβάνεται τις χρόνος, σὺν ᾧ δίδισται τὸ λεῖόν τε καὶ εὐεπὲς τῆς ἁρμονίας· καὶ ἅμα οὐδ' ἡ προηγουμένη τοῦ πέμπτε συλλαβὴ μαλακὸν ἔχει τὸν ἦχον ἀλλ' ὑποτραχύνει τὴν ἀκοὴν ἀρχομένη τε ἐξ ἀφώνου καὶ λήγουσα εἰς ἡμίφωνον. τῷ τε χάριν τὸ θεοὶ παρακείμενον ἀνακόπτει τὸν ἦχον καὶ ποιεῖ διερισμὸν ἀξιόλογον τῶν μορίων, τοῦ μὲν εἰς ἡμίφωνον λήγοντος τὸ ν, τοῦ δὲ ἁφωνον ἔχοντος ἡγούμενον τὸ θ· οὐδενὸς δὲ πέφυκε προτάττεσθαι τῶν ἀφώνων τὰ ἡμίφωνα.

τούτοις ἐπιφέρεται τρίτον κῶλον τουτί 'πολύβατον οἷ τ' ἄστεος ὀμφαλὸν θυόεντα ἐν ταῖς ἱεραῖς Ἀθάναις οἰχνεῖτε'. ἐνταῦθα τῷ τε ὀμφαλὸν εἰς τὸ ν λήγοντι τὸ θυόεντα παρακείμενον ἀπὸ τοῦ θ ἀρχόμενον ὁμοίαν ἀποδίδωσιν ἀντιτυπίαν τῇ πρότερον, καὶ τῷ θυόεντα εἰς φωνῆεν τὸ α λήγοντι ζευγνύμενον τὸ 'ἐν ταῖς ἱεραῖς' ἀπὸ φωνήεντος τοῦ ε λαμβάνον τὴν ἀρχὴν διέσπακε τῷ μεταξὺ χρόνῳ τὸν ἦχον οὐκ ὄντι ὀλίγῳ. τούτοις ἐκεῖνα ἔπεται 'πανδαίδαλόν τ' εὐκλέ' ἀγοράν'· τραχεῖα κάνταῦθα καὶ ἀντίτυπος ἡ συζυγία· ἡμιφώνῳ γὰρ ἁφωνον συνάπτεται τῷ ν τὸ τ καὶ διαβέβηκεν ἀξιόλογον διάβασιν ὁ μεταξὺ τοῦ τε προσηγορικοῦ τοῦ πανδαίδαλον καὶ τῆς συναλοιφῆς τῆς συναπτομένης αὐτῷ χρόνος· μακρὰ μὲν γὰρ ἀμφοτέραι, μείζων δὲ οὐκ ὀλίγῳ τῆς μετρίας ἡ συναλείφουσα τὰ δύο συλλαβή, ἐξ ἀφώνου τε καὶ δυεῖν συνεστῶσα φωνηέντων· εἰ γοῦν τις αὐτῆς ἀφέλοι τὸ τ καὶ ποιήσῃε πανδαίδαλον εὐκλέ' ἀγοράν, εἰς τὸ δίκαιον ἐλθοῦσα μέτρον εὐεπεστάτην ποιήσει τὴν ἁρμονίαν.

ὅμοια τοῦτοις ἐστὶ κάκεῖνα ἰοδέτων λαχεῖν'. παράκειται γὰρ ἡμίφωνα δύο ἀλλήλοις τὸ ν καὶ τὸ λ, φυσικὴν οὐκ ἔχοντα συζυγίαν τῷ μήτε κατὰ τοὺς αὐτοὺς <τόπους μήτε καθ'> ὁμοίους σχηματισμοὺς τοῦ στόματος ἐκφέρεσθαι. καὶ τὰ ἐπὶ τοῦτοις λεγόμενα μηκύνεται τε ταῖς συλλαβαῖς καὶ διέστηκε ταῖς ἀρμονίαις ἐπὶ πολὺ 'στεφάνων τῶν τ' ἐαριδρόπων·' μακραὶ γὰρ καὶ δεῦρο συγκροῦνται συλλαβαὶ τὸ δίκαιον ὑπεραίρουσαι μέτρον, ἥ τε λήγουσα τοῦ στεφάνων μορίου δυοὶ περιλαμβάνουσα ἡμιφώνοις φωνῆεν γράμμα φύσει μακρὸν καὶ ἡ συναπτομένη ταύτῃ τρισὶ μηκυνομένη γράμμασιν ἀφώνω καὶ φωνήεντι μακρῶς λεγομένω καὶ ἡμιφώνω· διερεισμός τε οὖν γέγονε τοῖς μήκεσι τῶν συλλαβῶν καὶ ἀντιτυπία τῇ παραθέσει τῶν γραμμάτων, οὐκ ἔχοντος τοῦ τ συνωδὸν τῷ ν τὸν ἥχον, ὃ καὶ πρότερον εἶρηκα. παράκειται δὲ καὶ τῷ αἰοιδᾷ εἰς τὸ ν λήγοντι ἀπὸ τοῦ δ ἀρχόμενον ἀφώνου τὸ Διόθεν τε καὶ τῷ σὺν ἀγλαΐᾳ εἰς τὸ ι λήγοντι τὸ ἴδετε πορευθέντ' αἰοιδᾷ ἀρχόμενον ἀπὸ τοῦ ι. πολλὰ τις ἂν εὖροι τοιαῦτα ὅλην τὴν ᾠδὴν σκοπῶν.

Ἴνα δὲ καὶ περὶ τῶν λοιπῶν εἰπεῖν ἐγγένηται μοι, Πινδάρου μὲν ἄλις ἔστω, Θουκυδίδου δὲ λαμβανέσθω λέξις ἡ ἐκ τοῦ προοιμίου ἥδε·

Θουκυδίδης Ἀθηναῖος ξυνέγραψε τὸν πόλεμον τῶν Πελοποννησίων καὶ Ἀθηναίων ὡς ἐπολέμησαν πρὸς ἀλλήλους, ἀρξάμενος εὐθύς καθισταμένου καὶ ἐλπίσας μέγαν τε ἔσεσθαι καὶ ἀξιολογώτατον τῶν προγεγενημένων, τεκμαιρόμενος ὅτι ἀκμάζοντές τε ἦσαν ἐς αὐτὸν ἀμφοτέρω παρασκευῇ τῇ πάσῃ, καὶ τὸ ἄλλο Ἑλληνικὸν ὄρων ξυνιστάμενον πρὸς ἐκατέρους, τὸ μὲν εὐθύς, τὸ δὲ καὶ διανοούμενον. κίνησις γὰρ αὕτη μεγίστη δὴ τοῖς Ἑλλήσιν ἐγένετο καὶ μέρει τινὶ τῶν βαρβάρων, ὡς δ' εἰπεῖν καὶ ἐπὶ πλεῖστον ἀνθρώπων. τὰ γὰρ πρὸ αὐτῶν καὶ τὰ ἔτι παλαιότερα σαφῶς μὲν εὖρεῖν διὰ χρόνου πλῆθος ἀδύνατα ἦν· ἐκ δὲ τεκμηρίων, ὧν ἐπὶ μακρότατον σκοποῦντί μοι πιστεῦσαι ξυμβαίνει, οὐ μεγάλα νομίζω γενέσθαι οὔτε κατὰ τοὺς πολέμους οὔτε ἐς τᾶλλα. φαίνεται γὰρ ἡ νῦν Ἑλλὰς καλουμένη οὐ πάλαι βεβαίως οἰκουμένη, ἀλλὰ μεταναστάσεις τε οὔσαι τὰ πρότερα καὶ ῥαδίως ἕκαστοι τὴν ἑαυτῶν ἀπολείποντες βιαζόμενοι ὑπὸ τινων αἰὲ πλειόνων. τῆς γὰρ ἐμπορίας οὐκ οὔσης οὐδ' ἐπιμινύντες ἀδεῶς ἀλλήλοις οὔτε κατὰ γῆν οὔτε διὰ θαλάσσης, νεμόμενοί τε τὰ ἑαυτῶν ἕκαστοι ὅσον ἀποζῆν καὶ περιουσίαν χρημάτων οὐκ ἔχοντες οὐδὲ γῆν φυτεύοντες, ἄδηλον ὃν ὅποτε τις ἐπελθὼν καὶ ἀτειχίστων ἅμα ὄντων ἄλλος ἀφαιρήσεται, τῆς τε καθ' ἡμέραν ἀναγκαίου τροφῆς πανταχοῦ ἂν ἡγούμενοι ἐπικρατεῖν οὐ χαλεπῶς ἀνίσταντο.

αὕτη ἡ λέξις ὅτι μὲν οὐκ ἔχει λείας οὐδὲ συνεξεσμένας ἀκριβῶς τὰς ἀρμονίας οὐδ' ἔστιν εὐεπὴς καὶ μαλακὴ καὶ λεληθότως ὀλισθάνουσα διὰ τῆς ἀκοῆς ἀλλὰ πολὺ τὸ ἀντίτυπον καὶ τραχὺ καὶ στρυφνὸν ἐμφαίνει, καὶ ὅτι πανηγυρικῆς μὲν ἢ θεατρικῆς οὐδὲ κατὰ μικρὸν ἐφάπτεται χάριτος, ἀρχαϊκὸν δέ τι καὶ αὐθαδὲς ἐπιδείκνυται κάλλος, ὡς πρὸς εἰδότας ὁμοίως τοὺς εὐπαιδεύτους ἅπαντας οὐδὲν δέομαι λέγειν ἄλλως τε καὶ αὐτοῦ γε τοῦ συγγραφέως ὁμολογήσαντος, ὅτι εἰς μὲν ἀκρόασιν ἦττον ἐπιτερπῆς ἢ

γραφή ἐστι, «κτῆμα δ' εἰσαεῖ μᾶλλον ἢ ἀγώνισμα εἰς τὸ παραντίκα ἀκούειν σύγκειται». τίνα δ' ἐστὶ τὰ θεωρήματα οἷς χρησάμενος ἀνὴρ οὗτος ἀπηνῆ καὶ αὐστηρὰν πεποίηκε τὴν ἁρμονίαν, δι' ὀλίγων σημανῶν· ῥάδιον γὰρ ἔσται μικρὰ μεγάλων εἶναι δείγματα τοῖς μὴ χαλεπῶς ἐπὶ τὴν τοῦ ὁμοίου τε καὶ ἀκολουθίου μεταβαίνουσιν θεωρίαν.

αὐτίκα ἐν ἀρχῇ τῷ Ἀθηναῖος προσηγορικῶς τὸ ξυνέγραψε ῥῆμα ἐφαρμοττόμενον διόστησιν ἀξιολόγως τὴν ἁρμονίαν· οὐ γὰρ προτάττεται τὸ σ τοῦ ξ κατὰ συνεκφορὰν τὴν ἐν μιᾷ συλλαβῇ γινομένην· δεῖ δὲ τοῦ σ σιωπῇ καταληφθέντος τότε ἀκουστὸν γενέσθαι τὸ ξ. τοῦτο δὲ τραχύτητα ἐργάζεται καὶ ἀντιτυπίαν τὸ πάθος. ἔπειθ' αἱ μετὰ τοῦτο γινόμεναι συγκοπαὶ τῶν ἤχων, τοῦ τε ν «καὶ τοῦ π» καὶ τοῦ τ καὶ τοῦ π καὶ τοῦ κ τετράκις ἐξῆς ἀλλήλοις παρακειμένων, χαράτπουσιν εὖ μάλα τὴν ἀκοὴν ἀκοὴν καὶ διασαλεύουσιν ἀξιολόγως τὰς ἁρμονίας, ὅταν φῇ «τὸν πόλεμον τῶν Πελοποννησίων καὶ Ἀθηναίων». τούτων γὰρ τῶν μορίων τῆς λέξεως οὐθὲν ὅ τι οὐ «σιωπῇ» καταληφθῆναι τε δεῖ καὶ πιεσθῆναι πρότερον ὑπὸ τοῦ στόματος περὶ τὸ τελευταῖον γράμμα, ἵνα τὸ συναπτόμενον αὐτῷ τρανὴν καὶ καθαρὰν τὴν ἑαυτοῦ λάβῃ δύναμιν. ἔτι πρὸς τούτοις ἡ τῶν φωνηέντων παράθεσις ἡ κατὰ τὴν τελευταίαν τοῦ κώλου τοῦδε γενομένη ἐν τῷ καὶ Ἀθηναίων διακέκρουκε τὸ συνεχὲς τῆς ἁρμονίας καὶ διέστακεν πάνυ αἰσθητὸν τὸν μεταξὺ λαβοῦσα χρόνον· ἀκέραστοι γὰρ αἱ φωναὶ τοῦ τε ι καὶ τοῦ α καὶ ἀποκόπτουσαι τὸν ἦχον· τὸ δ' εὐεπὲς οἱ συνεχεῖς τε καὶ οἱ συλλαεινόμενοι ποιοῦσιν ἦχοι.

καὶ αὖθις ἐν τῇ δευτέρᾳ περιόδῳ τὸ προηγούμενον κῶλον τουτί «ἄρξάμενος εὐθὺς καθισταμένου» μετρίως ἁρμόσας ὁ ἀνὴρ ὡς ἂν εὐφωόν τε μάλιστα φαίνοιτο καὶ μαλακόν, τὸ μετὰ τοῦτο πάλιν ἀποτραχύνει καὶ διασπᾷ τοῖς διαχαλάσμασι τῶν ἁρμονιῶν· «καὶ ἐλπίσας μέγαν τε ἔσεσθαι καὶ ἀξιολογώτατον τῶν προγεγενημένων», τρὶς γὰρ ἀλλήλοις ἐξῆς οὐ διὰ μακροῦ παράκειται φωνήεντα συγκρούσεις ἐργαζόμενα καὶ ἀνακοπὰς καὶ οὐκ ἔχοντα τὴν ἀκρόασιν ἐνὸς κώλου συνεχοῦς λαβεῖν φαντασίαν· ἢ τε περίοδος αὐτῷ λήγουσα εἰς τὸ «τῶν προγεγενημένων» οὐκ ἔχει τὴν βάσιν εὐγραμμον καὶ περιφερῆ, ἀλλ' ἀκόρυφός τις φαίνεται καὶ ἀκατάστροφος, ὥσπερ μέρος οὖσα τῆς δευτέρας ἀλλ' οὐχὶ [τῆς πρώτης] τέλος.

τὸ δ' αὐτὸ πέπονθε καὶ ἡ τρίτη περίοδος· καὶ γὰρ ἐκείνης ἀπερίγραφός ἐστι καὶ ἀνέδραστος ἡ βάσις τελευταῖον ἐχούσης μόριον «τὸ δὲ καὶ διανοούμενον», πολλὰς ἅμα καὶ αὐτὴ περιέχουσα φωνηέντων τε πρὸς φωνήεντα ἀντιτυπίας καὶ ἡμιφώνων πρὸς ἡμίφωνα καὶ ἄφωνα, ὥσπερ ἐργάζεται τὰ μὴ συνωδὰ τῇ φύσει τραχύτητας. ἵνα δὲ συνελὼν εἴπω, δώδεκά που περιόδων οὐσῶν ἅς παρεθέμην, εἴ τις αὐτὰς συμμέτρως μερίζοι πρὸς τὸ πνεῦμα, κώλων δὲ περιλαμβανομένων ἐν ταύταις οὐκ ἐλαττόνων ἢ τριάκοντα τὰ μὲν εὐεπῶς συγκείμενα καὶ συνεξεσμένα ταῖς ἁρμονίαις οὐκ ἂν εὖροι τις ἐξ ἧ ἐπτὰ τὰ πάντα κῶλα, φωνηέντων δὲ συμβολὰς ἐν ταῖς δώδεκα περιόδοις ὀλίγου δεῖν τριάκοντα ἡμιφώνων τε καὶ ἀφώνων ἀντιτύπων καὶ πικρῶν καὶ δυσεκφόρων παραβολὰς, ἐξ ὧν αἱ τε ἀνακοπαὶ καὶ τὰ πολλὰ ἐγκαθίσματα τῇ λέξει γέγονε, τοσαύτας τὸ πλῆθος

ὥστε ὀλίγου δεῖν καθ' ἕκαστον αὐτῆς μόριον εἶναι τι τῶν τοιούτων. πολλῇ δὲ καὶ ἡ τῶν κώλων ἀσυμμετρία πρὸς ἄλληλα καὶ ἡ τῶν περιόδων ἀνωμαλία καὶ ἡ τῶν σχημάτων καινότης καὶ τὸ τῆς ἀκολουθίας ὑπεροπτικὸν καὶ τὰλλα ὅσα χαρακτηριστικὰ τῆς ἀκομφεύτου τε καὶ αὐστηρᾶς ἐπελογισάμην ὄντα ἁρμονίας. ἅπαντα γὰρ διεξιέναι πάλιν ἐπὶ τῶν παραδειγμάτων καὶ καταδαπανᾶν εἰς ταῦτα τὸν χρόνον οὐκ ἀναγκαῖον ἡγοῦμαι.

[23] Ἡ δὲ γλαφυρὰ [καὶ ἀνθηρὰ] σύνθεσις, ἣν δευτέραν ἐπιθέμην τῇ τάξει, χαρακτηῖρα τοιόνδε ἔχει· οὐ ζητεῖ καθ' ἓν ἕκαστον ὄνομα ἐκ περιφανείας ὀρᾶσθαι οὐδὲ ἐν ἔδρᾳ πάντα βεβηκέναι πλατεῖα τε καὶ ἀσφαλεῖ οὐδὲ μακροὺς τοὺς μεταξὺ αὐτῶν εἶναι χρόνους, οὐδ' ὅλως τὸ βραδὺ καὶ σταθερὸν τοῦτο φίλον αὐτῇ, ἀλλὰ κενιῆσθαι βούλεται τὴν ὀνομασίαν καὶ φέρεσθαι θάτερα κατὰ τῶν ἐτέρων ὀνομάτων καὶ ὀχεῖσθαι τὴν ἀλληλουχίαν λαμβάνοντα βάσιν ὥσπερ τὰ ρέοντα καὶ μηδέποτε ἀτρεμοῦντα· συνηλεῖσθαι τε ἀλλήλοις ἀξιοῖ καὶ συνυφάνθαι τὰ μόρια ὡς μιᾶς λέξεως ὅψιν ἀποτελοῦντα εἰς δύναμιν. τοῦτο δὲ ποιοῦσιν αἱ τῶν ἁρμονιῶν ἀκρίβειαι χρόνον αἰσθητὸν οὐδένα τὸν μεταξὺ τῶν ὀνομάτων περιλαμβάνουσαι· εἰσὶν τε κατὰ μέρος εὐητρίοις ὕφεσιν ἢ γραφαῖς συνεφθαρμένα τὰ φωτεινὰ τοῖς σκιεροῖς ἐχούσαις. εὐφωνά τε εἶναι βούλεται πάντα τὰ ὀνόματα καὶ λεῖα καὶ μαλακὰ καὶ παρθενωπά, τραχείαις δὲ συλλαβαῖς καὶ ἀντιτύποις ἀπέχθεται· πού· τὸ δὲ θρασὺ πᾶν καὶ παρακεκινδυνευμένον δι' εὐλαβείας ἔχει.

οὐ μόνον δὲ τὰ ὀνόματα τοῖς ὀνόμασιν ἐπιτηδεῖως συνηρμόσθαι βούλεται καὶ συνεξέσθαι, ἀλλὰ καὶ τὰ κῶλα τοῖς κώλοις εὖ συνυφάνθαι καὶ πάντα εἰς περίοδον τελευτᾶν, ὀρίζουσα κώλου τε μῆκος, ὃ μὴ βραχυτέρον ἔσται μηδὲ μεῖζον τοῦ μετρίου, καὶ περιόδου μέτρον, οὗ πνεῦμα τέλειον ἀνδρὸς κρατήσῃ· ἀπερίοδον δὲ λέξιν ἢ περίοδον ἀκώλιστα ἢ κῶλον ἀσύμμετρον οὐκ ἂν ὑπομείνειεν ἐργάσασθαι. χρῆται δὲ καὶ ρυθμοῖς οὐ τοῖς μεγίστοις ἀλλὰ τοῖς μέσοις τε καὶ βραχυτέροις· καὶ τῶν περιόδων τὰς τελευτὰς εὐρύθμους εἶναι βούλεται καὶ βεβηκυίας ὡς ἂν ἀπὸ στάθμης, τάναντία ποιοῦσα ἐν ταῖς τοῦτων ἁρμογαῖς ἢ ταῖς τῶν ὀνομάτων· ἐκεῖνα μὲν γὰρ συναλείφει, ταύτας δὲ διόσθησι καὶ ὥσπερ ἐκ περιόπτου βούλεται φανερὰς εἶναι. σχήμασί τε οὐ τοῖς ἀρχαιοπρεπεστέροις οὐδ' ὅσοις σεμνότης τις ἢ βάρος ἢ τόνος πρόσσεστιν, ἀλλὰ τοῖς τρυφεροῖς τε καὶ κολακικοῖς ὡς τὰ πολλὰ χρῆσθαι φιλεῖ, ἐν οἷς πολὺ τὸ ἀπατηλὸν ἔστι καὶ θεατρικόν. ἵνα δὲ καὶ κοινότερον εἴπω, τοῦναντίον ἔχει σχῆμα τῆς προτέρας κατὰ τὰ μέγιστα καὶ κυριώτατα, ὑπὲρ ὧν οὐδὲν δέομαι πάλιν λέγειν.

ἀκόλουθον δ' ἂν εἴη καὶ τοὺς ἐν ταύτῃ πρωτεύσαντας καταριθμήσασθαι. ἐποποιῶν μὲν οὖν ἔμοιγε κάλλιστα τουτονὶ δοκεῖ τὸν χαρακτηῖρα ἐξεργάσασθαι Ἡσίοδος, μελοποιῶν δὲ Σαπφὼ καὶ μετ' αὐτὴν Ἀνακρέων τε καὶ Σιμωνίδης, τραγωδοποιῶν δὲ μόνος Εὐριπίδης, συγγραφέων δὲ ἀκριβῶς μὲν οὐδεὶς, μᾶλλον δὲ τῶν πολλῶν Ἐφορός τε καὶ Θεόπομπος, ῥητόρων δὲ Ἰσοκράτης. θήσω δὲ καὶ ταύτης παραδείγματα τῆς ἁρμονίας, ποιητῶν μὲν προχειρισάμενος Σαπφῶ, ῥητόρων δὲ Ἰσοκράτην.

ταύτης τῆς λέξεως ἡ εὐέπεια καὶ ἡ χάρις ἐν τῇ συνεχείᾳ καὶ λειότητι γέγονε τῶν ἁρμοनिῶν· παράκειται γὰρ ἀλλήλοις τὰ ὀνόματα καὶ συνύφανται κατὰ πινὰς οἰκειότητος καὶ συζυγίας φυσικᾶς τῶν γραμμάτων· τὰ γὰρ φωνήεντα τοῖς ἀφώνοις τε καὶ ἡμιφώνοις συνάπτεται μικροῦ διὰ πάσης τῆς ὥδῃς, ὅσα προτάττεσθαι τε καὶ ὑποτάττεσθαι πέφυκεν ἀλλήλοις κατὰ μίαν συλλαβὴν συνεκφερόμενα· ἡμιφώνων δὲ πρὸς ἡμίφωνα ἢ ἄφωνα «καὶ ἀφώνων» καὶ φωνηέντων πρὸς ἄλληλα συμπτώσεις αἱ διασαλεύουσαι τοὺς ἥχους ὀλίγα πάνυ ἔνεισιν· ἐγὼ γοῦν ὅλην τὴν ὥδῃν ἀνασκοπούμενος πέντε ἢ ἕξ ἴσως ἐν τοῖς τοσοῦτοις ὀνόμασι καὶ ῥήμασι καὶ τοῖς ἄλλοις μορίοις ἡμιφώνων τε καὶ ἀφώνων γραμμάτων συμπλοκὰς τῶν μὴ πεφυκότων ἀλλήλοις κεράννυσθαι καὶ οὐδὲ ταύτας ἐπὶ πολὺ τραχυνούσας τὴν εὐέπειαν εὐρίσκω, φωνηέντων δὲ παραθέσεις τὰς μὲν ἐν τοῖς κῶλοις αὐτοῖς γινομένας ἔτι ἐλάττους ἢ τοσαύτας, τὰς δὲ συναπτούσας ἀλλήλοις τὰ κῶλα ὀλίγω τινὶ τούτων πλείονας· εἰκότως δὴ γέγονεν εὖρους τις ἢ λέξις καὶ μαλακίη, τῆς ἁρμονίας τῶν ὀνομάτων μηδὲν ἀποκυματιζούσης τὸν

ἔλεγον δ' ἂν καὶ τὰ λοιπὰ τῆς συνθέσεως ταύτης ιδιώματα καὶ ἀπεδείκνυν ἐπὶ τῶν παραδειγμάτων τοιαῦτα ὄντα οἷα ἐγὼ φημι, εἰ μὴ μακρὸς ἔμελλεν ὁ λόγος γενήσεσθαι καὶ ταυτολογίας τινὰ παρέξειν δόξαν. ἐξέσται γὰρ σοὶ καὶ παντὶ ἄλλῳ καθ' ἓν ἕκαστον τῶν ἐξηριθμημένων ὑπ' ἐμοῦ κατὰ τὴν προέκθεσιν τοῦ χαρακτηῖρος ἐπιλέγεσθαι τε καὶ σκοπεῖν ἐπὶ τῶν παραδειγμάτων κατὰ πολλὴν εὐκαιρίαν καὶ σχολήν· ἐμοὶ δ' οὐκ ἐγγωρεῖ τοῦτο ποιεῖν ἀλλ' ἀπόχρη παραδεῖξαι μόνον ἀρκούντως ἃ βούλομαι τοῖς δυνησομένοις παρακολουθῆσαι.

ἐνὸς ἔτι παραθήσομαι λέξιν ἀνδρὸς εἰς τὸν αὐτὸν κατεσκευασμένου χαρακτηῖρα, Ἰσοκράτους τοῦ ῥήτορος, ὃν ἐγὼ μάλιστα πάντων οἶομαι τῶν πεζῇ λέξει χρησαμένων ταύτην ἀκριβοῦν τὴν ἁρμονίαν. ἔστι δὲ ἡ λέξις ἐκ τοῦ Ἀρεοπαγίτικοῦ ἦδε·

Πολλοὺς ὑμῶν οἶομαι θαυμάζειν, ἦντινά ποτε γνώμην ἔχων περὶ σωτηρίας τὴν πρόσοδον ἐποίησάμην, ὥσπερ ἡ τῆς πόλεως ἐν κινδύνοις οὔσης ἡ σφαλερῶς αὐτῇ τῶν πραγμάτων καθεστώτων, ἀλλ' οὐ πλείους μὲν τριήρεις ἢ διακοσίας κεκτημένης, εἰρήνην δὲ τὰ περὶ τὴν χώραν ἀγούσης καὶ τῶν κατὰ θάλατταν ἀρχούσης, ἔτι δὲ συμμάχους ἐχούσης πολλοὺς μὲν τοὺς ἐτοίμους ἡμῖν ἦν τι δέη βοηθήσοντας, πολλὴ δὲ πλείους τοὺς τὰς συντάξεις ὑποτελοῦντας καὶ τὸ προσταπτόμενον ποιοῦντας. ὧν ὑπαρχόντων ἡμᾶς μὲν ἂν τις φήσειεν εἰκὸς εἶναι θαρρεῖν ὡς πόρρω τῶν κινδύνων ὄντας, τοῖς δ' ἐχθροῖς τοῖς ἡμετέροις προσήκειν δεδιέναι καὶ βουλεύεσθαι περὶ σωτηρίας. ὑμεῖς μὲν οὖν οἶδ' ὅτι τούτῳ χρώμενοι τῷ λογισμῷ καὶ τῆς ἐμῆς προσόδου καταφρονεῖτε καὶ πᾶσαν ἐλπίζετε τὴν Ἑλλάδα τῇ δυνάμει ταύτῃ κατασχέσειν· ἐγὼ δὲ δι' αὐτὰ ταῦτα τυγχάνω δεδιώς. ὁρῶ γὰρ τῶν πόλεων τὰς ἄριστα πράττειν οἰομένας κάκιστα βουλευομένας, καὶ τὰς μάλιστα θαρρούσας εἰς πλεῖστον κίνδυνον καθισταμένας. αἵτιον δὲ τούτων ἐστίν, ὅτι τῶν ἀγαθῶν καὶ τῶν κακῶν οὐδὲν αὐτὸ καθ' αὐτὸ παραγίνεται τοῖς ἀνθρώποις, ἀλλὰ συντέτακται καὶ συνακολουθεῖ τοῖς μὲν πλούτοις καὶ ταῖς δυναστείαις ἄνοια καὶ μετὰ ταύτης ἀκολασία, ταῖς δὲ ἐνδεαῖς καὶ ταῖς ταπεινότησιν καὶ σωφροσύνη καὶ πολλὴ μετριότης. ὥστε χαλεπὸν εἶναι διαγνῶναι, ποτέραν ἂν τις εὖξαιτο τῶν μερίδων τούτων τοῖς παισὶ τοῖς αὐτοῦ καταλιπεῖν· ἴδοι γὰρ ἂν ἐκ μὲν τῆς φαυλοτέρας εἶναι δοκούσης ἐπὶ τὸ βέλτιον ὡς ἐπὶ τὸ πολὺ τὰς πράξεις ἐπιδιδούσας, ἐκ δὲ τῆς κρείττονος φαινομένης ἐπὶ τὸ χεῖρον εἰθισμένας μεταπίπτειν.

ταῦθ' ὅτι συνήλειπται τε καὶ συγκέχρωσται, καὶ οὐ καθ' ἓν ἕκαστον ὄνομα ἐν ἔδρῳ περιφανεῖ καὶ πλατεία βέβηκεν οὐδὲ μακροῖς τοῖς μεταξὺ χρόνοις διείργεται καὶ διαβέβηκεν ἀπ' ἀλλήλων, ἀλλ' ἐν κινήσει τε ὄντα φαίνεται καὶ φορᾷ καὶ ῥύσει συνεχεῖ, πραεῖαί τε αὐτῶν εἰσι καὶ μαλακαὶ καὶ προπετεῖς αἱ συνάπτουσαι τὴν λέξιν ἁρμονίαι, τὸ ἄλογον ἐπιμαρτυρεῖ τῆς ἀκοῆς πάθος. ὅτι δ' οὐκ ἄλλα τινὰ τούτων ἐστὶν αἵτια ἢ τὰ προειρημένα ὑπ' ἐμοῦ περὶ τῆς ἀγωγῆς ταύτης τῶν λόγων, ῥάδιον ἰδεῖν. φωνέντων μὲν γὰρ ἀντιτυπίαν οὐκ ἂν εὖροι τις οὐδεμίαν ἐν γοῦν οἷς

παρεθέμην ἀριθμοῖς, οἶομαι δ' οὐδ' ἐν ὄλῳ τῷ λόγῳ, πλὴν εἴ τί με διαλέλθην· ἡμιφώνων δὲ καὶ ἀφώνων ὀλίγας καὶ οὐ σφόδρα ἐκφανεῖς οὐδὲ συνεχεῖς. ταῦτά τε δὴ τῆς εὐεπειας αἷτια τῇ λῆξει γέγονε καὶ ἡ τῶν κώλων συμμετρία πρὸς ἄλληλα, τῶν τε περιόδων ὁ κύκλος ἔχων τι περιφερὲς καὶ εὐγραμμον καὶ τεταμιευμένον ἄκρως ταῖς συμμετρίαις. ὑπὲρ ἅπαντα δὲ ταῦτα οἱ σχηματισμοὶ πολὺ τὸ νεαρὸν ἔχοντες· εἰσὶ γὰρ ἀντίθετοι καὶ παρόμοιοι καὶ πάριστοι καὶ οἱ παραπλήσιοι τούτοις, ἐξ ὧν ἡ πανηγυρική διάλεκτος ἀποτελεῖται. οὐκ ἀναγκαῖον εἶναι δοκῶ μηκύνειν καὶ τὰ λοιπὰ διεξιῶν· ἱκανῶς γὰρ εἴρηται καὶ περὶ ταύτης τῆς συνθέσεως ὅσα γε ἤρμοττεν.

[24] Ἡ δὲ τρίτη καὶ μέση τῶν εἰρημένων δυεῖν ἁρμονιῶν, ἦν εὐκρατον καλῶ σπάνει κυρίου τε καὶ κρείττονος ὀνόματος, σχῆμα μὲν ἴδιον οὐδὲν ἔχει, κεκέρασται δὲ ὡς ἐξ ἐκείνων μετρίως καὶ ἔστιν ἐκλογὴ τις τῶν ἐν ἑκατέρᾳ κρατίστων. αὕτη δοκεῖ μοι τὰ πρωτεῖα ἐπιτηδεῖα εἶναι φέρεσθαι, ἐπειδὴ μεσότης μὲν τίς ἐστί (μεσότης δὲ ἡ ἀρετὴ καὶ βίων καὶ ἔργων [καὶ τεχνῶν], ὡς Ἀριστοτέλει τε δοκεῖ καὶ τοῖς ἄλλοις ὅσοι κατ' ἐκείνην τὴν αἵρεσιν φιλοσοφοῦσιν), ὁρᾶται δ', ὥσπερ ἔφην καὶ πρότερον, οὐ κατὰ ἀπαρτισμὸν ἀλλ' ἐν πλάτει, καὶ τὰς εἰδικὰς ἔχει διαφορὰς πολλὰς· οἱ τε χρυσάμενοι αὐτῇ οὐ τὰ αὐτὰ πάντες οὐδ' ὁμοίως ἐπετήδευσαν, ἀλλ' οἱ μὲν ταῦτα μᾶλλον, οἱ δ' ἐκεῖνα, ἐπέτεινάν τε καὶ ἀνῆκαν ἄλλως ἄλλοι τὰ αὐτά, καὶ πάντες ἐγένοντο λόγου ἄξιοι κατὰ πάσας τὰς ἰδέας τῶν λόγων. κορυφὴ μὲν οὖν ἀπάντων καὶ σκοπός,

ἐξ οὗ περ πάντες ποταμοὶ καὶ πᾶσα θάλασσα
καὶ πᾶσαι κρῆναι,

δικαίως ἂν Ὅμηρος λέγοιτο. πᾶς γὰρ αὐτῷ τόπος, ὅτου τις ἂν ᾄφηται, ταῖς τε αὐστηραῖς καὶ ταῖς γλαφυραῖς ἁρμονίαις εἰς ἄκρον διαπεποικίλται. τῶν δ' ἄλλων ὅσοι τὴν αὐτὴν μεσότητα ἐπετήδευσαν, ὕστεροι μὲν Ὀμήρου μακρῷ παρ' ἐκείνον ἐξεταζόμενοι φαίνονται ἂν, καθ' ἑαυτοὺς δὲ εἰ θεωροίη τις αὐτούς, ἀξιοθέατοι, μελοποιῶν μὲν Στησίχορός τε καὶ Ἀλκαῖος, τραγωδοποιῶν δὲ Σοφοκλῆς, συγγραφέων δὲ Ἡρόδοτος, ῥητόρων δὲ Δημοσθένης, φιλοσόφων δὲ κατ' ἐμὴν δόξαν Δημόκριτός τε καὶ Πλάτων καὶ Ἀριστοτέλης· τούτων γὰρ ἐτέρους εὖρεῖν ἀμήχανον ἄμεινον κέρασαντας τοὺς λόγους. καὶ περὶ μὲν τῶν χαρακτήρων ταῦθ' ἱκανά. παραδείγματα γὰρ τούτων οὐκ οἶομαι δεῖν φέρειν, φανερῶν πάνυ ὄντων καὶ οὐδὲν δεομένων λόγου.

Εἰ δέ τι δοκεῖ καὶ πόνου πολλοῦ ταῦτα καὶ πραγματείας μεγάλης ἄξια εἶναι, καὶ μάλα ὀρθῶς δοκεῖ κατὰ τὸν Δημοσθένην· ἀλλ' ἐὰν λογίσσῃται τοὺς ἐξακολουθοῦντας αὐτοῖς κατορθουμένοις ἐπαίνους καὶ τὸν καρπὸν τὸν ἀπ' αὐτῶν ὡς γλυκύς, εὐπαθείας ἡγήσεται τοὺς πόνους. Ἐπικουρείων δὲ χορόν, οἷς οὐδὲν μέλει τούτων, παραιτοῦμαι· τὸ γὰρ 'οὐκ ἐπιπόνου τοῦ γράφειν ὄντος', ὡς αὐτὸς Ἐπικουρος λέγει, 'τοῖς μὴ στοχοζομένοις τοῦ πυκνὰ μεταπίπτοντος κριτηρίου' πολλῆς ἀργίας ἦν καὶ σκαιότητος ἀλεξιφάρμακον.

[25] Τούτων δὴ μοι τέλος ἔχόντων, ἐκεῖνά σε οἶομαι ποθεῖν ἔτι ἀκοῦσαι,

πῶς γίνεται λέξις ἄμετρος ὁμοία καλῶ ποιήματι ἢ μέλει, καὶ πῶς ποίημα ἢ μέλος πεζῇ λέξει καλῇ παραπλήσιον. ἄρξομαι δὲ πρῶτον ἀπὸ τῆς ψιλῆς λέξεως, ἓνα τῶν ἀνδρῶν προχειρισάμενος ὃν ἐν τοῖς μάλιστα οἶμαι τὴν ποιητικὴν ἐκμεμάχθαι φράσιν, βουλούμενος μὲν καὶ πλείους, οὐκ ἔχων δὲ χρόνον ἱκανὸν ἅπασι. φέρε δὴ τίς οὐκ ἂν ὁμολογήσειεν τοῖς κρατίστοις ἔοικέναι ποιήμασί τε καὶ μέλεσι τοὺς Δημοσθένους λόγους, καὶ μάλιστα τὰς τε κατὰ Φιλίππου δημηγορίας καὶ τοὺς δικανικοὺς ἀγῶνας τοὺς δημοσίους; ὧν ἐξ ἑνὸς ἀρκέσει λαβεῖν τὸ προοίμιον τουτί·

‘Μηδεὶς ὑμῶν, ὦ ἄνδρες Ἀθηναῖοι, νομίση με μήτ’ ἰδίας ἔχθρας μηδεμιᾶς ἔνεχ’ ἥκειν Ἀριστοκράτους κατηγορήσοντα τουτουί, μήτε μικρὸν ὀρώντά τι καὶ φαῦλον ἁμάρτημα ἐτοίμως οὕτως ἐπὶ τούτῳ προάγειν ἐμαυτὸν εἰς ἀπέχθειαν· ἀλλ’ εἴπερ ἄρ’ ὀρθῶς ἐγὼ λογίζομαι καὶ σκοπῶ, περὶ τοῦ Χερόνησον ἔχειν ὑμᾶς ἀσφαλῶς καὶ μὴ παρακρουσθέντας ἀποστερηθῆναι πάλιν αὐτῆς, περὶ τούτου ἐστὶ μοι ἅπανα ἡ σπουδὴ’.

Πειρατέον δὴ καὶ περὶ τούτων λέγειν ἃ φρονῶ. μυστηρίοις μὲν οὖν ἔοικεν ἤδη ταῦτα καὶ οὐκ εἰς πολλοὺς οἶά τε ἐστὶν ἐκφέρεσθαι, ὥστ’ οὐκ ἂν εἴην φορτικός, εἰ παρακαλοῖην ‘οἷς θέμις ἐστὶν’ ἥκειν ἐπὶ τὰς τελετάς τοῦ λόγου, ‘θύρας δ’ ἐπιθέσθαι’ λέγοιμι ταῖς ἀκοαῖς τοὺς ‘βεβήλους’. εἰς γέλωτα γὰρ ἔνιοι λαμβάνουσι τὰ σπουδαιότατα δι’ ἀπειρίαν, καὶ ἴσως οὐδὲν ἄτοπον πάσχουσιν. ἃ δ’ οὖν βούλομαι λέγειν, τοιάδε ἐστί.

Πᾶσα λέξις ἢ δίχα μέτρου συγκεκριμένη ποιητικὴν μοῦσαν ἢ μελικὴν χάριν οὐ δύναται προσλαβεῖν κατὰ γοῦν τὴν σύνθεσιν αὐτῇ· ἐπεὶ καὶ ἡ ἐκλογή τῶν ὀνομάτων μέγα τι δύναται, καὶ ἔστι τις ὀνομασία ποιητικὴ γλωττηματικῶν τε καὶ ξένων καὶ τροπικῶν καὶ πεποιημένων, οἷς ἡδύνεται ποίησις, εἰς κόρον ἐγκαταμιγνόντων τῇ ἀμέτρῳ λέξει, ὃ ποιοῦσιν ἄλλοι τε πολλοὶ καὶ οὐχ ἥκιστα Πλάτων· οὐ δὴ λέγω περὶ τῆς ἐκλογῆς, ἀλλ’ ἀφείσθω κατὰ τὸ παρὸν ἢ περὶ ταῦτα σκέψις. περὶ τῆς συνθέσεως αὐτῆς ἔστω ἡ θεωρία τῆς ἐν τοῖς κοινοῖς ὀνόμασι καὶ τετριμμένοις καὶ ἥκιστα ποιητικοῖς τὰς ποιητικὰς χάριτας ἐπιδεικνυμένης. ὅπερ οὖν ἔφην, οὐ δύναται ψιλὴ λέξις ὁμοία γενέσθαι τῇ ἐμμέτρῳ καὶ ἐμμελεῖ, ἐὰν μὴ περιέχη μέτρα καὶ ῥυθμοὺς τινας ἐγκατατεταγμένους ἀδήλως. οὐ μέντοι προσήκει γε ἔμμετρον οὐδ’ ἔρρυθμον αὐτῇ εἶναι δοκεῖν (ποίημα γὰρ οὕτως ἔσται καὶ μέλος ἐκβήσεται τε ἀπλῶς τὸν αὐτῆς χαρακτήρα), ἀλλ’ εὐρυθμον αὐτῇ ἀπόχρη καὶ εὐμετρον φαίνεσθαι μόνον· οὕτως γὰρ ἂν εἴη ποιητικὴ μέν, οὐ μὴν ποίημά γε, καὶ ἐμμελὴς μέν, οὐ μέλος δέ.

τίς δ’ ἐστὶν ἡ τούτων διαφορά, πάνυ ῥάδιον ἰδεῖν. ἡ μὲν ὁμοία περιλαμβάνουσα μέτρα καὶ τεταγμένους σῶζουσα ῥυθμοὺς καὶ κατὰ στίχον ἢ περίοδον ἢ στροφὴν διὰ τῶν αὐτῶν σχημάτων περαινομένη κἄπειτα πάλιν τοῖς αὐτοῖς ῥυθμοῖς καὶ μέτροις ἐπὶ τῶν ἐξῆς στίχων ἢ περιόδων ἢ στροφῶν χρωμένη καὶ τοῦτο μέχρι πολλοῦ ποιοῦσα ἔρρυθμός ἐστι καὶ ἔμμετρος, καὶ ὀνόματα κεῖται τῇ τοιαύτῃ λέξει μέτρον καὶ μέλος· ἡ δὲ πεπλανημένα μέτρα καὶ ἀτάκτους ῥυθμοὺς ἐμπεριλαμβάνουσα καὶ μήτε ἀκολουθίαν ἐμφαίνουσα αὐτῶν μήτε ὁμοζυγίαν μήτε ἀντιστροφὴν εὐρυθμος μὲν ἐστίν, ἐπειδὴ διατεποίκιλταί τισιν ῥυθμοῖς, οὐκ ἔρρυθμος δέ,

ἐπειδὴ οὐχὶ τοῖς αὐτοῖς οὐδὲ κατὰ τὸ αὐτό. τοιαύτην δὴ φημι πᾶσαν εἶναι λέξιν ἄμετρον, ἥτις ἐμφαίνει τὸ ποιητικὸν καὶ μελικόν. ἥ δὴ καὶ τὸν Δημοσθένη κεκρῆσθαι φημι. καὶ ὅτι ἀληθῆ ταῦτ' ἐστὶ καὶ οὐδὲν ἐγὼ καινοτομῶ, λάβοι μὲν ἂν τις καὶ ἐκ τῆς Ἀριστοτέλους μαρτυρίας τὴν πίστιν· εἴρηται γὰρ τῷ φιλοσόφῳ τὰ τε ἄλλα περὶ τῆς λέξεως τῆς πολιτικῆς ἐν τῇ τρίτῃ βύβλῳ τῶν ῥητορικῶν τεχνῶν οἷαν αὐτὴν εἶναι προσῆκεν, καὶ δὴ καὶ περὶ τῆς εὐρυθμίας ἐξ ὧν τις τοιαύτη γένοιτο· ἐν ἣ τούτοις ἐπιτηδαιοτάτους ὀνομάζει ῥυθμοὺς καὶ πῆ χρησιμος ἕκαστος αὐτῶν καταφαίνεται, καὶ λέξεις παρατίθησιν τινὰς αἷς πειρᾶται βεβαιοῦν τὸν λόγον. χωρὶς δὲ τῆς Ἀριστοτέλους μαρτυρίας, ὅτι ἀναγκαῖόν ἐστιν ἐμπεριλαμβάνεσθαι τινὰς τῇ πεζῇ λέξει ῥυθμούς, εἰ μέλλοι τὸ ποιητικὸν ἐπανθήσειν αὐτῇ κάλλος, ἐκ τῆς πείρας τις αὐτῆς γνώσεται.

αὐτίκα ὁ κατὰ Ἀριστοκράτους λόγος οὗ καὶ μικρῷ πρότερον ἐμνήσθην ἄρχεται μὲν ἀπὸ κωμικοῦ στίχου τετραμέτρου ἐξ ἀναπαίστων ῥυθμῶν συγκειμένον, λείπεται δὲ ποδὶ τοῦ τελείου, παρ' ὃ καὶ λέληθεν· 'μηδεὶς ὑμῶν, ὦ ἄνδρες Ἀθηναῖοι, νομίση με'· τοῦτο γὰρ εἰ προσλάβοι τὸ μέτρον πόδα ἦτοι κατ' ἀρχὰς ἢ διὰ μέσου ἢ ἐπὶ τελευτῆς, τέλειον ἔσται τετράμετρον ἀναπαιστικόν, ὃ καλοῦσιν τινες Ἀριστοφάνειον·

μηδεὶς ὑμῶν, ὦ ἄνδρες Ἀθηναῖοι, νομίση με παρεῖναι, ἴσον δὲ τῷ

λέξω τοίνυν τὴν ἀρχαίαν παιδείαν ὡς δέκεται. τάχα τις ἐρεῖ πρὸς ταῦτα, ὅτι οὐκ ἐξ ἐπιτηδεύσεως τοῦτο ἀλλ' ἐκ ταῦτομάτου ἐγένετο· πολλὰ γὰρ αὐτοσχεδιάζει μέτρα ἢ φύσις. ἔστω τοῦτο ἀληθὲς εἶναι. ἀλλὰ καὶ τὸ συναπτόμενον τούτῳ κῶλον, εἰ διαλύσειέ τις αὐτοῦ τὴν δευτέραν συναλοιφήν ἢ πεποίηκεν αὐτὸ ἄσημον ἐπισυνάπτουσα τῷ τρίτῳ κῶλῳ, πεντάμετρον ἐλεγειακὸν ἔσται συντετελεσμένον τουτί

Ὑφορῶμαι τινα πρὸς ταῦτα καταδρομὴν ἀνθρώπων τῆς μὲν ἐγκυκλίου παιδείας ἀπείρων, τὸ δὲ ἀγοραῖον τῆς ῥητορικῆς μέρος ὁδοῦ τε καὶ τέχνης χωρὶς ἐπιτηδευόντων, πρὸς οὓς ἀναγκαῖον ἀπολογήσασθαι, μὴ δόξωμεν ἔρημον ἀφηκέναι τὸν ἀγῶνα. ἐροῦσι δὴ ταῦτα· ὁ Δημοσθένης οὖν οὕτως ἄθλιος ἦν, ὥσθ' ὅτε γράφοι τοὺς λόγους, μέτρα καὶ ῥυθμοὺς ὥσπερ οἱ πλάσται παρατιθέμενος, ἐναρμόττειν ἐπειρᾶτο τοῦτοις τοῖς τύποις τὰ κῶλα στρέφων ἄνω καὶ κάτω τὰ ὀνόματα καὶ παραφυλάττων τὰ μήκη καὶ τοὺς χρόνους καὶ τὰς πτώσεις τῶν ὀνομάτων καὶ τὰς ἐγκλίσεις τῶν ῥημάτων καὶ πάντα τὰ συμβεβηκότα τοῖς μορίοις τοῦ λόγου πολυπραγμονῶν· ἡλίθιος μὲν τᾶν εἴη εἰς τοσαύτην σκευωρίαν καὶ φλυαρίαν ὁ τηλικούτος ἀνὴρ ἑαυτὸν διδοῦς. ταῦτα δὴ καὶ τὰ τοῦτοις παραπλήσια κωμωδοῦντας αὐτοὺς καὶ καταχλευάζοντας οὐ χαλεπῶς ἂν τις ἀποκρούσαιτο ταῦτα εἰπών· πρῶτον μὲν ὅτι οὐδὲν ἄτοπον ἦν, εἰ <ὁ> τοσαύτης δόξης ἡξιωμένος ἀνὴρ ὅσης οὐδεὶς τῶν πρότερον ὀνομασθέντων ἐπὶ δεινότητι λόγων, ἔργα συνταπτόμενος αἰώνια καὶ διδοῦς ἑαυτὸν ὑπεύθυνον τῷ πάντα βασανίζοντι [φθόνῳ καὶ] χρόνῳ ἐβουλήθη μηδὲν εἰκῆ μήτε πρᾶγμα παραλαμβάνειν μήτ' ὄνομα, πολλὴν δ' ἄμφοιν ἔχειν τούτων πρόνοιαν τῆς τε ἐν τοῖς νοήμασιν οἰκονομίας καὶ τῆς εὐμορφίας τῆς περὶ τὰ ὀνόματα, ἄλλως τε καὶ τῶν τότε ἀνθρώπων οὐ γραπτοῖς ἀλλὰ γλυπτοῖς καὶ τορευτοῖς ἐοικότας ἐκφερόντων λόγους, λέγω δὲ Ἰσοκράτους καὶ Πλάτωνος τῶν σοφιστῶν· ὁ μὲν γε τὸν πανηγυρικὸν λόγον, ὡς οἱ τὸν ἐλάχιστον χρόνον γράφοντες ἀποφαίνουσιν, ἐν ἔτεσι δέκα συνετάξατο, ὁ δὲ Πλάτων τοὺς ἑαυτοῦ διαλόγους κτενίζων καὶ βοστρυχίζων καὶ πάντα τρόπον ἀναπλέκων οὐ διέλειπεν ὀγδοήκοντα γεγονῶς ἔτη· πᾶσι γὰρ δήπου τοῖς φιλολόγοις γνώριμα τὰ περὶ τῆς φιλοπονίας τάνδρὸς ἱστορούμενα τὰ τε ἄλλα καὶ δὴ καὶ τὰ περὶ τὴν δέλτον, ἣν τελευτήσαντος αὐτοῦ λέγουσιν εὑρεθῆναι ποικίλως μετακειμένην τὴν ἀρχὴν τῆς Πολιτείας ἔχουσαν τήνδε 'Κατέβην χθὲς εἰς Πειραιᾶ μετὰ Γλαύκωνος τοῦ Ἀρίστωνος'. τί οὖν ἦν ἄτοπον, εἰ καὶ Δημοσθένει φροντὶς εὐφωνίας τε καὶ ἐμμελείας ἐγένετο καὶ τοῦ μηδὲν εἰκῆ καὶ ἀβασανίστως τιθέναι μήτε ὄνομα μήτε νόημα; πολὺ τε γὰρ μᾶλλον ἐμοὶ δοκεῖ προσήκειν ἀνδρὶ κατασκευάζοντι λόγους πολιτικούς μνημεῖα τῆς ἑαυτοῦ δυνάμεως αἰώνια μηδενὸς τῶν ἐλαχίστων ὀλιγωρεῖν, ἢ ζωγράφῳ τε καὶ τορευτῶν παισὶν ἐν ὕλῃ φθαρτῇ χειρῶν εὐστοχίας καὶ πόνους ἀποδεικνυμένοις περὶ τὰ φλέβια καὶ τὰ πτίλα καὶ τὸν χνοῦν καὶ τὰς τοιαύτας μικρολογίας κατατρίβειν τῆς τέχνης τὴν ἀκριβειαν. τοῦτοις τε δὴ τοῖς λόγοις χρώμενος δοκεῖ μοί τις ἂν οὐδὲν ἔξω τοῦ εἰκότος ἀξιοῦν καὶ ἔτι ἐκεῖνα εἰπών, ὅτι μειράκιον μὲν ὄντα καὶ νεωστὶ τοῦ μαθήματος ἀπτόμενον αὐτὸν οὐκ ἄλογον <ἦν> πάντα περισκοπεῖν, ὅσα δυνατὰ ἦν εἰς ἐπιτηδευσιν ἀνθρωπίνην πεσεῖν· ἐπειδὴ δὲ ἡ χρόνιος ἀσκήσις ἰσχὺν πολλὴν λαβοῦσα τύπους τινὰς ἐν τῇ διανοίᾳ παντὸς τοῦ μελετωμένου καὶ σφραγίδας ἐνεποίησεν, ἐκ τοῦ ῥάστου τε καὶ ἀπὸ τῆς ἔξεως αὐτὰ ἤδη ποιεῖν. οἷόν τι γίνεται κἂν ταῖς ἄλλαις τέχναις, ὧν ἐνέργειά τις ἢ ποίησις τὸ τέλος· αὐτίκα οἱ κιθαρίζειν τε καὶ ψάλλειν καὶ αὐλεῖν ἄκρως εἰδότες ὅταν κρούσῃς

ἀκούσωσιν ἀσυνήθους, οὐ πολλὰ πραγματευθέντες ἀπαριθμοῦσιν αὐτὴν εὐθὺς ἐπὶ τῶν ὀργάνων ἅμα νοήσει· μαθηθάνοντες δέ γε χρόνῳ τε πολλῷ καὶ πόνῳ τὰς δυνάμεις τῶν φθόγγων ἀναλαμβάνουσιν, καὶ οὐκ εὐθὺς αἱ χεῖρες αὐτῶν ἐν ἔξει τοῦ δρᾶν τὰ παραγγελλόμενα ἦσαν, ὅψε δέ ποτε καὶ ὅτε ἡ πολλὴ ἄσκησις αὐταῖς εἰς φύσεως ἰσχὺν κατέστησε τὸ ἔθος, τότε τῶν ἔργων ἐγένοντο ἐπιτυχεῖς. καὶ τί δεῖ περὶ τῶν ἄλλων λέγειν; ὁ γὰρ ἅπαντες ἴσμεν, ἀπόχρη καὶ πᾶσαν αὐτῶν διακόψαι τὴν φλυαρίαν. τί δ' ἐστὶ τοῦτο; τὰ γράμματα ὅταν παιδεύωμεθα, πρῶτον μὲν τὰ ὀνόματα αὐτῶν ἐκμανθάνομεν, ἔπειτα τοὺς τύπους καὶ τὰς δυνάμεις, εἴθ' οὕτω τὰς συλλαβὰς καὶ τὰ ἐν ταύταις πάθη, καὶ μετὰ τοῦτο ἤδη τὰς λέξεις καὶ τὰ συμβεβηκότα αὐταῖς, ἐκτάσεις τε λέγω καὶ συστολάς καὶ προσωδίας καὶ τὰ παραπλήσια τοῦτοις. ὅταν δὲ τὴν τοῦτων ἐπιστήμην λάβωμεν, τότε ἀρχόμεθα γράφειν τε καὶ ἀναγινώσκειν, κατὰ συλλαβὴν <μὲν> καὶ βραδέως τὸ πρῶτον· ἐπειδὰν δὲ ὁ χρόνος ἀξιόλογος προσελθὼν τύπους ἰσχυροὺς αὐτῶν ἐν ταῖς ψυχαῖς ἡμῶν ἐμποιήσῃ, τότε ἀπὸ τοῦ ῥάστου δρῶμεν αὐτὰ καὶ πᾶν ὃ τι ἂν ἐπιδῷ τις βυβλίον ἀπταίστῳ διερχόμεθα ἔξει τε καὶ τάχει [ἀπίστῳ]. τοιοῦτο δὴ καὶ περὶ τὴν σύνθεσιν τῶν ὀνομάτων καὶ περὶ τὴν εὐέπειαν τῶν κώλων ὑποληπτέον γίνεσθαι παρὰ τοῖς ἀθληταῖς τοῦ ἔργου. τοὺς δὲ τοῦτου ἀπείρους ἢ ἀτριβεῖς [ἔργου ὅτουοῦν] θαυμάζειν καὶ ἀπιστεῖν, εἰ τι κεκρατημένως ὑφ' ἑτέρου γίνεται διὰ τέχνης, οὐκ ἄλογον. πρὸς μὲν οὖν τοὺς εἰωθότας χλευάζειν τὰ παραγγέλματα τῶν τεχνῶν ταῦτα εἰρήσθω.

[26] περὶ δὲ τῆς ἐμμελοῦς τε καὶ ἐμμέτρου συνθέσεως τῆς ἐχούσης πολλὴν ὁμοιότητα πρὸς τὴν πεζὴν λέξιν τοιαῦτά τινα λέγειν ἔχω, ὡς πρώτη μὲν ἐστὶν αἰτία κἀνταῦθα τὸν αὐτὸν τρόπον ὄνπερ ἐπὶ τῆς ἀμέτρου ποιητικῆς ἡ τῶν ὀνομάτων αὐτῶν ἀρμογή, δευτέρα δὲ ἡ τῶν κώλων σύνθεσις, τρίτη δὲ ἡ τῶν περιόδων συμμετρία. τὸν δὴ βουλόμενον ἐν τούτῳ τῷ μέρει κατορθοῦν τὰ τῆς λέξεως μόρια δεῖ πολυειδῶς στρέφειν τε καὶ συναρμόττειν καὶ τὰ κῶλα ἐν διαστήμασι ποιεῖν συμμέτρως, μὴ συναπαρτίζοντα τοῖς στίχοις ἀλλὰ διατέμνοντα τὸ μέτρον, ἄνισά τε ποιεῖν αὐτὰ καὶ ἀνόμοια, πολλάκις δὲ καὶ εἰς κόμματα συνάγειν βραχύτερα κώλων, τὰς τε περιόδους μῆτε ἰσομεγέθεις μῆτε ὁμοιοσχήμονας τὰς γοῦν παρακειμένας ἀλλήλαις ἐργάζεσθαι. ἔγγιστα γὰρ φαίνεται λόγοις τὸ περὶ τοὺς ῥυθμοὺς καὶ τὰ μέτρα πεπλανημένον. τοῖς μὲν οὖν τὰ ἔπη καὶ τοὺς ἰάμβους καὶ τὰ ἄλλα τὰ ὁμοειδῆ μέτρα κατασκευάζουσιν οὐκ ἔξεστι πολλοῖς διαλαμβάνειν μέτροις ἢ ῥυθμοῖς τὰς ποιήσεις, ἀλλ' ἀνάγκη μένειν αἰεὶ ἐπὶ τοῦ αὐτοῦ σχήματος· τοῖς δὲ μελοποιοῖς ἔξεστι πολλὰ μέτρα καὶ ῥυθμοὺς εἰς μίαν ἐμβαλεῖν περίοδον· ὥσθ' οἱ μὲν τὰ μονόμετρα συντιθέντες ὅταν διαλύσωσι τοὺς στίχους τοῖς κώλοις διαλαμβάνοντες ἄλλοτε ἄλλως, διαχέουσι καὶ ἀφανίζουσι τὴν ἀκρίβειαν τοῦ μέτρου, καὶ ὅταν τὰς περιόδους μεγέθει τε καὶ σχήματι ποικίλας ποιῶσιν, εἰς λήθην ἐμβάλλουσιν ἡμᾶς τοῦ μέτρου· οἱ δὲ μελοποιοὶ πολυμέτρους τὰς στροφὰς ἐργαζόμενοι καὶ τῶν κώλων ἐκάστοτε πάλιν ἀνίσων τε ὄντων καὶ ἀνομοίων ἀλλήλοις ἀνομοίους τε καὶ ἀνίσους ποιοῦμενοι τὰς διαιρέσεις, δι'

ἄμφω δὲ ταῦτα οὐκ ἔωντες ἡμᾶς ὁμοειδοῦς ἀντίληψιν λαβεῖν ῥυθμοῦ πολλήν τὴν πρὸς τοὺς λόγους ὁμοιότητα κατασκευάζουσιν ἐν τοῖς μέλεσιν, ἔνεστί τε καὶ τροπικῶν καὶ ξένων καὶ γλωττηματικῶν καὶ τῶν ἄλλων ποιητικῶν ὀνομάτων μενόντων ἐν τοῖς ποιήμασιν μηδὲν ἦττον αὐτὰ φαίνεσθαι λόγῳ παραπλήσια.

μηδεὶς δὲ ὑπολαμβάνετω με ἀγνοεῖν ὅτι κακία ποιήματος ἡ καλουμένη λογοείδεια δοκεῖ τις εἶναι, μηδὲ καταγιγνωσκέτω μου ταύτην τὴν ἀμαθίαν, ὥς ἄρα ἐγὼ κακίαν τινὰ ἐν ἀρεταῖς τάττω ποιημάτων ἢ λόγων· ὥς δὲ ἀξιῶ διαιρεῖν κἂν τοῦτοις τὰ σπουδαῖα ἀπὸ τῶν μηδενὸς ἀξίων, ἀκούσας μαθέτω. ἐγὼ τοὺς λόγους τὸν μὲν ἰδιώτην ἐπιστάμενος ὄντα, τὸν ἀδολέσχην τοῦτον λέγω καὶ φλύαρον, τὸν δὲ πολιτικόν, ἐν ᾧ τὸ πολὺ κατεσκευασμένον ἐστὶ καὶ ἔντεχνον, ὃ τι μὲν ἂν τῶν ποιημάτων ὅμοιον εὐρίσκω τῷ φλυάρῳ καὶ ἀδολέσχῃ, γέλωτος ἄξιον τίθεμαι, ὃ τι δ' ἂν τῷ κατεσκευασμένῳ καὶ ἐντέχνῳ, ζήλου καὶ σπουδῆς ἐπιτήδειον τυγχάνειν οἶομαι. εἰ μὲν οὖν διαφόρου προσηγορίας τῶν λόγων ἑκάτερος ἐτύγχανεν, ἀκόλουθον ἦν ἂν καὶ τῶν ποιημάτων ἃ τοῦτοις ἔοικεν διαφόροις ὀνόμασι καλεῖν ἑκάτερον· ἐπεὶ δὲ ὃ τε σπουδαῖος καὶ ὁ τοῦ μηδενὸς ἄξιος ὁμοίως καλεῖται λόγος, οὐκ ἂν ἀμαρτάνοι τις τὰ μὲν εἰκότα τῷ καλῷ λόγῳ ποιήματα καλὰ ἡγοούμενος, τὰ δὲ τῷ μοχθηρῷ πονηρὰ οὐδὲν ὑπὸ τῆς τοῦ λόγου ὁμοειδείας ταραπτόμενος. κωλύσει γάρ οὐδὲν ἢ τῆς ὀνομασίας ὁμοιότης κατὰ διαφόρων ταπτομένης πραγμάτων τὴν ἑκατέρου φύσιν ὀρᾶν.

ΔΙΟΝΥΣΙΟΥ ΑΛΙΚΑΡΝΑΣΕΩΣ ΤΟΥ ΠΕΡΙ ΣΥΝΘΕΣΕΩΣ ΟΝΟΜΑΤΩΝ ΕΠΙΤΟΜΗ

[1] Δῶρόν τοι καὶ ἐγώ, τέκνον φίλε Ροῦφε Μελίπτε, τοῦτο δίδωμι, καθάπερ ἢ παρ' Ὀμήρῳ φησὶν Ἑλένη ξενίζουσα τὸν Τηλέμαχον, πρώτην ἡμέραν ἄγοντι ταύτην γενέθλιον, ἀφ' οὗ παραγέγονας εἰς ἀνδρὸς ἡλικίαν. πέμπω δὲ κτῆμα τὸ αὐτὸ καὶ χρῆμα πρὸς πάσας τὰς ἐν τῷ βίῳ χρείας, ὅποσαι γίνονται διὰ λόγων ὠφελίμων.

Διττῆς γὰρ οὔσης ἀσκήσεως περὶ πάντας ὡς εἶπεῖν τοὺς λόγους, τῆς περὶ τὰ νοήματα καὶ τὴν λέξιν, ὧν ἡ μὲν τοῦ πραγματικοῦ τόπου μᾶλλον ἐφάπτεσθαι δόξειεν ἄν, ἡ δὲ τοῦ λεκτικοῦ, καὶ πάντων ὅσοι τοῦ λέγειν εὖ στοχάζονται περὶ ἀμφοτέρας τὰς θεωρίας τοῦ λόγου ταύτας σπουδαζόντων ἐξ ἴσου, ἡ μὲν ἐπὶ τὰ πράγματα καὶ τὴν ἐν τούτοις φρόνησιν ἄγουσα ἡμᾶς ἐπιστήμη βραδεῖα ἐστὶ καὶ χαλεπὴ νέοις, μᾶλλον δὲ ἀδύνατος εἰς ἀγενεῖων καὶ μεираκίων πεσεῖν ἡλικίαν· ἀκμαζούσης γὰρ ἤδη συνέσεως ἐστὶν ἡ τούτων κατάληψις πολλῇ μὲν ἱστορίᾳ λόγων τε καὶ ἔργων, πολλῇ δὲ πείρᾳ καὶ συμφορᾷ παθῶν οἰκείων τε καὶ ἀλλοτρίων συναυξομένη. τὸ δὲ περὶ τὰς λέξεις φιλόκαλον καὶ ταῖς νεαραῖς συνανθεῖν εἴωθεν οὐχ ἥττον ἡλικίας· ἐπτόηται γὰρ ἅπανα νέου ψυχῇ περὶ τὸν τῆς ἐρμηνείας ὠραϊσμόν, ἀλόγους τινὰς καὶ ὥσπερ ἐνθουσιώδεις ἐπὶ τοῦτο λαμβάνουσα τὰς ὁρμάς· οἷς πολλῆς πάνυ καὶ ἔμφρονος δεῖ τῆς πρώτης ἐπιστάσεώς τε καὶ ἀγωγῆς, εἰ μέλλουσι μὴ πᾶν, ὃ τι κεν ἐπ' ἀκαιρίμαν γλῶσσαν ἔπος ἔλθοι, λέγειν μὴδ' εἰκῇ συνθήσειν τὰ προστυχόντα ἀλλήλοις, ἀλλ' ἐκλογῇ κεχρηῖσθαι καθαρῶν ἅμα καὶ γενναίων ὀνομάτων, καὶ συνθέσει ταῦτα κοσμήσειν μεμιγμένον ἐχούσῃ τῷ σεμνῷ τὸ ἡδύ.

[2] Ἡ δὲ σύνθεσις ἔστι μὲν ὥσπερ καὶ αὐτὸ δηλοῖ τοῦνομα, ποιά τις θέσις παράλληλος τῶν τοῦ λόγου μορίων· ἃ δὴ καὶ στοιχεῖα τινὲς τῆς λέξεως καλοῦσιν. ἡ δὲ τῶν τοιούτων μερῶν πλοκὴ καὶ παράθεσις τὰ λεγόμενα ποιεῖ κῶλα· ἔπειθ' ἡ τούτων ἀρμονία τὰς καλουμένας συμπληροῖ περιόδους· αὐτὰ δὲ τὸν σύμπαντα τελειοῦσι λόγον.

Ἔστι δὴ τῆς συνθέσεως ἔργα τὰ τε ὀνόματα οἰκείως θεῖναι παρ' ἄλληλα καὶ τοῖς κύλοις ἀποδοῦναι τὴν προσήκουσαν ἀρμονίαν καὶ ταῖς περιόδους διαλαβεῖν εὖ τὸν λόγον. δευτέρα δ' οὕσα μοῖρα τῶν περὶ τὸν λεκτικὸν τόπον θεωρημάτων κατανοοῦντι τὴν τάξιν (ἡγεῖται γὰρ ἡ τῶν ὀνομάτων ἐκλογὴ καὶ προϋφίσταται ταύτης κατὰ φύσιν) ἡδονὴν καὶ πειθὴν καὶ κράτος ἐν τοῖς λόγοις οὐκ ὀλίγῳ κρεῖττον ἐκείνης ἔχει. καὶ γὰρ καὶ ἐπὶ τῶν ἄλλων τεχνῶν, ὅσαι διαφόρους ὕλας λαμβάνουσαι συμφορητὸν ἐκ τούτων ποιοῦσι τὸ τέλος, ὡς οἰκοδομικὴ καὶ τεκτονικὴ καὶ πολιτικὴ, τὸ αὐτὸ συμβαίνει· αἱ γὰρ συνθετικαὶ δυνάμεις τῇ μὲν τάξει δεύτεραι τῶν λεκτικῶν εἰσι, τῇ δὲ δυνάμει πρότεραι.

[3] Ἔστι τοίνυν πᾶσα λέξις, ἥ σημαίνομεν τὰς νοήσεις, ἡ μὲν ἄμετρος, ἡ δ' ἔμμετρος· ὧν ἑκατέρα καλῆς μὲν ἀρμονίας τυχοῦσα καλὸν οἶα τε ἐστὶ

ποιεῖν καὶ τὸ μέτρον καὶ τὸν λόγον· ἀνεπιστάτως δὲ καὶ ὥς ἔτυχε
ρίπτομένη προσπαθόλλυσι καὶ τὸ ἐν τῇ διανοίᾳ χρήσιμον. πολλοὶ γοῦν καὶ
ποιηταὶ καὶ συγγραφεῖς, φιλόσοφοί τε καὶ ῥήτορες λέξεις πάνυ καλὰς καὶ
πρεπούσας τοῖς ὑποκειμένοις ἐκλέξαντες ἐπιμελῶς, ἁρμονίαν δὲ αὐταῖς
ἀποδόντες εἰκαίαν τινὰ καὶ ἄμουσον, οὐδὲν χρηστὸν ἀπέλαυσαν ἐκείνου
τοῦ πόνου· ἕτεροι δ' εὐκαταφρόνητα καὶ ταπεινὰ λαβόντες ὀνόματα,
συνθέντες δ' αὐτὰ ἰδίως καὶ περιπτῶς, πολλὴν τὴν ἀφροδίτην τῷ λόγῳ
περιέθηκαν. καὶ σχεδὸν ἀνάλογόν τι πεπονθέναι δόξειεν ἂν ἡ σύνθεσις
πρὸς τὴν ἐκλογὴν, ὃ πάσχει τὰ ὀνόματα πρὸς τὰ νοήματα. ὥσπερ γὰρ
οὐδὲν ὄφελός ἐστι διανοίας χρηστῆς, εἰ μὴ τις αὐτῇ κόσμον ἀποδώσει
καλῆς ὀνομασίας, οὕτω καὶ ἐνταῦθα οὐδὲν ἐστι προὔργου λέξιν εὖρεῖν
καθαρὰν καὶ καλλιρήμονα, εἰ μὴ καὶ κόσμον αὐτῇ τις ἁρμονίας τὸν
προσῆκοντα περιθῇσει.

Ὅτι δὲ κρεῖττον ἄσκημα καὶ τελειότερον τῆς ἐκλογῆς ἢ σύνθεσις,
Ὅμηρος καὶ Ἡρόδοτος μαρτυρήσει· Ὅμηρος μὲν ἐν οἷς φησί·

Τῷ δ' αὖτ' ἐν κλισίῃσ' Ὀδυσσεὺς καὶ δῖος ὕφορβος
ἐντύνοντ' ἄριστον ἅμ' ἡοῖ κηαμένω πῦρ,
ἐκπέμψαντε νομῆας ἅμ' ἀγρομένοισι σύεσσι.

Τηλέμαχον δὲ περίσαινον κύνες ὑλακόμωροι·
οὐδ' ὕλαον προσιόντα· νόησε δὲ δῖος Ὀδυσσεὺς
σαίνοντάς τε κύνας· ὑπὸ δὲ κτύπος ἦλθε ποδοῖν·
αἶψα δ' ἄρ' Εὐμαῖον προσεφώνεεν ἐγγὺς ἐόντα·
Εὐμαί', ἦ μάλα τίς σοι ἐλεύσεται ἐνθάδ' ἐταῖρος,
ἦ καὶ γνῶριμος ἄλλος· ἐπεὶ κύνες οὐχ ὑλάουσιν,
ἀλλὰ περισαίνουσι· ποδῶν δ' ὑπὸ δοῦπον ἀκούω.

Οὕπω πᾶν εἴρητο ἔπος, ὅτε οἱ φίλος υἱὸς
ἔσθῃ ἐπὶ προθύροισι· ταφῶν δ' ἀνόρουσε συβώτης·
ἐκ δ' ἄρα οἱ χειρῶν πέσεν ἄγγεα, τοῖς ἐπονείτο
κίρνας αἶθροπα οἶνον· ὃ δ' ἀντίος ἔδραμ' ἄνακτος·
κύσσε δέ μιν κεφαλὴν τε καὶ ἄμφω φάεα καλὰ
χεῖράς τ' ἀμφοτέρας· θαλερὸν δέ οἱ ἔκπεσε δάκρυ.

ταῦτα γὰρ οὐ διὰ τὴν ἐκλογὴν τῶν ὀνομάτων τὴν τῆς ἐρμηνείας ἀρετὴν
ἔχει· διὰ γὰρ τῶν εὐτελεστάτων καὶ ταπεινοτάτων πέπλεκται, καὶ οἷς ἂν καὶ
γεωργὸς καὶ θαλαττουργὸς ἐξ ἐτοίμου ἐχρήσατο. ὅθεν καὶ λυθέντος τοῦ
μέτρου φαῦλα φανήσεται καὶ ἄζηλα. οὔτε γὰρ μεταφοραὶ τινές εἰσιν

ἀλλ' εἴρηται σφόδρα δεξιῶς, καὶ κρεῖττον γέγονεν ἀκουσθῆναι λεγόμενον ἢ
ὀφθῆναι γινόμενον. καλὴν δὲ κἀνταῦθα πεποίηκε τὴν φράσιν ἢ συνθήκη,

οὔλας ἦκε κόμας, ὑακινθίνῳ ἄνθει ὁμοίας.

αὐτὴ τε τὰ αὐτὰ λαμβάνουσα ὀνόματα τοτὲ μὲν ἄμορφα καὶ ταπεινὰ καὶ πτωχὰ ποιεῖ φαίνεσθαι τὰ νοήματα, τοτὲ δ’ ὑψηλὰ καὶ πλούσια καὶ ἀδρὰ καὶ καλὰ· καὶ τοῦτ’ ἦν σχεδὸν ὧ μάλιστα διαλλάττει ποιητῆς τε ποιητοῦ καὶ ῥήτωρ ῥήτορος, τὸ συντιθέναι δεξιῶς τὰ ὀνόματα.

[5] καὶ δὴ καὶ τοῖς ἀρχαίοις πολλὴ πρόνοια τῆς ιδέας ἦν ταύτης· καὶ οὔτε τὰ ὀνόματα τοῖς ὀνόμασιν οὔτε τὰ κῶλα τοῖς κώλοις οὔτε τὰς περιόδους ἀλλήλαις εἰκῇ συνάπτειν ὥοντο δεῖν· τέχνη δὲ τις ἦν παρ’ αὐτοῖς καὶ θεωρήματα, οἷς χρώμενοι συνετίθεσαν εὔ.

[6] Δοκεῖ δὲ μοι τῆς συνθετικῆς ταύτης ἐπιστήμης τρία εἶναι τὰ ἔργα· ἐν μὲν ιδεῖν, τί μετὰ τίνος ἀρμοζόμενον πέφυκε καλὴν καὶ ἡδεῖαν λήψεσθαι συζυγίαν· ἕτερον δὲ γνῶναι τῶν ἀρμόττεσθαι μελλόντων πρὸς ἄλληλα πῶς ἂν ἕκαστον σχηματισθὲν κρείττονα ποιήσῃ φαίνεσθαι τὴν ἀρμονίαν· τρίτον δέ, τί δεῖται μετασκευῆς τῶν λαμβανόμενων· ἀφαιρέσεως λέγω καὶ προσθέσεως καὶ ἀλλοιούσεως· ὥσπερ που καὶ οἰκοδόμος ὕλην παραλαβὼν τρία πραγματεύεται ταῦτα· ποίῳ δεῖ λίθῳ τε καὶ ξύλῳ καὶ πλίνθῳ ποῖον ἀρμόσαι λίθον ἢ ξύλον ἢ πλίνθον· ἔπειτα πῶς τῶν ἀρμοζομένων ἕκαστον καὶ ἐπὶ ποίας πλευρᾷς ἐδράσαι· καὶ τρίτον, εἴ τι δύσεδρόν ἐστιν, ἀποκροῦσαι καὶ περικόψαι, καὶ τὸ αὐτὸ τοῦτο εὐεδρον ποιῆσαι· δεῖ τοίνυν πρῶτον μὲν σκοπεῖν, ποῖον ὄνομα ἢ ῥῆμα ἢ τῶν ἄλλων τι μορίων ποίῳ συνταχθὲν ἐπιτηδείως ἔσται κείμενον, καὶ πῶς οὐκ ἄμεινον· οὐ γὰρ δὴ πάντ’ γε μετὰ πάντων τιθέμενα πέφυκεν ὁμοίως διατιθέναι τὰς ἀκοάς· ἔπειτα διακρίνειν, πῶς σχηματισθὲν τοῦνομα ἢ τὸ ῥῆμα ἢ τῶν ἄλλων ὅτιδήποτε χαριέστερον ἰδρυνηθήσεται καὶ πρὸς τὰ ὑποκείμενα πρεπωδέστερον· λέγω δὲ ἐπὶ μὲν τῶν ὀνομάτων, πότερον ἐνικῶς ἢ πληθυντικῶς λαμβανόμενα κρείττονα λήψεται συζυγίαν· καὶ πότερα κατὰ τὴν ὀρθὴν ἐκφερόμενα πῶσιν ἢ κατὰ τῶν πλαγίων τινά· καὶ εἴ τινα πέφυκεν ἐξ ἀρρένων γίνεσθαι θηλυκὰ ἢ ἐκ θηλυκῶν ἀρρενικὰ ἢ οὐδέτερα ἐκ τούτων, πῶς ἂν ἄμεινον σχηματισθεῖ· καὶ πάντα τὰ τοιαῦτα· ἐπὶ τε τῶν ῥημάτων, πότερα κρείττω ἔσται λαμβανόμενα, τὰ ὀρθὰ ἢ τὰ ὑπτια· καὶ κατὰ ποίας ἐγκλίσεις ἐκφερόμενα κρατίστην ἔδραν λήψεται· καὶ ποίας

παρεμφαίνοντα διαφορὰς χρόνων, καὶ εἴ τινα τοῖς ῥήμασιν ἄλλα παρακολουθεῖ. τὰ δ' αὐτὰ λέγω καὶ ἐπὶ τῶν ἄλλων τοῦ λόγου μερῶν. ἐπὶ δὲ τούτοις τὰ ληφθέντα διακρίνειν, εἴ τι δεῖται μετασκευῆς ὄνομα ἢ ῥῆμα, ὡς ἂν ἐναρμονιώτερόν τε καὶ εὐεδρότερον γένοιτο. τοῦτο τὸ στοιχεῖον ἐν μὲν ποιητικῇ θαυσιώτερόν ἐστιν, ἐν δὲ λόγοις πεζοῖς σπανιώτερον· πλὴν γίνεται καὶ ἐν τούτοις, ἐφ' ὅσον ἂν ἐγχωρῇ. ὁ τε γὰρ λέγων 'εἰς τουτονὶ τὸν ἀγῶνα' προσθέθεικε τι τῇ ἀντωνυμίᾳ γράμμα, τῆς συνθέσεως στοχαζόμενος· ἄρτιον γὰρ ἦν 'εἰς τοῦτον τὸν ἀγῶνα' εἰπεῖν. καὶ πάλιν ὁ λέγων 'κατιδὼν Νεοπτόλεμον τὸν ὑποκριτὴν' τῇ προθέσει παρηύξηκε τοῦνομα· τὸ γὰρ Ἰδὼν ἀπέχρη. καὶ ὁ γράφων 'μήτ' ἰδίας ἔχθρας μηδεμιᾶς ἔνεχ' ἤκειν' ταῖς συναλοιφαῖς ἠλάττωκε τὰ μόρια τοῦ λόγου καὶ περικέκρουκε τινὰ τῶν γραμμάτων· καὶ ὁ ἀντὶ τοῦ Ἐποίησεν Ἐποίησε λέγων χωρὶς τοῦ ν, καὶ Ἀφαιρήσομαι ἀντὶ τοῦ Ἀφαιρεθήσομαι, καὶ πάντα τὰ τοιαῦτα· ὁ τ' Ἐχωροφίλησε λέγων τὸ Ἐφιλοχώρησε καὶ Λελύσεται τὸ Λυθήσεται καὶ τὰ τοιούτοτροπα μετασκευάζει τὰς λέξεις, ἵν' αὐτῷ γένοιτο ἁρμοσθῆναι καλλίονες καὶ ἐπιτηδειώτεραι.

[7] Μία μὲν δὴ θεωρία τῆς συνθετικῆς ἐπιστήμης ἡ περὶ αὐτὰ τὰ πρῶτα μόρια καὶ τὰ στοιχεῖα τῆς λέξεως ἦδε· ἑτέρα δὲ ἡ περὶ τὰ κῶλα, ποικιλωτέρας δεομένη πραγματείας καὶ μείζονος· καὶ γὰρ ταῦτα ἁρμόσαι πρὸς ἄλληλα δεῖ, ὥστε οἰκεῖα φαίνεσθαι καὶ φίλα· καὶ σχηματίσαι ὡς ἂν ἐνδέχεται κράτιστα, προκατασκευάσαι τε εἴ πού τι δέοι μειώσαι καὶ πλεονασμῷ καὶ εἰ δὴ τινι ἄλλῃ κατασκευῇ. τούτων δ' ἕκαστα ἡ πείρα αὐτῇ διδάσκει· πολλάκις γὰρ τουτὶ τὸ κῶλον τούτου μὲν προτεθὲν ἢ ἐπὶ τούτῳ τεθὲν εὐστομίαν τινὰ ἐμφαίνει καὶ σεμνότητα, ἑτέραν δὲ τινα συζυγίαν λαβὼν ἄχαρι φαίνεται καὶ ἄσεμνον· οἷον τὸ τοῦ Θουκυδίδου 'ἡμεῖς τε, ὦ Λακεδαιμόνιοι, ἡμῶν ἡ ἐλπίς, δεδίαμεν, μὴ οὐ βέβαιοι ᾗτε' εἴ τις μεθαρμόσας οὕτως ἐρεῖ 'ἡμεῖς τε, ὦ Λακεδαιμόνιοι, δεδίαμεν, μὴ οὐ βέβαιοι ᾗτε, ἡμῶν ἡ ἐλπίς', οὐ τὴν αὐτὴν χάριν ἢ τὸ αὐτὸ πάθος φυλάξει· καὶ τὸ τοῦ Δημοσθένους 'τὸ λαβεῖν οὖν τὰ διδόμενα ὁμολογῶν ἔννομον εἶναι, τὸ χάριν τούτων ἀποδοῦναι παρανόμων γράφῃ' εἴ τις μεταθεὶς ἐρεῖ 'ὁμολογῶν οὖν ἔννομον εἶναι τὸ λαβεῖν τὰ διδόμενα, παρανόμων γράφῃ τὸ τούτων χάριν ἀποδοῦναι', οὐχ ὁμοίως ἔσται δικανικὴ καὶ στρογγύλη ἡ περίοδος.

[8] Ἡ μὲν δὴ περὶ τὴν ἁρμογὴν τῶν κῶλων θεωρία τοιαύτη· ἡ δὲ περὶ τὸν σχηματισμὸν ποταπὴ; οὐκ ἔστιν εἷς τρόπος τῆς ἐκφορᾶς πάντων τῶν νοημάτων, ἀλλὰ τὰ μὲν ὡς ἀποφαινόμενοι λέγομεν, τὰ δ' ὡς πυνθανόμενοι, τὰ δ' ὡς εὐχόμενοι, τὰ δ' ὡς ἐπιτάττοντες, τὰ δ' ὡς διαποροῦντες, τὰ δ' ὡς ὑποτιθέμενοι, τὰ δὲ ἄλλως πως σχηματίζοντες· οἷς ἀκολούθως καὶ τὴν λέξιν πειρώμεθα σχηματίζειν. πολλοὶ δὲ δὴ που σχηματισμοὶ καὶ τῆς λέξεως εἰσίν, ὥσπερ καὶ τῆς διανοίας· οὓς οὐχ οἷόν τε κεφαλαιωδῶς περιλαβεῖν. οὐ γὰρ δὴ τὸ αὐτὸ δύναται ποιεῖν τὸ αὐτὸ κῶλον οὕτω σχηματισθὲν ἢ οὕτως. ἐρῶ δὲ ἐπὶ παραδείγματος· εἰ τοῦτον ἐξήνεγκε τὸν τρόπον ὁ Δημοσθένης τὴν λέξιν ταύτην 'ταῦτ' εἶπας ἔγραψα· γράψας δὲ ἐπρέσβευσα· πρεσβεύσας δὲ ἔπεισα Θηβαίους', ἄρ' οὕτως ἂν συνέκειτο χαριέντως, ὡς νῦν σύγκειται

‘καὶ οὐκ εἶπον μὲν ταῦτα, οὐκ ἔγραψα δέ· οὐδὲ ἔγραψα μὲν, οὐκ ἐπρέσβευσα δέ· οὐδὲ ἐπρέσβευσα μὲν, οὐκ ἔπεισα δὲ Θηβαίους’;

[9] Ἀλλὰ μὴν ὅτι γε καὶ μετασκευὰς δέχεται τῶν κώλων ἔνια, τοτὲ μὲν προσθήκας λαμβάνοντα οὐκ ἀναγκαίως ὡς πρὸς τὸν νοῦν, τοτὲ δὲ ἀφαιρέσεις ἀτελῇ ποιούσας τὴν διάνοιαν ἔνεκα τοῦ τὴν ἁρμονίαν ἡδεῖαν καὶ καλὴν γενέσθαι, φανερόν. τίς γὰρ οὐκ ἂν ὁμολογήσειεν ἐν τῷ τοῦ Δημοσθένους τῷ ‘ὁ γὰρ οἷς ἂν ἐγὼ ληφθῇην, ταῦτα πράττων καὶ κατασκευαζόμενος, οὗτος ἐμοὶ πολεμεῖ, κἂν μήπω βάλλῃ μηδὲ τοξεύῃ’ οὐχὶ τοῦ ἀναγκαίου χάριν προσκεῖσθαι τὸ ‘μηδὲ τοξεύῃ’, ἀλλ’ ἵνα τὸ τελευταῖον κῶλον τὸ ‘κἂν μήπω βάλλῃ’ τραχύτερον τοῦ δέοντος ὦν καὶ οὐχ ἡδὺ ἀκουσθῆναι τῇ προσθήκῃ ταύτῃ γένηται χαριέστερον; καὶ ἔτι ἐν τῷ ἐπιταφίῳ τοῦ Πλάτωνος, ἔνθα φησὶν· ‘ἔργων γὰρ εὖ πραχθέντων λόγῳ καλῶς ῥηθέντι μνήμη καὶ κόσμος γίνεται τοῖς πράξασι παρὰ τῶν ἀκουσάντων’· ἐνταῦθα γὰρ τὸ ‘παρὰ τῶν ἀκουσάντων’ παραπλήρωμα τῆς λέξεως πρὸς οὐδὲν ἀναγκαῖον λέγεται, ἀλλ’ ἵνα τὸ τελευταῖον κῶλον ‘τοῖς πράξασι’ πᾶρισόν τε καὶ ἐφάμιλλον τοῖς πρὸ αὐτοῦ γένηται. καὶ διὴ καὶ τὸ τοῦ Αἰσχίνου ‘ἐπὶ σεαυτὸν καλεῖς, ἐπὶ τοὺς νόμους καλεῖς, ἐπὶ τὴν δημοκρατίαν καλεῖς’, τρίκωλον πάνυ ἐπαινούμενον, τῆς αὐτῆς ιδέας ἔχεται· ὁ γὰρ οἷόν τε ἦν ἐνὶ κώλῳ περιληφθῆναι τόνδε τὸν τρόπον ‘ἐπὶ σεαυτὸν καὶ τοὺς νόμους καὶ τὴν δημοκρατίαν καλεῖς’, τοῦτο εἰς τρία διήρηται. τῆς μὲν διὴ προσθέσεως ἐν τοῖς κώλοις οὗτος ὁ τρόπος· τῆς δὲ ἀφαιρέσεως, ὅταν τῶν ἀναγκαίων τι λεχθῆναι λυπεῖν μέλλῃ καὶ διοχλεῖν τὴν ἀκρόασιν, ἀφαιρεθὲν χαριεστέραν ποιεῖ τὴν ἁρμονίαν· οἷα ἐστὶν ἐν μὲν τοῖς μέτροις τὰ Σοφόκλεια ταυτί·

Μῦω τε καὶ δέδορκα κάξανίσταμαι,

πλέον φυλάσσων αὐτὸς ἢ φυλάσσομαι·

ἐνταυθοὶ γὰρ ὁ δεῦτερος στίχος ἐκ δυεῖν σύγκειται κώλων οὐχ ὅλων· τελεία γὰρ ἡ λέξις ἦν οὕτως ἐξενεχθεῖσα· ‘πλέον φυλάσσων αὐτὸς ἐτέρους ἢ φυλασσόμενος ὑφ’ ἐτέρων’· τὸ δὲ μέτρον ἡδικεῖτο, καὶ οὐκ ἂν ἔσχεν ἦν νυνὶ χάριν ἔχει. ἐν δὲ τοῖς πεζοῖς λόγοις τὰ τοιαῦτα· ‘ἐγὼ δ’ ὅτι μὲν τινων κατηγοροῦντα πάντας ἀφαιρεῖσθαι τὴν ἀτέλειαν τῶν ἀδίκων ἐστίν, ἔάσω’· μεμείωται γὰρ κἀνταῦθα τῶν πρώτων δυεῖν κώλων ἐκάτερον· αὐτοτελῇ δὲ ἂν ἦν, εἴ τις αὐτὰ οὕτως ἐξήνεγκεν· ‘ἐγὼ δ’ ὅτι μὲν τινων κατηγοροῦντα ὡς οὐκ ἐπιτήδαιοι ἔχουν τὴν ἀτέλειαν, πάντας ἀφαιρεῖσθαι καὶ τοὺς δικαίως αὐτῆς τυχόντας τῶν ἀδίκων ἐστίν, ἔάσω’· ἀλλ’ οὐκ ἐδόκει τῷ Δημοσθένει πλείονα ποιεῖσθαι πρόνοιαν τῆς ἀκριβείας τῶν κώλων ἢ τῆς εὐρυθμίας.

Τὰ δ’ αὐτὰ εἰρήσθω μοι καὶ περὶ τῶν καλουμένων περιόδων· καὶ γὰρ ταύτας χρὴ ταῖς τε προηγουμέναις καὶ ταῖς ἐπομέναις οἰκείως συναρμώττειν, ὅταν ἐν περιόδοις προσήκῃ τὸν λόγον ἐκφέρειν. οὐ γὰρ διὴ πανταχῇ γε τὸ ἐμπερίοδον χρήσιμον.

[10] Διωρισμένων δὴ τούτων, ἀκόλουθον ἂν εἶη λέγειν, τίνα ἐστὶν ὧν δεῖ στοχάζεσθαι τὸν βουλούμενον συντιθέναι τὴν λέξιν εὖ, καὶ διὰ τίνων θεωρημάτων τυγχάνοι τις ὧν ἂν βούληται. δοκεῖ δὴ μοι δύο ταῦτ’ εἶναι γενικώτατα ὧν ἐφίεσθαι δεῖ τοὺς συντιθέντας μέτρα τε καὶ λόγους, ἢ τε

ἡδονὴ καὶ τὸ καλόν· ἀμφότερα γὰρ ἐπιζητεῖ ταῦτα ἡ ἀκοή, ὁμοίον τι πάσχουσα τῇ ὁράσει· καὶ γὰρ ἐκείνη πλάσματα καὶ γραφὰς καὶ γλυφὰς ὁρῶσα, ὅταν εὕρισκῃ ταῦτα ἐν αὐτοῖς, ἀρκεῖται καὶ οὐδὲν ἔτι ποθεῖ. καὶ παράδοξον οὐδέν, εἰ δύο ποιῶ τέλη καὶ χωρίζω τὸ καλὸν ἀπὸ τῆς ἡδονῆς, καὶ ἡγοῦμαι τινα λέξιν ἡδέως μὲν συγκεῖσθαι, μὴ καλῶς δέ, ἢ καλῶς μὲν, οὐ μὴν καὶ ἡδέως. ἢ γάρ τοι Θουκυδίδου λέξεις καὶ Ἀντιφώντος τοῦ Ῥαμνουσίου καλῶς μὲν σύγκειται νῆ Δία· οὐ μὴν ἡδέως γε πάννυ· ἢ δέ γε τοῦ Κνιδίου Κτησίου καὶ ἡ τοῦ Σωκρατικοῦ Ξενοφώντος ἡδέως μὲν, οὐ μὴν καλῶς γε ἐφ' ὅσον ἔδει· λέγω δὲ κοινότερον, ἀλλ' οὐχὶ καθάπαξ· ἐπεὶ καὶ παρ' ἐκείνοις ἤρμοσταί τινα ἡδέως, ὥς καὶ παρὰ τούτοις καλῶς. ἢ δὲ Ἡροδότου σύνθεσις ἀμφότερα ταῦτα ἔχει· καὶ γὰρ ἡδεῖα ἐστὶ καὶ καλή.

[11] Ἐξ ὧν δ' οἶμαι γενέσθαι λέξιν ἡδεῖαν καὶ καλήν, τέτταρά ἐστι τὰ κυριώτατα· μέλος καὶ ῥυθμὸς καὶ μεταβολὴ καὶ τὸ παρακολουθοῦν τοῖς τρισὶ τούτοις, τὸ πρέπον. τάττω δὲ ὑπὸ μὲν τὴν ἡδονὴν τὴν τε ὥραν καὶ τὴν χάριν καὶ τὴν εὐστομίαν καὶ τὴν γλυκύτητα καὶ τὸ πιθανὸν καὶ πάντα τὰ τοιαῦτα· ὑπὸ δὲ τὸ καλὸν τὴν τε μεγαλοπρέπειαν καὶ τὸ βάρος καὶ τὴν σεμνολογίαν καὶ τὸ ἀξίωμα καὶ τὸ πιθανὸν καὶ τὰ τούτοις ὅμοια.

Ἦδετα δὲ ἡ ἀκοή τοῖς τέτρασι τούτοις· τίς γάρ ἐστιν, ὃς οὐχ ὑπὸ μὲν ταύτης τῆς μελωδίας ἄγεται καὶ γοητεύεται, ὑφ' ἐτέρας δὲ τινος οὐδὲν πάσχει τοιοῦτον; καὶ ὑπὸ μὲν τῶν ῥυθμῶν τούτων οἰκιοῦται, ὑπὸ τούτων δὲ διοχεῖται; τὸ δ' αὐτὸ συμβαίνει καὶ ἐν μεταβολαῖς καὶ τῷ πρέποντι· τίς γὰρ οὐκ ἂν ὁμολογήσειεν ὅτι καὶ τῆς ὀργανικῆς μούσης καὶ τῆς ἐν ᾧδῃ καὶ τῆς ἐν ὀρχήσει χάριτος ἐν ἅπασιν μὲν εὐστοχοῦσης, μεταβολὰς δὲ μὴ ποιησαμένης εὐκαίρους ἢ τοῦ πρέποντος ἀποπλανηθείσης βαρὺς μὲν ὁ κόρος, ἀηδὲς δὲ τὸ μὴ τοῖς ὑποκειμένοις ἀρμόττον φαίνεται; καὶ οὐκ ἄλλοτρίᾳ κέχρηται τοῦ πράγματος εἰκόνη· μουσικὴ γὰρ τις ἦν καὶ ἡ τῶν πολιτικῶν λόγων ἐπιστήμη, τῷ ποσῷ διαλλάττουσα τῆς ἐν ᾧδαῖς καὶ ὀργάνοις· καὶ γὰρ ἐν ταύτῃ καὶ μέλος ἔχουσιν αἱ λέξεις καὶ ῥυθμοὺς καὶ μεταβολὴν καὶ πρέπον· ὥστε καὶ ἐπὶ ταύτης ἡ ἀκοή τέρπεται μὲν τοῖς μέλεσιν, ἄγεται δὲ τοῖς ῥυθμοῖς, ἀσπάζεται δὲ τὰς μεταβολάς, ποθεῖ δ' ἐπὶ πάντων τὸ οἰκεῖον· ἢ δὲ διαλλαγὴ κατὰ τὸ μᾶλλον καὶ τὸ ἥττον.

Διαλέκτου μὲν οὖν μέλος ἐνὶ μετρεῖται διαστήματι τῷ λεγομένῳ διὰ πέντε ὡς ἔγγιστα· καὶ οὔτε ἐπιτείνεται πέρα τριῶν τόνων καὶ ἡμιτονίου ἐπὶ τὸ ὀξύ, οὔτε ἀνίεται τοῦ χωρίου τούτου πλέον ἐπὶ τὸ βαρὺ. οὐ μὴν ἅπασα λέξις ἢ καθ' ἐν μόριον λόγου ταττομένη ἐπὶ τῆς αὐτῆς λέγεται τάσεως, ἀλλὰ ἢ μὲν ἐπὶ τῆς ὀξείας, ἢ δ' ἐπὶ τῆς βαρείας, αἱ δ' ἐπ' ἀμφοῖν. τῶν δὲ ἀμφοτέρων τὰς τάσεις ἔχουσιν αἱ μὲν κατὰ μίαν συλλαβὴν συνδιεφθαρμένον ἔχουσι τῷ ὀξεῖ τὸ βαρὺ, ἃς δὴ περισπωμένας καλοῦμεν· αἱ δὲ ἐν ἐτέρᾳ καὶ ἐτέρᾳ χωρὶς ἐκάτερον ἐφ' ἑαυτοῦ τὴν οἰκείαν φυλάττον φύσιν· καὶ ταῖς μὲν δισυλλάβοις οὐδὲν τὸ διὰ μέσου χωρίον βαρύτητός τε καὶ ὀξύτητος· ταῖς δὲ πολυσυλλάβοις, ἡλικαὶ ἂν ᾧσιν, ἢ τὸν ὀξὺν τόνον ἔχουσα μία ἐν πολλαῖς ταῖς ἄλλαις βαρείαις ἔνεστιν. ἢ δὲ ὀργανικὴ τε καὶ ᾠδικὴ μοῦσα διαστήμασί τε χρῆται πλείοσιν, οὐ τῷ διὰ πέντε μόνον, ἀλλ' ἀπὸ τοῦ διὰ πασῶν ἀρξαμένη καὶ τὸ διὰ πέντε μελωδεῖ καὶ τὸ διὰ

τεττάρων καὶ τὸ διάτονον καὶ τὸ ἡμιτόνιον, ὡς δέ τινες οἰόνται, καὶ τὴν δίεσιν αἰσθητῶς· τὰς τε λέξεις τοῖς μέλεσιν ὑποτάττειν ἀξιοῖ, καὶ οὐ τὰ μέλη ταῖς λέξεσιν, ὡς ἐξ ἄλλων τε πολλῶν δῆλον καὶ μάλιστα ἐκ τῶν Εὐριπίδου μελῶν, ἃ πεποίηκε τὴν Ἥλέκτραν λέγουσαν ἐν Ὁρέστη πρὸς τὸν χορόν·

Σίγα, σίγα· λευκὸν ἵχνος ἀρβύλης

τιθεῖτε, μὴ κτυπεῖτε·

ἄπο πρόβατ' ἐκεῖσε· ἄπο πρό μοι κοίτας·

ἐν γὰρ δὴ τούτοις τὸ ‘σίγα, σίγα· λευκὸν’ ἐφ’ ἐνὸς φθόγγου μελωδεῖται, καίτοι τῶν τριῶν λέξεων ἐκάστη βαρείας τε τάσεις ἔχει καὶ ὀξείας· καὶ τὸ ‘ἀρβύλης’ τῇ μέσῃ συλλαβῇ τὴν τρίτην ὁμότονον ἔχει, ἀμηχάνου ὄντος ἐν ὄνομα δύο λαβεῖν ὀξείας· καὶ τοῦ ‘τιθεῖτε’ βαρυτέρα μὲν ἢ πρώτη γίνεται, δύο δὲ μετὰ ταύτην ὀξύτονοί τε καὶ ὁμόφωνοι· τοῦ τε ‘κτυπεῖτε’ ὁ περισπασμὸς ἠφάνισται· μιᾷ γὰρ αἱ δύο συλλαβαὶ λέγονται τάσει· καὶ τὸ ‘ἄπο πρόβατε’ οὐ λαμβάνει τὴν τῆς μέσης συλλαβῆς προσωδίαν ὀξεῖαν, ἀλλ’ ἐπὶ τὴν τετάρτην συλλαβὴν μεταβέβηκεν ἢ τάσις ἢ τῆς τρίτης· τὸ δ’ αὐτὸ γίνεται καὶ περὶ τοὺς ῥυθμούς· ἡ μὲν γὰρ πεζὴ λέξις οὐδενὸς οὔτε ὀνόματος οὔτε ῥήματος βιάζεται τοὺς χρόνους οὔτε μετατίθησιν, ἀλλ’ οἷας παρείληφε τῇ φύσει τὰς συλλαβὰς τὰς τε μακρὰς καὶ τὰς βραχείας, τοιαύτας φυλάττει· ἡ δὲ μουσικὴ τε καὶ ῥυθμικὴ μεταβάλλουσιν αὐτάς μειοῦσαι καὶ παραυξοῦσαι, ὥστε πολλάκις εἰς τάναντία μεταχωρεῖν· οὐ γὰρ ταῖς συλλαβαῖς ἀπευθύνουσι τοὺς χρόνους, ἀλλὰ τοῖς χρόνοις τὰς συλλαβὰς· καὶ ταῦτα μὲν οὕτως· πῶς δ’ ἂν γένοιτο λέξις πολιτικὴ παρ’ αὐτὴν τὴν σύνθεσιν ἠδύνουσα τὴν ἀκρόασιν κατὰ τὰ πορρηθέντα τέτταρα κεφάλαια, γνοίημεν ἂν οὕτως.

[12] Οὐχ ἅπαντα πέφυκε τὰ μέρη τῆς λέξεως ὁμοίως διατιθέσθαι τὴν ἀκοήν, ὥσπερ οὐδὲ τὴν γευστικὴν τὰ γευστὰ οὐδὲ τὰς ἄλλας αἰσθήσεις τὰ κινουῦντα ἐκάστην· ἀλλὰ καὶ γλυκαίνουσιν αὐτὴν τινὲς ἦχοι καὶ πικραίνουσιν, καὶ τραχύνουσιν καὶ λεαίνουσιν, καὶ πολλὰ ἄλλα πάθη ποιοῦσι περὶ αὐτὴν· αἰτία δὲ ἡ τῶν γραμμάτων φύσις, ἐξ ὧν ἡ φωνὴ συνέστηκε, πολλὰς καὶ διαφόρους ἔχουσα δυνάμεις, καὶ ἡ τῶν συλλαβῶν πλοκὴ παντοδαπῶς σχηματιζομένη· τοιαύτην δὲ ἤδη δύναμιν ἐχόντων τῶν τῆς λέξεως μορίων, ἐπειδὴ μεταθεῖναι τὴν ἐκάστου φύσιν οὐχ οἷόν τε, λείπεται τὸ τῇ μίξει καὶ κράσει καὶ παραθέσει συγκρῦπτειν τὴν παρακολουθοῦσαν αὐτῶν τισιν ἀτοπίαν, τραχέσι λεῖα μίσγοντα καὶ σκληροῖς μαλακὰ καὶ κακοφώνοις εὐφωνα καὶ δυσεκφόροις εὐπρόφορα καὶ βραχέσι μακρὰ καὶ τᾶλλα τὸν αὐτὸν τρόπον εὐκαίρως συντιθέντα, καὶ μῆτ’ ὀλιγοσύλλαβα πολλὰ ἐξῆς λαμβάνοντα (κόπτεται γὰρ ἡ ἀκρόασις), μῆτε πολυσύλλαβα πλείω τῶν ἱκανῶν, μηδὲ ὁμοιότονα παρ’ ὁμοιοτόνοις, μηδὲ ὁμοιόχρονα παρ’ ὁμοιοχρονοῖς· χρὴ δὲ καὶ τὰς πτώσεις τῶν ὀνοματικῶν ταχὺ μεταλαμβάνειν· καὶ τὴν ὁμοιότητα διαλύειν συνεχῶς, ὀνομάτων τε τινῶν ἐξῆς τιθεμένων πολλῶν καὶ ῥημάτων καὶ ἄλλων μερῶν τὸν κόρον φυλασσομένους· σχήμασί τε μὴ ἐπὶ τοῖς αὐτοῖς αἰεὶ μένειν, μηδὲ τρόπους τοὺς αὐτοὺς ἐπιφέρειν, μηδὲ ἄρχεσθαι πολλάκις ἀπὸ τῶν αὐτῶν μηδὲ

λήγειν ἐς τὰ αὐτά.

Καὶ μηδεὶς οἰηθῇ με καθάπαξ ταῦτα παραγγέλλειν, ὡς ἡδονῆς αἷτια διαπαντὸς ἐσόμενα ἢ τάναντία ὀχλήσεως· οὐχ οὕτως ἀνόητός εἰμι. οἶδα γὰρ ἐξ ἀμφοῖν γινομένην πολλὰκις ἡδονήν, τοτὲ μὲν ἐκ τῶν ὁμοιογενῶν, τοτὲ δὲ ἐκ τῶν ἀνομοιογενῶν. ἀλλ' ἐπὶ πάντων οἶομαι δεῖν τὸν καιρὸν ὁρᾶν· οὗτος γὰρ ἡδονῆς καὶ ἀηδίας κράτιστον μέτρον· ὃς οὐκ ἔστι θηρατὸς ἐπιστήμη, ἀλλὰ δόξη.

Φημὶ δὴ τὸν μέλλοντα διαθήσειν τὴν ἀκοὴν ἡδέως ἢ τὰ ἐμμελῆ καὶ εὐρυθμα καὶ εὐφωνα ὀνόματα, ὅφ' ὧν γλυκαίνεται ἡ αἴσθησις, ἀλλήλοις συναρμόττειν, ἢ τὰ μὴ τοιαῦτα ἐγκαταπλέκειν αὐτοῖς· ὥσπερ καὶ στρατηγοὶ τὰ ἀσθενῇ τοῖς ἰσχυροῖς ἐπικρύπτουσι καὶ γίνεται αὐτοῖς οὐδὲν τῆς δυνάμεως ἄχρηστον. διαναπαύειν δὲ τὴν ταυτότητα φημὶ δεῖν, μεταβολὰς εὐκαίρους εἰσφέροντα· μεταβολὴ γὰρ πάντων ἡδύ. τελευταῖον δὲ ὃ καὶ πάντων κράτιστον, οἰκείαν ἀποδιδόναι τοῖς ὑποκειμένοις καὶ πρέπουσαν ἁρμονίαν· δυσωπεῖσθαι δ' οὐδὲν οἶομαι δεῖν οὔτε ὄνομα οὔτε ῥῆμα ὃ τι καὶ τέτριπται, μὴ σὺν αἰσχύνῃ λέγεσθαι μέλλον· οὐδὲν γὰρ οὕτω ταπεινὸν ἢ ῥυπαρὸν ἢ ἄλλην τινὰ δυσχέρειαν ἔχον ἔσεσθαι φημὶ λόγου μόριον, ὃ σημαίνεται τι σῶμα ἢ πρᾶγμα, ὃ μηδεμίαν ἔξει χώραν ἐπιτηδείαν ἐν λόγοις. παρακελεύομαι δὲ τῇ συνθέσει πιστεῦοντας ἀνδρείως πάνυ καὶ τεθαρρηκότως αὐτὰ ἐκφέρειν, Ὅμηρῳ τε παραδείγματι χρωμένους, παρ' ὧ καὶ τὰ εὐτελέστατα κεῖται τῶν ὀνομάτων, καὶ Δημοσθένει καὶ Ἡροδότῳ καὶ τοῖς ἄλλοις. καὶ περὶ μὲν ἡδείας συνθέσεως ταῦτα.

[13] Καλὴ δ' ἐκ τίνων γίνεται εἴ τις ἔροιτο, ἐκ τῶν αὐτῶν ἂν φαίην καὶ οὐχ ἐτέρων· τὰ γὰρ αὐτὰ ποιητικὰ ἀμφοῖν· μέλος εὐγενές, ῥυθμὸς ἀξιοματικός, μεταβολὴ μεγαλοπρεπής, τὸ πᾶσι τούτοις παρακολουθοῦν πρέπον· αἰτία δὲ καὶ ἐνταῦθα ἢ τε τῶν γραμμάτων φύσις καὶ ἡ τῶν συλλαβῶν δύναμις, ἐξ ὧν πλέκεται τὰ ὀνόματα· ὑπὲρ ὧν καιρὸς ἂν εἴη λέγειν.

[14] Ἀρχαὶ μὲν οὖν εἰσι τῆς ἀνθρωπίνης φωνῆς καὶ ἐνάρθρου μηκέτι δεχόμεναι διαίρεσιν, ἃς καλοῦμεν στοιχεῖα καὶ γράμματα· τούτων δὲ οὐ μία πάντων φύσις· διαφορὰ δὲ αὐτῶν πρώτη μὲν, ὡς Ἀριστόξενος ὁ μουσικὸς ἀποφαίνεται, καθ' ἣν τὰ μὲν φωνὰς ἀποτελεῖ ὡς τὰ φωνήεντα, τὰ δὲ ψόφους ὡς τὰ λοιπὰ πάντα· δευτέρα δέ, καθ' ἣν τῶν μὴ φωνηέντων ἃ μὲν καθ' ἑαυτὰ ψόφους ὁποίους δὴ τινὰς ἀποτελεῖν πέφυκεν, ῥόιζον ἢ σιγμὸν ἢ μυγμὸν ἢ τοιούτων τινῶν ἄλλων ἤχων δηλωτικά· ἃ δ' ἐστὶν ἀπάσης ἁμοιρα φωνῆς καὶ ψόφου, καὶ οὐχ οἷα τε ἡχεῖσθαι καθ' ἑαυτὰ· διὸ δὴ ταῦτα μὲν ἄφωνα τινὲς ἐκάλεσαν, θάτερα δὲ ἡμίφωνα. οἱ δὲ τριχῇ νείμαντες τὰ πάντα, φωνήεντα μὲν ἐκάλεσαν ὅσα καὶ καθ' ἑαυτὰ φωνεῖται καὶ μεθ' ἐτέρων, καὶ ἔστιν αὐτοτελῆ· ἡμίφωνα δ' ὅσα μετὰ μὲν φωνηέντων αὐτὰ ἑαυτῶν κρεῖττον ἐκφέρεται, καθ' ἑαυτὰ δὲ χεῖρον καὶ οὐκ αὐτοτελῶς· ἄφωνα δ' ὅσα οὔτε τὰς τελείας οὔτε τὰς ἡμιτελεῖς φωνὰς ἔχει καθ' ἑαυτά, μεθ' ἐτέρων δὲ ἐκφωνεῖται. ἀρκτέον τοίνυν ἀπὸ τῶν φωνηέντων.

Ἔστι δὴ ταῦτα τὸν ἀριθμὸν ἐπτὰ· δύο μὲν βραχέα τό τε ε καὶ τὸ ο· δύο δὲ μακρὰ τό τε η καὶ τὸ ω· τρία δὲ δίχρονα τό τε α καὶ τὸ ι καὶ τὸ υ· καὶ

γὰρ ἐκτείνεται ταῦτα καὶ συστέλλεται. ἐκφωνεῖται δὲ πάντα παρὰ τῆς ἀρτηρίας συνεχούσης τὸ πνεῦμα, καὶ τοῦ στόματος ἀπλῶς σχηματισθέντος, τῆς τε γλώττης οὐδὲν πραγματευομένης ἀλλ' ἡρεμούσης. πλὴν καὶ τὰ μακρὰ καὶ τῶν διχρόνων ἃ μακρῶς λέγεται, τεταμένον λαμβάνει καὶ διηνεκῇ τὸν αὐλὸν τοῦ πνεύματος· τὰ δὲ βραχέα ἢ βραχέως λεγόμενα ἐξ ἀποκοπῆς τε καὶ μιᾷ πληγῇ πνεύματος καὶ τῆς ἀρτηρίας ἐπὶ βραχὺ κινήσεως ἐκφέρεται. τούτων δὴ κράτιστα μὲν ἐστὶ καὶ φωνὴν ἡδίστην ἀποτελεῖ τὰ τε μακρὰ καὶ τῶν διχρόνων ὅσα μηκύνεται, ὅτι πολὺν ἤχειται χρόνον καὶ τὸν τοῦ πνεύματος οὐκ ἀποκόπτει χρόνον· χεῖρω δὲ τὰ βραχέα ἢ βραχέως λεγόμενα, ὅτι μικρόφωνα τε ἐστὶ καὶ σπανίζει τὸν ἦχον. αὐτῶν δὲ τῶν μακρῶν πάλιν εὐφωνότατον μὲν τὸ α, ὅταν ἐκτείνηται· λέγεται γὰρ ἀνοιγομένου τοῦ στόματος ἐπὶ πλεῖστον καὶ τοῦ πνεύματος ἀναφερομένου πρὸς τὸν οὐρανόν· δεύτερον δὲ τὸ η, διότι κάτω περὶ τὴν βάσιν τῆς γλώττης ἐρείδει τὸν ἦχον, ἀλλ' οὐκ ἄνω, καὶ μετρίως ἀνοιγομένου τοῦ στόματος· τρίτον δὲ τὸ ω· στρογγυλίζεται γὰρ ἐν αὐτῷ τὸ στόμα καὶ περιστέλλεται τὰ χεῖλη, τὴν τε πληγὴν τὸ πνεῦμα περὶ τὸ ἀκροστόμιον ποιεῖται. ἐστὶ δ' ἦττον τούτου τὸ υ· περὶ γὰρ αὐτὰ τὰ χεῖλη συστολῆς γινομένης ἀξιολόγου πνίγεται καὶ στενὸς ἐκπίπτει ὁ ἦχος. ἔσχατον δὲ πάντων τὸ ι· περὶ τοὺς ὀδόντας γὰρ ἡ κρίσις τοῦ πνεύματος γίνεται μικρὸν ἀνοιγομένου τοῦ στόματος καὶ οὐκ ἐπιλαμπρυνόντων τῶν χειλῶν τὸν ἦχον. τῶν δὲ βραχέων οὐδέτερον μὲν εὐμορφον, ἦττον δὲ δυσειδές τὸ ε· διίστησι γὰρ τὸ στόμα κρεῖττον θατέρου, καὶ τὴν πληγὴν λαμβάνει περὶ τὴν ἀρτηρίαν μᾶλλον.

Φωνηέντων μὲν οὖν γραμμάτων αὕτη φύσις· ἡμιφώνων δὲ τοιάδε· ὁκτῷ γὰρ τὸν ἀριθμὸν ὄντων αὐτῶν, πέντε μὲν ἐστὶν ἀπλᾶ λ μ ν ρ σ, διπλᾶ δὲ τρία ζ ξ ψ. διπλᾶ δὲ λέγονται διὰ τὸ ἕκαστον αὐτῶν ἐκ δυοῖν ἀπλῶν συνεφθαρμένων ἀλλήλοις συγκεῖσθαι καὶ ἰδίαν φωνὴν λαμβάνειν, ἢ διὰ τὸ χώραν ἐπέχειν δυεῖν γραμμάτων ἐν ταῖς συλλαβαῖς· τούτων δὴ κρείττω μὲν ἐστὶ τὰ διπλᾶ τῶν ἀπλῶν, ἐπειδὴ μείζονά ἐστὶ τῶν ἐτέρων καὶ μᾶλλον ἐγγίζειν δοκεῖ τοῖς τελείοις· ἦττω δὲ τὰ ἀπλᾶ διὰ τὸ εἰς βραχυτέρους αὐτῶν τόνους συνάγεσθαι τὸν ἦχον. φωνεῖται δὲ αὐτῶν ἕκαστον τοιόνδέ τινα τρόπον· τὸ μὲν λ τῆς γλώττης πρὸς τὸν οὐρανὸν ἰσταμένης καὶ τῆς ἀρτηρίας συνηκούσης· τὸ δὲ μ τοῦ μὲν στόματος τοῖς χεῖλεσι πιεσθέντος, τοῦ δὲ πνεύματος διὰ τῶν ῥωθῶνων μεριζομένου· τὸ δὲ ν τῆς γλώττης τὴν φορὰν τοῦ πνεύματος ἀποκλειούσης καὶ μεταφερούσης ἐπὶ τὸν ῥώθωνα τὸν ἦχον· τὸ δὲ ρ τῆς γλώττης ἄκρας ἀπορραπιζούσης τὸ πνεῦμα καὶ πρὸς τὸν οὐρανὸν ἐγγὺς τῶν ὀδόντων ἀνισταμένης· τὸ δὲ σ τῆς μὲν γλώττης προαγομένης ἄνω πρὸς τὸν οὐρανὸν ὅλης, τοῦ δὲ πνεύματος διὰ μέσου αὐτοῦ φερομένου καὶ περὶ τοὺς ὀδόντας λεπτὸν καὶ στενὸν ἐξωθοῦντος τὸ σύριγμα. τρία δὲ τὰ λοιπὰ ἡμίφωνα μικτὸν λαμβάνει τὸν ψόφον, ἐξ ἑνὸς μὲν τῶν ἡμιφώνων τοῦ σ, τριῶν δὲ ἀφώνων τοῦ τε δ καὶ τοῦ κ καὶ τοῦ π. Δύναται δ' οὐχ ὁμοίως κινεῖν τὴν ἀκοὴν ἅπαντα· ἡδύνει μὲν γὰρ αὐτὴν τὸ λ, καὶ ἔστι τῶν ἡμιφώνων γλυκύτατον· τραχύνει δὲ τὸ ρ, καὶ ἔστι τῶν ὁμογενῶν γενναιοτάτον· μέσως δὲ πως διατίθῃσι τὰ διὰ τῶν ῥωθῶνων

Τῶν δὲ ἀφώνων ἐννέα ὄντων τρία μὲν ἐστὶ ψιλὰ κ π τ, τρία δὲ δασέα θ φ χ, τρία δὲ μεταξὺ τούτων καὶ κοινὰ ἀμφοῖν β γ δ· φωνεῖται δὲ αὐτῶν τρία μὲν ἀπὸ τῶν χειλέων ἄκρων, τὸ π καὶ τὸ φ καὶ τὸ β, ὅταν τοῦ στόματος πιεσθέντος τὸ προβαλλόμενον ἐκ τῆς ἀρτηρίας πνεῦμα λύσῃ τὸν δεσμὸν αὐτοῦ· ὁμοίῳ δὲ σχήματι ταῦτα λεγόμενα ψιλότῃ καὶ δασύτῃ διαφέρουσιν, ὥσπερ καὶ τὰ ῥηθισόμενα. τρία δὲ λέγεται ἄλλα τῆς γλώττης ἄκρῳ τῷ στόματι προσερισσομένης κατὰ τοὺς μετεώρους ὁδόντας, ἔπειθ' ὑπὸ τοῦ πνεύματος ἀπορραπιζομένης καὶ τὴν διέξοδον αὐτῶν κάτω περὶ τοὺς ὁδόντας ἀποδιδούσης, τὸ τ καὶ τὸ θ καὶ τὸ δ. τρία δὲ τὰ λοιπὰ λέγεται μὲν τῆς γλώττης ἀνισταμένης πρὸς τὸν οὐρανὸν ἐγγὺς τοῦ φάρυγγος, τῆς δὲ ἀρτηρίας ὑπηχούσης τῷ πνεύματι, τὸ κ καὶ τὸ χ καὶ τὸ γ. τούτων κράτιστα μὲν ἐστίν, ὅσα τῷ πνεύματι πολλῷ λέγεται· δεύτερα δὲ ὅσα μέσω· κάκιστα δὲ ὅσα ψιλῶ· ταῦτα μὲν γὰρ τὴν ἐαυτῶν δύναμιν ἔχει μόνην, τὰ δὲ δασέα καὶ τὴν τοῦ πνεύματος προσθήκην, ὡς ἐγγὺς τοῦ τελειότερα εἶναι.

[15] Ἐκ δὴ τῶν γραμμάτων τούτων αἱ καλούμεναι γίνονται συλλαβαί. τούτων δὲ εἰσὶ μακραί μὲν ὅσαι συνεστήκασιν ἐκ φωνηέντων μακρῶν ἢ διχρόνων μακρῶς ἐκφερομένων, καὶ ὅσαι λήγουσιν εἰς μακρὸν ἢ μακρῶς λεγόμενον γράμμα ἢ τι τῶν ἡμιφώνων τε καὶ ἀφώνων· βραχεῖαι δὲ αἱ ἐκ βραχέος φωνήεντος ἢ βραχέως λαμβανομένου. μήκους δὲ καὶ βραχύτητος συλλαβῶν οὐ μία φύσις, ἀλλὰ καὶ μακρότεραί τινές εἰσι τῶν μακρῶν καὶ βραχύτεραι τῶν βραχειῶν. ἔσται δὲ τοῦτο φανερόν ἐπὶ τῶν παραδειγμάτων.

Ὁμολογεῖται δὴ βραχεῖα εἶναι συλλαβή, ἣν ποιεῖ φωνῆεν γράμμα βραχὺ τὸ ο, ὡς λέγεται Ὀδός. αὕτη προστεθήτω γράμμα ἐν τῶν ἡμιφώνων τὸ ρ, καὶ γενέσθω Ῥόδος· μένει μὲν ἔτι βραχεῖα ἢ συλλαβή, πλὴν οὐχ ὁμοίως, ἀλλ' ἔξει τινὰ παραλλαγὴν παρὰ τὴν προτέραν· ἔτι προστεθήτω αὕτη τῶν ἀφώνων γραμμάτων ἐν τὸ τ, καὶ γενέσθω Τρόπος· μείζων αὕτη τῶν προτέρων ἔσται συλλαβῶν, καὶ ἔτι βραχεῖα μένει· τρίτον ἔτι γράμμα τῇ αὐτῇ συλλαβῇ προστεθήτω τὸ σ, καὶ γενέσθω Στρόφος· τρισὶν αὕτη προσθήκαις ἀκουσταῖς μακροτέρα γενήσεται τῆς βραχυτάτης μένουσα ἔτι βραχεῖα. οὐκοῦν τέσσαρες αὗται βραχείας συλλαβῆς διαφοραὶ τὴν ἄλογον αἰσθησιν ἔχουσαι τῆς παραλλαγῆς μέτρον. ὁ δ' αὐτὸς λόγος καὶ ἐπὶ τῆς μακρᾶς· ἢ γὰρ ἐκ τοῦ η γινομένη συλλαβή μακρὰ τὴν φύσιν οὔσα, τεττάρων γραμμάτων προσθήκαις παραυξηθεῖσα, τριῶν μὲν προταττομένων, ἐνὸς δὲ ὑποταττομένου, καθ' ἣν λέγεται Σπλήν, μείζων ἂν δήπου λέγοιτο

Πρῶτον μὲν δὴ θεώρημα τοῦτο τῶν ἐν ταῖς συλλαβαῖς παθῶν· ἕτερον δὲ τοιόνδε. τῶν γραμμάτων πολλὰς ἐχόντων διαφορὰς οὐ μόνον περὶ τὰ μήκη καὶ τὰς βραχυτήτας, ἀλλὰ καὶ περὶ τοὺς ἤχους, ὑπὲρ ὧν ὀλίγω πρότερον εἶρηκα, ἀνάγκη καὶ τὰς ἐκ τούτων συνισταμένας συλλαβὰς ἅμα τὴν τε ἰδίαν ἐκάστου σώζειν δύναμιν καὶ τὴν κοινήν ἀπάντων, ἣ γίνεται διὰ τῆς κράσεώς τε καὶ παραθέσεως αὐτῶν· ἐξ ὧν μαλακαὶ τε φωναὶ καὶ σκληραί, καὶ λεῖται καὶ τραχεῖται, γλυκαίνουσαι τε τὴν ἀκοὴν καὶ πικραίνουσαι, καὶ στύφουσαι καὶ διαχέουσαι, καὶ πᾶσαν ἄλλην κατασκευάζουσαι διάθεσιν φυσικὴν· αὗται δὲ εἰσι μυρία τὸ πλῆθος.

Ταῦτα ἤδη καταμαθόντες οἱ χαριέστατοι ποιητῶν τε καὶ συγγραφέων τὰ μὲν αὐτοὶ κατασκευάζουσιν ὀνόματα, συμπλέκοντες ἐπιτηδείως ἀλλήλοις τὰ γράμματα, καὶ τὰς συλλαβὰς δὲ οἰκείας οἷς ἂν βούλονται παραστήσαι πάθεσι ποικίλως φιλοτεχνοῦσιν· ὡς Ὅμηρος ποιεῖ, ἐπὶ μὲν τῶν προσηνέμων αἰγιαλῶν τῇ παρεκτάσει τῶν συλλαβῶν τὸν ἄπαυστον ἐκφαίνειν βουλόμενος ἦχον·

Οὐδ' εἴ κεν μάλα πολλὰ πάθη ἐκάεργος Ἀπόλλων,

[16] Πολλὰ δὲ καὶ παρὰ τῶν ἔμπροσθεν λαμβάνουσιν ὡς ἐκεῖνοι κατεσκεύασαν, ὅσα μιμητικὰ τῶν πραγμάτων ἐστίν, ὡς ἔχει ταυτί·

Ρόχθει γὰρ μέγα κῦμα ποτὶ ξερὸν ἠπείροιο.

Αἰγιαλῷ μεγάλῳ βρέμεται, σμαραγεῖ δὲ τε πόντος.

Σκέπτει' οἰστών τε ροῖζον καὶ δοῦπον ἀκόντων.

μεγάλῃ δὲ τούτων ἀρχὴ καὶ διδάσκαλος ἡ φύσις, ἣ ποιοῦσα μιμητικούς καὶ θετικούς ἡμᾶς τῶν ὀνομάτων, οἷς δηλοῦται τὰ πράγματα κατὰ τινὰς εὐλόγους καὶ κινητικὰς τῆς διανοίας ὁμοιότητας· ὅφ' ὧν ἐδιδάχθημεν ταύρων τε μυκήματα λέγειν καὶ χρεμετισμοὺς ἵππων καὶ φριμαγμοὺς τράγων, πυρός τε βρόμον καὶ πάταγον ἀνέμων καὶ συριγμὸν κάλων καὶ ἄλλα τούτοις ὅμοια, τὰ μὲν φωνῆς μιμήματα, τὰ δὲ μορφῆς, τὰ δὲ ἔργων, τὰ δὲ πάθους, τὰ δὲ κινήσεως, τὰ δ' ἡρεμίας, τὰ δ' ἄλλου τινός.

Τί δὴ τὸ κεφάλαιον τοῦ λόγου; ὅτι παρὰ μὲν τὰς τῶν γραμμάτων συμπλοκάς ἢ τῶν συλλαβῶν γίνεται σύνθεσις ποικίλη, παρὰ δὲ τὴν τῶν συλλαβῶν σύνθεσιν ἢ τῶν ὀνομάτων φύσις παντοδαπή, παρὰ δὲ τὰς τῶν ὀνομάτων ἁρμονίας πολύμορφος ὁ λόγος· ὥστε πολλὴ ἀνάγκη καλὴν μὲν εἶναι λέξιν ἐν ἣ καλὰ ἐστὶν ὀνόματα· κάλλους δὲ ὀνομάτων συλλαβὰς τε

καὶ γράμματα καλὰ αἴτιον εἶναι· ὁμοίως δὲ καὶ ἡδεῖαν διάλεκτον ἐκ τούτων ἡδυνόντων γίνεσθαι. Ὅμηρος γοῦν ὅταν μὲν ὥραν ὄψεως εὐμόρφου ἐπιδείξασθαι βούληται, τῶν τε φωνηέντων τοῖς κρατίστοις χρήσεται καὶ τῶν ἡμιφώνων τοῖς μαλακωτάτοις· καὶ οὐ καταπτυνώνει τοῖς ἀφώνοις τὰς συλλαβὰς οὐδὲ συγκόψει τοὺς ἦχους παρατιθεὶς ἀλλήλοις τὰ δυσέκφορα· πρᾶϊαν δὲ τινα ποιήσει τὴν ἁρμονίαν τῶν γραμμάτων καὶ ῥέουσιν ἀλύτως διὰ τῆς ἀκοῆς, ὥς ἔχει ταυτί·

[19] Εἰρηκῶς δὴ καὶ περὶ τῶν ῥυθμῶν, ἐπὶ τὸ τρίτον θεώρημα τὴν

μεταβολὴν μεταβῆσθαι. Λέγω δ' οὐ τὴν ἐκ τῶν κρειπτόνων ἐπὶ τὰ χεῖρω, ἀλλὰ τὴν ἐν τοῖς ὁμοειδέσι ποικιλίαν. κόρον γὰρ ἔχει καὶ τὰ καλὰ πάντα ὥσπερ καὶ τὰ ἡδέα ὄντα ἐν τῇ ταυτότητι, ποικιλλόμενα δὲ ταῖς μεταβολαῖς αἰ καὶνὰ μένει. τοῖς μὲν οὖν τὰ μέτρα καὶ τὰ μέλη γράφουσιν οὐχ ἅπαντα ἔξεστι μεταβάλλειν οὐδ' ἐφ' ὅσον βούλονται. αὐτίκα τοῖς μὲν ἐποποιοῖς μέτρον οὐκ ἔξεστι μεταβάλλειν, ἀλλ' ἀνάγκη πάντας εἶναι τοὺς στίχους ἐξαμέτρους· οὐδὲ γε ῥυθμόν, ἀλλὰ τοῖς ἀπὸ μακρᾶς ἀρχομένοις συλλαβῆς χρήσονται. τοῖς δὲ τὰ μέλη γράφουσι τὸ μὲν τῶν στροφῶν τε καὶ ἀντιστροφῶν οὐχ οἷόν τε ἀλλάξαι μέλος· ἀλλ' ἐάν τ' ἐναρμονίους ἐάν τε χρωματικὰς ἐάν τε διατόνους ὑποθῶνται μελωδίας, ἐν πάσαις δεῖ ταῖς στροφαῖς καὶ ἀντιστρόφοις τὰς αὐτὰς ἀγωγὰς φυλάττειν· περὶ δὲ τὰς καλουμένας ἐπωδοὺς ἀμφοτέρωθεν κινεῖν ταῦτα ἔξεστι, τό τε μέλος καὶ τὸν ῥυθμόν τά τε κῶλα ἐξ ὧν συνέστηκε περίοδος ἐκάστη, ἄλλοτε ἄλλα μεγέθη καὶ σχήματα αὐτοῖς περιτιθέντας.

Οἱ μὲν οὖν ἀρχαῖοι μελοποιοί, λέγω Ἀλκαῖόν τε καὶ Σαπφώ, μικρὰς ἐποιοῦντο στροφάς, ὥστ' ἐν ὀλίγοις τοῖς κῶλοις οὐ πολλὰς εἰσῆγον μεταβολάς· οἱ δὲ περὶ Σητήχορον τε καὶ Πίνδαρον μείζους ἐργασάμενοι τὰς περιόδους εἰς πολλὰ μέτρα καὶ κῶλα διένειμαν αὐτὰς μεταβολῆς ἔρωτι. οἱ δὲ γε διθυραμβοποιοὶ καὶ τοὺς τρόπους μετέβαλλον, Δωρίους τε καὶ Φρυγίους καὶ Λυδίους ἐν τῷ αὐτῷ ᾄσματι ποιοῦντες· καὶ τὰς μελωδίας ἐξήλλαττον, τοτὲ μὲν ἐναρμονίους ποιοῦντες, τοτὲ δὲ χρωματικὰς, τοτὲ δὲ διατόνους. ἡ δὲ πεζὴ λέξις ἅπασαν ἐλευθερίαν ἔχει ποικίλλειν ταῖς μεταβολαῖς τὴν σύνθεσιν ὅπως βούλεται.

Καὶ ἔστι λέξις κρατίστη πασῶν, ἣ τις ἂν ἔχοι πλείστας ἀναπαύλας τε καὶ μεταβολὰς ἐναρμονίους, ὅταν τουτὶ μὲν ἐν περιόδῳ λέγηται, τουτὶ δ' ἔξω περιόδου, καὶ ἦδε μὲν ἡ περίοδος ἐκ πλείονων πλέκεται κῶλων, ἦδε δ' ἐξ ἐλαττόνων, αὐτῶν δὲ τῶν κῶλων τὸ μὲν βραχύτερον ἦ, τὸ δὲ μακρότερον, καὶ τὸ μὲν γοργότερον, τὸ δὲ βραδύτερον, ῥυθμοὶ τε ἄλλοτε ἄλλοι, καὶ σχήματα παντοῖα, καὶ τάσεις φωνῆς αἱ καλούμεναι προσωδίαί τε διάφοροι, κλέπτουσαι τῇ ποικιλίᾳ τὸν κόρον. ἔχει δὲ χάριν τὸ οὕτω συγκείμενον, ὥστε μὴ συγκεῖσθαι δοκεῖν. παράδειγμα δὲ τῆς τοιαύτης μεταβολῆς ποιοῦμαι πᾶσαν μὲν τὴν Ἡροδότου λέξιν, πᾶσαν δὲ τὴν Πλάτωνος, πᾶσαν δὲ τὴν Δημοσθένους· ἀδύνατον γὰρ εὖρεῖν τοῦτων ἐτέρους ἐπεισοδίοις τε πλείοσι καὶ ποικιλίαις εὐκαιροτέροις καὶ σχήμασι πολυειδεστέροις χρησάμενους· λέγω δὲ τὸν μὲν ὡς ἐν ἱστορίας σχήματι, τὸν δ' ὡς ἐν διαλόγων χάριτι, τὸν δ' ὡς ἐν λόγων ἐναγωνίων χρεῖα. ἀλλ' οὐχ ἡ Ἰσοκράτους καὶ τῶν ἐκείνου γνωρίμων αἵρεσις ὁμοία ταύταις ἦν· ἀλλὰ καίπερ ἡδέως καὶ μεγαλοπρεπῶς πολλὰ συνθέντες οἱ ἄνδρες οὗτοι περὶ τὰς μεταβολὰς καὶ τὴν ποικιλίαν οὐ πάνυ εὐτυχοῦσιν· ἀλλ' ἔστι παρ' αὐτοῖς κύκλος τις, ὁμοειδῆς σχημάτων τάξις, φυλακὴ συμπλοκῆς φωνηέντων ἢ αὐτῇ, ἄλλα πολλὰ τοιαῦτα κόπτοντα τὴν ἀκρόασιν. καὶ αὐτῷ μὲν ἴσως τῷ Ἰσοκράτει πολλαὶ χάριτες ἐπήνθουν ἄλλαι ταύτην ἐπικρύπτουσαι τὴν ἀμορφίαν, παρὰ δὲ τοῖς μετ' ἐκεῖνον ἀπ' ἐλαττόνων τῶν ἄλλων κατορθωμάτων περιφανέστερον γίνεται τοῦτο τὸ ἀμάρτημα.

Ἔτι καταλείπεται ἡμῖν ὁ περὶ τοῦ πρόποντος λόγος. πρόπον δέ ἐστι τὸ τοῖς ὑποκειμένοις ἀρμόττον προσώποις καὶ πράγμασιν. ὥσπερ γὰρ ἔστι τις ἐκλογὴ νοημάτων ἢ μὲν πρόπουσα τοῖς ὑποκειμένοις, ἢ δὲ ἀπρεπής, οὕτω δὴ πού καὶ σύνθεσις· οὐ γὰρ ὁμοίᾳ συνθέσει χρώμεθα ὀργιζόμενοι καὶ χαίροντες, οὐδὲ ὀλοφυρόμενοι καὶ φοβούμενοι, οὐδ' ἐν ἄλλῳ τινὶ πάθει ὄντες· καὶ μὴν καὶ οἱ αὐτοὶ ἄνθρωποι ἐν τῇ αὐτῇ καταστάσει τῆς ψυχῆς ὄντες, ὅταν ἀπαγγέλλωσι πράγματα οἷς ἂν παραγενόμενοι τύχωσιν, οὐχ ὁμοίᾳ χρῶνται συνθέσει περὶ πάντων· ἀλλὰ καὶ μιμητικοὶ γίνονται τῶν ἀπαγγελλομένων, οὐδὲν ἐπιτηδεύοντες, ἀλλὰ φυσικῶς ἐπὶ τοῦτο ἀγόμενοι. ταῦτα δὲ δεῖ παρατηροῦντα τὸν ἀγαθὸν ποιητὴν καὶ ῥήτορα μιμητικὸν εἶναι τῶν πραγμάτων ὑπὲρ ὧν ἂν τοὺς λόγους ἐκφέρῃ, μὴ μόνον κατὰ τὴν ἐκλογὴν τῶν ὀνομάτων, ἀλλὰ καὶ κατὰ τὴν σύνθεσιν. Ὁ ποιεῖν εἴωθεν Ὅμηρος, καίτερ μέτρον ἔχων καὶ ῥυθμοὺς ὀλίγους, ἀλλ' ὅμως αἰεὶ τι καινουργῶν ἐν αὐτοῖς καὶ φιλοτεχνῶν, ὥστε μηδὲν ἡμῖν διαφέρειν γινόμενα τὰ πράγματα ἢ λεγόμενα ὁρᾶν. οἷον

αὐτίς· ἔπειτα πέδονδε κυλίνδετο λᾶας ἀναιδής·

οὐχὶ συγκυλίζεται τῷ βάρει τῆς πέτρας ἢ τῶν ὀνομάτων σύνθεσις, μᾶλλον δὲ ἔφθακε τὴν τοῦ λίθου φορὰν τὸ τῆς ἀπαγγελίας τάχος; μονοσύλλαβον μὲν γὰρ οὐδεμίαν, δισυλλάβους δὲ δύο μόνas ἔχει λέξεις· καὶ οὐ διίστησι τοὺς χρόνους ἀλλ' ἐπιταχύνει· καὶ πλείους τῶν μακρῶν αἰ βραχεῖαι· καὶ οὔτε φωνήεντα διιστῶσιν ἀλλήλων τὰ ὀνόματα οὔτε ἡμιφώνῳ ἡμίφωνον ἢ ἄφωνον παράκειται, ἃ τραχύνει τὸν λόγον· ἀλλὰ συνολισθαίνουσιν ἀλλήλαις καὶ συγκαταφέρονται, καὶ τρόπον τινὰ μία ἐξ ἀπασῶν γίνεται διὰ τὴν τῶν ἁρμονιῶν ἀκρίβειαν· καὶ ῥυθμὸς οὐδεὶς σπονδεῖος ἐν αὐτοῖς.

[21] Διαφοραὶ δὲ συνθέσεως εἰδικαὶ μὲν σφόδρα πολλαὶ καὶ εἰς σύνοψιν ἔλθειν οὐ δυνάμεναι· οὐ γὰρ ὁμοίως τὰ αὐτὰ ὀνόματα συντίθεμεν ἅπαντες· τὰς μέντοι γενικὰς αὐτῆς διαφορὰς μόνas τρεῖς εἶναι πείθομαι, ἃς οὐκ ἔχων ὀνομάζειν μεταφορικοῖς ὀνόμασι καλῶ, τὴν μὲν αὐστηράν, τὴν δὲ γλαφυράν ἢ ἀνθηράν, τὴν δὲ τρίτην εὐκρατον εἰ τε κατὰ στέρησιν τῶν ἄκρων εἰ τε κατὰ μῖξιν εἰ τε κατὰ ἄνεσιν καὶ ἐπίτασιν τῶν ἐσχάτων ὄρων.

[22] Τῆς μὲν οὖν αὐστηρᾶς ἁρμονίας τοιοῦδε ὁ χαρακτήρ· ἐρείδεσθαι βούλεται τὰ ὀνόματα ἀσφαλῶς καὶ στάσεις λαμβάνειν ἰσχυράς, ὥστ' ἐκ περιφανείας ἕκαστον ὄνομα ὀρᾶσθαι, ἀπέχειν τε ἀπ' ἀλλήλων τὰ μόρια διαστάσεις ἀξιολόγους αἰσθητοῖς χρόνοις διειργόμενα· τραχεῖαις τε χρῆσθαι πολλαχῇ καὶ ἀντιτύποις ταῖς συμβολαῖς· ῥυθμοὺς δὲ ἐπιτηδεύει τοὺς ἀξιωματικοὺς καὶ μεγαλοπρεπεῖς, καὶ οὔτε πάρισα βούλεται τὰ κῶλα ἀλλήλοις εἶναι οὔτε παρόμοια οὔτε ἀνάγκη δουλεύοντα, ἀκόλουθα δὲ καὶ εὐγενῇ καὶ λαμπρᾷ καὶ ἐλεύθερα· φύσει τ' εἰοικέναι μᾶλλον αὐτὰ βούλεται ἢ τέχνῃ, καὶ κατὰ πάθος λέγεται μᾶλλον ἢ κατὰ ἦθος· περιόδους δὲ συντιθέναι συναπαρτιζούσας ἑαυταῖς τὸν νοῦν τὰ πολλὰ μὲν οὐδὲ βούλεται· εἰ δέ ποτ' αὐτομάτως ἐπὶ τοῦτο κατενεχθεῖη, τὸ ἀνεπιτήδευτον ἐμφαίνειν θέλει καὶ ἀφελές, οὔτε προσθήκαις τισὶν ὀνομάτων, ἵνα ὁ κύκλος ἐκπληρωθῇ, μηδὲν ὠφελούσαις τὸν νοῦν χρωμένῃ, οὔτε ὅπως αἱ βάσεις αὐτῶν γένοιτο θεατρικαί τινες ἢ γλαφυραῖ, οὐδ' ἵνα τῷ πνεύματι τοῦ λέγοντος ὥσιν αὐτάρκεις· οὐδέ τι τοιοῦτον· ἀλλὰ περὶ τὰς πτώσεις ποικίλη, περὶ τοὺς σχηματισμοὺς ὀλιγοσύνδεσμος, ἄναρθρος, ἐν πολλοῖς ὑπεροπτικῇ τῆς ἀκολουθίας, ἥκιστα ἀνθηρά, μεγαλόφρων, αὐθέκαστος, ἀκόμψευτος, τὸν ἀρχαϊσμὸν καὶ τὸν πῖνον ἔχουσα κάλλος. Πινδάρου μὲν οὖν ἅλις ἔστω· Θουκυδίδου δὲ λαμβανέσθω λέξεις ἢ ἐκ τοῦ προοιμίου ἥδε·

Ἐκ τῆς Θουκυδίδους Ἀθηναῖος ξυνέγραψε τὸν πόλεμον τῶν Πελοποννησίων καὶ Ἀθηναίων ὡς ἐπολέμησαν πρὸς ἀλλήλους, ἀρξάμενος εὐθύς καθισταμένου, καὶ ἐλπίσας μέγαν τε ἔσεσθαι καὶ ἀξιολογώτατον τῶν προγεγενημένων, τεκμαιρόμενος ὅτι ἀκμάζοντες εἰς αὐτὸν ἦσαν ἀμφοτέρω παρασκευῇ τῇ πάσῃ, καὶ τὸ ἄλλο Ἑλληνικὸν ὄρων ξυνιστάμενον πρὸς ἐκατέρους, τὸ μὲν εὐθύς, τὸ δὲ καὶ διανοούμενον· κίνησις γὰρ αὕτη μεγίστη δὴ τοῖς Ἕλλησιν ἐγένετο καὶ μέρει τινὶ τῶν βαρβάρων, ὡς δ' εἰπεῖν, καὶ ἐπὶ πλεῖστον ἀνθρώπων· τὰ γὰρ πρὸ αὐτῶν καὶ τὰ ἔτι παλαιότερα σαφῶς εὐρεῖν διὰ χρόνου πλῆθος ἀδύνατα ἦν·

Αὕτη ἢ λέξις ὅτι μὲν οὐκ ἔχει λείας οὐδὲ συνευγμένους ἀκριβῶς

τὰς ἁρμονίας, οὐδὲ ἔστιν εὐεπὴς καὶ μαλακὴ, ἀλλὰ πολὺ τὸ ἀντίτυπον καὶ στρυφνὸν ἐμφαίνει, οὐδὲν δέομαι λέγειν, ἄλλως τε καὶ αὐτοῦ τοῦ συγγραφέως ὁμολογήσαντος, ὅτι εἰς μὲν ἀκρόασιν ἦττον ἐπιτερπὴς ἢ γραφὴ ἔστι, ‘κτῆμα δ’ εἰς αἰὲ μᾶλλον ἢ ἀγώνισμα εἰς τὸ παραντῖκα ἀκούειν σύγκειται’. τίνα δ’ ἔστι τὰ θεωρήματα, οἷς χρῆσάμενος ὁ ἀνὴρ οὕτως αὐστηρὰν πεποίηκε τὴν ἁρμονίαν, δι’ ὀλίγων σημανῶ.

Αὐτῖκα ἐν ἀρχῇ τῷ Ἀθηναίῳ τὸ ‘ξυνέγραψεν’ ἐπαγόμενον διίστησιν ἀξιολόγως τὴν ἁρμονίαν· οὐ γὰρ προτάττεται τὸ σ τοῦ ξ κατὰ συνεκφοράν, δεῖ δὲ τοῦ σ σιωπῇ καταληφθέντος τότε ἀκουστὸν γενέσθαι τὸ ξ· τοῦτο δὲ τραχύτητα ἐργάζεται καὶ ἀντιτυπίαν τὸ πάθος. ἔπειθ’ αἱ μετὰ τοῦτο γινόμεναι συγκοπαὶ τῶν ἥχων, τοῦ τε ν καὶ τοῦ τ καὶ τοῦ π καὶ τοῦ κ, τετράκις ἐξῆς ἀλλήλαις παρακείμεναι, χαράτπουσιν εὖ μάλα τὴν ἀκοὴν καὶ διασαλεύουσιν ἀξιολόγως τὰς ἁρμονίας, ὅταν φῇ ‘τὸν πόλεμον τῶν Πελοποννησίων καὶ Ἀθηναίων’· τούτων γὰρ τῶν μορίων τῆς λέξεως οὐθὲν ὅ τι οὐχὶ καταληφθῆναί τε δεῖ καὶ πιεσθῆναι πρότερον ὑπὸ τοῦ στόματος περὶ τὸ τελευταῖον γράμμα, ἵνα τὸ συναπτόμενον αὐτῷ τρανὴν καὶ καθαρὰν τὴν ἑαυτοῦ λάβη δύναμιν· ἔτι πρὸς τούτοις ἡ τῶν φωνηέντων παράθεσις ἐν τῷ ‘καὶ Ἀθηναίων’ διακέκρουκε τὸ συνεχὲς τῆς ἁρμονίας καὶ διέστηκε πάνυ αἰσθητὸν τὸν μεταξὺ λαβοῦσα χρόνον· ἀκέραστοι γὰρ αἱ φωναὶ τοῦ τε ι καὶ τοῦ α καὶ ἀποκόπτουσαι τὸν ἥχον· τὸ δ’ εὐεπὲς οἱ συνεχεῖς τε καὶ οἱ συλλαεινόμενοι ποιοῦσιν ἥχοι· καὶ πολλὰ τοιαῦτα ἂν εὖροι τις.

[23] Ἡ δὲ γλαφυρὰ καὶ ἀνθηρὰ σύνθεσις χαρακτηρὰ τοιόνδε ἔχει· οὐ ζητεῖ καθ’ ἓν ἕκαστον ὄνομα ἐκ περιφανείας ὀρᾶσθαι, οὐδ’ ἐν ἔδρᾳ πάντα βεβηκέναι πλατεῖα καὶ ἀσφαλεῖ, οὐδὲ μακροὺς τοὺς μεταξὺ αὐτῶν εἶναι χρόνους, οὐδὲ τὸ βραδὺ καὶ σταθερὸν φίλον αὐτῇ, ἀλλὰ κεκινήσθαι βούλεται τὴν ὀνομασίαν καὶ φέρεσθαι θάτερα κατὰ θατέρων ὀνομάτων ὥσπερ τὰ ῥέοντα, καὶ συνυφάνθαι τὰ μόρια, ὥς μιᾶς λέξεως ὄρεξιν διατελεῖν εἰς δύναμιν· τοῦτο δὲ ποιοῦσιν αἱ τῶν ἁρμονιῶν ἀκρίβεια· χρόνον οὐδένα αἰσθητὸν μεταξὺ ὀνομάτων περιλαμβάνουσαι· ἔοικέ τε κατὰ μέρος εὐητρίοις ὑφαῖς ἢ γραφαῖς συνεφθαρμένα τὰ φωτεινὰ τοῖς σκιεροῖς ἐχούσαις· εὐφωνά τε εἶναι βούλεται πάντα τὰ ὀνόματα καὶ λεῖα καὶ μαλακὰ καὶ παρθενωπά· τραχεῖαις δὲ συλλαβαῖς καὶ ἀντιτύποις ἀπέχθειαι· πον· τὸ δὲ θρασὺ πᾶν καὶ παρακεκινδυνευμένον δι’ εὐλαβείας ἔχει· καὶ τὰ κῶλα δὲ τοῖς κώλοις εὖ συνυφάνθαι βούλεται καὶ πάντα εἰς περίοδον τελευτᾶν ὀρίζουσιν κώλου τε μῆκος ὃ μὴ βραχύτερον ἔσται μηδὲ μείζον τοῦ μετρίου, καὶ περιόδου μέτρον οὗ πνεῦμα τέλειον ἀνδρὸς κρατήσῃ· χρῆται δὲ καὶ ῥυθμοῖς οὐ τοῖς μεγίστοις, ἀλλὰ τοῖς μέσοις τε καὶ βραχυτέροις· καὶ τῶν περιόδων τὰς τελευτὰς εὐρύθμους εἶναι βούλεται καὶ βεβηκυίας ὥς ἂν ἀπὸ στάθμης, τάναντία ποιοῦσα ἐν ταῖς τούτων ἁρμογαῖς ἢ ταῖς τῶν ὀνομάτων· ἐκεῖνα μὲν γὰρ συναλείφει, ταύτας δὲ διίστησι καὶ ὥσπερ ἐκ περιόπτου βούλεται φανερὰς εἶναι· σχήμασί τε οὐ τοῖς ἀρχαιοπρεπεστάτοις, ἀλλὰ τοῖς τρυφεροῖς καὶ θεατρικοῖς χρῆται· καὶ ὅλως τούναντίον ἔχει σχῆμα τῆς προτέρας· ἐποποιῶν μὲν οὖν ἔμοιγε κάλλιστα τουτονὶ δοκεῖ τὸν χαρακτηρὰ ἐξεργάσασθαι Ἡσίοδος· μελοποιῶν δὲ Σαπφῶ καὶ μετ’ αὐτῇν

Ἀνακρέων καὶ Σιμωνίδης· τραγωδοποιῶν δὲ μόνος Εὐριπίδης· συγγραφέων δὲ ἀκριβῶς μὲν οὐδεῖς, μᾶλλον δὲ τῶν πολλῶν Ἑφορός τε καὶ Θεόπομπος· ῥητόρων δὲ Ἴσοκράτης. θήσω δὲ καὶ ταύτης παραδείγματα τῆς ἁρμονίας, ποιητῶν μὲν προχειρισάμενος Σαπφῷ, ῥητόρων δὲ Ἴσοκράτην. ἄρξομαι δὲ ἀπὸ τῆς μελοποιουῦ.

ταύτης τῆς λέξεως ἡ εὐέπεια καὶ ἡ χάρις ἐν τῇ συνεχείᾳ καὶ λειότητι γέγονε τῶν ἁρμονιῶν· παρὰκειται γὰρ ἀλλήλοις τὰ ὀνόματα καὶ συνύφονται κατὰ τινὰς οἰκειότητος καὶ συζυγίας φυσικὰς τῶν γραμμάτων· τὰ γὰρ φωνήεντα τοῖς ἀφώνοις συνάπτεται μικροῦ διὰ πάσης τῆς ὥδῃς, ὅσα προτάττεσθαι καὶ ὑποτάττεσθαι πέφυκεν ἀλλήλοις κατὰ μίαν συλλαβὴν συνεκφερόμενα· ἡμιφώνων τε πρὸς ἡμίφωνα καὶ ἀφώνων καὶ φωνηέντων πρὸς ἄλληλα συμπτώσεις, αἱ διασπαλύνουσι τοὺς ἦχους, ὀλίγαι πάνυ ἔννευσιν. εἰκότως δὴ γέγονεν εὖρους τις ἡ λέξις καὶ μαλακὴ, τῆς ἁρμονίας τῶν ὀνομάτων μηδὲν ἀποκυματιζούσης τὸν ἦχον.

Καὶ Σαπφοῦς μὲν ταῦτα· Ἴσοκράτους δὲ ἐκ τοῦ Ἀρεοπαγίτικοῦ τάδε·

Ἐπολλοὺς ὑμῶν οἶομαι θαυμάζειν, ἦντινὰ ποτε γνώμην ἔχων περὶ σωτηρίας τὴν πρόσοδον ἐποίησάμην, ὥσπερ ἡ τῆς πόλεως ἐν κινδύνοις

οὔσης ἢ σφαλερώς αὐτῇ τῶν πραγμάτων καθεστώτων, ἀλλ' οὐ πλείους μὲν τριήρεις ἢ διακοσίας κεκτημένης, εἰρήνην δὲ τὰ περὶ τὴν χώραν ἀγούσης καὶ τῶν κατὰ θάλατταν ἀρχούσης, ἔτι δὲ συμμάχους ἐχούσης πολλοὺς μὲν τοὺς ἐτοίμους ἡμῖν ἦν τι δέη βοηθήσοντας, πολλὸν δὲ πλείους τοὺς τὰς συντάξεις ὑποτελοῦντας καὶ τὸ προσταπτόμενον ποιοῦντας. ὧν ὑπαρχόντων ἡμᾶς μὲν ἂν τις φήσειεν εἰκὸς εἶναι θαρρεῖν ὡς πόρρω τῶν κινδύνων ὄντας, τοῖς δ' ἐχθροῖς τοῖς ἡμετέροις προσήκειν δεδιέναι καὶ βουλεύεσθαι περὶ σωτηρίας. ὕμεῖς μὲν οὖν οἴδ' ὅτι τοῦτῳ χρώμενοι τῷ λογισμῷ καὶ τῆς ἐμῆς προσόδου καταφρονεῖτε καὶ πᾶσαν ἐλπίζετε τὴν Ἑλλάδα τῇ δυνάμει ταύτῃ κατασχέσειν· ἐγὼ δὲ δι' αὐτὰ ταῦτα τυγχάνω δεδιώς. ὁρῶ γὰρ τῶν πόλεων τὰς ἄριστα πράττειν οἰομένας κάκιστα βουλευομένας, καὶ τὰς μάλιστα θαρρούσας εἰς πλεῖστον κίνδυνον καθισταμένας. αἵτιον δὲ τούτων ἐστίν, ὅτι τῶν ἀγαθῶν καὶ τῶν κακῶν οὐδὲν αὐτὸ καθ' αὐτὸ παραγίνεται τοῖς ἀνθρώποις, ἀλλὰ συντέτακται καὶ συνακολουθεῖ τοῖς μὲν πλούτοις καὶ ταῖς δυναστείαις ἄνοια καὶ μετὰ ταύτης ἀκολασία, ταῖς δὲ ἐνδεαῖς καὶ ταῖς ταπεινότησιν καὶ σωφροσύνη καὶ πολλὴ μετριότης. ὥστε χαλεπὸν εἶναι διαγνῶναι, ποτέραν ἂν τις εὖξαιτο τῶν μερίδων τούτων τοῖς παισὶ τοῖς αὐτοῦ καταλιπεῖν· ἴδοι γὰρ ἂν ἐκ μὲν τῆς φαυλοτέρας εἶναι δοκούσης ἐπὶ τὸ βέλτιον ὡς ἐπὶ τὸ πολὺ τὰς πράξεις ἐπιδιδούσας, ἐκ δὲ τῆς κρείττονος φαινομένης ἐπὶ τὸ χεῖρον εἰθισμένας μεταπίπτειν.'

Ταῦθ' ὅτι συνείληπταί τε καὶ συγκέχρωσται, καὶ οὐδὲν ἕκαστον ὄνομα ἐν ἔδρῳ περιφανεῖ καὶ πλατεία βέβηκεν οὐδὲ μακροῖς τοῖς μεταξὺ χρόνοις διείργεται καὶ διαβέβηκεν ἀπ' ἀλλήλων, ἀλλ' ἐν κινήσει φαίνεται καὶ ῥύσει συνεχεῖ, πραεῖαί τε εἰσι καὶ συνάπτουσαι τὴν λέξιν ἁρμονίαι, τὸ ἄλογον ἐπιμαρτυρεῖ τῆς ἀκοῆς πάθος. ὅτι δ' οὐκ ἄλλα τινὰ τούτων ἐστὶν αἵτια ἢ τὰ προειρημένα ὑπ' ἐμοῦ περὶ τῆς ἀγωγῆς ταύτης τῶν λόγων, ῥάδιον ἐξ ἐκείνων ἰδεῖν.

[24] Ἡ δὲ τρίτη καὶ μέση τῶν εἰρημένων ἁρμονιῶν σχῆμα μὲν ἴδιον οὐδὲν ἔχει, κεκέρασται δὲ ὡς ἐξ ἐκείνων μετρίως. καὶ ἔστιν ἐκλογὴ τις τῶν ἐν ἐκατέρῃ κρατίστων. ὧν αὕτη δοκεῖ μοι τὰ πρωτεῖα ἐπιτηδεῖα εἶναι φέρεσθαι, ἐπειδὴ μεσότης μὲν τις ἐστί· μεσότης δὲ ἡ ἀρετὴ καὶ βίων καὶ ἔργων. ὁρᾶται δὲ οὐ κατὰ ἀπαρτισμόν, ἀλλὰ ἐν πλάτει, καὶ τὰς εἰδικὰς ἔχει διαφορὰς πολλὰς· οἳ τε χρησάμενοι αὐτῇ οὐ τὰ αὐτὰ πάντες οὐδ' ὁμοίως ἐπετήδευσαν.

Κορυφὴ μὲν οὖν ἀπάντων καὶ σκοπός,

ἐξ οὗ πάντες ποταμοὶ καὶ πᾶσα θάλασσα

καὶ πᾶσαι κρῆναι, δικαίως ἂν Ὅμηρος λέγοιτο· πᾶς γὰρ αὐτῷ τόπος, ὅτου τις ἂν ἄψοιτο, ταῖς τε αὖστηραῖς καὶ ἀνθηραῖς ἁρμονίαις εἰς ἄκρον διαπεποίκιλται. τῶν δὲ ἄλλων ὅσοι τὴν αὐτὴν μεσότητα ἐπετήδευσαν, ὕστεροι μέντοι Ὀμήρου μακρῷ παρ' ἐκείνον ἐξεταζόμενοι φαίνονται· ἂν καθ' ἑαυτοὺς δὲ εἰ θεωροῖη τις αὐτούς, ἀξιοθέατοι· μελοποιῶν μὲν Στησίχορός τε καὶ Ἀλκαῖος, τραγωδοποιῶν δὲ Σοφοκλῆς, συγγραφέων δὲ Ἡρόδοτος, ῥητόρων δὲ Δημοσθένης, φιλοσόφων δὲ κατ' ἐμὴν δόξαν

Δημόκριτός τε καὶ Πλάτων καὶ Ἀριστοτέλης. τούτων γὰρ ἐτέρους εὐρεῖν ἀμήχανον ἄμεινον κεράσαντας τοὺς λόγους.

[25] Ἐπὶ τούτοις ῥητέον, πῶς γίνεται λέξις ἄμετρος ὁμοία καλῶ ποιήματι ἢ μέλει, καὶ πῶς ποίημα ἢ μέλος πεζῇ λέξει καλῇ παραπλήσιον. ἔστω δὲ παράδειγμα Δημοσθένους, ὃν ἐν τοῖς μάλιστα οἶμαι τὴν ποιητικὴν ἐκμεμάχθαι φράσιν· τίς γὰρ οὐκ ἂν ὁμολογήσειε, τοῖς κρατίστοις εἰκέναι ποιήμασί τε καὶ μέλεσι τοὺς Δημοσθένους λόγους, καὶ μάλιστα τοὺς φιλιππικοὺς καὶ τοὺς δικανικοὺς τοὺς δημοσίους; ὣν ἐνὸς τὸ προοίμιον τουτί·

Πειρατέον δὲ καὶ περὶ τούτων λέγειν, ἃ φρονῶ. Πᾶσα λέξις ἢ δίχα μέτρου συγκεκριμένη ποιητικὴν ἢ μελικὴν οἶμαι χάριν οὐ δύναται προσλαβεῖν κατὰ γοῦν τὴν σύνθεσιν αὐτὴν, ἐὰν μὴ περιέχῃ μέτρα καὶ ῥυθμούς τινας ἐγκατατεταγμένους ἀδήλους. οὐ μέντοι προσήκει γε ἔμμετρον οὐδ’ ἔρρυθμον αὐτὴν εἶναι δοκεῖν· ποίημα γὰρ οὕτως ἔσται καὶ μέλος, ἀλλ’ εὐρυθμον αὐτὴν χρὴ καὶ ἔμμετρον φαίνεσθαι μόνον. οὕτω γὰρ ἂν εἴη ποιητικὴ μέν, οὐ μὴν ποίημά γε· καὶ ἐμμελὴς μέν, οὐ μέλος δέ. ἢ μὲν γὰρ ὁμοία παραλαμβάνουσα μέτρα καὶ τεταγμένους σώζουσα ῥυθμούς καὶ κατὰ στίχον ἢ περίοδον ἢ στροφὴν διὰ τῶν αὐτῶν σχημάτων περαινομένη κἄπειτα πάλιν τοῖς αὐτοῖς ῥυθμοῖς καὶ μέτροις ἐπὶ τῶν ἐξῆς χρωμένη καὶ τοῦτο μέχρι πολλοῦ ποιοῦσα ἔρρυθμός ἐστι καὶ ἔμμετρος, καὶ ὀνόματα αὐτῇ μέτρον καὶ μέλος· ἢ δὲ πεπλανημένα μέτρα καὶ ἀτάκτους ῥυθμούς ἐμπεριλαμβάνουσα εὐρυθμός μὲν ἐστίν, ἐπειδὴ διαπεποίκιλται τισὶ ῥυθμοῖς, οὐκ ἔρρυθμός δέ, ἐπειδὴ οὐ τοῖς αὐτοῖς οὐδὲ κατὰ τὸ αὐτό. τοιαύτην δὴ φημι πᾶσαν εἶναι λέξιν ἄμετρον, ἥτις ἐμφαίνει τὸ ποιητικὸν καὶ μελικόν· ἢ δὴ καὶ τὸν Δημοσθένην κεχρησθαι φημί. αὐτίκα ἐπὶ τοῦ προτεθέντος παραδείγματος ἄρχεται μὲν ἀπὸ ἀναπαιστικοῦ στίχου τετραμέτρου· λείπεται δὲ ποδὶ τοῦ τελείου, παρ’ ὃ καὶ λέληθε· ‘Μηδεὶς ὑμῶν, ὦ ἄνδρες Ἀθηναῖοι, νομίση με’· τοῦτο γὰρ εἰ προσλάβοι πόδα, τέλειον ἀναπαιστικὸν ἔσται, ὃ καλοῦσι τινὲς Ἀριστοφάνειον· ‘Μηδεὶς ὑμῶν, ὦ ἄνδρες Ἀθηναῖοι, νομίση με παρεῖναι’· τοῦτο δὲ οὐκ ἐκ ταυτομάτου γέγονεν, ἀλλ’ ἐξ ἐπιτηδεύσεως· καὶ γὰρ καὶ τὸ συναπτόμενον τούτῳ κῶλον, εἰ διαλύσειέ τις αὐτοῦ τὴν δευτέραν συναλοιφήν, ἢ πεποίηκεν αὐτὸ ἄσημον ἐπισυνάπτουσα τῷ τρίτῳ κῶλῳ, πεντάμετρον ἐλεγειακὸν ἔσται συντετελεσμένον τουτί· ‘μήτ’ ἰδίας ἔχθρας μηδεμιᾶς ἔνεκα’· καὶ ἐνὸς δὲ τοῦ μεταξὺ κῶλου συγκεκριμένου λεκτικῶς τοῦ ‘ἥκειν Ἀριστοκράτους κατηγορήσαντα τουτουί’, τὸ συμπλεκόμενον τούτῳ πάλιν κῶλον Ἀριστοφάνειον ἐστί· ‘μήτε μικρὸν ὀρῶντά τι καὶ φαῦλον ἀμάρτημα ἐτοίμως οὕτως’ τὸ δ’ ἀκόλουθον ἴσον ἐστὶν ἱαμβικῶς τριμέτρῳ τὸν ἔσχατον ἀφηρημένῳ πόδα· ‘προάγειν ἔμαυτὸν

[26] Περὶ δὲ τῆς ἐμμελοῦς καὶ ἐμμέτρου συνθέσεως τῆς ἐχούσης πολλὴν ὁμοιότητα πρὸς τὴν πεζὴν λέξιν, πρώτη μὲν ἐστὶν αἰτία κἀναυῖθα ἡ τῶν ὀνομάτων ἀρμογή· δευτέρα δὲ ἡ τῶν κώλων σύνθεσις· τρίτη δὲ ἡ τῶν περιόδων ἐμμετρία. τὸν δὴ βουλόμενον ἐν τούτῳ τῷ μέρει κατορθοῦν δεῖ τὰ τῆς λέξεως μόρια συμμέτρως μὴ συναπαρτίζοντα τοῖς στίχοις, ἀλλὰ διατέμνοντα τὸ μέτρον, ἄνισά τε ποιεῖν αὐτὰ καὶ ἀνόμοια· πολλάκις δὲ καὶ εἰς κόμματα συνάγειν βραχύτερα κώλων· τὰς τε περιόδους μήτε ἰσομεγέθεις μήτε ὁμοιοσχήμονας τὰς γοῦν παρακειμένας ἀλλήλαις ἐργάζεσθαι· ἔγγιστα γὰρ φαίνεται λόγοις τὸ περὶ τοὺς ῥυθμοὺς καὶ τὰ μέτρα πεπλανημένον·

ΔΙΟΝΥΣΙΟΥ ΛΑΙΚΑΡΝΑΣΕΩΣ ΠΕΡΙ ΜΙΜΗΣΕΩΣ

[26] Ῥητορική ἐστὶ δύναμις τεχνικὴ πιθανοῦ λόγου ἐν πράγματι πολιτικῷ, τέλος ἔχουσα τὸ εὖ λέγειν.

[31.3.2] Φιλίστου δὲ καὶ Ξενοφῶντος * * ὁ μὲν Ξενοφῶν Ἡροδότου ζηλωτὴς ἐγένετο κατὰ τε τὰς πραγματικὰς ἀρετὰς <καὶ τὰς λεκτικὰς· καὶ τῷ μὲν πραγματικῷ τύπῳ οὐχ ἥττων Ἡροδότου κατὰ τε τὰς ὑποθέσεις> καὶ τὰς οἰκονομίας καὶ τὰ ἠθικά, τῷ δὲ λεκτικῷ πῃ μὲν ὁμοιος, πῃ δὲ ἐλάττων· ἐκλεκτικὸς μὲν γὰρ καὶ καθαρὸς τοῖς ὀνόμασι, καὶ σαφὴς καὶ ἐναργής, καὶ κατὰ τὴν σύνθεσιν ἡδὺς καὶ εὐχαρις, ὥς καὶ πλεῖον <ἔχει> ἐκείνου· ὕψους δὲ καὶ μεγαλοπρεπείας καὶ καθόλου τοῦ ἱστορικοῦ πλάσματος οὐκ ἐπέτυχεν· ἀλλ' οὐδὲ τοῦ πρέποντος τοῖς προσώποις πολλάκις ἐστοχάσατο, περιτιθεὶς ἀνδράσιν ἰδιώταις καὶ βαρβάροις ἔσθ' ὅτε λόγους φιλοσόφους, λέξει χρώμενος διαλόγοις πρεπούσῃ μᾶλλον ἢ στρατιωτικοῖς κατορθώμασι. Φίλιστος δὲ μιμητὴς ἔστι Θουκυδίδου, ἔξω τοῦ ἥθους· ὧ μὲν γὰρ ἐλεύθερον καὶ φρονήματος μεστόν· τοῦτ' δὲ θεραπευτικὸν τῶν τυράννων καὶ δοῦλον πλεονεξίας. ἐζήλωκεν δὲ πρῶτον μὲν τὸ τὴν ὑπόθεσιν ἀτελῆ καταλιπεῖν τὸν αὐτὸν ἐκείνῳ τρόπον· οὐ μὴν ἀλλὰ καὶ τὴν ἀταξίαν αὐτοῦ τῆς οἰκονομίας· καὶ δυσπαρακολούθητον τὴν πραγματείαν τῇ συγχύσει τῶν εἰρημένων πεποίηκεν. τῆς <δὲ> λέξεως τὸ μὲν γλωσσηματικὸν καὶ περιέργον οὐκ ἐζήλωκεν Θουκυδίδου· τὸ δὲ στρογγύλον καὶ πυκνὸν καὶ εὐτονον καὶ ἐναγώνιον πάννυ ἀκριβῶς ἀπεμάξατο, οὐ μὴν ὁμοίως τὴν καλλιλογίαν καὶ τὴν σεμνότητα καὶ τὴν ἀφθονίαν τῶν ἐνθυμημάτων, καὶ τὰ βάρη καὶ τὰ πάθη καὶ τοὺς σχηματισμοὺς. μικρὸς δὲ ἐστὶ καὶ ταπεινὸς κομιδῇ ταῖς ἐκφράσεσιν ἥτοι τόπων ἢ ναυμαχιῶν ἢ πεζῶν παρατάξεων ἢ οἰκισμοῦ πόλεων. οὐδὲ ὁ λόγος τῷ μεγέθει τοῦ πράγματος ἐξισοῦται. συνετὸς μέντοι κατὰ τὴν ἐρμηνείαν. Θουκυδίδου <δὲ> πρὸς τοὺς ἀληθεῖς ἀγῶνας ὠφελιμώτερος.

[31.3.3] Θεόπομπος δὲ ὁ Χῖος πρῶτον μὲν ἐν τῷ προέλεσθαι τοιαύτας ἱστορίας ὑποθέσεις ἄξιός τ' ἐστίν· μετὰ δέ, οἰκονομίας (ἔχει γοῦν τὸ εὐπαρακολούθητον καὶ σαφὲς ἢ γραφὴ)· ἔτι δὲ καὶ τῆς ποικιλίας τῆς ἐν τοῖς πράγμασιν· οὐ μὴν ἀλλὰ καὶ τῆς ἐφ' ἑκάστοις παρρησίας καὶ τοῦ μηδὲ τὰς ἀπορρήτους τῶν γενομένων ἢ λεχθέντων αἰτίας ἀποκρύψασθαι, στοχάσασθαι δ' ἀκριβῶς τῆς τῶν εἰπόντων ἢ πεπονηκότων γνώμης. τὸ <δὲ> λεκτικὸν αὐτοῦ τῷ Ἰσοκρατικῷ παραπλήσιον, πλὴν ὅσον πικρόν ἐστι καὶ σφόδρα ἔντονον, τὰ δ' ἄλλα ὁμοία ἢ λέξεις· καὶ γὰρ κοινὴ καὶ σαφὴς καὶ μεγαλοπρεπὴς καὶ σεμνὴ καὶ πομπικὴ, συνθέσεως τετυχηκυῖα τῆς πρὸς

ἡδονήν. πονηρά δὲ ἡ πολλὴ τῆς τῶν φωνηέντων φυλακὴ συγκρούσεως καὶ <αἰ> κατεπιτετηδευμέναι κυκλικαὶ περίοδοι καὶ <οἱ> ὁμοιειδεῖς τῶν σχηματισμῶν. διήμαρτεν δὲ καὶ ὁμαλότητος πραγματικῆς κατὰ τὰς τῶν παρεκβάσεων ἐπεισαγωγάς· καὶ γὰρ ψυχρῶς ἔναι καὶ ἀκαίρως λέγονται, καθάπερ τὰ περὶ τὸν ἐν Μακεδονίᾳ Σιληνὸν ἱστορηθέντα καὶ τὰ περὶ τὸν δράκοντα τὸν πρὸς τὴν τριήρη ναυμαχοῦντα.

[31.4,1] [Τῶν φιλοσόφων δ' ἀναγνωστέον τοὺς τε Πυθαγορικοὺς τῆς σεμνότητος καὶ τῶν ἡθῶν καὶ τῶν δογμάτων ἔνεκεν· οὐ μὴν ἀλλὰ καὶ τῆς ἀπαγγελίας· μεγαλοπρεπεῖς γὰρ τῇ λέξει καὶ ποιητικοί· καὶ οὐδὲ παραλυποῦσι τὴν σαφήνειαν κεκραμένη τῇ διαλέκτῳ χρώμενοι.] μιμητέον δὲ μάλιστα Ξενοφῶντα καὶ Πλάτωνα τῶν τε ἡθῶν χάριν καὶ τῆς ἡδονῆς καὶ τῆς μεγαλοπρεπειάς. παραληπτέον δὲ καὶ Ἀριστοτέλην εἰς μίμησιν τῆς τε περὶ τὴν ἐρμηνείαν δεινότητος καὶ τῆς σαφηνείας, καὶ τοῦ ἡδέος καὶ πολυμαθοῦς· τοῦτο γὰρ ἔστι μάλιστα παρὰ τοῦ ἀνδρὸς τοῦτου λαβεῖν. φιλοτιμώμεθα δ' αὐτοῦ καὶ τοῖς μαθηταῖς ἐντυγχάνειν, οὐδὲν ἐλάττωνος οὔσι σπουδῆς ἀξίους.

[31.4,2] Ἐπειδὴ τοίνυν τὰ περὶ τῶν ἄλλων ἀναγνωσμάτων ἐστὶν ἡμῖν κεφαλαιωδῶς ἐξεργασμένα, ῥητέον λοιπὸν καὶ ὁ παρὰ τῶν ῥητόρων ἔστιν ἐκάστου λαβεῖν· ὁ δὲ καὶ μᾶλλον ἡμῖν ἀναγκαῖον.

[31.5,1] Ὁ Λυσιακὸς λόγος πρὸς τὸ χρήσιμον καὶ ἀναγκαῖον ἐστὶν αὐτάρκης, καὶ τὸ μὲν αὐχμηρὸν ἐκπεφευγώς, πάνυ δὲ λιτὸς καὶ ἰσχνὸς κατὰ τὴν ἀπαγγελίαν. ἔστι δὲ κομψὸς καὶ ἐναλήθης, καὶ τῷ ἀπτικισμῷ εὐχαρις· οὐ μὴν ἀτεχνῶς αὐξητικὸς, πλὴν τοῦ σκοποῦ λεληθότως ἐπιτυγχάνων, μετ' ἀκροτάτης τῆς κατὰ τὴν χάριν ἡδονῆς, ὡς ἀναγινωσκόμενον μὲν οὐ χαλεπὸν νομίζεσθαι, χαλεπὸν δὲ εὐρίσκεσθαι ζηλοῦν πειρωμένοις. μάλιστα δὲ ἐπιτευκτικὸς ἐν ταῖς διηγήσεσιν· ἰσχνότητι γὰρ τῆς φράσεως σαφῇ καὶ ἀπηκριβωμένην [31.5,2] ἔχουσι τὴν τῶν πραγμάτων ἔκθεσιν. Ὁ δὲ Ἰσοκρατικὸς κομψεύεται μὲν, ἀλλὰ μετὰ σεμνότητος, καὶ πανηγυρικώτερός ἐστι μᾶλλον ἢ δικανικώτερος. ἔχει δὲ τὸν κόσμον μετὰ ἐναργείας, καὶ πομπικὸς ἐστὶ πέρα τοῦ ἀνυστικοῦ καὶ χρησίμου· οὐ μὴν ἀγωνιστικὸς, περιγράφων δὲ τὴν ἀπαγγελίαν ταῖς περιόδοις, καὶ ὅλως σεμνότητα σωφρονίζων λιτότητι, τὸ δὲ λιτὸν ἐξαίρων *
* καὶ αὐτοῦ μάλιστα ζηλωτέον τὴν τε τῶν ὀνομάτων ἐκλογὴν καὶ συνέχειαν καὶ τὸ τῆς ὅλης [31.5,3] ἰδέας ἐπιδεικτικόν. Ὁ δὲ Λυκούργειός ἐστι διὰ παντὸς αὐξητικὸς καὶ διηρμένος καὶ σεμνός, καὶ ὅλως κατηγορικὸς καὶ φιλαλήθης καὶ παρρησιαστικὸς· οὐ μὴν ἀστεῖος οὐδὲ ἡδύς, ἀλλὰ ἀναγκαῖος. τοῦτου χρῆ [31.5,4] ζηλοῦν μάλιστα τὰς δεινώσεις. Ὁ δὲ Δημοσθενικὸς εὐτόνος τῇ φράσει <καὶ> κεκραμένος τοῖς ἡθεσι καὶ λέξεων ἐκλογῇ κεκοσμημένος καὶ χρώμενος τάξει τῇ κατὰ τὸ συμφέρον καὶ μετὰ τοῦ σεμνοῦ τὴν χάριν ἔχων καὶ συνεχής· οἷς μάλιστα δικασταὶ κατέχονται.

[31.5,5] Ὁ δὲ Αἰσχίνειος ἀτονώτερος μὲν τοῦ Δημοσθενικοῦ, ἐν δὲ τῇ τῶν λέξεων ἐκλογῇ πομπικὸς ἅμα καὶ δεινός· καὶ οὐ πάνυ μὲν ἔντεχνος, τῇ δὲ παρὰ τῆς φύσεως εὐχερέϊα κεχορηγημένος· καὶ σφόδρα ἐνεργῆς καὶ βαρὺς καὶ αὐξητικὸς καὶ πικρός, καὶ ἡδύς μὲν αὐτόθεν ἐντυχόντι, [31.5,6] σφοδρὸς

δὲ ἐξετασθεῖς. Ὁ δὲ Ὑπερείδης εὖστοχος μὲν, σπάνιον δ' αὐξητικός· καὶ τῇ μὲν τῆς φράσεως κατασκευῇ Λυσίαν ὑπερηρκώς, τῇ δὲ τῆς εὐρέσεως πανουργία πάντας. ἔτι δὲ τοῦ κρινομένου διὰ παντὸς ἔχεται, καὶ τοῖς ἀναγκαίοις τοῦ πράγματος προσπέφυκεν, καὶ συνέσει πολλῇ κεχορήγηται, καὶ χάριτος μεστός ἐστι· καὶ δοκῶν ἀπλοῦς οὐκ ἀπήλλακται δεινότητος. τούτου ζηλωτέον μάλιστα τῶν διηγήσεων τὸ λεπτόν καὶ σύμμετρον, ἔτι δὲ καὶ τὰς ἐφόδους, ὥς ἐπὶ τὰ πράγματα βαδίζει.

[31,5,7] Καί μοι καὶ τῶν ῥητόρων οὗτοι κεχακτηρισμένοι καὶ δεδειγμένοι, τίνος ἀρετῆς ἐπιλημμένοι εἰς ὠφέλειαν τῶν ἐντυγχανόντων ἕκαστος συνεισφέρει. τούτου δὲ ἕνεκα τὰς τῶν προειρημένων ἀπάντων ἰδέας διεξῆλθον, ὥς ὑποδεδειχθαι τὸν τρόπον τῆς ἐπιμελοῦς ἀναγνώσεως, ἐξ ἧς ὑπάρξει τὸ παρ' ἑκάστοις κατορθούμενον αἰρουμένοις μήτε παρέργως τοῖς παλαιοῖς ἐντυγχάνειν μήτε λεληθότως τὴν ὠφέλειαν προσγινομένην περιμένειν ἀλλ' ἐπιστημόνως, ἄλλως τε καὶ κοσμήσειν μέλλουσι τὸν λόγον τοῖς παρὰ πάντων πλεονεκτήμασιν· ἃ καὶ αὐτὰ μὲν οἰκεία φύσει τέρπει, εἰ δὲ καὶ κερασθεῖη διὰ τῆς τέχνης εἰς ἐνὸς τύπον λογικοῦ σώματος, βελτίων ἢ φράσις τῇ μίξει γίνεται.

[31A] Ὅτι ζωγράφος τις κάλλος ἄριστον γράφαι βουλόμενος τὰς κατὰ τὴν χώραν καλὰς γυναῖκας συνήθροισε, καὶ ἄφ' ἑκάστης τὸ τῶν μελῶν μιμούμενος κάλλιστον, τῆς μὲν ὀφθαλμούς, τῆς δὲ ῥῖνα, τῆς δὲ ὀφρύας καὶ ἄπ' ἄλλης ἄλλο (οὐδὲ γὰρ ἦν ἀπάσας καλὰ φέρειν τὰ πάντα), κάλλιστον εἶδος ἀπηκριβώσατο. ἔοικε δὲ τοῦτο λαβεῖν ἐκ τοῦ Ὁμήρου. καὶ γὰρ ἐκεῖνος ὑπογράφων τὸν Ἀγαμέμνονα [B 478 s]

ὄμματα (μὲν φησί) καὶ κεφαλὴν ἱκελος Διὶ <τερπικεραύνω>,

Ἄρει δὲ ζώνην, στέρνον δὲ Ποσειδάωνι.

[34] Γοργίας μὲν τὴν ποιητικὴν ἐρμηνείαν μετήνεγκεν εἰς λόγους πολιτικούς, οὐκ ἀξιῶν ὅμοιον τὸν ῥήτορα τοῖς ἰδιώταις εἶναι. Λυσίας δὲ τὸνναντίον ἐποίησε· τὴν γὰρ φανεράν ἅπασι καὶ τετριμμένην λέξιν ἐζήλωσεν ἔγγιστα νομίζων εἶναι τοῦ πεῖσαι τὸν ἰδιώτην τὸ κοινὸν τῆς ὀνομασίας καὶ ἀφελές· ἥκιστα γὰρ ἂν τις εὖροι τὸν Λυσίαν τροπικῇ καὶ μεταφορικῇ λέξει κεκρημένον· σεμνὰ δὲ καὶ περιττὰ καὶ μεγάλα φαίνεσθαι τὰ πράγματα ποιεῖ τοῖς κοινοτάτοις ὀνόμασι χρώμενος καὶ ποιητικῆς οὐχ ἀπτόμενος κατασκευῆς.

[35] δοκεῖ μὲν γὰρ ἀπολήτός τις εἶναι καὶ ἀτεχνίτευτος ὁ τῆς ἐρμηνείας αὐτοῦ (τοῦ Λυσίου) χαρακτήρ, καὶ πολλοῖς ἂν καὶ τῶν φιλολόγων παράσχοι δόξαν, ὅτι ἀνεπιτηδεύτως καὶ οὐ κατὰ τέχνην, αὐτομάτως δέ πως καὶ ὥς ἔτυχε σύγκειται. ἔστι δὲ παντὸς ἔργου μᾶλλον τεχνικοῦ κατεσκευασμένος· πεποίηται γὰρ αὐτοῦ τὸ ἀπολήτον καὶ δέδεται τὸ λελυμένον, καὶ ἐν αὐτῷ τῷ μὴ δοκεῖν δεινῶς κατεσκευάσθαι τὸ δεινὸν ἔχει.

ΔΙΟΝΥΣΙΟΥ ΑΛΙΚΑΡΝΑΣΕΩΣ ΠΕΡΙ ΤΩΝ ΑΡΧΑΙΩΝ ΡΗΤΟΡΩΝ

[1] Πολλήν χάριν ἦν εἰδέναι τῷ καθ' ἡμᾶς χρόνῳ δίκαιον, ὃ κράτιστε Ἀμμαῖε, καὶ ἄλλων μὲν τινῶν ἐπιτηδευμάτων ἔνεκα νῦν κάλλιον ἀσκουμένων ἢ πρότερον, οὐχ ἥκιστα δὲ τῆς περὶ τοὺς πολιτικοὺς λόγους ἐπιμελείας οὐ μικρὰν ἐπίδοσιν πεποιημένης ἐπὶ τὰ κρείττω. ἐν γὰρ δὴ τοῖς πρὸ ἡμῶν χρόνοις ἡ μὲν ἀρχαία καὶ φιλόσοφος ῥητορικὴ προπηλακίζομένη καὶ δεινὰς ὕβρεις ὑπομένουσα κατελύετο, ἀρξαμένη μὲν ἀπὸ τῆς Ἀλεξάνδρου τοῦ Μακεδόνος τελευτῆς ἐκπνεῖν καὶ μαραίνεισθαι κατ' ὀλίγον, ἐπὶ δὲ τῆς καθ' ἡμᾶς ἡλικίας μικροῦ δεήσασα εἰς τέλος ἠφανίσθαι. ἑτέρα δὲ τις ἐπὶ τὴν ἐκείνης παρελθοῦσα τάξιν, ἀφόρητος ἀναιδείᾳ θεατρικῇ καὶ ἀνάγωγος καὶ οὔτε φιλοσοφίας οὔτε ἄλλου παιδεύματος οὐδενὸς μετεληφυῖα ἐλευθερίου, λαθοῦσα καὶ παρακρουσαμένη τὴν τῶν ὀχλῶν ἄγνοιαν, οὐ μόνον ἐν εὐπορίᾳ καὶ τρυφῇ καὶ μορφῇ πλείονι τῆς ἑτέρας διήγεν, ἀλλὰ καὶ τὰς τιμὰς καὶ τὰς προστασίας τῶν πόλεων, ἃς ἔδει τὴν φιλόσοφον ἔχειν, εἰς ἑαυτὴν ἀνηρτήσατο καὶ ἦν φορτικὴ τις πάνυ καὶ ὀχληρὰ καὶ τελευτῶσα παραπλησίαν ἐποίησε γενέσθαι τὴν Ἑλλάδα ταῖς τῶν ἀσώτων καὶ κακοδαιμόνων οἰκίαις. ὥπερ γὰρ ἐν ἐκείναις ἡ μὲν ἐλευθέρα καὶ σώφρων γαμετὴ κάθηται μηδενὸς οὔσα τῶν αὐτῆς κυρία, ἑταίρα δὲ τις ἄφρων ἐπ' ὀλέθρῳ τοῦ βίου παροῦσα πάσης ἀξιοῖ τῆς οὐσίας ἄρχειν, σκυβαλίζουσα καὶ δεδιττομένη τὴν ἑτέραν· τὸν αὐτὸν τρόπον ἐν πάσῃ πόλει καὶ οὐδεμιᾶς ἦττον ἐν ταῖς εὐπαιδεύτοις (τουτὶ γὰρ ἀπάντων τῶν κακῶν ἕσχατον) ἡ μὲν Ἀττικὴ μοῦσα καὶ ἀρχαία καὶ αὐτόχθων ἄτιμον εἰλήφει σχῆμα, τῶν ἑαυτῆς ἐκπεσοῦσα ἀγαθῶν, ἡ δὲ ἐκ πινῶν βαράθρων τῆς Ἀσίας ἐχθρὸς καὶ πρῶην ἀφικομένη, Μυσὴ ἢ Φρυγίᾳ τις ἢ Καρικόν τι κακόν, [ἢ βάρβαρον] Ἑλληνίδας ἡξίου διοικεῖν πόλεις ἀπελάσασα τῶν κοινῶν τὴν ἑτέραν, ἡ ἀμαθὴς τὴν φιλόσοφον καὶ ἡ μαινομένη τὴν σώφρονα.

[2] ἀλλὰ γὰρ οὐ μόνον ἀνδρῶν δικαίων χρόνος σωτὴρ ἄριστος· κατὰ Πίνδαρον, ἀλλὰ καὶ τεχνῶν νῆ Δία καὶ ἐπιτηδευμάτων γε καὶ παντὸς ἄλλου σπουδαίου χρήματος. ἔδειξε δὲ ὁ καθ' ἡμᾶς χρόνος, εἴτε θεῶν τινος ἄρξαντος εἴτε φυσικῆς περιόδου τὴν ἀρχαίαν τάξιν ἀνακυκλούσης εἴτε ἀνθρωπίνης ὁρμῆς ἐπὶ τὰ ὅμοια πολλοὺς ἀγούσης, καὶ ἀπέδωκε τῇ μὲν ἀρχαίᾳ καὶ σώφρονι ῥητορικῇ τὴν δικαίαν τιμὴν, ἣν καὶ πρότερον εἶχε καλῶς, ἀπολαβεῖν, τῇ δὲ νέᾳ καὶ ἀνοήτῳ παύσασθαι δόξαν οὐ προσήκουσαν καρπούμενῃ καὶ ἐν ἀλλοτρίοις ἀγαθοῖς τρυφῶσῃ. καὶ οὐ καθ' ἑν ἴσως τοῦτο μόνον ἐπαινεῖν τὸν παρόντα χρόνον καὶ τοὺς συμφιλοσοφοῦντας ἀνθρώπους ἄξιον, ὅτι τὰ κρείττω τιμιώτερα ποιεῖν τῶν χειρόνων ἤρξαντο (καίτοι μέρος γε τοῦ παντὸς ἡμῖς ἀρχὴ λέγεται τε καὶ ἔστιν), ἀλλ' ὅτι καὶ ταχεῖαν τὴν μεταβολὴν καὶ μεγάλην τὴν ἐπίδοσιν αὐτῶν παρεσκεύασε γενέσθαι. ἔξω γὰρ ὀλίγων τινῶν Ἀσιανῶν πόλεων, αἷς

δι' ἀμαθίαν βραδεῖα ἔστιν ἡ τῶν καλῶν μάθησις, αἱ λοιπαὶ πέπαινοντο τοὺς φορτικοὺς καὶ ψυχροὺς καὶ ἀναισθητοὺς ἀγαπῶσαι λόγους, τῶν μὲν πρότερον μέγα ἐπ' αὐτοῖς φρονούντων αἰδουμένων ἤδη καὶ κατὰ μικρὸν ἀπαυτομολούντων πρὸς τοὺς ἑτέρους, εἰ μὴ τινες παντάπασιν ἀνιάτως ἔχουσι, τῶν δὲ νεωστὶ τοῦ μαθήματος ἀπτομένων εἰς καταφρόνησιν ἀγόντων τοὺς λόγους καὶ γέλωτα ποιουμένων τὴν ἐπ' αὐτοῖς σπουδὴν.

[3] αἰτία δ' οἷμαι καὶ ἀρχὴ τῆς τοσαύτης μεταβολῆς ἐγένετο ἡ πάντων κρατοῦσα Ῥώμη πρὸς ἑαυτὴν ἀναγκάζουσα τὰς ὅλας πόλεις ἀποβλέπειν καὶ ταύτης δὲ αὐτῆς οἱ δυναστεύοντες κατ' ἀρετὴν καὶ ἀπὸ τοῦ κρατίστου τὰ κοινὰ διοικοῦντες, εὐπαίδευτοι πάνυ καὶ γενναῖοι τὰς κρίσεις γενόμενοι, ὑφ' ὧν κοσμούμενον τό τε φρόνιμον τῆς πόλεως μέρος ἔτι μᾶλλον ἐπιδέδωκεν καὶ τὸ ἀνόητον ἠνάγκασται νοῦν ἔχειν. τοιγάρτοι πολλὰ μὲν ἱστορίαι σπουδῆς ἄξιαι γράφονται τοῖς νῦν, πολλοὶ δὲ λόγοι πολιτικοὶ χαρίεντες ἐκφέρονται φιλόσοφοί τε συντάξεις οὐ μὰ Δία εὐκαταφρόνητοι ἄλλαι τε πολλὰ καὶ καλὰ πραγματεῖαι καὶ Ῥωμαίοις καὶ Ἕλλησιν εὖ μάλα διεσπουδασμένοι προεληλύθασιν τε καὶ προελεύσονται κατὰ τὸ εἶκος. καὶ οὐκ ἂν θαυμάσαιμι τηλικαύτης μεταβολῆς ἐν τούτῳ τῷ βραχεῖ χρόνῳ γεγεννημένης, εἰ μηκέτι χωρήσει προσωτέρω μιᾶς γενεᾶς ὁ ζῆλος ἐκείνος τῶν ἀνοήτων λόγων· τὸ γὰρ ἐκ παντὸς εἰς ἐλάχιστον συναχθὲν ῥάδιον ἐξ ὀλίγου μηδὲ εἶναι.

[4] ἀλλὰ γὰρ τὸ μὲν εὐχαριστεῖν τῷ μεταβάλλοντι τὰ πράγματα χρόνῳ καὶ τὸ τοὺς τὰ κράτιστα προαιρουμένους ἐπαινεῖν καὶ τὸ τὰ μέλλοντα ἐκ τῶν γεγονότων εἰκάζειν καὶ πάντα τὰ παραπλήσια τούτοις, ἃ κἂν ὁ τυχὼν εἰπεῖν δύναίτο, ἀφήσω, ἐξ ὧν δ' ἂν ἔτι μεῖζω λάβοι τὰ κρείττονα ἰσχύν, ταῦτα πειράσομαι λέγειν, ὑπόθεσιν τοῦ λόγου κοινὴν καὶ φιλάνθρωπον καὶ πλείστα δυναμένην ὠφελῆσαι λαβών. ἔστι δὲ ἡδε, τίνες εἰσὶν ἀξιολογώτατοι τῶν ἀρχαίων ῥητόρων τε καὶ συγγραφέων καὶ τίνες αὐτῶν ἐγένοντο προαιρέσεις τοῦ τε βίου καὶ τῶν λόγων καὶ τί παρ' ἐκάστου δεῖ λαμβάνειν ἢ φυλάττεσθαι, καλὰ θεωρήματα καὶ ἀναγκαῖα τοῖς ἀσκοῦσι τὴν πολιτικὴν φιλοσοφίαν καὶ οὐ δήπου μὰ Δία κοινὰ οὐδὲ κατημαξευμένα τοῖς πρότερον. ἐγὼ γοῦν οὐδεμιᾷ τοιαύτῃ περιτυχὼν οἶδα γραφῇ, πολλὴν ζήτησιν αὐτῶν ποιησάμενος. οὐ μέντοι διαβεβαιοῦμαι γε ὡς δὴ καὶ σαφῶς εἰδώς· τάχα γὰρ ἂν εἶέν τινες αἱ ἐμὲ διαλανθάνουσαι τοιαῦται γραφαί, τὸ δὲ τῆς ἀπάντων ἱστορίας ὅρον ἑαυτὸν ποιεῖν καὶ περὶ τοῦ μὴ γεγονέναι τι τῶν δυνατῶν γενέσθαι λέγειν αὐθαδὲς πάνυ καὶ οὐ πόρρω μανίας. περὶ μὲν οὖν τούτων οὐδὲν ἔχω, καθάπερ ἔφην, διαβεβαιοῦσθαι. τῶν δὲ ῥητόρων τε καὶ συγγραφέων, ὑπὲρ ὧν ὁ λόγος, πολλῶν πάνυ ὄντων καὶ ἀγαθῶν τὸ μὲν ὑπὲρ ἀπάντων γράφειν μακροῦ λόγου δεόμενον ὁρῶν ἐάσω, τοὺς δὲ χαριεστάτους ἐξ αὐτῶν προχειρισάμενος κατὰ τὰς ἡλικίας ἐρῶ περὶ ἐκάστου, νῦν μὲν περὶ τῶν ῥητόρων, ἐὰν δὲ ἐγχωρῇ, καὶ περὶ τῶν ἱστορικῶν. ἔσονται δὲ οἱ παραλαμβανόμενοι ῥήτορες τρεῖς μὲν ἐκ τῶν πρεσβυτέρων, Λυσίας Ἰσοκράτης Ἰσαῖος, τρεῖς δ' ἐκ τῶν ἐπακμασάντων τούτοις, Δημοσθένης Ὑπερίδης Αἰσχίνης, οὓς ἐγὼ τῶν ἄλλων ἡγοῦμαι κρατίστους, καὶ διαιρεθῆσεται μὲν εἰς δύο συντάξεις ἡ πραγματεία, τὴν δὲ

ἀρχὴν ἀπὸ ταύτης λήψεται τῆς ὑπὲρ τῶν πρεσβυτέρων γραφείσης.
προειρημένων δὴ τούτων ἐπανάγειν καιρὸς ἐπὶ τὰ προκείμενα.

ΛΥΣΙΑΣ ΣΥΡΑΚΟΥΣΙΟΣ ΠΑΤΡΟΘΕΝ

[1] Λυσίας ὁ Κεφάλου Συρακουσίων μὲν ἦν γονέων, ἐγεννήθη δὲ Ἀθήνησι μετοικοῦντι τῷ πατρὶ καὶ συνεπαιδεύθη τοῖς ἐπιφανεστάτοις Ἀθηναίων. ἔτη δὲ πεντεκαίδεκα γεγονώς εἰς Θουρίους ὤχετο πλέων σὺν ἀδελφοῖς δυσὶν, κοινωνήσων τῆς ἀποικίας, ἣν ἔστελλον Ἀθηναῖοί τε καὶ ἡ ἄλλη Ἑλλάς δωδεκάτῳ πρότερον ἔτει τοῦ Πελοποννησιακοῦ πολέμου, καὶ διετέλεσεν αὐτόθι πολιτευόμενος ἐν εὐπορίᾳ πολλῇ καὶ «παιδευόμενος παρὰ Τισίᾳ τε καὶ Νικίᾳ» μέχρι τῆς συμφορᾶς τῆς κατασχούσης Ἀθηναίους ἐν Σικελίᾳ. μετ' ἐκεῖνο δὲ τὸ πάθος στασιάσαντος τοῦ δήμου ἐκπίπτει σὺν ἄλλοις τριακοσίοις ἀττικισμὸν ἐγκληθεῖς. καὶ παραγενόμενος αὖθις εἰς Ἀθήνας κατὰ ἄρχοντα Καλλίαν, ἔβδομον καὶ τετταρακοστὸν ἔτος ἔχων, ὡς ἂν τις εἰκάσειεν, ἐξ ἐκείνου τοῦ χρόνου διετέλεσε τὰς διατριβὰς ποιούμενος Ἀθήνησι. πλείστους δὲ γράψας λόγους εἰς δικαστήριά τε καὶ βουλὰς καὶ πρὸς ἐκκλησίας εὐθέτους, πρὸς δὲ τούτοις πανηγυρικούς, ἐρωτικούς, ἐπιστολικούς, τῶν μὲν ἔμπροσθεν γενομένων ῥητόρων ἢ κατὰ τὸν αὐτὸν χρόνον ἀκμασάντων ἠφάνισε τὰς δόξας, τῶν δὲ ἐπιγινομένων οὔτε πολλοῖς τισι κατέλιπεν ὑπερβολὴν οὔτ' ἐν ἀπάσαις ταῖς ἰδέαις τῶν λόγων καὶ μὰ Δί' οὔ τί γε ταῖς φανλοτάταις. τίνι δὲ κέχρηται χαρακτηρίῳ λόγων καὶ τίνας ἀρετὰς εἰσενήνεκται τίνι τε κρείττων ἐστὶ τῶν μεθ' ἑαυτὸν ἀκμασάντων καὶ πῇ καταδεέστερος καὶ τί δεῖ λαμβάνειν παρ' αὐτοῦ, νῦν ἤδη πειράσομαι λέγειν.

[2] καθαρὸς ἐστὶ τὴν ἐρμηνεῖαν πάνυ καὶ τῆς Ἀττικῆς γλώττης ἄριστος κανὼν, οὗ τῆς ἀρχαίας, ἣ κέχρηται Πλάτων τε καὶ Θουκυδίδης, ἀλλὰ τῆς κατ' ἐκεῖνον τὸν χρόνον ἐπιχωριαζούσης, ὡς ἔστι τεκμήρασθαι τοῖς τε Ἀνδοκίδου λόγοις καὶ τοῖς Κριτίου καὶ ἄλλοις συχνοῖς. κατὰ τοῦτο μὲν δὴ τὸ μέρος, ὃ πέρ ἐστι πρῶτόν τε καὶ κυριώτατον ἐν λόγοις, λέγω δὲ τὸ καθαρεῦειν τὴν διάλεκτον, οὐθεὶς τῶν μεταγενεστέρων αὐτὸν ὑπερεβάλετο, ἀλλ' οὐδὲ μιμήσασθαι πολλοὶ δύναμιν ἔσχον ὅτι μὴ μόνος Ἰσοκράτης· καθαρῶτατος γὰρ δὴ τῶν ἄλλων μετὰ Λυσίαν ἐν τοῖς ὀνόμασιν οὗτος ἔμοιγε δοκεῖ γενέσθαι ὁ ἀνὴρ. μίαν μὲν δὴ ταύτην ἀρετὴν ἀξίαν ζήλου καὶ μιμήσεως εὐρίσκω παρὰ τῷ ῥήτορι καὶ παρακελευσαίμην ἂν τοῖς βουλομένοις καθαρῶς γράφειν ἢ λέγειν ἐκεῖνον τὸν ἄνδρα ποιεῖσθαι παράδειγμα ταύτης τῆς ἀρετῆς.

[3] ἑτέραν δὲ καὶ οὐδὲν ἐλάττωνα ταύτης, ἣν πολλοὶ μὲν ἐζήλωσαν τῶν κατὰ τὸν αὐτὸν χρόνον ἀκμασάντων, οὐδεὶς δὲ βεβαιότερον ἀπεδείξατο· τίς δ' ἔστιν αὕτη; ἢ διὰ τῶν κυρίων τε καὶ κοινῶν καὶ ἐν μέσῳ κειμένων ὀνομάτων ἐκφέρουσα τὰ νοοῦμενα «ἐρμηνεῖα». ἥκιστα γὰρ ἂν τις εὖροι Λυσίαν τροπικῇ φράσει χρησάμενον. καὶ οὐκ ἐπὶ τούτῳ μόνον ἐπαινεῖν αὐτὸν ἄξιον, ἀλλ' ὅτι καὶ σεμνὰ καὶ περιττὰ καὶ μεγάλα φαίνεσθαι τὰ πράγματα ποιεῖ τοῖς κοινοτάτοις χρώμενος ὀνόμασι καὶ ποιητικῆς οὐχ

ἀπτόμενος κατασκευῆς. τοῖς δὲ προτέροις οὐχ αὕτη ἡ δόξα ἦν, ἀλλὰ βουλόμενοι κόσμον τινὰ προσεῖναι τοῖς λόγοις ἐξήλλαττον τὸν ιδιώτην καὶ κατέφευγον εἰς τὴν ποιητικὴν φράσιν, μεταφοραῖς τε πολλαῖς χρώμενοι καὶ ὑπερβολαῖς καὶ ταῖς ἄλλαις τροπικαῖς ἰδέαις, ὀνομάτων τε γλωττηματικῶν καὶ ξένων χρήσει καὶ τῶν οὐκ εἰωθότων σχηματισμῶν τῇ διαλλαγῇ καὶ τῇ ἄλλῃ καινολογίᾳ καταπληττόμενοι τὸν ιδιώτην. δηλοῖ δὲ τοῦτο Γοργίας τε ὁ Λεοντῖνος, ἐν πολλοῖς πάνυ φορτικὴν τε καὶ ὑπέρογκον ποιῶν τὴν κατασκευὴν καὶ ‘οὐ πόρρω διθυράμβων τινῶν’ ἔνια φθεγγόμενος, καὶ τῶν ἐκείνου συνουσιαστῶν οἱ περὶ Λικύμνιον τε καὶ Πῶλον. ἦψατο δὲ καὶ τῶν Ἀθήνησι ῥητόρων ἡ ποιητικὴ τε καὶ τροπικὴ φράσις, ὥς μὲν Τίμαιός φησι, Γοργίου ἄρξαντος ἡνίκ’ Ἀθήναζε πρεσβεύων κατεπλήξατο τοὺς ἀκούοντας τῇ δημηγορίᾳ, ὥς δὲ τάληθές ἔχει, τὸ καὶ παλαιότερον αἰεὶ τι θαυμαζομένη. Θουκυδίδης γοῦν ὁ δαιμονιώτατος τῶν συγγραφέων ἐν τε τῷ ἐπιταφίῳ καὶ ἐν ταῖς δημηγορίαις ποιητικῇ κατασκευῇ χρησάμενος ἐν πολλοῖς ἐξήλλαξε τὴν ἐρμηνείαν εἰς ὄγκον ἅμα καὶ κόσμον ὀνομάτων ἀηθέστερον. Λυσίας δὲ τοιοῦτον οὐδὲν ἤσκησεν ἐν γ’ οὐὖν τοῖς σπουδῇ γραφομένοις δικανικοῖς λόγοις καὶ συμβουλευτικοῖς ποιῆσαι, πλὴν εἴ τι μικρὸν ἐν τοῖς πανηγυρικοῖς· περὶ γὰρ δὴ τῶν ἐπιστολικῶν αὐτοῦ καὶ ἐταιρικῶν καὶ τῶν ἄλλων, οὐς μετὰ παιδιᾶς ἔγραψεν, οὐδὲν δέομαι λέγειν. ὁμοίως δὲ τοῖς ιδιώταις διαλέγεσθαι δοκῶν πλεῖστον ὅσον ιδιώτου διαφέρει καὶ ἔστι ποιητῆς κράτιστος λόγων, λελυμένης ἐκ τοῦ μέτρου λέξεως ἰδίαν τινὰ [λόγων] εὐρηκῶς ἁρμονίαν, ἥ τὰ ὀνόματα κοσμεῖ τε καὶ ἡδύνει μηδὲν ἔχοντα ὀγκῶδες μηδὲ φορτικόν. ταύτην δευτέραν τὴν ἀρετὴν κελεύω παρὰ τοῦ ῥήτορος τούτου λαμβάνειν, εἴ τινες ἀξιοῦσι τὸν αὐτὸν ἐκείνῳ διαλέγεσθαι τρόπον. ἐγένοντο μὲν οὖν πολλοὶ τῆς προαιρέσεως ταύτης ζηλωταὶ συγγραφεῖς τε καὶ ῥήτορες, ἔγγιστα δὲ αὐτῆς μετὰ Λυσίαν ἦψατο τῶν πρεσβυτέρων νέος ἐπακμάσας Ἰσοκράτης, καὶ οὐκ ἂν ἔχοι τις εἰπεῖν προσωτέρῳ τούτων σκοπῶν ἐτέρους ῥήτορας ἰσχὺν καὶ δύναναι τοσαύτην ἐν ὀνόμασι κυρίοις καὶ κοινοῖς ἀποδειξαμένους.

[4] τρίτην ἀρετὴν ἀποφαίνομαι περὶ τὸν ἄνδρα τὴν σαφήνειαν οὐ μόνον τὴν ἐν τοῖς ὀνόμασιν, ἀλλὰ καὶ τὴν ἐν τοῖς πράγμασιν· ἔστι γὰρ τις καὶ πραγματικὴ σαφήνεια οὐ πολλοῖς γνώριμος. τεκμαίρομαι δέ, ὅτι τῆς μὲν Θουκυδίδου λέξεως καὶ Δημοσθένους, οἱ δεινότατοι πράγματα ἐξειπεῖν ἐγένοντο, πολλὰ δυσεῖκαστά ἐστιν ἡμῖν καὶ ἀσαφῆ καὶ δεόμενα ἐξηγητῶν. ἡ δὲ Λυσίου λέξις ἅπασά ἐστι φανερά καὶ σαφὴς καὶ τῷ πάνυ πόρρω δοκοῦντι πολιτικῶν ἀφεστάναι λόγων. καὶ εἰ μὲν δι’ ἀσθένειαν δυνάμεως ἐγένετο τὸ σαφές, οὐκ ἄξιον ἦν αὐτὸ ἀγαπᾶν, νῦν δὲ ὁ πλοῦτος τῶν κυρίων ὀνομάτων ἐκ πολλῆς αὐτῷ περιουσίας ἀποδείκνυται ταύτην τὴν ἀρετὴν. ὥστε καὶ τὴν σαφήνειαν αὐτοῦ ζηλοῦν ἄξιον. καὶ μὴν τό γε βραχέως ἐκφέρειν τὰ νοήματα μετὰ τοῦ σαφῶς, χαλεποῦ πράγματος ὄντος φύσει τοῦ συναγαγεῖν ἅμφω ταῦτα καὶ κεράσαι μετρίως, ἥ μάλιστα οὐδενὸς ἦττον τῶν ἄλλων ἀποδείκνυται Λυσίας, ὅς γε οὐδὲν τοῖς διὰ χειρὸς ἔχουσι τὸν ἄνδρα οὔτε ἀκαιρολογίας οὔτε ἀσαφείας δόξειεν ἂν λαβεῖν. τούτου δὲ αἵτιον, ὅτι οὐ τοῖς ὀνόμασι δουλεύει τὰ πράγματα παρ’ αὐτῷ, τοῖς δὲ

πράγμασιν ἀκολουθεῖ τὰ ὀνόματα, τὸν δὲ κόσμον οὐκ ἐν τῷ διαλλάττειν τὸν ἰδιώτην, ἀλλ' ἐν τῷ μιμήσασθαι λαμβάνει.

[5] καὶ οὐκ ἐπὶ μὲν τῆς ἐρμηνείας τοιοῦτός ἐστιν, ἐν δὲ τοῖς πράγμασιν ἄκαιρός τις καὶ μακρός, συνέστραπται δὲ εἴ τις καὶ ἄλλος καὶ πεπύκνωται τοῖς νοήμασι, καὶ τοσούτου δεῖ τῶν οὐκ ἀναγκαίων τι λέγειν, ὥστε καὶ πολλὰ καὶ τῶν χρησίμων ἂν δόξειε παραλιπεῖν, οὐ μὰ Δία ἀσθενεῖα εὐρέσεως αὐτὸ ποιῶν, ἀλλὰ συμμετρήσει τοῦ χρόνου, πρὸς ὃν ἔδει γενέσθαι τοὺς λόγους. βραχύς γε μὴν οὗτος, ὥς μὲν ἰδιώτῃ δηλῶσαι βουλομένῳ τὰ πράγματα ἀποχρῶν, ὥς δὲ ῥήτορι περιουσίαν δυνάμεως ἐνδείξασθαι ζητοῦντι οὐχ ἱκανός. μιμητέον δὴ καὶ τὴν βραχύτητα τὴν Λυσίου· μετριοτέρα γὰρ οὐκ ἂν εὔρεθείη παρ' ἐτέρῳ ῥήτορι.

[6] μετὰ ταύτας ἀρετὴν εὐρίσκω παρὰ Λυσία πάνυ θαυμαστήν, ἥς Θεόφραστος μὲν φησιν ἄρξει Θρασύμαχον, ἐγὼ δ' ἡγοῦμαι Λυσίαν· καὶ γὰρ τοῖς χρόνοις οὗτος ἐκείνου προέχειν ἔμοιγε δοκεῖ (λέγω δ' ὥς ἐν ἀκμῇ κοινῇ βίου γενομένων ἀμφοῖν), καὶ εἰ μὴ τοῦτο δοθείη, τῷ γέ τοι περὶ τοῦς ἀληθινοὺς ἀγῶνας ἐκείνου μᾶλλον τετρίφθαι. οὐ μέντοι διαβεβαιουμαί γε, ὁπότερος ἦρξε τῆς ἀρετῆς ταύτης, κατὰ τὸ παρόν, ἀλλ' ὅτι Λυσίας μᾶλλον ἐν αὐτῇ διήνεγκεν, τοῦτο θαρρῶν ἂν ἀποφηνάμην. τίς δ' ἐστὶν ἣν φημι ἀρετήν; ἡ συστρέφουσα τὰ νοήματα καὶ στρογγύλως ἐκφέρουσα λέξεις, οἰκεία πάνυ καὶ ἀναγκαῖα τοῖς δικανικοῖς λόγοις καὶ παντὶ ἀληθεῖ ἀγῶνι. ταύτην ὀλίγοι μὲν ἐμιμήσαντο, Δημοσθένης δὲ καὶ ὑπερεβάλετο πλὴν οὐχ οὕτως γε λευκῶς οὐδὲ ἀφελῶς ὥσπερ Λυσίας χρησάμενος αὐτῇ, ἀλλὰ περιέργως καὶ πικρῶς· λεγέσθω γὰρ, ὥς ἐμοὶ φαίνεται. ὑπὲρ ὧν κατὰ τὸν οἰκεῖον διαλέξομαι καιρόν.

[7] ἔχει δὲ καὶ τὴν ἐνάργειαν πολλὴν ἡ Λυσίου λέξις. αὕτη δ' ἐστὶ δύναμις τις ὑπὸ τὰς αἰσθήσεις ἄγουσα τὰ λεγόμενα, γίγνεται δ' ἐκ τῆς τῶν παρακολουθούντων λήψεως. ὁ δὴ προσέχων τὴν διάνοιαν τοῖς Λυσίου λόγοις οὐχ οὕτως ἔσται σκαιὸς ἢ δυσάρεστος ἢ βραδὺς τὸν νοῦν, ὃς οὐχ ὑπολήφεται γινόμενα τὰ δηλούμενα ὅρᾱν καὶ ὥσπερ παροῦσιν οἷς ἂν ὁ ῥήτωρ εἰσάγῃ προσώποις ὁμιλεῖν. ἐπιζητήσει τε οὐθέν, «οἶον» εἰκὸς τοὺς μὲν ἂν δρᾶσαι, τοὺς δὲ παθεῖν, τοὺς δὲ διανοηθῆναι, τοὺς δὲ εἰπεῖν. κράτιστος γὰρ δὴ πάντων ἐγένετο ῥητόρων φύσιν ἀνθρώπων κατοπτεῦσαι καὶ τὰ προσήκοντα ἐκάστοις ἀποδοῦναι πάθη τε καὶ ἥθη καὶ ἔργα.

[8] ἀποδίδωμι τε οὖν αὐτῷ καὶ τὴν εὐπρεπεστάτην ἀρετὴν, καλουμένην δὲ ὑπὸ πολλῶν ἠθοποιίαν. ἀπλῶς γὰρ οὐδὲν εὐρεῖν δύναμαι παρὰ τῷ ῥήτορι τοῦτῳ πρόσωπον οὔτε ἀνηθοποίητον οὔτε ἄψυχον. τριῶν τε ὄντων, ἐν οἷς καὶ περὶ ἃ τὴν ἀρετὴν εἶναι ταύτην συμβέβηκε, διανοίας τε καὶ λέξεως καὶ τρίτης τῆς συνθέσεως, ἐν ἅπασι τοῦτοις αὐτὸν ἀποφαίνομαι κατορθοῦν. οὐ γὰρ διανοουμένους μόνον ὑποτίθεται χρηστὰ καὶ ἐπεικῇ καὶ μέτρια τοὺς λέγοντας, ὥστε εἰκόνας εἶναι δοκεῖν τῶν ἠθῶν τοὺς λόγους, ἀλλὰ καὶ τὴν λέξιν ἀποδίδωσι τοῖς ἠθεσιν οἰκείαν, ἥ πέφυκεν αὐτὰ ἑαυτῶν κράτιστα δηλοῦσθαι, τὴν σαφεῇ καὶ κυρίαν καὶ κοινὴν καὶ πᾶσιν ἀνθρώποις συνηθεστάτην· ὁ γὰρ ὄγκος καὶ τὸ ξένον καὶ τὸ ἐξ ἐπιτηδεύσεως ἅπαν ἀνηθοποίητον. καὶ συντίθησιν γε αὐτὴν ἀφελῶς πάνυ καὶ ἀπλῶς, ὁρῶν ὅτι

οὐκ ἐν τῇ περιόδῳ καὶ τοῖς ῥυθμοῖς, ἀλλ' ἐν τῇ διαλελυμένῃ λέξει γίνεται τὸ ἥθος. καθόλου δέ, ἵνα καὶ περὶ ταύτης εἴπω τῆς ἀρετῆς, οὐκ οἶδ' εἴ τις ἄλλος ῥητόρων τῶν γε τῇ ὁμοίᾳ κατασκευῇ χρησαμένων τοῦ λόγου εἶτε ἥδιον συνέθηκεν εἶτε πιθανώτερον. δοκεῖ μὲν γὰρ ἀποίητός τις εἶναι καὶ ἀτεχνίτευτος ὁ τῆς ἁρμονίας αὐτοῦ χαρακτήρ καὶ οὐ θαυμάσαιμ' ἂν, εἰ πᾶσι μὲν τοῖς ἰδιώταις, οὐκ ὀλίγοις δὲ καὶ τῶν φιλολόγων, ὅσοι μὴ μεγάλας ἔχουσι τριβὰς περὶ λόγους, τοιαύτην τινὰ παράσχοι δόξαν, ὅτι ἀνεπιτηδεύτως καὶ οὐ κατὰ τέχνην, αὐτομάτως δέ πως καὶ ὥς ἔτυχε σύγκειται. ἔστι δὲ παντὸς μᾶλλον ἔργου τεχνικοῦ κατεσκευασμένος. πεποίηται γὰρ αὐτῷ τοῦτο τὸ ἀποίητον καὶ δέδεται τὸ λελυμένον καὶ ἐν αὐτῷ τῷ μὴ δοκεῖν δεινῶς κατεσκευάσθαι τὸ δεινὸν ἔχει. τὴν ἀλήθειαν οὖν τις ἐπιτηδεύων καὶ φύσεως μιμητῆς γίνεσθαι βουλόμενος οὐκ ἂν ἁμαρτάνοι τῇ Λυσίου συνθέσει χρώμενος· ἐτέραν γὰρ οὐκ ἂν εὖροι ταύτης ἀληθεστέραν.

[9] οἶμαι δὲ καὶ τὸ πρέπον ἔχειν τὴν Λυσίου λέξιν οὐθενὸς ἦττον τῶν ἀρχαίων ῥητόρων, κρατίστην ἀπασῶν ἀρετὴν καὶ τελειοτάτην, ὁρῶν αὐτὴν πρὸς τε τὸν λέγοντα καὶ πρὸς τοὺς ἀκούοντας καὶ πρὸς τὸ πρᾶγμα (ἐν τούτοις γὰρ δὴ καὶ πρὸς ταῦτα τὸ πρέπον) ἀρκούντως ἡρμοσμένην. καὶ γὰρ ἡλικία καὶ γένει καὶ παιδείᾳ καὶ ἐπιτηδεύματι καὶ βίῳ καὶ τοῖς ἄλλοις, ἐν οἷς διαφέρει τῶν προσώπων πρόσωπα, τὰς οἰκείας ἀποδίδωσι φωνὰς πρὸς τε τὸν ἀκροατὴν συμμετρεῖται τὰ λεγόμενα οἰκείως, οὐ τὸν αὐτὸν τρόπον δικαστῇ καὶ ἐκκλησιαστῇ καὶ πανηγυρίζοντι διαλεγόμενος ὄχλῳ. διαφορὰς τε αὐτῷ λαμβάνει κατὰ τὰς ἰδέας τῶν πραγμάτων ἢ λέξεις· ἀρχομένῳ μὲν γὰρ ἔστι καθεστηκυῖα καὶ ἠθικὴ, διηγουμένῳ δὲ πιθανὴ κἀπερίεργος, ἀποδεικνύντι δὲ στρογγύλῃ καὶ πυκνῇ, αὔξοντι δὲ καὶ παθαينوμένῳ σεμνὴ καὶ ἀληθινὴ, ἀνακεφαλαιουμένῳ δὲ διαλελυμένη καὶ σύντομος. ληπτέον δὴ καὶ τὸ πρέπον τῆς λέξεως παρὰ Λυσίου.

[10] ὅτι μὲν γὰρ πιθανὴ καὶ πειστικὴ καὶ πολὺ τὸ φυσικὸν ἐπιφαίνουσα καὶ πάνθ' ὅσα τῆς τοιαύτης ἰδέας ἔχεται, πρὸς εἰδότας οὐδὲν ἴσως δεῖ λέγειν· δι' ὄχλου γὰρ ἤδη τοῦτό γε καὶ οὐδεὶς ἔστιν ὃς οὐχὶ καὶ πείρα καὶ ἀκοῇ μαθὼν ὁμολογεῖ πάντων ῥητόρων αὐτὸν εἶναι πιθανώτατον. ὥστε καὶ ταύτην τὴν ἀρετὴν ληπτέον παρὰ τοῦ ῥήτορος.

πολλὰ καὶ καλὰ λέγειν ἔχων περὶ τῆς Λυσίου λέξεως, ἣν λαμβάνων καὶ μιμούμενος ἂν τις ἀμείνων γένοιτο τὴν ἐρμηνείαν, τὰ μὲν ἄλλα τοῦ χρόνου στοχαζόμενος ἔασω, μίαν δὲ ἀρετὴν ἔτι τοῦ ῥήτορος ἀποδείξομαι, κρίνας καλλίστην τε καὶ κυριωτάτην καὶ μόνην αὐτὴν μάλιστα τῶν ἄλλων τὸν Λυσίου χαρακτήρα δυναμένην βεβαιῶσαι, ἣν ὑπερεβάλετο μὲν οὐδεὶς τῶν ὕστερον, ἐμιμήσαντο δὲ πολλοὶ καὶ παρ' αὐτὸ τοῦτο κρείττους ἐτέρων ἔδοξαν εἶναι τὴν ἄλλην δύναμιν οὐθὲν διαφέροντες· ὑπὲρ ὧν, ἂν ἐγχωρῇ, κατὰ τὸν οἰκεῖον διαλέξομαι τόπον. τίς δ' ἔστιν ἡδε ἡ ἀρετή; ἢ [τις] πᾶσιν ἐπανθοῦσα τοῖς ὀνόμασι κάπ' ἴσης χάρις, πρᾶγμα παντὸς κρεῖττον λόγου καὶ θαυμασιώτερον. ῥᾶστον μὲν γὰρ ἔστιν ὀφθῆναι καὶ παντὶ ὁμοίως ἰδιώτῃ τε καὶ τεχνίτῃ φανερόν, χαλεπώτατον δὲ λόγῳ δηλωθῆναι καὶ οὐδὲ τοῖς κράτιστα εἰπεῖν δυναμένοις εὖπορον.

[11] ὥστε εἴ τις ἀξιοίῃ λόγῳ διδασχθῆναι ταύτην τὴν δύναμιν, ἢ τίς ποτ' ἐστίν, οὐκ ἂν φθάνοι καὶ ἄλλων πολλῶν καὶ καλῶν πραγμάτων δυσεκκαλήτων ἀπαιτῶν λόγον· λέγω δὲ ἐπὶ κάλλους μὲν σωμάτων, τί δὴ ποτε τοῦτ' ἐστίν, ὃ καλοῦμεν ὥραν, ἐπὶ κινήσεως δὲ μελῶν καὶ πλοκῆς φθόγγων, τί λέγεται τὸ εὐάρμοστον, ἐπὶ συμμετρίας δὲ χρόνων, τίς ἡ τάξις καὶ τί τὸ εὐρυθμον, καὶ ἐπὶ παντὸς δὲ συλλήβδην ἔργου τε καὶ πράγματος, τίς ὁ λεγόμενος καιρὸς καὶ ποῦ τὸ μέτριον. αἰσθήσει γὰρ τούτων ἕκαστον καταλαμβάνεται καὶ οὐ λόγῳ. ὥσθ' ὅπερ οἱ μουσικοὶ παραγγέλλουσι ποιεῖν τοῖς βουλομένοις ἀκούειν ἀκριβῶς ἁρμονίας, ὥστε μηδὲ τὴν ἐλαχίστην ἐν τοῖς διαστήμασι δίεσιν ἀγνοεῖν, τὴν ἀκοὴν ἐθίζειν καὶ μηδὲν ἄλλο ταύτης ἀκριβέστερον ζητεῖν κριτήριον, τοῦτο κἀγὼ τοῖς ἀναγινώσκουσι τὸν Λυσίαν καὶ τίς ἢ παρ' αὐτῷ χάρις ἐστὶ βουλομένοις μαθεῖν ὑποθείμην ἂν ἐπιτηδεύειν, χρόνῳ πολλῷ καὶ μακρᾷ τριβῇ καὶ ἀλόγῳ πάθει τὴν ἄλογον συνασκεῖν αἰσθησιν. ταύτην μέντοι κρατίστην τε ἀρετὴν καὶ χαρακτηριστικώτατην τῆς Λυσίου λέξεως ἔγωγε τίθεμαι, εἴτε φύσεως αὐτὴν δεῖ καλεῖν εὐτυχίαν εἴτε πόνου καὶ τέχνης ἐργασίαν εἴτε μικτὴν ἐξ ἀμφοῖν ἔξιν ἢ δύναμιν, ἢ πάντας ὑπερέχει τοὺς λοιποὺς ῥήτορας. καὶ ὅταν διαπορῶ περὶ τινος τῶν ἀναφερομένων εἰς αὐτὸν λόγων καὶ μὴ ῥάδιον ἦ μοι διὰ τῶν ἄλλων σημείων τάληθές εὐρεῖν, ἐπὶ ταύτην καταφεύγω τὴν ἀρετὴν ὡς ἐπὶ ψῆφον ἐσχάτην. ἔπειτα ἂν μὲν αἱ χάριτες αἱ τῆς λέξεως ἐπικοσμεῖν δοκῶσί μοι τὴν γραφὴν, τῆς Λυσίου ψυχῆς αὐτὴν τίθεμαι καὶ οὐδὲν ἔτι πορρωτέρῳ ταύτης σκοπεῖν ἀξιῶ. ἐὰν δὲ μηδεμίαν ἡδονὴν μηδὲ ἀφροδίτην ὃ τῆς λέξεως χαρακτήρ ἔχῃ, δυσωπῶ καὶ ὑποπτεύω μή ποτ' οὐ Λυσίου ὁ λόγος καὶ οὐκ ἔτι βιάζομαι τὴν ἄλογον αἰσθησιν, οὐδ' ἐὰν πάνυ δεινὸς εἶναι τὰ γοῦν ἄλλα μοι δοκῇ καὶ περιττῶς ἐξειργασμένος ὁ λόγος, τὸ μὲν εὖ γράφειν πολλοῖς οἰόμενος ὑπάρχειν κατὰ τινας καὶ ἄλλους ἰδίους λέξεως χαρακτῆρας (πολυειδὲς γὰρ τοῦτο), τὸ δ' ἡδέως καὶ κεχαρισμένως καὶ ἐπαφροδίτως Λυσία.

τεκμηρίω γ' οὖν οὐκ ἄλλω τινὶ κρείττονι χρώμενος ἢ τῷ καθ' ἡδονὴν ἐρμηνεύεσθαι τὰ ὑπὸ τούτου λεγόμενα [12] [ῶ] πολλοὺς ἤδη τῶν ἀναφερομένων εἰς αὐτὸν λόγων καὶ πεπιστευμένων ὑπὸ τοῦ πλήθους, ὡς εἰσὶν ἐν τοῖς πάνυ γνησίοις Λυσίου, καὶ τὰ γε ἄλλα οὐκ ἀτόπως ἔχοντας, ὅτι τὴν χάριν οὐ προσβάλλουσι τὴν Λυσιακὴν οὐδὲ τὴν εὐστομίαν ἔχουσιν ἐκείνης τῆς λέξεως, ὑποπτεύσας τε καὶ βασανίσας εὖρον οὐκ ὄντας Λυσίου. ὦν ἐστὶ καὶ ὁ περὶ τῆς Ἰφικράτους εἰκόνας, ὃν οἶδ' ὅτι πολλοὶ καὶ χαρακτῆρα ἠγήσαιντο ἂν καὶ κανόνα τῆς ἐκείνου δυνάμεως. οὗτος μέντοι ὁ λόγος ὁ καὶ τοῖς ὀνόμασιν ἡρμηνεῦσθαι δοκῶν ἰσχυρῶς καὶ τοῖς ἐνθυμήμασιν εὐρῆσθαι περιττῶς καὶ ἄλλας πολλὰς ἀρετὰς ἔχων ἀχαρίς ἐστὶ καὶ πολλοῦ δεῖ τὸ Λυσιακὸν ἐπιφαίνειν στόμα. μάλιστα δ' ἐγένετό μοι καταφανὲς ὅτι οὐχ ὑπ' ἐκείνου τοῦ ῥήτορος ἐγράφη, τοὺς χρόνους ἀναλογισαμένῳ. εἰ γὰρ ὀδοηκονταετῇ γενόμενον θήσει τις τελευτῆσαι Λυσίαν ἐπὶ Νίκωνος ἢ ἐπὶ Ναυσινίκου ἄρχοντος, ἐπτά ἔτεσιν ὅλοις ἂν εἴη προτεροῦσα τῆς γραφῆς τοῦ ψηφίσματος ἢ τελευτῇ τοῦ ῥήτορος. μετὰ γὰρ Ἀλκισθένην ἄρχοντα, ἐφ' οὗ τὴν εἰρήνην Ἀθηναῖοι τε καὶ Λακεδαιμόνιοι

καὶ βασιλεὺς ὤμοσαν, ἀποδοῦς τὰ στρατεύματα Ἱφικράτης ἰδιώτης γίνεται καὶ τὸ περὶ τῆς εἰκόνος ἦν τότε ἔτεσιν ἑπτὰ πρότερον τετελευτηκότος τῆς γραφῆς Λυσίου, πρὸ τοῦ συντάξασθαι τοῦτον τὸν ἀγῶνα Ἱφικράτει. ὁμοίως δὲ καὶ τὴν ἀπολογίαν τοῦ ἀνδρὸς καὶ αὐτὴν εἰς Λυσίαν ἀναφερομένην οὔτε τοῖς πράγμασιν ἀτόπως ἔχουσαν οὔτε τοῖς ὀνόμασιν ἀσθενῶς δι' ὑποψίας ἔλαβον οὐκ ἐπανθούσης τῇ λέξει τῆς Λυσιακῆς χάριτος· καὶ παραθεὶς τοὺς χρόνους οὐκ ὀλίγοις ἔτεσιν εὖρον ὑστεροῦσαν τῆς τελευτῆς τοῦ ῥήτορος ἀλλὰ καὶ εἴκοσιν ὅλοις. ἐν γὰρ τῷ συμμαχικῷ πολέμῳ τὴν εἰσαγγελίαν Ἱφικράτης ἠγώνισται καὶ τὰς εὐθύνας ὑπέσχηκε τῆς στρατηγίας, ὡς ἐξ αὐτοῦ γίνεται τοῦ λόγου καταφανές· οὗτος δὲ ὁ πόλεμος πίπτει κατὰ Ἀγαθοκλέα καὶ Ἑλπίνην ἄρχοντας. ὅτου μὲν οὖν εἰσι λόγοι [τοῦ] ῥήτορος «οἱ» περὶ τε τῆς εἰκόνος καὶ τῆς προδοσίας, οὐκ ἔχω βεβαίως εἰπεῖν. ὅτι δὲ ἐνὸς ἀμφοτέρω, πολλοῖς τεκμηρίοις ἔχοιμ' ἂν εἰπεῖν· ἡ γὰρ αὐτὴ προαίρεσις τε καὶ δύναμις ἐν ἀμφοτέροις, ὑπὲρ ὧν οὐ καιρὸς ἐν τῷ παρόντι διασκοπεῖν. εἰκάζω δὲ Ἱφικράτους εἶναι αὐτούς· καὶ γὰρ τὰ πολέμια δεινὸς ὁ ἀνὴρ καὶ ἐν λόγοις οὐκ εὐκαταφρόνητος, ἡ τε λέξις ἐν ἀμφοῖν πολὺ τὸ φορτικὸν καὶ στρατιωτικὸν ἔχει καὶ οὐχ οὕτως ἐμφαίνει ῥητορικὴν ἀγχίνοιαν ὡς στρατιωτικὴν αὐθάδειαν καὶ ἀλαζονείαν. ἀλλ' ὑπὲρ μὲν τούτων ἐτέρωθι δηλωθήσεται διὰ πλειόνων.

[13] ἀνιτέον δέ, ὅθεν ἐξέβημεν εἰς ταῦτα, ὅτι κράτιστόν ἐστι τῶν Λυσίου ἔργων καὶ χαρακτηριστικώτατον τῆς δυνάμεως ἡ κοσμοῦσά τε καὶ ἀνθίζουσα τὴν λέξιν αὐτοῦ χάρις, ἣν οὐθ' ὑπερεβάλετο τῶν ἐπιγινομένων οὐθεὶς οὔτε εἰς ἄκρον ἐμιμήσατο. καὶ τὰ μὲν περὶ τὴν ἐρμηνείαν ἀγαθὰ τοῦ ῥήτορος ταῦτα· συγκεφαλαιώσομαι γὰρ τὰ ῥηθέντα· τὸ καθαρὸν τῶν ὀνομάτων, ἡ ἀκρίβεια τῆς διαλέκτου, τὸ διὰ τῶν κυρίων καὶ μὴ τροπικῶν κατασκευῶν ἐκφέρειν τὰ νοήματα, ἡ σαφήνεια, ἡ συντομία, τὸ συστρέφειν τε καὶ στρογγυλίζειν τὰ νοήματα, τὸ ὑπὸ τὰς αἰσθήσεις ἄγειν τὰ δηλούμενα, τὸ μηδὲν ἄψυχον ὑποτίθεσθαι πρόσωπον μηδὲ ἀνηθοποίητον, ἡ τῆς συνθέσεως τῶν ὀνομάτων ἡδονὴ μιμουμένης τὸν ἰδιώτην, τὸ τοῖς ὑποκειμένοις προσώποις καὶ πράγμασι τοὺς πρέποντας ἐφαρμόττειν λόγους, ἡ πιθανότης καὶ τὸ πειστικὸν καὶ ἡ χάρις καὶ ὁ πάντα μετρῶν καιρὸς. ταῦτα παρὰ Λυσίου λαμβάνων ἂν τις ὠφελῇ. ὕψηλὴ δὲ καὶ μεγαλοπρεπὴς οὐκ ἔστιν ἡ Λυσίου λέξις οὐδὲ καταπληκτικὴ μὰ Δία καὶ θαυμαστὴ οὐδὲ τὸ πικρὸν ἢ τὸ δεινὸν ἢ τὸ φοβερὸν ἐπιφαίνουσα οὐδὲ ἀφὰς ἔχει καὶ τόνους ἰσχυροὺς οὐδὲ θυμοῦ καὶ πνεύματός ἐστι μεστή οὐδ', ὥσπερ ἐν τοῖς ἡθεσίν ἐστι πιθανή, οὕτως ἐν τοῖς πάθεσιν ἰσχυρὰ οὐδ' ὡς ἡδῦναι καὶ πεῖσαι καὶ χαριεντίζασθαι δύναται, οὕτω βιάσασθαι τε καὶ προσαναγκάσαι. ἀσφαλὴς τε μᾶλλον ἐστὶν ἢ παρακεκινδυνευμένη καὶ οὐκ ἐπὶ τοσοῦτον ἰσχὺν ἱκανὴ δηλῶσαι τέχνης, ἐφ' ὅσον ἀλήθειαν εἰκάσαι φύσεως.

καὶ τὸν Λυσίαν ἐν τούτοις κατηρίθμηκε, τὸν ὑπὲρ Νικίου τοῦ στρατηγοῦ τῶν Ἀθηναίων λόγον, ὃν εἶπεν ἐπὶ Συρακουσίων αἰχμάλωτος ὢν, ὡς ὑπὸ τούτου γεγραμμένον τοῦ ῥήτορος παραπθεῖς. κωλύσει δ' οὐδὲν ἴσως καὶ τὴν λέξιν αὐτὴν θεῖναι τὴν Θεοφράστου. ἔστι δὲ ἡδε· ‘ἀντίθεσις δ’ ἐστὶ τριττῶς, ὅταν τῷ αὐτῷ τὰ ἐναντία ἢ τῷ ἐναντίῳ τὰ αὐτὰ ἢ τοῖς ἐναντίοις ἐναντία προσκατηγορηθῇ. τοσαυταχῶς γὰρ ἐγκωρεῖ συζευχθῆναι. τούτων δὲ τὸ μὲν ἴσον καὶ τὸ ὁμοιον παιδιῶδες καὶ καθαπερεὶ ποίημα· διὸ καὶ ἦπτον ἀρμόττει τῇ σπουδῇ. φαίνεται γὰρ ἀπρεπὲς σπουδάζοντα τοῖς πράγμασι τοῖς ὀνόμασι παίζειν καὶ τὸ πάθος τῇ λέξει περιαιρεῖν· ἐκλύει γὰρ τὸν ἀκροατὴν. οἷον ὡς ὁ Λυσίας ἐν τῇ τοῦ Νικίου ἀπολογίᾳ βουλόμενος ἔλεον ποιεῖν· Ἑλλήνων κλαίῳ ἀμάχητον καὶ ἀναυμάχητον ὄλεθρον ... ἰκέται μὲν αὐτοὶ τῶν θεῶν καθίζοντες, προδότας δὲ τῶν ὀρκῶν ὑμᾶς ἀποφαίνοντες ... ἀνακαλοῦντές τε συγγένειαν, εὐμένειαν.’ ταῦτα γὰρ εἰ μὲν τῷ ὄντι Λυσίας ἔγραψε, δικαίως ἂν ἐπιτιμήσεως ἀξιοῖτο χαριεντιζόμενος ἐν οὐ χαρίεντι καιρῷ. εἰ δὲ ἐτέρου τινός ἐστιν ὁ λόγος, ὡς περ ἔστιν, ὁ κατηγορῶν, ἃ μὴ προσῆκε, τοῦ ἀνδρὸς μεμπτότερος. ὅτι δὲ οὐκ ἔγραψε Λυσίας τὸν ὑπὲρ Νικίου λόγον οὐδ’ ἔστιν οὔτε τῆς ψυχῆς οὔτε τῆς λέξεως ἐκείνης τὸ γράμμα, πολλοῖς πάνυ τεκμηρίοις ἀποδείξαι δυνάμενος οὐκ ἔχω καιρὸν ἐν τῷ παρόντι λόγῳ. ἰδίαν δὲ περὶ τοῦ ῥήτορος πραγματείαν συνταττόμενος, ἐν ἣ τὰ τε ἄλλα δηλωθήσεται μοι καὶ τίνες εἰσὶν αὐτοῦ λόγοι γνήσιοι, τὴν ἀκρίβειαν ἐν ἐκείνοις καὶ περὶ τοῦδε ἀποδοῦναι πειράσομαι τοῦ λόγου.

[15] νυνὶ δὲ περὶ τῶν ἐξῆς διαλέξομαι, τίς ὁ πραγματικὸς ἐστὶ Λυσίου χαρακτήρ, ἐπειδὴ τὸν ὑπὲρ τῆς λέξεως <λόγον> ἀποδédωκα· τουτὶ γὰρ ἔτι λείπεται τὸ μέρος. εὐρετικὸς γὰρ ἐστὶ τῶν ἐν τοῖς πράγμασιν ἐνόντων λόγων ὁ ἀνὴρ, οὐ μόνον ὢν ἅπαντες ἂν εὖροιμεν, ἀλλὰ καὶ ὢν μηθείς. οὐδὲν γὰρ ἀπλῶς Λυσίας παραλείπει τῶν στοιχείων, ἐξ ὧν οἱ λόγοι, οὐ τὰ πρόσωπα, οὐ τὰ πράγματα, οὐκ αὐτὰς τὰς πράξεις, οὐ τρόπους τε καὶ αἰτίας αὐτῶν, οὐ καιροὺς, οὐ χρόνους, οὐ τόπους, οὐ τὰς ἐκάστου τούτων διαφορὰς ἄχρι τῆς εἰς ἐλάχιστον τομῆς, ἀλλ’ ἐξ ἀπάσης θεωρίας καὶ παντὸς μερισμοῦ τὰς οἰκείας ἀφορμὰς ἐκλέγει. δηλοῦσι δὲ μάλιστα τὴν δεινότητα τῆς εὐρέσεως αὐτοῦ οἱ τε ἀμάρτυροι τῶν λόγων καὶ οἱ περὶ τὰς παραδόξους συνταχθέντες ὑποθέσεις, ἐν οἷς πλεῖστα καὶ κάλλιστα ἐνθυμήματα λέγει καὶ τὰ πάνυ δοκοῦντα τοῖς ἄλλοις ἄπορα εἶναι καὶ ἀδύνατα εὖπορα καὶ δυνατὰ φαίνεσθαι ποιεῖ, κριτικὸς ὢν δεῖ λέγειν καὶ ὅτε μὴ πᾶσιν ἐξῆν χρῆσθαι τοῖς εὐρεθεῖσι, τῶν κρατίστων δὲ καὶ κυριωτάτων ἐκλεκτικὸς, εἰ μὴ καὶ μάλιστα τῶν ἄλλων ῥητόρων, οὐδενός γε ἦπτον. τάξει δὲ ἀπλῇ τινι κέχρηται τῶν πραγμάτων καὶ τὰ πολλὰ ὁμοειδεῖ, καὶ περὶ τὰς ἐξεργασίας τῶν ἐπιχειρημάτων ἀφελῆς τις καὶ ἀπερίεργός ἐστιν· οὔτε γὰρ προκατασκευαῖς οὔτ’ ἐφόδοις οὔτε μερισμοῖς οὔτε ποικιλίαις σχημάτων οὔτε ταῖς ἄλλαις ταῖς τοιαύταις πανουργίαις εὐρίσκεταιαι χρώμενος, ἀλλ’ ἔστιν ἀπείριττός τις ἐλευθέριός τε καὶ ἀπόνηρος οἰκονομῆσαι τὰ εὐρεθέντα. ἐκ δὴ τούτων παρακελεύομαι τοῖς ἀναγινώσκουσιν αὐτὸν τὴν μὲν εὖρεσιν τῶν ἐνθυμημάτων καὶ τὴν κρίσιν ζηλοῦν, τὴν δὲ τάξιν καὶ τὴν ἐργασίαν αὐτῶν, ἐνδεεστέραν οὔσαν τοῦ

προσήκοντος, μὴ ἀποδέχεσθαι τοῦ ἀνδρός, ἀλλὰ παρ' ἐτέρων, οἱ κρείττους οἰκονομῆσαι τὰ εὐρεθέντα ἐγένοντο, περὶ ὧν ὕστερον ἐρῶ, τοῦτο τὸ στοιχεῖον λαμβάνειν.

[116] ἀποδεδωκώς δὲ τὸν ὑπὲρ τῶν ἀρετῶν τε καὶ στοιχείων λόγον, ἐρῶ νῦν καὶ περὶ τοῦ γένους [τῶν ἀμφισβητημάτων] ἐν οἷς ἐστι θεωρήμασιν ἡ πολιτικὴ τέχνη. τριχῇ δὲ νενεμημένου τοῦ ῥητορικοῦ λόγου καὶ τρία περιειληφότος διάφορα τοῖς τέλεσι γένη, τό τε δικανικὸν καὶ τὸ συμβουλευτικὸν καὶ τὸ καλούμενον ἐπιδεικτικὸν ἢ πανηγυρικόν, ἐν ἅπασιν μὲν τοῦτοις ἐστὶν ὁ ἀνὴρ λόγου ἄξιος, μάλιστα δὲ ἐν τοῖς δικανικοῖς ἀγῶσι. κἀν τοῦτοις δὲ αὐτοῖς ἀμείνων ἐστὶ τὰ μικρὰ καὶ παράδοξα καὶ ἅπορα εἰπεῖν καλῶς, ἢ τὰ σεμνὰ καὶ μεγάλα καὶ εὐπορα δυνατῶς. ὁ βουλούμενος δὴ τὴν Λυσίου δύναμιν ἀκριβῶς καταμαθεῖν ἐκ τῶν δικανικῶν αὐτὴν μᾶλλον λόγων ἢ ἐκ τῶν πανηγυρικῶν τε καὶ συμβουλευτικῶν σκοπεῖτω. ἵνα δὲ καὶ περὶ τῶν ἰδεῶν ἐγγένηται μοι τὰ προσήκοντα εἰπεῖν, ἐάσω τε ταῦτα περὶ τε προοιμίων καὶ διηγήσεων καὶ τῶν ἄλλων μερῶν τοῦ λόγου καὶ διαλέξομαι καὶ δηλώσω, ποῖός τις ἐστὶν ἐν ἐκάστη τῶν ἰδεῶν ὁ ἀνὴρ. διαιρήσομαι δὲ αὐτάς, ὥς Ἰσοκράτει τε καὶ τοῖς κατ' ἐκεῖνον τὸν ἄνδρα κοσμουμένοις ἤρεσεν, ἀρξάμενος ἀπὸ τῶν προοιμίων.

[117] φημὶ δὴ πάντων δεξιώτατον εἶναι τὸν ῥήτορα κατὰ τὰς εἰσβολὰς τῶν λόγων καὶ χαριέστατον, ἐννοούμενος, ὅτι ἄρξασθαι μὲν καλῶς οὐ ῥάδιόν ἐστιν, εἰ δὴ τις τῇ προσηκούσῃ χρῆσθαι βούλοιτο ἀρχῇ καὶ μὴ τὸν ἐπιτυχόντα λόγον εἰπεῖν (οὐ γὰρ τὸ πρῶτον ῥηθέν, ἀλλ' ὁ τοῦ προτεθέντος λόγου μηδαμοῦ μᾶλλον ἢ ἐπὶ πρώτου ὠφελήσῃ, τοῦτο ἀρχή τε καὶ προοίμιον), ὁρῶν δὲ τὸν ῥήτορα πᾶσι κεχρημένον, οἷς τέχνηαι τε παραγγέλλουσι καὶ τὰ πράγματα βούλεται. τότε μὲν γὰρ ἀπὸ τοῦ ἰδίου ἐπαίνου λέγων αὐτὸς ἄρχεται, τότε δὲ ἀπὸ τῆς διαβολῆς τοῦ ἀντιδίκου, εἰ δὲ τύχοι αὐτὸς προδιαβληθείς, τὰς αἰτίας πρῶτον ἀπολύεται τὰς καθ' αὐτοῦ. τότε δὲ τοὺς δικαστὰς ἐπαινῶν καὶ θεραπεύων οἰκείους ἑαυτῷ τε καὶ τῷ πράγματι καθίστησι, τότε δὲ τὴν ἀσθένειαν τὴν ἰδίαν καὶ τὴν πλεονεξίαν τὴν τοῦ ἀντιδίκου καὶ τὸ μὴ περὶ τῶν ἴσων ἀμφοτέροις εἶναι τὸν ἀγῶνα ὑποδείκνυσιν. τότε δὲ ὥς κοινὰ τὰ πράγματα καὶ ἀναγκαῖα πᾶσι καὶ οὐκ ἄξια ὑπὸ τῶν ἀκουόντων ἀμελεῖσθαι λέγει, τότε δὲ ἄλλο τι κατασκευάζεται τῶν δυναμένων αὐτὸν μὲν ὠφελῆσαι, τὸν δὲ ἀντίδικον ἐλαττώσαι. ταῦτα δὲ συντόμως καὶ ἀφελῶς διανοίαις τε χρησταῖς καὶ γνώμαις εὐκαίροις καὶ ἐνθυμήμασι μετρίοις περιλαβὼν ἐπὶ τὴν πρόθεσιν ἐπείγεται, δι' ἧς τὰ μέλλοντα ἐν ταῖς ἀποδείξεσι λέγεσθαι προειπὼν καὶ τὸν ἀκροατὴν παρασκευάσας εὐμαθῇ πρὸς τὸν μέλλοντα λόγον ἐπὶ τὴν διήγησιν καθίσταται. καὶ ἔστι μεθόριον αὐτῷ ἐκατέρας τῶν ἰδεῶν ὥς τὰ πολλὰ ἢ πρόθεσις, ἥδη δὲ ποτε καὶ ἀπὸ μόνης ταύτης ἤρξατο. καὶ ἀπροοιμιάστως ποτὲ εἰσέβαλε τὴν διήγησιν ἀρχὴν λαβὼν. καὶ οὐκ ἄψυχος οὐδ' ἀκίνητός ἐστι περὶ ταύτην τὴν ἰδέαν. μάλιστα δ' ἂν τις αὐτοῦ θαυμάσειε τὴν ἐν τοῖς προοιμίοις δύναμιν, ἐνθυμηθεὶς ὅτι διακοσίων οὐκ ἐλάττους δικανικοὺς γράψας λόγους ἐν οὐδενὶ πέφηνεν οὔτε ἀπιθάνως προοιμιαζόμενος οὔτε ἀπρητημένη τῶν πραγμάτων ἀρχῇ χρώμενος, ἀλλ'

οὐδὲ τοῖς ἐνθυμήμασιν ἐπιβέβληκε τοῖς αὐτοῖς οὐδ' ἐπὶ τὰς αὐτὰς κατενήμεκται διανοίας. καίτοι γε τοῦτο καὶ οἱ λόγους ὀλίγους γράψαντες εὐρίσκονται πεπονθότες, λέγω δὲ τὸ τοῖς αὐτοῖς ἐπιβαλεῖν τόποις· ἐὼ γὰρ ὅτι καὶ τὰ παρ' ἐτέροις εἰρημένα λαμβάνοντες ὀλίγου δεῖν πάντες οὐκ ἐν αἰσχύνῃ τίθενται τὸ ἔργον. οὗτοσί δὲ καινὸς ὁ ῥήτωρ ἐστὶ καθ' ἕκαστον τῶν λόγων κατὰ γε οὖν τὰς εἰσβολὰς καὶ τὰ προοίμια καὶ δυνατὸς, ὃ βούλοιτο, διαπράξασθαι· οὔτε γὰρ εὖνοϊαν κινήσαι βουλόμενος οὔτε προσοχὴν οὔτε εὐμάθειαν ἀτυχήσειεν ἂν ποτε τοῦ σκοποῦ. κατὰ μὲν δὴ ταύτην τὴν ιδέαν ἢ πρῶτον ἢ οὐδενὸς δεύτερον αὐτὸν ἀποφαίνομαι.

[18] ἐν δὲ τῷ διηγέισθαι τὰ πράγματα, ὅπερ οἶμαι μέρος πλείστης δεῖται φροντίδος καὶ φυλακῆς, ἀναμφιλόγως ἡγοῦμαι κράτιστον αὐτὸν εἶναι πάντων ῥητόρων, ὅρον τε καὶ κανόνα τῆς ιδέας ταύτης αὐτὸν ἀποφαίνομαι. οἶομαι δὲ καὶ τὰς τέχνας τῶν λόγων, ἐν αἷς εἴρηται <τι> περὶ διηγήσεως ἀξιόλογον, οὐκ ἐξ ἄλλων τινῶν μᾶλλον ἢ τῶν ὑπὸ Λυσίου γραφεισῶν εἰληφέναι τὰ παραγγέλματα καὶ τὰς ἀφορμάς. καὶ γὰρ τὸ σύντομον μάλιστα αὗται ἔχουσιν αἱ διηγήσεις καὶ τὸ σαφὲς ἡδεῖαί τέ εἰσιν ὡς οὐχ ἕτεραι καὶ πιθαναὶ καὶ τὴν πίστιν ἅμα λεληθότως συνεπιφέρουσιν, ὥστε μὴ ῥάδιον εἶναι μῆθ' ὅλην διήγησιν μηδεμίαν μῆτε μέρος αὐτῆς ψευδὲς ἢ ἀπίθανον εὐρεθῆναι· τοσαύτην ἔχει πειθὼ καὶ ἀφροδίτην τὰ λεγόμενα καὶ οὕτως λανθάνει τοὺς ἀκούοντας εἴτ' ἀληθῆ ὄντα εἴτε πεπλασμένα. ὥσθ' ὅπερ Ὅμηρος ἐπαινῶν τὸν Ὀδυσσεά ὡς πιθανὸν εἰπεῖν καὶ πλάσασθαι τὰ μὴ γενόμενα εἴρηκε, τοῦτό μοι δοκεῖ καὶ ἐπὶ Λυσίου τις εἰπεῖν·

εἶσκεν ψεύδεα πολλὰ λέγων ἐτύμοισιν ὁμοῖα.

πᾶσι τε καὶ παντὸς μάλιστα τοῦτο παρεκελευσάμην ἀσκεῖν τὸ μέρος ἐν τοῖς Λυσίου παραδείγμασι ποιουμένους τὰς γυμνασίας. κράτιστα γὰρ <ἂν> ἀποδείξαιτο ταύτην τὴν ιδέαν ὁ μάλιστα τοῦτον τὸν ἄνδρα μιμησάμενος.

ἐν δὲ τῷ πιστοῦσθαι τὰ πράγματα τοιοῦτός τις ὁ ἀνὴρ [19] ἐστίν. ἄρξομαι δὲ ἀπὸ τῶν καλουμένων ἐντέχνων πίστεων καὶ χωρὶς ὑπὲρ ἐκάστου μέρους διαλέξομαι. τριχῇ δὴ νενεμημένων τούτων εἰς τε τὸ πρᾶγμα καὶ τὸ πάθος καὶ τὸ ἥθος τὰ μὲν ἐκ τοῦ πράγματος οὐδενὸς χεῖρον εὐρεῖν τε καὶ ἐξειπεῖν δύναται Λυσίας. καὶ γὰρ τοῦ εἰκότος ἄριστος ὁ ἀνὴρ εἰκαστῆς καὶ τοῦ παραδείγματος, πῇ τε ὁμοιον εἶναι πέφυκε καὶ πῇ διαφέρον, ἀκριβέστατος κριτὴς τὰ τε σημεῖα διελεῖν τὰ παρεπόμενα τοῖς πράγμασι καὶ εἰς τεκμηρίων δόξαν ἀγαγεῖν δυνατώτατος. καὶ τὰς ἐκ τῶν ἡθῶν γε πίστει ἀξιολόγως πάνυ κατασκευάζειν ἔμοιγε δοκεῖ. πολλάκις μὲν γὰρ ἐκ τοῦ βίου καὶ τῆς φύσεως, πολλάκις δ' ἐκ τῶν προτέρων πράξεων καὶ προαιρέσεων ἀξιόπιστα κατασκευάζει τὰ ἥθη. ὅταν δὲ μηδεμίαν ἀφορμὴν τοιαύτην λάβῃ παρὰ τῶν πραγμάτων, αὐτὸς ἡθοποιεῖ καὶ κατασκευάζει τὰ πρόσωπα τῷ λόγῳ πιστὰ καὶ χρηστά, προαιρέσεις τε αὐτοῖς ἀστείας ὑποτιθεῖς καὶ πάθη μέτρια προσάπτων καὶ λόγους ἐπεικεῖς ἀποδιδούς καὶ ταῖς τύχαις ἀκόλουθα φρονούντας εἰσάγων καὶ ἐπὶ μὲν τοῖς ἀδίκοις ἀχθομένους καὶ λόγοις καὶ ἔργοις, τὰ δὲ δίκαια προαιρουμένους ποιῶν καὶ πάντα <τὰ> παραπλήσια τούτοις, ἐξ ὧν ἐπεικὲς ἂν καὶ μέτριον ἥθος φανεῖη, κατασκευάζων. περὶ δὲ τὰ πάθη μαλακώτερός ἐστι καὶ οὔτε

αὐξήσεις οὐτε δεινώσεις οὐτε οἴκτους οὐθ' ὅσα τοῦτοις ἐστὶ παραπλήσια νεανικῶς πάνυ καὶ ἔρρωμένως κατασκευάσαι δυνατὸς. οὐ δεῖ δὴ ταῦτα ἐπιζητεῖν παρὰ Λυσίου. κἂν τοῖς ἐπιλόγοις δὲ τὸ μὲν ἀνακεφαλαιωτικὸν τῶν ῥηθέντων μέρος μετρίως τε καὶ χαριέντως ἀπαριθμῇ, τὸ δὲ παθητικὸν ἐκεῖνο, ἐν ᾧ παράκλησίς τε καὶ ἔλεος καὶ δέησις καὶ τὰ τοῦτοις ἀδελφὰ ἔνεστι, τοῦ προσήκοντος ἐνδεεστερῶς ἀποδίδωσι.

[20] τοιοῦτος μὲν δὴ ἔστιν ὁ Λυσίου χαρακτήρ, ὡς ἐγὼ δόξης ἔχω περὶ αὐτοῦ. εἰ δὲ τις ἄλλα παρὰ ταῦτα ἔγνωκεν, λεγέτω· κἂν ἢ πιθανώτερα, πολλὴν αὐτῷ χάριν εἴσομαι. ἵνα δὲ βέλτιον τῷ βουλομένῳ ἐγγένηται μαθεῖν, εἴτε ὀρθῶς ἡμεῖς ταῦτα καὶ προσηκόντως πεπεύσμεθα εἴτε καὶ διημαρτήκαμεν τὴν κρίσιν, τὴν ἐξέτασιν ἐπὶ τῶν ὑπ' ἐκείνου γραφέντων ποιήσομαι προχειρισάμενός τε ἓνα λόγον (οὐ γὰρ ἐγχωρεῖ πολλοῖς χρῆσθαι παραδείγμασιν) ἐξ ἐκείνου τὴν τε προαίρεσιν καὶ τὴν δύναμιν τοῦ ἀνδρὸς ἐπιδείξομαι, ἀποχρῆν οἰόμενος ψυχᾷς εὐπαιδεύτοις καὶ μετρίαις μικρά τε μεγάλων καὶ ὀλίγα πολλῶν γενέσθαι δείγματα. ἔστι δὲ ὁ λόγος ἐκ τῶν ἐπιτροπικῶν, ἐπιγραφόμενος κατὰ Διογείτονος, ὑπόθεσιν δὲ ἔχων τοιάνδε·

[21] Διόδωτος, εἷς τῶν μετὰ Θρασύλλου καταλεγέντων ἐν τῷ Πελοποννησιακῷ πολέμῳ, μέλλων ἐκπλεῖν εἰς τὴν Ἀσίαν ἐπὶ Γλαυκίππου ἄρχοντος, ἔχων νήπια παιδιά, διαθήκας ἐποιήσατο καταλιπὼν αὐτοῖς ἐπίτροπον τὸν ἑαυτοῦ μὲν ἀδελφὸν Διογείτονα, τῶν δὲ παιδίων θεῖόν τε καὶ πάππον ἀπὸ μητρός. αὐτὸς μὲν οὖν ἐν Ἐφέσῳ μαχόμενος ἀποθνήσκει, Διογείτων δὲ πᾶσαν τὴν οὐσίαν τῶν ὀρφανῶν διαχειρισάμενος καὶ ἐκ πολλῶν πάνυ χρημάτων οὐδὲν ἀποδείξας αὐτοῖς, ἔτι περιῶν κατηγορεῖται πρὸς ἐνὸς τῶν μεираκίων δοκιμασθέντος κακῆς ἐπιτροπῆς. λέγει δὲ κατ' αὐτοῦ τὴν δίκην ὁ τῆς ἐκείνου μὲν θυγατριδῆς τῶν δὲ μεираκίων ἀδελφῆς ἀνὴρ.

[22] προὔλαβον δὲ τὴν ὑπόθεσιν, ἵνα μᾶλλον γένηται καταφανές, εἰ μετρία καὶ προσηκούση ἀρχῇ κέχρηται·

[23] 'Εἰ μὲν μὴ μεγάλα ἦν τὰ διαφέροντα, ᾧ ἄνδρες δικασταί, οὐκ ἂν ποτε εἰς ὑμᾶς εἰσελθεῖν τούτους εἴασα, νομίζων αἰσχιστον εἶναι πρὸς τοὺς οἰκέλους διαφέρεισθαι, εἰδὼς ὅτι οὐ μόνον οἱ ἀδικοῦντες χεῖρους ὑμῖν εἶναι δοκοῦσιν, ἀλλὰ καὶ οἵτινες ἂν ἔλαττον ὑπὸ τῶν προσηκόντων ἔχοντες ἀνέχεσθαι μὴ δύνωνται. ἐπειδὴ μέντοι, ᾧ ἄνδρες δικασταί, πολλῶν χρημάτων ἀπεστέρηνται καὶ πολλὰ καὶ δεινὰ πεπονθότες ὑφ' ὧν ἥκιστα ἐχρῆν ἐπ' ἐμὲ κηδεστήν ὄντα κατέφυγον, ἀνάγκη μοι γεγένηται εἰπεῖν ὑπὲρ αὐτῶν. ἔχω δὲ τούτων μὲν ἀδελφὴν Διογείτονος δὲ θυγατριδὴν· καὶ πολλὰ δεθηεῖς ἀμφοτέρων τὸ μὲν πρῶτον ἔπεισ' αὐτοὺς <τοῖς> φίλοις ἐπιτρέψαι δίκαιαν, περὶ πολλοῦ ποιούμενος τὰ τούτων πράγματα μηδένα τῶν ἄλλων εἰδέναι. ἐπειδὴ δὲ Διογείτων, ᾧ φανερώς ἔχων ἐξηλέγχετο, περὶ τούτων οὐδενὶ τῶν αὐτοῦ φίλων ἐτόλμα πείθεσθαι, ἀλλ' ἠβουλήθη καὶ φεύγειν δίκας καὶ μὴ οὐσας διώκειν καὶ ὑπομεῖναι τοὺς ἐσχάτους κινδύνους μᾶλλον ἢ τὰ δίκαια ποιήσας ἀπηλλάχθαι τῶν πρὸς τούτους ἐγκλημάτων, ὑμῶν δέομαι, ἐὰν μὲν ἀποδείξω οὕτως αἰσχυρῶς αὐτοὺς ἐπιτετροπευμένους ὑπὸ τοῦ πάππου, ὡς οὐδεὶς πώποτε ὑπὸ τῶν οὐδὲν προσηκόντων ἐν τῇ πόλει,

βοηθεῖν αὐτοῖς τὰ δίκαια· εἰ δὲ μή, τοῦτῳ μὲν ἅπαντα πιστεύειν, ἡμᾶς δὲ εἰς τὸν λοιπὸν χρόνον ἡγεῖσθαι χεῖρους εἶναι. Ἐξ ἀρχῆς δ' ὑμᾶς περὶ αὐτῶν διδάξαι πειράσομαι.'

[24] τοῦτο τὸ προοίμιον ἀπάσας ἔχει τὰς ἀρετάς, ὅσας δεῖ τὸ προοίμιον ἔχειν. δηλώσουσι δὲ οἱ κανόνες αὐτῷ παρατεθέντες οἱ τῶν τεχνῶν. ἅπαντες γὰρ δὴ που παραγγέλλουσιν οἱ συνταξάμενοι τὰς τέχνας, ὅταν πρὸς οἰκείους ὁ ἀγὼν, σκοπεῖν ὅπως μὴ πονηροὶ μηδὲ φιλοπράγμονες οἱ κατήγοροι φανήσονται. κελεύουσιν τε πρῶτον μὲν τὴν αἰτίαν εἰς τοὺς ἀντιδίκους περιστάναι καὶ τοῦ ἐγκλήματος καὶ τοῦ ἀγῶνος καὶ λέγειν, ὅτι μεγάλα τὰδίκηματα καὶ οὐκ ἐνῆν αὐτὰ μετρίως ἐνεγκεῖν καὶ ὅτι ὑπὲρ ἀναγκαιοτέρων προσώπων ὁ ἀγὼν καὶ ἐρήμων καὶ ἥττον ὑπεροφθῆναι ἀξίων, οἷς μὴ βοηθοῦντες κακίους ἂν ἐφάνησαν· καὶ ὅτι προκαλοῦμενοι τοὺς ἀντιδίκους εἰς διαλλαγὰς καὶ φίλοις τὰ πράγματα ἐπιτρέποντες καὶ τὰ δυνατὰ ἐλαττοῦσθαι ὑπομένοντες οὐδενὸς ἠδυνήθησαν τυχεῖν τῶν μετρίων. ταῦτα μὲν δὴ παραγγέλλουσι ποιεῖν οἱ τεχνογράφοι, ἵνα τὸ ἥθος τοῦ λέγοντος ἐπιεικέστερον εἶναι δόξῃ. δύναται δὲ αὐτοῖς εὖ νοῖαν τοῦτο ποιεῖν καὶ ἔστι κράτιστον τῆς κατασκευῆς μέρος. ταῦθ' ὁρῶ πάντα διὰ τοῦ προοιμίου τοῦδε γεγονότα. καὶ μὴν εἰς γε τὸ εὐμαθεῖς τοὺς ἀκροατὰς ποιῆσαι κελεύουσι συστρέφοντας εἰπεῖν τὸ πρᾶγμα, ἵνα μὴ ἀγνωῶσι τὴν ὑπόθεσιν οἱ δικασταί, καὶ οἷά περ ἂν ἦ τὰ μέλλοντα λέγεσθαι, τοιοῦτο καὶ τὸ προοίμιον ὑποτίθεσθαι ἀπ' ἀρχῆς καὶ δείγμα τοῦ πράγματος ποιουμένους κατευθὺ ἀπ' ἐνθυμημάτων πειρᾶσθαι ἄρχεσθαι. ἔχει δὴ καὶ ταῦτα τὸ προοίμιον. ἔτι περὶ τῆς προσοχῆς ὧδέ πως τεχνολογοῦσιν, ὅτι δεῖ τὸν προσεκτικὸς μέλλοντα ποιεῖν τοὺς ἀκροατὰς καὶ λέγειν θαυμαστὰ καὶ παράδοξα καὶ δεῖσθαι τῶν δικαστῶν ἀκοῦσαι. φαίνεται δὴ καὶ ταῦτα πεπονηκώς ὁ Λυσίας. καὶ πρόσεστι τοῦτοις τὸ λεῖον τῆς ἐρμηνείας καὶ τὸ ἀφελές τῆς κατασκευῆς, ὧν μάλιστα δεῖ τοῖς ὑπ' οἰκείων προοιμιαζομένοις. ἄξιον δὲ καὶ τὴν διήγησιν ὡς ὠκονόμηται καταμαθεῖν. ἔχει δὲ οὕτως·

[25] Ἀδελφοὶ ἦσαν, ὧ ἄνδρες δικασταί, Διόδοτος καὶ Διογείτων ὁμοπάτριοι καὶ ὁμομήτριοι. καὶ τὴν μὲν ἀφανῆ οὐσίαν ἐνείμαντο, τῆς δὲ φανερᾶς ἔκοινώνουν. ἐργασαμένου δὲ Διοδότου κατ' ἐμπορίαν πολλὰ χρήματα πείθει αὐτὸν Διογείτων λαβεῖν τὴν ἑαυτοῦ θυγατέρα, ἥ περ ἦν αὐτῷ μόνη. καὶ γίνονται αὐτῷ υἱοὶ δύο καὶ θυγάτηρ. χρόνῳ δὲ ὕστερον καταλεγείς Διόδοτος μετὰ Θρασύλλου τῶν ὀπλιτῶν, καλέσας τὴν ἑαυτοῦ γυναῖκα ἀδελφιδῆν οὖσαν καὶ τὸν ἐκείνης μὲν πατέρα αὐτοῦ δὲ κηδεστὴν καὶ ἀδελφὸν [ὁμοπάτριον], πάππον δὲ τῶν παιδίων καὶ θεῖον, ἡγούμενος διὰ ταύτας τὰς ἀναγκαιοτήτας οὐδενὶ μᾶλλον προσήκειν δικαίῳ περὶ τοῦς αὐτοῦ παῖδας γενέσθαι, διαθήκην αὐτῷ δίδωσι καὶ πέντε τάλαντα ἀργυρίου παρακαταθήκην, ναυτικὰ δὲ ἀπέδειξεν ἐκδεδομένα ἑπτὰ τάλαντα καὶ τετταράκοντα μνᾶς, δισχιλίας δὲ ὀφειλομένας ἐν Χερρονήσῳ. ἐπέσκηψε δέ, ἐάν τι πάθῃ, τάλαντον μὲν ἐπιδοῦναι τῇ γυναικὶ καὶ τὰ ἐν τῷ δωματίῳ δοῦναι, τάλαντον δὲ τῇ θυγατρὶ. κατέλιπε <δὲ> καὶ εἴκοσι μνᾶς τῇ γυναικὶ καὶ τριάκοντα στατήρας Κυζικηνούς. ταῦτα δὲ πράξας καὶ οἶκοι ἀντίγραφα καταλιπὼν ὥχρετο στρατευσόμενος μετὰ Θρασύλλου. ἀποθανόντος δὲ

Λακεδαιμονίοις, ἵνα κατέλθωμεν, κατελθόντες δὲ φευξόμεθα, ἵνα μὴ μαχώμεθα. οὐκοῦν αἰσχρόν, εἰ εἰς τοῦτο κακίας ἦξομεν, ὥστε οἱ μὲν πρόγονοι καὶ ὑπὲρ τῆς τῶν ἄλλων ἐλευθερίας διεκινδύνεον, ὑμεῖς δὲ οὐδὲ ὑπὲρ τῆς ὑμετέρας αὐτῶν τολμᾶτε πολεμεῖν;

[34] ἀλλ' ἄλις ἤδη παραδειγμάτων, ἵνα καὶ περὶ τῶν λοιπῶν ῥητόρων τὸν αὐτὸν διαλεχθῶμεν τρόπον. ἔπεται δὲ τῷ ῥήτορι τούτῳ κατὰ τὴν τάξιν τῶν χρόνων Ἰσοκράτης. περὶ δὴ τούτου λεκτέον ἐφεξῆς ἑτέραν ἀρχὴν λαβοῦσιν.

ΙΣΟΚΡΑΤΗΣ ΑΘΗΝΑΙΟΣ

[1] Ἰσοκράτης Ἀθηναῖος ἐγεννήθη μὲν ἐπὶ τῆς ὀγδοηκοστῆς καὶ ἕκτης Ὀλυμπιάδος ἄρχοντος Ἀθήνησι Λυσιμάχου πέμπτῳ πρότερον ἔτει τοῦ Πελοποννησιακοῦ πολέμου, δυσὶ καὶ εἴκοσιν ἔτεσι νεώτερος Λυσίου, πατρὸς δὲ ἦν Θεοδώρου, τινὸς τῶν μετρίων πολιτῶν, θεράποντας αὐλοποιοῦς κεκτημένους καὶ τὸν βίον ἀπὸ ταύτης ἔχοντος τῆς ἐργασίας. ἀγωγῆς δὲ τυχὼν εὐσχήμονος καὶ παιδευθεὶς οὐδενὸς Ἀθηναίων χειρόν, ἐπειδὴ τάχιστα ἀνὴρ ἐγένετο, φιλοσοφίας ἐπεθύμησε. γενόμενος δὲ ἀκουστῆς Προδίκου τε τοῦ Κείου καὶ Γοργίου τοῦ Λεοντίνου καὶ Τισίου τοῦ Συρακουσίου, τῶν τότε μέγιστον ὄνομα ἐν τοῖς Ἑλλήσιν ἐχόντων ἐπὶ σοφίᾳ, ὥς δὲ τινες ἱστοροῦσι, καὶ Θηραμένους τοῦ ῥήτορος, ὃν οἱ τριάκοντα ἀπέκτειναν δημοτικὸν εἶναι δοκοῦντα, σπουδὴν μὲν ἐποιεῖτο πράττειν τε καὶ λέγειν τὰ πολιτικά, ὥς δὲ ἡ φύσις ἡγαντιοῦτο, τὰ πρῶτα καὶ κυριώτατα τοῦ ῥήτορος ἀφελομένη, τόλμαν τε καὶ φωνῆς μέγεθος, ὧν χωρὶς οὐχ οἷόν τε ἦν ἐν ὄχλῳ λέγειν, ταύτης μὲν ἀπέστη τῆς προαιρέσεως· ἐπιθυμῶν δὲ δόξης καὶ τοῦ πρωτεύσαι παρὰ τοῖς Ἑλλήσιν ἐπὶ σοφίᾳ, καθάπερ αὐτὸς εἶρηκεν, ἐπὶ τῷ γράφειν ἃ διανοηθεῖη κατέφυγεν, οὐ περὶ μικρῶν τὴν προαίρεσιν ποιοῦμενος οὐδὲ περὶ τῶν ἰδίων συμβολαίων οὐδὲ ὑπὲρ ὧν ἄλλοι τινὲς τῶν τότε σοφιστῶν, περὶ δὲ τῶν Ἑλληνικῶν καὶ βασιλικῶν «καὶ πολιτικῶν» πραγμάτων, ἐξ ὧν ὑπελάμβανε τὰς τε πόλεις ἄμεινον οἰκήσεσθαι καὶ τοὺς ἰδιώτας ἐπίδοσιν ἕξειν πρὸς ἀρετὴν. ταῦτα γὰρ ἐν τῷ Παναθηναϊκῷ λόγῳ περὶ αὐτοῦ γράφει. πεφυρμένην τε παραλαβὼν τὴν ἄσκησιν τῶν λόγων ὑπὸ τῶν περὶ Γοργίαν καὶ Πρωταγόραν σοφιστῶν πρῶτος ἐχώρησεν ἀπὸ τῶν ἐριστικῶν τε καὶ φυσικῶν ἐπὶ τοὺς πολιτικοὺς καὶ περὶ αὐτὴν σπουδάζων τὴν ἐπιστήμην διετέλεσεν, ἐξ ἧς, ὥς φησιν αὐτός, τὸ βουλευέσθαι καὶ λέγειν καὶ πράττειν τὰ συμφέροντα παραγίνεται τοῖς μαθοῦσιν. ἐπιφανέστατος δὲ γενόμενος τῶν κατὰ τὸν αὐτὸν ἀκμασάντων χρόνον καὶ τοὺς κρατίστους τῶν Ἀθηνησίων τε καὶ ἐν τῇ ἄλλῃ Ἑλλάδι νέων παιδεύσας, ὧν οἱ μὲν ἐν τοῖς δικανικοῖς ἐγένοντο ἄριστοι λόγοις, οἱ δ' ἐν τῷ πολιτεύεσθαι καὶ τὰ κοινὰ πράττειν διήνεγκαν, [καὶ] ἄλλοι δὲ τὰς κοινὰς τῶν Ἑλλήνων τε καὶ βαρβάρων πράξεις ἀνέγραψαν, καὶ τῆς Ἀθηναίων πόλεως εἰκόνα ποιήσας τὴν ἑαυτοῦ σχολὴν κατὰ τὰς ἀποικίας τῶν λόγων, πλοῦτον ὅσον οὐδεὶς τῶν ἀπὸ φιλοσοφίας χρηματισαμένων περιποιησάμενος, ἐτελεύτα τὸν βίον ἐπὶ Χαιρωνίδου ἄρχοντος ὀλίγαις ἡμέραις ὕστερον τῆς ἐν Χαιρωνείᾳ μάχης δυεῖν δέοντα βεβιωκὼς ἑκατὸν ἔτη, γνῶμη χρησάμενος ἅμα τοῖς ἀγαθοῖς τῆς πόλεως συγκαταλῦσαι τὸν ἑαυτοῦ βίον, ἀδήλου ἔτι ὄντος, πῶς χρήσεται τῇ τύχῃ Φίλιππος παραλαβὼν τὴν ἀρχὴν τῶν Ἑλλήνων. τὰ μὲν οὖν ἱστορούμενα περὶ αὐτοῦ κεφαλαιωδῶς ταῦτ' ἐστίν.

[2] ἡ δὲ λέξις, ἥ κέχρηται, τοιοῦτόν τινα χαρακτηῖρα ἔχει. καθαρὰ μὲν

ἐστιν οὐχ ἥττον τῆς Λυσίου καὶ οὐδὲν εἰκῇ τιθεῖσα ὄνομα τὴν τε διάλεκτον ἀκριβοῦσα ἐν τοῖς πάνυ τὴν κοινὴν καὶ συνηθεστάτην. καὶ γὰρ αὕτη πέφευγεν ἀπρηχαιωμένων καὶ σημειωδῶν ὀνομάτων τὴν ἀπειροκαλίαν, κατὰ δὲ τὴν τροπικὴν φράσιν ὀλίγον τι διαλλάττει τῆς Λυσίου καὶ κέκρται συμμέτρως, τό τε σαφὲς ἐκείνῃ παραπλήσιον ἔχει καὶ τὸ ἐναργές, ἠθικὴ τέ ἐστὶ καὶ πιθανὴ καὶ «πρέπουσα». στρογγύλῃ δὲ οὐκ ἔστιν, ὥσπερ ἐκείνη, καὶ συγκεκροτημένη καὶ πρὸς ἀγῶνας δικανικοὺς εὐθετος, ὑπτία δὲ ἐστὶ μᾶλλον καὶ κεχυμένη πλουσίως, οὐδὲ δὴ σύντομος οὕτως, ἀλλὰ καὶ κατασκελὴς καὶ βραδυτέρα τοῦ μετρίου. δι' ἣν δὲ αἰτίαν τοῦτο πάσχει, μετὰ μικρὸν ἐρώ. οὐδὲ τὴν σύνθεσιν ἐπιδείκνυται τὴν φυσικὴν καὶ ἀφελῇ καὶ ἐναγώνιον, ὥσπερ ἡ Λυσίου, εἰ μὲν τὰς ζημίας τούτων ἀποδείξει, τὰ δὲ σωθέντα ποικίλην καὶ πῇ μὲν εὐπρεπεστέραν ἐκείνης πῇ δὲ περιεργότεραν. ὁ γὰρ ἀνὴρ οὗτος τὴν εὐέπειαν ἐκ παντὸς διώκει καὶ τοῦ γλαφυρῶς λέγειν στοχάζεται μᾶλλον ἢ τοῦ ἀφελῶς. τῶν τε γὰρ φωνηέντων τὰς παραλλήλους θέσεις ὡς ἐκλυούσας τὰς ἁρμονίας τῶν ἤχων καὶ τὴν λειότητα τῶν φθόγγων λυμαινομένης περιστάται, περιόδῳ τε καὶ κύκλῳ περιλαμβάνειν τὰ νοήματα πειρᾶται ῥυθμοειδεῖ πάνυ καὶ οὐ πολὺ ἀπέχοντι τοῦ ποιητικοῦ μέτρου, ἀναγνώσεώς τε μᾶλλον οἰκειότερός ἐστιν ἢ χρήσεως. τοιγάρτοι τὰς μὲν ἐπιδείξεις τὰς ἐν ταῖς πανηγύρεσι καὶ τὴν ἐκ χειρὸς θεωρίαν φέρουσιν αὐτοῦ οἱ λόγοι, τοὺς δὲ ἐν ἐκκλησίαις καὶ δικαστηρίοις ἀγῶνας οὐχ ὑπομένουσι. τούτου δὲ αἴτιον, ὅτι πολὺ τὸ παθητικὸν ἐν ἐκείνοις εἶναι δεῖ. τοῦτο δὲ ἥκιστα δέχεται περίοδος. αἱ τε παρομοιώσεις καὶ παρισώσεις καὶ τὰ ἀντίθετα καὶ πᾶς ὁ τῶν τοιούτων σχημάτων κόσμος πολὺς ἐστὶ παρ' αὐτῷ καὶ λυπεῖ πολλάκις τὴν ἄλλην κατασκευὴν προσιστάμενος ταῖς ἀκοαῖς.

[3] καθόλου δὲ τριῶν ὄντων, ὡς φησι Θεόφραστος, ἐξ ὧν γίνεται τὸ μέγα καὶ σεμνὸν καὶ περιττὸν ἐν λέξει, τῆς τε ἐκλογῆς τῶν ὀνομάτων καὶ τῆς ἐκ τούτων ἁρμονίας καὶ τῶν περιλαμβανόντων αὐτὰ σχημάτων, ἐκλέγει μὲν εὖ πάνυ καὶ τὰ κράτιστα τῶν ὀνομάτων τίθησιν, ἀρμόττει δὲ αὐτὰ περιέργως, τὴν εὐφωνίαν ἐντείνων μουσικὴν, σχηματίζει τε φορτικῶς καὶ τὰ πολλὰ γίνεται ψυχρὸς ἢ τῷ πόρρωθεν λαμβάνειν ἢ τῷ μὴ πρέποντα εἶναι τὰ σχήματα τοῖς πράγμασι διὰ τὸ μὴ κρατεῖν τοῦ μετρίου. ταῦτα μέντοι καὶ μακροτέραν αὐτῷ ποιεῖ τὴν λέξιν πολλάκις, λέγω δὲ τό τε εἰς περιόδους ἐναρμόττειν ἅπαντα τὰ νοήματα καὶ τὸ τοῖς αὐτοῖς τύποις τῶν σχημάτων τὰς περιόδους περιλαμβάνειν καὶ τὸ διώκειν ἐκ παντὸς τὴν εὐρυθμίαν. οὐ γὰρ ἅπαντα δέχεται οὔτε μῆκος τὸ αὐτὸ οὔτε σχῆμα τὸ παραπλήσιον οὔτε ῥυθμὸν τὸν ἴσον. ὥστε ἀνάγκη παραπληρώμασι λέξεων οὐδὲν ὠφελουσῶν χρῆσθαι καὶ ἀπομηκύνειν πέρα τοῦ χρησίου τὸν λόγον. λέγω δὲ οὐχ ὡς διαπαντὸς αὐτοῦ ταῦτα ποιοῦντος (οὐχ οὕτως μαίνομαι· καὶ γὰρ συντίθησιν ποτε ἀφελῶς τὰ ὀνόματα καὶ λύει τὴν περίοδον εὐγενῶς καὶ τὰ περίεργα σχήματα καὶ φορτικὰ φεύγει καὶ μάλιστα ἐν τοῖς συμβουλευτικοῖς τε καὶ δικανικοῖς λόγοις), ἀλλ' ὡς ἐπὶ τὸ πολὺ τῷ ῥυθμῷ δουλεύοντος καὶ τῷ κύκλῳ τῆς περιόδου καὶ τὸ κάλλος τῆς ἀπαγγελίας ἐν τῷ περιττῷ τιθεμένου κοινότερον εἴρηκα περὶ αὐτοῦ. κατὰ δὲ ταῦτά φημι τὴν

Ἰσοκράτους λέξιν λείπεσθαι τῆς Λυσίου καὶ ἔτι κατὰ τὴν χάριν. καίτοι γε ἀνθρῶς ἐστίν, εἰ καὶ τις ἄλλος, καὶ ἐπαγωγὸς ἡδονῇ τῶν ἀκρωμένων Ἰσοκράτης, ἀλλ' οὐκ ἔχει τὴν αὐτὴν χάριν ἐκείνῳ. τοσοῦτον δὲ αὐτοῦ λείπεται κατὰ ταύτην τὴν ἀρετὴν, ὅσον τῶν φύσει καλῶν σωμάτων τὰ συνεραυζόμενα κόσμοις ἐπιθέτοις. πέφυκε γὰρ ἡ Λυσίου λέξις ἔχειν τὸ χαρίεν, ἡ δὲ Ἰσοκράτους βούλεται. ταύταις μὲν δὴ ταῖς ἀρεταῖς ὑστερεῖ Λυσίου κατὰ τοῦν τὴν ἐμὴν γνώμην. προτερεῖ δὲ γε ἐν ταῖς μελλούσαις λέγεσθαι· ὑψηλότερός ἐστιν ἐκείνου κατὰ τὴν ἐρμηνείαν καὶ μεγαλοπρεπέστερος μακρῶ καὶ ἀξιωματικώτερος. θαυμαστὸν γὰρ δὴ καὶ μέγα τὸ τῆς Ἰσοκράτους κατασκευῆς ὕψος, ἡρωϊκῆς μᾶλλον ἢ ἀνθρωπίνης φύσεως οἰκεῖον. δοκεῖ δὴ μοι μὴ ἄπο σκοποῦ τις ἂν εἰκάσαι τὴν μὲν Ἰσοκράτους ῥητορικὴν τῇ Πολυκλείτου τε καὶ Φειδίου τέχνῃ κατὰ τὸ σεμνὸν καὶ μεγαλότεχνον καὶ ἀξιωματικόν, τὴν δὲ Λυσίου τῇ Καλάμιδος καὶ Καλλιμάχου τῆς λεπτότητος ἔνεκα καὶ τῆς χάριτος. ὥσπερ γὰρ ἐκείνων οἱ μὲν ἐν τοῖς ἐλάττωσι καὶ ἀνθρωπικοῖς ἔργοις εἰσὶν ἐπιτυχέστεροι τῶν ἐτέρων, οἱ δ' ἐν τοῖς μείζοσι καὶ θειοτέροις δεξιώτεροι, οὕτως καὶ τῶν ῥητόρων ὁ μὲν ἐν τοῖς μικροῖς ἐστὶ σοφώτερος, ὁ δ' ἐν τοῖς μεγάλοις περιττότερος, τάχα μὲν γὰρ καὶ τῇ φύσει μεγαλόφρων τις ὢν, εἰ δὲ μή, τῇ γε προαιρέσει πάντως τὸ σεμνὸν καὶ θαυμαστὸν διώκων. ταῦτα μὲν οὖν περὶ τῆς λέξεως τοῦ ῥήτορος.

[4] τὰ δὲ ἐν τῷ πραγματικῷ τόπῳ θεωρήματα τὰ μὲν ὅμοια τοῖς Λυσίου, τὰ δὲ κρείττονα. ἡ μὲν εὗρεσις ἡ τῶν ἐνθυμημάτων ἡ πρὸς ἕκαστον ἀρμόττουσα πρᾶγμα πολλὴ καὶ πυκνὴ καὶ οὐδὲν ἐκείνης λειπομένη. καὶ κρίσις ὡσαύτως ἀπὸ μεγάλης φρονήσεως γινομένη. τάξις δὲ καὶ μερισμοὶ τῶν πραγμάτων καὶ ἡ κατ' ἐπιχείρημα ἐξεργασία καὶ τὸ διαλαμβάνεσθαι τὴν ὁμοειδειαν ἰδίαις μεταβολαῖς καὶ ξένοις ἐπεισοδίοις τὰ τε ἄλλα ὅσα περὶ τὴν πραγματικὴν οἰκονομίαν ἔστιν ἀγαθὰ πολλῶ μείζονά ἐστι παρ' Ἰσοκράτει καὶ κρείττονα, μάλιστα δ' ἡ προαίρεσις ἡ τῶν λόγων, περὶ οὓς ἐσπούδαζε, καὶ τῶν ὑποθέσεων τὸ κάλλος, ἐν αἷς ἐποιεῖτο τὰς διατριβάς. ἐξ ὧν οὐ λέγειν δεινοὺς μόνον ἀπεργάσαιτ' ἂν τοὺς προσέχοντας αὐτῷ τὸν νοῦν, ἀλλὰ καὶ τὰ ἥθη σπουδαίους, οἴκῳ τε καὶ πόλει καὶ ὅλῃ τῇ Ἑλλάδι χρησίμους. κράτιστα γὰρ δὴ παιδεύματα πρὸς ἀρετὴν ἐν τοῖς Ἰσοκράτους ἔστιν εὐρεῖν λόγοις. καὶ ἔγωγέ φημι χρῆναι τοὺς μέλλοντας οὐχὶ μέρος τι τῆς πολιτικῆς δυνάμεως ἀλλ' ὅλην αὐτὴν κτήσασθαι τοῦτον ἔχειν τὸν ῥήτορα διὰ χειρός. καὶ εἰ τις ἐπιτηδεύει τὴν ἀληθινὴν φιλοσοφίαν, μὴ τὸ θεωρητικὸν αὐτῆς μόνον ἀγαπῶν ἀλλὰ καὶ τὸ πρακτικόν, μηδ' ἀφ' ὧν αὐτὸς ἄλυπον ἔξει βίον, ταῦτα προαιρούμενος, ἀλλ' ἐξ ὧν πολλοὺς ὠφελήσει, παρακελευσαίμην ἂν αὐτῷ τὴν ἐκείνου τοῦ ῥήτορος μιμεῖσθαι προαίρεσιν.

[5] τίς γὰρ οὐκ ἂν γένοιτο φιλόπολις τε καὶ φιλόδημος ἢ τίς οὐκ ἂν ἐπιτηδεύσειε τὴν πολιτικὴν καλοκάγαθίαν ἀναγνοὺς αὐτοῦ τὸν Παναγυρικόν; ἐν ᾧ διεξιὼν τὰς τῶν ἀρχαίων ἀρετὰς φησίν, ὥς οἱ τὴν Ἑλλάδα ἐλευθερώσαντες ἀπὸ τῶν βαρβάρων οὐ τὰ πολέμια δεινοὶ μόνον ἦσαν, ἀλλὰ καὶ τὰ ἥθη γενναῖοι καὶ φιλότιμοι καὶ σώφρονες, οἳ γε τῶν μὲν

κοινῶν μᾶλλον ἐφρόντιζον ἢ τῶν ιδίων, τῶν δὲ ἄλλοτρίων ἤττον ἐπεθύμουν ἢ τῶν ἀδυνάτων καὶ τὴν εὐδαιμονίαν οὐ πρὸς ἀργύριον ἔκρινον ἀλλὰ πρὸς εὐδοξίαν, μέγαν οἰόμενοι τοῖς παισὶ καταλείψειν πλοῦτον καὶ ἀνεπίφθονον τὴν παρὰ τοῖς πλήθεσι τιμὴν· κρείττονα δὲ ἡγοῦντο τὸν εὐσχήμονα θάνατον ἢ τὸν ἀκλεῖ βίον, ἐσκόπουν δὲ οὐχ ὅπως οἱ νόμοι καλῶς καὶ ἀκριβῶς αὐτοῖς ἐξουσιν, ἀλλ' ὥς ἡ τῶν καθ' ἡμέραν ἐπιτηδευμάτων μετριότης μὴ ἐκβήσεται τῶν πατρίων· οὕτως δὲ εἶχεν αὐτοῖς τὰ πρὸς ἀλλήλους φιλοτίμως καὶ πολιτικῶς, ὥστε καὶ τὰς στάσεις ἐποιοῦντο πρὸς ἀλλήλους, πότεροι πλείω τὴν πόλιν ἀγαθὰ ποιήσουσιν, οὐχ οἵτινες τοὺς ἐτέρους ἀπολέσαντες τῶν λοιπῶν αὐτοὶ ἄρξουσιν. τῇ δὲ αὐτῇ προθυμίᾳ χρώμενοι καὶ πρὸς τὴν Ἑλλάδα τῷ θεραπεύειν προσήγοντο τὰς πόλεις καὶ τῷ πείθειν ταῖς εὐεργεσίαις μᾶλλον ἢ τῷ βιάζεσθαι τοῖς ὅπλοις κατεῖχον, πιστοτέροις χρώμενοι τοῖς λόγοις ἢ νῦν τοῖς ὄρκοις, καὶ ταῖς συνθήκαις ἀξιοῦντες μᾶλλον ἐμμένειν ἢ ταῖς ἀνάγκαις, τοιαῦτα δὲ περὶ τῶν ἡττόνων ἀξιοῦντες γινώσκουν, οἷα περὶ σφῶν αὐτῶν τοὺς κρείττους ἂν ἤξιωσαν φρονεῖν, οὕτω δὲ παρεσκευασμένοι τὰς γνώμας, ὥς ἰδίᾳ μὲν ἔχοντες τὰς ἑαυτῶν πόλεις, κοινὴν δὲ πατρίδα τὴν Ἑλλάδα οἰκοῦντες.

[6] τίς δ' οὐκ ἂν ἀγαπήσειε μέγεθος ἔχων ἀνὴρ καὶ δυνάμειός τις ἡγούμενος, ἃ πρὸς Φίλιππον αὐτῷ τὸν Μακεδόνα γέγραπται; ἐν οἷς ἀξιοῖ στρατηγὸν ἄνδρα καὶ τηλικαύτης ἐξουσίας κύριον διαλλάττειν μὲν τὰς διαφορομένας πόλεις ἀλλὰ μὴ συγκρούειν πρὸς ἀλλήλας, τὴν δὲ Ἑλλάδα μεγάλην ἐκ μικρᾶς ποιεῖν ὑπεριδόντα <τε> τῆς περὶ τὰ μικρὰ φιλοτιμίας τοῖς τοιοῦτοῖς ἐπιχειρεῖν ἔργοις, ἐξ ὧν κατορθώσας τε πάντων ἡγεμόνων ἐπιφανέστατος ἔσται καὶ ἀποτυχὼν τὴν γε εὖνοιαν τὴν παρὰ τῶν Ἑλλήνων κτήσεται· ἥς οἱ τυχόντες πολλῷ μᾶλλον εἰσι ζηλωτότεροι τῶν μεγάλαις πόλεις καὶ πολλὰς χώρας καταστρεψαμένων. ἔτι δὲ παρακελεύεται μιμεῖσθαι τὴν Ἡρακλέους τε προαίρεσιν καὶ τῶν ἄλλων ἡγεμόνων, ὅσοι μετὰ τῶν Ἑλλήνων ἐπὶ τοὺς βαρβάρους ἐστράτευσαν, καὶ φησι χρῆναι τοὺς ἐτέρων διαφέροντας προαιρεῖσθαι μὲν τὰς μέγεθος ἐχούσας πράξεις, ἐπιτελεῖν δὲ αὐτὰς μετ' ἀρετῆς, ἐνθυμουμένους ὅτι τὸ μὲν σῶμα θνητὸν ἔχομεν, ἀθάνατοι δὲ γιγνόμεθα δι' ἀρετὴν, καὶ τοῖς μὲν πρὸς ἄλλο τι τῶν ἀγαθῶν ἀπλήστως διακειμένοις ἀχθόμεθα, τοὺς δὲ τιμὴν μείζω τῆς ὑπαρχούσης αἰὲν κτωμένους ἐπαινοῦμεν, καὶ ὅτι τῶν μὲν ἄλλων, ἐφ' οἷς εἰσιν ἀνθρώπιναι σπουδαί, πλούτου καὶ ἀρχῆς καὶ δυναστείας, πολλάκις τοὺς ἐχθροὺς συμβαίνει γίνεσθαι κυρίους, τῆς δὲ ἀρετῆς καὶ τῆς παρὰ τοῖς πλήθεσιν εὐνοίας τοὺς οἰκέλους ἐκάστου κληρονομεῖν. πολλὴ γὰρ ἀνάγκη τοὺς ἀναγιγνώσκοντας ταῦτα δυνάστας φρονήματός τε μείζονος ὑποπίμπλασθαι καὶ μᾶλλον ἐπιθυμεῖν τῆς ἀρετῆς.

[110] ἔχων δὲ πολλοὺς αὐτοῦ καὶ ἄλλους διεξιέναι λόγους πρὸς πόλεις τε καὶ δυνάστας καὶ ιδιώτας γραφέντας, ὧν οἱ μὲν εἰς ὁμόνοιαν καὶ σωφροσύνην τὰ πλήθη παρακαλοῦσιν, οἱ δὲ εἰς μετριότητα καὶ νόμιμον ἀρχὴν τοὺς δυνάστας προάγουσιν, οἱ δὲ κοσμίους τῶν ιδιωτῶν ἀπεργάζονται τοὺς βίους, ἃ δεῖ πράττειν ἕκαστον ὑποτιθέμενοι, δεδοικῶς μὴ πέρα τοῦ δέοντος ὁ λόγος ἐκμηκυνθῇ μοι, ταῦτα μὲν ἐάσω, τοῦ δ' εὐπαρακολούθητα γενέσθαι μοι μᾶλλον τὰ πρόσθεν εἰρημένα, καὶ τῆς διαφορᾶς ἕνεκα, ἣ διαλλάττει Λυσίου, τὰς ἀρετὰς αὐτῶν εἰς βραχύτερον συναγαγὼν λόγον ἐπὶ τὰ παραδείγματα μεταβήσομαι.

[111] πρῶτην μὲν τοῖνυν ἔφην ἀρετὴν εἶναι λόγων τὴν καθαρὰν ἐρμηνείαν, ἐν ἣ διαλλαγὴν οὐδεμίαν εὕρισκον παρ' οὐδετέρῳ. ἔπειτα τὴν ἀκρίβειαν τὴν διαλέκτου τῆς τότε συνήθους· καὶ ταύτην ἐώρων ὁμοίαν παρ' ἀμφοτέροις. μετὰ ταῦτα ἐπελογιζόμεν, ὅτι τοῖς κυρίοις καὶ συνήθεσι καὶ κοινοῖς ὀνόμασιν ἀμφοτέροι κέχρηται, ἡ δὲ Ἰσοκράτους λέξις προσλαβοῦσα τι τῆς τροπικῆς κατασκευῆς μέχρι τοῦ μὴ λυπῆσαι προῆλθεν. τῆς σαφηνείας καὶ τῆς ἐναργείας ἀμφοτέρους κρατεῖν ἀπεφηνάμην, ἐν δὲ τῷ συντόμως ἐκφέρειν τὰ νοήματα Λυσίαν μᾶλλον ἡγούμην ἐπιτυχάνειν. περὶ τὰς αὐξήσεις Ἰσοκράτη κατορθοῦν ἄμεινον ἐδόκουν. ἐν τῷ συστρέφειν τὰ νοήματα καὶ στοργγύλως ἐκφέρειν ὡς πρὸς ἀληθινούς ἀγῶνας ἐπιτήδειον Λυσίαν ἀπεδεχόμεν. ἐν ταῖς ἡθοποιαῖς ἀμφοτέρους εὕρισκον δεξιούς, τῆς δὲ χάριτος καὶ τῆς ἡδονῆς ἀναμφιλόγως ἀπεδίδουν τὰ πρωτεῖα Λυσία. τὸ μεγαλοπρεπὲς ἐώρων παρ' Ἰσοκράτει. τοῦ πιθανοῦ καὶ πρέποντος οὐδέτερον ἐδόκουν ἀπολείπεσθαι. ἐν τῇ συνθέσει τῶν ὀνομάτων Λυσίαν μὲν ἀφελέστερον ἔκρινον, Ἰσοκράτην δὲ περιεργότερον, καὶ τὸν μὲν τῆς ἀληθείας πιθανώτερον εἰκαστήν, τὸν δὲ τῆς κατασκευῆς ἀθλητὴν ἰσχυρότερον.

[112] ταῦτα ἔφην περὶ τῆς λέξεως τῆς ἐκατέρου. τῶν δὲ πραγμάτων ποιούμενος <τῇ> ἐξέτασιν, τὴν μὲν εὗρεσιν θαυμαστὴν παρ' ἀμφοῖν κατελαβόμεν καὶ ἔτι τὴν κρίσιν. τῇ δὲ τάξει τῶν ἐνθυμημάτων καὶ τοῖς μερισμοῖς τῶν ἐπιχειρημάτων καὶ τῇ καθ' ἕκαστον εἶδος ἐξεργασία τοῖς τε ἄλλοις ἅπασι τοῖς ἐν τῷ πραγματικῷ τόπῳ θεωρήμασι παρὰ πολὺ προτερεῖν ἡγούμην Ἰσοκράτην Λυσίου, κατὰ δὲ τὴν λαμπρότητα τῶν ὑποθέσεων καὶ τὸ φιλόσοφον τῆς προαιρέσεως πλεῖον διαφέρειν ἢ παιδὸς ἄνδρα, ὡς ὁ Πλάτων εἶρηκεν, εἰ δὲ χρὴ τάληθές εἶπεῖν, καὶ τῶν ἄλλων ἀπάντων ῥητόρων, ὅσοι φιλοσόφως τοῦ μαθήματος τούτου προέστησαν. τῆς μέντοι ἀγωγῆς τῶν περιόδων τὸ κύκλιον καὶ τῶν σχηματισμῶν τῆς λέξεως τὸ μεираκιῶδες οὐκ ἐδοκίμαζον. δουλεύει γὰρ ἡ διάνοια πολλάκις τῷ ῥυθμῷ

τῆς λέξεως καὶ τοῦ κομποῦ λείπεται τὸ ἀληθινόν. κράτιστον δὲ ἐπιτήδευμα ἐν διαλέκτῳ πολιτικῇ καὶ ἐναγωνίῳ τὸ ὁμοιότατον τῷ κατὰ φύσιν. βούλεται δὲ ἡ φύσις τοῖς νοήμασιν ἔπεσθαι τὴν λέξιν, οὐ τῇ λέξει τὰ νοήματα. συμβούλῳ δὲ δὴ περὶ πολέμου καὶ εἰρήνης λέγοντι καὶ ἰδιώτῃ τὸν περὶ ψυχῆς τρέχοντι κίνδυνον ἐν δικασταῖς τὰ κομπὰ καὶ θεατρικὰ καὶ μεираκιώδη ταῦτα οὐκ οἶδα ἥντινα δύναίτο ἂν παρασχεῖν ὠφέλειαν, μᾶλλον δὲ οἶδα ὅτι καὶ βλάβης ἂν αἵτια γένοιτο. χαριεντισμὸς γὰρ πᾶς ἐν σπουδῇ καὶ κακοῖς γινόμενος ἄωρον πρᾶγμα καὶ πολεμιώτατον ἐλέω.

[13] οὗτος δὲ οὐκ ἐμὸς ὁ λόγος πρώτου μὰ Δία, ἐπεὶ πολλοὶ καὶ τῶν παλαιῶν ταύτην εἶχον ὑπὲρ αὐτοῦ τὴν δόξαν. Φιλόνικος μὲν γὰρ ὁ διαλεκτικὸς τὴν ἄλλην κατασκευὴν τῆς λέξεως ἐπαινῶν τάνδρὸς μέμφεται τῆς κενότητός τ' αὐτῆς καὶ τοῦ φορτικοῦ εὐοικέναι τέ φησιν αὐτὸν ζωγράφῳ ταῖς αὐταῖς ἐσθῆσι καὶ τοῖς αὐτοῖς σχήμασι πάσας ἐπικοσμοῦντι τὰς γραφάς· 'ἅπαντες γοῦν εὕρισκον τοὺς λόγους αὐτοῦ τοῖς αὐτοῖς τρόποις τῆς λέξεως κεχρημένους, ὥστ' ἐν πολλοῖς τεχνικῶς τὰ καθ' ἕκαστα ἐξεργαζόμενον τοῖς ὅλοις ἀπρεπῇ παντελῶς φαίνεσθαι διὰ τὸ μὴ προσηκόντως τοῖς ὑποκειμένοις τῶν ἡθῶν φράζειν'. Ἰερώνυμος δὲ ὁ φιλόσοφος φησιν ἀναγνῶναι μὲν ἂν τινα δυνηθῆναι τοὺς λόγους αὐτοῦ καλῶς, δημηγορῆσαι δὲ τὴν τε φωνὴν καὶ τὸν τόνον ἐπάραντα καὶ ἐν ταύτῃ τῇ κατασκευῇ μετὰ τῆς ἀρμοστούσης ὑποκρίσεως εἰπεῖν οὐ παντελῶς. τὸ γὰρ μέγιστον καὶ κινητικώτατον τῶν ὄχλων παρεῖσθαι, τὸ παθητικὸν καὶ ἔμψυχον· δουλεύειν γὰρ αὐτὸν τῇ λειότητι διαπαντός, τὸ δὲ κεκραμένον καὶ παντοδαπὸν ἐπιτάσσει τε καὶ ἀνέσει καὶ τὸ ταῖς παθητικαῖς ὑπερθέσει διειλημμένον ἀποβεβληκέναι. καθόλου δὲ φησιν αὐτὸν εἰς ἀναγνώστου παιδὸς φωνὴν καταδύντα μήτε τόνον μήτε πάθος μήτε ὑπόκρισιν δύνασθαι φέρειν. πολλοῖς δὲ καὶ ἄλλοις ταῦτα καὶ παραπλήσια τοῦτοις εἰρηται, περὶ ὧν οὐδὲν δέομαι γράφειν. ἐξ αὐτῆς γὰρ ἔσται τῆς Ἰσοκράτους λέξεως τεθείσης καταφανῆς ὅ τε τῶν περιόδων ῥυθμὸς ἐκ παντὸς διώκων τὸ γλαφυρὸν καὶ τῶν σχημάτων τὸ μεираκιῶδες περὶ τὰς ἀντιθέσεις καὶ παρισώσεις καὶ παρομοιώσεις κατατριβόμενον. καὶ οὐ τὸ γένος μέφομαι τῶν σχημάτων (πολλοὶ γὰρ αὐτοῖς ἐχρήσαντο καὶ συγγραφεῖς καὶ ῥήτορες, ἀνθίσαι βουλόμενοι τὴν λέξιν), ἀλλὰ τὸν πλεονασμόν.

[14] τῷ γὰρ μὴ ἐν καιρῷ γίνεσθαι μηδὲ ἐν ὥρᾳ προσίστασθαί φημι ταῖς ἀκοαῖς. ἐν γοῦν τῷ πανηγυρικῷ τῷ περιβοήτῳ λόγῳ πολὺς ἐστὶν ἐν τοῖς τοιούτοις· 'πλείστων μὲν οὖν ἀγαθῶν αἰτίους καὶ μεγίστων ἐπαινῶν ἀξίους ἡγοῦμαι'. ἐνταῦθα γὰρ οὐ μόνον τῷ κῶλῳ τὸ κῶλον ἴσον, ἀλλὰ καὶ τὰ ὀνόματα τοῖς ὀνόμασι, τῷ μὲν πλείστων τὸ μεγίστων, τῷ δ' ἀγαθῶν τὸ ἐπαινῶν, τῷ δὲ αἰτίους τὸ ἀξίους. καὶ αὖθις· 'οὐδὲ ἀπέλαυον μὲν ὡς ἰδίων, ἡμέλουν δὲ ὡς ἄλλοτρίων'. τό τε γὰρ κῶλον τὸ δεύτερον τῷ κῶλῳ πάρισον καὶ τῶν ὀνομάτων τῷ μὲν ἀπέλαυον τὸ ἡμέλουν ἀντίθετον, τῷ δὲ ἰδίων τὸ ἄλλοτρίων. οἷς ἐπιτίθησιν· 'ἀλλὰ ἐκήδοντο μὲν ὡς οἰκείων, ἀπείχοντο δὲ ὥσπερ χρή τῶν μηδὲν προσηκόντων.' ἀντίκειται [γὰρ] δὴ πάλιν κἀνταῦθα τῷ μὲν ἐκήδοντο τὸ ἀπείχοντο, τῷ δὲ οἰκείων τὸ μηδὲν προσηκόντων. καὶ οὕτω ταῦθ' ἱκανά, ἀλλ' ἐν τῇ μετὰ ταῦτα περιόδῳ πάλιν

[15] ὥρα δὲ ἂν εἴη καὶ τῶν παραδειγμάτων ἄψασθαι καὶ δεῖξαι τούτοις τίς ἐστιν ἡ τοῦ ῥήτορος ἰσχύς. ἅπαντα μὲν οὖν τὰ γένη τῶν προβλημάτων καὶ πάσας τὰς ἰδέας τῶν λόγων ἀμήχανον ἐν ὀλίγῳ δηλῶσαι, ἀρκεῖ δὲ μία τε δημηγορία παραληφθεῖσα καὶ λόγος εἷς ἐκ <τῶν> δικανικῶν. ὁ μὲν οὖν συμβουλευτικὸς λόγος ἔστω, ἐν ᾧ παρακαλεῖ τοὺς Ἀθηναίους διαλύσασθαι μὲν τὸν συμμαχικὸν κληθέντα πόλεμον, ὃν ἐπολέμουν πρὸς αὐτοὺς Χίοι τε καὶ Ῥόδιοι καὶ οἱ τούτων σύμμαχοι, παύσασθαι δὲ πλεονεκτοῦντας καὶ τῆς κατὰ γῆν καὶ κατὰ θάλατταν ἐπιθυμοῦντας ἀρχῆς· διδάσκων ὥς ἔστιν οὐ μόνον κρείττων ἡ δικαιοσύνη τῆς ἀδικίας ἀλλὰ καὶ ὠφελιμωτέρα. τὸ μὲν οὖν ὑπτιον καὶ ἀναβεβλημένον τῆς ἀγωγῆς καὶ τῶν περιόδων ὁ χαριεντισμὸς ἔνεστι κἂν τούτοις, τὰ δὲ θεατρικὰ τῶν σχημάτων τεταμιευμένως παρείληπται. ταῦτα μὲν δὴ παρορᾶν δεῖ τοὺς ἀναγινώσκοντας καὶ μὴ ἄξια ἡγεῖσθαι σπουδῆς, ὥσπερ <καὶ> κατ’ ἀρχὰς ἔφην, τοῖς δὲ ἄλλοις πάνυ προσέχειν τὸν νοῦν. ἄρχεται δὲ ὁ λόγος ἐντεῦθεν·

ΙΣΑΙΟΣ ΑΘΗΝΑΙΟΣ

[1] Ἰσαῖος δὲ ὁ Δημοσθένους καθηγησάμενος καὶ διὰ τοῦτο μάλιστα γενόμενος περιφανής, ὡς μὲν τινες ἱστοροῦσιν, Ἀθηναῖος ἦν τὸ γένος, ὡς δ' ἕτεροι γράφουσι, Χαλκιδεύς. ἤκμασε δὲ μετὰ τὸν Πελοποννησιακὸν πόλεμον, ὡς ἐκ λόγων αὐτοῦ τεκμαίρομαι, καὶ μέχρι τῆς Φιλίππου δυναστείας παρεξέτεινε. γενέσεως δὲ καὶ τελευτῆς τοῦ ῥήτορος ἀκριβῆ χρόνον εἰπεῖν οὐκ ἔχω οὐδὲ δὴ περὶ τοῦ βίου τάνδρὸς, οἷός τις ἦν, οὐδὲ περὶ τῆς προαιρέσεως τῶν πολιτευμάτων οὐδέν, ἀρχὴν εἰ προείλετό τινα ἢ πολιτείαν, οὐδ' ὅλως περὶ τῶν τοιούτων οὐδενὸς διὰ τὸ μηδεμιᾷ τοιαύτη περιτυχάνειν ἱστορίᾳ. οὐδὲ γὰρ ὁ τοὺς Ἰσοκράτους μαθητὰς ἀναγράψας Ἑρμιππος, ἀκριβῆς ἐν τοῖς ἄλλοις γενόμενος, ὑπὲρ τοῦδε τοῦ ῥήτορος οὐδὲν εἴρηκεν ἕξω δυεῖν τούτων, ὅτι διήκουσε μὲν Ἰσοκράτους καθηγήσατο δὲ Δημοσθένους. [συνεγένετο δὲ τοῖς ἀρίστοις τῶν φιλοσόφων.]

[2] λείπεται δὴ περὶ τῆς προαιρέσεως καὶ δυνάμεως αὐτοῦ καὶ τίνοι κέχρηται χαρακτῆρι λέγειν. γένους μὲν δὴ λόγων ἐνὸς ἀσκητῆς ἐγένετο τοῦ δικανικοῦ καὶ περὶ τοῦτο μάλιστα ἐσπούδασε. χαρακτῆρα δὲ τὸν Λυσίου κατὰ τὸ πλεῖστον ἐζήλωσε καὶ εἰ μὴ τις ἔμπειρος πάνυ τῶν ἀνδρῶν εἴη καὶ τριβάς ἀξιολόγους ἀμφοῖν ἔχων, οὐκ ἂν διαγνοίη ῥαδίως πολλοὺς τῶν λόγων, ὅποτέρου τῶν ῥητόρων εἰσίν, ἀλλὰ παρακρούσεται ταῖς ἐπιγραφαῖς <οὐχ> οὕτως ἀκριβῶς ἐχούσαις, ὡς διὰ μιᾶς δηλοῦνταί μοι γραφῆς. οὐ μὴν ἀπαράλλακτός γέ ἐστιν ἢ τοῦ χαρακτῆρος ὁμοιότης, ἀλλὰ ἔχουσα διαφορὰς τινὰς οὐ μικρὰς οὐδὲ ὀλίγας καὶ κατὰ τὴν ἐρμηνείαν καὶ κατὰ τὰ πράγματα, περὶ ὧν καιρὸς ἂν εἴη λέγειν, ὡς ἡμεῖς ὑπεilhφάμεν. ἐπειδὴ δὲ κατὰ τὴν λέξιν μᾶλλον ἔοικε τῷ Λυσίᾳ, τὴν ἀρχὴν ἀπὸ ταύτης ποιησάμενος τὰς ὁμοιότητάς τε καὶ τὰς διαφοράς, ἃς ἔχει πρὸς ἐκείνην, ἐρῶ.

[3] καθαρὰ μὲν καὶ ἀκριβῆς καὶ σαφὴς κυρία τε καὶ ἐναργὴς καὶ σύντομος, πρὸς δὲ τούτοις πιθανή τε καὶ πρέπουσα τοῖς ὑποκειμένοις στρογγύλη τε καὶ δικανικὴ οὐχ ἡττόν ἐστιν ἢ Ἰσαίου λέξεις τῆς Λυσίου, καὶ κατὰ μὲν ταῦτα οὐκ ἂν τις αὐτὴν διαγνοίη. διαφέρειν δὲ ἐκείνης δόξειεν ἂν ἐν τοῖσδε· ἢ μὲν γὰρ ἀφελής τε καὶ ἡθικὴ μᾶλλον ἐστὶ σύγκειται τε φυσικώτερον καὶ ἐσχημάτισται ἀπλοῦστερον ἡδονῇ τε καὶ χάριτι πολλῇ κεχορήγηται. ἢ δὲ Ἰσαίου τεχνικωτέρα δόξειεν ἂν εἶναι καὶ ἀκριβεστέρα τῆς Λυσίου τὴν τε σύνθεσιν περιεργότερα τις καὶ σχηματισμοῖς διειλημμένη ποικίλοις, ὅσον τε ἀπολείπεται τῆς χάριτος ἐκείνης, τοσοῦτον ὑπερέχει τῇ δεινότητι τῆς κατασκευῆς καὶ πηγὴ τις ὄντως ἐστὶ τῆς Δημοσθένους δυνάμεως. τὴν μὲν οὖν λέξιν οὕτως ἂν τις διαγνοίη, ἐν δὲ τοῖς πράγμασι τοιαύτας τινὰς εὐρήσει διαφοράς. παρὰ Λυσίᾳ μὲν οὐ πολλὴν τὴν ἐπιτέχνησιν οὗτ' ἐν <τοῖς> μερισμοῖς τῶν πραγμάτων οὗτ' ἐν τῇ τάξει τῶν ἐνθυμημάτων οὗτ' ἐν ταῖς ἐξεργασίαις αὐτῶν ὄφεται· ἀπλοῦς γὰρ ὁ ἀνὴρ.

παρ' Ἰσαίῳ δὲ <ἀκριβέστερον> καὶ τεχνικώτερον ἤδη γινόμενα ταῦτα εὐρήσει. καὶ γὰρ ἐφόδοις χρῆται καὶ προκατασκευαῖς καὶ μερισμοῖς τεχνικωτέροις καὶ τίθησιν ἐν οἷς δίδωσι χρῆσιν ἕκαστον καὶ μέχρι πολλοῦ προάγει τὰς τῶν ἐπιχειρημάτων ἐξεργασίας σχημάτων τε μεταβολαῖς ἐναγωνίων καὶ παθητικῶν ποικίλλει τοὺς λόγους. καὶ πρὸς μὲν τὸν ἀντίδικον διαπονηρεύεται, τοὺς δὲ δικαστὰς καταστρατηγεῖ, τοῖς δὲ πράγμασιν, ὑπὲρ ὧν ὁ λόγος, ἐκ παντὸς πειρᾶται βοηθεῖν.

[4] ἵνα δὲ μᾶλλον ἡ διαφορὰ τῶν ἀνδρῶν γένηται καταφανής, εἰκόνηι χρήσομαι τῶν ὁρατῶν τι. εἰσὶ δὴ τινες ἀρχαῖαι γραφαί, χρώμασι μὲν εἰργασμέναι ἀπλῶς καὶ οὐδεμίαν ἐν τοῖς μίγμασιν ἔχουσαι ποικιλίαν, ἀκριβεῖς δὲ ταῖς γραμμαῖς καὶ πολὺ τὸ χαρίεν ἐν ταύταις ἔχουσαι. αἱ δὲ μετ' ἐκείνας εὐγραμμοὶ μὲν ἦττον, ἐξεργασμένοι δὲ μᾶλλον, σκιᾷ τε καὶ φωτὶ ποικιλλόμεναι καὶ ἐν τῷ πλήθει τῶν μιγμάτων τὴν ἰσχὺν ἔχουσαι. τοῦτων μὲν δὴ ταῖς ἀρχαιοτέραις ἔοικεν ὁ Λυσίας κατὰ τὴν ἀπλότητα καὶ τὴν χάριν, ταῖς δὲ ἐκπεπονημέναις τε καὶ τεχνικωτέραις ὁ Ἰσαῖος. ἦν δὲ περὶ αὐτοῦ δόξα παρὰ τοῖς τότε γοητείας καὶ ἀπάτης, ὡς δεινὸς ἀνὴρ τεχνιτεῦσαι λόγους ἐπὶ τὰ πονηρότερα, καὶ εἰς τοῦτο διεβάλλετο. δηλοῖ δὲ τοῦτο τῶν ἀρχαίων τις ῥητόρων ἐν τῇ Δημοσθένους κατηγορίᾳ Πυθέας, ὡς ἐμοὶ δοκεῖ. πονηρίαν γὰρ τῷ Δημοσθένει καὶ κακίαν τὴν ἐξ ἀνθρώπων πᾶσαν ἐνοικεῖν φήσας, κατὰ τὸδε τὸ μέρος οἷον εἰς διαβολὴν ἐπιτίθησιν, ὅτι τὸν Ἰσαῖον ὅλον καὶ τὰς τῶν λόγων ἐκείνου τέχνας σεσίτισται. καὶ μὰ Δία οὐκ ἄπο σκοποῦ τὴν διαβολὴν ταύτην εἶχεν ἐκάτερος. ἐμοὶ γοῦν οἱ μὲν Ἰσαίου τε καὶ Δημοσθένους λόγοι, κἂν περὶ ἀληθεῖς καὶ δικαίας συνταχθῶσιν ὑποθέσεις, ὑποπτοὶ δοκοῦσιν εἶναι τῆς πολλῆς ἐπιτεχνήσεως ἔνεκα, οἱ δὲ Ἰσοκράτους καὶ Λυσίου παντὸς μάλιστα δίκαιοί τε καὶ ἀληθεῖς, κἂν μὴ τοιαῦτα τὰ πράγματα ἐν αὐτοῖς, ὅτι κακοῦργον οὐδὲν ἐπιφαίνουσιν ἐπὶ τῆς κατασκευῆς, ἀλλ' εἰσὶν ἐλεύθεροὶ τινες καὶ ἀφελεῖς.

[5] ταυτί μοι τὰ διαλλάττοντα ἔδοξεν εἶναι, ἐξ ὧν ἂν τις οὐ χαλεπῶς διαγνῶναι τοὺς Λυσίου τε καὶ Ἰσαίου λόγους δυνηθεῖη. εἰ δὲ ὀρθῶς ὑπέιληφα, ἐξέσται τῷ βουλομένῳ σκοπεῖν <ἐπ' αὐτῶν τῶν παραδειγμάτων ποιουμένων> τὴν ἐξέτασιν. ἄρξομαι δὲ ἀπὸ τῶν περὶ τὴν λέξιν θεωρημάτων. ἔστι δὴ τις Ἰσαίου λόγος ὑπὲρ Εὐμάθους, μετοίκου πινὸς τῶν τραπεζιτευόντων Ἀθήνησιν, ὃν εἰς δουλείαν ἀγόμενον ὑπὸ τοῦ κληρονομήσαντος τὸν ἀπληθερωκότα τῶν ἀστῶν τις ἀφαιρεῖται καὶ τὴν ἀπολογίαν ποιεῖται περὶ αὐτοῦ. τὸ προοίμιον δὲ ἔστι τοῦ λόγου τοιόνδε· Ἄνδρες δικασταί, ἐγὼ καὶ πρότερον Εὐμάθει τούτῳ ἐγενόμην χρήσιμος δικαίως καὶ νῦν, εἴ τι ἔστι κατ' ἐμέ, πειράσομαι συσσώζειν αὐτὸν μεθ' ὑμῶν. μικρὰ δέ μου ἀκούσατε, ἵνα μηδεὶς ὑπολάβῃ ὑμῶν, ὡς ἐγὼ προπετεῖα ἢ ἄλλη τινὶ ἀδικίᾳ πρὸς τὰ Εὐμάθους πράγματα προσῆλθον. τριηραρχοῦντος γάρ μου ἐπὶ Κηφισοδότου ἄρχοντος καὶ λόγου ἀπαγγελλέντος πρὸς τοὺς οἰκείους, ὡς ἄρα τετελευτηκῶς εἶην ἐν τῇ ναυμαχίᾳ, οὕσης μοι παρακαταθήκης παρ' Εὐμάθει τούτῳ, μεταπεμφάμενος τοὺς οἰκείους καὶ φίλους τοὺς ἐμοὺς Εὐμάθης ἐνεφάνισε τὰ χρήματα, ἃ ἦν μοι παρ' αὐτῷ, καὶ ἀπέδωκε πάντα ὀρθῶς καὶ δικαίως.

ἀνθ' ὧν ἐγὼ σωθεὶς ἐχρώμην τε αὐτῷ ἔτι μᾶλλον καὶ κατασκευαζομένην τὴν τράπεζαν εἰσευπόρησα ἀργυρίου. καὶ μετὰ ταῦτα ἄγοντος αὐτὸν Διονυσίου ἐξειλόμην εἰς ἐλευθερίαν εἰδὼς ἀφειμένον ἐν τῷ δικαστηρίῳ ὑπὸ Ἐπιγένους. ἀλλὰ περὶ μὲν τούτων ἐπισχίσω·

[6] ἔστι δὴ καὶ παρὰ τῷ Λυσίᾳ τις ὑπὲρ ἀνδρὸς ξένου δίκην φεύγοντος περὶ κλήρου ποιοῦμενος τὴν ἀπολογίαν. τοῦτον ἐπιγράφει τὸν λόγον Καλλίμαχος ‘περὶ Φερενίκου ὑπὲρ τοῦ Ἀνδροκλείδου κλήρου’ καὶ ἔστι πολλοῖς πρότερον ἡγωνισμένος ἔτεσι θατέρου. ἐν ᾧ τὴν αἰτίαν πρῶτως ἐπιδείκνυσιν ὁ περὶ τοῦ ξένου ποιοῦμενος τοὺς λόγους ὥσπερ ὁ τὸν μέτοικον ἐξαιρούμενος εἰς ἐλευθερίαν. ἔστι δὲ τὸ προοίμιον τοῦ λόγου τόδε· ‘Ἀναγκαῖόν μοι δοκεῖ εἶναι, ὧ ἄνδρες δικασταί, περὶ τῆς φιλίας τῆς ἐμῆς καὶ τῆς Φερενίκου πρῶτον εἰπεῖν πρὸς ὑμᾶς, ἵνα μηδεὶς ὑμῶν θαυμάσῃ, ὅτι ὑπὲρ οὐδενὸς ὑμῶν πῶποτε εἰρηκῶς πρότερον ὑπὲρ τούτου νυνὶ λέγω. ἐμοὶ γάρ, ὧ ἄνδρες δικασταί, ξένος ἦν Κηφισόδοτος ὁ τούτου πατήρ, καὶ ὅτε ἐφεύγομεν, ἐν Θήβαις παρ’ ἐκείνῳ κατηγόμην καὶ ἐγὼ καὶ ἄλλος Ἀθηναίων ὁ βουλόμενος, καὶ πολλὰ καὶ ἀγαθὰ καὶ ἰδία καὶ δημοσίᾳ παθόντες ὑπ’ αὐτοῦ εἰς τὴν ἡμετέραν αὐτῶν κατήλθομεν. ἐπεὶ δ’ οὖν οὗτοι ταῖς αὐταῖς τύχαις ἐχρήσαντο καὶ φυγάδες Ἀθήναζε ἀφίκοντο, ἡγούμενος τὴν μεγίστην αὐτοῖς ὀφείλειν χάριν οὕτως οἰκείως αὐτοὺς ὑπεδεξάμην, ὥστε μηδένα γνῶναι τῶν εἰσιόντων, εἰ μὴ τις πρότερον ἠπίστατο, ὁπότερος ἡμῶν ἐκέκτητο τὴν οἰκίαν. οἶδε μὲν οὖν καὶ Φερενίκος, ὧ ἄνδρες δικασταί, ὅτι πολλοὶ λέγειν εἰσὶν ἐμοῦ δεινότεροι καὶ μᾶλλον τοιοῦτων πραγμάτων ἔμπειροι, ἀλλ’ ὅμως ἡγεῖται τὴν ἐμὴν οἰκειότητα πιστοτάτην εἶναι. αἰσχρὸν οὖν μοι δοκεῖ εἶναι κελεύοντος τούτου καὶ δεομένου τὰ δίκαια αὐτῷ βοηθῆσαι περιδεῖν αὐτόν, καθ’ ὅσον οἷός τ’ εἰμὶ ἐγώ, τῶν ὑπ’ Ἀνδροκλείδου δεδομένων στερηθῆναι.’

[7] τί δὴ ταῦτα τὰ προοίμια ἀλλήλων διαφέρει; παρὰ Λυσίᾳ μὲν ἡδεῖα ἔστιν ἡ εἰσβολὴ καὶ δι’ οὐδὲν ἄλλο μᾶλλον ἢ ὅτι φυσικῶς πως εἴρηται καὶ ἀφελῶς· ‘ἀναγκαῖόν μοι δοκεῖ εἶναι, ὧ ἄνδρες δικασταί, περὶ τῆς φιλίας τῆς ἐμῆς καὶ τῆς Φερενίκου πρῶτον εἰπεῖν πρὸς ὑμᾶς.’ καὶ τὸ ἐπιλεγόμενον τούτῳ ἔτι μᾶλλον ἀκατάσκευον φαίνεται εἶναι καί, ὥς ἂν ἰδιώτης τις εἰπεῖν δύναιτο, [τὸ] εἰρημένον· ‘ἵνα μηδεὶς ὑμῶν θαυμάσῃ, ὅτι ὑπὲρ οὐδενὸς <ὑμῶν> πῶποτε εἰρηκῶς πρότερον ὑπὲρ τούτου νῦν λέγω.’ παρὰ δὲ Ἰσαίῳ κατεσκεύασται τὸ δοκοῦν εἶναι ἀφελές καὶ οὐ ἐλέγηεν, ὅτι ἐστὶ ρητορικόν· ‘ἐγὼ καὶ πρότερον Εὐμάθει τούτῳ ἐγενόμην χρήσιμος δικαίως καὶ νῦν, εἴ τι ἔστι κατ’ ἐμέ, πειράσομαι συσσωῆσαι αὐτόν.’ ὑψηλότερά <τε γάρ> ἔστι καὶ ἥττον ἐκείνων ἀφελέστερα, καὶ ἔτι μᾶλλον τὰ ἐπιφερόμενα· ‘μικρὰ δέ μου ἀκούσατε, ἵνα μηδεὶς ὑπολάβῃ ὑμῶν, ὥς ἐγὼ προπετεία ἢ ἄλλη τινὶ ἀδικία πρὸς τὰ Εὐμάθους πράγματα προσῆλθον.’ ἢ τε γὰρ προπέτεια καὶ ἡ ἀδικία καὶ τὸ πρὸς τὰ Εὐμάθους πράγματα προσελθεῖν πεποιημένοις μᾶλλον ἔοικεν ἢ αὐτοφύεσι. καὶ αὐθὺς γε παρὰ μὲν τῷ Λυσίᾳ ἡ πρόφασις λέγεται ἀνεπιτηδεύτως· ‘ἐμοὶ γάρ, ὧ ἄνδρες δικασταί, ξένος ἦν Κηφισόδοτος ὁ τούτου πατήρ, καὶ ὅτε ἐφεύγομεν, ἐν Θήβαις παρ’ ἐκείνῳ κατηγόμην καὶ ἐγὼ καὶ ἄλλος Ἀθηναίων ὁ βουλόμενος.’ ἡδέως τε καὶ

ἀφοριστικῶς τὰ μετὰ ταῦτα ἐπιτίθεται· ‘καὶ πολλὰ καὶ ἀγαθὰ καὶ ἰδία καὶ δημοσίᾳ παθόντες ὑπ’ αὐτοῦ εἰς τὴν ἡμετέραν αὐτῶν κατήλθομεν.’ παρὰ δὲ τῷ Ἰσαίῳ πέφρασται περιεργότερον καὶ οὐ μακρὰν ἀπέχει τῆς Δημοσθένους κατασκευῆς· ‘τρηραρχοῦντος γάρ <μου> ἐπὶ Κηφισοδότου ἄρχοντος καὶ λόγου ἀπαγγελθέντος πρὸς τοὺς οἰκείους, ὡς ἄρα τετελευτηκῶς εἶην ἐν τῇ ναυμαχίᾳ, οὔσης μοι παρακαταθήκης παρ’ Εὐμάθει τοῦτῳ.’ τό τε γὰρ λόγου ἀπαγγελθέντος καὶ τὸ ὡς ἄρα τετελευτηκῶς εἶην καὶ τὸ οὔσης ἐμοὶ παρακαταθήκης οὐκ ἂν φαίην ἔγωγε ἀφελῶς εἰρῆσθαι. ἐκείνως γὰρ λεγόμενα μᾶλλον ἀποίητα· ‘ὅτε γὰρ ἔτρηράρχουν καὶ ἀπηγγέλη τοῖς ἐνθάδε, ὡς ἄρα τετελευτηκῶς εἶην, ἔχων μου παρακαταθήκην Εὐμάθης οὐτοσί.’

[8] καὶ τὰ λοιπὰ δὲ τῶν προοιμιῶν μέρη παρ’ ᾧ μὲν ἀφελέστερον ἂν τις εὔροι λεγόμενα, παρ’ ᾧ δὲ ῥητορικώτερον. ἐν ἐτέρῳ δὲ ἀγῶνι πάλιν ὁ μὲν Ἰσαῖος ἐπιτρόπῳ τινὶ συντάξας ἀπολογίαν ὑπὸ τοῦ ἰδίου ἀδελφιδοῦ κρινομένῳ τοιαύτῃ κέχρηται <τῇ> ἀρχῇ· ‘Εβουλόμεν μὲν, ᾧ ἄνδρες δικασταί, μὴ λίαν οὕτως Ἀγνόθεον πρὸς χρήματ’ ἔχειν αἰσchrῶς, ὥστε τοῖς ἄλλοτρίοις ἐπβουλεύειν καὶ δίκας τοιαύτας λαγχάνειν, ἀλλ’ ὄντα γε οὖν ἀδελφιδοῦν ἐμὸν καὶ κύριον τῆς πατρώας οὐσίας οὐ μικρὰς ἀλλ’ ἱκανῆς ὥστε καὶ λειτουργεῖν, ὑφ’ ἡμῶν αὐτῷ παραδοθείσης, ταύτης ἐπιμελεῖσθαι, τῶν δ’ ἐμῶν μὴ ἐπιθυμεῖν· ἵνα βελτίων τ’ ἐδόκει πᾶσιν εἶναι σῶζων αὐτὴν καὶ πλείω ποιῶν χρησιμώτερον ὑμῖν πολίτην παρεῖχεν ἑαυτόν. ἐπεὶ δὲ τὴν μὲν ἀνῆρθε καὶ ἐπέπρακε καὶ αἰσchrῶς καὶ κακῶς διολώλεκεν, ὡς οὐκ ἂν ἐβουλόμεν, πιστεύων δ’ ἑταιρίαις καὶ λόγων παρασκευαῖς ἐπὶ τὴν ἐμὴν ἐλήλυθεν, ἀνάγκη, ὡς ἔοικε, συμφορὰν μὲν εἶναι νομίζειν, ὅτι τοιοῦτός ἐστιν οἰκεῖος ὢν, ἀπολογεῖσθαι δὲ περὶ ὧν ἐγκέκληκε καὶ ἔξω με τοῦ πράγματος διαβέβληκεν ὡς ἂν οὖν δυνώμεθα προθυμότατα πρὸς ὑμᾶς.’ ὁ δὲ Λυσίας ἀνδρὶ ὑπὸ τῶν ἀδελφῶν τῆς ἑαυτοῦ γυναικὸς ἐγκαλουμένῳ κακῆς ἐπιτροπῆς συγγράφας λόγον τοιοῦτῳ κέχρηται τῷ προοιμίῳ· ‘Οὐχ ἱκανόν, ᾧ ἄνδρες δικασταί, τοῖς ἐπιτρόποις, ὅσα πράγματα διὰ τὴν ἐπιτροπείαν ἔχουσιν, ἀλλὰ καὶ διασώζοντες τὰς τῶν φίλων οὐσίας συκοφαντοῦνται ὑπὸ τῶν ὀρφανῶν πολλοί. ὅπερ κάμοι νῦν συμβέβηκεν. ἐγὼ γάρ, ᾧ ἄνδρες δικασταί, καταλειφθεὶς ἐπίτροπος τῶν Ἰποκράτους χρημάτων καὶ διαχειρίσας ὀρθῶς καὶ δικαίως τὴν οὐσίαν καὶ παραδούς τοῖς υἱοῖς δοκιμασθεῖσι τὰ χρήματα, ὧν ἐπίτροπος κατελείφθην, συκοφαντοῦμαι νῦν ὑπ’ αὐτῶν ἀδίκως.’

[9] οὐ πολλῶν οἶμαι δεῖν λόγων, ὅτι τοῦτο μὲν ἀφελῶς καὶ ἡδέως εἰρηται ἡθὸς τε οὐ πεπλασμένον ἀλλὰ φυσικὸν ἐπιφαίνει. τὸ γάρ· ‘οὐχ ἱκανόν, ᾧ ἄνδρες δικασταί, τοῖς ἐπιτρόποις, ὅσα πράγματα διὰ τὴν ἐπιτροπείαν ἔχουσιν’ οὐδεὶς ἂν εἴποι ῥήτορος εἶναι, ἀλλὰ παντὸς ἰδιώτου καταστάντος εἰς ἀγῶνα ἄδικον. τὸ δ’ Ἰσαίου πεποιῆσθαι ῥητορικῶς καὶ κεκαλλιλογῆσθαι σεμνότερον ἅπαντες ἂν φήσειαν, τὸ γάρ· ‘ἐβουλόμεν μὲν, ᾧ ἄνδρες δικασταί, μὴ λίαν οὕτως Ἀγνόθεον πρὸς χρήματα ἔχειν αἰσchrῶς, ὥστε τοῖς ἄλλοτρίοις ἐπβουλεύειν.’ καὶ ἔτι μᾶλλον παρὰ Λυσία μὲν χαριέντως πάνυ καὶ ἀφελῶς εἰρῆσθαι τὸ· ‘ἐγὼ γάρ, ᾧ ἄνδρες δικασταί, καταλειφθεὶς

ἐπίτροπος τῶν Ἱπποκράτους χρημάτων καὶ διαχειρίσας ὀρθῶς καὶ δικαίως τὴν οὐσίαν καὶ παραδοὺς τοῖς υἱοῖς δοκιμασθεῖσι τὰ χρήματα.’ θάτερον δὲ τρανότερον καὶ οὐχ ὥς ἂν ἰδιώτης συνέθηκεν· ‘ἀλλ’ ὄντα γε οὖν ἀδελφιδοῦν ἐμὸν καὶ κύριον τῆς πατρῴας οὐσίας οὐ μικρᾷς ἀλλ’ ἱκανῆς, ὥστε καὶ λειτουργεῖν, ὑφ’ ἡμῶν αὐτῷ παραδοθείσης, ταύτης ἐπιμελεῖσθαι.’ ἐνὸς δ’ ἔτι μνησθῆσομαι γένους, ἐξ οὗ μάλιστα ἡ διαφορὰ τῶν ἀνδρῶν ἔσται καταφανής.

[10] ὑποτίθεται δὲ ἐκάτερος ἰδιώτην ἄνδρα καὶ ἀπράγμονα καὶ νέον παρὰ τὴν ἑαυτοῦ προαίρεσίν τε καὶ φύσιν ἠναγκασμένον ἐν δικαστηρίῳ λέγειν, ὁ μὲν Λυσίας ἐν τῷ πρὸς Ἀρχεβιάδην λόγῳ τὸν τρόπον τοῦτον· ‘Ἐπειδὴ τάχιστα ἔλαχέ μοι ταύτην τὴν δίκην Ἀρχεβιάδης, ὧ ἄνδρες δικασταί, προσῆλθον αὐτῷ λέγων, ὅτι νέος καὶ ἄπειρος εἶην πραγμάτων καὶ οὐδὲν δεόμενος εἰσιέναι εἰς δικαστήριον. ἐγὼ οὖν σε ἀξιῶ μὴ εὖρεμα ἡγεῖσθαι τὴν ἡλικίαν τὴν ἐμήν, ἀλλὰ παραλαβόντα τοὺς ἐμοὺς φίλους καὶ τοὺς σαυτοῦ διηγῆσασθαι περὶ τοῦ χρέως, ὅθεν γεγένηται. κἂν δόξης ἀληθῆ λέγειν ἐκείνοις, οὐδὲν σοι δεήσει πραγμάτων, ἀλλὰ λαβὼν ἅπει τὰ σαυτοῦ. δίκαιος δὲ εἰ μὴδὲν παραλιπεῖν, ἀλλ’ εἰπεῖν ἅπαντα, ἐπειδὴ νεώτερός εἰμι τοῦ συμβολαίου, ἵνα ἀκούσαντες, περὶ ὧν οὐκ ἴσμεν, βουλευσώμεθα περὶ ὧν σὺ λέγεις· ἐάν πως φανερόν γένηται, πότερον ἀδίκως τῶν ἐμῶν ἐφίεσαι ἢ δικαίως τὰ σεαυτοῦ ζητεῖς κομίσασθαι. ταῦτ’ ἐμοῦ προκαλουμένου οὐδεπώποτ’ ἠθέλησε συνελθεῖν οὐδὲ λόγον περὶ ὧν ἐνεκάλει ποιήσασθαι οὐδὲ δίαίταν ἐπιτρέψαι, ἕως ὑμεῖς τὸν νόμον τὸν περὶ τῶν διαιτητῶν ἔθεσθε.’ ὁ δὲ Ἰσαῖος ἐν ἀμφισβητήσει χωρίου τοῦ ὑπὸ τῶν δημοτῶν κατεσχημένου, οἷς τὸ χωρίον ὑπέκειτο, ταύτην χρώμενον εἰσάγει τῇ ἀρχῇ· ‘Μάλιστα μὲν ἐβουλόμην, ὧ ἄνδρες δικασταί, μὴδ’ ὑφ’ ἐνὸς ἀδικεῖσθαι τῶν πολιτῶν, εἰ δὲ μή, τοιοῦτων ἀντιδίκων τυχεῖν, πρὸς οὓς οὐδὲν ἂν ἐφρόντιζον διαφερόμενος. νῦν δέ μοι πάντων πραγμάτων λυπηρότατον συμβέβηκεν. ἀδικοῦμαι γὰρ ὑπὸ τῶν δημοτῶν, οὓς περιορᾷν μὲν ἀποστεροῦντας οὐ ῥάδιον, ἀπέχθεσθαι δὲ ἀηδές, μεθ’ ὧν ἀνάγκη καὶ <συνθῦειν καὶ> συνουσίας κοινὰς ποιεῖσθαι. πρὸς μὲν οὖν πολλοὺς χαλεπὸν ἀντιδικεῖν· μέγα γὰρ μέρος συμβάλλεται <τὸ> πλῆθος αὐτοῖς πρὸς τὸ δοκεῖν ἀληθῆ λέγειν· ὅμως δὲ διὰ τὸ πιστεύειν τοῖς πράγμασι, πολλῶν μοι καὶ δυσκόλων συμπιπτόντων οὐχ ἡγούμην δεῖν κατοκνήσαι δι’ ὑμῶν πειρᾶσθαι τυγχάνειν τῶν δικαίων. δέομαι οὖν ὑμῶν συγγνώμην ἔχειν, εἰ καὶ νεώτερος ὢν λέγειν ἐπὶ δικαστηρίου τετόλμηκα· διὰ γὰρ τοὺς ἀδικοῦντας ἀναγκάζομαι παρὰ τὸν ἑμαυτοῦ τρόπον τοιοῦτόν τι ποιεῖν. πειράσομαι δ’ ὑμῖν ἐξ ἀρχῆς, ὥς ἂν δύνωμαι, διὰ βραχυτάτων εἰπεῖν περὶ τοῦ πράγματος.’

[11] τίς ἂν οὖν οὐκ ἂν ὁμολογήσειε τὸν μὲν Λυσίου νέον καὶ ἰδιώτην καὶ ἀπράγμονα ἀρχέτυπόν τινα εἶναι τῆς ἀληθείας διαφέροντα ἐκείνης οὐδ’ ὅτιοῦν, τὸν ἕτερον δὲ ἀπόγραφόν τινα καὶ οὐ λανθάνοντα ὅτι ἐπλάσται ῥητορικῇ τέχνῃ; καὶ γὰρ αἱ λέξεις καὶ τὰ νοήματα παρ’ ἐκείνῳ μὲν τὸ αὐτοφυές, παρὰ δὲ τούτῳ τὸ κατασκευαστὸν ἀποφαίνουσιν. ὁ μὲν γε ἀρχῇ κέχρηται, ὅτι νέος τε καὶ ἄπειρος εἶη πραγμάτων καὶ οὐδὲν δεόμενος εἰς

δικαστήριον εἰσιέναι. καὶ ἐπιφέρει πάνυ ἥθικῶς· ‘ἐγὼ οὖν σε ἀξίῳ μὴ εὖρεμα ἡγεῖσθαι τὴν ἡλικίαν τὴν ἐμήν.’ καὶ τὸ μετὰ τοῦτο, ὡς φύσιν εἶχε γενέσθαι τε καὶ ῥηθῆναι, λέγει· ὡς ἐπὶ διαιτητὰς ἡξίουν <τοὺς> κοινοὺς ἐλθεῖν φίλους ‘κὰν δόξης ἀληθῆ λέγειν ἐκείνοις, οὐδέν σοι δεήσει πραγμάτων, ἀλλὰ λαβὼν ἅπει τὰ σαυτοῦ.’ καὶ τὰ λοιπὰ ἐν ἥθει χρηστῷ διεξελθὼν τελευτῶν ἐπιτίθησι· ‘ταῦτ’ ἐμοῦ προκαλουμένου οὐδεπώποτε ἠθέλησε συνελθεῖν.’ ὁ δὲ Ἰσαῖος τουτὶ μὲν τὸ μέρος τὸ· ‘παρὰ τὴν ἑαυτοῦ γνώμην ἡναγκάσθαι λέγειν ἐν δικαστηρίῳ νέον ὄντα’ ἐπὶ τελευτῇ τοῦ προοιμίου τίθησιν. ἄρχεται δὲ ἀπὸ διανοίας οὐ φαύλης μὰ Δία οὐδὲ ἰδιωτικῆς, ἀνιαιρότερον εἶναι λέγων πρὸς τοιούτους ἀπέχθεσθαι, μεθ’ ὧν ἀνάγκη εἶναι τῶν τιμιωτάτων κοινωνεῖν. ἔπειτα ἀπολύεται τι τῶν μελλόντων αὐτὸν λυπεῖν, τὸ δὴ πολλοὺς ὄντας τοὺς δημότας πρὸς αὐτὸν ἀντιδικεῖν. συντίθησί τε τὰ ὀνόματα οὐ φαύλως μὰ Δία οὐδ’ ὡς ἂν ἰδιώτης· ‘ἀδικοῦμαι γὰρ ὑπὸ τῶν δημοτῶν’, φησίν, ‘οὓς περιορᾷν μὲν οὐ ῥάδιον ἀποστεροῦντας, ἀπέχθεσθαι δ’ ἀηδές, μεθ’ ὧν ἀνάγκη καὶ <συνθῦειν καὶ> συνουσίας κοινὰς ποιεῖσθαι.’ ἡ γὰρ ἀηδὴς ἀπέχθεια καὶ αἱ κοιναὶ συνουσίαι τεχνικώτερον σύγκεινται μᾶλλον ἢ ἀφελέστερον, καὶ ἔτι τὸ ‘πολλῶν μοι καὶ δυσκόλων συμπιπτόντων οὐχ ἡγούμην δεῖν κατοκνῆσαι δι’ ὑμῶν πειρᾶσθαι τυγχάνειν τῶν δικαίων.’ ἥκιστα γὰρ ἰδιώτης ἂν οὕτως· ‘οὐχ ἡγούμην δεῖν κατοκνῆσαι’ οὐδέ γε τὸ ‘δι’ ὑμῶν πειρᾶσθαι τυγχάνειν τῶν δικαίων’, ἀλλ’ ἐκείνως πως μᾶλλον· ‘τοσοῦτων γέ μοι συμπιπτόντων δυσκόλων ἐφ’ ὑμᾶς ἡνάγκασμαι καταφυγεῖν, ἵνα τῶν δικαίων τύχω δι’ ὑμῶν.’

[1] Περὶ Δεινάρχου τοῦ ῥήτορος οὐδὲν εἰρηκῶς ἐν τοῖς περὶ τῶν ἀρχαίων γραφεῖσιν διὰ τὸ μήτε εὐρετὴν ἰδίου γεγονέναι χαρακτῆρος τὸν ἄνδρα, ὥσπερ τὸν Λυσίαν καὶ τὸν Ἰσοκράτην καὶ τὸν Ἰσαῖον, μήτε τῶν εὐρημένων ἑτέροις τελειωτῇν, ὥσπερ τὸν Δημοσθένη καὶ τὸν Αἰσχίνην καὶ «τὸν» Ὑπερίδην ἡμεῖς κρίνομεν, ὁρῶν δὲ καὶ τοῦτον τὸν ἄνδρα παρὰ πολλοῖς ἡξιωμένον ὀνόματος ἐπὶ δεινότητι λόγων καὶ ἀπολελοιπότα δημοσίους τε καὶ ἰδίους λόγους οὔτε ὀλίγους οὔτ' εὐκαταφρονήτους, ἡγησάμην δεῖν μὴ παραλιπεῖν αὐτόν, ἀλλὰ καὶ περὶ τοῦ βίου καὶ τοῦ χαρακτῆρος αὐτοῦ διελθεῖν καὶ διορίσαι τοὺς τε γνησίους καὶ ψευδεῖς λόγους πάντων ἢ τῶν γε πλείστων ἀναγκαιότερον οἶμαι τοῖς μὴ ἐκ περιζώματος ἀσκοῦσι ῥητορικῇν. ἅμα δὲ ὁρῶν οὐδὲν ἀκριβές οὔτε Καλλιμαχον οὔτε τοὺς ἐκ Περγάμου γραμματικούς περὶ αὐτοῦ γράψαντας, ἀλλὰ παρὰ τὸ μηδὲν ἐξετάσαι περὶ αὐτοῦ τῶν ἀκριβεστερων ἡμαρτηκότας, ὥς μὴ μόνον ἐψεῦσθαι πολλὰ ἀλλὰ καὶ λόγους τοὺς οὐδὲν μὲν αὐτῷ προσήκοντας ὡς Δεινάρχου τούτῳ προστίθεσθαι, τοὺς δ' ὑπ' αὐτοῦ γραφέντας ἑτέρων εἶναι λέγειν· ἀλλὰ Δημήτριος ὁ Μάγνης, ὃς ἔδοξε γενέσθαι πολυῖστωρ, ἐν τῇ περὶ τῶν ὁμωνύμων πραγματείᾳ λέγων καὶ περὶ τούτου τοῦ ἀνδρός καὶ ὑπόληψιν παρασχών, ὡς περὶ αὐτοῦ λέξων τι ἀκριβές, διεψεύσθη τῆς δόξης. οὐθὲν δὲ κωλύει καὶ τὰς λέξεις παραθέσθαι τοῦ ἀνδρός. ἔστι δὲ τὰ ὑπ' αὐτοῦ γραφέντα τάδε· «Δεινάρχοις δ' ἐνετύχομεν τέτταρσιν· ὧν ἔστιν ὁ μὲν ἐκ τῶν ῥητόρων τῶν Ἀττικῶν, ὃ δὲ τὰς περὶ Κρήτην συναγῆοχε μυθολογίας, ὃ δὲ πρεσβύτερος μὲν ἀμφοῖν τούτοις, Δῆλιος δὲ τὸ γένος, πεπραγματευμένος τοῦτο μὲν ἔπος, τοῦτο δὲ πράγματα, τέταρτος δὲ ὁ περὶ Ὀμήρου λόγον συντεθεικῶς. ἐθέλω δὲ πρὸς μέρος περὶ ἐκάστου διελθεῖν, καὶ πρῶτον περὶ τοῦ ῥήτορος. ἔστι τοίνυν οὗτος κατὰ γε τὴν ἐμὴν δόξαν οὐδὲν ἀπολείπων τῆς Ὑπερίδου χάριτος, ὥστ' εἰπεῖν· καὶ νῦν κεν ἢ παρέλασσεν. ἐνθύμημα γὰρ φέρει πειστικὸν καὶ σχῆμα παντοδαπόν, πιθανότητός γε μὴν οὕτως εὖ ἦκει, ὥστε παριστάνειν τοῖς ἀκούουσι, μὴ ἄλλως γεγονέναι τὸ πρᾶγμα ἢ ὡς αὐτὸς λέγει. καὶ νομίσειεν ἂν τις εὐήθεις εἶναι τοὺς ὑπολαβόντας τὸν λόγον τὸν κατὰ Δημοσθένους εἶναι τούτου· πολὺ γὰρ ἀπέχει τοῦ χαρακτῆρος. ἀλλ' ὅμως τοσοῦτον σκότους ἐπιπεπόλακεν, ὥστε τοὺς μὲν ἄλλους αὐτοῦ λόγους σχεδὸν που ὑπὲρ ἐξήκοντα καὶ ἑκατὸν ὄντας «πάντας» ἀγνοεῖν συμβέβηκε, τὸν δὲ μὴ γραφέντα ὑπ' αὐτοῦ μόνον ἐκείνου νομίζεσθαι. ἢ δὲ λέξις ἐστὶ τοῦ Δεινάρχου κυρίως ἠθική, πάθος κινουῖσα, σχεδὸν τῇ πικρία μόνον καὶ τῷ τόνῳ τοῦ Δημοσθενικοῦ χαρακτῆρος λειπομένη, τοῦ δὲ πιθανοῦ καὶ κυρίου μηδὲν ἐνδέουσα.»

Ταῦτα μὲν οὖν τῆς ὁγδόης. ἐν δὲ τῇ ἐνάτῃ φησί· 'Τοῦ δ' ἐνιαυτοῦ τουδὶ διελθόντος, ἐτέρου δ' εἰσιόντος, ἐν ἀκροπόλει σημεῖον ἐγένετο τοιοῦτον· κύων εἰς τὸν τῆς Πολιάδος νεῶν εἰσελθοῦσα καὶ δῦσα εἰς τὸ Πανδρόσειον, ἐπὶ τὸν βωμὸν ἀναβάσα τοῦ Ἑρκείου Διὸς τὸν ὑπὸ τῇ ἐλαίᾳ κατέκειτο. πάτριον δ' ἐστὶ τοῖς Ἀθηναίοις, κύνα μὴ ἀναβαίνειν εἰς ἀκρόπολιν. περὶ τὸν αὐτὸν δὲ χρόνον καὶ ἐν τῷ οὐρανῷ μεθ' ἡμέραν ἡλίου τ' ἐξέχοντος καὶ οὕσης αἰθρίας ἀστὴρ ἐπὶ τινα χρόνον ἐγένετο ἐκφανής. ἡμεῖς δ' ἐρωτηθέντες ὑπὲρ τε τοῦ σημείου καὶ τοῦ φαντάσματος, εἰς ὃ φέρει, φυγάδων κάθοδον ἔφαμεν προσημαίνειν ἀμφοτέρω καὶ ταύτην οὐκ ἐκ μεταβολῆς πραγμάτων ἐσομένην, ἀλλ' ἐν τῇ καθεστῶσῃ πολιτείᾳ· καὶ τὴν κρίσιν ἐπιτελεσθῆναι συνέβη.'

[4] προειρημένων δὴ τούτων ἔν ἐτι λείπεται καὶ ἀναγκαιότατον, τὴν ἡλικίαν αὐτοῦ διορίσαι, ἵνα καὶ περὶ τῶν λόγων τῶν τε γνησίων αὐτοῦ καὶ μὴ σαφές τι ἔχωμεν λέγειν. τίθεμεν δὴ αὐτὸν ἐβδομηκοστὸν ἔχοντα ἔτος ἀπὸ τῆς φυγῆς κατεληλυθέναι, ὥς καὶ αὐτός φησι, γέροντα αὐτὸν ἀποκαλῶν· ἀφ' οὗ χρόνου καὶ καλεῖν τοὺς ἐν τῇ ἡλικίᾳ ταύτῃ μάλιστα εἰώθαμεν. ὑποκειμένων δὲ τούτων ὀλοσχερεῖ λογισμῷ (τὸ γὰρ ἀκριβὲς οὐκ ἔχομεν) εἴη ἂν κατὰ Νικόφημον ἄρχοντα γεγονώς. εἰ δέ τις ἢ πρεσβύτερον ἢ νεώτερον τῶν εἰρημένων χρόνων αὐτὸν εἶναι φήσῃ, πρὸς τῷ μηδὲν ὑγιὲς λέγειν καὶ λόγους αὖ πολλοὺς ἀφελεῖται, μᾶλλον δὲ πάντας πλὴν πέντε ἢ ἕξ, τῶν μὲν πρεσβύτερον αὐτόν, τῶν δὲ νεώτερον εἶναι λέγων. οὐ μὴν ἀλλὰ καὶ ἄρξασθαι λέγοντες αὐτὸν λόγους συγγράφειν ἀπὸ τοῦ πέμπτου ἢ ἕκτου πρὸς τῷ εἰκοστῷ ἔτους οὐκ ἂν ἀμάρτοιμεν, ἄλλως τε καὶ τῶν περὶ Δημοσθένη τότε ἀκμαζόντων. ἔκτος δὲ καὶ εἰκοστός ἐστιν ἀπὸ Νικοφῆμου Πυθόδημος. ὥσθ' ὅσους εὐρίσκομεν πρεσβυτέρους τούτου τοῦ ἄρχοντος [τοὺς φερομένους εἰς αὐτὸν λόγους] εἴ τις γνησίους θήσεται, ἀπιστοίημεν ἂν εἰκότως· ἔτι δὲ καὶ τοὺς ἀπ' Ἀναξικράτους ἕως Φιλίππου τετελεσμένους ἀγῶνας ὁμοίως ἐν τοῖς ψευδέσιν ἀναγράφοιμεν ἂν· οὐ γὰρ εἰς Χαλκίδα ἂν τινες ἔπλεον λόγων χάριν ἢ ιδίων ἢ δημοσίων· οὐ γὰρ τέλεον ἠπόρουν οὕτω λόγων.

[5] ἐπεὶ δὲ ὁ χρόνος τάνδρὸς ὥς οἷόν τε ἀκριβέστατα εὐρηται, πρὸς ὃν καὶ τῶν λόγων τοὺς τε γνησίους καὶ μὴ διακρινοῦμεν, καιρὸς ἤδη καὶ περὶ τοῦ χαρακτῆρος αὐτοῦ λέγειν. ἔστι δὲ δυσόριστον. οὐδὲν γὰρ οὔτε κοινὸν οὔτ' ἴδιον ἔσχεν οὔτ' ἐν τοῖς ἰδίῳ οὔτ' ἐν τοῖς δημοσίῳ ἀγῶσιν, ἀλλὰ καὶ τοῖς Λυσίου παραπλήσιος ἔστιν ὅπου γίνεται καὶ τοῖς Ὑπερείδου καὶ τοῖς Δημοσθένους λόγοις. καὶ τούτων πολλὰ ἂν τις ἔχοι παραδείγματα ἐκθέσθαι. τοῦ μὲν Λυσιακοῦ χαρακτῆρος ἔν τε τῷ περὶ Μνησικλέους λόγῳ καὶ ἐν τῷ κατὰ Λυσικράτους ὑπὲρ Νικομάχου καὶ ἐν ἄλλοις πολλοῖς. τοῦ δ' Ὑπεριδείου ταῖς τε οἰκονομίαις ἀκριβεστέρου καὶ ταῖς κατασκευαῖς γενναιοτέρου πῶς ὄντος τῶν Λυσιακῶν ἐν πλείοσι μὲν ἢ τριάκοντα Δεινάρχου λόγοις παραδείγματα εὐρεῖν ἔστιν, οὐχ ἥκιστα δὲ καὶ ἐν τῷ περὶ

τῆς Ἀγάθωνος διαμαρτυρίας. οὐ μὴν ἀλλὰ καὶ τοῦ Δημοσθενικοῦ χαρακτηῖρος, ὃν μάλιστα ἐμιμήσατο, πολὺ πλείω δύναται ἂν τις εἰπεῖν, ἄλλως τε καὶ ἐν τῷ κατὰ Πολυεύκτου. προοιμιάζεται γὰρ ὁμοίως ἐκεῖνῳ, καὶ δι' ὅλου τοῦ λόγου παραπλήσιος μεμένηκε.

[6] πῶς οὖν ἂν τις δυνηθεῖ τούτους γνησίους αὐτῷ γνωρίζειν λόγους; πρῶτον μὲν εἰ ἐπίσταιτο τοὺς τῶν ἄλλων χαρακτηῖρας, ἔπειτα τοὺς μὲν Λυσίου παραπλησίους λόγους τοῦτ' προσφέρει, τοὺς δ' Ὑπερείδου δόξαντας εἶναι τισι Δεινάρχου λέγοι μακρὰ ταῖς ἐπιγραφαῖς τῶν βυβλίων χαίρειν εἰπών, τοὺς δὲ τῷ Δημοσθενικῷ χαρακτηῖρι προσεληλυθότας ὡς οἷόν τε τούτου τοῦ ἀνδρὸς διαβεβαίωτο εἶναι. ἐπὶ μὲν γὰρ τῶν ἄλλων ῥητόρων, οὓς μεμίμηται, μεγίστη γνῶσις ἡ ὁμοείδεια τῶν λόγων. αὐτίκα ὁ μὲν Λυσίας ἔν τε τοῖς ἰδίοις καὶ τοῖς δημοσίοις ἀγῶσιν αὐτὸς αὐτῷ ὁμολογούμενός ἐστιν εἰς δὲ τὸν λεκτικὸν τρόπον κατὰ τὴν τῶν ὀνομάτων σαφήνειαν καὶ σύνθεσιν αὐτοφυῆ μὲν καὶ λείαν εἶναι δοκοῦσαν, παντὸς δὲ λόγου κατὰ τὴν ἡδονὴν διαφέρουσιν. ὁ δ' Ὑπερείδης κατὰ μὲν τὴν ἐκλογὴν τῶν ὀνομάτων ἡττᾶται Λυσίου, κατὰ δὲ τὸν πραγματικὸν τρόπον διαφέρει. διηγεῖται δὲ ποτὲ μὲν κατὰ φύσιν ποτὲ δὲ ἀπὸ τοῦ τέλους ἐπὶ τὴν ἀρχὴν πορευόμενος. πιστοῦται <τε> οὐ κατ' ἐνθῦμημα μόνον, ἀλλὰ καὶ κατ' ἐπιχείρημα πλατύνων. ὁ δὲ τούτους τε καὶ τοὺς ἄλλους πάντας ὑπερβαλλόμενος Δημοσθένης, ἅπαντα μιμησάμενος καὶ πάντων τὰ κάλλιστα ἐκλεξάμενος, δῆλος μὲν καὶ τῇ φωνῇ μόνον, δῆλος δὲ καὶ τῷ καθ' ἕνα ἕκαστον λόγον πρέποντι, οὐ μὴν ἀλλὰ καὶ <τῇ> συνθέσει καὶ τῷ τῶν σχηματισμῶν ἀγκύλῳ καὶ τῇ οἰκονομίᾳ καὶ τῷ πάθει καὶ τὸ μέγιστον τῇ δεινότητι. ὁ δὲ Δεινάρχος οὔτε ὁμοίος ἐν ἅπασιν ἐστιν οὔτ' ἰδίου τινὸς εὐρετής, δι' οὗ γινώσεται τις αὐτὸν ἀκριβῶς, ἢ τοῦτον τὸν τρόπον· πολὺ γὰρ ἐμφαίνει μιμήσεις τε καὶ αὐτῶν ὡς πρὸς τῶν λόγων τάρχευτον διαφορὰν, ὡς καὶ ἐπὶ τῶν Ἰσοκράτους μαθητῶν καὶ αὐτοῦ τοῦ Ἰσοκράτους.

[7] ἔστωσαν δὴ τινες ἐπιγραφόμενοι λόγοι ὡς ὄντες Δεινάρχου, πολλὴν ἔχοντες πρὸς τὰ Λυσιακὰ ὁμοιότητα. τούτων ὁ βουλόμενος ποιεῖσθαι τὴν διάγνωσιν πρῶτον μὲν τὴν ιδιότητα τοῦ ἀνδρὸς ἐκεῖνου θεωρεῖτω, ἔπειτ' ἐὰν μὲν ἀρετὴν τε καὶ χάριν τοῖς λόγοις ἐπανθοῦσαν ἴδῃ καὶ τὴν τῶν ὀνομάτων ἐκλογὴν ἐνοῦσαν καὶ τὸ μηδὲν ἄψυχον εἶναι τῶν λεγομένων, θαρρῶν λεγέτω τούτους Λυσίου. ἐὰν δὲ μήτε <τὸ> χάριεν ὁμοίον εὐρίσκη μήτε τὸ πιθανὸν καὶ τὸ τῶν ὀνομάτων ἀκριβὲς μήτε <τὸ> τῆς ἀληθείας ἀπτόμενον, ἐν τοῖς Δεινάρχου λόγοις αὐτοὺς ἑάτω. ὁμοίως καὶ ἐπὶ τῶν Ὑπερείδου· ἐὰν τῆς μὲν λέξεως τὸ ἰσχυρόν, τῆς δὲ συνθέσεως τὸ ἀπλοῦν, τῶν δὲ πραγμάτων τὸ εὐκαιρον, τῆς δὲ κατασκευῆς τὸ μὴ τραγικὸν μηδὲ ὀγκῶδες ἔχῃ (ταῦτα γὰρ μέγιστα ἐκεῖνου τοῦ ἀνδρὸς ἰδιά ἐστιν), Ὑπερείδου λεγέτω. ἐὰν δὲ ἐνδεεστερώς ἐν αὐτοῖς τούτοις ἔχῃ, κἂν τὰ ἄλλα πάντα μὴ φαύλως ἢ γεγραμμένα, ἐν τοῖς Δεινάρχου πάλιν ἀναγραφέτω. τὸ δ' αὐτὸ καὶ περὶ Δημοσθένους ὑπολαμβάνομεν. ἐὰν μὲν καὶ ἡ τῆς λέξεως μεγαλοπρέπεια καὶ ἡ τῆς συνθέσεως ἐξαλλαγή καὶ τὸ τῶν παθῶν ἔμψυχον καὶ τὸ διὰ πάσης κεραίας διῆκον πικρὸν καὶ νοερὸν τό τε πνεῦμα καὶ ἡ

δεινότης πᾶσι παρέπληται, μηθὲν ἔτι τὸ κωλύον ἔστω <ἐν τοῖς> Δημοσθένους αὐτοὺς ἀναγράφειν. ἔὰν δ' ἑλλείπη τὸ ἐν ἐκάστῳ τούτων ἄκρον ἢ τὸ διὰ πάσης ιδέας ὁμοιον, μενέτωσαν ἐν τοῖς Δειναρχείοις. ὥς δὲ καθόλου εἰπεῖν, δύο τρόπους τῆς διαφορᾶς ὡς πρὸς τὰ ἀρχαῖα μιμήσεως εὐροι τις ἄν. ὧν ὁ μὲν φυσικός τέ ἐστι καὶ ἐκ πολλῆς κατηχήσεως καὶ συντροφίας λαμβανόμενος, ὁ δὲ τούτῳ προσεχῆς ἐκ τῶν τῆς τέχνης παραγγέλματων. περὶ μὲν οὖν τοῦ προτέρου τί ἂν τις καὶ λέγοι; περὶ δὲ τοῦ δευτέρου τί ἂν ἔχοι τις εἰπεῖν <ἦ> ὅτι πᾶσι μὲν τοῖς ἀρχετύποις αὐτοφύης τις ἐπιπρέπει χάρις καὶ ὥρα, τοῖς δ' ἀπὸ τούτων κατεσκευασμένοις, κἂν ἐπ' ἄκρον μιμήσεως ἔλθωσι, πρόσσεστί τι ὅμως τὸ ἐπιτετηδευμένον καὶ οὐκ ἐκ φύσεως ὑπάρχον. καὶ τούτῳ τῷ παραγγέλματι οὐ ῥήτορες μόνον ῥήτορας διακρίνουσιν ἀλλὰ καὶ ζωγράφοι τὰ Ἀπελλοῦ καὶ τῶν ἐκείνου μιμησαμένων καὶ πλάσται τὰ Πολυκλείτου καὶ γλυφεῖς τὰ Φειδίου.

[8] καὶ οἱ μὲν Πλάτωνα μιμεῖσθαι λέγοντες καὶ τὸ μὲν ἀρχαῖον καὶ ὑψηλὸν καὶ εὖχαρι καὶ καλὸν οὐ δυνάμενοι λαβεῖν, διθυραμβώδη δὲ ὀνόματα καὶ φορτικὰ εἰσφέροντες κατὰ τοῦτ' ἐλέγχονται ῥαδίως. οἱ δὲ Θουκυδίδην ζηλοῦν λέγοντες καὶ τὸ μὲν εὐτονον καὶ στερεὸν καὶ δεινὸν καὶ τὰ τούτοις ὅμοια χαλεπῶς ἐκλαμβάνοντες, τοὺς δὲ σολοικοφανεῖς σχηματισμοὺς καὶ τὸ ἀσαφὲς προχειριζόμενοι, πάνυ εὐχερῶς ἂν ἀλίσκοιντο ἐκ τούτου τοῦ παραγγέλματος. ὥς πέρ γε καὶ ἐπὶ τῶν ῥητόρων οἱ μὲν Ὑπερείδην μιμούμενοι, διαμαρτόντες τῆς χάριτος ἐκείνης καὶ τῆς ἄλλης δυνάμεως, αὖχμηροὶ τινες ἐγένοντο, οἳτοι γεγόνασι Ῥοδιακοὶ ῥήτορες οἱ περὶ Ἀρταμένην καὶ Ἀριστοκλέα καὶ Φιλάγριον καὶ Μόλωνα· οἱ δ' Ἰσοκράτην καὶ τὰ Ἰσοκράτους ἀποτυπώσασθαι θελήσαντες ὕπιοι καὶ ψυχροὶ καὶ ἀσύστροφοι καὶ ἀναληθεῖς· οὗτοι δ' εἰσὶν οἱ περὶ Τίμαιον καὶ Ψάωνα καὶ Σωσιγένην. οἱ δὲ Δημοσθένην προχειρισάμενοι καὶ τὰς ἀρετὰς τὰς ἐκείνου διώκοντες τῆς μὲν προαιρέσεως ἔνεκα ἐπηνέθησαν, οὐ μὴν ἴσχυσαν τὰ κράτιστα τῶν ἐκείνου τοῦ ῥήτορος ἔργων λαβεῖν. τούτων ἄριστον ἂν τις θέλῃ τὸν Δείναρχον γενέσθαι. λείπεται δὲ Δημοσθένους κατὰ <μὲν> τὴν ἐκλογὴν τῶν ὀνομάτων τῇ δεινότητι, κατὰ δὲ τὴν σύνθεσιν τῇ ποικιλίᾳ τῶν σχημάτων καὶ τῇ ἐξαλλαγῇ, κατὰ δὲ τὴν εὐρεσιν τῶν ἐπιχειρημάτων τῷ μὴ καινὰ καὶ παράδοξα λαμβάνειν ἀλλὰ φανερὰ καὶ ἐν τῷ μέσῳ κείμενα, κατὰ δὲ τὴν οἰκονομίαν τῇ τάξει καὶ ταῖς ἐξεργασίαις τῶν ἐπιχειρημάτων καὶ ταῖς προκατασκευαῖς καὶ ταῖς ἐφόδοις καὶ τοῖς ἄλλοις τεχνικοῖς παραγγέλμασιν, ἃ περὶ ταύτην ἐστὶ τὴν ιδέαν, μάλιστα δ' αὐτοῦ λείπεται τῇ συμμετρίᾳ καὶ τῷ καιρῷ <καὶ τῷ> πρέποντι. λέγω δὲ ταῦτα οὐκ ἐν τῷ καθόλου τρόπῳ, ὥς μηδὲν τούτων κατορθοῦντος, ἀλλ' ἐν τῷ κοινοτέρῳ καὶ ὡς ἐπὶ τὸ πολὺ. δι' αὐτὸ γὰρ τοῦτο καὶ ἄγροικόν τινες Δημοσθένην ἔφασαν <αὐτὸν> εἶναι, κατὰ τὸ ἐλλειπὲς τῆς οἰκονομίας ταύτην περὶ αὐτοῦ τὴν δόξαν λαβόντες· τὸ γὰρ ἄγροικον τοῦ πολιτικοῦ σώματος οὐ μορφῇ, κατασκευῇ δὲ καὶ διαθέσει πινὶ τῆς μορφῆς διήνεγκεν.

[9] ἃ μὲν οὖν ἐνεδέχετο περὶ τοῦ χαρακτηῖρος τοῦ ἀνδρὸς εὐρεῖν τε καὶ γράφαι, ταῦτ' ἐστίν, ἐπὶ δὲ τὴν τῶν λόγων διάγνωσιν τρέψομαι. τοῖς μὲν οὖν γνησίοις αὐτὸ τὸ τῆς ἀναγραφῆς προσέσται μόνον, τοῖς δὲ ψευδέσι τὰ

[10] φέρε δὴ καὶ τίνι διαλλάττει τῆς Θουκυδίδου λέξεως ἡ Δημοσθένους ἢ παρὰ τὸν αὐτὸν κατεσκευασμένη χαρακτῆρα, εἰπωμεν· ἀπαιτεῖ γὰρ ὁ λόγος. οὐχὶ τῷ ποιῶ μὰ Δία· τοῦτο μὲν γὰρ ὁμοίως ἐπιτηδεύουσιν ἀμφοτέροι, λέγω δὲ τὸ ἐξαλλάττειν ἐκ τοῦ συνήθους καὶ μὴ τὸ κοινὸν ἀλλὰ τὸ περιττὸν διώκειν· τῷ δὲ ποσῷ καὶ ἔτι μᾶλλον τοῖς καιροῖς. ὁ μὲν γὰρ ἀταμιεύτως τῇ κατασκευῇ κέχρηται καὶ ἄγεται μᾶλλον ὑπ’ αὐτῆς ἢ <αὐτὸς> ἄγει καὶ οὐδὲ τὸν καιρὸν αὐτῆς ἐπίσταται λαβεῖν δεξιῶς, ἀλλὰ καὶ παρὰ τοῦτον πολλὰκίς ἀμαρτάνει. καθ’ ὃ ἡ μὲν ἀμετρία τῆς ἐξαλλαγῆς ἀσαφῆ ποιεῖ τὴν λέξιν αὐτοῦ, τὸ δὲ μὴ κρατεῖν τῶν καιρῶν ἀηδῆ. ὁ δὲ ῥήτωρ τοῦ τε ἄρκοῦντος στοχάζεται καὶ τοὺς καιροὺς συμμετρεῖται οὐκ εἰς ἀνάθημα καὶ κτῆμα κα<τασκευάζων> τὴν λέξιν μόνον ὥσπερ ὁ συγγραφεύς, ἀλλὰ καὶ εἰς χρῆσιν. ὥστε οὐτε τὸ σαφὲς ἐκβέβηκεν, οὐ πρώτου τοῖς ἐναγωνίοις λόγοις δεῖ, τό τε δεινὸς εἶναι δοκεῖν, ἐφ’ ᾧ μάλιστα φαίνεται σπουδάζων,

προσείληφε. τοιαῦτα μὲν δὴ τινὰ ἔστιν, ἃ παρὰ τὸν ὑψηλὸν καὶ ἐγκατάσκευον καὶ ἐξηλλαγμένον τοῦ συνήθους χαρακτῆρα, οὗ τὸ κράτος ἅπαν ἦν ἐν τῇ δεινότητι, καὶ Θουκυδίδην τὸν ἐν αὐτῷ πρωτεύσαντα μιμούμενος ὁ Δημοσθένης κατεσκεύακεν.

[11] ἃ δὲ παρὰ τὸν ἰσχνόν τε καὶ ἀκριβῆ καὶ καθαρὸν καὶ ζηλωτὸν <ὅς> ἀπὸ τοῦ διαλάμψαντος ἐν αὐτῷ Λυσιακὸς δᾶν εἰκότως λέγοιτο, τοιαῦτα. κωλύσει δ' οὐθὲν, ἴσως δὲ καὶ χαριεστέραν ποιήσει τὴν θεωρίαν θεθεῖσα πρῶτον ἢ Λυσίου λέξεις, ἥ τὴν Δημοσθένους εἰκέναι πείθομαι, διήγησίν τινα περιέχουσα ὑβριστικὴν· Ἄρχιππος γὰρ οὐτοσί, ὧς <ἄνδρες> Ἀθηναῖοι, ἀπεδύσατο μὲν εἰς τὴν αὐτὴν παλαιστραν, οὐπὲρ καὶ Τῖσις ὁ φεύγων τὴν δίκην. ὀργῆς δὲ γενομένης ἐς σκώμματά τε αὐτοῖς καὶ ἀντιλογίαν καὶ ἔχθραν καὶ λοιδορίαν κατέστησαν. ἔστιν οὖν Πυθέας ἐραστὴς μὲν τοῦ μεираκίου (πάντα γὰρ εἰρήσεται τάληθῃ πρὸς ὑμᾶς), ἐπίτροπος δὲ ὑπὸ τοῦ πατρὸς καταλελειμμένος. οὗτος, ἐπειδὴ Τῖσις πρὸς αὐτὸν τὴν ἐν τῇ παλαιστρᾷ λοιδορίαν διηγῆσατο, βουλόμενος χαρίζεσθαι καὶ δοκεῖν δεινὸς καὶ ἐπίβουλος εἶναι, ἐκέλευσεν αὐτόν, ὡς ἡμεῖς ἔκ τε τῶν πεπραγμένων ἡσθήμεθα καὶ τῶν εὖ εἰδότην ἐπυθόμεθα, ἐν μὲν τῷ παρόντι διαλλαγῆναι, σκοπεῖν δέ, ὅπως αὐτὸν μόνον που λήψεται. πεισθεὶς δὲ ταῦτα καὶ διαλλαγείς καὶ χρώμενος καὶ προσποιούμενος ἐπιτήδειος εἶναι εἰς τοῦτο μανίας τηλικούτος ὢν ἀφίστατο, τ' ἐτύγχανε μὲν οὔσα ἵπποδρομία Ἀνακείων δ' αὐτὸν μετ' ἐμοῦ παρὰ τὴν θύραν παριόντα· <γείτονες γὰρ> ἀλλήλων τυγχάνουσιν ὄντες· τὸ μὲν πρῶτον <συνδειπνεῖν> ἐκέλευεν, ἐπειδὴ δὲ οὐκ ἠθέλησεν ἐπὶ κῶμον, λέγων ὅτι μεθ' αὐτοῦ καὶ τὸ δειπνήσαντες οὖν ἤδη συσκοτάζοντος ἐλθόντες κόπτομεν τὴν θύραν. οἱ δ' ἡμᾶς ἐκέλευον εἰσιέναι. ἐπειδὴ δὲ ἔνδον ἐγενόμεθα, ἐμὲ μὲν ἐκβάλλουσιν ἐκ τῆς οἰκίας, τουτονὶ δὲ συναρπάσαντες ἔδησαν πρὸς τὸν κίονα, καὶ λαβὼν μάλιστα Τῖσις, ἐντείνας πολλὰς πληγὰς, εἰς οἶκημα αὐτὸν καθεῖρξε. καὶ οὐκ ἐξήρκεσεν αὐτῷ ταῦτα μόνον ἐξαμαρτεῖν, ἀλλ' ἐζηλωκῶς μὲν τῶν νέων τοὺς πονηροτάτους ἐν τῇ πόλει, νεωστὶ δὲ τὰ πατρῶα παρειληφώς καὶ προσποιούμενος νέος καὶ πλούσιος εἶναι, πάλιν τοὺς οἰκέτας ἐκέλευσεν ἡμέρας ἤδη γενομένης πρὸς τὸν κίονα αὐτὸν δῆσαντας μαστιγοῦν. οὕτω δὲ τοῦ σώματος ἤδη πονήρως διακειμένου Ἀντίμαχον μεταπεμφάμενος τῶν μὲν γεγεννημένων οὐθὲν εἶπεν. ἔλεγε δ' ὡς αὐτὸς μὲν δειπνῶν τύχοι, οὗτος δὲ μεθύων ἔλθοι, ἐκκόψας δὲ τὴν θύραν καὶ εἰσελθὼν κακῶς λέγοι αὐτὸν καὶ τὸν Ἀντίμαχον καὶ τὰς γυναῖκας αὐτῶν. Ἀντίμαχος δὲ ὠργίζετο μὲν αὐτοῖς ὡς μεγάλα ἡμαρτηκόσιν, ὅμως δὲ μάρτυρας παρακαλέσας ἡρώτα αὐτόν, πῶς εἰσέλθοι. ὁ δὲ κελεύσαντος Τίσιδος καὶ τῶν οἰκείων ἔφασκε. συμβουλευόντων δὲ τῶν εἰσελθόντων ὡς τάχιστα λῦσαι καὶ τὰ γεγεννημένα δεινὰ νομιζόντων εἶναι ἀπέδοσαν αὐτὸν τοῖς ἀδελφοῖς. οὐ δυναμένου δὲ βαδίζειν, ἐκόμισαν αὐτὸν εἰς τὸ Δεῖγμα ἐν κλίνῃ καὶ ἐπέδειξαν πολλοῖς μὲν Ἀθηναίων πολλοῖς δὲ καὶ τῶν ἄλλων ξένων οὕτως διακείμενον, ὥστε τοὺς ἰδόντας μὴ μόνον τοῖς ποιήσασιν ὀργίζεσθαι ἀλλὰ καὶ τῆς πόλεως κατηγορεῖν, ὅτι οὐ δημοσίᾳ οὐδὲ παραχρῆμα τοὺς τὰ τοιαῦτα ἐξαμαρτάνοντας τιμωρεῖται.'

[12] αὕτη μὲν ἡ Λυσίου διήγησις ἐκ τοῦ κατὰ Τίσιδος λόγου. ἦν δὲ νῦν μέλλω λέγειν, Δημοσθένους ἐκ τοῦ κατὰ Κόνωνος, ἥς τὴν πραγματικὴν ὁμοιότητα ἐάσαντες τὴν ἐν τῇ λέξει σκοπῶμεν. θανάτου τὰς ὕβρεις καὶ τὰς ἀτιμίας, αἷς ἐν δουλευούσῃ τῇ πόλει φέρειν ἀνάγκη. εἰ μὲν τοίνυν τοῦτ' ἐπεχείρησα νῦν λέγειν, ὡς ἐγὼ προήγαγον ὑμᾶς ἄξια τῶν προγόνων φρονεῖν, τίς οὐκ ἂν εἰκότως ἐπετίμησέ μοι; νῦν δ' ἐγὼ μὲν ὑμετέρας τὰς τοιαύτας προαιρέσεις ἀποφαίνω καὶ δείκνυμι, ὅτι καὶ πρὸ ἐμοῦ τοῦτ' εἶχε τὸ φρόνημα ἢ πόλις. τῆς μέντοι διακονίας τῆς ἐφ' ἐκάστοις τῶν πεπραγμένων καὶ ἐμαυτῷ μετεῖναί φημι. οὗτος δὲ ὁ τῶν ὅλων κατηγορῶν καὶ κελεύων ὑμᾶς ἐμοὶ πικρῶς ἔχειν ὡς φόβων καὶ κινδύνων αἰτίῳ τῇ πόλει τῆς μὲν εἰς τὸ παρὸν τιμῆς ἐμὲ ἀποστερηῆσαι γλίσχεται, τὰ δ' εἰς ἅπαντα τὸν χρόνον ἐγκώμια ὑμῶν ἀφαιρεῖται. εἰ γὰρ ὡς οὐ τὰ βέλτιστα ἐμοῦ πολιτευσαμένου καταψηφιεῖσθε, διημαρτηκέναι δόξετε, οὐ τῇ τῆς τύχης ἀγνωμοσύνῃ τὰ συμβάντα παθεῖν. ἀλλ' οὐκ ἔστιν, ὅπως ἡμάρτετε, ἄνδρες Ἀθηναῖοι, τὸν ὑπὲρ τῆς ἀπάντων ἐλευθερίας καὶ σωτηρίας κίνδυνον ἀράμενοι οὐ μὰ τοὺς ἐν Μαραθῶνι προκινδυνεύσαντας τῶν προγόνων καὶ τοὺς ἐν Πλαταιαῖς παραταξαμένους καὶ τοὺς ἐν Σαλαμῖνι ναυμαχήσαντας καὶ τοὺς ἐπ' Ἀρτεμισίῳ καὶ πολλοὺς ἐτέρους τοὺς ἐν τοῖς δημοσίοις μνήμασι κειμένους ἀγαθοὺς ἄνδρας, οὓς ἅπαντας ὁμοίως ἢ πόλις τῆς αὐτῆς ἀξιώσασα τιμῆς ἔθαπεν, Αἰσχίνη, οὐχὶ τοὺς κρατήσαντας αὐτῶν οὐδὲ τοὺς κατορθώσαντας μόνους, δικαίως. ὁ μὲν γὰρ ἦν ἀγαθῶν ἀνδρῶν ἔργον, ἅπανσι πέπρακται, τῇ τύχῃ δέ, ἣν ὁ δαίμων ἔνειμεν ἐκάστοις, ταύτῃ κέχρηται.

[32] οὐθεὶς ἔστιν, ὃς οὐχ ὁμολογήσειεν, εἰ μόνον ἔχοι μετρίαν αἴσθησιν περὶ λόγους καὶ μήτε βάσκανος εἶη μήτε δύσερίς τις, τοσοῦτω διαφέρειν τὴν ἀρτίως παρατεθεῖσαν λέξιν τῆς προτέρας, ὅσω διαλλάττει πολεμιστήρια μὲν ὅπλα πομπευτηρίων, ἀληθινὰ δὲ ὄψεις εἰδῶλων, ἐν ἡλίῳ δὲ καὶ πόνοις τεθραμμένα σώματα τῶν σκιάς καὶ ῥαστώνας διωκόντων. ἢ μὲν γὰρ οὐδὲν ἔξω τῆς εὐμορφίας ἐπιτηδεύει καὶ παρὰ τοῦτ' ἔστιν αὐτῆς τὸ καλὸν ἐν ἀναληθέσιν, ἢ δὲ οὐδέν, ὃ τι οὐκ ἐπὶ τὸ χρήσιμον καὶ ἀληθινὸν ἄγει. καὶ μοι δοκεῖ τις οὐκ ἂν ἀμαρτεῖν τὴν μὲν Πλάτωνος λέξιν εἰκάσας ἀνθηρῶ χωρίῳ καταγωγὰς ἡδείας ἔχοντι καὶ τέρψεις ἐφημέρους, τὴν δὲ Δημοσθένους διάλεκτον εὐκάρπῳ καὶ παμφόρῳ γῇ καὶ οὕτε τῶν ἀναγκαίων εἰς βίον οὕτε τῶν περιττῶν εἰς τέρψιν σπανιζούσῃ. δυνάμενος δ' ἂν, εἰ βουλοίμην, καὶ τὰ κατὰ μέρος ἐκατέρας κατορθώματα ἐξετάζειν καὶ δεικνύειν, ὅσω κρείττων ἐστὶν ἢ Δημοσθένους λέξις τῆς Πλατωνικῆς οὐ μόνον κατὰ τὸ ἀληθινὸν καὶ πρὸς ἀγῶνας ἐπιτήδειον (τοῦτο γὰρ ὡς πρὸς εἰδότας ὁμοίως ἅπαντας οὐδὲ λόγου δεῖν οἶμαι), ἀλλὰ καὶ κατὰ τὸ τροπικόν, περὶ ὃ μάλιστα δεινὸς ὁ Πλάτων εἶναι δοκεῖ, καὶ πολλὰς ἔχων ἀφορμὰς λόγων ταύτην μὲν εἰς ἕτερον καιρὸν ἀναβάλλομαι τὴν θεωρίαν, εἵπερ περιέσται μοι χρόνος· ἰδίαν γὰρ οὐκ ὀκνήσω περὶ αὐτῆς ἐξενέγκαι πραγματεῖαν. νυνὶ δέ, ὅσα ἐν τῷ παρόντι ἤρμοττεν, εἴρηται. ἐπειδὴ δὲ παρελθεῖν ἡμῖν οὐκ ἐνῆν Πλάτωνα, ᾧ τὰ πρωτεῖά τινες ἀπονέμουσι, κατατρίψαι δὲ τὸν λόγον περὶ μίαν ταύτην <τὴν> θεωρίαν ἐπιλελησμένου τῆς ὑποθέσεως ἦν, τῇδὲ μοι περιγεγράφθω. βούλομαι δὲ δὴ καὶ συλλογίσασθαι τὰ εἰρημένα ἐξ ἀρχῆς καὶ δεῖξαι πάνθ', ὅσα ὑπεσχόμην ἀρχόμενος τῆς θεωρίας τοῦ λεκτικοῦ τύπου, πεποιηκότα ἐμαυτόν.

[33] ἡ πρόθεσις ἦν μοι καὶ τὸ ἐπάγγελμα τοῦ λόγου, κρατίστη λέξει καὶ πρὸς ἅπασαν ἀνθρώπου φύσιν ἡρμοσμένη μετριώτατα Δημοσθένη κεχρημένον ἐπιδείξει, καὶ τοῦτό γε συνάγειν ἐπειρώμην οὐκ ἐξ αὐτῆς ἐκείνης μόνης τὰς πίστει διδούς (ἦδεν γὰρ ὅτι οὐδὲν αὐταρκές ἐστιν ἐφ' ἑαυτοῦ θεωρούμενον, οἷόν ἐστιν, ὀφθῆναι καὶ καθαρῶς), ἀλλ' ἀντιπαρὰθεὶς αὐτῇ τὰς τῶν ἄλλων ῥητόρων τε καὶ φιλοσόφων λέξεις τὰς κράτιστα δοκούσας ἔχειν καὶ τῇ δι' ἀλλήλων βασιάνω φανεράν ποιῶν τὴν ἀμείνω. Ἰν' οὗν τὴν φυσικὴν ὁδὸν ὁ λόγος μοι λάβῃ, τοὺς χαρακτῆρας τῶν διαλέκτων τοὺς ἀξιολογώτατους κατηριθμησάμην καὶ τοὺς πρωτεύσαντας ἐν αὐτοῖς ἄνδρας ἐπὶ ἦλθον, ἔπειτα δείξας ἀτελεῖς ἅπαντας ἐκείνους καὶ καθ' ὃ μάλιστα ἀστοχεῖν ἕκαστον ὑπελάμβανον τοῦ τέλους ἐκλογισάμενος διὰ βραχέων, ἦλθον ἐπὶ τὸν Δημοσθένη. τοῦτον δὲ ἐνὸς μὲν οὐδενὸς ἀποφηνάμενος οὔτε χαρακτῆρος οὔτ' ἀνδρὸς ζηλωτὴν γενέσθαι, ἐξ ἀπάντων δὲ τὰ κράτιστα ἐκλεξάμενον κοινὴν καὶ φιλόανθρωπον τὴν ἐρμηνείαν κατεσκευακέναι καὶ κατὰ τοῦτο μάλιστα διαφέρειν τῶν ἄλλων, πίστει ὑπὲρ τοῦδε παρειχόμεν, διελόμενος μὲν τὴν λέξιν εἰς τρεῖς χαρακτῆρας τοὺς γενικωτάτους τὸν τε ἰσχνὸν καὶ τὸν ὑψηλὸν καὶ τὸν μεταξὺ τούτων, ἀποδεικνὺς δ' αὐτὸν ἐν τοῖς τρισὶ γένεσι κατορθοῦντα τῶν ἄλλων μάλιστα, λέξεις τινὰς αὐτοῦ λαμβάνων, αἷς ἀντιπαρεξίτατον ἐτέρας ὁμοειδεῖς λόγου μὲν ἀξίας, οὐ μὴν ἀνεπιλήπτους γε τελέως οὐδ', ὥσπερ ἐκείνη, πάσας τὰς ἀρετὰς ἐχούσας. καὶ γὰρ ἦ τε Ἰσοκράτους καὶ Πλάτωνος καίτοι θαυμασιωτάτων ἀνδρῶν μνήμη καὶ σύγκρισις οὐκ ἔξω τοῦ εἰκότος ἐγίγνετό μοι, ἀλλ', ἐπεὶ τοῦ μέσου καὶ κρατίστου χαρακτῆρος οὔτοι ζηλωταὶ γενόμενοι μεγίστης δόξης ἔτυχον, ἵνα δείξαιμι, κἄν εἰ τῶν ἄλλων ἀμείνους εἰσὶ, Δημοσθένει γε οὐκ ἀξίους ὄντας ἀμιλλᾶσθαι περὶ τῶν ἀριστείων.

ὀλίγα τούτοις ἔτι προσθεὶς περὶ τῆς λέξεως, ἐπὶ τὸ καταλειπόμενον τῆς θεωρίας μέρος μεταβήσομαι, [34] ταῦτα δὲ ἔστιν, ἃ τοῖς τρισὶ πλάσμασιν ὁμοίως παρέπεται καὶ ἔστι παντὸς λόγου Δημοσθενικοῦ μηνύματα χαρακτηριστικὰ καὶ ἀνυφαίρετα. ὑπομνήσω δὲ πρῶτον μὲν, ἃ τοῖς ἄλλοις πλάσμασιν ἔφην ἰδίᾳς ἀρετὰς συμβεβηκέναι τοῖς Δημοσθένους [ἢ Λυσίου], ἵν' εὐσύννοπος μᾶλλον γένηται μοι ὁ λόγος. δοκεῖ δὴ μοι τῶν μὲν ὑψηλῇ καὶ περιττῇ καὶ ἐξηλλαγμένῃ λέξει κεχρημένων κατὰ τὸ σαφέστερον καὶ κοινότερον τῇ ἐρμηνείᾳ κεκρῆσθαι προὔχειν ὁ Δημοσθένης. τούτων γὰρ ἐν πάσῃ κατασκευῇ στοχάζεται μέγεθος ἐχούσῃ καὶ ταύταις κέχρηται χαρακτηρικωτάταις ἀρεταῖς ἐπὶ τῆς ὑψηλῆς καὶ ξενοπρεποῦς ὀνομασίας ὥς γε μάλιστα. τῶν δὲ τὴν λιτὴν καὶ ἰσχνὴν καὶ ἀπέριττον ἐπιτηδεύόντων φράσιν τῷ τόνῳ τῆς λέξεως ἐδόκει μοι διαλλάττειν καὶ τῷ βάρει καὶ τῇ στριφνότητι καὶ τῷ πικραίνειν ὥς ἐπὶ τὸ πολὺ· ταῦτα γὰρ ἔστιν ἐκείνου χαρακτηρικὰ τοῦ πλάσματος παρ' αὐτῷ καὶ τὰ παραπλήσια τούτοις. τῶν δὲ τὴν μέσῃν διάλεκτον ἡσκηκότων, ἦν δὴ κρατίστην ἀποφαίνομαι, κατὰ ταυτὶ διαφέρειν αὐτὸν ὑπελάμβανον· κατὰ τὴν ποικιλίαν, κατὰ τὴν συμμετρίαν, κατὰ τὴν εὐκαιρίαν, ἔτι πρὸς τοῦτοις κατὰ τὸ παθητικόν τε καὶ ἐναγώνιον καὶ δραστήριον καὶ τελευταῖον τὸ

πρέπον, ὃ τῶν ἄστρον ψαύει παρὰ Δημοσθένει. ταῦτα μὲν οὖν χωρὶς ἐκάστῳ τῶν τριῶν πλασμάτων παρακολουθεῖν ἔφην καὶ ἐκ τούτων ἡξίουσιν τὴν Δημοσθένους δύναμιν πεφυκότα μὲν καὶ τοῖς ἄλλοις παρακολουθεῖν πλάσμασι, κρατίστην δὲ ὄψιν ἔχοντα καὶ ἐκπρεπεστάτην ἐν τούτοις τοῖς χωρίοις. εἰ δέ τις ἀξιῶσει συκοφαντεῖν τὴν διαίρεσιν, ἐπειδὴ τὰς κοινῇ παρακολουθούσας πᾶσι τοῖς πλάσμασιν ἀρετὰς τρίχα διανείμασα τὸ ἴδιον ἐκάσταις ἀποδίδωσιν, ἐκεῖνα ἂν εἴποιμι πρὸς αὐτόν, ὅτι καθ' ὃ μάλιστα χωρίον ἐκάστη τῶν ἀρετῶν ὄψιν τε ἡδίστην ἔχει καὶ χρῆσιν ὠφελιμωτάτην, κατὰ τοῦτο τάττειν αὐτὴν ἀξιῶ, ἐπεὶ καὶ τῆς σαφηνείας καὶ τῆς συντομίας καὶ τοῦ πιθανοῦ χωρίον ἀποφαίνουσιν οἱ τεχνογράφοι τὴν διήγησιν «οὐχ» ὥς οὐκ ἀλλαχοῦ οὐδαμοῦ δέον ἐξετάζεσθαι τὰς ἀρετὰς ταύτας (πάνυ γὰρ ἄτοπον), ἀλλ' ὥς ἐν τῇ διηγῇ δέον μάλιστα.

[35] φέρε δὴ τούτων εἰρημένων ἡμῖν λέγωμεν ἤδη καὶ περὶ τῆς συνθέσεως τῶν ὀνομάτων ἣ κέχρηται ὁ ἀνὴρ. ὅτι μὲν οὖν περιττὴ τίς ἐστιν ἢ τῆς λέξεως τῆς Δημοσθένους ἀρμονία καὶ μακρῷ δὴ τινι διαλλάττουσα τὰς τῶν ἄλλων ῥητόρων, οὐκ ἐμὸς ὁ μῦθος. ἅπαντες γὰρ εὖ οἶδ' ὅτι ταύτην αὐτῷ τὴν ἀρετὴν ἂν μαρτυρήσειαν, ὅσοι μὴ παντάπασι πολιτικῶν εἰσιν ἄπειροι λόγων, ὅπου γε καὶ οἱ κατὰ τὴν αὐτὴν ἡλικίαν ἀκμάσαντες ἐκείνῳ θαυμάζοντές τε δῆλοί εἰσιν αὐτόν καὶ ζηλοῦντες ταύτης μάλιστα τῆς εὐτεχνίας, καίτοι τινὲς οὐδ' οἰκείως διακείμενοι πρὸς αὐτόν, ὥστε κολακείας ἐξενέγκασθαι δόξαν, ἀλλ' ἔνιοί γε καὶ σφόδρα ἀπεχθεῖς καὶ ἀδιαλλάκτους ἐπανηρημένοι πολέμους. ὣν ἦν Αἰσχίνης ὁ ῥήτωρ, ἀνὴρ λαμπροτάτῃ φύσει περὶ λόγους χρῆσάμενος, ὃς οὐ πολὺ ἂν ἀπέχρινε δοκεῖ τῶν ἄλλων ῥητόρων καὶ μετὰ Δημοσθένην μηδενὸς δεύτερος ἀριθμεῖσθαι. οὗτος μὲν δὴ τῆς ἄλλης δεινότητος, ἢ περὶ τὸν ἄνδρα τοῦτον ἐγένετο κατὰ τὸ λεκτικόν, ἔστιν ἃ διακνίζει καὶ συκοφαντεῖ, πρᾶγμα ἐχθροῦ ποιῶν. καὶ γὰρ καινότητα ὀνομάτων καὶ ἀηδῖαν καὶ περιεργίαν καὶ τὸ σκοτεινὸν δὴ τοῦτο καὶ πικρὸν καὶ ἄλλα πολλὰ τοιαῦτα προστρίβεται αὐτῷ, βασκαίνων μὲν, ὥσπερ ἔφην, καὶ ταῦτα, ὅμως δ' οὖν ἀφορμὰς γέ τινας τοῦ συκοφαντεῖν εὐλόγους λαμβάνων. περὶ δὲ τῆς συνθέσεως τῶν ὀνομάτων οὐδὲν οὔτε μεῖζον ἢ καταγέλωτα φέρων. καὶ οὐχὶ τοῦτο πῶ θαυμάζειν «ἀξιον», ἀλλ' ὅτι καὶ μαρτυρῶν πολλαχῇ τὴν ἀρετὴν τῷ ῥήτορι κατάδηλός ἐστι καὶ ζηλῶν. φανερόν δὲ τοῦτο γένοιτο' ἂν ἐξ ὧν αὐτὸς εἴρηκε, τότε μὲν οὕτω πῶς γράφων· “Ὅταν δὲ ἄνθρωπος ἐξ ὀνομάτων συγκεείμενος καὶ τούτων πικρῶν καὶ περιέργων” (ἐν γὰρ δὴ τούτοις οὐ τὴν ἐκλογὴν ἐπαινεῖ τῶν ὀνομάτων αὐτοῦ, μὰ Δία· τίς γὰρ ἂν γένοιτο πικρᾶς καὶ περιέργου ζῆλος ὀνομασίας;), ἐν [ἀηδία] ἐτέρῳ δὲ τόπῳ οὕτωσὶ λέγων· “Ὡς ὑμᾶς ὀρρωδῶ κακῶς πάσχοντας, τὴν σύνθεσιν τῶν Δημοσθένους ὀνομάτων ἀγαπήσαντας.” καὶ γὰρ ἐνταῦθα πάλιν οὐ δέδοικε, μὴ τὸ κάλλος καὶ τὴν μεγαλοπρέπειαν αὐτοῦ τῶν ὀνομάτων ἀγαπήσωσιν Ἀθηναῖοι, ἀλλὰ μὴ λάθωσιν ὑπὸ τῆς συνθέσεως γοητευθέντες, ὥστε καὶ τῶν φανερῶν αὐτόν ἀδικημάτων ἀφεῖναι διὰ τὰς σειρήνας τὰς ἐπὶ τῆς ἀρμονίας. ἐκ δὲ τούτων οὐ χαλεπὸν ἰδεῖν, ὅτι δεινότητα μὲν αὐτῷ, ὅσῃν οὐχ ἐτέρῳ, μαρτυρῶν καὶ ταῖς σειρῇσιν ἀπεικάζων αὐτοῦ τὴν μουσικὴν, ἀγάμενος δὲ

οὐ τῆς ἐκλογῆς τῶν ὀνομάτων αὐτόν, ἀλλὰ τῆς συνθέσεως, ἀναμφιλόγως αὐτῷ ταύτην παρακεχώρηκε τὴν ἀρετὴν.

[36] τοῦτ' ἔστι μὲν οὖν τὸ μέρος, ὡς οὐ πολλοῦ λόγου δεόμενον, λέγω δὴ τὸ περιττὸν εἶναι συνθέτην ὀνομάτων τὸν Δημοσθένην, μαρτυρίαις τε ἀξιοχρεοῖς καὶ τῷ μηδένα τάναντία ἔχειν εἰπεῖν βεβαιούμενον ἔασω. τίς δὲ ὁ τῆς ἀρμονίας αὐτοῦ χαρακτήρ καὶ ἀπὸ ποίας γέγονεν ἐπιτηδεύσεως τοιοῦτος καὶ πῶς ἂν τις αὐτὸν διαγνοίῃ παρεξετάζων ἑτέροις, ταυτὶ πειράσσομαι λέγειν, ἐκεῖνα προειπῶν. Πολλὴ τις ἐγένετο ἐν τοῖς ἀρχαίοις ἐπιθυμία καὶ πρόνοια τοῦ καλῶς ἀρμόττειν τὰ ὀνόματα ἐν τε μέτροις καὶ δίσχαις μέτρων, καὶ πάντες, ὅσοι σπουδαίας ἐβουλήθησαν ἐξευγεῖν γραφάς, οὐ μόνον ἐζήτησαν ὀνομάσαι τὰ νοήματα καλῶς, ἀλλὰ καὶ αὐτὰ «τὰ ὀνόματα» εὐκόσμως συνθέσει περιλαβεῖν· πλὴν οὐ τὴν αὐτὴν γε πάντες ἐπετηδευσαν ἀρμονίαν, ὥστ' οὐδὲ κατὰ τὰς αὐτὰς ἦλθον ἅπαντες ὁδοῦς. τούτου δ' αἰτίας οἶμαι γενέσθαι πολλὰς. πρώτην μὲν τὴν ἐκάστου φύσιν, ἣ ἄλλοι πρὸς ἄλλα πεφύκαμεν εὖ, δευτέραν δὲ τὴν ἐκ λόγου καὶ προαιρέσεως ἐμφυομένην δόξαν, δι' ἣν τὰ μὲν ἀσπαζόμεθα, τοῖς δ' ἐπαχθόμεθα, τρίτην δὲ τὴν ἐκ συνηθείας χρονίου κατασκευαζομένην ὑπόληψιν ὡς σπουδῆς ἀξίων, ὣν ἂν τοὺς ἐθισμοὺς λάβωμεν, τετάρτην ἔτι τὴν πρὸς οὓς ἂν φιλοτιμούμενοι τυγχάνωμεν, ὅποῦ ἅττα ἂν ἐκεῖνοι ζηλώσιν, ἀναφορὰν τε καὶ μίμησιν· ἔχοι δ' ἂν τις καὶ ἄλλα λέγειν, ἀλλὰ ἐγὼ τὰ φανερώτατα εἰπὼν ἐὼ τὰ λοιπὰ. ὅθεν οἱ μὲν τὴν εὐσταθεῖ καὶ βαρεῖαν καὶ αὐστηρὰν καὶ φιλόρραμον καὶ σεμνὴν καὶ φεύγουσαν ἅπαν τὸ κομψὸν ἐπιτηδεύουσιν ἀρμονίαν, οἱ δὲ τὴν γλαφυρὰν καὶ λιγυρὰν καὶ θεατρικὴν καὶ πολὺ τὸ κομψὸν καὶ μαλακὸν ἐπιφαίνουσιν, ἣ πανηγύρεις τε κηλοῦνται καὶ ὁ συμφορητὸς ὄχλος, οἱ δὲ συνθέντες ἀφ' ἑκατέρας τὰ χρησιμώτατα τὴν μικτὴν καὶ μέσσην ἐζήλωσαν ἀγωγὴν.

[37] τρεῖς γὰρ δὴ συνθέσεως σπουδαίας χαρακτῆρες οὗτοι οἱ γενικώτατοι, οἱ δ' ἄλλοι παρὰ τούτους τε καὶ ἀπὸ τούτων εἰσὶ κατεσκευασμένοι, πολλοὶ σφόδρα ὄντες, ἐπιτάσει τε καὶ ἀνέσει διαφέροντες ἀλλήλων. εἰλικρινὴς μὲν οὖν ἀρμονία καὶ ἀκραιφνὴς χαρακτήρ κατὰ πᾶν οὐκ ἂν εὐρεθεῖ παρ' οὐδενὶ οὔτε ἐμμέτρων οὔτε πεζῶν ποιητῇ λόγων, οὐδὲ χρή μαρτύρια τοιαῦτα παρ' οὐδενὸς ἀπαιτεῖν. ὅπου γὰρ οὐδὲ τῶν στοιχείων τῶν πρώτων, ἐξ ὧν ἡ τοῦ παντὸς συνέστη φύσις, γῆς τε καὶ ὕδατος καὶ ἀέρος καὶ πυρός, οὐδὲν εἰλικρινές ἐστιν, ἀλλὰ πάντα μετέχει πάντων, ὠνόμασται δ' ἕκαστον αὐτῶν κατὰ τὸ πλεονάζον, τί θαυμαστόν, εἰ αἱ τῆς λέξεως ἀρμονίαι τρεῖς οὔσαι τὸν ἀριθμὸν οὐκ ἔχουσιν εἰλικρινῆ τὴν φύσιν οὐδ' ἀνεπίμικτον, ἀλλ' ἐκ τῶν ὡς ἐπὶ τὸ πολὺ συμβεβηκότων αὐτοῖς ὀνόματός τε ἡξίωνται καὶ χαρακτῆρος ἰδίου; ὥσθ', ὅταν παρέχωμαι δείγματα ἐκάστης καὶ μαρτύρια φέρω, λέξεις τινας παρατιθεῖς τῶν χρησαμένων αὐταῖς ποιητῶν τε καὶ συγγραφέων, μηδεὶς συκοφαντείτω τὰς ἐπιπλοκάς καὶ τὰς κατὰ μόρια ποιότητας αὐτῶν, ἀλλὰ κατὰ τὸ πλεονάζον ἕκαστον τῶν παραλαμβανομένων σκοπεῖτω, τεκμαιρόμενος, εἰ πολλαχῇ τοιοῦτόν ἐστι τὸ δεικνύμενον, οὐκ εἰ ἀπανταχῇ.

[38] τῆς μὲν οὖν αὐστηραῖς καὶ φιλαρχαίου καὶ μὴ τὸ κομψὸν ἀλλὰ τὸ

σεμνὸν ἐπιτηδεύουσης ἁρμονίας τοιοῦσδε ὁ χαρκτήρ· ὀνόμασι χρῆσθαι φιλεῖ μεγάλους καὶ μακροσυλλάβοις καὶ ταῖς ἔδραις αὐτῶν εἶναι πλουσίως πάνυ βεβηκυίας, χρόνων τε ἀξιολόγων ἐμπεριλήφει διορίζεσθαι θάτερα ἀπὸ τῶν ἐτέρων. τοῦτο τὸ σχῆμα [ἀπὸ] τῆς ἁρμονίας ποιοῦσιν αἱ τῶν φωνηέντων γραμμάτων παραθέσεις, ὅταν ἢ τε προηγουμένη λέξις εἰς ἓν τούτων λήγῃ καὶ ἡ συνάπτουσα ταύτῃ τὴν ἀρχὴν ἀπὸ τούτων τινὸς λαμβάνῃ. ἀναγκαῖον γὰρ ἦν χρόνον τινὰ μέσον ἀμφοῖν ἀξιόλογον ἀπολαμβάνεσθαι. καὶ μηδεὶς εἴπῃ· ‘τί δὲ τοῦτό ἐστιν, ἢ πῶς ἂν τις γένοιτο χρόνος, ὃς μεταθῇ ὀνόματα ἀπ’ ἀλλήλων διεστάναι κατὰ τὰς τῶν φωνηέντων συμβολάς;’ δείκνυται γὰρ ὑπὸ τε μουσικῶν καὶ μετρικῶν ὁ διὰ μέσου τῶν φωνηέντων χρόνος ἐτέρων παρεμβολῇ γραμμάτων ἡμιφώνων ἀναπληροῦσθαι δυνάμενος. τοῦτο δ’ οὐκ ἂν ἐγίνετο μὴ σιωπῆς τινος ἀξιολόγου διειργούσης τὰ φωνήεντα ἀπ’ ἀλλήλων. πρῶτον μὲν δὴ τοῦτο τῆς ἁρμονίας ταύτης ἐστὶν ἰδίωμα ὡς ἐπὶ τὸ πολὺ. ἕτερον δὲ τοιοῦτον· ἀνακοπὰς καὶ ἀντιστηριγμοὺς λαμβάνειν καὶ τραχύτητας ἐν ταῖς συμπλοκαῖς τῶν ὀνομάτων ἐπιστυφούσας τὴν ἀκοὴν ἡσυχῇ βούλεται. ἐνταῦθα πάλιν ἡ τῶν ἀφώνων τε καὶ ἡμιφώνων γραμμάτων δύναμις αἰτία, ὅπότ’ ἂν τὰ λήγοντα τῶν ἡγουμένων μορίων ἢ γράμματα τοῖς ἡγουμένοις [ὡς] μηδὲν τῶν ἐπιφερομένων μήτε συναλείφεσθαι μήτε συγχέεσθαι φύσιν ἔχῃ. πολὺ γὰρ δὴ τὸ ἀντίτυπον ἐν ταῖς τούτων συμβολαῖς γίνεται, ὥσπερ γε καὶ ἐν αὐτοῖς τοῖς ὀνόμασιν, ὅταν ἐκ τῶν τραχυνόντων τὴν φωνὴν γραμμάτων αἱ καλούμεναι συλλαβαὶ συντεθῶσι. πολλῆς δὲ τινος ἐνταῦθα δεῖ τῆς τεχνήσεως, ἵνα μὴ κακὸφωνοὶ μηδὲ ἀηδεῖς μηδὲ ἄλλην τινὰ ὄχλησιν ἐπενεγκάμεναι ταῖς ἀκοαῖς λάθωσιν αἱ τοιαῦται συζυγαί, ἀλλ’ ἐπανθῇ τις αὐταῖς χνοὺς ἀρχαιοπινῆς καὶ χάρις ἀβίαστος. ἀρκεῖ γάρ, ὡς ἐν εἰδόσι λέγοντας, ὅτι φύσιν ἔχει μηδὲν τῶν σπουδαίων ῥημάτων ἁμοιρον ὥρας εἶναι καὶ χάριτος ἰδίας, τοσοῦτον μόνον εἰπεῖν.

[39] Ἐν μὲν δὴ τοῖς ἐλαχίστοις τε καὶ στοιχειώδεσι μορίοις τῆς λέξεως ταῦτα χαρακτηριστικὰ τῆς πρώτης ἐστὶν ἁρμονίας, ἐν δὲ τοῖς καλουμένοις κώλοις, ἃ συντίθεται μὲν ἐκ τῶν ὀνομάτων, συμπληροῖ δὲ τὰς περιόδους, οὐ μόνον ταῦτα, ἀλλὰ καὶ <τὸ> τοὺς ῥυθμοὺς τοὺς καταμετροῦντας αὐτὰ μὴ ταπεινοὺς μηδὲ μαλθακοὺς μηδ’ ἀγεννεῖς εἶναι, ὑψηλοὺς δὲ καὶ ἀνδρῶδεις καὶ μεγαλοπρεπεῖς. οὐ γὰρ δὴ φαῦλόν τι πρᾶγμα ῥυθμὸς ἐν λόγοις οὐδὲ προσθήκης τινὸς μοῖραν ἔχον οὐκ ἀναγκαίως, ἀλλ’ εἰ δεῖ τάληθές, ὡς ἐμὴ δόξα, εἰπεῖν, ἀπάντων κυριώτατον τῶν γοητεῦειν δυναμένων καὶ κηλεῖν τὰς ἀκοάς. πρὸς δὲ τοῖς ῥυθμοῖς καὶ τὸ τοὺς σχηματισμοὺς [τῶν ἐννοιῶν] γενναίους εἶναι καὶ ἀξιωματικούς οὐ μόνον τοὺς κατὰ τὰς νοήσεις ἀλλὰ καὶ κατ’ αὐτὴν τὴν λέξιν συνισταμένους. ἐξαριθμεῖσθαι δὲ νῦν, ὅσα γένη σχηματισμῶν ἐστὶ τῶν τε κατωνομασμένων καὶ τῶν ἀκατονομάστων, καὶ τίσιν αὐτῶν ἡ τοιαύτη μάλιστα πέφυκεν ἁρμονία χαίρειν, οὐκ ἔχω καιρόν. ἔτι τῆς ἁρμονίας ταύτης οἰκεῖόν ἐστι καὶ τὸ τὰς περιόδους αὐτουργοὺς τινας εἶναι καὶ ἀφελεῖς καὶ μήτε συναπαρτιζούσας ἐαυταῖς τὸν νοῦν μήτε συμμεμετρημένας τῷ πνεύματι τοῦ λέγοντος μηδέ γε παραπληρώμασι τῶν ὀνομάτων οὐκ ἀναγκαίοις ὡς πρὸς

[43] δεδειγμένης δὴ μοι τῆς αἰρέσεως τοῦ ῥήτορος ταύτης ἤδη τις παρ' ἐαυτῷ σκοπεῖτω τὰ λεχθέντα, ὅτι τοιαῦτ' ἐστίν, ἐνθυμούμενος μὲν ὅσα σεμνῶς κατεσκευάσται τῷ ἀνδρὶ καὶ αὐστηρῶς καὶ ἀξιωματικῶς, ἐνθυμούμενος δὲ ὅσα τερπνῶς καὶ ἡδέως. εἰ δὲ κἀνταῦθα δόξει τι δεῖν [ἢ πίστις] ἀποδείξεως, ὄντινα βούλεται τῶν λόγων αὐτοῦ προχειρισάμενος καὶ ἀφ' οὗ βούλεται μέρους ἀρξάμενος καταβαινέτω τε καὶ σκοπεῖτω τῶν λεγομένων ἕκαστον, εἰ τὰ μὲν ἀναβεβλημένας ἔχει τὰς ἁρμονίας καὶ διεστῶσας, τὰ δὲ προσκολλώσας καὶ συμπεπυκνωμένας, καὶ τὰ μὲν ἀποτραχύνει τε καὶ πικραίνει τὴν ἀκοήν, τὰ δὲ πραῖνει καὶ λεαίνει, καὶ τὰ μὲν εἰς πάθος ἐκτρέπει τοὺς ἀκούοντας, τὰ δ' εἰς ἥθος ὑπάγεται, τὰ δ' ἄλλας τινὰς ἐργάζεται καὶ πολλὰς διαφορὰς παρ' αὐτὴν τὴν σύνθεσιν. οἷά ἐστι ταυτί (χρήσομαι δὲ παραδείγμασιν οὐκ ἐξ ἐπιτηδεύσεως, ἀλλ' οἷς ἐνέτυχον, ἐξ ἐνὸς τῶν Φιλιππικῶν λαβόν). 'Εἰ δέ τις ὑμῶν, ὧς ἄνδρες Ἀθηναῖοι, τὸν Φίλιππον εὐτυχοῦντα ὀρῶν ταύτῃ φοβερόν προσπολεμῆσαι νομίζει, σῶφρονος μὲν ἀνθρώπου προνοίᾳ χρῆται· μεγάλη γὰρ ῥοπή, μᾶλλον δὲ ὄλον ἢ τύχη παρὰ πάντ' ἐστὶ τὰ τῶν ἀνθρώπων πράγματα. οὐ μὴν ἀλλ' ἔγωγε, εἰ τις αἴρεσιν μοι δοίῃ, τὴν τῆς ἡμετέρας πόλεως τύχην ἂν ἐλοίμην ἐθελόντων, ἃ προσήκει, ποιεῖν ὑμῶν καὶ κατὰ μικρόν, ἢ τὴν

[44] τί δὲ τοῦτ' ἔστιν; ἔπειδ' ἡ κρατίστην μὲν ἔφην εἶναι τὴν μικτὴν σύνθεσιν, ταύτῃ δὲ κεκρῆσθαι φημι τὸν Δημοσθένην ἀπάντων μετριώτατα τῶν ἄλλων, ἐπιτάσεις δὲ καὶ ἀνέσεις ἀξιολόγους ἐν αὐτῇ ποιεῖσθαι, τοτὲ μὲν ἀξιωματικωτέραν, τοτὲ δ' εὐπρεπεστέραν ποιοῦντα τὴν ἀγωγὴν, τί δὴ ποτε βουλόμενος οὐ πορεύεται μίαν αἰεὶ καὶ τὴν αὐτὴν ὁδόν; καὶ τὸ ἐν τῷδε ἢ τῷδε πλεονάζειν χαρακτηῖρι ποίοις τισὶν ὀρίζει κανόσι; δοκεῖ δὴ μοι φύσει τε καὶ πείρᾳ διδασθεῖς ὁ ἀνὴρ πρῶτον μὲν ἐκεῖνο καταμαθεῖν, ὅτι οὐχ ὁμοίας ἀπαιτοῦσι κατασκευὰς λέξεως οἱ πρὸς τὰς πανηγύρεις καὶ σχολὰς συρρέοντες ὄχλοι τοῖς εἰς τὰ δικαστήρια καὶ τὰς ἐκκλησίας ἀπαντῶσιν, ἀλλ' οἱ μὲν ἀπάτης ὀρέγονται καὶ ψυχαγωγίας, οἱ δὲ διδασκῶντες, ὧν ἐπιζητοῦσι, καὶ ὠφελείας. οὔτε δὴ τὸν ἐν δικαστηρίοις λόγον ὦρετο δεῖν κωτίλλειν καὶ λιγαίνειν, οὔτε τὸν ἐπιδεικτικὸν αὐχμοῦ μεστὸν εἶναι καὶ πίνου. πανηγυρικοὺς μὲν οὖν λόγους οὐκ ἔχομεν αὐτοῦ παρασχέσθαι· πάντας γὰρ ἔγωγε τοὺς ἀναφερομένους εἰς αὐτὸν ἀλλοτρίους εἶναι πείθομαι καὶ οὐδὲ κατὰ μικρὸν ἔχοντας τὸν ἐκείνου χαρακτηῖρα οὔτ' ἐν τοῖς νοήμασιν «οὔτ' ἐν τοῖς ὀνόμασι», τῆς δὲ συνθέσεως ὅλῳ καὶ τῷ παντὶ λειπομένους. ὧν ἐστὶν ὃ τε φορτικὸς καὶ κενὸς καὶ παιδαριώδης ἐπιτάφιος καὶ τὸ τοῦ σοφιστικοῦ λήρου μεστὸν ἐγκώμιον εἰς Πausaniā. τὰς δὲ περὶ τούτων [45] ἀποδείξεις οὐχ οὗτος ὁ καιρὸς λέγειν. ἐκ δὲ τῶν ἐναγωνίων αὐτοῦ λόγων, ὅπόσοι πρὸς δικαστήρια γεγόνασιν ἢ πρὸς ἐκκλησίας, τεκμαίρομαι, ὅτι ταύτην τὴν γνώμην ὁ ἀνὴρ εἶχεν. ὁρῶ γὰρ αὐτόν, εἴ ποτε λάβοι πράγματα χαριεστέρας δεόμενα κατασκευῆς, πανηγυρικὴν αὐτοῖς ἀποδιδόντα τῆς λέξεως ἁρμονίαν, ὡς ἐν τῷ κατὰ Ἀριστοκράτους πεποίηκε λόγῳ πολλαχῇ μὲν καὶ ἄλλῃ, μάλιστα δ' ἐν οἷς τὸν περὶ τῶν νόμων ἀποδίδωσι λόγον καὶ τὸν περὶ τῶν φονικῶν δικαστηρίων, ἐφ' ἧς χρείας ἕκαστον αὐτῶν τέτακται· κὰν τῷ κατὰ Λεπτίνου περὶ τῆς ἀτελείας κατὰ πολλὰ μέρη, μάλιστα δ' ἐν τοῖς ἐγκωμίοις τῶν εὐεργετῶν τῆς πόλεως Χαβρίου τε καὶ Κόνωνος καὶ τινων ἑτέρων, κὰν τῷ περὶ τοῦ στεφάνου καὶ ἐν ἄλλοις συχνοῖς. τοῦτο δὲ δὴ μοι πρῶτον ἐνθυμηθεῖς δοκεῖ συμμαρμόζεσθαι ταῖς ὑποθέσεσι τὸν χαρακτηῖρα τῆς συνθέσεως [τοῖς ὑποκειμένοις πράγμασι] καὶ ἔτι μετὰ τοῦτο τὰς ιδέας τοῦ λόγου καταμαθὼν, ὅτι οὐχ ἅπασαι τὸν αὐτὸν ἀπαιτοῦσιν οὔτε ἐκλογῆς ὀνομάτων κόσμον οὔτε συνθέσεως, ἀλλ' αἱ μὲν τὸν γλαφυρώτερον αἱ δὲ τὸν αὐστηρότερον, καὶ τῇ τούτων ἀκολουθήσας χρεία τὰ μὲν προοίμια καὶ τὰς διηγήσεις ποιεῖν [τὸ] πλεῖον ἐχούσας τοῦ σεμνοῦ τὸ ἡδύ, τὰς δὲ πίστει καὶ τοὺς ἐπιλόγους τῆς μὲν ἡδείας συνθέσεως ἐλάττω μοῖραν ἐχούσας, τῆς δὲ αὐστηρᾶς καὶ πεπινωμένης πλείω. ἐν αἷς μὲν γὰρ δεῖ κολακευθῆναι τὸν ἀκροατὴν καὶ παρακολουθεῖν τοῖς πράγμασι κακῶν ἀλλοτρίων διηγήσεις αὐχμηρὰς ἐνίοτε καὶ ἀηδεῖς ἀκούοντα, ἐνθα εἰ μὴ τὸ παρηδύνον ἢ σύνθεσις ἐπενέγκοι ἢ παραμυθῆσαιο τὸν τῆς διανοίας κόπον, οὐχ ἔξουσιν αἱ πίστει βάσιν ἀσφαλῆ· ἐν οἷς δὲ τὰ πρὸς τὴν ἀλήθειαν καὶ τὸ συμφέρον συντείνοντα λέγεσθαι· ταῦτα δὲ ἀπλοϊκῶς πως καὶ γενναίως καὶ μετὰ

σεμνότητος αὐστηρᾶς ἀπαιτοῦσιν οἱ πολλοὶ μανθάνειν, τὸ δὲ κωτῖλον ἐν τούτοις καὶ ἀπατηλὸν ὥραν οὐκ ἔχει ἐπὶ τῶν ἐναγωνίων λόγων. οὐ τὴν αὐτὴν οὖν ἐπιστάμενος ἀπάντων φύσιν οὐδὲ τοὺς αὐτοὺς ὤετο δεῖν πᾶσι προσήκειν κόσμους, ἀλλὰ τοῖς μὲν δημηγορικοῖς τὸ ἀξίωμα καὶ τὴν μεγαληγορίαν μᾶλλον ἀρμόττειν, τοῖς δὲ δικανικοῖς, ἐνθα τῶν ἀλλοτρίων ἀκουστῆς γίνεται κακῶν ὁ δικαστῆς, ψυχῆς τε καὶ τῶν ἄλλων, ὅσα τιμώτατά ἐστιν ἀνθρώποις, ἀγών, τὴν χάριν καὶ τὴν ἡδονὴν καὶ τὴν ἀπάτην καὶ τὰ παραπλήσια τούτοις. διὰ τοῦτο ἐν μὲν ταῖς συμβουλαῖς καὶ μάλιστα ταῖς κατὰ Φιλίππου κατακορεστέραις κέχρηται ταῖς αὐστηραῖς ἀρμονίαις, ἐν δὲ τοῖς πρὸς τὰ δικαστήρια συνταχθεῖσι ταῖς γλαφυραῖς. καὶ αὐτῶν δὲ τῶν δικανικῶν πάλιν ἐν μὲν τοῖς δημοσίοις, ἐνθα τὸ ἀξίωμα ἔδει τῆς πόλεως φυλάξαι, ταῖς μεγαλοπρεπεστέραις πλείοσιν, ἐν δὲ τοῖς ἰδιωτικοῖς ἐλάττωσι.

[46] συνελόντι δ' εἶπεῖν, οὐ μόνον παρὰ τὰς ἰδιότητας τῶν λόγων καὶ τὰς παραλλαγὰς τῶν ὑποθέσεων διαφόρους ὤετο δεῖν ποιεῖσθαι τὰς κράσεις τῶν ἐν τῇ συνθέσει χαρακτήρων, ἀλλὰ καὶ παρ' αὐτὰ τὰ γένη τῶν ἐπιχειρημάτων τὰ συμπληρωτικὰ μέρη διαφόρους ἔχοντα τὰς φύσεις ὁρῶν διαλλαττούσαις κατασκευαῖς τῆς ἀρμονίας ἐπειρᾶτο κοσμεῖν, ἄλλως μὲν τὰς γνωμολογίας συντιθεῖς, ἄλλως δὲ τὰ ἐνθυμήματα, διαφόρως δὲ τὰ παραδείγματα. πολὺς ἂν εἴη λόγος, εἰ τὰς διαφορὰς ἀπάσας βουλοίμην λέγειν, ὅσας ἐκεῖνος ὁ δαιμόνιος ἀνὴρ ὁρῶν καὶ πρὸς χρῶμα ἕκαστον αἰεὶ σχηματίζων τὸν λόγον, ἀνέσει τε καὶ ἐπιτάσει ταμειυόμενος τῶν ἀρμονιῶν ἑκατέραν, τοὺς καλοὺς ἐκεῖνους λόγους ἀνέπλασεν. παραδειγμάτων δ' οὐκ οἶομαι δεῖν ἐνταῦθα, ἵνα μοι μείζονα πίστιν ὁ λόγος λάβῃ τῶν ἔργων τοῦ ῥήτορος ἐξεταζομένων, εἰ τοιαυτὰ ἐστίν, οἷα λέγω. πολὺ γὰρ <ἂν> ἢ σύνταξις τὸ μῆκος λάβοι, καὶ δέος, μὴ ποτε εἰς τοὺς σχολικοὺς ἐκβῇ χαρακτηῖρας ἐκ τῶν ὑπομνηματικῶν. ὀλίγα δὲ ληφθέντα τῶν πολλῶν ἱκανὰ τεκμήρια, καὶ ἅμα πρὸς ἐπισταμένους (οὐ γὰρ δὴ γε τοῖς ἀπείροις τοῦ ἀνδρὸς τάδε γράφω) τὸ δεῖξαι τὰ πράγματα συμβολικῶς ἀπόχρη. ἐπάνειμι δ' οὖν ἐπὶ τὰ λοιπὰ, ὧν ἐν ἀρχῇ προϋθέμην ἐρεῖν.

[47] δεύτερον δὲ κεφάλαιον ἦν ἐπιδείξει, τίσι θεωρήμασι χρώμενος καὶ διὰ ποίας ἀσκήσεως προελθὼν τὸ κράτιστον μέρος ἔλαβε τῆς ἀρμονίας. ἐρῶ δὴ καὶ περὶ τούτων, ὡς ἔχω δόξης. δεῖν ὄντων τελῶν περὶ πᾶν ἔργον, ὡς εἶπεῖν, ὧν τε φύσις δημιουργὸς καὶ ὧν αἱ τέχναι μητέρες, τοῦ καλοῦ καὶ τῆς ἡδονῆς, εἶδεν, ὅτι κἂν τοῖς λόγοις τοῖς τε ἐμμέτροις καὶ τοῖς ἔξω τοῦ μέτρου κατασκευαζομένοις ἔμελλεν ἀποχρώντως ἔξειν ἀμφοτέρων τούτων. χωρισθὲν γὰρ ἑκάτερον αὐτῶν θατέρου πρὸς τῷ μὴ τέλειον εἶναι καὶ τὴν ἰδίαν ἀρετὴν ἀμαυροτέραν ἴσχει. ταῦτα δὴ συνιδὼν καὶ τῆς μὲν αὐστηρᾶς τὸ καλὸν ὑπολαβὼν εἶναι τέλος, τῆς δὲ γλαφυρᾶς τὸ ἡδύ, ἐζήτει, τίνα ποιητικὰ τοῦ κάλλους ἐστὶ καὶ τίνα τῆς ἡδονῆς. εὗρισκε δὴ τὰ μὲν αὐτὰ ἀμφοτέρων ὄντα αἴτια, τὰ μέλη καὶ τοὺς ῥυθμοὺς καὶ τὰς μεταβολὰς καὶ τὸ παρακολουθοῦν ἅπασιν αὐτοῖς πρέπον, οὐ μὴν κατὰ τὸν αὐτὸν τρόπον ἑκάτερα σχηματιζόμενα. ὃν δὲ λόγον ἔχει τούτων ἕκαστον, ἐγὼ πειράσομαι διδάσκειν.

[48] τοῖς πρώτοις μορίοις τῆς λέξεως, ἃ δὴ στοιχεῖα ὑπὸ πινων καλεῖται, εἴτε τρία ταῦτ' ἐστίν, ὡς Θεοδέκτη τε καὶ Ἀριστοτέλει δοκεῖ, ὀνόματα καὶ ῥήματα καὶ σύνδεσμοι, εἴτε τέτταρα, ὡς τοῖς περὶ Ζήνωνα τὸν Στωικόν, εἴτε πλείω, δύο ταῦτα ἀκολουθεῖ μέλος καὶ χρόνος ἴσα. κατὰ μὲν δὴ τὰς ὀξύτητάς τε καὶ βαρύτητας αὐτῶν τάττεται τὸ μέλος, κατὰ δὲ τὰ μήκη καὶ τὰς βραχύτητας ὁ χρόνος. οὗτος δὲ γίνεταί ῥυθμός, εἴτε ἀπὸ δυεῖν ἀρξάμενος συνίστασθαι βραχειῶν, ὥσπερ οἴονταί τινες καὶ καλοῦσι τὸν οὕτως κατασκευασθέντα ῥυθμὸν ἡγεμόνα, πρῶτον ἔχοντα λόγον τῶν ἴσων ἄρσει τε καὶ θέσει χρόνων, εἴτε ἀπὸ τριῶν βραχειῶν, ὡς τοῖς περὶ Ἀριστόξενον ἔδοξεν, ὅς ἐν τῷ διπλασίῳ κατεσκεύασται λόγῳ πρῶτον. τοῖς δ' ἐκ τῶν πρώτων μορίων τῆς λέξεως συντιθεμένοις τό τε μέλος εἰς αὐξήσιν ἤδη συμπροάγει καὶ οἱ ῥυθμοὶ προβαίνουσιν εἰς τὰ καλούμενα μέτρα. ὅταν δὲ μέλλῃ τούτων ἐκάτερον ὑπεραίρειν τὸ μέτρον, ἡ μεταβολὴ τότε εἰσελθοῦσα ταμιεύεται τὸ οἰκεῖον αὐτῶν ἀγαθὸν ἐκατέρου. ἐπειδὰν δὲ τὴν ἀρμόττουσαν ταῦτα χώραν λάβῃ, τότε ἀποδίδωσιν αὐτοῖς τὴν προσήκουσαν ὥραν τὸ πρέπον. καὶ τοῦτο οὐ χαλεπὸν ἐπὶ τῶν τῆς μουσικῆς ἔργων καταμαθεῖν. φέρε γάρ, εἴ τις ὥδαῖς ἢ κρούμασιν ὀργάνων τὸ κάλλιστον ἐντείνας μέλος ῥυθμοῦ μηδένα ποιοῖτο λόγον, ἔσθ' ὅπως ἂν τις ἀνάσχοιτο τῆς τοιαύτης μουσικῆς; τί δέ; τούτων μὲν ἀμφοτέρων προνοηθεῖν μετρίως, μένοι δ' ἐπὶ τῆς αὐτῆς μελωδίας καὶ τῶν αὐτῶν ῥυθμῶν, οὐδὲν ἐξαλλάττων οὐδὲ ποικίλλων, ἄρ' οὐχ ὅλον ἂν διαφθείροι τὸ ἀγαθόν; εἰ δὲ καὶ τούτου στοχάσαιτο, μηδεμίαν δὲ πρόνοιαν ἔχων φαίνοιτο τοῦ πρέποντος τοῖς ὑποκειμένοις, οὐκ ἀνόνητος αὐτῷ πᾶς ὁ περὶ ἐκεῖνα ἔσται πόνος; ἐμοί γ' οὕν δοκεῖ. ταῦτα δὴ καταμαθὼν ὁ Δημοσθένης τά τε μέλη τῶν ὀνομάτων καὶ κῶλων καὶ τοὺς χρόνους αὐτῶν ἐπιλογιζόμενος οὕτω συναρμόττειν αὐτὰ ἐπειράτο, ὥστ' ἐμμελῆ φαίνεσθαι καὶ εὐρυθμα, ἐξαλλάττειν τε καὶ ποικίλλειν ἐκάτερον αὐτῶν ἐπειράτο μυρίοις ὅσοις σχήμασι καὶ τρόποις καὶ τοῦ πρέποντος ὅσῃν οὐδεὶς τῶν περὶ λόγους σπουδαζόντων ἐποιεῖτο δόσιν. ἐνθυμηθεὶς δέ, ὥσπερ ἔφην, ὡς διὰ τῶν αὐτῶν τούτων θεωρημάτων ὃ τε ἡδὺς γίνεται λόγος καὶ ὁ καλός, ἐσκόπει πάλιν, τί ποτε ἦν τὸ αἵτιον, ὅτι τὰ αὐτὰ οὐ τῶν αὐτῶν ἦν ποιητικά. εὗρισκε δὴ τῶν τε μελῶν οὕσας διαφοράς, αἱ ποιοῦσιν ἃ μὲν ἀξιωματικὰ φαίνεσθαι αὐτῶν ἃ δὲ γλαφυρά, ὥσπερ ἐν τοῖς μουσικοῖς ἔχει πρὸς τὴν ἀρμονίαν τὸ χρῶμα, κἂν τοῖς ῥυθμοῖς δὲ τὸ παραπλήσιον γινόμενον, ὥστε τοὺς μὲν ἀξιωματικοὺς αὐτῶν φαίνεσθαι καὶ μεγαλοπρεπεῖς, τοὺς δὲ τρυφεροὺς καὶ μαλακοὺς. ἐν τε ταῖς μεταβολαῖς τοτὲ μὲν τὸ ἀρχαιοπρεπὲς καὶ αὐστηρόν, τοτὲ δὲ τὸ μελιχρὸν καὶ φιλόκαινον ἐμφαινόμενον. τό τε δὴ πρέπον ἀπάντων μάλιστα μεγάλην παρέχον εἰς ἐκάτερον αὐτῶν ῥοπήν. συνιδὼν δὴ ταῦτα, ὅποτε μὲν τοῦ καλοῦ πλείονος δεῖν αὐτῷ τῇ κατασκευῇ ὑπολάβοι, τὰς τε ἐμμελείας ἐποίει μεγαλοπρεπεῖς καὶ τοὺς ῥυθμοὺς ἀξιωματικοὺς καὶ τὰς μεταβολὰς γενναίας. ὁπότε δὲ τῆς ἐτέρας αὐτῷ φανείη δεῖσθαι συνθέσεως ἢ λέξεις, πάντα ταῦτα κατεβίβαζεν ἐπὶ τὸ μουσικώτερον. καὶ μηδεὶς ὑπολάβῃ θαυμαστὸν εἶναι τὸν λόγον, εἰ καὶ τῇ πεζῇ λέξει φημὶ δεῖν ἐμμελείας καὶ εὐρυθμίας καὶ μεταβολῶν, ὥσπερ ταῖς ὥδαῖς καὶ τοῖς

ὀργάνοις, εἰ μηδενὸς τούτων ἀντιλαμβάνεται τῆς Δημοσθένους ἀκούων λέξεως, μηδὲ κακουργεῖν με ὑπολάβῃ τὰ προσόντα τῇ ψιλῇ λέξει προσμαρτυροῦντα. ἔχει γὰρ ταῦτα ἢ καλῶς κατεσκευασμένα λέξεις καὶ μάλιστα γὰρ ἢ τοῦδε τοῦ ῥήτορος. τῇ δ' εὐκαιρίᾳ καὶ τῇ ποσότητι τὴν αἴσθησιν διαλανθάνει· τὰ μὲν γὰρ συγκέχυται, τὰ δὲ συνέφθαρται, τὰ δ' ἄλλω τινὶ τρόπῳ τὴν ἀκρίβειαν ἐκβέβηκεν τῆς κατασκευῆς, ὥστε αὐτὴν ἐξηλλάχθαι δοκεῖν τῷ παντὶ καὶ κατὰ μηδὲν εἰοικέναι τοῖς ποιήμασιν.

[49] ἄρα γε ἀπαιτήσῃ μὲ τις ἐνταυθοῖ λόγον μελῶν τε καὶ ῥυθμῶν καὶ τῶν ἐν ταῖς μεταβολαῖς σχημάτων καὶ τοῦ ἐν ἐκάστῳ πρέποντος, ἀξιῶν ἀκοῦσαι, τίνα τε αὐτῶν ἐστίν, οἷς ἢ φιλόρχαιος ἁρμονία κοσμεῖται, καὶ τίνα τῆς κωτίλης γένοιτο ἂν ἁρμονίας; ἢ οἰκειοτέραν τὴν ἐκ παιδὸς ἐπιφερόμενος εὐμουσίαν, ἣν ἔκ τε μουσικῆς καὶ γραμματικῆς ἐσχηκεν, αἱ ταῦτ' ἔχουσι τὰ θεωρήματα, ἐπιλαβόντα τὸ χρονίζειν ἐν τοῖς κοινοῖς καὶ γνωρίμοις τὸν λόγον οὐ συκοφαντήσῃ, ἄλλως τε καὶ τοῦ καιροῦ τὰ μέτρα ὀρών; οἶομαι μὲν οὖν, ὥς καὶ δόξαν ἐπεικῇ περὶ τῶν ἄλλων ἔχω, ἀρξάμενος ἀπὸ σοῦ, φίλτατε Ἀμμαῖε, καὶ ἐκ τῆς εὐμουσίας τῆς σῆς λαμβάνων. εἰ δὲ τις ἀπαιτήσῃ καὶ ταῦτ' ἔπι μαθεῖν ὅπῃ ποτ' ἔχει, τοὺς ὑπομνηματισμοὺς ἡμῶν λαβών, οὓς περὶ τῆς συνθέσεως τῶν ὀνομάτων πεπραγματεύμεθα, πάντα ὅσα ποθεῖ τῶν ἐνθάδε παραλειπομένων εἴσεται. ἐγὼ δὲ τῇδὲ πῃ περιγράψας τὸν ὑπὲρ τούτων λόγον ἐπὶ τὸ περιλειπόμενον ἐλεύσομαι μέρος.

[50] ὑπεσχόμην γὰρ καὶ τοῦτο δείξειν ἔτι, πῶς ἂν τις διαγνοίῃ τὸν χαρακτῆρα τῆς Δημοσθένους συνθέσεως καὶ ποίοις χρώμενος σημείοις ἀπὸ τῶν ἄλλων διορίσειεν. ἐν μὲν οὖν οὐδὲν ἐστὶ παράσημον αὐτῆς ἐκφανὲς οὕτως, ὥστε μόνη ταύτῃ καὶ μηδεμιᾷ τῶν ἄλλων παρακολουθεῖν, ἢ δὲ συνδρομή τε καὶ πλεονασμός, οἷς ἐλέγχεσθαι πέφυκε παντὸς πράγματος καὶ σώματος γνῶσις, ἴδιος αὐτῆς γίνεται χαρακτῆρ. χρήσομαι δ' εἰκόνι φανερά τῆς σαφηνείας ἔνεκα τοῖς σώμασι τῶν ἀνθρώπων. ἅπανσι δὴ που συμβέβηκε μέγεθός τε καὶ χρῶμα καὶ σχῆμα καὶ μέλη καὶ ῥυθμός τις τῶν μελῶν καὶ τὰ παραπλήσια τούτοις. εἰ δὴ τις ἅφ' ἐνὸς τούτων ἀξιῶσει τὸν χαρακτῆρα σκοπεῖν, οὐδὲν ἀκριβὲς εἴσεται. ἐν πολλαῖς γὰρ ἂν εὖροι μορφαῖς τοιοῦτόν τι ἕτερον, οἷον ἔθετο τῆς μιᾶς μορφῆς σύμβολον. ἐὰν δὲ πάντα συνθῇ τὰ συμβεβηκότα τῇ μορφῇ ἢ τὰ πλεῖστα ἢ τὰ κυριώτατα, ταχέϊαν τε πάνυ τὴν γνῶσιν λήψεται καὶ οὐκ ἐπὶ ... σεται ταῖς ὁμοιότησι. τοῦτο δὲ ποιεῖν ἀξιῶσαιμ' ἂν καὶ τοὺς βουλομένους τὴν σύνθεσιν ἀκριβῶς εἰδέναι τὴν Δημοσθένους, ἐκ πολλῶν αὐτὴν δοκιμάζειν ἰδιωμάτων, λέγω δὴ τῶν κρατίστων τε καὶ κυριωτάτων· πρῶτον ἐκ τῆς ἐμμελείας, ἥς κριτήριον ἄριστον ἢ ἄλογος αἴσθησις. δεῖ δὲ αὐτῇ τριβῆς πολλῆς καὶ κατηχήσεως χρονίου· οὐ γὰρ δὴ πλάσται μὲν καὶ ζωγράφων παῖδες, εἰ μὴ πολλὴν ἐμπειρίαν λάβοιεν, χρόνῳ τρίψαντες τὰς ὁράσεις μακρῶ περὶ τὰς τῶν ἀρχαίων δημιουργῶν τέχνας, οὐκ ἂν εὐπετῶς αὐτὰς διαγνοῖεν καὶ οὐκ ἂν ἔχοιεν εἰπεῖν βεβαίως, ὅτι [τῇ φήμῃ παραλαβόντες] τουτὶ μὲν ἐστὶ Πολυκλείτου τὸ ἔργον, τουτὶ δὲ Φειδίου, τουτὶ δὲ Ἀλκαμένους, καὶ τῶν γραφῶν Πολυγνώτου μὲν αὕτη, Τιμάνθους δὲ ἐκείνη, αὕτη δὲ Παρρασίου.

[56] τὰ δ' αὐτὰ καὶ περὶ τῆς περιέργου λέξεως ἔχοι τις ἂν εἰπεῖν πρὸς τὸν Αἰσχίνην, ἐπειδὴ καὶ ταύτην αὐτοῦ χλευάζει τὴν ἀρετὴν. δεχέσθω δέ τις τὴν περιεργίαν τῶν ὀνομάτων ὑπ' αὐτοῦ <λεγομένην> λέγεσθαι νυνὶ περιττὴν ἐργασίαν καὶ ἐξηλλαγμένην τῶν ἐν ἔθει. οὐ γὰρ δὴ γε εἰ ὁ καθ' ἡμᾶς βίος πολλὰ καὶ ἄλλα εἰκῇ τιθεῖς ἐπὶ τοῖς πράγμασιν ὀνόματα καὶ ταύτην ἀδιαφόρως κυκλεῖ τὴν λέξιν ἐπὶ τῆς πολυπραγμοσύνης, οὕτω καὶ τοὺς ἀρχαίους εἰκὸς αὐτῇ κεχρηῖσθαι. εἰ μὲν οὖν τὴν ἀκαιρίαν ἢ τὸν πλεονασμὸν τῆς ἐξηλλαγμένης ἐρμηνείας διασύρων καὶ ταῦτα εἴρηκεν, ὡς τοῦ Δημοσθένους περὶ ἐκάτερον αὐτῶν ἁμαρτάνοντος, ψεύδεται περιφανῶς. ὁ γὰρ ἀνὴρ ἐν μὲν ταῖς δημηγορίαις καὶ τοῖς δημοσίοις ἀγῶσι πρὸς τὸ μέγεθος καὶ τὸ ἀξίωμα τῶν ὑποθέσεων ἀποβλέπων κέχρηται τῇ τοιαύτῃ κατασκευῇ πολλάκις, ἐν δὲ τοῖς ἰδιωτικοῖς λόγοις, οὓς περὶ μικρῶν συμβολαίων ἰδιώταις ἀνθρώποις γέγραφε, τὴν κοινὴν καὶ συνήθη λέξιν ἐπιτηδεύει, σπανίως δέ ποτε τὴν περιττὴν καὶ οὐδὲ ταύτην ἐπ' αὐτοφώρῳ, ἀλλ' ὥστε λαθεῖν. εἰ δὲ κἀνταῦθα τῷ γένει τῆς ἐξαλλαγῆς ὅλῳ πολέμῳ ταῦτ' εἴρηκεν Αἰσχίνης, ἄτοπόν τι ποιεῖ πρᾶγμα, ταύτην διασύρων τὴν δεινότητα, ἥς πλείστης τῷ ῥήτορι δεῖ. τὸ γὰρ μὴ τοῖς πολλοῖς ὁμοίως ἐκφέρειν τὰς νοήσεις, ἀλλ' ἐπὶ τὸ σεμνότερον καὶ ποιητικώτερον ἐκβιβάζειν τὴν ὀνομασίαν παρὰ τῆς πολιτικῆς δυνάμεως μάλιστα ἀπαιτοῦμεν. ταῦτα μὲν οὖν ἐγκώμια τῆς Δημοσθένους δεινότητος ὄντα ὡς ἁμαρτήματα φέρων Αἰσχίνης οὐκ ἀληθῶς μὲν, εὐλόγως δ' ἴσως, ἐχθρὸς ὢν καὶ οὐδὲν ἄλλο διαβάλλειν δυνάμενος, ἀπερισκέπτως, ὡς ἐγὼ κρίνω, συκοφαντεῖ.

On the Character of Thucydides

ΔΙΟΝΥΣΙΟΥ ΑΛΙΚΑΡΝΑΣΕΩΣ ΠΕΡΙ ΘΟΥΚΥΔΙΔΟΥ

[1] Ἐν τοῖς προεκδοθεῖσι περὶ τῆς μιμήσεως ὑπομνηματισμοῖς ἐπεληλυθὼς οὐς ὑπελάμβανον ἐπιφανεστάτους εἶναι ποιητάς τε καὶ συγγραφεῖς, ὧν Κόιντε Αἴλιε Τουβέρων, καὶ δεδηλωκὼς ἐν ὀλίγοις, τίνας ἕκαστος αὐτῶν εἰσφέρειται πραγματικὰς τε καὶ λεκτικὰς ἀρετάς, καὶ πῇ μάλιστα χείρων ἑαυτοῦ γίνεται κατὰ τὰς ἀποτυχίας, εἴ τε τῆς προαιρέσεως οὐχ ἅπαντα κατὰ τὸν ἀκριβέστατον λογισμὸν θηρώσης εἴ τε τῆς δυνάμεως οὐκ ἐν ἅπασι τοῖς ἔργοις κατορθούσης, ἵνα τοῖς προαιρουμένοις γράφειν τε καὶ λέγειν εὖ καλοὶ καὶ δεδοκιμασμένοι κανόνες ᾧσιν, ἐφ' ὧν ποιήσονται τὰς κατὰ μέρος γυμνασίας μὴ πάντα μιμούμενοι τὰ παρ' ἐκείνοις κείμενα τοῖς ἀνδράσιν, ἀλλὰ τὰς μὲν ἀρετὰς αὐτῶν λαμβάνοντες, τὰς δ' ἀποτυχίας φυλαττόμενοι· ἀφάμενός τε τῶν συγγραφέων ἐδήλωσα καὶ περὶ Θουκυδίδου τὰ δοκοῦντά μοι, συντόμῳ τε καὶ κεφαλαιώδει γραφῇ περιλαβὼν, οὐ δι' ὀλιγωρίαν καὶ ῥαστώνην οὐδὲ διὰ σπάνιν τῶν δυνησομένων βεβαιῶσαι τὰς προθέσεις, ἀλλὰ τῆς εὐκαιρίας τῶν γραφομένων στοχαζόμενος, ὥς καὶ περὶ τῶν ἄλλων ἐποίησα. οὐ γὰρ ἦν ἀκριβὴ καὶ διεξοδικὴν δῆλωσιν ὑπὲρ ἐκάστου τῶν ἀνδρῶν ποιεῖσθαι, προελόμενον εἰς ἐλάχιστον ὄγκον συναγαγεῖν τὴν πραγματείαν. σοῦ δὲ βουλευθέντος ἰδίαν συντάξασθαι με περὶ Θουκυδίδου γραφὴν ἅπαντα περιειληφυῖαν τὰ δεόμενα λόγων, ἀναβαλόμενος τὴν περὶ Δημοσθένους πραγματείαν, ἣν εἶχον ἐν χερσίν, ὑπεσχόμην τε ποιήσειν, ὥς προηροῦ, καὶ τελέσας τὴν ὑπόσχεσιν ἀποδίδωμι.

[2] Μέλλων δὲ τῶν κατὰ μέρος ἄπτεσθαι λόγων, ὀλίγα περὶ ἑμαυτοῦ τε καὶ τοῦ γένους τῆς πραγματείας βούλομαι προειπεῖν· οὐ σοῦ μὰ Δία καὶ τῶν σοὶ παραπλησίον ἔνεκα, τῶν ἀπὸ παντὸς τοῦ βελτίστου κρινόντων τὰ πράγματα καὶ μηδὲν ἡγουμένων χρήμα τιμώτερον τῆς ἀληθείας· ἀλλὰ τῶν ἄλλων, ὅσοις πολὺ τὸ φιλαίτιον ἔνεστιν «εἴ τε κατὰ τὸν ζῆλον» τῶν ἀρχαίων γινόμενον εἴτε κατὰ τὴν ὑπεροψίαν τῶν ἐπὶ τῆς αὐτῆς ἡλικίας εἴ τε κατ' ἀμφοτέρω ταῦτα τὰ πάθη κοινὰ τῆς ἀνθρωπίνης ὄντα φύσεως. ὑποπτεύω γὰρ ἔσεσθαι τινὰς τῶν ἀναγνωσομένων τὴν γραφὴν τοὺς ἐπιτιμήσοντας ἡμῖν, ὅτι τολμῶμεν ἀποφαίνειν Θουκυδίδην τὸν ἀπάντων κράτιστον τῶν ἱστοριογράφων καὶ κατὰ τὴν προαίρεσίν ποτε τῶν λόγων ἀμαρτάνοντα καὶ κατὰ τὴν δύναμιν ἐξασθενοῦντα, καὶ «διὰ» τοῦθ' οὗτος ἡμᾶς ὁ λογισμὸς εἰσῆλθεν, ὅτι παράδοξα· καινοτομεῖν πράγματα πρῶτοι καὶ μόνοι δόξομεν, εἴ τι τῶν ὑπὸ Θουκυδίδου γραφέντων συκοφαντεῖν ἐπιβαλοίμεθα, οὐ ταῖς κοιναῖς μόνον ἐναντιοῦμενοι δόξαις, ἅς ἅπαντες ἐκ τοῦ μακροῦ χρόνου παραλαβόντες ἀναφαιρέτους ἔχουσιν, ἀλλὰ καὶ ταῖς ἰδίαις τῶν ἐπιφανεστάτων φιλοσόφων τε καὶ ῥητόρων μαρτυρίαις ἀπιστοῦντες, οἱ κανόνα τῆς ἱστορικῆς πραγματείας ἐκείνον ὑποτίθενται τὸν ἄνδρα καὶ τῆς περὶ τοὺς πολιτικοὺς λόγους δεινότητος ὄρον· ὧν οὔτε προαιρέσεις ἰσχυράς· ταύτας δὴ τὰς ἐπιτιμήσεις ἀπολύσασθαι βουλόμενος ἐχούσας τι θεατρικὸν

καὶ τῶν πολλῶν ἀγωγόν, περὶ μὲν ἑμαυτοῦ τοσοῦτον ἀρκεσθῆσομαι μόνον εἰπών, ὅτι τὸ φιλόνηκον τοῦτο καὶ δύσερι καὶ προσυλακτοῦν εἰκῇ πᾶσιν ἐν παντὶ πεφυλαγμένος τῷ βίῳ μέχρι τοῦ παρόντος καὶ οὐδεμίαν ἐκδεδωκώς γραφὴν, ἐν ἣ κατηγοῦμι τινος, ἔξω μιᾶς πραγματείας, ἣν συνεταξάμην ὑπὲρ τῆς πολιτικῆς φιλοσοφίας πρὸς τοὺς κατατρέχοντας αὐτῆς ἀδίκως, οὐκ ἂν ἐπεχείρησα νῦν πρῶτον εἰς τὸν ἐπιφανέστατον τῶν συγγραφέων τὴν οὗτ' ἐλευθέρους ἦθεσι πρέπουσαν οὗτ' ἑμαυτῷ συνήθη κακοήθειαν ἐναποδείκνυσθαι. περὶ δὲ τοῦ γένους τῆς γραφῆς πλείονα μὲν εἶχον λέγειν, ἀρκεσθῆσομαι δὲ ὀλίγοις. εἰ δὲ ἀληθεῖς καὶ προσήκοντας ἑμαυτῷ προήρημαι λόγους, σύ τε κρινεῖς καὶ τῶν ἄλλων φιλολόγων ἕκαστος.

[3] Ἔστι δὴ τὸ βούλημά μου τῆς πραγματείας οὐ καταδρομὴ τῆς Θουκυδίδου προαιρέσεώς τε καὶ δυνάμεως, οὐδ' ἐκλογισμὸς τῶν ἁμαρτημάτων οὐδ' ἐξευτελισμὸς οὐδ' ἄλλο τι τοιοῦτον ἔργον οὐδέν, ἐν ᾧ τὰ μὲν κατορθώματα καὶ τὰς ἀρετὰς οὐδενὸς ἡξίωκα λόγου, τοῖς δὲ μὴ κατὰ τὸ κράτιστον εἰρημένοις ἐπιφύομαι· ἐκλογισμὸς δὲ τις τοῦ χαρακτηῖρος τῶν λόγων, ἅπαντα περιειληφώς, ὅσα συμβέβηκεν αὐτῷ κοινὰ τε πρὸς ἑτέρους καὶ διαφέροντα παρὰ τοὺς ἄλλους. ἐν οἷς ἀναγκαῖον ἦν μὴ τὰς ἀρετὰς λέγεσθαι μόνον, ἀλλὰ καὶ τὰς γεινιώσας αὐταῖς κακίας. οὐδεμία γὰρ αὐτάρκης ἀνθρώπου φύσις οὗτ' ἐν λόγοις οὗτ' ἐν ἔργοις ἀναμάρτητος εἶναι, κρατίστη δὲ ἡ πλεῖστα μὲν ἐπιτυχάνουσα, ἐλάχιστα δὲ ἀστοχοῦσα. ἐπὶ ταύτην δὴ τὴν ὑπόθεσιν ἀναφέρων ἕκαστος τὰ ῥηθησόμενα μὴ τῆς προαιρέσεώς μου γενέσθω κατήγορος, ἀλλὰ τῶν ιδίων τοῦ χαρακτηῖρος ἔργων ἐξεταστὴς δίκαιος. ὅτι δ' οὐκ ἐγὼ τοῦτο πρῶτος ἐπικεχείρηκα ποιεῖν, ἀλλὰ πολλοὶ καὶ πάλοι καὶ καθ' ἡμᾶς, οὐ φιλαπεχθήμονας προελόμενοι γραφὰς ἀλλὰ θεωρητικὰς τῆς ἀληθείας, μυρίους παρασχέσθαι δυνάμενος μάρτυρας, δυεῖν ἀνδράσιν ἀρκεσθῆσομαι μόνοις, Ἀριστοτέλει καὶ Πλάτῳ. Ἀριστοτέλης τε γὰρ οὐχ ἅπαντα κατὰ τὸ κράτιστον εἰρήσθαι πείθεται τῷ καθηγητῇ Πλάτῳ· ὧν ἐστι τὰ περὶ τῆς ιδέας καὶ τὰ περὶ τάγαθοῦ καὶ τὰ περὶ τῆς πολιτείας· αὐτὸς τε ὁ Πλάτων Παρμενίδην καὶ Πρωταγόραν καὶ Ζήγωνα καὶ τῶν ἄλλων φυσιολόγων οὐκ ὀλίγους ἁμαρτηκότας ἀποδεικνύναι βούλεται· καὶ οὐδεὶς αὐτῷ κατ' αὐτό γε τοῦτο ἐπιτιμᾷ, ἐνθυμούμενος ὅτι τῆς φιλοσόφου θεωρίας σκοπὸς ἐστὶν ἡ τῆς ἀληθείας γνῶσις, ἀφ' ἧς καὶ τὸ τοῦ βίου τέλος γίνεται φανερόν. ὅπου δὴ τοὺς περὶ δογμάτων διαφορομένους οὐδεὶς μέμφεται τῆς προαιρέσεως, εἰ μὴ πάντα τὰ τῶν πρεσβυτέρων ἐπαινοῦσιν, ἧς που τοὺς γε προελομένους χαρακτηῖρων ιδιότητα δηλῶσαι μέμψαιτ' ἂν τις, εἰ μὴ πάσας μαρτυροῦσι τοῖς πρὸ αὐτῶν καὶ τὰς μὴ προσοῦσας ἀρετάς;

[4] Ἐν ἔτι λείπεται μοι μέρος ἀπολογίας δεόμενον, ἐπίφθονον μὲν τι κατηγόρημα καὶ τοῖς πολλοῖς κεχαρισμένον, ῥαδίως δ' ἐξελεγχθῆναι δυνησόμενον, ὥς οὐκ ἔστιν ὑγιές. οὐ γὰρ εἰ τῇ δυνάμει λειπόμεθα Θουκυδίδου τε καὶ τῶν ἄλλων ἀνδρῶν, καὶ τὸ θεωρητικὸν αὐτῶν ἀπολωλέκαμεν. οὐδὲ γὰρ τὰς Ἀπελλοῦ καὶ Ζεῦξιδος καὶ Πρωτογένους καὶ τῶν ἄλλων γραφῶν τῶν διωνομασμένων τέχνας οἱ μὴ τὰς αὐτὰς ἔχοντες ἐκείνοις ἀρετὰς κρίνειν κεκώλυνται, οὐδὲ τὰ Φειδίου καὶ Πολυκλείτου καὶ

Μύρωνος ἔργα οἱ μὴ τηλικούτοι δημιουργοί. Ἐὼ γὰρ λέγειν, ὅτι πολλῶν ἔργων οὐχ ἥττων τοῦ τεχνίτου κριτῆς ὁ ἰδιώτης, τῶν τε δι' αἰσθήσεως ἀλόγου καὶ τοῖς πάθεσι καταλαμβανομένων, καὶ ὅτι πᾶσα τέχνη τοῦτων στοχάζεται τῶν κριτηρίων καὶ ἀπὸ τούτων λαμβάνει τὴν ἀρχήν. Ἄλις ἔστω μοι προοιμίων, ἵνα μὴ λάθω περὶ ταῦτα κατατρίψας τὸν λόγον.

[5] Μέλλων δὲ ἄρχεσθαι τῆς περὶ Θουκυδίδου γραφῆς ὀλίγα βούλομαι περὶ τῶν ἄλλων συγγραφῶν εἰπεῖν, τῶν τε πρεσβυτέρων καὶ τῶν κατὰ τοὺς αὐτοὺς ἀκμασάντων ἐκεῖνῳ χρόνους, ἐξ ὧν ἔσται καταφανὴς ἢ τε προαίρεσις τοῦ ἀνδρός, ἢ χρησάμενος διήλλαξε τοὺς πρὸ αὐτοῦ, καὶ ἡ δύναμις. ἀρχαῖοι μὲν οὖν συγγραφεῖς πολλοὶ καὶ κατὰ πολλοὺς τόπους ἐγένοντο πρὸ τοῦ Πελοποννησιακοῦ πολέμου· ἐν οἷς ἔστιν Εὐγέων τε ὁ Σάμιος καὶ Δηίοχος ὁ Προκοννήσιος καὶ Εὐδημος ὁ Πάριος καὶ Δημοκλῆς ὁ Φυγελεὺς καὶ Ἐκαταῖος ὁ Μιλήσιος, ὃ τε Ἀργεῖος Ἀκουσίλαος καὶ ὁ Λαμψακηνὸς Χάρων καὶ ὁ Χαλκηδόνιος Μελησαγόρας, ὀλίγῳ δὲ πρεσβύτεροι τῶν Πελοποννησιακῶν καὶ μέχρι τῆς Θουκυδίδου παρεκτείναντες ἡλικίας Ἑλλάνικός τε ὁ Λέσβιος καὶ Δαμάστης ὁ Σιγιεὺς καὶ Ξενομήδης ὁ Χῖος καὶ Ξάνθος ὁ Λυδὸς καὶ ἄλλοι συχνοί. οὗτοι προαιρέσει τε ὁμοίᾳ ἐχρήσαντο περὶ τὴν ἐκλογὴν τῶν ὑποθέσεων καὶ δυνάμεις οὐ πολὺ τι διαφερούσας ἔσχον ἀλλήλων, οἱ μὲν τὰς Ἑλληνικὰς ἀναγράφοντες ἱστορίας, οἱ δὲ τὰς βαρβαρικὰς, [καὶ] αὐτάς τε ταύτας οὐ συνάπτοντες ἀλλήλαις, ἀλλὰ κατ' ἔθνη καὶ κατὰ πόλεις διαιροῦντες καὶ χωρὶς ἀλλήλων ἐκφέροντες, ἓνα καὶ τὸν αὐτὸν φυλάττοντες σκοπὸν, ὅσαι διεσφύζοντο παρὰ τοῖς ἐπιχωρίοις μνημαὶ κατὰ ἔθνη τε καὶ κατὰ πόλεις, εἴ τ' ἐν ἱεροῖς εἴ τ' ἐν βεβήλοις ἀποκείμεναι γραφαί, ταύτας εἰς τὴν κοινὴν ἀπάντων γνῶσιν ἐξενεγκεῖν, οἷας παρέλαβον, μήτε προστιθέντες αὐταῖς τι μήτε ἀφαιροῦντες· ἐν αἷς καὶ μῦθοί τινες ἐνῆσαν ἀπὸ τοῦ πολλοῦ πεπιστευμένοι χρόνου καὶ θεατρικαί τινες περιπέτεια πολὺ τὸ ἥλθιον ἔχειν τοῖς νῦν δοκοῦσαι· λέξιν τε ὥς ἐπὶ τὸ πολὺ τὴν αὐτὴν ἅπαντες ἐπιτηδεύσαντες, ὅσοι τοὺς αὐτοὺς προείλοντο τῶν διαλέκτων χαρακτῆρας, τὴν σαφεῖ καὶ κοινὴν καὶ καθαρὰν καὶ σύντομον καὶ τοῖς πράγμασι προσφυῇ καὶ μηδεμίαν σκευωρίαν ἐπιφαίνουσιν τεχνικὴν· ἐπιτρέχει μέντοι τις ὥρα τοῖς ἔργοις αὐτῶν καὶ χάρις, τοῖς μὲν πλείων, τοῖς δ' ἐλάττων, δι' ἣν ἔτι μένουσιν αὐτῶν αἱ γραφαί. ὁ δ' Ἀλικαρνασεὺς Ἡρόδοτος, γενόμενος ὀλίγῳ πρότερον τῶν Περσικῶν, παρεκτείνας δὲ μέχρι τῶν Πελοποννησιακῶν, τὴν τε πραγματικὴν προαίρεσιν ἐπὶ τὸ μείζον ἐξήνεγκε καὶ λαμπρότερον, οὔτε πόλεως μιᾶς οὔτ' ἔθνους ἑνὸς ἱστορίαν προελόμενος ἀναγράψαι, πολλὰς δὲ καὶ διαφόρους πράξεις ἐκ τε τῆς Εὐρώπης ἐκ τε τῆς Ἀσίας εἰς μιᾶς περιγραφὴν πραγματείας συναγαγεῖν (ἀρξάμενος γοῦν ἀπὸ τῆς τῶν Λυδῶν δυναστείας μέχρι τοῦ Περσικοῦ πολέμου κατεβίβασε τὴν ἱστορίαν, πάσας τὰς ἐν τοῖς κ καὶ διακοσίοις ἔτεσι γενομένας πράξεις ἐπιφανεῖς Ἑλλήνων τε καὶ βαρβάρων μιᾷ συντάξει περιλαβών), καὶ τῇ λέξει προσαπέδωκε τὰς παραλειφθείσας ὑπὸ τῶν πρὸ αὐτοῦ συγγραφῶν ἀρετάς.

[6] Τούτοις ἐπιγενόμενος Θουκυδίδης οὕτ' ἐφ' ἑνὸς ἐβουλήθη τόπου

καθιδρῦσαι τὴν ἱστορίαν, ὡς οἱ περὶ τὸν Ἑλλάνικον ἐποίησαν, οὔτε τὰς ἐξ ἀπάσης χώρας Ἑλλήσιν ἢ βαρβάροις ἐπιτελεσθείσας πράξεις εἰς μίαν ἱστορίαν συναγαγεῖν, μιμησάμενος Ἡρόδοτον· τῆς μὲν προτέρας ὑπεριδὼν ὡς εὐτελοῦς καὶ ταπεινῆς καὶ πολλὰ οὐ δυνησομένης τοὺς ἀναγινώσκοντας ὠφελῆσαι· τῆς δ' ὑστέρας ὡς μερίζονος ἢ δυνατῆς πεσεῖν εἰς σύνοψιν ἀνθρωπίνου λογισμοῦ κατὰ τὸν ἀκριβέστατον τῶν τρόπων· ἓνα δὲ προχειρισάμενος πόλεμον, ὃν ἐπολέμησαν Ἀθηναῖοι καὶ Πελοποννήσιοι πρὸς ἀλλήλους, τοῦτον ἐσπούδασεν ἀναγράψαι· ἐρρωμένος τε τὸ σῶμα καὶ τὴν διάνοιαν ὑγιαίνων καὶ μέχρι παντὸς αὐτοῦ βιώσας, καὶ οὐκ ἐκ τῶν ἐπιτυχόντων ἀκουσμάτων τὰς πράξεις συντιθείς, ἀλλ' οἷς μὲν αὐτὸς παρῆν, ἐξ ἐμπειρίας, ὧν δ' ἀπελείφθη διὰ τὴν φυγὴν, παρὰ τῶν ἄριστα γινωσκόντων πυθνανόμενος. πρῶτον μὲν δὴ κατὰ τοῦτο διήλλαξε τῶν πρὸ αὐτοῦ συγγραφέων, λέγω δὲ κατὰ τὸ λαβεῖν ὑπόθεσιν μήτε μονόκωλον παντάπασι μήτ' εἰς πολλὰ μεμερισμένην καὶ ἀσυνάρτητα κεφάλαια· ἔπειτα κατὰ τὸ μηδὲν αὐτῇ μυθῶδες προσάψαι, μηδ' εἰς ἀπάτην καὶ γοητείαν τῶν πολλῶν ἐκτρέψαι τὴν γραφήν, ὡς οἱ πρὸ αὐτοῦ πάντες ἐποίησαν, Λαμίας τινὰς ἱστοροῦντες ἐν ὕλαις καὶ νάπαις ἐκ γῆς ἀνιέμενας, καὶ Ναϊδας ἀμφιβίους ἐκ Ταρτάρων ἐξιούσας καὶ διὰ πελάγους νηχομένας καὶ μιζόθηρας, καὶ ταύτας εἰς ὀμιλίαν ἀνθρώποις συνερχομένας, καὶ ἐκ θνητῶν καὶ θεῶν συνουσιῶν γονὰς ἡμιθέους, καὶ ἄλλας τινὰς ἀπίστους τῷ καθ' ἡμᾶς βίῳ καὶ πολὺ τὸ ἀνόητον ἔχειν δοκούσας ἱστορίας.

[7] Ταῦτα δ' εἰπεῖν προήχθη οὐκ ἐπιτιμῶν ἐκείνοις τοῖς ἀνδράσιν, ἀλλὰ καὶ πολλὴν ἔχων συγγνώμην, εἰ καὶ τῶν μυθικῶν ἤψαντο πλάσμάτων, ἔθνικὰς καὶ τοπικὰς ἐκφέροντες ἱστορίας· ἐν ἅπασιν γὰρ ἀνθρώποις καὶ κοινῇ κατὰ τόπους καὶ κατὰ πόλεις ἰδίᾳ μνημαὶ τινες ἐσώζοντο καὶ τῶν τοιούτων ἀκουσμάτων, ὥσπερ ἔφην, ἃς διαδεχόμενοι παῖδες πατέρων ἐπιμελὲς ἐποιοῦντο παραδιδόναι τοῖς ἐκγόνοις καὶ τοὺς βουλομένους αὐτὰς εἰς τὸ κοινὸν ἐκφέρειν οὕτως ἡξίουν συγγράφειν, ὡς παρὰ τῶν ἀρχαίων ἐδέξαντο. ἐκείνοις μὲν οὖν τοῖς ἀνδράσιν ἀναγκαῖον ἦν ποικίλλειν τοῖς μυθώδεσιν ἐπεισοδίοις τὰς τοπικὰς ἀναγραφάς. προειπεῖν, εἰς πόσα τε μέρη διαιρεῖσθαι πέφυκεν ἡ λέξις καὶ τίνας περιείληφεν ἀρετάς· ἔπειτα δηλῶσαι, πῶς ἔχουσαν αὐτὴν ὁ Θεουκυδίδης παρὰ τῶν πρὸ αὐτοῦ γενομένων συγγραφέων παρέλαβε, καὶ τίνα μέρη πρῶτος ἀπάντων ἐκαίνωσεν, εἴ τ' ἐπὶ τὸ κρεῖττον εἴ τ' ἐπὶ τὸ χεῖρον, μηδὲν ἀποκρυψάμενον.

[22] Ὅτι μὲν οὖν ἅπανα λέξις εἰς δύο μέρη διαιρεῖται τὰ πρῶτα, εἷς τε τὴν ἐκλογὴν τῶν ὀνομάτων, ὅφ' ὧν δηλοῦται τὰ πράγματα, καὶ εἰς τὴν σύνθεσιν τῶν ἐλαττόνων τε καὶ μειζόνων μορίων, καὶ ὅτι τούτων αὐθις ἐκάτερον εἰς ἕτερα μόρια διαιρεῖται, ἢ μὲν ἐκλογὴ τῶν στοιχειωδῶν μορίων (ὀνοματικῶν λέγω καὶ ῥηματικῶν καὶ συνδετικῶν) εἷς τε τὴν κυρίαν φράσιν καὶ εἰς τὴν τροπικὴν, ἢ δὲ σύνθεσις εἷς τε τὰ κόμματα καὶ τὰ κῶλα καὶ τὰς περιόδους, καὶ ὅτι τούτοις ἀμφοτέροις συμβέβηκε (λέγω δὴ τοῖς τε ἀπλοῖς καὶ ἀτόμοις ὀνόμασι καὶ τοῖς ἐκ τούτων συνθέτοις) τὰ καλούμενα σχήματα, καὶ ὅτι τῶν καλουμένων ἀρετῶν αἱ μὲν εἰσιν ἀναγκαῖαι καὶ ἐν ἅπασιν ὀφείλουσι παρεῖναι τοῖς λόγοις, αἱ δ' ἐπίθετοι καὶ ὅταν ὑποστῶσιν αἱ πρῶται, τότε τὴν ἐαυτῶν ἰσχὺν λαμβάνουσιν, εἴρηται πολλοῖς πρότερον. ὥστε οὐδὲν δεῖ περὶ αὐτῶν ἐμὲ νυνὶ λέγειν οὐδ' ἐξ ὧν θεωρημάτων τε καὶ παραγγελμάτων τούτων τῶν ἀρετῶν ἐκάστη γίνεται, πολλῶν ὄντων· καὶ γὰρ ταῦτα τῆς ἀκριβεστάτης τέτευχεν ἐξεργασίας.

[23] Τίσι δὲ αὐτῶν ἐχρήσαντο πάντες οἱ πρὸ Θεουκυδίδου γενόμενοι συγγραφεῖς καὶ τίνων ἐπὶ μικρὸν ἤψαντο, ἐξ ἀρχῆς ἀναλαβόν, ὥσπερ ὑπεσχόμην, κεφαλαιωδῶς διέξιμι· ἀκριβέστερον γὰρ οὕτως γινώσεται τις τὸν ἴδιον τοῦ ἀνδρὸς χαρακτῆρα. οἱ μὲν οὖν ἀρχαῖοι πάνυ καὶ ἀπ' αὐτῶν μόνον γινωσκόμενοι τῶν ὀνομάτων ποῖαν τινὰ λέξιν ἐπετήδευσαν, οὐκ ἔχω συμβαλεῖν, πότερα τὴν λιτὴν καὶ ἀκόσμητον καὶ μηδὲν ἔχουσαν περιττόν, ἀλλ' αὐτὰ τὰ χρήσιμα καὶ ἀναγκαῖα, ἢ τὴν πομπικὴν καὶ ἀξιωματικὴν καὶ ἐγκατάσκευον καὶ τοὺς ἐπιθέτους προσηληφυῖαν κόσμους. οὔτε γὰρ διασφύζονται τῶν πλειόνων αἱ γραφαὶ μέχρι τῶν καθ' ἡμᾶς χρόνων, οὔθ' αἱ διασφύζόμενα παρὰ πᾶσιν ὥς ἐκείνων οὔσαι τῶν ἀνδρῶν πιστεύονται· ἐν αἷς εἰσιν αἱ τε Κάδμου τοῦ Μιλησίου καὶ Ἀρισταίου τοῦ Προκοννησίου καὶ τῶν παραπλησίων τούτοις. οἱ δὲ πρὸ τοῦ Πελοποννησιακοῦ γενόμενοι πολέμου καὶ μέχρι τῆς Θεουκυδίδου παρεκτείναντες ἡλικίας ὁμοίας ἔσχον ἅπαντες ὥς ἐπὶ τὸ πολὺ προαιρέσεις, οἱ τε τὴν Ἰάδα προελόμενοι διάλεκτον τὴν ἐν τοῖς τότε χρόνοις μάλιστα ἀνθοῦσαν καὶ οἱ τὴν ἀρχαίαν Ἀτθίδα μικράς τινας ἔχουσαν διαφορὰς παρὰ τὴν Ἰάδα. πάντες γὰρ οὗτοι, καθάπερ ἔφην, περὶ τὴν κυρίαν λέξιν μᾶλλον ἐσπούδασαν ἢ περὶ τὴν τροπικὴν, ταύτην δὲ ὥσπερ ἡδυσμα παρελάμβανον, σύνθεσιν τε ὀνομάτων ὁμοίαν ἅπαντες ἐπετήδευσαν τὴν ἀφελῇ καὶ ἀνεπιτήδευτον, καὶ οὐδ' ἐν τῷ σχηματίζειν τὰς λέξεις «καὶ» τὰς νοήσεις ἐξέβησαν ἐπὶ πολὺ τῆς τετριμμένης καὶ κοινῆς καὶ συνήθους ἅπασι διαλέκτου. τὰς μὲν οὖν ἀναγκαῖας ἀρετάς ἢ λέξεις αὐτῶν πάντων ἔχει (καὶ γὰρ καθαρὰ καὶ σαφὴς καὶ σύντομός ἐστιν ἀποχρώντως, σώζουσα τὸν ἴδιον ἐκάστη τῆς διαλέκτου χαρακτῆρα)· τὰς δ' ἐπιθέτους, ἐξ ὧν μάλιστα διάδηλος ἡ τοῦ ῥήτορος γίνεται δύναμις, οὔτε ἀπάσας οὔτε εἰς ἄκρον ἠκούσας, ἀλλ' ὀλίγας καὶ ἐπὶ

[49] Ἔστι δὲ καὶ ἄλλα ἐν τῇ δημηγορίᾳ ταύτῃ μέμψεως ἄξια, περὶ ὧν οὐδὲν δέομαι τὰ πλείω λέγειν· ἱκανῶς δ' οἶομαι καὶ διὰ τούτων φανερόν πεποικέναι τὸ προκείμενον, ὅτι τῆς Θουκυδίδου λέξεως κρατίστη μὲν ἔστιν ἡ μετρίως ἐκβεβηκυῖα τὰ συνήθη καὶ τὰς πρώτας καὶ ἀναγκαίαις ἀρετὰς φυλάσσουσα, χείρων δὲ ἡ λαμβάνουσα πολλὴν ἐκτροπὴν ἐκ τῶν κοινῶν ὀνομάτων τε καὶ σχημάτων εἰς τὰ ξένα καὶ βεβιασμένα καὶ ἀνακολούθητα, δι' ἣν οὐδὲ τῶν ἄλλων ἀρετῶν οὐδεμία τὴν ἑαυτῶν ἐπιδείκνυνται δύναμιν. οὐτε γὰρ ἐν ταῖς ἐκκλησίαις χρησίμῳ ἔστι τοῦτο τὸ γένος τῆς φράσεως, ἐν αἷς ὑπὲρ εἰρήνης καὶ πολέμου καὶ νόμων εἰσφορᾶς καὶ πολιτειῶν κόσμου καὶ τῶν ἄλλων τῶν κοινῶν καὶ μεγάλων αἱ πόλεις βουλευσόμεναι συνέρχονται, οὐτ' ἐν τοῖς δικαστηρίοις, ἔνθα περὶ θανάτου καὶ φυγῆς καὶ ἀτιμίας καὶ δεσμῶν καὶ χρημάτων ἀφαιρέσεως οἱ λόγοι πρὸς τοὺς ἀνειληφότας τὴν ὑπὲρ τούτων ἐξουσίαν λέγονται (αἱ λυποῦσι τὸν πολιτικὸν ὄχλον οὐκ ὄντα τῶν τοιούτων ἀκουσμάτων ἐν ἔθει), οὐτ' ἐν ταῖς ἰδιωτικαῖς ὁμιλίαις, ἐν αἷς περὶ τῶν βιωτικῶν διαλεγόμεθα πολίταις ἢ φίλοις ἢ συγγενέσιν διηγούμενοί τι τῶν συμβεβηκότων ἑαυτοῖς ἢ συμβουλευόμενοι περὶ τινος τῶν ἀναγκαίων, ἢ νουθετοῦντες ἢ παρακαλοῦντες ἢ συνηδόμενοι τοῖς ἀγαθοῖς ἢ συναλγοῦντες τοῖς κακοῖς· ἐγὼ γὰρ λέγειν, ὅτι τῶν οὕτως διαλεγόμενων οὐδὲ αἱ μητέρες ἂν καὶ οἱ πατέρες ἀνάσχοιντο διὰ τὴν ἀηδίαν, ἀλλ' ὥσπερ ἄλλοεθνοὺς γλώσσης ἀκούοντες τῶν ἐρμηνευσόντων ἂν δεηθεῖεν. ταῦτα ἔστιν ἃ περὶ τοῦ συγγραφέως ἐπέσθην, μετὰ πάσης ἀληθείας εἰρημένα κατὰ τὴν ἐμὴν δύναμιν.

[50] Ἀνάγκη δὲ καὶ τὰ λεγόμενα ὑπὲρ αὐτοῦ τισιν ἐξετάσαι δι' ὀλίγων, ἵνα μὴδὲν παρεϊκέναι δοκῶ. ὅτι μὲν οὖν οὐτ' εἰς τοὺς πολιτικοὺς ἀγῶνας ἐπιτήδειός ἐστιν οὐτ' εἰς τὰς ὁμιλίας τὰς ἰδιωτικὰς οὗτος ὁ χαρακτήρ, ἅπαντες ὁμολογήσουσιν οἱ μὴ διεφθαρμένοι τὴν διάνοιαν ἀλλ' ἐν τῷ κατὰ φύσιν τὰς αἰσθήσεις ἔχοντες. ἐπιχειροῦσι δέ τινες οὐκ ἄδοξοι σοφισταὶ λέγειν, ὅτι τοῖς μὲν πρὸς τὰς ὀχλικὰς ἐντεῦξεις παρεσκευασμένοις καὶ τὰ δίκαια λέγουσιν οὐκ ἔστιν ἐπιτήδειος οὗτος ὁ χαρακτήρ, τοῖς δὲ τὰς ἱστορικὰς πραγματείας ἐκφέρουσιν, αἷς μεγαλοπρεπείας τε δεῖ καὶ σεμνολογίας καὶ καταπλήξεως, παντὸς μάλιστα προσήκει ταύτην ἀσκεῖν τὴν φράσιν τὴν γλωττηματικὴν τε καὶ ἀπρηχαιωμένην καὶ τροπικὴν καὶ ἐξηλλαγμένην τῶν ἐν ἔθει σχημάτων ἐπὶ τὸ ξένον καὶ περιττόν. οὐ γὰρ ἀγοραίοις ἀνθρώποις οὐδ' ἐπιδιφρίοις ἢ χειροτέχναις οὐδὲ τοῖς ἄλλοις οἱ μὴ μετέσχον ἀγωγῆς ἐλευθερίου ταύτας κατασκευάζεσθαι τὰς γραφάς, ἀλλ' ἀνδράσι διὰ τῶν ἐγκυκλίων μαθημάτων ἐπὶ ῥητορικὴν τε «καὶ» φιλοσοφίαν ἐλγλυθόσιν, οἷς οὐδὲν φανήσεται τούτων ξένον. ἤδη δέ τινες ἐπεχείρησαν λέγειν, ὡς οὐ τῶν μεθ' ἑαυτὸν ἐσομένων στοχαζόμενος ὁ συγγραφεὺς οὕτως ἔγραψε τὰς ἱστορίας, ἀλλὰ τῶν καθ' ἑαυτὸν ὄντων, οἷς ἦν ἡ διάλεκτος χρήσιμος οὗτος ὁ χαρακτήρ οὐτ' εἰς τοὺς συμβουλευτικούς «οὐτ' εἰς τοὺς δικανικούς» ἀγῶνας, ἐν οἷς οἱ τ' ἐκκλησιάζοντες καὶ οἱ δικάζοντες, οὐχ οἷους ὁ Θουκυδίδης ὑπέθετο, συνέρχονται.

[51] Πρὸς μὲν οὖν τοὺς οἰομένους μόνων εἶναι τῶν εὐπαιδεύτων

[52] Εἷς ἔτι μοι καταλείπεται λόγος <ὁ> περὶ τῶν μιμησαμένων τὸν ἄνδρα ῥητόρων τε καὶ συγγραφέων, <ἀναγκαῖος μὲν ὢν>, ὥσπερ τις καὶ ἄλλος, εἰς τὴν συντέλειαν τῆς ὑποθέσεως, ὅκνον δὲ τινα καὶ πολλὴν εὐλάβειαν ἡμῖν παρέχων, μὴ τινα παράσχωμεν ἀφορμὴν διαβολῆς τοῖς πάντα συκοφαντεῖν εἰωθόσιν ἀλλοτρίαν τῆς ἐπεικείας, ἣ κεκρήμεθα καὶ περὶ τοὺς λόγους καὶ περὶ τὰ ἦθη· οἷς τάχα βάσκανόν τι καὶ κακόηθες πρᾶγμα δόξομεν, εἰ τοὺς μὴ καλῶς τῇ μιμήσει χρησαμένους παράγομεν καὶ παρεχόμεθα τὰς γραφὰς αὐτῶν, ἐφ' αἷς μέγιστον ἐφρόνουν ἐκεῖνοι καὶ δι' αἷς πλοῦτους τε μεγάλους ἐκτήσαντο καὶ δόξης λαμπρᾶς κατηξιώθησαν. ἵνα δὲ μηδεμία ὑποψία καθ' ἡμῶν τοιαύτη γένηται, τὸ μὲν ἐπιτιμᾶν τισι καὶ μεμνησθαι τῶν ἡμαρτημένων αὐτοῖς ἐάσομεν· περὶ δὲ τῶν κατορθωσάντων ἐν τῇ μιμήσει μικρὰ προσθέντες ἔτι καταπαύσομεν αὐτοῦ τὸν λόγον. Συγγραφέων μὲν οὖν ἀρχαίων, ὅσα κάμει εἰδέναι, Θουκυδίδου μιμητῆς <οὐδεὶς> ἐγένετο κατὰ ταῦτά γε, καθ' ἃ δοκεῖ μάλιστα τῶν ἄλλων διαφέρειν, κατὰ τὴν γλωσσηματικὴν καὶ ἀπρηχαιωμένην καὶ ποιητικὴν καὶ ξένην λέξιν, καὶ κατὰ τὰς ὑπερβατοὺς καὶ πολυπλόκους καὶ ἐξ ἀποκοπῆς πολλὰ σημαίνειν πράγματα βουλομένας καὶ διὰ μακροῦ τὰς ἀποδόσεις λαμβανούσας νοήσεις, καὶ ἔτι πρὸς τούτοις κατὰ τοὺς σκαιοὺς καὶ πεπλανημένους ἐκ τῆς κατὰ φύσιν συζυγίας καὶ οὐδ' ἐν ἀπάσῃ ποιητικῇ χώραν ἔχοντας σχηματισμούς, ἐξ ὧν ἢ πάντα λυμαινομένη τὰ καλὰ καὶ σκότον παρέχουσα ταῖς ἀρεταῖς ἀσάφεια παρηλθεν εἰς τοὺς λόγους.

[53] Ῥητόρων δὲ Δημοσθένους μόνος, ὥσπερ τῶν ἄλλων ὅσοι μέγα τι καὶ

[54] Θῆσω δ' ἐξ ἀμφοτέρων παραδείγματα, πολλῶν ὄντων ὀλίγα καὶ τοῖς ἀνεγνωκόσι τὸν ἄνδρα ἀρκοῦντα. ἔστι δὴ τις αὐτῷ δημηγορία τὴν μὲν ὑπόθεσιν ἔχουσα περὶ τοῦ πρὸς βασιλέα πολέμου, παρακαλοῦσα δὲ τοὺς Ἀθηναίους μὴ προχείρως αὐτὸν ἄρασθαι, ὡς οὔτε τῆς οἰκείας αὐτῶν δυνάμεως ἀξιομάχου πρὸς τὴν τοῦ βασιλέως ὑπαρχούσης οὔτε τῆς συμμαχικῆς πιστῶς καὶ βεβαίως τῶν κινδύνων ἀντιληφομένης· παρακαλεῖ τε αὐτοὺς παρασκευασμένους τὴν ἑαυτῶν δύναμιν φανεροὺς εἶναι τοῖς Ἕλλησιν, ὅτι τὸν ὑπὲρ τῆς ἀπάντων ἐλευθερίας κίνδυνον ὑπομενοῦσιν, ἐάν τις ἐπ' αὐτοὺς ἴῃ· πρὸ δὲ τοῦ παρασκευάσασθαι πρέσβεις οὐκ ἔῃ πρὸς τοὺς Ἕλληνας ἀποστέλλειν τοὺς καλέσοντας αὐτοὺς ἐπὶ τὸν πόλεμον, ὡς οὐχ ὑπακουσόμενοι. τοῦτο λαβὼν τὸ νόημα κατεσκευάκέν τε καὶ ἐσχημάτικεν οὕτως· 'Τότε δέ, ἐὰν ἄρα ἃ νῦν οἰόμεθα ἡμεῖς πράττητε, οὐδεὶς δῆπου τῶν πάντων Ἑλλήνων τηλικούτον ἐφ' ἑαυτῷ φρονεῖ, ὅστις ὁρῶν χιλίους ἱππέας, ὀπλίτας δὲ ὅσους ἂν ἐθέλῃ τις, ναῦς δὲ τριακοσίας οὐχ ἥξει καὶ δεήσεται, μετὰ τούτων ἀσφαλέστατ' ἂν ἡγούμενος σωθῆναι· οὐκοῦν ἐκ μὲν τοῦ καλεῖν ἤδη τὸ δεῖσθαι κἂν μὴ τύχητε ἐφαμαρτεῖν, ἐκ δὲ τοῦ μετὰ τοῦ παρασκευάσασθαι τὰ ὑμέτερα αὐτῶν ἐπισχεῖν δεομένους σῶζειν καὶ εὖ εἰδέναι πάντας ἥξοντας ἔστι.' ταῦτα ἐξήλλακται μὲν ἐκ τῆς πολιτικῆς καὶ συνήθους τοῖς πολλοῖς ἀπαγγελίας, καὶ κρείττονά ἐστιν ἢ κατὰ τὸν ἰδιώτην· οὐ μὴν ἐσκοτίσται γε οὐδὲ ἀσαφῆ γέγονεν ὥστε ἐξηγήσεως δεῖσθαι. ἀρξάμενός τε ὑπὲρ τῆς παρασκευῆς λέγειν ταῦτα ἐπιτίθησιν· 'ἔστι δὲ πρῶτον τῆς παρασκευῆς, ὧ ἄνδρες Ἀθηναῖοι, καὶ μέγιστον, οὕτω διακεῖσθαι τὰς γνώμας ὑμᾶς, ὡς ἕκαστον ἐκόντα προθύμως ὃ τι ἂν δέῃ ποιήσονται. ὁρᾶτε γάρ, ὧ ἄνδρες Ἀθηναῖοι, ὅτι ὅσα μὲν πώποτε ἐβουλήθητε καὶ μετὰ ταῦτα τὸ πράττειν αὐτὸς ἕκαστος ἑαυτῷ προσήκειν ἡγήσατο, οὐδὲν πώποτε ὑμᾶς ἐξέφυγεν· ὅσα δ' ἐβουλήθητε μὲν, μετὰ ταῦτα δὲ ἀπεβλέψατε εἰς ἀλλήλους, ὡς αὐτὸς μὲν οὐ ποιήσων, τὸν δὲ πλησίον τὰ δέοντα πράξοντα, οὐδὲν πώποτε ὑμῖν ἐγένετο.' καὶ γὰρ ἐνταῦθα ἐπλέκεται μὲν ἡ διάνοια πολυπλόκως, λέλεκται δ' ἐκ τῆς κοινότητος εἰς τὴν ἀσυνήθη

φράσιν ἐκβεβηκότα, φυλάττεται δὲ τὸ περιττὸν αὐτῶν ἐν τῷ σαφεῖ. Ἐν δὲ τῇ μεγίστῃ τῶν κατὰ Φιλίππου δημηγοριῶν καὶ τὴν ἀρχὴν εὐθὺς οὕτως κατεσκεύακεν· ‘Πολλῶν, ὧ ἄνδρες Ἀθηναῖοι, λόγων γιγνομένων ὀλίγου δεῖν καθ’ ἐκάστην ἐκκλησίαν, περὶ ὧν Φίλιππος ἀφ’ οὗ τὴν εἰρήνην ἐποιήσατο οὐ μόνον ὑμᾶς, ἀλλὰ καὶ τοὺς ἄλλους ἀδικεῖ· καὶ πάντων οἷδ’ ὅτι φησάντων γ’ ἂν, εἰ μὴ καὶ ποιοῦσι τοῦτο, καὶ λέγειν καὶ πράττειν, ὅπως ἐκεῖνος παύσεται τῆς ὕβρεως καὶ δίκην δώσει, εἰς τοῦτο ὑπηγμένα πάντα τὰ πράγματα καὶ προεμένα ὅρῳ, ὥστε δέδοικα μὴ βλάβοι μὲν εἰπεῖν, ἀληθὲς δέ· εἰ καὶ λέγειν ἅπαντες ἐβούλονθ’ οἱ παριόντες καὶ χειροτονεῖν ὑμεῖς ἐξ ὧν ὡς φαυλότατα ἔμελλε τὰ πράγματα ἔξειν, οὐκ ἂν ἡγοῦμαι δύνασθαι χεῖρον ἢ νῦν διατεθῆναι.’ Ὁμοία δὲ τούτοις ἐστὶ κάκεῖνα· ‘εἴτ’ οἴεσθε, εἰ μὲν αὐτὸν μηδὲν ἐποίησαν κακόν, μὴ παθεῖν δὲ φυλάξαιτο ἴσως, τούτους μὲν ἐξαπατᾶν αἰρεῖσθαι μᾶλλον ἢ προλέγοντα βιάζεσθαι, ὑμῖν δ’ ἐκ προρρήσεως πολεμήσειν, καὶ ταῦθ’ ἕως ἂν <ἐκόντες> ἐξαπατᾷσθε;’ Ἐν δὲ τῷ κρατίστῳ τῶν δικανικῶν, τῷ περὶ τοῦ στεφάνου γραφέντι λόγῳ τῆς Φιλίππου δεινότητος, ἣ κατεστρατηγῇ καὶ τὰς πόλεις, μνησθεὶς οὕτω τὴν διάνοιαν ἐσχημάτικεν· ‘καὶ οὐκέτι προστίθημι, ὅτι τῆς μὲν ὠμότητος, ἣν ἐν οἷς καθάπαξ τινῶν κατέστη κύριος ὁ Φίλιππος ἔστιν ἰδεῖν, ἐτέροις πειραθῆναι συνέβη, τῆς δὲ φιланθρωπίας, ἣν τὰ λοιπὰ τῶν πραγμάτων ἐκεῖνος περιβαλλόμενος πρὸς ὑμᾶς ἐπλάττετο, ὑμεῖς καλῶς ποιοῦντες τοὺς καρποὺς ἐκομίσασθε.’ καὶ ἐν οἷς τοὺς προδιδόντας τῷ Φιλίππῳ τὰ πράγματα πάντων αἰτίους ἀποφαίνει τῶν συμβεβηκότων τοῖς Ἑλλήσι κακῶν, κατὰ λέξιν οὕτως γράφει· ‘καίτοι νῆ τὸν Ἡρακλέα καὶ πάντα θεοῦς, εἰ γ’ ἐπ’ ἀληθείας δέοι σκοπεῖσθαι ἢ τὸ καταφεύδεσθαι καὶ δι’ ἔχθραν τι λέγειν ἀνελόντας ἐκ μέσου, τίνες ὡς ἀληθῶς ἦσαν οἷς ἂν εἰκότως καὶ δικαίως τὴν τῶν γεγεννημένων αἰτίαν ἐπὶ τὴν κεφαλὴν ἀναθεῖεν ἅπαντες, τοὺς ὁμοίους τούτῳ παρ’ ἐκάστη τῶν πόλεων εὖροιτ’ ἂν, οὐχὶ τοὺς ἐμοί· οἱ ὅτ’ ἦν ἀσθενῇ τὰ Φιλίππου πράγματα καὶ κομιδῇ μικρά, πολλὰκι προλεγοντῶν ἡμῶν καὶ παρακαλούντων καὶ διδασκόντων <τὰ βέλτιστα, τῆς ἰδίας ἔνεκ’ αἰσχροκερδείας> τὰ κοινῇ συμφέροντα προΐεντο, τοὺς ὑπάρχοντας ἐκαστοῖς πολίτας ἐξαπατῶντες καὶ διαφθείροντες, ἕως δούλους ἐποίησαν.’

[155] Μυρία παραδείγματα φέρειν δυναίμην ἂν ἐκ τῶν τοῦ Δημοσθένους λόγων τῶν τε δημηγορικῶν καὶ τῶν δικανικῶν, ἃ παρὰ τὸν Θουκυδίδου κατεσκεύασται χαρακτηῖρα τὸν ἐν τῇ κοινῇ καὶ συνήθει διαλέκτῳ τὴν ἐξαλλαγὴν ἔχοντα. ἀλλ’ ἵνα μὴ μακρότερος τοῦ δέοντος ὁ λόγος γένοιτό μοι, τούτοις ἀρκεσθεὶς ἱκανοῖς οὔσι βεβαιῶσαι τὸ προκείμενον οὐκ ἂν ὀκνήσαιμι τοῖς ἀσκοῦσι τοὺς πολιτικοὺς λόγους ὑποτίθεσθαι τοῖς γε δὴ τὰς κρίσεις ἀδιαστρόφους ἔτι φυλάσσουσι, Δημοσθένης συμβούλῳ χρησαμένους, ὃν ἀπάντων ῥητόρων κράτιστον γεγενῆσθαι πειθόμεθα, ταύτας μιμεῖσθαι τὰς κατασκευάς, ἐν αἷς ἢ τε βραχύτης καὶ ἡ δεινότης καὶ ἡ ἰσχὺς καὶ ὁ τόπος καὶ ἡ μεγαλοπρέπεια καὶ αἱ συγγενεῖς ταύταις ἀρεταὶ πᾶσιν ἀνθρώποις εἰσὶ φανεραί· τὰς δὲ αἰνιγματώδεις καὶ δυσκαταμαθήτους καὶ γραμματικῶν ἐξηγήσεων δεομένας καὶ πολὺ τὸ βεβασανισμένον καὶ τὸ

σολοικοφανὲς ἐν τοῖς σχηματισμοῖς ἐχούσας μήτε θαυμάζειν μήτε μιμεῖσθαι. ἵνα δὲ συνελὼν εἴπω, ἀμφοτέρω μὲν ἐπ' ἴσης ζηλωτὰ εἶναι, τὰ τε μὴ σαφῶς εἰρημένα ὑπὸ τοῦ συγγραφέως καὶ τὰ προσειληφότα σὺν ταῖς ἄλλαις ἀρεταῖς τὴν σαφήνειαν, οὐκ ἔχει λόγον· ἀνάγκη δὲ ὁμολογεῖν κρείττονα τῶν ἀτελεστέρων εἶναι τὰ τελειότερα καὶ τῶν ἀφανεστέρων τὰ γ' ἐμφανέστερα. τί οὖν μαθόντες ἅπασαν τὴν διάλεκτον τοῦ συγγραφέως ἐπαινοῦμεν καὶ βιαζόμεθα λέγειν, ὅτι τοῖς καθ' ἑαυτὸν οὖσιν ἀνθρώποις αὐτὰ ὁ Θεοκυδίδης ἔγραψε συνήθη πᾶσι καὶ γνώριμα ὄντα, ἡμῶν δὲ λόγος αὐτῷ τῶν ὕστερον ἐσομένων οὐκ ἦν, οἳ δ' ἐκβάλλομεν ἐκ τῶν δικαστηρίων καὶ τῶν ἐκκλησιῶν ἅπασαν τὴν Θεοκυδίδου λέξιν ὡς ἄχρηστον, ἀλλ' οὐχ ὁμολογοῦμεν τὸ διηγηματικὸν μέρος αὐτῆς πλὴν ὀλίγων πάνυ θαυμαστῶς ἔχειν καὶ εἰς πάσας εἶναι τὰς χρείας εὐθετον, τὸ δὲ δημηγορικὸν οὐχ ἅπαν εἰς μίμησιν ἐπιτήδειον εἶναι, ἀλλ' ὅσον ἐστὶν αὐτοῦ μέρος γνωσθῆναι μὲν ἅπασιν ἀνθρώποις εὐπορον, κατασκευασθῆναι δ' οὐχ ἅπασι δυνατόν;

Τούτων ἡδὶώ μὲν εἶχόν σοι περὶ Θεοκυδίδου γράφειν, ὧ βέλτιστε Κόιντε Αἴλιε Τουβέρων, οὐ μὴν ἀληθέστερα.

[1] ΧΑΙΡΕΙΝ

Ἐπιστολήν τινα παρὰ σοῦ κοιμισθεῖσαν ἐδεξάμην εὐπαίδευτόν τε καὶ πάννυ μοι κεχαρισμένην, ἐν ἣ γράφεις, ὅτι τὰς συντάξεις τὰς ἐμὰς ἐπιχορηγοῦντός σοι Ζήνωνος τοῦ κοινοῦ φίλου διαπορευόμενος καὶ πάννυ διατιθέμενος οἰκείως, ἐν αὐταῖς τὰ μὲν ἄλλα θαυμάζεις, ἐνὶ δὲ μέρει δυσχεραίνεις τῶν ἐν αὐταῖς κατακεχωρισμένων, τῇ Πλάτωνος κατηγορίᾳ. ὅτι μὲν οὖν σεβαστικῶς διάκεισαι πρὸς τὸν ἄνδρα, ὀρθῶς ποιεῖς. ὅτι δὲ περὶ ἡμῶν τάναντία ὑπείληφας, οὐκ ὀρθῶς.

[36] εἰ γάρ τις ἄλλος ἐκπλήττεται ταῖς Πλατωνικαῖς ἐρμηνείαις, εὖ ἴσθι νῦν, κάγῳ τούτων εἷς εἰμι. ὁ δὲ πέπονθα πρὸς ἅπαντας, ὅσοι τὰς αὐτῶν ἐπινοίας εἰς τὴν κοινὴν φέρουσιν ὠφέλειαν ἐπανορθοῦντες ἡμῶν βίους τε καὶ λόγους, ἐρῶ σοι, καὶ πείσω γε νῆ Δία, πιστεύων καινὸν οὐδὲν ἐρεῖν οὐδὲ παράδοξον οὐδ' ὁ μὴ πᾶσιν ὁμοίως δοκεῖ.

[37] Ἐγὼ οὖν νομίζω δεῖν, ὅταν μὲν ἔπαινον προέληται [3] γράφειν τις πράγματος εἴτε σώματος ὁποίου γέ τινος, τὰς ἀρετὰς αὐτοῦ καὶ οὐ τὰ τυχήματα, εἴ τινα πρόσεσι, [τῷ πράγματι ἢ τῷ σώματι δεῖν] προφέρειν. ὅταν δὲ βουληθῇ διαγνῶναι, τί τὸ κράτιστον ἐν ὧν δὴ ποτε βίῳ καὶ τί τὸ βέλτιστον τῶν ὑπὸ ταῦτ' ὄντος ἔργων, τὴν ἀκριβεστάτην ἐξετάσιν προσφέρειν καὶ μηδὲν παραλείπειν τῶν προσόντων αὐτοῖς εἴτε κακῶν εἴτε ἀγαθῶν. ἢ γὰρ ἀλήθεια οὕτως εὐρίσκεται μάλιστα, ἥς [4] οὐδὲν χρῆμα τιμιώτερον. τοῦτο δὲ προθέμενος ἐκεῖνο λέγω. εἰ μὲν ἔστι μοι κατὰ Πλάτωνος λόγος τις καταδρομὴν περιέχων τοῦ ἀνδρὸς ὥσπερ Ζωῖλῳ τῷ ῥήτορι, ἀσεβεῖν ὁμολογῶ. καὶ εἴ γε βουληθεὶς ἐγκώμιον αὐτοῦ γράφειν ψόγους τινὰς συγκαταλέκω τοῖς ἐπαίνοις, ἀδικεῖν φημι καὶ παρεκβαίνειν τοὺς καθεστῶτας ἡμῖν ἐπὶ τοῖς ἐπαίνοις νόμους. οὐ γὰρ ὅτι διαβολὰς οἶμαι [5] δεῖν γράφειν ἐν αὐτοῖς, ἀλλ' οὐδ' ἀπολογία. εἰ δὲ χαρακτηρὰς λόγου προελόμενος σκοπεῖν καὶ τοὺς πρωτεύοντας ἐν αὐτοῖς φιλοσόφους τε καὶ ῥήτορας ἐξετάζειν τρεῖς μὲν ἐξ ἁπάντων ἐξελεξάμην τοὺς δοκοῦντας εἶναι λαμπροτάτους, Ἰσοκράτην τε καὶ Πλάτωνα καὶ Δημοσθένη, ἐκ δὲ τούτων αὐτῶν πάλιν προέκρινα Δημοσθένη, οὐδὲν ὥμην οὔτε Πλάτωνα οὔτε Ἰσοκράτην ἀδικεῖν.

[6] Νῆ Δία, φῆς, ἀλλ' οὐκ ἔδει σε τὰ Πλάτωνος ἀμαρτήματα ἐξελέγχειν, βουλόμενον ἐπαινεῖν Δημοσθένη. ἔπειτα πῶς ἂν μοι τὴν ἀκριβεστάτην βᾶσανον ὁ λόγος ἔλαβεν, εἰ μὴ τοὺς ἀρίστους λόγους τῶν Ἰσοκράτους τε καὶ Πλάτωνος τοῖς κρατίστοις <τῶν> Δημοσθένους ἀντιπαρέθηκε καὶ καθ' ὃ μέρος ἦπτους οἱ τούτων λόγοι εἰσὶ τῶν ἐκείνου, μετὰ πάσης ἀληθείας ἐπέδειξα, οὐχ ἅπαντα τοῖς ἀνδράσιν ἐκείνοις ἡμαρτῆσθαι λέγων (μανίας γὰρ τοῦτ' ὄν), ἀλλ' οὐδ' ἅπαντα [7] ἐπίσης κατωρθῶσθαι. εἰ δὲ τοῦτ' οὐκ ἐποίουν, ἐπήνουν δὲ Δημοσθένη πάσας διεξιὼν αὐτοῦ τὰς ἀρετὰς, ὥς μὲν

ἀγαθὸς ὁ ῥήτωρ, ἔπεισα πάντως ἂν τοὺς ἀναγνωσομένους· ὡς δὲ καὶ κράτιστος πάντων τῶν πρωτευσάντων περὶ λόγους, οὐκ ἂν ἔπεισα μὴ παρατιθεῖς αὐτῷ τοὺς ἀρίστους· πολλὰ γὰρ τῶν καθ' αὐτὰ φαινομένων καλῶν καὶ θαυμαστῶν ἐτέροις ἀντιπαρατεθέντα κρείττωσιν ἐλάττω τῆς δόξης ἐφάνη. οὕτω γέ τοι καὶ χρυσὸς ἐτέρῳ χρυσῷ παρατεθεὶς κρείττων εἶτε καὶ χεῖρων εὐρίσκεται καὶ πᾶν ἄλλο χειροῦργημα, καὶ ^[8] ὅσων ἐνέργεια τὸ τέλος. εἰ δὲ ἀχάριστον ὑπολήφεται τις ἐν τοῖς πολιτικοῖς λόγοις τὴν ἐκ τῆς συγκρίσεως ἐξέτασιν καὶ καθ' ἑαυτὸν ἕκαστον ἀξιῶσει σκοπεῖν, οὐδὲν κωλύσει τὸ αὐτὸ τοῦτο καὶ ἐπὶ τῶν ἄλλων ποιεῖν, καὶ μήτε ποίησιν ἀντεξετάζειν ἐτέρῳ ποιήσει μήθ' ἱστορικὴν σύνταξιν ἐτέρῳ συντάξει μήτε πολιτείαν πολιτεία μήτε νόμον νόμῳ, μὴ στρατηγὸν στρατηγῷ, μὴ βασιλεῖ βασιλέα, μὴ βίῳ βίον, μὴ δόγματι δόγμα· τοῦτο δ' οὐκ ἂν τις συγχωρήσειε νοῦν ἔχων.

[9] Εἰ δὲ δεῖ καὶ τὰς ἐκ τῶν μαρτυριῶν παρασχέσθαι σοι πίστεις, ἐξ ὧν μᾶλλον σοι γενήσεται καταφανές, ὅτι κράτιστος ἐλέγχου τρόπος ὁ κατὰ σύγκρισιν γινόμενος, ἀφείδους τοὺς ἄλλους αὐτῷ χρήσομαι μάρτυρι Πλάτῳ.

[10] βουλευθεὶς γὰρ ὁ ἀνὴρ ἐπιδείξασθαι τὴν αὐτοῦ δύναμιν ἣν εἶχεν ἐν τοῖς πολιτικοῖς λόγοις, οὐκ ἠρκέσθη ταῖς ἄλλαις γραφαῖς, ἀλλὰ καὶ κρατίστου τῶν τότε ῥητόρων ἕτερον αὐτὸς ἐν τῷ Φαίδρῳ συνετάξατο λόγον ἐρωτικὸν εἰς τὴν «αὐτὴν» ὑπόθεσιν· καὶ οὐδὲ ἄχρι τούτου προελθὼν ἐπαύσατο καταλιπὼν ἐπὶ τοῖς ἀναγνωσομένοις τὴν διάγνωσιν, πότερός ἐστι κρείττων λόγος, ἀλλὰ καὶ τῶν ἀμαρτημάτων ἦψατο τῶν Λυσιείων, τὰς μὲν λεκτικὰς μαρτυρῶν τῷ ἀνδρὶ ^[11] ἀρετάς, τῶν δὲ πραγματικῶν ἐπιλαμβανόμενος. ὅποτε οὖν Πλάτων τὸ φορτικώτατον καὶ ἐπαχθέστατον τῶν ἔργων προελόμενος, αὐτὸν ἐπαινεῖν κατὰ τὴν δύναμιν τῶν λόγων, οὐδὲν ὦετο ποιεῖν κατηγορίας ἄξιον, εἰ παρὰ τὸν ἄριστον τῶν τότε ῥητόρων τοὺς ἰδίους ἐξετάζειν ἡξίου λόγους ἐπιδεικνύμενος Λυσίαν τε ἐν οἷς ἡμάρτηκεν καὶ ἑαυτὸν ἐν οἷς κατάρθωκε, τί θαυμαστὸν ἐποιοῦν ἐγὼ τοῖς Δημοσθένους λόγοις συγκρίνων τοὺς Πλάτωνος καὶ εἰ τι μὴ καλῶς ἐν αὐτοῖς ἔχειν ^[12] ὥμην, ἐπιλογιζόμενος; ἐγὼ γὰρ τὰς ἄλλας αὐτοῦ γραφὰς παραφέρειν, ἐν αἷς κωμῶδαι τοὺς πρὸ ἑαυτοῦ, Παρμενίδην τε καὶ Ἰππίαν καὶ Πρωταγόραν καὶ Πρόδικον καὶ Γοργίαν καὶ Πῶλον καὶ Θεόδωρον καὶ Θρασύμαχον καὶ ἄλλους συχνούς, οὐκ ἀπὸ τοῦ βελτίστου πάντα περὶ αὐτῶν γράφων ἄλλ' εἰ βούλει, καὶ ἀπὸ ^[13] φιλοτιμίας· ἦν γάρ, ἦν ἐν τῇ Πλάτωνος φύσει πολλὰς ἀρετὰς ἐχούσῃ τὸ φιλότιμον. ἐδήλωσε δὲ τοῦτο μάλιστα διὰ τῆς πρὸς Ὅμηρον ζηλοτυπίας, ὃν ἐκ τῆς κατασκευαζομένης ὑπ' αὐτοῦ πολιτείας ἐκβάλλει στεφανώσας καὶ μύρῳ χρίσας, ὡς δὴ τούτων αὐτῷ δέον ἐκβαλλομένῳ, δι' ὃν ἡ τε ἄλλη παιδεία πᾶσα παρήλθεν ^[14] εἰς τὸν βίον καὶ τελευτῶσα φιλοσοφία. ἀλλὰ θῶμεν ἀπὸ τοῦ βελτίστου δι' αὐτὴν τὴν ἀλήθειαν πάντα λέγειν [ἀληθῆ] Πλάτωνα· τί οὖν ἄτοπον ἐποιοῦμεν «αὐτοῖς» τοῖς ἐκείνου νόμοις χρώμενοι καὶ ἀντιπαρεξετάζειν αὐτῷ τοὺς τῶν ἐπακμασάντων λόγους βουλόμενοι;

[15] Ἔπειτ' οὐ μόνος οὐδὲ πρῶτος ἐγὼ φανήσομαι περὶ Πλάτωνος ἐπιχειρήσας τι λέγειν. οὐδ' ἂν τις ἔχοι κατ' αὐτὸ τοῦτο μέψασθαι με τὸ

μέρος, ὅτι τὸν ἐπιφανέστατον τῶν φιλοσόφων καὶ πλείοσιν ἢ δώδεκα γενεαῖς ἔμμαντοῦ πρεσβύτερον ἐξετάζειν ἐπεβαλόμην ^[16] ὥς δὴ διὰ τοῦτο δόξης τινὸς τευξόμενος. πολλοὶ γὰρ εὐρεθῆσονται πρὸ ἐμοῦ τοῦτο πεπονηκότες, οἳ μὲν κατὰ τὸν ἐκείνου γενόμενοι χρόνον, οἳ δὲ λίαν ὕστερον ἐπακμάσαντες. καὶ γὰρ τὰ δόγματα διέβαλον αὐτοῦ τινες καὶ τοὺς λόγους ἐμέμψαντο πρῶτον μὲν ὁ γνησιώτατος αὐτοῦ μαθητῆς Ἀριστοτέλης, ἔπειτα οἱ περὶ Κηφισόδωρόν τε καὶ Θεόπομπον καὶ Ζωῖλον καὶ Ἱπποδάμαντα καὶ Δημήτριον καὶ ἄλλοι συχνοί, οὐ διὰ φθόνον ἢ διὰ φιλαπεχθημοσύνην κωμωδοῦντες ἀλλὰ ^[17] τὴν ἀλήθειαν ἐξετάζοντες. τοσούτοις δὴ καὶ τηλικούτοις ἀνδράσι παραδείγμασι χρώμενος καὶ παρὰ πάντας τῷ μεγίστῳ Πλάτῳ οὐδὲν ἡγούμην τῆς φιλοσόφου ῥητορικῆς ποιεῖν ἀλλότριον ἀγαθοῦς ἀγαθοῖς ἀντεξετάζων. περὶ μὲν οὖν τῆς προαιρέσεως, ἣν ἔσχον ἐν τῇ συγκρίσει τῶν χαρακτήρων, ἱκανῶς ἀπολελόγημαι καὶ σοί, Γεμίνε φίλτατε.

[2]

[1] Λοιπὸν δ' ἐστὶ μοι καὶ περὶ αὐτῶν ὧν εἴρηκα λόγων περὶ τὰνδρὸς ἐν τῇ περὶ τῶν Ἀττικῶν πραγματεία ῥητόρων εἰπεῖν. θήσω δὲ αὐταῖς λέξειςιν, ὥς ἐκεῖ ^[2] γέγραφα· «Ὡς δὲ δὴ Πλατωνικὴ διάλεκτος βούλεται μὲν εἶναι καὶ αὐτὴ μῖγμα ἐκατέρου τῶν χαρακτήρων, τοῦ τε ὑψηλοῦ καὶ ἰσχυροῦ, καθάπερ εἴρηται μοι πρότερον· πέφυκε δὲ οὐχ ὁμοίως πρὸς ἀμφοτέρους τοὺς ^[3] χαρακτῆρας εὐτυχῆς. ὅταν μὲν οὖν τὴν ἰσχνὴν καὶ ἀφελῇ καὶ ἀποίητον ἐπιτηδεύῃ φράσιν, ἐκτόπως ἡδεῖα ἐστὶ καὶ φιλάνθρωπος. καθαρά τε γὰρ ἀποχρώντως γίνεται καὶ διαυγής, ὥσπερ τὰ διαφανέστατα τῶν ναμάτων, ἀκριβής τε καὶ λεπτὴ παρ' ἥντιν' οὖν ἑτέραν ^[4] τῶν τὴν αὐτὴν διάλεκτον εἰργασμένων, τὴν τε κοινότητα διώκει τῶν ὀνομάτων καὶ τὴν σαφήνειαν ἀσκεῖ πάσης ὑπεριδοῦσα κατασκευῆς ἐπιθέτου· ὃ τε πίνος ὁ τῆς ἀρχαιότητος ἡρέμα αὐτῇ καὶ λεληθότως ἐπιτρέχει ἱλαρόν τέ τι καὶ τεθελὸς καὶ μεστὸν ὥρας ἄνθος ἀναδίδωσι, καὶ ὥσπερ ἀπὸ τῶν εὐωδεδεσμάτων λειμώνων αὐρὰ τις ἡδεῖα ἐξ αὐτῆς φέρεται, καὶ οὔτε τὸ λιγυρὸν ἔοικεν ἐμφαίνειν ἄλλον οὔτε τὸ κομψὸν θεατρικόν.

[5] ὅταν δ' εἰς τὴν περιττολογίαν καὶ τὸ καλλιπεῖν, ὃ πολλάκις εἴωθε ποιεῖν, ἄμετρον ὁρμὴν λάβῃ, πολλῶν χειρῶν ἑαυτῆς γίνεσθαι· καὶ γὰρ ἀηδεστέρα καὶ κάκιον ἐλληνίζουσα καὶ παχυτέρα φαίνεται· μελαίνει τε τὸ σαφές καὶ ζόφῳ ποιεῖ παραπλήσιον, ἔλκει τε μακρὸν ἀποτείνουσα τὸν νοῦν, συστρέψαι δὲ θέον ἐν ὀλίγοις ὀνόμασιν ἐκχεῖται εἰς ἀπειροκάλους περιφράσεις, πλοῦτον ὀνομάτων ἐπιδεικνυμένη, ὑπεριδοῦσα δὲ τῶν κυρίων ὀνομάτων κἂν τῇ κοινῇ χρήσει κειμένων τὰ πεποιημένα ^[6] ζητεῖ καὶ ξένα καὶ ἀρχαιοπρεπῆ. μάλιστα δὲ χειμάζεται περὶ τὴν τροπικὴν φράσιν· πολλὴ μὲν γὰρ ἐν τοῖς ἐπιθέτοις, ἄκαιρος δ' ἐν ταῖς μετωνυμίαις, σκληρὰ δὲ καὶ οὐ σώζουσα τὴν ἀναλογίαν ἐν ταῖς μεταφοραῖς γίνεται, ἀλληγορίας τε περιβάλλεται μακρὰς καὶ πολλὰς οὔτε μέτρον ἐχούσας οὔτε καιρόν, σχήμασί τε ποιητικοῖς ἐσχάτην προσβάλλουσιν ἀηδίαν, καὶ μάλιστα τοῖς Γοργιείοις ἀκαίρως καὶ μεираκιωδῶς ἐναβρύνεται· καὶ «πολὺς ὁ τελέτης ἐστὶν ἐν τοῖς τοιοῦτοις παρ' αὐτῷ», ὥς καὶ Δημήτριος ὁ Φαληρεὺς εἴρηκε πού καὶ ἄλλοι συχνοί· «οὐ γὰρ ἐμός ὁ μῦθος».

[7] Μηδεὶς δέ με ταῦτα ἡγείσθω λέγειν ἀπάσης καταγινώσκοντα τῆς ἐγκατασκευῆς καὶ ἐξηλλαγμένης λέξεως ἢ κέχρηται Πλάτων (μὴ γὰρ οὕτω σκαιὸς γενοίμην ὥστε ταύτην τὴν δόξαν περὶ ἀνδρὸς τηλικούτου λαβεῖν), ἐπεὶ πολλὰ καὶ περὶ πολλῶν οἶδα μεγάλα καὶ θαυμαστὰ καὶ ἀπὸ τῆς ἄκρας δυνάμεως ἐξενηγεμένα ὑπ’ αὐτοῦ· ἀλλ’ ἐκεῖνο ἐνδείξασθαι βουλόμενον, ὅτι τὰ τοιαῦτα ἁμαρτήματα ἐν ταῖς κατασκευαῖς εἶωθεν ἁμαρτάνειν, καὶ χείρων «μὲν» αὐτὸς αὐτοῦ γίνεται, ὅταν τὸ μέγα διώκῃ καὶ περιττὸν ἐν τῇ φράσει, μακρῷ δέ τινι ἀμείνων, ὅταν τὴν ἰσχυρὴν καὶ ἀκριβῆ «καὶ» δοκοῦσαν μὲν ἀποίητον εἶναι κατασκευασμένην δὲ ἀμωμήτῳ καὶ ἀφελεῖ κατασκευῇ διάλεκτον εἰσφέρει· ἢ γὰρ οὐδὲν ἁμαρτάνει ἢ κομιδῇ βραχύ τι καὶ οὐκ ἄξιον [8] κατηγορίας. ἐγὼ δὲ ἡξίουν τηλικούτον ἄνδρα πεφυλάχθαι πᾶσαν ἐπιτίμῃσιν. ταῦτ’ αὖτε κατ’ αὐτὸν γενόμενοι πάντες ἐπιτιμῶσιν, ὧν τὰ ὀνόματα οὐδὲν δεῖ με λέγειν, καὶ αὐτὸς ἑαυτῷ (τοῦτο γὰρ τὸ λαμπρότατον)· ἦσθετο γὰρ τῆς ἰδίας ἀπειροκαλίας καὶ ὄνομα ἔθετ’ αὐτῇ τὸ διθύραμβον· ὃ νῦν ἂν ἡδέσθην ἐγὼ λέγειν ἀληθὲς ὄν. τοῦτο δὲ παθεῖν ἔοικεν, ὡς ἐγὼ νομίζω, τραφεὶς μὲν ἐν τοῖς Σωκρατικοῖς λόγοις ἰσχυροτάτοις οὖσι καὶ ἀκριβεστάτοις, οὐ μείνας δ’ ἐν αὐτοῖς ἀλλὰ τῆς Γοργίου καὶ Θουκυδίδου κατασκευῆς ἐρασθεὶς· ὥστ’ οὐδὲν ἔξω τοῦ εἰκότος ἔμελλεν πείσεσθαι σπάσας τινὰ καὶ τῶν ἁμαρτημάτων ἅμα τοῖς ἀγαθοῖς, ὧν ἔχουσιν οἱ τῶν ἀνδρῶν ἐκείνων χαρακτηῖρες.

[9] Παραδείγματα δὲ τῆς ἰσχυρῆς καὶ τῆς ὑψηλῆς λέξεως ἐξ ἐνὸς βυβλίου τῶν πάνυ περιβοήτων παραθήσομαι, ἐν ᾧ τοὺς ἐρωτικούς ὁ Σωκράτης διατέθεται λόγους πρὸς ἓνα τῶν γνωρίμων Φαίδρον, ἀφ’ οὗ τὴν ἐπιγραφὴν εἴληφε τὸ βυβλίον

[1] Περὶ δὲ Ἡροδότου καὶ Ξενοφώντος ἐβουλήθης μαθεῖν, τίνα περὶ αὐτῶν ὑπόληψιν ἔχω, καὶ γράψαι με περὶ αὐτῶν ἐβουλήθης. πεποίηκα [καί] τοῦτο οἷς <πρὸς> Δημήτριον ὑπεμνημάτισμαι περὶ μιμήσεως. τούτων ὁ μὲν πρῶτος αὐτὴν περιείληφε τὴν περὶ τῆς μιμήσεως ζήτησιν, ὁ δὲ δεῦτερος περὶ τοῦ τίνας ἄνδρας μιμεῖσθαι δεῖ ποιητάς τε καὶ φιλοσόφους, ἱστοριογράφους <τε> καὶ ῥήτορας, ὁ δὲ τρίτος περὶ τοῦ πῶς δεῖ μιμεῖσθαι μέχρι τοῦδε ἀτελής. ἐν δὴ τῷ δευτέρῳ περὶ Ἡροδότου τε καὶ Θουκυδίδου καὶ Ξενοφώντος καὶ Φιλίστου καὶ Θεοπόμπου (τούτους γὰρ ἔκρινον τοὺς ἄνδρας εἰς μίμησιν ἐπιτηδειοτάτους) τάδε γράφω.

[2] Εἰ δὲ δεῖ καὶ περὶ αὐτῶν εἰπεῖν, περὶ μὲν Ἡροδότου καὶ Θουκυδίδου ταῦτα φρονῶ. πρῶτόν τε καὶ σχεδὸν ἀναγκαιότατον ἔργον ἀπάντων ἐστὶ τοῖς γράφουσιν πᾶσιν ἱστορίας ὑπόθεσιν ἐκλέξασθαι καλὴν καὶ κεχαρισμένην τοῖς ἀναγνωσομένοις. τοῦτο Ἡρόδοτος [3] κρεῖττόν μοι δοκεῖ πεποιηκέναι Θουκυδίδου. ἐκεῖνος μὲν γὰρ κοινὴν Ἑλληνικῶν τε καὶ βαρβαρικῶν πράξεων ἐξενήνοχεν ἱστορίαν, ὥς μήτε τὰ γενόμενα ἐξ ἀνθρώπων ἐξίτηλα γένηται, μήτε ἔργα καὶ ἅπερ αὐτὸς εἶρηκε. τὸ γὰρ αὐτὸ προοίμιον καὶ ἀρχὴ καὶ [4] τέλος ἐστὶ τῆς ἱστορίας. ὁ δὲ Θουκυδίδης πόλεμον ἓνα γράφει, καὶ τοῦτον οὔτε καλὸν οὔτε εὐτυχῇ. ὃς μάλιστα μὲν ὤφειλε μὴ γενέσθαι, εἰ δὲ μὴ, σιωπῇ καὶ λήθῃ παραδοθεὶς ὑπὸ τῶν ἐπιγιγνομένων ἡγνοῖσθαι. ὅτι δὲ πονηρὰν εἰληφεν ὑπόθεσιν, καὶ αὐτός γε τοῦτο [5] ποιεῖ φανερόν ἐν τῷ προοιμίῳ. πόλεις τε γὰρ δι' αὐτὸν ἐξερημωθῆναι φησι πολλὰς Ἑλληνίδας, τὰς μὲν ὑπὸ βαρβάρων, τὰς δ' ὑπὸ σφῶν αὐτῶν, καὶ φυγαδείας καὶ φθόρους ἀνθρώπων ὅσους οὕτω πρότερον γενέσθαι, σεισμούς τε καὶ αὐχμούς καὶ νόσους καὶ ἄλλας πολλὰς συμφοράς. ὥστε τοὺς ἀναγνόντας τὸ προοίμιον ἡλλοτριῶσθαι πρὸς τὴν ὑπόθεσιν, Ἑλληνικῶν μέλλοντας [6] ἀκούειν. ὅσω δὲ κρεῖττων ἢ τὰ θαυμαστὰ ἔργα δηλοῦσα Ἑλλήνων τε καὶ βαρβάρων γραφὴ τῆς τὰ οἰκτρὰ καὶ δεινὰ πάθη τῶν Ἑλλήνων διαγγελούσης, τοσοῦτω φρονιμώτερος Ἡρόδοτος Θουκυδίδου κατὰ τὴν ἐκλογὴν τῆς ὑποθέσεως. οὐδὲ γὰρ οὐδὲ τοῦτο ἔνεστιν εἰπεῖν, ὅτι δι' ἀνάγκην ἦλθεν ἐπὶ ταύτην τὴν γραφήν, ἐπιστάμενος <μὲν ὥς> ἐκεῖνα καλλίω, βουλόμενος δὲ μὴ ταῦτα ἐτέροις γράφειν. πᾶν γὰρ τοῦναντίον ἐν τῷ προοιμίῳ διασύρων τὰ παλαιὰ ἔργα κάλλιστα καὶ θαυμασιώτατα τὰ καθ' αὐτὸν ἐπιτελεσθέντα φησὶν εἶναι, [7] καὶ φανερός ἐστι ταῦτα ἐκὼν ἐλόμενος. οὐ μὴν Ἡρόδοτός γε τοῦτο ἐποίησεν, ἀλλὰ τῶν πρὸ αὐτοῦ συγγραφέων γενομένων Ἑλλανίκου τε καὶ Χάρωνος τὴν αὐτὴν ὑπόθεσιν προεκδεδωκότων οὐκ ἀπετράπετο, ἀλλ' ἐπίστευσεν αὐτῷ κρεῖσσόν τι ἐξοίσειν. ὅπερ καὶ πεποίηκεν.

[8] Δεύτερόν ἐστι τῆς ἱστορικῆς πραγματείας ἔργον γνῶναι πόθεν τε ἄρξασθαι καὶ μέχρι τοῦ προελθεῖν δεῖ. φαίνεται δὴ κἂν τοῦτω Θουκυδίδου

πολὺν Ἡρόδοτος φρονιμώτερος· ἄρχεται τε ἀφ' ἧς αἰτίας ἤρξαντο πρῶτον κακῶς ποιεῖν τοὺς Ἕλληνας οἱ βάρβαροι, καὶ προελθὼν εἰς τὴν <τῶν> βαρβάρων κόλασιν καὶ τιμωρίαν ^[9] λήγει. ὁ δὲ Θουκυδίδης ἀρχὴν μὲν ἐποιήσατο ἀφ' ἧς ἤρξατο κακῶς πράττειν τὸ Ἑλληνικόν· ὅπερ Ἕλληνα ὄντα καὶ Ἀθηναῖον οὐκ ἔδει ποιεῖν (καὶ ταῦτα οὐ τῶν ἀπερριμμένων ὄντα, ἀλλ' ὧν ἐν πρῶτοις ἦγον Ἀθηναῖοι στρατηγιῶν τε καὶ [τῶν] ἄλλων τιμῶν ἀξιοῦντες)· καὶ οὕτω γε φθονερῶς, ὥστε καὶ τῇ πόλει τῇ ἑαυτοῦ τὰς φανεράς αἰτίας τοῦ πολέμου περιάπτειν, ἐτέραις ἔχοντα πολλαῖς ἀφορμαῖς περιάψαι τὰς αἰτίας, καὶ ἄρξασθαι γε τῆς διηγήσεως μὴ ἀπὸ τῶν Κερκυραϊκῶν, ἀλλ' ἀπὸ τῶν κρατίστων τῆς πατρίδος ἔργων, ἃ μετὰ τὸν Περσικὸν πόλεμον εὐθύς ἔπραξεν (ὧν ὕστερον οὐκ ἐν ἐπιτηδείῳ τόπῳ μνήμην ἐποιήσατο φάυλως πως καὶ ἐξ ἐπιδρομῆς), διελθόντα δὲ ταῦτα μετὰ πολλῆς εὐνοίας ὡς ἄνδρα φιλόπολιν ἔπειτ' ἐπενεγκεῖν, ὅτι τούτων φθόνῳ καὶ δέει προελθόντες Λακεδαιμόνιοι προφάσεις ὑποθέντες ἐτεροίας ἦλθον ἐπὶ τὸν πόλεμον, καὶ τότε λέγειν τὰ Κερκυραϊκὰ καὶ τὸ κατὰ Μεγαρέων ψήφισμα καὶ εἴ τι ἄλλο τοιοῦτο λέγειν ^[10] ἐβούλετο. τὰ δ' ἐν τέλει πλείονος ἀμαρτίας πλήρη· καίπερ γὰρ λέγων ὅτι παντὶ τῷ πολέμῳ παρεγένετο, καὶ πάντα δηλώσειν ὑποσχόμενος, εἰς τὴν ναυμαχίαν τελευτᾷ τὴν περὶ Κυνὸς σῆμα γεγεννημένην Ἀθηναίων καὶ Πελοποννησίων, ἣ συνέβη κατὰ ἔτος εἰκοστὸν καὶ δεύτερον. κρεῖττον δὲ ἦν διεξελθόντα πάντα τελευτὴν ποιήσασθαι τῆς ἱστορίας τὴν θαυμασιωτάτην καὶ μάλιστα τοῖς ἀκούουσι κεχαρισμένην, τὴν κάθοδον τῶν φυγάδων τῶν ἀπὸ Φυλῆς ἀφ' ὧν ἡ πόλις ἄρξαμένη τὴν ἐλευθερίαν ἀνεκομίσαστο.

^[11] Τρίτον ἐστὶν ἀνδρὸς ἱστορικοῦ <σκοπεῖν>, τίνα τε δεῖ παραλαβεῖν ἐπὶ τὴν γραφὴν πράγματα καὶ τίνα παραλιπεῖν. δοκεῖ δὴ μοι κἂν τούτῳ λείπεσθαι Θουκυδίδης. συνειδὼς γὰρ Ἡρόδοτος, ὅτι πᾶσα μῆκος ἔχουσα πολὺ διήγησις ἂν μὲν ἀναπαύσεις τινὰς λαμβάνη, τὰς ψυχὰς τῶν ἀκρωμένων ἡδέως διατίθῃσιν, ἐὰν δὲ ἐπὶ τῶν αὐτῶν μένῃ πραγμάτων, κἂν τὰ μάλιστα ἐπιτυχάνηται, λυπεῖ τὴν ἀκοὴν τῷ κόρῳ, ποικίλην ἐβουλῆθη ποιῆσαι τὴν γραφὴν Ὀμήρου ζηλωτῆς γενόμενος· καὶ γὰρ τὸ βυβλίον ἦν αὐτοῦ λάβωμεν, μέχρι τῆς ἐσχάτης συλλαβῆς ἀγάμεθα καὶ αἰεὶ τὸ πλεόν ^[12] ἐπιζητοῦμεν. Θουκυδίδης δὲ πόλεμον ἓνα κατατείνας ἀπνευστὶ διεξέρχεται μάχας ἐπὶ μάχαις καὶ παρασκευὰς ἐπὶ παρασκευαῖς καὶ λόγους ἐπὶ λόγοις συντιθεῖς· ὥστε μοχθεῖν μὲν τὴν διάνοιαν τῶν ἀκρωμένων 'κόρον δ' ἔχει' φησὶν ὁ Πίνδαρος 'καὶ μέλι καὶ τὰ τέρπν' ἄνθε' ἀφροδίσια'. ἤδη δ' ὁ λέγω κάκεῖνος ἐνεθυμήθη, ὡς ἡδὺ χρῆμα ἐν ἱστορίας γραφῇ μεταβολὴ καὶ ποικίλον, καὶ τοῦτο ἐν δύο ἢ τρισὶ τόποις ἐποίησεν, ἐπὶ τε τῆς Ὀδρυσῶν ἀρχῆς, δι' ἧς αἰτίας ἐγένετο μεγάλη, καὶ ἐπὶ τῶν ἐν Σικελίᾳ πόλεων.

^[13] Μετὰ τοῦτο ἔργον ἐστὶν ἱστορικοῦ διελέσθαι τε καὶ τάξαι τῶν δηλουμένων ἕκαστον ἐν ᾧ δεῖ τόπῳ. πῶς οὖν ἐκάτερος διαιρεῖται καὶ τάττει τὰ λεγόμενα; Θουκυδίδης μὲν τοῖς χρόνοις ἀκολουθῶν, Ἡρόδοτος δὲ ταῖς περιοχαῖς τῶν πραγμάτων. καὶ γίνεταί Θουκυδίδης μὲν ἀσαφὲς καὶ δυσπαρακολούθητος· πολλῶν γὰρ κατὰ τὸ αὐτὸ θέρος ἢ τὸν αὐτὸν χειμῶνα

γιγνομένων ἐν διαφόροις ὡς εἰκὸς τόποις, ἡμιτελεῖς τὰς πρώτας πράξεις καταλιπὼν ἐτέρων ἄπτεται [τῶν κατὰ θέρος ἢ τὸν αὐτὸν χειμῶνα γιγνομένων]· πλανώμεθα δὴ καθάπερ εἰκὸς, καὶ δυσκόλως τοῖς δηλουμένοις [14] παρακολουθοῦμεν ταραττομένης τῆς διανοίας. Ἡρόδοτος δὲ ἀπὸ τῆς Λυδῶν βασιλείας ἀρξάμενος καὶ μέχρι τῆς Κροίσου καταβάς ἐπὶ Κῦρον εὐθέως τὸν καταλύσαντα τὴν Κροίσου ἀρχὴν μεταβαίνει, Αἰγυπτίων τε ἄρχεται διηγημάτων καὶ Σκυθικῶν καὶ Λιβυκῶν, τὰ μὲν ὡς ἀκόλουθα δηλῶν, τὰ δὲ ὡς ἐπιζητούμενα προσαναλαμβάνων, τὰ δ' ὡς χαριεστέραν ποιήσοντα τὴν διήγησιν ἐπείσάγων· διεξελθὼν τε πράξεις Ἑλλήνων <τε> καὶ βαρβάρων ἔτεσιν ὁμοῦ διακοσίοις καὶ εἴκοσι γενομένας ἐν ταῖς τρισὶν ἡπείροις καὶ παραγράφας τῆς Ξέρξου φυγῆς τὴν ἱστορίαν οὐ διέσπασε τὴν διήγησιν· ἀλλὰ συμβέβηκε τῷ μὲν μίαν ὑπόθεσιν λαβόντι πολλὰ ποιῆσαι μέρη τὸ ἐν σῶμα, τῷ δὲ τὰς πολλὰς καὶ οὐδὲν ἔοικυας ὑποθέσεις προελομένῳ σύμφωνον ἐν σῶμα πεποικέναι.

[15] Μιᾶς δ' ιδέας ἐπιμνησθήσομαι πραγματικῆς, ἣν οὐδεμιᾶς τῶν εἰρημένων ἦττον ἐν ἀπάσαις ἱστορίαις ζητοῦμεν, τὴν αὐτοῦ τοῦ συγγραφέως διάθεσιν, ἣ κέχρηται πρὸς τὰ πράγματα περὶ ὧν γράφει· ἡ μὲν Ἡροδότου διάθεσις ἐν ἅπασιν ἐπικερὴς καὶ τοῖς μὲν ἀγαθοῖς συνηδομένη, τοῖς δὲ κακοῖς συναλγοῦσα· ἡ δὲ Θουκυδίδου [διάθεσις] αὐθέκαστος τις καὶ πικρὰ καὶ τῇ πατρίδι τῆς φυγῆς μνησικακοῦσα. τὰ μὲν γὰρ ἀμαρτήματα ἐπεξέρχεται καὶ μάλα ἀκριβῶς, τῶν δὲ κατὰ νοῦν κεχωρηκότων καθάπαξ οὐ μέμνηται, ἢ ὥσπερ ἠναγκασμένος.

Καὶ κατὰ μὲν τὸν πραγματικὸν τρόπον ἦττων ἐστὶν Ἡροδότου διὰ ταῦτα Θουκυδίδης· κατὰ δὲ τὸν λεκτικὸν τὰ μὲν ἦττων, τὰ δὲ κρείττων, τὰ δ' ἴσος. ἐρῶ δὲ καὶ περὶ τούτων, ὡς ὑπέλκῃα.

[16] Πρώτη τῶν ἀρετῶν γένοίτ' ἂν, ἥς χωρὶς οὐδὲ τῶν ἄλλων τῶν περὶ τοὺς λόγους ὀφελὸς τι, ἡ καθαρὰ τοῖς ὀνόμασι καὶ τὸν Ἑλληνικὸν χαρακτήρα σῶζουσα διάλεκτος. ταύτην ἀκριβοῦσιν ἀμφοτέροι· Ἡρόδοτος τε γὰρ τῆς Ἰάδος ἄριστος κανὼν Θουκυδίδης τε τῆς Ἀτθίδος.

[17] τρίτην ἔχει χώραν ἡ καλουμένη συντομία· ἐν ταύτῃ δοκεῖ προέχειν Ἡροδότου Θουκυδίδης, καίτοι λέγοι τις ἂν, ὡς μετὰ τοῦ σαφοῦς ἐξεταζόμενον ἡδὺ φαίνεται τὸ βραχύ· εἰ δὲ ἀπολείποιο τούτου, πικρόν· ἀλλὰ μηδὲν <ἡττων> ἔστω παρὰ τοῦτο. ἐνάργεια μετὰ ταῦτα τέτακται πρώτη μὲν τῶν ἐπιθέτων ἀρετῶν· ἱκανῶς ἐν ταύτῃ κατορθοῦσιν ἀμφοτέροι.

[18] μετὰ ταύτην συνίσταται τὴν ἀρετὴν [τῶν] ἡθῶν τε καὶ παθῶν μίμησις· διήρηνται τὴν ἀρετὴν ταύτην οἱ συγγραφεῖς· Θουκυδίδης μὲν γὰρ τὰ πάθη δηλῶσαι κρείττων, Ἡρόδοτος δὲ τὰ γε ἦθη παραστήσαι δεινότερος. μετὰ ταῦτα αἱ τὸ μέγα καὶ θαυμαστὸν ἐκφαίνουσαι τῆς κατασκευῆς ἀρεταί· ἴσοι κὰν ταύταις οἱ [19] συγγραφεῖς. ἔπονται ταύταις αἱ τὴν ἰσχὺν καὶ τὸν τόνον καὶ τὰς ὁμοιοτρόπους δυνάμεις τῆς φράσεως ἀρεταὶ περιέχουσιν· κρείττων ἐν ταύταις Ἡροδότου Θουκυδίδης. ἡδονὴν δὲ καὶ πειθῶ καὶ τέρψιν καὶ τὰς ὁμοιογενεῖς ἀρετὰς εἰσφέρειται μακρῶς Θουκυδίδου κρείττονας Ἡρόδοτος. τῆς <δὲ> φράσεως [τῶν ὀνομάτων] τὸ μὲν κατὰ

φύσιν Ἡρόδοτος ἐξήλωκε, τὸ δὲ δεινὸν ^[20] Θουκυδίδης. «λείπει» πασῶν ἐν λόγοις ἀρετῶν ἢ κυριωτάτη τὸ πρέπον· ταύτην ὁ Ἡρόδοτος ἀκριβοῖ μᾶλλον ἢ Θουκυδίδης· ὁμοειδὴς γὰρ οὗτος ἐν πᾶσι, κἂν ταῖς δημηγορίαις μᾶλλον ἢ ταῖς διηγήσεσιν· ἐμοὶ μέντοι καὶ τῷ φιλτάτῳ Καικιλίῳ δοκεῖ τὰ ἐνθυμήματα αὐτοῦ μάλιστα «μιμήσασθαι» τε καὶ ζηλῶσαι ^[21] Δημοσθένους. Ἵνα δὲ συνελὼν εἴπω, καλαὶ μὲν αἱ ποιήσεις ἀμφοτέραι (οὐ γὰρ ἂν αἰσχυνθείην ποιήσεις αὐτὰς λέγων), διαφέρουσι δὲ κατὰ τοῦτο μάλιστα ἀλλήλων, ὅτι τὸ μὲν Ἡροδότου κάλλος ἱλαρόν ἐστι, φοβερόν δὲ τὸ Θουκυδίδου. ἀπόχρη ταῦτα εἰρῆσθαι περὶ τούτων τῶν συγγραφέων, πολλῶν καὶ ἄλλων ἐνόντων λέγεσθαι, περὶ ὧν καὶ ἕτερος ἔσται καιρός.

[4]

[1] Ξενοφῶν δὲ καὶ Φίλιστος οἱ τούτοις ἐπακμάσαντες οὔτε φύσεις ὁμοίας εἶχον οὔτε προαιρέσεις. Ξενοφῶν μὲν γὰρ Ἡροδότου ζηλωτὴς ἐγένετο κατ' ἀμφοτέρους τοὺς χαρακτῆρας, τὸν τε πραγματικὸν καὶ τὸν λεκτικόν. πρῶτον μὲν γὰρ τὰς ὑποθέσεις τῶν ἱστοριῶν ἐξελέξατο καλὰς καὶ μεγαλοπρεπεῖς καὶ ἀνδρὶ φιλοσόφῳ προσηκούσας· τὴν τε Κύρου παιδείαν, εἰκόνα βασιλέως ἀγαθοῦ καὶ εὐδαίμονος· καὶ τὴν ἀνάβασιν τοῦ νεωτέρου Κύρου, ᾧ καὶ αὐτὸς συνανέβη, μέγιστον ἐγκώμιον ἔχουσιν τῶν συστρατευσαμένων Ἑλλήνων· καὶ τρίτην ἔτι τὴν Ἑλληνικὴν καὶ ἦν κατέλιπεν ἀτελεῖ Θουκυδίδης, ἐν ἧ καταλύονται τε οἱ τριάκοντα καὶ τὰ τεῖχη τῶν Ἀθηναίων, ἃ Λακεδαιμόνιοι καθεῖλον, αὐθις ^[2] ἀνίσταται. οὐ μόνον δὲ τῶν ὑποθέσεων χάριν ἄξιός ἐπαινεῖσθαι [ζηλωτὴς Ἡροδότου γενόμενος], ἀλλὰ καὶ τῆς οἰκονομίας· ταῖς τε γὰρ ἀρχαῖς αὐτῶν ταῖς πρεπωδεστάταις κέχρηται καὶ τελευτὰς ἐκάστη τὰς ἐπιτηδειοτάτας ἀποδédωκε, μεμέρικέν τε καλῶς καὶ τέταχεν καὶ πεποίκικκε τὴν γραφήν. ἥθός τε ἐπιδείκνυται θεοσεβὲς καὶ δίκαιον καὶ καρτερικὸν καὶ εὐπρεπές, ἀπάσαις τε συλλήβδην κεκοσμημένον ἀρεταῖς· καὶ ὁ μὲν πραγματικὸς τύπος αὐτῷ τοιοῦτος.

[3] ὁ δὲ λεκτικὸς πῃ μὲν ὁμοίος Ἡροδότου, πῃ δὲ ἐνδεέστερος. καθαρὸς μὲν γὰρ τοῖς ὀνόμασιν ἱκανῶς καὶ σαφῆς «καὶ ἐναργής» καθάπερ ἐκεῖνος· ἐκλέγει δὲ ὀνόματα συνήθη τε καὶ προσφυῆ τοῖς πράγμασι, καὶ συντίθησιν αὐτὰ ἡδέως πάνυ καὶ κεχαρισμένως οὐχ ἥττον Ἡροδότου. ὕψος δὲ καὶ κάλλος καὶ μεγαλοπρέπειαν καὶ τὸ λεγόμενον ἰδίως πλάσμα ἱστορικὸν Ἡρόδοτος ^[4] ἔχει· οὐ γὰρ μόνον οὐκ ἴσχυσε τοῦτο παρ' αὐτοῦ λαβεῖν, ἀλλὰ κἂν ποτε διεγεῖραι βουληθῇ τὴν φράσιν, ὀλίγον ἐμπνεύσας ὥσπερ ἀπόγειος αὔρα ταχέως σβέννυται μακρότερος γὰρ γίνεται τοῦ δέοντος ἐν πολλοῖς, καὶ τοῦ πρέποντος οὐχ ὥς Ἡρόδοτος ἐφάπτεται τῶν προσώπων εὐτυχῶς, ἀλλ' ἐν πολλοῖς ὀλίγωρός ἐστιν, ἂν τις ὀρθῶς σκοπῇ.

[5]

[1] Φίλιστος δὲ Θουκυδίδη μᾶλλον «ἂν» δόξειεν εὐοικεῖναι καὶ κατ' ἐκεῖνον κοσμεῖσθαι τὸν χαρακτῆρα. οὔτε γὰρ ὑπόθεσιν εἴληφε πολυωφελεῖ καὶ κοινήν, [ὥσπερ Θουκυδίδης] ἀλλὰ μίαν καὶ ταύτην τοπικὴν· διήρηκε δ' αὐτὴν εἰς γραφὰς δύο, Περὶ Σικελίας μὲν τὴν προτέραν ἐπιγράφων, Περὶ Διονυσίου δὲ τὴν ὑστέραν. ἔστι δὲ μία· καὶ τοῦτο γνοίης ἂν ἀπὸ τοῦ ^[2] τέλους τῆς Σικελικῆς. τάξιν δὲ οὐ τὴν κρατίστην ἀποδédωκε τοῖς

δηλουμένοις ἀλλὰ δυσπαρακολούθητον, χεῖρον τῆς Θουκυδίδου. καὶ πρᾶγμα ἔξωθεν οὐ βούλεται παραλαμβάνειν, ὥσπερ οὐδὲ Θουκυδίδης, ἀλλ' ἔστιν ὁμοειδής. ἥθός τε κολακικὸν καὶ φιλοτύραννον ^[3] ἐμφαίνει καὶ ταπεινὸν καὶ μικρολόγον. τῆς δὲ λέξεως ἡ Θουκυδίδης κέχρηται τὸ μὲν σημειῶδες καὶ περίεργον πέφευγεν, τὸ δὲ στρογγύλον καὶ πυκνὸν καὶ ἐνθυμηματικὸν ἐκμέμακται. τῆς μέντοι καλλιλογίας τῆς ἐκείνου καὶ <τῆς σεμνότητος καί> τοῦ πλούτου τῶν ^[4] ἐνθυμημάτων καὶ πολὺ ὑστερεῖ. οὐ μόνον δ' ἐν τούτοις, ἀλλὰ καὶ κατὰ τοὺς σχηματισμούς· ἡ μὲν γὰρ πλήρης σχημάτων (καὶ οὐδὲν οἶμαι περὶ τῶν φανερῶν ἐπὶ πλεον δεῖν λέγειν), ἡ δὲ Φιλίστου φράσις ὁμοειδής πᾶσα δεινῶς καὶ ἀσχημάτιστός ἐστι· καὶ πολλὰς εὖροι τις ἂν περιόδους ὁμοίως ἐφεξῆς ὑπ' αὐτοῦ σχηματιζόμενας, οἷον ἐν ἀρχῇ τῆς δευτέρας τῶν περὶ Σικελίας· ^[5] 'Συρακόσιοι δὲ παραλαβόντες Μεγαρεῖς καὶ Ἐνναίους, Καμαριναῖοι δὲ Σικελοὺς καὶ τοὺς ἄλλους συμμάχους πλὴν Γελώων ἀθροίσαντες, Γελῶοι δὲ Συρακοσίους οὐκ ἔφασαν πολεμήσειν· Συρακόσιοι δὲ πυνθανόμενοι Καμαριναίους τὸν Ὑρμινον διαβάντας - '· ^[6] ταῦτα δὲ ἀηδῇ πάνυ ὄντα ἐμοὶ φαίνεται. μικρὸς τε παρὰ πᾶσαν ἰδέαν ἐστὶ καὶ εὐτελής, ἐάν τε πολιορκίας διηγῆται ἐάν τε οἰκισμούς, ἐάν τε ἐπαίνους ἐάν τε ψόγους διαπορεύηται. ἀλλ' οὐδὲ τοῖς μεγέθεσι τῶν ἀνδρῶν συνεξισῶν τοὺς λόγους, ἀλλὰ φοφοδεεῖς καὶ τοὺς <κρατίστους> δημηγοροῦντας καταλείπων τὰς δυνάμεις καὶ τὰς προαιρέσεις ὁμοίους ἅπαντας ποιεῖ. εὐστομίαν δὲ τινα φυσικὴν εἰσφέρεται κατὰ τὴν ἔρμηνειαν καὶ σύνεσιν ἐπιτευκτικὴν τοῦ μετρίου. πρὸς δὲ τοὺς ἀληθινοὺς ἀγῶνας ἐπιτηδεϊότερος Θουκυδίδου.

[1] Πολλῶν μετ' ἄλλων ξένων τε καὶ παραδόξων ἀκουσμάτων, ὧν ἐνήνοχεν ὁ καθ' ἡμᾶς χρόνος, ἔν τι καὶ τοῦτο ἐφάνη μοι πρῶτως ἀκούσαντι παρὰ σοῦ, ὅτι τῶν φιλοσόφων τις τῶν ἐκ τοῦ περιπάτου πάντα χαρίζεσθαι βουλόμενος Ἀριστοτέλει τῷ κτίσαντι ταύτην τὴν φιλοσοφίαν καὶ τοῦτο ὑπέσχετο ποιῆσιν φανερόν, ὅτι Δημοσθένης τὰς ῥητορικὰς τέχνας παρ' ἐκείνου μαθὼν εἰς τοὺς ἰδίους μετήνεγκε λόγους καὶ κατ' ἐκείνα κοσμούμενος τὰ παραγγέλματα πάντων ἐγένετο τῶν ῥητόρων κράτιστος. κατ' ἀρχὰς μὲν οὖν ὑπελάμβανον τῶν πολλῶν τινὰ εἶναι τὸν ταῦτ' ἐπιχειρήσαντα λέγειν, καὶ παρήνουν σοι μὴ πᾶσι τοῖς παραδόξοις προσέχειν. ὡς δὲ καὶ τοῦνομα τοῦ ἀνδρὸς ἐπυθόμην, ὃν ἐγὼ καὶ τῶν ἡθῶν ἔνεκα καὶ τῶν λόγων ἀποδέχομαι, ἐθαύμασα, καὶ πολὺς ἐν ἑμαυτῷ γενόμενος ἐπιμελεστέρας ὥμην δεῖσθαι σκέψεως τὸ πρᾶγμα, μή ποτε λέληθέ με τάληθές οὕτως ἔχον καὶ οὐδὲν εἰκῇ τῷ ἀνδρὶ εἴρηται, ἵνα ἢ τὴν δόξαν ἦν πρότερον αὐτὸς ἔσχον «ἀφείην» βεβαίως μαθὼν ὅτι προτεροῦσι τῶν Δημοσθένους λόγων αἱ Ἀριστοτέλους τέχναι, ἢ τὸν οὕτως ἐγνωκότα καὶ γράψαι γε παρεσκευασμένον, πρὶν εἰς ὄχλον ἐκδοῦναι τὸ σύνταγμα, μεταβαλεῖν πείσαιμι τὴν δόξαν.

[2] Οὐκ ἐλαχίστην δέ μοι καὶ σὺ παρέσχου ῥοπήν εἰς τὸ μὴ παρέργως ἐξετάσαι τὴν ἀλήθειαν, παρακαλῶν φανεροὺς ποιῆσαι τοὺς λόγους, οἷς ἑμαυτὸν πέπεικα Δημοσθένους ἀκμάζοντος ἤδη καὶ τοὺς ἐπιφανεστάτους εἰρηκότος ἀγῶνας τότε ὑπὸ Ἀριστοτέλους τὰς ῥητορικὰς γεγράφθαι τέχνας. ἐδόκεις τέ μοι καὶ τοῦτο ὀρθῶς παραινεῖν, μὴ σημείοις μηδὲ εἰκόσι μηδ' ἄλλοτρίαις τὸ πρᾶγμα πιστώσασθαι μαρτυρίαις, ἐπειδὴ τούτων οὐδεμία τῶν πίστεων δι' ἀναγκαίων συνάγεται λημμάτων· ἀλλ' αὐτὸν Ἀριστοτέλη παρασχέσθαι διὰ τῶν ἰδίων τεχνῶν ὁμολογοῦντα τάληθές οὕτως ἔχειν. τοῦτο δὴ πεποίηκα, βέλτιστε Ἀμμαῖε, τῆς τε ἀληθείας προνοούμενος, ἦν ἐπὶ παντὸς οἶομαι δεῖν πράγματος ἐξετάζεσθαι, καὶ τῆς ἀπάντων τῶν περὶ τοὺς πολιτικοὺς λόγους ἐσπουδακότων χάριτος· ἵνα μὴ τοῦθ' ὑπολάβωσιν, ὅτι πάντα περιείληφεν ἡ περιπατητικὴ φιλοσοφία τὰ ῥητορικὰ παραγγέλματα, καὶ οὔτε οἱ περὶ Θεόδωρον καὶ Θρασύμαχον καὶ Ἀντιφῶντα σπουδῆς ἄξιον οὐδὲν εὔρον οὔτε Ἰσοκράτης καὶ Ἀναξιμένης καὶ Ἀλκιδάμας οὔτε οἱ τούτοις συμβίωσαντες τοῖς ἀνδράσι παραγγελμάτων τεχνικῶν συγγραφεῖς καὶ ἀγωνισταὶ λόγων ῥητορικῶν, οἱ περὶ Θεοδόκτην καὶ Φιλίσκον καὶ Ἰσαῖον καὶ Κηφισόδωρον Ὑπερίδην τε καὶ Λυκοῦργον καὶ Αἰσχίνην, οὐδ' «ἄν» αὐτὸς ὁ Δημοσθένης ὁ πάντας ὑπερβαλόμενος τοὺς τε πρὸ αὐτοῦ καὶ τοὺς καθ' ἑαυτὸν καὶ μηδὲ τοῖς γινομένοις ὑπερβολὴν καταλιπὼν τοσοῦτος ἐγένετο τοῖς Ἰσοκράτους τε καὶ Ἰσαίου κοσμούμενος παραγγέλμασιν, εἰ μὴ τὰς Ἀριστοτέλους τέχνας ἐξέμαθεν.

«ἐγένοντο» πρότεροι τῶν Ἀριστοτέλους τεχνῶν, ὡς ἔκ τε τῶν ἱστορουμένων περὶ τοῦ ἀνδρὸς ἀποδείξω καὶ ἐκ τῶν ὑπ' αὐτοῦ γραφέντων, ἐντεῦθεν ἀρξάμενος.

[5] Ἀριστοτέλης πατρὸς μὲν ἦν Νικομάχου τὸ γένος καὶ τὴν τέχνην ἀναφέροντος εἰς Μαχάονα τὸν Ἀσκληπιοῦ, μητρὸς δὲ Φαισιτίδος ἀπογόνου τινὸς τῶν ἐκ Χαλκίδος τὴν ἀποικίαν ἀγαγόντων εἰς Στάγειρα· ἐγεννήθη δὲ κατὰ τὴν ἐνενηκοστήν καὶ ἐνάτην Ὀλυμπιάδα Διοτρεφοῦς Ἀθήνησιν ἄρχοντας τρισὶν ἔτεσι Δημοσθένους πρεσβύτερος. ἐπὶ δὲ Πολυζήλου ἄρχοντας τελευτήσαντος τοῦ πατρὸς ὀκτωκαίδέκατον ἔτος ἔχων εἰς Ἀθήνας ἦλθεν, καὶ συσταθεὶς Πλάτῳ χρόνον εἰκοσαετῇ διέτριψε σὺν αὐτῷ. ἀποθανόντος δὲ Πλάτωνος ἐπὶ Θεοφίλου ἄρχοντας ἀπῆρε πρὸς Ἑρμίαν τὸν Ἀταρνέως τύραννον καὶ τριετῇ χρόνον παρ' αὐτῷ διατρίψας ἐπ' Εὐβούλου ἄρχοντας εἰς Μυτιλήνην ἐχωρίσθη· ἐκεῖθεν δὲ πρὸς Φίλιππον ὤχετο κατὰ Πυθόδοτον ἄρχοντα, καὶ διέτριψε χρόνον ὀκταετῇ παρ' αὐτῷ καθηγούμενος Ἀλεξάνδρου· μετὰ δὲ τὴν Φιλίππου τελευτὴν ἐπ' Εὐαινέτου ἄρχοντας ἀφικόμενος εἰς Ἀθήνας ἐσχόλαζεν ἐν Λυκείῳ χρόνον ἐτῶν δώδεκα. τῷ δὲ τρισκαιδεκάτῳ, μετὰ τὴν Ἀλεξάνδρου τελευτὴν ἐπὶ Κηφισοδώρου ἄρχοντας ἀπάρας εἰς Χαλκίδα νόσω τελευτᾷ, τρία πρὸς τοῖς ἐξήκοντα βιώσας ἔτη.

[6] Ταῦτα μὲν οὖν ἔστιν ἃ παραδεδώκασιν ἡμῖν οἱ τὸν βίον τοῦ ἀνδρὸς ἀναγράψαντες. ἃ δὲ αὐτὸς ὁ φιλόσοφος ὑπὲρ ἑαυτοῦ γράφει, πᾶσαν ἀφαιρούμενος ἐπιχείρησιν τῶν χαρίζεσθαι βουλομένων αὐτῷ τὰ μὴ προσήκοντα, πρὸς πολλοῖς «δ'» ἄλλοις ὧν οὐδὲν δέομαι μεμνησθαι κατὰ τὸ παρόν, ἃ τέθηκεν ἐν τῇ πρώτῃ βύβλῳ ταύτης τῆς πραγματείας, ὡς οὐ μειράκιον ἦν, ὅτε τὰς ῥητορικὰς συνετάττετο τέχνας, ἀλλ' ἐν τῇ κρατίστῃ γεγωνὶς ἀκμῇ καὶ προεκδεδωκῶς ἤδη τὰς τε τοπικὰς συντάξεις καὶ τὰς ἀναλυτικὰς καὶ τὰς μεθοδικὰς, τεκμήρι' ἐστὶν ἰσχυρότατα. ἀρξάμενος γὰρ τὰς ὠφελείας ἐπιδεικνύειν, ἃς περιεῖληφεν ὁ ῥητορικὸς λόγος, ταῦτα κατὰ λέξιν γράφει· «χρήσιμος δ' ἐστὶν ἡ ῥητορικὴ διὰ γε τὸ φύσει εἶναι κρείττω τάληθῇ καὶ τὰ δίκαια τῶν ἐναντίων· ὥστε ἐὰν μὴ κατὰ τὸ προσῆκον αἱ κρίσεις γίνωνται, ἀνάγκη δι' αὐτὸν ἡττᾶσθαι· τοῦτο δ' ἐστὶν ἄξιον ἐπιτιμήσεως. ἔτι δὲ πρὸς ἐνίου, οὐδ' εἰ τὴν ἀκριβεστάτην ἔχοιμεν ἐπιστήμην, ῥάδιον ἀπ' ἐκείνης πεῖσαι λέγοντας· διδασκαλία γάρ ἐστιν ὁ κατὰ τὴν ἐπιστήμην λόγος, τοῦτο δὲ ἀδύνατον· ἀλλ' ἀνάγκη διὰ τῶν κοινῶν ποιεῖσθαι τὰς πίστεις καὶ τοὺς λόγους, ὥσπερ καὶ ἐν τοῖς τοπικοῖς λέγομεν περὶ τῆς πρὸς τοὺς [7] πολλοὺς ἐντεῦξεως.» περὶ δὲ παραδειγμάτων «καὶ ἐνθυμημάτων» προελόμενος λέγειν, ὅτι τὴν αὐτὴν ταῦτ' ἔχει δύναμιν ταῖς ἐπαγωγαῖς καὶ τοῖς συλλογισμοῖς, ταῦτα περὶ τῆς ἀναλυτικῆς καὶ μεθοδικῆς πραγματείας τίθησι· «τῶν δὲ διὰ τοῦ δείκνυσθαι <ἡ> φαίνεσθαι δείκνυσθαι, καθάπερ καὶ ἐν τοῖς ἀναλυτικοῖς τὸ μὲν ἐπαγωγή ἐστι, τὸ δὲ συλλογισμός, <τὸ δὲ φαινόμενος συλλογισμός>, καὶ ἐνταῦθ' ὁμοίως· ἐστι γὰρ τὸ μὲν παράδειγμα ἐπαγωγῇ, τὸ δ' ἐνθύμημα συλλογισμός, τὸ δὲ φαινόμενον φαινόμενος συλλογισμός· καλῶ γὰρ ἐνθύμημα μὲν ῥητορικὸν συλλογισμόν, παράδειγμα δὲ ἐπαγωγὴν ῥητορικὴν· πάντες δὲ τὰς πίστεις

Ὅσα μὲν οὖν Ἀριστοτέλης ὑπὲρ ἑαυτοῦ γέγραφε μαρτυρούμενος διαρρήδην, ὅτι τὰς ῥητορικὰς τέχνας συνετάξατο πρεσβύτερος ὢν ἤδη καὶ τὰς κρατίστας συντάξεις προεκδεδωκώς, ταῦτ' ἐστίν· ἐξ ὧν ὁ προειλόμην ποιῆσαι φανερόν, ὅτι προτεροῦσιν οἱ τοῦ ῥήτορος ἀγῶνες τῶν τοῦ φιλοσόφου τεχνῶν, ἱκανῶς ἀποδεδείχθαι νομίζω· εἰ γε ὁ μὲν εἰκοστὸν καὶ πέμπτον ἔτος ἔχων ἥρξατο πολιτεύεσθαι καὶ δημηγορεῖν καὶ λόγους εἰς δικαστήρια γράφειν, ὁ δὲ κατὰ τοὺς αὐτοὺς χρόνους ἔτι συνῆν Πλάτῳ καὶ διέτριψεν ἕως ἐτῶν ἑπτὰ καὶ τριάκοντα οὔτε σχολῆς ἡγούμενος οὔτε ἰδίαν πεποικῶς αἵρεσιν.

[8] Εἰ δέ τις οὕτως ἔσται δύσερις ὥστε καὶ πρὸς ταῦτα ἀντιλέγειν, ὅτι μὲν ὕστερον ἐγράφησαν αἱ ῥητορικαὶ τέχναι τῶν ἀναλυτικῶν τε καὶ μεθοδικῶν καὶ τοπικῶν, ὁμολογῶν ἀληθὲς εἶναι, οὐδὲν δὲ κωλύειν λέγων ἀπάσας ταύτας κατεσκευακέναι τὸν φιλόσοφον τὰς πραγματείας ἔτι παιδευόμενον παρὰ Πλάτῳ, ψυχρὰν μὲν καὶ ἀπίθανον ἐπιχείρησιν εἰσάγων, βιαζόμενος δὲ τὸ κακουργότατον τῶν ἐπιχειρημάτων ποιεῖν πιθανώτερον, ὅτι καὶ τὸ μὴ εἰκὸς γίνεται ποτε εἰκός, ἀφείς ἃ πρὸς ταῦτα λέγειν εἶχον ἐπὶ τὰς αὐτοῦ τρέφομαι τοῦ φιλοσόφου μαρτυρίας, ἃς ἐν τῇ τρίτῃ βύβλῳ τῶν τεχνῶν τέθηκε περὶ τῆς μεταφορᾶς κατὰ λέξιν οὕτω γράφων· 'τῶν δὲ μεταφορῶν τεττάρων οὐσῶν, εὐδοκιμοῦσι μάλιστα αἱ κατὰ ἀναλογίαν· ὡς Περικλῆς ἔφη τὴν νεότητα τὴν ἀπολομένην ἐν τῷ πολέμῳ οὕτως ἠφανίσθαι ἐκ τῆς πόλεως, ὥσπερ εἰ τις τὸ ἔαρ ἐκ τοῦ ἐνιαυτοῦ ἐξέλῃ ... καὶ Κηφισόδοτος σπουδάζοντος Χάρητος εὐθύνας δοῦναι τῶν περὶ τὸν Ὀλυνθιακὸν πόλεμον ἡγανάκτει φάσκων αὐτὸν εἰς πνίγμα τὸν δῆμον ἀγαγόντα τὰς εὐθύνας περῆσθαι διδόναι.'

[9] Οὕτως μὲν δὴ σαφῶς αὐτὸς ὁ φιλόσοφος ἀποδεικνύει μετὰ τὸν Ὀλυνθιακὸν πόλεμον γεγραμμένας ὑπ' αὐτοῦ τὰς τέχνας. οὗτος δ' ἐπὶ Καλλιμάχου γέγονεν ἄρχοντας, ὡς δηλοῖ Φιλόχορος ἐν ἑκτῇ βύβλῳ τῆς Ἀθίδος κατὰ λέξιν οὕτω γράφων· 'Καλλιμάχος Περγασῆθεν· ἐπὶ τούτου Ὀλυνθίοις πολεμουμένοις ὑπὸ Φιλίππου καὶ πρέσβεις Ἀθήναζε πέμψασιν οἱ Ἀθηναῖοι συμμαχίαν τε ἐποιήσαντο καὶ βοήθειαν ἔπεμψαν πελταστὰς δισχιλίους, τριῆρεις δὲ τριάκοντα τὰς μετὰ Χάρητος καὶ ἃς συνεπλήρωσαν ὀκτώ.' ἔπειτα διεξελθὼν ὀλίγα τὰ μεταξὺ γενόμενα τίθησι ταυτί· 'περὶ δὲ τὸν αὐτὸν χρόνον Χαλκιδέων τῶν ἐπὶ Θράκης θλιβομένων τῷ πολέμῳ καὶ πρεσβευσαμένων Ἀθήναζε Χαρίδημον αὐτοῖς ἔπεμψαν οἱ Ἀθηναῖοι τὸν ἐν Ἑλλησπόντῳ στρατηγόν· ὃς ἔχων ὀκτωκαίδεκα τριῆρεις καὶ πελταστὰς

τετρακισχιλίους, ἵππεῖς δὲ πεντήκοντα καὶ ἑκατὸν ἦλθεν εἰς τὴν τε Παλλήνην καὶ τὴν Βοττιαίαν μετ' Ὀλυνθίων καὶ τὴν χώραν ἐπόρθησεν.' ἔπειθ' ὑπὲρ τῆς τρίτης συμμαχίας λέγει ταυτί· 'πάλιν δὲ τῶν Ὀλυνθίων πρέσβεις ἀποσπειλάντων εἰς τὰς Ἀθήνας καὶ δεομένων μὴ περιδεῖν αὐτοὺς καταπολεμηθέντας, ἀλλὰ πρὸς ταῖς ὑπαρχούσαις δυνάμεσι πέμψαι βοήθειαν μὴ ξενικὴν ἀλλ' αὐτῶν Ἀθηναίων, ἔπεμψεν αὐτοῖς ὁ δῆμος τριῆρεις μὲν ἑτέρας ἑπτακαίδεκα <καὶ> τῶν πολιτῶν ὀπλίτας δισχιλίους καὶ ἵππεῖς τριακοσίους ἐν ναυσὶν ἱππηγοῖς, στρατηγὸν δὲ Χάρητα τοῦ στόλου παντός.'

[10] Ἀπόχρη μὲν οὖν καὶ ταῦτα ῥηθέντα φανεράν ποιῆσαι τὴν φιλοτιμίαν τῶν ἀξιούντων τὰς Ἀριστοτέλους ἐζηλωκέναι τέχνας τὸν Δημοσθένη, ὃς ἤδη τέτταρας μὲν ἔτυχεν εἰρηκῶς δημηγορίας Φιλippiκᾶς, τρεῖς δὲ Ἑλληνικᾶς, πέντε δὲ λόγους δημοσίους εἰς δικαστήρια γεγραφῶς, οὓς οὐδεὶς ἂν ἔχοι διαβαλεῖν ὥς εὐτελεῖς τινας καὶ φαύλους καὶ μηδὲν ἐπιφαίνοντας τεχνικόν, ἐπειδὴ πρὸ τῶν Ἀριστοτέλους συνετάχθησαν τεχνῶν. οὐ μὴν ἔγωγε μέχρι τούτου προελθὼν στήσομαι, ἀλλὰ καὶ τοὺς ἄλλους αὐτοῦ λόγους τοὺς μάλιστ' εὐδοκιμοῦντας ἐπιδείξω τοὺς τε δημηγορικοὺς καὶ τοὺς δικανικοὺς πρότερον ἀπηγγεμένους τῆς ἐκδόσεως τούτων τῶν τεχνῶν, μάρτυρι πάλιν αὐτῷ χρώμενος Ἀριστοτέλει. μετὰ γὰρ ἄρχοντα Καλλιμάχον, ἐφ' οὗ τὰς εἰς Ὀλυνθον βοηθείας ἀπέστειλαν Ἀθηναῖοι πεισθέντες ὑπὸ Δημοσθένους, Θεόφιλος ἔστιν ἄρχων, καθ' ὃν ἐκράτησε τῆς Ὀλυνθίων πόλεως Φίλιππος. ἔπειτα Θεμιστοκλῆς, ἐφ' οὗ τὴν πέμπτην τῶν κατὰ Φιλίππου δημηγοριῶν ἀπήγγειλε Δημοσθένης περὶ τῆς φυλακῆς τῶν νησιωτῶν καὶ τῶν ἐν Ἑλλησπόντῳ πόλεων, ἧς ἔστιν ἀρχή· 'Ἄ μὲν ἡμεῖς ὧ ἄνδρες Ἀθηναῖοι δεδυνήμεθα εὐρεῖν, ταῦτ' ἐστίν.' μετὰ δὲ Θεμιστοκλέα Ἀρχίας, ἐφ' οὗ παραινεῖ τοῖς Ἀθηναίοις μὴ κωλύειν Φίλιππον τῆς Ἀμφικτυονίας μετέχειν μηδὲ ἀφορμὴν διδόναι πολέμου νεωστὶ πεπονημένους τὴν πρὸς αὐτὸν εἰρήνην· ἀρχὴ δὲ ταύτης τῆς δημηγορίας ἐστὶν ἡδε· 'Ὅρῳ μὲν ὧ ἄνδρες Ἀθηναῖοι τὰ παρόντα πράγματα.' μετὰ δὲ Ἀρχίαν ἔστιν Εὐβουλος· εἴτα Λυκίσκος, ἐφ' οὗ τὴν ἐβδόμην τῶν Φιλippiκῶν δημηγοριῶν διέθετο πρὸς τὰς ἐκ Πελοποννήσου πρεσβείας, ταύτην τὴν ἀρχὴν ποιησάμενος· 'Ὅταν ὧ ἄνδρες Ἀθηναῖοι λόγοι γίνωνται.' μετὰ Λυκίσκον ἔστιν ἄρχων Πυθόδοτος, ἐφ' οὗ τὴν ὀγδόην τῶν Φιλippiκῶν δημηγοριῶν διέθετο πρὸς τοὺς Φιλίππου πρέσβεις, ἧς ἔστιν ἀρχὴ· 'ὦ ἄνδρες Ἀθηναῖοι, οὐκ ἔστιν, ὅπως αἱ αἰτίαι', καὶ τὸν κατ' Αἰσχίνου συνετάξατο λόγον, ὅτε τὰς εὐθύνας ἐδίδου τῆς δευτέρας πρεσβείας τῆς ἐπὶ τοὺς ὅρκους. μετὰ Πυθόδοτον ἔστι Σωσιγένης, ἐφ' οὗ τὴν ἐνάτην διελήλυθεν κατὰ Φιλίππου δημηγορίαν περὶ τῶν ἐν Χερρονήσῳ στρατιωτῶν, ἵνα μὴ διαλυθῇ τὸ μετὰ Διοπείθους ξενικόν, ἀρχὴν ἔχουσαν ταύτην· 'Ἐδεῖ μὲν ὧ ἄνδρες Ἀθηναῖοι τοὺς λέγοντας ἅπαντας· καὶ κατὰ τὸν αὐτὸν ἄρχοντα τὴν δεκάτην, ἐν ἣ περᾶται διδάσκειν, ὅτι λύει τὴν εἰρήνην Φίλιππος καὶ πρότερος ἐκφέρει τὸν πόλεμον, ἧς ἔστιν ἀρχή· 'Πολλῶν ὧ ἄνδρες Ἀθηναῖοι λόγων γινομένων.' μετὰ Σωσιγένην ἄρχων ἔστι Νικόμαχος, ἐφ' οὗ τὴν ἐνδεκάτην δημηγορίαν διελήλυθε περὶ τοῦ λελυκέναι τὴν εἰρήνην Φίλιππον καὶ τοὺς Ἀθηναίους πείθει Βυζαντίους

ἀποστεῖλαι βοήθειαν, ἥς ἐστὶν ἀρχή· ‘Καὶ σπουδαῖα νομίζων ὧ ἄνδρες Ἀθηναῖοι.’ ἔπεται Νικομάχῳ Θεόφραστος ἄρχων, ἐφ’ οὗ πείθει τοὺς Ἀθηναίους γενναίως ὑπομεῖναι τὸν πόλεμον ὡς κατηγγεγκότος αὐτὸν ἤδη Φιλίππου· καὶ ἔστιν αὕτη τελευταία τῶν κατὰ Φιλίππου δημηγοριῶν, ἀρχὴν ἔχουσα ταύτην· ‘Ὅτι μὲν ὧ ἄνδρες Ἀθηναῖοι Φίλιππος οὐκ ἐποίησατο τὴν εἰρήνην πρὸς ὑμᾶς, ἀλλ’ ἀνεβάλετο τὸν πόλεμον.’

[11] ‘Ὅτι δὲ καὶ τούτους ἅπαντας τοὺς λόγους οὕς κατηρίθμηται πρὸ τῆς ἐκδόσεως τῶν Ἀριστοτέλους τεχνῶν ἀπήγγειλεν ὁ Δημοσθένης, αὐτὸν Ἀριστοτέλῃ παρέξομαι μαρτυροῦντα. ἀρξάμενος γὰρ ἐν τῇ δευτέρᾳ βύβλῳ τῶν τεχνῶν τοὺς τόπους ὀρίζειν, ἀφ’ ὧν τὰ ἐνθυμήματα φέρεται, καὶ τὸν ἐκ τοῦ χρόνου παραλαμβάνει παρατιθεὶς αὐτῷ τὰ παραδείγματα. θήσω δὲ αὐτὴν τὴν τοῦ φιλοσόφου λέξιν· ‘ἄλλος εἰς τὸν χρόνον σκοπεῖ· οἶον, ὡς ὁ Ἵφικράτης ἐν τῇ πρὸς Ἀρμόδιον, ὡς εἰ πρὶν ποιῆσαι ἡξίου τῆς εἰκόνας τυχεῖν ἐὰν ποιήσῃ, ἔδοτε ἄν· ποιήσαντι δ’ οὐ δώσετε; μὴ τοίνυν μέλλοντες μὲν ὑποσχεῖσθε, παθόντες δὲ ἀφαιρεῖσθε. καὶ πάλιν πρὸς τὸ διὰ Θηβαίων διέναι Φίλιππον εἰς τὴν Ἀττικὴν, ὅτι εἰ πρὶν βοηθῆσαι <εἰς> Φωκεῖς ἡξίου, ὑπέσχοντο ἄν· ἄτοπον οὖν εἰ, διότι προεῖτο καὶ ἐπίστευσεν, μὴ διήσουσιν.’ ὁ δὲ χρόνος οὗτος, ἐν ᾧ Φίλιππος ἡξίου Θηβαίους ἐπὶ τὴν Ἀττικὴν αὐτῷ δοῦναι δίδον ὑπομιμνήσκων τῆς ἐν τῷ πρὸς Φωκεῖς πολέμῳ γενομένης βοηθείας, ἐκ τῆς κοινῆς γίνεταί φανερός ἱστορίας. εἶχε γὰρ οὕτως· μετὰ τὴν Ὀλυνθίων ἄλωσιν ἄρχοντας Θεμιστοκλέους συνθῆκαι Φιλίππῳ πρὸς Ἀθηναίους ἐγένοντο περὶ φιλίας καὶ συμμαχίας· αὐταὶ διέμειναν ἑπταετὴ χρόνον ἄχρι Νικομάχου· ἐπὶ δὲ Θεοφράστου τοῦ μετὰ Νικόμαχον ἄρξαντος ἐλύθησαν, Ἀθηναίων μὲν Φίλιππον αἰτιωμένων ἄρχειν τοῦ πολέμου, Φιλίππου δὲ Ἀθηναίοις ἐγκαλοῦντος. τὰς δὲ αἰτίας δι’ ἃς εἰς τὸν πόλεμον κατέστησαν ἀδικεῖσθαι λέγοντες ἀμφοτέροι, καὶ τὸν χρόνον ἐν ᾧ τὴν εἰρήνην ἔλυσαν ἀκριβῶς δηλοῖ Φιλόχορος ἐν τῇ ἕκτῃ τῆς Ἀθίδος βύβλῳ. θήσω δ’ ἐξ αὐτῆς τὰ ἀναγκαιότατα· ‘Θεόφραστος Ἀλαιοῦς· ἐπὶ τούτου Φίλιππος τὸ μὲν πρῶτον ἀναπλεύσας Περίνθῳ προσέβαλεν, ἀποτυχὼν δ’ ἐντεῦθεν Βυζάντιον ἐπολιόρκει καὶ μηχανήματα προσῆγεν.’ ἔπειτα διεξελθὼν, ὅσα τοῖς Ἀθηναίοις ὁ Φίλιππος ἐνεκάλει διὰ τῆς ἐπιστολῆς, ταῦτα πάλιν κατὰ λέξιν ἐπιτίθησιν· ‘ὁ δὲ δῆμος ἀκούσας τῆς ἐπιστολῆς καὶ Δημοσθένους παρακαλέσαντος αὐτὸν πρὸς τὸν πόλεμον καὶ <τὰ> ψηφίσματα γράψαντος ἐχειροτόνησε τὴν μὲν στήλην καθελεῖν τὴν περὶ τῆς πρὸς Φίλιππον εἰρήνης καὶ συμμαχίας σταθεῖσαν, ναῦς δὲ πληροῦν καὶ τὰ ἄλλα ἐνεργεῖν τὰ τοῦ πολέμου.’ ταῦτα γράψας κατὰ Θεόφραστον ἄρχοντα γεγονέναι, τῷ μετ’ ἐκεῖνον ἐνιαυτῷ τὰ πραχθέντα μετὰ τὴν λύσιν τῆς εἰρήνης ἐπὶ Λυσιμαχίδου ἄρχοντος διεξέρχεται. θήσω δὲ καὶ τούτων αὐτὰ τὰ ἀναγκαιότατα· ‘Λυσιμαχίδης Ἀχαρνέυς· ἐπὶ τούτου τὰ μὲν ἔργα τὰ περὶ τοὺς νεωσοίκους καὶ τὴν σκευοθήκην ἀνεβάλλοντο διὰ τὸν πόλεμον τὸν πρὸς Φίλιππον· τὰ δὲ χρήματα ἐψηφίσαντο πάντ’ εἶναι στρατιωτικὰ Δημοσθένους γράψαντος. [12] ἐτέραν προσθήσω μαρτυρίαν παρὰ τοῦ φιλοσόφου λαβὼν, ἐξ ἧς ἔτι μᾶλλον ἔσται φανερόν, ὅτι μετὰ τὸν πόλεμον τὸν συμβάντα τοῖς Ἀθηναίοις πρὸς Φίλιππον αἱ ῥητορικαὶ συνετάχθησαν ὑπ’ αὐτοῦ τέχναι, Δημοσθένους ἀκμάζοντος ἤδη κατὰ τὴν πολιτείαν καὶ πάντας εἰρηνότους τοὺς τε δημηγορικοὺς καὶ τοὺς δικανικοὺς λόγους, ὦν ὀλίγῳ πρότερον ἐμνήσθην. διεξιὼν γὰρ τοὺς τόπους τῶν ἐνθυμημάτων ὁ φιλόσοφος καὶ τὸν ἐκ τῆς αἰτίας τίθησι· παρέξομαι δὲ τὴν ἐκείνου λέξιν· ‘ἄλλος παρὰ τὸ ἀναίτιον <ὥς αἴτιον>, οἷον τῷ ἅμα ἢ μετὰ τοῦτο γεγονέναι. τὸ γὰρ μετὰ τοῦτο <ὥς διὰ τοῦτο> λαμβάνουσι, καὶ μάλιστα ἐν ταῖς πολιτείαις· ὥς ὁ Δημάδης τὴν Δημοσθένους πολιτείαν πάντων τῶν κακῶν αἰτίαν· μετ’ ἐκεῖνο γὰρ ‘. Ποίους οὖν ὁ Δημοσθένης κατεσκεύασεν ἀγῶνας ταῖς Ἀριστοτελείοις

τέχναις ὁδηγοῖς χρῆσάμενος, εἰ πάντες οἱ δημόσιοι λόγοι, δι' οὓς ἐπαινεῖται τε καὶ θαυμάζεται, πρὸ τοῦ πολέμου γεγόνασιν, ὥς πρότερον ἐπέδειξα, πλὴν ἐνὸς τοῦ περὶ τοῦ στεφάνου; οὗτος γὰρ μόνος εἰς δικαστήριον εἰσελήλυθεν μετὰ τὸν πόλεμον ἐπ' Ἀριστοφῶντος ἄρχοντος <ὀγδόω> μὲν ἐνιαυτῷ μετὰ τὴν ἐν Χαιρωνείᾳ μάχην, ἔκτω δὲ μετὰ τὴν Φιλίππου τελευτήν, καθ' ὃν χρόνον Ἀλέξανδρος τὴν ἐν Ἀρβήλοις ἐνίκα μάχην.

Εἰ δέ τις ἐρεῖ τῶν πρὸς ἅπαντα φιλονεικούντων, ὅτι τοῦτον ἴσως ἔγραψε τὸν λόγον ταῖς Ἀριστοτέλους ἐντετευχῶς τέχναις, τὸν κράτιστον ἀπάντων <τῶν> λόγων, πολλὰ πρὸς αὐτὸν εἰπεῖν ἔχων, ἵνα μὴ μακρότερος τοῦ δέοντος ὁ λόγος γένηται μοι, καὶ τοῦτον ἐπιδείξιν ὑπισχνοῦμαι τὸν ἀγῶνα πρὸ τῶν Ἀριστοτέλους τεχνῶν ἐπιτετελεσμένων αὐτῷ χρῆσάμενος τῷ φιλοσόφῳ μάρτυρι. προθεῖς γὰρ τόπον ἐνθυμημάτων τὸν ἐκ τῶν πρὸς ἄλληλα, ταῦτα κατὰ λέξιν γράφει· 'ἄλλος ἐκ τῶν πρὸς ἄλληλα· εἰ γὰρ θατέρω <ὕπάρχει τὸ καλῶς ἢ δικαίως ποιῆσαι, θατέρω> τὸ πεπονθέναι, καὶ εἰ κελεῦσαι, καὶ τὸ πεποιηκέναι· οἷον ὡς ὁ τελώνης ὁ Διομέδων· εἰ γὰρ μὴδ' ὑμῖν αἰσχρὸν τὸ πωλεῖν, οὐδὲ ἡμῖν τὸ ὠνεῖσθαι. καὶ εἰ τῷ πεπονθότι <τὸ> καλῶς καὶ δικαίως ὑπάρχει, τῷ πεπραγμένῳ ὑπάρξει καὶ τῷ ποιήσαντι ἢ ποιοῦντι. ἔστι δὲ τοῦτο παραλογίσασθαι· οὐ γὰρ εἰ δικαίως ἔπαθεν, ἅμα καὶ δικαίως ὑπὸ τούτου πέπονθε. διὸ δεῖ σκοπεῖν χωρὶς, εἰ ἄξιος ὁ παθὼν παθεῖν καὶ ὁ ποιήσας ποιῆσαι, εἴτα χρῆσθαι ὁποτέρως ἂν ἀρμότῃ. ἐνίστε γὰρ διαφωνεῖ τὸ τοιοῦτον, ὥσπερ ἐν τῷ Ἀλκμαίῳ τῷ Θεοδέκτῳ ... καὶ οἷον ἢ περὶ Δημοσθένους δίκη καὶ τῶν ἀποκτεινάντων Νικάνορα.' Τίς οὖν ἔστιν ἡ Δημοσθένους δίκη [καὶ τῶν ἀποκτεινάντων Νικάνορα] περὶ ἧς ὁ φιλόσοφος γέγραπεν, ἐν ἧ τὸ κυριώτατον τῆς ἀμφισβήτησεως κεφάλαιον ἦν ἐκ τοῦ πρὸς ἄλληλα τόπου; ἢ πρὸς Αἰσχίνην ὑπὲρ Κτησιφῶντος τοῦ παρασχόντος Δημοσθένει τὸ περὶ τοῦ στεφάνου ψήφισμα καὶ τὴν τῶν παρανόμων φεύγοντος γραφὴν· ἐν ταύτῃ γὰρ τὸ ζητούμενον ἦν οὐ τὸ κοινόν, εἰ τιμῶν καὶ στεφάνων ἄξιος ἦν Δημοσθένης ἐπιδουὺς ἐκ τῶν ιδίων κτημάτων τὴν εἰς τὰ τεῖχη δαπάνην, ἀλλ' εἰ καθ' ὃν χρόνον ὑπεύθυνος ἦν, κωλύοντος τοῦ νόμου τοὺς ὑπευθύνους στεφανοῦν. τὸ γὰρ ἐκ τῶν πρὸς ἄλληλα τοῦτ' ἔστιν, εἰ ὥσπερ τῷ δήμῳ τὸ δοῦναι, οὕτως καὶ τῷ ὑπευθύνῳ τὸ λαβεῖν τὸν στέφανον ἐξῆν. ἐγὼ μὲν οὖν ταύτης οἶομαι τῆς δίκης μεμνησθαι τὸν Ἀριστοτέλη. εἰ δέ τις ἐρεῖ, ὅτι περὶ τῆς τῶν δώρων, ἦν ἐπ' Ἀντικλέους ἄρχοντος ἀπελογήσατο περὶ τὴν Ἀλεξάνδρου τελευτήν, πολλῷ νεωτέρας ἔτι ποιήσει τὰς Ἀριστοτέλους τέχνας τῶν Δημοσθένους ἀγώνων.

Ἀλλὰ γὰρ ὅτι μὲν οὐχ ὁ ῥήτωρ παρὰ τοῦ φιλοσόφου τὰς τέχνας παρέλαβεν αἷς τοὺς θαυμαστοὺς ἐκείνους κατεσκεύασε λόγους, ἀλλὰ τοῦναντίον τὰ Δημοσθένους καὶ τὰ τῶν ἄλλων ῥητόρων ἔργα παραθέμενος Ἀριστοτέλης ταύτας ἔγραψε τὰς τέχνας, ἱκανῶς ἀποδεδεῖχθαι νομίζω.

ΔΙΟΝΥΣΙΟΣ ΑΜΜΑΙΩΙ ΤΩΙ ΦΙΛΑΤΑΤΩΙ ΧΑΙΡΕΙΝ

[1] Ἐγὼ μὲν ὑπελάμβανον ἀρκούντως δεδηλωκέναι τὸν Θουκυδίδου χαρακτήρα, τὰ μέγιστα καὶ κυριώτατα τῶν ὑπαρχόντων περὶ αὐτὸν ἰδιωμάτων ἐπεξελθόν, ἐν οἷς γε δὴ μάλιστα διαφέρειν ἔδοξέν μοι τῶν πρὸ αὐτοῦ ῥητόρων τε καὶ συγγραφέων, πρότερον μὲν ἐν τοῖς περὶ τῶν ἀρχαίων ῥητόρων πρὸς τὸ σὸν ὄνομα συνταχθεῖσιν ὑπομνηματισμοῖς, ὀλίγοις <δὲ> δὴ πρόσθεν χρόνοις ἐν τῇ περὶ αὐτοῦ τοῦ Θουκυδίδου κατασκευασθείσῃ γραφῇ προσειπὼν τὸν Αἴλιον Τουβέρωνα, ἐν ᾗ πάντα τὰ δεόμενα λόγου μετὰ τῶν οἰκείων ἀποδείξεων διεξελέλυσθα κατὰ τὴν ἐμαυτοῦ δύναμιν· σοῦ δὲ ὑπολαμβάνοντος ἦττον ἠκριβῶσθαι τὰς γραφάς, ἐπειδὴ προεκθέμενος ἅπαντα τὰ συμβεβηκότα τῷ χαρακτήρι τότε τὰς περὶ αὐτῶν πίστεις παρέχομαι, ἀκριβεστέραν δὲ τὴν δήλωσιν τῶν ἰδιωμάτων τοῦ χαρακτήρος ἔσεσθαι νομίζοντος, εἰ παρὰ μίαν ἐκάστην τῶν προθέσεων τὰς λέξεις τοῦ συγγραφέως παραπιθεῖην, ὃ οἱ τὰς τέχνας καὶ τὰς εἰσαγωγὰς τῶν λόγων πραγματευόμενοι ποιοῦσιν, προελόμενος εἰς μηδὲν ἑλλείπειν καὶ τοῦτο πεποίηκα, τὸ διδασκαλικὸν σχῆμα λαβὼν ἀντὶ τοῦ ἀποδεικτικοῦ.

[2] Ἵνα δὲ εὐπαρακολούθητος ὁ λόγος σοι γένηται, προθεῖς κατὰ λέξιν, ὅσα περὶ τοῦ συγγραφέως τυγχάνω προειρηκώς, ἐπιτροχάδην ἀναλήψομαι τῶν προθέσεων ἐκάστην καὶ τὰς ἀποδείξεις παρέξομαι, καθάπερ ἤξious. ἔπεται δὲ τοῖς περὶ Ἡροδότου γραφεῖσιν τὰ μέλλοντα δηλοῦσθαι. τούτῳ γὰρ Θουκυδίδης τῷ ἀνδρὶ ἐπιβαλὼν καὶ τοῖς ἄλλοις ὧν πρότερον ἐμνήσθην, καὶ συνιδὼν, ἃς ἕκαστος αὐτῶν ἔσχεν ἀρετάς, ἰδίον τι γένος χαρακτήρος, οὔτε πεζὸν αὐτοτελῶς οὔτ' ἔμμετρον ἀπηρτισμένως, κοινὸν δέ τι καὶ μικτὸν ἐξ ἀμφοῖν ἐργασάμενος εἰς τὴν ἱστορικὴν πραγματείαν ἐσπούδασεν εἰσαγαγεῖν· ἐπὶ μὲν τῆς ἐκλογῆς τῶν ὀνομάτων τὴν τροπικὴν καὶ γλωττηματικὴν καὶ ἀπηρχαιωμένην καὶ ξένην λέξιν παραλαμβάνων πολλάκις ἀντὶ τῆς κοινῆς καὶ συνήθους τοῖς καθ' ἑαυτὸν ἀνθρώποις, ἐπὶ δὲ τῶν σχηματισμῶν, ἐν οἷς μάλιστα ἐβουλήθη διενεγκεῖν τῶν πρὸ αὐτοῦ, πλείστην εἰσενεγκάμενος πραγματείαν, τοτὲ μὲν λόγον ἐξ ὀνόματος ποιῶν, τοτὲ δὲ εἰς ὄνομα συνάγων τὸν λόγον· καὶ νῦν μὲν τὸ ῥηματικὸν ὀνοματικῶς ἐκφέρων, αὐθις δὲ τοῦνομα ῥῆμα ποιῶν· καὶ αὐτῶν γε τούτων ἀναστρέφων τὰς χρήσεις, ἵνα τὸ μὲν ὀνοματικὸν <προσηγορικὸν γένηται, τὸ δὲ προσηγορικὸν ὀνοματικῶς> λέγεται, καὶ τὰ μὲν παθητικὰ ῥήματα δραστήρια, τὰ δὲ δραστήρια παθητικά· πληθυντικῶν δὲ καὶ ἐνικῶν ἀλλάττων τὰς φύσεις καὶ ἀντικατηγορῶν ταῦτα ἀλλήλων, θηλυκὰ τ' ἀρρενικοῖς καὶ ἀρρενικὰ θηλυκοῖς καὶ οὐδέτερα τούτων τισὶν συνάπτων, ἐξ ὧν ἢ κατὰ φύσιν ἀκολουθία πλανᾶται· τὰς δὲ <τῶν> ὀνοματικῶν ἢ μετοχικῶν πτώσεις τοτὲ μὲν πρὸς τὸ σημαινόμενον ἀπὸ τοῦ σημαίνοντος ἀποστρέφων, τοτὲ δὲ πρὸς τὸ <σημαῖνον ἀπὸ τοῦ> σημαινομένου· ἐν δὲ τοῖς

συνδετικοῖς καὶ τοῖς προθετικοῖς μορίοις καὶ ἔτι μᾶλλον ἐν τοῖς διαρθροῦσι τὰς τῶν ὀνομάτων δυνάμεις ποιητοῦ τρόπον ἐνεξουσιάζων. πλεῖστα δ' ἂν τις εὖροι παρ' αὐτῷ τῶν σχημάτων, προσώπων τε ἀποστροφᾶς καὶ χρόνων ἐναλλαγᾶς καὶ τροπικῶν σημειώσεων μεταφοραῖς ἐξηλλαγμένα καὶ σολοικισμῶν λαμβάνοντα φαντασίας· ὅποσα τε γίνεται πράγματα ἀντὶ σωμάτων ἢ σώματα ἀντὶ πραγμάτων, καὶ ἐφ' ὧν ἐνθυμημάτων τε καὶ νοημάτων αἱ μεταξὺ παρεμπτώσεις πολλαὶ γινόμεναι διὰ μακροῦ τὴν ἀκολουθίαν κομίζονται, τὰ τε σκολιὰ καὶ πολὺπλοκα καὶ δυσεξέλικτα καὶ τὰ ἄλλα τὰ συγγενῇ τούτοις. εὖροι δ' ἂν τις οὐκ ὀλίγα καὶ τῶν θεατρικῶν σχημάτων κείμενα παρ' αὐτῷ, τὰς παρισώσεις λέγω καὶ παρομοιώσεις καὶ παρονομασίας καὶ ἀντιθέσεις, ἐν αἷς ἐπλεόνασε Γοργίας ὁ Λεοντῖνος καὶ οἱ περὶ Πῶλον καὶ Λικύμνιον καὶ πολλοὶ ἄλλοι τῶν κατ' αὐτὸν ἀκμασάντων. ἐκδηλότατα δὲ αὐτοῦ καὶ χαρακτηριστικώτατά ἐστι τό τε πειρᾶσθαι δι' ἐλαχίστων ὀνομάτων πλεῖστα σημαίνειν πράγματα καὶ πολλὰ συντιθέναι νοήματα εἰς ἓν καὶ <τὸ> ἔτι προσδεχόμενόν τι τὸν ἀκροατὴν ἀκούσεσθαι καταλιπεῖν, ὅφ' ὧν ἀσαφές γίνεται τὸ βραχύ. ἵνα δὲ συνελὼν εἴπω, τέσσαρα μὲν ἐστὶν ὥσπερ ὄργανα τῆς Θουκυδίδου λέξεως, τὸ ποιητικὸν τῶν ὀνομάτων, τὸ πολυειδές τῶν σχημάτων, τὸ τραχὺ τῆς ἁρμονίας, τὸ τάχος τῆς σημασίας· χρώματα δὲ αὐτῆς τό τε στριφνὸν καὶ τὸ πικρὸν καὶ τὸ πυκνὸν καὶ τὸ αὐστηρὸν καὶ τὸ ἐμβριθές καὶ τὸ δεινὸν καὶ φοβερόν, ὑπὲρ ἅπαντα δὲ αὐτοῦ ταῦτα τὸ παθητικόν. τοιούτοσι μὲν δὴ τίς ἐστὶν ὁ Θουκυδίδης κατὰ τὸν τῆς λέξεως χαρακτῆρα, ὧ παρὰ τοὺς ἄλλους διήνεγκεν.

[3] Γλωσσηματικὰ μὲν οὖν καὶ ἀπρηχαιωμένα καὶ δυσεῖκαστα τοῖς πολλοῖς ἐστὶ τό τε ἀκραιφνές καὶ ὁ ἐπιλογισμὸς καὶ ἡ περιωπὴ καὶ ἡ ἀνακωχή καὶ τὰ ὅμοια τούτοις. ποιητικὰ δὲ ἢ τε κωλύμη καὶ ἡ πρέσβευσις καὶ ἡ καταβολή καὶ ἡ ἀχθηδὼν καὶ ἡ δικαίωσις καὶ τὰ παραπλήσια.

ἢ δ' ἐν τοῖς σχηματισμοῖς καινότης τε καὶ πολυτροπία καὶ ἡ ἐξαλλαγὴ τῆς συνήθους χρήσεως, ἐν ἧ μάλιστα διαφέρειν αὐτὸν ἡγούμεθα τῶν ἄλλων, ἐπὶ τούτων γίνεσθαι τῶν ἔργων φανερά· [4] ὅταν μὲν οὖν μίαν λέξιν εἴτε ὀνομαστικὴν εἴτε ῥηματικὴν ἐν πλείοσιν ὀνόμασιν ἢ ῥήμασιν ἐκφέρῃ περιφράζων τὴν αὐτὴν νόησιν, τοιαύτην ποιεῖ τὴν λέξιν· 'ἦν γὰρ ὁ Θεμιστοκλῆς βεβαιότατα διὰ φύσεως ἰσχυρὴν δηλώσας καὶ διαφερόντως τι ἐς αὐτὸ μᾶλλον ἐτέρου ἄξιος θαυμάσαι.' καὶ μὴν ἐν τῷ ἐπιταφίῳ γέγραπεν· 'οὐδ' αὖ κατὰ πενίαν, ἔχων δὲ τι ἀγαθὸν δρᾶσαι τὴν πόλιν, ἀξιώματος ἀφανεία κεκώλυται'· καὶ γὰρ ἐν τούτοις τὸ σύντομον ποιεῖ τὸν λόγον τοιοῦτον, ὡς ἐπὶ τοῦ Λακεδαιμονίου Βρασίδα τέθηκεν, ὅτε μαχόμενος περὶ Πύλον ἀπὸ τῆς νεῶς τραυματίας γενόμενος ἐξέπεσεν· 'πεσόντος δὲ αὐτοῦ' φησὶν 'εἰς τὴν παρεξιρεσίαν ἢ ἀσπὶς περιερρύη.' βούλεται γὰρ δηλοῦν· 'πεσόντος δὲ αὐτοῦ ἔξω τῆς νεῶς ἐπὶ τὰ προέχοντα μέρη τῆς εἰρεσίας' [εἰς θάλατταν].

[5] Ἐν οἷς δὲ τὰ ῥηματικὰ μόρια τῆς λέξεως ὀνομαστικῶς σχηματίζει, τοιαύτην ποιεῖ τὴν φράσιν· ἐστὶν δὲ αὐτῷ πρὸς Ἀθηναίους ὁ Κορίνθιος ἐν τῇ πρώτῃ βύβλῳ τάδε λέγων· 'δικαιώματα μὲν οὖν τάδε πρὸς ὑμᾶς ἔχομεν,

παραΐνεσιν δὲ καὶ ἀξίωσιν χάριτος τοιάνδε.’ τὸ γὰρ παραινεῖν καὶ ἀξιοῦν ῥήματα ὄντα ὀνομαστικὰ γέγονεν παραΐνεσις καὶ ἀξίωσις. ταύτης ἐστὶ τῆς ιδέας ἢ τε οὐκ ἀποτείχισις τοῦ Πλημμυρίου ἢ ἐν τῇ ἐβδόμῃ βύβλῳ «καὶ ἡ ὀλόφυρσις ἦν ἐν τῇ πρώτῃ βύβλῳ» τέθηκεν ἐν δημηγορίᾳ. τὸ γὰρ ἀποτείχισαι καὶ τὸ ὀλοφύρασθαι ῥηματικὰ ὄντα ὀνομαστικῶς ἐσχημάτικεν ἀποτείχισιν καὶ ὀλόφυρσιν.

[6] Ὅταν δὲ ἀντιστρέψας ἐκατέρου τούτων τὴν φύσιν τὰ ὀνόματα ποιῇ ῥήματα, τοῦτον τὸν τρόπον ἐκφέρει τὴν λέξιν, ὡς ἐν τῇ πρώτῃ βύβλῳ περὶ τῆς αἰτίας τοῦ πολέμου γράφει· «τὴν μὲν οὖν ἀληθεστάτην αἰτίαν, λόγῳ δὲ ἀφανεστάτην, τοὺς Ἀθηναίους οἶομαι μεγάλους γινομένους ἀναγκάσαι εἰς τὸ πολεμεῖν.» βούλεται γὰρ δηλοῦν, ὅτι μεγάλοι γιγνόμενοι οἱ Ἀθηναῖοι ἀνάγκην παρέσχον τοῦ πολέμου· πεποίηκεν δὲ ἀντὶ τῆς ἀνάγκης καὶ τοῦ πολέμου ὀνομαστικῶν ὄντων ῥηματικὰ τό τε ἀναγκάσαι καὶ τὸ πολεμεῖν.

[7] Ὅταν δὲ τῶν ῥημάτων ἀλλάττῃ τὰ εἶδη τῶν παθητικῶν καὶ ποιητικῶν, οὕτω σχηματίζει τὸν λόγον· «οὔτε γὰρ ἐκεῖνο κωλύει ταῖς σπονδαῖς οὔτε τόδε.» τὸ γὰρ κωλύει ῥῆμα ἐνεργητικὸν ὑπάρχον ἀντὶ τοῦ κωλύεται παθητικοῦ ὄντος παρείληπται· ἦν δὲ τὸ σημαινόμενον ὑπὸ τῆς λέξεως τοιοῦτο· «οὔτε γὰρ ἐκεῖνο κωλύεται ταῖς σπονδαῖς οὔτε τόδε.» καὶ ἔτι τὰ ἐν τῷ προοιμίῳ λεγόμενα· «τῆς γὰρ ἐμπορίας οὐκ οὔσης, οὐδ’ ἐπιμιγνύντες ἀδεῶς ἀλλήλοις·» καὶ γὰρ «ἐν» τούτοις τὸ ἐπιμιγνύντες ἐνεργητικὸν ὑπάρχον ῥῆμα τοῦ ἐπιμιγνύμενοι παθητικοῦ ὄντος χώραν ἐπέχει.

[8] Ὅταν δὲ ἀντὶ τοῦ ποιητικοῦ τὸ παθητικὸν παραλαμβάνῃ, τοῦτον σχηματίζει τὸν τρόπον· «ἡμῶν δὲ ὅσοι μὲν Ἀθηναίοις ἤδη ἐνηλλάγησαν·» βούλεται μὲν γὰρ δηλοῦν· «ἡμῶν δὲ ὅσοι μὲν Ἀθηναίοις συνήλλαξαν», παρείληφεν δὲ τὸ ἐνηλλάγησαν παθητικὸν ὑπάρχον ἀντὶ ποιητικοῦ τοῦ συνήλλαξαν. καὶ τὸ ἐπιφερόμενον τούτῳ· «τοὺς δ’ ἐν τῇ μεσογείᾳ μᾶλλον κατωκημένους·» ἀντὶ γὰρ τοῦ ποιητικοῦ ῥήματος τοῦ κατωκηκός τας τὸ παθητικὸν παρείληφεν τὸ κατωκημένους.

[9] Παρὰ δὲ τὰς τῶν ἐνικῶν τε καὶ πληθυντικῶν διαφοράς, ὅταν ἐναλλάττῃ τὴν ἐκατέρου τούτων τάξιν, ἐνικὰ μὲν ἀντὶ πληθυντικῶν οὕτως ἐκφέρει· «καὶ εἴ τῳ ἄρα παρέστηκεν τὸν μὲν Συρακόσιον, αὐτὸν δὲ οὐ πολέμιον εἶναι τῷ Ἀθηναίῳ·» βούλεται μὲν γὰρ τοὺς Συρακοσίους λέγειν καὶ τοὺς Ἀθηναίους, πεποίηκεν δὲ τῶν ὀνομάτων ἐκάτερον ἐνικόν. καὶ ἐν οἷς φησιν· «καὶ τὸν πολέμιον δεινότερον ἔξομεν, μὴ ῥαδίας αὐτῷ πάλιν οὔσης τῆς ἀναχωρήσεως·» τοὺς γὰρ πολέμιους ἐσχημάτικεν ἐνικῶς, οὐχὶ πληθυντικῶς. Ἀντὶ δὲ τοῦ ἐνικοῦ τὸ πληθυντικὸν παραλαμβάνει τοῦτον τὸν τρόπον ἐξαλλάττων τὴν συνήθη φράσιν· κεῖται δὲ ἡ λέξις «ἐν» τῷ προοιμίῳ τοῦ ἐπιταφίου· «μέχρι γὰρ τοῦδε ἀνεκτοὶ οἱ ἔπαινοί εἰσιν περὶ ἐτέρων λεγόμενοι, ἐς ὅσον ἂν καὶ αὐτὸς ἕκαστος οἴηται ἱκανὸς εἶναι δρᾶσαι τι ὧν ἤκουσεν·» τὸ γὰρ ἕκαστος καὶ τὸ ἤκουσεν ἐνικὰ, τὰ δ’ ἐπιφερόμενα τούτοις πληθυντικῶς ἐξενήνεκται· «τῷ δὲ ὑπερβάλλοντι αὐτὸν φθονοῦντες ἤδη καὶ ἀπιστοῦσιν·» οὐ καθ’ ἑνὸς λέγεσθαι πεφύκασιν, ἀλλὰ κατὰ πολλῶν.

[10] Ἀρρενικῶν δὲ καὶ θηλυκῶν καὶ οὐδετέρων ἀντιμετατάξεις

ἐκβεβηκυῖαι τῶν συνήθων σχημάτων αἱ τοιαῖδε εἰσίν, ὅταν τὴν μὲν παραγῇν τάραχον καλῇ τὸ θηλυκὸν ἐκφέρων ἀρρενικῶς καὶ τὴν ὄχλησιν ὄχλον, τὴν δὲ βούλησιν καὶ τὴν δύναμιν τὸ βουλόμενον λέγῃ καὶ τὸ δυνάμενον· ὡς ἐπὶ τῶν Ἀθηναίων τέθηκεν, ὅτε τὴν εἰς Σικελίαν ἀπέστελλον στρατιάν· ‘οἱ δὲ Ἀθηναῖοι τὸ μὲν βουλόμενον οὐκ ἀφηρέθησαν ὑπὸ τοῦ ὀχλῶδους τῆς παρασκευῆς’, καὶ ἐν οἷς περὶ τῶν Θεσσαλῶν εἴρηκεν· ‘ὥστε εἰ μὴ δυναστεία μᾶλλον ἢ ἰσονομία ἐχρῶντο τῷ ἐπιχωρίῳ οἱ Θεσσαλοί’· καὶ γὰρ ἐνταῦθα οὐδέτερον πεποίηκεν τὸ θηλυκόν· ἦν δὲ τὸ σημαινόμενον ὑπὸ τῆς λέξεως τοιόνδε· ‘ὥστε εἰ μὴ δυναστεία μᾶλλον ἢ ἰσονομία ἐχρῶντο τῇ ἐπιχωρίῳ οἱ Θεσσαλοί.’

[11] Ἐν οἷς δὲ τὰς πτώσεις τῶν ὀνομάτων καὶ τῶν προσηγοριῶν καὶ τῶν μετοχῶν καὶ <τῶν> συναπτομένων τοῦτοις ἄρθρων ἐξαλλάττει τοῦ συνήθους, οὕτως σχηματίζει [τῇ φράσει]· ‘σωφροσύνην γὰρ λαβοῦσαι αἱ πόλεις καὶ ἄδειαν τῶν πρassoμένων ἐχώρησαν ἐπὶ τὴν ἀντικρυς ἐλευθερίαν, τῆς ἀπὸ τῶν Ἀθηναίων ὑποῦλου εὐνομίας οὐ προτιμήσαντες.’ οἱ μὲν γὰρ ἀκολούθως τῇ κοινῇ συνθηεῖα σχηματίζοντες τὴν φράσιν τῷ τε θηλυκῷ γένει τῆς προσηγορίας τὸ θηλυκὸν ἂν ἐξευξαν μόριον, καὶ τὴν πτῶσιν [τῆς μετοχῆς] τὴν αἰτιατικὴν <ἀν> ἀντὶ τῆς γενικῆς ἔταξαν τὸν τρόπον τόνδε· ‘σωφροσύνην γὰρ λαβοῦσαι αἱ πόλεις καὶ ἄδειαν τῶν πρassoμένων ἐχώρησαν ἐπὶ τὴν ἀντικρυς ἐλευθερίαν, τὴν ἀπὸ τῶν Ἀθηναίων ὑποῦλον εὐνομίαν οὐ προτιμήσασαι.’ οἱ δὲ τὰ ἀρρενικὰ τοῖς θηλυκοῖς συντάττοντες, ὥσπερ οὗτος πεποίηκεν, <καὶ> τὰς γενικὰς ἀντὶ τῶν αἰτιατικῶν πτώσεων παραλαμβάνοντες σολοικίζειν ἂν ὑφ’ ἡμῶν λέγοντο. καὶ ἔτι τὰ τοιαῦτα· ‘καὶ μὴ τῷ πλήθει αὐτῶν καταπλαγέντες’· οὐ γὰρ ἐπὶ τῆς δοτικῆς πτώσεως ἐσχηματίσθαι τὴν λέξιν ἤρμοττεν, ἀλλ’ ἐπὶ τῆς αἰτιατικῆς· ‘καὶ μὴ τὸ πλήθος τῶν πολεμίων καταπλαγέντες.’ οὐδὲ γὰρ ‘τῇ παρὰ τῶν θεῶν ὀργῇ φοβεῖσθαι’ λέγοιτ’ ἂν τις, ἀλλὰ ‘τὴν τῶν θεῶν ὀργήν.’

[12] Ἡ δὲ παρὰ τοὺς χρόνους τῶν ῥημάτων ἐκβεβηκυῖα τὸ κατάλληλον φράσις τοιαύτη τίς ἐστι· ‘καίτοι εἰ ῥαθυμία μᾶλλον ἢ πόνων μελέτη, καὶ μὴ μετὰ νόμων τὸ πλεόν ἢ τρόπων ἀνδρείας ἐθέλοιμεν κινδυνεύειν, περιγίνεται ἡμῖν τοῖς τε μέλλουσιν ἀλγεινοῖς μὴ προκαμνεῖν καὶ ἐς αὐτὰ ἐλθοῦσι μὴ ἀτολμοτέροις τῶν αἰεὶ μοχθοῦντων φαίνεσθαι’· ἐνταῦθα γὰρ τὸ μὲν ἐθέλοιμεν ῥῆμα τοῦ μέλλοντός ἐστι χρόνου δηλωτικόν, τὸ δὲ περιγίνεται τοῦ παρόντος. ἀκόλουθον δ’ ἂν ἦν, εἰ συνέζευξεν τῷ ἐθέλοιμεν τὸ περιέσται ‘τοῦ τε γὰρ χωρίου τὸ δυσέμβατον ἡμέτερον νομίζω, ὃ μενόντων μὲν ἡμῶν σύμμαχον γίνεται· ὑποχωρήσασι δὲ καίπερ χαλεπὸν ὄν εὐπορον ἔσται.’ τὸ μὲν γὰρ γίνεται τοῦ παρόντος ἐστὶ, τὸ δὲ ἔσται τοῦ μέλλοντος χρόνου δηλωτικόν. γέγονεν δὲ καὶ παρὰ τὰς πτώσεις σχηματισμὸς ἀκατάλληλος· ἐπὶ μὲν γὰρ τῆς γενικῆς πτώσεως ἐξενήνοχεν τό τε μετοχικὸν ὄνομα τὸ μενόντων καὶ <τὸ> ἀντονομαστικόν τὸ ἡμῶν, ἐπὶ δὲ τῆς δοτικῆς τὸ ὑποχωρήσασιν· οἰκειότερον δ’ ἦν καὶ τοῦτο κατὰ τὴν αὐτὴν ἐξενηνέχθαι πτῶσιν.

[13] Ὅταν δὲ πρὸς τὸ σημαῖνον ἀπὸ τοῦ σημαιομένου πράγματος τὴν

ἀποστροφὴν ποιῆται ἢ πρὸς τὸ σημαίνόμενον ἀπὸ τοῦ σημαίνοντος, οὕτως σχηματίζει τὸν λόγον· ‘τῶν δὲ Συρακοσίων ὁ δῆμος ἐν πολλῇ πρὸς ἀλλήλους ἔριδι ἦσαν’· προθεὶς γὰρ ἐνικὸν ὄνομα τὸν δῆμον ἀπέστρεψεν ἀπὸ τοῦτου τὸν λόγον ἐπὶ τὸ σημαίνόμενον πρᾶγμα πληθυντικὸν ὑπάρχον, τοὺς Συρακοσίους. καὶ αὖθις· ‘Λεοντῖνοι γὰρ ἀπελθόντων Ἀθηναίων ἐκ Σικελίας μετὰ τὴν σύμβασιν πολίτας τε ἐπεγράψαντο πολλοὺς καὶ ὁ δῆμος ἐπενόει τὴν γῆν ἀναδάσασθαι’· ἀπὸ γὰρ τοῦ πληθυντικοῦ ὀνόματος τοῦ Λεοντῖνοι ἀπέστρεψεν τὸν λόγον ἐπὶ τὸ ἐνικὸν ὄνομα τὸν δῆμον.

[14] Πρόσωπα δὲ παρ’ αὐτῷ τὰ πράγματα γίνεται, καθά περ ἐν τῇ Κορινθίων πρὸς Λακεδαιμονίους δημηγορίᾳ γέγονεν· ἀξίων γὰρ ὁ Κορίνθιος τοὺς προεστηκότας τῆς Πελοποννήσου φυλάττειν αὐτῆς τὸ ἀξίωμα πρὸς τὰς ἔξω πόλεις, οἷον παρὰ τῶν πατέρων παρέλαβον, ταῦτα λέγει· ‘πρὸς τὰδε βουλευέσθε εὔ, καὶ τὴν Πελοπόννησον πειρᾶσθε μὴ ἐλάσσον’ ἐξηγεῖσθαι ἢ οἱ πατέρες ὑμῖν παρέδοσαν’· τὸ γὰρ ἐξηγεῖσθαι νῦν τέθηκεν ἐπὶ τοῦ προάγειν ἔξω τὴν Πελοπόννησον ἡγουμένους αὐτῆς· τοῦτο δὲ τῇ χώρᾳ μὲν ἀδύνατον ἦν συμβῆναι, τῇ δὲ δόξῃ καὶ τοῖς πράγμασιν τοῖς περὶ αὐτὴν ὑπάρχουσιν δυνατόν, καὶ βούλεται τοῦτο δηλοῦν.

Πράγματα δὲ ἀντὶ σωμάτων τὰ τοιαῦτα ὑπ’ αὐτοῦ γίνεται· λέγεται δὲ ὑπὸ τοῦ Κορινθίων πρεσβευτοῦ πρὸς Λακεδαιμονίους συγκρίνοντος τὰ τε Ἀθηναίων καὶ Λακεδαιμονίων· ‘οἱ μὲν γε νεωτεροποιοὶ καὶ ἐπινοῆσαι ὀξεῖς καὶ ἐπιτελέσαι ἔργῳ ὃ ἂν γνῶσιν· ὑμεῖς δὲ τὰ ὑπάρχοντά τε σώζειν καὶ ἐπιγνῶναι μηδὲν καὶ ἔργῳ οὐδὲ τὰ ἀναγκαῖα ἐξικέσθαι’· μέχρι μὲν οὖν τούτων τὸ σχῆμα τῆς λέξεως σώζει τὴν ἀκολουθίαν, ὥς ἐπὶ προσώπων ἀμφοτέρων κείμενον. ἔπειτα ἀποστρέφεται κατὰ θάτερον τῶν μερῶν ὁ λόγος, καὶ ἀντὶ σωμάτων πρᾶγμα γίνεται <τὸ> περὶ τοὺς Λακεδαιμονίους, ὅταν φῇ· ‘αὖθις δὲ οἱ μὲν καὶ παρὰ δύναμιν τολμηταὶ καὶ παρὰ γνώμην κινδυνευταὶ καὶ ἐν τοῖς δεινοῖς εὐέλπιδες· τὸ δὲ ὑμέτερον τῆς τε δυνάμεως ἐνδεᾶ πρᾶξαι τῆς τε γνώμης μηδὲ τοῖς βεβαίοις πιστεῦσαι’· τὸ γὰρ ὑμέτερον ἀντὶ τοῦ ὑμεῖς παρείληπται, πρᾶγμα ὑπάρχον ἀντὶ σώματος.

[15] Ἐν δὲ τοῖς ἐνθυμήμασιν τε καὶ νοήμασιν αἱ μεταξὺ παρεμπτώσεις πολλαὶ γινόμεναι καὶ μόλις ἐπὶ τὸ τέλος ἀφικνούμεναι, δι’ ἧς ἡ φράσις δυσπαρακολούητος γίνεται, πλεῖσται μὲν εἰσιν καθ’ ὅλην τὴν ἱστορίαν· ἀρκέσουσι δὲ ἐκ τοῦ προοιμίου δύο ληφθεῖσαι μόναι, ἡ τε δηλοῦσα τὴν ἀσθένειαν τῶν ἀρχαίων τῆς Ἑλλάδος πραγμάτων καὶ τὰς αἰτίας ἀποδιδούσα· ‘τῆς γὰρ ἐμπορίας οὐκ οὔσης, οὐδὲ ἐπιμιγνύντες ἀδεῶς ἀλλήλοις οὔτε κατὰ γῆν οὔτε διὰ θαλάσσης, νεμόμενοί τε τὰ αὐτῶν ἕκαστοι ὅσον ἀποζῆν καὶ περιουσίαν χρημάτων οὐκ ἔχοντες, οὔτε γῆν φυτεύοντες, ἄδηλον ὃν πότε τις ἐπελθὼν καὶ ἅμ’ ἀτειχίστων ὄντων ἄλλος ἀφαιρήσεται· τῆς τε ἀναγκαίου τροφῆς πανταχοῦ ἂν ὁμοίως ἐπικρατήσῃ οἰόμενοι οὐ χαλεπῶς ἀνίσταντο’ (<εἰ γὰρ τὸ οὐ χαλεπῶς ἀνίσταντο> προσέθηκεν τῇ πρώτῃ περιόδῳ καὶ ἐσχημάτισεν οὕτως· ‘τῆς γὰρ ἐμπορίας οὐκ οὔσης, οὐδ’ ἐπιμιγνύντες ἀδεῶς ἀλλήλοις οὔτε κατὰ γῆν <οὔτε κατὰ θάλασσαν>, νεμόμενοι δὲ τὰ ἑαυτῶν ἕκαστοι ὅσον ἀποζῆν οὐ χαλεπῶς ἀνίσταντο’, φανερωτέραν ἂν ἐποίει τὴν διάνοιαν· τῇ δὲ παρεμβολῇ τῶν

μεταξύ πραγμάτων πολλῶν ὄντων ἀσαφῆ καὶ δυσπαρακολούθητον πεποίηκεν), καὶ ἡ περὶ τῆς Εὐρυσθέως στρατείας ἐπὶ τὴν Ἀττικὴν ἦδε· Ἐὐρυσθέως ἐν τῇ Ἀττικῇ ὑπὸ Ἡρακλείδων ἀποθανόντος, Ἀτρώως δὲ μητρὸς ἀδελφοῦ ὄντος αὐτῷ, καὶ ἐπιτρέψαντος Εὐρυσθέως, ὅτ' ἐστράτευε, Μυκῆνας τε καὶ τὴν ἀρχὴν κατὰ τὸ οἰκεῖον Ἀτρεΐ· τυγχάνειν δὲ αὐτὸν φεύγοντα τὸν πατέρα διὰ τὸν Χρυσίππου θάνατον· καὶ ὡς οὐκέτι ἀνεχώρησεν Εὐρυσθεὺς, βουλομένων καὶ τῶν Μυκηναίων φόβῳ τῶν Ἡρακλείδων, καὶ ἅμα δυνατὸν δοκοῦντα εἶναι καὶ τὸ πλῆθος τεθεραπευκότα τῶν Μυκηναίων τε καὶ ὅσων Εὐρυσθεὺς ἦρχεν τὴν βασιλείαν Ἀτρέα παραλαβεῖν.'

[16] Ἐν οἷς δὲ σκολιὰ καὶ πολὺπλοκος καὶ δυσεξέλικτος ἡ τῶν ἐνθυμημάτων κατασκευὴ γίνεται, τοῦτον τὸν τρόπον ἔχει παρ' αὐτῷ· κεῖται δὲ ἐν τῷ ἐπιταφίῳ ἡ λέξις· 'τὴν δὲ τῶν ἐναντίων τιμωρίαν ποθεινοτέραν αὐτῶν λαβόντες καὶ κινδύνων ἅμα τόνδε κάλλιστον νομίσαντες ἐβουλήθησαν τοὺς μὲν τιμωρεῖσθαι τῶν δ' ἐφίεσθαι, ἐλπιδὶ μὲν τὸ ἀφανὲς τοῦ κατορθώσειν ἐπιτρέψαντες, ἔργῳ δὲ περὶ τοῦ ἤδη ὀρωμένου σφίσιν αὐτοῖς ἀξιοῦντες πεποιθέναι· ἐν τῷ ἀμύνεσθαι παθεῖν μᾶλλον ἡγησάμενοι ἢ ἐνδόντες σώζεσθαι τὸ μὲν αἰσχρὸν τοῦ λόγου ἔφυγον, τὸ δ' ἔργον τῷ σώματι ὑπέμειναν καὶ δι' ἐλαχίστου καιροῦ τύχης ἅμα ἀκμῇ τῆς δόξης μᾶλλον ἢ τοῦ δέους ἀπηλλάγησαν.' τοιαῦτά ἐστι καὶ τὰ περὶ Θεμιστοκλέους εἰρημένα ὑπὸ τοῦ συγγραφέως ἐν τῇ πρώτῃ βύβλῳ· 'ἦν γὰρ ὁ Θεμιστοκλῆς βεβαιότατα δὴ φύσεως ἰσχὺν δηλώσας καὶ διαφερόντως τι ἐς αὐτὸ μᾶλλον ἐτέρου ἄξιος θαυμάσαι. οἰκεία γὰρ ξυνέσει, καὶ οὔτε προμαθὼν εἰς αὐτὴν οὐθὲν οὔτ' ἐπιμαθὼν τῶν τε παραχρῆμα δι' ἐλαχίστης βουλῆς κράτιστος γνώμων καὶ τῶν μελλόντων ἐπὶ πλεῖστον τοῦ γενησομένου ἄριστος εἰκαστής· καὶ ἃ μὲν μετὰ χεῖρας ἔχοι, καὶ ἐξηγήσασθαι οἷός τε· ὧν δὲ ἄπειρος εἴη, κρῖναι ἱκανῶς οὐκ ἀπῆλλακτο· τό τε ἄμεινον ἢ χεῖρον ἐν τῷ ἀφανεῖ ἔτι προεώρα. καὶ τὸ ξύμπαν εἰπεῖν, φύσεως μὲν δυνάμει, μελέτης δὲ βραχύτητι κράτιστος δὴ οὗτος αὐτοσχεδιάζειν τὰ δέοντα ἐγένετο.'

[17] Οἱ δὲ μεираκιώδεις σχηματισμοὶ τῶν ἀντιθέτων τε καὶ παρομοιώσεων καὶ παρισώσεων, ἐν οἷς οἱ περὶ τὸν Γοργίαν μάλιστα ἐπλεόνασαν, ἥκιστα τῷ χαρακτήρι τούτῳ προσήκοντες, αὐστηρὰν ἔχοντι τὴν ἀγωγὴν καὶ τοῦ κομποῦ πλεῖστον ἀφεστηκότι, τοιοῦτοί τινές εἰσι παρὰ τῷ συγγραφεῖ· 'φαίνεται γὰρ ἡ νῦν καλουμένη Ἑλλὰς οὐ πάλαι βεβαίως οἰκουμένη.' καὶ ἔτι δέ· 'οἱ μὲν καὶ παρὰ δύνάμιν τολμηταὶ καὶ παρὰ γνώμην κινδυνευταί· τὸ δ' ὑμέτερον τῆς τε δυνάμεως ἐνδεᾶ πρᾶξι τῆς τε γνώμης μηδὲ τοῖς βεβαίοις πιστεῦσαι, τῶν δὲ δεινῶν μηδέποτε οἶεσθαι ἀπολυθῆσεσθαι· καὶ ἐν οἷς τὰς καταλαβούσας τὴν Ἑλλάδα συμφορὰς διὰ τὰς στάσεις ἐπεξέρχεται τοιάδε γράφων· 'τόλμα μὲν γὰρ ἀλόγιστος ἀνδρεία φιλέταιρος ἐνομίσθη· μέλλησις δὲ προμηθῆς δειλία εὐπρεπής, τὸ δὲ σῶφρον πρόσχημα τοῦ ἀνάνδρου, καὶ τὸ εἰς ἅπαν ξυνετὸν ἐπὶ πᾶν ἀργόν.' πολλὰ τοιαῦτά τις ἂν εὔροι δι' ὅλης αὐτοῦ τῆς ἱστορίας λεγόμενα, ἱκανὰ δὲ καὶ ταῦταδείγματος ἕνεκα εἰρησθαι.

The Dual Text

Ruins of the University at Harran, an ancient city in Upper Mesopotamia, close to the site of the Battle of Carrhae, which took place in 53 BC — Dionysius cites the disastrous campaign of Crassus against the Parthians as occurring during his lifetime.

[1] τοὺς εἰωθότας ἀποδίδοσθαι τοῖς προοιμίοις τῶν ἱστοριῶν λόγους ἥκιστα βουλόμενος ἀναγκάζομαι περὶ ἑμαυτοῦ προειπεῖν, οὗτ' ἐν τοῖς ἰδίοις μέλλων πλεονάζειν ἐπαίνοις, οὓς ἐπαχθεῖς οἶδα φαινομένους τοῖς ἀκούουσιν, οὗτε διαβολὰς καθ' ἐτέρων ἐγνωκῶς ποιεῖσθαι συγγραφέων, ὥσπερ Ἀναξιμένης καὶ Θεόπομπος ἐν τοῖς προοιμίοις τῶν ἱστοριῶν ἐποίησαν, ἀλλὰ τοὺς ἑμαυτοῦ λογισμοὺς ἀποδεικνύμενος, οἷς ἐχρησάμην ὅτε ἐπὶ ταύτην ὥρμησα τὴν πραγματείαν, καὶ περὶ τῶν ἀφορμῶν ἀποδιδούς λόγον, ἐξ ὧν τὴν ἐμπειρίαν ἔλαβον τῶν γραφησομένων.

[1.1] Although it is much against my will to indulge in the explanatory statements usually given in the prefaces to histories, yet I am obliged to prefix to this work some remarks concerning myself. In doing this it is neither my intention to dwell too long on my own praise, which I know would be distasteful to the reader, nor have I the purpose of censuring other historians, as Anaximenes and Theopompus did in the prefaces to their histories but I shall only show the reasons that induced me to undertake this work and give an accounting of the sources from which I gained the knowledge of the things that I am going to relate.

[2] ἐπεισθὴν γὰρ ὅτι δεῖ τοὺς προαιρουμένους μνημεῖα τῆς ἑαυτῶν ψυχῆς τοῖς ἐπιγιγνομένοις καταλιπεῖν, ἃ μὴ συναφανισθήσεται [p. 2] τοῖς σώμασιν αὐτῶν ὑπὸ τοῦ χρόνου, καὶ πάντων μάλιστα τοὺς ἀναγράφοντας ἱστορίας, ἐν αἷς καθιδρῦσθαι τὴν ἀλήθειαν πάντες ὑπολαμβάνομεν ἀρχὴν φρονήσεως τε καὶ σοφίας οὔσαν, πρῶτον μὲν ὑποθέσεις προαιρεῖσθαι καλὰς καὶ μεγαλοπρεπεῖς καὶ πολλὴν ὠφέλειαν τοῖς ἀναγνωσομένοις φερούσας, ἔπειτα παρασκευάζεσθαι τὰς ἐπιτηδεύουσας εἰς τὴν ἀναγραφὴν τῆς ὑποθέσεως ἀφορμὰς μετὰ πολλῆς ἐπιμελείας τε καὶ φιλοπονίας.

[2] For I am convinced that all who propose to leave such monuments of their minds to posterity as time shall not involve in one common ruin with their bodies, and particularly those who write histories, in which we have the right to assume that Truth, the source of both prudence and wisdom, is enshrined, ought, first of all, to make choice of noble and lofty subjects and such as will be of great utility to their readers, and then, with great care and pains, to provide themselves with the proper equipment for the treatment of their subject.

[3] οἱ μὲν γὰρ ὑπὲρ ἀδόξων πραγμάτων ἢ πονηρῶν ἢ μηδεμιᾶς σπουδῆς ἀξίῳ ἱστορικᾷ καταβαλλόμενοι πραγματείας, εἴτε τοῦ προελθεῖν εἰς γνῶσιν ὀρεγόμενοι καὶ τυχεῖν ὅποιοιδήποτε ὀνόματος, εἴτε περιουσίαν ἀποδείξασθαι τῆς περὶ λόγους δυνάμεως βουλόμενοι, οὗτε τῆς γνώσεως ζηλοῦνται παρὰ τοῖς ἐπιγιγνομένοις οὗτε τῆς δυνάμεως ἐπαινοῦνται, δόξαν ἐγκαταλιπόντες τοῖς ἀναλαμβάνουσιν αὐτῶν τὰς ἱστορίας, ὅτι τοιοῦτους

ἐξήλωσαν αὐτοὶ βίου, οἷας ἐξέδωκαν τὰς γραφάς: ἐπιεικῶς γὰρ ἅπαντες νομίζουσιν εἰκόνας εἶναι τῆς ἐκάστου ψυχῆς τοὺς λόγους.

[3] For those who base historical works upon deeds inglorious or evil or unworthy of serious study, either because they crave to come to the knowledge of men and to get a name of some sort or other, or because they desire to display the wealth of their rhetoric, are neither admired by posterity for their fame nor praised for their eloquence; rather, they leave this opinion in the minds of all who take up their histories, that they themselves admired lives which were of a piece with the writings they published, since it is a just and a general opinion that a man's words are the images of his mind.

[4] οἱ δὲ προαιρούμενοι μὲν τὰς κρατίστας ὑποθέσεις, εἰκῇ δὲ καὶ ῥαθύμως αὐτὰς συντιθέντες ἐκ τῶν ἐπιτυχόντων ἀκουσμάτων, οὐδένᾳ ὑπὲρ τῆς προαιρέσεως ἔπαινον κομίζονται: οὐ γὰρ ἀξιοῦμεν αὐτοσχεδίου οὐδὲ ῥαθύμου εἶναι τὰς περὶ τε πόλεων ἐνδόξων καὶ ἀνδρῶν ἐν δυναστείᾳ γεγονότων ἀναγραφομένας ἱστορίας.

[4] Those, on the other hand, who, while making choice of the best subjects, are careless and indolent in compiling their narratives out of such reports as chance to come to their ears gain no praise by reason of that choice; for we do not deem it fitting that the histories of renowned cities and of men who have held supreme power should be written in an offhand or negligent manner.

[5] ταῦτα δὴ νομίσας ἀναγκαῖα [p. 3] καὶ πρῶτα θεωρήματα τοῖς ἱστορικοῖς εἶναι καὶ πολλὴν ποιησάμενος ἀμφοτέρων ἐπιμέλειαν οὐτε παρελθεῖν τὸν ὑπὲρ αὐτῶν λόγον ἐβουλήθην, οὐτε ἐν ἄλλῳ τινὶ τόπῳ καταχωρίσαι μᾶλλον ἢ τῷ προοιμίῳ τῆς πραγματείας.

[5] As I believe these considerations to be necessary and of the first importance to historians and as I have taken great care to observe them both, I have felt unwilling either to omit mention of them or to give it any other place than in the preface to my work.

[1] τὴν μὲν οὖν ὑπόθεσιν ὅτι καλὴν εἵληφα καὶ μεγαλοπρεπῇ καὶ πολλοῖς ὠφέλιμον οὐ μακρῶν οἷμαι δεήσειν λόγων τοῖς γε δὴ μὴ παντάπασιν ἀπείρως ἔχουσι τῆς κοινῆς ἱστορίας. εἰ γὰρ τις ἐπιστήσας τὴν διάνοιαν ἐπὶ τὰς παραδεδομένας ἐκ τοῦ παρεληλυθότος χρόνου πόλεων τε καὶ ἐθνῶν ἡγεμονίας, ἔπειτα χωρὶς ἐκάστην σκοπῶν καὶ παρ' ἁλλήλας ἐξετάζων διαγνῶναι βουληθείη, τίς αὐτῶν ἀρχὴν τε μεγίστην ἐκτήσατο καὶ πράξεις ἀπεδείξατο λαμπροτάτας ἐν εἰρήνῃ τε καὶ κατὰ πολέμους, μακρῷ δὴ τινι τὴν Ῥωμαίων ἡγεμονίαν ἀπάσας ὑπερβεβλημένην ὄφεται τὰς πρὸ αὐτῆς μνημονευόμενας, οὐ μόνον κατὰ τὸ μέγεθος τῆς ἀρχῆς καὶ κατὰ τὸ κάλλος τῶν πράξεων, ἃς οὕτω κεκόσμηκε λόγος οὐδεὶς ἀξίως, ἀλλὰ καὶ κατὰ τὸ μῆκος τοῦ περιειληφότος αὐτὴν χρόνου μέχρι τῆς καθ' ἡμᾶς ἡλικίας.

[2.1] That I have indeed made choice of a subject noble, lofty and useful to

many will not, I think, require any lengthy argument, at least for those who are not utterly unacquainted with universal history. For if anyone turns his attention to the successive supremacies both of cities and of nations, as accounts of them have been handed down from times past, and then, surveying them severally and comparing them together, wishes to determine which of them obtained the widest dominion and both in peace and war performed the most brilliant achievements, he will find that the supremacy of the Romans has far surpassed all those that are recorded from earlier times, not only in the extent of its dominion and in the splendor of its achievements — which no account has as yet worthily celebrated — but also in the length of time during which it has endured down to our day.

[2] ἡ μὲν γὰρ Ἀσσυρίων ἀρχὴ παλαιὰ τις οὔσα καὶ εἰς τοὺς μυθικοὺς ἀναγομένη χρόνους ὀλίγου τινὸς ἐκράτησε τῆς Ἀσίας μέρους. ἡ δὲ Μηδικὴ καθελοῦσα τὴν Ἀσσυρίων καὶ μεῖζονα δυναστείαν περιβαλομένη χρόνον οὐ πολὺν κατέσχεν, ἀλλ' ἐπὶ τῆς τετάρτης κατελύθη γενεᾶς. Πέρσαι δὲ οἱ [p. 4] Μήδους καταγωνισάμενοι τῆς μὲν Ἀσίας ὀλίγου δεῖν πάσης τελευτῶντες ἐκράτησαν, ἐπιχειρήσαντες δὲ καὶ τοῖς Εὐρωπαίοις ἔθνεσιν οὐ πολλὰ ὑπηγάγοντο, χρόνον τε οὐ πολλῷ πλείονα διακοσίων ἐτῶν ἔμειναν ἐπὶ

[2] For the empire of the Assyrians, ancient as it was and running back to legendary times, held sway over only a small part of Asia. That of the Medes, after overthrowing the Assyrian empire and obtaining a still wider dominion, did not hold it long, but was overthrown in the fourth generation. The Persians, who conquered the Medes, did, indeed, finally become masters of almost all Asia; but when they attacked the nations of Europe also, they did not reduce many of them to submission, and they continued in power not much above two hundred years.

[3] τῆς ἀρχῆς. ἡ δὲ Μακεδονικὴ δυναστεία τὴν Περωῶν καθελοῦσα ἰσχύν μεγέθει μὲν ἀρχῆς ἀπάσας ὑπερεβάλετο τὰς πρὸ αὐτῆς, χρόνον δὲ οὐδὲ αὕτη πολὺν ἤνθησεν, ἀλλὰ μετὰ τὴν Ἀλεξάνδρου τελευτὴν ἐπὶ τὸ χεῖρον ἤρξατο φέρεσθαι. διασπασθεῖσα γὰρ εἰς πολλοὺς ἡγεμόνας εὐθὺς ἀπὸ τῶν διαδόχων καὶ μετ' ἐκείνους ἄχρι τῆς δευτέρας ἢ τρίτης ἰσχύσασα προελθεῖν γενεᾶς, ἀσθενῆς αὕτη δι' ἑαυτῆς ἐγένετο καὶ τελευτῶσα ὑπὸ Ῥωμαίων ἠφανίσθη.

[3] The Macedonian dominion, which overthrew the might of the Persians, did, in the extent of its sway, exceed all its predecessors, yet even it did not flourish long, but after Alexander's death began to decline; for it was immediately partitioned among many commanders from the time of the Diadochi, and although after their time it was able to go on to the second or third generation, yet it was weakened by its own dissensions and at the last destroyed by the Romans.

[4] καὶ οὐδὲ αὕτη μέντοι πᾶσαν ἐποίησατο γῆν τε καὶ θάλασσαν ὑπῆκοον:

οὔτε γὰρ Λιβύης ὅτι μὴ τῆς πρὸς Αἰγύπτῳ οὐ πολλῆς οὔσης ἐκράτησεν, οὔτε τὴν Εὐρώπην ὅλην ὑπηγάγετο, ἀλλὰ τῶν μὲν βορείων αὐτῆς μερῶν μέχρι Θράκης προῆλθε, τῶν δ' ἐσπερίων μέχρι τῆς Ἀδριανῆς κατέβη θαλάσσης.

[4] But even the Macedonian power did not subjugate every country and every sea; for it neither conquered Libya, with the exception of the small portion bordering on Egypt, nor subdued all Europe, but in the North advanced only as far as Thrace and in the West down to the Adriatic Sea.

[1] αἱ μὲν οὖν ἐπιφανέσταται τῶν πρόσθεν ἡγεμονιῶν, ἃς παρειλήφαμεν ἐκ τῆς ἱστορίας, τοσαύτην ἀκμὴν τε καὶ ἰσχὺν λαβοῦσαι κατελύθησαν: τὰς γὰρ Ἑλληνικὰς δυνάμεις οὐκ ἄξιον αὐταῖς ἀντιπαρεξετάζειν, οὔτε μέγεθος ἀρχῆς οὔτε χρόνον ἐπιφανείας [p. 5]

[3.1] Thus we see that the most famous of the earlier supremacies of which history has given us any account, after attaining to so great vigour and might, were overthrown. As for the Greek powers, it is not fitting to compare them to those just mentioned, since they gained neither magnitude of empire nor duration of eminence equal to theirs.

[2] τοσοῦτον ὅσον ἐκεῖναι λαβούσας. Ἀθηναῖοι μὲν γε αὐτῆς μόνον ἥρξαν τῆς παραλίου дуεῖν δέοντα ἐβδομήκοντα ἔτη καὶ οὐδὲ ταύτης ἀπάσης, ἀλλὰ τῆς ἐντὸς Εὐξείνου τε πόντου καὶ τοῦ Παμφυλίου πελάγους, ὅτε μάλιστα ἐθαλασσοκράτουν. Λακεδαιμόνιοι δὲ Πελοποννήσου καὶ τῆς ἄλλης κρατοῦντες Ἑλλάδος ἕως Μακεδονίας τὴν ἀρχὴν προὔβιβασαν, ἐπαύσθησαν δὲ ὑπὸ Θηβαίων οὐδὲ ὅλα τριάκοντα ἔτη τὴν ἀρχὴν κατασχόντες.

[2] For the Athenians ruled only the sea coast, during the space of sixty-eight years, nor did their sway extend even over all that, but only to the part between the Euxine and the Pamphylian seas, when their naval supremacy was at its height. The Lacedaemonians, when masters of the Peloponnesus and the rest of Greece, advanced their rule as far as Macedonia, but were checked by the Thebans before they had held it quite thirty years.

[3] ἡ δὲ Ῥωμαίων πόλις ἀπάσης μὲν ἄρχει γῆς ὅση μὴ ἀνέμβατός ἐστιν, ἀλλ' ὑπ' ἀνθρώπων κατοικεῖται, πάσης δὲ κρατεῖ θαλάσσης, οὐ μόνον τῆς ἐντὸς Ἡρακλείων στηλῶν, ἀλλὰ καὶ τῆς Ὠκεανίτιδος ὅση πλεῖσθαι μὴ ἀδύνατός ἐστι, πρώτη καὶ μόνη τῶν ἐκ τοῦ παντὸς αἰῶνος μνημονευομένων ἀνατολὰς καὶ δύσεις ὅρους ποιησαμένη τῆς δυναστείας: χρόνος τε αὐτῇ τοῦ κράτους οὐ βραχύς, ἀλλ' ὅσος οὐδεμιᾶ τῶν ἄλλων οὔτε πόλεων οὔτε βασιλειῶν.

[3] But Rome rules every country that is not inaccessible or uninhabited, and she is mistress of every sea, not only of that which lies inside the Pillars of Hercules but also of the Ocean, except that part of it which is not navigable; she is the first and the only State recorded in all time that ever made the risings and the settings of the sun the boundaries of her dominion. Nor has her

supremacy been of short duration, but more lasting than that of any other commonwealth or kingdom.

[4] εὐθὺς μὲν γὰρ ἐξ ἀρχῆς μετὰ τὸν οἰκισμὸν τὰ πλησίον ἔθην πολλὰ καὶ μάχιμα ὄντα προσήγετο καὶ προὔβαινε ἀεὶ πᾶν δουλουμένη τὸ ἀντίπαλον: ταῦτα δὲ πέντε καὶ τετταράκοντα ἤδη πρὸς τοῖς ἑπτακοσίοις ἔτεσιν ἔστιν εἰς ὑπάτους Κλαύδιον Νέρωνα τὸ δεύτερον ὑπατεύοντα καὶ Πείσωνα Καλπούρνιον, οἱ κατὰ τὴν τρίτην ἐπὶ ταῖς ἐνενήκοντα καὶ ἑκατὸν Ὀλυμπιάσιν ἀπεδείχθησαν. [p. 6] ἐξ οὗ δὲ ὅλης ἐκράτησεν Ἰταλίας καὶ ἐπὶ τὴν ἀπάντων ἐθάρρησεν ἀρχὴν προελθεῖν, ἐκβαλοῦσα μὲν ἐκ τῆς θαλάττης Καρχηδονίους, οἱ πλείστην ἔσχον ναυτικὴν δύναμιν, ὑποχείριον δὲ λαβοῦσα Μακεδονίαν, ἣ

[4] For from the very beginning, immediately after her founding, she began to draw to herself the neighbouring nations, which were both numerous and warlike, and continually advanced, subjugating every rival. And it is now seven hundred and forty-five years from her foundation down to the consulship of Claudius Nero, consul for the second time, and of Calpurnius Piso, who were chosen in the one hundred and ninety-third Olympiad.

[5] τέως ἐδόκει μέγιστον ἰσχύειν κατὰ γῆν, οὐδὲν ἔτι ἀντίπαλον ἔχουσα οὔτε βάρβαρον φῦλον οὔτε Ἑλληνικὸν γενεὰν ἐβδόμην ἤδη τὴν ἐπ' ἐμοῦ διαμένει παντὸς ἀρχουσα τόπου: ἔθνος δὲ οὐδὲν ὡς εἰπεῖν ἔστιν, ὃ περὶ τῆς κοινῆς ἡγεμονίας ἢ τοῦ μὴ

[5] From the time that she mastered the whole of Italy she was emboldened to aspire to govern all mankind, and after driving from off the sea the Carthaginians, whose maritime strength was superior to that of all others, and subduing Macedonia, which until then was reputed to be the most powerful nation on land, she no longer had as rival any nation either barbarian or Greek; and it is now in my day already the seventh generation that she has continued to hold sway over every region of the world, and there is no nation, as I may say, that disputes her universal dominion or protests against being ruled by her.

[6] ἄρχεσθαι πρὸς αὐτὴν διαφέρεται. ἀλλὰ γὰρ ὅτι μὲν οὔτε τὴν ἐλαχίστην τῶν ὑποθέσεων προήρημαι, καθάπερ ἔφην, οὔτε περὶ φαύλας καὶ ἀσήμους πράξεις ἔγνωκα διατρίβειν, ἀλλὰ περὶ τε πόλεως γράφω τῆς περιφανεστάτης καὶ περὶ πράξεων ὧν οὐκ ἂν ἔχοι τις ἐτέρας ἐπιδειξασθαι λαμπροτέρας, οὐκ οἶδ' ὅ,τι δεῖ πλείω λέγειν.

[6] However, to prove my statement that I have neither made choice of the most trivial of subjects nor proposed to treat of mean and insignificant deeds, but am undertaking to write not only about the most illustrious city but also about brilliant achievements to whose like no man could point, I know not what more I need say.

[1] ὅτι δ' οὐκ ἄνευ λογισμοῦ καὶ προνοίας ἔμφρονος ἐπὶ τὰ παλαιὰ τῶν ἱστορουμένων περὶ αὐτῆς ἔτραπόμην, ἀλλ' ἔχων εὐλογίστους ἀποδοῦναι τῆς προαιρέσεως αἰτίας, ὀλίγα βούλομαι προειπεῖν, ἵνα μὴ τινες ἐπιτιμήσωσί μοι τῶν πρὸς ἅπαντα φιλαίτιων, οὐδὲν πω τῶν μελλόντων δηλοῦσθαι προακηκοότες, ὅτι τῆς αἰοιδίου γενομένης καθ' ἡμᾶς πόλεως ἀδόξους καὶ πάνυ ταπεινὰς τὰς πρώτας ἀφορμὰς λαβούσης καὶ οὐκ ἀξίας ἱστορικῆς ἀναγραφῆς, οὐ πολλὰς δὲ γενεαῖς πρότερον εἰς ἐπιφάνειαν καὶ δόξαν ἀφигμένης, [p. 7] ἐξ οὗ τὰς τε Μακεδονικὰς καθεῖλε δυναστείας καὶ τοὺς Φοινικικοὺς κατῶρθωσε πολέμους, ἐξόν μοι τῶν ἐνδόξων τινὰ λαβεῖν αὐτῆς ὑποθέσεων, ἐπὶ τὴν οὐδὲν ἔχουσαν ἐπιφανὲς ἀρχαιολογίαν ἀπέκλινα.

[4.1] But before I proceed, I desire to show in a few words that it is not without design and mature premeditation that I have turned to the early part of Rome's history, but that I have well-considered reasons to give for my choice, to forestall the censure of those who, fond of finding fault with everything and not as yet having heard of any of the matters which I am about to make known, may blame me because, in spite of the fact that this city, grown so famous in our days, had very humble and inglorious beginnings, unworthy of historical record, and that it was but a few generations ago, that is, since her overthrow of the Macedonian powers and her success in the Punic wars, that she arrived at distinction and glory, nevertheless, when I was at liberty to choose one of the famous periods in her history for my theme, I turned aside to one so barren of distinction as her antiquarian lore.

[2] ἔτι γὰρ ἀγνοεῖται παρὰ τοῖς Ἑλλήσιν ὀλίγου δεῖν πᾶσιν ἢ παλαιὰ τῆς Ῥωμαίων πόλεως ἱστορία, καὶ δόξατινές οὐκ ἀληθεῖς, ἀλλ' ἐκ τῶν ἐπιτυχόντων ἀκουσμάτων τὴν ἀρχὴν λαβοῦσαι τοὺς πολλοὺς ἐξηπατήκασιν, ὡς ἀνεστίους μὲν τινὰς καὶ πλάνητας καὶ βαρβάρους καὶ οὐδὲ τοῦτους ἐλευθέρους οἰκιστὰς εὐχομένης, οὐ δι' εὐσέβειαν δὲ καὶ δικαιοσύνην καὶ τὴν ἄλλην ἀρετὴν ἐπὶ τὴν ἀπάντων ἡγεμονίαν σὺν χρόνῳ παρελθούσης, ἀλλὰ δι' αὐτοματισμόν τινα καὶ τύχην ἄδικον εἰκῇ δωρουμένην τὰ μέγιστα τῶν ἀγαθῶν τοῖς ἀνεπιτηδαιοτάτοις: καὶ οἱ γε κακοηθέστεροι κατηγορεῖν εἰώθασιν τῆς τύχης κατὰ τὸ φανερόν ὡς βαρβάρων τοῖς πονηροτάτοις τὰ τῶν Ἑλλήνων ποριζομένης ἀγαθὰ.

[2] For to this day almost all the Greeks are ignorant of the early history of Rome and the great majority of them have been imposed upon by sundry false opinions grounded upon stories which chance has brought to their ears and led to believe that, having come upon various vagabonds without house or home and barbarians, and even those not free men, as her founders, she in the course of time arrived at world domination, and this not through reverence for the gods and justice and every other virtue, but through some chance and the injustice of Fortune, which inconsiderately showers her greatest favours upon the most undeserving. And indeed the more malicious are wont to rail openly at Fortune for freely bestowing on the basest of barbarians the blessings of the

Greeks.

[3] καὶ τί δεῖ περὶ τῶν ἄλλων λέγειν, ὅπου γε καὶ τῶν συγγραφέων τινὲς ἐτόλμησαν ἐν ταῖς ἱστορίαις ταῦτα γράψαντες καταλιπεῖν, βασιλεῦσι βαρβάροις μισοῦσι τὴν ἡγεμονίαν, οἷς δουλεύοντες αὐτοὶ καὶ τὰ καθ' ἡδονὰς ὁμιλοῦντες διετέλεσεν, οὔτε δικαίας οὔτε ἀληθεῖς ἱστορίας χαριζόμενοι; [p. 8]

[3] And yet why should I mention men at large, when even some historians have dared to express such views in the writing they have left, taking this method of humouring barbarian kings who detested Rome's supremacy, — princes to whom they were ever servilely devoted and with whom they associated as flatterers, — by presenting them with “histories” which were neither just nor true?

[1] ταύτας δὴ τὰς πεπλανημένας, ὥσπερ ἔφην, ὑπολήψεις ἐξελέσθαι τῆς διανοίας τῶν πολλῶν προαιρούμενος καὶ ἀντικατασκευάσαι τὰς ἀληθεῖς, περὶ μὲν τῶν οἰκισάντων τὴν πόλιν, οἵτινες ἦσαν καὶ κατὰ τινὰς ἕκαστοι καιροὺς συνῆλθον καὶ τίσι τύχαις χρησάμενοι τὰς πατρίους οἰκῆσεις ἐξέλιπον, ἐν ταύτῃ δηλώσω τῇ γραφῇ, δι' ἧς Ἑλληνὰς τε αὐτοὺς ὄντας ἐπιδείξειν ὑπισχοῦμαι καὶ οὐκ ἐκ τῶν ἐλαχίστων ἦ

[5.1] In order, therefore, to remove these erroneous impressions, as I have called them, from the minds of many and to substitute true ones in their room, I shall in this Book show who the founders of the city were, at what periods the various groups came together and through what turns of fortune they left their native countries.

[2] φαυλοτάτων ἔθνῶν συνεληλυθότας. περὶ δὲ τῶν πράξεων, ἃς μετὰ τὸν οἰκισμὸν εὐθέως ἀπεδείξαντο, καὶ περὶ τῶν ἐπιτηδευμάτων, ἐξ ὧν εἰς τοσαύτην ἡγεμονίαν προῆλθον οἱ μετ' αὐτοὺς, ἀπὸ τῆς μετὰ ταύτην ἀρξάμενος ἀναγραφῆς ἀφηγησόμεαι, παραλιπὼν οὐδὲν ὅση μοι δύναμις τῶν ἀξίων ἱστορίας, ἵνα τοῖς γε μαθοῦσι τὴν ἀλήθειαν ἃ προσήκει περὶ τῆς πόλεως τῇδε παραστῇ φρονεῖν, εἰ μὴ παντάπασιν ἀγρίως καὶ δυσμενῶς διάκεινται πρὸς αὐτήν, καὶ μῆτε ἄχθεσθαι τῇ ὑποτάξει κατὰ τὸ εἶκός γενομένη (φύσεως γάρ δὴ νόμος ἅπασιν κοινός, ὃν οὐδεὶς καταλύσει χρόνος, ἄρχειν αἰεὶ τῶν ἡττόνων τοὺς κρείττονας· μήτε κατηγορεῖν τῆς τύχης, ὥς οὐκ ἐπιτηδεῖω πόλει τηλικαύτην ἡγεμονίαν καὶ τοσοῦτον ἤδη χρόνον προῖκα δωρησαμένης;

[2] By this means I engage to prove that they were Greeks and came together from nations not the smallest nor least considerable. And beginning with the next Book I shall tell of the deeds they performed immediately after their founding of the city and of the customs and institutions by virtue of which their descendants advanced to so great dominion; and, so far as I am able, I shall omit nothing worthy of being recorded in history, to the end that I may

instil in the minds of those who shall then be informed of the truth the fitting conception of this city, — unless they have already assumed an utterly violent and hostile attitude toward it, — and also that they may neither feel indignation at their present subjection, which is grounded on reason (for by an universal law of Nature, which time cannot destroy, it is ordained that superiors shall ever govern their inferiors), nor rail at Fortune for having wantonly bestowed upon an undeserving city a supremacy so great and already of so long continuance,

[3] μαθοῦσι γε δὴ παρὰ τῆς ἱστορίας, ὅτι μυρίας ἤνεγκεν ἀνδρῶν ἀρετὰς εὐθὺς ἐξ ἀρχῆς μετὰ τὸν οἰκισμὸν, [p. 9] ὧν οὐτ' εὐσεβεστέρους οὔτε δικαιότερους οὔτε σωφροσύνη πλείονι παρὰ πάντα τὸν βίον χρησαμένους οὐδὲ γε τὰ πολέμια κρείττους ἀγωνιστὰς οὐδεμία πόλις ἤνεγκεν οὔτε Ἑλλὰς οὔτε βάρβαρος, εἰ δὴ ἀπέσται τοῦ λόγου τὸ ἐπιφθονον: ἔχει γάρ τι καὶ τοιοῦτον ἢ τῶν παραδόξων καὶ θαυμαστῶν ὑπόσχεσις.

[3] particularly when they shall have learned from my history that Rome from the very beginning, immediately after its founding, produced infinite examples of virtue in men whose superiors, whether for piety or for justice or for life-long self-control or for warlike valour, no city, either Greek or barbarian, has ever produced. This, I say, is what I hope to accomplish, if my readers will but lay aside all resentment; for some such feeling is aroused by a promise of things which run counter to received opinion or excite wonder.

[4] οἱ δὲ σύμπαντες οἱ τοσοῦτο περιθέντες αὐτῇ δυναστείας μέγεθος ἀγνοοῦνται πρὸς Ἑλλήνων, οὐ τυχόντες ἀξιολόγου συγγραφῆς: οὐδεμία γὰρ ἀκριβὴς ἐξελέλυθε περὶ αὐτῶν Ἑλληνὶς ἱστορία μέχρι τῶν καθ' ἡμᾶς χρόνων, ὅτι μὴ κεφαλαιώδεις ἐπιτομαὶ πάνυ βραχεῖαι,

[4] And it is a fact that all those Romans who bestowed upon their country so great a dominion are unknown to the Greeks for want of a competent historian. For no accurate history of the Romans written in Greek language has hitherto appeared, but only very brief and summary epitomes.

[1] πρώτου μὲν, ὅσα κάμει εἰδέναι, τὴν Ῥωμαϊκὴν ἀρχαιολογίαν ἐπιδραμόντος Ἱερωνόμου τοῦ Καρδιανοῦ συγγραφῆς ἐν τῇ περὶ τῶν ἐπιγόνων πραγματείᾳ: ἔπειτα Τιμαίου τοῦ Σικελιώτου τὰ μὲν ἀρχαῖα τῶν ἱστοριῶν ἐν ταῖς κοιναῖς ἱστορίαις ἀφηγησαμένου, τοὺς δὲ πρὸς Πύρρον τὸν Ἑπειρώτην πολέμους εἰς ἰδίαν καταχωρίσαντος πραγματείας: ἅμα δὲ τοῦτοις Ἀντιγόνου τε καὶ Πολυβίου καὶ Σιληνοῦ καὶ μυρίων ἄλλων τοῖς αὐτοῖς πράγμασιν οὐχ ὁμοίως ἐπιβαλόντων, ὧν ἕκαστος ὀλίγα καὶ οὐδὲ ἀκριβῶς αὐτῷ διεσποδασμένα, ἀλλ' ἐκ τῶν ἐπιτυχόντων ἀκουσμάτων συνθεῖς ἀνέγραψεν.

[6.1] The first historian, so far as I am aware, to touch upon the early period of the Romans was Hieronymus of Cardia, in his work on the Epigoni. After him

Timaeus of Sicily related the beginnings of their history in his general history and treated in a separate work the wars with Pyrrhus of Epirus. Besides these, Antigonus, Polybius, Silenus and innumerable other authors devoted themselves to the same themes, though in different ways, each of them recording some few things compiled without accurate investigation on his own part but from reports which chance had brought to his ears.

[2] ὁμοίως δὲ τοῦτοις [p. 10] καὶ οὐδὲν διαφόρους ἐξέδωκαν ἱστορίας καὶ Ῥωμαίων ὅσοι τὰ παλαιὰ ἔργα τῆς πόλεως Ἑλληνικῇ διαλέκτῳ συνέγραψαν, ὧν εἰσι πρεσβύτατοι Κόιντος τε Φάβιος καὶ Λεύκιος Κίγκιος, ἀμφοτέροι κατὰ τοὺς Φοινικικοὺς ἀκμάσαντες πολέμους. τούτων δὲ τῶν ἀνδρῶν ἑκάτερος, οἷς μὲν αὐτὸς ἔργοις παρεγένετο, διὰ τὴν ἐμπειρίαν ἀκριβῶς ἀνέγραψε, τὰ δὲ ἀρχαῖα τὰ μετὰ τὴν κτίσιν τῆς πόλεως γενόμενα κεφαλαιωδῶς ἐπέδραμεν.

[2] Like to these in all respects are the histories of those Romans, also, who related in Greek the early achievements of the city; the oldest of these writers are Quintus Fabius and Lucius Cincius, who both flourished during the Punic wars. Each of these men related the events at which he himself had been present with great exactness, as being well acquainted with them, but touched only in a summary way upon the early events that followed the founding of the city.

[3] διὰ ταύτας μὲν δὴ τὰς αἰτίας ἔδοξέ μοι μὴ παρελθεῖν καλὴν ἱστορίαν ἐγκαταλειφθεῖσαν ὑπὸ τῶν πρεσβυτέρων ἀμνημόνευτον, ἐξ ἧς ἀκριβῶς γραφείσης συμβήσεται τὰ κράτιστα καὶ δικαιοτάτα τῶν ἔργων: τοῖς μὲν ἐκπεπληρωκόσι τὴν ἑαυτῶν μοῖραν ἀνδράσιν ἀγαθοῖς δόξης αἰωνίου τυχεῖν καὶ πρὸς τῶν ἐπιγιγνομένων ἐπαινέισθαι, ἃ ποιεῖ τὴν θνητὴν φύσιν ὁμοιοῦσθαι τῇ θεῇ καὶ μὴ συναποθνήσκειν αὐτῆς τὰ ἔργα τοῖς σώμασι:

[3] For these reasons, therefore, I have determined not to pass over a noble period of history which the older writers left untouched, a period, moreover, the accurate portrayal of which will lead to the following most excellent and just results: In the first place, the brave men who have fulfilled their destiny will gain immortal glory and be extolled by posterity, which things render human nature like upon the divine and prevent men's deeds from perishing together with their bodies.

[4] τοῖς δὲ ἀπ' ἐκείνων τῶν ἰσοθέων ἀνδρῶν νῦν τε οἷσι καὶ ὕστερον ἐσομένοις μὴ τὸν ἡδιστόν τε καὶ ῥᾶστον αἰρεῖσθαι τῶν βίων, ἀλλὰ τὸν εὐγενέστατον καὶ φιλοτιμότατον, ἐνθυμουμένους ὅτι τοὺς εἰληφότας καλὰς τὰς πρώτας ἐκ τοῦ γένους ἀφορμὰς μέγα ἐφ' ἑαυτοῖς προσήκει φρονεῖν καὶ μηδὲν ἀνάξιον ἐπιτηδεύειν τῶν προγόνων:

[4] And again, both the present and future descendants of those godlike men will choose, not the pleasantest and easiest of lives, but rather the noblest and

most ambitious, when they consider that all who are sprung from an illustrious origin ought to set a high value on themselves and indulge in no pursuit unworthy of their ancestors.

[5] ἔμοι δὲ, ὃς οὐχὶ κολακείας χάριν ἐπὶ ταύτην [p. 11] ἀπέκλινα τὴν πραγματείαν, ἀλλὰ τῆς ἀληθείας καὶ τοῦ δικαίου προνοοῦμενος, ὦν δεῖ στοχάζεσθαι πᾶσαν ἱστορίαν, πρῶτον μὲν ἐπιδείξασθαι τὴν ἑμαυτοῦ διάνοιαν, ὅτι χρηστὴ πρὸς ἅπαντας ἀνθρώπους ἐστὶ τοὺς ἀγαθοὺς καὶ φιλοθεώρους τῶν καλῶν ἔργων καὶ μεγάλων: ἔπειτα χαριστηρίους ἀμοιβάς, ἃς ἔμοι δύναμις ἦν, ἀποδοῦναι τῇ πόλει, παιδείας τε μεμνημένῳ καὶ τῶν ἄλλων ἀγαθῶν ὅσων ἀπέλαυσα διατρίψας ἐν αὐτῇ.

[5] And I, who have not turned aside to this work for the sake of flattery, but out of a regard for truth and justice, which ought to be the aim of every history, shall have an opportunity, in the first place, of expressing my attitude of goodwill toward all good men and toward all who take pleasure in the contemplation of great and noble deeds; and, in the second place, of making the most grateful return that I may to the city and other blessings I have enjoyed during my residence in it.

[1] ἀποδεδωκὼς δὲ τὸν ὑπὲρ τῆς προαιρέσεως λόγον ἔτι βούλομαι καὶ περὶ τῶν ἀφορμῶν εἰπεῖν, αἷς ἐχρησάμην ὅτ' ἔμελλον ἐπιχειρεῖν τῇ γραφῇ: ἴσως γὰρ οἱ προανεγνωκότες Ἱερώνυμον ἢ Τιμαίον ἢ Πολύβιον ἢ τῶν ἄλλων τινὰ συγγραφέων, ὑπὲρ ὧν ἐποίησάμην λόγον ὀλίγῳ πρότερον ὡς ἐπισευσρκότων τὴν γραφήν, πολλὰ τῶν ὑπ' ἐμοῦ γραφομένων οὐχ εὐρηκότες παρ' ἐκείνοις κείμενα σχεδιάζειν υπολήφονται με καὶ πόθεν ἡ τούτων γνῶσις εἰς ἐμὲ παραγέγονεν ἀξιῶσουσι μαθεῖν. ἵνα δὴ μὴ τοιαύτη δόξα παραστῇ τισι περὶ ἐμοῦ, βέλτιον ἅφ' ὧν ὠρμήθην λόγων τε καὶ

[7.1] Having thus given the reason for my choice of subject, I wish now to say something concerning the sources I used while preparing for my task. For it is possible that those who have already read Hieronymus, Timaeus, Polybius, or any of the other historians whom I just now mentioned as having slurred over their work, since they will not have found in those authors many things mentioned by me, will suspect me of inventing them and will demand to know how I came by the knowledge of these particulars. Lest anyone, therefore, should entertain such an opinion of me, it is best that I should state in advance what narratives and records I have used as sources.

[2] ὑπομνηματισμῶν προειπεῖν. ἐγὼ καταπλεύσας εἰς Ἰταλίαν ἅμα τῷ καταλυθῆναι τὸν ἐμφύλιον πόλεμον ὑπὸ τοῦ Σεβαστοῦ Καίσαρος ἐβδόμης καὶ ὀγδοηκοστῆς καὶ ἑκατοστῆς Ὀλυμπιάδος μεσοῦσης, καὶ τὸν ἐξ ἐκείνου χρόνον ἐτῶν δύο καὶ εἴκοσι μέχρι τοῦ παρόντος γενόμενον ἐν Ῥώμῃ διατρίψας, διᾶλεκτόν τε τὴν Ῥωμαϊκὴν ἐκμαθὼν καὶ γραμμάτων τῶν ἐπιχωρίων [p. 12] λαβὼν ἐπιστήμην, ἐν παντὶ τούτῳ τῷ χρόνῳ τὰ συντείνοντα πρὸς τὴν ὑπόθεσιν ταύτην διετέλουν πραγματευόμενος.

[2] I arrived in Italy at the very time that Augustus Caesar put an end to the civil war, in the middle of the one hundred and eighty-seventh Olympiad. and having from that time to this present day, a period of twenty-two years, lived at Rome, learned the language of the Romans and acquainted myself with their writings, I have devoted myself during all that time to matters bearing upon my subject.

[3] καὶ τὰ μὲν παρὰ τῶν λογιωτάτων ἀνδρῶν, οἷς εἰς ὁμιλίαν ἦλθον, διδασχῇ παραλαβὼν, τὰ δ' ἐκ τῶν ἱστοριῶν ἀναλεξάμενος, ἃς οἱ πρὸς αὐτῶν ἐπαινοῦμενοι Ῥωμαίων συνέγραψαν Πόρκιος τε Κάτων καὶ Φάβιος Μάξιμος καὶ Οὐαλέριος ὁ Ἀντιεὺς καὶ Λικίνιος Μάκερ Αἴλιοι τε καὶ Γέλλιοι καὶ Καλπούρνιοι καὶ ἕτεροι συχνοὶ πρὸς τοῦτοις ἄνδρες οὐκ ἀφανεῖς, ἀπ' ἐκείνων ὀρμώμενος τῶν πραγματειῶν εἰσὶ δὲ ταῖς Ἑλληνικαῖς χρονογραφίαις ἐοικυῖαί, τότε ἐπεχείρησα τῇ γραφῇ.

[3] Some information I received orally from men of the greatest learning, with whom I associated; and the rest I gathered from histories written by the approved Roman authors — Porcius Cato, Fabius Maximus, Valerius Antias, Licinius Macer, the aelii, Gellii and Calpurnii, and many others of note; with these works, which are like the Greek annalistic accounts, as a basis, I set about the writing of my history.

[4] ταῦτα μὲν οὖν ὑπὲρ ἐμαντοῦ διείλεγμαί. λοιπὸν ἔτι δέ μοι καὶ περὶ τῆς ἱστορίας αὐτῆς προειπεῖν, τίσι τε αὐτὴν περιλαμβάνω χρόνοις καὶ περὶ τίνων ποιοῦμαι πραγμάτων τὴν διήγησιν καὶ ποταπὸν ἀποδίδωμι τὸ σχῆμα τῇ πραγματείᾳ.

[4] So much, then, concerning myself. But it yet remains for me to say something also concerning the history itself — to what periods I limit it, what subjects I describe, and what form I give to the work.

[1] ἄρχομαι μὲν οὖν τῆς ἱστορίας ἀπὸ τῶν παλαιωτάτων μύθων, οὓς παρέλιπον οἱ πρὸ ἐμοῦ γενόμενοι συγγραφεῖς χαλεποὺς ὄντας ἄνευ πραγματείας μεγάλης ἐξευρεθῆναι:

[8.1] I begin my history, then, with the most ancient legends, which the historians before me have omitted as a subject difficult to be cleared up with diligent study;

[2] καταβιβάζω δὲ τὴν διήγησιν ἐπὶ τὴν ἀρχὴν τοῦ πρώτου Φοινικικοῦ πολέμου τὴν γενομένην ἐνιαυτῷ τρίτῳ τῆς ὀγδόης καὶ εἰκοστῆς ἐπὶ ταῖς ἑκατὸν ὀλυμπιάσιν. ἀφηγοῦμαι δὲ τοὺς τε ὀθνεῖους πολέμους τῆς πόλεως ἅπαντας, ὅσους ἐν ἐκείνοις τοῖς χρόνοις ἐπολέμησε, καὶ τὰς ἐμφυλίους στάσεις [p. 13] ὅποσας ἐστασίασεν, ἐξ οἷων αἰτιῶν ἐγένοντο καὶ δι' οἷων τρόπων τε καὶ λόγων κατελύθησαν: πολιτειῶν τε ἰδέας διέξειμι πάσας ὅσαις ἐχρήσατο βασιλευομένη τε καὶ μετὰ τὴν κατάλυσιν τῶν μονάρχων, καὶ τίς ἦν αὐτῶν ἐκάστης ὁ κόσμος: ἔθνη τε τὰ κράτιστα καὶ νόμους τοὺς

ἐπιφανεστάτους διηγοῦμαι καὶ συλλήβδην ὅλον ἀποδείκνυμι τὸν ἀρχαῖον βίον τῆς πόλεως.

[2] and I bring the narrative down to the beginning of the First Punic War, which fell in the third year of the one hundred and twenty-eighth Olympiad. I relate all the foreign wars that the city waged during that period and all the internal seditions with which she was agitated, showing from what causes they sprang and by what methods and by what arguments they were brought to an end. I give an account also of all the forms of government Rome used, both during the monarchy and after its overthrow, and show what was the character of each. I describe the best customs and the most remarkable laws; and, in short, I show the whole life of the ancient Romans.

[3] σχῆμα δὲ ἀποδίδωμι τῇ πραγματείᾳ οὗθ' ὅποῖον οἱ τοὺς πολέμους μόνους ἀναγράψαντες ἀποδεδώκασιν ταῖς ἱστορίαις οὗθ' ὅποῖον οἱ τὰς πολιτείας αὐτὰς ἐξ ἑαυτῶν διηγησάμενοι οὔτε ταῖς χρονικαῖς παραπλήσιον, ἅς ἐξέδωκαν οἱ τὰς Ἀττικῆς πραγματευσάμενοι: μονοειδεῖς γὰρ ἔκειναι τε καὶ ταχὺ προσιστάμεναι τοῖς ἀκούουσιν: ἀλλ' ἐξ ἀπάσης ἰδέας μικτὸν ἐναγωνίου τε καὶ θεωρητικῆς καὶ ἡδύαις, ἵνα καὶ τοῖς περὶ τοὺς πολιτικοὺς διατρίβουσι λόγους καὶ τοῖς περὶ τὴν φιλοσοφίαν ἐσπουδακόσι θεωρίαν καὶ εἴ τι σιν ἀοχλήτου δεήσει διαγωγῆς ἐν ἱστορικοῖς ἀναγνώσμασιν,

[3] As to the form I give this work, it does not resemble that which the authors who make wars alone their subject have given to their histories, nor that which others who treat of the several forms of government by themselves have adopted, nor is it like the annalistic accounts which the authors of *Atthides* have published (for these are monotonous and soon grow tedious to the reader), but it is a combination of every kind, forensic, speculative and narrative, to the intent that it may afford satisfaction both to those who occupy themselves with political debates and to those who are devoted to philosophical speculations, as well as to any who may desire mere undisturbed entertainment in their reading of history.

[4] ἀποχρώντως ἔχουσα φαίνεται. ἡ μὲν οὖν ἱστορία περὶ τοιούτων τε γενήσεται πραγμάτων καὶ τοιούτου τεύξετα σχήματος: ὁ δὲ συντάξας αὐτὴν Διονύσιος εἰμι Ἀλεξάνδρου Ἀλικαρνασεύς: ἄρχομαι δ' ἐνθένδε.

[4] Such things, therefore, will be the subjects of my history and such will be its form. I, the author, am Dionysius of Halicarnassus, the son of Alexander. And at this point I begin.

[1] τὴν ἡγεμόνα γῆς καὶ θαλάσσης ἀπάσης [p. 14] πόλιν, ἣν νῦν κατοικοῦσι Ῥωμαῖοι, παλαιότατοι τῶν μνημονευομένων λέγονται κατασχεῖν βάρβαροι Σικελιοί, ἔθνος αὐθιγενές: τὰ δὲ πρὸ τούτων οὗθ' ὥς κατεῖχετο πρὸς ἑτέρων οὗθ' ὥς ἔρημος ἦν οὐδεὶς ἔχει βεβαίως εἰπεῖν. χρόνῳ δὲ ὕστερον Ἀβοριγῖνες αὐτὴν παραλαμβάνουσι πολέμῳ μακρῷ τοὺς ἔχοντας

ἀφελόμενοι:

[9.1] This city, mistress of the whole earth and sea, which the Romans now inhabit, is said to have had as its earliest occupants the barbarian Sicels, a native race. As to the condition of the place before their time, whether it was occupied by others or uninhabited, none can certainly say. But some time later the Aborigines gained possession of it, having taken it from the occupants after a long war.

[2] οἱ τὸ μὲν πρότερον ἐπὶ τοῖς ὄρεσιν ὥκουν ἄνευ τειχῶν κωμηδὸν καὶ σποράδες, ἐπεὶ δὲ Πελασγοὶ τε καὶ τῶν ἄλλων Ἑλλήνων τινὲς ἀναμιχθέντες αὐτοῖς συνήραντο τοῦ πρὸς τοὺς ὁμοτέρμονας πολέμου, τὸ Σικελικὸν γένος ἀπαναστήσαντες ἐξ αὐτῆς πόλεις περιέβαλοντο συχνὰς καὶ παρεσκεύασαν ὑπήκοον αὐτοῖς γενέσθαι πᾶσαν ὄσσην ὀρίζουσι ποταμοὶ δύο Λῆρις καὶ Τέβερις: οἱ τὰς μὲν ἀρχὰς λαμβάνουσι τῆς ῥύσεως ἐκ τῆς ὑπωρείας τῶν Ἀπεννίνων ὄρων, ὅφ' ὧν δίχα τέμνεται πᾶσα ἐπὶ μῆκος ἡ Ἰταλία, διαστάντες δὲ κατὰ τὰς ἐκβολὰς ὀκτακόσια που στάδι ἀπ' ἀλλήλων εἰς τὸ Τυρρηρικὸν ἐξερεύγονται πέλαγος, ἀπὸ μὲν τῶν βορείων μερῶν ὁ Τέβερις Ὠστίας πόλεως πλησίον ἐκδιδούς, ἀπὸ δὲ τοῦ μεσημβρινοῦ κλίματος ὁ Λῆρις Μίντουρναν παραμειβόμενος:

[2] These people had previously lived on the mountains in unwalled villages and scattered groups; but when the Pelasgians, with whom some other Greeks had united, assisted them in the war against their neighbours, they drove the Sicels out of this place, walled in many towns, and contrived to subjugate all the country that lies between the two rivers, the Liris and the Tiber. These rivers spring from the foot of the Apennine mountains, the range by which all Italy is divided into two parts throughout its length, and at points about eight hundred stades from one another discharge themselves into the Tyrrhenian Sea, the Tiber to the north, near the city of Ostia, and the Liris to the south, as it flows by Minturnae, both these cities being Roman colonies.

[3] Ῥωμαίων δὲ εἰσιν αἱ πόλεις ἀμφοτέραι ἄποικοι. καὶ διέμειναν ἐπὶ τῆς αὐτῆς οἰκίσεως οὐκέτι πρὸς ἐτέρων ἐξελαθέντες, ὀνομάτων ἀλλαγᾷς διτταῖς οἱ αὐτοὶ ἄνθρωποι [p. 15] προσαγορευόμενοι, μέχρι μὲν τοῦ Τρωικοῦ πολέμου τὴν ἀρχαίαν τῶν Ἀβοριγίνων ὀνομασίαν ἔτι σώζοντες, ἐπὶ δὲ Λατίνου βασιλέως, ὃς κατὰ τὸν Ἰλιακὸν πόλεμον ἐδυνάστευε, Λατῖνοι ἀρξάμενοι καλεῖσθαι.

[3] And these people remained in this same place of abode, both never afterwards driven out by any others; but, although they continued to be one and the same people, their name was twice changed. Till the time of the Trojan war they preserved their ancient name of Aborigines; but under Latinus, their king, who reigned at the time of that war, they began to be called Latins,

[4] Ρωμύλου δὲ τὴν ἐπώνυμον αὐτοῦ πόλιν οἰκίσαντος ἑκκαίδεκα γενεαῖς τῶν Τρωικῶν ὕστερον, ἣν νῦν ἔχουσιν ὀνομασίαν μεταλαμβάνοντες, ἔθνος τε μέγιστον ἐξ ἐλαχίστου γενέσθαι σὺν χρόνῳ παρεσκεύασαν καὶ περιφανέστατον ἐξ ἀδηλοτάτου, τῶν τε δεομένων οἰκίσεως παρὰ σφίσι φιλανθρώπῳ ὑποδοχῇ καὶ πολιτείας μεταδόσει τοῖς μετὰ τοῦ γενναίου ἐν πολέμῳ κρατηθεῖσι, δούλων τε ὅσοι παρ' αὐτοῖς ἐλευθερωθεῖεν ἀστοῖς εἶναι συγχωρήσει, τύχης τε ἀνθρώπων οὐδεμιᾶς εἰ μέλλοι τὸ κοινὸν ὠφελεῖν ἀπαξιώσει: ὑπὲρ ταῦτα δὲ πάντα κόσμῳ τοῦ πολιτεύματος, ὃν ἐκ πολλῶν κατεστήσαντο παθημάτων, ἐκ παντὸς καιροῦ λαμβάνοντές τι χρήσιμον.

[4] and when Romulus founded the city named after himself sixteen generations after the taking of Troy, they took the name which they now bear. And in the course of time they contrived to raise themselves from the smallest nation to the greatest and from the most obscure to the most illustrious, not only by their humane reception of those who sought a home among them, but also by sharing the rights of citizenship with all who had been conquered by them in war after a brave resistance, by permitting all the slaves, too, who were manumitted among them to become citizens, and by disdaining no condition of men from whom the commonwealth might reap an advantage, but above everything else by their form of government, which they fashioned out of their many experiences, always extracting something useful from every occasion.

[1] τοὺς δὲ Ἀβοριγῖνας, ἀφ' ὧν ἄρχει Ῥωμαίοις τὸ γένος, οἱ μὲν αὐτόχθονας Ἰταλίας, γένος αὐτὸ καθ' ἑαυτὸ γενόμενον ἀποφαίνουσιν: Ἰταλίαν δὲ καλῶ τὴν ἀκτὴν σύμπασαν, ὅσῃν Ἰονίος τε κόλπος καὶ Τυρρηνικὴ θάλασσα καὶ τρίται περιέχουσιν ἐκ γῆς Ἄλλεϊς. καὶ τὴν ὀνομασίαν αὐτοῖς τὴν πρώτην φασὶ τεθῆναι [p. 16] διὰ τὸ γενέσεως τοῖς μετ' αὐτοὺς ἄρξαι, ὥσπερ ἂν ἡμεῖς εἴποιμεν γενεάρχας ἢ πρωτογόνους.

[10.1] There are some who affirm that the Aborigines, from whom the Romans are originally descended, were natives of Italy, a stock which came into being spontaneously (I call Italy all that peninsula which is bounded by the Ionian Gulf and the Tyrrhenian Sea and, thirdly, by the Alps on the landward side); and these authors say that they were first called Aborigines because they were the founders of the families of their descendants, or, as we should call them, genearchai or prôtogonoi.

[2] ἕτεροι δὲ λέγουσιν ἀνεστίους τινὰς καὶ πλάνητας ἐκ πολλῶν συνελθόντας χωρίων κατὰ δαίμονα περιτυχεῖν ἀλλήλοις αὐτόθι καὶ τὴν οἰκῆσιν ἐπὶ τοῖς ἐρύμασι καταστήσασθαι, ζῆν δὲ ἀπὸ ληστείας καὶ νομῆς. παραλλάττουσι δὲ καὶ τὴν ὀνομασίαν αὐτῶν ἐπὶ τὸ ταῖς τύχαις οἰκειότερον, Ἀβερριγῖνας λέγοντες, ὥστε δηλοῦσθαι αὐτοὺς πλάνητας. κινδυνεύει δὲ κατὰ τοῦτους μηδὲν διαφέρειν τὸ τῶν Ἀβοριγίνων φῦλον ὧν ἐκάλουν οἱ παλαιοὶ Λελέγων: τοῖς γὰρ ἀνεστίοις καὶ μιγάσι καὶ μηδεμίαν γῆν βεβαίως ὡς πατρίδα κατοικοῦσι ταύτην ἐπετίθεντο τὴν ὀνομασίαν ὡς τὰ

[2] Others claim that certain vagabonds without house or home, coming together out of many places, met one another there by chance and took up their abode in the fastnesses, living by robbery and grazing their herds. And these writers change their name, also, to one more suitable to their condition, calling them Aberrigenes, to show that they were wanderers; indeed, according to these, the race of the Aborigines would seem to be no different from those the ancients called Leleges; for this is the name they generally gave to the homeless and mixed peoples who had no fixed abode which they could call their country.

[3] πολλά. ἄλλοι δὲ Λιγύων ἀποίκους μυθολογοῦσιν αὐτοὺς γενέσθαι τῶν ὁμορουντῶν Ὀμβρικοῖς· οἱ γὰρ Λίγυες οἰκοῦσι μὲν καὶ τῆς Ἰταλίας πολλαχθί, νέμονται δὲ τινα καὶ τῆς Κελτικῆς. ὁποτέρᾳ δ' αὐτοῖς ἐστί γῆ πατρὶς, ἄδηλον· οὐ γὰρ ἔτι λέγεται περὶ αὐτῶν προσωτέρω σαφὲς οὐδέν.

[3] Still others have a story to the effect that they were colonists sent out by those Ligurians who are neighbours of the Umbrians. For the Ligurians inhabit not only many parts of Italy but some parts of Gaul as well, but which of these lands is their native country is not known, since nothing certain is said of them further.

[1] οἱ δὲ λογιώτατοι τῶν Ῥωμαϊκῶν συγγραφέων, ἐν οἷς ἐστί Πόρκιος τε Κάτων ὁ τᾶς γενεαλογίας τῶν ἐν Ἰταλίᾳ πόλεων ἐπιμελέστατα συναγαγὼν καὶ Γάιος Σεμπρώνιος καὶ ἄλλοι συχνοί, Ἕλληνας αὐτοὺς εἶναι λέγουσι τῶν ἐν Ἀχαΐᾳ ποτὲ οἰκησάντων, πολλαῖς γενεαῖς πρότερον τοῦ πολέμου τοῦ Τρωικοῦ μεταναστάντας. οὐκέτι μέντοι διορίζουσιν [p. 17] οὔτε φῦλον Ἑλληνικὸν οὔ μετεῖχον, οὔτε πόλιν ἐξ ἧς ἀπανέστησαν, οὔτε χρόνον οὔθ' ἡγεμόνα τῆς ἀποικίας οὔθ' ὁποίαις τύχαις χρησάμενοι τὴν μητρόπολιν ἀπέλιπον· Ἑλληνικῶς τε μύθῳ χρησάμενοι οὐδένα τῶν τὰ Ἑλληνικὰ γραφάντων βεβαιωτὴν παρέσχοντο. τὸ μὲν οὖν ἀληθὲς ὅπως ποτ' ἔχει, ἄδηλον· εἰ δ' ἐστὶν ὁ τούτων λόγος ὑγίης, οὐκ ἂν ἐτέρου τινὸς εἴησαν ἀποικοὶ γένους ἢ τοῦ καλουμένου νῦν Ἀρκαδικοῦ.

[11.1] But the most learned of the Roman historians, among whom is Porcius Cato, who compiled with the greatest care the “origins” of the Italian cities, Gaius Sempronius and a great many others, say that they were Greeks, part of those who once dwelt in Achaia, and that they migrated many generations before the Trojan war. But they do not go on to indicate either the Greek tribe to which they belonged or the city from which they removed, or the date or the leader of the colony, or as the result of what turns of fortune they left their mother country; and although they are following a Greek legend, they have cited no Greek historian as their authority. It is uncertain, therefore, what the truth of the matter is. But if what they say is true, the Aborigines can be a colony of no other people but of those who are now called Arcadians;

[2] πρῶτοι γὰρ Ἑλλήνων οὗτοι περαιωθέντες τὸν Ἴονιον κόλπον ὤκησαν

Ἰταλίαν, ἄγοντος αὐτοὺς Οἰνώτρου τοῦ Λυκάονος· ἦν δὲ πέμπτος ἀπὸ τε Αἰζείου καὶ Φορωνέως τῶν πρώτων ἐν Πελοποννήσῳ δυναστευσάντων. Φορωνέως μὲν γὰρ Νιόβη γίνεται· ταύτης δὲ υἱὸς καὶ Διὸς, ὡς λέγεται, Πελασγός· Αἰζείου δὲ υἱὸς Λυκάων· τούτου δὲ Δηιάνειρα θυγάτηρ· ἐκ δὲ Δηιανείρας καὶ Πελασγοῦ Λυκάων ἕτερος· τούτου δὲ Οἰνωτρος, ἑπτακαίδεκα γενεαῖς πρότερον τῶν ἐπὶ Τροίαν στρατευσάντων. ὁ μὲν δὴ χρόνος, ἐν ᾧ τὴν ἀποικίαν ἔστειλαν Ἕλληνες εἰς Ἰταλίαν, οὗτος ἦν.

[2] for these were the first of all the Greeks to cross the Ionian Gulf, under the leadership of Oenotrus, the son of Lycaon, and to settle in Italy. This Oenotrus was the fifth from Aezeius and Phoroneus, who were the first kings in the Peloponnesus. For Niobê was the daughter of Phoroneus, and Pelasgus was the son of Niobê and Zeus, it is said; Lycaon was the son of Aezeius and Deianira was the daughter of Lycaon; Deianira and Pelasgus were the parents of another Lycaon, whose son Oenotrus was born seventeen generations before the Trojan expedition. This, then, was the time when the Greeks sent the colony into Italy.

[3] ἀπανέστη δὲ τῆς Ἑλλάδος Οἰνωτρος οὐκ ἀρκούμενος τῇ μοίρᾳ· δύο γὰρ καὶ εἴκοσι παιδῶν Λυκάονι γενομένων εἰς τοσοῦτους ἔδει κλήρους νεμηθῆναι τὴν Ἀρκάδων χώραν. ταύτης μὲν δὴ τῆς αἰτίας ἕνεκα Πελοπόννησον Οἰνωτρος ἐκλιπὼν καὶ κατασκευασάμενος ναυτικὸν διαίρει τὸν Ἴονιον πόντον καὶ σὺν αὐτῷ [p. 18] Πευκέτιος τῶν ἀδελφῶν εἷς. εἶποντο δὲ αὐτοῖς τοῦ τε οἴκειου λαοῦ συχνοί, πολυάνθρωπον γὰρ δὴ τὸ ἔθνος τοῦτο λέγεται κατ' ἀρχὰς γενέσθαι, καὶ τῶν ἄλλων Ἑλλήνων ὅσοι χώραν εἶχον ἐλάττω τῆς ἱκανῆς.

[3] Oenotrus left Greece because he was dissatisfied with his portion of his father's land; for, as Lycaon had twenty-two sons, it was necessary to divide Arcadia into as many shares. For this reason Oenotrus left the Peloponnesus, prepared a fleet, and crossed the Ionian Gulf with Peucetius, one of his brothers. They were accompanied by many of their own people — for this nation is said to have been very populous in early times — and by as many other Greeks as had less land than was sufficient for them.

[4] Πευκέτιος μὲν οὖν, ἔνθα τὸ πρῶτον ὠρμίσαντο τῆς Ἰταλίας, ὑπὲρ ἄκρας Ἰαπυγίας ἐκβιάσας τὸν λεῶν αὐτοῦ καθιδρύεται, καὶ ἀπ' αὐτοῦ οἱ περὶ ταῦτα τὰ χωρία οἰκοῦντες Πευκέτιοι ἐκλήθησαν. Οἰνωτρος δὲ τὴν πλειὴν τοῦ στρατοῦ μοῖραν ἀγόμενος εἰς τὸν ἕτερον ἀφικνεῖται κόλπον τὸν ἀπὸ τῶν ἐσπερίων μερῶν παρὰ τὴν Ἰταλίαν ἀναχεόμενον, ὃς τότε μὲν Αὐσόνιος ἐπὶ τῶν προσοικούντων Αὐσόνων ἐλέγετο, ἐπεὶ δὲ Τυρρηνοὶ θαλασσοκράτορες ἐγένοντο, μετέλαβεν ἦν ἔχει νῦν προσηγορίαν.

[4] Peucetius landed his people above the Iapygian Promontory, which was the first part of Italy they made, and settled there; and from him the inhabitants of this region were called Peucetians. But Oenotrus with the greater part of the

expedition came into the other sea that washes the western regions along the coast of Italy; it was then called the Ausonian Sea, from the Ausonians who dwelt beside it, but after the Tyrrhenians became masters at sea its name was changed to that which it now bears.

[1] εὐρὺν δὲ χώραν πολλήν μὲν εἰς νομάς, πολλήν δὲ εἰς ἀρότους εὖθετον, ἔρημον δὲ τὴν πλείστην καὶ οὐδὲ τὴν οἰκουμένην πολυάνθρωπον, ἀνακαθήρας τὸ βάρβαρον ἐκ μέρους τινὸς αὐτῆς ὤκισε πόλεις μικρὰς καὶ συνεχεῖς ἐπὶ τοῖς ὄρεσιν, ὅσπερ ἦν τοῖς παλαιοῖς τρόπος οἰκήσεως συνήθης. ἐκαλεῖτο δὲ ἢ τε χώρα πᾶσα πολλή οὔσα ὅσην κατέσχευεν Οἰνωτρία, καὶ οἱ ἄνθρωποι πάντες ὅσων ἦρξεν Οἰνωτροί, τρίτην μεταλαβόντες ὀνομασίαν ταύτην. ἐπὶ μὲν γὰρ Αἰζειοῦ [p. 19] βασιλεύοντος Αἰζειοὶ ἐλέγοντο, Λυκάονος δὲ παραλαβόντος τὴν ἀρχὴν ἀπ' ἐκείνου αὖθις Λυκάονες ὠνομάσθησαν, Οἰνώτρου δὲ κομίσαντος αὐτοῦς εἰς Ἰταλίαν Οἰνωτροί χρόνον τινὰ ἐκλήθησαν.

[12.1] And finding there much land suitable for pasturage and much for tillage, but for the most part unoccupied, and even that which was inhabited not thickly populated, he cleared some of it of the barbarians and built small towns contiguous to one another on the mountains, which was the customary manner of habitation in use among the ancients. And all the land he occupied, which was very extensive, was called Oenotria, and all the people under his command Oenotrians, which was the third name they had borne. For in the reign of Aezeius they were called Aezeians, when Lycaon succeeded to the rule, Lycaonians, and after Oenotrus led them into Italy they were for a while called Oenotrians.

[2] μαρτυρεῖ δέ μοι τῷ λόγῳ Σοφοκλῆς μὲν ὁ τραγωδοποιὸς ἐν Τριπτολέμῳ δράματι: πεποιεῖται γὰρ αὐτῷ Δημήτηρ διδάσκουσα τὸν Τριπτόλεμον, ὅσην χώραν ἀναγκασθήσεται σπεύρων τοῖς δοθεῖσιν ὑπ' αὐτῆς καρποῖς διεξελθεῖν: μνησθεῖσα δὲ τῆς ἐψῶν πρῶτον Ἰταλίας, ἣ ἐστὶν ἀπ' ἄκρας Ἰαπυγίας μέχρι πορθμοῦ Σικελικοῦ, καὶ μετὰ τοῦτο τῆς ἀντικρὺ Ἀψαμένη Σικελίας, ἐπὶ τὴν ἐσπέριον Ἰταλίαν αὖθις ἀναστρέφει καὶ τὰ μέγιστα τῶν οἰκούντων τὴν παράλιον ταύτην ἐθνῶν διεξέρχεται, τὴν ἀρχὴν ἀπὸ τῆς Οἰνώτρων οἰκήσεως ποιησαμένη. ἀπόχρη δὲ ταῦτα μόνον λεχθέντα τῶν ἱαμβείων, ἐν οἷς φησι:

τὰ δ' ἐξόπισθε, χειρὸς εἰς τὰ δεξιὰ,

Οἰνωτρία τε πᾶσα καὶ Τυρρηνικὸς

κόλπος Λιγυστική τε γῆ σε δέξεται.

[2] What I say is supported by the testimony of Sophocles, the tragic poet, in his drama entitled *Triptolemus*; for he there represents Demeter as informing Triptolemus how large a tract of land he would have to travel over while sowing it with the seeds she had given him. For, after first referring to the

eastern part of Italy, which reaches from the Iapygian Promontory to the Sicilian Strait, and then touching upon Sicily on the opposite side, she returns again to the western part of Italy and enumerates the most important nations that inhabit this coast, beginning with the settlement of the Oenotrians. But it is enough to quote merely the iambs in which he says:

“And after this, — first, then, upon the right,

Oenotria wide-outstretched and Tyrrhene Gulf,

And next the Ligurian land shall welcome thee.”

[3] Ἀντίοχος δὲ ὁ Συρακούσιος, συγγραφεὺς πάνυ ἀρχαῖος, ἐν Ἰταλίας οἰκισμῷ τοὺς παλαιοτάτους οἰκήτορας διεξιὼν, ὡς ἕκαστοι τι μέρος αὐτῆς κατεῖχον, Οἰνώτρους λέγει πρῶτους τῶν μνημονευομένων ἐν αὐτῇ κατοικῆσαι, εἰπὼν ὧδε: (Ἀντίοχος Ξενοφάνεος τάδε συνέγραψε περὶ Ἰταλίας ἐκ τῶν ἀρχαίων λόγων [p. 20] τὰ πιστότατα καὶ σαφέστατα: τὴν γῆν ταύτην, ἣτις νῦν Ἰταλίη καλεῖται, τὸ παλαιὸν εἶχον Οἰνωτροί) . ἔπειτα διεξελθὼν ὃν τρόπον ἐπολιτεῦοντο, καὶ ὡς βασιλεὺς ἐν αὐτοῖς Ἰταλὸς ἀνὰ χρόνον ἐγένετο, ἀφ’ οὗ μετωνομάσθησαν Ἰταλοί, τοῦτου δὲ τὴν ἀρχὴν Μόργης διεδέξατο, ἀφ’ οὗ Μόργητες ἐκλήθησαν, καὶ ὡς Σικελὸς ἐπιξενωθείς Μόργητι ἰδίαν πράττων ἀρχὴν διέστησε τὸ ἔθνος, ἐπιφέρει ταυτί: (οὕτω δὲ Σικελοὶ καὶ Μόργητες ἐγένοντο καὶ Ἰταλίητες ἐόντες Οἰνωτροί) .

[3] And Antiochus of Syracuse, a very early historian, in his account of the settlement of Italy, when enumerating the most ancient inhabitants in the order in which each of them held possession of any part of it, says that the first who are reported to have inhabited that country are the Oenotrians. His words are these: “Antiochus, the son of Xenophanes, wrote this account of Italy, which comprises all that is most credible and certain out of the ancient tales; this country, which is now called Italy, was formerly possessed by the Oenotrians.” Then he relates in what manner they were governed and says that in the course of time Italus came to be their king, after whom they were named Italians; that this man was succeeded by Morges, after whom they were called Morgetes, and that Sicelus, being received as a guest by Morges and setting up a kingdom for himself, divided the nation. After which he adds these words: “Thus those who had been Oenotrians became Sicels, Morgetes and Italians.”

[1] φέρε δὴ καὶ τὸ γένος ὅθεν ἦν τὸ τῶν Οἰνώτρων ἀποδειξωμεν, ἕτερον ἄνδρα τῶν ἀρχαίων συγγραφέων παρασχόμενοι μάρτυρα, Φερεκύδην τὸν Ἀθηναῖον, γενεαλόγων οὐδενὸς δεύτερον. πεποιῆται γὰρ αὐτῷ περὶ τῶν ἐν Ἀρκαδίᾳ βασιλευσάντων ὅδε ὁ λόγος: Πελασογοῦ καὶ Διανειρῆς γίνεται Λυκάων: οὗτος γαμεῖ Κυλλήνην, Νηίδα νύμφην, ἀφ’ ἧς τὸ ὄρος ἡ Κυλλήνη καλεῖται. ἔπειτα τοὺς ἐκ τούτων γεννηθέντας διεξιὼν καὶ τινὰς ἕκαστοι

τόπους ὤκησαν, Οἰνώτρου καὶ Πευκετίου μιμνήσκειται λέγων ὧδε: (καὶ Οἰνώτρος, ἀφ’ οὗ Οἰνώτροι καλέονται οἱ ἐν Ἰταλίῃ οἰκούντες, καὶ Πευκέτιος, ἀφ’ οὗ Πευκέτιοι καλέονται οἱ ἐν τῷ Ἰονίῳ κόλπῳ. τὰ

[13.1] Now let me also show the origin of the Oenotrian race, offering as my witness another of the early historians, Pherecydes of Athens, who was a genealogist inferior to none. He thus expresses himself concerning the kings of Arcadia: “Of Pelasgus and Deïanira was born Lycaon; this man married Cyllenê, a Naiad nymph, after whom Mount Cyllenê is named.” Then, having given an account of their children and of the places each of them inhabited, he mentions Oenotrus and Peucetius, in these words: “And Oenotrus, after whom are named the Oenotrians who live in Italy, and Peucetius, after whom are named the Peucetians who live on the Ionian Gulf.”

[2] μὲν οὖν ὑπὸ τῶν παλαιῶν εἰρημένα ποιητῶν τε καὶ [p. 21] μυθογράφων περὶ τε οἰκίσεως καὶ γένους τῶν Οἰνώτρων τοιαῦτά ἐστιν: οἷς ἐγὼ πειθόμενος, εἰ τῷ ὄντι Ἑλληνικὸν φύλον ἦν τὸ τῶν Ἀβοριγίνων, ὡς Κάτωνι καὶ Σεμπρωνίῳ καὶ πολλοῖς ἄλλοις εἴρηται, τούτων ἔγγονον αὐτῶν τῶν Οἰνώτρων ὑποτίθεμαι. τὸ γὰρ δὴ Πελασγικὸν καὶ τὸ Κρητικὸν καὶ ὅσα ἄλλα ἐν Ἰταλίᾳ ὤκησεν, ὑστέροις εὗρισκω χρόνοις ἀφικόμενα. παλαιότερον δὲ τούτου στόλον ἀπαναστάντα τῆς Ἑλλάδος εἰς τὰ προσεσπέρια τῆς Εὐρώπης οὐδένα δύναμαι καταμαθεῖν.

[2] Such, then, are the accounts given by the ancient poets and writers of legends concerning the places of abode and the origin of the Oenotrians; and on their authority I assume that if the Aborigines were in reality a Greek nation, according to the opinion of Cato, Sempronius and many others, they were descendants of these Oenotrians. For I find that the Pelasgians and Cretans and the other nations that lived in Italy came thither afterwards; nor can I discover that any other expedition more ancient than this came from Greece to the western parts of Europe.

[3] τοὺς δὲ Οἰνώτρους τῆς τ’ ἄλλης Ἰταλίας πολλὰ χωρία οἶομαι κατασχεῖν, τὰ μὲν ἔρημα, τὰ δὲ φαύλως οἰκούμενα καταλαβόντας, καὶ δὴ καὶ τῆς Ὀμβρικῶν γῆς ἐστὶν ἢν ἀποτεμέσθαι, κληθῆναι δὲ Ἀβοριγίνας ἐπὶ τῆς ἐν τοῖς ὄρεσιν οἰκίσεως (Ἀρκαδικὸν γὰρ τὸ φιλοχωρεῖν ἐν ὄρεσιν’, ὡς ὑπερακρίους τινὰς καὶ παραλίους Ἀθήνησιν.

[3] I am of the opinion that the Oenotrians, besides making themselves masters of many other regions in Italy, some of which they found unoccupied and others but thinly inhabited, also seized a portion of the country of the Umbrians, and that they were called Aborigines from their dwelling on the mountains (for it is characteristic of the Arcadians to be fond of the mountains), in the same manner as at Athens some are called Hyperakriori, and others Paralioi.

[4] εἰ δέ τινες πεφύκασι μὴ ταχεῖς εἶναι περὶ πραγμάτων παλαιῶν ἄβασανίστως τὰ λεγόμενα δέχεσθαι, μὴ ταχεῖς ἔστωσαν μηδὲ Λίγυας ἢ Ὀμβρικοὺς ἢ ἄλλους τινὰς βαρβάρους αὐτοὺς νομίσαι, περιμείναντες δὲ καὶ τὰ λοιπὰ μαθεῖν κρινέτωσαν ἐξ ἁπάντων τὸ πιθανώτατον.

[4] But if any are naturally slow in giving credit to accounts of ancient matters without due examination, let them be slow also in believing the Aborigines to be Ligurians, Umbrians, or any other barbarians, and let them suspend their judgment till they have heard what remains to be told and then determine which opinion out of all is the most probable.

[1] τῶν δὲ πόλεων, ἐν αἷς τὸ πρῶτον ὤκησαν Ἀβοριγῖνες, ὀλίγα περιῆσαν ἐπ' ἑμοῦ: αἱ δὲ πλεῖσται ὑπὸ τε πολέμων καὶ ἄλλων κακῶν οἰκοφθορηθεῖσαι [p. 22] ἔρημοι ἀφεῖνται. ἦσαν δ' ἐν τῇ Ῥεατίνῃ γῇ τῶν Ἀπεννίνων ὄρων οὐ μακρὰν, ὡς Οὐάρρων Τερέντιος ἐν ἀρχαιολογίαις γράφει, ἀπὸ τῆς Ῥωμαίων πόλεως αἱ τὸ βραχύτατον ἀπέχουσαι ἡμερήσιον διάστημα ὁδοῦ: ὧν ἐγὼ τὰς ἐπιφανεστάτας, ὡς ἐκεῖνος ἱστορεῖ, διηγῆσομαι.

[14.1] Of the cities first inhabited by the Aborigines few remained in my day; the greatest part of them, having been laid waste both by wars and other calamities, are abandoned. These cities were in the Reatine territory, not far from the Apennine mountains, as Terentius Varro writes in his *Antiquities*, the nearest being one day's journey distant from Rome. I shall enumerate the most celebrated of them, following his account.

[2] Παλάτιον μὲν πέντε πρὸς τοῖς εἴκοσι σταδίοις ἀφεστῶσα Ῥεάτου, πόλεως οἰκουμένης ὑπὸ Ῥωμαίων ἔτι καὶ εἰς ἐμὲ, Κοϊντίας ὁδοῦ πλησίον. Τριβόλα δὲ ἀμφὶ τοὺς ἐξήκοντα σταδίους τῆς αὐτῆς πόλεως ἀφεστῶσα, λόφον ἐπικαθημένη σύμμετρον. Συεσβόλα δὲ τὸ αὐτὸ διάστημα τῆς Τριβόλας ἀπέχουσα, τῶν Κεραυνίων ὄρων πλησίον. ἀπὸ δὲ ταύτης τετταράκοντα σταδίοις διηρημένη πόλις ἐπιφανῆς Σούνα, ἔνθα νεὼς πάνυ ἀρχαῖός ἐστιν Ἄρεος.

[2] Palatium, twenty-five stades distant from Reate (a city that was still inhabited by Romans down to my time), near the Quintian Way. Tribula, about sixty stades from Reate and standing upon a low hill. Suesbula, at the same distance from Tribula, near the Ceraunian Mountains. Suna, a famous city forty stades from Suesbula; in it there is a very ancient temple of Mars.

[3] Μήφυλα δὲ ὡς τριάκοντα σταδίους ἄπωθεν τῆς Σούνης: δεικνυταὶ δὲ αὐτῆς ἐρείπια τε καὶ τείχους ἔχνη. τετταράκοντα δὲ σταδίους ἀπέχουσα Μηφύλης Ὀρουίνιον, εἰ καὶ τις ἄλλη τῶν αὐτόθι πόλεων ἐπιφανῆς καὶ μεγάλη: δῆλοι γάρ εἰσιν αὐτῆς οἱ τε θεμέλιοι τῶν τειχῶν καὶ τάφοι τινὲς ἀρχαιοπρεπεῖς καὶ πολυανδρίων ἐν ὑψηλοῖς χώμασι μηκνυομένων περιβολοί: ἔνθα καὶ νεὼς Ἀθηνᾶς ἐστὶν ἀρχαῖος, ἰδρυμένος ἐπὶ τῆς ἄκρας.

[3] Mefula, about thirty stades from Suna; its ruins and traces of its walls are pointed out. Orvinium, forty stades from Mefula, a city as famous and large as any in that region; for the foundations of its walls are still to be seen and some tombs of venerable antiquity, as well as the circuits of burying-places extending over lofty mounds; and there is also an ancient temple of Minerva built on the summit.

[4] ἀπὸ δὲ σταδίων ἄγδοήκοντα Ῥεάτου τοῖς ἰοῦσι [p. 23] διὰ τῆς Κουρίας ὁδοῦ παρὰ Κόρητον ὄρος Κόρσουλα νεωστὶ διεφθαρμένη. δέικνυνται δὲ τις καὶ νῆσος, Ἰσσα αὐτῇ ὄνομα, λίμνη περιρρυτος, ἣν χωρὶς ἐρύματος ποιητοῦ κατοικῆσαι λέγονται τοῖς τέλμασι τῆς λίμνης ὅποσα τείχεσι χρώμενοι. πλησίον δὲ τῆς Ἰσσης Μαρούιον ἐπὶ τῷ μυχῷ τῆς αὐτῆς λίμνης κειμένη, τετταράκοντα σταδίους ἀπέχουσα τῶν καλουμένων Ἐπτὰ ὕδατων.

[4] At the distance of eighty stades from Reate, as one goes along the Curian Way past Mount Coretus, stood Corsula, a town but recently destroyed. There is also pointed out an island, called Issa, surrounded by a lake; the Aborigines are said to have lived on this island without any artificial fortification, relying on the marshy waters of the lake instead of walls. Near Issa is Maruvium, situated on an arm of the same lake and distant forty stades from what they call the Septem Aquae.

[5] ἀπὸ δὲ Ῥεάτου πάλιν τὴν ἐπὶ Λατίνην ὁδὸν ἰοῦσι Βατία μὲν ἀπὸ τριάκοντα σταδίων, Τίωρα δὲ ἀπὸ τριακοσίων, ἡ καλουμένη Ματιήνη. ἐν ταύτῃ λέγεται χρηστήριον Ἄρεος γενέσθαι πάνυ ἀρχαῖον. ὁ δὲ τρόπος αὐτοῦ παραπλήσιος ἦν ὥς φασι τῷ παρὰ Δωδωναίοις μυθολογουμένῳ ποτὲ γενέσθαι: πλὴν ὅσον ἐκεῖ μὲν ἐπὶ δρυὸς ἱερᾶς πέλεια καθεζομένη θεσπιωδεῖν ἐλέγετο, παρὰ δὲ τοῖς Ἀβοριγῖσι θεόπεμπτος ὄρνις, ὃν αὐτοὶ μὲν πῖκον, Ἕλληνες δὲ δρυκολάπτην καλοῦσιν, ἐπὶ κίονος ξυλίνου φαινόμενος τὸ αὐτὸ ἔδρα.

[5] Again, as one goes from Reate by the road towards the Listine district, there is Batia, thirty stades distant; then Tiora, called Matiene, at a distance of three hundred stades. In this city, they say, there was a very ancient oracle of Mars, the nature of which was similar to that of the oracle which legend says once existed at Dodona; only there a pigeon was said to prophesy, sitting on a sacred oak, whereas among the Aborigines a heaven-sent bird, which they call picus and the Greeks drykolaptês, appearing on a pillar of wood, did the same.

[6] τέτταρας δ' ἐπὶ τοῖς εἴκοσι σταδίοις ἀπέχουσα τῆς εἰρημένης πόλεως Λίστα, μητρόπολις Ἀβοριγίνων, ἣν παλαιότερον ἔτι Σαβῖνοι νύκτωρ ἐπιστρατεύσαντες ἐκ πόλεως Ἀμιτέρνης ἀφύλακτον [p. 24] αἰροῦσιν: οἱ δ' ἐκ τῆς ἀλώσεως περισωθέντες ὑποδεξαμένων αὐτοῦς Ῥεατίνων, ὥς πολλὰ πειραθέντες οὐχ οἷοι τε ἦσαν ἀπολαβεῖν, ἱερὰν ἀνῆκαν ὥς σφετέραν ἔτι τὴν γῆν, ἐξαρίστους ποιήσαντες ἀραῖς τοὺς καρπωσομένους αὐτὴν ὕστερον.

[6] Twenty-four stades from the afore-mentioned city stood Lista, the mother-city of the Aborigines, which at a still earlier time the Sabines had captured by a surprise attack, having set out against it from Amiternum by night. Those who survived the taking of the place, after being received by the Reatines, made many attempts to retake their former home, but being unable to do so, they consecrated the country to the gods, as if it were still their own, invoking curses against those who should enjoy the fruits of it.

[1] ἀπὸ δὲ σταδίων ἑβδομήκοντα Ῥεάτου Κοτυλία πόλις ἐπιφανὴς πρὸς ὄρει κειμένη: ἥ ἐστιν οὐ πρόσω λίμνη τεττάρων πλέθρων ἔχουσα τὴν διάστασιν, αὐθιγενοῦς πλήρης νάματος ἀπορρέοντος αἰεὶ, βάθος ὡς λέγεται ἄβυσσος. ταύτην ἔχουσαν τι θεοπρεπὲς ἱερὰν τῆς Νίκης οἱ ἐπιχώριοι νομίζουσι καὶ περιεῖρξαντες κύκλῳ στέμμασι τοῦ μηδένᾳ τῷ νάματι πελάζειν ἄβατον φυλάττουσιν, ὅτι μὴ καιροῖς τισι διετησίοις, ἐν οἷς ἱερὰ θύουσιν ἃ νόμος ἐπιβαίνοντες τῆς ἐν αὐτῇ νησίδος οἷς ὄσιον.

[15.1] Seventy stades from Reate stood Cutilia, a famous city, beside a mountain. Not far from it there is a lake, four hundred feet in diameter, filled by everflowing natural springs and, it is said, bottomless. This lake, as having something divine about it, the inhabitants of the country look upon as sacred to Victory; and surrounding it with a palisade, so that no one may approach the water, they keep it inviolate; except that at certain times each year those whose sacred office it is go to the little island in the lake and perform the sacrifices required by custom.

[2] ἡ δὲ νῆσός ἐστι μὲν ὡσπερὰν πεντήκοντα ποδῶν τὴν διάμετρον, ὑπερανέστηκε δὲ τοῦ νάματος οὐ πλεῖον ἢ ποδιαῖον ὕψος: ἀνίδρυτος δ' ἐστὶ καὶ περινήχεται πολλαχῇ δινοῦντος αὐτὴν ἄλλοτε κατ' ἄλλους τόπους ἡρέμα τοῦ πνεύματος. χλόη δὲ τις ἐν αὐτῇ φύεται βουτόμῳ προσεμφερῆς καὶ θάμνοι τινὲς οὐ μεγάλοι, πρᾶγμα κρεῖττον λόγου τοῖς ἀθεάτοις ὧν ἡ φύσις δρᾷ καὶ θαυμάτων οὐδενὸς δεύτερον.

[2] This island is about fifty feet in diameter and rises not more than a foot above the water; it is not fixed, and floats about in any direction, according to as the wind gently wafts it from one place to another. An herb grows on the island like the flowering rush and also certain small shrubs, a phenomenon which to those who are unacquainted with the works of Nature seems unaccountable and a marvel second to none.

[1] τὴν μὲν δὴ πρώτην οἴκησιν οἱ Ἀβοριγῖνες ἐν τούτοις λέγονται ποιήσασθαι τοῖς τόποις, ἐξελάσαντες ἐξ αὐτῶν Ὀμβρικούς. ἐντεῦθεν δὲ ὁρμώμενοι [p. 25] τοῖς τε ἄλλοις βαρβάροις καὶ πάντων μάλιστα Σικελοῖς ὁμοτέρμοσιν οὖσιν ὑπὲρ τῆς χώρας ἐπολέμουν, τὸ μὲν πρῶτον ἱερὰ τις ἐξελθοῦσα νεότης, ἄνδρες ὀλίγοι κατὰ βίου ζητήσιν ὑπὸ τῶν γειναμένων ἀποσταλέντες, ἔθος ἐκπληροῦντες ἀρχαῖον, ᾧ πολλοὺς βαρβάρων τε καὶ Ἑλλήνων ἐπίσταται χρησαμένους.

[16.1] The Aborigines are said to have settled first in these places after they had driven out the Umbrians. And making excursions from there, they warred not only upon the barbarians in general but particularly upon the Sicels, their neighbours, in order to dispossess them of their lands. First, a sacred band of young men went forth, consisting of a few who were sent out by their parents to seek a livelihood, according to a custom which I know many barbarians and Greeks have followed.

[2] ὁπότε γὰρ εἰς ὄχλου πλῆθος ἐπίδοσιν αἱ πόλεις τισὶ λάβοιεν ὥστε μηκέτι τὰς οἰκείας τροφὰς ἅπασιν εἶναι διαρκεῖς, ἢ κακωθεῖσα ταῖς οὐρανίοις μεταβολαῖς ἢ γῇ σπανίους τοὺς εἰωθότας καρποὺς ἐξενέγκειεν, ἢ τοιόνδε τι πάθος ἄλλο τὰς πόλεις κατασχὼν εἴτε ἄμεινον εἴτε χεῖρον ἀνάγκην ἐπιστήσειε μειώσεως τοῦ πλήθους, θεῶν ὅτῳ δὴ καθιεροῦντες ἀνθρώπων ἑτείους γονὰς ἐξέπεμπον ὅπλοις κοσμήσαντες ἐκ τῆς σφετέρας· εἰ μὲν ὑπὲρ εὐανδρίας ἢ νίκης ἐκ πολέμου χαριστήρια θεοῖς ἀποδιδόειν, προθύοντες ἱερὰ τὰ νομιζόμενα, εὐφήμοις οἶωνοῖς τὰς ἀποικίας προπέμποντες· εἰ δ' ἐπὶ μηνίμασι δαιμονίοις ἀπαλλαγὰς αἰτούμενοι τῶν κατεχόντων σφᾶς κακῶν τὸ παραπλήσιον δρῶεν, αὐτοὶ τε ἀχθόμενοι καὶ συγγνώμονας ἀξιοῦντες γενέσθαι τοὺς ἀπελαινόμενους.

[2] For whenever the population of any of their cities increased to such a degree that the produce of their lands no longer sufficed for them all, or the earth, injured by unseasonable changes of the weather, brought forth her fruits in less abundance than usual, or any other occurrence of like nature, either good or bad, introduced a necessity of lessening their numbers, they would dedicate to some god or other all the men born within a certain year, and providing them with arms, would send them out of their country. If, indeed, this was done by way of thanksgiving for populousness or for victory in war, they would first offer the usual sacrifices and then send forth their colonies under happy auspices; but if, having incurred the wrath of Heaven, they were seeking deliverance from the evils that beset them, they would perform much the same ceremony, but sorrowfully and begging forgiveness of the youths they were sending away.

[3] οἱ δὲ ἀπαναστάντες ὥς οὐκέτι τῆς πατρώας γῆς μεταληψόμενοι, εἰ μὴ κτήσαιντο ἑτέραν, τὴν ὑποδεξαμένην αὐτοὺς εἴτε πρὸς φιλίαν εἴτε ἐν πολέμῳ κρατηθεῖσαν πατρίδα [p. 26] ἐποιοῦντο· ὃ τε θεὸς, ᾧ κατονομασθεῖεν ἀπελαινόμενοι, συλλαμβάνειν αὐτοῖς ὥς τὰ πολλὰ ἐδόκει καὶ παρὰ τὴν ἀνθρωπίνην δόξαν κατορθοῦν τὰς ἀποικίας.

[3] And those who departed, feeling that henceforth they would have no share in the land of their fathers but must acquire another, looked upon any land that received them in friendship or that they conquered in war as their country. And the god to whom they had been dedicated when they were sent out seemed generally to assist them and to prosper the colonies beyond all human expectation.

[4] τοῦτῳ δὴ τῷ νόμῳ χρώμενοι καὶ τότε τῶν Ἀβοριγίνων τινὲς ἀνθούντων ἀνδράσι τῶν χωρίων (κτείνειν γὰρ οὐδένα τῶν ἐκγόνων ἡξιοῦν, ἄγους οὐδενὸς ἔλαττον τοῦτο τιθέμενοί, θεῶν ὅτῳ δὴ καθιερώσαντες ἐνιαυσίους γονὰς ἀνδρωθέντας ἀποικίζουσι τοὺς παῖδας ἐκ τῆς σφετέρας, οἱ τοὺς Σικελοὺς ἄγοντές τε καὶ

[4] In pursuance, therefore, of this custom some of the Aborigines also at that time, as their places were growing very populous (for they would not put any of their children to death, looking on this as one of the greatest of crimes), dedicated to some god or other the offspring of a certain year and when these children were grown to be men they sent them out of their country as colonists; and they, after leaving their own land, were continually plundering the Sicels.

[5] φέροντες διετέλουν, ἐπειδὴ τὴν ἑαυτῶν ἐξέλιπον. ὥς δ' ἅπαξ οὗτοι χωρίων τινῶν τῆς πολεμίας ἐκράτησαν, ἐκ τοῦ ἀσφαλεστέρου ἤδη καὶ οἱ λοιποὶ Ἀβοριγῖνες οἱ δεόμενοι γῆς κατὰ σφᾶς ἕκαστοι ἐπεχείρουν τοῖς ὁμόροις καὶ πόλεις ἔκτισαν ἄλλας τέ τινας καὶ τὰς μέχρι τοῦδε οἰκουμένας, Ἀντεμνάτας καὶ Τελληνεῖς καὶ Φικολνέους τοὺς πρὸς τοῖς καλουμένοις Κορνίκλοις ὄρεσι καὶ Τιβουρτίνοισι, παρ' οἷς ἔτι καὶ εἰς τὸδε χρόνον μέρος τι τῆς πόλεως ὀνομάζεται Σικελικόν· καὶ ἦσαν ἀπάντων μάλιστα τῶν προσοικούντων λυπηροὶ τοῖς Σικελοῖς. ἀνίσταται δὲ ἐκ τούτων τῶν διαφορῶν τοῖς ἔθνεσιν ὅλοις πόλεμος ὅσος οὐδεὶς τῶν πρότερον γενομένων ἐν Ἰταλίᾳ, καὶ προῆλθεν ἄχρι πολλοῦ χρόνου μηκυνόμενος.

[5] And as soon as they became masters of any places in the enemy's country the rest of the Aborigines, also, who needed lands now attacked each of them their neighbours with greater security and built various cities, some of which are inhabited to this day — Antemnae, Tellenae, Ficulea, which is near the Corniculan mountains, as they are called, and Tibur, where a quarter of the city is even to this day called the Sichel quarter; and of all their neighbours they harassed the Sicels most. From these quarrels there arose a general war between the nations more important than any that had occurred previously in Italy, and it went on extending over a long period of time.

[1] ἔπειτα Πελασγῶν τινες τῶν οἰκούντων ἐν τῇ καλουμένῃ νῦν Θετταλίᾳ τὴν ἑαυτῶν ἀναγκασθέντες [p. 27] ἐκλιπεῖν σύνοικοι γίνονται τοῖς Ἀβοριγῖσι καὶ κοινῇ μετ' ἐκείνων ἐπολέμουν πρὸς τοὺς Σικελούς. ἐδέξαντο δὲ αὐτοὺς οἱ Ἀβοριγῖνες, ἴσως μὲν καὶ κατὰ τὴν τοῦ ὠφελήθησέσθαι ἐλπίδα, ὥς δ' ἐγὼ

[17.1] Afterwards some of the Pelasgians who inhabited Thessaly, as it is now called, being obliged to leave their country, settled among the Aborigines and jointly with them made war upon the Sicels. It is possible that the Aborigines received them partly in the hope of gaining their assistance, but I believe it was chiefly on account of their kinship;

[2] πείθομαι κατὰ τὸ συγγενές μάλιστα. ἦν γὰρ δὴ καὶ τὸ τῶν Πελασγῶν γένος Ἑλληνικὸν ἐκ Πελοποννήσου τὸ ἀρχαῖον, ἐχρήσατο δὲ τύχαις δυσπότμοις εἰς πολλὰ μὲν καὶ ἄλλα, μάλιστα δ' εἰς τὴν πολυπλανὸν τε καὶ οὐδενὸς τόπου βέβαιον οἴκησιν, πρῶτον μὲν γὰρ περὶ τὸ καλούμενον νῦν Ἀχαϊκὸν Ἄργος ὤκησαν αὐτόχθονες ὄντες, ὡς οἱ πολλοὶ περὶ αὐτῶν λέγουσι. τὴν δὲ ἐπωνυμίαν ἔλαβον ἐξ ἀρχῆς ταύτην ἐπὶ τοῦ

[2] for the Pelasgians, too, were a Greek nation originally from the Peloponnesus. They were unfortunate in many ways but particularly in wandering much and in having no fixed abode. For they first lived in the neighbourhood of the Achaean Argos, as it is now called, being natives of the country, according to most accounts. They received their name originally from Pelasgus, their king.

[3] Πελασγοῦ βασιλέως. ἦν δὲ ὁ Πελασγὸς ἐκ Διὸς, ὡς λέγεται, καὶ Νιόβης τῆς Φωρωνέως, ἥ πρώτη γυναικὶ θνητῇ μίσηται ὁ Ζεὺς ὡς ὁ μῦθος ἔχει. ἔκτη δ' ὕστερον γενεᾷ Πελοπόννησον ἐκλιπόντες εἰς τὴν τότε μὲν Αἰμονίαν, νῦν δὲ Θετταλίαν ὀνομαζομένην μετανέστησαν: ἡγοῦντο δὲ τῆς ἀποικίας Ἀχαιοὺς καὶ Φθῖος καὶ Πελασγὸς οἱ Λαρίσης καὶ Ποσειδῶνος υἱοί. ἀφικόμενοι δ' εἰς τὴν Αἰμονίαν τοὺς τε κατοικοῦντας ἐν αὐτῇ βαρβάρους ἐξελαύνουσι καὶ νέμονται τὴν χώραν τριχῇ, τοῖς ἡγεμόσι ποιήσαντες ὁμωνύμους τὰς μοίρας, Φθιώτιν καὶ Ἀχαιοὺς καὶ Πελασγιῶτιν. πέντε δὲ μείναντες αὐτόθι γενεάς, ἐν αἷς ἐπὶ μήκιστον εὐτυχίας ἥλασαν τὰ κράτιστα τῶν ἐν τῇ Θετταλίᾳ πεδίων καρποῦμενοι, περὶ τὴν ἕκτην γενεάν [p. 28] ἐξελαύνονται Θετταλίας ὑπὸ τε Κουρήτων καὶ Λελέγων, οἱ νῦν Αἰτωλοὶ καὶ Λοκροὶ καλοῦνται, καὶ συχνῶν ἄλλων τῶν περὶ τὸν Παρνασσὸν οἰκούντων, ἡγουμένους τῶν πολεμίων Δευκαλίωνος τοῦ Προμηθέως, μητρὸς δὲ Κλυμένης τῆς Ὠκεανοῦ.

[3] Pelasgus was the son of Zeus, it is said, and of Niobê the daughter of Phoroneus, who, as the legend goes, was the first mortal woman Zeus had knowledge of. In the sixth generation afterwards, leaving the Peloponnesus, they removed to the country which was then called Haemonia and now Thessaly. The leaders of the colony were Achaëus, Phthius and Pelasgus, the sons of Larisa and Poseidon. When they arrived in Haemonia they drove out the barbarian inhabitants and divided the country into three parts, calling them, after the names of their leaders, Phthiotis, Achaia and Pelasgiotis. After they had remained there five generations, during which they attained to the greatest prosperity while enjoying the produce of the most fertile plains in Thessaly, about the sixth generation they were driven out of it by the Curetes and Leleges, who are now called Aetolians and Locrians, and by many others who lived near Parnassus, their enemies being commanded by Deucalion, the son of Prometheus and Clymenê, the daughter of Oceanus.

[1] σκεδασθέντες δὲ κατὰ τὴν φυγὴν οἱ μὲν εἰς Κρήτην ἀπῆλθον, οἱ δὲ τῶν Κυκλάδων νήσων τινὰς κατέσχον, οἱ δὲ τὴν περὶ τὸν Ὀλυμπόν τε καὶ τὴν

[18.1] And dispersing themselves in their flight, some went to Crete, others occupied some of the islands called the Cyclades, some settled in the region called Hestiaeotis near Olympus and Ossa, others crossed into Boeotia, Phocis and Euboea; and some, passing over into Asia, occupied many places on the coast along the Hellespont and many of the adjacent islands, particularly the one now called Lesbos, uniting with those who composed the first colony that was sent thither from Greece under Macar, the son of Crinacus.

[2] τὸ δὲ πλεῖον αὐτῶν μέρος διὰ τῆς μεσογείου τραπόμενοι πρὸς τοὺς ἐν Δωδώνῃ κατοικοῦντας σφῶν συγγενεῖς, οἷς οὐδεὶς ἡξίου πόλεμον ἐπιφέρειν ὡς ἱεροῖς, χρόνον μὲν τινα σύμμετρον αὐτόθι διέτριψαν: ἐπεὶ δὲ λυπηροὶ αὐτοῖς ὄντες ἡσθάνοντο οὐχ ἱκανῆς οὕσης ἅπαντας τρέφειν τῆς γῆς, ἐκλείπουσι τὴν χώραν χρησιμῶ πειθόμενοι κελεύοντι πλεῖν εἰς Ἰταλίαν, ἣ τότε Σατορνία ἐλέγετο.

[2] But the greater part of them, turning inland, took refuge among the inhabitants of Dodona, their kinsmen, against whom, as a sacred people, none would make war; and there they remained for a reasonable time. But when they perceived they were growing burdensome to their hosts, since the land could not support them all, they left it in obedience to an oracle that commanded them to sail to Italy, which was then called Saturnia.

[3] κατασκευασάμενοι δὲ ναῦς πολλὰς περαιοῦνται τὸν Ἰόνιον, σπουδὴν μὲν ποιοῦμενοι τῶν [p. 29] ἔγγιστα τῆς Ἰταλίας ἄψασθαι χωρίων: ὑπὸ δὲ νοτίου πνεύματος καὶ ἀγνοίας τῶν τόπων μετεωρότεροι ἐνεχθέντες καὶ πρὸς ἐνὶ τῶν τοῦ Πάδου στομάτων ὀρμισάμενοι Σπινῆτι καλουμένῳ ναῦς μὲν αὐτοῦ ταύτῃ καταλείπουσι καὶ τὸν ἥκιστα δυνάμενον ταλαιπωρεῖν ὄχλον, φυλακὴν ἐπ' αὐταῖς καταστήσαντες, ὡς ἔχοιεν εἰ

[3] And having prepared a great many ships they set out to cross the Ionian Gulf, endeavouring to reach the nearest parts of Italy. But as the wind was in the south and they were unacquainted with those regions, they were carried too far out to sea and landed at one of the mouths of the Po called the Spinetic mouth. In that very place they left their ships and such of their people as were least able to bear hardships, placing a guard over the ships, to the end that, if their affairs did not prosper, they might be sure of a retreat.

[4] μὴ προχωροῖη σφίσι τὰ πράγματα καταφυγὴν. καὶ οἱ μὲν ὑπομείναντες ἐν τούτῳ τῷ χωρίῳ, τεῖχος τῷ στρατοπέδῳ περιβαλόμενοι καὶ ταῖς ναυσὶν

[4] Those who were left behind there surrounded their camp with a wall and brought in plenty of provisions in their ships; and when their affairs seemed to prosper satisfactorily, they built a city and called it by the same name as the mouth of the river. These people attained to a greater degree of prosperity than any others who dwelt on the Ionian Gulf; for they had the mastery at sea for a long time, and out of their revenues from the sea they used to send tithes to the god at Delphi, which were among the most magnificent sent by any people.

[5] εἴπερ τινὲς καὶ ἄλλοι, λαμπροτάτας. ὕστερον μέντοι μεγάλῃ χειρὶ τῶν προσοικούντων βαρβάρων ἐπιστρατευσάντων αὐτοῖς ἐξέλιπον τὴν πόλιν: οἱ δὲ βάρβαροι μετὰ χρόνον ἀνέστησαν ὑπὸ Ῥωμαίων. καὶ τὸ μὲν ἐν τῷ Σπινῆτι καταλειφθὲν γένος τῶν Πελασγῶν οὕτως ἐφθάρη.

[5] But later, when the barbarians in the neighbourhood made war upon them in great numbers, they deserted the city; and these barbarians in the course of time were driven out by the Romans. So perished that part of the Pelasgians that was left at Spina.

[1] οἱ δὲ διὰ τῆς μεσογείου τραπόμενοι, τὴν ὀρεινὴν τῆς Ἰταλίας ὑπερβαλόντες, εἰς τὴν Ὀμβρικῶν [p. 30] ἀφικνοῦνται χώραν τῶν ὁμορούντων Ἀβοριγῖσι. πολλὰ δὲ καὶ ἄλλα χωρία τῆς Ἰταλίας ὥκουν Ὀμβρικοί, καὶ ἦν τοῦτο τὸ ἔθνος ἐν τοῖς πάνυ μέγα τε καὶ ἀρχαῖον. τὸ μὲν οὖν κατ' ἀρχὰς ἐκράτουν οἱ Πελασγοὶ τῶν χωρίων ἔνθα τὸ πρῶτον ἰδρύσαντο καὶ πολισμάτια τῶν Ὀμβρικῶν κατελάβοντό τινα: συνελθόντος δ' ἐπ' αὐτοὺς μεγάλου στρατοῦ δέισαντες τῶν πολέμιων τὸ πλῆθος εἰς τὴν Ἀβοριγίνων ἀπὸντες τρέπονται.

[19.1] Those, however, who had turned inland crossed the mountainous part of Italy and came to the territory of the Umbrians who were neighbours to the Aborigines. (The Umbrians inhabited a great many other part of Italy also and were an exceeding great and ancient people.) At first the Pelasgians made themselves masters of the lands where they first settled and took some of the small towns belonging to the Umbrians. But when a great army came together against them, they were terrified at the number of their enemies and betook themselves to the country of the Aborigines.

[2] καὶ οἱ μὲν Ἀβοριγῖνες ἅτε πολέμιοις ἐδικαίουν αὐτοῖς προσφέρεισθαι καὶ συνήεσαν ἐκ τῶν ἔγγιστα χωρίων διὰ τάχους ὥς ἐξαναστήσαντες αὐτούς. οἱ δὲ Πελασγοὶ (τυγχάνουσι γὰρ ἐν τούτῳ τῷ χρόνῳ κατὰ δαίμονα περὶ

[2] And these, seeing fit to treat them as enemies, made haste to assemble out of the places nearest at hand, in order to drive them out of the country. But the Pelasgians luckily chanced to be encamped at that time near Cutilia, a city of the Aborigines hard by the sacred lake, and observing the little island circling round in it and learning from the captives they had taken in the fields the name of the inhabitants, they concluded that their oracle was now fulfilled.

[3] ὁ γὰρ ἐν Δωδώνῃ γενόμενος αὐτοῖς χρησμός, ὃν φησι Λεύκιος Μάλλιος ἀνὴρ οὐκ ἄσημος αὐτὸς ἰδεῖν ἐπὶ τινος τῶν ἐν τῷ τεμένει τοῦ Διὸς κειμένων τριπόδων γράμμασιν ἀρχαίοις ἐγκεχαραγμένον, ὥδὲ εἶχε:

οἷς ἀναμιχθέντες δεκάτην ἐκπέμψατε Φοῖβῳ

καὶ κεφαλὰς Κρονίδῃ καὶ τῷ πατρὶ πέμπετε φῶτα.

[3] For this oracle, which had been delivered to them in Dodona and which Lucius Mallius, no obscure man, says he himself saw engraved in ancient characters upon one of the tripods standing in the precinct of Zeus, was as follows:

“Fare forth the Sicels’ Saturnian land to seek,

Aborigines’ Cotylê, too, where floats an isle;

With these men mingling, to Phoebus send a tithe,

And heads to Cronus’ son, and send to the sire a man.”

[1] ἐλθοῦσι δὴ τοῖς Ἀβοριγῖσι σὺν πολλῇ στρατιᾷ ἱκετηρίας οἱ Πελαγοὶ προτείνοντες ὁμόσε χωροῦσιν ἄνοπλοι φράζοντές τε τὰς ἐαυτῶν τύχας καὶ δεόμενοι πρὸς φιλίαν δεξασθαι σφᾶς συνοίκους οὐ λυπηροὺς ἔσομένους, ἐπεὶ καὶ τὸ δαιμόνιον αὐτοὺς εἰς τήνδε μόνην ἄγει τὴν χώραν, ἐξηγοῦμενοι τὸ λόγιον.

[20.1] When, therefore, the Aborigines advanced with a numerous army, the Pelasgians approached unarmed with olive branches in their hands, and telling them of their own fortunes, begged that they would receive them in a friendly manner to dwell with them, assuring them that they would not be troublesome, since Heaven itself was guiding them into this one particular country according to the oracle, which they explained to them.

[2] τοῖς δὲ Ἀβοριγῖσι ταῦτα πυθομένοις ἐδόκει πείθεσθαι τῷ θεοπροπίῳ καὶ λαβεῖν συμμαχίαν Ἑλληνικὴν κατὰ τῶν διαφόρων σφισι βαρβάρων, πονουμένοις τῷ πρὸς τοὺς Σικελοὺς πολέμῳ. σπένδονται τε δὴ πρὸς τοὺς Πελαγοὺς καὶ διδόασιν αὐτοῖς χωρία τῆς ἐαυτῶν ἀποδασάμενοι τὰ περὶ τὴν ἱερὰν λίμνην, ἐν οἷς ἦν τὰ πολλὰ ἐλώδη, ἃ νῦν κατὰ τὸν ἀρχαῖον τῆς διαλέκτου τρόπον Οὐέλια ὀνομάζεται.

[2] When the Aborigines heard this, they resolved to obey the oracle and to gain these Greeks as allies against their barbarian enemies, for they were hard pressed by their war with the Sicels. They accordingly made a treaty with the Pelasgians and assigned to them some of their own lands that lay near the sacred lake; the greater part of these were marshy and are still called Velia, in accordance with the ancient form of their language.

[3] σύνηθες γὰρ ἦν τοῖς ἀρχαίοις Ἑλλήσιν ὡς τὰ πολλὰ προτιθέσθαι τῶν ὀνομάτων, ὁπόσων αἱ ἀρχαὶ ἀπὸ φωνηέντων ἐγίνοντο, τὴν ου συλλαβὴν ἐνὶ στοιχείῳ γραφομένην. τοῦτο δ' ἦν ὥσπερ γάμμα διτταῖς ἐπὶ μίαν ὀρθὴν ἐπιξευγνύμενον ταῖς πλαγίσις, ὡς φελένη καὶ

[3] For it was the custom of the ancient Greeks generally to place before those words that began with a vowel the syllable ou, written with one letter (this was like a gamma, formed by two oblique lines joined to one upright line), as φελένη, φάναξ, φοῖκος, φέαρ and many such words.

[4] φάναξ καὶ φοῖκος καὶ φαῖρ καὶ πολλὰ τοιαῦτα. ἔπειτα μοῖρά τις αὐτῶν οὐκ ἐλαχίστη, ὡς ἡ γῆ πᾶσιν οὐκ ἀπέχρη, πείσαντες τοὺς Ἀβοριγῖνας συνάρασθαι σφισι [p. 32] τῆς ἐξόδου στρατεύουσιν ἐπὶ τοὺς Ὀμβρικοὺς καὶ πόλιν αὐτῶν εὐδαίμονα καὶ μεγάλην ἄφνω προσπεσόντες αἰροῦσι Κρότωνα: ταύτῃ φρουρίῳ καὶ ἐπιτειχίσματι κατὰ τῶν Ὀμβρικῶν χρώμενοι, κατεσκευασμένῃ τε ὡς ἔρυμα εἶναι πολέμου ἀποχρώντως καὶ χώραν ἐχούσῃ τὴν περίξ εὐβοτον, πολλῶν καὶ ἄλλων ἐκράτησαν χωρίων τοῖς τε Ἀβοριγῖσι τὸν πρὸς τοὺς Σικελοὺς πόλεμον ἔτι συνεστῶτα πολλῇ προθυμίᾳ συνδιέφερον, ἕως ἐξήλασαν αὐτοὺς ἐκ τῆς σφετέρας.

[4] Afterwards, a considerable part of the Pelasgians, as the land was not sufficient to support them all, prevailed on the Aborigines to join them in an expedition against the Umbrians, and marching forth, they suddenly fell upon and captured Croton, a rich and large city of theirs. And using this place as a stronghold and fortress against the Umbrians, since it was sufficiently fortified as a place of defence in time of war and had fertile pastures lying round it, they made themselves masters also of a great many other places and with great zeal assisted the Aborigines in the war they were still engaged in against the Sicels, till they drove them out of their country.

[5] καὶ πόλεις πολλὰς, τὰς μὲν οἰκουμένας καὶ πρότερον ὑπὸ τῶν Σικελῶν, τὰς δ' αὐτοὶ κατασκεύασαντες, ὥκουν οἱ Πελαγοὶ κοινῇ μετὰ τῶν

[5] And the Pelasgians in common with the Aborigines settled many cities, some of which had been previously inhabited by the Sicels and others which they built themselves; among these are Caere, then called Agylla, and Pisae, Saturnia, Alsium and some others, of which they were in the course of time dispossessed by the Tyrrhenians.

[1] Φαλέριον δὲ καὶ Φασκέννιον ἔτι καὶ εἰς ἐμὲ ἦσαν οἰκοῦμεναι ὑπὸ Ῥωμαίων, μικρὰ ἅττα διασώζουσαι ζώπυρα τοῦ Πελασγικοῦ γένους, Σικελῶν ὑπάρχουσαι πρότερον. ἐν ταύταις διέμεινε πολλὰ τῶν ἀρχαίων διαιτημάτων, οἷς τὸ Ἑλληνικόν ποτ' ἐχρήσατο, ἐπὶ μήκιστον χρόνον, οἷον ὅ τε τῶν ὅπλων τῶν πολεμιστηρίων κόσμος, ἀσπίδες Ἀργολικαὶ καὶ δόρατα, καὶ ὁπότε πολέμου ἄρχοντες ἢ τοὺς ἐπόντας ἀμυνόμενοι στρατὸν ὑπερόριον ἀποστέλλοιεν ἱεροὶ τινες ἄνδρες ἄνοπλοι πρὸ τῶν ἄλλων ἰόντες σπονδοφόροι, [p. 33] τῶν τε ἱερῶν αἱ κατασκευαὶ καὶ τὰ ἔδη τῶν θεῶν ἄγισμοι τε καὶ θυσίαι καὶ πολλὰ τοιαῦτα ἔτερα:

[21.1] But Falerii and Fescennium were even down to my day inhabited by Romans and preserved some small remains of the Pelasgian nation, though they had earlier belonged to the Sicels. In these cities there survived for a very long time many of the ancient customs formerly in use among the Greeks, such as the fashion of their arms of war, like Argolic bucklers and spears; and whenever they sent out an army beyond their borders, either to begin a war or to resist an invasion, certain holy men, unarmed, went ahead of the rest bearing the terms of peace; similar, also, were the structure of their temples, the images of their gods, their purifications and sacrifices and many other things of that nature.

[2] πάντων δὲ περιφανέστατον μνημεῖον τῆς ἐν Ἀργεὶ ποτὲ οἰκίσεως τῶν ἀνθρώπων ἐκείνων οἷ τοὺς Σικελοὺς ἐξήλασαν, ὁ τῆς Ἥρας νεῶς ἐν Φαλερίῳ κατεσκευασμένος ὡς ἐν Ἀργεὶ, ἐνθα καὶ τῶν θυηπολιῶν ὁ τρόπος ὁμοῖος ἦν καὶ γυναικες ἱεραὶ θεραπεύουσαι τὸ τέμενος ἢ τε λεγομένη κανηφόρος ἀγνή γάμων παῖς καταρχομένη τῶν θυμάτων χοροὶ τε παρθένων ὕμνουσῶν τὴν θεὸν ὠδαῖς πατρίοις.

[2] But the most conspicuous monument which shows that those people who drove out the Sicels once lived at Argos in the temple of Juno at Falerii, built in the same fashion as the one at Argos; here, too, the manner of the sacrificial ceremonies was similar, holy women served the sacred precinct, and an unmarried girl, called the canephorus or “basket-bearer,” performed the initial rites of the sacrifices, and there were choruses of virgins who praised the goddess in the songs of their country.

[3] ἔσχον δέ τινα καὶ οὗτοι τῶν καλουμένων Καμπανῶν εὐβότων πάνυ καὶ τὴν ὄψιν ἡδίστων πεδίων οὐκ ἐλαχίστην μοῖραν, ἔθνος τι βαρβαρικὸν Αὐρωνίσσους ἐκ μέρους ἀναστήσαντες αὐτῶν: καὶ πόλεις αὐτόθι κατεσκεύασαν ἄλλας τε καὶ Λάρισαν, ἐπὶ τῆς ἐν Πελοποννήσῳ σφῶν μητροπόλεως ὄνομα θέμενοι αὐτῇ.

[3] These people also possessed themselves of no inconsiderable part of the Campanian plains, as they are called, which afford not only very fertile pasturage but most pleasing prospects as well, having driven the Auronissi, a barbarous nation, out of part of them. There they built various other cities and also Larisa, encamp they named after their mother-city in the Peloponnesus.

[4] τῶν μὲν οὖν ἄλλων πολισμάτων ἔστιν ἃ καὶ μέχρις ἐμοῦ ὀρθὰ ἦν, διαμείψαντα πολλάκις τοὺς οἰκῆτορας: ἡ δὲ Λάρισα ἐκ πολλῶν πάνυ χρόνων ἐρημωθεῖσα οὐδ' εἰ πώποτε ὤκῃθη γνῶρισμα φανερόν οὐδὲν ἔχει τοῖς νῦν ὅτι μὴ τοῦνομα, καὶ οὐδὲ τοῦτο πολλοὶ ἴσασι: ἦν δὲ ἀγορᾶς Ποπιλίας καλουμένης οὐ πρόσω. πολλὰ δὲ καὶ ἄλλα τῆς τε παραθαλαττίου καὶ ἐν τῇ μεσογείῳ χωρία κατέσχον ἀφελόμενοι τοὺς Σικελούς. [p. 34]

[4] Some of these cities were standing even to my day, having often changed their inhabitants. But Larisa has been long deserted and shows to the people of to-day no other sign of its ever having been inhabited but its name, and even this is not generally known. It was not far from the place called Forum Popilii. They also occupied a great many other places, both on the coast and in the interior, which they had taken from the Sicels.

[1] οἱ δὲ Σικελοὶ 'οὐ γὰρ ἔτι ἀντέχειν οἴοι τε ἦσαν ὑπὸ τε Πελασγῶν καὶ Ἀβοριγίνων πολεμουμένοι τέκνα καὶ γυναῖκας καὶ τῶν χρημάτων ὅσα χρυσὸς ἢ ἄργυρος ἦν ἀνασκευασάμενοι μεθίενται αὐτοῖς ἀπάσης τῆς γῆς. τραπόμενοι δὲ διὰ τῆς ὀρεινῆς ἐπὶ τὰ νότια καὶ διεξελθόντες ἅπασαν Ἰταλίαν τὴν κάτω, ἐπειδὴ πανταχόθεν ἀπηλαύνοντο, σὺν χρόνῳ κατασκευασάμενοι σχεδίας ἐπὶ τῷ πορθμῷ καὶ φυλάξαντες κατιόντα τὸν ῥοῦν ἀπὸ τῆς Ἰταλίας διέβησαν ἐπὶ τὴν ἑγγιστα

[22.1] The Sicels, being warred upon by both the Pelasgians and the Aborigines, found themselves incapable of making resistance any longer, and so, taking with them their wives and children and such of their possessions as were any other gold or silver, they abandoned all their country to these foes. Then, turning their course southward through the mountains, they proceeded through all the lower part of Italy, and being driven away from every place, they at last prepared rafts at the Strait and, watching for a downward current, passed over from Italy to the adjacent island.

[2] νῆσον. κατεῖχον δ' αὐτὴν Σικανοὶ, γένος Ἰβηρικόν, οὐ πολλῷ πρότερον ἐνοικισάμενοι Λίγυας φεύγοντες, καὶ παρεσκεύασαν ἀφ' ἐαυτῶν Σικανίαν κληθῆναι τὴν νῆσον, Τρινακρίαν πρότερον ὀνομαζομένην ἐπὶ τοῦ τριγώνου

σχήματος. ἦσαν δὲ οὐ πολλοὶ ἐν μεγάλῃ αὐτῇ οἰκήτορες, ἀλλ' ἡ πλείων τῆς χώρας ἔτι ἦν ἔρημος. καταχθέντες οὖν εἰς αὐτὴν Σικελοὶ τὸ μὲν πρῶτον ἐν τοῖς ἐσπερίοις μέρεσιν ὤκησαν, ἔπειτα καὶ ἄλλῃ πολλαχθί, καὶ τοῦνομα ἡ νῆσος ἐπὶ

[2] It was then occupied by the Sicaniens, an Iberian nation, who, fleeing from the Ligurians, had but lately settled there and had caused the island, previously named Trinacria, from its triangular shape, to be called Sicania, after themselves. There were very few inhabitants in it for so large an island, and the greater part of it was as yet unoccupied. Accordingly, when the Sicels landed there they first settled in the western parts and afterwards in several others; and from these people the island began to be called Sicily.

[3] τούτων ἤρξατο Σικελία καλεῖσθαι. τὸ μὲν δὴ Σικελικὸν γένος οὕτως ἐξέλιπεν Ἰταλίαν, ὥς μὲν Ἑλλάνικος ὁ Λέσβιος φησι, τρίτῃ γενεᾷ πρότερον τῶν Τρωικῶν Ἀλκυόνης ἱερωμένης ἐν Ἄργει κατὰ τὸ ἕκτον καὶ εἰκοστὸν ἔτος. δύο δὲ ποιεῖ στόλους Ἰταλικοὺς διαβάντας εἰς Σικελίαν: τὸν μὲν πρότερον Ἑλύμων, οὗς [p. 35] φησιν ὑπ' Οἰνῶτρων ἐξαναστῆναι, τὸν δὲ μετὰ τοῦτον ἔτει πέμπτῳ γενόμενον Αὐσόνων Ἰάπυγας φευγόντων: βασιλέα δὲ τούτων ἀποφαίνει Σικελὸν, ἀφ' οὗ τοῦνομα τοῖς τε ἀνθρώποις καὶ τῇ νήσῳ τεθῆναι.

[3] In this manner the Sicel nation left Italy, according to Hellanicus of Lesbos, in the third generation before the Trojan war, and in the twenty-sixth year of the priesthood of Alcyonê at Argos. But he says that two Italian expeditions passed over into Sicily, the first consisting of the Elymians, who had been driven out of their country by the Oenotrians, and the second, five years later, of the Ausonians, who fled from the Iapygians. As king of the latter group he names Sicelus, from whom both the people and the island got their name.

[4] ὥς δὲ Φίλιστος ὁ Συρακούσιος ἔγραψε, χρόνος μὲν τῆς διαβάσεως ἦν ἔτος ὀγδοηκοστὸν πρὸ τοῦ Τρωικοῦ πολέμου, ἔθνος δὲ τὸ διακομισθὲν ἐξ Ἰταλίας οὔτε Σικελῶν οὔτε Αὐσόνων οὔτ' Ἑλύμων, ἀλλὰ Λιγύων, ἄγοντος αὐτοὺς Σικελοῦ: τοῦτον δ' εἶναι φησιν υἱὸν Ἰταλοῦ, καὶ τοὺς ἀνθρώπους ἐπὶ τούτου δυναστεύοντος ὀνομασθῆναι Σικελούς:

[4] But according to Philistus of Syracuse the date of the crossing was the eightieth year before the Trojan war and the people who passed over from Italy were neither Ausonians nor Elymians, but Ligurians, whose leader was Sicelus; this Sicelus, he says, was the son of Italus and in his reign the people were called Sicels,

[5] ἐξαναστῆναι δ' ἐκ τῆς ἑαυτῶν τοὺς Λίγυας ὑπὸ τε Ὀμβρικῶν καὶ Πελασγῶν. Ἀντίοχος δὲ ὁ Συρακούσιος χρόνον μὲν οὐ δηλοῖ τῆς διαβάσεως, Σικελούς δὲ τοὺς μετानαστάντας ἀποφαίνει βιασθέντας ὑπὸ τε Οἰνῶτρων καὶ Ὀπικῶν, Στράτωνα δ' ἡγεμόνα τῆς ἀποικίας ποιησαμένου. Θουκυδίδης

δὲ Σικελοὺς μὲν εἶναι γράφει τοὺς μεταναστάντας, Ὀπικοὺς δὲ τοὺς ἐκβαλόντας, τὸν δὲ χρόνον πολλοῖς ἔτεσι τῶν Τρωικῶν ὕστερον. τὰ μὲν δὴ περὶ Σικελῶν λεγόμενα τῶν ἐξ Ἰταλίας μετενεγκαμένων τὴν οἴκησιν εἰς Σικελίαν ὑπὸ τῶν λόγου ἀξίων τοιαύδε ἐστίν.

[5] and he adds that these Ligurians had been driven out of their country by the Umbrians and Pelasgians. Antiochus of Syracuse does not give the date of the crossing, but says the people who migrated were the Sicels, who had been forced to leave by the Oenotrians and Opicans, and that they chose Straton as leader of the colony. But Thucydides writes that the people who left Italy were the Sicels and those who drove them out the Opicans, and that the date was many years after the Trojan war. Such, then, are the reports given by credible authorities concerning the Sicels who changed their abode from Italy to Sicily.

[1] οἱ δὲ Πελασγοὶ πολλῆς καὶ ἀγαθῆς χώρας [p. 36] κρατήσαντες, πόλεις τε πολλὰς μὲν παραλαβόντες, ἄλλας δ' αὐτοὶ κατασκευάσαντες, μεγάλην καὶ ταχεῖαν ἐπίδοσιν ἔλαβον εἰς εὐανδρίαν καὶ πλοῦτον καὶ τὴν ἄλλην εὐτυχίαν, ἣς οὐ πολὺν ὥναντο χρόνον· ἀλλ' ἥνικα μάλιστα τοῖς σύμπασιν ἀνθεῖν ἐδόκουν, δαιμονίοις τισὶ χόλοις ἐλαστροθέντες οἱ μὲν ὑπὸ τῶν θείων συμφορῶν, οἱ δὲ ὑπὸ τῶν προσοικούντων βαρβάρων ἐξεφθάρησαν, τὸ δὲ πλεῖστον αὐτῶν μέρος εἰς τὴν Ἑλλάδα καὶ τὴν βάρβαρον αὐθις ἐσκεδάσθη 'περὶ ὧν πολὺς ἂν εἴη λόγος, εἰ βουλοίμην τὴν ἀκρίβειαν γράφειν', ὀλίγον δὲ κατέμεινεν ἐν Ἰταλίᾳ τῶν Ἀβοριγίνων προνοία.

[23.1] The Pelasgians, after conquering a large and fertile region, taking over many towns and building others, made great and rapid progress, becoming populous, rich and in every way prosperous. Nevertheless, they did not long enjoy their prosperity, but at the moment when they seemed to all the world to be in the most flourishing condition they were visited by divine wrath, and some of them were destroyed by calamities inflicted by the hand of Heaven, others by their barbarian neighbours; but the greatest part of them were again dispersed through Greece and the country of the barbarians (concerning whom, if I attempted to give a particular account, it would make a very long story), though some few of them remained in Italy through the care of the Aborigines.

[2] πρῶτον μὲν οὖν τῆς οἰκοφθορίας ταῖς πόλεσιν ἐδόκει αὐχμῶ ἢ γῆ κακωθεῖσα ἄρξαι, ἥνικα οὗτ' ἐπὶ τοῖς δένδροις καρπὸς οὐδεὶς ὥραϊος γενέσθαι διέμεινεν, ἀλλ' ὥμοι κατέρρεον, οὐθ' ὅποσα σπερμάτων ἀνέντα βλαστοὺς ἀνθήσειεν ἕως στάχυος ἀκμῆς τοὺς κατὰ νόμον ἐξεπλήρου χρόνους, οὕτε πόα κτήνεσιν ἐφύετο διαρκῆς, τῶν τε ναμάτων τὰ μὲν οὐκέτι πίνεσθαι σπουδαῖα ἦν, τὰ δ' ὑπελίμπανε θέρους,

[2] The first cause of the desolation of their cities seemed to be a drought which laid waste the land, when neither any fruit remained on the trees till it

was ripe, but dropped while still green, nor did such of the seed corn as sent up shoots and flowered stand for the usual period till the ear was ripe, nor did sufficient grass grow for the cattle; and of the waters some were no longer fit to drink, others shrank during the summer, and others were totally dried up.

[3] τὰ δ' εἰς τέλος ἀπεσβέννυτο. ἀδελφὰ δὲ τούτοις ἐγίνετο περὶ τε προβάτων καὶ γυναικῶν γονάς· ἥ γὰρ ἐξημβλοῦτο τὰ ἔμβρυα, ἥ κατὰ τοὺς τόκους διεφθείρετο ἔστιν ἃ καὶ τὰς φερούσας συνδιαλυμνήμενα. [p. 37] εἰ δέ τι διαφύγοι τὸν ἐκ τῶν ὠδίνων κίνδυνον ἔμπηρον ἢ ἀτελὲς ἢ δι' ἄλλην τινὰ τύχην βλαφθὲν τρέφεσθαι χρηστὸν οὐκ ἦν· ἔπειτα καὶ τὸ ἄλλο πλῆθος τὸ ἐν ἀκμῇ μάλιστα ἐκακοῦτο νόσοις καὶ θανάτοις παρὰ τὰ εἰκότα συχνοῖς.

[3] And like misfortunes attended the offspring both of cattle and of women. For they were either abortive or died at birth, some by their death destroying also those that bore them; and if any got safely past the danger of the delivery, they were either maimed or defective or, being injured by some other accident, were not fit to be reared. The rest of the people, also, particularly those in the prime of life, were afflicted with many unusual diseases and uncommon deaths.

[4] μαντευομένοις δ' αὐτοῖς τίνα θεῶν ἢ δαιμόνων παραβάντες τάδε πάσχουσι καὶ τί ποιήσασιν αὐτοῖς λωφῆσαι τὰ δεινὰ ἐλπίς, ὁ θεὸς ἀνεῖλεν ὅτι τυχόντες ὧν ἐβούλοντο οὐκ ἀπέδοσαν ἃ εὔξαντο, ἀλλὰ προσοφείλουσι τὰ πλείστου ἄξια.

[4] But when they asked the oracle what god or divinity they had offended to be thus afflicted and by what means they might hope for relief, the god replied that, although they had obtained what they desired, they had neglected to pay what they had promised, and that the things of greatest value were still due from them.

[5] οἱ γὰρ Πελασγοὶ ἀφορίας αὐτοῖς γενομένης ἐν τῇ γῇ πάντων χρημάτων εὔξαντο τῷ τε Διὶ καὶ τῷ Ἀπόλλωνι καὶ τοῖς Καβείροις καταθύσειν δεκάτας τῶν προσγενησομένων ἀπάντων, τελεσθείσης δὲ τῆς εὐχῆς ἐξελόμενοι καρπῶν τε καὶ βοσκημάτων ἀπάντων τὸ λάχος ἀπέθυσαν τοῖς θεοῖς, ὡς δὴ κατὰ τούτων μόνων εὔξαμενοι. ταῦτα δὲ Μυρσίλος ὁ Λέσβιος ἱστόρηκεν ὀλίγου δεῖν τοῖς αὐτοῖς ὀνόμασι γράφων οἷς ἐγὼ νῦν, πλὴν ὅσον οὐ Πελασγοὺς καλεῖ τοὺς ἀνθρώπους, ἀλλὰ Τυρρηνοὺς· τὴν δ' αἰτίαν ὀλίγον ὕστερον ἔρω.

[5] For the Pelasgians in a time of general scarcity in the land had vowed to offer to Jupiter, Apollo and the Cabeiri tithes of all their future increase; but when their prayer had been answered, they set apart and offered to the gods the promised portion of all their fruits and cattle only, as if their vow had related to them alone. This is the account related by Myrsilus of Lesbos, who uses almost the same words as I do now, except that he does not call the

people Pelasgians, but Tyrrhenians, of which I shall give the reason a little later.

[1] ὥς δὲ ἀπενεχθέντα τὸν χρησμὸν ἔμαθον, οὐκ εἶχον τὰ λεγόμενα συμβαλεῖν. ἀμηχανοῦσι δὲ αὐτοῖς τῶν γεραιτέρων τις λέγει συμβαλὼν τὸ λόγιον, ὅτι τοῦ παντὸς ἡμαρτήκασιν, εἰ οἶονται τοὺς θεοὺς ἀδίκως αὐτοῖς ἐγκαλεῖν. χρημάτων μὲν γὰρ ἀποδεδόσθαι τὰς ἀπαρχὰς αὐτοῖς ἀπάσας ὀρθῶς τε καὶ σὺν δίκῃ, ἀνθρώπων δὲ γονῆς τὸ λάχος, χρῆμα παντὸς [p. 38] μάλιστα θεοῖς τιμιώτατον, ὀφείλεσθαι: εἰ δὲ δὴ καὶ τούτων λάβοιεν τὴν δικαίαν μοῖραν, τέλος ἔξειν σφίσι τὸ λόγιον.

[24.1] When they heard the oracle which was brought to them, they were at a loss to guess the meaning of the message. While they were in this perplexity, one of the elders, conjecturing the sense of the saying, told them they had quite missed its meaning if they thought the gods complained of them without reason. Of material things they had indeed rendered to the gods all the first-fruits in the right and proper manner, but of human offspring, a thing of all others the most precious in the sight of the gods, the promised portion still remained due; if, however, the gods received their just share of this also, the oracle would be satisfied.

[2] τοῖς μὲν δὴ ὀρθῶς ἐδόκει λέγεσθαι ταῦτα, τοῖς δὲ ἐξ ἐπιβουλῆς συγκεῖσθαι ὁ λόγος: εἰσηγησαμένου δὲ τινος τὴν γνώμην, τὸν θεὸν ἐπερέσθαι, εἰ αὐτῷ φίλον ἀνθρώπων δεκάτας ἀπολαμβάνειν, πέμπουσι τὸ δεύτερον θεοπρόπους, καὶ ὁ θεὸς ἀνεῖλεν οὕτω ποιεῖν. ἐκ δὲ τούτου στάσις αὐτοὺς καταλαμβάνει περὶ τοῦ τρόπου τῆς δεκατεύσεως. καὶ ἐν ἀλλήλοις οἱ προεστηκότες τῶν πόλεων τὸ πρῶτον ἐταράχθησαν:

[2] There were, indeed, some who thought that he spoke aright, but others felt that there was treachery behind his words. And when some one proposed to ask the god whether it was acceptable to him to receive tithes of human beings, they sent their messengers a second time, and the god ordered them so to do. Thereupon strife arose among them concerning the manner of choosing the tithes, and those who had the government of the cities first quarrelled among themselves

[3] ἔπειτα καὶ τὸ λοιπὸν πλῆθος δι' ὑποψίας τοὺς ἐν τέλει ἐλάμβανεν. ἐγίνοντο τε οὐδενὶ κόσμῳ αἱ ἀπαναστάσεις, ἀλλ' ὥσπερ εἰκὸς οἴστρω καὶ θεοβλαβείᾳ ἀπελαυνόμεναι, καὶ πολλὰ ἐφέστια ὅλα ἐξηλείφθη μέρους αὐτῶν μεθισταμένου: οὐ γὰρ ἐδικαίουσαν οἱ προσήκοντες τοῖς ἐξιοῦσιν ἀπολείπεσθαι τε τῶν φιλτάτων καὶ ἐν τοῖς ἐχθιστοῖς ὑπομένειν.

[3] and afterwards the rest of the people held their magistrates in suspicion. And there began to be disorderly emigrations, such as might well be expected from a people driven forth by a frenzy and madness inflicted by the hand of Heaven. Many households disappeared entirely when part of their members

left; for the relations of those who departed were unwilling to be separated from their dearest friends and remain among their worst enemies.

[4] πρῶτοι μὲν δὴ οὗτοι μεταναστάντες ἐξ Ἰταλίας εἰς τε τὴν Ἑλλάδα καὶ τῆς βαρβάρου πολλὴν ἐπλανήθησαν. μετὰ δὲ τοὺς πρώτους ἕτεροι ταῦτ' ὄντες ἔπαθον, καὶ τοῦτο διετέλει γινόμενον ὅσέτη. οὐ γὰρ ἀνίεσαν οἱ δυναστεύοντες ἐν ταῖς πόλεσι τῆς ἀνδρουμένης αἰὲς νεότητος [p. 39] ἐξαιρούμενοι τὰς ἀπαρχάς, τοῖς τε θεοῖς τὰ δίκαια ὑπουργεῖν ἀξιοῦντες καὶ στασιασμοὺς ἐκ τῶν διαλαθόντων δεδιότες. ἦν δὲ πολὺ καὶ τὸ πρὸς ἑχθραν σὺν προφάσει εὐπρεπεῖ ἀπελαννόμενον ὑπὸ τῶν διαφόρων: ὥστε πολλαὶ αἱ ἀπαναστάσεις ἐγένοντο καὶ ἐπὶ πλεῖστον γῆς τὸ Πελασγικὸν γένος διεφορήθη.

[4] These, therefore, were the first to migrate from Italy and wander about Greece and many parts of the barbarian world; but after them others had the same experience, and this continued every year. For the rulers in these cities ceased not to select the first-fruits of the youth as soon as they arrived at manhood, both because they desired to render what was due to the gods and also because they feared uprisings on the part of lurking enemies. Many, also, under specious pretences were being driven away by their enemies through hatred; so that there were many emigrations and the Pelasgian nation was scattered over most of the earth.

[1] ἦσαν δὲ τὰ τε πολέμια ἐκ τοῦ μετὰ κινδύνων πεποιῆσθαι τὰς μελέτας ἐν ἔθνεσι φιλοπολέμοις ζῶντες πολλῶν ἀμείνους καὶ τῆς κατὰ τὰ ναυτικὰ ἐπιστήμης διὰ τὴν μετὰ Τυρρηνῶν οἴκησιν ἐπὶ πλεῖστον ἐληλακότες: ἢ τε ἀνάγκη ἱκανὴ οὕσα τοῖς ἀπορουμένοις βίου τόλμαν παρασχεῖν ἡγεμῶν τε καὶ διδάσκαλος τοῦ παντὸς κινδυνεύματος αὐτοῖς ἐγένετο,

[25.1] Not only were the Pelasgians superior to many in warfare, as the result of their training in the midst of dangers while they lived among warlike nations, but they also rose to the highest proficiency in seamanship, by reason of their living with the Tyrrhenians; and Necessity, which is quite sufficient to give daring to those in want of a livelihood, was their leader and director in every dangerous enterprise, so that wherever they went they conquered without difficulty.

[2] ὥστε οὐ χαλεπῶς ὅπη ἐπέλθοιεν ἐπεκράτουν. ἐκαλοῦντο δὲ ὑπὸ τῶν ἄλλων ἀνθρώπων τῆς τε χώρας ἐπικλήσει ἅφ' ἧς ἐξανέστησαν καὶ τοῦ παλαιοῦ γένους μνήμη οἱ αὐτοὶ Τυρρηνοὶ καὶ Πελαγοί. ὦν ἐγὼ λόγον ἐποίησάμην τοῦ μή τινα θαῦμα ποιεῖσθαι, ἐπειδὴν ποιητῶν ἢ συγγραφέων ἀκούῃ τοὺς Πελαγοὺς καὶ Τυρρηνοὺς ὀνομαζόντων, πῶς ἀμφοτέρως ἔσχον τὰς ἐπωνυμίας οἱ αὐτοί.

[2] And the same people were called by the rest of the world both Tyrrhenians and Pelasgians, the former name being from the country out of which they had been driven and the latter in memory of their ancient origin. I mention this so that no one, when he hears poets or historians call the Pelasgians Tyrrhenians also, may wonder how the same people got both these names.

[3] ἔχει γὰρ περὶ αὐτῶν καὶ Θουκυδίδης μὲν ἐναργῇ ἀκτῆς τῆς Θρακίας μνήμην καὶ [p. 40] τῶν ἐν αὐτῇ κειμένων πόλεων, αἷς οἰκοῦσιν ἄνθρωποι δίγλωττοι. περὶ δὲ τοῦ Πελασγικοῦ ἔθνους ὅδε ὁ λόγος: ἔνι δέ τι καὶ Χαλκιδικὸν, τὸ δὲ πλεῖστον Πελασγικὸν τῶν καὶ Λημνὸν ποτε καὶ Ἀθήνας οἰκησάντων Τυρρηνῶν'.

[3] Thus, with regard to them, Thucydides has a clear account of the Thracian Actê and of the cities situated in it, which are inhabited by men who speak two languages. Concerning the Pelasgian nation these are his words: "There is also a Chalcidian element among them, but the largest element is Pelasgian, belonging to the Tyrrhenians who once inhabited Lemnos and Athens."

[4] Σοφοκλεῖ δ' ἐν Ἰνάχῳ δράματι ἀνάπαιστον ὑπὸ τοῦ χοροῦ λεγόμενον πεποιήται ὧδε:

Ἰναχε νᾶτορ, παῖ τοῦ κρηνῶν

πατρὸς Ὠκεανοῦ, μέγα πρεσβεύων

Ἄργους τε γύαις Ἥρας τε πάγοις,

καὶ Τυρσηνοῖσι Πελαγοῖς.

[4] And Sophocles makes the chorus in his drama *Inachus* speak the following anapaestic verses:

"O fair-flowing Inachus, of ocean begot,

That sire of all waters, thou rulest with might

O'er the Argive fields and Hera's hills

And Tyrrhene Pelasgians also."

[5] Τυρρηνίας μὲν γὰρ δὴ ὄνομα τὸν χρόνον ἐκεῖνον ἀνὰ τὴν Ἑλλάδα ἦν, καὶ πᾶσα ἡ προσεσπέριος Ἰταλία τὰς κατὰ τὸ ἔθνος ὀνομασίας ἀφαιρεθεῖσα καὶ τὴν ἐπικλησιν ἐκείνην ἐλάμβανεν, ὥσπερ καὶ τῆς Ἑλλάδος ἄλλη τε πολλαχῇ καὶ περὶ τὴν καλουμένην νῦν Πελοπόννησον ἐγένετο: ἐπὶ γὰρ ἐνὸς τῶν οἰκούντων ἐν αὐτῇ ἐθνῶν, τοῦ Ἀχαικοῦ, καὶ ἡ σύμπασα χερρόνησος, ἐν ἣ καὶ τὸ Ἀρκαδικὸν καὶ τὸ Ἴωνικὸν καὶ ἄλλα συχνὰ ἔθην ἕνεστιν, Ἀχαΐα ὠνομάσθη. [p. 41]

[5] For the name of Tyrrhenia was then known throughout Greece, and all the western part of Italy was called by that name, the several nations of which it was composed having lost their distinctive appellations. The same thing happened to many parts of Greece also, and particularly to that part of it which is now called the Peloponnesus; for it was after one of the nations that inhabited it, namely the Achæan, that the whole peninsula also, in which are comprised the Arcadian, the Ionian and many other nations, was called Achaia.

[1] ὁ δὲ χρόνος ἐν ᾧ τὸ Πελασγικὸν κακοῦσθαι ἤρξατο, δευτέρα γενεὰ σχεδὸν πρὸ τῶν Τρωικῶν ἐγένετο: διέτεινε δὲ καὶ μετὰ τὰ Τρωικά, ἕως εἰς ἐλάχιστον συνεστάλη τὸ ἔθνος. ἔξω γὰρ Κρότωνος τῆς ἐν Ὀμβρικοῖς πόλεως ἀξιολόγου, καὶ εἰ δὴ τι ἄλλο ἐν τῇ Ἀβοριγίνων οἰκισθὲν ἐτύγχανε, τὰ λοιπὰ τῶν Πελασγῶν διεφθάρη πολιίσματα. ἡ δὲ Κρότων ἄχρι πολλοῦ διαφυλάξασα τὸ παλαιὸν σχῆμα χρόνος οὐ πολὺς ἐξ οὗ τὴν τε ὀνομασίαν καὶ τοὺς οἰκήτορας ἥλλαξε: καὶ νῦν ἐστὶ Ῥωμαίων ἀποικία, καλεῖται δὲ

[26.1] The time when the calamities of the Pelasgians began was about the second generation before the Trojan war; and they continued to occur even after that war, till the nation was reduced to very inconsiderable numbers. For, with the exception of Croton, the important city in Umbria, and any others that they had founded in the land of the Aborigines, all the rest of the Pelasgian towns were destroyed. But Croton long preserved its ancient form, having only recently changed both its name and in heights; it is now a Roman colony, called Corthonia.

[2] Κορθωνία. οἱ δὲ τῶν ἐκλιπόντων τὴν χώραν Πελασγῶν κατασχόντες τὰς πόλεις ἄλλοι τε πολλοὶ ἦσαν, ὥς ἕκαστοί τισιν ἔτυχον ὁμοτέρμονας τὰς οἰκῆσεις ἔχοντες, καὶ ἐν τοῖς μάλιστα πλείστας τε καὶ ἀρίστας Τυρρηνοί. τοὺς δὲ Τυρρηνοὺς οἱ μὲν αὐτόχθονας Ἰταλίας ἀποφαινοῦσιν, οἱ δὲ ἐπὶ ἡλῦδας: καὶ τὴν ἐπωνυμίαν αὐτοῖς ταύτην οἱ μὲν αὐθιγενὲς τὸ ἔθνος ποιοῦντες ἐπὶ τῶν ἐρυμάτων, ἃ πρῶτοι τῶν τῇδε οἰκούντων κατεσκεύασαντο, τεθῆναι λέγουσι: τύρσεις γὰρ καὶ παρὰ Τυρρηνοῖς αἱ

ἐντεῖχιοι καὶ στεγαναὶ οἰκήσεις ὀνομάζονται ὥσπερ παρ' Ἑλλησιν. ἀπὸ δὴ τοῦ συμβεβηκότος αὐτοῖς ἀξιοῦσι τεθῆναι τοῦνομα, ὡς περ καὶ τοῖς ἐν Ἀσίᾳ Μοσσυνοικοῖς: οἰκοῦσι μὲν γὰρ δὴ κάκεῖνοι ἐπὶ ξυλίνοις ὥσπερ ἀνὰ πύργοις ὑψηλοῖς σταυρώμασι, μόσυνας αὐτὰ καλοῦντες. [p. 42]

[2] After the Pelasgians left the country their cities were seized by the various peoples which happened to live nearest them in each case, but chiefly by the Tyrrhenians, who made themselves masters of the greatest part and the best of them. As regards these Tyrrhenians, some declare them to be natives of Italy, but others call them foreigners. Those who make them a native race say that their name was given them from the forts, which they were the first of the inhabitants of this country to build; for covered buildings enclosed by walls are called by the Tyrrhenian as well as by the Greeks *tyrseis* or “towers.” So they will have it that they received their name from this circumstance in like manner as did the Mossynoeci in Asia; for these also live in high wooden palisades resembling towers, which they call *mossynes*.

[1] οἱ δὲ μετανάστας μυθολογοῦντες αὐτοὺς εἶναι Τυρρηγνὸν ἀποφαίνουσιν ἡγεμόνα τῆς ἀποικίας γενόμενον ἄφ' ἑαυτοῦ θέσθαι τῷ ἔθνει τοῦνομα: τοῦτον δὲ Λυδὸν εἶναι τὸ γένος ἐκ τῆς πρότερον Μηονίας καλουμένης, παλαιὸν δὴ τινα μετανάστην ὄντα: εἶναι δ' αὐτὸν πέμπτον ἀπὸ Διὸς, λέγοντες ἐκ Διὸς καὶ Γῆς Μάνην γενέσθαι πρῶτον ἐν τῇ γῇ ταύτῃ βασιλέα: τοῦτου δὲ καὶ Καλλιρόης τῆς Ὠκεανοῦ θυγατρὸς γεννηθῆναι Κότυν: τῷ δὲ Κότυϊ γῆμαντι θυγατέρα Τύλλου τοῦ γηγενοῦς Ἀλίην δύο γενέσθαι παῖδας Ἀσίην καὶ Ἄτυν:

[27.1] But those who relate a legendary tale about their having come from a foreign land say that Tyrrhenus, who was the leader of the colony, gave his name to the nation, and that he was a Lydian by birth, from the district formerly called Maeonia, and migrated in ancient times. They add that he was the fifth in descent from Zeus; for they say that the son of Zeus and Gê was Manes, the first king of that country, and his son by Callirrhoê, the daughter of Oceanus, was Cotys, who by Haliê, the daughter of earth-born Tyllus, had two sons, Asies and Atys,

[2] ἐκ δὲ Ἄτυος καὶ Καλλιθέας τῆς Χωραίου Λυδὸν φῦναι καὶ Τυρρηγνόν: καὶ τὸν μὲν Λυδὸν αὐτοῦ καταμειναντα τὴν πατρίαν ἀρχὴν παραλαβεῖν καὶ ἀπ' αὐτοῦ Λυδίαν τὴν γῆν ὀνομασθῆναι: Τυρρηγνὸν δὲ τῆς ἀποικίας ἡγησάμενον πολλὴν κτήσασθαι τῆς Ἰταλίας καὶ τοῖς συναραμένοις τοῦ στόλου ταύτην θέσθαι τὴν ἐπωνυμίαν.

[2] from the latter of whom by Callithea, the daughter of Choraëus, came Lydus and Tyrrhenus. Lydus, they continue, remaining there, inherited his father's kingdom, and from him the country was called Lydia; but Tyrrhenus, who was the leader of the colony, conquered a large portion of Italy and gave his name to those who had taken part in the expedition.

[3] Ἡροδότῳ δὲ εἴρηται Ἄτυος τοῦ Μάνεω παῖδες οἱ περὶ Τυρρηγόν, καὶ ἡ μετανάστασις τῶν Μηόνων εἰς Ἰταλίαν οὐχ ἑκούσιος. φησὶ γὰρ ἐπὶ τῆς Ἄτυος ἀρχῆς ἀφορίαν καρπῶν ἐν τῇ γῇ Μηόνων γενέσθαι, τοὺς δὲ ἀνθρώπους τέως μὲν ὑπὸ τῆς φιλοχωρίας κρατουμένους πολλὰ διαμηχανήσασθαι πρὸς τὴν συμφορὰν [p. 43] ἀλεξητήρια, τῇ μὲν ἐτέρᾳ τῶν ἡμερῶν μέτρια σιτία προσφερομένους, τῇ δ' ἐτέρᾳ διακαρτεροῦντας: χρονίζοντος δὲ τοῦ δεινοῦ διανειμάντας ἅπαντα τὸν δῆμον διχῇ κλήρους ταῖς μοίραις ἐπιβαλεῖν: τὸν μὲν ἐπ' ἐξόδῳ τῆς χώρας, τὸν δ' ἐπὶ μονῇ, καὶ τῶν Ἄτυος παιδῶν τὸν μὲν τῇ προσνεῖμαι, τὸν δὲ τῇ.

[3] Herodotus, however, says that Tyrrhenus and his brother were the sons of Atys, the son of Manes, and that the migration of the Maeonians to Italy was not voluntary. For they say that in the reign of Atys there was a dearth in the country of the Maeonians and that the inhabitants, inspired by love of their native land, for a time contrived a great many methods to resist this calamity, one day permitting themselves but a moderate allowance of food and the next day fasting. But, as the mischief continued, they divided the people into two groups and cast lots to determine which should go out of the country and which should stay in it; of the sons of Atys one was assigned to the one group the other to the other.

[4] λαχούσης δὲ τῆς ἅμα Λυδῷ μοίρας τὴν τοῦ μεῖναι τύχην, ἐκχωρήσαι τὴν ἐτέραν ἀπολαχοῦσαν τῶν χρημάτων τὰ μέρη, ὁρμισαμένην δ' ἐπὶ τοῖς ἐσπερίοις μέρεσι τῆς Ἰταλίας, ἔνθα ἦν Ὀμβρικοῖς ἡ οἴκησις, αὐτοῦ καταμείνασαν ἰδρύσασθαι πόλεις τὰς ἔτι καὶ κατ' αὐτὸν ἐκείνον οὖσας.

[4] And when the lot fell to that part of the people which was with Lydus to remain in the country, the other group departed after receiving their share of the common possessions; and landing in the western parts of Italy where the Umbrians dwelt, they remained there and built the cities that still existed even in his time.

[1] τοῦτῳ τῷ λόγῳ πολλοὺς καὶ ἄλλους συγγραφεῖς περὶ τοῦ Τυρρηγῶν γένους χρησαμένους ἐπίσταμαι, τοὺς μὲν κατὰ ταυτά, τοὺς δὲ μεταθέντας τὸν οἰκισμὸν καὶ τὸν χρόνον. ἔλεξαν γὰρ δὴ τινες Ἡρακλέους υἱὸν εἶναι τὸν Τυρρηγόν ἐξ Ὀμφάλης τῆς Λυδῆς γενόμενον: τοῦτον δ' ἀφικόμενον εἰς Ἰταλίαν ἐκβαλεῖν τοὺς Πελασγοὺς ἐκ τῶν πόλεων οὐχ ἀπασῶν, ἀλλ' ὅσαι πέραν ἦσαν τοῦ Τεβέριος ἐν τῷ βορείῳ μέρει. ἕτεροι δὲ Τηλέφου παῖδα τὸν Τυρρηγόν ἀποφαίνουσιν, ἐλθεῖν δὲ μετὰ τὴν Τροίαν ἄλωσιν εἰς Ἰταλίαν.

[28.1] I am aware that many other authors also have given this account of the Tyrrhenian race, some in the same terms, and others changing the character of the colony and the date. For some have said that Tyrrhenus was the son of Heracles by Omphalê, the Lydian, and that he, coming into Italy, dispossessed the Pelasgians of their cities, though not of all, but of those only that lay beyond the Tiber toward the north. Others declare that Tyrrhenus was the son

of Telephus and that after the taking of Troy he came into Italy.

[2] Ξάνθος δὲ ὁ Λυδὸς ἱστορίας παλαιᾶς εἰ καὶ τις ἄλλος [p. 44] ἔμπειρος ὢν, τῆς δὲ πατρίου καὶ βεβαιωτῆς ἂν οὐδενὸς ὑποδεέστερος νομισθεῖς, οὐτε Τυρρηγνὸν ὠνόμακεν οὐδαμοῦ τῆς γραφῆς δυνάστην Λυδῶν οὔτε ἀποικίαν Μηδῶν εἰς Ἰταλίαν κατασχοῦσαν ἐπίσταται Τυρρηνίας τε μνήμην ὡς Λυδῶν ἀποκτίσεως ταπεινοτέρων ἄλλων μεμνημένος οὐδεμίαν πεποιηται: Ἄτυος δὲ παῖδας γενέσθαι λέγει Λυδὸν καὶ Τόρηβον, τοὺτους δὲ μερισαμένους τὴν πατρῶαν ἀρχὴν ἐν Ἀσίᾳ καταμεῖναι ἀμφοτέροις: καὶ τοῖς ἔθνεσιν ὧν ἥρξαν ἐπ' ἐκείνων φησὶ τεθῆναι τὰς ὀνομασίας, λέγων ὧδε: ἅπὸ Λυδοῦ μὲν γίνονται Λυδοὶ, ἀπὸ Τορήβου δὲ Τόρηβοι. τούτων ἡ γλῶσσα ὀλίγον παραφέρει, καὶ νῦν ἔτι σιλλοῦσιν ἀλλήλους ῥήματα οὐκ ὀλίγα, ὥσπερ Ἴωνες καὶ

[2] But Xanthus of Lydia, who was as well acquainted with ancient history as any man and who may be regarded as an authority second to none on the history of his own country, neither names Tyrrhenus in any part of his history as a ruler of the Lydians nor knows anything of the landing of a colony of Maeonians in Italy; nor does he make the least mention of Tyrrhenia as a Lydian colony, though he takes notice of several things of less importance. He says that Lydus and Torebus were the sons of Atys; that they, having divided the kingdom they had inherited from their father, both remained in Asia, and from them the nations over which they reigned received their names. His words are these: "From Lydus are sprung the Lydians, and from Torebus the Torebians. There is little difference in their language and even now each nation scoffs at many words used by the other, even as do the Ionians and Dorians."

[3] Δωριεῖς'. Ἑλλάνικος δὲ ὁ Λέσβιος τοὺς Τυρρηγνοὺς φησι Πελασγοὺς πρότερον καλουμένους, ἐπειδὴ κατώκησαν ἐν Ἰταλίᾳ, παραλαβεῖν ἦν νῦν ἔχουσι προσηγορίαν. ἔχει δὲ αὐτῷ ἐν Φορωνίδι ὁ λόγος ὧδε: τοῦ Πελασγοῦ τοῦ βασιλέος αὐτῶν καὶ Μενίππης τῆς Πηνειοῦ ἐγένετο Φράστωρ, τοῦ δὲ Ἀμύντωρ, τοῦ δὲ Τευταμίδης, τοῦ δὲ Νάνας. ἐπὶ τούτου βασιλεῦοντες οἱ Πελασγοὶ ὑπ' Ἑλλήνων ἀνέστησαν, καὶ ἐπὶ Σπινῇτι ποταμῷ ἐν τῷ Ἰονίῳ κόλπῳ τὰς νῆας καταλιπόντες [p. 45] Κρότωνα πόλιν ἐν μεσογείῳ εἶλον καὶ ἐντεῦθεν ὀρμώμενοι τὴν νῦν καλεομένην Τυρσηνίην ἔκτισαν'.

[3] Hellenicus of Lesbos says that the Tyrrhenians, who were previously called Pelasgians, received their present name after they had settled in Italy. These are his words in the *Phoronis*: "Phrastor was the son of Pelasgus, their king, and Menippê, the daughter of Peneus; his son was Amyntor, Amyntor's son was Teutamides, and the latter's son was Nanas. In his reign the Pelasgians were driven out of their country by the Greeks, and after leaving their ships on the river Spines in the Ionian Gulf, they took Croton, an inland city; and proceeding from there, they colonized the country now called Tyrrhenia."

[4] Μυρσίλος δὲ τὰ ἔμπαλιν ἀποφαινόμενος Ἑλλανικῶ τοὺς Τυρρηνοὺς φησιν, ἐπειδὴ τὴν ἑαυτῶν ἐξέλιπον, ἐν τῇ πλάνῃ μετονομασθῆναι Πελαργοὺς, τῶν ὀρνέων τοῖς καλουμένοις πελαργοῖς εἰκασθέντας, ὡς κατ' ἀγέλας ἐφοίτων εἰς τε τὴν Ἑλλάδα καὶ τὴν βάρβαρον· καὶ τοῖς Ἀθηναίοις τὸ τεῖχος τὸ περὶ τὴν ἀκρόπολιν, τὸ Πελαργικὸν καλούμενον, τοὺτους περιβαλεῖν.

[4] But the account Myrsilus gives is the reverse of that given by Hellanicus. The Tyrrhenians, he says, after they had left their own country, were in the course of their wanderings called Pelargoi or “Storks,” from their resemblance to the birds of that name, since they swarmed in flocks both into Greece and into the barbarian lands; and they built the wall round the citadel of Athens which is called the Pelargic wall.

[1] ἔμοι μέντοι δοκοῦσιν ἅπαντες ἀμαρτάνειν οἱ πεισθέντες ἐν καὶ τὸ αὐτὸ ἔθνος εἶναι τὸ Τυρρηρικὸν καὶ τὸ Πελασγικόν. τῆς μὲν γὰρ ὀνομασίας ἀπολαῦσαι ποτε αὐτοὺς τῆς ἀλλήλων οὐδὲν θαυμαστὸν ἦν, ἐπεὶ καὶ ἄλλα δὴ τινα ἔθνη, τὰ μὲν Ἑλλήνων, τὰ δὲ βαρβάρων, ταύτων ἔπαθεν, ὥσπερ τὸ Τρωικὸν καὶ τὸ Φρυγικὸν ἀγχοῦ οἰκοῦντα ἀλλήλων· πολλοῖς γέ τοι γένος ἐν ἄμφω ταῦτ' ἐνομίσθη, κλήσει διαλλάττον οὐ φύσει καὶ οὐχ ἥκιστα τῶν ἄλλοθι που συνωνυμίας ἐπικερασθέντων καὶ τὰ ἐν Ἰταλίᾳ

[29.1] But in my opinion all though take the Tyrrhenians and the Pelasgians to be one and the same nation are mistaken. It is no wonder they were sometimes called by one another's names, since the same thing has happened to certain other nations also, both Greeks and barbarians, — for example, to the Trojans and Phrygians, who lived near each other (indeed, many have thought that those two nations were but one, differing in name only, not in fact). And the nations in Italy have been confused under a common name quite as often as any nations anywhere.

[2] ἔθνη τὸ αὐτὸ ἔπαθεν. ἦν γὰρ δὴ χρόνος ὅτε καὶ Λατῖνοι καὶ Ὀμβρικοὶ καὶ Αὔσονες καὶ συχνοὶ ἄλλοι Τυρρηνοὶ ὑφ' Ἑλλήνων ἐλέγοντο, τῆς διὰ μακροῦ τῶν ἐθνῶν οἰκήσεως ἀσαφῆ ποιούσης τοῖς πρόσω τὴν ἀκριβείαν· τὴν τε Πρώμην αὐτὴν πολλοὶ τῶν συγγραφέων [p. 46] Τυρρηνίδα πόλιν εἶναι ὑπέλαβον. ὀνομάτων μὲν οὖν ἐναλλαγὴν, ἐπεὶ καὶ βίων, πείθομαι τοῖς ἔθνεσι γενέσθαι· κοινοῦ δὲ ἄμφω μετεκληθέναι γένους οὐ πείθομαι, πολλοῖς τε ἄλλοις καὶ μάλιστα ταῖς φωναῖς αὐτῶν διηλλαγμέναις καὶ οὐδεμίαν ὁμοιότητα σωζούσαις τεκμαιρόμενος.

[2] For there was a time when the Latins, the Umbrians, the Ausonians and many others were all called Tyrrhenians by the Greeks, the remoteness of the countries inhabited by these nations making their exact distinctions obscure to those who lived at a distance. And many of the historians have taken Rome itself for a Tyrrhenian city. I am persuaded, therefore, that these nations changed their name along with their place of abode, but can not believe that

they both had a common origin, for this reason, among many others, that their languages are different and preserve not the least resemblance to one another.

[3] 'καὶ γὰρ δὴ οὔτε Κροτωνιῆται ὥς φησιν Ἡρόδοτος 'οὐδαμοῖσι τῶν νῦν σφεας περιοικεόντων εἰσὶν ὁμόγλωσσοι οὔτε Πλακιηνοί, σφίσι δ' ὁμόγλωσσοι. δηλοῦσι δὲ ὅτι, τὸν ἡνείκαντο γλώσσης χαρακτηῖρα μεταβαίνοντες ἐς ταῦτα τὰ χωρία, τοῦτον ἔχουσιν ἐν φυλακῇ. καίτοι θαυμάσειεν ἂν τις, εἰ Πλακιανοῖς μὲν τοῖς περὶ τὸν Ἑλλήσποντον οἰκοῦσιν ὁμοίαν διάλεκτον εἶχον οἱ Κροτωνιᾶται, ἐπειδὴ Πελασγοὶ ἦσαν ἀμφοτέροι ἀρχῆθεν, Τυρρηνοῖς δὲ τοῖς ἔγγιστα οἰκοῦσι μηδὲν ὁμοίαν. εἰ γὰρ τὸ συγγενὲς τῆς ὁμοφωνίας αἴτιον ὑποληπτέον, θάτερον δὴ που τῆς διαφωνίας:

[3] "For neither the Crotoniats," says Herodotus, "nor the Placians agree in language with any of their present neighbours, although they agree with each other; and it is clear that they preserve the fashion of speech which they brought with them into those regions." However, one may well marvel that, although the Crotoniats had a speech similar to that of the Placians, who lived near the Hellespont, since both were originally Pelasgians, it was not at all similar to that of the Tyrrhenians, their nearest neighbours. For if kinship is to be regarded as the reason why two nations speak the same language, the contrary must, of course, be the reason for their speaking a different one,

[4] οὐ γὰρ δὴ κατὰ γε τὸ αὐτὸ ἐγχωρεῖ νομίζειν τὰμφοτέρα. καὶ γὰρ δὴ τὸ μὲν ἕτερον καὶ λόγον τιν' ἂν εἶχε γενόμενον, τὸ δὴ τοὺς πρόσω τὰς οἰκήσεις ἀπ' ἀλλήλων ποιησαμένους ὁμοεθνεῖς μηκέτι διασώζειν τὸν αὐτὸν τῆς διαλέκτου χαρακτηῖρα διὰ τὰς πρὸς τοὺς πέλας ὁμιλίας: τὸ δὲ τοὺς ἐν τοῖς αὐτοῖς οἰκοῦντας χωρίοις μηδ' ὅτιοῦν κατὰ τὴν φωνὴν ἀλλήλοις ὁμολογεῖν ἐκ ταυτοῦ φόντας γένους οὐδένα λόγον ἔχει. [p. 47]

[4] since surely it is not possible to believe that both these conditions arise from the same cause. For, although it might reasonably happen, on the one hand, that men of the same nation who have settled at a distance from one another would, as the result of associating with their neighbours, no longer preserve the same fashion of speech, yet it is not at all reasonable that men sprung from the same race and living in the same country should not in the least agree with one another in their language.

[1] τοῦτω μὲν δὴ τῷ τεκμηρίῳ χρώμενος ἑτέρους εἶναι πείθομαι τῶν Τυρρηνῶν τοὺς Πελασγοὺς. οὐ μὲν δὴ οὐδὲ Λυδῶν τοὺς Τυρρηνοὺς ἀποίκους οἶμαι γενέσθαι: οὐδὲ γὰρ ἐκείνοις ὁμόγλωσσοι εἰσιν, οὐδ' ἔστιν εἰπεῖν ὥς φωνῇ μὲν οὐκέτι χρῶνται παραπλησίᾳ, ἄλλα δὲ τινα διασώζουσι τῆς μητροπόλεως γῆς μηνύματα. οὔτε γὰρ θεοὺς Λυδοῖς τοὺς αὐτοὺς νομίζουσιν οὔτε νόμοις οὐτ' ἐπιτηδεύμασι κέχρηνται παραπλησίοις, ἀλλὰ κατὰ γε ταῦτα πλεον Λυδῶν διαφέρουσιν ἢ Πελασγῶν.

[30.1] For this reason, therefore, I am persuaded that the Pelasgians are a

different people from the Tyrrhenians. And I do not believe, either, that the Tyrrhenians were a colony of the Lydians; for they do not use the same language as the latter, nor can it be alleged that, though they no longer speak a similar tongue, they still retain some other indications of their mother country. For they neither worship the same gods as the Lydians nor make use of similar laws or institutions, but in these very respects they differ more from the Lydians than from the Pelasgians.

[2] κινδυνεύουσι γὰρ τοῖς ἀληθέσι μᾶλλον εἰκότα λέγειν οἱ μηδαμόθεν ἀφιγμένον, ἀλλ' ἐπιχώριον τὸ ἔθνος ἀποφαίνοντες, ἐπειδὴ ἀρχαῖόν τε πάνυ καὶ οὐδενὶ ἄλλῳ γένει οὔτε ὁμόγλωσσον οὔτε ὁμοδίαιτον ὃν εὕρισκεται. ὠνομάσθαι δ' ὑφ' Ἑλλήνων αὐτὸ τῇ προσηγορίᾳ ταύτῃ οὐδὲν κωλύει, καὶ διὰ τὰς ἐν ταῖς τύρρσεσιν οἰκήσεις καὶ

[2] Indeed, those probably come nearest to the truth who declare that the nation migrated from nowhere else, but was native to the country, since it is found to be a very ancient nation and to agree with no other either in its language or in its manner of living. And there is no reason why the Greeks should not have called them by this name, both from their living in towers and from the name of one of their rulers.

[3] ἀπ' ἀνδρὸς δυνάστου. Ῥωμαῖοι μέντοι ἄλλαις αὐτὸ προσαγορεύουσιν ὀνομασίαις: καὶ γὰρ ἐπὶ τῆς χώρας, ἐν ᾗ ποτε ὤκησαν, Ἑτρουρίας προσαγορευομένης Ἑτρούσκους καλοῦσι τοὺς ἀνθρώπους: καὶ ἐπὶ τῆς ἐμπειρίας τῶν περὶ τὰ θεῖα σεβάσματα λειτουργιῶν, διαφέροντας εἰς αὐτὴν ἐτέρων, νῦν μὲν Τοῦσκους ἀσαφέστερον, [p. 48] πρότερον δ' ἀκριβοῦντες τοῦνομα ὥσπερ Ἕλληνες Θυοσκοὺς ἐκάλουν: αὐτοὶ μέντοι σφᾶς αὐτοὺς ἐπὶ τῶν ἡγεμόνων τινὸς Ρασέννα τὸν αὐτὸν ἐκείνῳ

[3] The Romans, however, give them other names: from the country they once inhabited, named Etruria, they call them Etruscans, and from their knowledge of the ceremonies relating to divine worship, in which they excel others, they now call them, rather inaccurately, Tusci, but formerly, with the same accuracy as the Greeks, they called them Thyoscoi. Their own name for themselves, however, is the same as that of one of their leaders, Rasenna.

[4] τρόπον ὀνομάζουσι. πόλεις δὲ ἄστινας ὤκισαν οἱ Τυρρηνοὶ, καὶ πολιτευμάτων οὗς2τινας κατεστήσαντο κόσμους, δυνάμιν τε ὀπόσῃν οἱ σύμπαντες καὶ ἔργα εἴ τινα μνήμης ἄξια διεπράξαντο, τύχαις τε ὁποίαις ἐχρήσαντο, ἐν ἐτέρῳ δηλωθήσεται λόγῳ.

[4] In another book I shall show what cities the Tyrrhenians founded, what forms of government they established, how great power they acquired, what memorable achievements they performed, and what fortunes attended them.

[5] τὸ δ' οὖν Πελασγικὸν φύλον, ὅσον μὴ διεφθάρῃ τε καὶ κατὰ τὰς ἀποικίας διεσπᾶσθῃ, διέμεινε δὲ ὀλίγον ἀπὸ πολλοῦ, μετὰ τῶν Ἀβοριγίνων

πολιτευόμενον ἐν τούτοις ὑπελείφθη τοῖς χωρίοις, ὅπου σὺν χρόνῳ τῇν Ῥώμην οἱ ἔκγονοι αὐτῶν σὺν τοῖς ἄλλοις ἐπολίσσαντο. καὶ τὰ μὲν ὑπὲρ τοῦ Πελασγικοῦ γένους μυθολογούμενα τοιάδε ἐστί.

[5] As for the Pelasgian nation, however, those who were not destroyed or dispersed among the various colonies (for a small number remained out of a great many) were left behind as fellow citizens of the Aborigines in these parts, where in the course of time their posterity, together with others, built the city of Rome. Such are the legends told about the Pelasgian race.

[1] μετὰ δὲ οὐ πολὺν χρόνον στόλος ἄλλος Ἑλληνικὸς εἰς ταῦτα τὰ χωρία τῆς Ἰταλίας καταγεται, ἐξηκοστῷ μάλιστα ἔτει πρότερον τῶν Τρωικῶν, ὡς αὐτοὶ Ῥωμαῖοι λέγουσιν, ἐκ Παλλαντίου πόλεως Ἀρκαδικῆς ἀναστὰς. ἡγεῖτο δὲ τῆς ἀποικίας Εὐάνδρος Ἑρμοῦ λεγόμενος καὶ νύμφης τινὸς Ἀρκάσιν ἐπιχωρίας, ἣν οἱ μὲν Ἕλληνες Θέμιν εἶναι λέγουσι καὶ θεοφόρητον ἀποφαινουσιν, οἱ δὲ τὰς Ῥωμαϊκὰς συγγράψαντες [p. 49] ἀρχαιολογίας τῇ πατρίῳ γλώσσει Καρμέντην ὀνομάζουσιν: εἴη δ' ἂν Ἑλλάδι φωνῇ Θεοσπιωδὸς τῇ νύμφῃ τοῦνομα: τὰς μὲν γὰρ ὥδᾶς καλοῦσι Ῥωμαῖοι κάρμινα, τὴν δὲ γυναικα ταύτην ὁμολογοῦσι δαιμονίῳ πνεύματι κατὰσχετον γενομένην τὰ μέλλοντα συμβαίνειν τῷ πλήθει δι' ὥδῃς προλέγειν.

[31.1] Soon after, another Greek expedition landed in this part of Italy, having migrated from Pallantium, a town of Arcadia, about the sixtieth year before the Trojan war, as the Romans themselves say. This colony had for its leader Evander, who is said to have been the son of Hermes and a local nymph of the Arcadians. The Greeks call her Themis and say that she was inspired, but the writers of the early history of Rome call her, in the native language, Carmenta. The nymph's name would be in Greek Thespiōdos or "prophetic singer"; for the Romans call songs carmina, and they agree that this woman, possessed by divine inspiration, foretold to the people in song the things that would come to pass.

[2] ὁ δὲ στόλος οὗτος οὐκ ἀπὸ τοῦ κοινοῦ τῆς γνώμης ἐπέμφθη, ἀλλὰ στασιάσαντος τοῦ δήμου τὸ ἐλαττωθὲν μέρος ἐκούσιον ὑπεξῆλθεν. ἐτύγχανε δὲ τότε τὴν βασιλείαν τῶν Ἀβοριγίνων παρειληφώς Φαῦνος, Ἄρεος ὡς φασιν ἀπόγονος, ἀνὴρ μετὰ τοῦ δραστηρίου καὶ συνετὸς, καὶ αὐτὸν ὡς τῶν ἐπιχωρίων τινὰ Ῥωμαῖοι δαιμόνων θυσίαις καὶ ὥδαῖς γεραίρουσιν. οὗτος ὁ ἀνὴρ δεξάμενος κατὰ πολλὴν φιλότητα τοὺς Ἀρκάδας ὀλίγους ὄντας, δίδωσιν αὐτοῖς τῆς αὐτοῦ χώρας ὀπόσῃν ἐβούλοντο.

[2] This expedition was not sent out by the common consent of the nation, but, a sedition having arisen among the people, the faction which was defeated left the country of their own accord. It chanced that the kingdom of the Aborigines had been inherited at that time by Faunus, a descendant of Mars, it is said, a man of prudence as well as energy, whom the Romans in their sacrifices and songs honour as one of the gods of their country. This man

received the Arcadians, who were but few in number, with great friendship and gave them as much of his own land as they desired.

[3] οἱ δὲ Ἀρκάδες, ὡς ἡ Θέμις αὐτοῖς ἐπιθειάζουσα ἔφραζεν, αἰροῦνται λόφον ὀλίγον ἀπέχοντα τοῦ Τεβέριος, ὃς ἐστὶ νῦν ἐν μέσῳ μάλιστα τῆς Ῥωμαίων πόλεως, καὶ κατασκευάζονται πρὸς αὐτῷ κώμην βραχεῖαν, δυσὶ ναυτικοῖς πληρώμασιν ἐν οἷς ἀπανέστησαν τῆς Ἑλλάδος ἀποχρῶσαν, ἣν ἔμελλε τὸ πεπρωμένον σὺν χρόνῳ θήσειν ὅσῃν οὕθ' Ἑλλάδα πόλιν οὔτε βάρβαρον κατὰ τε οἰκίσεως μέγεθος καὶ κατὰ δυναστείας ἀξίωσιν καὶ τὴν ἄλλην ἅπασαν εὐτυχίαν, [p. 50] χρόνον τε ὅποσον ἂν ὁ θνητος αἰὼν ἀντέχη

[3] And the Arcadians, as Themis by inspiration kept advising them, chose a hill, not far from the Tiber, which is now near the middle of the city of Rome, and by this hill built a small village sufficient for the complement of the two ships in which they had come from Greece. Yet this village was ordained by fate to excel in the course of time all other cities, whether Greek or barbarian, not only in its size, but also in the majesty of its empire and in every other form of prosperity, and to be celebrated above them all as long as mortality shall endure.

[4] πόλεων μάλιστα πασῶν μνημονευθησομένην. ὄνομα δὲ τῷ πολισμάτι τούτῳ τίθενται Παλλάντιον ἐπὶ τῆς ἐν Ἀρκαδίᾳ σφῶν μητροπόλεως: νῦν μέντοι Παλάτιον ὑπὸ Ῥωμαίων λέγεται συγγέαντος τοῦ χρόνου τὴν ἀκριβείαν καὶ παρέχει πολλοῖς ἀτόπων ἐτυμολογιῶν ἀφορμάς:

[4] They named the town Pallantium after their mother-city in Arcadia; now, however, the Romans call it Palatium, time having obscured the correct form, and this name has given occasion of the many to suggest absurd etymologies.

[1] ὡς δὲ τινες ἱστοροῦσιν, ὧν ἐστὶ καὶ Πολύβιος ὁ Μεγαλοπολίτης, ἐπὶ τινος μειρακίου Πάλλαντος αὐτόθι τελευτήσαντος: τοῦτον δὲ Ἡρακλέους εἶναι παῖδα καὶ Λαῦνας τῆς Εὐάνδρου θυγατρὸς: χῶσαντα δ' αὐτῷ τὸν μητροπάτορα τάφον ἐπὶ τῷ λόφῳ Παλλάντιον ἐπὶ τοῦ μειρακίου τὸν τόπον ὀνομάσαι.

[32] But some writers, among them Polybius of Megalopolis, related that the town was named after Pallas, a lad who died there; they say that he was the son of Hercules and Lavinia, the daughter of Evander, and that his maternal grandfather raised a tomb to him on the hill and called the place Pallantium, after the lad.

[2] ἐγὼ μέντοι οὔτε τάφον ἐθεασάμην ἐν Ῥώμῃ Πάλλαντος οὔτε χοὰς ἔμαθον ἐπιτελουμένας οὔτε ἄλλο τῶν τοιουτοτρόπων οὐδὲν ἡδυνήθην ἰδεῖν, καίτοι γε οὐκ ἀμνήστου τῆς οἰκίας ταύτης ἀφειμένης οὐδ' ἀμοῖρου τιμῶν αἷς τὸ δαιμόνιον γένος ὑπ' ἀνθρώπων γεραίρεται. καὶ γὰρ Εὐάνδρῳ θυσίας ἔμαθον ὑπὸ Ῥωμαίων ἐπιτελουμένας ὁσέτη δημοσίᾳ καὶ Καρμέντῃ, καθάπερ τοῖς λοιποῖς ἥρωσι καὶ δαίμοσι, καὶ βωμοὺς ἐθεασάμην ἰδρυμένους, Καρμέντῃ

μεν ὑπὸ τῷ καλουμένῳ Καπιτωλίῳ παρὰ ταῖς Καρμεντίσι πύλαις, Εὐάνδρῳ δὲ πρὸς ἑτέρῳ τῶν λόφων Αὐεντίνῳ λεγομένῳ τῆς Τριδύμου πύλης οὐ πρόσω: Πάλλαντι δὲ

[2] But I have never seen any tomb of Pallas at Rome nor have I heard of any drink-offerings being made in his honour nor been able to discover anything else of that nature, although this family has not been left unremembered or without those honours with which divine beings are worshipped by men. For I have learned that public sacrifices are performed yearly by the Romans to Evander and to Carmenta in the same manner as to the other heroes and minor deities; and I have seen two altars that were erected, one to Carmenta under the Capitoline hill near the Porta Carmentalis, and the other to Evander by another hill, called the Aventine, not far from the Porta Trigemina; but I know of nothing of this kind that is done in honour of Pallas.

[3] οὐδὲν οἶδα τούτων γινόμενον. οἱ δ' οὖν Ἀρκάδες [p. 51] ὑπὸ τῷ λόφῳ συνοικισθέντες τὰ τε ἄλλα διεκόσμου τὸ κτίσμα τοῖς οἴκοθεν νομίμοις χρώμενοι καὶ ἱερὰ ἰδρύνονται, πρῶτον μὲν τῷ Λυκαίῳ Πανὶ τῆς Θέμιδος ἐξηγουμένης Ἀρκάσι γὰρ θεῶν ἀρχαιότατός τε καὶ τιμιώτατος ὁ Πάν' χωρίον ἐξευρόντες ἐπιτήδειον, ὃ καλοῦσι Ῥωμαῖοι Λουπερκάλιον, ἡμεῖς δ' ἂν εἴποιμεν Λύκαιον.

[3] As for the Arcadians, when they had joined in a single settlement at the foot of the hill, they proceeded to adorn their town with all the buildings to which they had been accustomed at home and to erect temples. And first they built a temple to the Lycaean Pan by the direction of Themis (for to the Arcadians Pan is the most ancient and the most honoured of all the gods), when they had found a suitable site for the purpose. This place the Romans call the Lupercal, but we should call it Lykaion or "Lycaeum."

[4] νῦν μὲν οὖν συμπεπολισμένων τῷ τεμένει τῶν περίξ χωρίων δυσεῖκαστος γέγονεν ἢ παλαιὰ τοῦ τόπου φύσις, ἣν δὲ τὸ ἀρχαῖον ὡς λέγεται σπήλαιον ὑπὸ τῷ λόφῳ μέγα, δρυμῷ λασίῳ κατηρεφές, καὶ κρηνίδες ὑπὸ ταῖς πέτραις ἐμβύθιοι, ἣ τε προσεχὴς τῷ κρημνῷ νάπη πυκνοῖς καὶ μεγάλοις δένδροισιν ἐπίσκοις.

[4] Now, it is true, since the district about the sacred precinct has been united with the city, it has become difficult to make out by conjecture the ancient nature of the place. Nevertheless, at first, we are told, there was a large cave under the hill overarched by a dense wood; deep springs issued from beneath the rocks, and the glen adjoining the cliffs was shaded by thick and lofty trees.

[5] ἔνθα βωμὸν ἰδρυσάμενοι τῷ θεῷ τὴν πάτριον θυσίαν ἐπετέλεσαν, ἣν μέχρι τοῦ καθ' ἡμᾶς χρόνου Ῥωμαῖοι θύουσιν ἐν μηνὶ Φεβρουαρίῳ μετὰ τὰς χειμερινὰς τροπὰς, οὐδὲν τῶν τότε γενομένων μετακινούντες: ὁ δὲ τρόπος τῆς θυσίας ἐν τοῖς ἔπειτα λεχθήσεται. ἐπὶ δὲ τῇ κορυφῇ τοῦ λόφου τὸ τῆς

Νίκης τέμενος ἐξελόντες θυσίας καὶ ταύτη κατεστήσαντο διετησίους, ἃς καὶ ἐπ' ἑμοῦ Ῥωμαῖοι ἔθουν.

[5] In this place they raised an altar to the god and performed their traditional sacrifice, which the Romans have continued to offer up to this day in the month of February, after the winter solstice, without altering anything in the rites then performed. The manner of this sacrifice will be related later. Upon the summit of the hill they set apart the precinct of Victory and instituted sacrifices to her also, lasting throughout the year, which the Romans performed even in my time.

[1] ταύτην δὲ Ἀρκάδες μυθολογοῦσι Πάλλαντος εἶναι θυγατέρα τοῦ Λυκάονος: τιμὰς δὲ παρ' ἀνθρώπων ἃς ἔχει νῦν Ἀθηνᾶς βουλήσει λαβεῖν, γενομένην τῆς θεοῦ σύντροφον. δοθῆναι γὰρ εὐθὺς ἀπὸ γονῆς τὴν Ἀθηνᾶν Πάλλαντι ὑπὸ Διὸς καὶ παρ' ἐκείνῳ τέως εἰς ὥραν ἀφίκετο τραφῆναι. ἰδρῦσαντο [p. 52] δὲ καὶ Δήμητρος ἱερὸν καὶ τὰς θυσίας αὐτῇ διὰ γυναικῶν τε καὶ νηφαλίους ἔθυσαν, ὡς Ἑλλησι νόμος,

[33] The Arcadians have a legend that this goddess was the daughter of Pallas, the son of Lycaon, and that she received those honours from mankind which she now enjoys at the desire of Athena, with whom she had been reared. For they say that Athena, as soon as she was born, was handed over to Pallas by Zeus and that she was reared by him till she grew up. They built also a temple to Ceres, to whom by the ministry of women they offered sacrifices without wine, according to the custom of the Greeks, none of which rites our time has changed.

[2] ὣν οὐδὲν ὁ καθ' ἡμᾶς ἥλλαξε χρόνος. ἀπέδειξαν δὲ καὶ Ποσειδῶνι τέμενος Ἰππίῳ καὶ τὴν ἑορτὴν Ἱπποκράτεια μὲν ὑπ' Ἀρκάδων, Κωνσουάλια δὲ ὑπὸ Ῥωμαίων λεγόμενα κατεστήσαντο, ἐν ἧ παρὰ Ῥωμαίοις ἐξ ἔθους ἐλινύουσιν ἔργων ἵπποι καὶ ὄρεῖς καὶ στέφονται τὰς κεφαλὰς ἄνθεσι.

[2] Moreover, they assigned a precinct to the Equestrian Neptune and instituted the festival called by the Arcadians Hippocrateia and by the Romans Consualia, during which it is customary among the latter for the horses and mules to rest from work and to have their heads crowned with flowers.

[3] πολλὰ δὲ καὶ ἄλλα τεμένη καὶ βωμοὺς καὶ βρέτη θεῶν καθωσίωσαν, ἀγισμοὺς τε καὶ θυσίας κατεστήσαντο πατρίους, αἱ μέχρι τῶν κατ' ἑμὲ χρόνων τὸν αὐτὸν ἐγίνοντο τρόπον. οὐ θαυμάσαιμι δ' ἂν εἰ καὶ παρῇνται τινες διαφυγοῦσαι τὴν τῶν ἐπιγινόμενων μνήμην ὑπὸ τοῦ πάνυ ἀρχαίου: ἀλλ' ἀποχρῶσι γε αἱ νῦν ἔτι γινόμεναι τεκμήρια εἶναι τῶν Ἀρκαδικῶν ποτε νομίμων: λεχθήσεται δὲ περὶ αὐτῶν ἐπὶ πλεῖον ἐν ἑτέροις.

[3] They also consecrated many other precincts, altars and images of the gods and instituted purifications and sacrifices according to the customs of their own country, which continued to be performed down to my day in the same

manner. Yet I should not be surprised if some of the ceremonies by reason of their great antiquity have been forgotten by their posterity and neglected; however, those that are still practised are sufficient proofs that they are derived from the customs formerly in use among the Arcadians, of which I shall speak more at length elsewhere.

[4] λέγονται δὲ καὶ γραμμάτων Ἑλληνικῶν χρῆσιν εἰς Ἰταλίαν πρῶτοι διακομίσαι νεωστὶ φανεῖσαν Ἀρκάδες καὶ μουσικὴν τὴν δι' ὀργάνων, ἃ δὴ λύραι τε καὶ τρίγωνα καὶ αὐλοὶ καλοῦνται, τῶν προτέρων ὅτι μὴ σύριγξι ποιμενικαῖς οὐδενὶ ἄλλῳ μουσικῆς τεχνήματι χρωμένων, νόμους τε θέσθαι καὶ τὴν διαιταν ἐκ τοῦ θηριώδους ἐπὶ πλεῖστον εἰς ἡμερότητα μεταγαγεῖν τέχνας τε καὶ ἐπιτηδεύματα καὶ ἄλλα πολλὰ τινα ὠφελήματα εἰς τὸ [p. 53] κοινὸν καταθεῖναι, καὶ διὰ ταῦτα πολλῆς ἐπιμελείας τυγχάνειν πρὸς τῶν ὑποδεξαμένων. τοῦτο δεῦτερον ἔθνος Ἑλληνικὸν μετὰ Πελασγοὺς ἀφικόμενον εἰς Ἰταλίαν κοινὴν ἔσχε μετὰ τὴν τῶν Ἀβοριγίνων οἴκησιν ἐν τῷ κρατίστῳ τῆς Ρώμης ἰδρυσάμενον χωρίῳ.

[4] The Arcadians are said also to have been the first to introduce into Italy the use of Greek letters, which had lately appeared among them, and also music performed on such instruments as lyres, trigons and flutes; for their predecessors had used no musical invention except shepherd's pipes. They are said also to have established laws, to have transformed men's mode of life from the prevailing bestiality to a state of civilization, and likewise to have introduced arts and professions and many other things conducive to the public good, and for these reasons to have been treated with great consideration by those who had received them.

[5]

[5] This was the next Greek nation after the Pelasgians to come into Italy and to take up a common residence with the Aborigines, establishing itself in the best part of Rome.

[1] ὀλίγοις δ' ὕστερον ἔτεσι μετὰ τοὺς Ἀρκάδας ἄλλος εἰς Ἰταλίαν ἀφικνεῖται στόλος Ἑλληνικὸς ἄγοντος Ἡρακλέους, ὃς Ἰβηρίαν καὶ τὰ μέχρι δυσμῶν ἡλίου πάντα χειρωσάμενος ἦκεν. ἐξ ὧν τινες Ἡρακλέα παραιτησάμενοι τῆς πραγματείας ἀφεθῆναι, περὶ ταῦτα τὰ χωρία ὑπέμειναν καὶ πολίζονται λόφον ἐπιτήδειον εὐρόντες, τρισταδίῳ δὲ μάλιστα μήκει τοῦ Παλλαντίου διειργόμενον, ὃς νῦν μὲν Καπιτωλῖνος ὀνομάζεται, ὑπὸ δὲ τῶν τότε ἀνθρώπων Σατόρνιος ἐλέγετο, ὥσπερ ἂν εἴποι τις Ἑλλάδι φωνῇ Κρόνιος.

[34.1] A few years after the Arcadians another Greek expedition came into Italy under the command of Hercules, who had just returned from the conquest of Spain and of all the region that extends to the setting of the sun. It was some of his followers who, begging Hercules to dismiss them from the expedition, remained in this region and built a town on a suitable hill, which they found at a distance of about three stades from Pallantium. This is now called the

Capitoline hill, but by the men of that time the Saturnian hill, or, in Greek, the hill of Cronus.

[2] τῶν δὲ ὑπολειφθέντων οἱ μὲν πλείους ἦσαν Πελοποννήσιοι, Φερεῶται τε καὶ Ἐπειοὶ οἱ ἐξ Ἥλιδος, οἷς οὐκέτι πόθος ἦν τῆς οἴκαδε ὁδοῦ διαπεπορθημένης αὐτοῖς τῆς πατρίδος ἐν τῷ πρὸς Ἡρακλέα πολέμῳ, ἐμέμικτο δέ τι καὶ Τρωικὸν αὐτοῖς τῶν ἐπὶ Λαομέδοντος αἰχμαλώτων ἐξ Ἰλίου γενομένων ὅτε τῆς πόλεως Ἡρακλῆς ἐκράτησε. δοκεῖ δέ μοι καὶ τοῦ ἄλλου στρατοῦ πᾶν, εἴ τι καματηρὸν ἢ τῇ πλάνῃ ἀχθόμενον ἦν, ἄφεςιν τῆς στρατείας αἰτησάμενον ἐν τῷ χωρίῳ

[2] The greater part of those who stayed behind were Peloponnesians — people of Pheneus and Epeans of Elis, who no longer had any desire to return home, since their country had been laid waste in the war against Hercules. There was also a small Trojan element mingled with these, consisting of prisoners taken from Ilium in the reign of Laomedon, at the time when Hercules conquered the city. And I am of the opinion that all the rest of the army, also, who were either wearied by their labours or irked by their wanderings, obtained their dismissal from the expedition and remained there.

[3] τῷδε ὑπομεῖναι. τὸ δὲ ὄνομα τῷ λόφῳ τινὲς μὲν [p. 54] ὥσπερ ἔφην ἀρχαῖον οἰοῦνται εἶναι, καὶ δι' αὐτὸ τοὺς Ἐπειοὺς οὐχ ἥκιστα φιλοχωρῆσαι τῷ λόφῳ μνήμη τοῦ ἐν Ἥλιδι Κρονίου λόφου, ὅς ἐστιν ἐν τῇ Πισάτιδι γῇ ποταμοῦ πλησίον Ἀλφειοῦ, καὶ αὐτὸν ἱερὸν τοῦ Κρόνου νομίζοντες Ἡεῖλοι θυσίαις καὶ ἄλλαις τιμαῖς συνιόντες γεραίρουσιν ἐν ὠρισμένοις χρόνοις.

[3] As for the name of the hill, some think it was an ancient name, as I have said, and that consequently the Epeans were especially pleased with the hill through memory of the hill of Cronus in Elis. This is in the territory of Pisa, near the river Alpheus, and the Eleans, regarding it as sacred to Cronus, assemble together at stated times to honour it with sacrifices and other marks of reverence.

[4] Εὐξενος δὲ ποιητῆς ἀρχαῖος καὶ ἄλλοι τινὲς τῶν Ἰταλικῶν μυθογράφων ὑπ' αὐτῶν οἰοῦνται Πισατῶν διὰ τὴν ὁμοιότητα τοῦ παρὰ σφίσι Κρονίου τεθῆναι τῷ τόπῳ τοῦνομα, καὶ τὸν βωμὸν τῷ Κρόνῳ τοὺς Ἐπειοὺς ἰδρύσασθαι μεθ' Ἡρακλέους, ὅς ἔτι καὶ νῦν διαμένει παρὰ τῇ ρίζῃ τοῦ λόφου κατὰ τὴν ἄνοδον τὴν ἀπὸ τῆς ἀγορᾶς φέρουσιν εἰς τὸ Καπιτώλιον, τὴν τε θυσίαν, ἣν καὶ ἐπ' ἐμοῦ Ῥωμαῖοι ἔθουον φυλάττοντες τὸν Ἑλληνικὸν νόμον, ἐκείνους εἶναι τοὺς καταστησαμένους.

[4] But Euxenus, an ancient poet, and some others of the Italian mythographers think that the name was given to the place by the men from Pisa themselves, from its likeness to their hill of Cronus, that the Epeans together with Hercules erected the altar to Saturn which remains to this day at the foot of the hill near the ascent that leads from the Forum to the Capitol, and that it

was they who instituted the sacrifice which the Romans still performed even in my time, observing the Greek ritual.

[5] ὥς δ' ἐγὼ συμβαλλόμενος εὐρίσκω, καὶ πρὶν Ἡρακλέα ἐλθεῖν εἰς Ἰταλίαν ἱερὸς ἦν ὁ τόπος τοῦ Κρόνου καλούμενος ὑπὸ τῶν ἐπιχωρίων Σατόρνιος, καὶ ἡ ἄλλη δὲ ἀκτὴ σύμπασα ἢ νῦν Ἰταλία καλουμένη τῷ θεῷ τούτῳ ἀνέκειτο, Σατορνία πρὸς τῶν ἐνοικούντων ὀνομαζομένη, ὥς ἔστιν εὐρεῖν ἐν τε Σιβυλλεῖσις τισὶ λογίοις καὶ ἄλλοις χρηστηρίοις ὑπὸ τῶν θεῶν δεδομένοις εἰρημένον, ἱερά τε πολλαχῇ τῆς χώρας ἐστὶν ἰδρυμένα τῷ θεῷ καὶ πόλεις τινὲς οὕτως ὥσπερ ἡ σύμπασα τότε ἀκτὴ ὀνομαζόμενα χῶροί τε [p. 55] πολλοὶ τοῦ δαίμονος ἐπώνυμοι καὶ μάλιστα οἱ σκόπελοι καὶ τὰ μετέωρα:

[5] But from the best conjectures I have been able to make, I find that even before the arrival of Hercules in Italy this place was sacred to Saturn and was called by the people of the country the Saturnian hill, and all the rest of the peninsula which is now called Italy was consecrated to this god, being called Saturnia by the inhabitants, as may be found stated in some Sibylline prophecies and other oracles delivered by the gods. And in many parts of the country there are temples dedicated to this god; certain cities bear the same name by which the whole peninsula was known at that time, and many places are called by the name of the god, particularly headlands and eminences.

[1] Ἰταλία δὲ ἀνὰ χρόνον ὠνομάσθη ἐπ' ἀνδρὸς δυνάστου ὄνομα Ἰταλοῦ. τοῦτον δὲ φησὶν Ἀντίοχος ὁ Συρακούσιος ἀγαθὸν καὶ σοφὸν γεγεννημένον καὶ τῶν πλησιохώρων τοὺς μὲν λόγοις ἀναπειθόντα, τοὺς δὲ βίᾳ προσαγόμενον, ἅπασαν ὑφ' ἐαυτῷ ποιήσασθαι τὴν γῆν ὅση ἐντὸς ἦν τῶν κόλπων τοῦ τε Ναπητίνου καὶ τοῦ Σκυλλητίνου: ἦν δὲ πρώτην κληθῆναι Ἰταλίαν ἐπὶ τοῦ Ἰταλοῦ. ἐπεὶ δὲ ταύτης καρτερὸς ἐγένετο καὶ ἀνθρώπους πολλοὺς εἶχεν ὑπηκόους αὐτῷ, αὐτίκα τῶν ἐχομένων ἐπορέγεσθαι καὶ πόλεις συναγεσθαι πολλάς: εἶναι δ' αὐτὸν Οἰνωτρον τὸ γένος.

[35.1] But in the course of time the land came to be called Italy, after a ruler named Italus. This man, according to Antiochus of Syracuse, was both a wise and good prince, and persuading some of his neighbours by arguments and subduing the rest by force, he made himself master of all the land which lies between the Napetine and Scylacian bays, which was the first land, he says, to be called Italy, after Italus. And when he had possessed himself of this district and had many subjects, he immediately coveted the neighbouring peoples and brought many cities under his rule. He says further that Italus was an Oenotrian by birth.

[2] Ἑλλάνικος δὲ ὁ Λέσβιος φησὶν Ἡρακλέα τὰς Γηρυόνης βοῦς ἀπελαύνοντα εἰς Ἄργος, ἐπειδὴ τις αὐτῷ δάμαλις ἀποσκοιρτήσας τῆς ἀγέλης ἐν Ἰταλίᾳ ἐόντι ἤδη φεύγων διῆρε τὴν ἀκτὴν καὶ τὸν μεταξὺ διανηξάμενος πόρον τῆς θαλάττης εἰς Σικελίαν ἀφίκετο, ἐρόμενον αἰεὶ τοὺς ἐπιχωρίους καθ' οὓς ἐκάστοτε γίνοιτο διώκων τὸν δάμαλιν, εἴ πη τις αὐτὸν ἐωρακώς

εἴη, τῶν τῆδε ἀνθρώπων Ἑλλάδος μὲν γλώττης ὀλίγα συνιέντων, τῇ δὲ πατρίῳ φωνῇ κατὰ τὰς μηνύσεις τοῦ ζώου καλοῦντων τὸν δάμαλιν οὐίτουλον, ὥστερ καὶ νῦν λέγεται, ἐπὶ τοῦ ζώου τὴν χώραν ὀνομάσαι [p. 56]

[2] But Hellanicus of Lesbos says that when Hercules was driving Geryon's cattle to Argos and was come to Italy, a calf escaped from the herd and in its flight wandered the whole length of the coast and then, swimming across the intervening strait of the sea, came into Sicily. Hercules, following the calf, inquired of the inhabitants wherever he came if anyone had seen it anywhere, and when the people of the island, who understood but little Greek and used their own speech when indicating the animal, called it vitulus (the name by which it is still known), he, in memory of the calf, called all the country it had wandered over Vitulia.

[3] πᾶσαν ὅσῃν ὁ δάμαλις διῆλθεν Οὐίτουλίαν. μεταπεσεῖν δὲ ἀνὰ χρόνον τὴν ὀνομασίαν εἰς τὸ νῦν σχῆμα οὐδὲν θαυμαστόν, ἐπεὶ καὶ τῶν Ἑλληνικῶν πολλὰ τὸ παραπλήσιον πέπονθεν ὀνομάτων. πλὴν εἴτε ὡς Ἀντίοχος φησιν ἐπ' ἀνδρὸς ἡγεμόνος, ὅπερ ἴσως καὶ πιθανώτερόν ἐστιν, εἴθ' ὡς Ἑλλάνικος οἶται ἐπὶ τοῦ ταύρου τὴν ὀνομασίαν ταύτην ἔσχεν, ἐκεῖνό γε ἐξ ἀμφοῖν δῆλον, ὅτι κατὰ τὴν Ἡρακλέους ἡλικίαν ἢ μικρῷ πρόσθεν οὕτως ὠνομάσθη. τὰ δὲ πρὸ τούτων Ἑλληνες μὲν Ἑσπερίαν καὶ Αὐσονίαν αὐτὴν ἐκάλουν, οἱ δ' ἐπιχώριοι Σατορνίαν, ὡς εἴρηται μοι πρότερον.

[3] And it is no wonder that the name has been changed in the course of time to its present form, since many Greek names, too, have met with a similar fate. But whether, as Antiochus says, the country took this name from a ruler, which perhaps is more probable, or, as Hellanicus believes, from the bull, yet this at least is evident from both their accounts, that in Hercules' time, or a little earlier, it received this name. Before that it had been called Hesperia and Ausonia by the Greeks and Saturnia by the natives, as I have already stated.

[1] ἔστι δὲ τις καὶ ἕτερος λόγος ὑπὸ τῶν ἐπιχωρίων μυθολογούμενος, ὡς πρὸ τῆς Διὸς ἀρχῆς ὁ Κρόνος ἐν τῇ γῇ ταύτῃ δυναστεύσειε, καὶ ὁ λεγόμενος ἐπ' ἐκείνου βίος ἅπασι δασιλῆς ὁπόσοις ὦραι φύουσιν οὐ παρ' ἄλλοις μᾶλλον ἢ παρὰ σφίσι γένοιτο.

[36.1] There is another legend related by the inhabitants, to the effect that before the reign of Jupiter Saturn was lord in this land and that the celebrated manner of life in his reign, abounding in the produce of every season, was enjoyed by none more than them.

[2] καὶ εἴ τις ἄλλως ἀφελῶν τὸ μυθῶδες τοῦ λόγου χώρας ἀρετὴν ἐξετάζειν ἐθέλησειεν, ἐξ ἧς γένος τὸ ἀνθρώπων πλειστας εὐφροσύνας ἐκαρπώσατο γενόμενον εὐθύς εἴτ' ἐκ γῆς ὡς ὁ παλαιὸς ἔχει λόγος, εἴτ' ἄλλως πως, οὐκ ἂν εὖροι ταύτης τινὰ ἐπιτηδειότεραν. ὡς γὰρ μία γῇ πρὸς ἑτέραν κρίνεσθαι

τοσαύτην τὸ μέγεθος, οὐ μόνον τῆς Εὐρώπης, ἀλλὰ καὶ τῆς ἄλλης ἀπάσης κρατίστη κατ' ἐμὴν δόξαν ἐστὶν Ἰταλία.

[2] And, indeed, if anyone, setting aside the fabulous part of this account, will examine the merit of any country from which mankind received the greatest enjoyments immediately after their birth, whether they sprang from the earth, according to the ancient tradition, or came into being in some other manner, he will find none more beneficent to them than this. For, to compare one country with another of the same extent, Italy is, in my opinion, the best country, not only of Europe, but even of all the rest of the world.

[3] καίτοι με οὐ λέληθεν ὅτι πολλοῖς οὐ πιστὰ δόξω λέγειν, ἐνθυμουμένοις Αἴγυπτον τε καὶ Λιβύην καὶ Βαβυλῶνα καὶ εἰ δὴ τινες ἄλλοι χώροι εἰσιν εὐδαίμονες: ἀλλ' ἐγὼ τὸν [p. 57] ἐκ γῆς πλοῦτον οὐκ ἐν μιᾷ τίθεται καρπῶν ἰδέα οὐδ' εἰσέρχεται με ζῆλος οἰκίσεως, ἐν ᾗ μόνον εἰσὶν ἄρουραι πίονες, τῶν δ' ἄλλων οὐδὲν ἢ βραχὺ τι χρησίμων, ἀλλ' ἥτις ἂν εἴη πολυαρκεστάτη τε καὶ τῶν ἐπεισάκτων ἀγαθῶν ἐπὶ τὸ πολὺ ἐλάχιστον δεομένη, ταύτην κρατίστην εἶναι λογιζομαι. τοῦτο δὲ τὸ παμφόρον καὶ πολυωφελὲς παρ' ἡντινοῦν ἄλλην γῆν Ἰταλίαν ἔχειν πείθομαι.

[3] And yet I am not unaware that I shall not be believed by many when they reflect on Egypt, Libya, Babylonia and any other fertile countries there may be. But I, for my part, do not limit the wealth derived from the soil to one sort of produce, nor do I feel any eagerness to live where there are only rich arable lands and little or nothing else that is useful; but I account that country the best which is the most self-sufficient and generally stands least in need of imported commodities. And I am persuaded that Italy enjoys this universal fertility and diversity of advantages beyond any other land.

[1] οὐ γὰρ ἀρούρας μὲν ἀγαθὰς ἔχει καὶ πολλάς, ἄδενδρος δ' ἐστὶν ὡς σιτοφόρος: οὐδ' αὖ φυτὰ μὲν ἱκανῇ παντοῖα θρέψασθαι, σπεῖρεσθαι δ' ὡς δενδρίτις ὀλιγόκαρπος: οὐδ' ἄμφω μὲν ταῦτα παρέχειν δασιλῆς, προβατεῦεσθαι δ' ἀνεπιτήδειος: οὐδ' ἂν τις αὐτὴν φαίη πολύκαρπον μὲν εἶναι καὶ πολύδενδρον καὶ πολύβοτον, ἐνδίαίτημα δ' ἀνθρώποις ὑπάρχειν ἄχαρι: ἀλλ' ἔστι πάσης ὡς εἰπεῖν ἡδονῆς τε καὶ

[37.1] For Italy does not, while possessing a great deal of good arable land, lack trees, as does a grain-bearing country; nor, on the other hand, while suitable for growing all manner of trees, does it, when sown to grain, produce scanty crops, as does a timbered country; nor yet, while yielding both grain and trees in abundance, is it unsuitable for the grazing of cattle; nor can anyone say that, while it bears rich produce of crops and timber and herds, it is nevertheless disagreeable for men to live in. Nay, on the contrary, it abounds in practically everything that affords either pleasure or profit.

[2] ὠφελείας ἔκπλεως. ποίας μὲν γὰρ λείπεται σιτοφόρου μὴ ποταμοῖς, ἀλλὰ

τοῖς οὐρανίοις ὕδασιν ἀρδομένης τὰ καλοῦμενα Καμπανῶν πεδία, ἐν οἷς ἐγὼ καὶ τρικάρπους ἔθεασάμην ἀρούρας θερινὸν ἐπὶ χειμερινῷ καὶ μετοπωρινὸν ἐπὶ θερινῷ σπόρον ἐκφερούσας; ποίας δ' ἐλαιοφόρου τὰ Μεσσαιῶν καὶ Δαυνίων καὶ Σαβίνων καὶ πολλῶν ἄλλων γεώργια; ποίας δ' οἰνοφύτου Τυρρηγία καὶ Ἀλβανή καὶ τὰ Φαλερινῶν χωρία θαυμαστῶς [p. 58] ὥς φιλάμπελα καὶ δι' ἐλαχίστου πόνου πλείστους ἅμα καὶ κρατίστους καρποὺς ἐξενεγκεῖν εὐπορα;

[2] To what grain-bearing country, indeed, watered, not with rivers, but with rains from heaven, do the plains of Campania yield, in which I have seen fields that produce even three crops in a year, summer's harvest following upon that of when and autumn's upon that of summer? To what olive orchards are those of the Messapians, the Daunians, the Sabines and many others inferior? To what vineyards those of Tyrrhenia and the Alban and the Falernian districts, where the soil is wonderfully kind to vines and with the least labour produces the finest grapes in the greatest abundance?

[3] χωρὶς δὲ τῆς ἐνεργοῦ πολλὴν μὲν ἂν τις εὔροι τὴν εἰς ποιμένας ἀνειμένην αὐτῆς, πολλὴν δὲ τὴν αἰγινόμον, ἔτι δὲ πλείω καὶ θαυμασιωτέραν τὴν ἵπποφορβὸν τε καὶ βουκολίδα: ἡ γὰρ ἔλειος καὶ λειμωνία βοτάνη δασιλῆς οὔσα τῶν τε ὀργάδων ἡ δροσερὰ καὶ κατάρρυτος ἄπειρος ὅση θέρει νέμεται καὶ παρέχει διὰ παντὸς εὐθenoύσας τὰς ἀγέλας.

[3] And besides the land that is cultivated one will find much that is left untilled as pasturage for sheep and goats, and still more extensive and more wonderful is the land suitable for grazing horses and cattle; for not only the marsh and meadow grass, which is very plentiful, but the dewy and well-watered grass of the glades, infinite in its abundance, furnish grazing for them in summer as well as in winter and keep them always in good condition.

[4] πάντων δ' εἰσὶν οἱ δρυμοὶ θαυμασιώτατοι περὶ τε τὰ κρημνώδη χωρία καὶ τὰς νάπας καὶ τοὺς ἀγεωργήτους λόφους, ἐξ ὧν πολλῆς μὲν εὐποροῦσι καὶ καλῆς ὕλης ναυπηγησίμου, πολλῆς δὲ τῆς εἰς τὰς ἄλλας ἐργασίας εὐθέτου. καὶ τούτων οὐδὲν οὔτε δυσπόριστόν ἐστιν οὔτε πρόσω τῆς ἀνθρωπίνης χρείας κείμενον, ἀλλ' εὐκατέργαστα καὶ ῥάδια παρῆναι πάντα διὰ πλῆθος τῶν ποταμῶν, οἳ διαρρέουσιν ἅπασαν τὴν ἀκτὴν καὶ ποιοῦσι τὰς τε κομιδὰς καὶ τὰς ἀμειψεῖς τῶν ἐκ γῆς φυομένων λυσιτελεῖς.

[4] But most wonderful of all are the forests growing upon the rocky heights, in the glens and on the uncultivated hills, from which the inhabitants are abundantly supplied with fine timber suitable for the building of ships as well as for all other purposes. Nor are any of these materials hard to come at or at a distance from human need, but they are easy to handle and readily available, owing to the multitude of rivers that flow through the whole peninsula and make the transportation and exchange of everything the land produces inexpensive.

[5] ἔχει δὲ ἡ γῆ καὶ νάματα θερμῶν ὑδάτων ἐν πολλοῖς εὕρημένα χωρίοις, λουτρὰ παρασχεῖν ἥδιστα καὶ νόσους ἰάσασθαι χρονίους ἄριστα, καὶ μέταλλα παντοδαπὰ καὶ θηρίων ἄγρας ἀφθόνους καὶ θαλάττης φύσιν πολύγονον ἄλλα τε μυρία, τὰ μὲν [p. 59] εὖχρηστα, τὰ δὲ θαυμάσια, πάντων δὲ κάλλιστον, ἀέρα κεκραμένον ταῖς ὥραις συμμετρώς, οἷον ἥκιστα πημαίνειν κρυμῶν ὑπερβολαῖς ἢ θάλπεσιν ἐξαισίους καρπῶν τε γένεσιν καὶ ζῶων φύσιν.

[5] Springs also of hot water have been discovered in many places, affording most pleasant baths and sovereign cures for chronic ailments. There are also mines of all sorts, plenty of wild beasts for hunting, and a great variety of sea fish, besides innumerable other things, some useful and others of a nature to excite wonder. But the finest thing of all is the climate, admirably tempered by the seasons, so that less than elsewhere is harm done by excessive cold or inordinate heat either to the growing fruits and grains or to the bodies of animals.

[1] οὐδὲν δὴ θαυμαστὸν ἦν τοὺς παλαιοὺς ἱερὰν ὑπολαβεῖν τοῦ Κρόνου τὴν χώραν ταύτην, τὸν μὲν δαίμονα τοῦτον οἰομένους εἶναι πάσης εὐδαιμονίας δοτῆρα καὶ πληρωτὴν ἀνθρώποις, εἴτε Κρόνον αὐτὸν δεῖ καλεῖν, ὡς Ἑλλήνες ἀξιοῦσιν, εἴτε Σάτουρνον, ὡς Ῥωμαῖοι, πᾶσαν δὲ περιειληφότα τὴν τοῦ κόσμου φύσιν, ὅποτέρως ἂν τις ὀνομάσῃ: τὴν δὲ χώραν ταύτην ὀρῶντας ἐκπλεω πάσης εὐπορίας καὶ χάριτος, ἥς τὸ θνητὸν ἐφίεται γένος, ἀξιοῦντας δὲ καὶ θεῖω καὶ θνητῷ γένει τὸ πρόσφορον εἶναι πάντων χωρίων ἀρμοδιώτατον, ὄρη μὲν καὶ νάπας Πανί, λειμῶνας δὲ καὶ τεθηλότα χωρία νύμφαις, ἀκτὰς δὲ καὶ νήσους πελαγίοις δαίμοσι, τῶν δ' ἄλλων, ὡς ἐκάστω

[38.1] It is no wonder, therefore, that the ancients looked upon this country as sacred to Saturn, since they esteemed this god to be the giver and accomplisher of all happiness to mankind, — whether he ought to be called Cronus, as the Greeks deem fitting, or Saturn, as do the Romans, — and regarded him as embracing the whole universe, by whichever name he is called, and since they saw this country abounding in universal plenty and every charm mankind craves, and judged those places to be most agreeable both to divine and to human beings that are suited to them — for example, the mountains and woods to Pan, the meadows and verdant places to the nymphs, the shores and islands to the sea-gods, and all there places to the god or genius to whom each is appropriate.

[2] τι θεῷ καὶ δαίμονι οἴκεῖον. λέγουσι δὲ καὶ τὰς θυσίας ἐπιτελεῖν τῷ Κρόνῳ τοὺς παλαιοὺς, ὥσπερ ἐν Καρχηδόνι τέως ἡ πόλις διέμεινε καὶ παρὰ Κελτοῖς εἰς τὸδε χρόνου γίνεται καὶ ἐν ἄλλοις τισὶ τῶν ἐσπερίων ἐθνῶν ἀνδροφόνους, Ἡρακλέα δὲ παῦσαι [p. 60] τὸν νόμον τῆς θυσίας βουλευθέντα τὸν τε βωμὸν ἰδρῦσασθαι τὸν ἐπὶ τῷ Σατουρνίῳ καὶ κατάρξασθαι θυμάτων ἀγνῶν ἐπὶ καθαρῷ πυρὶ ἀγίζομένων, ἵνα δὲ μηδὲν εἴη τοῖς ἀνθρώποις ἐνθύμιον, ὡς πατρίων ἡλογηκόσι θυσιῶν, διδάξαι τοὺς ἐπιχωρίους

ἀπομειλιττομένους τὴν τοῦ θεοῦ μῆνιν ἀντὶ τῶν ἀνθρώπων, οὓς συμποδίζοντες καὶ τῶν χειρῶν ἀκρατεῖς ποιοῦντες ἐρρίπτουν εἰς τὸ τοῦ Τεβέριος ῥεῖθρον, εἰδῶλα ποιοῦντας ἀνδρείκελα κεκοσμημένα τὸν αὐτὸν ἐκείνοις τρόπον ἐμβαλεῖν εἰς τὸν ποταμόν, ἵνα δὴ τὸ τῆς ὀπτείας ὃ τι δὴ ποτε ἦν ἐν ταῖς ἀπάντων ψυχαῖς παραμένον ἐξαιρεθῇ τῶν εἰκόνων τοῦ παλαιοῦ πάθους ἔτι σωζομένων.

[2] It is said also that the ancients sacrificed human victims to Saturn, as was done at Carthage while that city stood and as is there is done to this day among the Gauls and certain other western nations, and that Hercules, desiring to abolish the custom of this sacrifice, erected the altar upon the Saturnian hill and performed the initial rites of sacrifice with unblemished victims burning on a pure fire. And lest the people should feel any scruple at having neglected their traditional sacrifices, he taught them to appease the anger of the god by making effigies resembling the men they had been wont to bind hand and foot and throw into the stream of the Tiber, and dressing these in the same manner, to throw them into the river instead of the men, his purpose being that any superstitious dread remaining in the minds of all might be removed, since the semblance of the ancient rite would still be preserved.

[3] τοῦτο δὲ καὶ μέχρις ἑμοῦ ἔτι διετέλουν Ῥωμαῖοι δρῶντες μικρὸν ὕστερον ἑαρινῆς ἰσημερίας ἐν μηνὶ Μαίῳ ταῖς καλουμέναις εἰδοῖς, διχομηνίδα βουλόμενοι ταύτην εἶναι τὴν ἡμέραν, ἐν ἣ προθύσαντες ἱερὰ τὰ κατὰ τοὺς νόμους οἱ καλούμενοι Ποντίφικες, ἱερέων οἱ διαφανέστατοι, καὶ σὺν αὐτοῖς αἱ τὸ ἀθάνατον πῦρ διαφυλάττουσαι παρθένοι στρατηγοὶ τε καὶ τῶν ἄλλων πολιτῶν οὓς παρεῖναι ταῖς ἱερουργίαις θέμις εἰδῶλα μορφαῖς ἀνθρώπων εἰκασμένα, τριάκοντα τὸν ἀριθμὸν ἀπὸ τῆς ἱερᾶς γεφύρας βάλλουσιν εἰς τὸ ῥεῦμα τοῦ Τεβέριος, Ἀργείους [p. 61]

[3] This the Romans continued to do every year even down to my day a little after the vernal equinox, in the month of May, on what they call the Ides (the day they mean to be the middle of the month); on this day, after offering the preliminary sacrifices according to the laws, the pontifices, as the most important of the priests are called, and with them the virgins who guard the perpetual fire, the praetors, and such of the other citizens as may lawfully be present at the rites, throw from the sacred bridge into the stream of the Tiber thirty effigies made in the likeness of men, which they call Argei.

[4] αὐτὰ καλοῦντες. ἀλλὰ γὰρ περὶ μὲν τῶν θυσιῶν καὶ τῶν ἄλλων ἱερουργιῶν, ἃς ἡ Ῥωμαίων πόλις συντελεῖ κατὰ τε τὸν Ἑλληνικὸν καὶ τὸν ἐπιχώριον τρόπον ἐν ἑτέρῳ λόγῳ δηλώσομεν, ἀπαιτεῖν δὲ ὁ παρὼν καιρὸς ἔοικε καὶ περὶ τῆς Ἡρακλέους ἀφίξεως εἰς Ἰταλίαν μετ' ἐπιστάσεως πλείονος διελθεῖν καὶ εἰ τι λόγου ἄξιον ἔδρασεν αὐτόθι μὴ παραλιπεῖν.

[4] But concerning the sacrifices and the other rites which the Roman people perform according to the manner both of the Greeks and of their own country

I shall speak in another book. At present, it seems requisite to give a more particular account of the arrival of Hercules in Italy and to omit nothing worthy of notice that he did there.

[1] ἔστι δὲ τῶν ὑπὲρ τοῦ δαίμονος τοῦδε λεγομένων τὰ μὲν μυθικώτερα, τὰ δ' ἀληθέστερα. ὁ μὲν οὖν μυθικὸς περὶ τῆς παρουσίας αὐτοῦ λόγος ὧδ' ἔχει: ὡς δὴ κελευσθεὶς ὑπ' Εὐρύσθεως Ἡρακλῆς σὺν τοῖς ἄλλοις ἄθλοις καὶ τὰς Γηρυόνης βοῦς ἐξ Ἐρυθείας εἰς Ἄργος ἀπελάσαι, τελέσας τὸν ἄθλον καὶ τὴν οἶκαδε πορείαν ποιούμενος ἄλλῃ τε ποταμῷ τῆς Ἰταλίας ἀφίκετο καὶ τῆς Ἀβοριγίνων γῆς εἰς τὸ προσεχὲς τῷ Παλλαντίῳ χωρίον.

[39.1] Of the stories told concerning this god some are largely legend and some are nearer the truth. The legendary account of his arrival is as follows: Hercules, being commanded by Eurystheus, among other labours, to drive Geryon's cattle from Erytheia to Argos, performed the task and having passed through many parts of Italy on his way home, came also to the neighbourhood of Pallantium in the country of the Aborigines;

[2] εὐρῶν δὲ πόαν ἐν αὐτῷ βουκολίδα πολλὴν καὶ καλὴν, τὰς μὲν βοῦς: ἀνῆκεν εἰς νομὴν, αὐτὸς δὲ βαρυνόμενος ὑπο κόπου κατακλιθεὶς ἔδωκεν αὐτὸν ὕπνῳ. ἐν δὲ τούτῳ ληστής τις ἐπιχώριος ὄνομα Κάκος περιτυγχάνει ταῖς βουσὶν ἀφυλάκτοις νεμομέναις καὶ αὐτῶν ἔρωτα ἴσχει. ὡς δὲ τὸν Ἡρακλέα κοιμώμενον αὐτοῦ κατέμαθεν, ἀπάσας μὲν οὐκ ἂν ᾤετο δύνασθαι λαθεῖν ἀπελάσας, καὶ ἅμα οὐδὲ ῥάδιον ὄν τὸ πρᾶγμα κατεμάθανεν: ὀλίγας δὲ τινὰς ἐξ αὐτῶν εἰς τὸ ἄντρον, ἐν ᾧ πλησίον ὄντι ἐτύγχανε τὴν δίαίταν ποιούμενος, ἀποκρύπτεται ἔμπαλιν [p. 62] τῆς κατὰ φύσιν τοῖς ζώοις πορείας ἐπισπώμενος ἐκάστην κατ' οὐρανόν. τοῦτο δὲ αὐτῷ τῶν ἐλέγχων ἀφανισμόν ἐδύνατο παρασχεῖν ἐναντίας φανησομένης τοῖς ἴχνεσι τῆς ὁδοῦ.

[2] and there, finding much excellent grass for his cattle, he let them graze, and being overcome with weariness, lay down and gave himself over to sleep. Thereupon a robber of that region, named Cacus, chanced to come upon the cattle feeding with none to guard them and longed to possess them. But seeing Hercules lying there asleep, he imagined he could not drive them all away without being discovered and at the same time he perceived that the task was no easy one, either. So he secreted a few of them in the cave hard by, in which he lived, dragging each of them thither by the tail backwards. This might have destroyed all evidence of his theft, as the direction in which the oxen had gone would be at variance with their tracks.

[3] ἀναστὰς δὲ μετ' ὀλίγον ὁ Ἡρακλῆς καὶ τὸν ἀριθμὸν ἐπιλεξάμενος τῶν βοῶν, ὡς ἔμαθε τινὰς ἐκλείπουσας, τέως μὲν ἠπόρει ποῦ κεχωρήκασιν καὶ ὡς πεπλανημένας ἀπὸ τῆς νομῆς ἐμάστευεν ἀνὰ τὸν χῶρον: ὡς δ' οὐχ εὗρισκεν ἐπὶ τὸ σπήλαιον ἀφικνεῖται τοῖς μὲν ἴχνεσι διαρτῶμενος, οὐδὲν δὲ ἦττον οἰόμενος δεῖν διερευνήσασθαι τὸν χῶρον. τοῦ δὲ Κάκου πρὸ τῆς θύρας ἐστῶτος καὶ οὐτ' ἰδεῖν τὰς βοῦς φάσκοντος ἐρομένῳ οὐτ'

[3] Hercules, then, arising from sleep soon afterwards, and having counted the cattle and found some were missing, was for some time at a loss to guess where they had gone, and supposing them to have strayed from their pasture, he sought them up and down the region; then, when he failed to find them, he came to the cave, and though he was deceived by the tracks, he felt, nevertheless, that he ought to search the place. But Cacus stood before the door, and when Hercules inquired after the cattle, denied that he had seen them, and when the other desired to search his cave, would not suffer him to do so, to be called upon his neighbours for assistance, complaining of the violence offered to him by the stranger. And while Hercules was puzzled to know how he should act in the matter, he hit upon the expedient of driving the rest of the cattle to the cave. And thus, when those inside heard the lowing and perceived the smell of their companions outside, they bellowed to them in turn and thus their lowing betrayed the theft.

[4] αὐτῶν κατήγορος τῆς κλοπῆς. ὁ μὲν οὖν Κάκος, ἐπειδὴ περιφανῆς ἐγένετο κακουργῶν, τρέπεται πρὸς ἀλκὴν καὶ τοὺς εἰωθότας αὐτῷ συναγρᾶν εἰν ἀνεκάλει: Ἡρακλῆς δὲ ἀλοίων αὐτὸν τῷ ῥοπάλῳ κτείνει, καὶ τὰς βοῦς ἐξαγαγὼν, ἐπειδὴ κακούργων ὑποδοχαῖς εὖθετον ἑώρα τὸ χωρίον, ἐπικατασκάπτει τῇ καλαύροπι [p. 63] τὸ σπήλαιον. ἀγνίσας δὲ τῷ ποταμῷ τὸν φόνον ἰδρύνεται πλησίον τοῦ τόπου Διὸς Εὐρέσιου βωμόν, ὃς ἐστὶ τῆς Ῥώμης παρὰ τῇ Τριδύμῳ πύλῃ, καὶ θύει τῷ θεῷ δάμαλιν ἓνα τῆς εὐρέσεως τῶν βοῶν χαριστήριον. ταύτην ἔτι καὶ εἰς ἐμὲ τὴν θυσίαν ἡ Ῥωμαίων πόλις συνετέλει, νομίμοις Ἑλληνικοῖς ἅπασιν ἐν αὐτῇ χρωμένη, καθάπερ ἐκεῖνος κατεστήσατο.

[4] Cacus, therefore, when his thievery was thus brought to light, put himself upon his defence and began to call out to his fellow herdsman. But Hercules killed him by smiting him with his club and drove out the cattle; and when he saw that the place was well adapted to the harbouring of evil-doers, he demolished the cave, burying the robber under its ruins. Then, having purified himself in the river from the murder, he erected an altar near the place to Jupiter the Discoverer, which is now in Rome near the Porta Trigemina, and sacrificed a calf to the god as a thank-offering for the finding of his cattle. This sacrifice the city of Rome continued to celebrate even down to my day, observing in it all the ceremonies of the Greeks just as he instituted them.

[1] οἱ δὲ Ἀβοριγῖνες καὶ τῶν Ἀρκάδων οἱ τὸ Παλλάντιον κατοικοῦντες, ὡς τοῦ τε Κάκου τὸν θάνατον ἐγνώσαν καὶ τὸν Ἡρακλέα εἶδον, τῷ μὲν ἀπεχθόμενοι διὰ τὰς ἄρπαγὰς, τοῦ δὲ τὴν ὄψιν ἐκπαγλούμενοι θεῖόν τι

χρῆμα ἐνόμισαν ὀρᾶν καὶ τοῦ ληστοῦ μέγα εὐτύχημα τὴν ἀποβολὴν ἐποιοῦντο. οἱ δὲ πένητες αὐτῶν κλάδους δρεψάμενοι δάφνης, ἥ πολλὴ περὶ τὸν τόπον ἐφύετο, ἐκεῖνον τε καὶ αὐτοὺς ἀνέστεφον, ἦκον δὲ οἱ βασιλεῖς αὐτῶν ἐπὶ ξένια τὸν Ἡρακλέα καλοῦντες. ὥς δὲ καὶ τοῦνομα καὶ τὸ γένος αὐτοῦ καὶ τὰς πράξεις διεξιόντος ἔμαθον, ἐνεχείριζον αὐτῷ τὴν τε χώραν καὶ σφᾶς αὐτοὺς ἐπὶ φιλίᾳ.

[40.1] When the Aborigines and the Arcadians who lived at Pallantium learned of the death of Cacus and saw Hercules, they thought themselves very fortunate in being rid of the former, whom they detested for his robberies, and were struck with awe at the appearance of the latter, in whom they seemed to see something divine. The poorer among them, plucking branches of laurel which grew there in great plenty, crowned both him and themselves with it; and their kings also came to invite Hercules to be their guest. But when they heard from him his name, his lineage and his achievements, they recommended both their country and themselves to his friendship.

[2] Εὐάνδρος δὲ παλαιότερον ἔτι τῆς Θέμιδος ἀκηκῶς διεξιούσης, ὅτι πεπρωμένον εἶη τὸν ἐκ Διὸς καὶ Ἀλκμήνης γενόμενον Ἡρακλέα διαμείψαντα τὴν θνητὴν φύσιν ἀθάνατον γενέσθαι δι' ἀρετὴν, ἐπειδὴ τάχιστα ὅστις ἦν ἐπύθετο, φθάσαι βουλόμενος ἅπαντας ἀνθρώπους Ἡρακλέα θεῶν τιμαῖς πρῶτος ἱλασάμενος, βωμὸν αὐτοσχέδιον ὑπὸ σπουδῆς ἰδρύεται καὶ δάμαλιν ἄζυγα θύει πρὸς αὐτῷ, τὸ θέσφατον ἀφηγησάμενος Ἡρακλεῖ καὶ δεηθεὶς τῶν ἱερῶν κατάρξασθαι. [p. 64]

[2] And Evander, who had even before this heard Themis relate that it was ordained by fate that Hercules, the son of Jupiter and Alcmena, changing his mortal nature, should become immortal by reason of his virtue, as soon as he learned who the stranger was, resolved to forestall all mankind by being the first to propitiate Hercules with divine honours, and he hastily erected an improvised altar and sacrificed upon it a calf that had not known the yoke, having first communicated the oracle to Hercules and asked him to perform the initial rites.

[3] ἀγασθεὶς δὲ τοὺς ἀνθρώπους τῆς φιλοξενίας Ἡρακλεῖς, τὸν μὲν δῆμον ἐστιάσει ὑποδέχεται θύσας τῶν βοῶν τινὰς καὶ τῆς ἄλλης λείας τὰς δεκάτας ἐξελόν: τοὺς δὲ βασιλεῖς χώρᾳ πολλῇ δωρεῖται Λιγύων τε καὶ τῶν ἄλλων προσοίκων, ἧς μέγα ἐποιοῦντο ἄρχειν, παρανόμους τινὰς ἐξ αὐτῆς ἐκβαλόν ἀνθρώπους. λέγεται δὲ πρὸς τοῦτοις, ὥς καὶ δεῖσιν τινα ποιήσαιτο τῶν ἐπιχωρίων, ἐπειδὴ πρῶτοι θεὸν αὐτὸν ἐνόμισαν, ὅπως ἀθανάτους αὐτῷ διαφυλάττωσι τὰς τιμὰς, θύοντες μὲν ἄζυγα δάμαλιν ἀνὰ πᾶν ἔτος, ἀγιστεύοντες δὲ τὴν ἱεουργίαν ἔθεσιν Ἑλληνικοῖς: καὶ ὥς διδάξειεν αὐτοὺς τὰς θυσίας, ἵνα διὰ παντὸς αὐτῷ κεχαρισμένα θύοιεν, οἴκους δύο τῶν ἐπιφανῶν παραλαβόν.

[3] And Hercules, admiring the hospitality of these men, entertained the

common people with a feast, after sacrificing some of the cattle and setting apart the tithes of the rest of his booty; and to their kings he gave a large district belonging to the Ligurians and to some others of their neighbours, the rule of which they very much desired, after he had first expelled some lawless people from it. It is furthermore reported that he asked the inhabitants, since they were the first who had regarded him as a god, to perpetuate the honours they had paid him by offering up every year a calf that had not known the yoke and performing the sacrifice with Greek rites; and that he himself taught the sacrificial rites to two of the distinguished families, in order that their offerings might always be acceptable to him.

[4] εἶναι δὲ τοὺς μαθόντας τότε τὴν Ἑλληνικὴν ἱερουργίαν Ποτιτίους τε καὶ Πιναρίους, ἀφ' ὧν τὰ γένη διαμεῖναι μέχρι πολλοῦ τὴν ἐπιμέλειαν ποιούμενα τῶν θυσιῶν, ὡς ἐκεῖνος κατεστήσατο, Ποτιτίων μὲν ἡγουμένων τῆς ἱερουργίας καὶ τῶν ἐμπύρων ἀπαρχομένων, Πιναρίων δὲ σπλάγχχνων τε μετουσίας εἰργομένων καὶ ὅσα ἄλλα ἐχρῆν ὑπ' ἀμφοῖν γίνεσθαι τὴν δευτέραν τιμὴν ἔχόντων. ταύτην δὲ αὐτοῖς προστεθῆναι τὴν ἀτιμίαν ὀφίμου τῆς παρουσίας ἔνεκα, ἐπειδὴ ἔωθεν αὐτοῖς κελευσθὲν ἦκειν ἐσπλαγχνευμένων ἥδη τῶν ἱερῶν ἀφίκοντο.

[4] Those who were then instructed in the Greek ceremony, they say, were the Potitii and the Pinarii, whose descendants continued for a long time to have the superintendence of these sacrifices, in the manner he had appointed, the Potitii presiding at the sacrifice and taking the first part of the burnt-offerings, while the Pinarii were excluded from tasting the inwards and held second rank in those ceremonies which had to be performed by both of them together. It is said that this disgrace was fixed upon them for having been late in arriving; for though they had been ordered to be present early in the morning, they did not come till the entrails had been eaten.

[5] νῦν μέντοι οὐκέτι τοῖς γένεσι τούτοις ἡ περὶ τὰς ἱερουργίας ἐπιμέλεια ἀνάκειται, ἀλλὰ παῖδες ἐκ τοῦ δημοσίου ὠνητοὶ δρῶσιν [p. 65] αὐτάς. δι' αἷς δὲ αἰτίας τὸ ἔθος μετέπεσε, καὶ τίς ἡ τοῦ δαίμονος ἐπιφάνεια περὶ τὴν ἀλλαγὴν τῶν ἱεροποιῶν ἐγένετο, ἐπειδὴν κατὰ τοῦτο γένομαι τοῦ

[5] To-day, however, the superintendence of the sacrifices no longer devolves on these families, but slaves purchased with the public money perform them. For what reasons this custom was changed and how the god manifested himself concerning the change in his ministers, I shall relate when I come to that part of the history.

[6] λόγου τὸ μέρος, διηγῆσομαι. ὁ δὲ βωμός, ἐφ' οὗ τὰς δεκάτας ἀπέθυσεν Ἡρακλῆς, καλεῖται μὲν ὑπὸ Ῥωμαίων Μέγιστος, ἔστι δὲ τῆς Βοαρίας λεγομένης ἀγορᾶς πλησίον, ἀγιστευόμενος εἰ καὶ τις ἄλλος ὑπὸ τῶν ἐπιχωρίων: ὅρκοι τε γὰρ ἐπ' αὐτῷ καὶ συνθηκαὶ τοῖς βουλομένοις βεβαίως τι διαπράττεσθαι καὶ δεκατεύσεις χρημάτων γίνονται συχναὶ κατ' εὐχάς: τῇ

[6] The altar on which Hercules offered up the tithes is called by the Romans the Greatest Altar. It stands near the place they call the Cattle Market and no other is held in greater veneration by the inhabitants; for upon this altar oaths are taken and agreements made by those who wish to transact any business unalterably and the tithes of things are frequently offered there pursuant to vows. However, in its construction it is much inferior to its reputation. In many other places also in Italy precincts are dedicated to this god and altars erected to him, both in cities and along highways; and one could scarcely find any place in Italy in which the god is not honoured. Such, then, is the legendary account that has been handed down concerning him.

[1] ὁ δ' ἀληθέστερος, ὃ πολλοὶ τῶν ἐν ἱστορίας σχήματι τὰς πράξεις αὐτοῦ διηγησαμένων ἐχρήσαντο, τοιός2δε: ὡς στρατηλάτης γενόμενος ἅπαντων κράτιστος τῶν καθ' ἑαυτὸν Ἡρακλῆς καὶ δυνάμεως πολλῆς ἡγούμενος ἅπασαν ἐπῆλθε τὴν ἐντὸς Ὠκεανοῦ, καταλύων μὲν εἴ τις εἴη τυραννὶς βαρεῖα καὶ λυπηρὰ τοῖς ἀρχομένοις ἢ πόλις ὑβρίζουσα καὶ λωβωμένη τὰς πέλας ἢ μοναὶ ἀνθρώπων ἀνημέρῳ [p. 66] διαίτη καὶ ξενοκτονίαις ἀθεμίστοις χρωμένων, καθιστὰς δὲ νομίμους βασιλείας καὶ σωφρονικὰ πολιτεύματα καὶ βίων ἔθῃ φιλάνθρωπα καὶ κοινοπαθῆ: πρὸς δὲ τοῦτοις Ἑλλήσι τε βαρβάρους συγκεραννύμενος καὶ θαλαττίους ἡπειρώτας, οἱ τέως ἀπίστους καὶ ἀσυναλλάκτους εἶχον ὁμιλίας, ἐρήμῳ τε γῇ πόλεις ἐνιδρυνόμενος καὶ ποταμοὺς ἐκτρέπων ἐπικλύζοντας πεδία καὶ τρίβους ἐκτέμνων ἀβάτοις ὄρεσι καὶ ἄλλα μηχανώμενος, ὡς ἅπασα γῆ καὶ θάλαττα κοινῇ ταῖς ἁπάντων χρεῖαις γενήσοιτο.

[41.1] But the story which comes nearer to the truth and which has been adopted by many who have narrated his deeds in the form of history is as follows: Hercules, who was the greatest commander of his age, marched at the head of a large force through all the country that lies on this side of the Ocean, destroying any despotisms that were grievous and oppressive to their subjects, or commonwealths that outraged and injured the neighbouring states, or organized bands of men who lived in the manner of savages and lawlessly put strangers to death, and in their room establishing lawful monarchies, well-ordered governments and humane and sociable modes of life. Furthermore, he mingled barbarians with Greeks, and inhabitants of the inland with dwellers on the sea coast, groups which hitherto had been distrustful and unsocial in their dealings with each other; he also built cities in desert places, turned the course of rivers that overflowed the fields, cut roads through inaccessible mountains, and contrived other means by which every land and sea might lie

open to the use of all mankind.

[2] ἀφίκετο δὲ εἰς Ἰταλίαν οὐ μονόστολος οὐδὲ ἀγέλην βοῶν ἐπαγόμενος: οὔτε γὰρ ὁ χῶρος ἐν τριβῷ τοῖς εἰς Ἄργος ἐξ Ἰβηρίας ἀνασκευαζόμενοις, οὔτε τοῦ διελθεῖν ἔνεκα τὴν χώραν τοσαύτης ἀν ἡξιώθη τιμῆς: ἄλλ' ἐπὶ δουλώσει καὶ ἀρχῇ τῶν τῇδε ἀνθρώπων στρατὸν ἄγων πολὺν Ἰβηρίαν ἥδη κεχειρωμένος: διατριψαί τε αὐτόθι πλείω χρόνον ἠναγκάσθη τοῦ τε ναυτικοῦ τῇ ἀπουσίᾳ, ἣ ἐγένετο χειμῶνος ἐπιλαβόντος, καὶ τῷ μὴ πάντα τὰ ἔθνη τὰ κατέχοντα Ἰταλίαν προσχωρῆσαι αὐτῷ ἐκούσια. [p. 67]

[2] And he came into Italy not alone nor yet bringing a herd of cattle (for neither does this country lies on the road of those returning from Spain to Argos nor would he have been deemed worthy of so great an honour merely for passing through it), but at the head of a great army, after he had already conquered Spain, in order to subjugate and rule the people in this region; and he was obliged to tarry there a considerable time both because of the absence of his fleet, due to stormy weather that detained it, and because not all the nations of Italy willingly submitted to him.

[3] χωρὶς γὰρ τῶν ἄλλων βαρβάρων τὸ Λιγύων γένος πολὺ καὶ μάχιμον, ἐπὶ ταῖς παρόδοις τῶν Ἀλπειῶν ὁρῶν ἰδρυμένον, ἀποκωλύειν ὄπλοις τὰς εἰςβολὰς αὐτοῦ τὰς εἰς Ἰταλίαν ἐπεχείρησεν, ἔνθα μέγιστος ἀγὼν τοῖς Ἑλλήσιν ἐγένετο πάντων αὐτοὺς ἐπιλειπόντων ἐν τῇ μάχῃ τῶν βελῶν. δηλοῖ δὲ τὸν πόλεμον τόνδε τῶν ἀρχαίων ποιητῶν Αἰσχύλος ἐν Προμηθεῖ Ἰλυσμένῳ. πεποιηται γὰρ αὐτῷ ὁ Προμηθεὺς Ἡρακλεῖ τα τε ἄλλα προλέγων, ὡς ἕκαστον αὐτῷ τι συμβήσεται ἐμελλε κατὰ τὴν ἐπὶ Γηρυόνην στρατείαν, καὶ δὴ καὶ περὶ τοῦ Λιγυστικοῦ πολέμου ὡς οὐ ῥάδιος ὁ ἀγὼν ἔσται διηγούμενος. τὰ δὲ ποιήματα ᾧδ' ἔχει:

ἦξεῖς δὲ Λιγύων εἰς ἀτάρβητον στρατὸν,

ἐνθ' οὐ μάχης, σάφ' οἶδα, καὶ θοῦρός περ ὦν μέμψει. πέπρωται γὰρ σε καὶ βέλη λιπεῖν.

[3] For, besides the other barbarians, the Ligurians, a numerous and warlike people seated in the passes of the Alps, endeavoured to prevent his entrance into Italy by force of arms, and in that place so great a battle was fought by the Greeks that all their missiles gave out in the course of the fighting. This war is mentioned by Aeschylus, among the ancient poets, in his *Prometheus Unbound*; for there Prometheus is represented as foretelling to Hercules in detail how everything else was to befall him on his expedition against Geryon and in particular recounting to him the difficult struggle he was to have in the war with the Ligurians. The verses are these:

“And thou shalt come to Liguria’s dauntless host,

Where no fault shalt thou find, bold though thou art,

With the fray: 'tis fated thy missiles all shall fail.”

[1] ἐπειδὴ δὲ τούτους καταστρεφάμενος τῶν παρόδων ἐκράτησεν, οἱ μὲν τινες ἐκούσιοι παρεδίδουσιν αὐτῷ τὰς πόλεις, μάλιστα δὲ ὅσοι ἀπὸ τοῦ Ἑλληνικοῦ γένους ἦσαν ἢ δυνάμεις οὐκ εἶχον ἀξιοχρέους, οἱ δὲ πλείους ἐκ πολέμου καὶ πολιορκίας παρίσταντο.

[42.1] After Hercules had defeated this people and gained the passes, some delivered up their cities to him of their own accord, particularly those who were any other Greek extraction or who had no considerable forces; but the greatest part of them were reduced by war and siege.

[2] ἐν δὲ τούτοις τοῖς μάχῃ κρατηθεῖσι καὶ τὸν ὑπὸ Ῥωμαίων μυθολογούμενον Κάκον, δυνάστην τινὰ κομιδῇ βάρβαρον καὶ ἀνθρώπων ἀνημέρων ἄρχοντα, γενέσθαι φασὶν αὐτῷ διάφορον, ἐρμυνοῖς χωρίοις ἐπικαθήμενον καὶ διὰ ταῦτα τοῖς πλησιοχώροις ὄντα λυπηρόν. [p. 68] ὃς ἐπειδὴ καταστρατοπεδεύσαντα τὸν Ἡρακλέα ἔμαθεν ἐν τῷ προσεχεῖ πεδίῳ, ληστικῶς διασκευασάμενος ἐπιδρομῇ αἰφνιδίῳ ἐχρήσατο κατακοιμωμένον τοῦ στρατοῦ καὶ τῆς λείας ὄσῃ ἐπέτυχεν ἀφυλάκτῳ

[2] Among those who were conquered in battle, they say, was Cacus, who is celebrated in the Roman legend, an exceedingly barbarous chieftain reigning over a savage people, who had set himself to oppose Hercules; he was established in the fastnesses and on that account was a pest to his neighbours. He, when he heard that Hercules lay encamped in the plain hard by, equipped his followers like brigands and making a sudden raid while the army lay sleeping, he surrounded and drove off as much of their booty as he found unguarded.

[3] περιβαλλόμενος ἀπῆλασεν. ὕστερον δὲ κατακλεισθεὶς ὑπὸ τῶν Ἑλλήνων εἰς πολιορκίαν, τὰ τε φρουρία κατὰ κράτος ἁλόντ' ἐπέϊδε καὶ αὐτὸς ἐν τοῖς ἐρύμασιν ἀνῆρέθη. τῶν δὲ φρουρίων αὐτοῦ κατασκαφέντων τὰ πέριξ χωρία οἱ συνεξελθόντες Ἡρακλεῖ κατὰ σφᾶς ἕτεροι παρέλαβον Ἀρκάδες τέ τινες οἱ σὺν Εὐάνδρῳ καὶ Φαῦνος ὁ τῶν Ἀβοριγίνων βασιλεὺς. εἰκάσειε δ' ἂν τις καὶ τοὺς ὑπομείναντας αὐτόθι τῶν Ἑλλήνων Ἐπειοὺς καὶ τοὺς ἐκ Φενεοῦ Ἀρκάδας καὶ Τρώας ἐπὶ

[3] Afterwards, being besieged by the Greeks, he not only saw his forts taken by storm, but was himself slain amid his fastnesses. And when his forts had been demolished, those who had accompanied Hercules on the expedition (these were some Arcadians with Evander, and Faunus, king of the Aborigines) took over the districts round about, each group for itself. And it may be conjectured that those of the Greeks who remained there, that is, the Epeans and the Arcadians from Pheneus, as well as the Trojans, were left to guard the country.

[4] φυλακῇ τῆς χώρας καταλειφθῆναι. στρατηγικὸν γὰρ δὴ καὶ τοῦτο τῶν

Ἡρακλέους ἔργων καὶ οὐδενὸς ἥττον θανμάζεσθαι ἐπιτήδειον, τὸ δὴ τοὺς ἀνασπάστους ἐκ τῶν κεκρατημένων πόλεων τέως μὲν ἐπάγεσθαι κατὰ τὰς στρατείας, ἐπεὶ δὲ προθύμως τοὺς πολέμους συνδιενέγκαιεν εἰς τὰ δορίκτητα κατοικίζειν καὶ τοῖς παρ' ἐτέρων ἐπιχορηγηθεῖσι δωρεῖσθαι πλούτοις. διὰ μὲν δὴ ταῦτα μέγιστον ὄνομα καὶ κλέος Ἡρακλέους [p. 69] ἐν Ἰταλίᾳ γεγενῆσθαι, καὶ οὐ τῆς παρόδου χάριν, ἥ σεμνὸν οὐδὲν προσῆν.

[4] For among the various measures of Hercules that bespoke the true general none was more worthy of admiration than his practice of carrying along with him for a time on his expeditions the prisoners taken from the captured cities, and then, after they had cheerfully assisted him in his wars, settling them in the conquered regions and bestowing on them the riches he had gained from others. It was because of these deeds that Hercules gained the greatest name and renown in Italy, and not because of his passage through it, which was attended by nothing worthy of veneration.

[1] λέγουσι δὲ τινες αὐτὸν καὶ παῖδας ἐν τοῖς χωρίοις τούτοις, ἃ νῦν Ῥωμαῖοι κατοικοῦσιν, ἐκ δύο γυναικῶν γενομένους καταλιπεῖν: Πάλλαντα μὲν ἐκ τῆς Εὐάνδρου θυγατρὸς, ἥ Λαῦναν ὀνομά φασιν εἶναι, Λατῖνον δὲ ἔκ τινος ὑπερβορίδος κόρης, ἣν πατὴρ εἰς Ὀμηρείαν δόντος ἐπήγετο καὶ αὐτὴν μέχρι μὲν τινος ἀγνὴν γάμων ἐφύλαττεν, ἐπεὶ δὲ εἰς Ἰταλίαν ἔπλει ἐρασθεὶς ἐγκύμονα ποιεῖ, ἣν καὶ ὅτε δὴ ἀπαίρειν εἰς Ἄργος ἔμελλε τῷ βασιλεῖ τῶν Ἀβοριγίνων Φαύνῳ γυναῖκα ποιήσασθαι διδωσι: δι' ἣν αἰτίαν τοὺς πολλοὺς τὸν Λατῖνον τούτου υἱὸν νομίζειν, οὐχ Ἡρακλέους.

[43] Some say that he also left sons by two women in the region now inhabited by the Romans. One of these sons was Pallas, whom he had by the daughter of Evander, whose name, they say, was Lavinia; the other, Latinus, whose mother was a certain Hyperborean girl whom he brought with him as a hostage given to him by her father and preserved for some time untouched; but while he was on his voyage to Italy, he fell in love with her and got her with child. And when he was preparing to leave for Argos, he married her to Faunus, king of the Aborigines; for which reason Latinus is generally looked upon as the son of Faunus, not of Hercules.

[2] Πάλλαντα μὲν οὖν πρὶν ἡβῆσαι λέγουσιν ἀποθανεῖν, Λατῖνον δὲ ἀνδρωθέντα τὴν Ἀβοριγίνων ἀρχὴν παραλαβεῖν. τούτου δὲ ἀπαιδὸς ἀρρένων παιδῶν τελευτήσαντος ἐν τῇ πρὸς τοὺς ὁμόρους Ῥοτόλους μάχῃ περιστεῖναι τὴν ἀρχὴν εἰς Αἰνείαν τὸν Ἀγχίσου κηδεστὴν αὐτοῦ γενόμενον. ἀλλὰ ταῦτα μὲν ἐν ἐτέροις χρόνοις ἐγένετο.

[2] Pallas, they say, died before he arrived at puberty; but Latinus, upon reaching man's estate, succeeded to the kingdom of the Aborigines, and when he was killed in the battle against the neighbouring Rutulians, without leaving any male issue, the kingdom devolved on Aeneas, the son of Anchises, his son-in-law. But these things happened at other times.

[1] Ἡρακλῆς δ' ἐπεὶ τὰ τε κατὰ τὴν Ἰταλίαν ἅπαντα ὡς ἐβούλετο κατεστήσατο καὶ ὁ ναυτικὸς αὐτῷ στρατὸς σῶος ἐξ Ἰβηρίας ἀφίκετο, θύσας τοῖς θεοῖς τὰς δεκάτας τῶν λαφύρων καὶ πολίχνην ἐπώνυμον αὐτοῦ κτίσας, ἔνθα ὁ στόλος αὐτῷ ἐναυλόχει, [p. 70] ἥ καὶ νῦν ὑπὸ Ῥωμαίων οἰκουμένη Νέας Πόλεως καὶ Πομπηίας ἐν μέσῳ κεῖται λιμένας ἐν παντὶ καιρῷ βεβαίους ἔχουσα, δόξης τε καὶ ζήλου καὶ τιμῶν ἰσοθέων παρὰ πᾶσι τοῖς οἰκοῦσιν ἐν Ἰταλίᾳ

[44.1] After Hercules had settled everything in Italy according to his desire and his naval force had arrived in safety from Spain, he sacrificed to the gods the tithes of his booty and built a small town named after himself in the place where his fleet lay at anchor (it is now occupied by the Romans, and lying as it does between Neapolis and Pompeii, has at all times Etruria havens); and having gained fame and glory and received divine honours from all the inhabitants of Italy, he set sail for Sicily.

[2] τυχῶν ἀπῆρεν εἰς Σικελίαν. οἱ δὲ καταλειφθέντες ὑπ' αὐτοῦ φρουροὶ καὶ οἰκῆτορες Ἰταλίας οἱ περὶ τὸν Σατόρνιον ὄχθον ἰδρυμένοι τέως μὲν ἐπολιτεύοντο καθ' ἑαυτοὺς, χρόνῳ δ' ὕστερον οὐ μακρῷ διαίταν τε καὶ νόμους καὶ θεῶν ἱερὰ συνενεγκάμενοι τὰ σφέτερα τοῖς Ἀβοριγίνων ὥσπερ Ἀρκάδες καὶ ἔτι πρότερον Πελασγοὶ πόλεώς τε τῆς αὐτῆς τοῖς Ἀβοριγῖσι κοινωρήσαντες συνέβησαν ὁμοεθνεῖς νομίζεσθαι. Ἡρακλέους μὲν δὴ στρατείας περὶ καὶ Πελοποννησίων ὑπομονῆς ἐν Ἰταλίᾳ, τοσαῦτα εἰρήσθω.

[2] Those who were left behind by him as a garrison to dwell in Italy and were settled around the Saturnian hill lived for some time under an independent government; but not long afterwards they adapted their manner of life, their laws and their religious ceremonies to those of the Aborigines, even as the Arcadians and, still earlier, the Pelasgians had done, and they shared in the same government with them, so that in time they came to be looked upon as of the same nation with them. But let this suffice concerning the expedition of Hercules and concerning the Peloponnesians who remained behind in Italy.

[3] δευτέρᾳ δ' ὕστερον γενεᾷ μετὰ τὴν Ἡρακλέους ἄπαρσιν, ἔτει δὲ πέμπτῳ καὶ πεντηκοστῷ μάλιστα, ὡς αὐτοὶ Ῥωμαῖοι λέγουσι, βασιλεὺς μὲν Ἀβοριγίνων ἦν Λατῖνος ὁ Φαῦνου, γόνος δὲ Ἡρακλέους, πέμπτον δὲ καὶ τριακοστὸν ἔτος ἔχων τὴν ἀρχήν.

[3] In the second generation after the departure of Hercules, and about the fifty-fifth year, according to the Romans' own account, the king of the Aborigines was Latinus, who passed for the son of Faunus, but was actually the son of Hercules; he was now in the thirty-fifth year of his reign.

[1] κατὰ δὲ τὸν χρόνον τοῦτον Τρῶες οἱ σὺν Αἰνείᾳ διαφυγόντες ἐξ Ἰλίου τῆς πόλεως ἀλούσης κατέσχον εἰς Λωρεντόν, αἰγιαλὸν Ἀβοριγίνων ἐπὶ τῷ Τυρρηνικῷ πελάγει κείμενον, οὐ πρόσω τῶν ἐκβολῶν τοῦ Τεβέριος:

λαβόντες δὲ παρὰ τῶν Ἀβοριγίνων [p. 71] χωρίον εἰς οἴκησιν καὶ ὅσα ἤξιουν, πολίζονται μικρὸν ἀποσχόντες ἀπὸ θαλάττης ἐπὶ λόφῳ τινὶ Λαουίνιον ὄνομα τῇ πόλει θέμενοι.

[45.1] At that time the Trojans who had fled with Aeneas from Troy after its capture landed at Laurentum, which is on the coast of the Aborigines facing the Tyrrhenian sea, not far from the mouth of the Tiber. And having received from the Aborigines some land for their habitation and everything else they desired, they built a town on a hill not far from the sea and called it Lavinium.

[2] ὀλίγῳ δ' ὕστερον χρόνῳ τὴν ἀρχαίαν ἀλλάξαντες ὀνομασίαν ἅμα τοῖς Ἀβοριγῖσιν ἀπὸ τοῦ βασιλέως τῆς χώρας Λατῖνοι ὠνομάσθησαν: καὶ μετानαστάντες ἐκ τοῦ Λαουίνιου κοινῇ μετὰ τῶν ἐπιχωρίων μεῖζονα περιβάλλονται πόλιν, ἣν Ἄλβαν ἐκάλεσαν, ἐξ ἧς ὀρμώμενοι πολλὰς μὲν καὶ ἄλλας πόλεις ἔκτισαν τῶν κληθέντων Πρίσκων Λατίνων, ἐξ ὧν αἱ πλεῖσται ἔτι καὶ εἰς ἐμὲ ἦσαν οἰκοῦμεναι,

[2] Soon after this they changed their ancient name and, together with the Aborigines, were called Latins, after the king of that country. And leaving Lavinium, they joined with the inhabitants of those parts in building a larger city, surrounded by a wall, which they called Alba; and setting out thence, they built many other cities, the cities of the so-called Prisci Latini, of which the greatest part were inhabited even to my day.

[3] γενεαῖς δ' ὕστερον ἑκκαίδεκα μετὰ τὴν Ἰλίου ἄλωσιν ἐκπέμψαντες ἀποικίαν εἰς τὸ Παλλάντιόν τε καὶ τὴν Σατορνίαν, ἔνθα Πελοποννήσιοι τε καὶ Ἀρκάδες τὴν πρώτην οἴκησιν ἐποίησαντο καὶ ἦν ἔτι ἐπ' αὐτῶν ζώπυρ' ἅττα περιλειπόμενα τοῦ παλαιοῦ γένους, οἰκίζουσι τοὺς τόπους περιλαβόντες τείχεσι τὸ Παλλάντιον, ὥστε λαβεῖν πόλεως σχῆμα τότε πρῶτον. τίθενται δὲ τῷ κτίσματι Ῥώμην ὄνομα ἀπὸ τοῦ στείλαντος τὴν ἀποικίαν Ῥωμύλου, ὃς ἦν ἔβδομος καὶ

[3] Then, sixteen generations after the taking of Troy, sending out a colony to Pallantium and Saturnia, where the Peloponnesians and the Arcadians had made their first settlement and where there were still left some remains of the ancient race, they settled these places and surrounded Pallantium with a wall, so that it then first received the form of a city. This settlement they called Rome, after Romulus, who was the leader of the colony and the seventeenth in descent from Aeneas.

[4] δέκατος ἀπ' Αἰνείου γεγονώς. βούλομαι δὲ καὶ περὶ τῆς Αἰνείου παρουσίας εἰς Ἰταλίαν, ἐπεὶ τῶν συγγραφέων τοῖς μὲν ἠγνόηται, τοῖς δὲ διαπεφώνηται ὁ περὶ αὐτοῦ λόγος, μὴ παρέργως διελθεῖν τὰς τε τῶν Ἑλλήνων καὶ τὰς Ῥωμαίων τῶν μάλιστα πιστευομένων ἱστορίας παραβαλὼν. ἔχει δὲ τὰ περὶ αὐτοῦ λεγόμενα ὧδε. [p. 72]

[4] But also concerning the arrival of Aeneas in Italy, since some historians

have been ignorant of it and others have related it in a different manner, I wish to give more than a cursory account, having compared the histories of those writers, both Greek and Roman, who are the best accredited. The stories concerning him are as follows:

[1] Ἰλίου κρατηθέντος ὑπ' Ἀχαιῶν, εἴτε τοῦ δουρείου ἵππου τῇ ἀπάτῃ, ὡς Ὀμήρῳ πεποιῆται, εἴτε τῇ προδοσίᾳ τῶν Ἀντηνοριδῶν εἴτε ἄλλως πως, τὸ μὲν ἄλλο πλῆθος ἐν τῇ πόλει Τρωικὸν τε καὶ συμμαχικὸν ἐν ταῖς εὐναῖς ἔτι καταλαμβανόμενον ἐφονεύετο 'νυκτὸς γὰρ δὴ τὸ δεινὸν ἀφυλάκτοις αὐτοῖς ἐπιστῆναι ἔοικεν', Αἰνείας δὲ καὶ οἱ σὺν αὐτῷ παρόντες Ἰλιεῦσιν ἐπικούροι Τρῶες ἐκ Δαρδάνου τε πόλεως καὶ Ὀφρυνίου τῶν τε ἄλλων ὅσοι τῆς κάτω πόλεως ἀλικομένης ἔφθασαν αἰσθησιν τοῦ δεινοῦ λαβεῖν, ἐπὶ τὰ καρτερὰ τοῦ Περγάμου συμφυγόντες τὴν ἀκρόπολιν ἰδίῳ τείχει φρουρουμένην καταλαμβάνονται, ἐν ᾗ καὶ ἱερὰ τὰ πατρῷα τοῖς Τρωσὶν ἦν καὶ χρημάτων ὁ πολὺς πλοῦτος, οἷα εἰκὸς ἐν ἐχυρῷ,

[46.1] When Troy had been taken by the Achaeans, either by the stratagem of the wooden horse, as Homer represents, or by the treachery of the Antenoridae, or by some other means, the greatest part of the Trojans and of their allies then in the city were surprised and slain in their beds; for it seems that this calamity came upon them in the night, when they were not upon their guard. But Aeneas and his Trojan forces which he had brought from the cities of Dardanus and Ophrymium to the assistance of the people of Ilium, and as many others as had early notice of the calamity, while the Greeks were taking the lower town, fled together to the stronghold of Pergamus, and occupied the citadel, which was fortified with its own wall; here were deposited the holy things of the Trojans inherited from their fathers and their great wealth in valuables, as was to be expected in a stronghold, and here also the flower of their army was stationed.

[2] καὶ τοῦ στρατιωτικοῦ τὸ κράτιστον: ἔνθα ὑπομένοντες ἀπεκρούοντο τοὺς πειρωμένους ἐπιβαίνειν τῆς ἄκρας καὶ τὸ διαπίπτον ὑπὸ τῆς ἀλώσεως πλῆθος ἐμπειρία στενωπῶν ὑποθέοντες ἀνελαμβάνον: καὶ ἐγένετο τοῦ καταληφθέντος πλεῖον τὸ διαφυγόν. τὴν μὲν δὴ αὐτίκα ὀρμὴν τῶν πολεμίων, ἣν εἶχον ὅλην διαχρήσασθαι τὴν πόλιν, καὶ τὸ μὴ πᾶν ἐξ ἐφόδου καταληφθῆναι τὸ ἄστυ τοῦτο τὸ μηχανήμα ἐξευρὼν Αἰνείας ἐπέσχε. λογισμὸν δὲ τὸν εἰκότα περὶ τοῦ μέλλοντος λαμβάνων, ὡς ἀμήχανον εἶη πρᾶγμα σῶσαι πόλιν, ἥς τὰ πλείω ἤδη ἐκρατεῖτο, εἰς νοῦν βάλλεται τοῦ μὲν τείχους ἐρήμου παραχωρῆσαι τοῖς πολεμίοις, [p. 73] τὰ δὲ σώματα αὐτὰ καὶ τὰ ἱερὰ τὰ πατρῷα καὶ χρήματα ὅποσα φέρειν δύναίτο διασώσασθαι.

[2] Here they awaited and repulsed the enemy who were endeavouring to gain a foothold on the acropolis, and by making secret sallies they were able, through their familiarity with the narrow streets, to rescue the multitude which was seeking to escape at the taking of the city; and thus a larger number escaped than were taken prisoner. But with respect to the future he reasoned

very properly that it would be impossible to save a city the greater part of which was already in possession of the enemy, and he therefore decided to abandon the wall, bare of defenders, to the enemy

[3] δόξαν δὲ αὐτῷ, παῖδας μὲν καὶ γυναῖκας καὶ τὰ γηραιὰ σώματα καὶ ὅποσους ἄλλοις βραδείας ἔδει φυγῆς προεξελθεῖν κελεύει τῆς πόλεως κατὰ τὰς ἐπὶ τὴν Ἰδην φερούσας ὁδοὺς, ἕως Ἀχαιοὶ τὴν ἄκραν ἐλεῖν προθυμούμενοι διώξεως τοῦ διαπίπτοντος ἐκ τῆς πόλεως πλῆθους οὐδὲν προεμηχανῶντο, τοῦ δὲ στρατιωτικοῦ τὸ μὲν ἐπὶ φυλακῇ τῶν ἐξιόντων ἔταξεν, ὡς ἀσφαλῆς τε καὶ ἀταλαίπωρος ἐκ τῶν ἐνόντων ἢ φυγὴ αὐτοῖς γένοιτο, εἴρητο δὲ τοῦτοις τὰ καρτερώτατα καταλαβέσθαι τῆς Ἰδης: τὸ δὲ λοιπὸν, ὃ δὴ κράτιστον ἦν, αὐτὸς ἔχων ὑπέμενε ἐπὶ τοῦ τείχους καὶ παρεῖχε τοῖς προεξελθοῦσιν ἥττον ἐπιπόνους διηρημένων τειχομαχίᾳ τῶν πολέμιων τὰς φυγάς.

[3] and to save the inhabitants themselves as well as the holy objects inherited from their fathers and all the valuables he could carry away. Having thus resolved, he first sent out from the city the women and children together with the aged and all others whose condition required much time to make their escape, with orders to take the roads leading to Mount Ida, while the Achaeans, intent on capturing the citadel, were giving no thought to the pursuit of the multitude who were escaping from the city. Of the army, he assigned one part to escort the inhabitants who were departing, in order that their flight might be as safe and free from hardships as the circumstances would permit; and they were ordered to take possession of the strongest parts of Mount Ida. With the rest of the troops, who were the most valiant, he remained upon the wall of the citadel and, by keeping the enemy occupied in assaulting it, he rendered less difficult the flight of those who had gone on ahead.

[4] Νεοπτολέμου δὲ σὺν τοῖς ἀμφ' αὐτὸν ἐπιβάντος μέρους τινὸς τῆς ἄκρας καὶ προσβοηθησάντων αὐτοῖς Ἀχαιῶν ἀπάντων τῆς μὲν ἄκρας μεθίεται, ἀνοίξας δὲ τὰς πύλας ἀπῆει συντεταγμένους ἔχων τοὺς λοιποὺς φυγάδας, ἀγόμενος ἐπὶ ταῖς κρατίσταις συνωρίσι τὸν τε πατέρα καὶ θεοὺς τοὺς πατρώους γυναῖκὰ τε καὶ τέκνα καὶ τῶν ἄλλων εἴ τι πλείστου ἄξιον ἦν σῶμα ἢ χρῆμα.

[4] But when Neoptolemus and his men gained a foothold on part of the acropolis and all the Achaeans rallied to their support, Aeneas abandoned the place; and opening the gates, he marched away with the rest of the fugitives in good order, carrying with him in the best chariots his father and the gods of his country, together with his wife and children and whatever else, either person or thing, was most precious.

[1] ἐν δὲ τούτῳ κατὰ κράτος εἰλήφεσαν Ἀχαιοὶ τὴν πόλιν καὶ περὶ τὰς ἀρπαγὰς ἐσπουδακότες [p. 74] πολλὴν ἄδειαν σῶζεσθαι τοῖς φεύγουσι

παρῆκαν. οἱ δὲ ἀμφὶ τὸν Αἰνείαν ἔτι καθ' ὁδὸν εὐρόντες τοὺς σφετέρους καὶ καθ' ἓν ἅπαντες γενόμενοι τὰ ὀχυρώματα καταλαμβάνονται τῆς Ἰδης.

[47.1] In the meantime the Achaeans had taken the city by storm, and being intent on plunder, gave those who fled abundant opportunity of making their escape. Aeneas and his band overtook their people while still on the road, and being united now in one body, they seized the strongest parts of Mount Ida.

[2] ἦλθον δ' ὥς αὐτοὺς οἱ τ' ἐν Δαρδάνῳ τότε οἰκοῦντες, ὥς εἶδον φλόγα πολλὴν παρὰ τὰ εἰωθότα φερομένην ἐξ Ἴλιου, νύκτωρ καταλιπόντες τὴν πόλιν ἔρρημον, χωρὶς ἢ ὅσοι σὺν Ἐλύμῳ καὶ Αἰγέστῳ ναυτικὸν τι συνεσκευασμένοι ἔτυχον προεξεληλυθότες τῆς πόλεως, καὶ ἐξ Ὀφρυνίου πόλεως ὁ δῆμος ἅπας καὶ ἐκ τῶν ἄλλων Τρωικῶν πόλεων τῆς ἐλευθερίας οἱ περιεχόμενοι: δύναμιν τε αὕτη δι' ἐλαχίστου χρόνου μεγίστη τῶν Τρωικῶν ἐγένετο.

[2] Here they were joined not only by the inhabitants of Dardanus, who, upon seeing a great and unusual fire rising from Ilium, had in the night left their city undefended, — all except the men with Elymus and Aegestus, who had got ready some ships and had departed even earlier, — but also by the whole populace of Ophrynum and by those of the other Trojan cities who clung to their liberty; and in a very short time this force of the Trojans became a very large one.

[3] οἱ μὲν οὖν σὺν Αἰνείᾳ διασωθέντες ἐκ τῆς καταλήψεως ἐν τοῦτοις ὑπομένοντες τοῖς χωρίοις οὐ διὰ μακροῦ πάλιν ἐπὶ τὰ σφέτερα κατελεύσεσθαι ἤλπιζον τῶν πολεμίων ἀποπλευσάντων, Ἀχαιοὶ δὲ ἀνδραποδισάμενοι τὴν πόλιν καὶ τὰ συνέγγυς χωρία καὶ φρουρία δηώσαντες παρσκευάζοντο μὲν ὥς καὶ

[3] Accordingly, the fugitives who had escaped with Aeneas from the taking of the city and were tarrying on Mount Ida were in hopes of returning home soon, when the enemy should have sailed away; but the Achaeans, having reduced to slavery the people who were left in the city and in the places near by and having demolished the forts, were preparing to subdue those also who were in the mountains.

[4] τοὺς ἐν τοῖς ὄρεσι χειρωσόμενοι. πεμφάντων δὲ κήρυκας αὐτῶν περὶ διαλύσεων καὶ δεομένων μὴ σφᾶς εἰς ἀνάγκην καταστῆσαι πολέμου, συνελθόντες εἰς ἐκκλησίαν ἐπὶ τοῖς2δε ποιοῦνται πρὸς αὐτοὺς τὰς διαλύσεις: Αἰνείαν μὲν καὶ τοὺς σὺν αὐτῷ τὰ χρήματα φέροντας ὅσα διεσώσαντο κατὰ τὴν φυγὴν ἐν ὠρισμένοις πρὸς χρόνοις ἐκ τῆς Τρωάδος ἀπελθεῖν, παραδόντας [p. 75] Ἀχαιοῖς τὰ φρούρια: Ἀχαιοὺς δὲ παρασχεῖν αὐτοῖς τὴν ἀσφάλειαν ἐξ ἀπάσης ὅσης ἐκράτουν γῆς καὶ θαλάττης ἀπιοῦσι κατὰ τὰς ὁμολογίας.

[4] When, however, the Trojans sent heralds to treat for peace and begged them

not to reduce them to the necessity of making war, the Achaeans held an assembly and made peace with them upon the following terms: Aeneas and his people were to depart from the Troad with all the valuables they had saved in their flight within a certain fixed time, after first delivering up the forts to the Achaeans; and the Achaeans were to allow them a safe-conduct by land and sea throughout all their dominions when they departed in pursuance of these terms.

[5] δεξάμενος δὲ ταῦτα Αἰνείας καὶ νομίσας ἐκ τῶν ἐνόντων κράτιστα εἶναι Ἀσκάνιον μὲν τὸν πρεσβύτατον τῶν παιδῶν ἔχοντα τοῦ συμμαχικοῦ τινα μοῖραν, ἧς Φρύγιον ἦν τὸ πλεῖστον, εἰς τὴν Δασκυλῖτιν καλουμένην γῆν, ἔνθα ἐστὶν ἡ Ἀσκανία λίμνη, μετὰπεμπτον ὑπὸ τῶν ἐγγχωρίων γενόμενον ἐπὶ βασιλείᾳ τοῦ ἔθνους ἀποπέμπει· καὶ ὥκησεν Ἀσκάνιος αὐτόθι χρόνον τινα οὐ πολὺν. ἐλθόντων δὲ ὡς αὐτὸν Σκαμανδρίου τε καὶ τῶν ἄλλων Ἑκτοριδῶν ἀφειμένων ἐκ τῆς Ἑλλάδος ὑπὸ Νεοπτολέμου, κατάγων αὐτοὺς ἐπὶ τὴν πατρίαν ἀρχὴν εἰς Τροίαν ἀφικνεῖται.

[5] Aeneas, having accepted these conditions, which he looked upon as the best possible in the circumstances, sent away Ascanius, his eldest son, with some of the allies, chiefly Phrygians, to the country of Dascylitis, as it is called, in which lies the Ascanian lake, since he had been invited by the inhabitants to reign over them. But Ascanius did not tarry there for any great length of time; for when Scamandrius and the other descendants of Hector who had been permitted by Neoptolemus to return home from Greece, came to him, he went to Troy, in order to restore them to their ancestral kingdom.

[6] καὶ περὶ μὲν Ἀσκανίου τοσαῦτα λέγεται· τοὺς δὲ ἄλλους παῖδας Αἰνείας παραλαβὼν καὶ τὸν πατέρα καὶ τὰ ἔδη τῶν θεῶν, ἐπειδὴ παρεσκευάσθη τὸ ναυτικὸν αὐτῷ, διαπλεῖ τὸν Ἑλλησποντον ἐπὶ τῆς ἔγγιστα κειμένης χερρονήσου τὸν πλοῦν ποιούμενος, ἣ πρόκειται μὲν τῆς Εὐρώπης, καλεῖται δὲ Παλλήνη. ἔθνος δ' εἶχεν αὐτὴν Θράκιον σύμμαχον Κρουσαῖον καλούμενον ἀπάντων προθυμότατον τῶν συναραμένων αὐτοῖς τοῦ πολέμου.

[6] Regarding Ascanius, then, this is all that is told. As for Aeneas, after his fleet was ready, he embarked with the rest of his sons and his father, taking with him the images of the gods, and crossing the Hellespont, sailed to the nearest peninsula, which lies in front of Europe and is called Pallenê. This country was occupied by a Thracian people called Crusaeans, who were allies of the Trojans and had assisted them during the war with greater zeal than any of the others.

[1] ὁ μὲν οὖν πιστότατος τῶν λόγων, ὃ κέχρηται τῶν παλαιῶν συγγραφέων Ἑλλάνικος ἐν τοῖς [p. 76] Τρωικοῖς, περὶ τῆς Αἰνείου φυγῆς τοιόςδε ἐστίν. εἴρηνται δὲ καὶ ἄλλοις τοῖς περὶ τῶν αὐτῶν οὐ κατὰ ταῦτα ἔχοντες λόγοι, οὓς ἤττον ἔγωγε τούτου πιθανοὺς εἶναι νομίζω. κρινέτω δὲ ὡς ἕκαστος τῶν ἀκουόντων βούλεται.

[48.1] This, then, is the most credible account concerning the flight of Aeneas and is the one which Hellanicus, among the ancient historians, adopts in his *Troica*. There are different accounts given of the same events by some others, which I look upon as less probable than this. But let every reader judge as he thinks proper.

[2] Σοφοκλῆς μὲν ὁ τραγωδοποιὸς ἐν Λαοκόωντι δράματι μελλούσης ἀλίσκεσθαι τῆς πόλεως πεποίηκε τὸν Αἰνείαν ἀνασκευαζόμενον εἰς τὴν Ἰδην, κελευσθέντα ὑπὸ τοῦ πατρὸς Ἀγχίσου κατὰ τὴν μνήμην ὣν Ἀφροδίτη ἐπέσκηψε καὶ ἀπὸ τῶν νεωστὶ γενομένων περὶ τοὺς Λαοκοωντίδας σημείων τὸν μέλλοντα ὄλεθρον τῆς πόλεως συντεκμηραμένον. ἔχει δ' ἐν αὐτῷ τὰ ἱαμβεῖα ἐν ἀγγέλου προσώπῳ λεγόμενα ὧδε:

[2] Sophocles, the tragic poet, in his drama *Laocoön* represents Aeneas, just before the taking of the city, as removing his household to Mount Ida in obedience to the orders of his father Anchises, who recalled the injunctions of Aphroditê and from the omens that had lately happened in the case of Laocoön's family conjectured the approaching destruction of the city. His iambs, which are spoken by a messenger, are as follows:

“Now at the gates arrives the goddess' son,

Aeneas, his sire upon his shoulders borne

Aloft, while down that back by thunderbolt

Of Zeus once smit the linen mantle streams;

Surrounding them the crowd of household slaves.

There follows a multitude beyond belief

Who long to join this Phrygian colony.”

[3] Μενεκράτης δὲ ὁ Ξάνθιος προδοῦναι τοῖς Ἀχαιοῖς αὐτὸν ἀποφαίνει τὴν πόλιν τῆς πρὸς Ἀλέξανδρον ἔχθρας ἔνεκα, καὶ διὰ τὴν εὐεργεσίαν ταύτην Ἀχαιοὺς αὐτῷ συγχωρῆσαι διασώσασθαι τὸν οἶκον. σύγκειται [p. 77] δὲ αὐτῷ ὁ λόγος ἀρξαμένῳ ἀπὸ τῆς Ἀχιλλέως ταφῆς τὸν τρόπον τόνδε:

[3] But Menecrates of Xanthus says that Aeneas betrayed the city to the Achaeans out of hatred for Alexander and that because of this service he was permitted by them to save his household. His account, which begins with the funeral of Achilles, runs on this wise: “The Achaeans were oppressed with grief and felt that the army had had its head lopped off. However, they celebrated his funeral feast and made war with all their might till Ilium was taken by the aid of Aeneas, who delivered it up to them. For Aeneas, being scorned by Alexander and excluded from his prerogatives, overthrew Priam; and having accomplished this, he became one of the Achaeans.”

[4] ἄλλοι δὲ τινες ἐπὶ τοῦ ναυστάθμου τοῦ Τρωικοῦ τυχεῖν αὐτὸν τηνικαῦτα διατρίβοντα λέγουσιν, οἱ δ' εἰς Φρυγίαν ἀπεσταλμένον ὑπὸ Πριάμου μετὰ δυνάμεως ἐπὶ τινα χρεῖαν στρατιωτικὴν· εἰσὶ δ' οἱ μυθωδεστέραν αὐτοῦ ποιοῦσι τὴν ἔξοδον. ἐχέτω δ' ὅπῃ τις αὐτὸν πείθεται.

[4] Others say that he chanced to be tarrying at that time at the station where the Trojan ships lay; and others that he had been sent with a force into Phrygia by Priam upon some military expedition. Some give a more fabulous account of his departure. But let the case stand according to each man's convictions.

[1] τὰ δὲ μετὰ τὴν ἔξοδον ἔτι πλείω παρέχει τοῖς πολλοῖς τὴν ἀπορίαν. οἱ μὲν γὰρ ἕως Θράκης ἀγαγόντες αὐτὸν ἐκεῖ λέγουσι τελευτῆσαι τὸν βίον, ὣν ἔστι Κεφάλων τε ὁ Γεργίθιος καὶ Ἡγήσιππος ὁ περὶ Παλλήνης γράφας, ἄνδρες ἀρχαῖοι καὶ λόγου ἄξιοι. ἕτεροι δὲ ἐκ Θράκης ἀναστήσαντες αὐτὸν ἕως Ἀρκαδίας παρακομίζουσιν, οἰκῆσαι δὲ λέγουσιν ἐν Ὀρχομενῷ τε τῷ Ἀρκαδικῷ, καὶ Νήσῳ δὲ λεγομένῃ, καίπερ οὔση μεσόχθονι, ἀπὸ τελμάτων καὶ ποταμοῦ: τὰς τε καλουμένας Καπύας Αἰνείου τε καὶ Τρώων ἀπόκτισιν εἶναι, Καπύας ὀνομασθείσας ἀπὸ τοῦ Τρωικοῦ [p. 78] Κάπυος. λέγεται δὲ ταῦτα ἄλλοις τε καὶ Ἀρκαίῳ

[49.1] What happened after his departure creates still greater difficulty for most historians. For some, after they have brought him as far as Thrace, say he died there; of this number are Cephalon of Gergis and Hegesippus, who wrote concerning Pallenê, both of them ancient and reputable men. Others make him leave Thrace and take him to Arcadia, and say that he lived in the Arcadian Orchomenus, in a place which, though situated inland, yet by reason of marshes and a river, is called Nesos or "Island"; and they add that the town called Capyae was built by Aeneas and the Trojans and took its name from Capys the Troan.

[2] τῷ γράψαντι τὰ Ἀρκαδικά. εἰσὶ δὲ καὶ οἱ δεῦρο μὲν ἀφικέσθαι τὸν Αἰνείαν μυθολογοῦσιν, οὐ μέντοι τὴν γε τελευτὴν αὐτῷ τοῦ βίου συμπεσεῖν ἐν τοῖς 28 τοῖς χωρίοις, ἀλλ' ἐν Ἰταλίᾳ, ὡς ἄλλοι τε πολλοὶ δηλοῦσι καὶ Ἀγάθυλλος Ἀρκὰς ὁ ποιητὴς ἐν ἐλεγείῳ λέγων ὧδε:

[2] This is the account given by various other writers and by Ariaethus, the author of *Arcadica*. And there are some who have the story that he came, indeed, to Arcadia and yet that his death did not occur there, but in Italy; this is stated by many others and especially by Agathyllus of Arcadia, the poet, who writes thus in an elegy:

"Then to Arcadia came and in Nesos left his two daughters,

Fruit of his love for Anthemonê fair and for lovely Codonê;

Thence made haste to Hesperia's land and begat there male offspring,

Romulus named.”

[3] The arrival of Aeneas and the Trojans in Italy is attested by all the Romans and evidences of it are to be seen in the ceremonies observed by them both in their sacrifices and festivals, as well as in the Sibyl's utterances, in the Pythian oracles, and in many other things, which none ought to disdain as invented for the sake of embellishment. Among the Greeks, also, many distinct monuments remain to this day on the coasts where they landed and among the people with whom they tarried when detained by unfavourable weather. In mentioning these, though they are numerous, I shall be as brief as possible.

[4] πρῶτον μὲν εἰς Θράκην ἀφικόμενοι κατὰ τὴν χερρόνησον, ἣ καλεῖται Παλλήνη, ὠρμίσαντο. εἶχον δὲ αὐτὴν ὥσπερ ἔφην βάρβαροι Κρουσαῖοι καλούμενοι καὶ παρέσχον αὐτοῖς τὰς καταγωγὰς ἀσφαλεῖς. [p. 79] μείναντες δὲ τὴν χειμερινὴν ὥραν αὐτόθι νεῶν Ἀφροδίτης ἰδρύσαντο ἐπὶ τῶν ἀκρωτηρίων ἐνὸς καὶ πόλιν Αἰνείαν ἔκτισαν, ἐν ἣ τούς τε ὑπὸ καμάτων ἀδυνάτους πλεῖν καὶ ὅσοις αὐτοῦ μένειν βουλομένοις ἦν, ὡς ἐν οἰκείᾳ γῇ τὸ λοιπὸν ἔσομένους, ὑπελίποντο. αὕτη διέμεινεν ἕως τῆς Μακεδόνων δυναστείας τῆς κατὰ τοὺς διαδόχους τοὺς Ἀλεξάνδρου γενομένης: ἐπὶ δὲ τῆς Κασάνδρου βασιλείας καθηρέθη, ὅτε Θεσσαλονίκη πόλις ἐκτίζετο, καὶ οἱ Αἰνεᾷται σὺν ἄλλοις πολλοῖς εἰς τὴν νεόκτιστον μετώκησαν.

[4] They first went to Thrace and landed on the peninsula called Pallenê. It was inhabited, as I have said, by barbarians called Crusaeans, who offered them a safe refuge. There they stayed the winter season and built a temple to Aphroditê on one of the promontories, and also a city called Aeneia, where they left all those who from fatigue were unable to continue the voyage and all who chose to remain there as in a country they were henceforth to look upon as their own. This city existed down to that period of the Macedonian rule which came into being under the successors of Alexander, but it was destroyed in the reign of Cassander, when Thessalonica was being founded; and the inhabitants of Aeneia with many others removed to the newly-built city.

[1] ἐκ δὲ τῆς Παλλήνης ἄραντες οἱ Τρῶες εἰς Δῆλον ἀφικνοῦνται βασιλεύοντος αὐτῆς Ἀνίου: καὶ ἦν πολλὰ σημεῖα ἐν Δήλῳ τῆς Αἰνείου τε καὶ Τρώων παρουσίας, ἕως ἡνθι τε καὶ ὤκισθ' ἡ νῆσος. ἔπειτα εἰς Κύθηρα νῆσον ἑτέραν, ἣ πρόκειται Πελοποννήσου,

[50.1] Setting sail from Pallenê, the Trojans came to Delos, of which Anius was king. Here there were many evidences of the presence of Aeneas and the Trojans as long as the island was inhabited and flourished. Then, coming to Cythera, another island, lying off the Peloponnesus, they built a temple there to Aphroditê.

[2] παραγενόμενοι ἱερὸν Ἀφροδίτης ἰδρύνονται. ἀπὸ δὲ Κυθήρων ποιοῦμενοι τὸν πλοῦν οὐ πρόσω τῆς Πελοποννήσου τελευτήσαντα τῶν ἐταίρων τινὰ τῶν Αἰνείου Κιναιθον ἐπὶ τῶν ἀκρωτηρίων τινὸς θάπτουσιν, ὃ νῦν ἀπ' ἐκείνου Κιναιθιον καλεῖται· καὶ τὴν πρὸς Ἀρκάδας συγγένειαν ἀνανεωσάμενοι, περὶ ἧς ἐν ὑστέρω λόγῳ διηγήσομαι, χρόνον τε ὀλίγον περὶ ταῦτα τὰ χωρία διατρίψαντες καὶ ὑπολιπόμενοι τινὰς σφῶν αὐτῶν εἰς Ζάκυνθον ἀφικνοῦνται.

[2] And while they were on their voyage from Cythera and not far from the Peloponnesus, one of Aeneas' companions, named Cinaethus, died and they buried him upon one of the promontories, which is now called Cinaethion after him. And having renewed their kinship with the Arcadians, concerning which I shall speak in a later chapter, and having stayed a short time in those parts, they left some of their number there and came to Zacynthus.

[3] The Zacynthians, also, received them in a friendly manner on account of their kinship; for Dardanus, the son of Zeus and Electra, the daughter of Atlas, had, as they say, by Bateia two sons, Zacynthus and Erichthonius of whom the latter was the ancestor of Aeneas, and Zacynthus was the first settler of the island. In memory, therefore, of this kinship and by reason of the kindness of the inhabitants they stayed there some time, being also detained by unfavourable weather; and they offered to Aphroditê at the temple they had built to her a sacrifice which the entire population of Zacynthus performs to this day, and instituted games for young men, consisting among other events of a foot-race in which the one who comes first to the temple gains the prize. This is called the course of Aeneas and Aphroditê, and wooden statues of both are erected there.

[4] From there, after a voyage through the open sea, they landed at Leucas, which was still in the possession of the Acarnanians. Here again they built a temple to Aphroditê, which stands to-day on the little island between Dioryctus and the city; it is called the temple of Aphroditê Aeneias. And departing thence, they sailed to Actium and anchored off the promontory of the Ambracian Gulf; and from there they came to the city of Ambracia, which was then ruled by Ambrax, the son of Dexamenus, the son of Heracles. Monuments of their coming are left in both places: at Actium, the temple of Aphroditê Aeneias, and near to it that of the Great Gods, both of which existed even to my time; and in Ambracia, a temple of the same goddess and a hero-shrine of Aeneas near the little theatre. In this shrine there was a small archaic statue of wood, said to be of Aeneas, that was honoured with sacrifices by the priestesses they called amphilpoloi or “handmaidens.”

[51.1] From Ambracia Anchises, sailing with the fleet along the coast, came to Buthrotum, a seaport of Epirus. But Aeneas with the most vigorous men of his army made a march of two days and came to Dodona, in order to consult the oracle; and there they found the Trojans who had come thither with Helenus. Then, after receiving responses concerning their colony and after dedicating to the god various Trojan offerings, including bronze mixing bowls, — some of which are still in existence and by their inscriptions, which are very ancient, show by whom they were given, — they rejoined the fleet after a

march of about four days. The presence of the Trojans at Buthrotum is proved by a hill called Troy, where they encamped at that time.

[2] ἐχρήσαντο, Τροία καλούμενος. ἐκ δὲ Βουθρωτοῦ παρὰ γῆν κομισθέντες ἄχρι λιμένος Ἀγχίσου μὲν τότε ὀνομασθέντος, νῦν δ' ἄσαφεστέραν ἔχοντος ὀνομασίαν, ἱερὸν καὶ αὐτόθι τῆς Ἀφροδίτης ἰδρυσάμενοι διαίρουσι τὸν Ἴονιον ἡγεμόνας ἔχοντες τῆς ναυτιλίας, οἱ συνέπλευσαν αὐτοῖς ἐθελούσιοι συνεπισπόμενοι, τοὺς σὺν Πάτρωνι τῷ Θουρίῳ· καὶ αὐτῶν οἱ μὲν πλείους, ἐπειδὴ σῶος ὁ στρατὸς εἰς Ἰταλίαν ἀφίκετο, ἐπ' οἴκου αὖθις ἀνεκομισθησαν, Πάτρων δὲ πεισθεὶς ὑπ' Αἰνείου κοινωνεῖν τῆς ἀποικίας [p. 82] καὶ σὺν αὐτῷ τινες τῶν φίλων ὑπέμειναν ἐν τῷ στόλῳ· οὓς ἔνιοι φασιν ἐν Ἀλοντίῳ κατοικῆσαι τῆς Σικελίας. ταύτης ὑπομνήσει τῆς εὐεργεσίας Ἀκαρναῖσι Ῥωμαῖοι Λευκάδα καὶ Ἀνακτόριον ἀφελόμενοι Κορινθίους ἀνὰ χρόνον ἐχαρίσαντο Οἰνιάδας τε ἀποκαταστήσαι βουλομένοις ἐπέτρεψαν καὶ τὰς Ἐχινάδας νήσους καρποῦσθαι κοινῇ μετ' Αἰτωλῶν ἔδωκαν.

[2] From Buthrotum they sailed along the coast and came to a place which was then called the Harbour of Anchises but now has a less significant name; there also they built a temple to Aphroditê, and then crossed the Ionian Gulf, having for guides on the voyage Patron the Thyrian and his men, who accompanied them of their own accord. The greater part of these, after the army had arrived safely in Italy, returned home; but Patron with some of his friends, being prevailed on by Aeneas to join the colony, stayed with the expedition. These, according to some, settled at Aluntium in Sicily. In memory of this service the Romans in the course of time bestowed Leucas and Anactorium, which they had taken from the Corinthians, upon the Acarnanians; when the latter desired to restore the Oeniadae to their old home, they gave them leave to do so, and also to enjoy the produce of the Echinades jointly with the Aetolians.

[3] οἱ δὲ σὺν Αἰνείῳ ποιησάμενοι τὴν ἀπόβασιν οὐ καθ' ἓν χωρίον τῆς Ἰταλίας, ἀλλὰ ταῖς μὲν πλείστοις ναυσὶ πρὸς ἄκραν Ἰαπυγίας ὀρμισάμενοι, ἢ τότε Σαλεντῖνος ἐλέγετο, ταῖς δὲ λοιπαῖς κατὰ τὸ καλούμενον Ἀθήναιον, ἐνθα καὶ αὐτὸς Αἰνείας ἐτύγγανεν ἐπιβάς Ἰταλίας· τοῦτο δὲ τὸ χωρίον ἐστὶν ἄκρωτήριον καὶ ἐπ' αὐτῷ θερινὸς ὅρμος, ὃς ἐξ ἐκείνου λιμὴν Ἀφροδίτης καλεῖται, παρέπλευσαν ἄχρι πορθμοῦ διὰ χειρὸς ἔχοντες Ἰταλίαν, ἴχνη τινα κὰν τοῦτοις ὑπολειπόμενοι τοῖς τόποις τῆς ἀφίξεως ἄλλα τε καὶ φιάλην χαλκῆν ἐν Ἑρας ἱερῷ γραφῇ δηλοῦσαν ἀρχαία τοῦ δωρησαμένου τῇ θεῷ Αἰνείου τοῦνομα.

[3] As for Aeneas and his companions, they did not all go ashore at the same place in Italy, but most of the ships came to anchor at the Promontory of Iapygia, which was then called the Salentine Promontory, and the others at a place named after Minerva, where Aeneas himself chanced to set foot first in Italy. This place is a promontory that offers a harbour in the summer, which from that time has been called the Harbour of Venus. After this they sailed along the coast until they reached the strait, having Italy on the right hand, and

left in these places also some traces of their arrival, among others a bronze patera in the temple of Juno, on which there is an ancient inscription showing the name of Aeneas as the one who dedicated it to the goddess.

[52.1] When they were off Sicily, whether they had any design of landing there or were forced from their course by tempests, which are common around this sea, they landed in that part of the island which is called Drepana. Here they found the Trojans who with Elymus and Aegestus had left Troy before them and who, being favoured by both fortune and the wind, and at the same time being not overburdened with baggage, had made a quick passage to Sicily and were settled near the river Crimisus in the country of the Sicanians. For the latter had bestowed the land upon them out of friendship because of their kinship to Aegestus, who had been born and reared in Sicily owing to the following circumstance.

[2] τοιόνδε τι πάθος. τῶν προγόνων αὐτοῦ τις ἀνὴρ ἐπιφανὴς ἐκ τοῦ Τρωικοῦ γένους ὢν Λαομέδοντι διάφορος γίνεται, καὶ αὐτὸν ὁ βασιλεὺς ἐπ' αἰτία δὴ πινι λαβὼν κτείνει καὶ γένος αὐτοῦ τὸ ἄρρεν ἅπαν, ὑπὸ δέους μὴ τι πρὸς αὐτῶν πάθῃ: τὰς δὲ θυγατέρας παρθένους ἔτι οὖσας ἀποκτεῖναι μὲν οὐκ εὐπρεπὲς ἐνόμισε, Τρωσὶ δὲ συνοικούσας περιδεῖν οὐκ ἀσφαλές, δίδωσι δ' αὐτάς ἐμπόροις ὡς προσωτάτω κελεύσας ἀπάγειν.

[2] One of his ancestors, a distinguished man of Trojan birth, became at odds with Laomedon and the king seized him on some charge or other and put him to death, together with all his male children, lest he should suffer some mischief at their hands. But thinking it unseemly to put the man's daughters to death, as they were still maidens, and at the same time unsafe to permit them to live among the Trojans, he delivered them to some merchants, with orders to carry them as far away as possible.

[3] ταύταις ἀπιούσαις συνεκπλεῖ μειράκιόν τι τῶν ἐπιφανῶν κρατούμενον ἔρωτι τῆς ἑτέρας καὶ γαμεῖ τὴν παιδίσκην ἀχθεῖσαν εἰς Σικελίαν, καὶ γίνεται αὐτοῖς παῖς ἐν Σικελοῖς διατρίβουσιν Αἰγέστος ὄνομα: ὃς ἦθη καὶ γλῶσσαν τῶν ἐπιχωρίων ἐκμαθὼν, ἐπειδὴ τοὺς γονεῖς αὐτῷ τελευτῆσαι συνέβη, βασιλεύοντος ἐν Τροίᾳ Πριάμου κάθοδον αὐτῷ δοθῆναι διαπράττεται, καὶ συνδιενέγκας τὸν πρὸς τοὺς Ἀχαιοὺς πόλεμον ἀλικομένης τῆς πόλεως

[3] They were accompanied on the voyage by a youth of distinguished family, who was in love with one of them; and he married the girl when she arrived in Sicily. And during their stay among the Sicels they had a son, named Aegestus, who learned the manners and language of the inhabitants; but after the death of his parents, Priam being then king of Troy, he obtained leave to return home. And having assisted Priam in the war against the Achaeans, he then, when the city was about to be taken, sailed back again to Sicily, being accompanied in his flight by Elymus with the three ships which Achilles had had with him when he plundered the Trojan cities and had lost when they struck on some hidden rocks.

[4] Ἐντυχὼν δὴ τοῖς εἰρημένοις Αἰνείας ἀνδράσι φιλοφρονεῖται τε αὐτοὺς καὶ κατασκευάζεται αὐτοῖς πόλεις Αἴγεσταν καὶ Ἑλυμα καὶ τινα καὶ μοῖραν τῆς ἑαυτοῦ στρατιᾶς ἐν τοῖς πολισμοσιν ὑπολείπεται, ὥς μὲν ἐγὼ εἰκάζω γνῶμη ἐκουσίῳ χρησάμενος, ἵνα τοῖς ὑπὸ καμάτων βαρυνόμενοις ἢ καὶ ἄλλως θαλάττῃ ἀχθομένοις ἀναπαύσεις γίνοντο ἀσφαλεῖς καὶ καταγωγαί, ὥς δέ τινες γράφουσι τοῦ ναυτικοῦ μειωθέντος αὐτῷ διὰ τὴν ἔμπρησιν, ἣν ἐποίησαντο τῶν γυναικῶν τινες ἀχθόμεναι τῇ πλάνῃ, τὸν οὐκέτι δυνάμενον συμπλεῖν ὄχλον ἐκ τῶν κατακεκαυμένων νεῶν ἀνάγκῃ καταλιπών.

[4] Aeneas, meeting with the men just named, showed them great kindness and built cities for them, Aegesta and Elyma, and even left some part of his army in these towns. It is my own surmise that he did this by deliberate choice, to the end that those who were worn out by hardships or otherwise irked by the sea might enjoy rest and a safe retreat. But some writers say that the loss of part of his fleet, which was set on fire by some of the women, who were dissatisfied with their wandering, obliged him to leave behind the people who belonged to the burned ships and for that reason could sail no longer with their companions.

[1] τεκμήρια δὲ τῆς εἰς Σικελοὺς Αἰνείου τε καὶ Τρώων ἀφίξεως πολλὰ μὲν καὶ ἄλλα, περιφανέστατα δὲ τῆς Αἰνειάδος Ἀφροδίτης ὁ βωμὸς ἐπὶ τῇ κορυφῇ τοῦ Ἑλύμου ἰδρυμένος καὶ ἱερὸν Αἰνείου ἰδρυμένον ἐν Αἰγέστῃ, τὸν μὲν αὐτοῦ κατασκευάσαντος Αἰνείου τῇ μητρὶ, τὸ δὲ ἱερὸν τῶν ὑπολειφθέντων ἀπὸ τοῦ στόλου τῇ μνήμῃ τοῦ σῶσαντος σφᾶς ἀνάθημα ποιησαμένων. τὸ μὲν δὴ σὺν Ἑλύμῳ καὶ Αἰγέστῳ Τρωικὸν ἐν τούτοις κατέμεινε τοῖς χωρίοις, [p. 85] καὶ διετέλεσαν Ἑλυμοὶ καλούμενοι. προεῖχε γὰρ κατὰ τὴν ἀξίωσιν Ἑλυμὸς ἀπὸ τοῦ βασιλικοῦ γένους ὢν,

[53] There are many proofs of the coming of Aeneas and the Trojans to Sicily, but the most notable are the altar of Aphrodītē Aeneias erected on the summit of Elymus and a temple erected to Aeneas in Aegesta; the former was built by

Aeneas himself in his mother's honour, but the temple was an offering made by those of the expedition who remained behind to the memory of their deliverer. The Trojans with Elymus and Aegestus, then, remained in these parts and continued to be called Elymians; for Elymus was the first in dignity, as being of the royal family, and from him they all took their name.

[2] ἀφ' οὗ τὴν κλῆσιν οἱ σύμπαντες ἔλαβον. οἱ δὲ σὺν τῷ Αἰνείᾳ πλέοντες ἀπὸ Σικελίας διὰ τοῦ Τυρρηνικοῦ πελάγους πρῶτον μὲν ὠρμίσαντο τῆς Ἰταλίας κατὰ λιμένα τὸν Παλίνουρον, ὃς ἀφ' ἑνὸς τῶν Αἰνείου κυβερνητῶν τελευτήσαντος αὐτόθι ταύτης τυχεῖν λέγεται τῆς ὀνομασίας. ἔπειτα νήσω προσέσχον, ἣ τοῦνομα ἔθεντο Λευκασίαν ἀπὸ γυναικὸς ἀνεπιφῆς Αἰνείου περὶ τόνδε τὸν τόπον ἀποθανούσης.

[2] But Aeneas and his companions, leaving Sicily, crossed the Tyrrhenian sea and first came to anchor in Italy in the harbour of Palinurus, which is said to have got this name from one of the pilots of Aeneas who died there. After that they put in at an island which they called Leucosia, from a woman cousin of Aeneas who died at that place.

[3] ἐκεῖθεν δὲ κατάραντες εἰς λιμένα βαθὺν καὶ καλὸν ἐν Ὀπικοῖς, τελευτήσαντος καὶ αὐτόθι Μισηνοῦ τῶν ἐπιφανῶν τινος, ἀπ' ἐκείνου τὸν λιμένα ὠνόμασαν, νήσω τε Προχύτῃ καὶ ἀκρωτηρίῳ Καίητῃ τύχῃ προσορμισάμενοι κατὰ ταῦτ' ἀτίθενται τὰς ἐπικλήσεις τοῖς τόποις, γυναικῶν ἀποθανουσῶν βουλόμενοι μνημεῖα ποιῆσαι τὰ χωρία. τούτων δὲ ἡ μὲν συγγενῆς Αἰνείου λέγεται γενέσθαι, ἡ δὲ τροφός. τελευτῶντες δὲ ἀφικνοῦνται τῆς Ἰταλίας εἰς Λωρεντόν, ἔνθα τῆς πλάνης παυσάμενοι χάρακα ἔθεντο, καὶ τὸ χωρίον ἐν ᾧ κατεστρατοπεδεύσαντο ἐξ ἐκείνου Τροία καλεῖται, ἀπέχει δὲ τῆς θαλάττης ἀμφὶ τοὺς τέτταρας σταδίου.

[3] From there they came into a deep and excellent harbour of the Opicans, and when here also one of their number died, a prominent man named Misenus, they called the harbour after him. Then, putting in by chance at the island of Prochyta and at the promontory of Caieta, they named these places in the same manner, desiring that they should serve as memorials of women who died there, one of whom is said to have been a cousin of Aeneas and the other his nurse. At last they arrived at Laurentum in Italy, where, coming to the end of their wandering, they made an entrenched camp, and the place where they encamped has from that time been called Troy. It is distant from the sea about four stades.

[4] Ἔργαφα δὲ ταῦτα καὶ τὴν παρέκβασιν ἐποίησάμην τοῦ ἀναγκαιῶς χάριν, ἐπειδὴ τῶν συγγραφέων οἱ [p. 86] μὲν οὐδ' ἐλθεῖν Αἰνείαν φασὶν εἰς Ἰταλίαν ἅμα Τρωσίν, οἱ δ' ἕτερον Αἰνείαν, οὐ τὸν ἐξ Ἀφροδίτης καὶ Ἀγχίσου γενόμενον, οἱ δ' Ἀσκάνιον τὸν Αἰνείου, οἱ δ' ἄλλους τινάς. εἰσὶ δ' οἱ τὸν ἐξ Ἀφροδίτης Αἰνείαν λέγουσι καταστήσαντα τὸν λόχον εἰς Ἰταλίαν ἀνακομισθῆναι πάλιν οἴκαδε καὶ βασιλεῦσαι τῆς Τροίας, τελευτῶντα δὲ

[4] It was necessary for me to relate these things and to make this digression, since some historians affirm that Aeneas did not even come into Italy with the Trojans, and some that it was another Aeneas, not the son of Anchises and Aphroditê, while yet others say that it was Ascanius, Aeneas' son, and others name still other persons. And there are those who claim that Aeneas, the son of Aphroditê after he had settled his company in Italy, returned home, reigned over Troy, and dying, left his kingdom to Ascanius, his son, whose posterity possessed it for a long time. According to my conjecture these writers are deceived by mistaking the sense of Homer's verses.

[5] πεποιεῖται γὰρ αὐτῷ ἐν Ἰλιάδι Ποσειδῶν προλέγων τὴν μέλλουσαν ἔσεσθαι περὶ τὸν Αἰνείαν καὶ τοὺς ἐξ ἐκείνου γενησομένους ἐπιφάνειαν ὧδέ πως:

ὑπολαβόντες οὖν τὸν Ὅμηρον ἐν Φρυγίᾳ δυναστεύοντας εἰδέναι τοὺς ἄνδρας, ὡς δὴ οὐ δυνατόν ὃν ἐν Ἰταλίᾳ οἰκοῦντας βασιλεύειν Τρώων, τὴν ἀνακομιδὴν τοῦ Αἰνείου ἀνέπλασαν. ἀρχεῖν δὲ δὴ τῶν Τρώων οὐς ἐπήγετο καὶ ἄλλοθι πολιτευομένων οὐκ ἀδύνατον ἦν: ἔχοι δ' ἂν τις τῆς ἀπάτης καὶ ἑτέρας αἰτίας λαβεῖν.

[5] For in the *Iliad* he represents Poseidon as foretelling the future splendour of Aeneas and his posterity on this wise:

“On great Aeneas shall devolve the reign,

And sons succeeding sons the lasting line sustain.”

Thus, as they supposed that Homer knew these men reigned in Phrygia, they invented the return of Aeneas, as if it were not possible for them to reign over Trojans while living in Italy. But it was not impossible for Aeneas to reign over the Trojans he had taken with him, even though they were settled in another country. However, other reasons also might be given for this error.

[1] εἰ δὲ τινὰς ταραττεῖ τὸ πολλαχῇ λέγεσθαι τε καὶ δεικνυσθαι τάφους Αἰνείου ἀμηχάνου ὄντος ἐν πλείοσι τὸν αὐτὸν τεθάφθαι χωρίοις, ἐνθυμηθέντες ὅτι κοινὸν ἐστὶν ἐπὶ πολλῶν τοῦτο γε τὸ ἄπορον [p. 87] καὶ μάλιστα τῶν μὲν ἐπιφανεῖς τὰς τύχας, πλάνητας δὲ τοὺς βίους ἐσχηκότων, μαθέτωσαν ὅτι χωρίον μὲν ἐν τῷ δεξιόμενον τὰ σώματα αὐτῶν ἦν, μνημεῖα δὲ παρὰ πολλοῖς κατεσκεύαστο δι' εὐνοίαν τῶν ἐν ὠφελείαις τισὶ δι' αὐτοὺς γενομένων, μάλιστα εἰ τοῦ γένους αὐτῶν τι περιῆν ἢ πόλεώς τινος ἀπόκτισις

[54.1] But if it creates a difficulty for any that tombs of Aeneas are both said to exist, and are actually shown, in many places, whereas it is impossible for the same person to be buried in more than one place, let them consider that this difficulty arises in the case of many other men, too, particularly men who have had remarkable fortunes and led wandering lives; and let them know that, though only one place received their bodies, yet their monuments were erected among many peoples through the gratitude of those who had received some benefits from them, particularly if any of their race still survived or if any city had been built by them or if their residence among any people had been long and distinguished by great humanity — just such things, in fact, as we know are related of this hero.

[2] τόνδε τὸν ἥρωα μυθολογούμενα ἴσμεν. [2] For he preserved Ilium from utter destruction at the time of its capture and sent away weight Trojan allies safe to Bebrycia, he left his son Ascanius as king in Phrygia, built a city named after himself in Pallenê, married off his daughters in Arcadia, left part of his army in Sicily, and during his residence in many other places had the reputation of conducting himself with great humanity; thus he gained the voluntary affection of those people and accordingly after he left this mortal life he was honoured with hero-shrines and monuments erected to him in many places.

[3] ἐπεὶ φέρε τινὰς ἂν αἰτίας ἔχοι τις ὑποθέσθαι τῶν ἐν Ἰταλίᾳ αὐτοῦ μνημάτων, εἰ μήτε ἦρξε τούτων τῶν χωρίων μήτε καταγωγὰς ἐν αὐτοῖς ἐποίησατο μήθ' ὅλως ἐγνώσθη πρὸς αὐτῶν; ἀλλ' ὑπὲρ μὲν τούτων καὶ αὐθις λεχθήσεται, καθότι ἂν ὁ λόγος ἐφ' ἐκάστου καιροῦ δηλωθῆναι ἀπαιτῇ. [p. 88]

[3] What reasons, pray, could anyone assign for his monuments in Italy if he never reigned in these parts or resided in them or if he was entirely unknown to the inhabitants? But this point shall be again discussed, according as my narrative shall from time to time require it to be made clear.

[1] τοῦ δὲ μηκέτι προσωτέρω τῆς Εὐρώπης πλεῦσαι τὸν Τρωικὸν στόλον οἷ τε χρησμοὶ αἵτιοι ἐγένοντο τέλος λαβόντες ἐν τούτοις τοῖς χωρίοις καὶ τὸ δαιμόνιον πολλαχῶς τὴν ἐαυτοῦ βούλησιν ἐνδεικνύμενον: ἐπεὶ δὲ γὰρ ὄρμω

[55.1] The failure of the Trojan fleet to sail any farther into Europe was due to the oracles which reached their fulfilment in those parts and to the divine power which revealed its will in many ways. For while their fleet lay at anchor off Laurentum and they had set up their tents near the shore, in the first place, when the men were oppressed with thirst and there was no water in the place (what I say I had from the inhabitants), springs of the sweetest water were seen rising out of the earth spontaneously, of which all the army drank and the place was flooded as the stream ran down to the sea from the springs.

[2] νῦν μέντοι οὐκέτι πλήθουσιν ὥστε καὶ ἀπορρεῖν αἱ λιβάδες, ἀλλ' ἔστιν ὀλίγον ὕδωρ ἐν κοίλῳ χωρίῳ συνεστηκὸς, λεγόμενον ὑπὸ τῶν ἐγχωρίων ἱερὸν ἡλίου: καὶ βωμοὶ δύο παρ' αὐτῷ δεικνυνται, ὁ μὲν πρὸς ἀνατολὰς τετραμμένος, ὁ δὲ πρὸς δύσεις, Τρωικὰ ἰδρύματα, ἐφ' ὧν τὸν Αἰνείαν μυθολογοῦσι πρῶτην θυσίαν ποιήσασθαι τῷ θεῷ χαριστήριον τῶν ὑδάτων.

[2] To-day, however, the springs are no longer so full as to overflow, but there is just a little water collected in a hollow place, and the inhabitants say it is sacred to the Sun; and near it two altars are pointed out, one facing to the east, the other to the west, both of them Trojan structures, upon which, the story goes, Aeneas offered up his first sacrifice to the god as a thank-offering for the water.

[3] ἔπειτα ἄριστον αὐτοῖς αἵρουμένοις ἐπὶ τοῦ δαπέδου σέλινά μὲν πολλοῖς ὑπέστρωτο καὶ ἦν ταῦτα ὥσπερ τράπεζα τῶν ἐδεσμάτων: ὡς δὲ φασὶ τινες, ἴτρια καρποῦ πεποιημένα πυρίνου, καθαριότητος ταῖς τροφαῖς ἔνεκα. ἐπεὶ δὲ αἱ παρατεθεῖσαι τροφαὶ κατανάλωντο, τῶν ὑπεστρωμένων αὐτοῖς σελίνων εἴτε ἰτριῶν ἔφαγέ τις [p. 89] καὶ αὖθις ἕτερος: ἐν τούτῳ τυγχάνει τις εἰπὼν εἴτε τῶν Αἰνείου παιδῶν, ὡς λόγος ἔχει, εἴτε τῶν ὁμοσκήνων, Ἄλλ' ἡμῖν γε ἤδη καὶ ἡ τράπεζα κατεδήδεσται: ὡς δὲ τοῦτο ἤκουσαν, ἅπαντες ἀνεθορύβησαν, ὡς τὰ

[3] After that, while they were taking their repast upon the ground, many of them strewed parsley under their food to serve as a table; but others say that they thus used wheaten cakes, in order to keep their victuals clean. When all the victuals that were laid before them were consumed, first one of them ate of the parsley, or cakes, that were placed underneath, and then another. Thereupon one of Aeneas' sons, as the story goes, or some other of his messmates, happened to exclaim, "Look you, at last we have eaten even the table." As soon as they heard this, they all cried out with joy that the first part

of the oracle was now fulfilled.

[4] πρῶτα τοῦ μαντεύματος ἤδη σφίσι τέλος ἔχοι. ἦν γάρ τι θέσφατον αὐτοῖς, ὡς μὲν τινες λέγουσιν ἐν Δωδώνῃ γενόμενον, ὡς δ' ἕτεροι γράφουσιν ἐν ἐρυθρᾷ χέρσῳ τῆς Ἰδης, ἔνθα ὤκει Σίβυλλα ἐπιχωρία νύμφη χρησμῶδος, ἣ αὐτοῖς ἔφρασε πλεῖν ἐπὶ δυσμῶν ἡλίου, τέως ἂν εἰς τοῦτο τὸ χωρίον ἔλθωσιν, ἐν ᾧ κατέδονται τὰς τραπέζας; ὅταν δὲ τοῦτο μάθωσι γενόμενον, ἡγεμόνα τετράποδα ποιησάμενους, ὅπου ἂν κάμῃ τὸ

[4] For a certain oracle had been delivered to them, as some say, in Dodona, but, according to others, in Erythrae, a place on Mount Ida, where lived a Sibyl of that country, a prophetic nymph, who ordered them to sail westward till they came to a place where they should eat their tables; and that, when they found this had happened, they should follow a four-footed beast as their guide, and wherever the animal grew wearied, there they should build a city.

[5] ζῶον, ἐνταῦθα δεῖμασθαι πόλιν. τοῦτο δὴ τὸ θεοπρόπιον ἀναμνησθέντες, οἱ μὲν τὰ ἔδη τῶν θεῶν Αἰνείου κελεύσαντος εἰς τὸ ἀποδειχθὲν χωρίον ἐκ τῆς νεῶς ἐξέφερον, οἱ δὲ βάρη καὶ βωμοὺς κατεσκεύαζον αὐτοῖς, αἱ δὲ γυναῖκες ὀλολυγῇ καὶ χορείαις χρώμεναι παρεκόμιζον τὰ ἱερά, οἱ δὲ ἀμφὶ τὸν Αἰνείαν παρασκευασθείσης θυσίας ἔχοντες τοὺς στεφάνους περὶ τὸν βωμὸν ἔστησαν.

[5] Calling to mind, then, this prophecy, some at the command of Aeneas brought the images of the gods out of the ship to the place appointed by him, others prepared pedestals and altars for them, and the women with shouts and dancing accompanied the images. And Aeneas with his companions, when a sacrifice had been made ready, stood round the altar with the customary garlands on their heads.

[1] ἐν ᾧ δὲ οὗτοι τὰς εὐχὰς ἐποίησαντο, ἣ μέλλουσα καθιεροῦσθαι ὕς ἐγκύμων οὔσα καὶ οὐ πρόσω τόκου καταρχομένων αὐτῆς τῶν θυτῆρων διασεισαμένη καὶ ἀποφυγοῦσα τοὺς κατέχοντας ἄνω θαλάττης [p. 90] ἔθει. Αἰνείας δὲ μαθὼν ὅτι ταύτην ἄρα τὴν τετράποδα ἡγεμόνα τὸ θέσφατον αὐτοῖς ἐδήλου παρηκολούθει σὺν ὀλίγοις μικρὸν ὑπολειπόμενος, δεδοικῶς μὴ ὑπὸ θορύβου τῶν διωκόντων ἀποτραπείη τῆς κατὰ

[56.1] While these were offering up their prayers, the sow which was the destined victim, being big with young and near her time, shook herself free as the priests were performing the initial rites, and fleeing from those who held her, ran back into the country. And Aeneas, understanding that this, then, was the four-footed beast the oracle intended as their guide, followed the sow with a few of his people at a small distance, fearing lest, disturbed by her pursuers, she might be frightened from the course fate had appointed for her.

[2] δαίμονα ὁδοῦ. καὶ ἣ μὲν ἀμφὶ τοὺς εἴκοσι καὶ τέτταρας σταδίους ἀπὸ θαλάττης διελθοῦσα λόφον τινὰ προσανατρέχει, ἔνθα ὑπὸ καμάτου

[2] And the sow, after going about twenty-four stades from the sea, ran up a hill and there, spent with weariness, she lay down. But Aeneas, — for the oracles seemed now to be fulfilled, — observing that the place was not only in a poor part of the land, but also at a distance from the sea, and that even the latter did not afford a safe anchorage, found himself in great perplexity whether they ought in obedience to the oracle to settle there, where they would lead a life of perpetual misery without enjoying any advantage, or ought to go farther in search of better land.

[3] ταῦτα δὲ αὐτῷ διανοομένῳ καὶ τοὺς θεοὺς ἔχοντι δι' αἰτίας ἄφνω λέγεται φωνή τις ἐκ τῆς νάπης ἀφανοῦς ὄντος τοῦ φθεγγομένου προσπεσεῖν κελεύουσα μένειν τε αὐτόθι καὶ πολιζεσθαι διὰ ταχέων καὶ μὴ τῷ ἀπόρῳ τῆς παρούσης δόξης ἐπιτρέψαντα, εἰ μὴ ἐν εὐβότῳ γῇ τὸν βίον ἰδρύσεται, τὴν μέλλουσάν τε καὶ

[3] While he was pondering thus and blaming the gods, on a sudden, they say, a voice came to him from the wood, — though the speaker was not to be seen, — commanding him to stay there and battle a city immediately, and not, by giving way to the difficulty occasioned by his present opinion, just because he would be establishing his abode in a barren country, to reject his future good fortune, that was indeed all but actually present.

[4] ὅσον οὐπὼ παροῦσαν εὐτυχίαν ἀπώσασθαι. εἶναι γὰρ αὐτῷ πεπρωμένον ἐκ ταύτης ὁρμώμενον τῆς λυπρᾶς καὶ ὀλίγης τὸ πρῶτον οἰκήσεως πολλὴν καὶ ἀγαθὴν ἐπικτήσασθαι γῆν σὺν χρόνῳ: παισὶ δὲ αὐτοῦ καὶ ἐγγόνοις ἔσσεσθαι ἀρχὴν μεγίστην καὶ ἐπὶ πλεῖστον χρόνον ἐκμηκυνθησομένην ὑπάρξει. ταύτην μὲν οὖν [p. 91] ἐν τῷ παρόντι καταγωγὴν ἔσσεσθαι τοῖς Τρωσὶ: μετὰ δὲ τοσοῦτους ἐνιαυτοὺς ὅσους ἂν ἡ ὕς τέκη χοίρους κτισθήσεσθαι πρὸς τῶν ἐξ ἐκείνου γενησομένων πόλιν ἐτέραν εὐδαίμονα καὶ μεγάλην. μαθόντα δὲ τὸν Αἰνείαν καὶ νομίσαντα δαιμόνιον τι τὸ χρῆμα τῆς φωνῆς εἶναι ποιεῖν ὡς ὁ θεὸς ἐκέλευεν.

[4] For it was fated that, beginning with this sorry and, at first, small habitation, he should in the course of time acquire a spacious and fertile country, and that his children and posterity should possess a vast empire which should be prolonger for many ages. For the present, therefore, this settlement should be a refuge for the Trojans, but, after as many years as the sow should bring forth young ones, another city, large and flourishing, should be built by his posterity. It is said that Aeneas, hearing this and looking upon the voice as

something divine, did as the god commanded.

[5] ἔτεροι δὲ λέγουσιν ἀδημονοῦντι τῷ ἀνδρὶ καὶ παρειακότι τὸ σῶμα ὑπὸ λύπης καὶ οὔτε ἐπὶ τὸ στρατόπεδον καταβάντι οὔτε σῖτα προσενεγκαμένῳ, αὐτοῦ δὲ ὡς ἔτυχεν αὐλισθέντι τὴν νύκτ' ἐκείνην, ἐπιστῆναι μεγάλην τινὰ καὶ θαυμαστὴν ἐνυπνίου τῶν θεῶν τινι τῶν πατρίων εἰκασθεῖσαν ὅψιν τὰ λεχθέντα μικρῷ πρότερον ὑποτιθεμένην: ὁποτέρως δὲ τάληθές ἔχει θεοῖς ἂν εἶη γνῶριμον. τῇ δ' ἐξῆς ἡμέρᾳ τριάκοντα λέγεται χοίρους ἢ ὕς ἐκτεκεῖν, καὶ τοσοῦτοις ἐνιαυτοῖς ὕστερον ὑπὸ τῶν Τρώων ἑτέρα κτισθῆναι πόλιν κατὰ τὸ θέσφατον, ὑπὲρ ἧς ἐν τῷ οἰκείῳ τόπῳ διαλέξομαι.

[5] But others say that while he was dismayed and had neglected himself in his grief, to such a degree that he neither came into the camp nor took any food, but spent that night just as he was, a great and wonderful vision of a dream appeared to him in the likeness of one of his country's gods and gave him the advice just before mentioned. Which of these accounts is the true one the gods only know. The next day, it is said, the sow brought forth thirty young ones, and just that many years later, in accordance with the oracle, another city was built by the Trojans, concerning which I shall speak in the proper place.

[1] Αἰνείας δὲ τῆς μὲν ὕδς τὸν τόκον ἅμα τῇ γειναμένη τοῖς πατρώοις ἀγίζει θεοῖς ἐν τῷ χωρίῳ τῷδ', οὗ νῦν ἐστὶν ἡ καλιάς, καὶ αὐτὴν οἱ Λαουινιάται τοῖς ἄλλοις ἄβατον φυλάττοντες ἱερὰν νομίζουσι: τοῖς δὲ Τρωσὶ μεταστρατοπεδεῦσαι κελεύσας ἐπὶ τὸν λόφον ἰδρύεται τὰ ἔδη τῶν θεῶν ἐν τῷ κρατίστῳ καὶ αὐτίκα περὶ τὴν κατασκευὴν τοῦ πολισματος ἀπάσῃ [p. 92] προθυμίᾳ ὥρμητο ἐλάμβανέ τε καταθέων ἐκ τῶν πέριξ χωρίων ὅποσα εἰς τὸν πολιισμόν αὐτῷ ἦν χρήσιμα καὶ μάλιστα ἔμελλε λυπηρὰ τοῖς ἀφαιρεθεῖσι φανήσεσθαι, σίδηρον καὶ ξύλα καὶ τὰς γεωργικὰς παρασκευάς.

[57] Aeneas sacrificed the sow with her young to his household gods in the place where now stands the chapel, which the Lavinians looking as sacred and preserve inaccessible to all but themselves. Then, having ordered the Trojans to remove their camp to the hill, he placed the images of the gods in the best part of it and immediately addressed himself to the building of the town with the greatest zeal. And making descents into the country round about, he took from there such things as were of use to him in building and the loss of which was likely to be the most grievous to the owners, such as iron, timber and agricultural implements.

[2] Λατίνῳ δὲ, ὃς ἦν τότε βασιλεὺς, πολεμοῦντι πρὸς ἔθνος ὁμορον τοὺς καλουμένους Προτόλους καὶ δυσημεροῦντι κατὰ τὰς μάχας ἀγγέλλεται τὰ γινόμενα ἐπὶ τὸ φοβερῶτατον, ὡς ἀνάστατος αὐτοῦ γίνεται πᾶσα ἡ παράλιος ὑπερορίῳ στρατιᾷ, καὶ εἰ μὴ σὺν τάχει κωλύσει τὰ δρώμενα χρυσὸς αὐτῷ φανήσεται ὁ πρὸς τοὺς ἀστυγεῖτονας ἀγών. ἀκούσαντι δὲ τῷ ἀνδρὶ δέος εἰσέρχεται καὶ αὐτίκα τοῦ παρόντος πολέμου μεθέμενος ἐπὶ τοὺς Τρώας ἐλαύνει πολλῇ στρατιᾷ.

[2] But Latinus, the king of the country at that time, who was at war with a neighbouring people called the Rutulians and had fought some battles with ill success, received an account of what had passed in the most alarming form, to the effect that all his coast was being laid waste by a foreign army and that, if he did not immediately put a stop to their depredations, the war with his neighbours would seem to him a joy in comparison. Latinus was struck with fear at this news, and immediately abandoning the war in which he was then engaged, he marched against the Trojans with a great army.

[3] ὁρῶν δὲ αὐτοὺς ὠπλισμένους τε ὡς Ἑλληνας καὶ ἐν τάξει εὐκόσμῳ ἀκαταπλήκτως τὸ δεινὸν ὑπομένοντας, τῆς μὲν αὐτίκα παρακινδυνεύσεως, ὡς οὐκ ἂν ἐξ ἐφόδου αὐτοὺς ἔτι χειρωσάμενος, ἣν ἔσχε διάνοιαν οἰκοθεν ὁρμώμενος, ἀποτρέπεται: στρατοπεδευσάμενος δ' ἐπὶ λόφου τινὸς τὸ πρῶτον ἀναλαβεῖν ᾧετο δεῖν τὴν δύναμιν ἐκ τοῦ παρόντος κόπου, ὃς πολὺς ἐκ μακρᾶς ὁδοῦ καὶ συντόνου διώξεως αὐτοῖς ἐγένετο.

[3] But seeing them armed like Greeks, drawn up in good order and resolutely awaiting the conflict, he gave up the idea of hazarding an immediate engagement, since he saw no probability now of defeating them at the first onset, as he had expected when he set out from home against them. And encamping on a hill, he thought he ought first to let his troops recover from their present fatigue, which from the length of the march and the eagerness of the pursuit was very great;

[4] αὐλίσσάμενος δὲ διὰ νυκτὸς αὐτόθι γνώμην [p. 93] ἐποιεῖτο ἀρχομένης ἕω συμφέρεσθαι τοῖς πολεμίοις. ἐγνωκότες δὲ αὐτῷ ταῦτα λέγει τις ἐπιστὰς καθ' ὕπνον ἐπιχώριος δαίμων δέχεσθαι τοὺς Ἑλληνας τῇ χώρᾳ συνοίκους: ἥκειν γὰρ αὐτοὺς μέγα ὠφέλημα Λατίνῳ καὶ κοινὸν Ἀβοριγίνων ἀγαθόν: Αἰνεία τε οἱ πατρῴοι θεοὶ τῆς αὐτῆς νυκτὸς φανέντες παρακελεύονται πείθειν Λατῖνον ἐκόντα παρασχεῖν σφίσι τὴν οἴκησιν ἐν ᾧ βούλονται χωρίῳ, καὶ χρήσασθαι δυνάμει Ἑλληνικῇ συμμάχῳ μᾶλλον ἢ διαφόρῳ: ἀμφοτέρους δὲ τὸ ὄναρ ἐκώλυνεν ἄρχειν μάχης. ὡς δὲ ἡμέρα τε ἐγένετο, καὶ διεκοσμήθησαν εἰς μάχην αἱ δυνάμεις, κήρυκες ἦκον ὡς τοὺς ἡγεμόνας ἐκατέρωθεν τὸ αὐτὸ ἄξιοῦντες, συνελθεῖν ἀλλήλοις εἰς λόγους: καὶ ἐγένετο τοῦτο.

[4] and passing the night there, he was resolving to engage the enemy at break of day. But when he had reached this decision, a certain divinity of the place appeared to him in his sleep and bade him receive the Greeks into his land to dwell with his own subjects, adding that their coming was a great advantage to him and admonished him to persuade Latinus to grant them of his own accord a settlement in the part of the country they desired and to treat the Greek forces rather as allies than as enemies. Thus the dream hindered both of them from beginning an engagement. And as soon as it was day and the armies were drawn up in order of battle, heralds came to each of the commanders from the other with the same request, that they should meet for a parley; and so it came to pass.

[1] πρῶτος δὲ ὁ Λατῖνος ἔγκλημα ποιούμενος τὸν αἰφνιδιὸν τε καὶ ἀκατάγγελτον πόλεμον ἡξίου τὸν Αἰνείαν λέγειν, ὅστις ὦν καὶ τί βουλούμενος ἄγει καὶ φέρει τὰ χωρία πεπονθῶς τε οὐδὲν δεινὸν πρότερος καὶ οὐκ ἀγνοῶν ὅτι τὸν ἄρχοντα πολέμου πᾶς ὁ προπαθὼν ἀμύνεται: παρασχόν τε ἂν αὐτῷ πᾶν, εἴ τις ἐδεῖτο μετρίου, πρὸς φιλίαν καὶ παρ' ἐκόντων εὐρίσκεσθαι τῶν ἐγχωρίων, παρελθὼν τὴν ἀπάντων ἀνθρώπων δικαίωσιν αἰσχίον ἢ κάλλιον ἡξίωσε βίαν προσφέρων τὰ αὐτὰ λαμβάνειν.

[58.1] And first Latinus complained of the sudden war which they had made upon his subjects without any previous declaration and demanded that Aeneas tell him who he was and what he meant by plundering the country without any provocation, since he could not be ignorant that every one who is attacked in war defends himself against the aggressor; and he complained that when Aeneas might have obtained amicably and with the consent of the inhabitants whatever he could reasonably desire, he had chosen to take it by force, contrary to the universal sense of justice and with greater dishonour than credit to himself.

[2] τοιαῦτα δὲ αὐτοῦ διαλεχθέντος ἀπεκρίνατο Αἰνείας: ἡμεῖς γένος μὲν Τρῳῆς ἐσμεν, πόλεως δὲ οὐ τῆς ἀφανεστάτης ἐν Ἑλλήσιν ἐγενόμεθα: ἦν ἀφαιρεθέντες ὑπ' Ἀχαιῶν δεκαετὶ πολέμῳ χειρωθεῖσαν, ἀλῆται περιερχόμενοι [p. 94] πόλεως τε καὶ χώρας ἐν ἧ τὸ λοιπὸν οἰκήσομεν ἀπορία, θεοῖς δὲ κελεύουσι πειθόμενοι δεῦρ' ἀφίγμεθα: καὶ ἡμῖν ὡς τὰ θέσφατα λέγει λιμὴν τῆς πλάνης ἦδε ἡ γῆ μόνη λείπεται. ποριζόμεθα δὲ ἐκ τῆς χώρας ὧν ἡμῖν δεῖ δυστυχέστερον μᾶλλον ἢ εὐπρεπέστερον, ὡς ἡδιστα νεωστὶ ἐβουλόμεθα.

[2] After he had spoken thus Aeneas answered: "We are natives of Troy, not the least famous city among the Greeks; but since this has been captured and taken from us by the Achaeans after a ten-years' war, we have been wanderers, roving about for want both of a city and a country where we may henceforth live, and are come hither in obedience to the commands of the gods; and this land alone, as the oracles tell us, is left for us as the haven of our wandering. We are indeed taking from the country the things we need, with greater regard to our unfortunate situation than to propriety, — a course which until recently we by no means wished to pursue.

[3] ἀμειψόμεθα δὲ αὐτὰ πολλαῖς καὶ ἀγαθαῖς ἔργων ἀμοιβαῖς παρέχοντες ὑμῖν καὶ σώματα καὶ ψυχὰς εὖ πρὸς τὰ δεινὰ πεπαιδευμένας χρῆσθαι ὅποσα βούλεσθε, τὴν ὑμετέραν γῆν φυλάττοντες ἀδήωτον, τὴν δὲ τῶν πολεμίων προθύμως συγκατακτώμενοι. ἰκέται δὲ ὑμῶν γινόμεθα μὴ πρὸς ὀργὴν τὰ πεπραγμένα λαμβάνειν, ἐνθυμηθέντας ὡς οὐ σὺν ὕβρει, ἀλλ' ὑπ' ἀνάγκης ταῦτα βιασθέντες ἐποιοῦμεν: ἅπαν δὲ σύγγνωμον τὸ ἀκούσιον.

[3] But we will make compensation for them with many good services in return, offering you our bodies and our minds, well disciplined against

dangers, to employ as you think proper in keeping your country free from the ravages of enemies and in heartily assisting you to conquer their lands. We humbly entreat you not to resent what we have done, realizing, as you must, that we did it, not out of wantonness, but constrained by necessity; and everything that is involuntary deserves forgiveness.

[4] καὶ δεῖ ὑμᾶς μηδὲν ἐναντίον βουλευῖσαι περὶ ἡμῶν χεῖρας προεχομένων, εἰ δὲ μὴ, θεοὺς καὶ δαίμονας οἱ κατέχουσι τήνδε τὴν γῆν παραιτούμενοι συγγνώμονας ἡμῖν γενέσθαι καὶ ὧν ἡναγκασμένοι δρώμεν πειρασόμεθα πολέμου ἄρχοντας ὑμᾶς ἀμύνεσθαι. οὐ γὰρ ἂν νῦν πρώτου οὐδὲ μεγίστου πολέμου τοῦδε ἀπολαύσαιμεν.

[4] And you ought not to take any hostile resolution concerning us as we stretch forth our hands to you; but if you do so, we will first beg the gods and divinities who possess this land to forgive us even for what we do under the constraint of necessity and will then endeavour to defend ourselves against you who are the aggressors in the war; for this will not be the first nor the greatest war that we have experienced.”

[5] ὥς δὲ ταῦτα ὁ Λατῖνος ἤκουσεν ἀπεκρίνατο πρὸς αὐτόν: ἄλλ’ ἔγωγε εὖνοιάν τε πρὸς ἅπαν τὸ Ἑλληνικὸν γένος ἔχω καὶ συμφοραῖς ἀνθρώπων [p. 95] ἀναγκαίαις πάνυ ἄχθομαι, σῶζεσθαι τε ὑμᾶς περὶ πολλοῦ ἂν ποιησαίμην, εἴ μοι δῆλοι γένοισθε οἰκήσεως δεόμενοι ἤκειν ἐν ἀποχρῶσιν τε γῆς μοῖρα καὶ πρὸς φιλίαν τῶν δοθησομένων μεθέξοντες, ἀλλ’ οὐ τὴν ἐμὴν δυναστείαν ἀφαιρησόμενοι πρὸς βίαν. εἰ δ’ ἐπαληθεύεται ὑμῖν ὃδ’ ὁ λόγος πίστεις τούτων ἀξιώ δοῦναι καὶ λαβεῖν, αἱ φυλάξουσιν ἡμῖν ἀδόλους τὰς ὁμολογίας.

[5] When Latinus heard this he answered him: “Nay, but I cherish a kindly feeling towards the whole Greek race and am greatly grieved by the inevitable calamities of mankind. And I should be very solicitous for your safety if it were clear to me that you have come here in search of a habitation and that, contented with a suitable share of the land and enjoying in a spirit of friendship what shall be given you, you will not endeavour to deprive me of the sovereignty by force; and if the assurances you give me are real, I desire to give and receive pledges which will preserve our compact inviolate.”

[1] Αἰνείου δὲ ἐπαινέσαντος τὰ λεγόμενα γίνονται συνθήκαι τοῖς ἔθνεσιν ἐφ’ ὀρκίῳν τοιαίδε: Ἀβοριγῖνας μὲν Τρωσὶ δοῦναι χώραν ὅσῃν ἤξiou ἀμφὶ τοὺς τετταράκοντα σταδίους πανταχοῦ πορευομένοις ἀπὸ τοῦ λόφου: Τρῶας δὲ Ἀβοριγῖσι τοῦ τ’ ἐν χερσὶ πολέμου συλλαβέσθαι καὶ ὅπου ἂν ἄλλη παρακαλῶνται συστρατεύειν: κοινῇ δὲ ἀμφοτέρους τὰ κράτιστα ὑπὲρ ἀλλήλων πράττειν καὶ χειρὶ καὶ γνώμῃ.

[59.1] Aeneas having accepted this proposal, a treaty was made between the two nations and confirmed by oaths to this effect: the Aborigines were to grant to

the Trojans as much land as they desired, that is, the space of about forty stades in every direction from the hill; the Trojans, on their part, were to assist the Aborigines in the war they were then engaged in and also to join them with their forces upon every other occasion when summoned; and, mutually, both nations were to aid each other to the utmost of their power, both with their arms and with their counsel.

[2] συνθέμενοι δὲ ταῦτα καὶ τέκνων ὁμηρεΐαις τὰς πίστεϊς βεβαιώσαντες κοινῇ στρατεύουσιν ἐπὶ τὰς πόλεις τῶν Ῥωτόλων: δι' ὀλίγου δὲ τάκεϊ πάντα χειρωσάμενοι παρῆσαν ἐπὶ τὸ πόλισμα τὸ Τρωικὸν ἡμιτελὲς ἔτ' ὃν καὶ μιᾷ προθυμίᾳ πάντες χρώμενοι τειχίζουσιν αὐτό.

[2] After they had concluded this treaty and had given pledges by handing over children as hostages, they marched with joint forces against the cities of the Rutulians; and having soon subdued all opposition there, they came to the town of the Trojans, which was still but half-finished, and all working with a common zeal, they fortified the town with a wall.

[3] ὄνομα δὲ τῷ κτίσματι Αἰνείας τίθεται Λαουίνιον, ὡς μὲν αὐτοὶ Ῥωμαῖοι λέγουσιν ἀπὸ τῆς Λατίνου θυγατρὸς, ἣ Λαῦναν εἶναι φασὶ τοῦνομα: ὡς δ' ἄλλοι [p. 96] τινὲς τῶν Ἑλληνικῶν μυθογράφων ἔλεξαν, ἀπὸ τῆς Ἀνίου τοῦ Δηλίων βασιλέως θυγατρὸς, Λαῦνας καὶ τῆς2δε ὀνομαζομένης, ἥς ἀποθανούσης νόσῳ περὶ τὸν οἰκισμὸν τῆς πόλεως πρώτης καὶ ἐν ᾧ ἔκαμε χωρίῳ ταφείσης μνήμα γενέσθαι τὴν πόλιν. συμπλεῦσαι δ' αὐτὴν τοῖς Τρωσὶ λέγεται δοθεῖσαν ὑπὸ τοῦ πατρὸς Αἰνεία δεθέντι μαντικὴν οὔσαν καὶ σοφὴν.

[3] This town Aeneas called Lavinium, after the daughter of Latinus, according to the Romans' own account; for her name, they say, was Lavinia. But according to some of the Greek mythographers he named it after the daughter of Anius, the king of the Delians, who was also called Lavinia; for as she was the first to die of illness at the time of the building of the city and was buried in the place where she died, the city was made her memorial.

[4] λέγεται δὲ κατὰ τὸν πολιισμόν τοῦ Λαουίνιου σημεῖα τοῖς Τρωσὶ γενέσθαι τοιάδε: πυρὸς αὐτομάτως ἀναφθέντος ἐκ τῆς νάπης λύκον μὲν κομίζοντα τῷ στόματι τῆς ξηρᾶς ὕλης ἐπιβάλλειν ἐπὶ τὸ πῦρ, αἰτὸν δὲ προσπετόμενον ἀναρριπίζειν τῇ κινήσει τῶν πετερυγῶν τὴν φλόγα: τούτοις δὲ τάναντια μηχανωμένην ἀλώπεκα τὴν οὐρὰν διάβροχον ἐκ τοῦ ποταμοῦ φέρουσιν ἐπιρραπίζειν τὸ καίομενον πῦρ, καὶ τοτὲ μὲν τοὺς ἀνάπτοντας ἐπικρατεῖν, τοτὲ δὲ τὴν ἀποσβέσαι βουλομένην: τέλος δὲ νικῆσαι τοὺς δύο, καὶ τὴν ἑτέραν οἶχεσθαι μηδὲν ἔτι ποιεῖν δυναμένην.

[4] She is said to have embarked with the Trojans after having been given by her father to Aeneas at his desire as a prophetess and a wise woman. While Lavinium was building, the following omens are said to have appeared to the

Trojans. When a fire broke out spontaneously in the forest, a wolf, they say, brought some dry wood in his mouth and threw it upon the fire, and an eagle, flying thither, fanned the flame with the motion of his wings. But working in opposition to these, a fox, after wetting his tail in the river, endeavoured to beat out the flames; and now those that were kindling it would prevail, and now the fox that was trying to put it out. But at last the two former got the upper hand, and the other went away, unable to do anything further.

[5] ἰδόντα δὲ τὸν Αἰνείαν εἰπεῖν ὥς ἐπιφανῆς μὲν ἔσται καὶ θαυμαστὴ καὶ γνώσεως ἐπὶ πλεῖστον ἡξούσα ἢ ἀποικία, ἐπίφθορος δὲ τοῖς πέλας αὐξομένη καὶ λυπηρά, κρατήσει δ' ὅμως τῶν ἀντιπραττόντων κρείττονα τὴν ἐκ τοῦ θεοῦ τύχην λαβοῦσα τοῦ παρ' ἀνθρώπων ἐναντιωσομένου φθόνου. ταῦτα μὲν δὴ οὕτω περιφανῇ μηνύματα [p. 97] λέγεται γενέσθαι τῶν συμβησομένων τῇ πόλει, καὶ ἔστιν αὐτῶν μνημεῖα ἐν τῇ Λαουινιατῶν ἀγορᾷ χαλκᾷ εἰδῶλα τῶν ζώων ἐκ πολλοῦ πάνυ χρόνου διατηρούμενα.

[5] Aeneas, on observing this, said that the colony would become illustrious and an object of wonder and would gain the greatest renown, but that as it increased it would be envied by its neighbours and prove grievous to them; nevertheless, it would overcome its adversaries, the good fortune that it had received from Heaven being more powerful than the envy of men that would oppose it. These very clear indications are said to have been given of what was to happen to the city; of which there are monuments now standing in the forum of the Lavinians, in the form of bronze images of the animals, which have been preserved for a very long time.

[1] ἔπειδ' ἂν κατεσκευάσθῃ τοῖς Τρωσὶν ἡ πόλις, ἐπιθυμία πάντας ἴσχειν ἰσχυρὰ τοῦ παρ' ἀλλήλων ἀπολαῦσαι χρησίμου, καὶ οἱ βασιλεῖς αὐτῶν πρῶτοι ἄρχουσι μίξαντες τοῦ τε ἐπιχωρίου καὶ τοῦ ἐπήλυδος γένους τὴν ἀξίωσιν ἐπὶ συναλλαγαῖς γάμου, δόντος Λατίνου τὴν θυγατέρα Λαῦναν Αἰνείᾳ γυναικα.

[60.1] After the Trojans' city was built all were extremely desirous of enjoying the mutual benefit of their new alliance. And their kings setting the example, united the excellence of the two races, the native and the foreign, by ties of marriage, Latinus giving his daughter Lavinia to Aeneas.

[2] ἔπειτα καὶ οἱ ἄλλοι τὴν αὐτὴν τοῖς βασιλεῦσιν ἐπιθυμίαν λαβόντες καὶ δι' ὀλίγου πάνυ χρόνου συνενεγκάμενοι ἔθῃ καὶ νόμους καὶ θεῶν ἱερά, κηδεῖας τε συνάφαντες ἀλλήλοις καὶ κοινωνίας πολέμων ἀνακεράσθέντες, οἱ σύμπαντες κοινῇ ὀνομασίᾳ προσαγορεύοντες ἑαυτοὺς ἀπὸ τοῦ βασιλέως τῶν Ἀβοριγίνων Λατίνους, οὕτω βεβαίως ἔμειναν ἐπὶ τοῖς συγκειμένοις, ὥστ' οὐδεὶς αὐτοὺς ἔτι χρόνος ἀπ' ἀλλήλων διέστησε.

[2] Thereupon the rest also conceived the same desire as their kings; and combining in a very brief time their customs, laws and religious ceremonies,

forming ties through intermarriages and becoming mingled together in the wars they jointly waged, and all calling themselves by the common name of Latins, after the king of the Aborigines, they adhered so firmly to their pact that no lapse of time has yet severed them from one another.

[3] τὰ μὲν δὴ συνελθόντα ἔθνη καὶ κοινωσάμενα τοὺς βίους, ἐξ ὧν τὸ Ῥωμαίων γένος ὥρμηται, πρὶν ἣν νῦν ἔχουσιν οἰκισθῆναι πόλιν, ταῦτά ἐστιν: Ἀβοριγῖνες μὲν πρῶτον, οἱ Σικελοὺς ἐξανέστησαν ἐκ τούτων τῶν χωρίων, Ἕλληνες ὄντες τὸ ἀρχαῖον ἐκ Πελοποννήσου [p. 98] τῶν σὺν Οἰνώτρῳ μετενεγκαμένων τῇν οἴκησιν ἐκ τῆς καλουμένης νῦν Ἀρκαδίας, ὡς ἐγὼ πείθομαι: ἔπειθ' οἱ μεταναστάντες ἐκ τῆς τότε μὲν Αἰμονίας, νῦν δὲ Θετταλίας καλουμένης, Πελασγοί: τρίτοι δὲ οἱ σὺν Εὐάνδρῳ παραγενηθέντες εἰς Ἰταλίαν ἐκ Παλλαντίου πόλεως: μετὰ δὲ τούτους τῶν σὺν Ἡρακλεῖ στρατευομένων Πελοποννησίων Ἐπειοὶ τε καὶ Φενεᾶται, οἷς καὶ Τρωικὸν τι ἐμμέμικται: τελευταῖοι δὲ οἱ διασωθέντες σὺν Αἰνείᾳ Τρῳῆς ἐξ Ἰλίου τε καὶ Δαρδάνου καὶ τῶν ἄλλων Τρωικῶν πόλεων.

[3] The nations, therefore, which came together and shared in a common life and from which the Roman people derived their origin before the city they now inhabit was built, are these: first, the Aborigines, who drove the Sicels out of these parts and were originally Greeks from the Peloponnesus, the same who with Oenotrus removed from the country now called Arcadia, according to my opinion; then, the Pelasgians, who came from Haemonia, as it was then called, but now Thessaly; third, those who came into Italy with Evander from the city of Pallantium; after them the Epeans and Pheneats, who were part of the Peloponnesian army commanded by Hercules, with whom a Trojan element also was commingled; and, last of all, the Trojans who had escaped with Aeneas from Ilium, Dardanus and the other Trojan cities.

[61.1] That the Trojans, too, were a nation as truly Greek as any and formerly came from the Peloponnesus has long been asserted by some authors and shall be briefly related by me also. The account concerning them is as follows. Atlas was the first king of the country now called Arcadia, and he lived near the mountain called Thaumasius. He had seven daughters, who are said to be numbered now among the constellations under the name of the Pleiades; Zeus married one of these, Electra, and had by her two sons, Iasus and Dardanus.

[2] γεννᾷ παῖδας ἐξ αὐτῆς Ἴασον καὶ Δάρδανον. Ἴασος μὲν οὖν ἡίθεος μένει,

Δάρδανος δὲ ἄγεται γυναῖκα Χρύσην Πάλλαντος θυγατέρα, ἐξ ἧς αὐτῷ γίνονται παῖδες Ἰδαῖος καὶ Δεῖμας. οὗτοι τέως μὲν ἐν Ἀρκαδίᾳ παραλαβόντες τὴν Ἄτλαντος δυναστείαν ἐβασίλευον, ἔπειτα κατακλυσμοῦ γενομένου μεγάλου περὶ τὴν Ἀρκαδίαν τὰ μὲν πεδία ἐξελιμνώθη καὶ πολλοῦ [p. 99] χρόνου γεωργεῖσθαι ἀδύνατα ἦν, οἱ δὲ ἄνθρωποι ὥκουν γὰρ ἀνὰ τὰ ὄρη γλίσχρως ποριζόμενοι τὰς τροφάς· συμφρονήσαντες ὡς οὐχ ἱκανὴ βόσκειν ἔσται πάντας ἡ περιοῦσα γῆ νέμονται σφᾶς αὐτοὺς διχῆ: καὶ αὐτῶν οἱ μὲν ἐν Ἀρκαδίᾳ ὑπομένουσι βασιλέα καταστησάμενοι Δεῖμαντα τὸν Δαρδάνου, οἱ δὲ λοιποὶ

[2] Iasus remained unmarried, but Dardanus married Chrysê, the daughter of Pallas, by whom he had two sons, Idaeus and Deimas; and these, succeeding Atlas in the kingdom, reign for some time in Arcadia. Afterwards, a great deluge occurring throughout Arcadia, the plains were overflowed and for a long time could not be tilled; and the inhabitants, living upon the mountains and eking out a sorry livelihood, decided that the land remaining would not be sufficient for the support of them all, and so divided themselves into two groups, one of which remained in Arcadia, after making Deimas, the son of Dardanus, their king, while the other left the Peloponnesus on board a large fleet.

[3] ἀπανίστανται Πελοποννήσου στόλῳ μεγάλῳ. ποιούμενοι δὲ τὸν πλοῦν παρὰ τὴν Εὐρώπην εἰς τὸν Μέλανα καλούμενον ἀφικνοῦνται κόλπον καὶ τυγχάνουσιν ἐν νήσῳ τινὶ τῆς Θράκης ὀρμισάμενοι, ἣν οὐκ ἔχω εἰπεῖν εἴτε ἦν οἰκουμένη καὶ πρότερον, εἴτ' ἔρημος: ἣ τίθενται τοῦνομα σύνθετον ἐκ τε ἀνδρὸς καὶ τόπου, Σαμοθράκην: τὸ μὲν γὰρ χωρίον τῆς Θράκης, ὃ δὲ οἰκιστὴς Σάμων, υἱὸς Ἑρμοῦ καὶ νύμφης Κυλληνίδος Πήνης ὀνομαζομένης.

[3] And sailing along the coast of Europe, they came to a gulf called Melas and chanced to land on a certain island of Thrace, as to which I am unable to say whether it was previously inhabited or not. They called the island Samothrace, a name compounded of the name of a man and the name of a place. For it belongs to Thrace and its first settler was Samon, the son of Hermes and a nymph of Cyllenê, named Rhenê.

[4] ἐκεῖ δὲ χρόνον οὐ πολὺν διατρίψαντες, ὡς οὐκ εὐμαρὴς ἦν ὁ βίος αὐτοῖς γῇ τε λυπρᾷ καὶ θαλάττῃ ἀγρία μαχομένοις, ὀλίγους τινὰς ἐν τῇ νήσῳ λειπόμενοι ἀπανίστανται πάλιν οἱ πλείους εἰς τὴν Ἀσίαν ἔχοντες ἡγεμόνα τῆς ἀποικίας Δάρδανον: Ἴασος γὰρ ἐν τῇ νήσῳ κεραυνῷ πληγείς τελευτᾷ Δήμητρος εὐνῆς ὀριγνώμενος οἱ ἔχειν: ποιησάμενοί τε τὴν ἀπόβασιν ἐν τῷ καλουμένῳ νῦν Ἑλλησπόντῳ περὶ τὴν ὕστερον κληθεῖσαν οἰκίζονται Φρυγίαν, [p. 100] Ἰδαῖος μὲν ὁ Δαρδάνου μέρος τῆς στρατιᾶς ἔχων ἐν τοῖς ὄρεσιν, ἃ νῦν Ἰδαῖα ἀπ' ἐκείνου λέγεται, ἐνθα μητρὶ θεῶν ἱερὸν ἰδρυσάμενος ὄργια καὶ τελετὰς κατεστήσατο, αἱ καὶ εἰς τὸδε χρόνον διαμένουσιν ἐν ἀπάσῃ Φρυγίᾳ: Δάρδανος δ' ἐν τῇ καλουμένῃ νῦν Τρωάδι πόλιν ὁμώνυμον αὐτῷ κατασκευάσας, δόντος αὐτῷ τὰ χωρία Τεύκρου

[4] Here they remained but a short time, since the life proved to be no easy one for them, forced to contend, as they were, with both a poor soil and a boisterous sea; but leaving some few of their people in the island, the greater part of them removed once more and went to Asia under Dardanus as leader of their colony (for Iasus had died in the island, being struck with a thunderbolt for desiring to have intercourse with Demeter), and disembarking in the strait now called the Hellespont, they settled in the region which was afterwards called Phrygia. Idaeus, the son of Dardanus, with part of the company occupied the mountains which are now called after him the Idaean mountains, and there built a temple to the Mother of the Gods and instituted mysteries and ceremonies which are observed to this day throughout all Phrygia. And Dardanus built a city named after himself in the region now called the Troad; the land was given to him by Teucer, the king, after whom the country was anciently called Teucris.

[5] τοῦτον δὲ ἄλλοι τε πολλοὶ καὶ Φανόδημος ὁ τὴν Ἀττικὴν γράψας ἀρχαιολογίαν ἐκ τῆς Ἀττικῆς μετοικῆσαι φασιν εἰς τὴν Ἀσίαν δῆμου Ἐυπεταίως ἄρχοντα καὶ πολλὰ παρέχονται τοῦ λόγου τεκμήρια. κρατήσαντα δὲ χώρας συχνῆς τε καὶ ἀγαθῆς καὶ οὐ πολὺ τὸ ἐπιχώριον ἐχοῦσης γένος ἀσμένως τὸν Δάρδανον ἰδεῖν καὶ τὸ σὺν αὐτῷ παραγενόμενον Ἑλληνικόν, τῶν τε πρὸς τοὺς βαρβάρους πολέμων συμμαχίας ἔνεκα καὶ ἵνα ἢ γῆ μὴ ᾗ ἔρημος.

[5] Many authors, and particularly Phanodemus, who wrote about the ancient lore of Attica, say that Teucer had come into Asia from Attica, where he had been chief of the deme called Xypetê, and of this tale they offer many proofs. They add that, having possessed himself of a large and fertile country with but a small native population, he was glad to see Dardanus and the Greeks who came with him, both because he hoped for their assistance in his wars against the barbarians and because he desired that the land should not remain unoccupied.

[1] ἀπαιτεῖ δὲ ὁ λόγος καὶ τὸν Αἰνείαν ἐξ ὧν ἔφθι διηγήσασθαι: βραχεῖα δὲ καὶ τοῦτο δηλώσει σημανῶ. Δάρδανος ἐπειδὴ Χρύσην τὴν Πάλλαντος θυγατέρα, ἐξ ἧς οἱ πρότεροι παῖδες ἐγένοντο αὐτῷ, τελευτῆσαι συνέπεσε, Βάτειαν γαμῆ τὴν Τεύκρου θυγατέρα: καὶ γίνεται παῖς αὐτῷ Ἐριχθόνιος, ὃς ἀπάντων ἀνθρώπων εὐδαιμονέστατος λέγεται γενέσθαι τῆς τε πατρῴας καὶ τῆς ὑπὸ τῷ μητροπάτορι γενομένης [p. 101]

[62] But the subject requires that I relate also how Aeneas was descended: this, too, I shall do briefly. Dardanus, after the death of Chrysê, the daughter of Pallas, by whom he had his first sons, married Bateia, the daughter of Teucer, and by her had Erichthonius, who is said to have been the most fortunate of all men, since he inherited both the kingdom of his father and that of his maternal

grandfather.

[2] κληρονομήσας ἀρχῆς. Ἐριχθονίου δὲ καὶ Καλλιρρόης τῆς Σκαμάνδρου γίνεται Τρώς, ἀφ' οὗ τὴν ἑπωνυμίαν τὸ ἔθνος ἔχει: Τρωὸς δὲ καὶ Ἀκαλλαρίδος τῆς Εὐμήδους Ἀσσάρακος ἦν: τοῦτου δὲ καὶ Κλυτοδώρας τῆς Λαομέδοντος Κάπυς: Κάπυος δὲ καὶ νύμφης Ναϊάδος Ἱερομνήμης Ἀγχίσης: Ἀγχίσου δὲ καὶ Ἀφροδίτης Αἰνείας. ὥς μὲν δὴ καὶ τὸ Τρωικὸν γένος Ἑλληνικὸν ἀρχῆθεν ἦν δεδῆλωται μοι.

[2] Of Erichthonius and Callirrhoê, the daughter of Scamander, was born Tros, from whom the nation has received its name; of Tros and Acallaris, the daughter of Eumedes, Assaracus; of Assaracus and Clytadora, the daughter of Laomedon, Capys; of Capys and a Naiad nymph, Hieromnemê, Anchises; of Anchises and Aphrodîtê, Aeneas. Thus I have shown that the Trojan race, too, was originally Greek.

[1] περὶ δὲ τῶν χρόνων ἐν οἷς ἐκτίσθη τὸ Λαουῖνιον ἄλλοι μὲν ἄλλως λέγουσιν: ἐμοὶ μέντοι δοκοῦσιν οἱ δευτέρῳ μετὰ τὴν ἔξοδον τὴν ἐκ Τροίας ἔτει φέροντες αὐτὴν εἰκότα μᾶλλον λέγειν. Ἴλιος μὲν γὰρ ἐάλω τελευτῶντος ἤδη τοῦ θέρους, ἑπτακαίδεκα πρότερον ἡμέραις τῆς θερινῆς τροπῆς, ὀγδόῃ φθίνοντος μηνὸς Θαργηλιῶνος, ὥς Ἀθηναῖοι τοὺς χρόνους ἄγουσι, περιτταὶ δὲ ἦσαν αἱ τὸν ἐνιαυτὸν ἐκεῖνον ἐκπληροῦσαι μετὰ τὴν τροπὴν εἴκοσιν ἡμέραι. ἐν δὴ ταῖς ἑπτὰ καὶ τριάκοντα ταῖς ἀπὸ τῆς ἀλώσεως διαγενομέναις τὰ τε περὶ τὴν πόλιν οἶομαι διοικήσασθαι τοὺς Ἀχαιοὺς καὶ τὰς πρεσβείας ἐπιδέξασθαι τὰς παρὰ τῶν ἀφροστηκότων καὶ τὰ ὄρκια ποιήσασθαι πρὸς αὐτοῦς:

[63.1] Concerning the time when Lavinium was built there are various reports, but to me the most probable seems to be that which places it in the second year after the departure of the Trojans from Troy. For Ilium was taken at the end of the spring, seventeen days before the summer solstice, and the eighth from the end of the month Thargelion, according to the calendar of the Athenians; and there still remained twenty days after the solstice to complete that year. During the thirty-seven days that followed the taking of the city I imagine the Achaeans were employed in regulating the affairs of the city, in receiving embassies from those who had withdrawn themselves, and in concluding a treaty with them.

[2] τῷ δ' ἐξῆς ἔτει, πρώτῳ δὲ μετὰ τὴν [p. 102] ἄλωσιν ὑπὸ τὴν μετοπωρινὴν ἰσημερίαν ἄραντες οἱ Τρῶες ἐκ τῆς γῆς περαιοῦνται τὸν Ἑλλήσποντον καὶ καταχθέντες εἰς τὴν Θράκην αὐτοῦ διατρίβουσι τὴν χειμερινὴν ὥραν δεχόμενοι τε τοὺς ἐπισυνιόντας ἐκ τῆς φυγῆς καὶ παρασκευαζόμενοι τὰ εἰς τὸν ἀπόπλουν. ἐκ δὲ τῆς Θράκης ἀναστάντες ἕαρος ἀρχομένου τελοῦσι τὸν μεταξὺ πλοῦν ἄχρι Σικελίας: ἐκεῖ δὲ ὁρμισαμένοις αὐτοῖς τὸ ἔτος τοῦτο τελευτᾷ, καὶ διατρίβουσι τὸν δεῦτερον χειμῶνα τὰς πόλεις συνοικίζοντες τοῖς Ἑλύμοις ἐν Σικελίᾳ.

[2] In the following year, which was the first after the taking of the city, the Trojans set sail about the autumnal equinox, crossed the Hellespont, and landing in Thrace, passed the winter season there, during which they received the fugitives who kept flocking to them and made the necessary preparations for their voyage. And leaving Thrace in the beginning of spring, they sailed as far as Sicily; when they had landed there that year came to an end, and they passed the second winter in assisting the Elymians to found their cities in Sicily.

[3] πλοῖμων δὲ γενομένων ἄραντες ἀπὸ τῆς νήσου περῶσι τὸ Τυρρηνικὸν πέλαγος καὶ τελευτῶντες εἰς Λωρεντὸν ἀφικνοῦνται τὸν Ἀβοριγίνων αἰγιαλὸν μεσοῦσης θερείας. λαβόντες δὲ τὸ χωρίον οἰκίζουσιν ἐν αὐτῷ Λαουίνιον τὸν δεῦτερον ἀπὸ τῆς ἀλώσεως ἐκπληρώσαντες ἐνιαυτόν. καὶ περὶ μὲν τούτων ὡς ἔχω δόξης δεδήλωται μοι.

[3] But as soon as conditions were favourable for navigation they set sail from the island, and crossing the Tyrrhenian sea, arrived at last at Laurentum on the coast of the Aborigines in the middle of the summer. And having received the ground from them, they founded Lavinium, thus bringing to an end the second year from the taking of Troy. With regard to these matters, then, I have thus shown my opinion.

[1] Αἰνείας δὲ κατασκευάσας ἱεροῖς τε καὶ τοῖς ἄλλοις κόσμοις ἀποχρώντως τὴν πόλιν, ὣν τὰ πλεῖστα ἔτι καὶ εἰς ἐμὲ ἦν, τῷ μὲν ἑξῆς ἐνιαυτῷ, τρίτῳ δὲ ἀπὸ τῆς ἐξόδου, Τρώων ἐβασίλευσε μόνων: τῷ δὲ τετάρτῳ τελευτήσαντος Λατίνου καὶ τὴν ἐκεῖνον βασιλείαν παραλαμβάνει τῆς τε κηδεῖας οἰκειότητι τῆς πρὸς αὐτὸν ἐπικλήρου τῆς Λαύνας γενομένης μετὰ τὸν Λατίνου θάνατον καὶ τοῦ πρὸς τοὺς ἄστρυγεῖτονας πολέμου τῆς στρατηγίας ἕνεκα.

[64.1] But when Aeneas had sufficiently adorned the city with temples and other public buildings, of which the greatest part remained even to my day, the next year, which was the third after his departure from Troy, he reigned over the Trojans only. But in the fourth year, Latinus having died, he succeeded to his kingdom also, not only in consideration of his relationship to him by marriage, Lavinia being the heiress after the death of Latinus, but also because of his being commander in the war against the neighbouring tribes.

[2] ἀπέστησαν γὰρ αὖθις ἀπὸ τοῦ Λατίνου Ῥότολοι λαβόντες ἡγεμόνα τῶν αὐτομόλων τινὰ τῆς Λατίνου γυναικὸς [p. 103] Ἀμίτας ἀνεψιὸν ὄνομα Τυρρηνόν. ὁ δὲ ἀνὴρ οὗτος ἐπὶ τῷ γάμῳ τῆς Λαύνας τὸν κηδεστήν μεμφόμενος, ὅτι παρελθὼν τὸ συγγενὲς ὀθνείοις ἐκῆδευσε, τῆς τε Ἀμίτας παροξυνούσης καὶ ἄλλων τινῶν συλλαμβανόντων ἄγων τὴν δύναμιν, ἧς αὐτὸς ἦρχε, προστίθεται τοῖς Ῥότολοις.

[2] For the Rutulians had again revolted from Latinus, choosing for their leader one of the deserters, named Tyrrhenus, who was a nephew of Amata, the wife

of Latinus. This man, blaming Latinus in the matter of Lavinia's marriage, because he had ignored his kinsmen and allied his family with outsiders, and being goaded on by Amata and encouraged by others, had gone over to the Rutulians with the forces he commanded.

[3] πολέμου δ' ἐκ τῶν ἐγκλημάτων τούτων γενομένου καὶ μάχης ἰσχυρᾶς Λατῖνός τε ἀποθνήσκει καὶ Τυρρηνὸς καὶ τῶν ἄλλων συχνοί, κρατοῦσι δ' ὅμως οἱ σὺν Αἰνείᾳ. ἐκ δὲ τούτου τὴν ὑπὸ τῷ κηδεστῇ γενομένην ἀρχὴν Αἰνείας παραλαμβάνει. τρία δὲ βασιλεύσας ἔτη μετὰ τὴν Λατίνου τελευτὴν τῷ τετάρτῳ θνήσκει κατὰ πόλεμον.

[3] War arose out of these complaints and in a sharp battle that ensued Latinus, Tyrrhenus and many others were slain; nevertheless, Aeneas and his people gained the victory. Thereupon Aeneas succeeded to the kingdom of his father-in-law; but when he had reigned three years after the death of Latinus, in the fourth he lost his life in battle.

[4] Ῥότολοι τε γὰρ ἐκ τῶν πόλεων στρατεύουσιν ἅπαντες ἐπ' αὐτόν, καὶ σὺν αὐτοῖς βασιλεὺς Τυρρηνῶν Μεσέντιος δεισας περὶ τῆς αὐτοῦ χώρας, ἥδη γὰρ ἐπὶ μέγα χωροῦσαν τὴν Ἑλληνικὴν ὀρῶν δύναμιν ἤχθετο. μάχης δὲ γενομένης καρτερᾶς οὐ πρόσω τοῦ Λαουινίου καὶ πολλῶν ἐκατέρωθεν ἀπολομένων τὰ μὲν στρατεύματα νυκτὸς ἐπελθούσης διελύθη, τὸ δὲ Αἰνείου σῶμα φανερόν οὐδαμῇ γενόμενον οἱ μὲν εἰς θεοὺς μεταστῆναι εἵκαζον, οἱ δ' ἐν τῷ ποταμῷ, παρ' ὃν ἡ μάχη ἐγένετο, διαφθάρῃαν.

[4] For the Rutulians marched out in full force from their cities against him, and with them Mezentius, king of the Tyrrhenians, who thought his own country in danger; for he was troubled at seeing the Greek power already making rapid headway. A severe battle took place not far from Lavinium and many were slain on both sides, but when night came on the armies separated; and when the body of Aeneas was nowhere to be seen, some concluded that it had been translated to the gods and others that it had perished in the river beside which the battle was fought.

[5] καὶ αὐτῷ κατασκευάζουσιν οἱ Λατῖνοι ἡρώον ἐπιγραφῇ τοιαύδε κοσμούμενον: πατρὸς θεοῦ χθονίου, ὃς ποταμοῦ Νομικίου ῥεῦμα διέπει. εἰσὶ δ' οἱ λέγουσιν ἐπ' Ἀγχίσῃ [p. 104] κατασκευασθῆναι αὐτὸ ὑπ' Αἰνείου, ἐνιαντῷ πρότερον τοῦ πολέμου τούτου τελευτήσαντι. ἔστι δὲ χωμάτιον οὐ μέγα καὶ περὶ αὐτὸ δένδρα στοιχηδὸν πεφυκότα θέας ἄξια.

[5] And the Latins built a hero-shrine to him with this inscription: "To the father and god of this place, who presides over the waters of the river Numicius." But there are some who say the shrine was erected by Aeneas in honour of Anchises, who died in the year before this war. It is a small mound, round which have been set out in regular rows trees that are well worth seeing.

[1] Αἰνείου δ' ἐξ ἀνθρώπων μεταστάντος ἐβδόμῳ μάλιστα ἔτει μετὰ τὴν Ἰλίου ἄλωσιν Εὐρυλέων παρέλαβε τὴν Λατίνων ἡγεμονίαν ὁ μετονομασθεὶς Ἀσκάnios ἐν τῇ φυγῇ. ἦσαν δὲ τειχῆρεις οἱ Τρῶες ἐν τῷ χρόνῳ τούτῳ, καὶ τοῖς μὲν πολεμίοις αἰεὶ προσῆι δύναιμι, αἱ δὲ τῶν Λατίνων ἀδύνατοι ἦσαν τοῖς ἐν τῷ Λαουινίῳ πολιορκούμενοις ἐπικουρεῖν.

[65.1] Aeneas having departed this life about the seventh year after the taking of Troy, Euryleon, who in the flight had been renamed Ascanius, succeeded to the rule over the Latins. At this time the Trojans were undergoing a siege; the forces of the enemy were increasing daily, and the Latins were unable to assist those who were shut up in Lavinium.

[2] τὸ μὲν δὴ πρῶτον εἰς φιλίαν τε καὶ συνθήκας μετρίας προὔκαλοῦντο τοὺς πολεμίους οἱ περὶ τὸν Ἀσκάnios: ὥς δ' οὐδὲν προσεῖχον αὐτοῖς, ἐπιτρέπειν ἐκείνοις ἡναγκάζοντο καταλῦσασθαι τὸν πόλεμον ἐφ' οἷς ἂν αὐτοὶ δικαιοῦσι. τοῦ δὲ βασιλέως τῶν Τυρρηνῶν τὰ τε ἄλλα ὡς δεδουλωμένοις ἀφόρητα ἐπιτάσσοντος καὶ τὸν οἶνον ὅσον ἂν ἡ Λατίνων γῇ φέρῃ Τυρρηνοῖς ἀπάγειν ἀνὰ πᾶν ἔτος, οὐκ ἀνασχετὸν ἡγησάμενοι τὸ πρᾶγμα τῆς μὲν ἀμπέλου τὸν καρπὸν ἱερὸν ἐψηφίσαντο τοῦ Διὸς εἶναι γνώμην ἀγορεύσαντος Ἀσκανίου, αὐτοὶ δὲ ἀλλήλοις παρακελευσάμενοι προθύμοις ἀγωνισταῖς γενέσθαι καὶ θεοὺς αἰτήσάμενοι συλλαβέσθαι τοῦ κινδυνεύματος ἐξῆλθον ἐκ τῆς πόλεως φυλάξαντες νύκτ' ἄσέλῃνον.

[2] Ascanius and his men, therefore, first invited the enemy to a friendly and reasonable accommodation, but when no heed was paid to them, they were forced to allow their enemies to put an end to the war upon their own terms. When, however, the gate of the Tyrrhenians, among other intolerable conditions that he imposed upon them, as upon a people already become his slaves, commanded them to bring to the Tyrrhenians every year all the wine the country of the Latins produced, they looked upon this as a thing beyond all endurance, and following the advice of Ascanius, voted that the fruit of the vine should be sacred to Jupiter. Then, exhorting one another to prove their zeal and valour and praying the gods to assist them in their dangerous enterprise, they fixed upon a moonless night and sallied out of the city.

[3] εὐθὺς δὲ προσβαλόντες τῷ χάρακι τῶν πολέμιων, ὃς ἐγγυτάτῳ τῆς πόλεως ἔκειτο καὶ [p. 105] ἦν προτειχισμα τῆς ἄλλης δυνάμεως ἐν ἐρυμνῷ τε κατεσκευασμένος χωρίῳ καὶ τὴν κρατίστην νεότητα Τυρρηνῶν ἔχων, ἧς ἡγεῖτο Μεσεντίου παῖς Λαῦσος ὄνομα, οὐδενὸς προειδομένου τὴν ἔφοδον αἰροῦσιν εὐπετῶς τὸ ὀχύρωμα. ἐν ᾧ δὲ τὸ χωρίον τοῦτο ἥλiskeτο, φῶς τε ἄκαιρον ὀρῶντες οἱ ἐν τοῖς πεδίοις ἐστρατοπεδευκότες καὶ βοήν τῶν ἀπολλυμένων ἀκούοντες ἔφευγον ἐκλιπόντες τοὺς πεδινοὺς τόπους ἐπὶ τὰ

[3] And they immediately attacked that part of the enemy's rampart which lay nearest to the city and which, being designed as an advanced post to cover the rest of their forces, had been constructed in a strong position and was

defended by the choicest youth of the Tyrrhenians, under the command of Lausus, the son of Mezentius; and their attack being unforeseen, they easily made themselves masters of the stronghold. While they were employed in taking this post, those of the enemy who were encamped on the plains, seeing an unusual light and hearing the cries of the men who were perishing, left the level country and were fleeing to the mountains.

[4] ὄρη. ἐν δὲ τούτῳ πολλὴ ἐγένετο ταραχὴ καὶ θόρυβος, οἷα ἐν νυκτὶ κινουμένης στρατιᾶς, ὥς αὐτίκα μάλα τῶν πολεμίων σφίσιν ἐπιθησομένων οὐ σὺν κόσμῳ οὐδὲ κατὰ τέλη τὴν ἔλασιν ποιούμενοις· οἱ δὲ Λατῖνοι, ἐπεὶδὴ τὸ τε φρούριον ἐξ ἐφόδου κατειλήφεσαν καὶ τὸ ἄλλο στράτευμα ἔμαθον τεταραγμένον, ἐπέκειντο αὐτοῖς κτείνοντες καὶ διώκοντες. τῶν δ' οὐχ ὅπως τις πρὸς ἀλκὴν τραπέσθαι ἐπεχείρησεν, ἀλλ' οὐδὲ μαθεῖν ἐν οἷς ἦσαν κακοῖς ἠδύνατο· ὑπὸ δὲ θορύβου καὶ ἀμηχανίας οἱ μὲν κατὰ κρημνῶν φερόμενοι διεφθείροντο, οἱ δ' εἰς φάραγγας ἀνεξόδους ἐμπίπτοντες ἠλίσκοντο, οἱ δὲ πλεῖστοι ἀγνοήσαντες ἀλλήλους ἀνὰ τὸ σκοτός ὅσα πολεμίους διέθεσαν, καὶ ὁ [p. 106] πλεῖστος αὐτῶν φθόρος ἀλληλοκτόνος ἐγένετο. [4] During this time there was great confusion and tumult, as was but natural with an army moving at night; for they expected the enemy would every moment fall upon them while they were withdrawing in disorder and with ranks broken. The Latins, after they had taken the fort by storm and learned that the rest of the army was in disorder, pressed after them, killing and pursuing. And not only did none of the enemy attempt to turn and resist, but it was not even possible for them to know in what evil plight they were, and in their confusion and helplessness some were falling over precipices and perishing, while others were becoming entangled in blind ravines and were being taken prisoner; but most of them, failing to recognize their comrades in the dark, treated them as enemies, and the greatest part of their loss was due to their slaying of one another.

[5] ὥς ὢν ἐν ἀπορίᾳ χρήματος, ἔπεμψε κήρυκας εἰς τὸ Λαουῖνιον περὶ φιλίας διαλεξομένους, Ἀσκανίου δὲ τοῖς Λατῖνοις ταμιεῦεσθαι τὴν τύχην συμβουλευόντος ἄδειαν εὐρόμενος ἀπῆλθεν ὑπόσπονδος μεθ' ὅσης εἶχε δυνάμεως καὶ τὸν ἀπὸ τοῦδε χρόνον ἅπαντα διαλυσάμενος τὴν ἔχθραν πρὸς τοὺς Λατῖνους βέβαιος φίλος ἦν.

[5] Mezentius with a few of his men seized a hill, but when he learned of the fate of his son and of the numbers he had lost and discovered the nature of the place in which he had shut himself up, realizing that he was packing in everything needful, he sent heralds to Lavinium to treat for peace. And since Ascanius advised the Latins to husband their good fortune, Mezentius obtained permission to retire under a truce with the forces he had left; and

from that time, laying aside all his enmity with the Latins, he was their consulate friend.

[1] τριακοστῷ δὲ ὕστερον ἔτει μετὰ τὴν κτίσιν τοῦ Λαουινίου πόλιν ἑτέραν οἰκίζει κατὰ τὸ γενόμενον Αἰνεΐα θέσφατον Ἀσκάnios ὁ Αἰνεΐου καὶ μεταγει τοὺς τ' ἐκ Λαουινίου καὶ τῶν ἄλλων Λατίνων ὅσοις ἦν βουλομένοις ἄμεινον οἰκεῖν εἰς τὴν νεόκτιστον, ὄνομα τῇ πόλει θέμενος Ἄλβαν. ἔστι δ' ἡ Ἄλβα καθ' Ἑλλάδα γλῶσσαν Λευκή, σαφηνισμοῦ δ' ἔνεκα διορίζεται παρ' ἑτέραν πόλιν ὁμώνυμον ἐπικλήσει τὸ σχῆμα ἐπικατηγοροῦσθαι, καὶ ἔστιν ὥσπερ σύνθετον ἦδη τοῦνομα ἐξ ἀμφοῖν Ἄλβα λόγγα, τοῦτο δ' ἔστι Λευκὴ μακρά.

[66.1] In the thirtieth year after the founding of Lavinium Ascanius, the son of Aeneas, in pursuance of the oracle given to his father, built another city and transferred both the inhabitants of Lavinium and the other Latins who were desirous of a better habitation to this newly-built city, which he called Alba. Alba means in the Greek tongue Leukê or "White"; but for the sake of clearness it is distinguished from another city of the same name by the addition of an epithet descriptive of its shape, and its name is now, as it were, a compound, made up of the two terms, Alba Longa, that is Leukê Makra or "Long White (town)."

[2] νῦν μὲν οὖν ἔρημός ἐστιν: ἐπὶ γὰρ Ὀσπιλίου Τύλλου Ῥωμαίων βασιλέως στασιάζειν δόξασα πρὸς τὴν ἀποικίαν περὶ τῆς ἀρχῆς ἀνηρέθη: τὸ [p. 107] δ' ἐν αὐτῇ πολιτευόμενον πλῆθος ἡ καθελοῦσα τὴν μητρόπολιν ὑπεδέξατο Ῥώμη. ἀλλὰ ταῦτα μὲν ἐν τοῖς ἱκνουμένοις χρόνοις ἐγένετο, ἡνίκα δὲ ὤκιζετο πρὸς ὄρει καὶ λίμνῃ κατεσκευάσθη τὸ μέσον ἐπέχουσα ἀμφοῖν, καὶ ἦν ὥσπερ τείχη τῆς πόλεως ταῦτα δυσάλωτον αὐτὴν ποιοῦντα. τὸ τε γὰρ ὄρος ἐν τοῖς πάνυ ὀχυρόν τε καὶ ὑψηλόν ἐστιν ἢ τε λίμνη βαθεῖα καὶ μεγάλη, καὶ αὐτὴν διὰ κλισιάδων ἀνοιγομένων ὑποδέχεται τὸ πεδῖον ταμειυομένων ὅποσον βούλονται τῶν ἀνθρώπων τὸ ὕδωρ.

[2] This city is now uninhabited, since in the time of Tullus Hostilius, king of the Romans, Alba seemed to be contending with her colony for the sovereignty and hence was destroyed; but Rome, though she razed her mother-city to the ground, nevertheless welcomed its citizens into her midst. But these events belong to a later time. To return to its founding, Alba was built near a mountain and a lake, occupying the space between the two, which served the city in place of walls and rendered it difficult to be taken. For the mountain is extremely strong and high and the lake is deep and large; and its waters are received by the plain when the sluices are opened, the inhabitants having it in their power to husband the supply as much as they wish.

[3] ὑπόκειται δὲ τῇ πόλει πεδία θαυμαστά μὲν ἰδεῖν, πλούσια δὲ καὶ οἶνους καὶ καρποὺς ἐξευεγκεῖν παντοδαποὺς καὶ οὐδὲν ἐνδεεστέρους τῆς ἄλλης Ἰταλίας, μάλιστα δὲ τὸν καλούμενον Ἄλβανὸν οἶνον ἡδὺν καὶ καλόν, ἔξω τοῦ Φαλερίνου λεγομένου τῶν γούν ἄλλων ἀπάντων διαφορώτατον.

[3] Lying below the city are plains marvellous to behold and rich in producing wines and fruits of all sorts in no degree inferior to the rest of Italy, and particularly what they call the Alban wine, which is sweet and excellent and, with the exception of the Falernian, certainly superior to all others.

[1] Ἐν δὲ τῇ κτίσει τῆς πόλεως θαῦμα μέγιστον λέγεται γενέσθαι. κατασκευασθέντος τοῖς ἔδεσι τῶν θεῶν, οὓς Αἰνείας ἐκ τῆς Τρωάδος ἠνέγκατο καὶ καθίδρυσεν ἐν τῷ Λαουινίῳ, ναοῦ χωρίον ἔχοντος ἄβατον καὶ τῶν ἱδρυμάτων ἐκ τοῦ Λαουινίου μετακομισθέντων ἐκ τοῦ νεῷ εἰς τοῦτον τὸν μυχόν, ὑπὸ τὴν ἐπιοῦσαν νύκτα κεκλεισμένων τε ὡς μάλιστα τῶν θυρῶν καὶ οὐδὲν παθόντων οὔτε περιβόλων οὔτε ὀροφῶν διαμειψαντα τὰ βρέτη τὴν στάσιν ἐπὶ τῶν [p. 108]

[67.1] While the city was building, a most remarkable prodigy is said to have occurred. A temple with an inner sanctuary had been built for the images of the gods which Aeneas had brought with him from the Troad and set up in Lavinium, and the statues had been removed from Lavinium to this sanctuary; but during the following night, although the doors were most carefully closed and the walls of the enclosure and the roof of the temple suffered no injury, the statues changed their position and were found upon their old pedestals.

[2] ἀρχαίων εὐρεθῆναι κείμενα βάθρων: μετακομισθέντα δὲ αὐθις ἐκ τοῦ Λαουινίου σὺν ἱκετείαις καὶ θυσίαις ἀρεσθηρίοις εἰς τὸ αὐτὸ χωρίον ὁμοίως ἀνελθεῖν. τοὺς δὲ ἀνθρώπους τέως μὲν ἀπορεῖν ὃ τι χρήσονται τοῖς πράγμασιν οὔτε διχα τῶν πατρῶων θεῶν οἰκεῖν ἄξιοῦντας οὔτε ἐπὶ τὴν ἐκλειφθεῖσαν οἴκησιν αὐθις ἀναστρέφειν, τελευτῶντας δὲ γνώμην εὐρέσθαι, ἣ ἔμελλεν ἀποχρώντως πρὸς ἀμφοτέρα ἔξειν: τὰ μὲν ἔδη κατὰ χώραν ἔῃσαι μένειν, ἄνδρας δὲ τοὺς ἐπιμελησομένους αὐτῶν ἐκ τῆς Ἄλβας εἰς τὸ Λαουίνιον αὐθις ἐποίκους μεταγαγεῖν. καὶ ἐγένοντο οἱ πεμφθέντες ἑξακόσιοι μελεδωνοὶ τῶν ἱερῶν αὐτοῖς μεταναστάντες ἐφεστίοις: ἡγεμὼν δ' ἐπ' αὐτοῖς ἐτάχθη Αἰγέστος.

[2] And after being brought back again from Lavinium with supplications and propitiatory sacrifices they returned in like manner to the same place. Upon this the people were for someone time in doubt what they should do, being unwilling either to live apart from their ancestral gods or to return again to their deserted habitation. But at last they hit upon an expedient which promised to meet satisfactorily both these difficulties. This was to let the images remain where they were and to conduct men back from Alba to Lavinium to live there and take care of them. Those who were sent to Lavinium to have charge of their rites were six hundred in number; they removed thither with their entire households, and Aegestus was appointed their chief.

[3] τοὺς δὲ θεοὺς τούτους Ῥωμαῖοι μὲν Πενάτας καλοῦσιν: οἱ δ' ἐξηρμηνεύοντες εἰς τὴν Ἑλλάδα γλῶσσαν τοῦνομα οἱ μὲν Πατρώους

[3] As for these gods, the Romans call them Penates. Some who translate the name into the Greek language render it Patrôoi, others Genethlioi, some Ktêsiori, others Mychioi, and still others Herkeioi. Each of these seems to be giving them their name from some one of their attributes, and it is probable that they are all expressing more or less the same idea.

[4] λέγειν. σχήματος δὲ καὶ μορφῆς αὐτῶν περὶ Τιμαῖος μὲν ὁ συγγραφεὺς ὧδε ἀποφαίνεται: κηρύκια σιδηρᾷ καὶ χαλκᾷ καὶ κέραμον Τρωικὸν εἶναι τὰ ἐν τοῖς ἀδύτοις τοῖς ἐν Λαουνίνῳ κείμενα ἱερά, πυθέσθαι δὲ [p. 109] αὐτὸς ταῦτα παρὰ τῶν ἐπιχωρίων. ἐγὼ δὲ ὅσα μὲν ὁρᾷ ἅπασιν οὐ θέμις οὔτε παρὰ τῶν ὁρώντων ἀκούειν οὔτε ἀναγράφειν οἶμαι δεῖν, νεμεσῶν δὲ καὶ τοῖς ἄλλοις, ὅσοι πλείω τῶν συγχωρουμένων ὑπὸ νόμου ζητεῖν ἢ γινώσκειν ἄξιοῦσιν.

[4] Concerning their figure and appearance, Timaeus, the historian, makes the statement that the holy objects preserved in the sanctuary at Lavinium are iron and bronze caducei or “heralds’ wands,” and a Trojan earthenware vessel; this, he says, he himself learned from the inhabitants. For my part, I believe that in the case of those things which it is not lawful for all to see I ought neither to hear about them from those who do see them nor to describe them; and I am indignant with every one else, too, who presumes to inquire into or to know more than what is permitted by law.

[1] ἃ δὲ αὐτὸς τε ἰδὼν ἐπίσταμαι καὶ δέος οὐδὲν ἀποκωλύει με περὶ αὐτῶν γράφειν τοιάδε ἐστὶ: νεῶς ἐν Ῥώμῃ δεικνυται τῆς ἀγορᾶς οὐ πρόσω κατὰ τὴν ἐπὶ Καρίνας φέρουσαν ἐπίτομον ὁδὸν ὑπεροχῇ σκοτεινὸς ἰδρυμένος οὐ μέγας. λέγεται δὲ κατὰ τὴν ἐπιχώριον γλῶτταν ὑπ' Ἑλαιίας τὸ χωρίον. ἐν δὲ τούτῳ κεῖνται τῶν Τρωικῶν θεῶν εἰκόνες, ἃς ἅπασιν ὁρᾷ θέμις, ἐπιγραφὴν ἔχουσαι δηλοῦσαν τοὺς Πενάτας. δοκοῦσι γάρ μοι τοῦ θ μήπω γράμματος εὐρημένου τῷ δ δηλοῦν τὴν ἐκείνου δύναμιν οἱ παλαιοί.

[68.1] But the things which I myself know by having seen them and concerning which no scruple forbids me to write are as follows. They show you in Rome a temple built not far from the Forum in the short street that leads to the Carinae; it is a small shrine, and is darkened by the height of the adjacent buildings. The place is called in the native speech Velia. In this temple there are images of the Trojan gods which it is lawful for all to see, with an inscription showing them to be the Penates.

[2] εἰσὶ δὲ νεανία δύο καθήμενοι δόρατα διειληφότες, τῆς παλαιᾶς ἔργα τέχνης. πολλὰ δὲ καὶ ἄλλα ἐν ἱεροῖς ἀρχαίοις εἶδωλα τῶν θεῶν τούτων ἔθεασάμεθα, καὶ ἐν ἅπασιν νεανίσκοι δύο στρατιωτικὰ σχήματα ἔχοντες

φαίνονται. ὁρᾷ μὲν δὴ ταῦτα ἔξεστιν, ἀκούειν δὲ καὶ γράφειν ὑπὲρ αὐτῶν, ἃ Καλλιστρατός [p. 110] τε ὁ περὶ Σαμοθράκης συνταξάμενος ἱστορεῖ καὶ Σάτυρος ὁ: τοὺς ἀρχαίους μύθους συναγαγὼν καὶ ἄλλοι συχνοί, παλαιότατος δὲ ὢν ἡμεῖς ἴσμεν ποιητῆς Ἀρκτῖνος.

[2] They are two seated youths holding spears, and are pieces of ancient workmanship. We have seen many other statues also of these gods in ancient temples and in all of them are represented two youths in military garb. These it is permitted to see, and it is also permitted to hear and to write about them what Callistratus, the author of the history of Samothrace, relates, and also Satyrus, who collected the ancient legends, and many others, too, among whom the poet Arctinus is the earliest we know of.

[3] λέγουσι γοῦν ὧδε: Χρύσην τὴν Πάλλαντος θυγατέρα γημαμένην Δαρδάνῳ φερνὰς ἐπενέγκασθαι δωρεὰς Ἀθηνᾶς τὰ τε Παλλάδια καὶ τὰ ἱερὰ τῶν μεγάλων θεῶν διδασθεῖσαν αὐτῶν τὰς τελετάς. ἐπειδὴ δὲ τὴν ἐπομβρίαν φεύγοντες Ἀρκάδες Πελοπόννησον μὲν ἐξέλιπον, ἐν δὲ τῇ Θρακίᾳ νήσῳ τοὺς βίους ἰδρύσαντο, κατασκευάσαι τὸν Δάρδανον ἐνταῦθα τῶν θεῶν τούτων ἱερὸν ἀρρήτους τοῖς ἄλλοις ποιοῦντα τὰς ἰδίου αὐτῶν ὀνομασίας καὶ τὰς τελετάς αὐτοῖς τὰς καὶ εἰς τὸδε χρόνου γινομένας ὑπὸ Σαμοθράκων ἐπιτελεῖν.

[3] At any rate, the following is the account they give. Chrysê, the daughter of Pallas, when she was married to Dardanus, brought for her dowry the gifts of Athena, that is, the Palladia and the sacred symbols of the Great Gods, in whose mysteries she had been instructed. When the Arcadians, fleeing from the deluge, left the Peloponnesus and established their abode in the Thracian island, Dardanus built there a temple to these gods, whose particular names he kept secret from all any others, and performed the mysteries in their honour which are observed to this day by the Samothracians.

[4] ὥς δὲ μετῆγε τοῦ λεῶ τὴν πλειὴν μοῖραν εἰς τὴν Ἀσίαν τὰ μὲν ἱερὰ τῶν θεῶν καὶ τὰς τελετάς τοῖς ὑπομείναισιν ἐν τῇ νήσῳ καταλιπεῖν: τὰ δὲ Παλλάδια καὶ τὰς τῶν θεῶν εἰκόνας κατασκευασάμενον ἀγαγεῖσθαι μετ' αὐτοῦ. διαμαντευόμενον δὲ περὶ τῆς οἰκήσεως τὰ τε ἄλλα μαθεῖν καὶ περὶ τῶν ἱερῶν τῆς φυλακῆς τόνδε τὸν χρησμὸν λαβεῖν:

εἰς πόλιν ἣν κτίζησθαι θεοῖς σέβας ἄφθιτον αἰεὶ

θεῖναι, καὶ φυλακαῖς τε σέβειν θυσίαις τε χοροῖς τε.

ἔστ' ἂν γὰρ τάδε σεμνὰ καθ' ὑμετέρεν χθόνα μίμνη [p. 111]

δῶρα Διὸς κούρης ἀλόχῳ σέθεν, ἣ δὲ πόλις σοι

ἔσται ἀπόρθητος τὸν αἰὲ χρόνον ἥματα πάντα.

[4] Then, when he was conducting the greater part of the people into Asia, he

left the sacred rites and mysteries of the gods with those who remained in the island, but packed up and carried with him the Palladia and the images of the gods. And upon consulting the oracle concerning the place where he should settle, among other things that he learned he received this answer relating to the custody of the holy objects:

“In the town thou buildest worship undying found

To gods ancestral; guard them, sacrifice,

Adore with choirs. For whilst these holy things

In thy land remain, Zeus’ daughter’s gifts of old

Bestowed upon thy souse, secure from harm

Thy city shall abide forevermore.”

[1] Δάρδανον μὲν ἐν τῇ κτισθείσῃ τε ὑφ’ ἑαυτοῦ καὶ ὀνομασίας ὁμοίας τυχοῦσῃ πόλει τὰ ἔδη καταλιπεῖν, Ἴλιου δ’ ἐν ὑστέρῳ χρόνῳ συνοικισθέντος ἐκεῖσε μετενεχθῆναι πρὸς τῶν ἐγγόνων αὐτοῦ τὰ ἱερά. ποιήσασθαι δὲ τοὺς Ἰλιεῖς νεῶν τε καὶ ἄδυτον αὐτοῖς ἐπὶ τῆς ἄκρας καὶ φυλάττειν δι’ ἐπιμελείας ὅσης ἐδύναντο πλείστης θεόπεμπτά τε ἡγουμένους εἶναι καὶ σωτηρίας κύρια τῇ πόλει.

[69.1] Dardanus, accordingly, left the statues in the city which he founded and named after himself, but when Ilium was settled later, they were removed thither by his descendants; and the people of Ilium built a temple and a sanctuary for them upon the citadel and preserved them with all possible care, looking upon them as sent from Heaven and as pledges of the city’s safety.

[2] ἀλικομένης δὲ τῆς κάτω πόλεως τὸν Αἰνεῖαν καρτερὸν τῆς ἄκρας γενόμενον, ἄραντα ἐκ τῶν ἀδύτων τὰ τε ἱερά τῶν μεγάλων θεῶν καὶ ὅπερ ἔτι περιῆν Παλλᾶδιον ἑσπεριότερον γὰρ Ὀδυσσεῶα καὶ Διομήδην νυκτὸς φασιν εἰς Ἴλιον ἀφικομένους κλοπῇ λαβεῖν οἷχασθαι τε κομίσαντα τὸν Αἰνεῖαν ἐκ τῆς πόλεως καὶ ἐλθεῖν ἄγοντα εἰς Ἰταλίαν.

[2] And while the lower town was being captured, Aeneas, possessing himself of the citadel, took out of the sanctuary the images of the Great Gods and the Palladium which still remained (for Odysseus and Diomed, they say, when they came into Ilium by night, had stolen the other away), and carrying them with him out of the city, brought them into Italy.

[3] Ἀρκτῖνος δὲ φησιν ὑπὸ Διὸς δοθῆναι Δαρδάνῳ Παλλᾶδιον ἐν καὶ εἶναι τοῦτο ἐν Ἰλίῳ τέως ἢ πόλις ἡλίσκετο κεκρυμμένον ἐν ἀβάτῳ: εἰκόνα δ’ ἐκείνου κατεσκευασμένην ὡς μηδὲν τῆς ἀρχετύπου διαφέρειν ἀπάτης τῶν ἐπιβουλευόντων ἕνεκεν ἐν φανερώ τεθῆναι καὶ αὐτὴν Ἀχαιοὺς ἐπιβουλεύσαντας λαβεῖν.

[3] Arctinus, however, says that only one Palladium was given by Zeus to Dardanus and that this remained in Ilium, hidden in the sanctuary, till the city was being taken; but that from this a copy was made, differing in no respect from the original, and exposed to public view, on purpose to deceive those who might be planning to steal it, and that the Achaeans, having formed such a plan, took the copy away.

[4] τὰ μὲν οὖν εἰς Ἰταλίαν ὑπ' Αἰνείου κοιμισθέντα ἱερὰ τοῖς εἰρημένοις ἀνδράσι πειθόμενος γράφω τῶν τε μεγάλων θεῶν εἰκόνας εἶναι, οὓς Σαμοθρᾶκες Ἑλλήνων μάλιστα [p. 112] ὀργιάζουσι, καὶ τὸ μυθευόμενον Παλλᾶδιον, ὃ φασὶ τὰς ἱερὰς φυλάττειν παρθένους ἐν ναῶ κείμενον Ἑστίας, ἔνθα καὶ τὸ ἀθάνατον διασώζεται πῦρ: ὑπὲρ ὧν ἐν ὑστέρω λεχθήσεται λόγῳ. εἴη δ' ἂν καὶ παρὰ ταῦτα τοῖς βεβήλοις ἡμῖν ἄδηλα ἕτερα. καὶ περὶ μὲν τῶν Τρωικῶν ἱερῶν τοσαῦτα εἰρήσθω.

[4] I say, therefore, upon the authority of the men above-mentioned, that the holy objects brought into Italy by Aeneas were the images of the Great Gods, to whom the Samothracians, of all the Greeks, pay the greatest worship, and the Palladium, famous in legend, which they say is kept by the holy virgins in the temple of Vesta, where the perpetual fire is also preserved; but concerning these matters I shall speak hereafter. And there may also be other objects besides these which are kept secret from us who are not initiated. But let this suffice concerning the holy objects of the Trojans.

[1] Ἀσκανίου δὲ ὀγδόῳ καὶ τριακοστῷ ἔτει τῆς βασιλείας τελευτήσαντος παρέλαβε τὴν ἡγεμονίαν Σιλοῦιος ἀδελφὸς ὢν Ἀσκανίου, μετὰ τὸν Αἰνείου θάνατον γενόμενος ἐκ Λαύνας τῆς Λατίνου θυγατρὸς, ὃν φασιν ἐν τοῖς ὄρεσιν ὑπὸ τῶν νομέων ἐκτραφῆναι.

[70.1] Upon the death of the Ascanius in the thirty-eighth year of his reign, Silvius, his brother, succeeded to the rule. He was born of Lavinia, the daughter of Latinus, after the death of Aeneas, and they say that he was brought up on the mountains by the herdsmen.

[2] τοῦ γὰρ Ἀσκανίου παραλαβόντος τὴν βασιλείαν περιδεῆς ἡ Λαῦνα γενομένη μὴ τι δεινὸν ὑπ' αὐτοῦ πάθῃ κατὰ τὸ τῆς μητρὸς ὄνομα, ἐγκύμων οὕσα δίδωσιν ἑαυτὴν Τυρρηνῶτινι συοφορβίῳ ἐπιμελητῇ βασιλικῶν, ὃν ἴδῃ Λατίνῳ γενόμενον ἐν τοῖς μάλιστα προσήγορον. ὁ δ' εἰς ὕλας ἐρήμους ἀγαγὼν αὐτὴν ὡς τῶν ἐπιτυχουσῶν τινα, φυλαττόμενος ὀφθῆναι τοῖς εἰδόσιν ἔτρεφεν ἐν τῇ νάπῃ κατασκευάσας οἴκησιν οὐ πολλοῖς γνῶριμον καὶ τὸ παιδίον γενόμενον ἀναιρεῖται τε καὶ τρέφει Σιλοῦιον ὀνομάσας ἀπὸ τῆς ὕλης, ὥσπερ ἂν εἴ τις Ἑλλάδι γλώσσει

[2] For when Ascanius took over the rule, Lavinia, becoming alarmed lest her relationship as step-mother might draw upon her some severity from him, and being then with child, entrusted herself to a certain Tyrrhenus, who had

charge of the royal herds of swine and whom she knew to have been on very intimate terms with Latinus. He, carrying her into the lonely woods as if she were an ordinary woman, and taking care that she was not seen by anyone who knew her, supported her in a house he built in the forest, which was known to but few. And when the child was born, he took it up and reared it, naming it, from the wood, Silvius, or, as one might say in Greek, Hylaios.

[3] λέξειεν Ὑλαῖον. χρόνου δὲ προϊόντος ὡς πολλὴν ζήτησιν ἔγνω τῆς γυναικὸς ὑπὸ τῶν Λατίνων γινομένην καὶ δι' αἰτίας ὄντα παρὰ τῷ πλήθει τὸν Ἀσκάνιον, [p. 113] ὡς ἀνηρηκότα τὴν παιδίσκην, φράζει τῷ δήμῳ τὸ πρᾶγμα καὶ τὴν ἀνθρωπὸν ἄγει μετὰ τοῦ παιδὸς ἐκ τῆς νάπτης. τύχη μὲν δὴ τοιαύτη χρησάμενος ὁ Σιλοῦϊος τὴν εἰρημένην ἔσχεν ὀνομασίαν καὶ τὸ ἐξ ἐκείνου γένος ἅπαν, τὴν δὲ βασιλείαν παρέλαβεν, ἐπειδὴ τὸν ἀδελφὸν αὐτοῦ τελευτήσαι συνέπεσεν, ἀμφίλογον γενομένην πρὸς ἕνα τὸν πρεσβεύσαντα τῶν Ἀσκανίου παιδῶν Ἰούλον ἀξιοῦντα τὴν πατρώαν ἀρχὴν διαδέξασθαι.

[3] But in the course of time, finding that the Latins made great search for the woman and that the people accused Ascanius of having put her to death, he acquainted them with the whole matter and brought the woman and her son out of the forest. From this experience Silvius got his name, as I have related, and so did all his posterity. And he became king after the death of his brother, though not without a contest with one of the sons of Ascanius, — Iulus, the eldest, — who claimed the succession to his father's rule;

[4] τὴν δὲ δίκην ἐπεψήφισεν ὁ δῆμος ἄλλοις τε ὑπαχθεῖς λόγοις καὶ οὐχ ἥκιστα ὅτι μητρὸς ἦν ὁ Σιλοῦϊος ἐπικλήρου τῆς ἀρχῆς. Ἰούλῳ δὲ ἀντὶ τῆς βασιλείας ἱερά τις ἐξουσία προσετέθη καὶ τιμὴ τῷ τε ἀκινδύνῳ προὔχουσα τῆς μοναρχίας καὶ τῇ ραστώνῃ τοῦ βίου, ἣν ἔτι καὶ εἰς ἐμὲ τὸ ἐξ αὐτοῦ γένος ἐκαρποῦτο, Ἰούλιοι κληθέντες ἀπ' ἐκείνου. ἐγένετο δὲ μέγιστος ἅμα καὶ λαμπρότατος οἰκῶν οὗτος, ὧν ἡμεῖς ἴσμεν, ἄνδρας τε διαφορωτάτους ἡγεμόνων ἤνεγκεν, οἷς τὸ εὐγενὲς αἰ ἀρεταὶ μὴ ἀπιστεῖσθαι παρέσχον: ὑπὲρ ὧν ἐν ἄλλῳ δηλωθήσεται λόγῳ τὰ προσήκοντα.

[4] the issue was decided by vote of the people, who were influenced chiefly by this consideration, among others, that Silvius' mother was heiress to the kingdom. Upon Iulus was conferred, instead of the sovereignty, a certain sacred authority and honour preferable to the royal dignity both for security and ease of life, and this prerogative was enjoyed even to my day by his posterity, who were called Julii after him. This house became the greatest and at the same time the most illustrious of any we know of, and produced the most distinguished commanders, whose virtues were so many proofs of their nobility. But concerning them I shall say what is requisite in another place.

[1] Σιλοῦϊοι δ' ἐνὸς δέοντα τριάκοντα ἔτη κατασχόντος τὴν ἀρχὴν Αἰνείας υἱὸς αὐτοῦ διαδεξάμενος τὴν δυναστείαν ἐνὶ πλειῷ τριάκοντα ἔτῳ

ἐβασίλευσεν. μετὰ δὲ τοῦτον ἔν καὶ πεντήκοντα Λατῖνος ἦρξεν ἔτη. Ἄλβας δὲ μετὰ τοῦτον ἑνὸς δέοντα τετταράκοντα [p. 114] ἔτη. μετὰ δὲ Ἄλβαν Κάπετος ἔξ ἐπὶ τοῖς εἴκοσιν. ἔπειτα Κάπυς δυεῖν δέοντα τριάκοντα. μετὰ δὲ Κάπυν Κάλπετος ἄχρι τρισκαίδεκα ἐτῶν κατέσχε τὴν ἀρχήν. ἔξῃς δὲ Τιβερίνιος ὀκταετῇ χρόνον ἐβασίλευσεν.

[71.1] Silvius, after holding the sovereignty twenty-nine years, was succeeded by Aeneas, his son, who reigned thirty-one years. After him, Latinus reigned fifty-one, then Alba, thirty-nine; after Alba, Capetus reigned twenty-six, then Capys twenty-eight, and after Capys, Capetus held the rule for thirteen years.

[2] τελευτῆσαι δ' οὗτος ἐν μάχῃ παρὰ ποταμῷ γενομένη λέγεται: παρενεχθεὶς δὲ ὑπὸ τοῦ ρεύματος ἐπώνυμον ἑαυτῷ κατέλιπε τὸν ποταμὸν Ἀλβουλαν καλούμενον πρότερον. Τιβερίνου δὲ διάδοχος Ἀγρίππας ἔν καὶ τετταράκοντα ἐβασίλευσεν ἔτη.

[2] Then Tiberinus reigned for a period of eight years. This king, it is said, was slain in a battle that was fought near a river, and being carried away by the stream, gave his name to the river, which had previously been called the Albula. Tiberinus' successor, Agrippa, reigned forty-one years.

[3] μετὰ δὲ Ἀγρίππαν Ἀλλώδιος τυραννικὸν τι χρῆμα καὶ θεοῖς ἀπεχθόμενον ἑνὸς δέοντα εἴκοσιν: ὧ περιφρονοῦντι τὰ δαιμόνια κατεσκεύαστο κεραυνῶν τε μιμήματα καὶ κτύποι βρονταῖς ἐμφερεῖς, οἷς δεδίττεσθαι τοὺς ἀνθρώπους ὡς θεὸς ἡξίου. ὄμβρων δὲ καὶ κεραυνῶν εἰς τὸν οἶκον αὐτοῦ κατασκηψάντων τῆς τε λίμνης, παρ' ἣν οἰκῶν ἐτύγχανε, πλημμύραν οὐκ εἰωθυῖαν λαβούσης κατακλυσθεὶς πανοίκιος ἀπόλλυται. καὶ νῦν ἔτι διαλαμπούσης τῆς λίμνης ἐν μέρει τινί, ὅταν ὑπονοστήσῃ τὸ νᾶμα καὶ σταθερὸς ὁ βυθὸς γένηται, πασάδων ἐρείπια καὶ ἄλλα οἰκήσεως ἴχνη φαίνεται.

[3] After Agrippa, Allocius, a tyrannical creature and odious to the gods, reigned nineteen years. Contemptuous of the divine powers, he had contrived imitations of lightning and sounds resembling thunder-claps, with which he proposed to terrify people as if he were a god. But rain and lightning descended upon his house, and the lake beside which it stood rose to an unusual height, so that he was overwhelmed and destroyed with his whole household. And even now when the lake is clear in a certain part, which happens whenever the flow of water subsides and the depths are undisturbed, the ruins of porticoes and other traces of a dwelling appear.

[4] Ἀουεντῖνος δὲ παρὰ τούτου τὴν δυναστείαν διαδεξάμενος, ἀφ' οὗ τῶν ἑπτὰ λόφων τις ἐπώνυμος ἐγένετο τῶν συμπεπολισμένων τῇ Ῥώμῃ, τριάκοντα καὶ ἑπτὰ ἔτη τὴν ἀρχὴν κατέσχευεν. πρόκας δὲ μετὰ τοῦτον ἔτη εἴκοσι [p. 115] καὶ τρία. ἔπειτα Ἀμόλιος οὐ σὺν δίκῃ τὴν βασιλείαν κατασχὼν Νεμέτορι προσήκουσαν, ὃς ἦν αὐτῷ πρεσβύτερος ἀδελφός, δύο

[4] Aventinus, after whom was named one of the seven hills that are joined to make the city of Rome, succeeded him in the sovereignty and reigned thirty-seven years, and after him Proca twenty-three years. Then Amulius, having unjustly possessed himself of the kingdom which belonged to Numitor, his elder brother, reigned forty-two years.

[5] Ἀμολίου δὲ ἀναιρεθέντος ὑπὸ Ῥωμύλου καὶ Ῥώμου τῶν ἐκ τῆς ἱερᾶς κόρης γενομένων, ὡς αὐτίκα λεχθήσεται, μετὰ τὸν ἐκείνου θάνατον ἀπολαμβάνει τὴν κατὰ νόμον δυναστείαν Νεμέτωρ ὁ τῶν νεανίσκων μητροπάτωρ. τῷ δ' ἐξῆς ἔτει τῆς Νεμέτορος ἀρχῆς, δευτέρῳ δὲ καὶ τριακοστῷ καὶ τετρακοσιοστῷ μετὰ τὴν Ἰλίου ἄλωσιν, ἀποικίαν στείλαντες Ἀλβανοὶ Ῥωμύλου καὶ Ῥώμου τὴν ἡγεμονίαν αὐτῆς ἐχόντων κτίζουσι Ῥώμην ἔτους ἐνεστῶτος πρώτου τῆς ἐβδόμης Ὀλυμπιάδος, ἣν ἐνίκα στάδιον Δαϊκλῆς Μεσσήνιος, ἄρχοντας Ἀθήνησι Χάροπος ἔτος τῆς δεκαετίας πρῶτον.

[5] But when Amulius had been slain by Romulus and Remus, the sons of the holy maiden, as shall presently be related, Numitor, the maternal grandfather of the youths, after his brother's death resumed the sovereignty which by law belonged to him. In the next year of Numitor's reign, which was the four hundred and thirty-second after the taking of Troy, the Albans sent out a colony, under the leadership of Romulus and Remus, and founded Rome, in the beginning of the first year of the seventh Olympiad, when Daicles of Messenê was victor in the foot race, and at Athens Charops was in the first year of his ten-year term as archon.

[1] ἀμφισβητήσεως δὲ πολλῆς οὔσης καὶ περὶ τοῦ χρόνου τῆς κτίσεως καὶ περὶ τῶν οἰκιστῶν τῆς πόλεως οὐδὲ αὐτὸς ὥμην δεῖν ὥσπερ ὁμολογούμενα πρὸς ἀπάντων ἐξ ἐπιδρομῆς ἐπελθεῖν. Κεφάλων μὲν γὰρ ὁ Γεργίθιος συγγραφεὺς παλαιὸς πάνυ δευτέρᾳ γενεᾷ μετὰ τὸν Ἰλιακὸν πόλεμον ἐκτίσθαι λέγει τὴν πόλιν ὑπὸ τῶν ἐξ Ἰλίου διασωθέντων σὺν Αἰνείᾳ, οἰκιστὴν δὲ αὐτῆς ἀποφαίνει τὸν ἡγησάμενον τῆς ἀποικίας Ῥῶμον, τοῦτον δ' εἶναι τῶν Αἰνείου παιδῶν ἕνα: τέτταρας δὲ φησιν Αἰνείᾳ γενέσθαι παῖδας, Ἀσκάνιον, Εὐρυλέοντα, Ῥωμύλον, Ῥῶμον. εἴρηται [p. 116] δὲ καὶ Δημαγόρα καὶ Ἀγαθύλλῳ καὶ ἄλλοις συχνοῖς ὃ τε χρόνος καὶ ὁ τῆς ἀποικίας ἡγεμὼν ὁ

[72.1] But as there is great dispute concerning both the time of the building of the city and the founders of it, I have thought it incumbent on me also not to give merely a cursory account of these things, as if they were universally agreed on. For Cephalon of Gergis, a very ancient writer, says that the city was built in the second generation after the Trojan war by those who had escaped from Troy with Aeneas, and he names as the founder of it Romus, who was the leader of the colony and one of Aeneas' sons; he adds that Aeneas had four sons, Ascanius, Euryleon, Romulus and Remus. And Demagoras, Agathyllus and many others agree with him as regards both the time and the leader of the colony.

[2] αὐτὸς. ὁ δὲ τὰς ἱερείας τὰς ἐν Ἀργεὶ καὶ τὰ καθ' ἐκάστην πραχθέντα συναγαγὼν Αἰνείαν φησὶν ἐκ Μολοσσῶν εἰς Ἰταλίαν ἐλθόντα μετ' Ὀδυσσεά οἰκιστὴν γενέσθαι τῆς πόλεως, ὀνομάσαι δ' αὐτὴν ἀπὸ μιᾶς τῶν Ἰλιαδῶν Ῥώμης. ταύτην δὲ λέγει ταῖς ἄλλαις Τρωάσι παρακελευσαμένην κοινῇ μετ' αὐτῶν ἐμπρῆσαι τὰ σκάφη βαρυνομένην τῇ πλάνῃ. ὁμολογεῖ

[2] But the author of the history of the priestesses at Argos and of what happened in the days of each of them says that Aeneas came into Italy from the land of the Molossians with Odysseus and became the founder of the city, which he named after Romê, one of the Trojan women. He says that this woman, growing weary with wandering, stirred up the other Trojan women and together with them set fire to the ships. And Damastes of Sigeum and some others agree with him.

[3] δ' αὐτῷ καὶ Δαμαστῆς ὁ Σιγεὺς καὶ ἄλλοι τινές. Ἀριστοτέλης δὲ ὁ φιλόσοφος Ἀχαιῶν τινὰς ἱστορεῖ τῶν ἀπὸ Τροίας ἀνακομισαμένων περιπλέοντας Μαλέαν, ἔπειτα χειμῶνι βιαίῳ καταληφθέντας τέως μὲν ὑπὸ τῶν πνευμάτων φερομένους πολλαχῇ τοῦ πελάγους πλανᾶσθαι, τελευτῶντας δ' ἔλθειν εἰς τὸν τόπον τοῦτον τῆς Ὀπικῆς, ὃς καλεῖται Λατίνιον ἐπὶ τῷ

[3] But Aristotle, the philosopher, relates that some of the Achaeans, while they were doubling Cape Malea on their return from Troy, were overtaken by a violent storm, and being for some time driven out of their course by the winds, wandered over many parts of the sea, till at last they came to this place in the land of the Opicans which is called Latinium, lying on the Tyrrhenian sea.

[4] Τυρρηνικῷ πελάγει κείμενος. ἀσμένους δὲ τὴν γῆν ἰδόντας ἀνελκῦσαι τε τὰς ναῦς αὐτόθι καὶ διατρίψαι τὴν χειμερινὴν ὥραν παρασκευαζομένους ἕαρος ἀρχομένου πλεῖν. ἐμπρησθεισῶν δὲ αὐτοῖς ὑπὸ νύκτα τῶν νεῶν οὐκ ἔχοντας ὅπως ποιήσονται τὴν ἄπαρσιν, ἀβουλήτῳ ἀνάγκῃ τοὺς βίους ἐν ᾧ κατήχθησαν χωρίῳ ἰδρύσασθαι. συμβῆναι δὲ αὐτοῖς τοῦτο διὰ γυναικας αἰχμαλώτους, ἃς ἔτυχον ἄγοντες ἐξ Ἰλίου. ταύτας δὲ κατακαῦσαι τὰ πλοῖα φοβουμένας τὴν οἴκαδε τῶν Ἀχαιῶν ἄπαρσιν, ὥς εἰς δουλείαν ἀφιξομένας.

[4] And being pleased with the sight of land, they hauled up their ships, stayed there the winter season, and were preparing to sail at the beginning of spring; but when their ships were set on fire in the night and they were unable to sail away, they were compelled against their will to fix their abode in the place where they had landed. This fate, he says, was brought upon them by the captive women they were carrying with them from Troy, who burned the ships, fearing that the Achaeans in returning home would carry them into slavery.

[5] Καλλίας δὲ ὁ τὰς Ἀγαθοκλέους πράξεις ἀναγράφας Ῥώμην [p. 117] τινὰ Τρωάδα τῶν ἀφικνουμένων ἅμα τοῖς ἄλλοις Τρωσὶν εἰς Ἰταλίαν γήμασθαι Λατίνῳ τῷ βασιλεῖ τῶν Ἀβοριγίνων καὶ γεννῆσαι τρεῖς παῖδας, Ῥώμον καὶ Ῥωμύλον καὶ Τηλέγονον ... οἰκίσαντας δὲ πόλιν, ἀπὸ τῆς μητρὸς αὐτῇ θέσθαι τοῦνομα. Ξεναγόρας δὲ ὁ συγγραφεὺς Ὀδυσσεὺς καὶ Κίρκης υἱοὺς γενέσθαι τρεῖς, Ῥώμον, Ἀντεϊαν, Ἀρδεϊαν: οἰκίσαντας δὲ τρεῖς πόλεις ἀφ' ἑαυτῶν θέσθαι τοῖς κτίσμασι τὰς ὀνομασίας.

[5] Callias, who wrote of the deeds of Agathocles, says that Romê, one of the Trojan women who came into Italy with the other Trojans, married Latinus, the king of the Aborigines, by whom she had three son, Romus, Romulus and Telegonus, . . . and having built a city, gave it the name of their mother. Xenagoras, the historian, writes that Odysseus and Cîrcê had three sons, Romus, Anteias and Ardeias, who built three cities and called them after their own names.

[6] Διονύσιος δὲ ὁ Χαλκιδεὺς οἰκιστὴν μὲν ἀποφαίνει τῆς πόλεως Ῥῶμον: τοῦτον δὲ λέγει κατὰ μὲν τινὰς Ἀσκανίου, κατὰ δὲ τινὰς Ἡμαθίωνος εἶναι παῖδα. εἰσὶ δὲ τινες οἱ τὴν Ῥώμην ἐκτίσθαι λέγουσιν ὑπὸ Ῥώμου τοῦ Ἰταλοῦ, μητρὸς δὲ Λευκαρίας τῆς Λατίνου θυγατρὸς.

[6] Dionysius of Chalcis names Romus as the founder of the city, but says that according to some this man was the son of Ascanius, and according to others the son of Emathion. There are others who declare that Rome was built by Romus, the son of Italus and Leucaria, the daughter of Latinus.

[1] Ἔχων δὲ πολλοὺς καὶ ἄλλους τῶν Ἑλληνικῶν παρέχεσθαι συγγραφέων, οἱ διαφόρους ἀποφαίνουσι τοὺς οἰκιστὰς τῆς πόλεως, ἵνα μὴ δόξω μακρηγορεῖν ἐπὶ τοὺς Ῥωμαίων ἐλεύσομαι συγγραφεῖς. παλαιὸς μὲν οὖν οὔτε συγγραφεὺς οὔτε λογογράφος ἐστὶ Ῥωμαίων οὐδὲ εἷς: ἐκ παλαιῶν μέντοι λόγων ἐν ἱεραῖς δέλτοις σωζομένων ἕκαστός τι παραλαβὼν ἀνέγραψεν.

[73.1] I could cite many other Greek historians who assign different founders to the city, but, not to appear prolix, I shall come to the Roman historians. The Romans, to be sure, have not so much as one single historian or chronicler who is ancient; however, each of their historians has taken something out of ancient accounts that are preserved on sacred tablets.

[2] τούτων δὲ τινες μὲν Αἰνείου γενέσθαι υἱοὺς λέγουσι Ῥωμύλον τε καὶ Ῥῶμον τοὺς οἰκιστὰς τῆς Ῥώμης, ἕτεροι δὲ θυγατρὸς Αἰνείου παῖδας, ὅτου δὲ πατρὸς οὐκέτι διορίζοντες: δοθῆναι δ' [p. 118] αὐτοὺς ὑπ' Αἰνείου Λατίνῳ τῷ βασιλεῖ τῶν Ἀβοριγίνων ὁμηρεύσοντας, ὅτε καὶ αἱ πιστεῖς τοῖς ἐπιχωρίοις πρὸς τοὺς ἐπήλυδας ἐγένοντο. ἀσπαζόμενον δὲ αὐτοὺς Λατῖνον τῇ τε ἄλλῃ θεραπείᾳ περιέπειν εὖ καὶ ἐκγόνου ἄρρενος ἄπαιδα τελευτῶντα διαδόχους μέρους τινὸς τῆς ἑαυτοῦ ἀρχῆς καταλιπεῖν.

[2] Some of these say that Romulus and Remus, the founders of Rome, were the sons of Aeneas, others say that they were the sons of a daughter of Aeneas, without going on to determine who was their father; that they were delivered as hostages by Aeneas to Latinus, the king of the Aborigines, when the treaty was made between the inhabitants and the new-comers, and that Latinus, after giving them a kindly welcome, not only did them might good offices, but, upon dying without male issue, left them his successors to some

part of his kingdom.

[3] ἄλλοι δὲ λέγουσιν Αἰνείου τελευτήσαντος Ἀσκάνιον ἅπασαν τὴν Λατίνων ἀρχὴν παραλαβόντα νείμασθαι πρὸς τοὺς ἀδελφοὺς Ῥωμύλον τε καὶ Ῥῶμον τὴν τε χώραν καὶ τὴν δύναμιν τὴν Λατίνων τριχῇ: αὐτὸν μὲν δὴ τὴν τε Ἄλβαν κτίσαι καὶ ἄλλ' ἅττα πολιίσματα: Ῥῶμον δὲ Καπύην μὲν ἀπὸ τοῦ προπάππου Κάπυος, Ἀγχίσην δὲ ἀπὸ τοῦ προπάτορος Ἀγχίσου, Αἰνείαν δὲ τὴν ὕστερον κληθεῖσαν Ἰάνικλον ἀπὸ τοῦ πατρός, Ῥώμην δὲ ἀφ' ἑαυτοῦ, ταύτην δὲ χρόνους τινὰς ἐρημωθεῖσαν ἐτέρας αὖθις ἐλθούσης ἀποικίας, ἣν Ἀλβανοὶ ἔστειλαν ἡγουμένου Ῥωμύλου καὶ Ῥώμου, τὴν ἀρχαίαν κτίσιν ἀπολαβεῖν: ὥστε διττὰς εἶναι τῆς Ῥώμης τὰς κτίσεις: τὴν μὲν ὀλίγον ὕστερον τῶν Τρωικῶν γενομένην, τὴν δὲ πεντεκαίδεκα γενεαῖς ὕστεροῦσαν τῆς προτέρας.

[3] Others say that after the death of Aeneas Ascanius, having succeeded to the entire sovereignty of the Latins, divided both the country and the forces of the Latins into three parts, two of which he gave to his brothers, Romulus and Remus. He himself, they say, built Alba and some other towns; Remus built cities which he named Capuas, after Capys, his great-grandfather, Anchisa, after his grandfather Anchises, Aeneia (which was afterwards called Janiculum), after his father, and Rome, after himself. This last city was for some time deserted, but upon the arrival of another colony, which the Albans sent out under the leadership of Romulus and Remus, it received again its ancient name. So that, according to this account, there were two settlements of Rome, one a little after the Trojan war, and the other fifteen generations after the first.

[4] εἰ δέ τις ἀπιδεῖν βουλήσεται τὰ προσωτέρω καὶ τρίτη τις ἀρχαιοτέρα τούτων εὑρεθήσεται Ῥώμη γενομένη πρὶν Αἰνείαν καὶ Τρῳᾶς ἐλθεῖν εἰς Ἰταλίαν. ταῦτα δὲ οὐ τῶν ἐπιτυχόντων τις οὐδὲ νέων συγγραφεὺς ἱστορήκεν, ἀλλ' Ἀντίοχος ὁ Συρακούσιος, [p. 119] οὐ καὶ πρότερον ἐμνήσθην. φησὶ δὲ Μόργητος ἐν Ἰταλίᾳ βασιλεύοντος ἧν δὲ τότε Ἰταλία ἢ ἀπὸ Τάραντος ἄχρι Ποσειδωνίας παράλιος' ἐλθεῖν ὡς αὐτὸν ἄνδρα φυγάδα ἐκ Ῥώμης. λέγει δὲ ὧδε: 'ἐπεὶ δὲ Ἰταλὸς κατεγήρα, Μόργης ἐβασίλευσεν. ἐπὶ τούτου δὲ ἀνὴρ ἀφίκετο ἐκ Ῥώμης φυγάς: Σικελὸς ὄνομα αὐτῷ.'

[4] And if anyone desires to look into the remoter past, even a third Rome will be found, more ancient than these, one that was founded before Aeneas and the Trojans came into Italy. This is related by no ordinary or modern historian, but by Antiochus of Syracuse, whom I have mentioned before. He says that when Morges reigned in Italy (which at that time comprehended all the seacoast from Tarentum to Posidonia), a man came to him who had been banished from Rome. His words are these: "When Italus was growing old, Morges reigned. In his reign there came a man who had been banished from Rome; his name was Seicelus."

[5] κατὰ μὲν δὴ τὸν Συρακούσιον συγγραφέα παλαιὰ τις εὐρίσκεται καὶ προτεροῦσα τῶν Τρωικῶν χρόνων ἢ Ῥώμῃ. πότερον δὲ περὶ τοὺς αὐτοὺς ἦν τόπους, ἐν οἷς ἢ νῦν οἰκουμένη πόλις ἐστίν, ἢ χωρίον ἕτερον ἐτύγχανεν οὕτως ὀνομαζόμενον ἀσαφὲς ἐκείνου καταλιπόντος οὐδ' ἐγὼ δύναμαι συμβαλεῖν. περὶ μὲν οὖν τῶν παλαιῶν κτίσεων ἱκανὰ ἡγοῦμαι τὰ προειρημένα.

[5] According to the Syracusan historian, therefore, an ancient Rome is found even earlier than the Trojan war. However, as he has left it doubtful whether it was situated in the same region where the present city stands or whether some other place happened to be called by this name, I, too, can form no conjecture. But as regards the ancient settlements of Rome, I think that what has already been said is sufficient.

[1] τὸν δὲ τελευταῖον γενόμενον τῆς Ῥώμης οἰκισμὸν ἢ κτίσιν ἢ ὅτι δῆποτε χρή καλεῖν Τιμαῖος μὲν ὁ Σικελιώτης οὐκ οἶδ' ὅτῳ κανόνι χρησάμενος ἅμα Καρχηδόνι κτιζομένῃ γενέσθαι φησὶν ὁγδὼ καὶ τριακοστῷ πρότερον ἔτει τῆς πρώτης Ὀλυμπιάδος. Λεύκιος δὲ Κίγκιος ἀνὴρ τῶν ἐκ τοῦ βουλευτικοῦ συνεδρίου περὶ τὸ τέταρτον ἔτος τῆς δωδεκάτης Ὀλυμπιάδος. Κόϊντος δὲ Φάβιος κατὰ τὸ πρῶτον ἔτος τῆς ὁγδῆς Ὀλυμπιάδος.

[74.1] As to the last settlement or founding of the city, or whatever we ought to call it, Timaeus of Sicily, following what principle I do not know, places it at the same time as the founding of Carthage, that is, in the thirty-eighth year before the first Olympiad; Lucius Cincius, a member of the senate, places it about the fourth year of the twelfth Olympiad, and Quintus Fabius in the first year of the eighth Olympiad.

[2] Κάτων δὲ Πόρκιος Ἑλληνικὸν μὲν οὐχ ὀρίζει χρόνον, ἐπιμελὴς δὲ γενόμενος, εἰ καὶ τις ἄλλος, περὶ τὴν συναγωγὴν τῆς ἀρχαιολογουμένης ἱστορίας ἔτεσιν ἀποφαίνει δυοὶ καὶ [p. 120] τριάκοντα καὶ τετρακοσίαις ὑστεροῦσαν τῶν Ἰλιακῶν. ὁ δὲ χρόνος οὗτος ἀναμετρηθεὶς ταῖς Ἐρατοσθένους χρονογραφίαις κατὰ τὸ πρῶτον ἔτος πίπτει τῆς ἐβδόμης Ὀλυμπιάδος. ὅτι δὲ εἰσιν οἱ κανόνες ὑγιεῖς, οἷς Ἐρατοσθένης κέχρηται, καὶ πῶς ἂν τις ἀπευθύνῃ τοὺς Ῥωμαίων χρόνους πρὸς τοὺς Ἑλληνικοὺς, ἐν ἑτέρῳ δεδήλωται μοι λόγῳ.

[2] Porcius Cato does not give the time according to Greek reckoning, but being as careful as any writer in gathering the date of ancient history, he places its founding four hundred and thirty-two years after the Trojan war; and this time, being compared with the *Chronicles* of Eratosthenes, corresponds to the first year of the seventh Olympiad. That the canons of Eratosthenes are sound I have shown in another treatise, where I have also shown how the Roman chronology is to be synchronized with that of the Greeks.

[3] οὐ γὰρ ἤξιουν ὡς Πολύβιος ὁ Μεγαλοπολίτης τοσοῦτο μόνον εἰπεῖν, ὅτι κατὰ τὸ δεύτερον ἔτος τῆς ἐβδόμης Ὀλυμπιάδος τὴν Ῥώμην ἐκτίσθαι πείθομαι, οὐδ' ἐπὶ τοῦ παρὰ τοῖς ἀρχιερεῦσι κειμένου πίνακος ἐνὸς καὶ μόνου τὴν πίστιν ἀβασάνιστον καταλιπεῖν, ἀλλὰ τοὺς ἐπιλογισμούς, οἷς αὐτὸς προσέθεμην, εἰς μέσον ὑπευθύνους τοῖς βουλευθεῖσιν ἐσομένους ἐξενεγκεῖν.

[3] For I did not think it sufficient, like Polybius of Megalopolis, to say merely that I believe Rome was built in the second year of the seventh Olympiad, nor to let my belief rest without further examination upon the single tablet preserved by the high priests, the only one of its kind, but I determined to set forth the reasons that had appealed to me, so that all might examine them who so desired.

[4] ἡ μὲν οὖν ἀκρίβεια ἐν ἐκείνῳ δηλοῦται τῷ λόγῳ, λεχθήσεται δὲ καὶ διὰ τῆσδε τῆς πραγματείας αὐτὰ τάναγκαιότατα. ἔχει δὲ οὕτως: ἡ Κελτῶν ἔφοδος, καθ' ἣν ἡ Ῥωμαίων πόλις ἐάλω, συμφωνεῖται σχεδὸν ὑπὸ πάντων ἀρχοντος Ἀθήνησι Πυργίωνος γενέσθαι κατὰ τὸ πρῶτον ἔτος τῆς ὀγδόνος καὶ ἐνενηκοστῆς Ὀλυμπιάδος. ὁ δὲ πρὸ τῆς καταλήψεως χρόνος ἀναγόμενος εἰς Λεύκιον Ἰούνιον Βροῦτον καὶ Λεύκιον Ταρκύνιον Κολλατίνον τοὺς πρώτους ὑπατεύσαντας ἐν Ῥώμῃ μετὰ τὴν κατάλυσιν τῶν βασιλέων ἔτη περιεῖληφεν εἴκοσι πρὸς τοῖς ἑκατόν.

[4] In that treatise, therefore, the detailed exposition is given; but in the course of the present work also the most essential of the conclusions there reached will be mentioned. The matter stands thus: It is generally agreed that the invasion of the Gauls, during which the city of Rome was taken, happened during the archonship of Pyrgion at Athens, in the first year of the ninety-eighth Olympiad. Now if the time before the taking of the city is reckoned back to Lucius Junius Brutus and Lucius Tarquinius Collatinus, the first consuls at Rome after the overthrow of the kings, it comprehends one hundred and twenty years.

[5] δηλοῦται δὲ ἐξ ἄλλων τε πολλῶν καὶ τῶν καλουμένων τιμητικῶν ὑπομνημάτων, ἃ διαδέχεται παῖς [p. 121] παρὰ πατρὸς καὶ περὶ πολλοῦ ποιεῖται τοῖς μεθ' ἑαυτὸν ἐσομένοις ὥσπερ ἱερὰ πατρῶα παραδιδόναι: πολλοὶ δ' εἰσὶν ἀπὸ τῶν τιμητικῶν οἴκων ἄνδρες ἐπιφανεῖς οἱ διαφυλάττοντες αὐτά: ἐν οἷς εὗρισκω δευτέρῳ πρότερον ἔτει τῆς ἀλώσεως τιμησιν ὑπὸ τοῦ Ῥωμαίων δήμου γενομένην, ἣ παραγέγραπται καθάπερ καὶ ταῖς ἄλλαις χρόνος οὗτος: ὑπατεύοντος Λευκίου Οὐαλερίου Ποτίτου καὶ Τίτου Μαλλίου Καπιτωλίνου μετὰ τὴν ἐκβολὴν τῶν βασιλέων ἐνὸς δέοντι εἰκοστῷ καὶ ἑκατοστῷ ἔτει.'

[5] This is proved in many other ways, but particularly by the records of the censors, which receives in succession from the father and takes great care to transmit to posterity, like family rites; and there are many illustrious men of

censorian families who preserve these records. In them I find that in the second year before the taking of the city there was a census of the Roman people, to which, as to the rest of them, there is affixed the date, as follows: "In the consulship of Lucius Valerius Potitus and Titus Manlius Capitolinus, in the one hundred and nineteenth year after the expulsion of the kings."

[6] ὥστε τὴν Κελτικὴν ἔφοδον, ἣν τῷ δευτέρῳ μετὰ τὴν τιμήσιν ἔτει γενομένην εὕρισκομεν, ἐκπεπληρωμένων τῶν εἴκοσι καὶ ἑκατὸν ἐτῶν γενέσθαι. εἰ δὲ τοῦτο τὸ διάστημα τοῦ χρόνου τριάκοντα Ὀλυμπιάδων εὕρισκεται γενόμενον, ἀνάγκη τοὺς πρώτους ἀποδειχθέντας ὑπάτους ὁμολογεῖν ἄρχοντας Ἀθήνησιν Ἰσαγόρου παρειληφέναι τὴν ἀρχὴν κατὰ τὸ πρῶτον ἔτος τῆς ὀγδῆς καὶ ἐξηκοστῆς Ὀλυμπιάδος.

[6] So that the Gallic invasion, which we find to have occurred in the second year after the census, happened when the hundred and twenty years were completed. If, now, this interval of time is found to consist of thirty Olympiads, it must be allowed that the first consuls to be chosen entered upon their magistracy in the first year of the sixty-eighth Olympiad, the same year that Isagoras was archon at Athens.

[1] καὶ μὴν ἀπὸ γε τῆς ἐκβολῆς τῶν βασιλέων ἐπὶ τὸν πρῶτον ἄρξαντα τῆς πόλεως Ῥωμύλον ἀναβιβασθεὶς ὁ χρόνος ἔτη τέτταρα πρὸς τοῖς τετταράκοντα καὶ διακοσίοις ἀποτελεῖ. γνωρίζεται δὲ τοῦτο ταῖς διαδοχαῖς τῶν βασιλέων καὶ τοῖς ἔτεσιν, οἷς ἕκαστοι κατέσχον τὴν ἀρχήν. Ῥωμύλος μὲν γὰρ ὁ κτίσας τὴν πόλιν ἑπτὰ καὶ τριάκοντα ἔτη λέγεται κατασχεῖν τὴν δυναστείαν: μετὰ δὲ τὸν Ῥωμύλου θάνατον ἀβασίλευτος ἡ πόλις γενέσθαι χρόνον ἐνιαύσιον.

[75.1] And, again, if from the expulsion of the kings the time is reckoned back to Romulus, the first ruler of the city, it amounts to two hundred and forty-four years. This is known from the order in which the kings succeeded one another and the number of years each of them ruled. For Romulus, the founder of Rome, reigned thirty-seven years, it is said, and after his death the city was a year without a king.

[2] ἔπειτα Νόμας Πομπίλιος [p. 122] αἵρεθεὶς ὑπὸ τοῦ δήμου τρία καὶ τετταράκοντα ἔτη βασιλεῦσαι. Τύλλος δὲ Ὀστίλιος μετὰ Νόμαν δύο καὶ τριάκοντα. ὁ δ' ἐπὶ τούτῳ βασιλεύσας Ἄγκος Μάρκιος τέτταρα πρὸς τοῖς εἴκοσι. μετὰ δὲ Μάρκιον Λεύκιος Ταρκύνιος ὁ κληθεὶς Πρίσκοις ὀκτὼ καὶ τριάκοντα. τοῦτον δὲ διαδεξάμενος Σερούϊος Τύλλιος τετταράκοντα καὶ τέτταρα. ὁ Σερούϊον δὲ ἀνελὼν Λεύκιος Ταρκύνιος ὁ τυραννικὸς καὶ διὰ τὴν τοῦ δικαίου ὑπεροψίαν κληθεὶς Σούπερβος ἕως εἰκοστοῦ καὶ πέμπτου προαγαγεῖν τὴν ἀρχήν.

[2] Then Numa Pompilius, who was chosen by the people, reigned forty-three years; after Numa, Tullus Hostilius thirty-two; and his successor, Ancus

Marcus, twenty-four; after Marcus, Lucius Tarquinius, called Priscus, thirty-eight; Servius Tullius, who succeeded him, forty-four. And the slayer of Servius, Lucius Tarquinius, the tyrannical prince who, from his contempt of justice, was called Superbus, extended his reign to the twenty-fifth year.

[3] τεττάρων δὲ καὶ τετταράκοντα καὶ διακοσίων ἀναπληρουμένων ἐτῶν, ἃ κατέσχον οἱ βασιλεῖς, Ὀλυμπιάδων δὲ μιᾷς καὶ ἐξήκοντα πᾶσα ἀνάγκη τὸν πρῶτον ἄρξαντα τῆς πόλεως Ρωμύλον ἔτει πρῶτῳ τῆς ἐβδόμης Ὀλυμπιάδος παρειληφέναι τὴν βασιλείαν ἄρχοντος Ἀθήνησι τῆς δεκαετίας Χάροπας ἔτος πρῶτον. τοῦτο γὰρ ὁ λογισμὸς τῶν ἐτῶν ἀπαιτεῖ. ὅτι δὲ τοσαῦτα ἕκαστος τῶν βασιλέων ἦρξεν ἔτη δι' ἐκεῖνον δηλοῦται μοι τοῦ λόγου.

[3] As the reigns, therefore, of the kings amount to two hundred and forty-four years or sixty-one Olympiads, it follows necessarily that Romulus, the first ruler of the city, began his reign in the first year of the seventh Olympiad, when Charops at Athens was in the first year of his ten-year term as archon. For the count of the years requires this; and that each king reigned the number of years is shown in that treatise of mine to which I have referred.

[4] τὰ μὲν δὴ περὶ τοῦ χρόνου καθ' ὃν ἡ νῦν δυναστεύουσα πόλις ὤκισθη τοῖς τε πρὸ ἐμοῦ γενομένοις εἰρημένα κάμοι δοκοῦντα τοιάδ' ἔστιν. οἰκισταὶ δ' αὐτῆς οἵτινες ἦσαν καὶ τίσι τύχαις χρησάμενοι τὴν ἀποικίαν ἔστειλαν ὅσα τε ἄλλα περὶ τὴν κτίσιν ταύτην ἰστόρηται πολλοῖς μὲν εἴρηται καὶ διαφόρως τὰ πλεῖστα ἐνίοις, λεχθήσεται δὲ κάμοι τὰ πιθανώτατα τῶν μνημονευομένων. ἔχει δὲ ὧδε: [p. 123]

[4] This, therefore, is the account given by those who lived before me and adopted by me concerning the time of the settlement of the city which now rules supreme. As to its founders, who they were and by what turns of fortune they were induced to lead out the colony, and any other details told concerning its settlement, all this has been related by many, and the greatest part of it in a different manner by some; and I, also, shall relate the most probable of these stories. They are as follows:

[1] Ἀμόλιος ἐπειδὴ παρέλαβε τὴν Ἀλβανῶν βασιλείαν τὸν πρεσβύτερον ἀδελφὸν Νεμέτορα τῷ κατισχυῖσαι τῆς πατρίου τιμῆς ἀπειρξας, τὰ τε ἄλλα κατὰ πολλὴν ὑπεροψίαν τῶν δικαίων ἔδρα καὶ τελευτῶν ἔρημον γένους τὸν οἶκον τοῦ Νεμέτορος ἐπεβούλευσε ποιῆσαι, τοῦ τε δίκην ὑποσχεῖν φόβῳ καὶ ἔρωτι μὴ πανοσθῆναι ποτε τῆς ἀρχῆς.

[76.1] When Amulius succeeded to the kingdom of the Albans, after forcibly excluding his elder brother Numitor from the dignity that was his by inheritance, he not only showed great contempt for justice in everything else that he did, but he finally plotted to deprive Numitor's family of issue, both from fear of suffer punishment for his usurpation and also because of his desire never to be dispossessed of the sovereignty.

[2] βουλευσάμενος δὲ ταῦτα ἐκ πολλοῦ πρῶτον μὲν τὸν υἱὸν τοῦ Νεμέτορος Αἰγεστον ἄρτι γενειάζοντα φυλάξας ἔνθα ἐκυνηγέται, προλοχίσας τοῦ χωρίου τὸ ἀφανέστατον, ἐξελθόντα ἐπὶ θήραν ἀποκτείνει καὶ παρεσκεύασε λέγεσθαι μετὰ τὸ ἔργον ὡς ὑπὸ ληστῶν ἀναιρεθεῖν τὸ μεираκιον. οὐ μέντοι κρείττων ἢ κατασκευαστὴ δόξα τῆς σιωπωμένης ἀληθείας ἐγένετο, ἀλλὰ πολλοῖς καὶ παρὰ τὸ

[2] Having long resolved upon this course, he first observed the neighbourhood where Aegestus, Numitor's son, who was just coming to man's estate, was wont to follow the chase, and having placed an ambush in the most hidden part of it, he caused him to be slain when he had come out to hunt; and after the deed was committed he contrived to have it reported that the youth had been killed by robbers. Nevertheless, the rumour thus concocted could not prevail over the truth which he was trying to keep concealed, but many, though it was unsafe to do so, ventured to tell what had been done.

[3] ἀσφαλὲς ἐτολμᾶτο λέγεσθαι τὸ πραχθέν. Νεμέτωρ δὲ ἤδει μὲν τὸ ἔργον, λογισμῷ δὲ κρείττονι τοῦ πάθους χρώμενος ἄγνοιαν ἐσκήπτετο εἰς ἀκινδυνότερον ἀναβαλέσθαι χρόνον τὴν ὀργὴν βουλευσάμενος. Ἀμόλιος δὲ τὰ τοῦ μεираκίου ὑπολαβὼν λεληθέναι δεύτερα τάδε ἐποιοί: τὴν θυγατέρα τοῦ Νεμέτορος Ἰλίαν, ὡς δὲ τινες γράφουσι Ῥεάν ὄνομα, Σιλουίαν δ' ἐπὶ κλησιν, ἐν ἀκμῇ γάμου γενομένην ἱέρειαν ἀποδείκνυσιν Ἑστίας, ὡς μὴ τάχιον εἰς ἀνδρὸς ἐλθοῦσα τέκῃ τιμωροῦς τῷ γένει. πενταετοῦς δὲ οὐκ ἐλάττω χρόνου ἔδει τὰς ἱερὰς κόρας ἀγνὰς διαμεῖναι γάμων, αἷς ἀνατέθεται [p. 124] τοῦ τε ἀσβέστου πυρὸς ἢ φυλακῇ καὶ εἴ τι ἄλλο θρησκευέσθαι τῷ κοινῷ διὰ παρθένων νόμιμον ἦν.

[3] Numitor was aware of the crime, but his judgment being superior to his grief, he affected ignorance, resolving to defer his resentment to a less dangerous time. And Amulius, supposing that the truth about the youth had been kept secret, set a second plan on foot, as follows: he appointed Numitor's daughter, Ilia, — or, as some state, Rhea, surnamed Silvia, — who was then ripe for marriage, to be a priestess of Vesta, lest, if she first entered a husband's house, she might bring forth avengers for her family. These holy maidens who were intrusted with the custody of the perpetual fire and with the carrying out of any other rites that it was customary for virgins to perform in behalf of the commonwealth were required to remain undefiled by marriage for a period of not less than five years.

[4] ἔπραττε δὲ Ἀμόλιος τοῦτο μετ' ὀνομάτων καλῶν, ὡς τιμὴν τῷ γένει καὶ κόσμον περιτιθεῖς οὔτε αὐτὸς εἰσηγησάμενος τὸν νόμον τόνδε οὔτε κοινῷ ὄντι πρῶτον ἀναγκάσας τῶν ἐν ἀξιώματι χρῆσθαι τὸν ἀδελφόν, ἐν ἔθει δὲ τοῖς Ἀλβανοῖς καὶ ἐν καλῷ ὄν τὰς εὐγενεστάτας ἀποδείκνυσθαι κόρας τῆς Ἑστίας προπόλους. ὁ δὲ Νεμέτωρ αἰσθόμενος οὐκ ἀπὸ τοῦ βελτίστου ταῦτα πράττοντα τὸν ἀδελφὸν ὀργὴν φανεράν οὐκ ἐποιοῖτο, ἵνα μὴ τῷ δήμῳ ἀπέχθοιτο, ἀπόρρητον δὲ καὶ τοῦτο ἐφύλαττε τὸ ἐγκλημα.

[4] Amulius was carrying out his plan under specious pretences, as if he were conferring honour and dignity on his brother's family; for he was not the author of this law, which was a general one, nor, again, was his brother the first person of consideration whom he had obliged to yield obedience to it, but it was both customary and honourable among the Albans for maidens of the highest birth to be appointed to the service of Vesta. But Numitor, perceiving that these measures of his brother proceeded from no good intention, dissembled his resentment, lest he should incur the ill-will of the people, and stifled his complaints upon this occasion also.

[1] τετάρτῳ δ' ὕστερον ἔτει τὴν Ἰλίαν ἐλθοῦσαν εἰς ἱερὸν ἄλσος Ἄρεος ὕδατος ἀγνοῦ κομιδῆς ἔνεκα, ᾧ πρὸς τὰς θυσίας ἔμελλε χρήσασθαι, βιάζεται τις ἐν τῷ τεμένει. τοῦτον δὲ τινες μὲν ἀποφαίνουσι τῶν μνηστήρων ἕνα γενέσθαι τῆς κόρης ἐρῶντα τῆς παιδισκης, οἱ δὲ αὐτὸν Ἀμόλιον οὐκ ἐπιθυμίας μᾶλλον ἢ ἐπιβουλῆς ἔνεκα φραξάμενόν τε ὄπλοις ὡς ἐκπληκτικώτατος ὀφθῆσεσθαι ἔμελλε καὶ τὸ τῆς ὄψεως γνώριμον εἰς ἀσαφὲς ὡς μάλιστα ἐδύνατο καθιστάντα:

[77.1] The fourth year after this, Ilia, upon going to a grove consecrated to Mars to fetch pure water for use in the sacrifices, was ravished by somebody or other in the sacred precinct. Some say that the author of the deed was one of the maiden's suitors, who was carried away by his passion for the girl; others say that it was Amulius himself, and that, since his purpose was to destroy her quite as much as to satisfy his passion, he had arrayed himself in such armour as would render him most terrible to behold and that he also kept his features disguised as effectively as possible.

[2] οἱ δὲ πλεῖστοι μυθολογοῦσι τοῦ δαίμονος εἶδωλον, οὗ τὸ χωρίον ἦν, πολλὰ καὶ ἄλλα τῷ πάθει δαιμόνια ἔργα προσάπτοντες ἡλίου τε ἀφανισμόν αἰφνιδιον καὶ [p. 125] ζόφον ἐν οὐρανῷ κατασχόντα: ὅψιν δέ, ἣν καὶ τὸ εἶδωλον εἶχε, θαυμασιωτέραν μακρῷ δὴ τι κατὰ μέγεθος καὶ κάλλος ἀνθρώπων: φασὶ τε εἰπεῖν τῇ κόρῃ παρηγοροῦντα τὴν λύπην τὸν βιασάμενον, ἔξ οὗ γενέσθαι δῆλον ὅτι θεὸς ἦν, μηδὲν ἄχθεσθαι τῷ πάθει. τὸ γὰρ κοινώνημα τῶν γάμων αὐτῇ γεγονέναι πρὸς τὸν ἐμβατεύοντα τῷ χωρίῳ δαίμονα, τέξεσθαι δ' αὐτὴν ἐκ τοῦ βιασμοῦ δύο παῖδας ἀνθρώπων μακρῷ κρατίστους ἀρετὴν καὶ τὰ πολέμια. ταῦτα δὲ εἰπόντα νέφει περικαλυφθῆναι καὶ ἀπὸ γῆς ἀρθέντα φέρεσθαι δι' ἄερος ἄνω.

[2] But most writers relate a fabulous story to the effect that it was a spectre of the divinity to whom the place was consecrated; and they add that the advantageous was attended by many supernatural signs, including a sudden disappearance of the sun and a darkness that spread over the sky, and that the appearance of the spectre was far more marvellous than that of a man both in stature and in beauty. And they say that the ravisher, to comfort the maiden (by which it became clear that it was a god), commanded her not to grieve at all at what had happened, since she had been united in marriage to the divinity

of the place and as a result of her violation should bear two sons who would far excel all men in valour and warlike achievements. And having said this, he was wrapped in a cloud and, being lifted from the earth, was borne upwards through the air.

[3] ὅπως μὲν οὖν χρή περὶ τῶν τοιῶνδε δόξης ἔχειν, πότερον καταφρονεῖν ὡς ἀνθρωπίνων ῥαδιουργημάτων εἰς θεοὺς ἀναφερομένων μηδὲν ἂν τοῦ θεοῦ λειτούργημα τῆς ἀφθάρτου καὶ μακαρίας φύσεως ἀνάξιον ὑπομένοντος, ἢ καὶ ταύτας παραδέχασθαι τὰς ἱστορίας, ὡς ἀνακεκραμένης τῆς ἀπάσης οὐσίας τοῦ κόσμου καὶ μεταξὺ τοῦ θείου καὶ θνητοῦ γένους τρίτης τινὸς ὑπαρχούσης φύσεως, ἣν τὸ δαιμόνων φύλον ἐπέχει, τοτὲ μὲν ἀνθρώποις, τοτὲ δὲ θεοῖς ἐπιμιγνύμενον, ἐξ οὗ ὁ λόγος ἔχει τὸ μυθευόμενον ἡρώων φῦναι γένος, οὔτε καιρὸς ἐν τῷ παρόντι διασκοπεῖν ἄρκεϊ τε ὅσα φιλοσόφοις περὶ αὐτῶν ἐλέχθη.

[3] This is not a proper place to consider what opinion we ought to entertain of such tales, whether we should scorn them as instances of human frailty attributed to the gods, — since God is incapable of any action that is unworthy of his incorruptible and blessed nature, — or whether we should admit even these stories, upon the supposition that all the substance of the universe is mixed, and that between the race of gods and that of men some third order of being exists which is that of the daemons, who, uniting sometimes with human beings and sometimes with the gods, beget, it is said, the fabled race of heroes. This, I say, is not a proper place to consider these things, and, moreover, what the philosophers have said concerning them is sufficient.

[4] ἢ δ' οὖν κόρη μετὰ τὸν βιασμὸν ἀρρωστεῖν σκηψαμένη 'τοῦτο γὰρ αὐτῇ παρήνεσεν ἡ μήτηρ [p. 126] ἀσφαλείας τε καὶ τῶν πρὸς τοὺς θεοὺς ὁσίων ἔνεκά οὐκέτι προσήει τοῖς ἱεροῖς, ἀλλὰ διὰ τῶν ἄλλων ἐγίνετο παρθένων, αἷς τὸ αὐτὸ προσέκειτο ἔργον, ὅσα λειτουργεῖν ἐκείνην ἔδει.

[4] But, be that as it may, the maid after her violation feigned illness (for this her mother advised out of regard both for her own safety and for the sacred services of the gods) and no longer attended the sacrifices, but her duties were performed by the other virgins who were joined with her in the same ministry.

[1] Ἀμόλιος δὲ εἶτε κατὰ τὴν συνειδησιν τῶνπραχθέντων εἶτε ὑπονοίᾳ τῶν εἰκότων προαχθεὶς ἔρευναν ἐποιεῖτο τῆς χρονίου τῶν ἱερῶν ἀποστάσεως, κατὰ τίνα γίνεται μάλιστ' αἰτίαν ἱατρούς τε οἷς μάλιστα ἐπίστευεν εἰσπέμπων καὶ, ἐπειδὴ τὴν νόσον αἱ γυναῖκες ἀπόρητον ἀνθρώποις ἡτιῶντο εἶναι, τὴν ἑαυτοῦ γυναῖκα φύλακα τῆς κόρης καταλιπών.

[78.1] But Amulius, moved either by his own knowledge of what had happened or by a natural suspicion of the truth, began to inquire into her long absence from the sacrifices, in order to discover the real reason. To this end he kept

sending in to her some physicians in whom he had the greatest confidence; and then, since the women alleged that her ailment was one that must be kept secret from others, he left his wife to watch her.

[2] ὥς δὲ κατήγορος αὕτη τοῦ πάθους ἐγένετο γυναικεῖα τεκμάρσει τὸ ἀφανὲς τοῖς ἄλλοις ἀνευροῦσα, τῆς μὲν παιδός, ὥς μὴ λάθῃ τεκοῦσα ἣν δὲ οὐ πρόσω τοῦ τόκου φυλακὴν ἐποιεῖτο δι' ὄπλων: αὐτὸς δὲ καλέσας τὸν ἀδελφὸν εἰς τὸ συνέδριον τῆς τε λανθανούσης τοὺς ἄλλους φθορᾷ μηνυτῆς γίνεται καὶ ἡτιᾶτο συγκακουργεῖν τῇ κόρῃ τοὺς γονεῖς ἐκέλευέ τε μὴ

[2] She, having by a woman's marking of the signs discovered what was a secret to the others, informed him of it, and he, lest the girl should be delivered in secret, for she was now near her time, caused her to be guarded by armed men. And summoning his brother to the council, he not only announced the deflowering of the girl, of which the rest knew naught, but even accused her parents of being her accomplices; and he ordered Numitor not to hide the guilty man, but to expose him.

[3] κρύπτειν τὸν εἰργασμένον, ἀλλ' εἰς μέσον ἄγειν. Νεμέτωρ δὲ παραδόξων τε λόγων ἀκούειν ἔφη καὶ παντὸς ἀναίτιος εἶναι τοῦ λεγομένου χρόνον τε ἡξίου βασάνου τῆς ἀληθείας ἔνεκα λαβεῖν: τυχὼν δὲ ἀναβολῆς μόλις, ἐπειδὴ τὸ πρᾶγμα παρὰ τῆς γυναικὸς ἔμαθεν ὥς ἡ παῖς ἐν ἀρχαῖς ἀφηγήσατο, τὸν τε βιασμὸν τὸν ὑπὸ τοῦ θεοῦ γενόμενον ἀπέφαινε καὶ τοὺς λεχθέντας [p. 127] ὑπ' αὐτοῦ περὶ τῶν διδύμων παιδῶν λόγους διεξῆλθεν ἡξίου τε πίστιν ποιήσασθαι ταύτην τῶν λεγομένων, εἰ τοιοῦτος ὁ τῆς ὠδίνος ἔσται γόνος, οἷον ὁ θεὸς ὑφηγήσατο. καὶ γὰρ ὁμοῦ τι τῷ τίκτειν εἶναι τὴν κόρην, ὥστε οὐκ εἰς μακρὰν ῥαδιουργεῖν φανήσεται. παρεδίδου δὲ καὶ τὰς φυλαττούσας τὴν κόρην καὶ

[3] Numitor said he was amazed at what he heard, and protesting his innocence of everything that was alleged, desired time to test the truth of it. Having with difficulty obtained this delay, and being informed by his wife of the affair as his daughter had related it in the beginning, he acquainted the council with the rape committed by the god and also related what the god had said concerning the twins, and asked that his story should be believed only if the fruit of her travail should prove to be such as the god had foretold; for the time of her delivery was near at hand, so that it would not be long, if he were playing the rogue, before the fact would come to light. Moreover, he offered to put at their disposal for examination the women who were watching his daughter, and he was ready to submit to any and every test.

[4] ἐλέγχων οὐδενὸς ἀφίστατο. ταῦτα λέγοντος αὐτοῦ τὸ μὲν τῶν συνέδρων πλῆθος ἐπείθετο, Ἀμόλιος δὲ οὐδὲν ὑγιὲς ἀπέφαινε τῶν ἀξιομένων, ἀλλ' ἐκ παντὸς ὠρμητο τρόπου τὴν ἀνθρωπον ἀπολέσαι. ἐν ὅσῳ δὲ ταῦτ' ἐγένετο παρῆσαν οἱ τὴν ὠδῖνα φρουρεῖν ταχθέντες ἀποφαίνοντες ἄρρενα βρέφη διδυμα τεκεῖν τὴν κόρην, καὶ αὐτίκα Νεμέτωρ μὲν ἐν τῷ αὐτῷ πολὺς

ἦν λόγῳ τοῦ θεοῦ τε ἀποδεικνύς τὸ ἔργον καὶ μὴδὲν εἰς τὴν κόρην ἀναίτιον οὖσαν τοῦ πάθους παρανομεῖν ἄξιῳ· Ἀμολίῳ δὲ τῶν ἀνθρωπειῶν μηχανημάτων καὶ τὸ περὶ τὸν τόκον ἐδόκει γενέσθαι παρασκευασθέντος ἐτέρου ταῖς γυναιξὶ βρέφους ἢ κρύφα τῶν φυλάκων ἢ συγκακουργούντων, καὶ

[4] As he spoke thus the majority of the councilors were persuaded, but Amulius declared that his demands were altogether insincere, and was bent on destroying the girl by every means. While this was taking place, those who had been appointed to keep guard over Ilia at the time of her delivery came to announce that she had given birth to male twins. And at once Numitor began to urge at length the same arguments, showing the deed to be the work of the god and demanding that they take no unlawful action against his daughter, who was innocent of her condition. On the other hand, Amulius thought that even in connexion with her delivery there had been some human trickery and that the women had provided another child, either unknown to the guards or with their connivance, and he said much more to the same purport.

[5] πολλὰ εἰς τοῦτο ἐλέχθη. ὥς δὲ τὴν γνώμην τοῦ βασιλέως ἔμαθον οἱ συνέδροι ἀπαραιτήτῳ τῇ ὀργῇ χρωμένῃ ἐδικαίωσαν καὶ αὐτοὶ καθάπερ ἐκεῖνος ἡξίου χρήσασθαι τῷ νόμῳ κελεύοντι τὴν μὲν αἰσχύνασαν τὸ σῶμα ῥάβδοις αἰκισθεῖσαν ἀποθανεῖν, τὸ δὲ γεννηθὲν εἰς τὸ τοῦ ποταμοῦ βάλλεσθαι ῥεῖθρον· νῦν μέντοι [p. 128] ζώσας κατορύττεσθαι τὰς τοιαύτας ὁ τῶν ἱερῶν ἀγορεύει νόμος.

[5] When the councilors found that the king's decision was inspired by implacable anger, they, too, voted, as he demanded, that the law should be carried out which provided that a Vestal who suffered herself to be defiled should be scourged with rods and put to death and her offspring thrown into the current of the river. To-day, however, the sacred law ordains that such offenders shall be buried alive.

[1] μέχρι μὲν δὴ τούτων οἱ πλεῖστοι τῶν συγγραφέων τὰ αὐτὰ ἢ μικρὸν παραλλάττοντες οἱ μὲν ἐπὶ τὸ μυθωδέστερον, οἱ δ' ἐπὶ τὸ τῇ ἀληθείᾳ ὅμοιον μᾶλλον ἀποφαίνουσι, περὶ δὲ τῶν ἐξῆς διαφέρονται.

[79.1] Up to this point the greater part of the historians give the same account or differ but slightly, some in the direction of what is legendary, others of what is more probable; but they disagree in what follows.

[2] οἱ μὲν γὰρ εὐθὺς ἀναιρεθῆναι λέγουσι τὴν κόρην, οἱ δ' ἐν εἰρκτῇ φυλαττομένην ἀδήλῳ διατελέσαι δόξαν τῷ δήμῳ παρασχοῦσαν ἀφανοῦς θανάτου. ἐπικλασθῆναι δὲ τὸν Ἀμόλιον εἰς τοῦτο ἰκετευούσης τῆς θυγατρὸς χαρίσασθαι τὴν ἀνεψιὰν αὐτῇ· ἦσαν δὲ σύντροφοὶ τε καὶ ἡλικίαν ἔχουσαι τὴν αὐτὴν ἀσπαζόμεναι τε ἀλλήλας ὥς ἀδελφάς. χαριζόμενον οὖν ταύτῃ Ἀμόλιον, μόνη δ' ἦν αὐτῷ θυγάτηρ, θανάτου μὲν ἀπολύσαι τὴν Ἰλίαν,

φυλάττειν δὲ καθείρξαντα ἐν ἀφανεί: λυθῆναι δὲ αὐτὴν ἀνὰ χρόνον Ἀμολίου τελευτήσαντος.

[2] Some say that the girl was put to death immediately; others that she remained in a secret prison under a guard, which caused the people to believe that she had been put to death secretly. The latter authors say that Amulius was moved to do this when his daughter begged him to grant her the life of her cousin; for, having been brought up together and being of the same age, they loved each other like sisters. Amulius, accordingly, to please her, — for she was his only daughter, — saved Ilia from death, but kept her confined in a secret prison; and she was at length set at liberty after the death of Amulius.

[3] περὶ μὲν οὖν τῆς Ἰλίας οὕτω διαλλάττουσιν αἱ τῶν παλαιῶν γραφαί, λόγον δ' ἔχουσιν ὡς ἀληθεῖς ἑκάτεραι. διὰ τοῦτο κἀγὼ μνήμην ἀμφοτέρων ἐποίησάμην, ὁποτέρᾳ δὲ χρὴ πιστεῦειν αὐτὸς τις εἴσεται τῶν ἀναγνωσομένων.

[3] Thus do the accounts of the ancient authors vary concerning Ilia, and yet both opinions carry with them an appearance of truth; for this reason I, also, have mentioned them both, but each of my readers will decide for himself which to believe.

[4] περὶ δὲ τῶν ἐκ τῆς Ἰλίας γενομένων Κόιντος μὲν Φάβιος ὁ Πικτωρ λεγόμενος, ὃς Λεύκιος τε Κίγκιος καὶ Κάτων Πόρκιος καὶ Πείσων Καλπούρνιος καὶ τῶν ἄλλων συγγραφέων οἱ πλείους ἠκολούθησαν, γέγραφε: ὡς κελεύσαντος [p. 129] Ἀμολίου τὰ βρέφη λαβόντες ἐν σκάφῃ κείμενα τῶν ὑπηρετῶν τινες ἔφερον ἐμβαλοῦντες εἰς τὸν ποταμὸν ἀπέχοντα τῆς πόλεως ἀμφὶ τοῦς ἑκατὸν εἴκοσι σταδίους.

[4] But concerning the babes born of Ilia, Quintus Fabius, called Pictor, whom Lucius Cincius, Porcius Cato, Calpurnius Piso and most of the other historians have followed, writes thus: By the order of Amulius some of his servants took the babes in an ark and carried them to the river, distant about a hundred and twenty stades from the city, with the intention of throwing them into it.

[5] ἐπεὶ δὲ ἐγγὺς ἐγένοντο καὶ εἶδον ἔξω τοῦ γνησίου ρείθρου τὸν Τέβεριν ὑπὸ χειμῶνων συνεχῶν ἐκτετραμμένον εἰς τὰ πεδία, καταβάντες ἀπὸ τοῦ Παλλαντίου τῆς κορυφῆς ἐπὶ τὸ προσεχέστατον ὕδωρ, οὐ γὰρ ἔτι προσωτέρω χωρεῖν οἴοιτε ἦσαν ἔνθα πρῶτον ἢ τοῦ ποταμοῦ πλήμῃ τῆς ὑπωρείας ἦπτετο, τίθενται τὴν σκάφην ἐπὶ τοῦ ὕδατος. ἢ δὲ μέχρι μὲν τινος ἐνήχητο, ἔπειτα τοῦ ρείθρου κατὰ μικρὸν ὑποχωροῦντος ἐκ τῶν περὶ ἔσχατα λίθου προσπταίσει περιτραπέϊσα ἐκβάλλει τὰ βρέφη.

[5] But when they drew near and perceived that the Tiber, swollen by continual rains, had left its natural bed and overflowed the plains, they came down from the top of the Palatine hill to that part of the water that lay nearest (for they could no longer advance any farther) and set down the ark upon the flood

where it washed the foot of the hill. The ark floated for some time, and then, as the waters retired by degrees from their extreme limits, it struck against a stone and, overturning, threw out the babes, who lay whimpering and wallowing in the mud.

[6] τὰ μὲν δὴ κνυζούμενα κατὰ τοῦ τέλματος ἐκυλινδεῖτο, λύκαινα δέ τις ἐπιφανεῖσα νεοτόκος σπαργῶσα τοὺς μαστοὺς ὑπὸ γάλακτος ἀνεδίδου τὰς θηλὰς τοῖς στόμασιν αὐτῶν καὶ τῇ γλώττῃ τὸν πηλόν, ᾧ κατὰπλεοι ἦσαν, ἀπελίχμα. ἐν δὲ τούτῳ τυγχάνουσιν οἱ νομεῖς ἐξελαύνοντες τὰς ἀγέλας ἐπὶ νομὴν ἥδη γὰρ ἐμβατὸν ἦν τὸ χωρίον καὶ τις αὐτῶν ἰδὼν τὴν λύκαιναν ὡς ἡσπάζετο τὰ βρέφη τέως μὲν ἀχανὴς ἦν ὑπὸ τε θάμβους καὶ ἀπιστίας τῶν θεωρουμένων: ἔπειτ' ἀπελθὼν καὶ συλλέξας ὅσους ἐδύνατο πλείστους τῶν ἀγχοῦ νεμόντων 'οὐ γὰρ ἐπιστεύετο λέγων' ἄγει τοῦργον αὐτὸ θασσομένους.

[6] Upon this, a she-wolf that had just whelped appeared and, her udder being distended with milk, gave them her paps to suck and with her tongue licked off the mud with which they were besmeared. In the meantime the herdsmen happened to be driving their flocks forth to pasture (for the place was now become passable) and one of them, seeing the wolf thus fondling the babes, was for some time struck dumb with astonishment and disbelief of what he saw. Then going away and getting together as many as he could of his fellows who kept their herds near at hand (for they would not believe what he said), he led them to see the sight themselves.

[7] ὡς δὲ κάκεῖνοι πλησίον ἐλθόντες ἔμαθον τὴν [p. 130] μὲν ὥσπερ τέκνα περιέπουσαν, τὰ δ' ὡς μητρὸς ἐξεχόμενα, δαιμόνιον τι χρῆμα ὄραν ὑπολαβόντες ἐγγυτέρω προσήεσαν ἄθρόοι δεδιττόμενοι βοῇ τὸ θηρίον. ἡ δὲ λύκαινα οὐ μάλ' ἀγριαίνουσα τῶν ἀνθρώπων τῇ προσόδῳ, ἀλλ' ὥσπερ ἂν χειροῆθης ἀποστᾶσα τῶν βρεφῶν ἡρέμα καὶ κατὰ πολλὴν ἀλογίαν τοῦ ποιμενικοῦ

[7] When these also drew near and saw the wolf caring for the babes as if they had been her young and the babes clinging to her as to their mother, they thought they were beholding a supernatural sight and advanced in a body, shouting to terrify the creature. The wolf, however, far from being provoked at the approach of the men, but as if she had been tame, withdrew gently from the babes and went away, paying little heed to the rabble of shepherds.

[8] ὁμίλου ἀπήει. καὶ ἦν γὰρ τις οὐ πολὺ ἀπέχων ἐκεῖθεν ἱερὸς χῶρος ὕλη βαθεῖα συνηρεφὴς καὶ πέτρα κοίλῃ πηγὰς ἀνιέῖσα, ἐλέγετο δὲ Πανὸς εἶναι τὸ νάπος, καὶ βωμὸς ἦν αὐτόθι τοῦ θεοῦ: εἰς τοῦτο τὸ χωρίον ἐλθοῦσα ἀποκρύπτεται. τὸ μὲν οὖν ἄλλος οὐκέτι διαμένει, τὸ δὲ ἄντρον, ἐξ οὗ ἡ λιβὰς ἐκδίδεται, τῷ Παλλαντίῳ προσωκοδομημένον δεικνυται κατὰ τὴν ἐπὶ τὸν ἵπποδρομον φέρουσαν ὁδόν, καὶ τέμενός ἐστιν αὐτοῦ πλησίον, ἔνθα εἰκὼν κεῖται τοῦ πάθους λύκαινα παιδίοις δυσὶ τοὺς μαστοὺς ἐπίσχουσα,

[8] Now there was not far off a holy place, arched over by a dense wood, and a hollow rock from which springs issued; the wood was said to be consecrated to Pan, and there was an altar there to that god. To this place, then, the wolf came and hid herself. The grove, to be sure, no longer remains, but the cave from which the spring flows is still pointed out, built up against the side of the Palatine hill on the road which leads to the Circus, and near it is a sacred precinct in which there is a statue commemorating the incident; it represents a she-wolf suckling two infants, the figures being in bronze and of ancient workmanship. This spot is said to have been a holy place of the Arcadians who formerly settled there with Evander.

[9] ὡς δὲ ἀπέστη τὸ θηρίον αἶρουν οἱ νομεῖς τὰ βρέφη σπουδῇν ποιοῦμενοι τρέφειν ὡς θεῶν αὐτὰ σώζεσθαι βουλομένων. ἦν δὲ τις ἐν αὐτοῖς συοφορβίων βασιλικῶν ἐπιμελούμενος ἐπικίχης ἀνὴρ Φαιστύλος ὄνομα, ὃς ἐν τῇ πόλει κατὰ δὴ τι ἀναγκαῖον ἐγεγόνει καθ' ὃν χρόνον ἡ φθορὰ τῆς Ἰλίας καὶ ὁ τόκος ἠλέγχετο, καὶ μετὰ ταῦτα κομιζομένων ἐπὶ τὸν ποταμὸν τῶν βρεφῶν τοῖς φέρουσιν αὐτὰ κατὰ [p. 131] θείαν τύχην ἅμα διεληλύθει τὴν αὐτὴν ὁδὸν εἰς τὸ Παλλάντιον ἰών: ὃς ἤκιστα τοῖς ἄλλοις καταφανῆς γενόμενος ὡς ἐπίσταται τι τοῦ πράγματος ἀξιώσας αὐτῷ συγχωρηθῆναι τὰ βρέφη λαμβάνει τε αὐτὰ παρὰ

[9] As soon as the beast was gone the herdsmen took up the babes, and believing that the god desired their preservation, were eager to bring them up. There was among them the keeper of the royal herds of swine, whose name was Faustus, an upright man, who had been in town upon some necessary business at the time when the deflowering of Ilia and her delivery were made public. And afterwards, when the babes were being carried to the river, he had by some providential chance taken the same road to the Palatine hill and gone along with those who were carrying them. This man, without giving the least intimation to the others that he knew anything of the affair, asked that the babes might be delivered to him, and having received them by general consent, he carried them home to his wife.

[10] τοῦ κοινοῦ καὶ φέρων ὡς τὴν γυναῖκα ἔρχεται. τετοκυῖαν δὲ καταλαβὼν καὶ ἀχθομένην ὅτι νεκρὸν αὐτῇ τὸ βρέφος ἦν παραμυθεῖται τε καὶ διδωσιν ὑποβαλέσθαι τὰ παιδιά πᾶσαν ἐξ ἀρχῆς διηγησάμενος τὴν κατασχοῦσαν αὐτὰ τύχην. αὐξομένοις δὲ αὐτοῖς ὄνομα τίθεται τῷ μὲν Ῥωμύλον, τῷ δὲ Ῥῶμον. οἱ δὲ ἀνδρωθέντες γίνονται κατὰ τε ἀξίωσιν μορφῆς καὶ φρονήματος ὄγκον οὐ συοφορβοῖς καὶ βουκόλοις ἐοικότες, ἀλλ' οἷους ἂν τις ἀξιώσειε τοὺς ἐκ βασιλείου τε φύντας γένους καὶ ἀπὸ δαιμόνων σπορᾶς γενέσθαι νομιζομένους, ὡς ἐν τοῖς πατρίοις ὕμνοις ὑπὸ

[10] And finding that she had just given birth to a child and was grieving

because it was still-born, he comforted her and gave her these children to substitute in its place, informing her of every circumstance of their fortune from the beginning. And as they grew older he gave to one the name of Romulus and to the other that of Remus. When they came to be men, they showed themselves both in dignity of aspect and elevation of mind not like swineherds and neatherds, but such as we might expect those to be who are born of royal race and are looked upon as the offspring of the gods; and as such they are still celebrated by the Romans in the hymns of their country.

[11] Ῥωμαίων ἔτι καὶ νῦν ῥῖδεται. βίος δ' αὐτοῖς ἦν βουκολικὸς καὶ διαίτα αὐτουργὸς ἐν ὄρεσι τὰ πολλὰ πηξαμένοις διὰ ξύλων καὶ καλάμων σκηνὰς αὐτορόφους· ὧν ἔτι καὶ εἰς ἐμὲ ἦν τις τοῦ Παλλαντίου ἐπὶ τῆς πρὸς τὸν ἱππόδρομον στρεφούσης λαγόνος Ῥωμύλου λεγομένη, ἣν φυλάττουσιν ἱερὰν οἷς τούτων ἐπιμελὲς οὐδὲν ἐπὶ τὸ σεμνότερον ἐξαγοντες, εἰ δέ τι πονήσειεν ὑπὸ χεიმῶνος ἢ χρόνου τὸ λείπον ἐξακούμενοι καὶ

[11] But their life was that of herdsmen, and they lived by their own labour, generally upon the mountains in huts which they built, roofs and all, out of sticks and reeds. One of these, called the hut of Romulus, remained even to my day on the flank of the Palatine hill which faces towards the Circus, and it is preserved holy by those who have charge of these matters; they add nothing to it to render it more stately, but if any part of it is injured, either by storms or by the lapse of time, they repair the damage and restore the hut as nearly as possible to its former condition.

[12] τῷ πρόσθεν ἑξομοιοῦντες εἰς δύναμιν. ἐπεὶ δὲ ἀμφὶ τὰ ὀκτωκαίδεκα ἔτη γεγονότες ἦσαν ἀμφιλογόν τι περὶ τῆς νομῆς αὐτοῖς γίνεται πρὸς τοῦς Νεμέτορος [p. 132] βουκόλους, οἱ περὶ τὸ Αὐεντῖνον ὄρος ἀντικρὺ τοῦ Παλλαντίου κείμενον εἶχον τὰς βουστάσεις. ἥτιῳντο δὲ ἀλλήλους ἐκάτεροι θαμινὰ ἢ τὴν μὴ προσήκουσαν ὀργάδα κατανέμειν ἢ τὴν κοινήν μόνους διακρατεῖν ἢ ὃ τι δῆποτε τύχοι. ἐκ δὲ τῆς ἀψιμαχίας ταύτης ἐγένοντο πληγαὶ ποτε διὰ χειρῶν, εἴτα δι' ὀπλων.

[12] When Romulus and Remus were about eighteen years of age, they had some dispute about the pasture with Numitor's herdsmen, whose herds were quartered on the Aventine hill, which is over against the Palatine. They frequently accused one another either of grazing the meadow-land that did not belong to them or of monopolizing that which belonged to both in common, or of whatever the matter chanced to be. From this wrangling they had recourse sometimes to blows and then to arms.

[13] τραύματα δὲ πολλὰ πρὸς τῶν μειρακίων λαβόντες οἱ τοῦ Νεμέτορος καὶ τινὰς καὶ ἀπολέσαντες τῶν σφετέρων καὶ τῶν χωρίων ἤδη κατὰ κράτος ἐξειργόμενοι παρεσκευάζοντο δόλον τινὰ ἐπ' αὐτούς. προλοχίσαντες δὲ τῆς φάραγγος τὸ ἀφανὲς καὶ συνθέμενοι τοῖς λοχῶσι τὰ μειράκια τὸν τῆς ἐπιθέσεως καιρὸν οἱ λοιποὶ κατὰ πλῆθος ἐπὶ τὰ μανδρεύματα αὐτῶν νύκτωρ

ἐπέβαλον. Ῥωμύλος μὲν οὖν τὸν χρόνον τοῦτον ἐτύγχανεν ἅμα τοῖς ἐπιφανεστάτοις τῶν κωμητῶν πεπορευμένος εἰς τι χωρίον Καίνιναν ὀνομαζόμενον ἱερὰ

[13] Finally Numitor's men, having received many wounds at the hands of the youths and lost some of their number and being at last driven by force from the places in dispute, devised a stratagem against them. They place an ambuscade in the hidden part of the ravine and having concerted the time of the attack with those who lay in wait for the youths, the rest in a body attacked the others' folds by night. No wit happened that Romulus, together with the chief men of the village, had gone at the time to a place called Caenina to offer sacrifices for the community according to the custom of the country;

[14] ποιήσων ὑπὲρ τοῦ κοινοῦ πάτρια: Ῥῶμος δὲ τὴν ἔφοδον αὐτῶν αἰσθόμενος ἐξεβοήθει λαβὼν τὰ ὄπλα διαταχέων ὀλίγους τῶν ἐκ τῆς κώμης φθάσαντας καθ' ἑν γενέσθαι παραλαβών. κάκεῖνοι οὐ δέχονται αὐτόν, ἀλλὰ φεύγουσιν ὑπαγόμενοι ἔνθα ἔμελλον ἐν καλῷ ὑποστρέψαντες ἐπιθήσεσθαι: ὁ δὲ Ῥῶμος κατ' ἄγνοιαν τοῦ μηχανήματος ἄχρι πολλοῦ διώκων αὐτοὺς παραλλάττει τὸ λελοχισμένον χωρίον, κὰν τούτῳ [p. 133] ὃ τε λόχος ἀνίσταται καὶ οἱ φεύγοντες ὑποστρέφουσι. κυκλωσάμενοι δὲ αὐτοὺς καὶ πολλοῖς ἀράττοντες λίθοις λαμβάνουσιν ὑποχειρίους. ταύτην γὰρ εἶχον ἐκ τῶν δεσποτῶν τὴν παρακέλευσιν, ζῶντας αὐτοῖς τοὺς νεανίσκους κομίσαι. οὕτω μὲν δὴ χειρωθεὶς ὁ Ῥῶμος ἀπήγετο.

[14] but Remus, being informed of the foe's attack, hastily armed himself and with a few of the villagers who had already got together went out to oppose them. And they, instead of awaiting him, retired, in order to draw him to the place where they intended to face above and attack him to advantage. Remus, being unaware of their stratagem, pursued them for a long distance, till he passed the place where the rest lay in ambush; thereupon these men rose up and at the same time the others who had been fleeing faced about. And having surrounded Remus and his men, they overwhelmed them with a shower of stones and took them prisoners; for they had received orders from their masters to bring the youths to them alive. Thus Remus was captured and led away.

[1] ὡς δὲ Τουβέρων Αἴλιος δεινὸς ἀνὴρ καὶ περὶ τὴν συναγωγὴν τῆς ἱστορίας ἐπιμελὴς γράφει, προειδότες οἱ τοῦ Νεμέτορος θύσοντας τὰ Λύκαια τοὺς νεανίσκους τῷ Πανὶ τὴν Ἀρκαδικὴν ὡς Εὐάνδρος κατεστήσατο θυσίαν ἐνὶ ἡδρευσαν τὸν καιρὸν ἐκεῖνον τῆς ἱεουργίας, ἥνικα χρῆν τοὺς περὶ τὸ Παλλάντιον οἰκοῦντας τῶν νέων ἐκ τοῦ Λυκαίου τεθυκότας περιελθεῖν δρόμῳ τὴν κώμην γυμνοὺς ὑπεζωσμένους τὴν αἰδῶ ταῖς δοραῖς τῶν νεοθύτων. τοῦτο δὲ καθαρμὸν τινα τῶν κωμητῶν πάτριον ἐδύνατο,

[80.1] But Aelius Tubero, a shrewd man and careful in collecting the historical

data, writes that Numitor's people, knowing beforehand that the youths were going to celebrate in honour of Pan the Lupercalia, the Arcadian festival as instituted by Evander, set an ambush for that moment in the celebration when the youths living near the Palatine were, after offering sacrifice, to proceed from the Lupercal and run round the village naked, their loins girt with the skins of the victims just sacrificed. This ceremony signified a sort of traditional purification of the villagers, and is still performed even to this day.

[2] ὡς καὶ νῦν ἔτι δρᾶται. ἐν δὴ τοῦτω τῷ χρόνῳ τοὺς ἱεροποιοὺς νεανίσκους οἱ βουκόλοι λοχίσαντες κατὰ τὸ στενόπορον τῆς ὁδοῦ, ἐπειδὴ τὸ πρῶτον τάγμα τὸ σὺν τῷ Ῥώμῳ κατ' αὐτοὺς ἐγένετο, τῶν ἀμφὶ Ῥωμύλον τε καὶ ἄλλων ὑστεριζόντων ἑκατέρῃ γὰρ ἐνεμένοντο καὶ ἐκ διαστήματος ἔθεον· οὐ περιμείναντες τοὺς λοιποὺς ὁρμῶσιν ἐπὶ τοὺς πρῶτους ἐμβοήσαντες ἄθροοι καὶ περιστάντες ἔβαλλον οἱ μὲν ἀκοντίοις, οἱ δὲ λίθοις, οἱ δ' ὡς ἕκαστοι τι διὰ χειρὸς εἶχον. [p. 134] οἱ δ' ἐκπλαγέντες τῷ παραδόξῳ τοῦ πάθους καὶ ἀμηχανοῦντες ὃ τι δράσειαν πρὸς ὠπλισμένους ἄνθρωποι μαχόμενοι κατὰ πολλὴν εὐπέτειαν ἐχειρώθησαν.

[2] On this occasion, then, the herdsmen lay in wait in the narrow part of the road for the youths who were taking part in the ceremony, and when the first band with Remus came abreast of them, that with Romulus and the rest being behind (for they were divided into three bands and ran at a distance from one another), without waiting for the others they set up a shout and all rushed upon the first group, and, surrounding them, some threw darts at them, others stones, and others whatever they could lay their hands on. And the youths, startled by the unexpected attack and at a loss how to act, fighting unarmed as they were against armed men, were easily overpowered.

[3] ὁ μὲν οὖν Ῥώμος ἐπὶ τοῖς πολεμίοις γενόμενος οὕτως, εἶθ' ὡς ὁ Φάβιος παραδέδωκε δέσμιος εἰς τὴν Ἄλβαν ἀπήγετο. Ῥωμύλος δ' ἐπειδὴ τὸ περὶ τὸν ἀδελφὸν ἔγνω πάθος, διώκειν εὐθὺς ὥρετο δεῖν τοὺς ἀκμαιοτάτους ἔχων τῶν νομέων, ὡς ἔτι κατὰ τὴν ὁδὸν ὄντα καταληψόμενος τὸν Ῥώμον· ἀποτρέπεται δ' ὑπὸ τοῦ Φαιστύλου. ὁρῶν γὰρ αὐτοῦ τὴν σπουδὴν μακροτέρην οὖσαν οὗτος νομισθεὶς ὁ πατήρ, ἃ τὸν ἔμπροσθεν χρόνον ἀπόρρητα ποιοῦμενος τοῖς μεираκίοις διετέλεσεν, ὡς μὴ θάπτον ὁρμήσωσι παρακινδυνεῦσαι τι πρὶν ἐν τῷ κρατίστῳ τῆς ἀκμῆς γενέσθαι, τότε δὴ πρὸς τῆς ἀνάγκης βιασθεὶς μονωθέντι τῷ Ῥωμύλῳ λέγει.

[3] Remus, therefore, having fallen into the hands of the enemy in this manner or in the way Fabius relates, was being led away, bound, to Alba. When Romulus heard of his brother's fate, he thought he ought to follow immediately with the stoutest of the herdsmen in the hope of overtaking Remus while he was still on the road, but he was dissuaded by Faustulus. For seeing that his haste was too frenzied, this man, who was looked upon as the father of the youths and who had hitherto kept everything a secret from them, lest they should venture upon some hazardous enterprise before they were in

their prime, now at last, compelled by necessity, took Romulus aside and told him everything.

[4] μαθόντι δὲ τῷ νεανίσκῳ πᾶσαν ἐξ ἀρχῆς τὴν κατασχοῦσαν αὐτοὺς τύχην τῆς τε μητρὸς οἶκος εἰσέρχεται καὶ Νεμέτορος φροντίς, καὶ πολλὰ βουλευσαμένῳ μετὰ τοῦ Φαιστύλου τῆς μὲν αὐτίκα ὁρμῆς ἐπισχεῖν ἐδόκει, πλείονι δὲ παρασκευῇ δυνάμεως χρησάμενον ὅλον ἀπαλλάξαι τὸν οἶκον τῆς Ἀμολίου παρανομίας κίνδυνόν τε τὸν ἔσχατον ὑπὲρ τῶν μεγίστων ἄθλων ἀναρρῖψαι, πράττειν δὲ μετὰ τοῦ μητροπάτορος ὃ τι ἂν ἐκείνῳ δοκῇ. [p. 135]

[4] When the youth heard every circumstance of their fortune from the beginning, he was touched both with compassion for his mother and with solicitude for Numitor. And after taking much counsel with Faustus, he decided to give up his plan for an immediate attack, but to get ready a larger force, in order to free his whole family from the lawlessness of Amulius, and he resolved to risk the direst peril for the sake of the greatest rewards, but to act in concert with his grandfather in whatever the other should see fit to do.

[1] ὥς δὲ ταῦτα κράτιστα εἶναι ἔδοξε συγκαλέσας τοὺς κωμήτας ἅπαντας ὁ Ῥωμύλος καὶ δεηθεὶς εἰς τὴν Ἄλβαν ἐπείγεσθαι διαταχέων μὴ κατὰ τὰς αὐτὰς πύλας ἅπαντας μὴδ' ἀθρόους εἰσιόντας, μὴ τις ὑπόνοια πρὸς τοὺς ἐν τῇ πόλει γένηται, καὶ περὶ τὴν ἀγορὰν ὑπομένοντας ἐτοίμους εἶναι δρᾶν τὸ κελευόμενον,

[81.1] This plan having been decided upon as the best, Romulus called together all the inhabitants of the village and after asking them to hasten into Alba immediately, but not all by the same gates nor in a body, lest the suspicions of the citizens should be aroused, and then to stay in the market-place and be ready to do whatever should be ordered, he himself set out first for the city.

[2] ἀπῆει πρῶτος εἰς τὴν πόλιν. οἱ δὲ τὸν Ῥῶμον ἄγοντες ἐπειδὴ κατέστησαν ἐπὶ τὸν βασιλέα, τὰς τε ὕβρεις ἀπάσας, ὅσας ἦσαν ὑβρισμένοι πρὸς τῶν μεираκίων, κατηγόρουν καὶ τοὺς τραυματίας σφῶν ἐπεδείκνυσαν τιμωρίας εἰ μὴ τεύξονται καταλείπειν προλέγοντες τὰ βουφόρβια. Ἀμόλιος δὲ τοῖς χωρίταις κατὰ πλῆθος ἐληλυθόσι χαρίζεσθαι βουλόμενος καὶ τῷ Νεμέτορι παρῶν γὰρ ἐτύγχανε συναγανακτῶν τοῖς πελάταις εἰρήνην τε ἀνὰ τὴν χώραν σπεύδων εἶναι καὶ ἅμα καὶ τὸ αὐθαδὲς τοῦ μεираκίου, ὥς ἀκατάπληκτον ἦν ἐν τοῖς λόγοις, δι' ὑποφίας λαμβάνων καταψηφίζεται τὴν δίκην: τῆς δὲ τιμωρίας τὸν Νεμέτορα ποιεῖ κύριον εἰπών, ὥς τῷ δράσαντι δεινὰ τὸ ἀντιπαθεῖν οὐ πρὸς ἄλλου τινὸς μᾶλλον ἢ τοῦ πεπονθότος ὀφείλεται.

[2] In the meantime those who had carried off Remus brought him before the king and complained of all the outrageous treatment they had received from the youths, producing their wounded, and threatening, if they found no

redress, to desert their herds. And Amulius, desiring to please both the countrymen, who had come in great numbers, and Numitor (for he happened to be present and share the exasperation of his retainers), and longing to see peace throughout the country, and at the same time suspecting the boldness of the youth, so fearless was in his answers, gave judgment against him; but he left his punishment to Numitor, saying that the one who had done an injury could be punished by none so justly as by the one who had suffered it.

[3] ἐν ᾧ δ' ὁ Ῥῶμος ὑπὸ τῶν τοῦ Νεμέτορος βουκόλων ἤγετο δεδεμένος τε ὀπίσω τῷ χεῖρε καὶ πρὸς τῶν ἀγόντων ἐπικερτομούμενος, ἀκολουθῶν ὁ Νεμέτωρ τοῦ τε σώματος τὴν εὐπρέπειαν ἀπεθαύμαζεν, ὥς πολὺ τὸ βασιλικὸν εἶχε, καὶ τοῦ φρονήματος τὴν εὐγένειαν ἐνεθυμεῖτο, [p. 136] ἦν καὶ παρὰ τὰ δεινὰ διέσωσεν οὐ πρὸς οἶκτον οὐδὲ λιπαρήσεις, ὥς ἅπαντες ἐν ταῖς τοιαῖσδε ποιοῦσι τύχαις, τραπόμενος, ἀλλὰ σὺν εὐκόσμῳ σιωπῇ πρὸς τὸν μόρον ἀπιών.

[3] While Numitor's herdsmen were leading Remus away with his hands bound behind him and mocking him, Numitor followed and not only admired his grace of body, so much was there that was kingly in his bearing, but also observed his nobility of spirit, which he preserved even in distress, not turning to lamentations and entreaties, as all do under such afflictions, but with a becoming silence going away to his fate.

[4] ὥς δ' εἰς τὴν οἰκίαν ἀφίκοντο μεταστῆναι τοὺς ἄλλους κελεύσας μονωθέντα τὸν Ῥῶμον ἤρετο τίς εἴη καὶ τίνων, ὥς οὐκ ἂν ἐκ τῶν τυχόντων γε ἄνδρα τοιοῦτον γενόμενον. εἰπόντος δὲ τοῦ Ῥώμου τοσοῦτον εἰδέναι μόνον κατὰ πύστιν τοῦ τρέφοντος, ὅτι σὺν ἀδελφῷ διδυμῷ ἐκτεθειή βρέφος εἰς νάπην εὐθύς ἀπὸ γονῆς καὶ πρὸς τῶν νομέων ἀναιρεθεὶς ἐκτραφεῖν, βραχὺν ἐπισχὼν χρόνον εἴτε ὑποτοπηθεὶς τι τῶν ἀληθῶν εἴτε τοῦ δαίμονος ἄγοντος εἰς τοῦμφανὲς τὸ πρᾶγμα λέγει πρὸς αὐτόν:

[4] As soon as they were arrived at his house he ordered all the rest to withdraw, and Remus being left alone, he asked him who he was and of what parents; for he did not believe such a man could be meanly born. Remus answered that he knew this much only from the account he had received from the man who brought him up, that he with his twin brother had been exposed in a wood as soon as they were born and had then been taken up by the herdsmen and reared by them. Upon which Numitor, after a short pause, either because he suspected something of the truth or because Heaven was bringing the matter to light, said to him:

[5] Ὅτι μὲν ἐπ' ἐμοὶ γέγονας, ὦ Ῥῶμε, παθεῖν ὃ τι ἂν δικαιώσω, καὶ ὥς περὶ πολλοῦ ποιήσαιντ' ἂν οἱ κομίσαντές σε δεῦρο πολλὰ καὶ δεινὰ παθόντες ἀποθανεῖν, οὐδὲν δεῖ πρὸς εἰδότα λέγειν. εἰ δέ σε θανάτου τε καὶ ἄλλου παντὸς ἐκλυσαιμην κακοῦ, ἄρ' ἂν εἰδείης μοι χάριν καὶ δεομένῳ ὑπουργήσεας ὁ κοινὸν ἀμφοῖν ἔσται ἀγαθόν;

[5] “I need not inform you, Remus, that you are in my power to be punished in whatever way I may see fit, and that those who brought you here, having suffered many grievous wrongs at your hands, would give much to have you put to death. All this you know. But if I should free you from death and every other punishment, would you show your gratitude and serve me when I desire your assistance in an affair that will conduce to the advantage of us both?”

[6] ἀποκριναμένου δὲ τοῦ μεираκίου ὅποσα τοὺς ἐν ἀπογνώσει βίου κειμένους ἢ τοῦ σωθῆσεσθαι ἐλπὶς τοῖς κυρίοις τούτου λέγειν καὶ ὑπισχνεῖσθαι ἐπαίρει, λῦσαι κελεύσας αὐτὸν ὁ Νεμέτωρ καὶ πάντας ἀπελθεῖν ἐκποδῶν φράζει τὰς αὐτοῦ τύχας, ὡς Ἀμόλιος αὐτὸν ἀδελφὸς ὦν ἀπεστέρησε τῆς βασιλείας ὀρφανὸν τε τέκνων ἔθηκε, τὸν μὲν ἐπὶ θήρᾳ [p. 137] κρύφα διαχειρισάμενος, τὴν δ' ἐν εἰρκτῇ δεδεμένην φυλάττων, τὰ τε ἄλλα ὅποσα δεσπότης χρώμενος δούλῳ λωβᾶται.

[6] The youth, having in answer said everything which the hope of life prompts those who are in despair of it to say and promise to those on whom their fate depends, Numitor ordered him to be unbound. And commanding everybody to leave the place, he acquainted him with his own misfortunes — how Amulius, though his brother, had deprived him of his kingdom and bereft him of his children, having secretly slain his son while he was hunting and keeping his daughter bound in prison, and in all other respects continued to treat him as a master would treat his slave.

[1] ταῦτ' εἰπὼν καὶ πολλὴν θρῆνον ἅμα τοῖς λόγοις καταχεάμενος ἡξίου τιμωρὸν τοῖς κατ' οἶκον αὐτοῦ κακοῖς τὸν Ῥῶμον γενέσθαι. ἀσμένως δὲ ὑποδεξαμένου τὸν λόγον τοῦ μεираκίου καὶ παραυτίκα τάττειν αὐτὸν ἐπὶ τὸ ἔργον ἀξιοῦντος ἐπαινέσας ὁ Νεμέτωρ τὴν προθυμίαν, τῆς μὲν πράξεως ἔφη τὸν καιρὸν ἐγὼ ταμיעύσομαι, σὺ δὲ τέως πρὸς τὸν ἀδελφὸν ἀπόρρητον ἅπασι τοῖς ἄλλοις ἀγγελίαν πέμψον, ὅτι σῶζῃ τε δηλῶν καὶ διαταχέων αὐτὸν ἤκειν ἀξίῳν.

[82.1] Having spoken thus and accompanied ship words with many lamentations, he entreated Remus to avenge the wrongs of his house. And when the youth gladly embraced the proposal and begged him to set him at the task immediately, Numitor commended his eagerness and said: “I myself will determine the proper time for the enterprise; but do you meanwhile send a message privately to your brother, informing him that you are safe and asking him to come here in all haste.”

[2] ἐκ δὲ τούτου πέμπεται τις ἐξευρεθείς, ὃς ἐδόκει ὑπηρετήσιν καὶ περιτυχὼν οὐ πρόσω τῆς πόλεως ὄντι Ῥωμύλῳ διασαφεῖ τὰς ἀγγελίας: ὁ δὲ περιχαρὴς γενόμενος ἔρχεται σπουδῇ πρὸς Νεμέτορα καὶ περιπλακεὶς ἀμφοῖν ἀσπάζεται μεν πρῶτον, ἔπειτα φράζει τὴν ἔκθεσιν σφῶν καὶ τροφὴν καὶ τᾶλλα ὅσα παρὰ τοῦ Φαιστύλου ἐπύθετο. τοῖς δὲ βουλομένοις τε καὶ οὐ πολλῶν ἵνα πιστεύσειαν τεκμηρίων δεομένοις καθ' ἡδονὰς τὸ λεγόμενον ἦν.

ἐπεὶ δὲ ἀνέγνωσαν ἀλλήλους αὐτίκα συνετάπτοντο καὶ διεσκόπουν ὅστις ἔσται [p. 138]

[2] Thereupon a man who seemed likely to serve their purpose was found and sent; and he, meeting Romulus not far from the city, delivered his message. Romulus was greatly rejoiced at this and went in haste to Numitor; and having embraced them both, he first spoke words of greeting and then related how he and his brother had been exposed and brought up and all the other circumstances he had learned from Faustulus. The others, who wished his story might be true and needed few proofs in order to believe it, heard what he said with pleasure. And as soon as they knew one another they proceeded to consult together and consider the proper method and occasion for making their attack.

[3] τρόπος ἦ καιρὸς εἰς τὴν ἐπιθεσιν ἐπιτήδειος. ἐν ᾧ δὲ οὗτοι περὶ ταῦτ' ἦσαν ὁ Φαιστύλος ἀπάγεται πρὸς Ἀμόλιον. δεδοικὼς γὰρ μὴ οὐ πιστὰ δόξη τῷ Νεμέτορι λέγειν ὁ Ῥωμύλος ἄνευ σημείων ἐμφανῶν μεγάλου πράγματος μηνυτῆς γενόμενος, τὸ γνῶρισμα τῆς ἐκθέσεως τῶν βρεφῶν τὴν σκάφην ἀναλαβὼν ὀλίγον ὕστερον ἐδίωκεν εἰς τὴν πόλιν.

[3] While they were thus employed, Faustulus was brought before Amulius. For, fearing lest the information given by Romulus might not be credited by Numitor, in an affair of so great moment, without manifest proofs, he soon afterwards followed him to town, taking the ark with him as evidence of the exposing of the babes.

[4] διερχόμενον δ' αὐτὸν τὰς πύλας ταραχῶδῶς πάνυ καὶ περὶ πολλοῦ ποιούμενον μηδενὶ ποιῆσαι καταφανὲς τὸ φερόμενον τῶν φυλάκων τις καταμαθὼν ἦν δὲ πολεμίων ἐφόδου δέος, καὶ τὰς πύλας οἱ μάλιστα πιστευόμενοι πρὸς τοῦ βασιλέως ἐφρούρουν' συλλαμβάνει τε καὶ τὸ κρυπτὸν ὃ τι δῆποτ' ἦν καταμαθεῖν ἀξιῶν, ἀποκαλύπτει βίᾳ τὴν περιβολήν. ὥς δὲ τὴν σκάφην ἐθεάσατο καὶ τὸν ἄνθρωπον ἔμαθεν ἀπορούμενον, ἤξιον λέγειν τις ἢ ταραχὴ καὶ τι τὸ βούλημα τοῦ μὴ φανερώς ἐκφέρειν σκεῦος οὐδὲν δεόμενον ἀπορρήτου φορᾶς.

[4] But as he was entering the gates in great confusion, taking all possible pains to conceal what he carried, one of the guards observed him (for there was fear of an incursion of the enemy and the gates were being guarded by those who were most fully trusted by the king) and laid hold of him; and insisting upon knowing what the concealed object was, he forcibly threw back his garment. As soon as he saw the ark and found the man embarrassed, he demanded to know the cause of his confusion and what he meant by not carrying openly an article that required no secrecy.

[5] ἐν δὲ τούτῳ πλείους τῶν φυλάκων συνέρρεον καὶ τις αὐτῶν γνωρίζει τὴν σκάφην αὐτὸς ἐν ἐκείνῃ τὰ παιδία κομίσας ἐπὶ τὸν ποταμὸν καὶ φράζει πρὸς

τοὺς παρόντας. οἱ δὲ συλλαβόντες τὸν Φαιστύλον ἄγουσιν ἐπ' αὐτὸν τὸν βασιλέα καὶ διηγοῦνται τὰ γενόμενα.

[5] In the meantime more of the guards flocked to them and one of them recognized the ark, having himself carried the children in it to the river; and he so informed those who were present. Upon this they seized Faustulus, and carrying him to the king himself, acquainted him with all that had passed.

[6] Ἀμόλιος δὲ ἀπειλῇ βασάνων καταπληξάμενος τὸν ἄνθρωπον, εἰ μὴ λέξοι τὰς ἀληθείας [p. 139] ἐκὼν, πρῶτον μὲν εἰ ζῶσιν οἱ παῖδες ἤρετο: ὡς δὲ τοῦτ' ἔμαθε τῆς σωτηρίας αὐτοῖς ὅστις ὁ τρόπος ἐγένετο: διηγησαμένου δὲ αὐτοῦ πάντα ὡς ἐπράχθη, Ἄγε δὴ, φησὶν ὁ βασιλεὺς, ἐπειδὴ ταῦτ' ἀληθεύσας ἔχεις, φράσον ὅπου νῦν ἂν εὕρεθεῖεν. οὐ γὰρ ἔτι δίκαιοι εἰσιν ἐν βουκόλοις καὶ ἄδοξον βίον ζῆν ἔμοιγε ὄντες συγγενεῖς, ἄλλως τε καὶ θεῶν προνοίᾳ σωζόμενοι.

[6] Amulius, having terrified the man by the threat of torture if he did not willingly tell the truth, first asked him if the children were alive; and learning that they were, he desired to know in what manner they had been preserved. And when the other had given him a full account of everything as it had happened, the king said: "Well then, since you have spoken the truth about these matters, say where they may now be found; for it is not right that they who are my relations should any longer live ingloriously among herdsmen, particularly since it is due to the providence of the gods that they have been preserved."

[1] Φαιστύλος δὲ τῆς ἀλόγου πραότητος ὑποψία κινηθεὶς μὴ φρονεῖν αὐτὸν ὅμοια τοῖς λόγοις ἀποκρίνεται ὥδε: οἱ μὲν παῖδές εἰσιν ἐν τοῖς ὄρεσι βουκολοῦντες, ὅσπερ ἐκείνων βίος, ἐγὼ δ' ἐπέμφθην παρ' αὐτῶν τῇ μητρὶ δηλώσων ἐν αἷς εἰσι τύχαις: ταύτην δὲ παρὰ σοι φυλάττεσθαι ἀκούων δεήσεσθαι τῆς σῆς θυγατρὸς ἔμελλον, ἵνα με πρὸς αὐτὴν ἀγάγοι. τὴν δὲ σκάφην ἔφερον, ἵν' ἔχω δεικνῦναι τεκμήριον ἐμφανὲς ἅμα τοῖς λόγοις. νῦν οὖν ἐπεὶ δέδοκται σοι τοὺς νεανίσκους δεῦρο κομίσαι χαίρω τε, καὶ πέμψον οὐς2πινας βούλει σὺν ἐμοί. δεῖξω μὲν οὖν τοῖς ἐλθοῦσι τοὺς παῖδας, φράσουσι δ' αὐτοῖς ἐκεῖνοι τὰ παρὰ σου.

[83.1] But Faustulus, suspecting from the king's unaccountable mildness that his intentions were not in harmony with his professions, answer him in this manner: "The youths are upon the mountains tending their herds, which is their way of life, and I was sent by them to their mother to give her an account of their fortunes; but, hearing that she was in your custody, I was intending to ask your daughter to have me brought to her. And I was bringing the ark with me that I might support my words with a manifest proof. Now, therefore, since you have decided to have the youths brought here, not only am I glad, but I ask you to send such persons with me as you wish. I will point out to them the youths and they shall acquaint them with your commands."

[2] ὁ μὲν δὴ ταῦτ' ἔλεγεν ἀναβολὴν εὐρέσθαι βουλόμενος τοῖς παισὶ τοῦ θανάτου καὶ ἅμα αὐτὸς ἀποδράσεσθαι τοὺς ἄγοντας, ἐπειδὰν ἐν τοῖς ὄρεσι γένηται, ἐλπίσας. Ἀμόλιος δὲ τοῖς πιστοτάτοις τῶν ὀπλοφόρων ἐπιστείλας κρύφα, οὕς ἂν ὁ συοφορβὸς αὐτοῖς [p. 140] δεῖξῃ συλλαβόντας ὡς αὐτὸν ἄγειν, ἀποστέλλει διαταχέων. ταῦτα δὲ διαπραξάμενος αὐτίκα γνώμην ἐποιεῖτο καλέσας τὸν ἀδελφὸν ἐν φυλακῇ ἀδέσμῳ ἔχειν, ἕως ἂν εὖ θῇται τὰ παρόντα, καὶ αὐτὸν ὡς ἐπ'

[2] This he said in the desire to discover some means of delaying the death of the youths and at the same time in the hope of making his own escape from the hands of those who were conducting him, as soon as he should arrive upon the mountains. And Amulius speedily sent the most trustworthy of his guards with secret orders to seize and bring before him the persons whom the swineherd should point out to them. Having done this, he at once determined to summon his brother and keep under mild guard till he had ordered the present business to his satisfaction, and he sent for him as if for some other purpose;

[3] ἄλλο δὴ τι ἐκάλει. ὁ δὲ ἀποσταλεῖς ἄγγελος εὐνοίᾳ τε τοῦ κινδυνεύοντος καὶ ἐλέῳ τῆς τύχης ἐπιτρέψας κατήγορος γίνεται Νεμέτορι τῆς Ἀμολίου γνώμης. ὁ δὲ τοῖς παισὶ δηλώσας τὸν κατελιηφὸτα κίνδυνον αὐτοὺς καὶ παρακελευσάμενος ἄνδρας ἀγαθοὺς γενέσθαι παρῆν ἄγων ὠπλισμένους ἐπὶ τὰ βασιλεια τῶν τε ἄλλων πελατῶν καὶ ἐταίρων καὶ θεραπείας πιστῆς χεῖρα οὐκ ὀλίγην. ἦκον δὲ καὶ οἱ ἐκ τῶν ἀγρῶν συνελθόντες εἰς τὴν πόλιν ἐκλιπόντες τὴν ἀγορὰν ἔχοντες ὑπὸ ταῖς περιβολαῖς ξίφη κεκρυμμένα, στίφος καρτερόν. βιασάμενοι δὲ τὴν εἴσοδον ἀθρόα ὁρμῇ πάντες οὐ πολλοῖς ὀπλίταις φρουρουμένην ἀποσφάττουσιν εὐπετῶς Ἀμόλιον καὶ μετὰ τοῦτο τὴν ἄκραν καταλαμβάνονται. ταῦτα μὲν οὖν τοῖς περὶ Φάβιον εἴρηται.

[3] but the messenger who was sent, yielding both to his good-will toward the man in danger and to compassion for his fate, informed Numitor of the design of Amulius. And Numitor, having revealed to the youths the danger that threatened them and exhorted them to show themselves brave men, came to the palace with a considerable band of his retainers and friends and loyal servants. These were joined by the countrymen who had entered the city earlier and now came from the complain with swords concealed under their clothes, a sturdy company. And having by a concerted attack forced the entrance, which was defended by only a few heavy-armed troops, they easily slew Amulius and afterwards made themselves masters of the citadel. Such is the account given by Fabius.

[1] ἕτεροι δὲ οὐδὲν τῶν μυθωδεστέρων ἀξιοῦντες ἱστορικῇ γραφῇ προσήκειν τὴν τε ἀπόθεσιν τὴν τῶν βρεφῶν οὐχ ὡς ἐκελεύσθη τοῖς ὑπηρέταις γενομένην ἀπίθανον εἶναι φασι, καὶ τῆς λυκαίνης τὸ τιθασόν, ἢ τοὺς μαστοὺς ἐπέτρεχε τοῖς παιδίοις, ὡς δραματικῆς μεστὸν ἀτοπίας διασύρουσιν:

[84.1] But others, who hold that nothing bordering on the fabulous has any place in historical writing, declare that the exposing of the babes by the servants in a manner not in accordance with their instructions is improbable, and they ridicule the tameness of the she-wolf that suckled the children as a story full of melodramatic absurdity.

[2] ἀντιδιαλλαττόμενοι [p. 141] δὲ πρὸς ταῦτα λέγουσιν ὡς ὁ Νεμέτωρ, ἐπειδὴ τὴν Ἰλίαν ἔγνω κύουσαν, ἕτερα παρασκευασάμενος παιδία νεογνὰ διηλλάξατο τεκούσης αὐτῆς τὰ βρέφη καὶ τὰ μὲν ὀθνεῖα δέδωκε τοῖς φυλάττουσι τὰς ὠδῖνας ἀποφέρειν εἴτε χρημάτων τὸ πιστὸν τῆς χρείας αὐτῶν πριάμενος εἴτε διὰ γυναικῶν τὴν ὑπαλλαγὴν μηχανησάμενος, καὶ αὐτὰ λαβὼν Ἀμόλιος ὅτῳ δὴ τινι τρόπῳ ἀναιρεῖ: τὰ δ' ἐκ τῆς Ἰλίας γενόμενα περὶ παντὸς ποιούμενος ὁ μητροπάτωρ διασώζεσθαι δίδωσι τῷ Φαιστύλῳ.

[2] In place of this they give the following account of the matter: Numitor, upon learning that Ilia was with child, procured other new-born infants and when she had given birth to her babes, he substituted the former in place of the latter. Then he gave the supposititious children to those who were guarding her at the time of her delivery to be carried away, having either secured the loyalty of the guards by money or contrived this exchange by the help of women; and when Amulius had received them, he made away with them by some means or other. As for the babes that were born of Ilia, their grandfather, who was above all things solicitous for their preservation, handed them over to Faustulus.

[3] τὸν δὲ Φαιστύλον τοῦτον Ἀρκάδα μὲν εἶναι φασὶ τὸ γένος ἀπὸ τῶν σὺν Εὐάνδρῳ, κατοικεῖν δὲ περὶ τὸ Παλλάντιον ἐπιμέλειαν ἔχοντα τῶν Ἀμολίου κτημάτων. χαρίσασθαι δὲ Νεμέτορι τὴν ἐκτροφὴν τῶν παιδῶν τὰδελφῷ πιθόμενον ὄνομα Φαυστινῷ τὰς περὶ τὸν Αὐεντῖνον τρεφομένας τοῦ

[3] This Faustulus, they say, was of Arcadian extraction, being descended from those Arcadians who came over with Evander; he lived near the Palatine hill and had the care of Amulius' possessions, and he was prevailed on by his brother, named Faustinus, who had the oversight of Numitor's herds that fed near the Aventine hill, to do Numitor the favour of bringing up the children.

[4] Νεμέτορος ἀγέλας ἐπιτροπεύοντι: τὴν τε τιθηνησαμένην τὰ παιδία καὶ μαστοὺς ἐπισχοῦσαν οὐ λύκαιναν εἶναι φασιν, ἀλλ' ὥσπερ εἰκὸς γυναῖκα τῷ Φαιστύλῳ συνοικοῦσαν Λαυρεντίαν ὄνομα, ἣ δημοσιευοῦση ποτὲ τὴν τοῦ σώματος ὥραν οἱ περὶ τὸ Παλλάντιον διατρίβοντες ἐπὶ κλησιν ἔθεντο τὴν Λούπαν: ἔστι δὲ τοῦτο Ἑλληνικὸν τε καὶ ἀρχαῖον ἐπὶ ταῖς μισθαρνοῦσαις τὰφροδίσια τιθέμενον, αἱ νῦν εὐπρεπεστέρᾳ κλήσει ἐταῖραι προσαγορεύονται. ἀγνοοῦντας δὲ τινας αὐτὸ πλάσαι τὸν περὶ τῆς λυκαίνης μῦθον, ἐπειδὴ κατὰ [p. 142] τὴν γλῶτταν, ἣν τὸ Λατίνων ἔθνος φθέγγεται, λούπα καλεῖται τοῦτο τὸ θηρίον. ἥνικα δὲ τῆς ἐν τῷ γάλακτι τροφῆς

ἀπὸ πλῆθος τὰ παῖδια, δοθῆναι πρὸς τῶν τρεφόντων εἰς Γαβίους πόλιν οὐ μακρὰν ἀπὸ τοῦ

[4] They say, moreover, that the one who nursed and suckled them was not a she-wolf, but, as may well be supposed, a woman, the wife of Faustus, named Laurentia, who, having formerly prostituted her beauty, had received from the people living round the Palatine hill the nickname of Lupa. This is an ancient Greek term applied to women who prostitute themselves for gain; but they are now called by a more respectable name, hetaerae or “companions.” But some who were ignorant of this invented the myth of the she-wolf, this animal being called in the Latin tongue lupa.

[5] Παλλαντίου κειμένην, ὡς Ἑλλάδα παιδεῖαν ἐκμάθοιεν, κάκεῖ παρ’ ἀνδράσιν ἰδιοξένοις τοῦ Φαιστύλου τραφεῖναι γράμματα καὶ μουσικὴν καὶ χρῆσιν ὅπλων Ἑλληνικῶν ἐκδιδασκόμενους μέχρις ἡβῆς.

[5] The story continues that after the children were weaned they were sent by those who were rearing them to Gabii, a town not far from the Palatine hill, to be instructed in Greek learning; and there they were brought up by some personal friends of Faustus, being taught letters, music, and the use of Greek arms until they grew to manhood.

[6] ἐπεὶ δὲ ἀφίκοντο πρὸς τοὺς νομιζομένους γονεῖς συμβῆναι τὴν διαφορὰν αὐτοῖς πρὸς τοὺς Νεμέτορος βουκόλους περὶ τῶν συννόμων χωρίων: ἐκ δὲ τούτου πληγὰς αὐτοῖς δόντας ὡς αὐτοὺς ἀπελάσαι τὰς ἀγέλας, ποιῆσαι δὲ ταῦτα τῇ γνώμῃ τοῦ Νεμέτορος, ἵν’ ἀρχὴ γένοιτο ἐγκλημάτων καὶ ἅμα παρουσίας εἰς τὴν πόλιν τῷ νομευτικῷ

[6] After their return to their supposed parents the quarrel arose between them and Numitor’s herdsmen concerning their common pastures; thereupon they beat Numitor’s men so that these drove away their cattle, doing this by Numitor’s direction, to the intent that it might serve as a basis for his complaints and at the same time as an excuse for the crowd of herdsmen to come to town.

[7] πλῆθει πρόφασις. ὡς δὲ ταῦτ’ ἐγένετο Νεμέτορα μὲν Ἀμολίου καταβοᾶν, ὡς δεινὰ πάσχει διαρπαζόμενος ὑπὸ τῶν ἐκείνου βουκόλων, καὶ ἀξιοῦν εἰ μηδενὸς αἵτιος τῶν ἐκείνου ἐστὶ παραδοῦναι τὸν βουφορβὸν αὐτῷ καὶ τοὺς υἱοὺς ἐπὶ δίκῃ: Ἀμόλιον δὲ ἀπολύσασθαι βουλόμενον τὴν αἰτίαν τοῦς τε αἰτηθέντας καὶ τοὺς ἄλλους ἅπαντας, ὅσοι παρῆναι τοῖς γενομένοις εἶχον αἰτίαν, ἥκειν κελεῦειν δίκας ὑφέζοντας τῷ Νεμέτορι.

[7] When this had been brought about, Numitor raised a clamour against Amulius, declaring that he was treated outrageously, being plundered by the herdsmen of Amulius, and demanding that Amulius, if he was not responsible for any of this, should deliver to him the herdsmen and his sons for trial; and Amulius, wishing to clear himself of the charge, ordered not only those

who were complained of, but all the rest who were accused of having been present at the conflict, to come and stand trial before Numitor.

[8] πολλῶν δὲ συνελθόντων ἅμα τοῖς ἐπαιτίοις ἐπὶ τῇ προφάσει τῆς δίκης φράσαντα τοῖς νεανίσκοις τὸν μητροπάτορα πᾶσαν τὴν καταλαβοῦσαν [p. 143] αὐτοὺς τύχην καὶ φήσαντα τιμωρίαν νῦν εἶ ποτε καιρὸν εἶναι λαβεῖν, αὐτίκα ποιήσασθαι σὺν τῷ νομευτικῷ πλήθει τὴν ἐπίθεσιν. περὶ μὲν οὖν γενέσεως καὶ τροφῆς τῶν οἰκιστῶν τῆς Ῥώμης ταῦτα λέγεται.

[8] Then, when great numbers came to town together with the accused, ostensibly to attend the trial, the grandfather of the youths acquainted them with all the circumstances of their fortune, and telling them that now, if ever, was the time to avenge themselves, he straightway made his attack upon Amulius with the crowd of herdsmen. These, then, are the accounts that are given of the birth and rearing of the founders of Rome.

[1] τὰ δὲ κατὰ τὴν κτίσιν αὐτὴν γενόμενα τοῦτο γὰρ ἔτι μοι τὸ μέρος τῆς γραφῆς λείπεται νῦν ἔρχομαι διηγησόμενος. ἐπειδὴ γὰρ Ἀμολίου τελευτήσαντος ἀνενεώσατο τὴν ἀρχὴν ὁ Νεμέτωρ ὀλίγον ἐπισχὼν χρόνον, ἐν ᾧ τὴν πόλιν ἐκ τῆς πρότερον ἐπεχούσης ἀκοσμίας εἰς τὸν ἀρχαῖον ἐκόσμηι τρόπον, εὐθὺς ἐπενόει τοῖς μειρακίοις ἰδίαν ἀρχὴν κατασκευάσαι ἑτέραν πόλιν οἰκίας.

[85.1] I am now going to relate the events that happened at the very time of its founding; for this part of my account still remains. When Numitor, upon the death of Amulius, had resumed his rule and had spent a little time in restoring the city from its late disorder to its former orderly state, he presently thought of providing an independent rule for the youths by founding another city.

[2] ἅμα δὲ καὶ τοῦ πολιτικοῦ πλήθους ἐπίδοσιν εἰς εὐανδρίαν ἐσχηκότος ἀπαναλῶσαι τι καλῶς ἔχειν ᾤετο, καὶ μάλιστα τὸ διάφορον αὐτῷ ποτε γενόμενον, ὡς μὴ δι' ὑποψίας αὐτοὺς ἔχοι. κοινωσάμενος δὲ τοῖς μειρακίοις, ἐπειδὴ κάκεινοις ἐδόκει, δίδωσιν αὐτοῖς χωρία μὲν ὧν ἄρξουσιν, ἔνθα παῖδες ὄντες ἐτράφησαν, ἐκ δὲ τοῦ λεῶ τὸν τε δι' ὑποψίας αὐτῷ γενόμενον, ὃς ἔμελλε νεωτερισμοῦ εἰσαυθίς ἄρξειν, καὶ εἰ τι ἐκούσιον ἀπαναστήναι ἐβούλετο.

[2] At the same time, the inhabitants being much increased in number, he thought it good policy to get rid of some part of them, particularly of those who had once been his enemies, lest he might have cause to suspect any of his subjects. And having communicated this plan to the youths and gained their approval, he gave them, as a district to rule, the region where they had been brought up in their infancy, and, for subjects, not only that part of the people which he suspected of a design to begin rebellion anew, but also any who were willing to migrate voluntarily.

[3] ἦν δὲ ἐν τούτοις πολὺ μὲν ὥσπερ εἰκὸς ἐν πόλει κινουμένη τὸ δημοτικὸν

γένος, ἱκανὸν δὲ καὶ τὸ ἀπὸ τοῦ κρατίστου γνώριμον, ἐκ δὲ τοῦ Τρωικοῦ τὸ εὐγενέστατον δὴ νομιζόμενον, ἐξ οὗ καὶ γενεαὶ τινες ἔτι περιῆσαν εἰς ἐμέ, πεντήκοντα μάλιστ' οἴκοι. ἐχορηγεῖτο δὲ [p. 144] τοῖς νεανίσκοις καὶ χρήματα καὶ ὄπλα καὶ σῖτος καὶ ἀνδράποδα καὶ ὑποζύγια ἀχθοφόρα καὶ εἰ τι ἄλλο πόλεως ἦν κατασκευῇ πρόσφορον.

[3] Among these, as is likely to happen when a city sends out a colony, there were great numbers of the common people, but there were also a sufficient number of the prominent men of the best class, and of the Trojan element all those who were esteemed the noblest in birth, some of whose posterity remained even to my day, consisting of about fifty families. The youths were supplied with money, arms and corn, with slaves and beasts of burden and everything else that was of use in the building of a city.

[4] ὡς δὲ ἀνέστησαν ἐκ τῆς Ἄλβας οἱ νεανίσκοι τὸν λεῶν μίξαντες αὐτῷ τὸν αὐτόθεν, ὅσος ἦν ἐν τῷ Παλλαντίῳ καὶ περὶ τὴν Σατορνίαν ὑπολιπῆς, μερίζονται τὸ πλῆθος ἅπαν διχῇ. τοῦτο δὲ αὐτοῖς δόξαν παρέσχε φιλοτιμίας, ἵνα θᾶπτον ἀνύηται τῇ πρὸς ἀλλήλους ἀμίλλῃ τὰ ἔργα,

[4] After they had led their people out of Alba and intermingled with them the local population that still remained in Pallantium and Saturnia, they divided the whole multitude into two parts. This they did in the hope of arousing a spirit of emulation, so that through their rivalry with each other their tasks might be the sooner finished; however, it produced the greatest of evils, discord.

[5] αἷτιον δὲ τοῦ μεγίστου κακοῦ, στάσεως, ἐγένετο. οἱ τε γὰρ προσνεμηθέντες αὐτοῖς τὸν ἑαυτῶν ἡγεμόνα ἕκαστοι κυδαίνοντες ὡς ἐπιτήδειον ἁπάντων ἄρχειν ἐπῆρον, αὐτοὶ τε οὐκέτι μίαν γνώμην ἔχοντες οὐδὲ ἀδελφὰ διανοεῖσθαι ἀξιοῦντες, ὡς αὐτὸς ἄρξων ἐκάτερος θατέρου, παρώσαντες τὸ ἴσον τοῦ πλείονος ὠρέγοντο. τέως μὲν οὖν ἀφανῇ τὰ πλεονεκτήματα αὐτῶν ἦν, ἔπειτα δὲ ἐξερράγη σὺν τοιᾷδε προφάσει.

[5] For each group, exalting its own leader, extolled him as the proper person to command them all; and the youths themselves, being now no longer one in mind or feeling it necessary to entertain brotherly sentiments toward each, since each expected to command the other, scorned equality and craved superiority. For some time their ambitions were concealed, but later they burst forth on the occasion which I shall now describe.

[6] τὸ χωρίον ἔνθα ἔμελλον ἰδρῦσιν τὴν πόλιν οὐ τὸ αὐτὸ ἡρεῖτο ἐκάτερος. Ῥωμύλου μὲν γὰρ ἦν γνώμη τὸ Παλλάντιον οἰκίζειν τῶν τε ἄλλων ἔνεκα καὶ τῆς τύχης τοῦ τόπου, ἢ τὸ σωθῆναι τε αὐτοῖς καὶ τραφῆναι παρέσχε: Ῥώμῳ δὲ ἐδόκει τὴν καλουμένην νῦν ἀπ' ἐκείνου Ῥεμορίαν οἰκίζειν. ἔστι δὲ τὸ χωρίον ἐπιτήδειον ὑποδέξασθαι πόλιν λόφος οὐ πρόσω τοῦ Τεβέριος κείμενος, ἀπέχων τῆς Ῥώμης ἀμφοὶ τοὺς τριάκοντα σταδίους. ἐκ δὲ τῆς

φιλονεικίας ταύτης ἀκοινώνητος εὐθύς ὑπεδηλοῦτο φιλαρχία. τῷ γὰρ εἷξαντι τὸ κρατῆσαν εἰς πάντα ὁμοίως ἐπιθήσεσθαι ἔμελλεν. [p. 145]

[6] They did not both favour the same site for the building of the city; for Romulus proposed to settle the Palatine hill, among other reasons, because of the good fortune of the place where they had been preserved and brought up, whereas Remus favoured the place that is now named after him Remoria. And indeed this place is very suitable for a city, being a hill not far from the Tiber and about thirty stades from Rome. From this rivalry their unsociable love of rule immediately began to disclose itself; for on the one who now yielded the victor would inevitably impose his will on all occasions alike.

[1] χρόνου δὲ τινος ἐν τούτῳ διαγενομένου, ἐπειδὴ οὐδὲν ἐμειοῦτο τὸ τῆς στάσεως, δόξαν ἀμφοῖν τῷ μητροπάτορι ἐπιτέψαι παρήσαν εἰς τὴν Ἄλβαν. ὁ δὲ αὐτοῖς ταῦτα ὑποτίθεται: θεοὺς ποιήσασθαι δικαστάς, ὁποτέρου χρή τὴν ἀποικίαν λέγεσθαι καὶ τὴν ἡγεμονίαν εἶναι. ταξάμενος δὲ αὐτοῖς ἡμέραν ἐκέλευσεν ἐξ ἑωθινοῦ καθέζεσθαι χωρὶς ἀλλήλων, ἐν αἷς ἑκάτεροι ἀξιοῦσιν ἔδραις: προθύσαντας δὲ τοῖς θεοῖς ἱερὰ τὰ νομιζόμενα φυλάττειν οἰωνοὺς αἰσίους: ὁποτέρῳ δ' ἂν οἱ ὄρνιθες προτέρῳ κρείττους γένωνται,

[86.1] Meanwhile, some time having elapsed and their discord in no degree abating, the two agreed to refer the matter to their grandfather and for that purpose went to Alba. He advised them to leave it to the decision of the gods which of them should give his name to the colony and be its leader. And having appointed for them a day, he ordered them to place themselves early in the morning at a distance from one another, in such stations as each of them should think proper, and after first offering to the gods the customary sacrifices, to watch for auspicious birds; and he ordered that he to whom the more favourable birds first appeared should rule the colony.

[2] τοῦτον ἄρχειν τῆς ἀποικίας. ἀπήεσαν οἱ νεανίσκοι ταῦτ' ἐπαινέσαντες καὶ κατὰ τὰ συγκείμενα παρήσαν ἐν τῇ κυρίᾳ τῆς πράξεως ἡμέρᾳ. ἦν δὲ Ῥωμύλῳ μὲν οἰωνιστήριον, ἔνθα ἡξίου τὴν ἀποικίαν ἰδρῦσαι, τὸ Παλλάντιον, Ῥώμῳ δ' ὁ προσεχὴς ἐκείνῳ λόφος Ἀυεντίνος καλούμενος, ὡς δὲ τινες ἱστοροῦσιν ἡ Ῥεμορία: φυλακὴ τε ἀμφοῖν παρῆν οὐκ ἐπιτρέψουσα ὅ τι μὴ φανεῖν λέξειν.

[2] The youths, approving of this, went away and according to their agreement appeared on the day appointed for the test. Romulus chose for his station the Palatine hill, where he proposed settling the colony, and Remus the Aventine hill adjoining it, or, according to others, Remoria; and a guard attended them both, to prevent their reporting things otherwise than as they appeared.

[3] ὡς δὲ τὰς προσηκούσας ἔδρας ἔλαβον ὀλίγον ἐπισχὼν χρόνον ὁ Ῥωμύλος ὑπὸ σπουδῆς τε καὶ τοῦ πρὸς τὸν ἀδελφὸν φθόνου, ὡς δὲ καὶ ὁ φθόνος ἴσως δὲ καὶ ὁ θεὸς οὕτως ἐνήγε, πρὶν ἢ καὶ ὅτιοῦν σημεῖον θεάσασθαι

πέμψας ὡς τὸν ἀδελφὸν ἄγγελους ἦκειν ἡξίου διαταχέων, ὡς πρότερος ἰδὼν οἰωνοὺς αἰσίους. ἐν ᾧ δὲ οἱ πεμφθέντες ὑπ' αὐτοῦ δι' αἰσχύνης ἔχοντες τὴν ἀπάτην οὐ σπουδῇ ἐχώρουν, τῷ Ῥώμῳ γῦπες [p. 146] ἐπισημαίνουσιν ἔξ ἀπὸ τῶν δεξιῶν πετόμενοι. καὶ ὁ μὲν ἰδὼν τοὺς ὄρνιθας περιχαρὴς ἐγένετο, μετ' οὐ πολὺ δὲ οἱ παρὰ τοῦ Ῥωμύλου πεμφθέντες ἀναστήσαντες αὐτὸν ἄγουσιν ἐπὶ τὸ Παλλάντιον.

[3] When they had taken their respective stations, Romulus, after a short pause, from eagerness and jealousy of his brother, — though possibly Heaven was thus directing him, — even before he saw any omen at all, sent messengers to his brother desiring him to come immediately, as if he had been the first to see some auspicious birds. But while the persons he sent were proceeding with no great haste, feeling ashamed of the fraud, six vultures appeared to Remus, flying from the right; and he, seeing the birds, rejoiced greatly. And not long afterwards the men sent by Romulus took him thence and brought him to the Palatine hill.

[4] ἐπεὶ δὲ ἐν τῷ αὐτῷ ἐγένοντο ἤρετο μὲν τὸν Ῥωμύλον ὁ Ῥῶμος, οὕς2πινας οἰωνοὺς ἴδοι πρότερος, ὁ δὲ ἐν ἀπόρῳ γίνεται ὃ τι ἀποκρίναιτο. ἐν δὲ τούτῳ δώδεκα γῦπες αἰσίοι πετόμενοι ὤφθησαν, οὓς ἰδὼν θαρρεῖ τε καὶ τῷ Ῥώμῳ δεῖξας λέγει, Τι γὰρ ἀξιοῖς τὰ πάλα γενόμενα μαθεῖν; τοὺς2δε γὰρ δὴ που τοὺς οἰωνοὺς αὐτὸς ὀρᾷς. ὁ δὲ ἀγανακτεῖ τε καὶ δεινὰ ποιεῖται, ὡς διηρημένος ὑπ' αὐτοῦ, τῆς τε ἀποικίας οὐ μεθήσεσθαι αὐτῷ φησιν.

[4] When they were together, Remus asked Romulus what birds he had been the first to see, and Romulus knew not what to answer. But thereupon twelve auspicious vultures were seen flying; and upon seeing these he took courage, and pointing them out to Remus, said: “Why do you demand to know what happened a long time ago? For surely you see these birds yourself.” But Remus was indignant and complained bitterly because he had been deceived by him; and he refused to yield to him his right to the colony.

[1] ἀνίσταται δὴ ἐκ τούτου μείζων τῆς προτέρας ἔρις ἐκατέρου τὸ πλεον ἔχειν ἀφανῶς δικαιουμένου, τὸ δὲ μὴ μείον ἀναφανδὸν ἀπὸ δικαιώσεως τοιαύ2δε ἐπισυνάπτοντος. εἰρημένον γὰρ ἦν αὐτοῖς ὑπὸ τοῦ μητροπάτορος, ὅτῳ ἂν προτέρῳ κρείττους ὄρνιθες ἐπισημήνωσι, τοῦτον ἄρχειν τῆς ἀποικίας. γένους δὲ ὀρνίθων ἐνὸς ἀμφοῖν ὀφθέντος ὁ μὲν τῷ πρότερος, ὁ δὲ τῷ πλείους ἰδεῖν ἐκρατύνετο. συνελάμβανε δὲ αὐτοῖς τῆς φιλονεικίας καὶ τὸ ἄλλο πλῆθος ἥρξεν τε πολέμου δίχα τῶν ἡγεμόνων ὀπλισθέν, καὶ γίνεται μάχη καρτερὰ καὶ φόνος ἐξ ἀμφοῖν πολὺς.

[87.1] Thereupon greater strife arose between them than before, as each, while secretly striving for the advantage, was ostensibly willing to accept equality, for the following reason. Their grandfather, as I have stated, had ordered that he to whom the more favourable birds first appeared should rule the colony; but, as the same kind of birds had been seen by both, one had the advantage of

seeing them first and the other that of seeing the greater number. The rest of the people also espoused their quarrel, and arming themselves without orders from their leaders, began war; and a sharp battle ensued in which many were slain on both sides.

[2] Ἐν ταύτῃ [p. 147] φασὶ τινες τῇ μάχῃ τὸν Φαιστύλον, ὃς ἐξεθρέψατο τοὺς νεανίσκους, διαλυῖσαι τὴν ἔριν τῶν ἀδελφῶν βουλόμενον, ὥς οὐδὲν οἶός τ' ἦν ἀνῦσαι, εἰς μέσους ὤσασθαι τοὺς μαχομένους ἄνοπλον θανάτου τοῦ ταχίστου τυχεῖν προθυμούμενον, ὅπερ καὶ ἐγένετο. τινὲς δὲ καὶ τὸν λέοντα τὸν λίθινον, ὃς ἔκειτο τῆς ἀγορᾶς τῆς τῶν Ῥωμαίων ἐν τῷ κρατίστῳ χωρίῳ παρὰ τοῖς ἐμβόλοις, ἐπὶ τῷ σώματι τοῦ Φαιστύλου τεθῆναι φασιν, ἔνθα ἔπεσεν ὑπὸ τῶν εὐρόντων ταφέντος.

[2] In the course of this battle, as some say, Faustulus, who had brought up the youths, wishing to put an end to the strife of the brothers and being unable to do so, threw himself unarmed into the midst of the combatants, seeking the speediest death, which fell out accordingly. Some say also that the stone lion which stood in the principal part of the Forum near the rostra was placed over the body of Faustulus, who was buried by those who found him in the place where he fell.

[3] ἀποθανόντος δ' ἐν τῇ μάχῃ Ῥώμου νίκην οἰκτίστην ὁ Ῥωμύλος ἀπὸ τε τοῦ ἀδελφοῦ καὶ πολιτικῆς ἀλληλοκτονίας ἀνελόμενος τὸν μὲν Ῥῶμον ἐν τῇ Ῥεμορίᾳ θάπτει, ἐπειδὴ καὶ ζῶν τοῦ χωρίου τῆς κτίσεως περιείχετο, αὐτὸς δὲ ὑπὸ λύπης τε καὶ μετανοίας τῶν πεπραγμένων παρὲς ἑαυτὸν εἰς ἀπόγνωσιν τοῦ βίου τρέπεται. τῆς δὲ Λαυρεντίας, ἣ νεογνοὺς παραλαβοῦσα ἐξεθρέψατο καὶ μητρὸς οὐχ ἦττον ἡσπάζετο, δεομένης καὶ παρηγορούσης, ταύτῃ πειθόμενος ἀνίσταται: συναγαγὼν δὲ τοὺς Λατίνους, ὅσοι μὴ κατὰ τὴν μάχην διεφθάρησαν, ὀλίγῳ πλείους ὄντας τρισχιλίων ἐκ πάνυ πολλοῦ κατ' ἀρχὰς γενομένου πλήθους, ὅτε τὴν ἀποικίαν ἔστελλε,

[3] Remus having been slain in this action, Romulus, who had gained a most melancholy victory through the death of his brother and the mutual slaughter of citizens, buried Remus at Remoria, since when alive he had clung to it as the site for the new city. As for himself, in his grief and repentance for what had happened, he became dejected and lost all desire for life. But when Laurentia, who had received the babes when newly born and brought them up and loved them no less than a mother, entreated and comforted him, he listened to her and rose up, and gathering together the Latins who had not been slain in the battle (they were now little more than three thousand out of a very great multitude at first, when he led out the colony), he built a city on the Palatine hill.

[4] πολίξει τὸ Παλλάντιον. ὁ μὲν οὖν πιθανώτατος τῶν λόγων περὶ τῆς Ῥώμου τελευτῆς οὗτος εἶναι μοι δοκεῖ. λεγέσθω δ' ὅμως καὶ εἴ τις ἐτέρως ἔχων παραδέδοται. φασὶ δὴ τινες συγχωρήσαντ' αὐτὸν τῷ Ῥωμύλῳ τὴν

[4] The account I have given seems to me the most probable of the stories about the death of Remus. However, if any has been handed down that differs from this, let that also be related. Some, indeed, say that Remus yielded the leadership to Romulus, though not without resentment and anger at the fraud, but that after the wall was built, wishing to demonstrate the weakness of the fortification, he cried, "Well, as for this wall, one of your enemies could as easily cross it as I do," and immediately leaped over it. Thereupon Celer, one of the men standing on the wall, who was overseer of the work, said, "Well, as for this enemy, one of us could easily punish him," and striking him on the head with a mattock, he killed him then and there. Such is said to have been the outcome of the quarrel between the brothers.

[1] ἐπεὶ δὲ οὐδὲν ἔτι ἦν ἐμποδῶν τῷ κτίσματι προειπὼν ὁ Ῥωμύλος ἡμέραν, ἐν ἣ τοὺς θεοὺς ἀρεσάμενος ἔμελλε τὴν ἀρχὴν τῶν ἔργων ποιήσασθαι, παρασκευασάμενός τε ὅσα εἰς θυσίας καὶ ὑποδοχὰς τοῦ λεῶν χρησίμως ἔξειν ἔμελλεν, ὡς ἦκεν ὁ συγκείμενος χρόνος αὐτός τε προθύσας τοῖς θεοῖς καὶ τοὺς ἄλλους κελεύσας κατὰ δύναμιν τὸ αὐτὸ δρᾶν ὄρνιθας μὲν πρῶτον αἰσίους λαμβάνει: μετὰ δὲ τοῦτο πυρκαϊὰς πρὸ τῶν σκηνῶν γενέσθαι κελεύσας ἐξάγει τὸν λεῶν τὰς φλόγας ὑπερθρώσκοντα τῆς ὀσιώσεως τῶν μiasμάτων ἕνεκα. ἐπεὶ δὲ πᾶν, ὅσον ἦν ἐκ λογισμοῦ

[88.1] When no obstacle now remained to the building of the city, Romulus appointed a day on which he planned to begin the work, after first propitiating the gods. And having prepared everything that would be required for the sacrifices and for the entertainment of the people, when the appointed time came, he himself first offered sacrifice to the gods and ordered all the rest to do the same according to their abilities. He then in the first place took the omens, which were favourable. After that, having commanded fires to be lighted before the tents, he caused the people to come out and leap over the flames in order to expiate their guilt.

[2] θεοῖς φίλον, ὥετο πεπρᾶχθαι καλέσας ἅπαντας εἰς τὸν ἀποδειχθέντα τόπον περιγράφει τετράγωνον σχῆμα τῷ λόφῳ, βοῶς ἄρρενος ἅμα θηλείᾳ ζευχθέντος ὑπ' ἄροτρον ἐλκύσας αὐλάκα διηνεκῇ τὴν μέλλουσαν ὑποδέξεσθαι τὸ τεῖχος: ἐξ οὗ Ῥωμαίοις τὸ ἔθος τοῦτο [p. 149] τῆς περιάρσεως τῶν χωρίων ἐν οἰκισμοῖς πόλεων παραμένει. ἐργασάμενος δὲ ταῦτα καὶ τῶν βοῶν ἑκατέρους ἱερεύσας ἄλλων τε πολλῶν θυμάτων

[2] When he thought everything had been done which he conceived to be acceptable to the gods, he called all the people to the appointed place and described a quadrangular figure about the hill, tracing with a plough drawn by a bull and a cow yoked together a continuous furrow designed to receive the foundation of the wall; and from that time this custom has continued among the Romans of ploughing a furrow round the site where they plan to build a city. After he had done this and sacrificed the bull and the cow and also performed the initial rites over many other victims, he set the people to work.

[3] εἰς ἑμὲ τὴν ἡμέραν Ῥωμαίων ἢ πόλιν ἐορτῶν οὐδεμιᾶς ἤττονα τιθεμένη καθ' ἕκαστον ἔτος ἄγει, καλοῦσι δὲ Παρίλια. θύουσι δ' ἐν αὐτῇ περὶ γονῆς τετραπόδων οἱ γεωργοὶ καὶ νομεῖς θυσίαν χαριστήριον ἕαρος ἀρχομένου. πότερον δὲ παλαιτερον ἔτι τὴν ἡμέραν ταύτην ἐν εὐπαθείαις διάγοντες ἐπιτηδειοτάτην οἰκισμῷ πόλεως ἐνόμισαν, ἢ τοῦ κτισματος ἄρξασαν ἱερὰν ἐποίησαντο καὶ θεοὺς ἐν αὐτῇ τοὺς ποιμέσι φίλους γεραίρειν ὥοντο δεῖν οὐκ ἔχω βεβαίως εἰπεῖν.

[3] This day the Romans celebrate every year even down to my time as one of their greatest festivals and call it the Parilia. On this day, which comes in the beginning of spring, the husbandmen and herdsmen offer up a sacrifice of thanksgiving for the increase of their cattle. But whether they had celebrated this day in even earlier times as a day of rejoicing and for that reason looked upon it as the most suitable for the founding of the city, or whether, because it marked the beginning of the building of the city, they consecrated it and thought they should honour on it the gods who are propitious to shepherds, I cannot say for certain.

[1] ἃ μὲν οὖν ἑμοὶ δύνამις ἐγένετο σὺν πολλῇ φροντίδι ἀνευρεῖν Ἑλλήνων τε καὶ Ῥωμαίων συχνὰς ἀναλεξαμένῳ γραφὰς ὑπὲρ τοῦ τῶν Ῥωμαίων. γένους, τοιάδ' ἐστίν. ὥστε θαρρῶν ἤδη τις ἀποφαινέσθω πολλὰ χαίρειν φράσας τοῖς βαρβάρων καὶ δραπετῶν καὶ ἀνεστίων ἀνθρώπων καταφυγὴν τὴν Ῥώμην ποιοῦσιν Ἑλλάδα πόλιν αὐτήν, ἀποδεικνύμενος μὲν κοινοτάτην τε πόλεων καὶ φιλανθρωποτάτην, ἐνθυμούμενος. ὅτι τὸ μὲν τῶν Ἀβοριγίνων φῦλον Οἰνωτρικὸν ἦν, τοῦτο δὲ Ἀρκαδικόν:

[89.1] Such, then, are the facts concerning the origin of the Romans which I have been able to discover a reading very diligently many works written by both Greek and Roman authors. Hence, from now on let the reader forever renounce the views of those who make Rome a retreat of barbarians, fugitive and vagabonds, and let him confidently affirm it to be a Greek city, — which will be easy when he shows that it is at once the most hospitable and friendly of all cities, and when he bears in mind that the Aborigines were Oenotrians, and these in turn Arcadians,

[2] μεμνημένος δὲ τῶν συνοικησάντων αὐτοῖς Πελασγῶν, οἳ Θετταλίαν καταλιπόντες [p. 150] Ἀργεῖοι τὸ γένος ὄντες εἰς Ἰταλίαν ἀφίκοντο: Εὐάνδρου τε αὖ καὶ Ἀρκάδων ἀφίξεως, οἳ περὶ τὸ Παλλάντιον ὤκησαν, Ἀβοριγίνων αὐτοῖς παρασχόντων τὸ χωρίον: ἔτι δὲ Πελοποννησιῶν τῶν σὺν Ἡρακλεῖ παραγενομένων, οἳ κατώκησαν ἐπὶ τοῦ Σατορνίου: τελευταῖον δὲ τῶν ἀπαναστάντων ἐκ τῆς Τρωάδος καὶ συγκερασθέντων τοῖς προτέροις. τούτων γὰρ ἂν οὐδὲν εὖροι τῶν ἐθνῶν οὔτε ἀρχαιότερον οὔτε Ἑλληνικώτερον.

[2] and remembers those who joined with them in their settlement, the Pelasgians who were Argives by descent and came into Italy from Thessaly; and recalls, moreover, the arrival of Evander and the Arcadians, who settled round the Palatine hill, after the Aborigines had granted the place to them; and also the Peloponnesians, who, coming along with Hercules, settled upon the Saturnian hill; and, last of all, those who left the Troad and were intermixed with the earlier settlers. For one will find no nation that is more ancient or more Greek than these.

[3] αἱ δὲ τῶν βαρβάρων ἐπιμιξίαι, δι' ἃς ἡ πόλις πολλὰ τῶν ἀρχαίων ἐπιτηδευμάτων ἀπέμαθε, σὺν χρόνῳ ἐγένοντο. καὶ θαῦμα μὲν τοῦτο πολλοῖς ἂν εἶναι δόξειε τὰ εἰκότα λογισαμένοις, πῶς οὐχ ἅπανσα ἐξεβαρβαρώθη Ὀπικούς τε ὑποδεξαμένη καὶ Μαρσοὺς καὶ: Σαυνίτας καὶ Τυρρηνοὺς καὶ Βρεττίους Ὀμβρικῶν τε καὶ Λιγύων καὶ Ἰβήρων καὶ Κελτῶν συχνὰς μυριάδας ἄλλα τε πρὸς τοῖς εἰρημένοις ἔθνη τὰ μὲν ἐξ αὐτῆς Ἰταλίας, τὰ δ' ἐξ ἐτέρων ἀφιγμένα τόπων μυρία ὅσα οὔτε ὁμόγλωττα οὔτε ὁμοδιαίτα, ὧν οὔτε φωνὰς οὔτε διαίταν καὶ βίους σύγκλυδας ἀναταραχθέντας ἐκ τοσαύτης διαφωνίας πολλὰ τοῦ παλαιοῦ

[3] But the admixtures of the barbarians with the Romans, by which the city forgot many of its ancient institutions, happened at a later time. And it may well seem a cause of wonder to many who reflect on the natural course of events that Rome did not become entirely barbarized after receiving the Opicans, the Marsians, the Samnites, the Tyrrhenians, the Bruttians and many thousands of Umbrians, Ligurians, Iberians and Gauls, besides innumerable other nations, some of whom came from Italy itself and some from other regions and differed from one another both in their language and habits; for their very ways of life, diverse as they were and thrown into turmoil by such dissonance, might have been expected to cause many innovations in the ancient order of the city.

[4] κόσμου τῆς πόλεως νεοχμῶσαι εἰκὸς ἦν: ἐπεὶ ἄλλοι γε συχνοὶ ἐν βαρβάροις οἰκοῦντες ὀλίγου χρόνου διελθόντος ἅπαν τὸ Ἑλληνικὸν ἀπέμαθον, ὥς μήτε φωνὴν Ἑλλάδα φθέγγεσθαι μήτε %ἑπιτηδεύμασιν Ἑλλήνων [p. 151] χρῆσθαι, μήτε θεοὺς τοὺς αὐτοὺς νομίζειν, μήτε νόμους τοὺς ἐπικεῖς, ᾧ μάλιστα διαλλάσσει φύσις Ἑλλὰς βαρβάρου, μήτε τῶν ἄλλων συμβολαίων μηδ' ὅτιοῦν. ἀποχρῶσι δὲ τὸν λόγον τόνδε ὡς ἀληθῆ

[4] For many others by living among barbarians have in a short time forgotten all their Greek heritage, so that they neither speak the Greek language nor observe the customs of the Greeks nor acknowledge the same gods nor have the same equitable laws (by which most of all the spirit of the Greeks differs from that of the barbarians) nor agree with them in anything else whatever that relates to the ordinary intercourse of life. Those Achaeans who are settled near the Euxine sea are a sufficient proof of my contention; for, though originally Eleans, of a nation the most Greek of any, they are now the most savage of all barbarians.

[1] Ῥωμαῖοι δὲ φωνὴν μὲν οὐτ' ἄκρως βάρβαρον οὐτ' ἀπηρτισμένως Ἑλλάδα φθέγγονται, μικτὴν δὲ τινα ἐξ ἀμφοῖν, ἧς ἐστὶν ἡ πλείων Αἰολίς, τοῦτο μόνον ἀπολαύσαντες ἐκ τῶν πολλῶν ἐπιμιξιῶν, τὸ μὴ πᾶσι τοῖς φθόγγοις ὀρθοεπεῖν, τὰ δὲ ἄλλα, ὅποσα γένους Ἑλληνικοῦ μηνύματ' ἐστὶν ὡς οὐχ ἕτεροί τινες τῶν ἀποικισάντων διασώζοντες, οὐ νῦν πρῶτον ἀρξάμενοι πρὸς φιλίαν ζῆν, ἡνίκα τὴν τύχην πολλὴν καὶ ἀγαθὴν ῥέουσαν διδάσκαλον ἔχουσι τῶν καλῶν οὐδ' ἀφ' οὗ πρῶτον ὠρέχθησαν τῆς διαποντίου τὴν Καρχηδονίων καὶ Μακεδόνων ἀρχὴν καταλύσαντες, ἀλλ' ἐκ παντὸς οὗ συνωκίσθησαν χρόνου βίον Ἑλληνα ζῶντες καὶ οὐδὲν ἐκπρεπέστερον ἐπιτηδεύοντες πρὸς ἀρετὴν νῦν ἢ πρότερον.

[90.1] The language spoken by the Romans is neither utterly barbarous nor absolutely Greek, but a mixture, as it were, of both, the greater part of which is Aeolic; and the only disadvantage they have experienced from their intermingling with these various nations is that they do not pronounce all their sounds properly. But all other indications of a Greek origin they preserve beyond any other colonists. For it is not merely recently, since they have enjoyed the full tide of good fortune to instruct them in the amenities of life, that they have begun to live humanely; nor is it merely since they first aimed at the conquest of countries lying beyond the sea, after overthrowing the Carthaginian and Macedonian empires, but rather from the time when they first joined in founding the city, that they have lived like Greeks; and they do not attempt anything more illustrious in the pursuit of virtue now than formerly.

[2] μυρία δ' εἰς τοῦτο λέγειν [p. 152] ἔχων καὶ πολλοῖς τεκμηρίοις χρῆσθαι δυνάμενος ἀνδρῶν τε μαρτυρίας φέρειν οὐκ ἀξίων ἀπιστεῖσθαι, πάντα ἀναβάλλομαι ταῦτα εἰς τὸν περὶ τῆς πολιτείας αὐτῶν συγγραφησόμενον λόγον. νυνὶ δὲ ἐπὶ τὴν ἐξῆς διήγησιν τρέφομαι τὴν ἀνακεφαλαιώσιν τῶν ἐν ταύτῃ δεδηλωμένων τῇ βίβλῳ τῆς ἐχομένης γραφῆς ποιησάμενος ἀρχὴν.

[2] I have innumerable things to say upon this subject and can adduce many arguments and present the testimony of credible authors; but I reserve all this for the account I purpose to write of their government. I shall now resume the thread of my narrative, after prefacing to the following Book a recapitulation of what is contained in this.

[1] ἡ Ῥωμαίων πόλις ἴδρυται μὲν ἐν τοῖς ἐσπερίοις μέρεσι τῆς Ἰταλίας περὶ ποταμὸν Τέβεριν, ὃς κατὰ μέσην μάλιστα τὴν ἀκτὴν ἐκδίδωσιν, ἀπέχουσα τῆς Τυρρηνικῆς θαλάττης ἑκατὸν εἴκοσι σταδίους. οἱ δὲ κατασχόντες αὐτὴν πρῶτοι τῶν μνημονευομένων βάρβαροί τινες ἦσαν αὐτόχθονες Σικελοὶ λεγόμενοι πολλὰ καὶ ἄλλα τῆς Ἰταλίας χωρία κατασχόντες, ὧν οὐκ ὀλίγα διέμεινεν οὐδ' ἀφανῆ μνημεῖα μέχρι τῶν καθ' ἡμᾶς χρόνων, ἐν οἷς καὶ τόπων τινῶν ὀνόματα Σικελικὰ λεγόμενα, μνηνύοντα τὴν πάλαι ποτὲ αὐτῶν ἐνοίκησιν.

[1.1] The city of Rome is situated in the western part of Italy near the river Tiber, which empties into the Tyrrhenian sea about midway along the coast; from the sea the city is distant one hundred and twenty stades. Its first known occupants were certain barbarians, natives of the country, called Sicels, who also occupied many other parts of Italy and of whom not a few distinct memorials are left even to our times; among other things there are even some names of places said to be Sicel names, which show that this people formerly dwelt in the land.

[2] τοὺτους ἐκβαλόντες Ἀβοριγῖνες αὐτοὶ κατέσχον τὸν τόπον Οἰνώτρων ὄντες ἀπόγονοι τῶν κατοικούντων τὴν ἀπὸ Τάραντος ἄχρι Ποσειδωνίας παράλιον. ἱερά τις αὕτη νεότης καθοσιωθεῖσα θεοῖς κατὰ τὸν ἐπιχώριον νόμον ὑπὸ τῶν πατέρων ἀποσταλῆναι λέγεται χώραν οἰκήσουσα τὴν ὑπὸ τοῦ δαιμονίου σφίσι [p. 154] δοθησομένην. τὸ δὲ τῶν Οἰνώτρων γένος Ἀρκαδικὸν ἦν ἐκ τῆς τότε μὲν καλουμένης Λυκαονίας, νῦν δὲ Ἀρκαδίας, ἐκουσίως ἐξελθὼν ἐπὶ γῆς κτῆσιν ἀμείνονος ἡγουμένου τῆς ἀποικίας Οἰνώτρου τοῦ Λυκάονος,

[2] They were driven out by the Aborigines, who occupied the place in their turn; these were descendants of the Oenotrians who inhabited the seacoast from Tarentum to Posidonia. They were a band of holy youths consecrated to the gods according to their local custom and sent out by their parents, it is said, to inhabit the country which Heaven should give them. The Oenotrians were an Arcadian tribe who had of their own accord left the country then called Lycaonia and now Arcadia, in search of a better land, under the leadership of Oenotrus, the son of Lycaon, from whom the nation received its name.

[3] ἐφ' οὗ τὴν ἐπικλησιν τὸ ἔθνος ἔλαβεν. Ἀβοριγίνων δὲ κατεχόντων τὰ χωρία πρῶτοι μὲν αὐτοῖς γίνονται σύνοικοι Πελασγοὶ πλάνητες ἐκ τῆς τότε μὲν καλουμένης Αἰμονίας, νῦν δὲ Θετταλίας, ἐν ᾗ χρόνον τινὰ ὤκησαν: μετὰ δὲ τοὺς Πελασγοὺς Ἀρκάδες ἐκ Παλλαντίου πόλεως ἐξελθόντες Εὐάνδρον ἡγεμόνα ποιησάμενοι τῆς ἀποικίας Ἑρμοῦ καὶ νύμφης Θέμιδος υἱόν, οἱ πρὸς ἐνὶ τῶν ἑπτὰ λόφων πολιζονται ὃς ἐν μέσῳ μάλιστα κεῖται τῆς

Ῥώμης, Παλλάντιον ὀνομάσαντες τὸ χωρίον ἐπὶ τῆς ἐν Ἀρκαδίᾳ πατρίδος.

[3] While the Aborigines occupied this region the first who joined with them in their settlement were the Pelasgians, a wandering people who came from the country then called Haemonia and now Thessaly, where they had lived for some time. After the Pelasgians came the Arcadians from the city of Pallantium, who had chosen as leader of their colony Evander, the son of Hermes and the nymph Themis. These built a town beside one of the seven hills that stands near the middle of Rome, calling the place Pallantium, from their mother-city in Arcadia.

[4] χρόνοις δ' οὐ πολλοῖς ὕστερον Ἡρακλέους καταχθέντος εἰς Ἰταλίαν, ὅτε τὴν στρατιὰν ἐξ Ἐρυθείας οἴκαδε ἀπήγαγε, μοῖρ' αὖ τις ὑπολειφθεῖσα τῆς σὺν αὐτῷ δυνάμεως Ἑλληνικὴ πλησίον ἰδρύεται τοῦ Παλλαντίου, πρὸς ἑτέρῳ τῶν ἐμπεπολισμένων τῇ πόλει λόφων, ὅς τότε μὲν ὑπὸ τῶν ἐπιχωρίων Σατόρνιος ἐλέγετο, νῦν δὲ Καπιτωλῖνος ὑπὸ Ῥωμαίων· Ἐπειοὶ οἱ πλείους τούτων ἦσαν ἐκ πόλεως Ἥλιδος ἐξαναστάντες διαπεπορημένης αὐτοῖς τῆς πατρίδος ὑφ' Ἡρακλέους. [p. 155]

[4] Not long afterwards, when Hercules came into Italy on his return home with his army from Erytheia, a certain part of his force, consisting of Greeks, remained behind be settled near Pallantium, beside another of the hills that are now inclosed within the city. This was then called by the inhabitants Saturnian hill, but is now called the Capitoline hill by the Romans. The greater part of these men were Epeans who had abandoned their city in Elis after their country had been laid waste by Hercules.

[1] γενεᾷ δ' ἑκκαίδεκάτῃ μετὰ τὸν Τρωικὸν πόλεμον Ἀλβανοὶ συνοικίζουσιν ἄμφω τὰ χωρία ταῦτα τείχει περιλαβόντες καὶ τάφρῳ. τέως δὲ ἦν αὐλία βουφορβίων τε καὶ ποιμνίων καὶ τῶν ἄλλων καταγωγῶν βοτῆρων ἄφθονον ἀναδιδούσης πόαν τῆς αὐτόθι γῆς οὐ μόνον τὴν χειμερινήν, ἀλλὰ καὶ τὴν θερινόμον διὰ τοὺς ἀναφύχοντάς τε καὶ κατάρδοντας αὐτὴν ποταμοὺς.

[2.1] In the sixteenth generation after the Trojan war the Albans united both these places into one settlement, surrounding them with a wall and a ditch. For until then there were only folds for cattle and sheep and quarters of the other herdsmen, as the land round about yielded plenty of grass, not only for winter but also for summer pasture, by reason of the rivers that refresh and water it.

[2] γένος δὲ τὸ τῶν Ἀλβανῶν μικτὸν ἦν ἔκ τε Πελασγῶν καὶ Ἀρκάδων καὶ Ἐπειῶν τῶν ἐξ Ἥλιδος ἐλθόντων, τελευταίων δὲ τῶν μετὰ τὴν Ἰλίου ἄλωσιν ἀφικομένων εἰς Ἰταλίαν Τρώων, οὓς ἦγεν Αἰνείας ὁ Ἀγχίσου καὶ Ἀφροδίτης. εἰκὸς δὲ τι καὶ βαρβαρικὸν ἐκ τῶν προσοίκων ἢ παλαιῶν οἰκητόρων ὑπολιπὲς τῷ Ἑλληνικῷ συγκαταμιγῆναι. ὄνομα δὲ κοινὸν οἱ σύμπαντες οὗτοι Λατῖνοι ἐκλήθησαν ἐπ' ἀνδρὸς δυναστεύσαντος τῶν τόπων

Λατίνου τὰς κατὰ τὸ ἔθνος ὀνομασίας ἀφαιρεθέντες.

[2] The Albans were a mixed nation composed of Pelasgians, of Arcadians, of the Epeans who came from Elis, and, last of all, of the Trojans who came into Italy with Aeneas, the son of Anchises and Aphroditê, after the taking of Troy. It is probable that a barbarian element also from among the neighbouring peoples or a remnant of the ancient inhabitants of the place was mixed with the Greek. But all these people, having lost their tribal designations, came to be called by one common name, Latins, after Latinus, who had been king of this country.

[3] ἔτειχίσθη μὲν ζοῦν ἡ πόλις ὑπὸ τούτων τῶν ἐθνῶν ἐνιαυτῷ δευτέρῳ καὶ τριακοστῷ καὶ τετρακοσιοστῷ μετὰ τὴν Ἰλίου ἄλωσιν ἐπὶ τῆς ἐβδόμης Ὀλυμπιάδος. οἱ δὲ ἀγαγόντες τὴν ἀποικίαν ἀδελφοὶ δίδυμοι τοῦ βασιλείου γένους ἦσαν: Ῥωμύλος αὐτῶν ὄνομα θατέρῳ, [p. 156] τῷ δ' ἑτέρῳ Ῥῶμος: τὰ μητρόθεν μὲν ἀπ' Αἰνείου τε καὶ Δαρδανίδαι, πατρός δὲ ἀκριβείαν μὲν οὐ ῥάδιον εἰπεῖν ἐξ ὅτου φύντες, πεπίστευνται δὲ ὑπὸ Ῥωμαίων Ἄρεος υἱοὶ γενέσθαι.

[3] The walled city, then, was built by these tribes in the four hundred and thirty-second year after the taking of Troy, and in the seventh Olympiad. The leaders of the colony were twin brothers of the royal family, Romulus being the name of one and Remus of the other. On the mother's side they were descended from Aeneas and were Dardanidae; it is hard to say with certainty who their father was, but the Romans believe them to have been the sons of Mars.

[4] οὐ μέντοι διέμεινάν γε ἀμφοτέροι τῆς ἀποικίας ἡγεμόνες ὑπὲρ τῆς ἀρχῆς στασιάσαντες, ἀλλ' ὁ περιλειφθεὶς αὐτῶν Ῥωμύλος ἀπολομένου θατέρου κατὰ τὴν μάχην οἰκιστὴς γίνεται τῆς πόλεως καὶ τοῦνομα αὐτῇ τῆς ἰδίας κλήσεως ἐπώνυμον τίθεται. ἀριθμὸς δὲ τῶν μετασχόντων αὐτῷ τῆς ἀποικίας ἀπὸ πολλοῦ τοῦ κατ' ἀρχὰς ἐξαποσταλέντος ὀλίγος ἦν ὁ καταλειφθεὶς, τρισχίλιοι πεζοὶ καὶ ἵππεῖς τριακόσιοι.

[4] However, they did not both continue to be leaders of the colony, since they quarrelled over the command; but after one of them had been slain in the battle that ensued, Romulus, who survived, became the founder of the city and called it after his own name. The great numbers of which the colony had originally consisted when sent out with him were now reduced to a few, the survivors amounting to three thousand foot and three hundred horse.

[1] ἐπεὶ οὖν ἡ τε τάφρος αὐτοῖς ἐξείργαστο καὶ τὸ ἔρυμα τέλος εἶχεν αἱ τε οἰκῆσεις τὰς ἀναγκαίους κατασκευὰς ἀπειλήφεσαν, ἀπῆται δ' ὁ καιρὸς καὶ περὶ κόσμου πολιτείας ᾧ χρῆσονται σκοπεῖν, ἀγορὰν ποιησάμενος αὐτῶν ὁ Ῥωμύλος ὑποθεμένου τοῦ μητροπάτορος καὶ διδάξαντος ἃ χρὴ λέγειν, τὴν μὲν πόλιν ἔφη ταῖς τε δημοσίαις καὶ ταῖς ἰδίαις κατασκευαῖς ὡς νεόκτιστον

ἀποχρῶντως κεκοσμηῖσθαι: ἡξίου δ' ἐνθυμεῖσθαι πάντας ὡς οὐ ταῦτ' ἔστι τὰ πλείστου ἄξια ἐν ταῖς πόλεσιν.

[3.1] When, therefore, the ditch was finished, the rampart completed and the necessary work on the houses done, and the situation required that they should consider also what form of government they were going to have, Romulus called an assembly of the people by the advice of his grandfather, who had instructed him what to say, and told them that the city, considering that it was newly built, was sufficiently adorned both with public and private buildings; but he asked them all to bear in mind that these were not the most valuable things in cities.

[2] οὐτε γὰρ ἐν τοῖς ὀθνείοις πολέμοις τὰς βαθείας τάφρους καὶ τὰ ὑψηλὰ ἐρύματα ἱκανὰ εἶναι τοῖς ἔνδον ἀπράγμονα σωτηρίας ὑπόληψιν παρασχεῖν, ἀλλ' ἐν τι μόνον ἐγγυᾶσθαι τὸ μηθὲν ἐξ ἐπιδρομῆς κακὸν ὑπ' ἐχθρῶν παθεῖν προκαταληφθέντας, οὐθ' ὅταν ἐμφύλιοι ταραχαὶ τὸ κοινὸν κατάσχωσι, [p. 157] τῶν ἰδίων οἴκων καὶ ἐνδιατημάτων τὰς καταφυγὰς ὑπάρχειν τινὶ ἀκινδύνους.

[2] For neither in foreign wars, he said, are deep ditches and high ramparts sufficient to give the inhabitants an undisturbed assurance of their safety, but guarantee one thing only, namely, that they shall suffer no harm through being surprised by an incursion of the enemy; nor, again, when civil commotions afflict the State, do private houses and dwellings afford anyone a safe retreat.

[3] σχολῆς γὰρ ἀνθρώποις ταῦτα καὶ ῥαστώνης βίων εὐρῆσθαι παραμύθια, μεθ' ὧν οὐτε τὸ ἐπιβουλεῦον τῶν πέλας κωλύεσθαι μὴ οὐ πονηρὸν εἶναι οὐτ' ἐν τῷ ἀκινδύνῳ βεβηκέναι θαρρεῖν τὸ ἐπιβουλεuόμενον, πόλιν τε οὐδεμίαν πω τοῦτοις ἐκλαμπρυνθεῖσαν ἐπὶ μήκιστον εὐδαίμονα γενέσθαι καὶ μεγάλην, οὐδ' αὖ παρὰ τὸ μὴ τυχεῖν τινὰ κατασκευῆς ἰδίας τε καὶ δημοσίας πολυτελοῦς κεκωλύσθαι μεγάλην γενέσθαι καὶ εὐδαίμονα: ἀλλ' ἕτερα εἶναι τὰ σώζοντα καὶ ποιοῦντα μεγάλας ἐκ μικρῶν τὰς πόλεις:

[3] For these have been contrived by men for the enjoyment of leisure and tranquillity in their lives, and with them neither those of their neighbours who plot against them are prevented from doing mischief nor do those who are plotted against feel any confidence that they are free from danger; and no city that has gained splendour from these adornments only has ever yet become prosperous and great for a long period, nor, again, has any city from a want of magnificence either in public or in private buildings ever been hindered from becoming great and prosperous. But it is other things that preserve cities and make them great from small beginnings:

[4] ἐν μὲν τοῖς ὀθνείοις πολέμοις τὸ διὰ τῶν ὀπλων κράτος, τοῦτο δὲ τόλμη παραγίνεσθαι καὶ μελέτῃ, ἐν δὲ ταῖς ἐμφυλίοις ταραχαῖς τὴν τῶν πολιτευομένων ὁμοφροσύνην, ταύτην δὲ τὸν σῶφρονα καὶ δίκαιον ἐκάστου

βιον ἀπέφηνεν ἱκανώτατον ὄντα τῷ κοινῷ παρασχεῖν.

[4] in foreign wars, strength in arms, which is acquired by courage and exercise; and in civil commotions, unanimity among the citizens, and this, he showed, could be most effectually achieved for the commonwealth by the prudent and just life of each citizen.

[5] τοὺς δὴ τὰ πολέμια τε ἀσκοῦντας καὶ τὰ τῶν ἐπιθυμιῶν κρατοῦντας ἄριστα κοσμεῖν τὰς ἑαυτῶν πατρίδας τείχη τε ἀνάλωτα τῷ κοινῷ καὶ καταγωγὰς τοῖς ἑαυτῶν βίοις ἀσφαλεῖς τούτους εἶναι τοὺς παρασκευαζομένους: μαχητὰς δέ γε καὶ δικαίους ἄνδρας καὶ τὰς ἄλλας ἀρετὰς ἐπιτηδεύοντας τὸ τῆς πολιτείας σχῆμα ποιεῖν τοῖς φρονίμως αὐτὸ καταστησάμενοις, μαλθακοὺς τε αὖ καὶ πλεονέκτας καὶ δούλους αἰσχροῶν ἐπιθυμιῶν τὰ πονηρὰ [p. 158]

[5] Those who practise warlike exercises and at the same time are masters of their passions are the greatest ornaments to their country, and these are the men who provide both the commonwealth with impregnable walls and themselves in their private lives with safe refuges; but men of bravery, justice and the other virtues are the result of the form of government when this has been established wisely, and, on the other hand, men who are cowardly, rapacious and the slaves of base passions are the product of evil institutions.

[6] ἐπιτηδεύματα ἐπιτελεῖν. Ἔφη τε παρὰ τῶν πρεσβυτέρων καὶ διὰ πολλῆς ἱστορίας ἐληλυθότων ἀκοῦειν, ὅτι πολλὰ μὲν ἀποικία μεγάλα καὶ εἰς εὐδαίμονας ἀφικόμεναι τόπους, αἱ μὲν αὐτίκα διεφθάρησαν εἰς στάσεις ἐμπεσοῦσαι, αἱ δ' ὀλίγον ἀντισχοῦσαι χρόνον ὑπῆκοοι τοῖς πλησιοχώροις ἠναγκάσθησαν γενέσθαι καὶ ἀντὶ κρείττονος χώρας, ἣν κατέσχον, τὴν χειρόνα τύχην διαλλάξασθαι δοῦλαι ἐξ ἐλευθέρων γεγόμεναι: ἕτεραι δ' ὀλιγάνθρωποι καὶ εἰς χωρία οὐ πάνυ σπουδαῖα παραγενόμεναι ἐλεύθεροι μὲν πρῶτον, ἔπειτα δ' ἑτέρων ἄρχουσαι διετέλεσαν: καὶ οὔτε ταῖς εὐπραγίαις τῶν ὀλίγων οὔτε ταῖς δυστυχίαις τῶν πολλῶν ἕτερόν τι ἢ τὸ τῆς πολιτείας σχῆμα ὑπάρχειν αἴτιον.

[6] He added that he was informed by men who were older and had wide acquaintance with history that of many large colonies planted in fruitful regions some had been immediately destroyed by falling into seditions, and others, after holding out for a short time, had been forced to become subject to their neighbours and to exchange their more fruitful country for a worse fortune, becoming slaves instead of free men; while others, few in numbers and settling in places that were by no means desirable, had continued, in the first place, to be free themselves, and, in the second place, to command others; and neither the successes of the smaller colonies nor the misfortunes of those that were large were due to any other cause than their form of government.

[7] εἰ μὲν οὖν μία τις ἦν παρὰ πᾶσιν ἀνθρώποις βίου τάξις ἢ ποιοῦσα

εὐδαίμονας τὰς πόλεις, οὐ χαλεπὴν ἂν γενέσθαι σφίσι τὴν αἵρεσιν αὐτῆς: νῦν δ' ἔφη πολλὰς πυνθάνεσθαι τὰς κατασκευὰς παρ' Ἑλλησὶ τε καὶ βαρβάροις ὑπαρχούσας, τρεῖς δ' ἐξ ἁπασῶν ἐπαινουμένας μάλιστα ὑπὸ τῶν χρωμένων ἀκούειν, καὶ τούτων οὐδεμίαν εἶναι τῶν πολιτειῶν εἰλικρινῇ, προσεῖναι δὲ τινὰς ἐκάστη κῆρας συμφύτους, ὥστε χαλεπὴν αὐτῶν εἶναι τὴν αἵρεσιν. ἡξίου τε αὐτοὺς βουλευσαμένους ἐπὶ σχολῆς εἰπεῖν εἴτε ὑφ' ἐνὸς ἄρχεσθαι θέλουσιν ἀνδρὸς εἴτε ὑπ' ὀλίγων εἴτε νόμους καταστησάμενοι πᾶσιν ἀποδοῦναι τὴν τῶν κοινῶν προστασίαν.

[7] If, therefore, there had been but one mode of life among all mankind which made cities prosperous, the choosing of it would not have been difficult for them; but, as it was, he understood there were many types of government among both the Greeks and barbarians, and out of all of them he heard three especially commended by those who had lived under them, and of these systems none was perfect, but each had some fatal defects inherent in it, so that the choice among them was difficult. He therefore asked them to deliberate at leisure and say whether they would be governed by one man or by a few, or whether they would establish laws and entrust the protection of the public interests to the whole body of the people.

[8] Ἐγὼ δ' ὑμῖν, ἔφη, πρὸς ἣν ἂν καταστήσῃσθε πολιτείαν εὐτρεπῆς καὶ οὔτε ἄρχειν ἀπαξιῶ [p. 159] οὔτε ἄρχεσθαι ἀναίνομαι. τιμῶν δέ, ἅς μοι προσεθήκατε ἡγεμόνα με πρῶτον ἀποδείξαντες τῆς ἀποικίας, ἔπειτα καὶ τῇ πόλει τὴν ἐπωνυμίαν ἐπ' ἐμοῦ θέντες, ἅλις ἔχω. ταύτας γὰρ οὔτε πόλεμος ὑπερόριος οὔτε στάσις ἐμφύλιος οὔτε ὁ πάντα μαραίνων τὰ καλὰ χρόνος ἀφαιρήσεται με οὔτε ἄλλη τύχη παλὶγκοτος οὐδεμία: ἀλλὰ καὶ ζῶντι καὶ τὸν βίον ἐκλιπόντι τούτων ὑπάρξει μοι τῶν τιμῶν παρὰ πάντα τὸν λοιπὸν αἰῶνα τυγχάνειν.

[8] “And whichever form of government you establish,” he said, “I am ready to comply with your desire, for I neither consider myself unworthy to command nor refuse to obey. So far as honours are concerned, I am satisfied with those you have conferred on me, first, by appointing me leader of the colony, and, again, by giving my name to the city. For of these neither a foreign war nor civil dissension nor time, that destroyer of all that is excellent, nor any other stroke of hostile fortune can deprive me; but both in life and in death these honours will be mine to enjoy for all time to come.”

[1] τοιαῦτα μὲν ὁ Ῥωμύλος ἐκ διδαχῆς τοῦ μητροπάτορος, ὥσπερ ἔφην, ἀπομνημονεύσας ἐν τοῖς πλήθεσιν ἔλεξεν. οἱ δὲ βουλευσάμενοι κατὰ σφᾶς αὐτοὺς ἀποκρίνονται τοιαῦτα: ἡμεῖς πολιτείας μὲν καινῆς οὐδὲν δεόμεθα, τὴν δ' ὑπὸ τῶν πατέρων δοκιμασθεῖσαν εἶναι κρατίστην παραλαβόντες οὐ μετατιθέμεθα γνώμῃ τε ἐπόμενοι τῶν παλαιότερων, οὐς ἀπὸ μείζονος οἰόμεθα φρονήσεως αὐτὴν καταστήσασθαι, καὶ τύχῃ ἄρεσκόμενοι. οὐ γὰρ τήνδε μεμψαίμεθ' ἂν εἰκότως, ἢ παρέσχεν ἡμῖν βασιλευσόμενοις τὰ μέγιστα τῶν ἐν ἀνθρώποις ἀγαθῶν, ἐλευθερίαν τε καὶ ἄλλων ἀρχήν.

[4] Such was the speech that Romulus, following the instructions of his grandfather, as I have said, made to the people. And they, having consulted together by themselves, returned this answer: “We have no need of a new form of government and we are not going to change the one which our ancestors approved of as the best and handed down to us. In this we show both a deference for the judgment of our elders, whose superior wisdom we recognize in establishing it, and our own satisfaction with our present condition. For we could not reasonably complain of this form of government, which has afforded us under our kings the greatest of human blessings — liberty and the rule over others.

[2] περὶ μὲν δὴ πολιτείας ταῦτα ἐγνώκαμεν: τὴν δὲ τιμὴν ταύτην οὐχ ἑτέρῳ τινὶ μᾶλλον ἢ σοὶ προσήκειν ὑπολαμβάνομεν τοῦ τε βασιλείου γένους ἔνεκα καὶ ἀρετῆς, μάλιστα δ’ ὅτι τῆς ἀποικίας ἡγεμόνι κεκρήμεθά σοι καὶ πολλὴν συνίσμεν δεινότητα, πολλὴν δὲ σοφίαν, οὐ λόγῳ μᾶλλον ἢ ἔργῳ μαθόντες. ταῦτα ὁ Ῥωμύλος ἀκούσας ἀγαπᾶν μὲν ἔφη [p. 160] βασιλείας ἄξιος ὑπ’ ἀνθρώπων κριθείς: οὐ μέντοι γε λήψεσθαι τὴν τιμὴν πρότερον, ἐὰν μὴ καὶ τὸ δαιμόνιον ἐπιθεσπίσῃ δι’ οἰωνῶν αἰσίων.

[2] Concerning the form of government, then, this is our decision; and to this honour we conceive none has so good a title as you yourself by reason both of your royal birth and of your merit, but above all because we have had you as the leader of our colony and recognize in you great ability and great wisdom, which we have seen displayed quite as much in your actions as in your words.” Romulus, hearing this, said it was a great satisfaction to him to be judged worthy of the kingly office by his fellow men, but that he would not accept the honour until Heaven, too, had given its sanction by favourable omens.

[1] ὥς δὲ κάκεινοις ἦν βουλευμένοις προειπῶν ἡμέραν, ἐν ᾗ διαμαντεύεσθαι περὶ τῆς ἀρχῆς ἔμελλεν, ἐπειδὴ καθῆκεν ὁ χρόνος ἀναστὰς περὶ τὸν ὄρθρον ἐκ τῆς σκηνῆς προῆλθεν: στὰς δὲ ὑπαίθριος ἐν καθαρῷ χωρίῳ καὶ προθύσας ἃ νόμος ἦν εὔχετο Διὶ τε βασιλεῖ καὶ τοῖς ἄλλοις θεοῖς, οὓς ἐποίησατο τῆς ἀποικίας ἡγεμόνας, εἰ βουλευμένοις αὐτοῖς ἔστι βασιλεύεσθαι τὴν πόλιν ὑφ’ ἑαυτοῦ, σημεῖα οὐράνια φανῆναι καλὰ.

[5.1] And when the people approved, he appointed a day on which he proposed to consult the auspices concerning the sovereignty; and when the time was come, he rose at break of day and went forth from his tent. Then, taking his stand under the open sky in a clear space and first offering the customary sacrifice, he prayed to King Jupiter and to the other gods whom he had chosen for the patrons of the colony, that, if it was their pleasure he should be king of the city, some favourable signs might appear in the sky.

[2] μετὰ δὲ τὴν εὐχὴν ἀστραπὴ διῆλθεν ἐκ τῶν ἀριστερῶν ἐπὶ τὰ δεξιὰ. τίθενται δὲ Ῥωμαῖοι τὰς ἐκ τῶν ἀριστερῶν ἐπὶ τὰ δεξιὰ ἀστραπὰς αἰσίους,

εἴτε παρὰ Τυρρηνῶν διδασκόμενοι, εἴτε πατέρων καθηγησαμένων κατὰ τοιόνδε: τινά, ὡς ἐγὼ πείθομαι, λογισμὸν, ὅτι καθέδρα μὲν ἐστὶ καὶ στάσις ἀρίστη τῶν οἰωνοῖς μαντευομένων ἢ βλέπουσα πρὸς ἀνατολάς, ὅθεν ἡλίου τε ἀναφοραὶ γίνονται καὶ σελήνης καὶ ἀστέρων πλανήτων τε καὶ ἀπλανῶν, ἢ τε τοῦ κόσμου περιφορά, δι' ἣν τοτὲ μὲν ὑπὲρ γῆς ἅπαντα τὰ ἐν αὐτῷ γίνεται, τοτὲ δὲ ὑπὸ γῆς, ἐκεῖθεν ἀρξαμένη τὴν ἐγκύκλιον ἀποδίδωσι κίνησιν.

[2] After this prayer a flash of lightning darted across the sky from the left to the right. Now the Romans look upon the lightning that passes from the left to the right as a favourable omen, having been thus instructed either by the Tyrrhenians or by their own ancestors. Their reason is, in my opinion, that the best seat and station for those who take the auspices is that which looks toward the east, from whence both the sun and the moon rise as well as the planets and fixed stars; and the revolution of the firmament, by which all things contained in it are sometimes above the earth and sometimes beneath it, begins its circular motion thence.

[3] τοῖς δὲ πρὸς ἀνατολάς βλέπουσιν ἀριστερὰ μὲν γίνεται τὰ πρὸς τὴν ἄρκτον ἐπιστρέφοντα μέρη, δεξιὰ δὲ τὰ πρὸς μεσημβρίαν φέροντα: τιμώτερα δὲ τὰ πρότερα πέφυκεν [p. 161] εἶναι τῶν ὑστέρων. μετεωρίζεται γὰρ ἀπὸ τῶν βορείων μερῶν ὁ τοῦ ἄξονος πόλος, περὶ ὃν ἡ τοῦ κόσμου στροφή γίνεται, καὶ τῶν πέντε κύκλων τῶν διεζωκότων τὴν σφαῖραν ὁ καλούμενος ἀρκτικός ἀεὶ τῇδε φανερός: ταπεινοῦται δ' ἀπὸ τῶν νοτίων ὁ καλούμενος ἀνταρκτικός κύκλος ἀφανὴς κατὰ τοῦτο τὸ μέρος.

[3] Now to those who look toward the east the parts facing toward the north are on the left and those extending toward the south are on the right, and the former are by nature more honourable than the latter. For in the northern parts the pole of the axis upon which the firmament turns is elevated, and of the five zones which girdle the sphere the one called the arctic zone is always visible on this side; whereas in the southern parts the other zone, called the antarctic, is depressed and invisible on that side.

[4] εἰκὸς δὴ κράτιστα τῶν οὐρανίων καὶ μεταρσίων σημείων ὑπάρχειν, ὅσα ἐκ τοῦ κρατίστου γίνεται μέρους, ἐπειδὴ δὲ τὰ μὲν ἐστραμμένα πρὸς τὰς ἀνατολάς ἡγεμονικωτέραν μοῖραν ἔχει τῶν προσεσπερίων, αὐτῶν δὲ γε τῶν ἀνατολικῶν ὑψηλότερα τὰ βόρεια τῶν νοτίων, ταῦτα ἂν εἴη κράτιστα.

[4] So it is reasonable to assume that those signs in the heavens and in mid-air are the best which appear on the best side; and since the parts that are turned toward the east have preëminence over the western parts, and, of the eastern parts themselves, the northern are higher than the southern, the former would seem to be the best.

[5] ὡς δὲ τινες ἱστοροῦσιν ἐκ παλαιοῦ τε καὶ πρὶν ἢ παρὰ Τυρρηνῶν μαθεῖν

τοῖς Ῥωμαίων προγόνους αἴσιοι ἐνομιζόντο αἱ ἐκ τῶν ἀριστερῶν ἀστραπαί. Ἀσκανίῳ γάρ τῳ ἐξ Αἰνείου γεγονότι, καθ' ὃν χρόνον ὑπὸ Τυρρηγῶν, οὓς ἦγε βασιλεὺς Μεσέντιος, ἐπολεμεῖτο καὶ τειχέρης ἦν, περὶ τὴν τελευταίαν ἔξοδον, ἣν ἀπεγνωκῶς ἤδη τῶν πραγμάτων ἔμελλε ποιεῖσθαι, μετ' ὀλοφυρμοῦ τὸν τε Δία καὶ τοὺς ἄλλους αἰτουμένῳ θεοὺς αἶσια σημεῖα δοῦναι τῆς ἐξόδου φασὶν αἰθρίας οὕσης ἐκ τῶν ἀριστερῶν ἀστράψαι τὸν οὐρανόν. τοῦ δ' ἀγῶνος ἐκείνου λαβόντος τὸ κράτιστον τέλος διαμεῖναι παρὰ τοῖς ἐκγόνοις αὐτοῦ νομιζόμενον αἴσιον τόδε τὸ σημεῖον.

[5] But some relate that the ancestors of the Romans from very early times, even before they had learned it from the Tyrrhenians, looked upon the lightning that came from the left as a favourable omen. For they say that when Ascanius, the son of Aeneas, was warred upon and besieged by the Tyrrhenians led by their king Mezentius, and was upon the point of making a final sally out of the town, his situation being now desperate, he prayed with lamentations to Jupiter and to the rest of the gods to encourage this sally with favourable omens, and thereupon out of a clear sky there appeared a flash of lightning coming from the left; and as this battle had the happiest outcome, this sign continued to be regarded as favourable by his posterity.

[1] τότε δ' οὖν ὁ Ῥωμύλος ἐπειδὴ τὰ παρὰ τοῦ δαιμονίου βέβαια προσέλαβε, συγκαλέσας τὸν δῆμον [p. 162] εἰς ἐκκλησίαν καὶ τὰ μαντεῖα δηλώσας βασιλεὺς ἀποδείκνυται πρὸς αὐτῶν καὶ κατεστήσατο ἐν ἔθει τοῖς μετ' αὐτὸν ἅπασι μῆτε βασιλείας μῆτε ἀρχὰς λαμβάνειν, ἐὰν μὴ καὶ τὸ δαιμόνιον αὐτοῖς ἐπιθεσπίση, διέμεινέ τε μέχρι πολλοῦ φυλαττόμενον ὑπὸ Ῥωμαίων τὸ περὶ τοὺς οἰωνισμοὺς νόμιμον, οὐ μόνον βασιλευομένης τῆς πόλεως, ἀλλὰ καὶ μετὰ κατάλυσιν τῶν μονάρχων ἐν ὑπάτων καὶ στρατηγῶν καὶ τῶν

[6.1] When Romulus, therefore, upon the occasion mentioned had received the sanction of Heaven also, he called the people together in assembly; and having given them an account of these omens, he was chosen king by them and established it as a custom, to be observed by all his successors, that none of them should accept the office of king or any other magistracy until Heaven, too, had given its sanction. And this custom relating to the auspices long continued to be observed by the Romans, not only while the city was ruled by kings, but also, after the overthrow of the monarchy, in the elections of their consuls, praetors and other legal magistrates;
